ASC community vote time near

Mail balloting for the election of community committeemen in Garza County's five ASCS communities will be under way from about Sept. 10 to Sept. 18, according to Mrs. Inez Hartel, county ASCS office manager.

Mrs. Hartel said ballots are to be mailed Sept. 9 and returned by Sept. 18.

HOLIDAY, MONDAY? WELL, YES & NO

Labor Day, which comes up Monday to "unofficially" bring an end to summer, will be about a "three-fourths holiday" here in Post.

Burlington's Postex plant will observe the holiday, as will the 1,200 students of the Post Independent Schools. The post office, county, and state offices will observe the holiday.

The First National Bank will be closed.

It's a Chamber of Commerce holiday, too, for local stores, but some of them will be open and not observing the holiday, hoping to attract shoppers for school needs and other items.

RETURNS FROM ALASKA

Larry Welch, son of Mr. and Mrs. Ralph Welch, has returned from Alaska and will teach this year in a Lubbock junior high school. His wife, the former Stansbury, has made her home in Post this summer while Larry was in Alaska as a "smoke jumper" with the U. S. Park Service. He has taught school at Pampa the last three years.

\$151,800 okayed for improvements to Garza roads

The Texas Highway Commission has approved the expenditure of \$151,800 for highway safety and betterment and for Farm to Market Road improvement in Garza County during 1969.

District Engineer Oscar L. Crain of Lubbock said that a total of 22.6 miles in Garza County will be involved in the annual program. The work will be under the supervision of Julian F. Smith, senior resident engineer for reconstruction work, and James W. King, district maintenance engineer.

The work is part of the highway commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Program for 1969.

The safety and betterment portion of the program will cover 19.9 highway miles in the county at an estimated cost of \$106,800. The

Water well and grave at camp due markers

Two Official Texas Historical Markers, Garza County's 24th and 25th, will be dedicated at 7:30 p. m. Saturday, Sept. 7, at the C. W. Post Memorial Boy Scout Camp here.

One of the markers is to commemorate the Pioneer's Water Well and the other the grave of the infant daughter of a cowboy and his wife, who died in 1884 on the day of her birth. Both places to be marked are at the site of the present Boy Scout camp, which was formerly the Llano Ranch.

The dedication program is being arranged by Frank "Chief" Runkles through the South Plains Council, Boy Scouts of America, according to Mrs. A. C. Surman, chairman of the Garza County Historical Survey Committee.

Each of the markers to be placed at the historic sites are of cast aluminum, 14 by 24 inches,

Letters indicate tax liens not against auditorium property

Two letters, one from the Internal Revenue Service and the other from State Comptroller Robert S. Calvert, indicate that there should be no cloud on the title of the municipal auditorium property because of state and federal tax liens filed against the firm which formerly operated the building as a local bowling alley.

The question of the tax liens clouding the title to the property has held up for months the completion of its purchase by the city from the United Fidelity Life Insurance Co.

City Attorney Carleton P. Webb has advised the city against buying the property because of the "clouded title."

The two letters, both written March 8, 1968 — five months ago — indicate as far as both the federal and state governments go the tax liens they have filed against Tang Bowl, Inc., do not cloud the title to the former bowling alley building and in their opinion should not be in the abstract of the property.

The city council is expected to discuss these two letters again in detail when they hold their September meeting Sept. 9. The council in August decided to give the insurance firm only 30 additional days to clear the title, indicating it would not go through with the purchase unless this was done.

The first letter is from Chastene

Scott, chief of the Special Procedures Section of the Internal Revenue Service and written to the Dallas law firm of Storey, Armstrong and Steger, attorneys for the insurance company which owns the former bowling alley property.

In the letter, Scott writes: "The chronology of events as set out in your letter of March 4 clearly shows that the title to the property in question was transferred by Trustee's Deed Feb. 21, 1964. Since the Federal tax liens were not filed until the year 1965, it is my opinion that the abstractor was in error in requiring a release, discharge, or other for purpose of clearing a purported cloud

on the property. Because of the above, it is my opinion that the Internal Revenue Service has no right, title and interest in the property. . . . You should have no hesitancy in settling the abstractor's requirement and advising your client to proceed with his sale."

Calvert in his letter, also to the same law firm, wrote that . . . "in view of the fact that the property was legally sold to United Fidelity in February, 1964, and that the notice of the franchise tax lien was not filed against the corporation until in November, 1964, we hardly see how there could be a cloud on the title that United Fidelity acquired through the trustee's sale."

Just how "clouded" is the title to the property which the city is considering for a municipal auditorium?

Apparently neither state nor federal authorities think their tax liens against the former bowling alley firm apply to the property or cloud its title in any way.

The Dispatch in a front page story, prints excerpts from two letters which indicate this. We think the people should know the federal and state position.

This newspaper's position in its editorial on page 2 was taken even before we read these letters, which have been in town for a number of weeks.

Why should releases of tax liens against Tang Bowl be required from federal and state government if the liens do not apply to the building in question?

With the opening of another school year, the First National Bank in a full page ad on page 3 welcomes Post's 15 new teachers into our community and welcomes back all other members of the 79-person school staff for another nine months of training Post area boys and girls.

Dispatch readers will find the ad of unusual interest because it lists the entire faculty as well as introducing the new teachers with pictures and paragraphs of background information.

About two inches in moisture here

More showers, the heaviest on Saturday night, added 1.93 more inches of moisture to Post's official 1968 rainfall total with many farm areas of the county also receiving benefits.

Courthouse measurements here showed 1.39 inches on Saturday with smaller amounts reported for Sunday, Monday, and Tuesday evenings.

Southland received 1.9 inches over the week with 1.2 inches reported at Hackberry, four inches just below the cap, two inches west of Graham but none in the Graham and Close City areas.

Heart attack fatal to T. L. Jones here today

T. L. Jones, 80, a resident of Post since 1914 and a former mayor of the city, died of a heart attack this morning at Garza Memorial Hospital shortly after being taken there about 7:30 o'clock from his home at 111 North Ave. K.

Funeral services will be held at 10 a. m. Saturday at the First Presbyterian Church, Mason Funeral Home announced.

Mr. Jones was in the ice plant business here for 56 years before retiring the first of the year. He had continued operation of his feed and seed store at 210 South Ave. H since that time.

Long active in civic affairs, Mr. Jones served as mayor of Post from 1951 until 1955. He had also served on the school board and was an active member of the Chamber of Commerce and Rotary Club.

He was a veteran of World War I with overseas service and was a charter member and a past commander of the American Legion post here. Mr. Jones served for many years on county and area draft boards and received honors from both the state and nation for his service on those boards. He also was active in Boy Scout and Red Cross work.

Mr. Jones moved to Post from Gateville in 1914. He was married in 1921 to Miss Marjorie Griffin,

Jaycees, wives win at Pampa

The Post Junior Chamber of Commerce was one of four chapters receiving the prized Blue Chip award at a summer area Jaycee meeting held last weekend at Pampa.

The Post organization also was runner-up for the travel award, and two of its members won first place in contests. Don Ammons winning the Spark Plug award and Jerry Thuet the First Timer's award.

The Post Jaycee-ette group won the travel trophy for Jaycee-ettes. Frank Blanton received the area chairman appointment at the meeting.

Those attending from Post were: Mr. and Mrs. Tommy Young, Mr. and Mrs. Joe Bailey, Mr. and Mrs. Don Ammons, Mr. and Mrs. Ed Blanton, Mr. and Mrs. Frank Blanton, Mr. and Mrs. Ken Callaway, Mr. and Mrs. Warren Hathaway and Mr. and Mrs. Jerry Thuet.

enrollment picture looked yesterday afternoon when Supt. Bill Shiver released "first day" enrollment figures.

Total enrollment for the 12 grades yesterday was exactly 1,200 students, which is 17 more than

the 1,183 total of the first day a year ago.

"We usually pick up 20 to 30 additional students in the first two weeks of school," Shiver pointed out. He said yesterday's enrollment was about what the school administration had anticipated from last spring's school census.

The superintendent said the opening day of school got off to a smooth start. He pointed out that all the school buses were in from their routes on time despite the fact that three of the teacher drivers are new this year.

Post High School showed a gain of 36 students over first day enrollment of 1967 with 361 students in the four classes this year, as compared to 325 last year.

The freshman, junior and senior classes showed big gains, with the sophomore class recording a decrease.

The class figures for 1968 with the 1967 figure in parentheses:

Seniors 67 (48), Juniors 94 (74), sophomores 88 (106) and freshmen 112 (97).

The elementary school showed a small first day increase of 116 students and the junior high a loss of 24 from last year.

Elementary school on opening day this year was 532 as compared to 527 last year and the junior high started out with 307 students as compared with 331 a year ago.

The enrollment breakdown by grades in the elementary school with the 1967 first day figures in parentheses:

First grade 108 (110), second 109 (107), third 95 (104), fourth 106 (109), and fifth 114 (97).

The junior high comparison enrollment by grades:

Sixth 94 (109), seventh 105 (117), and eighth 105 (105).

Shiver's average enrollment for the first two weeks of September by years show a 1,368 student enrollment in 1964, a 153 drop to 1,225 in 1965, 1,289 in 1966, and 1,207 in 1967.

Auditorium project is at stake

It's time again for the people to make their wishes known.

The municipal auditorium proposition comes up again at the September meeting of the City Council when that municipal body must decide whether to accept title insurance instead of a clear title to the property or not purchase the building.

Let us remember that the municipal auditorium proposition has been the "people's choice" from the beginning. It was not initiated by the city council, but by the Post Chamber of Commerce when the opportunity presented itself last year to grab the former bowling center at a real bargain price.

Five or more years ago, the citizens of Post at a community clinic conducted by the West Texas Chamber of Commerce named a "civic center"—which is what the municipal auditorium is in actuality—as this community's No. 1 need.

Ever since, it has ranked at the top of community needs in any type of poll here at the citizen level.

Last year at a referendum, citizens voted by a big margin for the city to purchase the property. The purchase contract was signed months and months ago but tax liens prevent a clear title to the property. The city has insisted on a clear title.

Actually the city, through its appointed auditorium board, has been operating the municipal auditorium for a number of months. A new roof had been put on the building although this bill remains unpaid until possession finally comes to the city—if it comes.

Title insurance is perfectly acceptable in this region for mortgaging property. Dozens of new homes built in Post since the war have been built on loans via title insurance, not clear title. Our bank accepts title insurance for loan purposes.

The investment in this municipal auditorium is not large. The proposition that the city also provide \$17,000 over a five-year span for development of the building—as proposed by its appointed board—certainly is no exorbitant amount for such a useful facility.

However, if the people and the council want to "go slow" with the development of the auditorium building after acquiring it, the \$17,000 proposition could be laid aside and another all-out effort be made to secure the originally promised organizational donation support.

The municipal auditorium proposition as it stands today is still a tremendous bargain. And at the same time it isn't even a big investment for the future welfare of this community.

The community auditorium project from the beginning has originated with the people and been carried forward by many interested groups of citizens. Many organizations over the years have pledged their interest and support. The Chamber of Commerce made it the No. 1 project last year and until the clouded title developed apparently had it all wrapped up, thanks to the continued support of the people at the referendum.

The Dispatch for one does not want the municipal auditorium proposition to fail. People with good business judgment tell us title insurance is no real problem unless we want to make a problem out of it.

If the municipal auditorium goes down the drain on a "clouded title" vote in September, we sincerely believe Post will have lost much more than a bargain-priced municipal auditorium.

We will have lost—for how long we would not guess—our ability to work our problems out together as a community. Too much work and too much cooperation on so many people's part have gone into the municipal auditorium project to have it fail at this late date.

That is why we think it is high time for the people again to make their wishes known.

Express your opinion on the municipal auditorium proposition to your mayor and city councilmen. Let them know where you stand. Do you want the municipal auditorium building purchased via title insurance? Do you want to start over?

Whatever your opinion is—tell them. If ever there was a people's project in Post it has been the municipal auditorium. So it is time again for the people to make their wishes known.—JC

Labor Day . . . consider the source

Labor Day, which is Monday, Sept. 2, provides a time for all to salute the millions of men and women who are America's workforce. In turn, it seems like an opportune time for those of us who make up the greatest workforce in the world to give a moment's thought to the unexcelled working conditions we enjoy, and to the security shared in knowing that our personal and family obligations can be met.

Maybe it's a good time to consider the source of much of this security—"second paychecks" in the form of benefits which touch nearly every aspect of our lives: health, education, disability, leisure, recreation, savings plans, insurance, retirement and even death, to name a few.

It will cost U. S. companies an estimated \$70 billion in 1968 to provide this security for their

employees, and many experts feel the actual total is millions higher.

These fringe benefits are a mutual investment by management and labor in the continued well-being of employees and provide added evidence of the unsurpassed rewards of participating in life the American way.

Then, too, we should mark Labor Day, especially the long Labor Day weekend, by being careful if we are going somewhere on the highways—or, for that matter, even traveling on the streets between work and home.

The Texas Department of Public Safety has estimated 46 persons may die in traffic accidents in Texas during the Labor Day weekend.

Safe driving during the holiday will help make your own and everybody else's enjoyment of Labor Day more satisfying.—CD

Dear Turnrow Junkel

O. C. McBRIDE

Congress recently passed a bill banning imports of Egyptian cotton, but President Johnson vetoed it. Since Nasser has called the U. S. Egypt's No. 1 enemy, broken diplomatic relations with us and repudiated all debts to America, how do you explain the President's action?

Don't ask me, I quit trying to explain Lyndon's actions after his acceptance speech four years ago, when he yelled: "We shall overcome!"

Labor Dept. officials predict a large number of school teachers' strikes in the next school year. When you were in school, did the teachers ever strike?

Only the seat of my pants.

I read that on Russian airliners now flying between New York and Moscow, a breakfast of vodka, caviar and cucumbers is served.

If that's a typical breakfast, the U. S. is in trouble. We have been counting on our atomic weapons to protect us, but what effect would an A-bomb have on people who can survive a break-

fast like that?

According to a research institute, smokers who switch to a "low tar, low nicotine" cigarette reduce their chances of contracting lung cancer.

Maybe this information will persuade people to switch peacefully, and avoid all those black eyes.

Don't you think Lester Maddox entered the race for the Democratic nomination too late to expect any success?

Yes, if he had announced earlier, I could have suggested the perfect design for a Maddox campaign button — an ax handle crossed on a drumstick.

I read where Spiro Agnew said he enjoyed the music of Lawrence Welk. What a square!

Maybe, but his statement could also be shrewd politics. There are more "squares" in the U. S. than most people realize. We don't make as much noise as some of the odd-shaped creatures.

THE BIG SHOW is on this week in Chicago, with more fireworks scheduled to go on outside Convention Hall than inside.

The 1969 automobile season is just a few weeks away and, come to think of it, not a single presidential candidate has come out with a promise of two cars in every garage.

THE MAN UP the street says today women often push carts through supermarkets at speeds over \$63 an hour.

Our cat Blackie is not one to forget a holiday, as illustrated above.

THIS IS FROM Paul Crume's "Big D" column in Monday's Dallas Morning News:

For some years the Wylie News, circulation 1,000, has sent a representative to the Democratic National Convention.

This year it was impossible, and the paper mailed in the required notices designating as its representative Roland Boyd, the McKinney attorney and perennial Democrat.

The other day Boyd showed up in Chicago to claim his press credentials. At the issuing desk was an ex-newspaperman with the crust showing.

"What paper?" he asked. "The Wylie News," replied Boyd. "How do you spell it?" "N-E-W-S," said Boyd solemnly. The man at the desk looked disgusted. "Another of those smart Texans," he snorted.

I'm still so far behind the times that I haven't yet learned the difference between hippies and yuppies.

AUTOMOBILE TIRES have gone patriotic and now may be obtained with sidewalls in a variety of colors including red, white and blue. They'd look real good on a car I saw going down Main Street Saturday with a Confederate flag sticking out the window and a Wallace sticker on the rear bumper.

Band Director Herb Germer and his charges have been practicing since Aug. 19, and the old cry of "Here comes the judge" soon will change to "Here comes the band."

BOYD PIERCE of Burleson says in his "Howdy, Neighbor" column that it's amazing how much good a fifty dollar bill can do when people are not afraid to spend it. Pierce tells it this way:

A salesman stopped in a motel for a weekend. He had a fifty dollar bill and asked the room clerk to put it in the safe and keep it for him until he was ready to leave town.

The clerk put the fifty dollar bill in the safe and, sometime thereafter, his grocer stopped by for a visit. This reminded the clerk that he owed the grocer \$30. He forthwith took the salesman's fifty dollars and paid his grocery bill.

The grocer, on his way home, remembered he owed his service station \$50 and proceeded to pay his gasoline bill.

Upon receipt of the fifty dollar bill the service station owner cleared up an unpaid bill of fifty dollars at the local auto parts company.

The auto parts owner, seeing this crisp fifty dollar bill, decided to take care of his drug account for the same sum.

The druggist immediately took the fifty dollars over to the motel owner and paid up his past due account there.

Happily, the motel owner placed the fifty dollar note in the safe to await the salesman.

Monday morning, the salesman was handed the fifty dollar bill and he proceeded to tear it into little pieces.

He then threw the torn-up pieces into the waste basket, remarking that the fifty dollar bill was counterfeit and he had just been playing a joke when he asked the clerk to keep it in a safe place. Isn't it wonderful what money can do when it circulates?

On the other hand, some people have more problems than arithmetic books.

Area rancher is local chairman for stock drive

The local area chairman for the eighth annual Cattlemen's Round-up for Crippled Children has been appointed by Charlie Morris of Abilene, general chairman.

Named to correlate the work of stockmen of this area in meeting the goals of the round-up is Jack Lott of the U. Lazy S. Ranch.

The round-up, to be held Sept. 30, at Abilene's Ranchers and Farmers Livestock Commission, annually raises approximately one-third of the non-profit center's annual budget of some \$370,000.

Morris pointed out that WTCC officials are looking forward to a particularly good round-up this year to "take up some of the slack in our belts."

He noted that construction is now under way on a new \$107,000 physical therapy wing for the center to help meet its current patient load.

Jan Herring becomes bride of Richard Fontaine here Sunday

Jan Paula Herring and Richard Fontaine of Houston were married Sunday afternoon at 3 o'clock at the First Methodist Church with the Rev. J. R. Hawkins of Kermit, Presbyterian minister, officiating at the double ring reading of the vows.

MRS. RICHARD JAMES FONTAINE (Jan Paula Herring)

Parents of the couple are Mr. and Mrs. Clint Paul Herring of Post and Mr. and Mrs. Ernest H. Fontaine Sr., of Houston.

Pyramid candelabra holding pillar candles and entwined with fresh magnolia boughs were placed on either side of the altar. Flanking the candelabrum were massive arrangements of white gladiolus, carnations, stock and roses in white porcelain urns. The chancel rail was swagged with garlands of fresh cherry laurel. The bride's table was enhanced by eight foot white columns at the end of the pews holding cherry laurel and joined by white satin roping.

Given in marriage by her father, the bride wore a gown of white peau de soie fashioned with an empire bodice featuring appliques of re-embroidered Alencon lace with seed pearls. The chapel train and veil were of silk illusion. She carried a cascading bouquet of stephanotis and phalaenopsis orchids trimmed with seed pearls and white satin with streamers and lover's knots. She carried a handkerchief carried by the bridegroom's grandmother at her wedding in 1901.

Miss Charlotte J. Corby of Van Horn was maid of honor. Bridesmaids were Miss Barbara Anne Russo of Tuscola, Miss Danis Dee Watson of Lubbock, cousin of the bride, and Miss Pamela Ann McCrary of Washington, D. C. Their A-line floor-length dresses were of frosty lime imported French voile with cherry red velvet trim. Each carried a bouquet of cherry red rubeum lillies and hauns ivy.

Ernest H. Fontaine Jr. of Houston was his brother's best man. Groomsmen were Ronald Forbes, Houston; Ronald Gripe, Wichita Falls; and Marty Thorsheim, Dallas. Seating the guests were Gary Pardue of Houston, and Mr. Gilpin and Mr. Thorsheim.

Miss Margaret Nelson Fontaine of Houston, Nieces of the bridegroom, was flower girl. Lighting the candles were Kent Turnor, Alexandria, Va., and Gus Watson of Lubbock, both cousins of the bride. Mrs. Boo Olson was organist.

The reception followed at the Community Room. The bride's table was covered with a floor-length cloth of white peau de soie with an overskirt of silk illusion and appliqued lace. Centering the table was an antique Sheffield silver epergne holding an arrangement of white stock, carnations and roses, crowned with cathedral-height tapers. A tiered wedding cake was topped with fresh flowers. Sparking punch was also served. Silver appointments were used.

The registration table was laid with a floor-length cloth of antique gold brocade and held an arrangement of rubeum lillies and hauns ivy. The walls of the room were adorned with wild simlax.

In the house party were Mrs. Clyde Herring, Mrs. Oliver Thomas, Mrs. H. A. Watson Jr., Miss Jo Rae Watson, Miss Kay Lynn Watson, Miss Judy Van Hook, Miss Mindy Watson, Miss Lynne Smith, Miss Pat McClure and Miss Kathi Osburn.

For travel to Rockport the bride donned a Persian green alaskine coat ensemble and brown accessories. The couple will live in Abilene where both attend McMurry College. Mrs. Fontaine is a commercial art major and pledge mistress of Pi Delta Phi sorority. Mr. Fontaine is a marketing major and a member of a national business fraternity.

Out-of-town guests and relatives included the bride's grandmother, Mrs. H. A. Watson Sr. of Lubbock. Others attended from Brownfield, Dallas, Plainview, Abilene, Tuscola, Houston, Wichita Falls, Long Beach, Calif., Detroit, Mo., Clarksville, Ark., Washington, D. C., and Alexandria, Va.

MRS. CURTIS EDWARD HUDMAN (Julia Leigh Landers)

It's My Turn

— By MRS. C.

There are lots of bright-eyed first graders flitting around since Wednesday and some of them still have their eyes open in complete awe as they leave their baby days behind to enter the world of education.

Even though the older ones try to act blasé about the whole thing—like it's old hat, you know—they too seem to have an extra sparkle about them.

Of course, part of the excitement of the first day of school comes from having all brand-new clothes from the skin out. I don't know why all children look more "scrubbed" on the first day of school, because I'm sure most of them continue to be clean the rest of the year, but there is something special about that "first day look."

There will be lots of lonely little brothers and sisters left at home with no one to play with. I only hope the two small girls who

came to our house not too long ago are old enough for school, because they evidently were already lonesome.

Mr. C answered our door bell and there stood two little blondes. The youngest one said rather piteously: "Do you have any little girls that can come out and play with us?" I joined him on hearing this plea and we told them the best we had to offer was Miss Sam Basset. If either Mrs. K or Miss C had been at home I'd have made them go out and play!

I asked Editor Didway if his granddaughter, Cristal, was excited about school starting, as she is one of those 100 - odd first graders in Post. Charlie chuckled and said they had invited her over on Tuesday so they could have one last game of Old Maid before school started. She proceeded to tell him that she and her mother had been practicing how she would walk to school and where she would cross the streets. "And that's not all," she continued, "we're practicing getting up in the morning, too."

All-day prayer meeting is set

Sept. 10 was set as the date of an all-day prayer meeting and salad luncheon to be at the church when the Women's Missionary Union of the Calvary Baptist Church met Tuesday afternoon in the home of Mrs. Mattie Hays.

In other business Carolyn Walker was elected Girl's Ambassador leader and Mrs. Marvel Pearson was elected assistant secretary-treasurer. Members were reminded of the "Christmas in August" collection for missionaries. Donations were taken to purchase vegetable bowls for the church.

Present were: Meses Lorene Gordon, Dessie Duren, Bessie Windham, Dortha Jackson, Ruby Sheda, Lola Knowles, Mattie Hagood, Will Teaff, June Dorier, Juanelia Hays, Marvel Pearson and five children.

I well remember when Mrs. K started to kindergarten (part of the public school system in Kansas). She had what could be called a rather shaggy looking crew - cut due to having had some surgery that required her head to be shaved. Her teacher had me bring her a bit late so she could explain to the other children why Miss C's hair-do was so odd. I went in with Miss C and the first thing she did upon being introduced to the class was to say: "The reason my hair looks like it does is because I had an operation and they had to cut my hair all off and it is just now growing back in." Any fears I might have had were immediately forgotten.

I remember when our Misses Cs were in junior high and I avidly read the news submitted from various and sundry students. In the "gossip" column that year it seemed to be the thing to say that so-and-so had done something and then in the next line it would read: "Was it you - so-and-so?" Frequently it ended: "Was it you, Ethel Mae Busby?" This got to be a standard question at our house and for years when anyone wanted to know who had done what, we asked: "Was it you, Ethel Mae Busby?"

What brought that up, I can hear you asking? Well, late Tuesday morning I discovered an automatic threader on my desk. I asked Mr. C, Charlie, Corky and Danny if it was a gift from one of them to me and they all denied it. If you'll remember, not long ago in a column I admitted that threading a needle seemed to be beyond me.

Since the gift didn't seem to be from anyone here I started trying to remember who had been in the office during the morning. "Was it you, Mrs. A. C. Surman?" "Was it you, Glen Barley?" "Was it you, relative of Mrs. J. Lee Bowen?" "Was it you, A. Lee Ward?" "Was it you, James Pollard?" "Was it you, Ricky Little?"

After looking at that list may I say "Thank you, Mrs. Surman." Or "Was it you, Ethel Mae Busby?"

Sweetwater church is scene of Hudman-Landers vows Sunday

In a double ring ceremony at Highland Heights United Methodist Church in Sweetwater, Miss Julia Leigh Landers became the bride of Curtis Edward Hudman Sunday, Aug. 24, at 4 o'clock in the afternoon.

The Rev. Milton Jochetz officiated at the ceremony in a setting of floral arrangements of honeycomb and bronze flanked by tapered candelabras. Set in greenery, each candelabra held seven bronze candles.

The bride is the daughter of Mr. and Mrs. P. K. Landers of Sweetwater, and the bridegroom is the son of Mr. and Mrs. Victor Hudman of Post.

The bride, given in marriage by her father, wore a formal gown of satin and lace. The satin bodice featured a rounded neckline, elbow-length sleeves and a row of covered buttons down the back. Small flat bows accented the sleeve edges and the empire waist in front and back. The skirt was in tiers of wide lace alternating with fine lace ruffles. A flowing chapel-length train of organza over satin was bordered in wide lace. Her mantilla veil also featured a wide lace bordering. She carried a bouquet of white orchids atop a white Bible.

Carrying out the tradition of something old, new, borrowed and blue, the bride carried her childhood Bible; her gown and veil; a birthdate penny and her grandmother's handkerchief.

Miss Gwen Landers, sister of the

bride, was maid of honor. She wore a street-length honeycomb lace cage dress with scalloped neckline, sleeves and hem over a satin sheath. Her headpiece was a matching bow and she carried a bouquet of bronze mums.

Dr. Victor E. Hudman of Tishomingo, Okla., was his brother's best man. Ushers were Clark King of Abilene and Robert Brown of Big Spring. Lighting the candles were Joe Hudman, brother of the bridegroom, and Larry Taylor of Tulla.

Mrs. Bryan Buck, organist, played nuptial selections and accompanied Mrs. Douglas Taylor as she sang "Song of Ruth" and "The Lord's Prayer."

A reception followed at the church. Guests were served cake, punch and coffee. The three-tiered wedding cake held a miniature

bride and groom. The bride chose a tunic-styled tweed suit with brown accessories and added an orchid from her bouquet for the wedding trip to Colorado.

The newlyweds will reside at the Delwood II Apartments in Bryan where she will be a senior education major at Texas A&M and he has accepted a teacher assistantship and will be a graduate student in chemistry at the university.

Mrs. Hudman, a graduate of Sweetwater High School, attended McMurry College in Abilene where she was a member of T. I. P. Society Club and Sigma Tau Delta Engineering fraternity. She was the 1967-68 sweetheart of Chi Omega sorority club. Mr. Hudman graduated from Post High School and received his bachelor of arts degree in chemistry at McMurry. He was a member of Chi Omicron, American Chemical Society and Gamma Sigma Epsilon honorary club.

The bridegroom's parents hosted the rehearsal dinner at the Holiday Inn at Sweetwater.

Mark Twain's Story

OF THE **READING SPIDER**

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

It's the Law...

"CHARITY" FOR AUNT JANE?
Arthur took a trip out West to visit his ailing Aunt Jane. Next time he filed an income tax return, he deducted the cost of the trip as a "charitable contribution." Challenged by the government, he offered this explanation in court:

"I made that visit out of the goodness of my heart, to cheer up a sick old lady. I call that charity."

But whatever Arthur called it, the court held it was not charity—at least, not in the sense meant by the income tax laws.

Deduction of charitable contributions (up to a certain limit) has been allowed almost since the income tax began. The idea is that when you make such a contribution, you are not only being generous but also easing burdens that would otherwise fall upon the government.

There to, to qualify as charitable, your contribution must be of some public benefit—not just a favor to a particular individual. Usually this means giving to one of the organizations on an approved list, issued periodically by the government.

Typical of approved organizations are the Salvation Army, Community Chest, or Red Cross. But there are plenty of other worthy causes that will qualify.

Thus, a donation to an association for the benefit of American Indians was held deductible. So was a donation to an exchange set up for selling needlework done by deserving women.

However, your contribution won't be deductible if the organization merely "sounds" charitable but isn't really.

In one case a taxpayer tried to deduct his gift to a certain church. But it turned out that this particular church was occupied less with saving souls than with running businesses. The court thereupon denied the deduction.

A gift may also be held non-deductible, if the organization is substantially involved in trying to influence legislation. For by allowing such a deduction, the government—in effect—could be subsidizing one side or the other of a political issue.

What about a gift to the federal government itself? If given for a public purpose, the gift would indeed be deductible. Obviously, if you donate money to the federal treasury, you are easing Uncle Sam's burdens.

Christian Unity

By Don B. Davenport

No subject is more profoundly stated in the Bible than God's approval of unity and His disapproval of division. Our Lord declared, "And if a kingdom be divided against itself, that kingdom cannot stand." (Mark 3:24).

A PRAYER FOR UNITY:

"Neither pray I for these alone, but for them also which shall believe on me through their word; that they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us: that the world may believe that thou hast sent me." (John 17:20-21) This prayer contains the model example of unity. God, Christ, and the Holy Spirit are not one personality, but they the one in name, teaching and practice. "These three are one" (1 John 5:7). Jesus prayed, "that the world may believe that thou hast sent me." Religious division is a major cause of infidelity throughout the world. If professed Christians would throw away all likes and dislikes, creeds and opinions and return to the Bible we would have a convincing influence on unbelievers.

A PLEA FOR UNITY:

"Make full my joy, that ye be of the same mind, having the same love, being of one ac-

cord, of one mind; doing nothing through faction or through vainglory, but in lowliness of mind each counting other better than himself." (Philippians 2:2-3)

A PLAN FOR UNITY:

"I therefore, the prisoner of the Lord, beseech you that ye walk worthy of the vocation wherewith ye are called, with all lowliness and meekness, with long suffering, forbearing one another in love; endeavoring to keep the unity of the Spirit in the bond of peace. There is one body, and one Spirit, even as ye are called in one hope of your calling: One Lord, One faith, One baptism, One God and Father of all, who is above all, and through all, and in all" (Eph. 4:1-6). The basis for unity is the Spirit and the "sword of the Spirit" is the word of God (Eph. 6:17). The bond of unity is peace. Paul said, "forbearing one another in love."

Unity in the New Testament does not obliterate differences; it transcends them. The difference between men and women; between rich and poor; between weak and strong still exist. The unity of the church rests in our ability to love people even though they are dissimilar.

Labor Day accidents may take heavy toll

AUSTIN — Col. Wilson E. (Pat) Speir, acting director of the Texas Department of Public Safety, said today the DPS estimates 46 persons may die in traffic accidents in Texas during the Labor Day weekend.

"This is the last holiday weekend of the summer, and thousands of motorists traditionally take to the highways for an outing," Speir said. "It is indeed tragic that so many men, women and children will become victims of motor vehicle accidents during an otherwise happy period," he added.

Speir said the Department of Public Safety will use all facilities and personnel at its disposal in an effort to reduce the predicted death toll. A special "Operation Motorcade" will be activated at 6 p. m. Friday, Aug. 30, and continue through midnight Monday, Sept. 2. During this period, all uniformed DPS officers and equipment will be used on the highways to enforce traffic laws.

"Many other groups such as local police and sheriff's departments, the trucking industry, and the Jaycees will be cooperating in this effort to promote safe driving during the holiday," Speir noted.

For example, the Texas Motor Transportation Association and its Texas Council of Safety Supervisors will sponsor a holiday road patrol during the Labor Day weekend to assist stranded motorists.

Jack Bryan, TMTA safety director, said some 40 cars marked "Holiday Road Patrol" will be used in the program. These will be manned by the safety directors, safety supervisors and safety engineers of the trucking industry who comprise the membership of the Council. Personnel participating in the road patrol will work as volunteers.

The Jaycees will provide rest stops for motorists in many areas of the state. Texas Safety Association said W. F. (Bill) Leonard will coordinate efforts of over 12,000 Junior Chamber of Commerce members in operating some 200 "rest stops" for serving free coffee to fatigued drivers.

The Texas Highway Department has provided the news media with a bulletin listing all road construction areas in the state.

Vietnam View

as reported by
Marine Corps Combat Correspondents
and edited by
GySgt. Bob Montgomery

A former Viet Cong (VC) soldier now works with Marines in the same area where he used to fight them.

Huynh Can, 35, surrendered under the "Chieu Hoi" program to "help protect the South Vietnamese people and assist the Marines in locating VC."

The Chieu Hoi program enables former enemy soldiers to work in support of the South Vietnamese government.

Can, attached to the 3rd Bn. Twenty-seventh Marine Regiment, 1st Marine Division, went on nearly two dozen squad-size combat patrols last month with the battalion's scout teams. The area is infested with enemy booby-traps, and when Can goes on patrol, he volunteers to walk point. His previous experience in planting booby traps enables him to detect the explosive devices.

Recently, when six Marines were ambushed and pinned down by hostile fire, Can immediately volunteered to go with a reaction platoon to help the Leathernecks.

One of Can's friends, Cpl. Terry P. Henson, 25, Kent, Wash., said "Can has unusual vigor and he really likes to get out in the field."

Can also tours the surrounding villages with the battalion's civil affairs unit and gives speeches, telling the villagers that the Marines are here to help, urging them to tell the VC to surrender under the Chieu Hoi program.

A 15-year-old North Vietnamese (NVA) soldier who had been in South Vietnam only two days, gave himself up to Leathernecks of the 2nd Bn., First Marine Regiment west of Khe Sanh.

While on patrol the Marines spotted five enemy soldiers about 300 meters away. An artillery mission was called and three of the NVA were killed.

When the Marines searched the area for the other two they discovered one of them hiding in tall elephant grass. He was wearing a green uniform and carrying a new gas mask. He had no weapon. The NVA was taken to the battalion command post where he was given food and water.

The North Vietnamese soldier explained he was forced to fight by his superiors. He told the Marines he was 15 years old and didn't want to fight.

"It looked like a prehistoric monster," claimed Lance Cpl. Thomas D. Nicholas, Miami, Fla., of H&S Co., 2nd Bn., Third Marine Regiment.

Nicholas was referring to a lizard. Lizards in Vietnam are common. Some measure up to eight inches long. "Large" lizards might measure up to a foot and a half.

Nicholas met the grand daddy of all lizards . . . it measured about five feet in length!

He met it while walking near the battalion's command post.

"A group of us saw it," Nicholas recalled. "When we saw its tail, we thought it might be a snake."

"The front part was in the bushes. So, we went looking into the bushes, and we found it. He snarled and showed his teeth."

"We turned and showed our rear!"

With a five-foot lizard guarding the command post, it is doubtful if enemy troops will gain entrance . . . of course, the Marines might find it difficult in getting OUT, too!

By VADA CLARY
Review of "Thorpe" by Mary World Publishing Co., 1968.
"Thorpe" is a novel everyone should read. It is the heartwarming story of a typical six-year-old boy and his family.

Thorpe will love Thorpe from the beginning. As you read, you will follow her during the events that place her in an exceptionally warm place. She bears everything that comes, and repeats much of it. She enjoys reading books, and she reads the books she reads would be hard for an average six-year-old to understand. Anytime she hears a word or phrase she doesn't know the meaning of, she asks someone to explain it.

Thorpe is perverse, and loving. Her characters in "Thorpe" are likeable. Like Miss Una who continually prevented from her home by a minister's caretaker. The wife finds "traveling the road" so difficult that she has to drink. She was a car-washer before Brother Mearl married her.

Thorpe will love, cry and laugh with her. She is full of life, and joy. This novel weaves a spell of humor, pathos and violence.

Thorpe it all begins innocently. On the surface, her life is an idyllic rural existence.

Move under way for overseas Yule gifts

Individuals and organized groups in Post and Garza County who wish to help see that every G. I. in Vietnam gets a Christmas package are invited to take part in "SOS Chowchilla," a project of the Rotary Club in Chowchilla, Calif.

The invitation for residents of Post and Garza County to join in the project comes from L. E. "Buck" Gossett, a former resident of Post, who is president of the Chowchilla Rotary Club. Gossett is also serving as general chairman of the project.

In a letter to The Post Dispatch, Gossett explains the purposes of "SOS Chowchilla" as follows: "At a time when some of our youths are burning their draft cards, rioting, pulling down the American flag, and our leaders are undecided as to the right or wrong of the war in Vietnam, we should not lose sight of the youth who have answered the call of the country and are fighting in Vietnam.

"Our country is at war and we cannot fight always. There has been much loss on both sides and no gain for either. If we should cease fighting tomorrow without an honorable peace, we would have to face the same identical question tomorrow. The chief tragedy of the human race is that war always seems necessary and inevitable. It is only years later that it is seen as avoidable and futile.

"The messages our servicemen are receiving today from the news media is about the lawlessness at home, the looting the burning of property, and police brutality.

"The people of Chowchilla believe this Christmas is the time to express our sincere appreciation to our fighting forces in Vietnam with a personal message of glad tidings and goodwill by sending them a gift with a personal letter or card enclosed addressed to a serviceman in Vietnam.

"The people of Chowchilla believe that by combining our efforts we can see the goal come true. Our aim is to see that every G. I. in Vietnam gets a Christmas package. We sincerely plead for your help on this project and hope you will appeal to your organization. If you feel this is a worthwhile endeavor, address your letters or cards to a serviceman in Vietnam, place it inside your package and address your package to P. O. Box 86, Chowchilla, Calif. 93618. Do it now without delay. Do not put it off.

"We have only approximately 60 days to get 300,000 packages together to make Christmas a little brighter for our servicemen in Vietnam. So won't you please help us get this done?"

Train hits Cadillac in crossing mishap

In one of the most unusual accidents in this area in years, a 1967 Cadillac was hit by a freight train at the Justiceburg crossing about 6:30 o'clock Saturday morning and reduced to a small pile of junk after being shoved by the diesel some 5,000 feet up the track.

No one was injured. Occupants of the car, a Fort Worth man and his 13-year-old granddaughter, had been trying to get the Cadillac off the track for over two and a half hours before the freight train came along.

When the Santa Fe railroad dispatcher called the sheriff's office here to ask for an investigation after the accident was reported to the division point by the freight's engineer, Highway Patrolman Jon Robbins arrested the Fort Worth man on a charge of drunkenness.

The granddaughter was lodged in a motel here until her grandmother came after her.

Patrolman Robbins told The Dispatch that the Cadillac, which was headed east over the railroad crossing, had become "high centered" on the track at the crossing.

The patrolman explained the car got stuck at the edge of the crossing and that the Fort Worth man had even gone over to the highway and flagged down a passerby to help get sent out from Post.

A Post man who responded to the relayed call for help was at the scene and also had been unable to push the car off the track when the train hit it.

The Fort Worth man pleaded guilty to the drunk charge in JP court and paid \$20 plus costs for a mighty expensive misdemeanor.

Petersburg to host Antelopes in scrimmage tonight

Spur is scheduled for session here Sept. 6

Post Antelopes, who began drills with the opening of Wednesday after having out twice a day since Aug. 15, will scrimmage the Petersburg Antelopes at 7 o'clock tonight at Petersburg.

Other newcomers to the squad include Juniors Kim Wilks and Grady Shytles, both of whom played junior high football last year.

Antelope turn-out was 24 Monday after having 16 on Friday because of an outbreak that laid low ten members of the team.

Coach Gregg said most of the boys were bothered by "soreness" at the end of the first week of practice, and were let off for the weekend after a Saturday morning practice session.

Children adopted by Post couple

They seemed to be in much better shape Monday and looked real good on offense," the coach said.

"Up to now," Coach Gregg said Tuesday, "we haven't been trying to single out our best 11 men, but now we are going to start putting them together to see what we've got."

and Mrs. Pete Maddox are celebrating the adoption of a son and daughter this week.

He said they had been working with two squads, concentrating in one area of play, then "switching" half of each squad, alternating between offense and defense.

"We're looking forward to Thursday night's Petersburg scrimmage to help us make some important decisions," the coach said.

Coach E. A. Noles' Petersburg team has only one starter and one part-time regular back from last year's club which finished with a 7-3 record. Seven lettermen are on hand, but only one of them was in the starting line-up last season.

In their scrimmage with Petersburg tonight, the Antelopes will go up against a Wing-t on offense and a 5-2 monster set on defense.

Coach Gregg said the Petersburg coach told him in a telephone conversation Tuesday that he had been working his squad mainly on defense. "That should make it real interesting," Gregg said, "since we have been working our boys mainly on offense."

Johnny Cash to appear at rodeo

HUNTSVILLE — As an added boost for the coming annual Texas Prison Rodeo held here each Sunday in October, the all-inmate Texas Prison Rodeo Band will share honors with Johnny Cash during his performance Sept. 6 in the Dallas Sportatorium.

Cash, whose recording of the "Folsom Prison Blues" has reached the top rung of the entertainment ladder, is not a newcomer to Texas Department of Corrections' inmate entertainers. A few years ago, Cash was one of the featured entertainers at one performance of the Prison Rodeo.

With the opening of the Prison Rodeo only weeks away, David Price, rodeo supervisor, said that nothing has been spared to make this year's series one of the best in the long history of these annual events.

Western musical celebrities making personal appearances at the rodeo include Ray Price on Oct. 6, Loretta Lynn on Oct. 13, Sonny James on Oct. 20, and Hank Thompson on Oct. 27.

the animal at the Denver Rodeo last January, and that had been the highest score until Freddie Greer of Dallas, Tex., and the cross-bred Brahma met at Abilene, Greer, who is ranked 18th in world standings, scored a 95.

Two judges score the riding events, and each grant from one to 25 points on how the animal performs, and one to 25 on the quality of the cowboy's ride — which gives a combined theoretical possibility of 100 points. One of the judges gave Greer a 49 marking and the other a 46. One veteran rodeo cowboy observed that if he had been judging, "I'd have given Greer the book and let him put in his own score."

Max Nelson event winner

'Steers draw tough' at rodeo in Vinita, Okla.

DENVER, Colo. — "The steers drew tough" was the rodeo secretary's comment after the first round in steer wrestling was completed at the Vinita, Okla., rodeo, which ended this weekend.

Each cowboy draws for the animals he will compete on at a rodeo, whether they are broncs, bulls, calves or steers — the Rodeo Cowboys Association said today.

Saddle and bareback bronc riders and bull riders hope to draw animals that are difficult to ride, as they can win little money on "cream-puff" stock. The calf ropers and steer wrestlers want stock that is easy to handle.

But the steers had the short end of the draw at Vinita, where each of the four fastest times in the first go-round were completed in five seconds or less.

Jim Bynum, 44, Waxahachie, Tex., who has won four world steer wrestling crowns, downed his steer in a remarkable 4.2 seconds. Max Nelson, Eufaula, Okla., got his in 4.5; Jim Houston, Omaha, Neb., 4.9; and Ed Galemba, Stratford, Conn., 5.9.

Nelson won that event with an elapsed time of 10.4 on two steers, while Bynum and Houston tied for second with times of 11.3.

There were 240 cowboys at Vinita, contesting for shares of \$14,292 in prize money. Houston won the Vinita All Around title (by winning the most in two or more events), pocketing \$541 in bareback bronc riding and steer wrestling. Olin Young, Peralta, N. M., was the biggest single event money-winner, snaring \$1,143 in steer roping.

Houston is currently in second place in world All Around standings with \$27,118. However, the All Around leader, Larry Mahan, 24, Brooks, Ore., continued what appears to be another record-setting pace.

Mahan won \$704 in the two bronc riding events at Bremerton, Wash., and \$605 in saddle bronc riding at Kennewick, Wash., bringing his season's take to \$32,663. Mahan

Young family holds reunion in Lubbock

By MARY LEE LAWS

School bells are ringing for all the kids. Seems like we had a pretty short summer.

Not much news this week. Seems like everyone I called or talked to hadn't been anywhere or no one had visited them.

Mr. and Mrs. C. E. Short spent a week at Conchas Dam and State Park near Tucumcari, N. M. The fishing was no good at the time but the weather was pleasant and they had a good time.

Ivy Young visited Mrs. C. C. Jones Tuesday.

Reva Jolly and children and Faye Merryman and children of Tahoka visited Wednesday afternoon with Mary Lee Laws.

Ruel and Mable Smith took Mary Craig some nice okra, peas and beans from their garden on Sunday. Sure is nice to have good neighbors.

Aleta Parks, Odessa, is spending a few days with her grandparents, the O. C. Harrisons.

Cindy Laws celebrated her 7th birthday last Saturday. Helping her celebrate were Mrs. R. L. Craig, Kathy Warren and children, Ruth and Tommy Ingle and, of course, her parents and brother, Clifford. Cake and ice cream were served.

The Youngs held a family reunion at Mackenzie State Park in Lubbock Sunday. People came from Lamesa, San Angelo, Big Spring, Grassland, Post and Lubbock. A good meal was served and all enjoyed catching up on the news of the past year.

The Dean Laws were Sunday dinner guests of Kathy Warren at Tahoka. Robert Weatherby of Lamesa was also a guest.

Friday morning Mrs. T. J. Murray and Mrs. W. G. McCleskey went to Slaton to spend the day with Mother Gribble at the hospital so the family could come home and get some rest. She is about the same.

Mr. and Mrs. Jurd Young went to Two-Draw Lake one day last week and visited Mr. and Mrs. Thompson and Maudie Dobbs.

A group from the Grassland Nazarene Church went to the homecoming at the Post church to hear the Gloryland Quartet. There was lots of wonderful music.

ALPHA WEST of Roby visited her sister and brother-in-law, Mr. and Mrs. Jurd Young, Monday.

Mr. and Mrs. Charlie Craig visited in Tahoka one day last week with the Winford Craigs.

Mr. Gartman is reported to be doing fair. He is at home now.

Mr. and Mrs. James Guthrie and daughter of Tahoka visited the Dean Laws Wednesday night.

Kathy Warren and children went to Hobbs, N. M. Wednesday and spent the night with the Willis Prepacks. They returned via Lamesa Thursday and visited her parents, Mr. and Mrs. R. A. Weatherby.

The Jurd Youngs were Monday supper guests of the Hollis Thornes in Lubbock and spent the night with the William Youngs.

Arch and Cordie Aten visited in the Dean Laws home Friday night.

The Huffakers went to Petersburg again last Sunday to hear their son, the Rev. Bobby Huffaker, preach as he will be leaving soon for Arkansas.

A group went to the Bert McDonalds Monday night in honor of Wayne McDonald who is going to school at Bethany, Okla. Homemade ice cream and cake were served.

Viola Greer of Tahoka visited in the Dick King home Monday.

WEEK'S GOLF STORY

PADUCAH, Ky. — It happened on hole 5 at the Paducah Country Club. Jerry Page teed off and Ed Hannan followed. Neither could find his ball until they walked to the green. Both had shot holes-in-one.

Lewis' horse is Ruidoso winner

Mr. and Mrs. H. C. Lewis of Lubbock, who hold ranching interests in Garza, Crosby and Dickens counties, with headquarters at Kalgary, took top honors at the Ruidoso Rainbow Futurity recently with their horse Joada Bux.

Joada Bux sprinted to a head victory in the 400-yard race, ridden by Larry Byers, racing the distance in 20.39 seconds. The winner, overlooked in the field, paid \$20.60, \$6.40 and \$3.80. The Rainbow Futurity purse was \$79,175.13.

Jay Hart, the son of Mr. Lewis' ranch foreman, started Joada Bux on her career, as he worked with her since she was a colt and broke her to ride.

Joada Bux will be among the top horses for the All-American with a purse of \$600,000, which is to be run Labor Day at Ruidoso Downs.

Southland area rains measure to 3.5 inches

By MRS. EDMUND WILKE

And the rains came! Yes, we finally received some rain here—anywhere from 1½ to 3½ inches. So nice, and we sure do appreciate it. Those weeds should grow by leaps and bounds now!

Our deepest sympathy is extended to the family of Aubrey McNeely who died Aug. 23 at 2:30 a. m. at Methodist Hospital of a blood clot. His funeral was held at the First Baptist Church at Slaton Saturday and he was buried in the Southland Cemetery. He had been improving a little each day and had gone downstairs in a wheelchair on Friday to visit his family. May God comfort this family in their hours of sorrow. This community is certainly going to miss Aubrey because he was a friend to everybody!

Mr. and Mrs. Elmer Sheppard of California spent a recent night in the home of the James Mansons.

Mrs. Irmgard Bredemeyer of Sweetwater spent several days last week with the Cecil Stollies.

Mr. and Mrs. Herman Havis attended the Old Settlers reunion at Roaring Springs last week.

Mr. and Mrs. J. W. Basinger are vacationing in Ruidoso, N. M.

Edmund, Sherri, Darrell and Yours Truly attended the commissioning services of my nephew, Jerry Donahoo, at Texas Tech Saturday morning. He was commissioned a second lieutenant in the armored division of the Army. Saturday night he received his BA degree. He is a grandson of Mrs. Dollie Donahoo. My sister, Mrs. Aubrey Bryan of Farmington, N. M., has been here visiting and to attend the graduation of her son, Jerry, from Texas Tech, Monday, she, Jerry and his wife and Wallace Saage left for California to visit the Harold Wayne Donahoo family.

Mr. and Mrs. Marcie Donahoo of Michigan and Mr. and Mrs. Odell Donahoo of Lincoln, Neb., are here visiting their mother, Mrs. Dollie Donahoo. Mrs. Donahoo has sold her house and is moving to Lincoln. She and her late husband, Wes, lived here for many, many years. It is going to seem strange without her. We certainly hope she will like her new home.

SOUTHLAND'S first football scrimmage which had been scheduled for Aug. 31, has been changed to Sept. 7.

The former Mary Cisneros and her four children will be moving into the J. H. Haire house over close to the school. They have been cleaning up around the place and it sure is looking nice.

Jay and Stacy Callaway spent the weekend with their grandparents, Mr. and Mrs. F. W. Callaway, while their parents, Mr. and Mrs. Kenneth Callaway, went to Pampa to attend a Jaycee meeting.

Mr. and Mrs. Donald Pennell spent last weekend at Ruidoso, N. M. Seems like that has been a very popular spot for Southland people this summer.

Mr. and Mrs. Marcus Wilke visited Mr. and Mrs. Leroy Mueller in Artesia, N. M. over the weekend.

Mr. and Mrs. Otto Klaus, Mr. and Mrs. Werner Klaus and Mr. and Mrs. Herbert Ehlers went to Canyon and Palo Duro Park Sunday. They visited the museum in Canyon and later saw the show, "Texas". Mr. Klaus said that it was very good and seems so real—all that history unfolding before your eyes. We haven't seen it, but

sure plan to someday.

LAST SUNDAY part of the family of the late Mr. and Mrs. Tom Cummings met at the Edmund Wilkes for a reunion. This was the first reunion for this family in over 25 years. Attending were Mrs. Eunice Newberry and Mr. and Mrs. Kenneth Newberry and son, Mike, Rochester; Mr. and Mrs. Clyde Newberry and Pam and Melissa Wallace, Crosbyton; Mr. and Mrs. David Cummings and Mr. and Mrs. John Cummings and Jon-ee, Seminole; Mr. and Mrs. C. A. Henson Sr., and Mr. and Mrs. C. A. Henson Jr., and Cindy Ann and Cathy Lynn, Abilene; Mrs. Aubrey Bryan, Farmington, N. M.; Mr. and Mrs. Bill Castner, Tammy, Terry, Timmy and Billy, Mr. and Mrs. Jerry Donahoo and Mr. and Mrs. Larry Wilke, Lubbock; Wallace Sage, Slaton and the Edmund Wilke family. The late Mr. and Mrs. Cummings were my mother's parents. Never saw so much good food in all my life but the most important was the good fellowship that was enjoyed! We are eagerly looking forward to the next reunion.

Visitors in the D. D. Pennell home Monday were Mrs. Mabel (Cox) Williams and a Mrs. Stubbfield of Happy, Mabel is a former resident of Southland and Slaton.

MR. AND MRS. Don Harlan and the Delwin Fluitts spent four days last week at Possum Kingdom.

Cherrie and Lisa Bryant of Alamogordo, N. M., spent last week visiting the Donald Pennells. The Pennells and their guests met the girls' parents, Jim and Beryl, in Ruidoso for a camping trip to Bonita Lake. The temperature was in the low 40's at night and when you are camping out that is getting rather cool. The Bryants, who are cousins of Donald, have a son, Jimmie, who was wounded in Vietnam in August and is expected to be sent to the Naval Hospital in

Mr. and Mrs. Buford Jones, who have spent the summer at Ruidoso, N. M., have a horse that they are both proud and excited about. The horse, High - Spicy, (I'm not too sure that is the correct spelling) is a seven-year-old thoroughbred and is the only horse there to have won three races in a row. I don't know much about horses but I do know that this record is really something. The Joneses have the right to be both proud and thrilled.

Mr. and Mrs. Robert Long, Cathy and Larry, recently returned from a four-day trip to Snyder, Okla., where they visited the Albert, George and Frank Long families. They also visited Mrs. Elsie Trammell and family and Mrs. Agnes Cope in Tecumseh. These are all brothers and sisters of Robert.

J. H. Poindexter, father of Mrs. Bob Long, is home from the hospital but isn't doing too well.

Robert Becker and children of Brownfield and Mr. and Mrs. Willie Becker spent the weekend at Lake Stamford.

Congratulations to Miss Sharla Taylor, daughter of Mr. and Mrs. Hub Taylor, whose engagement to Rex Dale King, son of Mr. and Mrs. Tomiva King of Grandfalls, was announced recently. They are planning an Oct. 12 wedding.

The earliest historical record of cosmetics comes from the first dynasty of the Egyptian era between 5000 and 3500 B.C. Tombs of this period have yielded jars in which fragrant oils were kept. The oils were used by both men and women to keep their skin supple in the dry heat of Egypt. The women of Egypt also developed the art of decorating the eyelids.

Proposed Amendments

AMENDMENT NO. 3 H. J. R. This proposed amendment on 24, Article III, would effect provisions relating to (1) salaries — which would increase from \$4,800 to \$8,000 per year; (2) legislative per diem — which would remain at the rate of \$12, but would be cut off after the first 120 days of each session instead of a regular session and (3) mileage allowance — which would be one round trip per month for every 25 miles traveled for one round trip for one session. The present stipend that no member is entitled to for an extra session within one day following the regular or special session remains unchanged in the proposed amendment.

BACKGROUND: Before the Constitution of 1876 was adopted, earnings permitted the legislature to increase or decrease the compensation of members. It is not clear that any increase could be effective during the session which the increase was made. But the original Constitution limited the per diem to \$5 and, to further discourage long sessions, it provided an allowance should be reduced after the first 60 days. An amendment was adopted which increased the per diem to \$10 for the first 120 days of a session, and a reduced rate of \$5 for any succeeding days beyond that period. Another amendment in 1954 increased the per diem allowance to \$25 for the first 120 days and no per diem allowance thereafter, should the session extend beyond the 120-day maximum.

BYTERIAN PASTOR sermon topic. The subject Sunday morning at Presbyterian Church, the George L. Miller, pastor, preached.

Rev. Mr. Miller left Monday for San Antonio to attend the 60th Texas, United Presbyterian Church in the USA, meeting at the University to discuss anniversaries of the church. He returns to Post today (Thursday) to attend the three-day meeting.

ANY FEET LITTLE? This is LFI Tex, the symbol of Fort Worth, a 60-foot-tall "little" figure will beckon visitors to the Sept. 20-29 fair affixed to the 140-foot main tower of the Bill Rogers Memorial Center. More than 100,000 guests are expected for Fort Worth's big-time fair.

The innovation of the annual salary was adopted by the electorate in 1960. In this latest amendment to Section 24, Article III, an annual salary not to exceed \$4,800, plus per diem of \$12 for 120 days of the regular session and 30 days of each special session, was authorized. A proposed amendment to increase the per diem to \$20 and extend payment over the full 140 days allowed for a regular session and the full 30 days of a special session was defeated by the voters in 1955.

ARGUMENTS FOR: The legislator can no longer be considered a part-time official because redistricting has given him more constituents to serve and his legislative work necessarily includes many hours spent on standing and special interim committees which meet between sessions. Consequently, little time is left to devote to his private business or profession.

The \$4,800 — re-inflation, annual stipend now provided under the Constitution is scarcely adequate to accommodate present costs of living. In the same way, the 120-day cutoff period for payment of the small \$12 per diem allowance even though expenses continue throughout the full session of 140 days places an additional hardship on legislators. In view of personal maintenance costs, the imposition of a time limit on a \$12 per diem allowance is unrealistic. It is unlikely that any legislator would attempt to extend the length of session and remain away from his home in order to collect an allowance of \$12 per day.

In order to keep a finger on the pulse of constituents, it is essential that members of the legislature visit their home districts during a legislative session. The one round trip allowed at a minimal 10 cents per mile, or \$2.50 for every 25 miles traveled, makes it necessary for the legislator to finance personally the remaining trips he must make to his home district.

AGAINST: An \$8,400 annual salary, amounting to \$700 per month, would be payment for what might be called a part-time job and is far in excess of the full-time salary drawn by the average Texan. In addition, the proposed amendment grants a longer period during which the \$12-per diem allowance would be paid, thus adding still further to the expense of state government operations at a time when state finances are already overburdened in meeting the constantly expanding needs of a growing population.

It is not necessary for legislators to return to their home districts every month, which the proposed increase in travel authorization would encourage. Adequate office allowances are provided, without constitutional limitation, whereby members can be in constant touch by telephone or telegraph with their constituents, without cost to themselves. If members are forced by financial pressure to stay on the job in Austin, sessions might be shorter and more productive.

This is it. By the time you read this, school will unclunkily be in progress. And this is my last column for the summer. It's been fun and I loathe to see the summer end, but time marches on.

Area woman injured in Hereford car accident

By MRS. GLENN DAVIS

The Graham news didn't quite get in last week in time. I mailed it in my neighbor's box as the mailman gets there later than at my box. The neighbors were gone and had asked the carrier to take their mail on to their son's box and I didn't know that and didn't raise the flag. The news finally arrived at the Dispatch office on Thursday. Just one of those things—not anyone's fault.

Friends have received word of Mrs. Mae Voss being in a car accident in Hereford. She suffered a broken jaw and some broken ribs and is a patient in Northwest Hospital in Amarillo. 'Yours, Mine and Ours' stars Ball and Fonda

The old woman who lives in a shoe had nothing on Lucille Ball and Henry Fonda who have what to do in the hilarious "Yours, Mine and Ours," which will be shown Sunday and Monday at the Theatre in Color by Dallas. Nineteen of them! Ten of 'em are Henry's from a previous marriage, the "youngest" the title—eight of them—Lucille's by a previous marriage. One, the "ours" of the title. That it all adds up to a pretty high comedy is not to imagine.
