

### Tables Which Best In Gardens

Station, April 4— Garding in Texas, which all started in the southern state and will spread with the sun, prompts thorough to suggest some little tricks to get vegetable best.

A small gardener, green beans such as Kentucky are more desirable than type because the bush matures quickly and does not require excessive space. The Green Pod, Refugee or other varieties are well suited for conditions in the south of the state.

There is room, pole butter beans even pole green beans can be on the garden fence. A type of butter bean is medium size white bean quality, and Florida Speckery hardy and prolific. A green pole beans, which mature after the bush beans, light be planted on another of the garden fence, Ros-s suggests. The old Ken-tender, or a newer variety as McCaslan, are both to west Texas. He cau-t to plant pinto beans to fresh or green beans, or for because it is inclined to and lacks quality. But ed for dried beans they be allowed to mature on.

Black and Acorn varieties of are good to eat even after. As they incline to rank each plant should be at least six feet. Harvested or July, they may be used out the summer and fall. Five good okra plants prou- for an average fami- lity Velvet and Green Pro- varieties of good quality. g at least two feet between bell peppers will grow all and fall in most parts of But don't plant green and p- in adjacent rows. It will give the greens a flavor of the hot.

and Mrs. A. G. Moore of Austin visited in the home of Mrs. Moore Sunday.

### RATIONING CALENDAR

Fats—Red stamps A8 and B8 are good indefinitely. Kitchen fats exchanged for cents and four cents a pound. Fruits, Vegetables—Stamps A8 through K8 are good indefinitely. Stamps 30 and 31 are good five pounds indefinitely. Stamp 40 is good for five of canning sugar through May 28, next year. Inspection Deadlines—A holders, Sept. 30; C-coupons, May 31; B-coupon, June 30. Stamp 18 in Book One through April 30. Airplane 1 in Book Three is good until May 1, will be announced.

Now on all food stamps good indefinitely, unless notice of expiration in the Office of Price Administration has announced. House- may budget their food pur- on the basis of three Red stamps every second and five Blue 10-point stamps the first of every month. Cold storage space for food, all frozen fruits and berries will not be rationed until April 29. Lard will remain rationed, ready-to-eat hams one point lower, "dry-cu- rns are to be only one point lower than fresh hams, and other meat values will remain almost the same. Food expected to be supplied over most of the year during the next three months are potatoes, cabbage, lettuce and other leafy vegetables, carrots, beets, citrus fruits, green and wax beans, to- matoes and other fresh vegetables. The Food Administration says rationing will have on the 132 pounds of meat in 1944, a pound more than he had average during the decade.

### OPA Abandons Passenger Car Tire Inspection

Washington, April 4— The OPA is abandoning its passenger car tire inspection program, a spokesman said Tuesday.

Effective April 20, only motor- ists wishing to obtain replacement tires will be required to submit inspection certificates.

All other inspections are being eliminated, it was explained, because the average driver now is taking good care of his tires in an effort to make them last as long as possible.

"The inspection program has served its purpose and can now be dropped," the spokesman said.

Requirements of the program have called for tire inspection every six months for motorists with "A" gasoline cards, every four months for "B" car motorists and every three months for "C" card holders.

### Notice To All Subscribers

Due to the fact that many people are moving around considerably, we have had a number of notices from the Post Office Department over the country, giving us changes of addresses. As there is a charge against the paper when these notices are sent, we are discontinuing the subscription, as we feel that if the subscriber is not interested enough to let us know of changes of address, we should not pay an extra charge because of his or her negligence.

### Changes Made In Protein Meal Deliveries In Texas

After April 1 in Texas, processors no longer will be required to obtain a statement from buyers approved by the county AAA Committee in order to deliver more than 500 pounds per month of protein meal to an individual. The required statement regarding the use of more than 500 pounds of protein meal monthly in mixed feeds also will be eliminated.

This situation has been effected by revocation of Director's Order No. 2 of Food Production Order 9, Revision 3, which was issued December 24, 1943. On that date, the 500-pound plus deliveries were prohibited in New Mexico and certain counties in West Texas, unless given special approval by County Agricultural Conservation Committees. On January 1, 1944 the area was extended to include Oklahoma and the entire state of Texas.

### Meat Consumption Sets Record In Spite Of Rationing

Odd as it may seem, total civilian consumption of meat during the first year of rationing was at one of the highest levels in the country's history. The nation's farmers produced during 1943 almost 23 billion pounds of meat, a record amount. This startling statement was made by Chester Bowles, OPA administrator.

Of the total output, Bowles reported, about six billion pounds helped feed American military personnel and fighting men of the Allies. Some 17 billion pounds found its way to civilian tables.

"But even with these large supplies, rationing was necessary because of the tremendous increase in civilian buying power," Bowles said.

The War Food administration estimates there will be slightly more meat this year than last. WFA predicted a total production of 23 billion pounds for 1944, or about 132 pounds for each citizen, one pound more per person than was available in 1943.

Mr. and Mrs. Fay Winn have returned from California where they visited for several weeks.

### Into Northern Burma

BURMA—An American Infantry animal pack column shown crossing a jungle stream during the advance into northern Burma. These men are members of the first American ground forces to go into action on the continent of Asia. Known as "Merrill's Marauders" they were led by Brigadier General Frank Merrill.

### Deferment Plan For Farmers On Units Is Discontinued

Selective Service scrapped its system of judging farm workers by units of production but at the same time took steps to draft as many of these registrants as possible under existing legal restrictions.

The action restored to local draft boards discretion as to deferments in agriculture, in line with a prediction by Senator Russell (D-Ga.).

Telegrams went to all state draft directors emphasizing that under the Tydings amendments a farm worker must show that he is irreplaceable and regularly engaged in an agricultural endeavor essential to the war effort.

State directors were instructed to make certain that the local boards understand the urgent need for men under 26 for combat, a need which President Roosevelt and the armed forces have stressed.

### Some Fruit May Be Expected In Spite Of Freeze

Although practically all apricots and peach buds were killed in last week's cold weather, the outlook is fair for plums and pears said several farmers who were discussing the situation on the streets of Post Saturday.

They expressed the belief that a "fair-sized" plum crop could be expected and that there were still enough good buds on pear trees to assure a "fair crop."

Nothing can be expected, however, from the apple and sour cherry trees.

### Former Post High Pupil and Principal Together In England

An 8th AAF Fighter Wing, England— Pupil and principal met here in this remote section of England and relived the old days at Post High school. Sergeant Haz-Ricker, son of Mr. and Mrs. Ray Ricker, and Sergeant Weldon A. Skinner, ex principal of Post High are both serving in the European theatre in Eighth Fighter Command. Sergeant Skinner is Supply Sergeant in one of the wing's Mustang Groups, and Sergeant Ricker is in this wing's security section.

Other representatives of Post and vicinity with this unit are Captain Alfred R. Morris, ex Post athletic and Captain E. "Stormy" Davis, well known dealer in municipal bonds and warrants, a resident of Lubbock.

### Garza Teachers Attend Meeting In Lubbock Friday

The pupils of Post and Garza county schools had a holiday last Friday while their teachers were attending the West Texas Teachers Association meeting in Lubbock.

Superintendents Bearden and Robinson reported that the teachers attended almost 100 per cent, even though there was a shortage of gas and some teachers found it difficult to get bus accommodations.

Mr. and Mrs. J. D. McCampbell and son, Jerry Don, of Lubbock are visiting here. J. D. has taken his examinations and will be in- tegrated into the army soon.

### Senator Truman To Speak At Lubbock Saturday, April 8th

Lubbock, April 5— Democratic leaders from all of West Texas and Eastern New Mexico are expected to gather here on Saturday, April 8, for a gigantic area-wide party rally at which U. S. Senator Harry S. Truman of Missouri is to be the principal speaker.

The rally will be staged in Lubbock Senior High auditorium that night at 8:30 and a packed house is predicted for the appearance of the head of the famous Truman investigating committee of the upper house of Congress. It is likely that other national party leaders will be here for the rally as Ed Pauley of Los Angeles, treasurer of the Democratic National Committee and others have been invited.

Truman's appearance at the rally here is the result of an invitation extended him by Arch S. Underwood of Lubbock, at a recent Jackson Day dinner rally of state Democratic leaders in Dallas.

Special invitations are to be extended to members of the South Plains, West Texas and Eastern New Mexico press to come here and hear Senator Truman, whose committee has saved the government millions of dollars through its probe of defense contracts and projects.

Democratic county chairmen and members of the executive committees of each county from as far South as Big Spring to Amarillo on the north are to be urged to come here for the rally.

### Father Receives Purple Heart Awarded Son

The Purple Heart, awarded to Sgt. Charles V. Hannah, was received by his father, Henry F. Hannah on March 1.

Sgt Hannah and nine men who were on the bomber with him were killed in action January 7, 1944 over Germany. They had been stationed in England.

The Purple Heart, one of the oldest and highest awards, originally established by General George Washington in 1782, was not re-established in 1932, and made retroactive to cover all awards to all officers and men who were wounded in action in any war or campaign under conditions entitling them to wear a wound chevron.

### NEON LIGHTS INSTALLED ON HONOR ROLL BOARD BY LIONS CLUB WEDNESDAY

The Lions club has installed neon lights on the Garza County Honor Roll Board which is located in front of the Court House. The work of installing was completed Wednesday and the lights will be turned on as soon as connections are made with the power line.

All of the beauty of neon lights showing forth in the colors of red, white and blue make the honor roll very attractive. The honor roll is outlined across the top and three feet down on each end by the lights and the eagle and V are also outlined.

### RED CROSS WAR FUND DRIVE TOTALS \$6,534.93 TO DATE

Dean A. Robinson, county chairman of the Red Cross War Fund drive reported Wednesday that a total of \$6,534.93 had been turned in to date.

Garza county citizens have done a splendid job of which everyone is proud. More money is coming in and a final report will be given at a later date.

### SCHOOL TRUSTEES CASH AND KIRKPATRICK RE-ELECTED

W. A. Cash and Willard Kirkpatrick were re-elected to the board of the Post Independent School District. Their names were the only ones on the ballot and each received 15 votes Saturday, April 1.

Mr. and Mrs. Novis Rodgers are announcing the arrival of a baby girl on Wednesday night, March 23, at the Snyder General hospital. The new daughter weighed seven pounds, two ounces. She is the granddaughter of Mrs. Irene Rodgers of Post and Mr. and Mrs. Hugh Bowen of Snyder.

### J. W. Teal & Son To Open Dairy Monday, April 10

J. W. Teal and son have bought the old Lanotte home and acreage south of Post and are opening a dairy at this location.

Mr. Teal has been in the dairy business 23 years. They came here from Lubbock where they have been operating a dairy since 1934. They are experienced in building good dairy barns and have remodeled two barns so that they passed Grade A inspection. They are now building a Grade A barn here and hope to have it finished and fully equipped soon. When it is completed they will hold open house so that everyone can inspect everything and watch them care for the milk.

For the benefit of the citizens of Post who are needing milk now and can not get it they will begin the route delivery of milk to any part of the city on Monday, April 10. Deliveries will be made once a day, in the mornings.

Mr. Teal assures everyone that this is high quality, clean milk from tested cows and is safe for children to drink. The Teals have 23 cows, 18 of them are giving milk now. These cows are government tested and inspected.

Because of prevailing war conditions there is no phone at this dairy. People wanting milk can contact them in person or write to P. O. Box No. 655.

### Relaxation Of WPB's Building Restriction Is Seen In Action

Full responsibility for approving virtually all types of non-farming construction was placed last week in the National Housing agency.

Effective April 1, the War Production board, delegated to NHA its authority to handle most housing applications. Previously NHA had power only to approve projects specially programmed for essential war workers.

The action hinted at subsequent relaxation of WPB's building restriction, for the delegating of authority gave NHA the right to approve housing to relieve situations of extreme general hardship in communities resulting from a lack of housing accommodations. No materials to relieve "general hardship situations" now are being made available by WPB, so the reference was plainly in anticipation of later WPB action. A WPB spokesman however, said the delegation of power was a "when and if" proposition.

### Mrs. Clyde Sartain Funeral Rites Held At Southland Mon.

Mrs. Vivian Calvin Sartain died at her home in Southland early Sunday morning, April 1. She had lived in Garza county 14 years.

Monday afternoon funeral services were held in the Southland Baptist church with Rev. O. J. Harmonson and Rev. E. C. Armstrong officiating. The choir was led by Billy Baker of Post with Mrs. Hubert Taylor at the piano. Mrs. Carl Sartain arranged a special number, "Never Grow Old" by the Slaton male quartet.

Interment was made in the Southland cemetery.

The flower bearers were: George Ellis, Carolyn Walker, Betty and LeWanda Wintercrowd, Diane Haire, Helen Ruth Barton, Joyce Bradley, Joyce Limmer, Norma Barkley and Margie Belle Payton.

The deceased was born at Flint, Smith county, Texas, Oct. 26, 1895. She graduated from Denton State Teachers College in 1921, and taught in the public schools of Texas for fourteen years. On April 4, 1924 she married Clyde Sartain.

She is survived by her husband and three children, Doris Jean, Robert and Mrs. Phil Gossett who lives at Longview, one sister, Mrs. Ted Bledsoe of Marlin, three half-brothers, J. C. Colvin of Lockney, C. W. Griffin of Ft. Worth and Earl Griffin of Flint.

Mrs. J. B. Slaughter, sr. went to Fort Worth on Thursday, March 30. She plans to return home soon after Easter.

### Texas Not Allotted Its Fair Share of Farm Machinery

Washington, D. C., April 4— Correspondence from Texas farmers arriving in offices of Texas Congressmen in Washington indicates a growing concern over the farm machinery situation. There is also the feeling that Texas has not been allotted its fair share of present farm machinery production, particularly farm tractors.

Rep. George Mahon has appealed to the War Food Administration officials for a more liberal allocation of farm tractors, and for an explanation of the whole farm machinery outlook—admittedly a very serious problem, and closely linked to the war effort.

For the ten-month period ending July 1, 1944, Texas is scheduled to receive 10,894 new farm tractors, out of the national farm tractor production for the period estimated at 156,000. New farm tractors produced for the 1944 crop year, and scheduled for delivery prior to July 1st, are estimated to exceed by four times the production for a similar period last crop season. But the supply of new tractors will be far from adequate.

Farm tractor manufacturers have authority to deliver into states of their own selection 80 per cent of their production, the WFA having authority to distribute the remaining 20%. The WFA has allocated about one-half of the 20 per cent reserve, Texas having received only 558 tractors from this reserve, a smaller proportion than many of the other farm states. WFA is refusing to allocate additional tractor to Texas from the reserve claim; that a greater need exists elsewhere, which Texas producers and officials deny.

It is pointed out that Texas is, however, receiving more new tractors for the present crop year than any other state.—The nearest approach to the Texas allotment of 10,894 is the Iowa allotment of 8,657. These figures include allotments from the reserve.

Farm tractors are now being produced at the rate of 20,000 per month. Production is being retarded not by a shortage of steel, the steel surplus being adequate, but by a shortage of component parts, such as bearings and engines, which are in great demand in the construction of landing craft and invasion equipment. The same difficulty is also hampering the production of other farm machinery.

Of interest to West Texas is the fact that this crop year Texas is expected to get 2200 new combines as compared to about 1100 new combines delivered in Texas last year.

Farm machinery production is subject to unanticipated setbacks and various uncertainties but WFA officials express the hope that many items will be delivered on schedule. As one War Production Board official put it, the only certainty about the program for new farm machinery is there is not going to be enough of it.

### Fifth War Loan Drive Set For Nation In June

The Fifth War Loan campaign will be staged in Garza county and other counties of the nation during the month of June. T. R. Greenfield, Garza's chairman, was advised of the date by the regional director of the Lubbock district.

The regional director says the nation in the fifth drive will be asked to raise a total of \$18,000,000,000.

Pre-drive details will be set in motion here as in previous drives. Garza's quota has not been announced.

### New School Bus To Serve Grassburg and Cross Roads

The Office of Defense Transportation has approved the application of the school board of the Post Independent School District for the purchase of a new school bus.

### New Arrivals...

Mr. and Mrs. Novis Rodgers are announcing the arrival of a baby girl on Wednesday night, March 23, at the Snyder General hospital. The new daughter weighed seven pounds, two ounces. She is the granddaughter of Mrs. Irene Rodgers of Post and Mr. and Mrs. Hugh Bowen of Snyder.

Excerpts From Letters By S/Sgt. John M. Graham

S/Sgt. John M. Graham who is in England writes to his mother, Mrs. Nellie Rodgers. "I had a nice trip down to see Aunt Winnie. She has a young man staying with her who showed me London. I was disappointed in it all. I really expected to see something. After all, it is the biggest city in the world. I saw No. 10 Downing Street — where Mr. Churchill has his headquarters, also Westminster. That poor London really got bombed. "Aunt Winnie said today in her letter that they just missed her house the other night. "I want to go to Highcliff soon to see some more of the family" Buy a War Bond Today!

Capt. Tom Power Writes Mother

Mrs. J. N. Power has received some interesting letters from her son, Capt. Tom L. Power who is on an island somewhere in the Southwest Pacific. He writes: "Here is a short letter written with a fountain pen that yesterday was owned by a Jap. He isn't any more. "There is not any activity that I can discuss but we seem to be holding our own pretty well. "Last night the tide was in and the water nearly crowded to the opening of our pill-box (dug-out). We would have just had to stay in for none of us would have dared to stick his head out after dark. "You are very fortunate to get this letter, Mother, because of the

Carroll Sander, Jr., S 1-c of San Diego, Calif., visited in Jayton and Post last week end. Carroll says he receives the Post Dispatch regularly and he is very proud of his home town paper. He likes the Navy, especially the radio work which he has been engaged in. He finished a radio course just before coming home on leave. difficulty under which I am writing. I have to close now. The bullets are whizzing by. I have to duck in my hole. "I have some Japanese post cards (found on the Japs) that I'll send you a message on, probably won't go through." Mrs. Power did receive the post card with Japanese characters on it.

Improved Uniform SUNDAY SCHOOL LESSON

By HAROLD I. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for April 9

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

CHRIST'S VICTORY OVER DEATH

LESSON TEXT: I Corinthians 15:41-58. GOLDEN TEXT: Thanks be to God, which giveth us the victory through our Lord Jesus Christ.—I Corinthians 15:57.

"If there be no resurrection of the dead, then is Christ not risen: and if Christ be not risen, then is our preaching vain, and your faith is also vain" (I Cor. 15:13, 14). In other words, the truth of the resurrection is an indispensable foundation stone upon which the structure of Christian doctrine rests. Beware of those who would spiritualize or explain it away! The facts are there—fully proved and dependable; there is no need for doubt or question. In our lesson we find: I. The Great Change (vv. 41-50).

Since it is obvious that our present bodies are not suitable for the spiritual world (v. 50), and that there comes, sooner or later (and almost always, it seems, too soon!), an end to their existence, there must be a radical transforming change. This takes place in the resurrection of the body. To make such a blessed—and to the human mind, almost inconceivable—truth clear, Paul uses the effective method of comparison and contrast. Following his skillful use of the illustration of the sowing of grain, which dies that it may live again (I Cor. 15:35-39), he gives us a picture of the resurrection body. That which we must put away in the silent earth at the end of life's day is a natural body, weak and lacking eternal glory (v. 43). It has already shown the evidences of decay and corruption, which we know shall be completely manifested in a short time. Marvelous as it has been as an earthly body, it cannot go with us into eternity (vv. 47, 48), for it is natural and not at home in the spiritual world.

Note, then, the great change that takes place. In the resurrection, the body for the eternal activity of the believer stands out as glorious, incorrupt and incorruptible, powerful, spiritually quickened, and heavenly. What more could be said? Here we stand amazed and at the same time encouraged by the revelation of what God has in store for us who believe on Christ. Death does not end all—it is only the beginning of real fullness of life and usefulness for the Christian. And all that is because of— II. The Great Victory (vv. 51-57).

Death is an enemy, indeed man's great enemy. There are those who have tried to deny that fact, to explain it away. They talk about death as "the great adventure," etc., but when one actually comes to face it, the truth is realized. It is an enemy. But in Christ, death is a conquered enemy. The blessed message of Easter day is that "death is swallowed up in victory" (v. 54). Death could not hold our Lord (v. 57), and He was the "first fruits of them that sleep" (v. 20). This assures us that because He lives, we too, who believe on Him, shall live. So death has lost its sting, and the grave its victory (v. 56). With Paul we cry out today from the depths of our beings, "Thanks be to God, who giveth us the victory through our Lord Jesus Christ" (v. 57). This is a day of joy, of singing, of victorious faith.

But the joy of Easter is not simply something to warm one's heart. It is— III. The Great Incentive (v. 58). Living for Christ and serving Him in this world is our greatest privilege, but we are all so human that we need encouragement. We need an incentive. The Bible speaks much of the rewards of God to those who are faithful, and gives many assurances that we are not engaged in a vain task. At times it seems as though men only reject, and the work of the Lord moves but slowly, if at all. Let us not be discouraged or disheartened. We follow and serve a victorious Christ, One who has triumphed over death and hell. What we do for Him is never done in vain. Note the helpful thought here. We are to be "unmovable," and yet "abounding." That seems paradoxical, but it is not, for it is only the life steadfast and unmovable at the center which can abound at the circumference.

That center is the resurrected Christ, and when we are established in Him, we are ready to live the abundant life for Him. Easter is a glad day for a believer, but it is a sad day for the unbeliever. He may attempt to maintain an outward appearance of joy, but he will know in his heart that the message of the day is definitely not for him. And yet it is, for today he may by faith take as his Saviour the Risen One and enter into fullness of joy in Him. So many people "celebrate" Easter all their lives, year after year, but never truly "keep the feast." May many such friends make this Easter day, 1944, the beginning of a new life in Christ!

SOUTHLAND NEWS Mrs. Marvin Truelock, Community Correspondent

Tuesday Doris Jean Sartain returned from visiting her aunt, Mrs. Ted Bledsoe at Hamlin. Mr. Bledsoe, who is in the hospital in Amarillo, was worse and his wife went there to stay with him. Doris Jean and her sister, Mrs. Phil Gossett left Friday for Longview to transact business over the week end and their mother suddenly grew worse and died early Sunday morning.

Last Sunday morning there were two additions to the local Methodist church at a fine service. Thursday, Friday and Saturday nights, the pastor, Rev. E. C. Armstrong, will preach three pre-Easter sermons, followed by the Easter service Sunday morning conducted by Dr. L. N. Lipscomb. A short Quarterly Conference will be held then.

Week end guests of Supt. J. P. Hewlett and sons were Billy Walker and Bobby Leonard of Milam Orphan Home at Lubbock. This week, the Baptist ladies will park their annual Easter donation of eggs to Buckner's Orphan Home. Mrs. S. A. Temple of Cleveland, Ohio arrived Friday to spend ten days with her sister, Mrs. Lee Fredrickson, brother, Donald Pennell and mother, Mrs. J. F. Pennell. Mrs. Temple's husband is employed by the Navy Department.

While Mrs. Marvin Truelock and children were spending the week end in Plainview with her parents, the W. H. Fetters, she saw other former Southland residents: Mr. and Mrs. R. E. King and Mrs. Armour Kinkler, who resides in Olton. Mrs. Charles Richmond left Lubbock Saturday afternoon for Seattle, Wash., to visit her husband. Cpl. Richmond does not know where he will be stationed.

Pat Carlson Writes Home Pat Carlson, S 2/c, radar operator, son of Mr. and Mrs. E. S. Long, wrote her the first letter she had received from him in over five weeks, that he cannot write where he has been, but he has many souvenirs, among them are a six-pence from England, a ten-yen piece, a Jap letter and a chess set. He is attending an advanced radar school and is to be sent on a secret mission as soon as he finishes this course.

He wrote: "If you folk back home don't humble yourselves and start praying like we are praying, we won't come home." Pat left the United States on a transport ship in January.

FUNDS FOR BASES IN PACIFIC APPROVED Authority for the Navy to spend more than a billion dollars in developing "advance bases" in the Pacific was voted by the House last week. Without dissent, the House passed and sent to the Senate a bill empowering the Navy to proceed with \$1,644,473,020 in public works which includes \$1,019,000,000 for the Pacific bases.

In Brazil the Portuguese language is spoken by four times as many people as in Portugal.

### Grade School News

**Miss Bonnie McMahon, Reporter**  
**Bonds and Stamp Sales**  
 The sales last week amounted to  
 \$42.95. The total for the month  
 of March was \$422.75

**Guess Who?**  
 By Marjorie Freeman  
 She is very pretty; she is a  
 member of the fourth grade class.  
 She has long blonde hair and  
 wears long curls, with two rib-  
 bons. She dresses real cute, takes  
 expression, and has a little bro-  
 ther in the second grade. She lives  
 in town. She is very smart, and is  
 always on the Honor Roll. Do you  
 know who she is?

Last week's personality was  
 Boyd Bowen, the son of Mr. and  
 Mrs. Mitchell Bowen.

### A Study of Volcanoes

By Fifth Grade  
 Mrs. McFlee's students of Grad-  
 es 5-1 and 5-2 think it was quite a  
 coincidence that they should be  
 studying about Mt. Vesuvius and  
 volcanoes when Mt. Vesuvius be-  
 gan erupting again. Since reading  
 the reports in the newspapers  
 about Mt. Vesuvius we have made  
 a more extensive study of volca-  
 noes and especially this one. We  
 have learned that one of the most  
 destructive of recent eruptions  
 took place in 1906. The first ac-  
 count of activity in history was  
 79 A. D. when the cities of Pom-  
 peii and Herculaneum were cov-  
 ered beneath ashes 25 to 30 feet  
 deep. For 1800 years Vesuvius has  
 taken a heavy toll of life and prop-  
 erty. Usually the eruptions last  
 5 or 6 days, but up to date this  
 period of activity has lasted 9  
 days. Vesuvius never slumbers as  
 do some volcanoes, but sends up  
 a cloud of dust and steam all of  
 the time.

There are two kinds of volca-  
 noes—one which explodes and one  
 which flows. Mt. Vesuvius is the  
 type that explodes. We have en-  
 joyed studying about volcanoes  
 and have learned many other in-  
 teresting things about them.

### T/Sgt. Frank S. Bundy Writes

Mr. and Mrs. Roy Holland From  
 Somewhere In The S-W Pacific

Jan. 31, 1944  
 Dear Roy and Ruth:  
 Received your air mail letter of  
 Dec. 6, 1943 and also your Christ-  
 mas package. It finally arrived  
 and we surely enjoyed it here in  
 the jungles.

We are now in the well known  
 jungles, where the thermometer  
 reading in the sun is as high as  
 125 degrees and the mountains  
 rise to heights of 16,000 feet right  
 out of the ocean. Most parts of the  
 island is covered with dense forest—  
 hot steamy jungle, with eerie  
 green twilight. In drier places,  
 however, there are sometimes  
 stretches of open grassland or  
 savannah. This tropical grass, usu-  
 ally coarse and 4 to 6 feet high,  
 in the distance looks like wheat.  
 Natives in some places burn the  
 grasslands once a year as a method  
 of hunting wild game.

The forest, with its tall trees,  
 occasional vivid flowers, tangled  
 lianas and interlocking maze of  
 roots, may seem lifeless at first  
 but you'll soon realize that it is  
 teeming with life.

The islands, like Australia, have  
 various kinds of marsupials, that  
 is, pouched mammals. There are  
 quite a few kangaroos here, none  
 of them more than 3 feet high. The  
 commonest ones are tree climbers.  
 Other marsupials are woolly,  
 slow-moving creatures like the  
 cuscus, about the size of an opos-  
 sum. There are many types of bats,  
 including the giant flying foxes,  
 fruit eaters with a 4-foot wing  
 spread. Rats are also plentiful,  
 too, some over 2 feet long.

The most striking creatures in  
 this region are the birds. Their  
 voices in the early morning sound  
 like a regular jazz band. There  
 are hundreds of kinds ranging  
 from the big black flightless cassow-  
 ary, 4 and 5 feet high, whose  
 kick is as dangerous as a stallion's,  
 to the beautiful yellow and red  
 plumed birds of paradise. The  
 feathers of the paradise birds were  
 once the basis of a wealthy trade,  
 until the government stopped the  
 killing of these birds to save them  
 from extinction. Around sundown,  
 flocks of noisy white cockatoos  
 circle over roosting trees. There  
 are dozens of kinds of parrots and  
 pigeons. One—the beautiful crown-  
 ed pigeon, a smoky-gray bird as  
 big as a small turkey and deli-  
 cious to eat. The mezzopode or  
 brush turkey which buries its  
 eggs in large hillocks of earth.

Crocodiles of two kinds are fair-  
 ly common. There are also, many  
 varieties of snakes, including poi-  
 sonous kinds, but as yet I haven't  
 seen any of the snakes.

So much for a brief description  
 of the jungles. They are not like  
 the ones that you see in moving  
 pictures, especially the natives.

We have a nice camp here, in-  
 cluding showers when they work,  
 running water, run to the well and

### Soil Conservation District News

The Duck Creek Soil Conserva-  
 tion District recently received a  
 small amount of dwarf perennial  
 sudan grass seed. Dwarf perennial  
 sudan grass is a recently devel-  
 oped sudan grass, which as its  
 name implies, has a perennial  
 characteristic. Unlike Johnson  
 grass it can be eliminated with one  
 plowing. Its advantages over  
 ordinary sudan grass is that it  
 does not have to be planted each  
 year and it will provide pasturage  
 at an earlier date.

Ten pounds of the seed was re-  
 ceived by the local work unit of  
 the S.C.S. which is assisting the  
 District, and was distributed  
 among several farmers who agreed  
 to plant and cultivate the grass  
 for seed production and to sell the  
 seed to other district cooperators  
 or use it themselves. Those who  
 received the seed are Fred Robins-  
 on, Simeon Kemp and Will  
 Wright.

The capital stock of a nation is  
 its soil resources. No business can  
 stand a continuing drain on its  
 capital; likewise no nation can en-  
 dure long excessive drains on its  
 capital resources.

What are soil resources? They  
 are food and clothing locked up in  
 nature's warehouse against the  
 time when man, through his ef-  
 forts, takes them out. Our great  
 soil resources in this country have  
 enabled us to develop a great race  
 of people. History shows that the  
 character and strength of a nation  
 goes up and down with its soil.

According to H. H. Bennett,  
 Chief of the Soil Conservation  
 Service, we have ruined more soil  
 in less time than any other nation  
 in history.

More than 50 million acres of  
 land in the United States, once  
 cultivated, no longer produce  
 crops. That is nearly as much as  
 our entire wheat acreage last  
 year. And the best topsoil has been  
 washed away from an additional  
 crop acreage twice as large as  
 that. Fortunately, we are learning  
 of this danger before it is too late.

We now know better than any  
 other people have ever known how  
 to conserve our soil resources. Mil-  
 lions of acres have been scientifi-  
 cally protected and are now pro-  
 ducing an average of 20 percent  
 more than they did before.

But about 90 percent of the con-  
 servation job lies ahead!

Here is some of the work that  
 should be done. We need to build  
 six million miles of terraces across  
 sloping land on 95 million acres,  
 to control water and protect the  
 soil.

We need to build thousands of  
 stock ponds for better livestock  
 production, particularly in the  
 West.

We need to plant soil-building  
 and erosion resistant crops on  
 thousands of mutilated fields.

Let us look forward confidently  
 to our ultimate success in our ef-  
 forts to prevent the loss of our  
 natural resources!

### W. Wells Injures Hand

Adjusting Truck Fan Belt

W. Wells of Gariyn community  
 had the misfortune of getting his  
 left hand seriously injured on  
 March 28. He was tightening the  
 fan belt on his truck and caught  
 his hand between the belt and  
 pulley. The middle finger of his  
 left hand was cut off at the first  
 joint. The forefinger was skinned  
 and the hand was bruised.

Pvt. D. J. Atkinson who is with  
 the signal corps at Fort Sill, Okla.,  
 has a 15-day furlough and is  
 visiting his parents, Mr. and Mrs.  
 Jasper Atkinson in Post.

run back.

As ever,  
 Frank

### NOTICE BY PUBLICATION OF FINAL ACCOUNT No. 178

THE STATE OF TEXAS  
 To the Sheriff or any Constable  
 of Garza County, Texas,  
 GREETING:

J. F. Maxey, Administrator of  
 the Estate of S. C. Maxey, Sr.,  
 Deceased, having filed in our  
 County Court his final account of  
 the condition of the Estate of S.  
 C. Maxey, Sr., Deceased, together  
 with an application to be discharg-  
 ed from such administration, you  
 are hereby commanded, that by  
 publication of this writ, once in a  
 newspaper, regularly published in  
 the County of Garza, said publi-  
 cation shall be not less than ten  
 days before the return date here-  
 of, you give due notice to all per-  
 sons interested in the account of  
 final settlement of said estate, to  
 file their objections thereto if any  
 they have, in said Court on or be-  
 fore the 3rd Monday in April, the  
 same being the 17th day of April,  
 A. D. 1944, when said account and  
 application will be considered by  
 the Court.

WITNESS Ray N. Smith, Clerk  
 of the County Court of Garza  
 County, Texas.

Given under my hand and seal  
 of said Court, at my office in Post,  
 Texas, this 4th day of April, A. D.  
 1944.

(Seal) Ray N. Smith  
 Clerk, County Court,  
 Garza County, Texas.

A true Copy, I certify:

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Entered at the Post Office at Post, Texas, as second class mail matter, according to an Act of Congress, March 3, 1919.

A man who starts out to show his wife who's boss often learns soon enough.

Poverty is not the money we fail to get, but the beauty we fail to see.

Insofar as is known, there are no birds which have teeth.

**MODERNIZING FIRE PREVENTION**

The National Board of Fire Underwriters has just issued a modernized Code of Suggested Ordinances for Small Municipalities. It has been working to make American communities safer through the establishment of uniform fire prevention measures, ever since it published A Suggested Building Ordinance for Small Towns and Villages, in 1914. Untold lives and countless millions of dollars have been saved from fire destruction by this continuing endeavor.

The building ordinance in the new code contains specific provisions not heretofore found in suggested legislation for small municipalities. Among them are the assignment of specific duties to a building official; regulations dealing with light and ventilation in structures of practically all types; adequate means of egress; requirements for the location and construction of garages; and specific regulations for such details as plumbing, sprinkler systems and outdoor display signs.

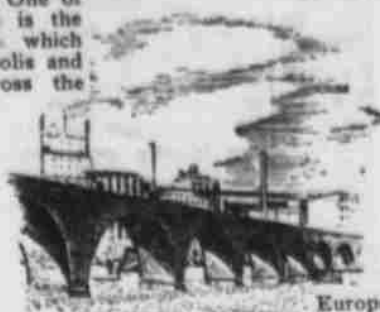

Many communities, as a result of the war, have been mushroomed into hives of industrial activity. Leaders of such communities bear a heavy responsibility in seeing that scientific fire prevention programs keep abreast of community growth. It is the intent of the improved code to aid them, as well as civic leaders of every other community, in mobilizing every modern resource at their command against the common enemy, fire.

The eye responds to stimuli more quickly than the ear.

**BONDS OVER AMERICA**

Legendary James J. Hill looms large among America's empire builders. One of his landmarks is the Stone Bridge which links Minneapolis and St. Paul across the Mississippi.

**Hill's Stone Bridge**

**Keep America Safe with War Bonds**

Europe too, had its builders, its Curie, Pasteur, Nobel, Galen, Mendeleeff — who wrought for a better world but left their works to be debauched by a madman bent on world conquest.

**Views of Neighboring Editors:**

**Scurry County Times**— A considerable number of people have called attention in recent weeks to the firm price levels commanded by real estate, farms and ranches in Scurry County, and the turnover of available property indicates we have plenty of people who want to make this county "home" during the post-war years. Houses and lots and farms are probably bringing the firmest prices now than they will in many years, and those who invest in such properties today will have something to fall back on when the boom of war-time conditions dies away and the years of peace and reconstruction become a reality. Business in this sector will remain good as long as real estate moves at a rapid pace and new money finds its way into the country's civilian channels of business and commerce.

**Lubbock Avalanche**— "All we have to fear is fear," said President Roosevelt almost a dozen years ago — and he's still right, although he is causing a good deal of fear himself by not coming out and saying whether he's running for a fourth term.

The Republicans, it seems, fear he will run.

The Democrats fear he won't!

**Liberty Vindicator**— This is the season when chickens and gardens definitely do not mix. If your chickens mix with your neighbor's garden, don't be surprised if your neighbor mixes it up with you.

**The Texas Spur**— One of the notions that should be discredited by this time is the oft-repeated injunction that various issues should be aired in order that world opinion might convince somebody or other of the error of their ways.

What has the opinion of the world been able to do with respect to the aggressions of Japan, Italy and Germany? The answer is easy. Nothing had any effect upon the rulers of these aggressor states except the fighting power of the United Nations and the same thing will be true in future years.

We might as well get the idea into our heads that "world opinion" is useless unless backed by the force of some strong nations, ready to implement the moral judgement of the world.

**NO TAX RABBITS LEFT IN HAT**

After reading scholarly talks on our tax problems, and after listening to arguments for and against different methods of taxation, one fact stands out clearly—everybody and his dog must now pay sacrificial taxes, and government extravagance must be cut drastically as taxes are increased.

If we fail to do this, we admit that we prefer to pass on to the boys at the front not only the risk of life and limb, but the obligation of an unnecessarily high public debt. We make no sacrifices in buying interest-bearing bonds which create debt and in perpetuating every boondoggling political project, while our fighting men sacrifice their lives and opportunities and families to preserve us safe from hardship at home.

Unless those enjoying war profits and war wages pay heavy taxes now to hold down the national debt and prevent the devaluation of the dollar, and unless government expenses are cut to the bone, there will be no chance of lowering the tax rate after the war so that industry and the people can have the tax relief necessary to encourage the accumulation of earnings and savings which are essential to industrial expansion on a peacetime basis that will provide permanent jobs for all.

No amount of rhetoric can change these facts.

**WHY STOP HALF WAY?**

The administrator of the Bonneville Federal power project, on authority given him by the Secretary of the Interior and 16 Washington state public utility districts, has offered the Puget Sound Power and Light Company \$90,000,000 to get out of business.

This would cost the state of Washington one of its best taxpaying assets in exchange for a largely tax-exempt power system run by Federal and PUD politicians.

Will the next drive be for public ownership of farms irrigated by water from tax-exempt Federal power dams? Will the advocates of state socialism sanction private operation of farms for "profit," while driving private citizens out of the electric business on the theory that "government" should sell power "at cost?"

The average depth of the ocean is two and one-half miles.

**Petersburg Journal**— Our neighbor says it took him years to learn how to plow a straight row, but finally did, and then everybody began contouring their land and his efforts are wasted.

**FRANK DISCUSSION NEEDED**

Until very recently, a majority of people gave little heed to public spending. Everybody from chambers of commerce to soap box orators devoted a large share of their time figuring out how to get a bigger cut in Federal hand-outs. The trend for years has been toward bigger and better peacetime Federal budgets and more and more debt. As war loomed on the horizon, prosperity spread through the land on the wings of borrowed money.

Today the lid is off, with hundred-billion-dollar budgets and 50-billion-dollar deficits. The country has borrowed its way into an unprecedented war boom. As a result, taxes are now making people realize that the government must collect money as well as spend it, and that it must eliminate peacetime prodigality, the same as an individual.

Politicians, Republicans and Democrats alike, have shied away from a frank discussion of the nation's financial problem, either because the pay envelope of every wage earner is involved, or because they honestly don't know the answers. That is inexcusable when the solvency of the country and the savings of every individual are at stake.

It is futile to claim that we have done our "tax" best to meet the cost of the war. We have not. If we had, we would not now be riding the crest of individual prosperity.

The sheepskin most desired today by college undergraduates is the kind that lines an aviator's helmet.

Eight of our presidents were not college graduates — Washington, Jackson, Van Buren, Taylor, Fillmore, Lincoln, Johnson, and Cleveland.

**WHAT D'YA MEAN...**

**"Free Enterprise"**

"Free Enterprise" is just a name for the way America works. It's the simple principle that human beings like to get on in the world. That when a man sets out to be a doctor or a shoe salesman or an electrical engineer—that's what he wants to be. And he can be!

That when a farmer plows his field and plants his seed, he has a right to return. A right to buy more land—and extend his fences. That when a business finds a business, he's building a future—and nobody can take that future from him. That when a man works hard and saves his dollars, those dollars are his. He can do as he likes. Or he can invest his money, secure in the knowledge it's working for him.

Call that any name you like. Call it Free Enterprise or Democracy or Opportunity. Whatever you call it, it's American-bred-in-the-bone.

Without it, nobody's going to plan any further than tomorrow. Without it, no incentive to invest, discover or develop. Without it—and don't let anyone tell you otherwise—this country would lose its high place among the nations of the world.

**Southwestern PUBLIC SERVICE Company**

**MAYBE... a Radiophone in your coming car**

**BUT... OIL-PLATING YOUR ENGINE is like outdoing the future—today**

The first changes in new cars might be "miracles"—or moderate. Regardless, no new engines will be free from corrosive acids, always "planted" inside by every engine's explosions—just as in your present car. The more it stands unused, the greater the risk from trapped acid. This stepped-up risk arrived with rationing. Yet even before, when steadier heat in unrationed driving ousted acids partly, the prudent motorist still took advantage of all the extra acid-resistance made possible by having his engine OIL-PLATED.

This big advancement—a safely OIL-PLATED engine—can be "standard equipment" in your own car right today, at the mere price of a Spring oil change.

Out with unfit Winter oil! Then change to Conoco N<sup>th</sup> motor oil to have your engine automatically OIL-PLATED. The highly advanced synthetic in Conoco N<sup>th</sup> oil—patented—seems like "magnetism" in causing inner engine surfaces to attract and hold a layer of OIL-PLATING... a corrosion-resisting shield between acids trapped inside and every surface that's OIL-PLATED.

Wouldn't that make you OIL-PLATE your Victory car? It can help you bridge the gap until then, too. Simply change to Conoco N<sup>th</sup> for Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

Reports of all social and club meetings will be appreciated. All reports should be turned in not later than Tuesday 6 p. m. each week.

### Pvt. Max Tucker Entertained By Sisters Tuesday, April 4

Mrs. Juanita McBee and Mrs. S. V. Brooks entertained with a wicker roast Tuesday afternoon for their brother, Pvt. Max Tucker, who is home on furlough after completing his basic training at Camp Fannin, Texas.

Those included in the outing were: Mrs. McBee, Mrs. Brooks and daughter, Sharon Lee, Pvt. Max Tucker, Pvt. D. J. Atkinson, Maxine Tucker, Dorothy Teal, Mrs. Faye Kirkendoll, Agnes Windham, Mrs. Ahlene Bivins, Frances Terry, Mrs. Clovis Tucker, Elmer Teal, Nelson Pierce, Roy Smith and Gale Bowen.

Bayonets were named for Bayonne, France, where they were first manufactured.

### Schoeder Family Reunion Held At J. W. Teal Home Sunday

The five brothers and one sister of Mrs. J. W. Teal and their families met in her home for a family reunion on Sunday, April 2.

Those present were Mr. and Mrs. L. H. Schoeder and two sons, Sagerton; Mr. and Mrs. H. J. Schoeder, San Angelo; Ed Schoeder and wife, Otto Schoeder and wife, Wolfforth; Mr. and Mrs. W. M. Schoeder and three children, Rose, Louise and Mrs. Roy Griffin, Lubbock; a nephew, Ernest Schoeder, wife and son, Wolfforth; the sister, Mrs. W. C. Pruiett and two sons, Alamogorda, N. M.; Violet Eckert, San Angelo; Jean Graves, Lubbock; and three young people of Post, Maxine Tucker, Gayle Bowen and Pvt. Max Tucker.

### YWA Meets At First Baptist Church On Monday, April 3

The YWA met in the First Baptist church on Monday, April 3 and the program "Promise Land" was presented by Doris Kirkendoll, Frances Terry and Maxine Tucker.

The song "O Zions Haste" was sung by the members. The scripture was read by Imogene Preston. Those attending were Mrs. A. A. Suits, six members and a visitor, Miss Rheta Bell Franklin.

The meeting was closed with a prayer by Frances Terry. —Rep.

### BARNUM SPRINGS H. D. CLUB MET WITH MRS. LEWIS WEST

The Barnum Springs Home Demonstration club met with Mrs. Lewis West March 30th in an all day meeting. A large crowd was present including visitors, Mrs. Dail Jones, Mrs. Avery Moore, from the Hartford H. D. Club; Mrs. B. W. Pennell, Mrs. Sam Leslie, of Canyon Valley; We always welcome visitors. The club quilted one quilt for Mrs. West and put one quilt in the frames and did some quilting on it.

A delicious lunch was served at the noon hour. Mrs. West served turkey and dressing with all the trimmings and two delicious cakes. Each member brought a covered dish.

The business meeting was called at 3 p. m. by the president, Mrs. Orville Ferguson. We adjourned to meet with Mrs. Wilson Long, April 13th in an all day meeting. Miss Manley will be with us at this meeting. —Reporter

### GRASSBURR SCHOOL NEWS

The Grassburr 4-H club girls met Wednesday, March 29 at the Grassburr school with their sponsor Mrs. Maude Buster. Mrs. Puckett, the other sponsor was not present.

The meeting was called to order by Cletta Buster, president. The five members that were present sewed on their scarfs. Mrs. Buster gave them instructions for their next meeting.

The 5th and 6th grades have finished a unit on Mexico. Some of the pupils that had visited Mexico gave us some interesting talks about their travels.

Kenneth Havens entertained with a birthday party Monday, March 27th. Easter decorations were used. Twenty-four pupils were present.

Everyone is invited to attend an Easter egg hunt at Mrs. Basil Puckett's from 3 to 5 o'clock. It will be sponsored by the Grassburr school. Bring Easter eggs and cookies.

### CARD OF THANKS

We wish to take this means of expressing our sincere appreciation for the beautiful floral offering and kindness and sympathy extended us during the illness and death of our wife and mother. May God's richest blessings be bestowed upon all of you, is our wish.

The Clyde Sartain Family

### WATCH THAT LINE

U. S. Marine Corps Photo

WASHINGTON, D. C. — Going up the hard way is this young lady Marine, member of the Marine Corps Women's Reserve, whose motto seems to be, "Anything a man can do, we can do." This girl proves it by taking over a line-man's job.

### Mrs. S. C. Caldwell Is Hostess To The Merry Makers Club

The Merry Makers club met March 28 with Mrs. S. C. Caldwell. Delicious refreshments were served to fourteen members and two visitors.

Because of bad weather there was a small crowd. It was decided to have the Red Cross gift sale at the next meeting which will be April 11 at the home of Mrs. W. T. Cook. Everyone is invited to come and bring a gift to sell and fifty cents with which to buy a gift. All proceeds will go to the Red Cross. —Reporter

### Mrs. Frankie Baldwin Hostess To Graham Homemakers Club

The Graham Homemakers club met Thursday, March 30 with Mrs. Frankie Baldwin as hostess. The afternoon was spent visiting and everyone enjoying a nice April Fool program.

Delicious refreshments were served to seventeen members and four visitors. The business meeting was held and it was decided to quilt the club quilt at the next meeting which will be with Mrs. Letha Porterfield on Thursday, April 13. —Reporter

Visitors in the W. B. Sanders home Sunday were Mr. and Mrs. J. W. Tate and daughter, Gwen-dolyn, Snyder; Wilber Shelton of the RAAF, Roswell, N. M.; Carroll Sanders, Jr., S I-c, San Diego, Calif.; Mrs. Warren Carter and children, Roswell, N. M.; Mrs. Dennis McKenzie, Jayton; Rev. C. F. Sanders and family, Broadview, N. M.

### MOTHERS STUDY GROUP

The Mothers Study Group will meet at Post Grade school on Tuesday, April 10 at 3:35 p. m.

### Marys and Marthas Class Entertained By Mrs. C. M. Voss

The Marys and Marthas Sunday School class of the First Methodist church met in the home of Mrs. C. M. Voss on Friday, March 21.

The meeting was opened by singing "Blest Be The Tie That Binds." The roll call was answered with verses of scripture. An Easter greeting to the class from Margaret Anderson, who is in Italy, was read.

The devotional on "Faith" taken from the 2nd chapter of James was given by the pastor, Rev. I. A. Smith. Mrs. Graeber brought a contest on Bible women and presented an article on "The Life of Dr. Morrison." Dr. Morrison, sometimes called the greatest American preacher, was founder and president, until he died in 1942, of Asbury College, from which school graduated many Methodist bishops. He was a classmate of Charlie Soong, father of Madame Chiangkai-shih, at Vanderbilt from 1881 to 1885.

As winners in the contest on Bible women, Mrs. Curry and Mrs. Stewart were privileged to entertain the group. Mrs. Curry read two poems. Mrs. Stewart talked on Victory gardens as applied to the growth of the class by cultivating our neighbors and bringing in new members.

Mrs. Greenfield led a Bible quiz written in parody of Mother Goose rhymes. Refreshments of a salad plate and angel food cake were served to seventeen members and three guests. —Reporter

### WGA GIRLS HAVE EASTER EGG HUNT AT TWO DRAW

The W. G. A. held a business meeting at the First Baptist church on Tuesday, April 4 at 4 p. m.

New officers elected were: pres., Elinor Boyd; vice-pres., Theresa Rankin; secy., Wanda Jean Bilberry; reporter, Winnona Joy Con-dron; counselors, Agnes Windham and Ellouise Dodson.

We then went on an Easter egg hunt at Two Draw lake and were served lemonade and cookies for refreshments. —Reporter

### GARZA COUNTY HOME DEMONSTRATION COUNCIL TO MEET SATURDAY

The Garza County Home Demonstration Council will meet Saturday, April 8, at 2:30 p. m. in the County Home Demonstration Agent's office.

Each president is urged to bring a list of programs that her club desires to have this year and a list of the members of her club. The address of each member should be on this list.

### Miss Hazel Louise Cash To Be Presented In Senior Recital Sunday, April 9, 4 P. M.

Miss Hazel Louise Cash, daughter of Mrs. Esma Cash, will be presented in senior piano recital on Sunday, April 9 at 4 p. m. at the Methodist church by her teacher Mrs. Ashley Lawson. She will be assisted by Miss Iris Parker, vocalist. The public is invited to attend.

Mr. and Mrs. Jim Hundley are visiting their son, Jimmy, in Memphis, Tenn.

G. M. Boren and Mrs. Frank McWhorter visited with Mrs. Dan Carpenter last week.

The first book printed in America was "The Bay Psalm Book", 1639.

### Dorrace Morgan Sgt. Geo. A. Mize Marry Tuesday

Dorrace Morgan and Sgt. Geo. A. Mize were married at the Methodist parsonage in Post on Tuesday, April 4 at one o'clock.

Rev. I. A. Smith officiated for the ceremony. Willie E. Mize, brother of the groom, was best man and Iva Iris Morgan, sister of the bride was bridesmaid.

The bride wore a soldier blue suit with brown accessories.

The bride is the daughter of Mr. and Mrs. E. A. (Son) Morgan of Justiceburg.

Sgt. Mize, whose home was at Justiceburg before he entered the army, is the son of G. W. Mize of Conrad, Texas. He has been stationed at Camp Gruber, Okla. He is now on furlough and is being transferred to Camp McCain, Miss.

The Ladies Aid of the First Christian Church met with Mrs. Ramsay on Tuesday, April 4, at 2:30 p. m. Mrs. Manis, the president, presided over the business session.

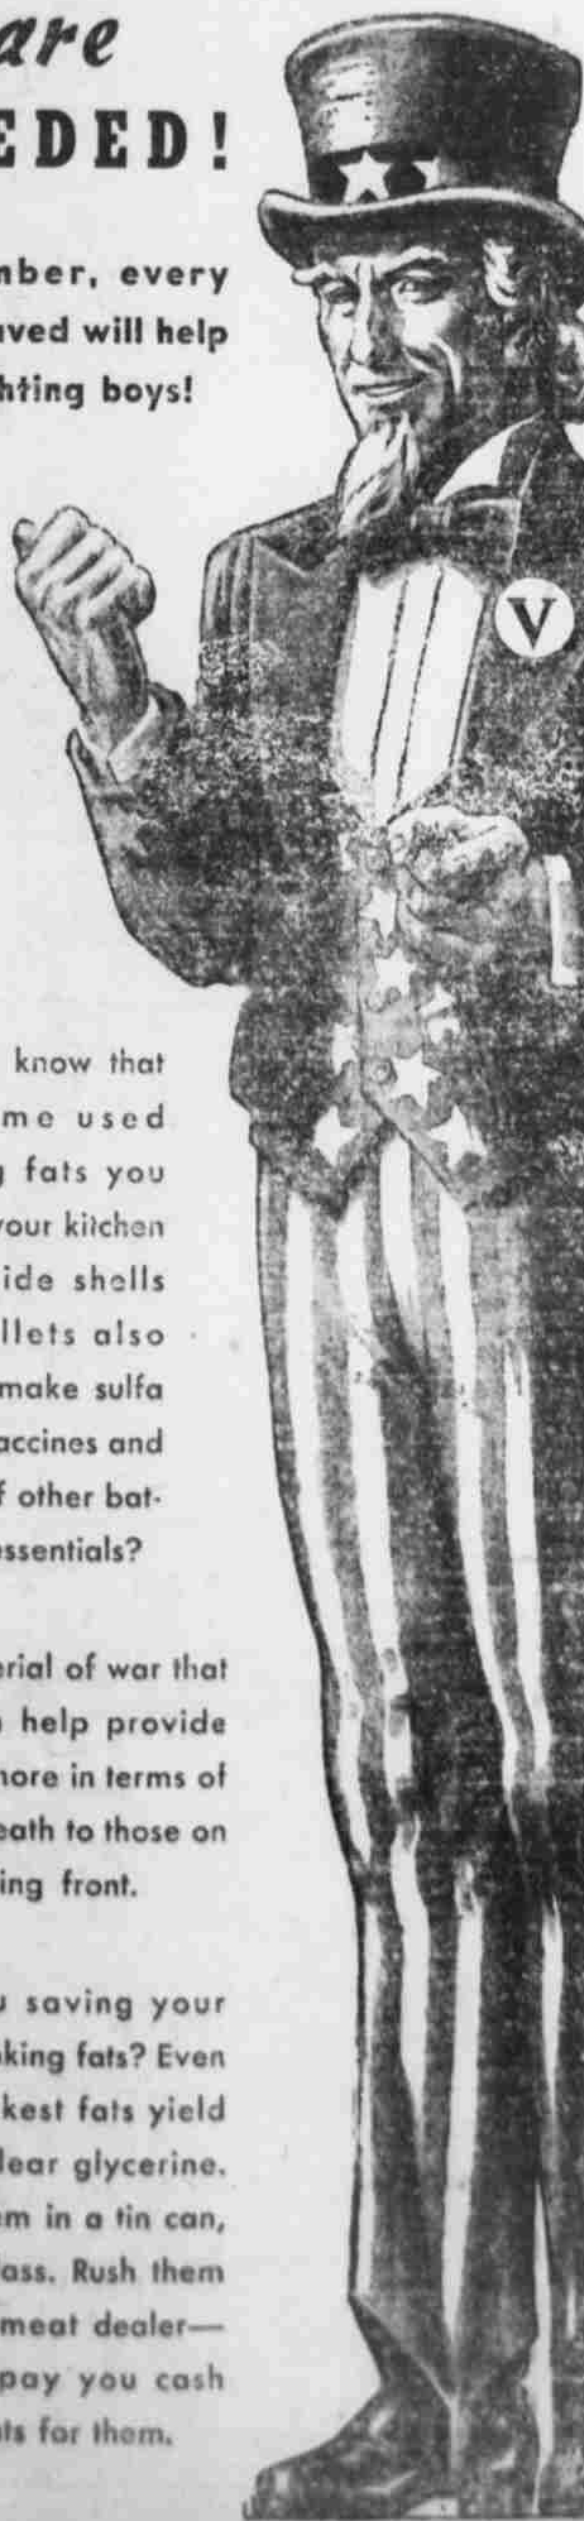

Mrs. Lee Davis taught the lesson from the study course which is in Acts.

Delicious refreshments were served at the close of the afternoon to ten members. —Rep.

## Your KITCHEN FATS

are NEEDED!

Remember, every drop saved will help our fighting boys!

Did you know that the same used cooking fats you save in your kitchen to provide shells and bullets also help to make sulfa drugs, vaccines and scores of other battlefield essentials?

No material of war that you can help provide means more in terms of life or death to those on the fighting front.

Are you saving your used cooking fats? Even the blackest fats yield crystal clear glycerine. Save them in a tin can, not in glass. Rush them to your meat dealer—he will pay you cash and points for them.

**Harley Sadler Will Not Be Candidate For Legislature**

Harley Sadler, West Texas leading showman, has announced that he will not be a candidate for re-election to the state legislature. Simultaneous with this announcement came word that he will open his tent theatre and will again be associated with the show as the key-man. The popular showman is now a member of the state legislature and has been serving his district in a magnificent manner but is, according to various friends anxious to get back to the show.

The premier opening of the show will be held in Sweetwater, his hometown, on April 7. The opening performance will be "Toby Goes to Washington," starring Mr. Sadler in his most familiar and famous role of "Toby."

Mrs. F. F. Criswell of Calvert, Texas, has been a guest of Mr. Mike Thomas. They were childhood schoolmates. Mrs. Criswell was en route to visit her sons, one in Lubbock and one in Denver, Colo., Mr. and Mrs. Criswell have four sons in service.

Rev. and Mrs. R. C. Tennison went to Floydada Saturday to see her sister, Mrs. Otis Milton, who underwent an operation there on March 27. They found her recovering nicely so they returned home Saturday night.

**BALLOTS AS WELL AS BULLETS IS NEW SUPPLY PROBLEM**

The armed forces set out Saturday to solve a new supply problem—how to get ballots as well as bullets to those of the more than 10,000,000 service folk who want to vote.

Army and Navy experts are in a series of huddles planning the distribution of the ballots. Not only do they have to plan the method of best and most effective distribution but a system of getting the votes back to the states.

Because the Army has more men and also because the roving life of a sailor may interfere somewhat with his vote casting the Army likely will have the biggest job.

It will be up to the Army postal service to get the ballots overseas and bring them back. This also involves the transportation corps, whose worry is mail shipping space.

Once the ballots are delivered to the headquarters of the various war zones, there is the further job of distributing them individually to men scattered through hundreds of service forces, air bases and to men actually up on the firing line.

It is expected provisions will be made for printing ballots in the field to be used in the event that forms from the states fail to arrive.

At the War department, officials said they expected to have details worked out and be prepared to make a public announcement within a few days.

**Political Announcements**

All political announcements are accepted for publication strictly on a cash-in-advance basis.

The Dispatch is authorized to announce the following candidates for office in Garza county, subject to the action of the Democratic Primaries:

**For District Attorney 106th Judicial District:**

- KARL CAYTON Of Lamesa, Dawson County

**For Congress:**

- GEORGE MAHON (Re-election)
- C. L. HARRIS

**ONE REASON FOR GASOLINE RATIONING**

Conservation of every possible drop of gasoline as a military necessity and patriotic public trust is urged by the Office of Defense Transportation.

Gasoline rationing, it says, is necessary because of the greatly increased special all purpose 80-octane gasoline for our armed forces and because we are producing far less gasoline than before the war.

In November, 1943, we were producing gasoline of all types at the rate of 1,800,000 barrels a day (75,600,000 gallons), as against more than 1,900,000 barrels a day in 1941, the ODT says. In addition, out of this total, military requirements take approximately 600,000 barrels, leaving only 1,200,000 barrels a day for civilian use.

000 barrels, leaving only 1,200,000 barrels a day for civilian use.

In 1941, according to state gasoline figures, approximately 1,700,000 barrels a day were consumed for all civilian uses. Compared with pre-war, the nation must get along with 500,000 barrels less automotive gasoline each day.
