Helicopter to fly Santa here Saturday afternoon

Arrival time is set for 3 p. m.

Santa Claus is coming to Post in modern style Saturday afternoon — by helicopter.

T. B. Odam, chairman of the Post Chamber of Commerce retail promotions committee, told The Dispatch yesterday afternoon that arrangements have been completed for Santa to land on the football practice field east of Antelope Stadium.

His arrival time is scheduled for 3 p. m.

Santa will be picked up at the practice field by the new Post Volunteer Fire Department fire truck and paraded down Main Street from North Avenue K behind the Post Antelope band to the half block roped off street next to Martin's on Avenue J where Santa will spend two hours talking and visiting with local youngsters.

Mr. Claus, of course, will have candy treats for all his small friends and will throw them to the youngsters during the two-block parade.

Odam said it wasn't possible to meet safety regulations and actually land Santa's helicopter in the downtown area.

Santa's helicopter, comes equipped with a loud speaker, and Santa is going to swoop over the business district before landing to greet the boys and girls waiting downtown to see him.

The first of three Saturday afternoon promotions will open this Saturday at 2 p. m. when the Post Antelope band, some 70 strong, under the direction of Herb Germer, will play a Christmas concert for the hour prior to Santa's arrival.

Parents and youngsters are invited to hear them. The concert will be held in the half block roped off area on Avenue J next to Martin's store.

The band will bring their chairs and stands for the concert and after Santa spins in for his helicopter "flyover" of the downtown area, the band will march west on Main street to Avenue K where they will await the start of Santa's parade after the landing.

The band will play a final pair of numbers after the parade before Santa takes over for his "heart to heart talks" with his young admirers.

The third phase of the Saturday afternoon Christmas promotion, co-sponsored by the Post Chamber of Commerce and participating merchants, will come at 5 p. m. when a \$50 cash prize drawing will be held at the roped off area.

Anyone 16 years of age or older may sign up for the drawing without obligation in any of the participating stores with the red cards

in their windows denoting cash drawing participation.

If the person whose name is drawn for the \$50 cash is not present within a five minute period, then the \$50 will be added to the second cash drawing schedule for Saturday, Dec. 13, making the cash prize at the drawing \$100.

If the winner at the second

drawing is not present the cash prize will go to \$150 for the third and final drawing at 5 p. m. Saturday, Dec. 20, when names will be drawn until a winner is present.

Santa will be back for two hour downtown visits with local boys and girls from 3 to 5 p. m. on Saturday afternoons, Dec. 13 and 20.

Besides Santa visits and cash

drawings scheduled for Dec. 13 and 20, more entertainment also is planned for shoppers.

George Willson's fine high school choir will sing an hour-long Christmas concert at 2 p. m. Saturday, Dec. 13 (more details on that next week), and an amateur hootenanny is scheduled for 2 p. m. Saturday, Dec. 20.

Service station safe plundered

Burglary charges are filed against 3 here

Three youths charged with breaking into the Wylie Shamrock service station at 619 North Broadway early Sunday morning and stealing \$396.13 from a safe were released Monday under \$1,500 bonds after being charged with burglary.

The three are Roy Sappington, 19, and Jackie Hair, 18, both of Post, and Joe Kinman, 19, of Lubbock.

All three youths gave themselves up Sunday while local law enforcement officers were investigating the burglary.

The officers said \$178 in one, five, ten and twenty dollar bills was recovered. The rest of the amount taken from the safe was

in checks and courtesy cards.

Officers said they discovered a place on the old golf course road where an attempt had been made to burn the checks and courtesy cards. They said the name of the service station operator, Cecil Foster Jr., was found on the charred remains of a courtesy card found where they burning had taken place.

One of the three youths knew the combination to the safe, the officers said.

Entrance to the station was gained through a window into the grease rack. The window was already broken and the burglars reached through a hole in the glass to unlatch it. They left the station through the front door, and relocked the window, the officers said.

The money, checks and courtesy cards from the safe was all that was missed, according to the investigators.

The burglary was reported by Foster about 8 o'clock Sunday morning, the officers said.

Funeral services Friday for victim of drowning

Funeral services for Karen Ann Moriearty, 15, who died in Valletta, Malta, of accidental drowning Wednesday of last week, will be held at 4:30 p. m. Friday at the First Baptist Church in Seminole.

Karen was overcome by carbon monoxide fumes and drowned in a bathtub at the family home in Valletta.

She and her mother, Mrs. E. T. Murphy, and her three brothers had moved to Malta last December to join Mr. Murphy, who is employed there by the Santa Fe Drilling Co.

Besides her mother and stepfather, Karen is survived by three brothers, Michael, Stephen and Mark Moriearty; her father, John Schmidt; stepfather, Norman Moriearty; paternal grandparents, Mr. and Mrs. H. W. Schmidt of Seminole, and maternal grandmother, Mrs. Frank Wood of Seminole. Karen was also the granddaughter of the late Wesley Northcutt.

Burial will be in the Gaines County Memorial Cemetery.

Sheriff Claborn in serious condition

Sheriff L. E. (Fay) Claborn was readmitted to Methodist Hospital in Lubbock, Tuesday, Nov. 25, and is reported to be in serious condition.

He is in Room 415.

Attempted murder suspect nabbed

Mitchell County law enforcement officers came to Post from Colorado City Saturday afternoon to pick up Jerry Hardegree, 27, who was wanted there on a charge of attempted murder.

Hardegree had been arrested by local law enforcement officers earlier in the day in a beer tavern and charged with carrying a concealed weapon.

Deputy Sheriff Reid Parker said the sheriff's office had received a "wanted" notice on Hardegree earlier and that he notified Mitchell County officers upon learning the man's identity.

WAREHOUSE ADDITION WORK PROGRESSES

Workers swing a steel beam into position as it is lowered by a crane onto the 21,000 square foot addition being built to the Texas Highway Department general warehouse here.

The addition, being built by the J. D. Hunter Construction Co., is due to be completed about mid-January, according to Sam Etter, warehouse foreman.—(Staff Photo)

Overnight rain shuts down cotton harvest

A light overnight rain ground Garza County's 1969 cotton harvest, already in the peak rush period for most area gins, to a damp, temporary halt today.

Two of the area gins have been operating "around the clock" and most of the others have been putting in long 15-hour "days."

The Post Volunteer Fire Department was called out at 8 o'clock this morning (Thursday) for

the first gin fire of the fall season. Ten bales of motes were reported afire at the Hackberry Co-op Gin.

The Dispatch's weekly "gin check" yesterday disclosed a fast climbing "bales ginned" column over the Thanksgiving weekend and into this week.

The county total, figuring in all of portions of production from nine area gins, totaled 9,205 bales ginned and a thousand or more bales

stacked on the gin yards.

County Agent Syd Conner said the "turnout" was surprisingly high with reports of 29 per cent of the boiled cotton going into the bale.

Ginners reported grades good, mike good, and turnout good.

Bill Lentz, Planters Gin manager, declared he didn't know why but "we're getting a bunch of white cotton" when asked to comment on the grades.

Lentz said yields were off about a third from last year when production for Garza County climbed well over the 25,000 mark.

Some didn't think the 1969 Garza bale total would reach 20,000, but are now saying if good weather holds that mark now appears possible.

The gin-by-gin survey reports: Planters Gin: 475 bales ginned, 150 now on yard, working until midnight each night. The rush started this week. Turnout and grades are real good and so is the mike.

Storie Gin: 501 bales ginned, working 12 hour shifts, yard clean, another week or 10 days needed for area to reach harvest peak. Grades holding up "fair."

Kalgary Gin: 325 bales ginned (half counted as Garza cotton), working 14 hours, 50 bales on yard, harvest just getting started in area, no grade cards back yet.

Work under way on road project

Work began Monday on construction of grading, structures, base and surfacing on 18.9 miles of Farm to Market Roads 211 and 212.

The work extends from Wilson, in Lynn County, eastward to U. S. Hwy. 84 and from FM 211 northward to U. S. 84. Julian F. Smith of Post is the Highway Department engineer in charge of the work, which will take an estimated 175 working days.

Henry L. Stafford of Lubbock was awarded the contract on his low bid of \$289,985.51.

Congratulations, Helen and Toby.

A town is known to travelers probably better by the quality of its restaurants than anything else and for a town Post's size, this community can rank right up there at the top. Post is fortunate to have several good restaurants where most smaller towns are hard pressed to have even one.

"It was either straight up or straight down."

Those were the words Frank Blanton used Monday to describe the deer hunting trip of seven Postites near Sheffield, Tex., over the weekend (Friday, Saturday and Sunday) which netted the party five deer.

Those with sore muscles this week who hunted "straight up or straight down" were Harold Gordon, Glen Barley, A. C. Cash, L. D. Jackson and his daughter, Trina, and Bernard Pewitt.

One of the fastest moving items in the Post gift market this week is Tanner Laine's new book, "Cow Country", which contains 161 area cowboys featured with 8 by 10 photos, including a good number from right here in Garza County.

Despite the fact that the big 360 page book sells for \$9.75 the first dozen books, which arrived Monday, were all but gone as we wrote this column Wednesday afternoon, but Mrs. C. manager of our "book department", had the good sense to phone in an order for two dozen more Tuesday.

Santa Claus is laying his popularity with the small fry on the line here Saturday afternoon. He will fly into Post via helicopter just about the time the Texas-Arkansas game for the national football championship is drawing to a close on the "boob tube."

We'll put our money on Santa to win this showdown because we figure the Longhorns will have just about run all the Hogs out of the stadium up there in the hills long before the third quarter is over.

Toby and Helen Thomas have scheduled the grand opening of their new buffet dining room at Toby's Drive In & Restaurant for Friday and Saturday. (See their Grand Opening ad on page 7).

The new dining room, which will seat 80 or more, and is available for all kinds of holiday dinners and parties, is fully carpeted, has recessed ceiling lighting, and paneled walls. All real nice — and a nice business addition for Post as well. What's more the new dining room has year-round temperature comfort (central heating and refrigerated air conditioning). The food, with several choices, is served buffet style at a single price with no additional charge for "extra trimmings."

The new dining room expansion has come less than 18 months after the drive in and restaurant was opened on June 27, 1968.

A town is known to travelers probably better by the quality of its restaurants than anything else and for a town Post's size, this community can rank right up there at the top. Post is fortunate to have several good restaurants where most smaller towns are hard pressed to have even one.

J. C. Stelzer

Water board director appointed by council

J. C. (Julius) Stelzer was appointed to a two-year term on the board of the White River Municipal Water District by the city council Monday night at the council's regular December meeting.

Stelzer will succeed Harold Lutts, whose term expired. The four councilmen present voted unanimously to name Stelzer to the board after he was nominated by Councilman Mike Mitchell and the nomination seconded by Councilman Frank Blanton.

Mayor Giles C. McCrary and the council expressed its appreciation of Lucas' services as a member of the water district board and also of his other civic contributions which have included serving as

mayor and as city councilman.

Other Post members of the water board are J. B. Potts and Arnold Parrish.

City Manager Bobby Pierce reported to the council that letters have been mailed to owners of the lots on which the Chapman Park is located, in the northeast part of town, in an effort to secure options for purchase of the property by the city and county. The city manager said about seven lots are involved, with \$200 being offered for the corner lots and \$150 for the inside lots.

The city manager also reported that the new truck purchased by the city is being equipped in Lubbock at a cost of about \$1,015. The new truck will replace one that has been in use 21 years.

The council authorized the mayor and city manager to meet with Postexp Plant officials in regard to a water problem at the mill. According to the city manager, the problem stems from the fact that the mill at times does not have a sufficient water flow for some of its operations. He said the pressure had been checked and appeared to be steady, and that there is a possibility of the trouble being in the water lines.

The mayor and city manager made a report on the Texas Municipal League convention they attended in San Antonio.

Wilks rites held in Post Sunday

Funeral services for Mrs. George Wilks, 86, who died last Friday in the Garza Memorial Hospital, were held Sunday afternoon at the First Baptist Church.

Mrs. Wilks, who had been a resident of this area for over 50 years, was born Nellie Antoinette Shepherd on March 16, 1883, at a Colorado City. She was married to George Wilks at Post on May 3, 1914. Mr. Wilks died in 1937.

Mrs. Wilks is survived by two daughters, Miss Pink Wilks and Mrs. Garland Davies, both of Post; one brother, Robert Shepherd of San Angelo; two grandchildren, Don Davies of Detroit, Mich., and Carol Davies of Post, and one great-granddaughter.

The Rev. Joe Vernon, First Baptist pastor, and Don Davenport, minister of the Post Church of Christ, officiated at the funeral services. Mrs. Margie Pennell sang a solo, "Does Jesus Care?" and the Church of Christ quartet sang "What a Friend We Have in Jesus."

Burial was in the Terrace Cemetery under the direction of Mason Funeral Home.

Palbearers were: Jimmie Redman, Horace McAfee, Charlie Williams Jr., Charlie Pierce, Phil Boucher and Frank Runkles. Honorary palbearers were: Howard Freeman, E. R. Moreland, Reese Hodges, Bob Collier, Paul Jones, Dr. W. C. Wilson and Dr. Harry A. Tubbs.

A report on the state convention being held this weekend in Abilene will be heard at a meeting of the Garza County Farmers Union at 7:30 p. m. Tuesday, Dec. 9, in the community room of the First National Bank, according to Bob Tidwell, president.

The Garza County unit is sending delegates to the state convention and they will have much of interest to report at Tuesday night's meeting, Tidwell said.

U. S. flag on police uniforms

All policemen are on the side of law and order, but many throughout the nation are also showing, by wearing U. S. flag arm patches, whose side they are on in the internal strife that has upset our country over the war in Vietnam, and other issues.

The two-man police department here has U. S. flag arm patches on their uniforms to show whose side they are on. Our attention was called

to these uniform additions at Monday night's meeting of the city council, where we learned the arm patches were ordered for the police department after a conference between Police Sgt. Otis G. Shepherd Jr. and City Manager Bobby Pierce.

No one can help but have confidence in a police officer who wears the United States flag on his uniform.

Should add up to something big

The Retail Promotions Committee of the Chamber of Commerce is to be congratulated for coming up with about the best Christmas present the community has ever received in the way of a Christmas promotion.

The committee members acted wisely in deciding to stretch the promotion over three Sat-

urdays instead of bundling it up into a one-day shotgun deal that might fall victim to December's unpredictable weather.

The three cash drawings, three Santa Claus visits and three shopper entertainments bid fair to add up to the most outstanding and most satisfying promotion in the community's history.

Breaking down the tax dollar

Chief Economist of the Chamber of Commerce of the United States, Mr. Carl H. Madden, comes up with the information that every dollar of federal taxes buys about 51 cents of past, present, and future defense, and 49 cents of everything else.

The Vietnam war takes 13 cents of your tax dollar. Veterans benefits (4 cents) and interest on the public debt (6 cents) stem mainly from past wars.

You buy 22 cents worth of Social Security, 12 cents of education and social programs, 2 cents of international aid, 2 cents of debt reduction and 11 cents of everything else (mainly, running the machinery of government).

Our April 15 headache yields \$90 billion—only 46 cents of the tax dollar. Social Security and corporation taxes pay most of the rest.

If you want lower taxes, government costs—either defense or domestic—must be cut somewhere.

Common law marriage legislation

Before we get too dead-bent on criticizing the legislature for opening the door on common law marriages among minors, we should be sure we are well informed on the subject. Contrary to what many of us think, the legislature did not legalize common law marriages among girls over 14 years of age and boys over 16. It merely provided a means for registration of existing common law marriages.

And that isn't even mandatory.

It has always been possible for youngsters of this age in Texas to form a common law marriage without consent of their parents if they met three requirements (1) agreement to be husband and wife; (2) living together as husband and wife, and (3) holding themselves out to the public as husband and wife.

The registration as approved by the last session of the legislature does not create the

common law marriage, but the meeting of the three requirements as set out above does. A casual or secret illicit relationship cannot be a common law marriage. This has been the law in Texas since 1840.

Why the legislation then? Simply to provide a recording process to preserve the evidence of the existence of the common law marriage for proof of the legitimacy of children and for proof of the marriage in order to obtain such benefits as Social Security.

Please do not misunderstand us. We are not editorially supporting common law marriages, nor is it likely that the new legislation will either encourage or discourage them. Nor is it likely that many people will take the trouble to record them. But the new legislation does provide a vehicle for partially correcting the mistake once it has been made.

National Observance Day due

Casualties in war are tragic—and unpreventable. But most casualties at home are useless and could be prevented. Highway casualties are far higher in number than those of war—consequently more fatalities occur.

Americans should declare a national Observance Day in memory of Americans killed in driving. It would not only honor those who died in vain on our highways, but it would help re-

mind more of us to drive with greater care and demand the same from others.

A professor wants to make marriage more difficult. Does he think it is easy now?—Journal, Dallas.

A colleague contends that it's as hard to find a needle in a girl's hand today as in a haystack. —Globe-Gazette, Mason City, Ia.

TEARING THE November sheet off the big calendar that hangs beside the office water cooler Monday morning, I suddenly realized that December and its 31 days is all that separates us from a brand new decade that will be ushered in with the new year of 1970.

Besides that, after today (Thursday) there are only 17 more shopping days until Christmas.

NOBODY EXCEPT Santa Claus seems to have claimed December as a month, but let's not overlook the Dec. 16 Man Will Never Fly Memorial day at Kill Devil Hills, N. C., sponsored by the society of the same name, whose motto is: 'Birds Fly; Men Drink,' and Dec. 20 for the Basque Shepherders' Ball in Boise, Idaho. Busy month, what?

It's also time for you young'uns to start mailing your Santa Claus letters. Send them in care of The Dispatch — Zip Code 79356.

ONE OF THE town's hard-working secretaries contributed this:

SECRETARY'S CREED
I'm not allowed to run the train
Or see how fast t'will go,
I ain't allowed to let off steam
Or make the whistle blow,
I cannot exercise control
Or even ring the bell.
But let the damn thing jump the track
And see who catches hell.

The man up the street says if you can be pleasant until 10 a. m. the rest of the day will take care of itself.

THERE'S A LOT of "Ten Commandments" going around nowadays, which makes me wonder if anyone is paying any more attention to them than the original ones. Here is the latest set I've run across:

1. Work hard. Hard work is the best investment a man can make.
2. Study hard. Knowledge enables a man to work more intelligently and effectively.
3. Have initiative. Ruts often deepen into graves.
4. Love your work. Then you will find pleasure in mastering it.
5. Be exact. Slipshod methods bring slipshod results.
6. Have the spirit of conquest. Thus you can successfully battle and overcome difficulties.
7. Cultivate personality. Personality is to a man what perfume is to a flower.
8. Help and share with others. The real test of business greatness lies in giving opportunity to others.
9. Be democratic. Unless you feel right toward your fellowmen, you can never be a successful leader of men.
10. In all things do your best. The man who has done his best has done everything. The man who has done less than his best has done nothing.

In view of the tremendous number of opportunities for making mistakes, even the worst of us do well.

SINCE JAMES DYE new Cubmaster of Cub Scout Pack 314, is doing such a good job in getting the pack off to a flying start for its new year, I immediately thought of him when I read this news item with a Manchester, England, dateline:

"Undertaker Norman Wellens, 30, could get only one weekend off from his job so he married his fiancée and took her on honeymoon 'I'm the cubmaster, and I got the weekend off to take the group on annual outing,' the groom explained.

"Bride May Wellens, 34, said, 'It's been a fantastic introduction to marriage and the responsibility of children. The boys were very understanding and left us alone after dark.'

"Wellens' boss has been very understanding, too. As a wedding gift, he is giving the couple a second honeymoon in Spain next — without the 42 Cub Scouts."

Warnings that cigarette smoking may be harmful to your health aren't anything new. According to "5000 Facts and Fancies" published by the Gale Research Co. of Detroit, King James I of England penned this blast against smoking back in the early 1600s: "It is a custom loathsome to the eye, hateful to the nose, harmful to the brain, dangerous to the lungs, and in the black... fumes, thereof, nearest resembling the horrible Stygian smoke of the pit that is bottomless."

Spotlight on Science

From the American Association for the Advancement of Science

FEAR-INCREASING EFFECT OF TRANQUILIZERS

Minor tranquilizing drugs are used in clinical medicine to alleviate symptoms of anxiety and tension, and the use of "tranquies" is world-wide. Although the effect of certain tranquilizers in laboratory animals generally parallels anxiety - reducing activity in man, Larry Stein and Barry D. Berger of the Wyeth Laboratories in Philadelphia report in "Science" that some of these drugs have a fear-increasing effect in rats, rather than a fear-decreasing effect that would be expected.

Stein and Berger believe that tranquilizers can increase fear by facilitating the retrieval of painful memories. Some studies on human patients lend support to this

belief. Other scientists studying war-induced neuroses in humans found that these patients could recall, after intravenous injections of the barbiturate amobarbital, the traumatic events they had experienced in combat. Both the human and the rat experiments lend credence to the idea that retrieval of painful memories may be inhibited or repressed in rats as well as in man.

While the precise mechanisms of this paradoxical fear-increasing effect of tranquilizers are not yet known, it seems quite likely that the retrieval of memories can be facilitated by reward and inhibited by punishment, just as behavioral responses are. A simple mechanism can then be proposed for the repression of painful memories. As the memory of a painful experience is aroused, the incipient memory activates an inhibitory or punishment process which shuts off the act of retrieval. Tranquilizers interrupt this negative feedback process by blocking the punishment system and thus release the painful memory from repression.

PERFORMANCE WITHOUT THREATS

An animal will perform tasks, such as pecking at a disk or nudging a lever, to obtain food after it has been deprived of food, but will not respond after eating a large meal. This common observation suggests that doing something to get food is motivated primarily by hunger or, more exactly, by food deprivation.

But is it true that the animal must be deprived in order to work reliably for food? The usual answer is "Yes," but Allen J. Neuringer of the Foundation for Research in the Nervous System, writing in "Science", says that his experiments oblige him to answer "No."

Using pigeons that he trained to peck a disk to get food pellets and rats trained to press a lever for food, Neuringer showed that both animals will engage in an instrumental response (pecking a disk for food or moving a lever) even when identical food is already present in their cages. It is not necessary, therefore, to deprive an animal of food in order to get it to engage in instrumental responding for food. The act of responding appears to be a natural part of animal behavior, and the act is its own motivation and reward.

Neuringer's experiments cast doubt on the validity of the Hullian theory of instrumental response that suggests that the motivation for all instrumental behavior is derived from a threat to life. One must, according to this now questioned theory, deprive an animal of a biologically necessary substance — water, food, oxygen — or threaten its life somehow to motivate responses that lessen, avoid, or abolish the threat. An alternative view, that Neuringer's findings support, is that many instrumental acts occur in the absence of threats to life or deprivation stimulus.

METHODIST FELLOWSHIP
Members of the First United Methodist Church will have a covered dish supper Sunday at 6:30 p. m. in Fellowship Hall.

All one needs to get in shape for the upcoming holiday season is a five-day vacation away from one's normal chores!

We had a delightful vacation thank you and we are glad to be back among you this week.

I bring back with me only one tale of woe. All of my candy making went along beautifully and it is all stored (hidden, really, from Mr. C) for the season to be merry. That is all went beautifully until I tried to make the fudge.

I am the only person in this world who cannot make fudge! I use that simple recipe with the marshmallow creme and the chocolate chips that any child should be able to make. It has never turned out right for me and I'm sure never will. One is supposed to cook it five minutes after it comes to a rolling boil. Well, I cook it five minutes and it never gets hard enough. This much I remember from year-to-year, so this year I cooked it a bit longer. Same results — soft, gooey, uncuttable fudge.

thoughts about this year-after-year failure are gone from my mind I start getting inventive. I've used it for frosting and I've used it for ice cream sundaes. This year, however, I've come up with the best idea yet!

I am going to start a Mrs. C's Candy Kitchen Fudge Nut Roll Shoppe. Being in the giving spirit already though I'll share the process with you and you can make your own — on purpose instead of accidentally if you like.

After the candy has set there do nothing for 24 hours and you know in your heart that it is never going to "do", follow these simple and time consuming instructions:

Prepare a canister to place the finished product in. This is highly important so don't overlook the suggestions. Chop pecans. Remove fudge from refrigerator. It is perfectly all right if you want to say nasty things to the fudge as it cannot talk back. Using a teaspoon, dip up a spoonfull, roll in the palm of your hands and drop into chopped pecans until well covered. (You will never have enough chopped pecans prepared for this but this has its merits as I will explain later.) Keep doing this until the fudge starts getting too soft to handle or until you run out of nuts.

Quickly place the pan of fudge and the canister back in the refrigerator so it can all harden up again. Back to the merit of running out of nuts. This gives you an excuse to forget about the whole thing for a bit as the monotony and messiness of rolling the

To serve fudge, simply open the refrigerator door, open canister, serve your guests, and return to refrigerator. Important thing to remember: YOU CANNOT LEAVE THIS FUDGE SETTING OUT AS IT QUICKLY BECOMES FLAT GOOEY FUDGE NUT BALLS.

Minister and family visit in Aspermont

The Rev. and Mrs. James Criswell, Mike, Paula and Rhonda spent Sunday in Aspermont in the home of his brother-in-law and sister, Mr. and Mrs. Bunk Floyd, for a family gathering to celebrate the 85th birthday of their father, J. W. Criswell of Peacock.

Others present were the honored guest's wife; his sons and daughters-in-law, Mr. and Mrs. Melvin Criswell and family and Mr. and Mrs. Leland Lott of Eunice, N. M., Mr. and Mrs. J. W. Criswell and children of Crosbyton; a son-in-law and daughter, Mr. and Mrs. Homer Hodges of Jayton, and a brother and sister-in-law, Mr. and Mrs. D. W. Criswell of Crosbyton.

Kirkpatrick home is scene of Music Club Christmas program

A special Christmas program of carols and music was the highlight of the Monday night meeting of the Post Music Club, National Federation of Music Clubs, when it met in the home of Mrs. K. W. Kirkpatrick with Mrs. Bill Shiver as co-hostess.

Mrs. Don Davenport, music director in the Post Elementary School, presented the 4th and 5th grade students in the special program.

Carols, piano accompanists and soloists were as follows:

"O, Come Little Children," accompanied by David Morrow; "Holy to the World," piano solo by Donna Josey; "We Three Kings," accompanied by Wynn Sterling; "The First Noel," piano solo by Peggy Jackson; "Silent Night," accompanied by Nancy Clary; "Angels We Have Heard on High," accompanied by Tiana Shiver;

"Deck the Hall," accompanied by Mrs. Kirkpatrick; "Away in the Manger," accompanied by Nancy McCowen; "Coventry Carol," accompanied by Terry Smith; "What Child Is This?", soloists, David Morrow and Randy Gordon, accompanied by Jodine Tipton; "Drummer Boy," Amy Cowdrey, piano; Tiana Shiver, flute, and Butch Pierce, drum.

Christmas favors were presented to the children following the program.

Mrs. George L. Miller, club chorus director, led in the singing of the hymn of the month, "Thou Didst Leave Thy Throne."

The chorus sang "Lullaby (Rocking)," a Czech carol; "Coventry Carol," English; "The Star," old Austrian carol; "Wake My Soul and Hail the Morning," American folk carol; "Picardy," traditional French melody; "Greensleeves," 17th century English, and "Personet in Laudibus," 14th century Ger-

fudge into balls falls on one rather quickly. In fact, I have been able to stretch this out to three days now and I'm not through making fudge balls yet.

After having put two full cups of pecans into the fudge originally, I have now spent \$3.98 on pecans so I am more than doing my part to help the Texas pecan growers. I figure two more packages at \$1.23 each will see me through. This is bound to be the most expensive candy in the C house, and upon looking closely at those figures I can see this is not a marketable item. I will not start a Mrs. C's Candy Kitchen Fudge Nut Roll Shoppe!

To serve fudge, simply open the refrigerator door, open canister, serve your guests, and return to refrigerator. Important thing to remember: YOU CANNOT LEAVE THIS FUDGE SETTING OUT AS IT QUICKLY BECOMES FLAT GOOEY FUDGE NUT BALLS.

Members of the chorus are Meses. Shiver, Don Pennell, Jerry Thuet, L. G. Thuet Jr., Bill Pool, Herb Germer, Roy Haney, Alvin Young, John Boren, James Dietrich, Ed Sawyers, and Miss Kathleen Shanafelt. Mrs. Kirkpatrick is accompanist.

The Mac Dowell Scholarship Fund was observed and members exchanged musical gifts.

Special guests were Mrs. B. O. Jackson, Mrs. Davenport and Mrs. Roy O. Miller of Lancaster, Calif. Miss Cindy Kirkpatrick and Miss Tiana Shiver assisted their mothers in serving refreshments to the

chorus members, guests and the following:

Mmes. Willard Kirkpatrick, H. J. Dietrich, Tillman Jones, Robert Macy, R. L. Marks, Glenn Norman, Boo Olson and Elwood Wright.

'Art of Dress' program given

Maritta Reed gave a program on "The Art of Dress" at the Nov. 24 meeting of the Mu Alpha chapter of Beta Sigma Phi meeting, at which she showed different styles of dress and fabric.

Each member commented on their favorite color and type of clothing.

Mrs. Billie Newman, in whose home the meeting was held, reported on the Christmas candle sales. Plans were discussed for the annual Christmas social.

Sandwiches, cake and Cokes were served by Mrs. Newman and Brenda Bass to Sheri Hutto, Judy Leaverton, Flute King, Maritta Reed, Linda Richardson, Janet Peel and Sue Carpenter.

Post's 'Sexy Oilwell' situation is subject of Dallas News columnist

(EDITOR'S NOTE: "The 'Sexy Oilwell' Situation in Post" was the subject of a recent "Tolbert's Texas" column in the Dallas Morning News. We are reprinting the column because of its interest locally.)

"Sexy Oilwell I was going through Post, Texas, at about 60 mph and I thought I saw a sign which said Post had the world's only sexy oil well," writes a Big Sandy woman whose name I will not print because she was sure speeding if she saw that road sign she mentioned at 80 mph within the city limits of the Garza County capital.

Actually, the sign on the outskirts of Post reads that this industrial and petroleum town south of Lubbock claims to have the "World's Only Sextuple Oil Well." This means that six pump jacks (or mule heads) are pumping oil from two holes only 30 feet apart from six different sands in what is called one oil well.

The six pump jacks have orange racing stripes. If these mule heads over producing oil wells are going to be in urban sections I think they should be painted artistically. And the Bond Operating Company of Dallas and the Post Chamber of Commerce have gone

all out in the decor for the world's only sextuple oil well, including a huge, colored diagram type illustration which explains how the well is working in the six different sands of the San Andres and Glorieta from 3,200 down to 3,730 feet.

It has been chronicled in this space how C. W. Post, the Post Toasties and Grape-Nuts cereal king, came out to raw ranch country in 1907 and built a complete town, including a textile mill (at a time when there was little or no cotton grown in hundreds of miles.) Incidentally, this is still the only cotton sheeting mill west of the Mississippi which processes cotton from the bale into finished sheets and pillow cases.

There are more than 1,800 producing oil wells in Garza County. And judging by my tour when I was searching for the "Sexy Oilwell" the other day hundreds of them are in Post, many in the best residential sections of this handsome little city under the caprock and near the red, sandy fountains of the Brazos River.

There are also many "twin" and "triple" oil wells, in addition to the sextuple.

C. W. Post died in 1914, but his only daughter, Mrs. Marjorie Merriweather Post, one of the world's richest women, sometimes visits the town where she spent part of her girlhood. There's a bronze statue of Mr. Post in front of the Garza County courthouse which needs the same polishing and cleaning processes which the Texas Aggies gave to the shining statue of Sul Ross on the campus down at College Station.

Mrs. Merriweather Post is one of the most generous of philanthropists, I understand. She should exercise a little philanthropy on someone to keep her papa's statue polished and to shoo off the birds.

Savings Bonds sales in October \$4,379

According to J. B. Potts, chairman of the Garza County Savings Bonds Committee, October sales of United States Savings Bonds and Freedom Shares in Garza County were \$4,379. The year-to-date sales totaled \$86,814, which is 87 per cent of the 1969 goal of \$130,000.

Sales in Texas during October were \$14,409,900 and sales for the 10-month period totaled \$148,528,569 for 87 per cent of the 1969 goal of \$170.1 million.

Over the nation, sales for the month were \$438 million — a 24-year peak for any October and 2 per cent higher than a year ago.

Letters to the Editor...

SENSELESS PHONE CALLS

I'm sure everyone in Post has at various times been "bothered" by telephone calls from youngsters who have just discovered how much fun it is to call people at night and on Sundays with either cute remarks or just plain silence. Most of the time we adults just go along with the joke, but there are situations that alter the case.

My father-in-law, as most people know, is a very sick man and requires a lot of care. Mrs. Butler has a great responsibility caring for him day and night and both of them need their rest. She has been the recipient of a good many of these calls lately, especially after bedtime, and usually to the point that she must leave the phone off the hook to get any rest.

I am sure the parents of these youngsters would be disturbed if they were aware of what they are doing, and would not condone their actions. I am hoping that upon reading this, parents will explain to their children that sometimes they have to be thoughtful when tempted to pull an otherwise innocent prank. However, if the calls continue, we plan to have tracing equipment installed in order that direct action may be taken.

Respectfully,
Mrs. Stanley Butler

Medallion to Governor upon installation of 10 millionth telephone

AUSTIN — General Telephone Company of the Southwest has presented a special gold medallion to Gov. Preston Smith commemorating installation of the General System's 10 millionth telephone.

The presentation was made by L. Gray Beck, president of General Telephone of the Southwest which is one of the more than 30 telephone operating subsidiaries of General Telephone & Electronics Corporation which comprise the nation's largest independent (non-Bell) telephone system.

In presenting the medallion to Governor Smith, Beck said, "We feel that this occasion is a momentous one not only for our parent organization, GT&E, but for this Company. Growth and development in the State of Texas has contributed to the growth of our parent organization which has more than doubled the number of telephones served in the past eight years. We recognize the importance of good communications to continued growth and pledge our continuing efforts to keep pace with the communications needs of the communities and customers we serve in this state."

Abraham's Sacrifice

Rev. Wilson Weed

Possibly it might have been better if I had titled this script "Our sacrifice". The Sacrifice that I am going to speak of is applicable to our lives today, though these sacrifices that Abraham made were long ago, they are yet typical of things we face on our way to becoming mature Christians. The word sacrifice may seem a bit obsolete, and there is an alarming amount of people who do not even know what the word means. The word sacrifice means a "giving up, destroying, permitting injury to, or foregoing of some valued thing for the sake of something of greater value or having a more pressing claim."

In Genesis chapter 15, God is speaking to Abram, (later changed to Abraham) and tells him that He is going to bless his seed as the stars of Heaven for number and Abram asks in verse 8 concerning the land he will inherit (v.7). "Whereby shall I know that I shall inherit it?"

God said unto him (v.7) "Take me an heifer of three years old, and a she goat of three year's old, and a ram of three years old and a turtle dove, and a young pigeon."

There was no virtue in any of these animals or fowls to work any kind of magic to bless Abram. It was Abram's simple obedience in sacrificing these things to God which was typical of five things in his life.

When Abram prepared the sacrifice, and waited on God, and kept the buzzards away (v.11), the Lord spoke and said "Unto thy seed have I given this land." (v.18).

THREE-YEAR-OLD HEIFER

A heifer is a young calf that has not borne a calf. God wanted the heifer nature of Abram to be sacrificed. God also wants the heifer nature in you and I to be sacrificed. Instead of being unpredictable and running to and fro the Lord wants us in the fold, bearing fruit after our own kind. The Christians main duty should be bringing souls to Christ, instead of participating in so many unprofitable amusements.

THREE-YEAR-OLD SHE GOAT

A goat is by nature a scavenger. A scavenger eats anything that is eatable. There are too many folk today who have the goat nature, and take into their lives anything that is offered to them to satisfy their appetite, whether it be in the form of religion, education or amusements. God wants us to sacrifice the goat nature and find Jesus Christ the only begotten son of God as the center of our lives.

THREE-YEAR-OLD RAM

A ram is a male sheep. By nature an old ram is proud. They hold their heads high as they strut among the other sheep. There are many who would not mind being a born-again child of God if it did not require a self-denial and some sacrifice of our own arrogant spirit to take up our cross daily and follow Christ (Matt. 16:24).

TURTLEDOVE

A turtle dove is the wild species of the dove, especially noted for its plaintive cooing. When we have the nature of carnality we will be like the turtle dove. Have you ever heard a turtle dove in the late afternoon? He sounds like he just lost his last friend. When I hear the sound of the music that the unregenerated put out, or the report of many Christians, it reminds me of the cooing of the turtle dove. Jesus Christ can change our nature and cause us to make a joyful noise unto the Lord. (Psalms 150)

YOUNG PIGEON

A pigeon appears very beautiful in flight, but he cannot walk straight and he is a filthy housekeeper. God desires that we should sacrifice the pigeon nature and walk with Christ in newness of life.

God told Abram after he had sacrificed, that because he had obeyed, that he could be sure that his seed would inherit the land. We can be certain also, when we obey the Gospel of Christ and repent, and sacrifice our own nature that we shall become new creatures in Christ Jesus. (Romans 8:1-9)

atorium, lowering voting age

Post Seniors express views on big issues

By BILLYE WILLIAMS

the past three years, one-act play the first three years, Spanish Club her freshman year, the Junior play, and Commercial Club this year.

The first question was asking if she supported the Vietnam Moratorium. Her answer was, "I'm not really for it or against it, I'm really just a bystander. Nixon is probably doing all he can at the time. But if the people in the Moratoriums feel they are accomplishing something, fine."

Next, I asked if she had any suggestions for money-raising projects for the Senior class. Paula had none. My last question was a should we lower the voting age? Paula said, "Yes. If they're old enough to die, they're old enough to vote."

The next person was Gaylon Britton. His full name is Gaylon Lee Britton. He was born on Jan. 26, 1952. He was in Spanish Club his freshman and sophomore year. Gaylon supports the Moratorium because we are getting out and we might as well get out with all haste. He suggested washing cars to raise money. His views on lowering the voting age are, "Yes, lower the age to 18. If you're old enough to fight, you're old enough to vote on who sends you over there."

Barbe Jay Gilmore was the third person. Her birthday is June 19, 1952. She was in FHA, the first three years, National Honor Society the last three years, Commercial Club for four years, Science and Math Club her junior year, and band for four years. Barbe said she doesn't support the Moratoriums. Her suggestion for a money-raising project was, "I think we should have a Christmas Ball. Around that time of year I think a lot of people would go." Barbe said she doesn't think we should lower the voting age.

I had trouble locating the last person but I finally did. The elusive person is Don Wilson Collier, born on June 20, 1952. Don participated in football his freshman year, Theatricals his freshman year, Science and Math Club, choir and FTA his first three years. Solo and ensemble in choir while a sophomore and junior, solo and ensemble in Band while a freshman and sophomore. State solo and ensemble last year, Top Twenty last year and this year, and Band for four years.

When asked about the Moratorium Don said, "I support it to a certain extent. I'm against the war in Vietnam but the only way we can obtain peace is to work with the President." His suggestion for money-raising for the or it to 18. If I'm going to fight results in \$1,300. Don's opinion on Senior class is a Penny Mile which for my country I should be allowed to say who runs it."

Postmaster urges early Yule mail

"Don't take a chance on disappointing someone you love; send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Postmaster A. J. McAlister advises.

"On the day after Christmas a post office building can be the most depressing place in the world," McAlister added, "if it still contains a mountain of messages of love and cheer that didn't make it because they were mailed too late."

Such disappointments can be avoided if Christmas mailers will observe mailing schedules.

Gift parcels going to local and nearby areas should be mailed no later than Dec. 13. Those going to distant states should have been mailed by Dec. 1, or shortly thereafter.

Christmas mail. It only takes a couple of extra seconds, but pays big dividends.

Zip Codes enable postal employees to sort and handle the mail faster. A return address insures that mail that can't be delivered because of an illegible or incomplete address will be returned to the sender.

"A return address might not seem very important," the postmaster noted, "but last year over 32 billion pieces of mail went to postal dead letter branches because the mailing address couldn't be read and there was no return address on the envelope."

Thanksgiving service is held at Southland

By MRS. EDMUND WILKE
Hello out there in newspaper land. Turkey day has come and gone and I guess we should be getting ready for the next holiday—Christmas. But it seems to me that everyone seems to be rushing the seasons in and out too fast for me! Even before the Thanksgiving turkey is completely eaten, people and towns are putting up their Christmas decorations. Yes, this is a fast world that we are living in! Mr. and Mrs. D. D. Pennell were recently in Mesquite where they visited with Mr. and Mrs. Royal Parnell. They also visited Mr. and Mrs. John Privett from Cisco and with a brother-in-law, Stanley Temple, whom they hadn't seen in 28 years. On the way home they stopped in Weatherford to eat dinner and E. L. Dunn, former Southlandite, was also eating dinner there, so they had a nice visit with him. E. L. had been on a weekend camping trip with some Explorer Boy Scouts and was on his way back to Dallas.

The Community Thanksgiving service that was held at the Methodist Church Nov. 23 was a most enjoyable and satisfying event. I don't know just how many were there but it was a goodly number.

The evening started out with a delicious buffet, consisting of many kinds of food. After everyone finished eating, we all gathered in the church where the Rev. J. H. Sharp greeted us and welcomed us to the special service. Those singing and playing special musical numbers were: Mr. and Mrs. John Flannigan, George Sharp, Sam Ellis, Mr. and Mrs. Hub Taylor and Earl Lancaster. After singing a number of songs, the Rev. Marvin L. Boyd, district superintendent of the Lubbock Conference, delivered a most inspiring message. I think everyone there enjoyed this get-together very much and are looking forward to the next community service which will be held at the Baptist Church Dec. 21. We will have more about this later.

Congratulations to Mr. and Mrs. Leon Anderson who were united in marriage Nov. 15. Mrs. Anderson is the former Dahlonna Winterrowd. May God bless this young couple.

Edmund, Darrell, Martha, Larry and Yours Truly went to House, N. M. Thanksgiving day to visit my parents, Mr. and Mrs. A. B. Dozier.

I hope everyone had a nice Thanksgiving. Now it is time to start dieting. (until the Christmas holidays.)

The Senior class had a meeting last Wednesday. The Ways and Means and Senior play committees were chosen.

I want to thank Mrs. Davis and Mrs. Leaverton for substituting for Mr. Lee who was at a Social Studies convention in Houston last week.

SENIORS: Don't forget to go by The Dispatch and order your invitations.

The band will be in the parade Saturday to welcome Santa Claus. They will also play Christmas carols downtown Saturday afternoon.

The Christmas dance will be Dec. 20 at Teen Town with the "Lox" from Lubbock playing. Everyone come!

Good luck to the Does who play New Home and the Antelopes who play Petersburg Friday night.

games last week to Fluvanna, but they did play very well. They returned to Fluvanna Tuesday. Good luck, teams.

Vicki Purdy was honored with a birthday party in her home Nov. 28.

BRO. and Mrs. W. T. Dodd and children spent Thanksgiving day visiting relatives in Littlefield and Muleshoe.

Mrs. Bertha O'Keefe spent the Thanksgiving holidays here with her mother, Mrs. Lena Lieske, and sons.

Mr. and Mrs. Bryan Boatman of Toyah spent the Thanksgiving holidays at their home here.

Larry Long spent Thursday and Friday with his parents, Mr. and Mrs. Bob Long.

Congratulations to Mr. and Mrs. Virgil Smith and Mr. and Mrs. Chris Gindorf on their recent marriages. May God bless these two families.

Mr. and Mrs. Sammy Wartes and daughter of Fort Worth visited the Carl Wartes during the Thanksgiving holidays.

Mr. and Mrs. Webster Crawford and a Mr. and Mrs. Maner and son of Lubbock were Thanksgiving guests of the Payton Crawfords.

Mrs. Paul Winterrowd, Breonne and Jerry, returned home Sunday after spending the Thanksgiving holidays in Fort Worth and Lake Whitney. Mrs. Frances Lightfoot had been here visiting for a couple of weeks and she returned to her home in Fort Worth. After getting home in the afternoon, Mrs. Winterrowd went to Lubbock to visit a cousin, Mrs. Joe Spinks, who lost her husband on Thanksgiving day. May God comfort this family in their sorrow.

Jerry Lewis March set on muscular dystrophy

By BEVERLY ALLEN

A child's world is a world of joy and laughter . . . of toys and games . . . and dreams . . . dreams of a full and happy future. But for children afflicted with muscular dystrophy those dreams can never become reality.

These youngsters probably won't live past adolescence — unless a cure is found. Right now, their only hope lies in scientific research . . . the same kind of all-out attack that defeated polio.

But research is costly. It takes money for equipment, money for scientists, money to probe the complex mysteries of this tragic disease.

Take a step . . . not a giant step . . . you'll have to leave the big moves to the scientists. But take the biggest step you can, by giving as much as you can to the fight against muscular dystrophy — a disease that cripples and kills.

Your money, your modest step, will help advance the world-wide research program that is sponsored by the Muscular Dystrophy Association of America. Scientists are approaching a solution for dystrophy and other muscle-wasting diseases. But, until science takes that giant step thousands of children can move only one way — backward. They're fighting a losing battle against a disease that destroys their healthy muscles. They can't run, or walk, or even stand up unassisted. Some of the dollars you contribute help ease their tragic lives by providing clinical care, braces and wheelchairs.

If we give generously when the Jerry Lewis marcher asks for a contribution, this cruel disease and many others like it will some day be conquered. Your dollars will help speed the work. Please be generous.

Give to the volunteer wearing the Jerry Lewis badge. The Post High School chapter of Future Home-

makers of America will be going from door to door on Monday, Dec. 8, to ask for your help. Be generous when your doorbell rings. Make that your step in the right direction!

Whitesboro rites for mother of Post man

Mr. and Mrs. Jess Cornell attended funeral services for his mother, Ms. Viola Brenson, 73, at 2:30 p. m. Monday at Whitesboro. Burial was in the Whitesboro cemetery.

Mrs. Brenson had been in ill health for several years and died in a Dallas nursing home Nov. 30. Besides the son of Post she is survived by four daughters and another son.

WEEKEND GUESTS

Warning issued on hog cholera

AUSTIN — Both the state and federal Department of Agriculture are warning ranches to be careful of hog cholera during winter. They report that hog cholera struck 19 Texas herds during October. A total of 1,684 animals in 19 infected and 23 exposed herds were disposed of during the month at a cost of \$46,300.

The department said that "Every outbreak that is located and eliminated this winter reduces the chance for spread next spring when movements of pigs will increase again."

Nice harvest weather keeping farmers busy

By MRS. BARNIE JONES

Thanksgiving has passed and thoughts have turned to Christmas nearly everywhere but I hope the wonderful memories of Thanksgiving will remain in our hearts and minds and we will give thanks throughout December, too, for all the blessings we have.

The shower and bad weather helped the farmers get to enjoy a Thanksgiving dinner around the table with friends and loved ones instead of in the field on a boll-puller. Everyone is so busy now and the weather is just wonderful for harvesting.

Roy Donham and daughter, Sue, of Roby were recent visitors of the Sam Sanders.

THANKSGIVING GUESTS

Thanksgiving guests of Mr. and Mrs. John Dennis were their daughter, Mrs. Paul Awtry, and daughter of Dallas, their son, David, who teaches school at Carrizo Springs, and another daughter, Jacquie, who is a student at Sul Ross State College.

Historians hear program on burial site at meeting

Fifty members and guests heard Frank "Chief" Runkles and Mrs. Syd Conner present a program on the recently excavated Indian burial site at the regular monthly meeting of the Garza County Historical Survey Committee Tuesday morning in the Community Room.

Runkles gave detailed information on the numerous artifacts found at the burial site. He said the remains were those of a Comanche Indian woman about 25 years old and that the possessions buried with her indicated she was a princess.

It was announced at Tuesday's meeting that Dr. and Mrs. A. C. Surman, Mattie Belle Fluit, Gwen Boren and Winnie Tuffing attended a town square marker dedication at O'Donnell Nov. 8, and that Dr. and Mrs. Surman and Mrs. Boren were in Snyder Nov. 23 for dedication of the First Presbyterian Church historical marker.

Ban is sought on DDT insecticide

AUSTIN — The Travis Audubon Society of Austin has called on Gov. Preston Smith to use "all resources" to ban the use of insecticide DDT in Texas.

The resolution claimed that DDT is harmful to wildlife, remains toxic in environment for ten years, is spread by wind and water, and has been "implicated" as a possible cancer cause.

Arizona, California and Michigan, Czechoslovakia, Sweden and Denmark have banned DDT already, the group contended, further noting that "numerous other insecticides can do the job and become harmless to the environment within a few weeks."
