## White River golf course loan OK'd

The Farmers Home Administration has approved a \$146,000 loan to the White River Recreational Club, Inc., for construction of a nine-hole grass greens golf course, clubhouse, swimming pool, and golf pro's residence to be constructed on the shore of the new White River Lake.

The eight-man steering committee of the club will meet at the water district's filtration plant office tonight to approve articles of incorporation for the club and by-laws.

Also meeting with the steering committee tonight will be Ralph Griffiths of Lubbock's area F.H.A. office who will supervise the project, and Bill Cantrell of Lubbock, golf architect who has drawn the plans for the project.

It is expected that construction contracts will be let some time this summer.

Contracts already have been negotiated by the club with the White River Water District for the land site lease and the purchase of unfiltered water from the district for use on the golf course.

Plans now call for construction of the "outer nine holes" of a proposed 18-hole golf course. The second nine, which would be built at some future date when club membership justified the expansion and guaranteed its financing, would be built inside the nine holes which will be built first.

The recreational club now has 105 members signed up with money deposited for their membership fees. Another 10 members are needed from the four member towns of the district or the White River district area so that the club can be organized on a permanent basis with the election of officers.

## Cook in race for Precinct 1 office

Adrian O. Cook today authorized the Dispatch to announce his candidacy for the office of Commissioner of Precinct 1 of Garza County, subject to the Democratic primary elections.

A resident of Lynn and Garza counties all his life, he has lived in Commissioner's Precinct 1 for the last seven years. He is engaged in farming.

Cook, who is married and has two daughters in school here, said he is seeking political office for the first time.

"I feel that I am familiar with the needs of Precinct 1 and promise, if elected, to serve the precinct and the county to the best of my ability," he said. "I will make every effort to see all the voters of Precinct 1 before the election. In the meantime, I solicit their support and influence."

## Planning begun for Jr. livestock show

The first planning session for the 1968 Garza County Junior Livestock Show and Fair was held Monday night in the district courtroom here with Arnold Sanderson, president of the organization, presiding.

This year's show and fair is scheduled to be held March 15-16 at the 4-H building here.

Local merchants are urged to plan to participate in the big livestock auction held in conjunction with the show.

Anyone wanting to contribute money, work, or trophies for the show is asked to contact Sanderson or one of the junior livestock show directors.

## School census is under way here

School census blanks were given students to take home yesterday, and Supt. Bill Shiver asks that parents fill out and sign the blanks and return them to the school promptly.

School administrators are especially interested in enumerating preschool age children who will enter school for the first time next September.

Parents not receiving census blanks are asked to pick them up at the superintendent's office.

POST JAYCEES ASSIST STRANDED TRAVELERS

Among the travelers stranded in Post overnight by last Thursday's snowstorm were Joycee Kenneth Henry of Muleshoe and Mrs. Henry, who spent the night in the home of Joycee Frank Blanton and Mrs. Blanton. The Henrys are shown entering their car Friday for the trip home, with a group of local Jaycees standing by to give them an assist. From left to right are Mrs. Henry, Ronnie Morris, Frank Blanton, Bob Carpenter, Mr. Henry, Joe Bailey and Warren Hathaway.

# The Post Dispatch

Forty-First Year

Post, Garza County, Texas

Thursday, January 25, 1968

Number 35

By Chamber, Industrial Foundation

## Program is started for junior college

The Post Chamber of Commerce and Post Industrial Foundation Monday afternoon joined hands for a long-range program to try and organize a six-county junior college district, which includes Garza, with the hope of possibly locating the junior college in Post.

This action came at a joint meeting of directors of the two organizations in the community room. In a second meeting this afternoon, directors of the two organizations are to hear Dr. Robert Clinton of the Texas Educational Agency spell out the necessary steps for the formation of such a junior college district.

J. B. Potts, bank president, was unanimously elected Monday as chairman of a steering committee to develop the project. Potts said his committee will be named shortly.

## White River bids for new generating plant

The White River Municipal Water District has put in its bid for the Southwestern Public Service Company's new \$10,000,000 generating plant, just in case details can't be worked out to locate it at Lubbock as originally planned.

Al O'Brien, manager of the water district, and Arlis Graham of Crosbyton, a White River district director, conferred with R. H. Brummal, division manager for Southwestern Public Service Co., in Lubbock Monday.

O'Brien told Brummal that the White River water district has some 6,000 acres available for a

plant site and all the water Southwestern Public Service could possibly need.

The utility firm has requested that the City of Lubbock furnish sewage effluent as a coolant for the plant as the new generating plant would be located southeast of the Lubbock sewage plant.

O'Brien told The Dispatch here yesterday that in all possibility the utility firm and Lubbock will get together on a plant site, but that "we're in the business of selling water" and if the utility firm wants a site and water from the district, it undoubtedly could be arranged.

"It doesn't hurt to advertise we have plenty of water for sale," O'Brien concluded.

It's the sale of more surplus water, which will reduce and eventually remove all water district taxes on property in the four member towns.

The Sun Oil Company began using White River water for its waterflooding operation near Post two months ago to become the first big customer of the district's surplus water.

## High school student breaks hand in fall

High school student Benita Noble, a member of the Post Doc basketball team, broke her hand last Thursday afternoon when she slipped on the snow and fell at the high school.

The accident was the only one reported at the school during Thursday's snowstorm.

The Coordinating Board for the Development of Junior Colleges in Texas in a report made Jan. 10 divided the state into 53 proposed junior college districts.

Also in the district with Garza are Lubbock, Crosby, Dickens, Kent and Lynn counties. It is district No. 10 in the 33-district state plan. Thirty-four of the 53 districts already have junior colleges. Nineteen do not.

Such a junior college district would have to be voted by voters of the counties involved and it would become a taxing unit, but state aid would furnish a large amount of the funds for the operation of the junior college.

Both the Chamber and Industrial Foundation see a junior college as the "best possible industry" any town could obtain.

Such a junior college project probably will require years of work. Post's location near the center of the six-county district should be an advantage in efforts to bring such a junior college here, it is believed, if the district can be organized.

## Holleman enters race for sheriff

J. A. (Jimmy) Holleman, a resident of Post since 1947, has authorized The Dispatch to announce his candidacy for the office of Sheriff of Garza County, subject to the Democratic primary elections.

Holleman, a former city water superintendent here, is now a shop employe at Postex Mills.

"This is my first time to run for office," he said. "I will appreciate everyone's support and if elected will discharge the duties of the sheriff's office to the best of my ability."

## Post men appear on Lubbock TV program

Vernon Scott and Harold Lucas, who attended the governor's third annual Tourist Development Conference in Austin last week, were interviewed on Channel 11's "community closeup" program at 12:15 p. m. Tuesday.

They discussed the new Travel Trails program for the state and the Plains Trail in particular which winds its way through this area.

The biggest snowstorm here in 28 years and one of the biggest in Post's history struck with near-blizzard ferocity and almost without warning last Thursday, stranding hundreds of travelers, stalling school buses in out-of-the-way places and piling drifts as high as fence posts in some of the rural areas.

The snow, which began falling early Thursday morning, measured up to seven inches here before drifting. Late in the day, it was

whipped by howling winds that gusting to nearly 50 miles an hour. Old-timers said it was Post's biggest snowfall since 1940.

DESPITE THE travel hazards created by the snowstorm, there were no casualties, although a few minor traffic accidents were reported.

Moisture-wise, the snow and the weekend rains made this the wettest January here in 29 years—since 1939, when 3.98 inches was reworked. Official measurements

for the five-day period from Thursday through Monday showed 2.83 inches of moisture, according to County Agent Syd Conner.

Approximately 400 automobiles were stalled in the vicinity of Post during the snowstorm and until the streets and highways were cleared Friday. Occupants of the stalled vehicles, some from as far away as Minnesota, filled motels here, with emergency shelter found for others in the district courtroom at the courthouse, at the city police station and in private homes.

The Texas Highway Department battled to keep the highways open in Garza County with a total of 29 men, six maintainers, a rotary snow plow, two truck snow plows and nine pickup trucks, reports Joe Williams, local maintenance foreman for the highway department.

THE MAINTENANCE department here furnished 16 men, two maintainers, the two truck snow plows and three pickup trucks, with four men and three pickups furnished by the resident highway engineer's office. Four maintainers, the rotary snow plow, three pickups and nine men were sent down from the Lubbock highway unit.

Local highway department employees tackled the highway clearing job at 1 p. m. Thursday and after working straight through the night and until 5 p. m. Friday—a total of 28 hours—took Friday night off for rest, then spent the day Saturday blading the highways.

The fact that temperatures stayed high enough to keep the snow from freezing and packing hard on the streets and highways is said by highway workers to be all that kept the clearing of the roads from becoming a well-nigh insurmountable task.

The estimate of 400 stalled cars and trucks takes in only the two state highways. Scores of others were stalled on city streets and farm-to-market roads. City police spent several hours hauling motorists to their homes from automobiles stalled on streets inside the city limits.

The highway motorists stalled were those trying to get up the caprock on U. S. Hwy 84 or U. S. Hwy 380, trying to get over the railroad overpass south of Post, and caught in drifts on the highways above the caprock.

AT LEAST five Post school buses were affected by the snowstorm. One was "lost" and not found for nearly five hours, another became stuck in a ditch-drift about 15 miles north of town, two turned back to Post before delivering all their student-passengers, and another came back only after turning its passengers over to private cars, in which the students were taken to their homes.

The local highway maintenance foreman said it took until 4 a. m. Friday to get the traffic jam untangled up the caprock on U. S. Hwy 84. Cars were stalled from the George R. Brown oil offices to the top of the cap. An hour after it was cleared, another jam developed.

While the snow never really froze, it was so wet that it packed easily. Williams said a number of highway reflector posts were

(See Snowstorm, Page 8)

## STORM NOTES

### Parks car, gets home on tractor

Melvin Basinger of Route 2 got home last Thursday night despite the drifting snow by parking his vehicle on US-380 and "borrowing" Wayne Carpenter's tractor for the final six miles to his farm home.

The Carpenter tractor was parked just off the highway as it had been used for hours during the afternoon and evening to pull travelers' cars out of snowdrifts and turn a Post school bus around and head it back to Post.

Basinger figured he couldn't get through the deep drifts on the side roads, so took the tractor. He phoned Carpenter when he got home and told Wayne he'd return the tractor Friday.

Post received some "untrue" storm publicity when an Austin, Minn., woman, stalled at the courthouse by the storm telephoned the Associated Press in Dallas and reported she had spent a comfortable night in a bunk in the Garza County jail. Deputy Sheriff Bob Adkinson said the woman "made up" the story and had actually spent the night in the district courtroom with other stranded travelers.

The rumor which got around

town about a pregnant woman on the way to a hospital being marooned in a snowdrift south of Post was in error—by about 50 or 60 miles. The about-to-be mother en route to a hospital dug out of a snowdrift incident happened north of Tahoka when highway employes and equipment from Lubbock was moving into Tahoka to approach Post on US-380 from the west Thursday night. The highway group sent a pickup truck along with her to be sure she arrived safely at her destination—the Mercy Hospital in Slaton.

The Jim Bob Porterfields really had a house full of stranded travelers Thursday night. The Dispatch has heard the report that 25 travelers were taken to the Porterfield home and that the Porterfields had 17 snowbound guests for dinner that night.

Highway department employes reported some stranded motorists ran out of gas keeping their car heaters going and had to have gasoline brought to them before they could move on when the roads were cleared. Others boiled the water out of their radiators trying to power out of the wet snow.

(See Snow Notes, Page 8)

## Sights set for 300 at Chamber banquet here

Approximately 300 persons, which would be the largest crowd in the history of the event, are expected to attend the annual Post Chamber of Commerce banquet at 7 p. m. Thursday, Feb. 1, at the new Community Auditorium.

Tickets may be purchased ahead of time from Chamber directors or at the First National Bank and Chamber office. They also will be on sale at the door the night of the banquet.

The banquet's keynote address will be by Dr. Charles W. Jarvis, San Marcos dentist, who is much sought after as a public speaker.

Dr. Jarvis believes in the humorous approach to life and his presentations are loaded with humorous stories, jokes and anecdotes, but at the same time carry a message of human relations, public relations, spiritual reward and success.

He is a native Texan and veteran of World War II, having served on the aircraft carrier USS Langley as assistant navigator and deck officer. After the war, he entered flight training, graduated from the

Navy Flight Program, then served as a carrier pilot until 1948 when he resigned his regular commission in the Navy in order to study dentistry.

Bernard S. Ramsey, minister of the First Christian Church, will serve as master of ceremonies at the banquet. The invocation will be by the Rev. Joe Vernon, First Baptist pastor, and the welcome address by Vernon Scott, who will be succeeded as Chamber president by Ansil O'Neal.

Dinner music will be by Georgie M. Wilson.

## Vote registration deadline is near

Voter registration here totaled 1,864 at 4 p. m. Wednesday, with only five registration days remaining before the Jan. 31 deadline for those wishing to qualify as voters in this year's elections.

Meanwhile, the county sheriff's race gained its third candidate Tuesday when a former Garza County sheriff, Nathan Mears, filed his candidacy with county Democratic Chairman N. C. Outlaw. The present office-holder, L. E. (Fay) Claborn Jr., and J. A. (Jimmy) Holleman had filed earlier.

Also filing Tuesday was Adrian O. Cook for Precinct 1 county commissioner, where Paul H. Jones had earlier filed for re-election.

Others filing with the county chairman during the past week include George Mahon for re-election as 19th district congressman, and Renal B. Rosson for re-election as state representative from this district.

At the tax assessor-collector's office, where voter registration is under way, they expect to go near or over the 2,000-vote mark by the Jan. 31 deadline.

## CLUBS TO TOUR MILL

At the invitation of the Garza County Home Demonstration Council the Lynn County Cotton Clubs plan to tour Postex Cotton Mills at 10:30 a. m. today (Thursday). Two bus loads of members are scheduled for the tour.

DR. CHARLES W. JARVIS Banquet Speaker

Rotary-sponsored

## Measles vaccine drive to start

The measles vaccine program sponsored by the Post Rotary Club in cooperation with local physicians is scheduled to get under way here Feb. 1.

While local physicians have been giving the measles vaccine for the last several weeks, the program is expected to be stepped up with the inauguration of the Rotary Club's program next week.

Local physicians stress the importance of all children being vaccinated against measles. Mainly, the ones who are not being vaccinated are those whose parents have had no occasion to take them

to a doctor. Ministers, kindergarten teachers, school teachers and others who come in daily contact with children are asked to help see to it that every child is vaccinated against measles.

Measles, long considered a "harmless" childhood affliction, is in reality the most deadly child killer of any infectious disease.

Practically every child over six months of age is susceptible to the disease. Of those who survive measles, a significant percentage sustain some degree of brain injury and mental impairment.

THURSDAY, JANUARY 25, 1968

## This year's banquet attractions

This is a busy time of year, but everyone is urged to drop whatever they're doing and make their plans now to attend the annual banquet of the Post Chamber of Commerce on Thursday night, Feb. 1.

The fact, in itself, that the banquet is being held as the first public event in the new Post municipal auditorium building should increase the size of the crowd. Those who attended the 1967 banquet at the same place will recall that it was then and there that the machinery was set in motion for securing the building for use as a city auditorium.

The auditorium project grew and grew throughout the following months, with the result that shortly before the first of this year all the steps had been taken to purchase the building and convert it into a public gathering place.

Through a community-wide effort, the audi-

## The community salutes Post Jaycees

The Dispatch this week joins the entire community in a salute to the Post Junior Chamber of Commerce, a "going and growing" organization of young men that has contributed materially to the betterment of this community throughout the year.

The occasion is National Jaycee Week, Sunday, Jan. 21, through Saturday, Jan. 27.

Contribute it to their youth and enthusiasm, or what you will, but no other organization on the local scene has carried on as many community projects as have the Jaycees during the past 12 months.

The record of the Jaycees during the year has been one of achievement and contribution. They have participated in some two-dozen projects, including four annual projects.

The current Jaycee officers pledge continued dedication to existing club projects, and express the hope that new ones can be launched.

The guiding rule of the Post Jaycees has been

## Governor's race promises excitement

Democrats will have more than a five-ring circus in the upcoming primary race for governor, and there is a good chance that as many as ten candidates will have tossed their hats in the ring by the Feb. 5 filing deadline.

If you want to get in on the excitement, don't fail to register to vote before the Jan. 31 deadline, which is only a few days away.

The gubernatorial race is only one of many of interest to Texans, but it holds promise early of being the most exciting. It will be a free-for-all, with the two best-known Democratic leaders Gov. John Connally and Sen. Ralph Yarborough, standing on the sidelines.

Lt. Gov. Preston Smith, happy that his prediction that Connally and Yarborough would stand aside, continues his steady campaigning for governor as, one by one, other candidates get into the race.

## What our contemporaries are saying

I notice all the old Texas Aggies going around with big smiles on their faces this week. It's amazing what a good rain will do for morale, especially after a long drought.—Bob Miller in The Hamilton Herald-News.

torium project developed into another of a long series of successful Chamber of Commerce programs.

This year's guest speaker, Dr. Charles W. Jarvis of San Marcos, also should help draw the largest crowd in the event's history. Dr. Jarvis, a dentist, is generally recognized as one of the Southwest's most outstanding humorists, raconteurs, and convention speakers.

Dr. Jarvis is known as a dentist whose patients are "using him less and enjoying him more." You will enjoy him, too, when you hear him speak.

So, be on hand for the Feb. 1 banquet. If another worthwhile project is launched, such as last year's auditorium project, you can say you had a front row seat at and a hand in the proceedings.—CD

and is "leadership training through community development."

While expressing pride in past accomplishments, the local Jaycees also express their appreciation of the help others have given them in their projects.

The Jaycees were founded in 1915 when Henry Giessenbier saw a need for a young men's civic group and organized the first chapter. The movement spread so fast that in 1920 the U. S. Junior Chamber of Commerce was formed with 24 cities represented.

The Post Jaycees, after two earlier starts, were organized about five years ago. The program also includes an active Jaycee-ette unit.

Nationwide, over 260,000 Jaycees are active in 8,000 communities in the United States and are constantly building on a foundation of creating opportunities for leadership training through community betterment projects.—CD

Gordon B. McLendon, Dallas radioman, and Pat O'Daniel, Dallas, son of former Gov. W. Lee O'Daniel, were the first to follow Smith in the filing. Then came former Atty. Gen. Waggoner Carr, thus giving nearby Lubbock two "favorite sons" in the race in Smith and Carr.

Others lining up at the post the first of this week were Secretary of State John L. Hill of Houston; liberal Don Yarborough of Houston; Eugene Locke of Dallas, who has been in South Vietnam; Ed Clark of Austin and San Augustine, who has been in Australia; and Dolph M. Briscoe Jr. of Uvalde.

The gubernatorial race alone should be enough to make you want to get your free voter registration in time to assure yourself a vote in this year's elections—and as many fireworks might develop in some of the other campaigns.—CD

THERE'S NOTHING like a "sneak snow" to throw things out of kilter, especially when the snow measures seven inches in country that rarely gets more than one or two inches at a time.

Like most everyone else, I had a hard time plowing home through the snow at quitting time last Thursday, but it wasn't until late Thursday night that I began to realize Post and Garza County were blanketed under one of the biggest snowfalls in their history.

WHAT FINALLY convinced me was a telephone call about 11 o'clock Thursday night from a sister in Stillwater, Okla., whose first question was, "Is Post snowed off the map?"

When I told her, no, it wasn't quite that bad, she said, "Well, we just heard the weather news from Tulsa, and the weatherman reported that Post, Texas, had seven inches of snow, but that he couldn't find Post on the Texas weather map."

I assured her that Post was still on the Texas weather map and that the Tulsa weatherman probably could find us if he'd just brush aside some of the snow.

There were bigger snowmen and more of them around town Friday than I've ever seen here. One of the first to go up was out in our neighborhood in the yard of the Kay Kirkpatrick's, where Kay and Patty were out bright and early to join their children in building a snowman—in between snowball fights.

THE MAN UP the street says America is the only country where it takes more brains to make out the income tax return than it does to make the income.

Each new year finds the politicians looking for more things to tax as the ever growing governments of the land demand more money.

Texas lawmakers keep adding to the tax, and there doesn't appear to be much danger of them running out of things to tax.

There are taxes on beer and cigarettes, boats and trailers. There are taxes to pay in the form of entry fees to national parks, and a likelihood of a new state park tax.

Dogs have been taxed for years. We know all about the income tax, sales tax, sewer tax, trash tax, paving tax, excise tax, real estate tax, personal property tax, car tax, hunting and fishing tax, inheritance tax, gasoline tax, franchise tax, and the like.

What is there left to tax? Don't worry. The politicians will find some more things to tax. There are these possibilities:

Toilet paper tax. One cent a roll, with an added penny in luxury tax for two-color styles or pastel shades.

Television tax. Ten dollars a year for each set in the home. An added five dollars luxury tax for color sets.

Lawnmower tax. Five dollars a year on each power mower; three dollars added for riding mowers. Possibly tax credit for old-fashioned push type mowers.

Firecracker tax. A penny for each one-inch firecracker; two cents for a two-incher; three cents for a three-incher, etc.

Door-to-door salesman tax. Ten dollars for each house call.

Line tax. One hundred dollars tax for each firm or bureau that causes lines to form for any purpose.

Pay-toilet tax. One hundred dollars a year for each pay stall. Obviously tailored for big city revenue.

Record tax. An assessment on each record sold, at the rate of ten cents for each electric guitar included in the recording.

Tax law. A ten per cent charge to be paid by anyone who votes for a new law.

We are now paying taxes on everything we eat, drink, drive, talk over or look at. The latter proposal might shake up the lawmakers.

HAVE YOU NOTICED it now takes five cents for you to say your two cents worth on a penny post card?

One of our Hootenanny friends suggests the Top 10 Country and Western Songs of 1967:

My Want-to-Can't Catch up With My Can-do: Richard Nixon.

Six Days on the Road: Israeli General Dayan.

I Don't Wanna Play House: Mia Farrow.

I Washed My Brain in Muddy Water: George Romney.

Blue, Lonely Winter: Don Meredith and Cowboy Chorus.

Detroit City: Rap and Stokely.

Blackjack County Chain: Jimmy Hoffa.

I've Got a Tiger by the Tail: Lyndon B. Johnson.

Things Have Gone to Pieces: Adam Clayton Powell.

It's Such a Pretty World: Lady Bird.

## Ratliff named to new committee

AUSTIN—Lt. Gov. Preston Smith today named Sen. David Ratliff of Stamford to serve on the Texas Legislative Council's committee to study the feasibility of establishing and operating an academy of science in crime prevention and detection. The study was requested by resolution (H.S.R. 37) adopted during the regular session of the 60th Legislature.

Under terms of the resolution, the Texas Legislative Council is requested to study the desirability and practicality of establishing and maintaining at state expense an academy dedicated to the training of law enforcement officials at all levels of government. The resolution also asks that the council examine the possibilities of operating such institutions of higher learning in Texas. The Texas Department of

## QUICK CHARGE

A newly developed system makes it possible to recharge sealed nickel-cadmium batteries to 90 percent of capacity in 15 minutes. The powerful lightweight batteries are used to operate most of the modern cordless devices.

## TONS FOR TOOLS

Production of high-quality tools in the United States and Canada each year requires more than 235,000 tons of nickel-containing steel and iron.

Public Safety and the Coordinating Board, Texas College and University System, are authorized to cooperate with the council during the course of the study.

Ratliff, a public relations counselor, has served in the Texas Senate since 1955 and, prior to that, was a member of the House of Representatives for two terms.

C. Williams, county health officer; twins Darla and Danny Pierce honored at party on sixth birthday; Lions Club is selling "Scotch Lite" tape to motorists as safety measure; Gary Cooper stars in "High Noon", showing at Tower Theatre.

## Young Farmers honor Foundation director

RENNER, Tex.—For providing research to enable young farmers to stay in agriculture, and for revitalizing farm production, Dr. C. L. Lundell, director of Texas Research Foundation at Renner, has been honored by the Association of Young Farmers of Texas.

Dr. Lundell recently was presented a distinguished service award from the state association for his contributions to the advancement of the Young Farmer program in Texas.

The Young Farmer Association noted that "farmers from throughout the state have benefited from information gained and dispensed at the Texas Research Foundation at Renner."

"Men In  
Motion"

## This Is National Jaycee Week — Jan. 21-27

### JAYCEE OBJECTIVES:

To make the community a better place in which to live. Develop leadership among its own members. Give young men a voice in affairs of their community, state and nation.

Help Yourself by Helping  
Your Community —  
"Leadership Training  
through Community  
Development"

### WHO CAN JOIN JAYCEES:

All young men in the Post area between the ages of 21 and 35 are invited to join the Jaycees—This is your community—Your organization.

### WHAT ABOUT DUES:

Jaycees dues are \$12 per year. Many firms are happy to pay these dues for their employees.

### THE JAYCEE CREED:

WE BELIEVE:  
That faith in God gives meaning and purpose to human life.  
That the brotherhood of man transcends the sovereignty of nations.  
That economic justice can best be won by free men through free enterprise.  
That government should be of laws rather than of men.  
That earth's great treasure lies in human personality.  
And that service to humanity is the best work of life.

### LOCAL MEMBERS:

#### OFFICERS

President: Ronnie Morris  
First Vice President: Hoyt Thomas  
Second Vice President: Ken Callaway  
Secretary: Tommy Young  
Treasurer: Ed Blanton  
Interclub Director: Joe Bailey

#### STATE OFFICERS

Frank Blanton - State Director, Region 1E

#### MEMBERS

Don Ammons	Mike Mitchell
A. J. Baumann	Fred Myers
Leon Braddock	Jimmy McLeary
Bob Carpenter	Iman Newman
Phil Crenshaw	Will Parker
Warren Hathaway	Lonnie Peel
Donnie Hays	Wayne Richardson
Garland Huddleston	Jack Rylant
Johnny Kemp	Rick Trent

#### ASSOCIATE MEMBERS

Richard Dudley      Tom Gamblin      Cliff Leatherwood

**Meetings: 2nd & 4th Thurs., Each Month**

7:30 P.M., COMMUNITY ROOM  
FIRST NATIONAL BANK

## THE LOCAL JAYCEE STORY:

Here Is A List of the POST JAYCEES  
Accomplishments in Last 12 Months

17. Held a Motorcycle Safety Program at the High School with a Film and Pamphlets.
18. Plans for Selection of an Outstanding Young Man of Garza County.
19. Plans Under Way to Send Local Youngster to Hospital for Surgery and Plastic Surgery.

## THE NATIONAL JAYCEE STORY:

The world's young men's civic organization began because young Henry Giessenbier, in St. Louis, Mo., felt that young men should not have to wait until middle age to participate in civic affairs.

Giessenbier was struck by the thought young men should be organized for the purpose of performing civic service and developing leadership in themselves. He called a meeting of interested young men and 32 responded.

By 1916 the work of the new organization had attracted attention of many others. The Jaycees had promoted projects aimed at securing greater participation in government, a better relationship among agriculture, industry, and labor, less juvenile delinquency and a host of other activities.

Word about their activities spread and inquiries began to pour in from all parts of the United States. In 1919 Giessenbier sent a call to all known groups asking them to St. Louis to form a national organization. Twenty-four cities responded and on Jan. 21, 1920, the United States Jaycees came into existence.

The Jaycees have grown until the present membership exceeds 275,000 in 2,500 local clubs.

## This Salute To The Organization Developing New Community Leaders Is Sponsored By The Following Firms:

- |                              |                               |                             |                       |

## Card of Thanks

Around Christmas-time we had a beautiful bouquet of white mums and a few days ago some white and red carnations came to cheer our room from "a few of our Garza County friends" and Truett and I want to thank all of these good people for their concern and interest in his recovery and also for the beautiful flowers. There were no names on the flowers and we want to let these good friends know how much we appreciated their thoughtfulness. Because this was such a bad injury his improvement has been so slow, but we are feeling better about him now and do believe we will get to be at home again before too many more weeks. Truett is very anxious to be back over the district and at his work again. Our sincere appreciation to everyone.  
 Judge and Mrs. Truett Smith

I want to try to express my gratitude to the many friends who rallied about me during my stay in Methodist Hospital. Each act of concern was more appreciated than words can ever express.  
 Elmer Butler

## Public Notice

**IF YOU NEED HELP** with a drinking problem, call 495-2076 or 495-2961, or write Box 7, 52tp (8-10)

**TO Whom It May Concern:** No hunting, fishing or trespassing on the Beulah K. Bird Ranch. 52tp (6-6)

## DID YOU KNOW?

**FOR SAFER TIRES**  
 TIRE TESTING CENTER  
 Did you know that before you buy your new tire the product line has been subjected to rigorous testing? Armstrong and Owens-Corning Fiberglas engineers tested a new wide track tire thousands of times for strength at various loads and speeds.  
 The pace of the testing increased. On the largest closed test track in the world, near Pecos, Texas, racers drove the tire at speeds up to 120 m. p. h.—on a nine-mile long black top strip.  
 The result of all this careful testing will soon be available of your Armstrong tire dealer. The new cooler riding Fiberglas belted wide track tire passed its tests with flying colors and will give you many more miles of carefree driving.

## Exciting times ahead here at the high school

For the Juniors and Seniors semester will be of special interest. However, the Freshmen and the Sophomores will get a hand in the excitement, too.  
 Coming on Feb. 10, will be the Valentine Sweetheart Contest, sponsored by the Future Homemakers of America. Also planned for the month is the Junior Class play, an Official FISH initiation.  
 The Senior play has been tentatively set for March, as well as the Future Teachers of America Banquet.  
 The remainder of the year will be the excitement of the Junior Senior Banquet, Choir and Banquets, Senior Day, and exciting class parties.  
 However, with the fun also comes practice and work for the Chorus and Band contests, University Interscholastic League events, and many other athletic events. Incidentally, all those planning to enter the events need to begin now.  
 With all these exciting and filled events, we need to remember that grades still come out every nine weeks and they count more than banquets!  
 The paper staff would like to encourage each student to get involved in these athletic and social events, but not so much as to hinder their studies.—Emily Potts, Editor.

# Libby Lou Sales becomes bride of Dennis McGehee last Friday

MRS. DENNIS WELDON McGEHEE (Libby Lou Sales)

## It's My Turn

— By MRS. C.

Boy, how sneaky can the weather get? Imagine having a seven-inch snow and not being here to enjoy it.

As you know, Mr. C and I were down in McAllen and missed all the excitement. We left last Thursday morning at 6 o'clock and ran into rain about five miles out of Post. The rain stayed with us all 600 miles except for a little sunshine around San Antonio. Not only did the rain stay with us on the trip but the entire time we were down in the "sunny" valley.

On the way home Sunday we had beautiful sunshine from San Antonio until dark. About five miles out of Post we ran into rain again. I almost cried. Here I thought we were returning to sunny West Texas and we weren't. If we hadn't been so pooped I'd have just told Mr. C to keep driving.

Despite the weather we had a delightful time in McAllen and it is still pretty down there even in gloomy weather. The orange trees were hanging heavy with fruit and everything looked lush and green. Had one not known they had recently suffered through a terrible hurricane one wouldn't have been able to see the signs. However they were there if one knew where to look.

The first thing I wondered about as we drove into McAllen was tape in rather weird designs on some windows in houses. Upon inquiring we found that everyone taped their windows with masking tape to keep them from blowing out during the storm. Another thing we soon noticed was that all the trees with low limbs were propped up with boards to keep the trees from falling over. The ground is still so water logged down there that the soil can't hold the trees that were severely whipped by the winds.

Both of my nephews had taken many pictures of the aftermath of

the storm and I was amazed at how clean and clear the water was even though it was a foot or more deep in some of the pictures we saw. I had visualized it being old dirty flood water and it was just nice clean rain water. My sister said the worst thing about the hurricane was the monotony of the whole thing. It just poured and blew and there wasn't a thing to do but watch it. Even curling up with a good book was out due to no electricity for a long period of time.

The most amazing thing about our trip was finding out that one can buy American cigarettes in Mexico for only \$1.65 a carton so I'm really gloating over the office help who are smoking the 40 cents a type kind.

Mr. C and I drove into Post about 9 p. m. Sunday to find the Post Dispatch looking like a hurricane had hit. We knew we were in need of a new roof but kept waiting for decent weather to have one put on. The front office was swimming in water and it still is this Monday afternoon. We have an assortment of buckets and cans catching as many drips as possible and I really have my "back to the wall."

We kept moving my desk all morning and I now barely have room to get behind it and have been shifted several feet to the west. For awhile there I thought I was going to have to sit under an umbrella. I have to leap up to wait on our customers so they don't get wet coming to my desk.

Bill Fellers, one of the new "weather doctors," was in awhile ago and I tried my best to get him to do something about the weather, but he smilingly informed me he could only control it inside.

I was talking to Mrs. Norman Gee Monday and asked this newcomer and recent bride how she liked all this weather we have been having since she came here from

# Book review is heard Friday at Study Club meet

Mrs. Russell Wilks Jr. gave a book review of "6,000 Miles of Fence," the story of the XIX Ranch, at the Tuesday night meeting of the Amity Study Club which met in the home of Mrs. Bill Carlisle with Mrs. Preston Poole as co-hostess.

Mrs. Wilks in her review told how the ranch got its start and the number of counties comprised in its spread. She told related stories about the different people who lived on the ranch, their mode of life, their work, what they ate and how they fought their deadly enemy — fire.

The business meeting was conducted by the president, Mrs. Ronald Babh.

A remembrance gift was presented to Mrs. Wayne Richardson, who is moving to Vernon soon.

Refreshments were served to: Mmes. Malcolm Bull, Wayne Carpenter, Bob Collier, Lee Davis Jr., Daymon Ethridge, George Miller, V. L. Peel, Bill Pool, Dean Sterling, Vernon Scott, C. H. Harstel, Henry Wheatley and James Brown.

# Recent bride is shower honoree

Mrs. Edward Byrd of Fort Worth, the former Miss Belinda Lee, was complimented with a miscellaneous shower last Thursday night in the Community Room from 7 until 9 o'clock.

Mrs. Byrd's sister, Brenda, registered the guests who were received by the honoree, her mother, Mrs. Elton Lee, and her sister-in-law, Miss Linda Byrd.

Cake squares, nuts, coffee and spiced tea were served from a table laid with white lace over blue. Blue streamers lettered with "Belinda" and "Edward" extended from an arrangement of blue and white carnations flanked by blue tapers. Crystal and silver appointments were used.

Hostess gift was a heirloom bedspread.

Hostesses were: Mmes. Bobby Joseph, Robert Cox, Boy Hart, James Stone, David Midkiff, Fred Long, Joe Williams, R. C. Bullock, Tom Johnson, Weaver Moreman, Elvin Young, E. R. Moreland, Mickey McMeans and Gilbert Blodgett.

# Club makes plans for district meet

The home of Mrs. Louie Burkes was the setting of the Jan. 17 meeting of the Woman's Culture Club with Mrs. D. C. Williams as co-hostess.

Plans were made for the Caprick District meeting which will be held in Lamesa in March. Continuing the program of study on "The Poets' Living Words," Mrs. C. R. Thaxton presented "Infant Joy," by Blake; Mrs. C. D. Morrel, "Don Juan," by Byron and Mrs. Ira Lee Duckworth, "The Waste Land" by Eliot. These three presentations represent the 18th, 19th and 20 centuries. The program at the last meeting started with Greece and Rome and went through the 17th century.

Those present were: Mmes. Duckworth, J. H. Haire, Tillman Jones, Mason Justice, James Minor, Morrel, M. J. Malouf, J. F. Storie, Thaxton and the hostesses.

New York state around the first of the year. She said Norman had told her the climate here was hot, windy, dry and sandy. She went on to say that she had seen nothing but rain, sleet, snow, and cold weather since her arrival.

I thought all the high school kids who take subjects from Mr. Gee might like to know that he's not always right!

# Parliamentary procedure program presented here

Flute King presented a program on "Parliamentary Procedure" at the Monday night meeting of the Alpha chapter of Beta Sigma Phi at the Community Room.

The progressive dinner slated for Jan. 19 was postponed due to the snow and will be held Friday night. The chapter voted to send a monetary contribution to the state BSA project, "Girlstown."

Hostesses were Lois Pruitt and Karen Callaway and they served refreshments to Janet Peel, Billie Newman, Mar-

A son, Ronald Brent, was born to Mrs. Pat Jackson, Jan. 21 weighing 9 lbs., 9 ozs., in Mercy Hospital in Slaton. Grandparents are Mr. and Mrs. Daws Jackson of Seminole and Mr. and Mrs. Bill Dixon of Post.

Itta Reed, Margaret Barley, Margie Johnson, Barbara Ethridge, Judy Roper and Flute King.

# Four Post ESA members go to district meeting in Lubbock

The District 9 meeting of Epsilon Sigma Alpha was held Sunday at the Gridiron Restaurant in Lubbock with four members of the local chapter attending from Post.

# Lisa Morris honored on fourth birthday

Lisa Morris, daughter of Mr. and Mrs. Ronnie Morris, was honored on her fourth birthday with a party last Saturday in the home of her grandmother, Mrs. Vera Gossett, at 2 o'clock in the afternoon.

Following games favors, birthday cake, and punch were served to Dawn Ammons, Diana Blanton, Joy Tucker, Becky Bausman, Dee Dee Redman, David Bausman and Lisa's brother, Ron.

Mothers and relatives attending were: Mmes. Ada Mae Tucker, Judy Redman, Allene Ammons, Lora Blanton, Patty Bausman and Chester Morris, the honoree's other grandmother; Mr. and Mrs. Willard Taylor of Floydada and Sonny Gossett.

sent as were the following state officers; Carra Cauthon, first vice president; Virginia Mankins, second vice president; Lois Hanna, chaplain.

The beauty queen contest was held with Earlene Holland of Lubbock being chosen to represent the district at the state convention, which will be held in Lubbock in June. First runner-up was Vicki Young of Muleshoe and second runner-up was Linda Brown of Denver City. Other contestants were Margaret Allen of Post, Ann Snither of Lubbock, Janet Reynolds of Plains and Mary Woods of Sudan.

The group voted to assist with the Texas Tech Speech Therapy Clinic as a district project.

The next district meeting will be held in Sudan April 21.

Those attending from Post were Margaret Allen, Kay Pace, Sandra Alexander and Linda Reynolds.

SHOWING AT TOWER

James Coburn and Blake Edwards star in "Waterhole No. 3," showing Friday, Saturday and Sunday at the Tower Theatre in Technicolor and Techniscope.

## Factor of fire tragedies explored by researchers at burns institute

GALVESTON — A portrait of a child who is vulnerable to fire looks like this:

His mother is working or preoccupied with a new child, he's curious and active enough to explore the little cans of gasoline his dad makes fires bigger with, he lives in a crowded and often new or unfamiliar house.

And, typically, he or she is wearing flammable clothing which can become an envelope of fire within seconds.

Researchers at the Shriners Burn Institute here are exploring the factors of fire tragedies, hoping to find clues to fires that will alert parents and help prevent future catastrophes.

The institute has concentrated on pulling youngsters through the critical stage of injury and then reconstructing their bodies. One requirement of admission to the institute is inability to pay for such

extensive treatment.

Of 300 cases studied involving severe burns in children aged from 1 to 14 years, flammable liquids caused 24.7 per cent of the fires. Of these victims, 59 were boys and 12 were girls.

Mrs. Ruth DeVerter, a sociologist at the institute, says boys are naturally adventurous and quick to imitate their fathers. Often the imitating ends tragically when gasoline, kerosene, paint thinners, cleaning fluids, turpentine and charcoal fire starters are within their grasp.

The second most common cause of burns among the institute's sample of 300 was an open flame indoors such as a fireplace or floor space heater. Girls were more susceptible with 46 cases treated compared with 11 boy victims.

Judy Ann Welford, 8, of Lucedale, Miss., for instance, wore a long flannel nightgown when she got too near a heater and was enveloped in flames. Help arrived quickly but she had been burned over 70 per cent of her body.

Darla Diane Hansen, 4, of Elk Horn, Iowa, was in a similar gown when she caught fire while playing with matches.

Both girls had about a five per cent chance of survival when brought to the Shriners Burn Institute. Their lives were in balance for months. The crisis passed for them, and after a half-dozen skin graft and other reconstructive operations they should mature into normal young women.

Other patients die or lose a limb from the burns.

The researchers are unanimous in urging that all clothing should be made non-flammable, by legal action if needed. Few garments of today are safe from fire, although the technical knowledge of fireproofing is widespread.

Scalds, the third cause of severe burns, usually happen to children 3 years or under.

A mother carrying a pot of boiling liquid trips over a child underfoot. An older child may be told to draw the baby's bath water and forget to mix cold with hot water. There are other typical patterns, researchers say.

Open heater or fireplace accounted for 19 per cent of the burns among the 300 patients. Scalds were 18 per cent; playing with matches, 9.7 per cent; trash and other outdoor fires, 9 per cent; explosions, 5 per cent; house fires, 4.8 per cent; playing with kitchen stoves, 3.3 per cent; electrical, 1.7 per cent; chemical burns, 1.7 per cent; and miscellaneous causes, 1.7 per cent.

Mrs. Katherine Raines, a teacher and researcher at the institute, said a typical institute victim comes from a rural family.

She said the mother is apt to be working away from home or caring for a new baby or invalid. A recurring factor was the lack of familiarity with surroundings, such as a new apartment or the house of a relative. Family disruptions such as a father away from home occurred frequently.

"When I first began to chat with these children, I was struck by the similarities in their situations," Mrs. Raines said. "So many were living in new homes, so few were the oldest child in the family."

"Where certain of these conditions exist together, you can almost say it's an accident if this kind of tragedy doesn't happen," said Mrs. DeVerter.

## Vet's Forum

Q. I am attending school under the G. I. Bill and will be married next month. But I won't be able to submit a marriage certificate until two weeks after my marriage. Should I call the VA and report the date of my marriage before then?

A. Yes. Call a VA contact representative and ask him to prepare a report which will establish the date of your marriage. When you submit a marriage certificate later, your increased allowance will be effective from the date of your first notice. The same procedure may be followed if you have a child while attending school.

Q. I have a G. I. loan with a 5 per cent interest rate. If the G. I. loan interest rate should be lowered in the future, will my interest be reduced also?

A. No. On the other hand, your established 5 per cent interest rate will not be increased should the G. I. loan interest rate be increased.

Q. Can the VA increase my pension award because of the rising cost of living expenses?

A. No. The rate of pension is set by law. Present law does not provide automatic changes which correspond with the cost of living.

### Jimmy D. Carpenter serving in Vietnam

DUC PHO, Vietnam — Army Specialist Four Jimmy D. Carpenter, 29, whose mother, Mrs. Eva J. Browning, lives at 107 Ave. N. Post, Tex., recently arrived near Duc Pho, Vietnam, with the Americal Division's 11th Light Infantry Brigade.

Before reaching Vietnam, he received extensive jungle training in Hawaii. The division is currently in combat against the enemy.

Spec. Carpenter is a medic with Headquarters Company, 3rd Battalion of the brigade's 1st Infantry.

His father, Ralph E. Carpenter, lives at 7305 Andrews Highway, Odessa, Tex.

Cakes of ice from the first commercial ice plant were four feet long, two feet wide and one inch thick.

THE CHURCH FOR ALL . . .  
 . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The chances are good that Bobby will get the right answer . . . that is, if Bobby has been given sufficient knowledge to put this problem within the limits of his capability!

And don't believe that any of these new electronic brains are any smarter than Bobby. Before one of them undertakes its task it must be fed every fact essential to arriving at an accurate solution.

Many folks worry about the youth of our nation. Too many boys and girls are coming up with tragically wrong answers to some of life's crucial questions.

But there is nothing inherently wrong with our youth. We simply must provide them, early enough and continuously, with the moral and spiritual understanding which life's problems demand.

The right program of religious training today will make possible right answers tomorrow.

(Continued from Page 1)  
knocked over when skidded into by vehicles. There was also some "fender bumping" but no serious damage.

The maintenance foreman said the highway department here didn't have enough equipment to clear the highway west on U. S. 380, but had to wait until the Lubbock highway department unit sent its men and equipment.

MUCH OF THE traffic on top of the caprock northwest of Post was stalled in drifts from three to four feet deep. The drifts were deepest on U. S. 380 west toward Taboka.

Approximately 100 vehicles were stalled at the railroad overpass just south of Post on U. S. 84. Not all these vehicles were stuck, some being held up by those which could

## Snow notes—

(Continued from Page 1)  
drifts. Snow mounds caused a lot of rubber off their tires in the effort.

Highway resident engineer Julian Smith, who with the Rev. George E. Miller was returning from a Presbytery meeting at Amarillo late Thursday when they ran into the snowstorm at Southland, commented this week that all way motorists needed was just a shovel and he would have stayed mobile.

The A. P. Hedricks, the Robert Craigs, and the Elmo Buzins, among others, reacted and housed a lot of snowbound travelers off U.S. 380 Thursday afternoon and night.

An estimated 50 stranded travelers spent Thursday night in the district courtroom, some bedding down on benches with new blankets which the county had recently purchased for use by prisoners in the jail.

A big urn of coffee for the travelers who stayed in the courtroom was furnished by Jackson Cafe & Cafeteria.

Six or eight stranded travelers spent the night at the police station.

City police reported they didn't have time to help travelers outside the city. They spent most of their time taking home Post residents whose cars bogged down in the snowdrifts on local streets.

The Hi-way Cafe, which is open 24 hours, was reportedly full of people all night sitting out the storm.

The Post Chamber of Commerce aided in finding shelter in private homes for travelers. Chamber President Vernon Scott visited those stranded at the courthouse to see if they wanted to be placed in private homes for the night.

Highway Patrolman Henry Harden's patrol car became stuck while he was helping with snowbound traffic west of Post on U.S. 380 and remained stuck for 19 hours — from 2 p. m. until about midnight.

Mr. and Mrs. Noel White and son, Steve, left Post at 3 p. m. Thursday and after six and one-half hours of struggling west toward their rural home arrived at Bill McMahon's home where they spent the night. They didn't get home until 3 p. m. Friday. The Wilburn Morrisoses also spent the night at the McMahons.

County Agent Syd Conner estimated there was still about 150 bales of 1967 Garza cotton still in the fields when the weekend storm hit.

not negotiate the incline and had the highway blocked.

Williams estimated that 40 per cent of the stalled vehicles were trucks.

The Post schools' "lost" bus was the one driven by John Martinez, whose route is the Graham community and southward.

THE BUS became stuck about 3:30 p. m. after all the student-passengers except David Williams and Patricia Castro had been unloaded. The two children and the bus driver spent the night in the nearby Elmer Cowdrey home.

The bus was found by school board member Virgil Bilbo and a ranch hand from the Macy Ranch about 10 p. m. Meanwhile, it had been reported "lost" at the school here. The search, which followed included use of a two-way radio system based at the Macy Ranch, with Mrs. Bob Macy relaying progress of the search to School Supt. Bill Shiver by telephone.

THE SCHOOL BUS driven north of town on the Rails road by Murry McMurry became stuck in a ditch near the farm home of Dennis Elbank, and was still there yesterday morning, according to Supt. Shiver.

Students from the bus were taken to their homes by parents and neighbors. There hasn't been enough traction to get the bus out of the ditch where it is stuck, the superintendent said. Meanwhile, a substitute bus has been put into use on the route.

Two other bus drivers, Dan Rankin and George Fierco, returned to town with about 20 of their passengers when they saw they "couldn't make it." These students found lodging for the night in homes here.

The school bus Bud Davis drives on the route east of town unloaded its passengers into private automobiles at one point on its route. Giles Dalby and other residents of the area took the children to their homes, with Dalby using his four-wheel drive vehicle and two-way radio in helping with the bus evacuation and the student's home-ward journey.

"Many of the bus students' parents spent the night without knowing where their children were," Supt. Shiver said. He added that some of them "panicked," however, but that all were cooperative.

TELEPHONE lines were down in many areas to add to the confusion.

Supt. Shiver said it was a difficult decision on his part not to dismiss school early Thursday afternoon. He said he had called the Weather Department in Lubbock and had been assured by them that "skies were clear and highways passable." At that time, he said, Post already had had about three inches of snow.

Shiver said one reason he decided not to dismiss school early was because the parents of the bus children would not have known of it, and there would have been the danger of letting some child off the school bus with no one to meet him. "That would have been extremely dangerous in the snow storm we had," he said.

BECAUSE OF the mud left by the weekend's snow and rain, school buses were not running their regular routes Wednesday, but were expected to be back on regular schedule by the end of the school week.

Moisture here totaled 1.38 inches from Thursday's snow and the rain and sleet which preceded it. Other weekend moisture was .31 on Friday, .47 on Saturday, .31 on Sunday and .36 on Monday.

A total of .15 of an inch of moisture was received the first two days of the year to make the January total to date 2.98 inches.

### SOIL PLAQUES AWARDED

J. B. Potts, president of the First National Bank, presents bank-donated plaques to Ralph Welch (center) and Walton McQueen, who were chosen as 1967 Conservation Rancher and Farmer, respectively by the Garza County Soil and Water Conservation District.

### RECEIVES SERVICE PIN

Ralph Welch (right), secretary of the board of supervisors of the Garza County Soil and Water Conservation District, presents board chairman Wayne Williams with a five-year service pin. Looking on is Bailey Mayo, work unit conservationist. Also receiving a five-year service pin was Jimmy Bird, a member of the board.—(Staff Photo)

## Postings—

(Continued from Page 1)  
banking business.

He became executive vice president of the Citizens State Bank there and left Anton in 1962 to become president of the Wolforth State Bank. Two years later he moved to Fritch, in the Canadian dam area, to become president of the Fritch State Bank. He sold out his holdings in that bank in February, 1966, and retired to make his home in Lubbock.

He found he couldn't stay retired for long so has been looking around for a good town in which to get into the insurance business. He looked them all over and decided that his former hometown of Post was by far the best place to live. A few weeks ago the Barnetts purchased the Dave Sanford home on Camden Circle and moved to Post.

You'll find Barnett's announcement ad on page 11 of today's Dispatch. He and his wife, Winona, are members of the Church of Christ and very happy to be back in Post.

You'll find the Garys' announcement ad on the new Gary Restaurant on page 8. Betty Gary formerly operated restaurants in both Lubbock and Colorado and she wants to give Post a fine restaurant. The

restaurant was repainted and more lighting added before the opening Tuesday and some of the kitchen equipment changed. More tables have been added in the dining area and the booth partition which divided the dining room removed. Betty and Bill have many other changes too, including an experienced new chef, Howard Davidson. Betty said she'll be advertising in The Dispatch about more of these changes in the weeks to come. In the meantime the Garys invite you to dine with them and see for yourself.

Hereditry is a factor in obesity, a U. S. Public Health survey has indicated. One study showed 72 per cent of obese persons had mothers or fathers who were stout.

## Louie Burkes gives Rotary magazine talk

Louie Burkes gave an interesting program on the Rotary magazine, The Rotarian, before Post Rotarians Tuesday noon at their weekly luncheon in City Hall.

The talk was in observance of Rotary magazine week by the local club.

During the luncheon before the program, club members listened to Harold Lucas and Vernon Scott appearing on the "community close-up" television show on channel 11. Marvin Hudman rigged up a TV set for the program with an outside antenna brought inside.

## COURT NEWS

### COUNTY COURT

Cliff Grigsby pleaded guilty in county court yesterday morning to a charge of aggravated assault and was fined \$100 and costs by Judge J. E. Parker.

It seems to us that juvenile delinquency is proving that some parents are just not getting at the seat of the problem.

## Texans head up Wallace party

MONTGOMERY, Ala. — Three former Texas Democrats have been named to head up the party that will seek to obtain ballot position for former Alabama Gov. George C. Wallace, should he decide to enter this year's presidential race. The Wallace Campaign headquarters here has announced.

Heading up the American Party, which will be the official Wallace campaign vehicle to obtain ballot position in Texas, will be former State Sen. Weaver Moore, who will serve as state chairman.

Serving with him will be Chilton Bryan, Houston attorney, who will be Harris County chairman, and Hall E. Timanus Sr., past president of the Houston Bar Association, who will serve as legal advisor.

In order to get on the presidential ballot in Texas, the American Party must obtain 14,259 registered voters between now and June 28. These voters can affiliate with the party in either of two ways. They can sign a petition or participate in one of the party's state conventions. The American Party has already held one state convention.

State Chairman Moore has expressed confidence that the new party will be able to get Wallace's name on the ballot, just as has been done in California, where Wallace's American Independent Party recently obtained more than 100,000 registered voters, approximately more than was needed.

# Crowded schedule ahead for Antelope, Doe cagers

**Girls will test Tahoka tonight; boys play Friday**

Busy times are just ahead for the Antelope and Doe basketball teams, with two conference games in a row for the boys within the next few days and three non-conference games scheduled for the girls.

The Doe "A" and "B" teams play Tahoka here tonight (Thursday) and the Antelope "A" and "B" teams journey to Morton Friday for district contests.

Monday night, Jan. 29, the Does play the O'Donnell girls here, and a Tuesday night, Jan. 30, the Antelope "A" and "B" teams play out to Midland Carver in district games.

Thursday night, Feb. 1, the Doe "A" and "B" teams play return games at Tahoka.

Tonight's action between the Post and Tahoka girls' teams will start with the "B" team game at 6:30. In Friday night's games at Morton, the Antelope and Indian "B" teams will take the court at 6:30.

Morton lost to Stanton, 65-47, Tuesday night and is tied with Post in the District 4AA standings, each with a 2-3 record.

Post basketball fans will have an opportunity of seeing one of the district leaders in action Tuesday night when the Midland Carver crew comes to town. Carver trounced Denver City, 82-67, Tuesday night and is tied with Stanton for a league lead, both with 5-0 marks. The showdown collision between Midland Carver and Stanton is scheduled for Friday night.

The Slaton girls won the first half district championship Tuesday night by downing the defending champion Frenship Kittens, 50-38.

**7th grade boys defeat Frenship; 8th grade loses**

Post's 7th grade boys brought their district record to 4-2 Monday night with a 35-28 win over Frenship at the latter's court. The local 8th graders lost, 29-24, and now have a 2-4 record in Junior High Conference play.

Post led 10-7 at the end of the first quarter in the 7th grade game, 33 at the half and 24-18 at the end of the third quarter.

Jerry Saldivar led the Post scoring with 11 points. Other scorers are Danny Lee, nine; Robert Minsta, six; Lanny Blacklock, four; Rocky King, three; and Robbie Mes, two. Coach Waco Reynolds coached all 15 members of his squad.

Coach Bud Davis' 8th grade boys led at the end of the first half, 17-10, in their game, but Frenship had good to the front, 21-19, at the end of the third quarter.

Danny Vargas scored eight points for Post, with Kyle Josey hitting 6; Scott and Larry Hair, three each, and Ricky Hair and Randy Tys, two each.

**Four Tahoka basketball teams due here Monday**

The Post Junior High School basketball teams will play four conference games with Tahoka here Monday, Jan. 29.

Action is scheduled to start at 5 p. m. with a game between the 7th grade girls' team. Following will be games between the 7th grade boys', 8th grade girls' and 8th grade boys' teams.

'Freeze-up' comes in second quarter

### Slaton wins, 79-68, as 'Lopes go 'cold'

For awhile last Friday night, it appeared that it would be a long evening for the Slaton Tiger basketball team and its fans, but a cold second quarter turned it into a long evening for the Post Antelopes and their fans.

The Tigers, with Richard Washington and Paul Hall scoring 60 points between them, defeated the Antelopes, 79-68, before a large crowd in the Antelope gym.

The victory gave the Tigers a 4-3 mark in District 4AA play and dropped the Antelopes a notch behind with a 3-4 mark. The teams were tied for third place in the standings going into the game.

Nick Pantoja hit seven points before any of his teammates scored to get the Antelopes off to a lead, and they were out in front, 20-17, at the end of the first quarter.

Slaton began finding the range

in the second period, while the Antelopes went colder than the weather outside, and the first half ended with the Tigers on top by 11 points—40-29.

Each team scored 21 points in the third period, and also matched each other in the final period with 18 apiece, after Post had pulled within two points at one stage.

One thing that hurt the Antelopes in their unproductive second quarter was the benching of Charles Harper by Coach Wilbert Bigott after the big starter had picked up four personal fouls. Without Harper, the 'Lopes lost the battle of the boards. He came back in to start the second half and went the rest of the way without picking up that fifth foul.

Norman Tanner scored 24 points to lead the Antelopes, while Washington hit 31 and Hall 29 for Slaton. Washington was held pretty well in check the first half, getting only one point in the opening period and seven in the second, but he hit 11 points in each of the last two quarters.

The scoring summary:  
SLATON—Washington 13 5 31; Hall 12 5 29; Moore 3 1 7; Williams 2 0 4; Davis 4 0 8; King 0 0 0. Totals 34 11 79.

POST—Tanner 10 4 24; D. Altman 2 11 15; Pantoja 7 1 15; Harper 1 4 9; R. Altman 1 1 3; Walker 1 0 2. Totals 25 10 68.

### Slaton girls jolt Post Does, 66-44

The Slaton Tigerettes showed here last Friday night why they are heavily favored to win the girls' division of the District 4AA basketball chase.

The Tigerettes downed the Post Does, 66-44, to remain undefeated after two games in district play. The loss left the Does with a 1-2 mark in conference competition.

Slaton's tall forwards shot their team out to a 19-6 first quarter bulge, led 34-16 at the half, and 50-26, going into the final period.

Karon Windham hit 28 points for the Does on five field goals and 18 free throws out of 23 tries. Sharon Windham and Sherry Bird each scored eight points, with Karen Lee getting one.

Marilyn Davis led the Slaton attack with 37 points on 14 fielders and nine charity tosses. Jackie Clark scored 14; Barbara Bingham, nine, and Linda Johnson, two.

Post's guards were Vicki Martin, Theresa Sims, Kay Altman and Nancy Hart, with Sims and Altman both fouling out late in the game and Sharon Windham coming down from her forward position to see late action at guard.

### Post girls and Crosbyton split cage doublebill

The Post Doe "B" team and freshman girls broke even with Crosbyton here Monday night, the freshmen winning, 20-14, and the "B" team losing, 29-25.

In the freshman game, Post led 6-3 at the end of the first quarter and 14-5 at the halftime intermission. Both teams were cold in the third quarter, Crosbyton failing to score a point and the Post team scoring only one, a free throw by Stephanie Davis.

Crosbyton outscored Post 9-5 in the fourth period, but couldn't catch up.

Sherry Bird was Post's top scorer with 10 points. Stephanie Davis hit five; Rita Valdez, four, and Cynthia White, one. Others seeing action were Sue Strofer and Sue Johnson, guards, and Ryan Thomas, Bertha Torres, Belinda Blacklock, Sue Eubank, Kippy Payne, Liz Dalby, Karen Sneed, Debra Mason and Judy Norman, guards.

Crosbyton came from behind in the fourth quarter to win the "B" team game after Post led 22-20 at the end of the third quarter. Crosbyton had led, 8-3, at the first quarter buzzer and 14-10 at the half.

Sharyn Bilberry scored 12 points for Post, with Brenda Lee hitting five; Jan Wilks, four, and Kay Herron and Susan Valdez, two apiece. Kathy Jones also played at a forward position. The Post guards were Brenda Stelzer, Martha Jo Walls, Janet Ray, Nina Young and Jane Johnston.

### 7th grade girls finish strong to defeat Frenship

Held scoreless in the first half, Coach Billy Hahn's 7th grade girls' came back in the second half Monday night to defeat Frenship, 14 to 12, in a Junior High Conference game at Frenship. The Post 8th grade girls lost, 18-15, after leading right up until the final few minutes of play.

In the 7th grade game, Frenship led 7-0 at the end of the first half, but Post notched 10 points in the third quarter and four in the fourth for their two-point victory.

Pat Johnson scored 12 of Post's points, with Gaynell King getting the other two.

In the 8th grade game, Post led 6-1 at the end of the first quarter and 10-7 at halftime. They failed to score in the third period, however, and trailed Frenship 12-10 going into the fourth quarter.

Bobbie Johnson led the Post attack with 11 points. Wilma Bullard and Melvena Stewart scored two points each. All 17 members of the Post 8th grade squad saw action in the game.

### City cage loop response sought

All Garza County residents 18 years of age or over and out of high school who are interested in playing in a Post Jaycee-sponsored city basketball league, similar to the one held last year, are asked to send their names to Basketball, Box 636, Post, Tex. 79356.

All names of prospective players must be in by Feb. 17. If enough names are in by this date to fill four team rosters, league play will get under way on Feb. 29. Otherwise the project will be dropped.

Businesses wishing to sponsor a team at a cost of \$5 are asked to write Box 636, Post, Tex., also.

**HOME FROM HOSPITAL**

Elmer Butler was dismissed from Methodist Hospital Monday where he had been a surgical patient for two weeks. He is reported to be doing fine.

**DOE "B" TEAM TO PLAY TAHOKA HERE**  
Coach Jiggs King's Post Doe "B" team will play the Tahoka girls "B" team here tonight in a preliminary to the girls varsity game. From left to right, front row: Sharyn Bilberry, Kay Hundley, Nina Young, Sandy Dixon, Brenda Stelzer, Back row, left to right: Janet Ray, Brenda Lee, Kathy Jones, Kay Herron, Jan Wilks, Linda Sanchez, Jane Johnston, Martha Walls.

# Drifts top fence posts in snowfall at Graham

By MRS. GLENN DAVIS  
 What a snow storm we had last Thursday. The wind blew so hard and made drifts as high as the top of the fence posts in some places. The rain we have received since has been real fine for more moisture.  
 Quite a few families in this community had unexpected overnight guests Thursday when cars and pickups became stuck in the snow drifts. School children and some teachers failed to get home. Telephones were out and some parents didn't know where their children were until almost noon Friday.  
 Lonnie Gene Peel cleared some of the roads of snow Friday morning with his tractor and blade. He cleared the driveway here at my

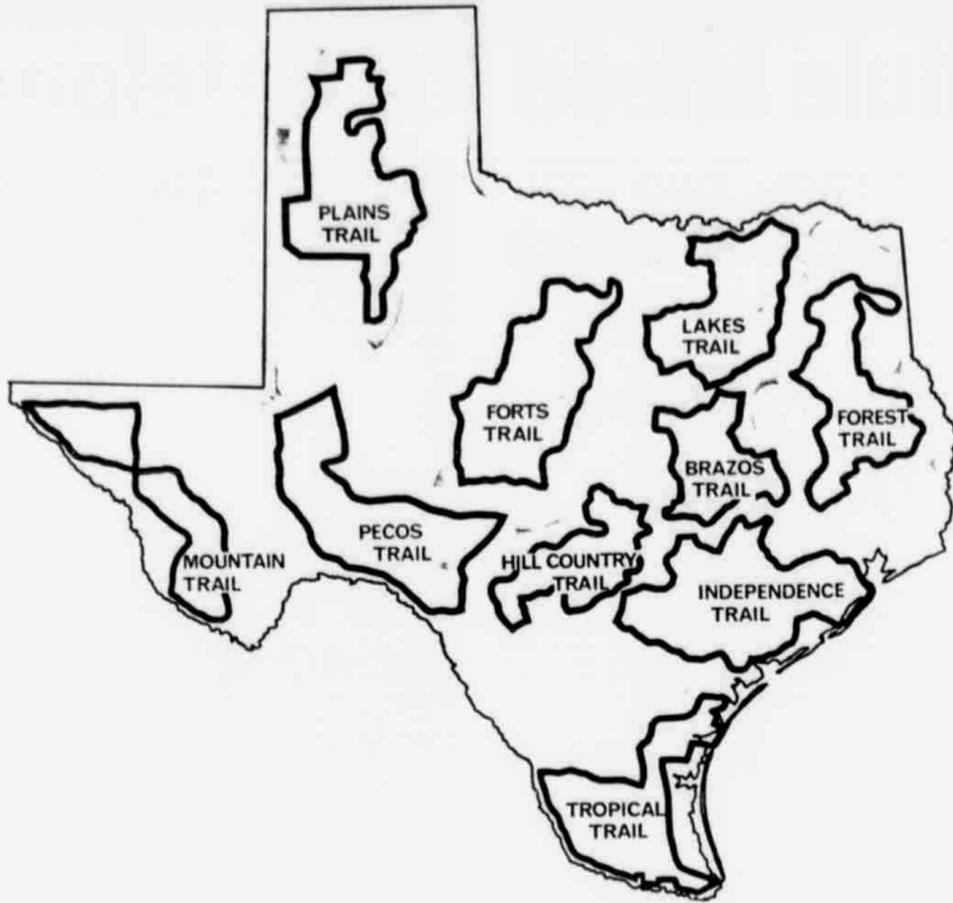

house and some other places. We all want to say thanks to him.  
 This community extends sympathy to the relatives of Mrs. Minnie Stanley who passed away in her sleep at her home in Abilene. She was found by her daughter, Mrs. Lois Huddleston, about 8:30 a. m. Thursday after she failed to make her usual 8 o'clock call to her daughter.  
 Saturday overnight guests of the James Stones were all of their children and some of their grandchildren who came to attend funeral services for Mrs. Minnie Stanley. They were Mr. and Mrs. Jerrel Stone of Irving, Mr. and Mrs. Jim Eblin and family of Lubbock, Mr. and Mrs. Pete Pierce and family of Canyon, Mr. and Mrs. Gerald Dean Jr., and son of Captain, N.M., and Miss Mary Ann Stone of Abilene.  
 Mr. and Mrs. Roy Pennington of San Angelo visited his brother-in-law and sister, Mr. and Mrs. C. A. Clem Monday afternoon and night and the Elmer Cowdreys Tuesday afternoon and night.  
 Sunday visitors of the Albert Stones to help Mrs. Stone celebrate her birthday were the Ted Tatum and Danny Stone families, Mr. and Mrs. Jerry Stone and Mrs. Harrison Davis and John.  
 Mrs. Johnnie Rogers visited Sunday afternoon with Mr. and Mrs. S. D. Lofton.  
 Saturday overnight guests of the Carl Fluitts were Mr. and Mrs. Harold Reno and family who are moving from Lubbock to Houston, Mr. and Mrs. Maurice Fluitt and family of McIntosh, N. M. Sunday luncheon guests were the W. O. Fluitt-Jrs. of Morton and the Delwin Fluitt family. The Bill McMahons visited Sunday evening.  
 Mr. and Mrs. Bob Foote of Lubbock spent the weekend with her parents, the Bill McMahons.  
 Elvius Davis and Stephanie were Saturday luncheon guests of his mother.  
 Mrs. Ambers Parrish and Mrs. Bryan Maxey visited in Brownfield last Tuesday with Mrs. Parrish's aunt, Mrs. Miller, in the hospital.  
 Sunday luncheon guests of the Bobby Cowdreys were the Bruce Evans family. Evening visitors were Mr. and Mrs. Jerry Bush.  
 Mrs. Fred Gossett visited Wednesday afternoon in Twin Cedar Nursing home with Mrs. Henderson.  
 Mr. and Mrs. Thebert McTride and David visited in Ralls Sunday afternoon with her brother, Carl Reese, and family.  
 Roy Ethridge is a patient in West Texas Hospital suffering with pneumonia. We hear he is improving and will get to come home soon. We wish for him and all those who are ill a speedy recovery. There are a number of cases of flu in the community.  
 Mr. and Mrs. L. G. Thuest Sr. and Mr. and Mrs. L. G. Thuest Jr. attended funeral services in Burleson Monday for Floyd Caudoux. He was the husband of Mr. Thuest Sr.'s niece.  
 Mrs. Willie Mason spent Wednesday night with the Ray McCellan family.  
 Mr. and Mrs. Ray Young and Mr. and Mrs. Douglas Livingston were Sunday visitors in the L. H. Peel home. Mrs. Peel has a fractured bone in her ankle. Some months ago she fell and injured her ankle, she thought it as it was soon all right. Then recently it started swelling and x-rays revealed a crack in the bone. She is now wearing a walking cast. We hope it will soon heal.  
 Mr. and Mrs. Doug McWhirt and Robert visited in the Carl Fluitt home last Wednesday evening.

## Hospital Notes

Those admitted to Garza Memorial Hospital since last Tuesday were:  
 Jess Masters, medical  
 Ruby Soules, medical  
 D'Wayne Gannon, medical  
 Cora Baker, medical

**MOVE TO IRVING**  
 Mr. and Mrs. Benny George and children, Donna and Rodney, moved to Irving from Canyon last week where Mr. George will be dock foreman of ICX Trucking Co. He had been associated with the same firm in Canyon. Mrs. George is the daughter of Mr. and Mrs. Thurman Francis. Mrs. Francis left Tuesday for Irving to visit her family, who are all ill with the flu.

### 10 TRAVEL TRAILS UNVEILED FOR TEXAS

Outlined on the Texas map are the 10 Texas Travel Trails unveiled by Gov. John Connally at the third annual Governor's Tourist Development Conference held Jan. 17 in Austin. Watch The Dispatch for maps and stories on each of the individual Travel Trails.

## SPORTS

### Sweetwater nips Post 9th grade in Snyder meet

Coach Bill Smith's Post freshmen, who had to forfeit their first game in the Snyder 9th grade tournament because of hazardous traveling conditions, showed up Saturday only to lose to Sweetwater, 53 to 47, in the consolation final.  
 Robert Bullock signed the nets for 26 points, and Sweetwater had to fight off a furious rally by the Post team in the fourth quarter after leading 48-29 at the end of the third period.  
 Snyder Lamar won the tournament championship by shading Snyder Travis, 47-44.  
 The scoring summary of the Post-Sweetwater game:  
 POST—Poer 4 3 11, Ayala 2 0 4, Bullock 11 4 26, Sims 1 0 2, Torres 0 2 2, Hodges 0 2 2, Totals 18 11 47.  
 SWEETWATER—Brown 7 4 18, Ronemus 7 4 18, Howard 3 1 7, Hays 1 0 2, Lair 1 0 2, Hills 2 0 4, Hendrix 1 0 2, Totals 22 9 53.

### Freshmen lose to Crosbyton

Crosbyton's freshman basketball team swept past the Post freshmen, 48 to 21, here Monday night.  
 The visitors forged into an 11-6 first quarter lead, were ahead 20-16 at halftime, and 34-17 at the end of the third quarter.  
 None of the Post players hit in double figures. Robert Bullock's eight points being tops for the locals. Freeman's 26 points paced the Crosbyton onslaught.  
 The scoring summary:  
 CROSBYTON—Freeman 12 2 26; May 2 0 4; Brashear 3 2 8; Hill 4 2 12, Totals 21 6 48.  
 POST—Bullock 4 0 8; Sims 2 0 4; Long 2 0 4; Ayala 1 0 2; Jennings 0 0 0; Hodges 0 1 1; Poer 1 0 2; Torres 0 0 0; Walker 0 0 0, Totals 21.

### Freshman boys to play game at Snyder today

Post's freshman boys' basketball team will play Lamar Snyder today (Thursday) on the Lamar court with the tipoff scheduled for 6 p. m. Monday night, Jan. 29, the freshman boys' and girls' teams play host to O'Donnell with the first game scheduled for 5 p. m.

**YOUTH SUNDAY**

### New Futurity set at Ruidoso Downs

**RUIDOSO DOWNS, N. M.**—General Manager Tex Barron states that Ruidoso Downs has recently launched an unique race which he feels is destined to become one of the most famous racing events in the Southwest. It's called the Rio Grande Thoroughbred Futurity.  
 "The Rio Grande Futurity," says Barron, "fills a much-needed slot in the racing picture at Ruidoso Downs. It's a Thoroughbred Futurity exclusively for New Mexico bred foals, and this has been needed for a long time."  
 Nominations for the event closed Jan. 1 with 112 two-year-olds looking toward an estimated purse of some \$40,000.  
 The Rio Grande is scheduled July 21, with trials on July 12.

**SERMON TOPICS**  
 Sermon subjects at the First Christian Church Sunday will be: "The Good Guys Wear White Hats" at 11 a. m. and "The Beauty of Failure" at 7 p. m. The minister, Bernard S. Ramsey, extends a cordial invitation to the public to attend all services. A supervised nursery is maintained during the morning worship.

**CONSTABLE CANDIDATE**

Lloyd H. Merritt of Snyder, a former Garza County deputy sheriff, has announced that he is a candidate for the office of Constable in Precinct No. 1 of Scurry County

sters in the pickup were en route to school. Mrs. Hays was returning home after taking her children to school.

The driver of the pickup was charged with no driver's license and making an illegal turn, Sgt. Shepherd said.

The officer estimated damage to the pickup at \$150 and to the automobile at \$200.

**7 persons escape injury in crash**

Seven persons escaped injury in a collision between an automobile and a pickup truck about 8:30 a. m. Tuesday at the intersection of Main Street and Avenue K.

Police Sgt. Otis G. Shepherd Jr., who investigated, said the accident occurred when the pickup, driven by Nicario M. Fuentes, 15, struck the automobile, driven by Mrs. Laverne Hays, as the pickup made a left-hand turn off Main onto Avenue K.

Fuentes and five other young-

**Hunting accidents in 1967 show gain of 17.3 per cent over 1965 mishaps**

AUSTIN — Texas hunting accidents showed an increase of 17.3 per cent with 95 in 1967 compared with 81 in 1966, according to Robert G. Mauermann, deputy director of the Texas Parks and Wildlife Department.

Even with the overall increase in hunting accidents, fatalities showed a decrease of six for a total of 22 in 1967. By the same token, the non-fatal accidents increased from 53 in 1966 to 73 in 1967.

These figures were compiled from hunter casualty reports submitted by Department game wardens, Mauermann said.

These figures could be revised upward slightly if all the 1967 reports have not been filed with the Information and Education Division of the Department.

Statistics from these reports will be compiled later in January and submitted to the National Rifle Association which will compile a nationwide report in an effort to cut down on the rate of hunting accidents.

Compilation of the reports at year-end indicated 49 of the 95 hunting mishaps involved persons 18-year-old and under. Of the 22 fatalities, 14 involved persons 18-year-old and under.

Forty-one of the total number of accidents involved shotguns, 37 involved rifles, 15 involved pistols, and two involved pellet guns.

Thirty-eight of the 95 hunting accidents involved persons shooting themselves compared with 34 out of 81 in 1966.

Mauermann says that carelessness and lack of common sense caused all the accidents.

A 14-year-old boy was killed by his playmate when they took a shotgun without their parents' permission. The report cited extreme carelessness as the cause of the accident.

A 13-year-old boy shot his 14-year-old brother as he was shooting at a rabbit. The victim moved into the line of fire.

Another accident involved the shooting of a skin diver by a duck hunter who thought he was shooting at an alligator.

A 64-year-old Kingsland man was killed by another man who mistook him for a deer. The distance between the two men at the time of the shooting was 37 yards, and the victim was wearing a red hat and light colored pants.

In another incident, a man killed his 12-year-old grandson after shooting into brush at a running deer.

In Houston a nine-year-old boy

was killed while playing in a vacant lot. It is theorized that someone was hunting rabbits within the city limits and shot the boy.

A 16-year-old boy had much of his head blown off by his 17-year-old companion. The shooter was resting his rifle on the top of his car while shooting at a deer from a public roadway, and the victim crossed the line of fire.

**RELATIVE DIES**

Vinson G. Guthrie, and Mr. and Mrs. John Huffman and C. J. were in Andrews Saturday due to the death of Virgil L. Watkins, 61, a nephew of Mr. Guthrie and a cousin of Mrs. Huffman. They also saw a nephew, Walter Virgil Guthrie of Waco and a niece, Mrs. Ruby Wood of Andrews, who Mr. Guthrie had not seen for 37 years and whom Mrs. Huffman met for the first time.

**FOR THE EIGHTH TIME!**

Piggly Wiggly has done it again! They are the recipients for the eighth time, of the Good Housekeeping Special Citation for Outstanding Customer Service. Displaying the citation are C. E. Pearson (L), vice president, Operations, and Guy Kennedy, vice president, Purchasing. The citation was presented to Piggly Wiggly, Shop Rite Foods, Inc., for consistent high standards of service and quality controls, for strict adherence to customer comfort and shopping pleasure, for promotion of national brands and for informative food advertising.

**SERVICES HELD**

Memorial services for GMG3 Dell Ross Claiborne, who died Jan. 8 of wounds received in Vietnam on Jan. 4, were conducted Wednesday of last week at Honolulu, Oahu, Hawaii, with burial following in the National Military Cemetery there. Claiborne's parents, Mr. and Mrs. Horace Hancock of Seminole, attended the funeral services. He is also survived by his wife, Barbara; three sisters, and other relatives, including an aunt, Mrs. Henry Key of Justiceburg.

**Fort Worth Rodeo has five champs**

FORT WORTH — Led by two-time all-around champion cowboy Larry Mahan of Brooks, Ore., a total of 570 rodeo contestants will be vying for over \$78,000 in prize money and entry fees at the 1968 Fort Worth Stock Show Rodeo, Jan. 26 through Feb. 4.

All five of the reigning national event champions are scheduled to compete at the ten-day Fort Worth Rodeo. The five 1967 champions are: Clyde Vamvoras of Burkburnett, bareback bronc riding; Roy Duvall of Boynton, Okla., steer wrestling; Shawn Davis of Whitehall, Mont., saddle bronc riding; Glen Franklin of House, N. M., calf roping, and Mahan, bull riding.

In addition to the current cowboy champions, the 1968 entry list includes numerous former champions and top competitors.

**ENLISTS IN AIR FORCE**

Leslie Davis, who has enlisted in the Air Force, left the first of the week for San Antonio where he will take his basic training. Leslie is the son of Mr. and Mrs. T. F. Davis.

**It's the Law...**

**FOR PASSENGERS ONLY**

Passengers on a trolley or a train, a taxi for a bus, get more than a ride for their money. They also get the benefit of a special legal status. As passengers on a public carrier, they are entitled to an extra measure of care for their safety.

In case of accident, this privileged status may make the difference between collecting a goodly sum as damages and collecting nothing at all. But to qualify, you must indeed be a "passenger"—as that term is defined by the law.

At what moment, legally, do you become a passenger, entitled to this special protection? Consider this case:

A bus driver, failing to see a woman coming up the steps of his bus, shut the door on her leg. When she claimed damages for the resulting injury, the bus company protested that she had not acquired the status of a passenger because she had not actually entered the bus.

Nevertheless, the court upheld her claim.

"The law is not so narrow," said the judge, "as to conceive of the relation of carrier and passenger only when a person is actually on board. To the contrary, the law deems that relation to exist when one is properly on the steps entering."

On the other hand, a man waiting at a sidewalk bus stop was held not yet a passenger as the bus was pulling up to the curb. At that moment he was jostled against the bus and injured. Lacking the status of a passenger, he failed in his efforts to make the bus company pay his doctor bills.

After you are once on board, how long does the passenger status continue? Generally it ends when you disembark—but only if you are let off in a place of comparative safety.

In one case a cab driver discharged two children into a busy street, and a passing car struck them down. The cab company was duly held liable for the accident because the children, not having been delivered to a safe place, were still passengers in the eyes of the law.

If you are let off at a carrier's depot, you ordinarily remain a passenger until leaving the premises. But not if you linger there too long.

For example, a man who was injured after remaining at a bus depot for almost two hours, waiting to have lost his passenger status.

The court reasoned that after so much delay, the man had shed his special rank and had become just another member of the public.

**Snow and rain gladden hearts at Southland**

by MRS. EDMUND WILKE  
 SNOW and RAIN! Two beautiful words! Especially RAIN. First had a terrific snow storm and for the past three days it has been slowly raining — soaking the ground and making all the flowers around this community very happy and thankful. As I heard on the radio this morning, rain has been a million dollar word.

Southland's High School basketball teams traveled to Ropesville 1. 16 for games with the following results: "B" boys, 47-40; girls, 19 and boy's varsity, 77-44. We all three games. Better luck next week, team.

Sister Bradshaw is still a patient at Mercy Hospital. We sincerely hope that she will be up about real soon.

We wish to extend our deepest sympathies to Mr. and Mrs. Leroy Light, whose little grandson choked to death on Saturday, Jan. 20, and the two months old son of Mr. and Mrs. Glen Best. Mrs. Best, Lucy, is the daughter of Mr. and Mrs. Voight. The autopsy report

showed that little Michael Glen had asphyxiated, but the baby hadn't even signs of being sick, only a little cold. He was sleeping when he became strangled and was dead on arrival at the hospital. His funeral will be held on Friday in the First Chapel at Lubbock. May I be with and comfort this family in the great sorrow. Mr. and Mrs. Best live in Aberdeen, Maryland, where he is an Army electrician. He has just recently returned from Vietnam.

Mr. and Mrs. Billie Becker spent several days down at Lake Stamford this past week.

Mr. and Mrs. Callaway from Post spent

the weekend with his grandparents, Mr. and Mrs. D. D. Pennell. On Sunday, the Pennells and Jay went to Lake Thomas.

Mrs. Jerry Pennell spent several days in a Lubbock hospital after having minor surgery.

Mrs. Kenneth Callaway was off work a week with the flu.

Mr. and Mrs. Donnie Pennell went to the Winchester Theatre in Lubbock on Saturday to see "Gone With the Wind."

Mrs. Elmer Belk is working at the school now, helping the teachers in different capacities and helping Mr. Callaway in the office.

Mr. and Mrs. Billy Lester, Gary and Gregg, spent Sunday visiting in the home of Mr. and Mrs. Mack Terry.

Rev. and Mrs. Tommy Wilson and Tommie Jean from Hartley visited with Mr. and Mrs. Billy Lester recently.

Edmund, Sherri, Darrell and Yours Truly were Sunday dinner guests of Mr. and Mrs. Wallace Becker in Slaton. On Sunday night, Martha and Larry Wilke stopped by our house on the way home to Lubbock from Post. They had visited in Post with Mr. and Mrs. Gilbert Blodgett, parents of Martha.

Mr. and Mrs. Marcus Wilke returned last week from LBJ Lake. They both had the flu and then they were snowed in for a couple of days after returning home.

We would like to extend our deepest sympathies to Mr. and Mrs. Payton Crawford who received the sad news one day last week that the two year old baby of Mrs. Crawford's niece had been accidentally shot and killed. May God comfort this family in their sorrow.

Mr. and Mrs. James Crawford and children from Lubbock, Mr. and Mrs. Webster Crawford, Donald Wayne Crawford and Jettie Crawford and boy friend from Lubbock were Sunday guests in the home of their parents, Mr. and Mrs. Payton Crawford.

Mrs. Cecil Stolle was honored with a "Pink and Blue" shower at Grace Lutheran Educational Building in Slaton on Wednesday night, Jan. 24, from 7:00 p.m. to 9 p.m. Hostesses for the occasion were Mmes. James Riney, Richard Becker, Douglas Neugebauer, Willie Becker Jr., Chris Gindorf, Libby Schneider, Donnie Pennell, Earl Schwenke, Otho Dillard, Edmund Wilke, and Loyd Hagens.

Looks like the new house of Mr. and Mrs. Salisor Rodriguez is just about ready for occupancy. Her family will be glad when it is ready. Sure is looking pretty for the outside.

God's continuing work is not making new suns and planets; it is the creation of a new heart.

See you next week, I hope!

**Lunchroom Menus**

Meals served in the Post school cafeteria Monday through Friday next week will be as follows:

Monday: Barbecue beef on bun, candied yams, buttered peach, one-half apple, milk.

Tuesday: Navy beans with salt, cabbage claw, chilled tomatoes, bread and butter twich, cinnamon roll, milk.

Wednesday: Frito pie, buttered corn, crisp vegetable salad, bread, iced juice, iced cookies, milk.

Thursday: Cheeseburger, potato, lettuce, tomatoes, pickles, onion, apricot pie, milk.

Friday: Salmon croquettes, cat-creamed potatoes, green beans, iced juice, jello with topping, rolls, butter, milk.

**NEW FANGLED WAYS**

**POLISHING OFF THE FURNITURE**

Before Grandma could polish her furniture she had to "cook up" her own polishing recipe. She mixed pints of linseed oil and white vinegar with an ounce of wine and turpentine spirits; then a dash of powdered gum arabic and butter of antimony finished the ingredients. She bottled and shook it vigorously before she applied it to furniture.

Next she made her own oiled chamois buffing cloths. Between two sheets of blotting paper spread with machine oil, she placed chamois patches. Grandma weighed it down with heavy books for 24 hours by which time it had the light, oily feel that would put a gloss on wood pieces.

Today's homemakers have an easy time of it. A spray-on with a dust-and-clean polish and then a lightning-fast wiping with the new Handi Wipes cleaning cloth does the job in record time. This all-purpose re-useable cloth is soft as chamois, polishes furniture easily, and brings out the hidden beauty of wood with little effort on the polisher's part.

**CATTLE RUN FOR PURINA PROTEIN BLOCKS**

Purina protein blocks, we call 'em Purina Range Blocks, fit the easy feeding habits of many cattlemen. They make an excellent, long-lasting supplement for cattle in the stalk fields. They supply needed nutrients to help keep mother cows in good condition all winter.

Purina Range Blocks are fortified with Vitamin A. They are weather resistant. And they are especially economical. If you feed protein blocks, check our price before stocking up for the winter.

Let us show you Purina Range Chow Blocks. Cattle love 'em!

# Grassland homes thrown open to the snowbound

By MARY LEE LAWS

Boy, did we have a doozie of a snow here Thursday. Hope we never see one like that again. The Grassland school bus from Tahoka was stranded at the home of Mr. and Mrs. Norman Braddock. They only had 21 children overnight and part of Friday. Norman used a tractor and trailer to deliver the kids home on Friday as no one could get down their road by car. As one of the parents out of several, I would like to express our many thanks to the Braddocks for everything they did for all of us. There will never be words to express how appreciative we all are. Thanks again Norman and Hazel.

Mr. and Mrs. Leonard Gribble had two overnight guests on account of the snow storm. The Kelly Laws' home was another rescue place. They had four servicemen from Koswell, N. M., who were stranded. Mr. Weatherby of Lamesa was also stranded and spent the night.

A family of four from Snyder spent Thursday night with the James Murrys because of the storm.

Joy Laws and Quita Murray spent Thursday night with the Kenneth Huffakers and were taken home the next morning.

There were several more families around Grassland that had unexpected visitors that night, including the Jim Bob Porterfields and the H. C. Gribbles. There were probably lots more but we don't know about them. We just hope everyone is back home safe and sound.

Dean Laws spent the night Thursday with his mother, Cordie Laws.

The Rev. and Mrs. E. A. Rawlings and Mr. and Mrs. H. E. Huffaker were Sunday dinner guests of the W. G. McCleskeys.

Mrs. Lucy Cunningham was a Sunday dinner guest of Mr. and Mrs. Leonard Gribble.

There were no services at the Grassland Church of the Nazarene Sunday night so those who wanted to could attend the revival in Post at the church there.

Mr. and Mrs. Jimmy Warren and Sheila and Bryan of Hobbs, N. M., visited the Dean Laws Sunday and took their son, Jimmy Edward II, home with them after he had spent the week here. They returned by way of Lamesa and took Mr. Weatherby home after he had spent the week also.

Mr. and Mrs. William Young of Lubbock were Sunday dinner guests of the Jurd Youngs.

Winford Craig and his two sons visited Mr. and Mrs. Charlie Craig awhile Saturday afternoon.

Mr. and Mrs. Richard Ray and sons of Lubbock spent Saturday night with the J. E. Ramseys.

We would like to express our deepest sympathy to the Stanley families on the loss of Mr. Stanley's mother, who passed away in Abilene last week.

No church services were held at Central Baptist Church on Sunday due to the bad weather but they will have their regular fourth Sunday singing from 2:30 to 4 o'clock this Sunday.

All four of Jeanette McCleskey's kids have been on the sick list.

Robert Craig visited his mother, Mrs. R. L. Craig, for awhile Sunday. He said all of his children are sick with the flu.

Tammara Young of Midland is visiting a few days with her grandparents, Mr. and Mrs. Jurd Young.

Mr. and Mrs. Loren Thomas spent Thursday night with the Robert Craigs on account of the snow.

Mr. and Mrs. C. O. McCleskey's folks, the Winford Smiths, from the Valley are visiting them and other relatives.

Mrs. Amos Gerner visited her mother, Mrs. O. F. Haley, Friday afternoon.

The Nazarene Church Teen-age Bible group and their parents will have a banquet tonight, (Thursday) at the Graham Community Center in observance of National Youth Week. Meetings are planned Friday through Sunday. Friday night they will have special music with Libby Huffaker helping with the music and her husband, the Rev. Bibby Huffaker being the speaker. Services will begin at 7 p. m. H. C. and Rocky Gribble will also participate in the musical program. The Rev. Mr. Huffaker is pastor at Petersburg.

## Plugback operation is set at Dorward well

Humble Oil & Refining Co. has scheduled a plugback operation at its No. 1-F J. C. Dorward, four miles southeast of Justiceburg in the Dorward field.

The well, now completed in the San Angelo zone, will plug back to 2,400 feet for tests of the San Andres.

Location is 330 feet from south and east lines of the southwest quarter of Section 137, Block 3, H&GN Survey.

## UNDERGOES SURGERY

Mrs. Junior Gray underwent major surgery in West Texas Hospital in Lubbock a week ago Wednesday and was discharged to her home here Tuesday morning. She is reported to be getting along fine.

## Seeks governorship under GOP banner

DALLAS — Dallas-Waco lawyer John R. Trice announced Jan. 19 as a candidate for the Republican nomination for governor of Texas.

Trice said he will make his formal announcement in Austin on or before Friday of this week.

Trice was the GOP candidate for attorney general in 1964. He is the first Republican to announce for the governorship.

The French Academy was created by Cardinal Richelieu in 1635 to preserve and perfect the French language.

## Post soldier injured escaping enemy fire

Specialist Four Richard D. Little, who was awarded the Bronze Star in Vietnam about a month ago, is in a hospital there with a broken ankle suffered while rolling down a hill to escape enemy fire, he writes his parents, Mr. and Mrs. Nathan Little.

Little, whose home base is Quan Loi, Vietnam, was awarded the Bronze Star for his participation in the battle of Loc Ninh.

He wrote his parents as follows: Dearest Family: Well, guess where I am. That's right—in the hospital! Don't get worried... I'm all right.

We moved from Highway 13 and flew to Thunder 11 as an NDP at a place called An Loc. It is right out of Quan Loi. Me and another guy were standing on a hill that

surrounds the perimeter, and Charlie shot a couple of rounds at us. We hit the dirt and rolled down the hill. When I got to the bottom, I had a broken ankle. How about that? They are going to put it in a cast tomorrow as soon as the swelling goes down. I guess I will wear the cast for at least six weeks.

If I'd had about 30 or 40 days left, I could have come home, but no luck. The thing sure is sore, I guess I will be out of the field for good, I hope. It will always be weak, so I sure am going to have to be careful.

Tell Joe and Pam and Richard Todd I will write them real soon. It sure is going to be a long eight weeks. I sure hated to leave all of

them out there, because there sure is going to be a lot of action and I worry about all my men. I like to be right beside them when everything is happening. I hope they do real good.

My foot is in traction, so my writing may be hard to read. I'll sure be glad to get it set, because it sure is a slight pain (Ha!)

Well, I'd better run for now. So, be sweet and I'll write later OK? Love ya.

Rick (His address is: SP4 Richard D. Little US 5440498, Co. A, 1st Bn., 28th Infantry, 1st Infantry Division, APO San Francisco, Calif. 96345.)
