### Agreement is authorized for loans from Lubbock libraries

Trustees of the Post Public Library at their April meeting Tuesday night authorized the signing of an agreement with the Lubbock County Libraries for inter-library loans and reference referrals.

Lubbock libraries have been designated as the major resource for a 27-county West Texas district under the Texas State Library's new major resource program.

Cornish, chairman of the trustees, reported on a workshop conducted by the Lubbock County Libraries April 7 to detail the services it would offer as a major resource center.

Interlibrary loans and

reference referrals, the Lubbock libraries will offer expert consultant service on all phases of library work at no cost other than mileage, Cornish reported.

The interlibrary loan program will make available to Post library patrons virtually the entire book selection of the Lubbock libraries which will be increased to a half million volumes in the next five years.

Trustees decided to contact the board of Friends of a Public Library to determine what the Friends organization can undertake this year in the library expansion program into an additional city hall room. The Friends group furnished all the shelving

and library furniture for the present library.

The Friends' board, scheduled to meet next Tuesday night, also will be asked to get their plans under way as quickly as possible for its summer reading program for school-age youngsters here. Trustees see the need for contacting the youngsters with details of the summer reading program while they are still in school classrooms next month.

Trustees also discussed a book fund drive soon to be launched by a special Friends committee of which J. B. Potts is chairman and decided to ask this committee to consider as one of its goals the Time-Life series of 98 published

books, which would cost \$484.10, to place in the public library.

Included in this series of reference books, which would be invaluable to local students, are 22 volumes in its science library, 24 volumes in its nature library, 34 volumes in its world library, 12 volumes in its history of the United States, 11 volumes in its Great Ages of Man, five volumes in its Time-Life library of art, and two volumes of Illustrations of Americans.

Additional volumes of this Time-Life series are published each two months at a cost of \$4.95 each.

Attending the meeting were Mrs. Patti Kirkpatrick, David Newby, Cornish, trustees, and Mrs. Rosemary Chapman, librarian.

### Martinez heads Post teachers

Martinez, who teaches English and Spanish in Post High School, was elected president of Garza County unit of the Texas State Teachers Association at a meeting last Thursday night in the school library.

Other officers elected for the 1967-68 school year were: Mrs. S. Lobban, vice president; Mrs. R. Hudman, secretary, and Mrs. Iris Wilkins, treasurer.

Martinez succeeds Mrs. Lucile Wade as president of the organization.

Keck of Austin, representing the TSTA, spoke on "Interpretation of the Teaching Profession to the Community."

Committee of Gordon Lee, Bob Potts and Mrs. Rosa Gamblin appointed to study the possibility of setting up a scholarship fund for deserving Senior class members.

Group voted to award a pension to outstanding member of the school's Future Teachers Association.

Approximately 50 members attended the meeting, which was presided over by Mrs. McBride. The program was by A. T. Nixon. Mrs. Ida Jones gave the treasurer's report.

Barbecue at park honors athletes

More than 200 Post junior high school athletes and their families went through the "chow line" Tuesday afternoon at the annual all-sports barbecue held at the City-County Park.

Barbecued beef, potato sautés, and slaw was prepared by the faculty members assisted by their wives. Supt. Tom F. Shiver and Coach Billy were in charge of the barbecue.

Individual certificates has been prepared for each athlete, but not given out because of the wind that prevailed throughout of the event.

Only award made was an honor plaque presented to Larry A. Tubbs for his service as team physician during the season. The presentation was made by Coach Glynn Gregg.

Junior high athletes' individual certificates were presented at Wednesday, and the high school awards are to be made in a assembly at 3:15 p. m. today (Friday) in the high school gymnasium.

### "Lucky 13" join in Dollar Day prices taking big tumble

A "lucky 13" Post merchants are joining together again Friday and Saturday for the second in a new series of Post Dollar Day weekends during which prices on dozens of Dollar Day specials come tumbling down.

The initial Dollar Day effort a month ago was a huge success—and judging by the dazzling prices offered in their Dollar Day ads in today's Dispatch, the May promotion should be even better.

Three of the participating merchants are holding sales over this Dollar Day weekend.

Martin's Department Store opened its four-day Stock Reduction Sale today as you will see with its page announcement on page 3. The Parrish Grocery and Market is conducting a weekend Spring Sale featuring special prices on Libby's canned goods with

so many cans for a \$1.

Parrish also is joining four other local firms in offering National Dividend Club coupons redeemable for cash and will give away free coupons at that grocery store all-day Saturday.

The third Dollar Day weekend sale is a month-long Bute Colorizer Paint 100th Anniversary White Sale, which will end Saturday at R. E. Cox Lumber Co. and offers homeowners their last opportunity in a good while to buy Bute paint at half price—pay regular for one gallon and get a second gallon free.

There are bargains for everybody in the big Dollar Day weekend coming up and all are advertised in today's Dispatch by Martin's, Herrin's, Bob Collier, Drugist, Hundley's, Maxine's, Post (See Dollar Day, page 8)

### Post mare wins top show honor

Sharla-Joy, a 1965 mare from the Macy Ranch here, was selected as the grand champion mare of the fourth annual Colorado City Quarter Horse Show held Saturday.

The sorrel was shown at halter by Bob Macy, ranch owner.

A dun-colored colt, Red Cloud Kid, exhibited by John Anderson of Gall, won grand champion stallion honors.

The grand champion gelding was shown by Alvie Cole of Sterling City.

### City councilman to be appointed May 1

Appointment of a city councilman to fill the vacancy created by the death of Councilman Jesse A. Rogers two weeks ago will be on the agenda at Monday night's city council meeting.

Monday night's regular May session will be the first regular council meeting since John Hopkins was elected mayor in the April 4 city election.

**RANCH MARKER DEDICATION SATURDAY**  
Green Tank roadside park, eight miles southeast of Post on U. S. Hwy. 84, was the scene of the OS Ranch historical marker dedication Saturday afternoon. Shown above are some of the early arrivals at the dedication ceremony.

The new brick front for City Hall which went on this week caused inconveniences for a lot of folks who had to use the various city hall doors while bricklayers worked over their heads on scaffolding.

A big heavy plank blocked the Post Public Library entrance for two days as workmen used the plank to prop up the rows of brick over the library door while the mortar dried. (At least we guess that's why it was there).

But that didn't prevent Tuesday from being one of the library's busiest days since it opened last June—with over 50 books checked out.

Librarian Rosemary Chapman met Cliff Scarber's third grade class for an afternoon visit by guiding them in through the back door. After the tour, most of the class were issued library cards and checked out books—the third primary school class to tour the library in a week.

The library was scheduled to be open Tuesday night. Where there's a will there's a way. Earl Chapman and Jack Lott hopped up on the scaffolding and moved the big plank to the side of the library door so patrons could enter. The effort paid off too with a heavy check-out of books during the evening hours.

Supt. Bill Shiver called us yesterday afternoon to ask for a summer "jobs wanted" plug in the column for four girls who will graduate next month from Post High School and need summer work to earn clothes and incidental money to help start to college next year via a government loan program. The school administrator will recommend each of the four girls highly and asked prospective employers for either part-time or full-time work to contact him about jobs for the girls.

Toby Thomas, proprietor of the Dairy Mart, is convinced this week that The Dispatch's advertising slogan is correct—"It does" (See Postings, page 8)

### Paul Walker is speech winner

Paul Walker, Post High School senior, won first place in Conference AA informative speaking at the Region I Interscholastic League meet in Lubbock Saturday, and will represent his school in the state meet at Austin on May 5-6.

Walker, son of Mr. and Mrs. Pat N. Walker, is the first Post High School student, at least in recent years, to qualify for state UIL competition.

Robert Watson of Iowa Park finished second to the Post youth in the informative speaking contest, and Jim Smith of Haskell was a third.

**THEY "DRESSED APPROPRIATELY"**  
Some of the women who attend the OS Ranch marker dedication were "appropriately dressed" in pioneer dresses or bonnets. From left are Mrs. Walter Boren, Mrs. Winnie Tuffing, Mrs. Evelyn Neff, Mrs. A. C. Surman, Mrs. Tom Bauchier and Miss Doris Clark.—(Staff Photo)

### Radar meter to boost county fund

Action by the county commissioners at their April meeting early this month to purchase a radar speed meter for use by the state highway patrol was taken for revenue producing reasons.

Speeders arrested by the highway patrol appear in the justice of the peace court here and fines and court costs go into the county's salary fund.

This explanation is offered because members of the court say some county residents do not understand how the county itself would benefit from the radar meter purchase.

Actually, the commissioners court figures the radar meter should "pay for itself" in 60 to 90 days.

### Clocks to gain hour

### Daylight Saving Time to start early Sunday

In compliance with the Uniform Time Act of 1966, all clocks are supposed to be moved forward one hour at 2 a. m. Sunday, April 30, but it is doubtful if many Post people will stay up until 2 a. m. to tinker with their timepiece.

It all amounts to the same if you run your clock forward one hour at any time before the Daylight Saving Time period goes into effect. The 2 a. m. hour for running the clock forward was set purely for the sake of uniformity. The Post schools, churches, the-

### Early days recalled as marker dedicated

As one old-timer said as he surveyed the crowd, "They came from the forks of the creek." Saturday afternoon to attend the OS Ranch Texas Historical Marker dedication at the Green Tank roadside park, eight miles southeast of town on the Singler highway.

One hundred and twenty-one visitors registered and the number not registering probably swelled the size of the crowd to around 150, one historical survey committee member estimated.

Donors of the historical marker honoring one of the area's oldest "spreads" were members of the Neil Connell McCrary and Giles C. McCrary families, whose forebears came into possession of the ranch in 1913.

A number of members of the ranching family attended the dedication, with Giles Dalby, present owner of the Cross H Ranch, presenting the historical marker.

Oscar Crain of Lubbock, district engineer for the Texas Highway Department, which installed the marker at the roadside park, spoke briefly.

The acceptance and dedication of the marker was by County Judge J. E. Parker, who paid tribute to the ranching industry "for its contribution to the development of this area."

The history of the ranch was given by Walter Duckworth from its establishment in the early 1880's "during the days of the open range in Texas," until the present.

Entertainment was provided by members of the Post Music Club, (See Ranch marker, page 8)

**NEW "PINK LADY" OFFICERS**  
Four of the five new officers of the Garza Memorial Hospital Auxiliary were present at Friday night's installation banquet. From left are: Mrs. J. E. Parker, president; Mrs. A. C. Cooke, first vice president; Mrs. Joe Irons, second vice president, and Mrs. L. G. Thuet Sr., recording secretary. Mrs. C. R. Wilson was elected treasurer and corresponding secretary.—(See story on page 8.)

### Posse will ride today at Tahoka

The Garza County Sheriff's Posse will ride at 4 o'clock this afternoon (Thursday) in the parade opening the seventh annual Tahoka Frontier Days Rodeo and will also ride in tonight's grand entry.

From 16 to 20 members are expected to represent the local posse in the parade.

The Tahoka parade will be the third appearance for the riding group since its organization earlier this year. Previous appearances have been at Levelland and Lubbock.

## 1966 'billion-dollar' tourist year

Texas enjoyed its first "billion-dollar" tourist year in 1966, and towns and cities that did not reap some of the benefits have only themselves to blame.

The news that tourism entered the select circle of billion-dollar industries for the first time in the Lone Star state is contained in the Texas Highway Department's 1966 Visitor Industry Report, a copy of which reached our desk this week.

While the total automobile visitors last year represented an 11.6 per cent gain over 1965, the biggest gain for Texas was in their expenditures, which increased by 18.1 per cent or \$110,639,000.

Average spending per person was \$8.80 per day, while the average spending per tourist party was \$25.52 per day. Spending per visitor increased 93 cents per day over the average in 1965.

The 20-page report, which reflects the combined activities of the Texas Tourist Development Agency, the Texas Highway Department and, in the private sector, the Texas Tourist Council, points out that the billion-dollar plus figure represents only money left in Texas by out-of-state visitors. This figure does not include expenditures of Texans traveling within their own home state. Each year they make countless trips within the State's borders conducting business and visiting the scenic, historical, cultural and recreational points of interest offered by Texas.

No figures on what Texans spent traveling inside their own state are available, but a tremen-

dous sum would be added to the substantial total of the measured travel market.

In addition to assisting more than three-fourths million travelers in 1966, the Department received and processed 261,000 mail requests for information on Texas. A record four million pieces of travel materials were distributed. Of this total approximately two million were published by the Texas Highway Department, while the remainder was furnished by chambers of commerce and allied groups.

And, while we're on the subject, let's hope the City of Post carries through on its plans to build a tourist campsite area here, preferably before the year is out in order to be able to accommodate some of the increased tourism predicted for 1968.

Post now has no camping accommodations for tourists, although it does have an ideal site for such accommodations to be built. The proposed campsite area already is past the "talking" stage, with the City Council having met with the City-County Park Board and received that group's promise to cooperate on any such project.

A tourist campsite area such as the one proposed would put Post in an excellent position to stop, at least for an overnight stay, some of the tourists who will be travelling U. S. Highway 84 next year, many of them en route to the HemisFair at San Antonio or to the Olympic Games in Mexico City.—CD

## Move is on to lower voting age

Since the 18-year-olds in America today are better educated and informed than ever before in our history, and since an alarming number of the already qualified voters fail to show up at the polls when there is an election, we are in favor of the proposal to lower the voting age to 18.

Such a proposal is now before Congress. It was introduced Jan. 12 by Sen. Mike Mansfield of Montana, the majority leader of the U. S. Senate, in the form of a proposed amendment to the U. S. Constitution and was co-sponsored by 37 other Senators including Ralph Yarborough of Texas.

Four states already have voting ages lower than 21. Georgia and Kentucky permit those 18 years of age and older to vote, while Alaska has a voting age of 19 and Hawaii a voting age of 20.

It is estimated that there are over 10 million young Americans in the 18-to-20 age bracket. Young Americans between the ages of 18 and 21 have proven that they are responsible members of society, playing a vital role in our economy, improving their education, serving in the armed forces and supporting families.

As we mentioned at the outset, the young adults of today are better educated and better informed than ever before in our nation's history. Twenty years ago, in 1947, only 24.3 per cent of the 18 and 19-year-olds were enrolled in school.

## Occupational survey is important

Farmers, ranchers and business men of the Post Independent School District are urged to cooperate in the occupational survey now being conducted by answering the survey committee's questions when called on.

Upon the results of the survey will rest Post High School's chances of getting a second state-supported vocational agriculture unit for the next

By 1965, 46.3 per cent of this age group were continuing their education.

At 18, young adults are at the usual age for graduating from high school and are either starting a career or are furthering their education. Most have just completed courses in school, studying the governments of their state and their nation, as well as our history.

One of the ideas which these young people have learned stands out in history. It was the great revolutionary call of "No taxation without representation." This could well be used by those 18 and 19-year-olds today. In 1966, 3 1/2 million of the 18 and 19-year-olds were employed; they were earning money and paying taxes. They contributed to our economy through their efforts and services, and they have helped finance our nation through their taxes. They deserve the right to a voice in deciding where their taxes go.

Today there are over 416,000 18 and 19-year-olds serving in the armed forces of the United States. A great many of them are risking their lives daily in Vietnam.

These young people also shoulder a greater responsibility today at home. In 1966, 700,000 of our 18 and 19-year-olds were serving as heads of households.

Let's give these young adults a vote—a voice in their government!—CD

school year, and the possibility of other vocational courses in the future.

Information given the committeemen by the employes they interview is confidential information and the survey forms the committee fill out will not be seen by anyone other than professional school people.—CD

**THE LAST DAY** of April will bow out Sunday as the first day of Daylight Saving Time in Texas, and it will be interesting to see how Texans adapt to the change. Since DST will be with us until 'way up in October, I've been wondering about the starting time for night football games next fall.

Daylight Saving Time will be with us through the first six weekends of the football season, which means that the games that started at 7:30 p. m. last fall would actually get under way in daylight or at least twilight this year at the same time. Would the fans object to watching the first half of a game in daylight and the second half at night?

THERE IS SOME talk at Lubbock of starting the Texas Tech home games at 5 p. m., which would mean a finish at around 7:15 p. m. (DST). That way, the fans could have their football games and their Saturday nights, too. Texas Christian University has solved the problem by deciding that all TCU football games will be played in the afternoon, starting at 2 o'clock.

The man up the street says America is the only country in the world where men get together to talk about hard times over a \$7 steak.

IT'S ALWAYS "open season" on coaches this time of year, but Sul Ross State College track coach Frank Krhut, formerly of Post, no doubt feels someone is carrying it too far.

George Dolan, Fort Worth Star-Telegram columnist, brightened up one of his columns with this item: "Sul Ross' track coach Frank Krhut recently felt a pang.

"He was watching his troops warm up before a track meet.

"He felt a stinging sensation in an arm.

"He grabbed for it — and felt an arrow.

"The track was just a few hundred feet from the archery range."

You'd think more coaches would get shot during "open season," but the only other ones I've heard of are Post's own Glynn Gregg, who once got shot in the hand when his track starter's pistol went off prematurely, and an Andrews coach who was shot in the hip several weeks ago by a youngster who was "target practicing" in a nearby field.

HERE ARE SOME "political tips" Bill Turner, publisher of the County News, Littlefield, ran in his paper recently. They were thought up by State Sen. Finis W. Smith of Oklahoma and, as Hill Turner said, if you don't like them, blame them on Senator Smith. Here is how the Senator distinguishes between Republicans and Democrats:

"Republicans tend to keep their shades drawn although there is seldom any reason why they should. Democrats ought to, but they don't.

"Democrats buy most of the books that have been banned somewhere. Republicans form censorship committees and read them as a group.

"Republicans consume three-fourths of all the rutabaga produced in this country. The remainder is thrown out.

"Republicans usually wear hats and almost always clean their paint brushes.

"Democrats give their clothes to those less fortunate. Republicans wear theirs.

"Republicans employ exterminators. Democrats step on bugs.

"Democrats name their children after currently popular sports figures, politicians and entertainers. Republican children are named after their parents, or grandparents, according to where the most money is.

"Democrats keep trying to cut down on smoking, but are not successful. Neither are Republicans.

"Republicans study the financial pages of the newspapers. Democrats put them in the bottom of the bird cage.

"Most of the stuff you see alongside the road has been thrown out of car windows by Democrats.

"Republicans raise dahlia's. Dalmatians and eyebrows. Democrats raise airedales, kids and hell.

"Democrats eat the fish they catch. Republicans hang them on the wall.

"Democrats watch TV crime and western shows that make them clench their fists and become red in the face. Republicans get the same effect from the presidential press conference.

"Republican boys date Democratic girls. They plan to marry Republican girls, but feel they're entitled to a little fun first.

"Democrats make up plans and then do something else. Republicans follow the plans their grandfathers made.

"Republicans sleep in twin beds — some even in separate rooms. That is why there are more Democrats."

## Job Corps now open to girls

LUBBOCK — It was announced today by Richard Bunting, office manager of the Texas Employment Commission in Lubbock, that the Commission has been given authority to recruit and screen female applicants for assignment to the Job Corps.

Girls who are out of school and between the ages of 16 and 21 may obtain complete information at the Texas Employment Commission, 1602 16th St., Lubbock.

Bunting stated that his office has been enrolling boys in the Job Corps since the program was started and will continue to do so. He encourages boys and girls who are no longer attending school to visit the office and talk to a Job Corps counselor. This is an excellent opportunity for a youth to learn a skill, he said.

## Santa Fe again offers awards to state 4-Hers

CHICAGO — Twelve Texas 4-H members can look forward this fall to being guests of the Santa Fe Railway in Chicago at the National 4-H Club Congress. They will be chosen on the basis of a good all-around 4-H record, and will join the state delegation to the congress, Nov. 26-30.

Four of the 12 will receive \$500 educational scholarships in addition to the congress award. The Cooperative Extension Service will name the winners.

This marks Santa Fe's 45th year of 4-H support. Awards are offered in the 11-state area served by the railway system. While attending the 4-H congress, officials of the railway personally greet the visitors and are hosts to a gala dinner party complete with top entertainment.

## Card of Thanks

**THANK YOU ALL!!!**  
 The Garza County Historical Survey Committee thanks all who had any part in helping to make a success of our Historical Appreciation Observance March 2 to April 22.

To Winnie Tuffing, chairman and Gwen Boren, co-chairman, and all Historical Committee members who worked so diligently to help make it the success that it was. To donors of OS Ranch Historical Marker—Family of Nell Connell and Giles McCrary.

To Highway Dept. for installing marker at Green Tank Roadside Park (Oscar Crain, district engineer, Julian Smith, resident engineer). To Post Music Club for singing at dedication. To Mrs. Dulaney Davis of Ralls and her fiddle band at Dedication. To Pearl Nance of Justiceburg for her Chuck Wagon.

To Mary and Sid Cross for stagecoach. To Doyle Justice for tape recording program. To Lee Davis and Cecil Smith for traditional stew they prepared and to all who brought the generous picnic basket lunches. To committee members who prepared the coffee and roasted weiners.

To the Post Jaycees who furnished cold drinks and chairs. To City of Post for loan of flatbed truck and Pete Maddox for driving truck. To Mr. Oscar Crain of Lubbock and all members of committee who took part on program. To Post Dispatch, Lubbock Avalanche Journal and Radio Stations and TV for publicity.

To Station KPOS for programs on "Little Known Facts of Garza County". To all those taking part on the program who spoke in the Pioneer Memory Circle. To Post Junior High School for co-operation on Historical Marker Tour. To Mr. Pollard and sponsors, Lee Davis Jr., Mr. Burnett, Mr. Hahn, for furnishing and driving school buses and helping with field trip.

To Giles Dalby for permission to tour original OS Ranch site. To students who wrote themes on "Historical Places in Garza County" and the judges of the themes.

To Kay Rogers for exhibiting her Historical Glass Collection and to Maxine's for displaying them—and to any other exhibitors. To court house for displaying the paintings of our historical markers. To city for making old records available and for permission to hang pictures of all mayors in city hall council room.

To Young Homemakers Club for invitation to speak at meeting and for gift to chairman. To all who gave information and helped revise landmarks list. To Highway Department for maintaining our Markers located on highways. To county city and committee members who helped in clean up around markers.

To Highway Dept. for maintaining Markers located on Highway. To County and City and Committee members who helped in clean-up around markers.

To Postex Cotton Mill for two new stone Marker planter boxes. To First National Bank for flower plantings in courthouse boxes. To Post Public Library for bulletin board display.

Our heartfelt thanks to the friends and neighbors who brought food, and sent flowers and sympathy cards during our recent bereavement. A special thanks to the Rev. Jimmy McGuire and the Rev. Charles Plunkett, and for the gifts of money.

## Club is entertained by song, piano selection

Glenn and Chip Polk entertained members of the Mystic Sewing Club when it met in the home of their mother, Mrs. Pearl Polk, last Friday afternoon.

Glenn, a speech student at Texas Tech, sang and played a song he composed entitled "Jesus Talked to Me This Morning." Chip played a piano selection, "Last Date."

Mrs. Polk served open-faced sandwiches, cake, coffee and punch to the following:

Mmes. Lillie D. Short, Jimmie Hudman, Alylene Runkles, Edna McLendon, Opal Williams, Ruby Butler, Katherine Rankin, who will be hostess of the May 5 meeting, and Miss Henrietta Nichols.

## Lions sweetheart to compete in contest

Miss Donna Mathis will represent the Post Lions Club in the queen's contest at the District 211 convention of Lions International in Lamesa this Friday and Saturday.

The queen's contest is scheduled for 8 o'clock Friday night. Miss Mathis will be escorted by Paul Harmon.

Preston Poole, president of the Lions Club, said a number of local members plan to attend the district convention. Speakers will include Dr. Charles W. Jarvis and Texas Supreme Court Justice Zolie Steakley.

# Happy Birthday

**By ROSEMARY CHAPMAN**  
Mrs. I. N. McCrary dropped by the library Wednesday afternoon and left a cheery check of \$25 to be used for the purchase of new books. Who could ask for a better "lead" than that?

Kay Pace, treasurer of The Friends, reports that Mrs. Tillman Jones has been added to the Life Membership roll of The Friends of a Public Library. Robert Cox is a patron member and Ira Lee Duckworth and the Garza County Historical Survey Committee are sustaining members.

Active memberships thus far total 67 in comparison with the whopping 600-plus of last year. Are you people getting tired of us? If so, fine. If not, your support is needed. Please send a check to Kay at 306 West 11th St., or give one to Membership Chairman Ruth Ann Newby or any other of the volunteers at the library. Life memberships are \$100, patron, \$25, sustaining, \$5 and active, \$1.

Two charming groups of visitors toured the Post Public Library last Friday afternoon. They were students of Mrs. Lucile McBride's second grade and Mrs. Jean Gandy's third grade classrooms.

The children and their teachers discussed use of the library with librarian R. Chapman, and were issued library cards after browsing among the books and making their selections.

The second graders announced that they were in the process of selecting a book to be given to the library, and the third graders presented a handsome check of \$3 to Acquisition Chairman Helen Cornish for the purchase of a new book from their class.

In addition, each child plans to make a poster of the book which he or she has checked out. The results are looked forward to eagerly by library personnel, and further notice will be given when the posters are delivered.

Other classrooms or organizations interested in making an excursion of this nature will be welcomed. Please contact me at 2984 and we'll make the arrangements.

Some three weeks ago Maury Shiver resigned as chairman of the Library Aides. This is an important job which calls for patience, intelligence, and the ability to work hard and well without much thanks. Maury has filled it admirably for a year which is about as much as anyone can stand and,

frankly, we are floundering without her.

Friends of a Public Library Board please have a meeting and find us a New Maury Shiver Type! The Indians are getting restless, and it's time to set up the summer reading programs.

**FOR MEN ONLY.** Well, not really, but it sounds good, and besides, ladies, we are having a special session for you next week, and we don't want to hurt anyone's feelings.

**"Bankers and Cattlemen"** by Gene M. Gressley. "The stocks-and-bonds, Havana - cigar, mahogany - and - leather side of the cowboy era - politics, investors and operators from 1870 to 1900."

**"If I Can Do It Horseback"** by John Hendrix. Colorful articles on West Texas ranch life originally published in "The Cattlemen." Includes a chapter on "Caprock and Brush Country."

**"6,000 Miles of Fence"** by Cordia Sloan Duke and Joe B. Franz. First hand accounts of life on the XIT Ranch of Texas with numerous maps and illustrations.

**"The Wire That Fenced the West"** by Henry D. and Frances T. McCallum. Before the invention of barbed wire in 1873, fences were built to keep animals OUT. Afterwards, they kept them IN. "The hitherto unfenced West, far-ranging, free-ranging . . . began swiftly to fence itself - not, however, without a measure of violence. The ensuing revolution in enclosure is an important part of the story of Western Development."

**"Trails Plowed Under, Stories of the Old West"** by Charles M. Russell. "Forty-three robust adventure stories by the author of "Good Medicine" illustrated with five of his superb paintings and 50 line drawings."

And then there's "The Cattle Kings" by Lewis Atherton, "The Cattlemen" by Mari Sandoz, "Charles Goodnight, Cowman and Plainsman" by J. Evetts Haley and "A Sketch of Sam Bass the Bandit" by Charles L. Martin thrown in for good measure.

OR, how about "Dick Dowling at Sabine Pass" (a Texas incident in the War Between the States), "The Battle of the Little Big Horn" by Mari Sandoz, or "The Yellowlegs" (the story of the United States Calvary) by Richard Wormser?

"The Paper Lion" by George Plimpton has been high on the best seller list for months and is

suggested to be "the best book on football which has ever been written." Let me know if it's true.

Oilmen, the Acquisition Committee has been looking for good books in your field and they seem to be hard to find. Please let us know if you have any suggestions. In the meantime, "Oil, Today's Black Magic" is an excellent junior book for your boys and girls and "Flowing Gold," purchased for the Young Adults section, is highly recommended and should be of interest to all ages. "The Iron Orchard" by Tom Pendleton, a recently published, highly - controversial novel about the oil field, is reviewed below by Earl Chapman.

"Tom Pendleton has written a story about the oil patch that until now has been 'a tight hole'. Any person who has made a day in the patch should be able to cast himself some place in this novel. The story is about a boy with a girl problem, who takes a job with Bison Oil Co., and is sent to the bowels of the Permian Basin. It is a classic portrayal of the men, environment, and locations of the oil business which could only have been gained through first hand experience.

"Protagonist, Jim McNeely, starts from a boll weevil in the early 30's and is taken through the middle 60's to an easy - to - recognize independent oil operator with just 500 more feet of hole to make what should open the pot of gold or put him back to stabbing pipe for a buck thirty-five. "The word is out that Mr. Pendleton used his wife's maiden name in writing this book and is really a retired gulf oil executive now living in Fort Worth. (In Fort Worth, they all say he's from Midland). The novel is broken into two parts. The first of each key chapter gives an insight into the workings and advancement of the industry and the story follows, giving every reader something to enjoy."

Joe Bailey just called to report that he was having the "Children's Weekly Reader" sent to the library this summer. Mothers, remember this in case you forget to order them from the school by the end of the term!

## ROMANCE... AND A BENT STRAW

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Slides on Orient shown students

Mrs. Shirley McMeans' fourth grade students enjoyed an educational hour April 15 when Mrs. Edwin E. Merriman of Lubbock showed slides that she and her husband had made on a trip to the Orient in 1965.  
The students are currently studying Japan and Hong Kong in their social studies. Kent Kirkpatrick, son of Mr. and Mrs. Jack Kirkpatrick, is a member of the class and introduced his grandmothers, Mrs. Merriman and Mrs. Willard Kirkpatrick.  
Mrs. Merriman wore a colorful Japanese kimono and showed the students a number of articles acquired on the trip.

## FTA members get practice teaching

Senior members of Future Teachers of America were given a preview Monday of what it is like to teach. They each spent an entire day with a regular class in the primary and elementary schools. Although the regular teachers were with the students most of the time, the student teachers presented part of the day's lessons and assisted in other class activities.  
Seniors participating in the second grade were: Debra Britton, Sue Gilmore, Edith Johnson, Cheryl Pennell and Sherry Woods; third grade: Linda Altman, Marcia Newby and La Gavulhan Young; fourth grade: Linda Hays, Jackie Huff and Dick Kennedy; fifth grade: Doug Chance, Billy Jack Hodges, Jaynie Josey and Donny Windham.

## FHA girls and sponsors attend state meeting

By Emily Potts  
Last Thursday, five Future Homemakers of America girls and their sponsors departed by chartered bus from Lubbock for Dallas to attend the state FHA meeting. Arriving Thursday afternoon, the girls stayed at the Baker Hotel. Dr. Glenn R. Hawkes, keynote speaker for the Friday morning session, carried out the theme of

the meeting, "FHA: Design for Living." Dr. Hawkes is associate dean of Family and Consumer Sciences at the University of California.  
The main address given in the Friday afternoon session was by Judith Sturrock, the state FHA president. The theme of the entertainment at "Fun Night" Friday was "Through the Looking Glass." It was presented as the past, present and future of FHA beginning in 1945, through skits of various chapters.  
The Saturday morning session was the meeting of the House of Delegates.  
The state chorus, made up of girls from Area I through Area V, provided entertainment throughout the meeting. Barbara Lucas was selected to sing as a representative from Area II.  
The girls returned to Lubbock Saturday evening.  
Those attending the meeting were Nancy Norman, Sue Litton, Barbara Lucas, Glenda Ruth Watson and Emily Potts. Mrs. Walter Didway and Mrs. Henry Wheatley were sponsors.

## 'Thunder Alley' film introduces new dance

So you want a wild, jumping new dance? Just try the Ronnie Rumpus, a gay, carefree dance you'll see in "Thunder Alley," coming to the Tower Theatre on Sunday.  
The Ronnie Rumpus dance is a happy potpourri of the frugue, the temptation walk and the wabble. "Thunder Alley," in Panavision and color, is a thrilling story of stock car racing. The cast includes Annette Funicello, Fabian and Diane McBain.

## Santa Fe Railway is to reset its clocks

AMARILLO — Santa Fe Railway has announced it will move all clocks forward one hour at 2 a. m. Sunday, April 30, in compliance with the Uniform Act of 1966.  
Since all states served by the railroad are complying with the Act, the change means that printed schedules and operation of all Santa Fe trains will correspond with the official local time in each community.  
Under the new daylight time schedule, trains 75 and 76, operating between Clovis, N. M., and Houston, will continue the same arrival and departure time. Train 76 will leave Clovis at 3:40 p. m., daylight time, and arrive Lubbock at 7 p. m. On the return trip, train 75 will reach Lubbock at 7:15 a. m. and Clovis at 9:30 a. m.

**BIBLE FACTS** BY THOMPSON

ON DESCRIBING GOD'S CREATION OF THE WORLD, THE APOSTLE JOHN WROTE: "IN HIM WAS LIFE; AND THE LIFE WAS THE LIGHT OF MEN." (JOHN 1:9)

"LIFE... NEW LIFE" IS THE THEME OF THE 450TH REFORMATION ANNIVERSARY NOW BEING CELEBRATED IN THE U.S.A.

ON INTERPRETATION OF THE BASIC MESSAGE OF THE GOSPEL, THE THEME IS, ACCORDING TO THE LUTHERAN COUNCIL, "A WAY OF ASSESSING THE MEANING OF THE 16TH CENTURY REFORMATION THROUGH THE REFORMING WORK INITIATED BY MARTIN LUTHER, GOD WAS AT WORK OFFERING HIS CHURCH AND THE WORLD 'LIFE... NEW LIFE'... WHAT GOD DID THROUGH THE REFORMATION HE DOES IN EVERY AGE. HE IS LIFE AND BRINGS ABOUT NEW LIFE FOR MEN. HE IS AT WORK IN THE WORLD TODAY MAKING LIFE AHEAD."

# More addresses given of Garza servicemen

Reports by Mrs. Nathan Little on the whereabouts and doings of Post and Garza County servicemen in last Thursday's Dispatch have brought good response from the paper's readers, with the result that in today's Dispatch there is information on 12 other servicemen.  
Parents or other relatives of servicemen whose current addresses are not included in the 24 published to date are invited to contact Mrs. Little, who has volunteered to help keep The Dispatch up to date on where our servicemen are stationed. ## 'Good Times' on screen at Tower

Sonny and Cher, the popular recording stars, make their motion picture debut in "Good Times," now showing through Saturday at the Tower Theatre, with George Sanders and Norman Alden costarred.  
Songs heard in the film include the title tune, "I Got You, Babe," "It's the Little Things," "Trust Me," "Don't Talk to Strangers," and "Just a Name." The music was composed and conducted by Sonny Bono, male half of the Sonny and Cher team.  
"Good Times" is good fun with comedy, music and lively entertainment. It was concocted by youth for the young and young-in-heart, and is presented by distinguished, seasoned showmen.

n't cost to advertise in The Dispatch—it pays."

Toby took a quarter page ad on the sports page last week to announce a four-day special on his new Smokorama barbecued beef sandwiches. He reported Monday it took the first 48 hours to catch up with the rush. They cooked barbecued beef round the clock for two days before they finally got a little ahead of the demand. Toby on the sports page today, has taken a smaller ad to tell his many customers he hoped they didn't have to wait too long during "his catching up" process.

Speaking of barbecued beef, Billy Hahn, first assistant high school football coach, gets the credit for that tender beef which was served at the school's all-sports barbecue at city-county park Tuesday evening. Billy was in charge of barbecuing the beef. And Supt. Bill Shiver obviously spent a long day in the park in the sun helping with the many preparations for the feast. They're calling him "Pinky" now with one of the best sunburns—or was it really a sand-burn—we've seen in a long time.

Over on page 11, Precinct 3 readers will find a report from their county commissioner, Ben Sanchez. It tells about the progress Ben has made with the precinct's road and bridge funds since taking office two years and three months ago. It's a mighty good report and one Precinct 3 voters should appreciate.

Bricking the front of city hall wasn't the only Main Street "facelifting" project this week. Bryan J. Williams is having the former American Cafe building in the 100 block East Main completely remodeled and paneled for its owner. By the time the work is completed Bryan figures it will be a perfect location for just about any business that wants to rent it and move in.

Mayor attends WTCC meeting

Mayor John Hopkins attended the 49th annual West Texas Chamber of Commerce meeting held Monday and Tuesday in Del Rio.

The convention highlight, Mayor Hopkins said, was a dramatic presentation of the problems and potentials of the small town, made with color slides, taped recordings and presentation by the section chairmen of the WTCC's Small Towns Task Force.

A copy of the printed report of the study, entitled "The Small Community in West Texas," was presented to the Post mayor and other West Texas city and county officials attending the meetings.

# Morales wins regional mile in record-breaking time

## Will run Saturday in Lubbock Invitational

Peter Morales, Post High School senior, set a new record in the Class AA mile run at the regional track and field meet at Lubbock Saturday, finishing about 50 yards ahead of the second place winner, Arthur Mendoza of McCamey.

Morales, who became the first Post athlete to qualify for the state meet since Ray Gary won second place in the regional 880-yard run in 1957, will "warm up" for his Austin competition this Saturday by competing in the Lubbock invitational track meet.

In the "all winners" meet, the Post runner will be going against others from all classifications — through AAAA.

Morales set a new record of 3:18 in winning at Lubbock Sat-

urday, but that was 1.5 seconds off the 4:30.3 in which he was clocked April 15 in winning the Class AA mile at the Andrews invitational meet.

This will be Morales' first trip to the big meet at Austin. He has won the district mile championship three straight years, but failed to qualify in the regional in 1965 and 1966.

Coach Waco Reynolds thinks the Post miler has an excellent chance of winning at Austin May 5-6, where he will be competing against winners and runners — up from three other regions — eight runners in all.

"Pete has kept himself in good condition this season, working out twice a day," Coach Reynolds said.

Mendoza, the second-place winner at Lubbock Saturday, finished in 4:41.0, nearly 10 seconds behind the Post runner. Others finishing in the top six were Curtis Privitt of Boys Ranch, 4:42.0; Steve Stallings of Stanton, 4:43.3; Willis Morales of El Paso Parkland, 4:45.4; and Norman Dowlen of Panhandle, 4:48.0.

The 10 points scored by Morales in winning the mile run gave Post a 19th place team finish in the meet, which was won by Stamford with 42 points.

The Denver City Mustangs, who won the District 4AA championship, failed to score a point in the regional meet, the first time that has happened in years.

Stanton, also a District 4AA member, scored seven points.

## Winners are named in am-am golf tourney

A foursome of Jim Hundley Sr., Gene Martin, W. H. Childs and Punk Peel won the am-am handicap tournament at the Caprock Golf Course Sunday with a score of 276.

Six teams competed in the tournament, reports D. H. Bartlett, manager of the golf course.

The second place winner was a foursome of Jimmy Hundley, Sid Pierce, Monroe Lane and Royce Anthony, which finished five strokes behind the winners with a 281.

Finishing third with a score of 287 was the team of Sexton Huntley, Harold Lucas, Wiley Hill and Doris Lucas, the only woman competing in the tournament, according to Bartlett.

A foursome of Felton Gatlin, Jackie Hays, Dewayne DeBusk and Hugh Martin came in fourth with a score of 294.

The fifth place team, which shot a 297, was composed of Jimmy Bartlett, Colley Gatlin, Don Torpa and Ronnie Morris.

Finishing sixth with an even 300 was the foursome of Charles Morris, Byron Haynie, Darrel Young and Gerald Clayton.

Jimmy Hundley, the only player without a handicap, fired a 71.

The low score was turned in by Punk Peel of the winning team, whose 74 was whittled to a 62 by his 12-stroke handicap.

Two members of the Post High School golf team taking part in the tournament were Felton Gatlin and Jimmy Bartlett, whose high school eligibility ended Friday with the regional golf tournament at Lubbock.

Gatlin, with a three-stroke handicap, shot a 78, and Bartlett, with a one-stroke handicap, shot a 77.

## Trinity Baptist revival is to start April 29

An invitation is extended to everyone to attend revival services at the Trinity Baptist Church beginning Saturday, April 29, and continuing through May 7, the Rev. Jimmy McGuire, pastor, said.

Weekday services will be at 6 a. m. and 8 p. m., Saturday evening services at 8 o'clock, and Sunday services at the regular hours.

Special activities are planned for the week, including a hot dog supper and fellowship for juniors at 6:30 p. m. Monday, a youth fellowship following services Wednesday, and men's night Thursday.

Other plans will be announced.

The Rev. Boyce Evans of Lubbock will be the evangelist and Gayle Bowen, also of Lubbock, will lead the singing.

The Rev. Mr. Evans attended Texas Tech and is a graduate of Hardin-Simmons University and Southwestern Theological Seminary in Fort Worth. He was a flying officer in World War II and the Korean conflict, has served as pastor of First Baptist in Seagraves, Bellview Baptist in Midland and First Baptist in Abernathy and is presently engaged in evangelism and Christian education for H-SU.

Mr. Bowen is a product of Post, and has been with Highland Baptist Church in Lubbock for the past ten years. He began his duties there as music and education director. Then, as the church grew and the work became more demanding, he became education director.

## Post golf team finishes 11th

The Post Antelope golf team finished 11th in a 13-team field Friday in Class AA regional play at Lubbock.

Post's total score was 350, with Jimmy Bartlett shooting an 80, Larry Johnson an 88, Felton Gatlin an 81 and Mike Scott a 101.

Stamford won the Class AA meet with a 312 to win a trip to the state tournament at Austin.

Slaton, District 4AA champs, finished eighth.

Coach Wilbert Bigott's Post golfers finished ahead of the Spearman and Ballinger teams.

## Shawn Davis

DENVER, Colo. — To Shawn Davis, 26-year-old Montana rodeo cowboy, it looks like another banner season.

Davis, of Whitehall, who nailed 1965's national saddle bronc riding crown with a record haul of \$25,599, has already earned some \$9,221, some \$1,500 more than he'd banked at the same time his title year.

Latest victory of the debonair bachelor, who joined pro ranks four years ago after a championship career in Montana high school and college rodeo, was over the weekend at Red Bluff, Calif.

A total of 201 rain-soaked entries vied for \$15,241 prize money during the two-day contest which, traditionally, kicks off the West Coast pro rodeo tour. Davis collected \$561 for his share of the payoff.

In other events, Bob Mayo, 22, Grinnell, Ia., emerged the rodeo's big money winner, logging \$737 in bareback bronc riding.

Second in the payline were California team ropers Ken Luman and Jim Rodriguez Jr., each winning \$664.

Third spot went to Carl Prelli, Chowchilla, Calif., who won calf roping competition and \$630.

Larry Mahan, 23, Brooks, Ore., the sport's leading money winner this season and last, notched only \$78 in saddle bronc riding. Mahan's current winnings are \$19,208.

## Tulia to host steer ropers

TULIA — Tulia's fourth annual steer roping, which was won last year by Jim Prather of Post, will be held at 2 p. m. Sunday, May 28, at the rodeo arena here, sponsored by the Swisher County Activities Association.

Twenty of the nation's top ropers will compete for the \$8,000 purse, roping four steers each.

Clark McIntire of Kiowa, Okla., finished second to Prather in the 1965 event, and third place went to Tuffy Thompson of Tulia.

## BREAKS HAND IN FALL

Mrs. Clarence Warren fell last Friday and broke her left hand. She is reported to be getting along fine.

## Jaycee refreshments served at gathering

Members of the Post Junior Chamber of Commerce served free cold drinks at the OS Ranch marker dedication Saturday.

Approximately 200 cold drinks were served by the Jaycees and good use was made of the chairs brought by the club.

Members serving the drinks were Johnny Kemp, Russell Orr, Ken Callaway and Ronnie Morris.

## Babe Ruth loop fails to open

Post's Babe Ruth League failed to open as scheduled Tuesday night because of a conflict with school activities, League President Jimmy McLeroy announced Wednesday.

McLeroy was to confer with Jimmy Pollard, junior high school principal, Wednesday to see if school activities would permit the opening of league play tonight (Thursday). The results of the conference had not been announced at the time The Dispatch sports page went to press.

## FORT WORTH GUESTS

Mr. and Mrs. Jimmy Sharp and son of Fort Worth spent the weekend in Post with her parents, Mr. and Mrs. D. C. Hill.

# Texas 1966 traffic cost reaches all-time high

Texas 1966 traffic cost soars to an all-time high. There were 524,972 traffic accidents, an increase of 53,984 over 1965. There was a record of 3,406 human lives lost in traffic accidents, an increase of 378 over 1965. Another 208,310 were sent to doctors and hospitals, an increase of 22,248 over 1965, some of these injured being maimed for life. Some 890,000 automobiles were damaged or demolished. The economic loss came to an astounding figure of \$557,414,000, an increase of \$39,327,000 over 1965.

## Report on bills given by Rosson

AUSTIN — Tuesday of this week marked the 100th day of the 140-day regular session of the 60th Legislature. According to a report from the desk of Rep. Renal B. Rosson, there have been 1,283 bills introduced and 62 constitutional amendments offered in the House to date. The Senate has introduced 564 bills and 38 constitutional amendments.

Of the total 1,847 bills introduced in the House and Senate, 55 have passed and gone to the Governor. The Governor has signed approximately 43 of these measures. Of this number approximately 23 went into immediate effect. The remainder will be effective 90 days after final adjournment of the 60th regular session of the Legislature.

No law passed by the Legislature, except the general appropriation act, shall take effect or go into force until 90 days after the adjournment of the session at which it was enacted, unless in case of an emergency (which emergency must be expressed in a preamble or in the body of the act) the Legislature shall otherwise direct. This direction must be by a vote of two-thirds of all the members elected to each House.

Garza County's contribution to the 1966 Texas traffic cost was 33 persons injured and an estimated property damage of \$87,500. If the 3,406 dead traffic victims were stacked in a pile, the dimensions would be about 3.7 miles in length, or 1.1 miles in width, or .5 of a mile in height. The dimensions of the some 890,000 damaged or demolished vehicles would be about 2,907 miles in length, or 1,113 miles in width, or 852 miles in height. The dimensions for the 208,310 injured would be about 227 miles in length, or 66 miles in width, or 33 miles in height.

Now for a descriptive look at the \$557,414,000 estimated economic cost of the traffic accidents. The playing area of a football field measures 300 feet by 160 feet, or 48,000 square feet. United States currency measures about 2 1/2 inches by 6 1/2 inches. If a football field were completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of 20 dollar bills, then a layer of 50 dollar bills, then a layer of 100 dollar bills, then a layer of 500 dollar bills and on top of these eight layers of paper money dump 8,806 tons of silver dollars, this would represent the economic loss in Texas for the year 1966.

The \$557,414,000 estimated loss would have bought 10,000 homes at \$20,000 each; 10,000 refrigerators at \$400 each; 10,000 cooking ranges at \$350 each; 10,000 TV sets at \$350 each; 10,000 central air conditioning units at \$1,400 each and furnished the head of each of the 10,000 households with a bank account of \$29.941.

If the problem is serious today, what about tomorrow? The state will continue to grow. The population will increase, which means more drivers and automobiles and more miles driven. If the present problem continues, in Texas by 1975 there will be 1,000,000 traffic accidents resulting in 7,000 persons killed, 500,000 persons injured, and an estimated property damage of over \$1,000,000,000.

### DOUBLE DOSE OF BEAUTY

Pretty Patricia Van Haafte (right) of Tucson, Ariz., the 1967 Miss Rural Electrification, receives congratulations from her predecessor, Jan Brown of Harper, Tex. Miss Van Haafte, a music major at the University of Arizona, received her crown during the recent 25th annual meeting of the National Rural Electric Cooperative Association in San Francisco. The 19-year-old beauty will represent the nation's 1,000 rural electric systems in appearances during the year of her reign.

## Farm Topics

SYD CONNER  
Garza County Agent

### OUTLOOK FOR BEEF CATTLE

The nation's capacity to produce beef for the remainder of 1967 and in 1968 is expected to show little change from 1965 and 1966 levels. The current year's total production is expected to continue around 1966's high level, says John G. McHaney, Extension economist at Texas A&M University.

He said the revised data on beef cow numbers shows a steady climb since 1958, a 43 per cent increase over the nine year period. Beef cows two years and older on Jan. 1, 1967 totaled 34.6 million head, up from the 24.2 million head on Jan. 1, 1958. The increase from Jan. 1, 1966 to Jan. 1, 1967 was very slight, he noted.

Larger cattle slaughter during the past two years, he said, more than offset inventory additions from calf crops and live cattle imports. The economist expects some further decline in the total cattle inventory due to a further decline in dairy cattle numbers. Beef

cattle numbers in 1967 are expected to increase at about the same rate posted for the past two years, moderately. Weather and range conditions will be factors to watch.

Fed cattle marketings in 1967 could equal or exceed those for 1966 without reducing the inventory of calves and yearlings carried in 1968. This, he said, results from the increase in the supply of young cattle at the beginning of the year. There were either in feedlots, a available for feedlot placement or as additions to breeding herds 600,000 more young cattle than a year ago.

### HOW TO APPLY HERBICIDES

Herbicides can be useful tools for controlling weeds if they are properly applied. But Garza County Agent Syd Conner warns that improper application can cause crop damage and lawsuits from neighbors.

To get satisfactory results from herbicides follow the directions on the label as approved by the U. S. Department of Agriculture.

"These directions should be followed exactly," he said. To avoid chemical wind drift onto susceptible broadleaf plants, Conner says to make application only when wind velocity is below 10 m. p. h. He urges all herbicide users to have some type of wind gauge in the field so they can know when conditions become dangerous.

Amine salt or low volatile formulations are safest. They do not vaporize and drift as much as the high volatile formulations.

The county agent gave these three rules for applying herbicides:

1. Use chemicals only on crops for which they are recommended.
  2. Use only the quantity called for on the label.
  3. Apply the chemicals only at time recommended on the label.
- Texas A&M University specialists report that the greatest problems with herbicides are occurring where inexperienced operators are making applications. They suggest that even on extremely small plots, great care be taken when applying chemicals.

All interested persons are advised to utilize information on herbicides available at the county Extension office.

### FAMILY VISITING

Mrs. C. R. Wilson and her sister, Mrs. Lucille Anderson of Fort Worth, returned Saturday from a week-long trip which took them to Phoenix, Ariz., to see their brother-in-law and sister, Mr. and Mrs. Jack Askins, to Kermit to visit their brother and sister-in-law, Dr. and Mrs. G. R. Howard and family, and to Odessa to see another brother and his wife, Mr. and Mrs. W. E. Howard. The W. E. Howards came to Post for the weekend.

# Gets phone call from husband in Vietnam

By MRS. EDMUND WILKE

We had a short spring, didn't we? Sure has been nippy today, hasn't it? Feels real good to back up to the stove and warm your hands. All of you that have central heating or other types of heat rather than open-faced stoves, don't miss backing up to a good old stove and getting warm? No matter how warm it is in a room, it still feels good to back up to the stove and soak up a little warmth!

There was certainly one young married lady in our community that was made mighty happy last Thursday night when the phone rang and it was a long distance call for her from Vietnam! Mary Helen McNeely White received a call from her husband, Al Charles White, who is stationed at Nha-Trang, South Vietnam. It was about 10:30 p. m. here, but about 1:30 p. m. the next day over there. Charles has been over there since the 15th of October and will be there until October of this year. Mary Helen said that he was fine and staying very busy. They talked about five minutes. This couple have a small son and he and mommy are anxiously awaiting the day that daddy will be coming home.

Fred Myers was a patient in Mercy Hospital recently.

Jackie Abshire was involved in a minor wreck recently.

Congratulations to Patsy Dunn who received a white Mustang with a black vinyl top from her parents, the M. A. Dunns, as a graduation present! Sure is a beauty, and now she is the envy of all the other young ladies in this community!

Southland participated in the Regional Track Meet at Texas Tech Friday and Saturday with the following results: Dennis McGehee, 3rd place in high jump with 5-10; Joe Basinger, 5th in high jump with 5-8; Jackie Abshire, 4th in the 880-yard run. Congratulations. Mrs. Dollie Donahoe spent 12 days in Lubbock recently with her son, Louis.

A great big congratulations to the Southland Junior High volleyball girls who won District in volleyball. Seems like our girls are really shining this year. Team members are Janet Belk, Breonne Winterrowd, Joan Gindorf, Cathy Long, Laura Bevers, Sue Bevers, Maria Shelton, Connie Abshire, Martha Divella, Irene Martinez,

and Lupe and Hardy Cisneros.

MR. AND MRS. Elmer Belk and children went to Levelland Friday night to visit his parents, Mr. and Mrs. E. L. Belk.

Mrs. Selma Kiesel and Yours Truly attended a bridal shower in honor of Miss Marilyn Edwards, bride-elect of Terry Melugin in the home of Mrs. Libby Schneider in Slaton Sunday afternoon. The couple is planning a late May wedding.

Congratulations to Mr. and Mrs. E. C. Smallwood on the arrival of a daughter, Rhett Leeann, born April 11, weighing 8 lbs., 7 1/2 ozs. Mr. and Mrs. L. A. Pyeatt, Larry and Andrea of Orla and Jerry and Davy Bilk of Levelland visited Mr. and Mrs. Elmer Belk Sunday. Mrs. Pyeatt and Mr. Belk are sister and brother.

Well, it is that time of the year again — Baseball time. Several of the boys from here are playing on different teams at Slaton. Roy Belk and Gary Don Basinger are playing with the Indians, coached and managed by J. Martin Basinger and Donald Basinger; Billy Monk and Jerry Winterrowd are playing with the Giants; Darrell Hill and Douglas are playing on the Babe Ruth Ginners' team, and Tommy Jack Taylor is on the Babe Ruth Flyers team. Good luck boys!

Guests in our home Sunday were Mr. and Mrs. Burnell Mueller of Lubbock, Mr. and Mrs. James Riech and Mr. and Mrs. Leroy Zieschang of Slaton. They were here for supper so we fed them fish! We are still trying to get rid of some of those fish we caught at Easter.

Dayneen Dunn and Mickey Mason went to Post Friday night to attend the Senior play.

Mrs. Arthur Stolle is attending the All Lutheran Bible Institute at Shepherd King Lutheran Church in Lubbock. It is being held every Tuesday night for six weeks. She is taking two courses, Servant Life of God's People Today and Background of Paul's Epistles.

Tom Sims has been on the sick list recently and in and out of the hospital. May God grant him good health soon.

Mrs. Herman Havis visited her mother, relatives and friends in Vernon over the weekend. Mrs. C. W. Gindorf Sr., and her grandson and family, Mr. and Mrs. Chris Gindorf III and daughters went to Bartlett recently and visit-

## Post FFA team takes part in area contest

The Post Future Farmers of America chapter's meats judging team competed in the regional contest at Abilene Saturday, scoring 1,097 points, but failing to place in the top three, which will go to the state contest.

The Snyder FFA team was first with 1,360 points. Sweetwater placed second and Meadow third.

Ronald Thuet was the Post team's high scorer with 409 points. Other team members were Greg Jones and Roger North.

Twenty-eight teams competed in the contest.

ed Mr. and Mrs. E. C. Stabeno Sr. MR. AND MRS. Sam Ellis have gone to Las Vegas, Nev., where he will participate in a golf tournament. Good luck, Sam.

The Rev. and Mrs. Hill visited Mrs. Ned Myers and Tom Sims at Methodist Hospital one day last week.

Howton Haire and Riley Woods have been patients at Mercy Hospital. Don't know if they have been dismissed or not.

Elmer Belk and Betty Hall, teachers at our school, took the 7th and 8th grade Science class on a field trip last Friday. They went down into the "breaks" to catch snakes, bugs, minnows, etc., to bring back to class to study later. They took sack lunches and cold drinks and spent the day and had a good time. This was a wonderful experience for these kids.

The Junior - Senior banquet will be held this Saturday night at the Ming Tree Restaurant in Lubbock.

The Freshmen and Sophomores are having an all-day picnic at the park in Lubbock Saturday.

Mrs. Ned Myers was a patient at Methodist Hospital last week. Hope she is feeling better by now. See you next week, God willing.

Buy your **ELECTRIC** dryer by Saturday & get a \$15<sup>00</sup> Certificate!!

Saturday, April 29, 1967, is the last day to save \$15.00 on the purchase of a new electric clothes dryer from your Reddy Kilowatt Dealer... you need only be a Southwestern Public Service Company residential customer to qualify. Electric clothes dryers use only one connection and 85% of all new homes already have the space and wiring provided. And, because of the simplicity and dependability of electricity, electric clothes dryers normally sell from \$25 to \$50 less. So, be a wise buyer — choose clean, electric clothes drying.

# WTCC's printed report shows why small town need not fade

DEL RIO — The small West Texas town need not fade from the picture if it follows the ideas and suggestions put forth at the 49th annual West Texas Chamber of Commerce meeting held here.

The small town must be preserved as the last citadel of grassy living, neighborliness and close friendships based upon intimate knowledge of the hopes, ambitions and dreams of one another," according to John Ben Shepherd, Odessa, president of the WTCC in summarizing the findings of the Small Towns Task Force which released its report today.

A dramatic presentation of the problems and potentials of the small town was made with color slides, taped recordings and presentations by the section chairmen of the study group.

**THE PRINTED REPORT, ENTITLED "The Small Community in West Texas"** is the result of seven months of intensive work and detailed analysis by the 23-member "blue ribbon" Small Towns Task Force of the WTCC.

Written community inventories are compiled by a scientifically selected cross section of 140 small towns (under 12,000). This information, plus eight hearings throughout the area and in Austin and Washington, combined with the research by the Task Force members are the basis for the identification of the problems and recommendations in the printed report.

Leadership was pointed out as most important ingredient of a community's progress, when Marjorie Lee, Bronte, presented a section on the role of leadership in building the small community. Communication between leaders and those who follow was emphasized as necessary to the successful completion of community

projects. Involvement of the entire community is also mandatory if the community is to accept the projects, according to the section leader.

**DICK MORROW, Fort Stockton** businessman, led the section on the educational, recreational and cultural opportunities of the small towns. It was pointed out in this section that vocational and technical courses in the small town high schools will be most helpful in preparing the students for job opportunities. Too, the availability of these trained people will attract certain industries to the area because of the special skills available in the labor market.

Cultural activities of the small town can be expanded by utilizing the facilities of nearby metropolitan areas. Concert series, art classes, dramatic presentations offered in the metropolitan centers

## Test northern in two lakes

**AMARILLO** — Two northern Panhandle lakes were experimentally stocked with 280,000 northern pike fry, according to Leo Lewis, regional fisheries chief for the Texas Parks and Wildlife Department.

The young fish, obtained from the Cedar Bluff National Fish Hatchery near Ellis, Kans., were released in Greenbelt reservoir near Clarendon and Buffalo Lake near Canyon.

They were selected for the experiments because forage species, principally shad, are a constant problem. The predacious northern pike greedily will help control undesirable species and also provide excellent fishing sport.

provide an excellent opportunity to small town residents to see, enjoy and participate in such pursuits. Expanded library facilities with possible exchange privileges were suggested as a means of broadening the cultural and educational programs of the small towns.

Further development of natural and man-made tourist attractions was suggested as one of the greatest opportunities for the creation of new dollars in the community.

**REGIONAL JUNIOR COLLEGES** created and financed through the efforts of multiple-county cooperation was recommended as at least a partial answer to the great distances which presently exist between institutions of higher learning and some of the small towns. It was pointed out that not every small town can or should have a junior college, but multiple-county districts may be feasible in some areas.

"Industrial possibilities abound for the small town," according to Claude W. Brown, McCamey, member of the Texas Industrial Commission and member of the Small Towns Task Force, who led the presentation on industrial potentials for the small town.

The report, entitled "The Small Community in West Texas," made several recommendations regarding industry potentials for the small communities which included:

- (1) Establishment of research centers for the development of cotton which would meet textile mill demands that will be compatible to the West Texas climate and growing conditions;
- (2) assignment by the Texas Industrial Commission of at least two members of its staff to work exclusively with small towns;
- (3) establishment of a fibers research center at Texas Tech to further the uses of natural and petro-chemical feedstock fibers;
- (4) passage of legislation permitting issuance of industrial revenue bonds by cities and counties;
- (5) encouragement of home-grown industries in the community;
- (6) apply the multiplier factor to raw products to increase the income of farmers, processors and finishers by develop-

ing more processing and finishing plants for raw materials and products in the West Texas area.

"**METROPOLITAN AREAS** have a definite need for the growth and development of the small towns if the metropolitan areas are to prosper," Wendell Mayes Jr., Midland radio executive, told the convention. The large towns depend upon the small towns as retailers of the goods which the large towns distribute, according to Mayes.

Planning assistance, medical facilities, communication media, and industrial expansion assistance are all important assets available to the small towns from the metropolitan areas, the speaker stated. These aides to the small town should be asked for by the small town leaders to properly coordinate their own assets with those of the larger town.

Small towns were told to analyze the reasons for their continued existence. Too, they were admonished to develop their assets and advertise the good living conditions, the slower pace of living and the congenial atmosphere of the small communities.

Higher taxes, more aggressive leadership on the part of public officials and cooperation between governmental bodies were suggested as possible means of attaining goals in the small communities, when Mrs. Fred McCleskey of Stephenville, City Councilwoman, led the discussion on the role of city and county responsibilities in the development of the small town.

**MANY TOWNS** according to the surveys, listed low taxes as an asset, whereas the problems in the same towns were often listed as lack of facilities which are normally paid for with taxes. This paradox must be corrected, according to the report, before real progress can be achieved.

Elected officials should assume more of their civic responsibilities if they are to be kept in office and city and county governments, as well as school, hospital and water districts should coordinate their planning for the most effective utilization of the tax dollar, the study suggested.

Although the Task Force did not recommend specific Federal or State grant or aid programs that should be utilized by the small towns, it did suggest that a thorough analysis of available assistance from these sources in planning, as well as in financing, should be made by the leadership of the small towns.

"**DO IT YOURSELF**" programs were lauded in the study with specific examples cited of cities which have undergone tremendous revitalization through the efforts of local citizens and without the financial assistance of State or Federal government funds.

The final section of the printed report outlined Project STEP — "Small Town Economic Progress," a program for the implementation of the suggestions and recommendations contained in this report as well as those developed through the community inventories conducted late in 1966.

Copies of the study were presented to each of the mayors, county judges and other community leaders in attendance at the annual meeting. These leaders will be expected to call meetings of their own citizens when they return home and start the implementation of Project STEP. Members of the Small Towns Task Force, WTCC officers and staff members will provide assistance in the STEP program in each of the communities that request assistance, according to Shepperd.

## Sourpuss with false teeth now laughs loudest

"Because of terrible yellow denture stains and bad breath, I always held back from smiling. Everyone called me 'sourpuss.' One DENTUR-KLEEN GUMMING tablet made the difference. All stain and offending food particles were foamed away. My false teeth have never looked so clean and white, felt so fresh, thanks to foaming DENTUR-KLEEN." Free samples available at

## U. S. Postal Savings certificates will cease earning interest today

U. S. Postal Savings certificates totaling \$8,150, which are on deposit at the Post office, will cease earning interest for 28 local depositors on April 27, 1967, Postmaster A. J. McAlister said today.

Nationwide, the Post Office Department is holding more than \$90 million in the now obsolete program which was discontinued by the Congress on March 28, 1966.

As of April 27, a year ago, Postal Savings were discontinued, and no deposits were accepted by the Post Office Department. Certificates whose anniversary dates have been reached since last April 26 have earned their final interest payment, Postmaster McAlister said.

On June 30, he said, all remaining funds in the program will be turned over to the Treasury Department to be held in a trust fund until liquidated. There they will remain available for payment without time limitation whenever proper claims are received.

all Postal Savings depositors close out their accounts and invest their funds into U. S. Savings Bonds or the new Freedom Shares, which on May 1, will pay 4.74 interest.

Holder of Postal Savings certificates can arrange to redeem them simply by applying at the post office where the certificates were issued. The postmaster there, he said, will provide guidance and necessary forms to assist in cashing certificates. All transactions can be handled by mail, and certificates issued to persons now deceased can be cashed by legal heirs in accordance with State laws governing such distributions. Again, the postmaster at the issuance post office will render authorized assistance.

**PRESBYTERIAN CHURCH**

"YOUR CREDIT IS GOOD"

### A Message To The Taxpayers And Other Good People of Precinct No. 3, Garza County:

You placed your confidence and trust in my ability to serve as your County Commissioner when you elected me and I have valued this trust very highly. After serving two years and three months as your representative, I would like to give a report as to our progress over this period.

As of January 1, 1965, when I took the oath, we had a balance of \$1,401.29 in our R & B (Road & Bridge) operating fund after paying current debts of \$994.74. Our R & B operating fund now has a balance of \$17,631.99. Our R & B Equipment fund had an overdraft of \$22.24 and we had to spend \$1,181.71 for repairs to the maintainer and loader before we could move them. We also had a balance debt of \$14,332.99 against our maintainer and loader purchase price which was to be made in payments. This entire indebtedness has been paid in full and our R & B Equipment fund now has a balance of \$38.84. All equipment is clear and in fair to good operating condition at this time. I have put forth every effort to maintain our roads and bridges to the very best of my ability and to perform the other duties of this office with the same sincere integrity.

I do hope the job I have done so far has warranted the trust you have bestowed in me and I believe that with the added experience I have gained, I will be able to serve your interests even better in the future.

Your confidence and cooperation is appreciated so very much and I shall endeavor to always be worthy.

Sincerely,

**BEN SANCHEZ**

## \$300 journalism scholarship to be awarded freshman at Angelo State

SAN ANGELO — A \$300 scholarship honoring the late Millard Cope, former publisher of the San Angelo Standard - Times, will be awarded this spring to some young person who will be a freshman journalism student in Angelo State College next fall.

Three similar scholarships, awarded last year, will be renewed if present holders maintain their qualifications.

Funds for the scholarships are provided by the Millard Cope Memorial Scholarship Fund, a \$25,000 trust established by Mr. and Mrs. Houston Harte of San Angelo. Mr. Cope, formerly publisher of the Marshall News - Messenger, was publisher of the San Angelo newspaper and president of the Southern Newspaper Publishers Association at the time of his death on Jan 4, 1964.

Applicants for the freshman scholarship will be considered on the basis of need, interest and ability in the field of journalism, and intent to enter the newspaper profession, said Dr. R. M. Cavness, president of A.S.C. Applications should be addressed either to Fred Conn, publisher of the San Angelo Standard - Times, or Mrs. Maxine Wells, chairman of the ASC journalism department.

A selection committee made up of Conn, Dr. Cavness and Bob Craig of Hamlin, president of the West Texas Press Association, will choose the recipient.

Any student who plans to enroll in ASC as a freshman next fall is eligible to apply for the award. Applications should be in the hands of either Mrs. Wells or Conn by May 15.

Winners of the 1966 scholarships, which are subject to renewal for 1967-68, were Deann Lorling of Paint Rock and Gerald Garner and Timothy Gette, both of San Angelo. If any of these should disqualify or withdraw from school,

Weekend guests in the home of Mrs. Susie Brown were her son, Roy Brown Sr., and her great-granddaughter, Miss Susan Brown of Carlsbad, N. M. Susan also visited her great-grandmothers, Mrs. E. L. Gilmore and Mrs. Mae Payne, in the Golden Years Nursing Home and her grandparents, Mr. and Mrs. W. C. Kiker.

An additional award will be made to a new applicant.
