Birthday luncheon held here for longtime area resident

E. B. Mathis of Route 2 and longtime resident of Lynn County celebrated her 96th birthday Sunday on her 96th birthday luncheon.

The luncheon was served buffet in the home of her son and daughter-in-law, Mr. and Mrs. Mathis, 613 West 10th St.

With hostesses Mrs. Preston Mathis' daughter, Mrs. Leola, and children, Preston Mathis of Tulsa, Okla.

The table was decorated with a floral cake, a gift from her son-in-law and daughter, Mrs. Carl Curry of Merced, Calif., and a daughter, Miss Mathis of Fresno, Calif. An arrangement of pink and white flowers complemented the setting.

Mrs. Mathis was also presented a corsage of carnations by her son, S. B. Mathis with whom she lives.

Present for the occasion were Mrs. Wilborn Curry, Mrs. Orla, Mr. and Mrs. Larry and daughter, Wichita, Mr. and Mrs. Ken Stephens and children, Plainview; Mr. and Mrs. Elbert White and son, Ver-giles Rainwater, Snyder; Mr. Mrs. Lester Adams and daughter, Cliff Thomas and Oren Ram-Taboka.

Raymond Coldevey and Morris families; Abilene; Tony Sykora and children, Lubbock; Mrs. E. D. Golle-don, Portales, N. M.; Mr. Mrs. E. B. Mathis, Mr. and Mrs. D. C. Roberts, Mr. and Mrs.

Meeting is held by Calvary WMU

Mrs. R. E. Shedd was hostess at the Tuesday afternoon meeting of the Women's Missionary Union of the Calvary Baptist Church.

Mrs. A. M. Smith of the Close City community was a guest and presented a chapter on "Church Stewardship," taken from the study book, "Stewardship Enriches Life" by C. W. Hatch. She also read from scriptures.

The meeting was opened by Mrs. Jim Jackson in the absence of the president, Mrs. Dale Dozier, who is vacationing this week in New Mexico with her family. Mrs. Jackson read from the Prayer Calendar with special prayers for missionaries in Guatemala, Taiwan and South Carolina.

Mrs. W. C. Windham assisted the hostess in serving refreshments to the following: Mmes. Smith, Gilbert Blodgett, Jim Hays, Paul Duren, Will Teaff, Clyde Knowles, Jim Jackson and Benny and Darla and J. A. Pearson and Debra.

Here comes de judge, here comes de judge, here comes de judge!

Astroworld is a bomb — a very pretty one, to be sure, but a bomb. Any resemblance to Disneyland or Six Flags is purely accidental.

Maybe our all being a bit over 12 years of age had something to do with our disappointment but the C's, Miss C and friend didn't come away from Astroworld with any desire to go back. Maybe if the temperature is in the mid-70's and you don't mind line — standing you might enjoy it — just maybe.

The layout is nicely done and it is clean and pretty but they are not equipped to handle large crowds and we were among a large one. Due to endless lines which didn't move we were unable to get on a single ride and it took almost an hour to get our food.

It was a bit more exciting to drive through the old market square district in downtown Houston and nearby Allen's Landing to see all the hippies in that city's "hippie land."

We drove through the area Saturday night after seeing the Giants defeat the Astros at the Astrodome. However, there were so many people there to look at the hippies the hippies were almost obscured. It looked like a fun place to walk around in but my feet were in no condition after Astroworld.

Disappointment No. 2: Galveston. That's one place I've always wanted to visit and had even thought it might be a keen place to spend a vacation. Mr. C and I had some spare time while waiting in Houston to be joined by Miss C and friend so we drove over to Galveston. We enjoyed looking at their Victorian architecture but their mud-colored sand beaches failed to excite us. Sorry, about that Galveston, but it'll be Padre Island for the C's if we ever take a beach vacation.

Cooking tip department: If one wants good crisp pie crust put a teaspoon of white vinegar in the dough for a two-crust pie. I picked up this little gem at Willie's Steak House at Brenham. At their coffee shop they have the most delicious homemade pies one can find anywhere. They are baked by a Negro woman who also manages the place. They not only taste like homemade pies they look like homemade pies ought to look. I had a piece of chess pie and Mr. C indulged in a fresh apricot one. As I "yummed" my way through it, the lady told me about the white vinegar bit. She also informed me that she has a customer that drives out from Houston quite often to eat her chess pie and try to get her recipe. She said the lady had been coming for years and "maybe" after one more trip she might give her the recipe. I figured we'd have to make many more stops there before I even dare mention that I'd like to have it, too.

Cemetery prowlers take note! Gatesville has a most interesting cemetery if one likes (and this one likes) to stroll through old cemeteries. Tombstones dated back to the early 1800's and had some rather interesting things written on them. We drove through but we'd been better off if we'd been driving a horse and buggy. That's the kind of travel it was laid out for.

We stopped at Clear Lake City on our way back to Houston from Galveston to see how that model city next to NASA was progressing since we had been there about five or six years ago. It is really on the move and still just as attractive as before. I decided I probably wouldn't like to live there because I wouldn't have anything to gripe about.

There are no deserted houses, no vacant lots filled with weeds, no trash barrels left uncovered, no "junk" cars — in fact, no "eyesores" or "health hazards" at all. I might lose my fighting spirit in the middle of all that sparkling splendor.

I almost got to see "Old Abilene Town" on the way to Houston. Mr. C doesn't believe in taking the indirect route to get anywhere so I must give him credit for offering to stop after I told him it was out of the way and it wasn't necessary. After we took our turn off Interstate 10 to State Highway 36, I said, "It was all of 200 yards out of the way."

4-H Dress Revue winners compete

Garza County 4-H Dress Revue winners, Miss Donna Maddox and Miss Patti Parrish, were accompanied to the Lubbock District Revue Tuesday by their mothers, Mrs. Thurman Maddox and Mrs. Arnold Parrish, and County Home Demonstration Agent, Mrs. Karen Parnell.

Miss Maddox was senior winner and Miss Parrish, junior winner. All junior winners were presented with blue ribbons in Lubbock as they are ineligible to participate in district and state competition.

Miss Maddox was awarded a blue ribbon in the competition. A luncheon was held at Hemp-hill - Well's Gold Room. A model from Robert Spence School instructed the junior girls in modeling while the senior girls were being graded.

County winners modeled their garments at the Hodges Community Center at 7 o'clock.

LEAVES FOR GEORGIA
Pie Freddie Simmons left today for Fort Benning, Ga., where he will attend NCO school after completing his basic training at Fort Bliss at El Paso and Fort Polk at Leesville, La. He has spent his two weeks furlough visiting his wife, her parents, Mr. and Mrs. Bernard S. Ramsey, and his parents, Mr. and Mrs. Virgil Simmons in Lubbock.

LISTENING POST

By ROSEMARY CHAPMAN
Library Aides Chairman Pee Wee Pierce would like to extend an apology to those who have found the library closed during regular hours this past month. As Confucius says: we do our best but sometimes these things just HAPPEN.

Every summer we face the same problem. Our regular volunteers leave town and we occasionally find it impossible to find substitutes. Would anyone like to help? Call Pee Wee at 2766. (It's the old put-up or shut-up trick.)

It's been grand having a library for the past two years but one thing I've really missed is reading in the bathtub. You just can't treat a nice, new, taxpayer-paid-for library book the same way you could treat an old, cruddy, pre-library pocketbook.

For those of you with similar nasty habits, we recommend Post Library's Trader's Corner for pocketbooks. There are only two sim-

ple rules in "The Corner," but we do ask that you follow them faithfully, and that you don't badge the volunteers to make exceptions: 1. Please trade one for one. 2. Please see to it that the books you bring in as trades are in reasonably good condition. No missing pages, etc.

Fair enough? Let's trade!

Librarian Vicki Anderson Jones has just been promoted to Head Librarian of North Branch Library in Ft. Worth. Mrs. Jones is the youngest (28) Head Librarian in Texas. Asked for a short, inspirational message for American youth by an enterprising LLP reporter, she commented "To rise to the top in today's dog-eat-dog environment, one must be prepared to make great personal sacrifices. Take myself, for instance. Do you think I LIKE leaving West Branch as Assistant for North Branch as Head? Hardly. Neiman-Marcus is only two blocks from West and there, as

West Texas lake will help boost oil production

NEW YORK — Texas will soon have a new lake. And it will probably be one of the most unusual lakes in the nation, according to the current issue of "Petroleum Today."

While holding promise as a recreation haven for fishermen and water sportsmen, this future lake will also have its practical purposes. Not only will it provide water for communities as far away as 125 miles, but it will play a part in helping to increase oil production near Robert Lee, in West Texas.

Actually, the lake will start forming this fall when waters from the Colorado River are flushed into a 500,000-acre area above an oil field. Injection wells will pump 17,000 barrels of water a day from the new lake into a treatment plant. From there, the water will be pumped into the rock formation 5,500 feet underground that contains the oil.

This water, the magazine points out, will push the oil ahead of it and up to the surface through production wells.

By use of waterflooding, as the process is called, the ultimate oil recovery of the field will be doubled, according to "Petroleum Today."

John Harwood, Englishman, patented the first self-winding wrist watch in 1924.

everyone knows, is where you can get those ooey-gooey, ummm-yummy, sticky cinnamon rolls with your lunch."

Thank you for those enlightening words, Mrs. Jones. They really make a person stop and think.

"The XIT Ranch of Texas and the Early Days of the Llano Estacado" by J. Evetts Haley has been presented to Post Public Library in memory of W. J. Satterwhite by Mrs. Brent G. Thompson of Lubbock.

The XIT was the most extensive Western range ever placed under one barbed-wire fence. The development and operation of the ranch should provide a fascinating story for Post's many Southwestern history fans.

"Uncle John's Original Bread Book" by John Rahn Braue has been presented to the library in memory of Mrs. Lee Self by her daughter, Jewel Self Hancock of Midland.

More than 250 recipes for baking breads, biscuits, and rolls are included. "Health Foods Retailing" calls it the "best book on bread making of the century." Author Braue, who also lives in Midland has autographed Mrs. Hancock's gift to the library.

Boys and girls who have joined our Summer Reading Club recently are Jerry Ayala, New Guinea; Kelly Baumann, Siam; Kelly Chaffin, Brazil; John Chaffin, Congo; Katrina Chaffin, Germany; Kurt Chapman, Mongolia; Diamante Fuentes and Randy Gordon, Russia; Bobby Macy, France; Kathy Manuel, Greenland; Ray Louis Martinez and Jack Moore, Algeria; David Morrow, Switzerland.

Lord, To Whom Shall We go? You Have The Words Of Eternal Life

By the Rev. George L. Miller

Civil rights, civil disobedience. The old morality, the new morality. Race riots, campus riots. Sit-ins, love-ins. LSD, STP. Viet Nam, Resurrection City. Gun control, right to bear arms. St. Joseph's aspirin, the Pill.

Pick a question, or two or three. Have you heard any good answers lately? You've probably heard half a dozen answers, all of them positive, forceful and as irrefutable as the Ten Commandments. But to whom did you go for your answers?

Was it your local church? Not likely. These are too controversial to be mentioned in

church. They upset people, make them question old, reliable opinions. They detract from the spiritual atmosphere of God's house. "For mine house shall be called a house of prayer for all people" saith the Lord. "Besides" says the faithful Christian, "all that talk just raises confusion and doubt. There's no room for doubt in the Christian faith."

No room for Thomas, the Doubting Disciple?

Go to church next Sunday and escape the problems of the world—that is, if there's anything left to escape by then.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT (SJR1)

SENATE JOINT RESOLUTION No. 4 Proposing an amendment to the Constitution of the State of Texas, amending Section 48a of Article III thereof, so as to provide for contributions on the basis of the full salary of members of the Teacher Retirement System; providing for the submission of the proposed amendment to a vote of the people at an election and for proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 48a of Article III of the Constitution of Texas be amended so as to read as follows:

"Section 48a. In addition to the powers given the Legislature under Section 48, Article III, it shall have the right to levy taxes to establish a fund to provide retirement, disability and death benefits for persons employed in the public schools, colleges and universities supported wholly or partly by the state; provided that the amount contributed by the state to such fund each year shall be equal to the aggregate amount required by law to be paid into the fund by such employees, and shall not exceed at any time six percent (6%) of the compensation paid each such person by the state and for school districts; and provided that no person shall be eligible for retirement who has not rendered ten (10) years of creditable service in such employment, and in no case shall any person retire before either attaining the age fifty-five (55) or completing thirty (30) years of creditable service, but shall be entitled to refund of moneys paid into the fund.

"Moneys coming into such fund shall be managed and invested as provided in Section 48b of Article III of the Constitution of Texas; provided a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as

may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other state pension retirement funds or direct aid from the State of Texas, unless such other state pension, or retirement fund, contributed by the state, is released to the State of Texas as a condition to receiving such other pension aid; providing, however, that this Section shall not amend, alter, or repeal Section 63 of Article 16 of the Constitution of Texas as adopted November, 1964, or any enabling legislation passed pursuant thereto."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1968, at which election each ballot shall have printed thereon the following words:

"FOR the amendment to Section 48a of Article III allowing contributions to be made on the basis of full salary of members of the Teacher Retirement System of Texas."

"AGAINST the amendment to Section 48a of Article III allowing contributions to be made on the basis of full salary of members of the Teacher Retirement System of Texas."

Each voter shall mark out one of said clauses on the ballot leaving the one expressing his vote on the proposed amendment. If it appears from the returns of said election that a majority of the votes cast were in favor of said amendment, the same shall become a part of the state constitution and be effective from the date of determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and shall have the same published as required by the constitution and laws of this state.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT (SJR11)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended, so as to read as follows:

"Section 51-a. The Legislature shall have the power, by General Law, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be by the Legislature as deemed expedient, for assistance to and/or medical care for, and for rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance to and/or medical care for, and for rehabilitation and other services for:

"(1) Needy aged persons who are citizens of the United States or noncitizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years and are over the age of sixty-five (65) years;

"(2) Needy individuals who are citizens of the United States who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday and who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

"(3) Needy blind persons who are citizens of the United States and who are over the age of eighteen (18) years;

"(4) Needy children who are citizens of the United States and who are under the age of twenty-one (21) years, and to the caretakers of such children.

"The Legislature may define

the residence requirements, if any, for participation in these programs.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, and in providing rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any individual recipient shall not exceed the amount that is matchable out of Federal funds; provided that the total amount of such assistance payments and/or medical assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal Statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and to enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy

persons; and provided further, that the total amount of money to be expended per fiscal year out of state funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to the Blind, and Aid to Families with Dependent Children shall never exceed Seventy-five Million Dollars (\$75,000,000).

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of accurately and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer or to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment raising the limit on the amount that may be expended in any one year out of state funds for Public Assistance payments only to Seventy-five Million Dollars (\$75,000,000)."

"AGAINST the Constitutional Amendment raising the limit on the amount that may be expended in any one year out of state funds for Public Assistance payments only to Seventy-five Million Dollars (\$75,000,000)."

Post homemaking teacher in Dallas at week-long in-service meeting

Mrs. Marion Wheatley, homemaking teacher at Post High School, is participating in the State Service Conference for Homemaking Teachers now under way at the Statler-Hilton Hotel in Dallas.

The theme of the meeting is "Action and Commitment." Guest speaker for the week-long session on Monday night is Porter Crow, director, Project for Education Service, Texas State University.

Conference topics being developed include: Status of women in today's society, challenges for action and change, status of vocational education, gainful employment programs in home economics, family economics for all income levels, nationally known consultants giving general sessions include Bernice Moore, The Hogg Foundation, University of Texas; Mary Stewart, member of the National Advisory Council on Vocational Education and Head Teacher, Sam Houston State College; Dr. Elizabeth Simpson, Chairman, Department Vocational and Technical Education, University of Illinois; B. Joe Colwell, President, Texas Consumer Association.

Consultants from the State Department of Education: John R. Guempe, Assistant Commissioner for Vocational Education; homemaking teachers and teacher-educators from colleges and universities throughout Texas.

More than 1,500 teachers are attending the week-long meeting, according to Mrs. Annetta Bailey of Agua Dulce, president of the Vocational Homemaking Teachers Association.

Junior rodeo at Slaton scheduled

SLATON—Plans are under way for a junior rodeo to be held on the Slaton Rodeo Grounds, Aug. 15-17.

The rodeo will be sponsored by the Slaton Veterans of Foreign Wars post with net proceeds going to the Little League and Babe Ruth League baseball programs.

Brannon Busby, rodeo director, said the grounds are being improved for the event and that it is hoped there will be a good turnout of contestants and spectators.

Youths interested in entering the rodeo are asked to call Busby at 828-6144. Slaton.

A 'TIRED AMERICAN' GETS SICK

(EDITOR'S NOTE: The following reprint of "A 'Tired American' Gets Angry," from the Rock County Star-Herald, Luverne, Minn., was sent in by a local Main Street reader of The Dispatch.)

I am a "tired American." I'm tired of being called the "Ugly American."

I'm tired of having the world panhandlers use my country as a whipping boy 365 days a year.

I am a "tired American"—weary of having American embassies and information centers stoned, burned and sacked by mobs operating under orders from dictators who preach "peace" and breed conflict.

I am a "tired American"—weary of being lectured by General DeGaulle (who never won a battle) who poses as a second Jehovah in righteousness and wisdom.

I am a "tired American"—weary of Nasser and all the other blood-sucking leeches who bleed Uncle Sam white and who kick him on the shins and yank his beard if the cash flow falters.

I am a "tired American"—choked up to here on this business of trying to intimidate our government by placard, picket line and sit-in by the hordes of the dirty unwashed who rush to man the barricades against the forces of law, order and decency.

I am a "tired American"—weary of the beatniks who say they should have the right to determine what laws of the land they are willing to obey.

I am a "tired American"—fed up with the mobs of scabby faced, long haired youths and short haired girls who claim they represent the "new wave" of America and who sneer at the old fashioned virtues of honesty, integrity, morality on which America grew to greatness.

I am a "tired American"—weary unto death of having my tax dollars go to dictators who play both sides against the middle with threats of what will happen if we cut off the golden stream of dollars.

I am a "tired American" who is tired of supporting families who haven't known any other source of income other than government relief checks for three generations.

I am a "tired American" who is getting madder by the minute at the fifth peddlers who have launched America in an obscenity race who try to foist on us the belief that filth is an integral part of culture . . . in the arts, the movies, "literature," the stage, and the mobs who see Lenny Bruce as "brightly amusing" and Norman Mailer as "compelling."

I'm tired of these "artists" who scavenge in the cess pools for inspiration and who refuse to look up at the stars.

I am a "tired American"—weary of the bearded bums who tramp the picket lines . . . and the sit-ins . . . who prefer Chinese communism to capitalism . . . who see no evil in Castro but sneer at Pres-

An easy way to save taxes thousands pay

WASHINGTON — The General Accounting Office, congressional watchdog agency, says we can save \$4.2 million annually in federal spending with a law change which would permit some rural mail carriers to use government-owned vehicles. Present law requires that these postal employees be paid a maintenance allowance for using their own cars.

Making note of GAO's statement, "Washington Report," official publication of the Chamber of Commerce of the United States, comments that the sum to be saved

the brassy trumpets when Old Glory reaches the top of the flag pole.

I am a "tired American—who wants to start snapping at those phony "high priests" who want us to bow down and worship their false idols and who seek to destroy the belief that America is the land of the free and the home of the brave.

I am a "tired American" who thinks a merciful Lord that he was so lucky to be born an American citizen . . . a nation . . . under God . . . with truly mercy and justice . . . for all.

I am a "tired American" who is sickened by the slack-jawed bigots who wrap themselves in bedsheets in the dead of night and roam the countryside looking for innocent victims.

I am a "tired American" who dislikes clergymen who have made a career out of integration causes yet send their own children to private schools.

I am a "tired American" who resents those who try to peddle the belief in schools and colleges that capitalism is a dirty word and that free enterprise and private initiative are only synonyms for greed.

They say they hate capitalism but they are always right at the head of the line demanding their share of the American way of life.

I am a "tired American" who gets more than a little bit weary of the clique in our State Department who choose to regard a policy of timidity as prudent . . . the same group who subscribe to a "no win" policy in Vietnam.

I am a "tired American"—real tired of those who are trying to sell me on the belief that America is not the greatest nation in all the world . . . a generous hearted nation . . . a nation dedicated to the policy of trying to help the "have nots" achieve some of the good things that our system of free enterprise brought about.

I am an American who gets a lump in his throat when he hears the "Star Spangled Banner" and who holds back the tears when he hears those chilling high notes of

isn't much in the 1969 budget of \$186 billion.

But, the Chamber adds, considering we pay an average income tax of \$930, it takes 4,510 of us to fork over enough for that little \$4.2 million item.

That's about the number of taxpayers in Plymouth, Mass., where the first taxpayers—the Pilgrims—landed.

COSTLY WEEDS

Control of weeds and weed damage to crops in California costs each of the state's residents an average of \$20 a year, reports the Farm and Home Advisory Board.

Connie Mack team to compete in Vernon tourney

Four clubs entered in meet starting Aug. 7

Post's Connie Mack team, champions of the Gara-Lynn County League, will compete next week in the Northern Texas Connie Mack League Tournament at Vernon. Pat N. Walker, manager of the Post team, said Tuesday he had not yet received a tournament bracket, so does not know when the Post team's first game will be or who they will play.

The tournament is to start Wednesday, Aug. 7, with the first game at 2 o'clock, Walker said. He added that about all the other information he had received was

that there will be four teams competing and the tournament will be a double elimination affair.

Walker said because of court duties here, he will not be able to accompany the team to Vernon and that it will be in charge of Coach Deamos Altman.

The Post team has "picked up" two other league players as team members for the tournament. They are pitchers Charlie Brown of Tahoka and Alex Oliva of New Home. Walker said the Post team probably will also add Doyle Schneider, Tahoka infielder for the tournament at Vernon.

Long distance rates go down

SAN ANGELO — A reduction of long distance rates goes into effect for General Telephone Company of the Southwest customers Aug. 1 as a result of the recent ruling by the Federal Communications Commission which ordered the American Telephone and Telegraph Company to reduce interstate long distance rates by \$20,000,000 annually.

The reductions will be 5 to 10 cents from the charge for the first three minutes on daytime weekday station - to - station calls. These are calls placed between 7 a. m. and 5 p. m. Monday through Friday.

This is the 23rd time interstate rates have been cut since coast to coast service began in 1915. During that time, the cost of transcontinental calls has dropped to as little as 75 cents (station - to - station between midnight and 7 a. m.) from \$20.70 in 1915.

Long distance rates have been cut in half since 1945 in contrast to 77 per cent rise in the consumer price index.

Post firemen return from training school

Three Post firemen attended a Firemen and Fire Marshal's Training School at Texas A&M last week. They were Chief Loyd Meek, Elton Lee and Pat Sullivan. In addition to the firemen receiving valuable training, Post received a five per cent credit on its fire insurance rate, which will eventually help on local fire insurance.

Snyder Clippers beat Jets to win tourney

Two Snyder teams, the Clippers and the Jets, clashed in the championship game of the Post Jaycees' third annual teen - age baseball tournament Saturday night, with the Clippers winning, 2 to 1, in five innings.

The championship game was one of three played Saturday night. In the opener, the Jets eliminated Post's Connie Mack League team, 3 to 2, in an extra - inning contest.

In the night's second game, the Jets downed the Clippers, 7 to 1, to set up the championship game.

The final game was cut to five innings because of the late hour. The Jets drew first blood in the top of the sixth when David McGinnis, who had walked, scored on Ronnie Lewis' single. The Clippers tied it up in the bottom of the sixth on a walk to Jim Patrick, who scored on Steve Holder's one-

bagger.

THE CLIPPERS scored the winning run in the bottom of the fifth without the benefit of a hit. Two walks, a fielder's choice and a two-base error won the game for the Clippers.

Steve Holder was the winning pitcher, and Hernandez, who had relieved starter Brad Morgan, was tagged with the loss.

The Jets had an easy time of it in their 7-1 win over the Clippers, Hernandez twirling a four - hitter. The winners scored two in the third, one in the fifth and four in the sixth, including back - to - back home runs by David McGinnis and Ronnie Lewis.

The Jets' 3-2 win in nine innings over Post Connie Mack in the final night's first game probably was the best game of the tournament.

Post jumped off to a 2-0 first-inning lead when Roy Sappington homered over the leftfield fence to score Ray Altman ahead of him after Altman had singled.

THAT WAS ALL the scoring for Post, however. The Jets scored one in the fifth on a walk to Hernandez and singles by Richie Thompson and Steve Moffet. The Snyder team tied the score in the bottom of the seventh when Ronnie Lewis' broken - bat single scored Moffet, who had reached first on a fielder's choice and advanced to third on a two-base error.

The Jets' winning run came in the ninth when Thompson singled and scored on Lewis' double after two were out.

Lewis was the winning pitcher, yielding only four hits to the Post team. Charlie Brown of Tahoka went all the way for the losers, giving up seven hits and issuing seven walks.

Friday night, the Jets eliminated the Post Hornets, 12 to 2, with Ronnie Pierce the starter and loser for the Post team. Brad Morgan was the winning pitcher.

ALSO FRIDAY night, the Connie Mack team lost its first game of the tournament, falling to the Clippers, 6 to 5, despite Roy Sappington's three - run homer. Brad Morgan, who relieved starter Nicky Almond, was the winning pitcher, and Clyde Cash was the los-

Coaches' poll shows Denver City on top

A poll of coaches at the State Coaches School in Fort Worth Tuesday showed the Denver City Mustangs in the "driver's seat" as favorites to win the District 4A 1968 football championship.

Coach Don Orr's Mustangs were picked to repeat as district champions on the basis of six offensive and six defensive regulars.

Coach Glynn Gregg's Post Antelopes wound up next-to-last, just ahead of Frenship, in the coaches' poll.

The Morton Indians were tabbed as the second place finisher in the district, with newcomers Idalou and Tahoka rated third and fourth, respectively, in the six-team district.

A few weeks before the coaches' school opened, the magazine "Texas Football" also picked Post for a next-to-last loop finish, but Coach Gregg predicted just after the magazine hit the newsstands that his team will finish higher than that.

Another band of Mustangs, Olton, was tabbed to repeat as champions

in District 3AA, which will set up another bi-district clash between Denver City and Olton, providing the coaches' school poll turns out accurate.

Other Class AA district favorites named in the poll include Phillips in District 1, Iowa Park in District 2, Crane in District 5, Alpine or Marfa in District 6, and Winters in District 7.

Post coaches attending the school are Gregg, Billy Hahn, Kenny Poole and Bill Smith.

The North-South All-Star basketball game was played Wednesday night, with the North-South All-Star football game scheduled for tonight (Thursday). Earl Carter of Midland Carver represented District 4AA on the North team in the all-star basketball game.

Beauty contest winner makes trophy awards

Spts. Trophy Awards HTK — Miss Patti Peel, who Friday night had been chosen as one of Post's two representatives in the "Miss White River Lake" contest, presented the team trophies and individual awards following the championship game of the Jaycees' third annual teen-age baseball tournament Saturday night.

The championship trophy was presented by Miss Peel to the Snyder Clippers and the runner - up trophy to the Snyder Jets. Members of the championship team were presented individual trophies.

The best batting average trophy went to Ronnie Lewis of the Snyder Jets, and the best earned run trophy to Tommy Pointer of Shallowater, who was a pitcher for the Post Hornets.

Bob Carpenter, the Jaycees' tournament chairman, officiated in the trophy awards ceremony.

The Jaycees, following their successful tournament, expressed their thanks to the fans and business people who supported it, and to the following helpers:

Umpires - in - Chief: Billy Hall, Roy Gilmore, Oscar Garner.

Base Umpires: Jack Hair, Billie Joe McKemie, A. J. Homell, James Kennedy, and others.

Announcers: John Glynn, Max Chaffin, Bill McBride.

Scorekeepers: Allane Ammons, Sue Carpenter.

Protest Committee: James Kennedy, Don Rodgers, David Nichols, John Valdez.

Gail girl's horse reserve champion

Jacquie Dennis of Gail showed the reserve champion mare at the District Two-4H Horse Show held last week at Tulla.

Jacquie, the daughter of Mr. and Mrs. John Dennis, qualified at Tulla for the state 4-H Horse Show to be held next weekend at Dallas.

The Gail girl was interviewed by KGNC-TV of Amarillo after her horse, Sandy, won the reserve champion honors.

Youngsters from a 22 - county area of the South Plains entered 132 horses in the district show at Tulla, and some 300 4-H contestants worked for the top positions.

Tim Prather second in Cheyenne steer roping

Tim Prather of Post roped a steer in 19.5 seconds to win second place prize money of \$1,000 in the first go - round at the Frontier Days Rodeo in Cheyenne, Wyo., last week.

Beating the Post cowboy by only 4 of a second was Bob Isenberger of Gillette, Wyo., who roped his steer in 19.1 to win top cash of \$1,320 in the first go-round.

er after relieving starter Ray Altman.

Thursday night, the Post Hornets eliminated the Tahoka Trojans, 7 to 0, on a three - hitter by Tommy Pointer of Shallowater.

The Hornets' first two runs came in the second inning on homers by Joe Hudman and Larry Johnson.

Also Thursday night, the Connie Mack nine blanked the Snyder Jets, 4 to 0, on a two - hit performance by pitcher Clyde Cash.

Man suffers burns working in yard

By MRS. EDMUND WILKE

nell spent Sunday at White River Lake with friends.
E. L. Anderson returned to his home Sunday after spending several days in Mercy Hospital after suffering a heart attack. He is doing very well, but will have to take it easy for quite awhile.

GREENBUG CONTROL ON SORGHUM QUESTIONABLE

Greenbugs are presently heavily infesting numerous grain sorghum fields on the High Plains. However, the overall situation does not warrant control measures at this time.

Results will be explained and information will be provided to assist the farmer in making management decisions about crops, water, fertilization, timing operations, agricultural chemicals, mechanization and water.

Location is staked for wildcat north of Gail

Midwest Oil Corp. has staked location for an 8,400-foot wildcat, No. 1 R. C. Miller, 19 miles northeast of Gail in Borden County.

HOME FROM HOSPITAL
Mrs. Bailey Mayo was dismissed from a Levelland hospital Sunday to her home in Post. She had been a patient for five days after undergoing minor surgery.

County agricultural agents from throughout the South Plains will serve as tour guides. They and the Research and Extension staff encourage anyone interested in agriculture to make plans now to attend the field day and open house.

Stonewall Jefferson, who lost his home and all his belongings several weeks ago, was out in the yard last week cleaning up and burning trash when a pressurized can blew up and burned him very bad. He won't be able to be out working for at least a couple of weeks or longer.

Rabies is not thing of past

Rabies is a thing of the past? Don't bet your life on it, says the Texas State Department of Health. Statistics and activities of the Health Department indicate otherwise.

A big step in prevention is vaccination of pets. Vaccination of pets takes on a more vital role when you come to realize that most rabies treatments received by humans have come from exposure or possible exposure to pets.

Wasp stings send woman to doctor

MRS. GLENN DAVIS
It is time for news again as it doesn't seem to be very new items. The farmers are busy trying to get the weeds.
E. E. Peel had the misfortune of receiving wasp stings on Saturday afternoon while peaches. She is suffering from the stings and had to go to the doctor for a shot. She is better Sunday.

The Church of Christ concluded Sunday evening with a fairly good attendance for the Bible study and the good singing was by all.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

CONSERVATION FUNDS

Garza County is one of three counties approved for special conservation funds to restore ponds and terraces damaged by rains earlier this summer. The Soil Conservation Service will provide technical assistance in rebuilding terraces and ponds damaged by the June rains. Some of the rebuilding work can be done now but a large portion of the repairs and rebuilding will be done later this fall as the crops come off. A meeting will be held Monday, Aug. 5, to complete the planning stage of setting up average costs on the various practices. The committee will set what price is necessary to get the repair work done. A sign-up cannot be held until all preliminary work is completed. The ASCS office will announce at a later date when the sign-up will be. These special funds may pay up to 80 per cent of the cost of restoring permanent conservation structures damaged by the June rains.

Bailey Mayo, work unit conservationist for the Garza Soil and Water Conservation District, attended the state meeting of the Soil Conservation Society of America at Amarillo on Friday and Saturday of this past week. Mr. Mayo is presently serving as secretary-treasurer of the South Plains chapter of the society.

Frank Busby, range conservationist at the Post Work Unit, has just returned from a two-week short course at Fort Worth. This course provides new employees of the USDA to share ideas and to become more familiar with service policy and to broaden their experience. The center provides specialized training to employees of 11 states.

MODERN LIVING... by Thompson

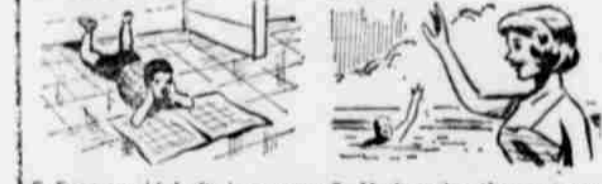

A modern heating system can do more than just keep you warm in winter, say researchers at the National Oil Fuel Institute. It can also provide comfort, convenience and peace-of-mind:

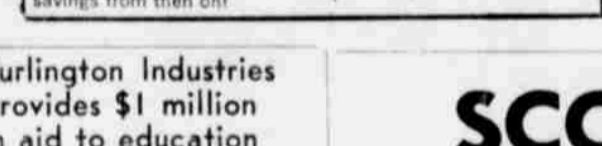

1. Housecleaning is less work today, thanks to modern heating plants. All fuels, including oil, are equally clean. Most of the dirt in today's home comes from cooking fats and fabric dust off rugs, furniture and clothing.

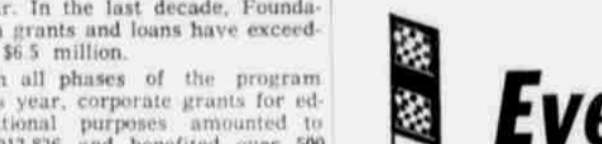

2. There's no need for chattering teeth while you wait for someone to come and fill an empty fuel tank. Delivery is automatic with oil, and service isn't interrupted by storms, broken mains, strikes or pressure drops in pipe lines.

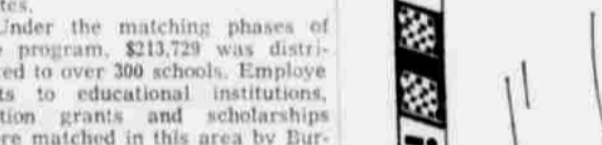

3. The safety of modern heating systems provides peace-of-mind. No special precautions are needed for storing fuel oil, for example, because it won't burn until it is vaporized within the combustion chamber.

4. There's no more shivering in the shower. Because oil heats water faster than you can use it, you don't get cold water when you expect hot, and you needn't wait for hot water to be replenished.

5. Even an old drafty house can be modernized, and warmed up, by extra insulation. And, say the experts, when combined with oil heat the savings might easily pay the insulation costs in the first year you can heat a swimming pool season, and will provide annual savings from then on!

6. Modern heating can melt away some of winter's misery. For example, you can use oil heat to melt snow off a driveway. In the early spring and fall, the insulation costs in the first year you can heat a swimming pool season, and will provide annual savings from then on!

Burlington Industries provides \$1 million in aid to education

The Aid to Education program administered by the Burlington Industries Foundation provided over \$1 million in financial assistance during the past school year. In the last decade, Foundation grants and loans have exceeded \$6.5 million.

In all phases of the program this year, corporate grants for educational purposes amounted to \$1,012,826 and benefited over 500 schools, according to W. S. Markham Jr., executive director of the Foundation.

Direct grants totaling \$528,165 were made to 74 institutions in 15 states.

Under the matching phases of the program, \$213,729 was distributed to over 300 schools. Employee gifts to educational institutions, tuition grants and scholarships were matched in this area by Burlington.

Children of employees have received over 330 educational loans exceeding \$131,000. These students attended 129 colleges in 17 states.

In states where Burlington plants are located, the Foundation makes grants to state associations of private colleges, the United Negro College Fund and similar organizations promoting higher education. These grants annually exceed \$100,000.

Screwworm danger is increasing in Texas

AUSTIN — State and federal animal health experts are becoming worried at the increase in screwworm infestation cases being filed this year. To date 1,125 cases have been reported in 1968.

After the sterile fly program was inaugurated in 1962, the screwworm count fell below 300 cases by 1964.

The rapid increase in cases this year is blamed on extremely wet weather in South and West Texas which has made a climate especially suited for the worms and their parent screwworm flies.

Ranchers are warned to perform surgical operations (dehorning and castration) only if maximum safety precautions are taken to prevent fly infestation.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT (HB16)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding a Section 1-f, to read as follows:

"Section 1-f. All merchandise, products, goods or wares in the temporary custody of a public warehouseman, who has no financial connection other than as bailee for hire with the owner, shipper, or consignee of the merchandise, products, goods, or wares, are exempt from ad valorem taxation if they are shipped to or from the warehouse by registered or bona fide private carrier, are held by the warehouseman not longer than six (6) months, and have a predetermined out-of-state destination at point of origin. The books and records relating to out-of-state shipments covered hereby of such public warehouseman shall be available for reasonable inspection by

the proper taxing authorities. This amendment shall not act as a validation of any present statute or law, but only those passed specifically pursuant hereto; provided, however, that enabling legislation passed in anticipation of the adoption of this amendment shall not be invalid solely because of its anticipatory nature."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment to exempt certain property temporarily stored in a public warehouse from ad valorem taxation."
"AGAINST the constitutional amendment to exempt certain property temporarily stored in a public warehouse from ad valorem taxation."

Burlington Industries reports higher sales, earnings; dividend increased

NEW YORK, N. Y. — Burlington Industries, Inc., today reported higher sales and earnings for the June quarter and an increase in the quarterly dividend rate. Net sales for the three months ended June 29, 1968, were \$410,443,000, compared to sales of \$343,209,000 for the same quarter last year. Net earnings for the June quarter were \$20,486,000 equal to 80 cents per share based on 25,327,000 shares outstanding on June 29.

The board of directors, meeting in New York, declared a quarterly dividend of 35 cents per share, an increase of 5 cents over the previous quarterly rate of 30 cents per share. The dividend is payable Sept. 1, 1968, to shareholders of record at the close of business Aug. 9, 1968.

For the nine months ended June 29, net sales were \$1,202,303,000 and net earnings were \$59,264,000 or \$2.34 per share. For the comparable nine months last year, sales totaled \$1,017,969,000 and net earnings were \$43,153,000 or \$1.71 per share.

Net earnings for the three months and nine months ended June 29, 1968, are after provision for income taxes, including the recently enacted 10 per cent Federal income tax surcharge from Jan. 1, 1968. Burlington reported that provision for the tax surcharge amounted to 6 cents per share in the June quarter. (The Federal income tax surcharge, retroactive to Jan. 1, 1968, reduced previously reported net earnings for the March quarter, ending March 30, 1968, by \$1,737,000 or approximately 6 cents per share.)

Charles F. Myers Jr., chairman of the leading textile firm, noted that "Burlington's operations in the June quarter were maintained at the high level established in the
