It isn't often in football one finds a team which gets beat virtually week in and week out, but doesn't give up.

Seldom can you discover a bunch of boys who keep right on going all-out on every play down to the gun of defeat after defeat.

It's hard in such circumstances either to find a team which somehow manages to improve from game to game.

But that is the record this year of Coach Bobby Davis' Post Antelopes. Not overly endowed with raw talent, not possessing any of that all-essential speed, and short in both depth and experience, the 'Lopes have taken their knocks regularly.

But the way they have done it certainly has been a tribute to them and their coaches.

We've unfortunately watched a lot of Post losers in the last 15 or so years, but never one we enjoyed watching more than this bunch.

Tomorrow night is the last home appearance for the Antelopes in football this season and the last ever for a bunch of seniors in Antelope stadium in grid togs. Certainly they deserve the best salute, the loudest encouragement, and the warmest praise we fans can give them.

This they have certainly earned.

We didn't know until we went soliciting some "report card printing business" in the local principal offices recently that the Post schools have turned over their grade records to the computer too.

Nobody likes to lose home town business to an out of town competitor, even if it does happen to be a computer.

We hope the schools' computer is a little bit better operated than some of the government computers or the magazine subscription department computers we've heard about and had some very sad experiences with.

Did you ever try to get an error corrected in one of them? Uggghhh!

Wacker's started yesterday to set up their temporary store two doors west of The Dispatch in the former Post Pharmacy building. Manager John Brockman is hopeful of getting open for customers within the next ten days or so.

Council approves oil firm request for water line

At a special noon meeting last Thursday, the Post city council approved the request of the George R. Brown oil interests for installation of a water pipe from a city main at Osage and 13th Street, up the alley into the nearby George R. Brown tank unit.

The water pipe, which will have a maximum four-inch flow, is to be used by the oil firm in its current waterflood operations, which began receiving intake water Oct. 13 for the first time.

Installation of the pipe will be paid for by the oil firm. The council also voted to advertise for bids for an oil and gas lease of 2.8 acres of city land in the west part of the city. The acreage forms a 20-foot gap between two drilling units.

A notice of bids on the land appears on page 12 of today's Dispatch. The notice will also appear in the Nov. 4 and Nov. 11 issues of The Dispatch, after which bids will be opened and read at a special meeting of the council at 6 p.m. Thursday, Nov. 11.

Mayor Giles C. McCrary appointed Councilman E. R. (Buster) Moreland as a member of an advisory board that will act in an advisory capacity with the board of trustees of Post Independent School District following the sheriff's sale of land for delinquent taxes on Nov. 2.

Attorney Pat N. Walker, who has conducted a delinquent tax collection campaign for the City of Post, the school district, Garza County and the White River Municipal Water District, told the council that the school trustees had tentatively agreed to purchase and hold in trust delinquent tax property on which no bids are made at the sheriff's sale.

The duties of the ex-officio board will be to confer with and advise the school board on the future disposition of the property. Walker said the school board and water district had each appointed a member. (See City Council, page 8)

Delinquent tax property goes under hammer here

Sheriff's sale set for Tuesday

Some 25 to 30 pieces of local property are going to be sold for delinquent taxes, penalties and interest on the courthouse steps here Tuesday afternoon by Sheriff J. A. (Jimmy) Holleman in what is one of the few, if not the first, such sheriff sale in West Texas history.

The properties are those contained in 17 of the remaining delinquent tax suits which now remain unsettled out of 29 such suits advertised for the Nov. 2 sheriff's sale in The Dispatch beginning four issues ago.

Twelve have been settled since the legal advertising the sheriff's sales began. Some of the suits contain more than one piece of property.

Attorney Pat N. Walker, who has conducted the delinquent tax drive here for local units of government, said the sale will begin promptly at 1:30 p.m.

Although the legal hours for the sale are 10 a.m. to 4 p.m., the start has been postponed until afternoon because district court will be in session here Tuesday and both the sheriff's and Walker's presence will be required in the courtroom during the morning.

Walker told The Dispatch that the law provides that any person with an interest in the property up for sale cannot buy it for less than the total amount of delinquent taxes, penalties and interest against it.

Bidders without an interest in the property can buy it at any price, providing of course it is the highest bid made for the property.

Walker said that any sheriff sale buyers can be assured that upon purchase there will not be any taxes or penalties against the property.

Other than that assurance, however, the rest is up to the buyer to check location, condition, condition of the abstract, etc.

The local attorney also said that the law provides a two-year redemption clause in the sale of such property.

If the present owner buys back the property within a year as the law permits him to do, he must

pay the amount paid for the property at the sheriff's sale or the total amount of taxes, penalty and interest whichever is higher, plus 25 per cent of this amount as penalty, 25 per cent.

The buyer of the property at a sheriff's sale receives the full amount, including the penalty. If the original owner redeems the property during the second year he must pay the same except whichever is higher, plus 25 per cent penalty instead of 25 per cent.

The One of the many properties to be auctioned off to the highest bidder will be the old boarded-up Ameen Hotel two doors east of the Dispatch in the 100 block East Main Street.

Walker said any purchaser of this property can be assured it will not be redeemed a both mortgage holder and present owner have agreed. (See Sheriff Sales, page 8)

CAMPAIGN'S GOAL IS \$9,500

'72 United Fund drive to begin here Monday

"Start Smiling by giving the United way" is the theme of the 1972 Garza County United Fund campaign which opens Monday — and each fund donor will be given a "smiley button" to wear which proclaims "I gave."

At least fund planners are hopeful that the order of a thousand smiley buttons arrives in time. The buttons were to be air-freighted out of Minneapolis today.

The goal for the 11 participating agencies is \$9,500 and drive workers are hopeful of going over the top for what would be a record three years in a row.

While the main drive — divided into 18 separate divisions — each with a division chairman — will open Monday the business division will jump off to an early start with a card distributing meeting in the bank at 4 p.m. this afternoon.

Business division workers, who are expected to pick up over \$6,000 of the goal's total, include J. B. Potts, S. E. Camp, Harold Lucas, Gene Moore, James Mitchell, Giles C. McCrary, Glen Barley, Fred Myers, Bryan J. Williams, and Jim Cornish.

Chairmen of the various 1972 United Fund drive divisions are: County employees, Dean Robinson; postal employees, A. J. McAllister; bank employees, Will Parker; highway department employees, Julian Smith; hospital employees, Donald Windham.

Oil employees, E. R. (Buster) Moreland; Postex Plant employees, Walter Didway; ASC employees, Bailey Mayo; ministers, the Rev. George L. Miller, Southland, Mrs. Ann Chaffin.

Lincoln Addition, Benny Valdez; Justiceburg, Mrs. Winnie Tuffing; Private Citizens, Mrs. Patty Kirkpatrick; farmers and ranchers, Bailey Mayo; and retail employees, Mrs. Janice Smith.

Cornish, drive chairman again

this year, appealed to all Garza Counties to cooperate as well with workers and division chairmen as the chairmen have cooperated in readily accepting their assignments for the annual financial campaign. (See United Fund, page 8)

COUNCIL MEETS TUESDAY

The regular November meeting of the Post city council will be held Tuesday night, Nov. 2. The council's regular monthly meeting usually is held on the first Monday, but was changed to Tuesday because of the first day of the month falling on Monday.

Post teacher is named to office

Emmett Bernard, second grade teacher in the Post Public Schools, was elected treasurer of District 17 of the Texas State Teachers Association at a district meeting in Lubbock last Friday.

A former Post school teacher, Mary Raphael of Lubbock, was elected president of the group to succeed Delwin Webb of Abilene.

Nearly all the Post teachers attended the one-day convention, with no school being held that day.

New 'deputy' on job for Sheriff Holleman

Sheriff J. A. (Jimmy) Holleman has a new "deputy." A son, weighing 5 lbs., 10 oz., was born to Mr. and Mrs. Holleman Wednesday morning in Slaton's Mercy Hospital. It is the first son for the Hollemans, who have two daughters.

RETURNS FROM HOSPITAL
Malcolm S. Bull returned to his home here Monday night after a week's stay at M. D. Anderson Hospital in Houston. His condition is reported to be about the same — as well as could be expected, a member of the family said Wednesday.

THREE DWARFS MISSING

These are but four of the seven dwarfs you will see at the Post Music Club's presentation of "Snow White and the Seven Dwarfs" on Nov. 4 and 6. From left are Dopey (Carol Waters), Sleepy (Consuelo Thuett), Grumpy (Jan Bartlett) and Bashful (Sharla Wells).

Post Music Club to stage 'Snow White'

An original adaptation of the folk tale, "Snow White and the Seven Dwarfs" will be presented by the Post Music Club on Thursday and Saturday nights, Nov. 4 and 6, in the primary school auditorium.

The production was presented by the club five years ago and is being repeated at the request of many parents and friends, who considered it an unforgettable experience for children and adults alike.

Included in the program will be vocalists Margie Pennel, Lex Roby, Marilyn Miller, Jim Wells and George L. Miller as soloists, instrumental numbers by flutists and well as rhythmic background music.

Mrs. JoAnn Mitchell, Mrs. Jan Cornwell, Mrs. Boo Olson and Mrs. Libby Ford will provide piano accompaniment throughout the performance. Members of the club chorus will portray the seven dwarfs, with Mrs. Wanda Mitchell, Mrs. Rosemary Chapman and Mrs. Zoe Kirkpatrick doing impersonations of forest animals and a variety of dance numbers.

The story, adapted by Boo Olson, will be narrated by Mrs. Maxine Marks.

The role of Snow White will be portrayed by Margie Pennel, the prince by Jim Wells, the queen by Marilyn Miller, the magician by George L. Miller and the servant by Bo Jackson.

Portraying the seven dwarfs will be Jay Pool, Doc; Emilie Zivic, Happy, Carol Waters, Dopey; JoAnn Bartlett, Grumpy; Lynette Thuett, Sleepy; Sharla Wells, Bashful, and Consuelo Thuett, Sleepy. The admission prices will be \$1.25 for adults and 50 cents for students. The Post Music Club annually contributes to worthy community endeavors, and proceeds from this presentation will enable them to continue their support of such projects.

THREE OF PRINCIPALS
Three of the principals in "Snow White and the Seven Dwarfs" will be Marilyn Miller (left), the queen; Jim Wells, the prince, and Margie Pennel, in the title role.

ONE OF THE DANCERS
Rosemary Chapman will be one of the dancers when the Post Music Club presents "Snow White and the Seven Dwarfs." In addition to dancers, there will be impersonators of forest animals. —(Staff Photos)

Tour set Tuesday on brush control

The Graham community center, seven miles west and two miles south of Post, will be the starting place Thursday, Nov. 4, of the Texas Tech University Brush Control Research Tour to the Post-Montgomery Ranch in Lynn County. The Graham community center, in sponsorship of the tour, according to L. G. Thuett Jr., district board chairman. "Everyone is invited to take part in the tour," he said. The morning tour, from 9 o'clock until noon, will consist of observation and discussion of new findings. (See Brush Tour, page 8)

Crime prevention session Nov. 4

The Post Chamber of Commerce in cooperation with the Small Business Administration will conduct a crime prevention session for local merchants next Thursday night in the bank community room, beginning at 7 p.m.

The businessmen will see films on shoplifting and hot checks and will have question and answer sessions on each subject with a coffee break in between.

Land pollution suit filed here

W. B. Williams, Graham community farmer, has filed a \$3,870 damage suit in Garza County District Court against Adam K. Grate Association, Inc. and Joe H. Warren, Jr., both of Dallas, for land pollution. Damages are sought for damage done to Williams' land, crops, and an earthen dam when a plastic pipe broke on an oil lease operated by the defendants and discharged oil and salt water for two days or more.

IF REDISTRICTING PLAN HOLDS

Bill Heatly in line as new representative

W. S. (Bill) Heatly of Paducah, the controversial chairman of the powerful house appropriations committee in the Texas Legislature, will be Garza County's new representative at Austin if the redistricting plan adopted by the Legislative Redistricting Board last Friday survives expected court tests.

Garza was moved out of Rep. Renal B. Rosson's nine-county district into Heatly's 101st district.

Garza's representation change will not become effective until after the 1972 general election when Garza voters will have the opportunity to vote in the new district for the first time.

Of course, Heatly may not be the district's representative by that time either, but Heatly proved in

W. S. (BILL) HEATLY

1970 he is a tough man to beat at the polls even though the veteran legislator has plenty of foes around the state.

Representative Heatly in a letter to The Dispatch this week said "even though this district will not be in effect until after the next general election, I hope to represent my new constituents in all state matters before then."

So it's pretty obvious Heatly is planning to run in the new district in 1972.

Along with the letter was a statement from Heatly in which he "welcomed the people of Garza County as my new constituents in the 101st Legislative District as it has been constituted by the State. (See Bill Heatly, page 8)

THURSDAY, OCTOBER 28, 1971

Start smiling by giving . . .

Start smiling by giving . . . the United Way.

That is the theme of the 1972 Garza County United Fund drive which will kick off Monday with a bright yellow "smiley button" saying "I gave" available to each contributor to our \$9,500 cause.

As the buttons arrive air freight in time for the kickoff. They are scheduled to arrive this weekend.

The "smiley buttons" provide a positive approach to a one-for-all and all-in-one fund raising.

Trying to reach each and every Garza county is a tough chore under the most favorable circumstances. And at this time of year, the circumstances are never altogether favorable. There is simply too much to do and too few volunteers to do all the necessary work.

In the County of Garza we don't make a "big thing" out of our United Fund drive. We don't have a lot of meetings, a lot of planning sessions.

The fund raisers venerationally know who will give and who won't. And therein lies the only problem.

We reach all the known givers simply because it is essential if the United Fund is to reach our goal.

But still and all, year after year, there are those who don't give, and primarily because they are not contacted and "sold" the United Fund as a very essential community service.

It would be so simple if all Dispatch

readers would make up their minds in advance of contact exactly what they were prepared to contribute as their "fair share." Then the drive workers can move swiftly without long costly callbacks.

Unfortunately, it doesn't work that way. A volunteer who takes card for some "unplowed ground" can work furiously for a whole day and return with no more than \$25 or \$50 to show for it. Some of the fund raisers who gave a day's time probably "gave up" that much profit potential for themselves by working for the United Fund instead.

So, of course, the concentration is made upon repeaters. Year after year, they are the United Fund givers.

To reach the Garza folks who weren't contacted last year will take probably two or three times as much "volunteer power" as was expended upon the entire 1971 campaign.

That's the problem facing us at the start of every new drive. But somewhere there is a solution to that problem and each year we are looking for it.

If you have the answer please let the drive folks know. And if you want to give soliciting time as well as money, please tell them that, too.

We can use every hour and every dollar. Giving either or both of them will be making a significant contribution to our community—yours and mine.

That's why we want you to give and to smile. Helping one's hometown is guaranteed to make anybody—even the old grouch—feel good.—JC

SUNDAY, OCT. 31, not only is Halloween, but it is also the day this year that we get back that hour we lost last spring when Daylight Saving Time began. Standard Time will be resumed for its six months term at 2 a.m. Sunday, so don't forget to set your clock back an hour.

We'll just have to wait and see, of course, whether the "spooks" are out in force on Saturday night, Oct. 30, or whether they wait until Sunday night, which is the bona fide Halloween date. The chances are good that we will have to put up with some of them both nights.

LET US HOPE that all the children who dress up as goblins and go out to trick or treat get back home safely and that none of them find razor blades hidden in their Halloween apples or any drugs or other injurious material in the candy or food they are given. Putting harmful substances into Halloween treats passed out to children is a despicable act and only someone who is sick in the head would do such a thing.

When your football team is getting waxed out on the field, it helps some to be able to lean back in the press box at halftime and hear folks compliment your band. That is what happened at Tahoka last Friday night and has happened on numerous other occasions during these lean football years.

THE POST ANTELOPE marching band made a big hit with the Tahoka side of the stands at the football game, not only because of its size, but also because of its appearance and its quality. Director Herb Germer has done, and is continuing to do, an outstanding job with the band program here. When you can't have everything, it certainly helps to have a good band.

The man up the street says you wouldn't worry about what people think of you if you knew how seldom they do.

OMAR BURLESON, this district's new U. S. congressman-to-be, sends out a weekly newsletter. "As It Looks From Here," and this week his subject is "Hunting," which Mr. Burleson says won't interest a lot of people but . . .

After some more or less serious thoughts on the subject, Mr. Burleson offers these facetious tips on deer hunting, which are a lesson in themselves if you plan a hunt.

1. First you need a fast car — so you can get there early on the first day of the season — get the best place and save a chance of getting shot at before you get in the brush. As a side benefit it saves the other guy some ammunition.

2. Be sure to shoot at anything that moves. If it's not a deer, it might be your best friend.

3. When you finally get your deer (maybe at 50 yards) be sure to pump a few more shots into the hams, backstrap and stomach.

4. Be certain not to bleed the critter. The locker plant man would be disappointed if you brought in a clean deer with lungs removed.

5. If you skin your deer, roll him around in the dirt real good and then wrap him in newspaper (Sunday funnies are best because they stick well and the ink gives a delicate flavor of burnt rubber).

6. Next — drag your carcass to the car, place it over the hood — in the hottest place. This way it will dry out after a while, catch all the dust, and people can see you got one.

7. On the way home, stop at a beer joint and, after warming up, tell all about it. "He was at least 250 yards and running full speed."

8. By being delayed, you won't be home until well after midnight. Wake the locker plant man and tell him the way you want every piece cut. While he's doing this, tell him how you dropped your trophy with one shot at 450 yards.

The congressman concludes with: "Well, the ideal hunter is a fellow like Burleson who couldn't hit that well-known bull with a big fiddle, but likes to be outdoors — to smell powder; and hear the crack of the shot. And, too, there are the colors of fall, the wind in your face and coffee around a campfire — and the game still safe."

THE CROWD GOT a big laugh at the Post-Tahoka football game Friday night when it was announced from the press box that Jimmy Moore had lost his crutches — but it wasn't quite as funny to Jimmy, who had been having to hobble

FATHER TO THE RESCUE

Suppose a man sees his son being beaten up by the neighborhood bully. Does he have a legal right to use force in his son's defense?

He does indeed. Parallel to the right of self defense is the right to defend the members of one's family, with force if need be. This doctrine goes all the way back to the days of feudalism, when the master of the household was legally entitled to protect his family from attack.

Post man named to VFW office

KANSAS CITY, Mo. — Joseph L. Vicites, Uniontown, Pa., commander-in-chief of the Veterans of Foreign Wars of the United States, has announced the appointment of Nicholas Vukad of Post, Tex., as National Aide-de-Camp, VFW.

Said Vicites: "As I accepted the chief of this organization of combat veterans, I invited each member to share those responsibilities with me."

"Our continued success in protecting the veteran's interests and extending the institutions of American freedom requires dedication and leadership. Mr. Vukad possesses both these qualities and I am most grateful that he is giving his whole-hearted support to the internal problems of this nation and to the purposes for which the VFW was chartered by Congress."

Vukad has served his VFW post in a number of offices, including commander, and is also a past commander of District 7, VFW.

around on them after suffering a broken foot a few weeks ago when his horse fell with him while he was working cattle.

During a lull in the game, Jimmy was sitting in his car after laying his crutches just outside the car door. When he started to leave the car, the crutches were nowhere in sight, and Jimmy was unable to get around because of a still-wet cast on his leg.

AFTER THE announcement from the press box, a youngster told Jimmy he had seen another boy walking around on a pair of crutches, but that the boy didn't look like he needed them "because he had shoes on both feet."

The boy who volunteered the information flew in to try to find the youngster he had seen with the crutches, and it wasn't long before the crutches were dropped over a nearby fence, and were soon back in Jimmy's possession.

ANYONE WHO HAS ever used crutches knows they're unhandy things to get in and out of a car, but I suppose Jimmy will agree with me that the moral of this is, "Don't let your crutches out of your sight."

But in such situations, there is always the chance of escalating the violence. Therefore, the law places careful limits on this right of family defense.

1) The force used must not be excessive. For example:

A father found his son involved in a fracas with the man next door. Rushing to the rescue, he knocked the man unconscious with a mighty blow on the head. Then he followed up with a swift kick in the abdomen.

For the resulting internal injuries, he father was duly held liable in court. The right to defend his son, said the court, did not include the right to kick someone who was lying on the ground unconscious.

2) The force must be used only to defend, not to "get even" in another case, a father found out that a certain teacher had slapped his son in class. Days later, meeting the teacher on the sidewalk, he punched him in the nose.

Could the father be held liable? Again, yes. The court said that since the boy was in no danger at the time of the punch, the father's action could not fairly be called defensive.

3) Many courts add that the father's right to use force is no greater than the child's. Thus:

A belligerent teen-ager deliberately picked a fight with another youth. But by the time his father came along, he was already getting the worst of it. The father promptly slugged the other boy with a rock.

Sued later for damages, the father claimed he had acted to protect his son. But the court said that, in terms of the right to use force, he "stood in his sons shoes"—that is, in the shoes of the aggressor.

Ouija Boards get their name from a combination of the French and German words for yes.

The Abundant Life . . . THE EARLY CHRISTIANS HAD ZEAL

It is thrilling and fascinating to read of the zeal and enthusiasm of the New Testament church. In New Testament times, you might persecute the Christians, you might drive them from their homes, you might even kill them, but you could not dampen their zeal, nor extinguish their flaming enthusiasm.

Have you ever read the book of Acts and underscored every passage that denotes the zeal of these early Christians? If not, it would be an eye-opener and a rewarding experience.

We need to get excited and stirred up about pure New Testament Christianity. It is the most wonderful thing the world has ever known. It brings joy, happiness, peace, serenity of soul, and forgiveness of sins. Yet, there are some who profess to be Christians who are not as excited and enthusiastic about the religion of our Lord as some the about a patent medicine. New Testament Christians were no deadheads, nor were they inactive, complacent, indifferent, or lukewarm.

America is a young and growing nation. The experts predict a continued rise in population. We are now riding the highest wave of religious interest ever known in American history. Millions of Americans, not now affiliated with any religious group, will accept some type of religion within the next decade. Now is the time to return, not only to doctrines and commandments of the New Testament, but to its zeal, fervor, and its enthusiasm. Let us, without reservation, throw ourselves wholeheartedly into the work of our Lord, and thus recapture the zeal of the New Testament church! As Paul exhorted, "Whatever you do, do it heartily." (Col. 3:23).

TEXAS HIGHLIGHTS and SIDELIGHTS

... from the State Capitol

By BILL BOYKIN
Texas Press Association

AUSTIN — Ballot order has been set for 14 proposed constitutional amendments to be voted on the Nov. 7, 1972, election.

Major changes, including authorization for a constitutional convention for four-year terms for major officials, higher state bond ceilings and equal rights for women are included in the list. The amendments, in the order they will appear on the ballot, follow:

1. To allow tax exemptions for disabled veterans, their surviving spouses and children and widows of children of active duty.

2. To provide a minimum \$3,000 property tax exemption for resident heads of those 65 and over.

3. To guarantee equality under the law shall not be denied or abridged because of sex, race, color, religion or national origin.

4. To provide four-year terms for governor, lieutenant governor, attorney general, comptroller, treasurer, land commissioner, secretary of state and other statutory officers.

5. To allow soil and water conservation district directors to hold, be compensated for, more than one office.

6. To require that proposed constitutional amendments be described in clear language by state newspaper publication (633 words).

7. To fix an annual salary of \$20,500 for speaker and lieutenant governor.

8. To permit state employees to serve on local governing boards.

9. To set a six per cent weighted average annual interest rate for constitutionally-authorized bond issues.

10. To allow counties to reduce their permanent school fund and distribute money to independent and common school districts on a per-scholastic basis.

DEMOCRATS ELECT — Feuding Democrats settled a row over election of a new chairman with unexpected calm.

At a Dallas meeting, the State Democratic Executive Committee named Roy Orr, 39, mayor of DeSoto, chairman, rejecting Gov. Preston Smith's preference for Agriculture Commissioner John C. White.

Orr won by a razor-thin 32 votes to 30 over the veteran statewide official. Backers of both argued that their man would be the best choice to unify the state party for election-year battles ahead. White had backing of liberal and some moderate and conservative members of the committee. Orr drew support of most SDEC conservatives and some moderates.

Both candidates, the winner and the loser, pledged future cooperation with all factions.

Orr succeeds Dr. Elmer Baum of Austin as SDEC chief until the September, 1972, state party convention.

COURTS SPEAK — The State Supreme Court affirmed lower court findings that state employees are constitutionally banned from city council service.

In another new decision, the High Court set a hearing November 3 in the controversy over whether 588 acres were legally acquired at Odessa for a new University of Texas of the Permian Basin campus.

Third Court of Civil Appeals here held a law preventing vending machine owners from holding financial interests in taverns is constitutional.

New Mexico cowboy champion steer roper

A 35-year-old cowboy from Peralta, N. M., who finished high in the first O. S. Ranch Steer Roping here Oct. 2, has been crowned world champion steer roper for 1971, the Rodeo Cowboys Association announces.

Olin Young, one of professional rodeo's top competitor for the past decade, won his first world championship at the National Finals Steer Roping in Pawhuska, Okla.

Young went into the finals in second place with \$4,876 won at six of nine steer roping contests sanctioned by the association this year. During the finals, where prize money totalled \$6,500 with the sea-

son's top 15 ropers in competition, Young placed in four of six rounds, emerging second in the average and winning a total of \$1,314.

His time on six steers was 119.8 seconds.

The leader going into the finals, former champion Walter Arnold, Silverton, Tex., placed twice, winning \$361. Young's total winnings for the year are \$6,190 to Arnold's \$5,651. Finishing third or the season was Don McLaughlin, Fort Collins, Colo., with \$4,867.

Young has been among the top 10 calf ropers for the past ten years, and among the top three steer ropers three of the last four years. He's also a former director on the association's governing board.

The winner of the average at the finals was James Allen, Santa Ana, second, and won \$623. Allen placed only once during the competition, Tex., who had a total time of 117.1 but his consistency paid off in the end.

He finished fifth for the season with \$3,584.

Walter Crider has returned to his home here after a long stay in Methodist Hospital, Lubbock, following surgery.

BOND SALE OFFERED — A total of \$31.5 million in veterans land program bonds will be offered for sale Nov. 1.

Land Commissioner Bob Armstrong said sale of additional bonds is necessary to continue the program under which 20,000 applications for low interest rate land purchase loans have been made since last February. The interest ceiling on the bonds is 4.5 per cent.

APPEAL FILED — Texas is appealing U. S. Secretary of Transportation John A. Volpe's decision to impose a 10 per cent penalty on the state's share of highway construction money from the federal trust fund.

The threatened cut—because Texas has not enacted a billboard control law under the highway beautification act—would cost the state about \$25 million a year. The appeal to Volpe noted legislative efforts to comply with the federal requirement and asked a decision on the penalty be withheld until the next regular legislative session.

Busy times ahead for choir members

By MARK HAYS

Well, it looks as though the Post Antelope choir has really decided to get on the ball again. Thursday the choir discussed ways to raise money for the greatly anticipated trip to Amarillo in the early spring of '72. The choir must raise at least \$300 dollars for this trip, therefore, the president, Randell Hays, has selected a committee to get the projects moving. The committee is made up of representatives from each class. They are Lanita Justice and Wynette Byrd from the senior class, Dan Hodges and Debbie Hood from the junior class, Sylvia and Dana Pool represent the sophomore and freshman classes.

There are also many other contests the choir plans to attend March 15 is the date set for the Junior High choirs to compete in Lubbock at Coronado High School. Wayland College is holding a UIL contest on March 23 for all the schools. The Post choir and many other choirs from surrounding towns will be competing.

There is also a vocal solo contest scheduled for April 15 which will be held at Estacado High School in Lubbock where our most talented choir members will compete.

April 27 and 28 is the date set for the "Greatest Southwest Contest" held in Amarillo where the choir plans to spend three nights with four glorious days filled with competition and fun. The choir is hoping to bring home sweepstakes from all of the contests they attend this year. It takes a lot of hard work and confidence from each member to bring home a sweepstakes, but that is what the choir is working at. As you can see, the choir plans to make this a very rewarding year.

The choir is also planning a concert in the near future to give everyone a chance to see what a wonderful choir we have this year. A definite date has not been set, but it will be called "Meet the Antelope Choir Night." We hope that everyone will attend and give the choir their support.

Citizen of Week is Randell Hays

This week the paper staff chose as the citizen of the week senior, Randell Hays. Randell is the son of Mr. and Mrs. Gene Hays of 806 West 5th St. He has three brothers and two sisters.

Randell is the leader of the FCA, editor of annual, editor of the paper staff, president of the choir, basketball athlete, and plays tennis.

He works as a disk jockey at KPOS radio station.

Meet the Seniors

By WANDA HEINTZ

A daughter, Raye Wynette, was born to Mr. and Mrs. Delbert Byrd on July 3, 1954. This year, 17 years later, she is a senior in Post High School.

Among Wynette's favorites are: Subjects, bookkeeping, English and speech; song, "Indian Reservation"; actor, Chad Everett; actress, Ali McGraw; color, blue; food, Mexican.

Going to Commercial College in Lubbock and getting married are Wynette's plans after she finishes high school.

The activities in which she has been engaged during her years in high school include: FHA, four years; pep squad, four years (officer fourth year), basketball two years, FTA, junior class favorite, Top Twenty and choir.

On June 19, 1954, Mr. and Mrs. Ben Owen became the proud parents of a son, Kim Ashley, who is completing his final year in Post High School.

Kim's favorite subject is civics; song, "American Woman"; actor,

John Wayne; actress, Ann Margaret; color, gold; food, Mexican and Italian.

Kim plans to attend college at Arizona State and get married.

During his high school years, he has been in choir, football all four years, track team one year, Letterman's Club, Top Twenty, junior class favorite, junior class play, senior class president, sophomore class president, and student council.

A son, William Randell, was born to Mr. and Mrs. Eugene Hays on Aug. 6, 1953. Randell is now 18 and completing his senior year in high school.

Some of his favorites are: Subject, typing; song, "Rings"; actor, Flip Wilson; actress, Ann Margaret; color, green; food, Spanish foods and steak.

Randell plans to attend electronics school after he finishes high school. His activities have included basketball, tennis, track, FTA, paper staff, FCA, speech, National Honor Society, choir president and annual and paper editor.

Halloween carnival is 'fun and fellowship'

Oct. 18, the Future Homemakers had a Halloween party which was a girl-ask-boy night. All the girls participated in asking the boys for a date. All came to the Halloween party and everyone had a wonderful time "getting married." Mr. Harris, a high school teacher, was the preacher and his wife was also there. Our special thanks go out to Mr. Harris and his wife for helping out.

There was all kinds of fun and fellowship. Lucy Valdez, the hostess, served Cokes, sandwiches and cookies for all the members and their dates. We would also like to thank everyone else who helped in making it such a successful party.

The couples (and others) at the party were: Carol Compton, Randy Mason; Vickie Kruger, Randell Hays; Deborah Medlin, Joe Hays; Patricia Gannon, Jay Pollard; Ellen Gardner; Fran Lappen, Joe Perez; Toni Norman, Randy Kennedy; Janet Childs, Bill Hudman; Jo Dell Smith, Rickie Bush; Jodi Gandy, Wayland Hood; Wanda Heintz, Phil Mathews; Kathy Morris, Brad Lott;

Sherry White, Junior Steizer; Rhonda Holly, Johnny Minor; Carl Conrad, Gene Seals; Pam Feagin, Mark Hays; Wynette Byrd, Kim Owen; Ila Workman; Joan Strofer; Janyce Brockman, Donnie Hair; Sue Britton; Melba Wynne, T. C. Curtis; Jill Cash, Steve Mason; Gaynell King, Ricky King.

Members of the junior chapter were: Pat Nelson, Dennis Higgins; Melinda Nelson; Sherry Compton, Jackie Blacklock; Patricia Davis, Ricky Cross; Jana McKamie, Kent Kirkpatrick; Tina McAlister, Tony Conner; Mary Ann Norman; Consuelo Flores, Noel Saldivar; Agnes Lappen, Johnny Perez; Patti Castro, Isaac Gutierrez; Kenny Brooks; Rhonda Cole; Kim Hester, Randy Peel; Jamie Norman, Dennis Conrad; Nancy Branson, Richard Dudley; Lee Ann Gandy, Zack; Terry Shedd; Patti Parrish; Dana Pool; Bobby Norman; Liz Thomas; Talana Gribble; Joy Strofer; Lea Merrie Cross, Rodney Ray; Dora York, Vince Gribble andn Karla Josey, David Hart.

Melba's favorites are: Subjects, civics and bookkeeping; song, "What a Dream"; actor, Paul Newman; actress, Doris Day; color, blue and red; food, sea food.

After high school, Melba plans to go into registered nurse training and from there to anesthesiology school. In high school she has taken part in pep squad, FHA, choir, paper staff and FTA. She has one brother, James, who is married.

Linda Price is new student at Post High

Linda Price, a new student, is from San Antonio. She is a sophomore, and is 15 years of age. Linda likes to dance, cook, and sew and many other exciting things.

Linda is not new to the Post school system. She was born here and lived here until her 4th grade year, but she says the students do not remember her. The reason she is here is not a very good one, but Linda hopes she will like Post and the students will like her.

Is everyone ready for nine weeks tests? Well if you are not, you better get ready because they are next week? So everyone get on the ball!!

Seniors, did all of you get your English notebooks in on time? Now it's book report time.

Did everyone go out to the carnival? It was located across the street from the 6 to 10 store. I heard it was a really big show.

Speak out for Democracy! My Responsibility to Freedom" is this year's theme for the annual VFW contest. Your entries must be taped. Contact Miss Cindy Davis for further information.

Without Momma Quacker and Daddy Quacker, the altos and basses would starve in choir. Right, people?

We have a gypsy in our gang. Carol Compton told fortunes and read palms at Monday's FHA Twirp night. Sometimes she was even right.

The other booths were the twist-or game, spook house, which was operated by Ila Workman, Joan Strofer and Sherry Brockman, the date (newlywed) game operated by Crystal Nichols, (learn anything, people?), fortune teller, operated by Carol Compton and Randy Mason, marriage booth operated by Mr. Harris and Mrs. Harris. I hope everyone enjoyed themselves.

We are sorry to hear that the choir play may have to be postponed. The day will be told later.

Had any more kisses lately, Randell?

Hey, Phil! Hey, Phil! Is that your hat?

Thought for the day, "It's not what Post High School can do for you, it's what you can do for Post High School!"

Texas' courthouses subject of new book just off the press

DALLAS — The old Texas courthouses are being replaced at the rate of two per year, according to June R. Welch and J. Larry Nance in their recently published book, "The Texas Courthouse."

In the last years of the sixties the courthouses at Huntsville and Madisonville were burned. Those at Crystal City, Seymour and Tulla County and Fannin County capitols were so completely remodeled as to be unrecognizable. Fortunately, the old courthouses were saved when Harrison, Dallas and Tarrant counties erected new temples of justice.

Because of the loss of so many of the old capitols, June R. Welch and J. Larry Nance set out early in 1968 to preserve the images of the survivors. In 13 weekend trips covering 16,000 miles, they photographed 252 of the courthouses.

(The squares in Madison County and Zavala County had been cleared after the destruction of their courthouses.)

The photographs, along with 51,000 words on the histories off the counties and their courthouses, make up "The Texas Courthouse." The \$12.50 book was published Oct. 3 by G. L. A. Press, 524 Southland Center, Dallas.

Library LISTENING POST

By GEORGE L. MILLER

I've put so many new books in the library the past few weeks I can't remember all off them.

Some stick out as more memorable than others, however.

For instance, the immediate past president of the United States, Lyndon B. Johnson, has just published his version of his years in the White House. It is called "The Vantage Point; Perspectives of the President 1963-1969." Some of you may have been reading excerpts of it in the Lubbock Avalanche-Journal. Now you can read the whole book by checking it out of our library.

A month or so ago I mentioned that Daphne duMaurier, the author of the classic "Rebecca", had come out with a new book. We've got it now. It's called "Dont Look Now" and it's a collection of live long short stories. Miss duMaurier has always been very popular. You can expect your full share of reading pleasure from this collection.

A couple or three years ago a chubby book appeared with the deceptively simple title "The Way Things Work". Its publisher, Simon and Schuster, had found this book in Germany and brought out the date (newlywed) game operated by Crystal Nichols, (learn anything, people?), fortune teller, operated by Carol Compton and Randy Mason, marriage booth operated by Mr. Harris and Mrs. Harris. I hope everyone enjoyed themselves.

Another book on the tragedy of drugs is now available in our library. It's called "The Last Fix" by Ellen Russell. It's quite different from "Go Ask Alice", the diary off a 15-year-old drug addict. "The Last Fix" is written by the mother of a young man who died of an overdose of heroin. It's chief fault is the bewildered puzzlement of a woman whose son tragically dies, and her search for the answer to why it all happened.

There are many reasons that Ellen Russell finds. There is her unhappy marriage and divorce; there is the way her former husband treated her boys; there is the bumbling of law enforcement officers, the inadequacy of psychologists; there is loneliness and ineptitude in our society; there is frustration in our public schools; there is even an analysis of her own parents and their unhappy marriage.

In the end one discovers that there were a host of reasons why Dan Russell took to drugs and finally died — yet none of them explain anything. The book is about Dan but Dan remains a stranger — troubled, anguished, lonely, and obnoxious all in one. A human being. The tragedy is this, that many knew but could not understand, loved but could not love. Dan Russell. And the lesson for us is the frightening truth that trials and tribulations of Dan Russell are little different from the problems of our own children. What happened to him could very easily happen to our own. And if it did happen, it is likely we would feel just as helpless as Ellen Russell, make the same mistakes and weep the same bitter tears.

It's a terrifying book.

Tuesday, Nov. 2: Post 7th grade vs. Lockney 7th grade, at Lockney, 5:30 p. m. Post 8th grade vs. Lockney 8th grade, at Lockney, 7 p. m.

Thursday, Nov. 4: Post freshmen vs. Cooper freshmen, at Post, 5:30 p. m.

Coach Bobby Davis' Post High Antelopes will make their final home appearance of the 1971 season here Friday night when they kick it off against the Idalou Wildcats.

The Wildcats at present rate as second best in the district, ranking just a game back of the Roosevelt Eagles who edged them by a three-point margin.

The Wildcats won their annual "claw out" with the Slaton Tigers last Friday night, 21-13. They also hold victories over Tahoka, 14-7, and Ralls by a comfortable margin.

The 'Lopes haven't lost their hustle and zing despite a bunch of defeats and will be out to show home fans that they can play a good ball game with the best of them.

Any team with that sort of an attitude deserves strong fan support. So be on hand.

Rotary speaker starts political ball rolling

An as-yet unannounced Democratic candidate for congress, Alan Ernest of Padgett, kicked off the 1972 political campaign here Tuesday as far as Post was concerned with a non-political talk before Post Rotarians at their weekly luncheon.

His talk was entitled, "The Future of Little Communities in the Age of Urbanization."

The 31-year-old Ernest, who visited Post several weeks ago on his first "fact-finding tour", has an unusual background for a man coming out of a small West Texas town (located in Young county.)

He has a degree in electrical engineering, has one year of graduate study in business, was employed by McDonnell Aircraft Corporation in St. Louis as an engineer on the Gemini manned space-flight training in Washington, D.C., and Ft. Belvoir included certain engineering techniques, cultural and historical orientation on Vietnam and 450 hours of Vietnamese language instruction.

He served in Vietnam as an engineering advisor to the Vietnamese Ministry of Public Works and Ministry of Rural Reconstruction in three northern coastal provinces. After 16 months service in Vietnam he received the Vietnam Civilian Service Award.

Since his return to this country, he has studied law at the University of Houston and spent several months near Charlottesville, Va., doing research on American history, particularly the life of Thomas Jefferson, whom Ernest quotes frequently in his "small towns" speech.

Ernest calls the rural areas of America "one of the most neglected parts of our country" and in his talk called for "new and decisive programs" to help the small business man and the farmer, and the towns to attract people back from congested cities.

Pointing out that the origins of what the United States is today developed out of the rural life of 18th century America, Ernest said the migration of over 40 million Amer-

icans from the countryside to the cities in the last 50 years has been "one of the greatest migrations in the history of the world."

He said the migration to the cities, if unchecked, is expected to bring another 30 per cent decline in rural population in the next decade and if continued unchecked would find 88 per cent of all Americans living in cities of 100,000 or more by 1980.

Ernest called for "a new era of ruralization" to return America more to that way of life which created it.

A Dutch treat barbecue lunch will be served at the Graham community center from noon until 1 p.m.

The conversion of mesquite to livestock feed by bacteria will comprise the afternoon program, from 1 until 3 o'clock. It will include observation and discussion of the uses of fire, new shredder designs, chaining, aerial spraying, and basal treatment of mesquite with experimental chemicals.

Sponsors of the tour other than Texas Tech University are the Garza SWCD and the Brush Control and Range Improvement Association and the Lynn County SWCD.

City Council—

The council authorized the erection of a protective barricade at the northwest corner of Broadway and 8th Street where the old filling station is being demolished. The cable barricade will be reflectorized.

The council also authorized Pete Maddox, superintendent of public works, to set in motion an engineering plan for the intersection of Jasper and Pine Streets to slow speeders in that area of the city.

OUT-OF-TOWN GUESTS

Visiting with Mrs. Mell Pierce Tuesday evening were Mr. and Mrs. Willie L. Bowen and daughter, Inez, of Brownwood, and A. D. Bowen of Stacy. They also visited Mrs. Charles Bowen while here.

SEAL CAMPAIGN SET

Wednesday, Nov. 10, has been set as the kickoff date of the 1971 Christmas Seal campaign in Garza and the 22 other counties of the West Texas area of the Texas Tuberculosis and Respiratory Diseases Association.

GARZA COUNTY'S FIRST BALE

Garza County's first bale of 1971 cotton, grown by Clovis Hudman (right) was ginned Oct. 18 at the Planters Gin here. The finished bale of dryland cotton weighed 465 pounds. Along with 780 pounds of seed, the bale came from a 2,120-pound load. The cotton was ginned free by gin manager Bill Lentz, who also paid Hudman 30 cents a pound for the bale, which is above the market price. Hudman gathered the cotton from 7 1/2 acres at his place here at Avenue F and 15th Street. At the left is L. C. Eilenberger, an employe of the gin, while another gin employe stands behind the bale. —(Staff Photo)

Bill Heatly—

Continued From Front Page) Redistricting Board."

Heatly said, "I hope the people of Garza County will regard me as your representative in all matters connected with state government and that you will feel free to call on me any time I can be of service."

The new 101st legislative district includes 15 counties, making it the largest district in Texas area-wise, but Heatly in his statement this week said he will make visits to all of his new territory just as quickly as possible.

The new district includes Baylor, Cottle, Crosby, Dickens, Foard, Garza, Hardeman, Haskell, Kent, King, Knox, Shackelford, Stonewall, Throckmorton and Wilbarger counties.

His mailing address is Drawer 1, Paducah, Texas, and his office telephone number in Paducah is 817-492-3573.

The new district puts Garza County on the southwest corner of the big district.

There have been changes in the state senatorial districts too and full information on the change as it affects Garza County has not been sent The Dispatch to date as the plan is in a court fight. But it is understood that State Sen. David Ratliff has been paired with another senator in the new district, so it is possible there will be a change in Garza's representation in the state senate as well after next year's election.

DALLISGRASS POISONING

Livestock grazing dallisgrass may be subject to ergot or dallisgrass poisoning, say veterinary science officials at Texas A&M University. The poisoning results from toxins produced in the seed head of the grass. Symptoms include muscle tremors, incoordination and excited periods when the animal wants to fight. Fatal convulsions may result. There is no antidote against the poisoning. Suspect pastures should be mowed or shredded low enough to remove the seed heads.

Walker said he has been told by Judge Trust Smith that in the judge's conversations with other judges all over West Texas he has been told that no one has ever before carried a delinquent tax drive down to the sheriff's sale. This is just the first of several such sheriff's sales in the next few months to get all the tax delinquent property back on the tax rolls, Walker declared.

Lopes in final home stand against Idalou Wildcats

Kickoff in 4AA game at 7:30 p. m. Friday

Idalou Wildcats, hot on the heels of Roosevelt in the District championship race, will play Post Antelopes at Antelope stadium Friday night in the final appearance of the 1971 season for the Post eleven.

Post frosh zip by Tahoka, 12-0

Coach Lanne Tannehill's Post freshman football team brought its season record up to 2-3 here last Friday night with a 12 to 0 win over the Tahoka freshmen.

7th grade loses to Tahoka '11'

Jimmy Dorland scored one touchdown and passed for another in a big game last Thursday, with Coach Don Black's Post 7th grade team losing to Tahoka, 26 to 16, at Tahoka.

play against Roosevelt's 4-0 record in loop competition. The game will be Idalou's final appearance here in district competition since next year they will be in District 4AA and Post will be in District 5AA.

The Wildcats won over Kress and in non-conference play. Inside the district they have lost to Roosevelt and won over Ralls, 31-0, Tahoka, 14-7, and Slaton, 21-14.

Jack Fry, Idalou coach, is in his first year at the Wildcat helm after moving there from Cooper. Idalou employs the Texas wishbone and also a tandem offense and a multiple defense. They depend mainly on their ground game, but their quarterback, Bonnie Esquivel, 160-pound junior, is a sharp passer when the need arises.

On offense here Friday night, Coach Fry is expected to start the following players:

Charles Armacost, 195-pound senior, center; James Sowder, 175-pound junior, right guard; Johnny Layne, 175-pound junior, left guard; Steve Merritt, 200-pound senior right tackle; Bryon Brunson, 175-pound junior, left tackle; Stony Jackson, 175-pound senior, tight end; Randy Nettles, 155-pound junior, split end; Bonnie Esquivel, 160-pound junior, quarterback; Mike Jordan, 160-pound senior, fullback; Jerry Fanklin, 180-pound senior, left halfback; John Mojica, 160-pound senior, right halfback.

BATTLE IS HARD-FOUGHT Tahoka Bulldogs win over Antelopes, 18-2

The Tahoka Bulldogs racked the Post Antelopes, 18 to 2, last Friday night in a hard-fought game at Kelly Field in Tahoka, with Coach Bobby Davis' Antelopes battling all the way, but once again failing to come up with the big plays.

It was the Bulldogs' homecoming game and they pleased the home crowd with a couple of touchdowns in the first quarter and another in the fourth, while holding Post to two points on a second quarter safety.

The Antelopes lost a chance to make the score much closer early in the third quarter by driving to the Tahoka six-yard line after Jimmy Bertran recovered a Bulldog fumble at the Tahoka 41, but Tahoka held for downs, and it wasn't until the closing seconds of the game that Post was able to get that close again.

Jerry Tyler's pass on the Post 45 and ran it back to the 23, but once again the 'Lope defense held to take over on the 20, with Roger Pace leading the defensive effort.

After Tahoka drew a five-yard offside penalty, Kyle Josey picked up six yards and a first down on the 31, but Robert Mindieta fumbled on the next play and the Bulldogs recovered on the 30.

only two seconds of the first quarter remaining when John Thomas went in from 11 yards out. David Woods had punted out of bounds for Post on the Tahoka 15 and the Bulldogs needed only five plays for the touchdown.

Bailey ran for eight and the nine yards before Thomas broke loose on a 57-yard gallop to the Post 10, where he was hauled in by Pace. Bertran stopped Bailey for a yard loss, but Thomas carried across on the next try. Zedlitz again missed the extra point and the score stayed at 12-0.

Rusty Conner returned the Tahoka kickoff 18 yards to the Post 38 and Kenneth Price picked up 10 yards only to have the play erased by a 15-yard penalty for clipping that set the 'Lopes back to their 33. Price, Mindieta and Josey worked the ball up to the Post 45, but it wasn't enough and Woods punted to the Tahoka 20.

ALL BOYS GET TO PLAY 7th and 8th graders take 2 from Idalou

Post's junior high school football teams won a twin bill from Idalou here Tuesday evening, the 7th graders opening with a 30 to 6 victory and the 8th graders following with a 26 to 8 triumph.

In the 8th grade game, Post opened the scoring in the first quarter after a sustained drive with Duke Bell scoring from six yards out and then adding the extra points. Another sustained drive by Coach Joe Giddens' Post team went for naught when they fumbled the ball out of the Idalou end zone for a touchdown.

Post led 8-0 at the end of the first half, but upped the score to 14-0 in the third quarter when Garland Dudley scored at the end of a drive in which he and Edward Price had

reeled off some long gainers. A ground-eating run by Price gave Post another touchdown to make the score 20-0, and a pass play from quarterback Bryan Davis to Mike Hays gave Post its final points. Idalou's touchdown came late in the game.

Mike Shepherd and Tommy Berry came up with pass interceptions for Post, with tackles Dale Odum and Vern Mason also outstanding on defense. Bruce Reed was one of a number of offensive linemen turning in good games for the winners.

Coach Giddens played all the boys he had suited out. In the 7th grade game, Coach Don Black's Post team built up an 18-0 first half lead on a 25-yard

touchdown run by Jimmy Dorland, a fullback dive by Byron Gray and a scoring run with an intercepted pass by Buddy Britton. One of the touchdowns was set up on a long run by Kyle Duren.

Dorland scored both Post touchdowns in the second half from his halfback position. All members of the 7th grade squad saw action in the game.

HE'S DOING BETTER Forecaster sees Post over 'Cats

That's more like it! Fearless Fossdick, The Dispatch's dauntless pigskin prognosticator, got seven right and three wrong in last week's predictions for 700 percentage mark—his best of the season.

The games missed by the forecaster were Post-Tahoka, Idalou-Slaton and Floydada-Oilton. Feeling a little better about it all, Fossdick makes the following predictions for this weekend — his picks in capital letters.

night. DENVER CITY at Frenship. No trouble for Mustangs.

ROOSEVELT at Ralls. Jackrabbits incapable of slowing Eagle Express. SLATON at Tahoka. On the basis of what he's seen. LITTLEFIELD at Abernathy. Wildcats still in contention. Dimmitt at Lockney. Something has happened to Bobcats. FRIONA at FLOYDADA. Long trip home for Chiefs. OILTON at MORTON. Indians are tougher in own teepee than anywhere else. RICE at TEXAS TECH. Rice gets creamed again. TEXAS at SMU. The reason he capitalized SMU is that he doesn't know any other way to write it.

Post and Tahoka 8th graders tie

The Post and Tahoka 8th grade football teams battled to an 18-18 tie in a ding-dang contest here last Thursday.

Tahoka took an early 12-0 lead, but Coach Joe Giddens' Post team got back in the game in the third quarter when Mike Hair caught a pass from Bryan Davis then interlarded to Mike Hays who scored. The play covered 38 yards.

M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of November, A. D. 1971, at or before 10 o'clock A. M. before the Honorable District Court of Garza County, at the Court House in Post, Texas.

Said plaintiff's petition was filed on the 21st day of April, 1971. The file number of said suit being No. 2738.

The names of the parties in said suit are:
Irene Lupe Gomez as petitioner, and Augustine Gomez as Respondent.

The nature of said suit being substantially as follows, to-wit: That the whereabouts of Augustine Gomez is unknown to affiant; that the whereabouts of Augustine Gomez has not been known to this affiant since April, 1971; that affiant knows no person from whom she can ascertain the whereabouts of Augustine Gomez but has been unable to do so; that the diligence used in endeavoring to ascertain his whereabouts is inquiry of and from all persons known to her who may be related to, acquainted with, employed with, by or for the said Augustine Gomez, and she has been unable to learn from any source the present whereabouts of Augustine Gomez.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 18th day of October A. D., 1971.
Given under my hand and seal of said Court, at office in Post, Texas, this 18th day of October A. D., 1971.

Leisure time is on the increase

COLLEGE STATION — Leisure time totaling about 50 hours a year. That's the amount workers have gained since 1960, reports Doris Myers, Extension home management specialist at Texas A&M University.

The information results from a U. S. Labor Department study, she explains. On the average, about 30 hours come from shorter workweeks, 13 hours from added vacation time, and four hours from increased holidays.

Vacations have increased from an average of 1.8 weeks in 1960 for full-time employees to about 2.2 weeks in 1969, Mrs. Myers continues. And by May 1970, the average work week had declined from 41.5 hours to 39.6 hours.

Labor Department researchers also found the trend toward more overtime work, along with moonlighting, limited use of leisure time. Workers now prefer their leisure in lumps — longer periods at a time — rather than piecemeal bits of extra time added to each day.

Artists invited to enter show

LUBBOCK — Garza County artists 18 years of age and over are invited to enter paintings in the annual exhibition of the West Texas Watercolor Association, Nov. 21-Jan. 2, at the Museum of Texas Tech University.

Purchase and cash awards in the amount of \$2,500 will be offered in the show, which is open to all artists 18 years of age and older and is limited to original transparent watercolor executed on paper. There is an entry fee of \$3 per painting. Each artist may submit up to three paintings.

Those interested in receiving prospectus and entry blanks should write Dr. Billy Everton, 2313 59th St., Lubbock, Tex. 79412.

Openings exist in Job Corps for young people

LUBBOCK—There are now openings in the Job Corps for young men and women between the ages 16 and 22 who are not in school, and unable to find adequate jobs. Bert Darden, manager of the Texas Employment Commission said this week.

"Job Corps strengthens basic educational skills, and offers a wide range of vocational training in job skills which are in demand today," Darden said. In addition, personal development is encouraged through sports, music, hobbies, student government and recreation.

Enrollees in this residential training program receive room and board, medical and dental care, work clothing, a nominal allowance and other benefits. Length of training varies with the individual, some completing the training program within a year, and others taking up to two years. Texas Employment Commission interviews and screens applicants for Job Corps openings and sends the applications to Job Corps headquarters for selection and assignment.

At present, most enrollees can be assigned to a Job Corps Center in Texas, either at Camp Gary, San Marcos, for young men, or at McKinney, for young women.

U. S. FORCES, Germany—Army Pfc. Randy J. Dunn, son of Mr. and Mrs. Billy B. Holly, 501 West 3rd, Post, Tex., is participating with more than 11,000 troops in Exercise Reforger III in Germany.

He is assigned to Headquarters Company, 1st Engineer Battalion of the 1st Infantry Division at Ft. Riley, Kan.

The "Big Red One" division consists of three brigades. The 1st and 2nd brigades are based at Ft. Riley and the 3rd brigade is permanently stationed at Augsburg, Germany.

The men of the 1st and 2nd brigades, with support units, flew to Germany to join the 3rd and move to the exercise area extending from Munich to near the Czechoslovakian border. Emphasis in the exercise was placed on testing procedures for receiving, assembling and deploying Army units once they arrived, rather than on rapid air transport from the U. S.

In the field maneuver phase of the exercise, units of the 1st Infantry Division and the Canadian 4th Mechanized Battle Group engaged in simulated combat with the

"aggressor forces" of the U. S. 1st Armored Division (regularly stationed in Germany) and the German 35th Panzer Grenadier Brigade.

Exercise Reforger III is the third annual operation in the series. The exercises are designed to fulfill U. S. commitments to NATO and those made in the 1967 trilateral agreement between the U. S., the United Kingdom and the Federal Republic of Germany.

Among the visitors were Joe Carter and Troy Gilmore, both Post. Members and guests enjoyed a Weiner roast after the shoot.

The club members appreciate the efforts of Orlan Criswell, chairman, for getting trophies, ribbons, and work done on the range in preparation for the shoot.

The club welcomes Joe Mason as a new member.

YOU MAY vs. YOU MUST

By George L. Miller

One of the most important characteristics of the Gospel is the freedom it leaves to men. Love is offered, not forced on us. Nowhere does God step in and steer us around, as if we were infants or mental defectives incapable of making up our own minds. The fact that we often make up our minds wrongly or do things contrary to God's will and injurious to ourselves and others is beside the point. God will not achieve perfection in men's lives by coercing us into right conduct.

Many people would prefer not having that kind of freedom. After getting into trouble they pray "Why didn't you stop me? Why did you let me do it?" The appeal of such a prayer is obvious—it makes God responsible for our mistakes. He could have stopped us but he didn't, so if we did wrong it's his fault.

How do we love to escape our freedom, and by so doing get rid of the blame. Of course we won't admit that we prefer slavery or dictatorship. That would be unAmerican. Instead we turn things around and inside out so that what looks like freedom isn't free at all and vice versa.

That's what is happening right now with the issue of prayer and the public schools. There is a constitutional amendment being debated that would put prayer back in the schools. This is supposed to protect our freedom of religion, but it does just the opposite. It would make it lawful to have compulsory prayers

in school. This is forcing a religious practice on others—something God himself has consistently refused to do.

One of the key words in this amendment is "Nondenominational". This is supposed to protect our religious freedom, but beware. Who is able to define what "nondenominational" means? In all likelihood, if this amendment passes countless lawsuits will be fought in courts throughout the land trying to decide whether a particular prayer was denominational or not. With each lawsuit, more definitions will be recorded in the lawbooks—and each definition will be a legal restriction on how we worship and practice our religious faith.

This whole thing is particularly distressing when we realize it is totally unnecessary. It is prompted by the idea that prayer has been banned from our public schools. That is not true. Compulsory prayer is forbidden, voluntary prayers are not. At the present time then, we have the freedom to pray if we wish without being forced to pray if we choose not to.

Such a situation seems both true to our American ideal of freedom of religion and the Christian ideal of complete freedom before God. But freedom is a difficult blessing, and many people would rather not be burdened with it. So there's a good chance we will amend our constitution, thereby curbing our religious freedom for the first time in our 200 year history—and we will do so in the name of religious freedom!
