

Plants, cash sought as Post Cactus Garden project begun

Post's Clean Sweepers of two summers ago now have a new name, a new project — and a new financial backer.

At a reorganization meeting Monday night in the Reddy Room, the group who "cleans up" Broadway in 1969 to improve this community's tourist image, decided:

(1) To proceed immediately to build the Post Cactus Garden, the first such tourist attraction known to be in the Southwest, and to appeal to the public — individuals, organizations, and businesses for "cacti support" in either the form of funds or actual plants.

(2) Received with enthusiasm the substantial contribution voted that same night by the Post Chamber of Commerce to help finance nearly half the project.

(3) To change the citizens' group name from Clean Sweepers to the "Broadway Beautification Bunch" on the premise that the cactus garden will be only the first beautification project for the long stretch of US-84 tourist highway through Post.

Mrs. C. K. (Peewee) Pierce was elected president of the organization; Ed Blanton, treasurer; David Newby, chairman of the cactus garden's design committee; and Jim Cornish, financial chairman for the project.

Newby, who will supervise the garden's construction on a volunteer basis, was authorized to proceed immediately with the site preparation in the Higginbotham-Bartlett Lumber Company parking at the stop-lighted intersection of Broadway and Eighth street where travelers from two different highway directions are halted by red lights.

It is hoped to complete the cactus garden by mid-April, including plant installation.

The garden would extend 75 feet east from the intersection on Eighth street along the parking and 100 feet north on Broadway from the intersection.

Newby's garden plan calls for four-foot-wide sidewalks along the edge of the right-of-way for spectator walking to keep the foot traffic away from the crushed rock area around the plants themselves which would be inside the sidewalk.

Crushed white limestone would be used to cover the parking between the sidewalk and street and all around the mounded areas of the cactus plantings inside the sidewalk. Either red lava rock or crushed red brick would be used for cover around the actual plantings to give the garden real eye appeal.

Plastic would be laid under the entire garden area to prevent weed growth so the garden would be easy to maintain.

The plan calls for the planting of some 60 cactus plants of wide variety as well as 15 century plants and three trees, and the use of four large and 20 smaller boulders of lava rock to set off the plantings.

Newby's design committee also

includes E. A. Howard, high school vocational ag instructor who is an "authority" on cactus, Will Parker and Bill Mills.

Newby said Tuesday that site preparation will get under way early next week as soon as the city completes laying a small plastic water line to the garden site. City Manager Bobby Pierce is arranging for the city to put in the line to aid the project.

Cornish announced at the Monday night meeting that the Chamber of Commerce board of directors had voted to make "a substantial contribution" to the garden project for the cost of site preparation materials, including cement, crushed rock, boulders, plastic, metal edging, which is estimated to cost almost \$700.

If the Chamber's upcoming drive for members is successful, the civic organization will contribute the entire cost of the site materials up to the estimated \$700 maximum.

The Chamber's substantial contribution pledges guarantees \$350 of the \$700 prior to the drive as this amount can be fitted into the present income of the Chamber.

Newby has estimated the cactus garden to cost approximately \$1,700 at retail prices for all necessary materials and plants, if all have to be purchased.

Plans, however, call for as many donated cactus plants from this area to be used as feasible for a good variety grouping in the garden. This is expected to trim the overall cost by several hundreds of dollars.

The financing plan is for the Chamber to handle the cost of site preparation with local individuals. (See Cactus Garden, Page 8)

BANK PURCHASES CHAMPION STEER

J. B. Potts, president of the First National Bank, which bought the steer for \$575 above the 33 cents a pound floor price, is shown with Jerry and his prize steer.

Mr. Johnson, son of Mr. and Mrs. Wagoner Johnson, showed the grand champion steer, a lightweight Hereford, Saturday at the final day of the Garza County Junior Livestock Show.

except a few of the 172 steers, and hogs exhibited in the annual Garza County Junior Livestock Show were sold here Saturday afternoon, bringing their owners approximately \$18,000 in total sales, approximately \$12,850 was paid as the floor price for the animals and \$5,945 as premium money for the 64 which went through the sales ring.

A total of 190 animals — 37 lambs, 29 steers, 106 hogs and 18 horses — were exhibited in the three-day show, which was described by Toby Thomas, president of the Garza County Junior Livestock Association, as "the best" in the event's history.

The quality of the animals, especially the steers, was said to be the best of any show held here.

Before the spirited bidding got under way shortly after 1 o'clock Saturday afternoon, floor prices of 33 cents a pound were set for steers by the Farmers & Ranchers Commission Co.; \$18.60 per 100 pounds for hogs by Farm Pac, and 27 cents a pound for lambs by Sweetwater Livestock.

Herb Henderson, Wolforth auctioneer, appearing at the show here for the first time, kept the bidding moving at a fast pace until the last of the animals up for sale had found buyers.

Prior to the sale of the animals, announcer Jim Jackson raised approximately \$600 from the crowd for the junior livestock association's building fund.

The grand champion steer, a 848-pound Hereford, was shown by Jerry Johnson and purchased by the First National Bank at \$575 above the floor price.

Stephen Myers' reserve champion steer, an 870-pound Hereford, was bought by the Post Jackpot at \$325 above floor price.

Brent Terry showed the grand champion hog, which was sold to Arnold Sanderson for a \$200 premium, and Christie Conner's reserve champion went to Manuel Davis for \$135 above the floor price.

The grand champion lamb was shown by Mark Terry and was purchased by the Post jackpot for a \$162 premium. Stephen Myers' reserve champion lamb, also sold to the jackpot, for \$125 above floor price.

Talana Gribble showed the champion breeding gilt of the show. In Friday afternoon's horse show, Mike Macy exhibited the champion mare and Jimmy Norman the top gelding.

John Johnson, a member of the Post Future Farmers of America chapter, was named winner of this year's all-around showman's hip. (See Stock Show, Page 8)

TOM BOUCHIER is presented 50-year pin by Masons

Tom Bouchier, pioneer Post building materials dealer, was awarded a 50-year pin from the Grand Lodge of Texas last Thursday at the annual roll call and past master's night of Post Masonic Lodge No. 1058.

The pin was presented Bouchier by B. F. Sherrod of Tahoka, district deputy grand master.

Twenty-five year pins were presented Paul H. Jones, J.P. Mathis, Dan Cockrum, T. B. Odam, J. M. Lane, Lester Nichols, Jake Webb and S. E. Camp.

Seventy-five members answered roll call.

Past masters were in charge of the program, with L. M. Crowley serving as worshipful master, E. R. Moreland as senior warden and Walter Duckworth as junior warden.

Visitors were present from Tahoka, O'Donnell, Slaton and Southland.

State Sen. Jack Hightower of Vernon was scheduled to speak at the meeting, but had to cancel the engagement because of legislative business.

The Post lodge, which has a membership of 195, was chartered Dec. 2, 1911.

Chamber adopts budget and sets membership campaign

Post Chamber of Commerce directors Monday night adopted a 1971 budget calling for the expenditure of \$1,764.36 above the Chamber's 1970 income — almost all of it for community projects — and set the first all-out Chamber membership drive in the last six or eight years for a March 26 launching.

The Chamber's new budget, that calls for a total expenditure of \$6,921.32, as compared to a 1970 income of \$5,156.96, included \$700 for the new Post Cactus Garden project for site preparation materials for the garden.

Other project expenditures included \$250 for the annual Chamber banquet, above ticket sale income, \$500 reestablished for retail promotions, \$250 for the Garza County Junior Livestock show, \$500 for the Chamber-sponsored Fourth of July celebration (free barbecue, entertainment and fireworks display), plus \$500 for uncommitted projects.

The budget provides \$3,971.32 for office operation and \$2,700 for project operations plus \$250 for the start of a surplus fund.

Last year the Chamber Fourth of July celebration cost approximately \$1,200, all but \$100 of which was donated by firms and individuals.

The new budget, after the current 1971 year, could permit the Chamber to assume the full cost of the July Fourth celebration by adding \$700 in project funds which this year is going for the cactus garden tourist project.

Directors voted to make a substantial contribution of \$350 for the cactus garden and to pay up to \$700 if needed providing the membership drive is successful.

Membership drive plans call for a 10-day push in which every local business firm, whether or not

a member of the Chamber will be contacted by two-member teams.

An analysis of present Chamber membership shows that the organization has 73 dues paying members of which 56 are local business firms. While most of the major firms of the city are Chamber members a list of local business firm prospects for new memberships totals 95.

The membership drive also will include special emphasis upon securing memberships from farmers, ranchers and area gins plus the (See Chamber drive, Page 8)

'Woman Power' to be enlisted

Post's "woman-power" is going to be enlisted for civic improvement.

Chamber of Commerce directors voted Monday night to authorize organization of a women's division of the Chamber which would have its own officers and directors, its own funds, and its own projects.

To keep matters coordinated on the community betterment front, the regular Chamber board would approve projects of the women's division before they are launched.

Mrs. Ruby Kirkpatrick and Mrs. Maxine Marks, both regular Chamber directors, were named as co-chairmen of the women's division organization drive.

The two hope to begin their membership drive Friday, March 26, when the new all-out membership campaign for the regular Chamber kicks off.

Funds obtained from women's division memberships would be kept in a separate fund for women division projects.

Women's divisions in Chambers of Commerce are the newest development on the civic development front.

A number have been organized in this West Texas area in recent years, including those at Lubbock, Slaton, Levelland and Seagraves just to name a few.

No water shortage is seen by lake manager

Post should have no fears of a 1971 water shortage despite the current drought and the growing size of the George R. Brown water-flood which is using thousands of barrels of White River water daily.

Al O'Brien, water district manager, told White River directors last Thursday night at their March meeting that the installation of large new pumps has been completed on the Post line and the district can now move 3,100,000 gallons daily into Post.

The line with the smaller pumps could have brought only 1,900,000 gallons into Post. O'Brien said the new pumps were needed last week to keep the "pinch" from being felt here as watering of lawns began in earnest.

What's more Post's tank storage at the city's edge has been doubled to 840,000 gallons with the installation of a second 420,000 gallon tank.

It also might be added — for the taxpayers' benefit — all this is already paid for.

The addition of a big 300 horsepower pump to the Post line and the addition of the second storage tank for Post were promised last year, equipment ordered, and now they are installed.

O'Brien said the district is now reconditioning a 75-horsepower pump taken off the Post line for future use.

White River Lake was reported down only 4.9 feet below the normal full mark, which means it has dropped less than a foot in the last two months.

O'Brien said the four member (See Lake directors, Page 8)

Beer burglars hit Log Cabin twice

Beer burglars hit The Log Cabin not once, but twice this week.

Policeman Jerry Jolly said that three or four cases of beer were stolen Sunday night when intruders broke through the back door of the barbecue and beer place operated by John Smith on the Clairmont Highway. Change also was taken from the cigarette machine.

On Tuesday night, entrance apparently was gained through the front door, the police officer told The Dispatch, with one or two cases of beer taken along with an undetermined amount of money from the juke box.

RESIGNS AT ROOSEVELT

John Alexander, basketball coach at Roosevelt High School for the last four years, has been employed as head basketball coach at Post High School and will move here in June or July, Bobby Davis, athletic director and head coach, announced Tuesday.

The new coach, who submitted his resignation at Roosevelt last week, was in Post Tuesday and attended the Rotary Club luncheon with Coach Davis.

Alexander is a graduate of Sam Houston High School, near Wellington, and attended Clarendon Junior College for two years before graduating from Wayland College, playing basketball at both schools.

After graduating from Wayland in 1963, Alexander coached four years at Wilson High School where his basketball team won the district championship in his final year there, compiling a 23-5 record for the season.

At Roosevelt this past season, Alexander's team was 13-15 and finished fourth in District 4AA after moving up from Class A ranks for the first time. Roosevelt's 13 wins included three victories over

Poster contest is announced

The Junior Amity Study Club will sponsor the organization of a Johnny Horizon Club in the Post Elementary School and this week announced plans for a poster contest on what the children would do to preserve the land.

The contest is open to third, fourth and fifth graders and will close April 1. Mrs. Beverly English, conservation chairman of the women's club told The Dispatch.

The top ten posters will be displayed in the windows of downtown stores.

Mrs. English said each poster must be done by the child and have his or her name and age in the lower right hand corner. Contestants are to turn in their posters, limit one per student, to their teachers.

A committee of the Junior Amity Study Club will judge the posters.

The Johnny Horizon Program is operated by the U. S. Department of Interior and club members take a pledge to keep America clean and free of litter.

Accidents killed 113,000 in 1970

CHICAGO — The National Safety Council reports that approximately 113,000 Americans died as a result of accidents in 1970, a decrease of 10 per cent from 1969.

Disabling injuries totaled approximately 10,800,000, including 400,000 that resulted in some form of permanent impairment. The cost of accidents in 1970 was approximately \$20 billion.

Traffic fatalities in 1970 numbered 1,100 fewer than in 1969, according to the Council. The 55,300 total for 1970 represents a two per cent reduction from the 1969 toll of 56,400. In addition, the mileage death rate per 100 million vehicle miles traveled dropped from 5.3 in 1969 to 5.0 in 1970 — the lowest rate in history.

This reduction occurred despite the fact that there were three million more licensed drivers and four million more motor vehicles on the road in 1970 than in 1969.

Karla Kennedy: 1st, tea towel, dress, canning, pillowcase, crafts (3); 2nd, cookies, tea towel, pot holder, pillowcase, apron, crafts (2); 3rd, cake, muffins, crafts.

Ed Gossett opposed to Penal Code revisions

DALLAS — Criminal Dist. Judge Ed Gossett said here this week he is strongly opposed to proposed revisions in the Texas Penal Code and claimed the changes will offset "hundreds of loopholes" which allow criminals to escape punishment.

Gossett, addressing a meeting of the American Legion Post No. 581, said the revised penal code would

\$1-billion taxes said outstanding

AUSTIN — A billion dollars worth of delinquent ad valorem taxes, almost entirely on real estate, awaits collection in Texas, a legislative committee reported Thursday.

The committee recommended that steps be taken to encourage collection, and to reduce the amount of unpaid future taxes, on personal property as well as real estate.

A bill for this purpose was introduced by Sen. Jim Bates of Edinburg, chairman of the study committee. It would establish a five-member legislative property tax committee for further investigation of the ad valorem tax used in 3,300 local governments, and make recommendations for updating the system.

The Bates committee's estimate of a billion dollars in delinquent property taxes and interest — more than a full year's collection for all taxing units — was based on computerized estimates from about 500 tax collecting units. Delinquency grows annually at about \$25 million not counting interest accumulated.

Typewriters are stolen burglary at school

TOMMIE WILKE and Water Conservation District recently held in Post, Sam Ellis of Southland was master of ceremonies.

We had another break-in at the Southland school one night last week, in which all the typewriters in the typing room were taken, along with the office typewriter and tape recorder. Glad to say, that part of these have been recovered and perhaps all of them will be found in time! It is a terrible thing that there seems to always be someone around that wants things without working for them.

Kathy Long spent this past weekend visiting with Connie Abshire. The Abshires also had some relatives from Denver City visiting on Sunday.

Mrs. C. W. Gindorf, Patsy and Joan, visited with Mr. and Mrs. Jimmy Becker over near Floydada Sunday.

Patsy Gindorf of Red Hook, N.Y., is here visiting with relatives and friends.

Congratulations to Stephen Myers, son of Mr. and Mrs. Fred Myers and grandson of Jack and Lucille Myers, on winning the honors of having the reserve champion steer and the reserve champion

lamb at the annual Garza County Junior Livestock Show in Post this past weekend. I think this is quite an honor for a ten year old boy.

The Southland Seniors will be presenting their play this Thursday night, March 18, at 7:30 p.m. in the high school auditorium. The name of the play is "Aaron Slick from Punkin Crick" with the following cast,

Aaron Slick, not as green as he looks, Douglas Smallwood.

Mr. Wilbur Merridew, a crooked speculator, Joe Bevers.

Clarence Green, a mysterious young man, Ray Valdez.

Mrs. Rosy Berry, an Oklahoma widow, Joan Gindorf.

Gladys May Merridew, a sweet young thing, Margie Perez.

Little Sis Riggs, a regular tomboy, Breonne Winterrowd. Ya'll come.

Mrs. L. L. Lightfoot, mother of Mrs. Paul Winterrowd, is here visiting with the Winterrowds and to attend the senior play tonight.

Edmund and Yours Truly were guests of Mr. and Mrs. Alvin Becker Sunday evening.

In closing, let me say this about education. "The purpose of education is to provide everyone with the opportunity to learn how best he may serve the world," so "hang in there" kids and get your education, don't be a "drop-out!"

Mrs. Joe Callis and Mrs. M. J. Malouf presented the program. Mrs. Callis read a poem entitled "St. Patrick's Life and Mrs. Malouf read "Young at Heart."

The ladies spent the afternoon sewing and crocheting.

Those present were: Mrs. W. R. Graeber, T. L. Jones, B. S. Evans, F. A. Hilley, H. J. Dietrich, Lee Bowman, Jack Kennedy, Nell McCrary, S. C. Barker, Montee Adams, Oscar Smith, J. A. Rogers of Lubbock, Callis, Malouf, C. D. Morrel, L. C. Herron, and Mrs. O. B. McMahon.

The next meeting will be in the home of Mrs. Boone Evans.

Mu Alpha members salad supper guests

Members of Mu Alpha chapter of Beta Sigma Phi were honored with a salad supper given by Mrs. Winnie Tuffing, club director, and Mrs. Gladys Pennell, club sponsor, Monday in Mrs. Tuffing's home in Justiceburg.

Those attending were Linda Richardson, Brenda Bass, Maritta Reed, Sue Carpenter, Dorothy Perdue, Sheri Hutto, Anne Leake, Marie Davis, Flute King, and Judy Leaverton.

Sour cherries comprise over one-half of the U. S. production of cherries with most of these being grown in Michigan, New York and Wisconsin.

The Incas, accomplished diplomats and empire builders, never developed a system of writing.

Thomas Jefferson in 1781 grew the first recorded tomatoes in the United States.

Julie Davis honored on eighth birthday

Julie Davis was honored on her eighth birthday March 1 with a party in the home of her parents, Mr. and Mrs. Leon Davis.

Those present were Judy Morris, Joy Tucker, Susan Menchaca, Dana Holloway, Terry Mahan, Benny Jackson, David Foster, John Gilmore, Theresa Davis, Karen Davis, Chad Davis, Jennifer Allen, Mrs. Linda Davis, Mrs. Carolyn Allen, and Julie's grandparents, Mrs. Julia Howard and Mr. and Mrs. T. F. Davis.

Games were played and refreshments of birthday cake, cookies, and punch were served.

It seems that most fishermen catch fish by the tale.

Birthday supper honors minister

The Rev. Wayne Sistrunk, pastor of the Friendship Baptist Church, was honored with a surprise birthday supper Tuesday in the home of Barrie Jones.

A total of 42 persons attended. They were, other than the Rev. Sistrunk and family, Messrs. and Mrs. Sam Sanders, Douglas Tip-ton, Jack Taylor, Frank Bostick and Sandra, Jim Bob Shults and children, John Shults and Miranda, Cecil Owen and children, Clarence Gunn and children, Robert Craig, and Mrs. Glenn Shelton.

An old-fashioned grocery honoring was presented to the honoree and his family.

Sewing club to donate \$5 to Cactus Garden

The Mystic Sewing Club met March 12 in the home of Ruby Butler, with Henrietta Nichols presenting the program.

Miss Nichols demonstrated crocheted cats and the group participated in two quiz games.

The new Cactus Garden project was discussed and it was decided that \$5 would be donated to buy something that the garden committee decides upon.

Refreshments of tea, coffee, cake and sandwiches were served to Aylene Runkles, Edna McLendon, Maudie Hankins, Nell Windham, Mae Shipley, Estlea Nichols, Jimmie Hudman, Josephine Robinson and Katherine Rankin.

The next meeting will be April 2 with Annie Hodges as hostess.

VISIT RELATIVES

Mr. and Mrs. Lester Nichols, John and Henrietta Nichols spent last weekend in Truth or Consequences, N.M., visiting Lester's sister and brother-in-law, Mr. and Mrs. Cliff Miller. Mrs. Miller is a niece of John and Henrietta Nichols. Mrs. Georgia Johnson of Albuquerque also visited. On their way home, the Nichols visited Mrs. S. A. Allen and her daughter, Mrs. Timie Taylor in Hatch, N.M. They also visited Mr. and Mrs. Nathan Howell, all of whom are former residents of Verbena and Post.

Get-Acquainted Banquet held here in advance of revival

Approximately 75 persons attended a Get-Acquainted Banquet Tuesday night at the Trinity Baptist Church.

Jimmy Wells led the singing and the invocation was by the Rev. A. T. Nixon before the group gathered in the banquet room.

The banquet room was decorated in a green and white shamrock motif, with miniature "pots of gold," gay "little people" and Irish potatoes decorating the tables.

Guests of honor were the Rev. and Mrs. John Jinkins of Lorenzo, Mr. and Mrs. Marlin Hawthorne and two sons of Tahoka, and the Rev. and Mrs. A. T. Nixon.

The Rev. Mr. Jinkins will conduct the revival services and the

Hawthornes will lead the singing in a revival beginning March 28 at the Trinity Baptist Church.

The Hawthornes led in group singing at the banquet and presented special music, followed by a message from the Rev. Mr. Jinkins on the importance of prayer in planning and preparing for a revival.

The closing prayer was led by Floyd Hodges.

'Roses' program topic of Green Thumb club

Louise Hagins was hostess at the March 11 meeting of the Green Thumb Garden Club in the Reddy Room, with decorations and refreshments done in the St. Patrick's Day theme.

Shorty King presented the program on "Buying, Planting, and Care of Roses."

Others present were Ada Buchanan, Nita Burress, Sybil Cockrum, Wanda Cox, Gladys Hendricks, Robert Herron, Maurice Hudman, Ida Jones, Estlea Nichols, Eleanor McCrary, Jewell Taylor and Billie Windham.

Couple honored on anniversary

Mr. and Mrs. Billy Joe Woods of Odessa, formerly of Post, were honored by their son and daughter, Richard and Robin, March 15 with a reception in honor of their 25th wedding anniversary.

The table was laid with a linen tablecloth and centered with a white tiered cake with silver lettering. Ruby red appointments were used.

Assisting Richard and Robin with serving were Misses Paula Dodd and Cynthia and Sherry White.

Out-of-town guests were Mr. and Mrs. Carter White and girls.

Weekend visitors in the home of Mr. and Mrs. Ab Mitchell were their daughter and three children of Altus, Okla.

You can't live on love forever.

Okay, you're young. You've got all the love in the world and you're doing your best to live on it. Retirement? That's for when you're old, right?

It's for when you're old if you can afford it.

The kind of retirement you're after isn't the typical rocking-away-on-the-front-porch variety. You probably picture yourself taking extended vacations, pursuing hobbies, or buying that forty acres and living off the land. Pipe dreams? Not if you prepare now.

There's an easy, painless way to make your retirement dreams a reality. Join the Payroll Savings Plan where you work. That way, an amount you specify will be set aside from each paycheck and used to buy U.S. Savings Bonds. It's an easy way to save.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Now is the time to start saving. Money's a nice thing to have while you're living on love forever.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a good way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

Choir trip and livestock show cut attendance

Believe it or not, there were a few "lonely" people who had to attend regular classes at Post High School last Thursday. These privileged few who were not participating in the choir trip or the stock shows missed out on all the fun. The people who were out having fun made up about half of the whole student body of our high school.

The teachers, however, managed to maintain classes in most situations. But, as Mr. Lee should know, it is hard to carry on a good discussion for an hour with only two students present. It's hard enough with everyone present!

But, for some reason, Mrs. Fleming always has students running out of her ears! Some screaming for help with their bookkeeping or asking for permission to type. Then if these two subjects fail her, Mrs. Fleming can always start dictating or recording letters for her shorthand class.

The choir trip was worthwhile, however. Congratulations to the boys choir for winning sweepstakes. I guess they weren't goofing around too much after all. Still, Thursday proved to be a perfectly miserable day for all of us underprivileged people who didn't get to go anywhere.

Then again, maybe half of that misery was just plain old spring fever or "senioritis"!

SWEETHEART OF THE CHOIR

Borrowing ovis raise one brood of offspring each year, both parents sharing in the duties of hatching the eggs.

Naturally, they proceeded to try to play matchmakers.

Miss Richardson: "My most embarrassing experience since I've been in Post was the day in Pep Rally last year when a certain senior boy kissed me in front of the whole student body."

Mrs. Balzen: "Shortly after moving to Post, this past summer, I was riding my bicycle with the girls next door. Not watching where I was going, and using my usual coordination, I hit a rock, fell off my bike, and cut my knees. My sun glasses went flying through the air, and I had landed under the bike. Where did it all happen? Not one block from the courthouse in downtown Post."

Mrs. Lee: "The first day I ever taught I was performing an experiment to dazzle my chemistry class. Immediately after the unexpected explosion, large holes appeared all over my clothing. That's a real beginning."

We hope you have enjoyed reading the teachers' embarrassing experiences. Now that the students have had their laughs, we will let the teachers have their laughs next week. So be sure and read the students' embarrassing experiences next week in The Post Dispatch.

Parking stripes are to become reality

Finally, the project of the year, the parking stripes, will come to reality on March 20 at 10 a.m.

The Student Council will complete the project they started at the first of this year. All student council members and their friends are asked to come. These stripes will complete our parking policy. They will also help us to have a more uniform parking system. All interested students are welcome to come and help.

Teague bill calls for 5 new medical schools

WASHINGTON, D. C.—Rep. Olin Teague of College Station, chairman of the House Veterans' Affairs Committee, has introduced legislation which would create five new medical schools affiliated with the Veterans Administration Department of Medicine and Surgery.

Four winners will be named in spelling bees to be conducted in Garza County schools, according to Mrs. Carolyn Sawyers, county director.

Schools participating include Post Elementary and Junior High Schools, Southland School and the students are expected to spell in the school bees.

The four students winning the school bees will spell at 2:45 p.m. April 16 in the Post Junior High School Library. The winner will receive a plaque and will represent Garza County at the Lubbock Avalanche-Journal Regional Spelling Bee to be conducted May 1 in Lubbock.

Mrs. Sawyers has announced that Mrs. Martha Windlow will be pro-nouncer for the Garza County Spelling Bee. Judges will be Mrs. Beth Walker, Mrs. Ruby Lobban and Barry Balzen.

School winners will receive writing pens and blue ribbons. Other students who participate in the school bees will receive white ribbons.

Teague said he considered the bill a speedy and economical way to increase the number of the nation's doctors and to improve medical care for veterans and the population as a whole.

Someone Can Help

By Bernard S. Ramsey

One Sunday in the cartoon section there was this Peanuts cartoon which, to me, proclaimed the gospel in all its power and beauty.

Peppermint Patty is sitting in front of the television set when Charlie Brown comes in and sits down beside her. She says, "It's a beauty contest, Chuck, and for someone like me, it's very depressing. Look, there's the girl who won. Chuck? NO WAY!! I'm not beautiful, Chuck. I'm not beautiful, and I'll never BE beautiful. You think I enjoy watching beauty contests? I hate them! Now I'm all depressed . . . Rats! Say something to cheer me up, Chuck."

Charlie Brown begins to say, "Well, I . . ."

While he is trying to say something Snoopy comes in and turns off the television, turns around and kisses her.

Then she and Snoopy walk off together and Peppermint Patty says, "He's a funny-looking kid, but he knows how to make a girl happy."

Snoopy does for Peppermint Patty what she is helpless to do for herself. Snoopy loves Peppermint Patty as she is. He makes her feel that she is worth something. She experiences a feeling of being valued.

So it is with Jesus Christ. He loves us as we are. He makes us feel that we are worth something, that we are of value as we are. We do not have to prove ourselves to be of worth. We are because God loves us.

You are valuable and worth something because God loves you. Now, go out and be of value to someone else.

Ranch Headquarters gets 2-story dugout

LUBBOCK — A two-story dugout which dates from the turn of the century has found a final resting place at the Ranch Headquarters outdoor development on the grounds of The Museum of Texas Tech University.

Before it was moved from its isolated site about five miles north of Whiteface, in western Hockley County, the little structure had served for nearly 20 years as a line camp for Col. C. C. Slaughter's Lazy S Ranch which sprawled over parts of two Texas counties.

With a high roof and five-foot walls, the sturdy little building can still withstand the gusty winds of the South Plains.

In February, 1961, Slaughter ordered his ranch manager, his eldest son George, to build some thing "cheap and small" to serve as a line camp on the Whiteface pasture. The half-dugout, typical of the times was built 13 miles from the main ranch headquarters in Cochran County.

The walls, about four feet high, were constructed over a hole about three to four feet deep.

A cowboy and his wife could live comfortably in the little dugout. In 1904, Mr. and Mrs. J. W. Taylor

were occupants of the Whiteface camp, which was used continuously as a line headquarters until the ranch was divided in 1921.

At some time prior to 1912, a box and strip upper level was added, making the structure a two-story dugout. Several additions have been made since that date, including a stucco covering and sheltered entryway.

The building has been used for storage since the early 1920s, when the White Face Farm colonization project began, shortly after Slaughter's death and the break-up of the huge ranch.

The building was contributed to the Ranch Headquarters last year by White Face Farms, Inc. Moving and restoration was made possible by Nelle S. De Loache Properties, Dallas.

The Ranch Headquarters project will utilize a collection of authentic ranch buildings to recreate an outdoor, living museum of ranch life on the Texas Tech campus. Located on 12 acres of the 76-acre site of The Museum, the Ranch Headquarters, destined to become a major tourist attraction, is dedicated to preserving the heritage of a by-gone era.

Journey set for release of POWs

AUSTIN — Lt. Gov. Ben Barnes has announced plans to organize a delegation of about 1,000 Texans for a trip to Europe next summer on behalf of American prisoners of war and men missing in action.

The trip is in response to suggestion by H. Ross Perot, Dallas industrialist who has led the campaign for freeing American prisoners in Vietnam.

Barnes said organizational committees will be named in each state senatorial district, headed by the senator and including state representatives and prominent citizens.

Departure plans will depend on when the legislature finishes its work. The regular session will adjourn on May 31 but special sessions may be needed.

UNIVERSITY ADMISSION FORMS DUE MARCH 31

AUSTIN — March 31 is a crucial date for high school seniors hoping to enter the University of Texas at Austin next fall or summer.

Under a new enrollment control plan, UT Austin will admit only 5,500 new freshmen during the summer and fall. Applications for admission accompanied by Scholastic Aptitude Test scores, must be submitted by the March 31 deadline.

Application forms may be requested from the Registrar, UT Austin, Austin, Texas 78712.

3 rural wrecks February toll

The Texas Highway Patrol investigated three accidents on rural highways in Garza County during the month of February, according to Sgt. H. E. Pirtle, highway patrol supervisor of this area.

The three accidents resulted in injuries to two persons.

The rural traffic accident summary for this county during the first two months of 1971 shows a total of seven accidents resulting in three persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety region for February 1971 shows a total of 473 accidents resulting in 24 persons killed and 254 persons injured, as compared to February 1970 with 494 accidents resulting in 22 persons killed and 181 injured.

The 24 traffic deaths for the month of February 1971 occurred in the following counties: Dickens, 5; Ochiltree, 5; Potter and Roberts, 2 each; Carson, Hardeman, Packer, Wheeler, Jack, Knox, Lamb, Lubbock, Palo Pinto and Throckmorton, 1 each.

? Your Name ?

WHAT'S IN IT?

By CHARLES DIDWAY

KEMP

There is little doubt about the antiquity of Kemp as a surname, since the word from which it was derived was old-fashioned and on its way out at about the time that hereditary surnames began coming into common usage.

To begin with, "kempa" was the Old Norse word for "warrior" and was brought to England by the Viking invaders. The word became "cempa" in Old English and "kempe" in Middle English before finally evolving into "kemp."

While its original meaning was "warrior," kemp later came to mean "athlete," and it was from this meaning that the word "champion" is derived. In medieval England a "champion" meant "one who took part in a contest." A man did not have to win to be a champion; he simply had to compete.

The Norman Conquest of 1066 is generally supposed to have given rise to the use of hereditary surnames, but a number of bynames are found in England before the Conquest. Kemp, in one or more of its early forms, was one of them. In the year 902, more than 150 years before the Conquest, an Eadulf Cempa lived in Wiltshire. An Edmund Kempe was a resident of Norfolk about 1100, and the name is found in its modern form for the first time in the year 1296 when a Ralph le Kemp was listed on the Subsidy Rolls in Sussex.

It did not take long for the name to spread to Scotland and Ireland. A William Kemp was serving as a burgess of Edinburgh, Scotland, in 1423. The name recurs in Irish records from the 14th century till the present day, but has never been closely identified with any particular locality. It is now fairly common in Dublin and Belfast, according to an authority on surnames of Ireland.

Kemp ranks 623rd numerically among surnames in the United States, with an estimated 43,000 persons by the name.

VISITS MOTHER

Lois Benton visited with her mother last week. Her husband flew in Friday and they returned to their home in Dallas Sunday.

Jerry Johnson, son of Mr. and Mrs. Wagoner Johnson, is shown with his grand champion steer of Garza County's Junior Livestock Show shortly after J. B. Potts purchased the champion animal for the First National Bank for \$575 above floor price at the opening of the show sale Saturday afternoon.

Our Best Investments ... Are In Our Youth

The First National Bank is a strong believer in the worth of the American educational process whether it be supporting the Junior Livestock Show in its sales ring, making go-to-college loans, or supporting band and choir on worthwhile trips. We want to see the youngsters of this community and area obtain the best possible educational preparations for adult life possible. We're right there behind all the Dads and Moms when it comes to encouraging educational winners.

Antelope thinclads to compete at Hale Center Saturday

Leg injury sidelines squad's star sprinter

Post Antelope track team, the services of Larry Scrivener is out for the rest of the season with a pulled leg muscle. He competed Saturday in the annual Hale Center track and field meet. Scrivener, who had been out of the previous meets because of a leg injury, had to pull out at the last Saturday after having the best time in the 100-yard dash in the preliminaries and having helped the sprint team qualify for the finals. The dash man injured his leg running in the 220-yard dash in the preliminaries.

Trackmen score Junior High meet at Idalou

The freshmen scored 31 points, the 7th grade 25 points and the 7th grade 16 points in an invitational track and field meet at Idalou last Saturday.

The freshman team, Mark placed second in both the 1,320-yard runs; Danny Ayala, fifth in the 120-yard low hurdles, and Jay Pollard sixth in the shot put and discus throw. The freshman relay team of Joe Jeffers, Johnny Jefferson, Gary and Donnell Harper finished sixth in both relay events. The 8th grade, Tim Troxell placed first in the shot put and discus. Dennis McDonald finished first in both hurdle events and Ayala sixth in the 660-yard dash. The 440-yard relay team of Moore, Joe Martinez, Randy and Roger Taylor came in second. Price of Post won first in the 7th grade broad jump fourth in the 100-yard dash. Odum picked up a fifth place high jump.

'Woodstock' is coming to Tower

Warner Bros. "Woodstock", the musical-documentary of the Woodstock Festival attended by some 400,000 young people in Bethel, N. Y., in August, 1969, comes to the Tower Theatre this weekend for a Friday, Saturday and Sunday showing.

The three-hour musical marathon represents some of the most advanced sound and filmmaking techniques.

Among the many rock artists featured in the film are Joe Cocker, Crosby, Stills and Nash, Arlo Guthrie and Jimi Hendrix.

Cowboys' winnings in two rodeos \$63,000

DENVER, Colo. — Two major rodeos ended Sunday and paid cowboy winners more than \$63,000 the Rodeo Cowboys Association said here today.

At the Phoenix, Ariz., rodeo, 23-year-old Ace Berry of Modesto, Calif., was crowned all-around cowboy after he won \$2,408 in bareback bronc riding and team roping.

Berry, who competes regularly at the year-end National Finals Rodeo, placed first in the two round average in bareback riding, and finished second in the team roping average with his partner, John Miller, the reigning champion team roper from Pawhuska, Okla.

The all-around cowboy at the San Angelo, Tex., rodeo was 30-year-old Sonny Ehr of Minot, N.D., who won \$1,030 in calf roping and steer wrestling.

In the early-season race for the 1971 world champion all-around title, Paul Mayo, of Grinnell, Iowa, who now lives in Fort Worth, Tex., is leading with \$11,949. The annual world title goes to the biggest money-winner in two or more of the events.

It's the Law...

LIGHTNING ON THE LINKS

Claps of distant thunder failed to dampen Freddie's determination to finish his round of golf. But when the rain began to fall, he took hastily refuge in a weather shelter near the thirteenth tee.

Moments later, a bolt of lightning struck the shelter and knocked Freddie flat. For the resulting injuries he filed a damage suit against the management of the club.

"I realize the lightning itself was an act of God," he told the court. "But they invite trouble when they put that shelter where they did. They put it right out in the open, on high ground. No wonder it was struck by lightning."

However, the court decided that Freddie had no case. Even if the shelter's location was less than ideal, said the court, the chance of such a freak accident was still too remote to pin the blame on the management.

"Lightning," said the court, "is inconsistent (and) inscrutable. It is no respecter of persons, places or occasions."

When a golfer pays his fee, he is entitled to reasonably safe conditions on the course. But, as Freddie's case illustrates, he does not get a guarantee of absolute safety.

Nor can he blame the management for an injury that might well be the fault of another golfer.

Thus, the management was held not liable when a golfer sat down on a bench and it tipped over. His argument was that the bench had been placed negligently on uneven ground. But the court said there was no way of telling whether the bench had been put there by employees of the club or by some other golfer.

On the other hand, the management can indeed be held responsible for failing to ward off foreseeable accidents. In another case, a golfer walking through the parking lot was knocked down by a wayward tee shot. As it happened, balls flew that way with considerable frequency. Yet, no fence had been erected as a safeguard.

This time, the club had to pay substantial damages to the victim. The judge said it was not hard for the management to put up a fence — and not hard to foresee accidents if it didn't.

Police Communication specialized courses set for March 24, 26

LUBBOCK — Specialized courses in Police Communication Procedures will be held by the South Plains Association of Governments on Wednesday, March 24, and Friday, March 26.

The first eight-hour course will be held in the Community Center at Tahoka starting at 8 a.m. March 24. The second eight-hour course will be held in the American Legion Hall at Lockney, starting at 8 a.m. March 26.

The training will be under the direction of Dewain Collins, supervising radio operator of the Texas Department of Public Safety, and is designed for peace officers of all ranks, and radio dispatchers.

This specialized course will count toward the intermediate and advanced certification, and there will be no cost for the training.

Rotarians hear new head coach outline program

Bobby Davis, Post High School's new head football coach and athletic director, outlined for Post Rotarians Tuesday the athletic program he is instituting in Post schools, introduced two of his coaches — including the new basketball coach — and declared that "we've already lost some boys who have told us they would rather smoke or wear long hair than participate in high school athletics."

Coach Davis explained that he has "only one training rule" but "since it is only one we interpret it rather broadly." The one rule applies to the conduct of all athletes when not at home.

He added that although Post High School does not have a dress code, he has instituted one, including that of hair length, for athletes because "of the bad reputation the public too often associates with long hair." "If it wasn't for that reputation," he added, "we wouldn't be concerned about hair at all."

Davis introduced Joe Giddens, the only current assistant on the local scene; and also John Alexander, who has resigned as basketball coach at Roosevelt where he has been for four years, to become the new Post basketball coach and join Davis' five-man staff.

Boy Scouts get new executive

R. D. "Doug" Palmer, Amarillo, has been named as an executive trainee in the South Plains Council, Boy Scouts of America, according to an announcement by H. W. Oehler, Lubbock, Scout executive of the 20-county Scout Council.

Palmer assumed his new duties March 15 in the Comanche Trail District, which encompasses Garza, Kent, Crosby, Dickens, Motley and much of Floyd counties.

Following a two-month period as an executive trainee, Palmer will attend the National Executive Institute for professional Scouters at the Schiff Scout Reservation, Mendham, N. J. Following his return, he will be commissioned as a district Scout executive with responsibility for the six-county Comanche Trail District.

Palmer succeeds Jack R. Crider, who was promoted to a Scouting position in Abilene, Tex., Feb. 15.

Caren Gray, 9, is big winner

Nine-year-old Caren Gray, daughter of Mr. and Mrs. Junior Gray of Graham, formerly of Post, was the top winner in the junior age group of the Young County 4-H Horse Show held recently.

Caren received two trophies, one for high point individual in her age group and the other for high point performance. Riding her horse, Snap, Caren won first place in western pleasure and reining and second place in halter and pole bending.

627,000 Texans given USDA food assistance

DALLAS — More than 627,000 people in Texas received family food assistance from the U. S. Department of Agriculture during January.

This marks an increase of nearly 74 per cent over January, 1970, when 362,925 people were participating in both the USDA Donated Foods and Food Stamp programs, according to Martin D. Garber, southwest regional director, USDA Food and Nutrition Service, Dallas.

Garber lauded the Texas Department of Public Welfare and county governments for their efforts to reach every Texas family eligible for USDA food assistance.

The Food Stamp Program, which covered only 10 counties in January of 1970 covered 28 counties by January, 1971, including major metropolitan areas except Dallas.

Garber explained that the addition of 18 counties to the Food Stamp Program plus the change in regulations allowing eligible families to spend less money to get more free USDA coupons increased participation 177 per cent.

Nearly three times as many people — 217,886 — were using USDA food coupons last January compared to January a year ago.

Likewise, the free or "bonus" USDA food coupons increased from \$666,270 in January 1970 to \$3,823,224 in January 1971.

"This \$3,823,224 represents additional food purchasing power for families who have been certified as needy by welfare workers," Garber pointed out. "Such an increase in purchasing power should do much to improve the diets of needy people and their general health," he said.

Families in the Food Stamp Program must buy some USDA coupons to get the free coupons. The purchase requirements as well as the amount of free coupons depend on the size of the family and its income. The free coupons help bring the total food buying power up to the level of USDA's "economy diet."

Persons without any income make only a token payment of 50 cents per person in the family up to a maximum of \$3. This may be supplied by the county government or a local charity organization when conditions warrant.

More than 409,000 people in 224 counties received USDA donated foods during January, 1971, compared to 284,000 people in 145 counties and one city in January, 1970.

Families who participate in USDA's Donated Foods Program are given foods without cost. They can select from about 20 or more items at most distribution centers. The families may take all items offered or turn down any foods which they may not want.

Both of these USDA family food assistance programs are operated by the Texas State Department of Public Welfare in cooperation with the Food and Nutrition Service.

WEEKEND VISITORS

Vocational bill is introduced

AUSTIN — Rep. R. B. McAllister of Lubbock has introduced a bill which calls for major changes in the state vocational-technical program.

It creates an "open door" policy in the post-secondary junior college program which allows the enrollment of any person, regardless of previous educational experience in any vocational program which may benefit him, McAllister said.

At the present time, junior colleges are training almost 50,000 students in vocational courses, and McAllister said he expects the new occupational act to offer opportunities throughout the entire state in a few years.

"I believe this program is the one solution to welfare, poverty and crime, and at the same time offers an excellent base for Texas to attract major industries from throughout the world, as it will provide a continuous output of capably trained men and women," he said.

Revival to start at Close City

Mark Twain's Story

READING SPIDER

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

Unique museums are listed in directory

AUSTIN — Where else but in Texas could you find museums with names like Medicine Mound Trading Post, the Live Steam Museum, Confederate Air Force Flying Museum, Jay Gould Railroad Car, or Bishop's Palace?

These and 281 other nostalgic-looking museums are listed in an intriguing pocket book entitled the Texas Museums Directory. Published by the Texas State Historical Society, the latest edition of the 61-page booklet is available free from Texas Highway Department visitor centers around the state or from the Survey Committee office, P.O. Box 12276, Austin 78711.

Skimming the pages of the Museums Directory is like embarking on a time machine journey through the history of Texas. The trip begins at the Odessa Meteorite Museum, where the second largest meteor in the United States slam-

med into the earth more than 20,000 years ago, gouging out a gigantic crater five miles west of present Odessa. Displays at the site include meteor fragments, documents, and photographs.

Hopping forward several thousand years, one arrives at the Alabama-Coushatta Indian Museum, located 17 miles east of Livingston. Situated on Texas' only Indian reservation, the museum surveys the history of the Alabama and Coushatta tribes as well as other Texas Indians. Natural history dioramas of Tupelo Gum Swamp and the Big Thicket, a continuous slide show, an arts and crafts shop, and a restaurant comprise some of the other attractions.

FUNDS ALLOTTED TEXAS FOR HISTORIC PURPOSES

WASHINGTON — The Interior Department has allotted Texas \$11,902 in matching funding for the fiscal year 1971 to assist the state in acquiring and developing historic properties. Sen. John Tower said this week.

The funds were awarded under the National Historic Preservation Act which promotes preservation of historic sites.

In Harlingen, the Confederate Air Force Flying Museum has admittedly fudged on its name, because it actually exhibits 22 combat airplanes from the World War II era. All are in flying condition and perform at patriotic and educational events throughout the area.

Another mode of transportation has been enshrined in Jefferson where railroad magnate Jay Gould's sumptuous rail car is on exhibit. This 88-foot, four-stateroom coach was transported in style across Texas during the 19th century on the Jay Gould Lines. A veritable palace on wheels, it is equipped with a lounge, dining room, kitchen, butler's pantry and bath.

Still another relic of the Guided Age, the Bishop's Palace museum in Galveston has been called one of the most opulent houses in the United States. The towering, four-story Victorian mansion was built in 1886 by attorney Col. Walter Gresham, who was brought to the brink of bankruptcy by the project. The structure became known as the Bishop's Palace in 1923 when the Catholic Diocese bought it and, in keeping with its new religious purpose, had demure veils painted over the naked cherubs adorning the place's painted ceilings.

Medicine Mound Trading Post in Quanah is a vintage Santa Fe depot which was moved from Medicine Mound in 1964. Chief among its exhibits are railroad equipment and assorted pioneer memorabilia.

University honors to Ronald Thuett

Ronald Joe Thuett, son of Mr. and Mrs. L. G. Thuett Jr., was honored at Texas Tech University's 25th University recognition services Sunday.

Thuett was recognized with "university honors", which means that it was the fourth time he had received such honors. One must have made a grade point average of 3.5 or better over the four-year period. He was recognized as being the highest ranking student in the College of Agriculture by having a grade point average of 4.00 for the last two semesters and 3.50 overall for four years.

Thuett's parents and his wife, Nancy, attended the program. He is an agriculture economics major and will graduate in May.

CARPENTER, CABINETMAKER TOOLS ARE ON EXHIBIT

ROUND TOP — "The Carpenter's Bench," an exhibit of 19th Century carpenter's and cabinetmaker's tools used in the Winedale area, presently is on view in the north gallery of Hazel's Lone Oak cottage at The University of Texas Winedale Inn Properties near Round Top, in Fayette County.

The exhibit includes a rare tool known as a shaving horse, used for tapering hand-split shingles; a collection of wooden bench planes; a set of moulding planes, and a complete cabinetmaker's bench, equipped with clamps, planes, chisels, and a veneer knife. A set of wheelwright's tools also is on display.

Winedale is open to the public from 9 a.m. to 5 p.m. Thursday through Sunday.

UNIVERSITY OF TEXAS GETS NEW PRESIDENT

AUSTIN—Dr. Stephen H. Spurr, vice president of the University of Michigan and dean of graduate studies there, will become president of the University of Texas at Austin about July 1.

Dr. Spurr is a forester and ecologist, as well as an educator, and has written extensively on the forested and wild lands of North America. He has a bachelor's degree in botany from the University of Florida, Master of Forestry and Ph.D. degrees from Yale University.

Currently, he is chairman of the Council of Graduate Schools in the U. S., chairman of the Graduate Record Examination Board and chairman of the International Commission on Forestry Education.

INCREASE RECEIVED IN TRAINEESHIP FUNDS

AUSTIN — The University of Texas Vocational Rehabilitation Counselor Education program has received an increase in its summer traineeship funds from the U. S. Rehabilitation Services Administration.

According to Dr. G. D. Carnes, director of the UT Austin program, his office now has openings for 10 to 12 graduate students starting work toward a master's degree in rehabilitation.

Persons interested in applying for the program should write to Dr. G. D. Carnes, director, Rehabilitation Counselor Education Program, Sutton Hall 204, Department of Special Education, the University of Texas at Austin, Austin, Tex. 78712.

TACTICS

PRIMITIVE PEOPLES MADE GREAT USE OF NUTS BECAUSE NUT MEATS, INSIDE AIRTIGHT SHELLS, COULD BE KEPT TO EAT THROUGH THE LONG, COLD WINTERS WHEN OTHER FOODS COULD NOT BE FOUND.

DRIVE YA NUTS! TODAY IS NO SHELL GAME, BUT IT'S ALMOST AS FRUSTRATING—ALL YOU DO TO TRY YOUR HAND AT THIS CHALLENGING MILTON BRADLEY PUZZLE IS REMOVE THE NUTS AND MIX THEM UP, THEN PLACE THE CORRECT NUT ON THE CENTER PEG AND ARRANGE THE OTHER NUTS SO THE NUMBERS MATCH ON ALL SIDES THAT TOUCH. GUARANTEED TO SABOTAGE YOUR PSYCHE, THE GAME IS EVERYTHING IT'S CRACKED UP TO BE.

IN THIS WORLD

THE INTERNATIONAL SYSTEM OF UNITS (ABBREVIATED SI FOR SYSTÈME INTERNATIONAL) IS A MODERNIZED VERSION OF THE METRIC SYSTEM FIRST PROPOSED BY THE NATIONAL ASSEMBLY OF FRANCE ON MAY 8, 1790... AT THAT TIME TRADE WAS GREATLY IMPEDED ON THE EUROPEAN CONTINENT WHERE WEIGHTS AND MEASURES DIFFERED NOT ONLY FROM COUNTRY TO COUNTRY BUT EVEN FROM TOWN TO TOWN AND TRADE TO TRADE.

THE RESULTING METRIC SYSTEM WITH ITS UNITS DIVISIBLE BY 10, FOUND MUCH FAVOR WITH THE SCIENTISTS OF THE 19TH CENTURY, PARTLY BECAUSE IT WAS INTENDED FOR INTERNATIONAL EXCHANGE.

THE AMERICAN SOCIETY OF CIVIL ENGINEERS, SINCE A VOTE IN 1876, HAS BEEN A LEADER IN EFFORTS TO CHANGE TO THE METRIC SYSTEM IN THE U.S. IN 1970, THE PROFESSIONAL SOCIETY REITERATED ITS SUPPORT OF THE METRIC SYSTEM AND BEGAN TO USE BOTH THE METRIC AND CUSTOMARY UNITS IN ALL ITS PUBLICATIONS.

THE SAFEST CHOICE FOR SOUTH PLAINS FARMERS UNDER THE NEW COTTON PROGRAM

McNAIR 1032-B

- has highest available resistance to Fusarium Wilt and nematodes.
- holds in burr for machine harvest.
- has strong stalk for rough weather.
- is a high yielding, good fiber, cotton

Fusarium Wilt and nematode infestation are a widespread threat to cotton yields in the South Plains... with payments now based on actual yield it is urgent for South Plains cotton growers to make every decision in favor of yield protection to maintain profit from cotton production.

WE RECOMMEND McNAIR 1032-B FOR FIRST PLANTING ONLY (by approximately May 20) FOR ASSURANCE OF MAXIMUM YIELD
