Backing the Attack  
WITH WAR BONDS

POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, JUNE 29, 1944 "THE GATEWAY TO THE PLAINS" NUMBER 28

## Jack Hoover Receives Air Medal Award

O. H. Hoover received the letter, written June 18 by C. Kenney, Lieutenant Colonel, Commanding, from his quarters, Fifth Air Force. Mr. Hoover: "I am proud to present your son, Lieutenant D. Hoover, who was decorated the Air Medal. It was made in recognition of his gallant service to his country, his fellow Americans, his country, his home and his people. He was cited for meritorious achievement while participating in flights in the Southwest Area from January 30 to February 13, 1943. Your son took part in sustained flight missions during which hostile contact was made and expected. These flights included dropping supplies to troops and transporting troops over territory that was continually patrolled by enemy fighter aircraft. Landings were made on islands which were only a few miles from Japanese bases. These flights aided considerably in our successes in this theater."

Every hour of every day, your son and the sons of other American mothers, are doing just things as that here in the Southwest Pacific. This is a very real and very valuable contribution to victory and peace. I would like to tell you how proud I am to have such a son in my command, and how gratified I am to see that young Americans with courage and resourcefulness are fighting our country's battle against the aggressor nations. You, Mrs. Hoover, have every right to share that pride and satisfaction.

Very sincerely,  
George C. Kenney,  
Lieut. Gen., Commanding

## Elvin W. Childers Died in Italy

Sgt. Elvin W. Childers, who was stationed in Topeka, Kansas, died in Italy a month with the 13th Air Force. He thinks his service is the best in the world. He wants to get letters from Post friends and he will try to answer all of them. His address is S/Sgt. Elvin W. Childers, 8618, 723rd Sq., 450th Group, APO 520, c/o Postmaster, New York, N. Y.

## Max Tucker in New Guinea

Max Tucker writes that he landed safely in New Guinea. Tucker is with an Infantry division and says that he is anxious to get started on the Japs. He is the son of Mr. and Mrs. H. Tucker.

## Mr. and Mrs. J. T. Curb return Tuesday from a three weeks trip with their children in Albuquerque, N. M., and Happy, Texas.

## Rev. O. B. Herring of Snyder, pastor of the First Methodist church here, spent Monday afternoon in Post.

Very sincerely,  
George C. Kenney,  
Lieut. Gen., Commanding

## Stamford Reunion July 3-4, To Show War Equipment

Stamford, June 29—A gigantic display of the modern equipment of a powerful nation at war will mingle with memories of early frontier days of the West in the huge War Bond Parade which will open Stamford's two-day Texas Cowboy Reunion celebration July 3 and 4.

Some 35 vehicles, including medium tanks, light tanks, armored cars, and many other vehicles of the 12th Armored Division, Camp Barkley, commanded by Major General Carlos Brewer, will highlight the parade Monday morning, July 3, at 11 o'clock. Thousands of Reunion visitors will be given an opportunity to see what their War Bonds buy and to realize to some degree what the enemies of such Divisions as the 12th Armored will face in actual combat.

The usual Reunion features of the opening parade also will be of great interest. Cowgirl sponsors, ranch chuck wagons, and hundreds of mounted cowboys will take part in the big affair.

Cash prizes will be awarded winners in the following divisions of the parade: Commercial entries, first prize \$25, second prize \$15; Juvenile entry, \$5; and individual entry \$10.

The most typical ranching entry will draw a \$25 prize, and the best out of town entry also wins \$25.

## People Advised To Secure Water From Safe Supply

Austin—One of the most important factors contributing to the well-being of summer vacationists is a safe and healthful water supply. Contaminated water is the annual cause of much sickness and many fatalities. Water from sources not known to be safe should never be used to supply vacation needs.

Dr. Geo. W. Cox, State Health Officer, stated this week that most municipal water supplies in Texas are periodically inspected and samples submitted to the State Health Laboratory for examination. He advised that it is always best, when in doubt, to endeavor to secure water from a municipal supply.

"Families away from home on picnics, excursions, or vacation trips," Dr. Cox said, "should either ascertain that their water supply is safe or they should make it safe for human consumption. Water can be rendered safe by boiling for 15 minutes or by the addition of chlorine. A few drops of ordinary chlorine laundry bleaches can be added to a gallon of clear water and if the water is allowed to stand for 15 minutes it may be used for drinking."

If drinking water is obtained from a private well, Dr. Cox advised vacationists to look for these protective features: a well-site protected from flooding with good drainage, and a concrete platform surrounding the pump. The pump itself should be securely mounted on the platform, should have a rod that enters the top through packing, and should have a turned-down spout. Contaminated water is usually found in wells with open wood platforms, pits under the pump, openings where the pump rod enters the pump, and in pumps that require printing to operate.

## Tahoka Man to Care for Post N. F. L. A. Business

Carl Griffin of Tahoka, who is secretary and treasurer of the Tahoka and Post National Farm Loan Associations, will be in Post two days of each week, Wednesdays and Saturdays. On those days he will be in the Association office in the Joe Moss building and he will take care of the business of the patrons in Garza county.

★ ★ ★ ★ ★  
Would You Do Less...  
If You Could Do More  
This Fourth?

The boys who used to fill the air with the loud bang of firecrackers as they joyously celebrated the Fourth of July in their own noisy way are grown up now. They wear khaki today - and the guns they carry are no longer toy pistols or air rifles. These hometown boys are men now and they have a man's job to do. The bursting of gunpowder is an unfamiliar sound in America for fireworks are out for the duration. But these boys know well the thundering roar of shells heard every day as the earth shakes beneath their feet to the sound of the big guns. This is play no longer. This is a grim and bloody war!

Our men fight day after day with staunch determination and unflinching faith in their country for they are giving their lives to preserve the land they love with such fervor. With such an example before us, we cannot hesitate to do everything humanly possible to give them the support that they need so vitally to win the Victory.

The Fifth War Loan is nearing its end. Can you honestly say that you have bought War Bonds to the very limit of your ability? Observe the Fourth by buying yet another War Bond.

★ ★ ★ ★ ★

## Post Stores Will Close On July 4th

July 4th will be celebrated quietly in Post. Most of the business houses will close for the day. Nearby towns are planning celebrations of many kinds and Post folk will be making their plans to participate in these events. Some of the old-timers plan to attend the Stamford rodeo while others will go to Sweetwater, Lubbock or other points.

## Travel Priorities For War Casualties

Transportation preference and priorities for disabled military, naval and merchant marine personnel have been announced by the Office of Defense Transportation, and became effective June 27.

The plan of the ODT and the Interstate Commerce Commission was worked out to assist railroads in handling military casualties.

It requires railroads, whenever necessary, to divert transportation facilities or cancel or discontinue passenger train service and to refuse permission for passengers, other than invalid troops and their attendants, to board passenger trains.

Ticket agents, passenger conductors and sleeping car conductors are appointed agents of the ICC to designate what tickets or space are to be cancelled and which passengers are to be refused permission to board trains.

Mr. and Mrs. Jay A. McCartney and Jay, Jr. of San Antonio visited last week with her mother, Mrs. J. H. Babb, and her sister, Mrs. Dezie Power.

## Garner Appliance Co. Opens Butane Service Store Here

O. C. Garner has moved here from Spur and is owner-operator of the Garner Appliance Company. Garner bought the three buildings owned by W. L. Davis facing south on Main street. He has remodeled the building on the corner formerly occupied by Hamilton Drug and has opened his store there. This is a branch of the Garner Appliance Co. of Spur which owns and operates nineteen butane transport trucks and delivery units and has more than 30,000 gallons butane storage.

Mr. Garner is now prepared to service butane bottles and tanks in Garza county. He has a small stock of Butane appliances now and will enlarge his stock and expand the business as rapidly as war conditions will permit.

Mr. Garner is married and has one child. They are living in the apartment in the north end of the store. They have invested their money in buildings and a business here and plan to make post their permanent home.

Mrs. V. E. Bullen and son, Dan, of Abilene visited Miss Nora Stevens and Mr. and Mrs. Walter Hyde the first of the week.

## New Arrivals...

Mr. and Mrs. Cecil Lee are announcing the arrival of a 7 pound, 1 ounce baby girl, Shirley Kay, on June 18.

Mr. and Mrs. Albert Ritchie are announcing the arrival of a 6 lb., 13 oz., baby girl, Margaret Ann, at West Texas hospital in Lubbock on June 14.

Mr. and Mrs. Joe Griffie of Lubbock are announcing the arrival of an 8 pound, 2 ounce baby boy, Joe Dan, on June 22. Mrs. Griffie is known to her friends here as Shirley June Justice.

## Federal Auto Tax Stamps Must Be Bought By July 1

Postmaster Phil Bouchier reports that less than half of the citizens of this county have purchased their new federal auto tax stamps thus far. These stamps must be secured by Saturday, July 1, at which time they are to be displayed on your car windshield.

Bouchier states that there are approximately 1225 cars in Garza County which must have the federal auto tax stamps, and that Tuesday 500 stamps had been sold at the local post office.

If you have not yet purchased your stamp, do so as soon as possible. They are on sale at the local post office for \$5.00.

Only two days remain before the deadline date for securing your federal auto tax stamp.

## Matched Roping Contests Slated for Friday, July 21

The Post rodeo arena will be the scene of a matched roping featuring a 20-calf match between Troy Fort of Lovington, N. M., and Walton Pogue of Rankin, Texas. Roping ten calves in the afternoon show and 10 calves at night on Friday, July 21. The first roping will start promptly at 2:30 p. m. and the second roping at 8:45 p. m.

Featured in the afternoon show will be a jack-pot cutting horse contest which will be open to all comers. Also, there will be a Garza county jack-pot roping in the afternoon.

There will be other jack-pot ropings for both afternoon and night performances.

This program is under the management of the Post Stampede, Inc., which featured a similar affair in May. They invite you to come and enjoy this entertaining program.

Admission prices including tax will be 80 cents and 50 cents for each show. Servicemen and women in uniform will be admitted free.

## Earl Rogers Feed Store Installs Truck Scales

Earl Rogers has completed the installation of truck scales, 40 feet in length, with a capacity of 50,000 lbs., at his feed store. Rogers is now well prepared to do public weighing.

"The installation of the Fairbanks-Morse scales at the Roger's Feed Store makes it one of the best equipped places for weighing heavy loads in West Texas," asserted Mr. Faust, the authorized agent who installed the scales.

These scales, well located and operated by so progressive a citizen, are an asset to Post and Garza county.

Mr. and Mrs. Herbert Jones and daughter, Mrs. Wilbur Love, left Tuesday for Georgetown, Texas where they will make their home. Jones was vice president and general manager of the Postex Mills from 1919 until a year ago when the mills were sold to Leslie Evans and Company. He and his family had lived here twenty-five years.

## Garza Theatre To Present Free Bond Show July 6th

The Garza theatre is giving a special advance showing of the elaborate new musical, "Show Business," on Thursday night, July 6 at 8:30 p. m. for bond buyers. Buy an extra War Bond from the Garza theatre, the First National bank or the Post Office and ask for your free ticket to this Bond Premiere.

"Show Business" is starred in and produced by Eddie Cantor. Co-starring with Cantor in the leading roles are George Murphy, Joan Davis, Nancy Kelly and Constance Moore. Surrounding them in this saga of 25 years of show business are innumerable faces familiar to all amusement lovers for many years and many of them are still active in their careers.

Back the Attack... buy that extra War Bond and receive a ticket to see "Show Business."

## Testing of No. 1 Payton At 3,592 Feet To Begin This Week

Honolulu Oil Corporation and Devonian Oil Company No. 1 D. R. Payton, section 1421, T7 survey, prospect 14 miles northwest of Post in Garza county was preparing to swab to test with retractor at 3,592 feet. There is a cased plug at 3,574 feet, with one foot of lead wool on top to 3,573 feet.

The zone from 3,592 feet to the original depth at 3,768 feet, had some sulphur water. The operators hope that they have plugged-off the water, and that they have enough of the saturated Permian lime left uncovered, to make a commercial producer.

The discovery of this pool of oil in Garza county continues to hold local interest, as well as statewide attention. Looking continues to be a major business, and some transactions involving the sale of royalty are reported. This well promises to be a possible new discovery for the Permian production as an extension of the Permian Basin.

## Five Blue Stamps Will Become Valid Saturday, July 1

Five more blue stamps totaling 50 points, W8, X8, Y8, Z8 and A5 will be good for buying rationed processed foods on July 1. The Office of Price Administration announced today.

During July, officials said many housewives will use all of the first strip of blue ration stamps in War Ration Book IV and will begin using the second strip. The first stamp in this strip is A5.

The first strip of stamps had the figure "8" on them. The figure "5" is printed on stamps in the second row. These figures serve for identification of the stamp only, and have no connection whatever with their value. All food ration stamps are worth 10 points.

## W. P. B. Grants Pay Raise To Postex Mill Employees

The new management of the Postex Mills last year requested that they be allowed to give their employees a raise of 10 cents per hour. The War Labor Board granted them permission to give their workers a raise of 2 cents per hour, effective May 27.

## Garza County War Bond Sales Still Lagging

Garza county's total sales of War Bonds in the Fifth War Loan amounted to \$97,959.00 up to Saturday night, July 24. The overall quota is \$295,000.00 and the time is two-thirds gone.

Garza county is getting off at a slow pace. The closing date is July 8 and we are going to have to work to raise our quota. We know it will be done. Garza county always has done her part. We are sure that there are a great many who have not yet made their purchases, and will do so before the closing date.

There are some who have bought bonds at a material sacrifice but they are probably in the minority because the quota was set by the Treasury Department after careful calculations of the people's ability to buy. Savings accounts are the highest in history. Sales of luxury goods and services have not appreciably declined during the war. If the people will invest more of their savings in war bonds and forego minor luxuries for a few weeks, the Fifth War Loan will be over-subscribed.

Back the Attack... buy more war bonds. The speed with which we back the attack with our dollars defines our backing of those who are attacking the enemy. Let us be worthy of those who have fallen in the invasion and the capture of Cherbourg.

The Boy Scouts of Troop 16 are still securing sales of Series E bonds.

## Co-op Elevator Being Built By Garza Farmers

The Graham Cooperative Gin is erecting a grain elevator on the site of the old building in which the Post Feed & Fuel Co. was housed, near the ice house. The old building has been torn down and the best of the lumber has been salvaged and is being used in the erection of the elevator. The elevator is expected to be in operation within 60 days.

There is no elevator in this county and the acreage planted to combine maize is high. The farmers are not prepared with storage facilities for so much grain. This elevator will be a great convenience and asset to them because it will provide both storage and loading facilities for shipping the grain. In previous years it has been necessary for farmers in this locality to truck their grain long distances for such storage and shipping facilities.

## Dairy Payments Are Announced For May and June

"July 1 will be the opening date for accepting applications for Dairy Feed Payment for the months of May and June," announced James A. Boyd, Secretary Garza County A. C. A. Payments will be made at the announced rates of 45 cents a cwt. wholemilk, and 6 cents a pound for butterfat.

Producers are asked to check their cream stubs before bringing them to the AAA office, to see that they are dated and initialed at the cream station.

This offer closes August 31, 1944.

Mrs. Walter Hyde transacted business in Ft. Worth last week.

## RATIONING CALENDAR

UGAR—Stamps No. 30 and Book IV, good for 5 lbs. indefinitely. Stamp No. 32, valid 16, good for 5 lbs. indefinitely. Stamp No. 40, Book IV, good for 5 lbs. sugar for 1944 home use.

MEATS AND FATS—Book IV, stamps, A8 through T8 good 10 points valid indefinitely. Stamps U8, V8, and W8, valid 4 good indefinitely.

PROCESSED FOODS—Book IV, blue stamps A8 through V8 good for 10 points each, valid indefinitely.

TOBACCO—Book III, stamps one stamp with airplane pictures, good for one pair indefinitely.

SHIRT INSPECTION—7 back every six months or every six months, whichever comes first. Inspecting second shirt, require to obtain new replacements and new shirts.

5th WAR LOAN

The Boy Scouts of Troop 16, Post, will assist in the 5th War Loan Drive. You can buy your bonds from them.

LETS BEAT THE WEEDS

May rains and June showers may not have filled the lakes, nor put as much moisture into the dry earth as we needed—but they have certainly encouraged the weed growth in Post—and elsewhere as many of the farmers will testify.

Rank weed growth has forced a number of farmers to replant their crops so their growing things will at least have a chance—and give the farmer a 50-50 chance of cleaning his crop.

There are a number of lots, vacant mostly, in Post that are rank with weed growth. If some sort of concerted effort was made now, citizens would be saved a lot of aggravation later—especially those who are susceptible to hay fever.

In addition to this aggravation, they provide flies and mosquitoes and other insects with good hiding places.

For the sake of the city's appearance, for health's sake, for our own sake let's do something about the weeds.

McCord's the Man For District Attorney. Pd. Pol. Adv.

WHO BLOCKS OIL PRODUCTION

We have read a lot about the importance of the government securing naval oil reserves for the protection of the country in an emergency. How many people know that political red tape is effectively blocking the use of the Elk Hills Naval Reserve in California, and preventing it from furnishing oil for our armed forces in the nation's greatest crisis?

Robert E. Wilson, chairman of the Petroleum Industry War Council's Economic Committee, is urging immediate action in development of the Elk Hills reserve, contending that it is fairly certain that about 50,000 barrels daily of production could be forthcoming from this field before the end of the year if work is started at once.

"This committee has several times pointed out the necessity for the development of crude oil from Elk Hills," he explained.

Here is a known reserve with every facility for producing oil, yet it lies stagnant, while official Washington builds a pipeline across the frozen wastes of Canada at an expenditure of nearly \$200,000,000 to secure possibly one-tenth the daily oil production to be found in this Elk Hills reserve. Agencies of government also seek to build a pipeline across other foreign nations, from the Persian Gulf to the Mediterranean, for an "oil reserve for future wars," while right under our nose one of the richest oil reserves, controlled by the government, stands idle during this war.

It would be hard to find a better reason for keeping government out of business.

DISABLED VETERANS TO GET TRAINING

Disabled veterans of the present war may apply for job counseling and vocational training and rehabilitation at centers to be established at colleges and universities throughout the country, according to the Veterans Administration and the Office of War Mobilization. The Veterans Administration will provide, free of charge to eligible disabled veterans, transportation to centers, meals, comfortable quarters, medical service, aptitude tests to determine veterans abilities, interests and occupations in which they could be successful, and professional advice on vocational training.

With Ernie Pyle at the Front

Nazi Channel Defenses Smashed at Great Cost First Assault Units Drove in Hard Even When Going Was Its Toughest

By ERNIE PYLE

NORMANDY BEACHHEAD.—Due to a last-minute alteration in the arrangements, I didn't arrive on the beachhead until the morning after D-day, after our first wave of assault troops had hit the shore.

By the time we got here the beaches had been taken and the fighting had moved a couple of miles inland. All that remained of the beach was some sniping and artillery fire, and the occasional startling blast of a mine geysering brown sand into the air. That plus a gigantic and pitiful litter of wreckage along miles of shoreline.

Ernie Pyle

Submerged tanks and overturned boats and burned trucks and shell-shattered jeeps and sad little personal belongings were strewn all over these bitter sands. That plus the bodies of soldiers lying in rows covered with blankets, the toes of their shoes sticking up in a line as though on drill. And other bodies, uncollected, still sprawling grotesquely in the sand or half hidden by the high grass beyond the beach.

Now that it is over it seems to me a pure miracle that we ever took the beach at all. For some of our units it was easy, but in this special sector where I am now our troops faced such odds that our getting ashore was like my whipping Joe Louis down to a pulp.

In this column I want to tell you what the opening of the second front in this one sector entailed, so that you can know and appreciate and forever be humbly grateful to those both dead and alive who did it for you.

Ashore, facing us, were more enemy troops than we had in our assault waves. The advantages were all theirs, the disadvantages all ours. The Germans were dug into positions that they had been working on for months, although these were not yet all complete. A 100-foot bluff a couple of hundred yards back from the beach had great concrete gun emplacements built right into the hilltop. These opened to the sides instead of to the front, thus making it very hard for naval fire from the sea to reach them. They could shoot parallel with the beach and cover every foot of it for miles with artillery fire.

Then they had hidden machine-gun nests on the forward slopes, with crossfire taking in every inch of the beach. These nests were connected by networks of trenches, so that the German gunners could move about without exposing themselves.

Throughout the length of the beach, running zigzag a couple of hundred yards back from the shoreline, was an immense V-shaped ditch 15 feet deep. Nothing could cross it, not even men on foot, until fills had been made. And in other places at the far end of the beach, where the ground is flatter, they had great concrete walls. These were blasted by our naval gunfire or by explosives set by hand after we got ashore.

Our only exits from the beach were several swales or valleys, each about 100 yards wide. The Germans made the most of these funnel-like traps, sowing them with buried mines. They contained, also, barbed-wire entanglements with mines attached, hidden ditches, and machine guns firing from the slopes.

This is what was on the shore. But our men had to go through a maze nearly as deadly as this before they even got ashore. Under-water obstacles were terrific. The Germans had whole fields of evil devices under the water to catch our boats. Even now, several days after the landing, we have cleared only channels through them and cannot yet approach the whole length of the beach with our ships. Even now some ship or boat hits one of these mines every day and is knocked out of commission.

The Germans had masses of those great six-pronged spiders, made of railroad iron and standing shoulder-high, just beneath the surface of the water for our landing craft to run into. They also had huge logs buried in the sand, pointing upward and outward, their tops just below the water. Attached to these logs were mines.

In addition to these obstacles they had floating mines offshore, land mines buried in the sand of the beach, and more mines in checkerboard rows in the tall

grass beyond the sand. And the enemy had four men on shore for every three men we had approaching the shore. And yet we got on.

Beach landings are planned to a schedule that is set far ahead of time. They all have to be timed, in order for everything to mesh and for the following waves of troops to be standing off the beach and ready to land at the right moment.

As the landings are planned, some elements of the assault force are to break through quickly, push on inland, and attack the most obvious enemy strong points. It is usually the plan for units to be inland, attacking gun positions from behind, within a matter of minutes after the first men hit the beach.

I have always been amazed at the speed called for in these plans. You'll have schedules calling for engineers to land at H-hour plus two minutes, and service troops at H-hour plus 30 minutes, and even for press censors to land at H-hour plus 75 minutes. But in the attack on this special portion of the beach where I am—the worst we had, incidentally—the schedule didn't hold.

Our men simply could not get past the beach. They were pinned down right on the water's edge by an inhuman wall of fire from the bluff. Our first waves were on that beach for hours, instead of a few minutes, before they could begin working inland.

You can still see the foxholes they dug at the very edge of the water, in the sand and the small, jumbled rocks that form parts of the beach.

Medical corpsmen attended the wounded as best they could. Men were killed as they stepped out of landing craft. An officer whom I knew got a bullet through the head just as the door of his landing craft was let down. Some men were drowned.

The first crack in the beach defenses was finally accomplished by terrific and wonderful naval gunfire, which knocked out the big emplacements. They tell epic stories of destroyers that ran right up into shallow water and had it out point-blank with the big guns in those concrete emplacements ashore.

When the heavy fire stopped, our men were organized by their officers and pushed on inland, circling machine-gun nests and taking them from the rear.

As one officer said, the only way to take a beach is to face it and keep going. It is costly at first, but it's the only way. If the men are pinned down on the beach, dug in and out of action, they might as well not be there at all. They hold up the waves behind them, and nothing is being gained.

Our men were pinned down for a while, but finally they stood up and went through, and so we took that beach and accomplished our landing. We did it with every advantage on the enemy's side and every disadvantage on ours. In the light of retrospect, we sit and talk and call it a miracle that our men ever got on at all or were able to stay on.

Before long it will be permitted to name the units that did it. Then you will know to whom this glory should go. They suffered casualties. And yet if you take the entire beach-head assault, including other units that had a much easier time, our total casualties in driving this wedge into the continent of Europe were remarkably low—only a fraction, in fact, of what our commanders had been prepared to accept.

And these units that were so battered and went through such hell are still, right at this moment, pushing on inland without rest, their spirits high, their egotism in victory almost reaching the smart-alecky stage.

Their tails are up. "We've done it again," they say. "We figure that the rest of the army isn't needed at all. Which proves that, while their judgment in this regard is bad, they certainly have the spirit that wins battles and eventually wars.

How Correspondents Felt on D-Day

Of the 28 correspondents in the assault group about two-thirds had already seen action in various war theaters. The old-timers sort of gravitated together, people such as Bill Stomeman, Don Whitehead, Jack Thompson, Clark Lee, Tex O'Reilly and myself.

We conjectured on when we would get the final call, conjectured on what assignments we would draw,

for few of us knew what unit we would go with. And in more pensive moments we also conjectured on our chances of coming through alive.

"We felt our chances were not very good. And we were not happy about it. Men like Don Whitehead and Clark Lee, who had been through the mill so long and so boldly, began to get nervous. And frankly I was the worst of the lot.

WHY NOT NOW?

The day after Pearl Harbor, when our fleet had been struck a disastrous blow, the commercial airlines of the nation were ready, willing and able to meet the need for swift, dependable transportation of vital materials to our widely scattered armed services.

The government requisitioned more than half the planes owned and operated by the domestic airlines, for this purpose, leaving less than 200 to try to meet the tremendous needs of our country. Commandeering commercial planes was a necessary step to meet the nation's war requirements before airplane production got underway.

But now we are outbuilding the world in all types of planes, including transport, and it would seem that in all fairness to commercial airlines which are carrying record-breaking high priority loads, that they are entitled to a few hundred transport planes when our total plane production of different types is touching the hundred thousand mark annually.

The diversion of a few hours' production such a number would involve, would not dent our international program. On the other hand, it would assure the more rapid movement of passengers and express, and thereby speed up the efficient prosecution of the war.

Due to shortage of commercial equipment, the government is defeating its own ends as the airlines cannot meet the government's own demands for passenger and cargo service. The airlines have been doing a grand job under terrific handicaps, and their plea is reasonable and just when they ask restoration of equipment to a point where at least they can do the job the government asks them to.

**Young Men, Age 17, May Enlist in AAF**

Enlistment in the Air Corps Reserve is again open to qualified young Americans now 17 years of age . . . who want to win their wings on the "greatest team in the world"—an AAF air combat crew.

Young men of 17 who want to fly with the AAF may apply at any AAF Examining Board for enlistment in the Air Corps Enlisted Reserve. Upon passing the preliminary qualifying physical and mental tests, they will become members of the U. S. Army Air Forces on inactive duty. This means that they will not be called for training until they have reached their 18th birthday. If at work, they may remain on the job until they are 18. If in high school, they may elect to complete the semester they entered prior to their 18th birthday. If they are high school graduates, not over 17 years and 9 months of age, they may elect to take advantage of the Army Specialized Training Reserve Program, which provides free college training for men approaching military age.

When called, they will first be given basic training. During this period, they will take aptitude tests to determine whether they will be classified for training as gunner, pilot, bombardier, or navigator.

Approximately 1,250,000 members of our armed forces are now being handled in organized movements monthly by rail. This does not include the millions who travel on furloughs or individual orders.

approved applicants. WFA warns that for some time relatively few persons who need trucks for essential agricultural purposes will get them.

**Cpl. James C. McAnally To Complete Combat Training**

Army Air Base, Sioux City, Iowa—Cpl. James C. McAnally soon will complete his training at the combat training school, Sioux City, Iowa, and be ready to go overseas to do his part in defeating the enemy.

McAnally, engineer, in a heavy bomber crew, is the son of James M. McAnally of Post. He entered the service May 10, 1943. Prior to his entry into the service he was a worker at Consolidated Aircraft, San Diego, Calif.

J. V. McCasland and family of Wichita Falls visited his mother, Mrs. J. M. McCasland, and his sister, Mrs. Ernest Henderson, last week.

**RED CROSS WOMAN IS SECOND KILLED ON DUTY IN ITALY**

Washington—Miss Ophelia Tiley, assistant director of civilian war relief for the American Red Cross in Italy, killed in an airplane accident, was the second Red Cross woman to lose her life in action in that theatre of war. She was liaison with the Italian Red Cross in relief to civilians in Sicily and Italy, and it was during a mission in connection with this work that she met death.

Miss Esther Richards, a hospital worker, was killed in an enemy air bombing at the Anzio beachhead hospital February 7.

**Bow Your Heads**

**T**HIS is Invasion! Now in the hearts, brains and muscles of our American Youth lies the future of our country.

Bow your heads. Pray with millions of mothers the country over, as their hearts reach out over the seas, each one seeking out her boy, to protect him with the shield of her love.

Believe that in this world there is definite strength in decency and honor. Believe that in our devotion there is moral force. Believe that our will to victory will aid that victory.

Seek and ye shall find!

Let us seek added strength and fortitude for our men in our own sacrifice and devotion.

Let us focus every thought, every action, and every prayer on the boys fighting for us.

And, while each one bends to his task with ever-growing fervor and energy, let us adopt a common symbol as our faith in Victory.

Let that Symbol be War Bonds. Let us pour our money in a gigantic flood of goodwill toward our sons and brothers, as a spiritual shield for them.

This is the Invasion. The lives of our boys are at stake. Let them see that the Soul of America is with them.

Let it not be too late . . . not next month, next week, or tomorrow, but today . . . now.

**SUNDAY SCHOOL LESSON**  
By HAROLD L. LUNDQUIST, D. D.  
of The Moody Bible Institute of Chicago.  
Released by Western Newspaper Union.

**Lesson for July 2**

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

**ENTERING THE PROMISED LAND**

**LESSON TEXT**—Joshua 1:1-9; 23:1-6.  
**GOLDEN TEXT**—Be strong and of good courage; be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest.—Joshua 1:9.

The forward look is typical of God's people. They are always to go on. They are to be like Israel, to whom came the word, "Moses is dead," but "now therefore arise and go"—under a new leader.

Our lessons for this quarter center around the experiences of Israel from Joshua to David, a period rich in historical data, much of it with most helpful spiritual application. It affords a real opportunity for effective teaching.

Moses was now dead, but that only brought forth

**I. God's Provision of a New Leader (1:1, 2).**

God buries His workmen at the end of their day of labor, but God's work goes on. The people had become attached to Moses and had learned to trust his leadership (even though they often murmured). With his death we might have assumed that there would be a letdown, but that was not in God's plan.

The Lord works through men. He gives them abilities and uses them for His glory—often in a way which astonishes them and others. But let them not become proud, for God has someone to take their place when they are gone. They are not indispensable.

Sometimes people talk as though all the great leaders of the church had died, or were dying. Yet God has some obedient men who are ready to step into the gap.

Joshua was ready, when God was ready, and he stepped into leadership.

**II. God's Promise of Victory (1:3-5).**

The promise given to Moses was still good. God's promises are always good. They are the only really stable thing in a trembling universe. The question is, Are we ready to accept Him at His word?

If our love were but more simple, we should take Him at His word: And our lives would be all sunshine in the sweetness of our Lord.—Faber.

They were to step out by faith. The land was promised to them only as the sole of their foot should tread upon it. Israel never took out the full promise of verse 4. They lacked faith. Do we?

God honors those who believe Him and who move forward by faith to plant the foot of spiritual conquest in new territory. Some are doing it now. Are we?

The enemies of God's people were many and mighty, but they were not able to stand in the way of God's people when they were moving forward for Him. Here again, Israel failed. They did not drive them out, because they did not take God at His word. The application of that truth to us is obvious.

**III. God's Plea for Obedience and Courage (1:6-9).**

"Be strong and of good courage." There is a side to the believer's character which calls for submission, for turning everything over to God, for being sweet and spiritual. All that is good and very desirable, but it can never be substituted for that other side which shows virile courage and fearless abandon to the cause of our God.

Joshua was made to realize—as we must too—that serving God (and especially in a place of leadership) calls for a measure of high courage unsurpassed in any other pursuit of man. It takes all there is of a man to be a real follower of Christ—be sure of that!

This courage, however, is not to be confused with a hardy bravery which is reckless and unintelligent. No indeed, for it is based on the observance of God's law (v. 7).

Note (v. 8) the importance of meditating upon God's Word. This (which is really a lost art in our day) means so absorbing the principles of the Word that our very lives are conditioned by them, and we are made ready to meet every problem in the light of its teaching.

**IV. God's Purpose for the Future (23:1-5).**

Passing all the great and stirring experiences of Joshua, we have now a glimpse of his closing days. He was counseling the people regarding the future.

It is the mark of a great man that he looks beyond the end of his own short existence and plans for the future. Many there are who are not concerned about what happens once they are gone. They have no vision, no concern about the continuity of life, in fact they come and go almost like the beasts of the field.

What about the future? Joshua reminded them that every blessing they had received, every victory they had won, everything had come from the hand of God. There and there alone was their hope for the future. And it was enough!

**Soil Conservation District News**

One of the greatest contributions that this Nation has been able to make to our fighting Allies has been food. Without our rich soils that food could not have been produced.

In our fast development of this new country we have not always been careful in the preservation of our soil, and much of this valuable God-given birthright has been permitted to wash or blow away.

We have cut down our timber on the watersheds and hill-sides; and the rains have descended, and the floods have come and beat upon the soil, carrying it into branches and streams and on to the sea where it is lost forever. There are only a few inches of top soil on which we must depend not only now but so long as we remain a nation. Man's destiny is linked to the soil.

We have the opportunity to use these soil resources fully and yet preserve them—or to use them fully and waste them. There is always a conservation use and a wasteful use.

In the past instead of using the water to our advantage, we tried to get it into the sea as fast as we could. We tried to reverse nature, and when nature rebelled, as she always does, against such treatment, we built higher levees. We wasted both soil and water.

We now have learned that the wise way is to go back up where the water falls as rain and work with nature instead of against her; to utilize water at the source and thus treat it as a blessing instead of a curse. Whatever system will retain water and soil is worth any national effort, however great.

**U. T. Wells Produce 15 Millions Barrels Since Pearl Harbor**

Austin, Texas— Since Pearl Harbor, 26 months ago, wells on University of Texas lands have yielded 15,000,000 barrels of strategic oil for the war machines of the Allies, Dr. H. P. Bybee, geologist in charge of lands, announced here recently.

University land production has been on a steady increase since June, 1943, with a 759,000 barrel mark reached in January this year. Oil and gas leases have climbed this year, also, to 15.7 per cent of the school acreage, still short of the 1938 high of 17.2 per cent.

In the first month of this year, 300,042 acres of University land were under lease with 1,112 producing wells in 23 West Texas fields.

**Cpl. Arland Windham Writes From England**

Mr. and Mrs. John Windham received a letter from their son, Cpl. Arland (Hootus) Windham, which was written in England on June 14.

## 4-H's Help Reduce Farm Accident Deaths In 1943

A nationwide survey just made discloses that an estimated total of 17,200 persons lost their lives through accidents on American farms during 1943, which is a decrease of 1,000 from the preceding year.

As 1943 was the first year of the National 4-H Farm Safety Activity, much credit for the above decrease is due the 400,000 club boys and girls throughout the nation who checked farms and homes in their localities for accident and fire hazards and helped correct them.

The activity is continued this year with increased rewards for meritorious farm safety work, which are provided by William G. Mennen, of Newark, N. J. The awards include a maximum of 10 silver medals to each county having 15 or more 4-H Club members who turn in creditable safety reports in the activity, and \$25 War Bonds to four representatives of each state's blue award group. Ten sectional safety champions selected from state winners will receive trips to the National 4-H Club Congress, Chicago, next December. Six of the latter will be chosen as national winners to receive \$200 college scholarships. In addition a hardwood plaque, appropriately engraved, will be awarded to the county reporting the most outstanding 4-H Safety program.

Last year's state-national winner was James Neal Hutchins, Estelme, Texas.

## Teaff Home Scene of Party For Close City 4-H Club Girls

The Close City 4-H club girls met for a party in the home of Mrs. Will Teaff Tuesday, June 20 at 2:00 p. m.

The president brought the meeting to order. Two new sponsors, Mrs. Will Teaff and Mrs. Grady Moss, were elected. The business session was brief because we had to make the ice cream.

Each girl was to invite a friend to the party. We had as visitors: Billy Marie Parrish, Sybil Teaff, Wanda Williams and Fieta Maddox.

The next meeting will be in the lunch room at the Close City school house. Miss Manley will meet with us and help prepare a menu. —Reporter

Mr. and Mrs. Lex Brock and daughter, Lexie, of Lamesa were guests of Mr and Mrs. J. E. Parker last week. Brock is a brother of Mrs. Parker.

Pfc. Ralph Cockrell and Cpl. Woolsey of SPAAF visited the former's mother three days of last week.

Mmes. J. M. James, Newt Bingham, Dell Jones and Miss Maurine Huff transacted business in Brownfield Saturday. They reported that a very heavy rain fell while they were there.

By Lillian B. Storms

"Is baby's diet right?" — "Should it be changed?" — these are questions many Mothers ask. It is impossible to standardize babies' diets. Feeding charts and schedules with accompanying instructions for the introduction of new foods are quite likely to be taken too literally if placed in the mother's hands and followed without a doctor's guidance. It is unreasonable — and even dangerous — to try to make the baby fit the diet, when common sense tells us that the diet must be made to fit the baby! The only person qualified to determine the quantity, quality, and variety of foods which should make up your baby's daily menu is the doctor who is familiar with his development.

Mothers should know that there are a number of so-called deficiency diseases, of which rickets is a good example. They take their toll of health in years to come if baby's diet in the early months of life is inadequate and unbalanced. The fact that there is a steady gain in weight is not necessarily sufficient evidence that nutritional requirements are being met.

One way to assure baby's nourishment and interest in food, is to adopt a two-cereal idea that many Doctors are suggesting. First you serve a ready-to-serve strained oatmeal, and then a prepared cereal food at the next feeding. Both the strained oatmeal and the cereal food have iron and "B" vitamins added for baby's strength and protection!

## Exhibit Art Of Allied Servicemen In The New Guinea Area

Washington— More than 160 paintings and sketches made by Allied servicemen while on duty in the jungles of New Guinea have been on exhibit in the American Red Cross National headquarters building in Washington. Though materials were scarce, the artist-soldiers and Red Cross workers found equipment. One painting was made upon the canvas from a soldier's cot, another is on rough wood, others are on stationery and manila folders. The only prize offered the men was that their work would be exhibited in the United States.

Walter Clark of Plainview was transacting business in Post Tuesday.

Mr. and Mrs. A. G. Mueller are visiting relatives in Oklahoma this week.

Mrs. Walter Wall of Lubbock spent the week end with her parents, Mr. and Mrs. I. A. King.

Mrs. J. H. Babb left today for Los Angeles to visit her son Jerrell Babb and wife.

Mrs. Maude Tanner, San Angelo, is visiting Mr. and Mrs. S. D. Mitchell.

15-year-old Junior in High school, sold two \$100 bonds and one \$25 Saturday he sold another \$25 and Monday a \$50 one. This brings the total issued at the local post office, up to Monday afternoon, to eight \$25 bonds, four \$50, eight \$100, and one \$1000 one. At the sales value this totals \$1,875.00. When the Postal Bulletin instructed that all bonds sold within that period be recalled and inscribed on the border "Issued During Invasion Week—June 6-12," only four bonds had to be recalled—all belonging to the Charles Sokoll family.

Mrs. W. W. Gilliland returned to Slaton from Dallas Tuesday, coming home Saturday afternoon. When she went to visit her husband, he had just finished one of his semi-weekly treatments and his visiting time was greatly shortened. He will take his tenth and last treatment Tuesday of this week.

Mrs. Alex Dunn was brought home Tuesday from the Slaton

## Mrs. V. J. Campbell Is Hostess To The Needlecraft Club

The Needlecraft club met with Mrs. V. J. Campbell Friday, June 23. After an hour of sewing, two very interesting contests were enjoyed.

Delicious refreshments were served to 14 members and the hostess who was assisted by her daughter, Miss Thelma Campbell. —Reporter

## Baptist Young People Spend Week At Cedar Glenn

The young people of the First Baptist church are holding their annual encampment at Cedar Glenn, north of Plainview, this week. Sixteen boys accompanied by Rev. R. C. Tension and Oscar Bowen left early Monday morning and returned Wednesday.

Ten girls, accompanied by Mrs. R. C. and Clifton Tension went to Cedar Glenn Wednesday afternoon and will return Friday.

At this encampment mission studies are taught and preaching and other religious services are held. Interesting accounts of experiences and living conditions in other countries are being given daily by returned missionaries who are encamped this week at Cedar Glenn with the young people.

The young people are also enjoying recreational hours spent in swimming, hiking and playing games.

## CARD OF THANKS

We wish to take this method of thanking our many friends and neighbors for planting our crop on Tuesday, June 13. We thank everyone for their kindness and friendship during Melvin's illness. He is able to be up and around now.

Mr. and Mrs. Melvin Hill and John Everett

LEE SATTERWHITE

For

## Lieutenant Governor

Subject to Action Democratic Primary July 22, 1944

Home Address: Austin, Travis County, Texas

My candidacy is the result of my own initiative. I am not the candidate of any clique or special group. I believe in our Republican form of government with its constitutional authority and limitations. I believe that elected officials are the chosen servants of the people to administer certain well defined and specific trusts for them.

My life has been that of a farmer, rancher, country newspaper editor and publisher; veteran of the Spanish-American War; served at intervals over a period of years, seven terms as a member of the Texas House of Representatives; elected and served the 39th legislature as Speaker of the house. So, in offering my candidacy, I do so with a full knowledge of the responsibilities and duties of the office.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for July 2

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

ENTERING THE PROMISED LAND

LESSON TEXT—Joshua 1:1-9; 2:1-4. GOLDEN TEXT—Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest.—Joshua 1:8.

The forward look is typical of God's people. They are always to go on. They are to be like Israel, to whom came the word, "Moses is dead," but "now therefore arise and go"—under a new leader.

Our lessons for this quarter center around the experiences of Israel from Joshua to David, a period rich in historical data, much of it with most helpful spiritual application. It affords a real opportunity for effective teaching.

Moses was now dead, but that only brought forth

I. God's Provision of a New Leader (1:1, 2).

God buries His workmen at the end of their day of labor, but God's work goes on. The people had become attached to Moses and had learned to trust his leadership (even though they often murmured). With his death they might have assumed that there would be a letdown, but that was not in God's plan.

The Lord works through men. He gives them abilities and uses them for His glory—often in a way which astonishes them and others. But let them not become proud, for God has someone to take their place when they are gone. They are not indispensable.

Sometimes people talk as though all the great leaders of the church had died, or were dying. Yet God has some obedient men who are ready to step into the gap.

Joshua was ready, when God was ready, and he stepped into leadership.

II. God's Promise of Victory (1:3-5).

The promise given to Moses was still good. God's promises are always good. They are the only really stable thing in a trembling universe. The question is, Are we ready to accept Him at His word?

If our love were but more simple, We should take Him at His word; And our lives would be all sunshine In the sweetness of our Lord. —Faber.

They were to step out by faith. The land was promised to them only as the sole of their foot should tread upon it. Israel never took out the full promise of verse 4. They lacked faith. Do we?

God honors those who believe Him and who move forward by faith to plant the foot of spiritual conquest in new territory. Some are doing it now. Are we?

The enemies of God's people were many and mighty, but they were not able to stand in the way of God's people when they were moving forward for Him. Here again, Israel failed. They did not drive them out, because they did not take God at His word. The application of that truth to us is obvious.

III. God's Pica for Obedience and Courage (1:6-9).

"Be strong and of good courage." There is a side to the believer's character which calls for submission, for turning everything over to God, for being sweet and spiritual. All that is good and very desirable, but it can never be substituted for that other side which shows virile courage and fearless abandon to the cause of our God.

Joshua was made to realize—as we must too—that serving God (and especially in a place of leadership) calls for a measure of high courage unsurpassed in any other pursuit of man. It takes all there is of a man to be a real follower of Christ—be sure of that!

This courage, however, is not to be confused with a foolhardy bravery which is reckless and unintelligent. No indeed, for it is based on the observance of God's law (v. 7).

Note (v. 8) the importance of meditating upon God's Word. This (which is really a lost art in our day) means so absorbing the principles of the Word that our very lives are conditioned by them, and we are made ready to meet every problem in the light of its teaching.

IV. God's Purpose for the Future (2:1-5).

Passing all the great and stirring experiences of Joshua, we have now a glimpse of his closing days. He was counseling the people regarding the future.

It is the mark of a great man that he looks beyond the end of his own short existence and plans for the future. Many there are who are not concerned about what happens once they are gone. They have no vision, no concern about the continuity of life, in fact they come and go almost like the beasts of the field.

What about the future? Joshua reminded them that every blessing they had received, every victory they had won, everything, had come from the hand of God. There and there alone was their hope for the future. And it was enough!

Soil Conservation District News

One of the greatest contributions that this Nation has been able to make to our fighting Allies has been food. Without our rich soils that food could not have been produced.

In our fast development of this new country we have not always been careful in the preservation of our soil, and much of this valuable God-given birthright has been permitted to wash or blow away. We have cut down our timber on the watersheds and hillsides; and the rains have descended, and the floods have come and beat upon the soil, carrying it into branches and streams and on to the sea where it is lost forever. There are only a few inches of top soil on which we must depend not only now but so long as we remain a nation. Man's destiny is linked to the soil.

We have the opportunity to use these soil resources fully and yet preserve them—or to use them fully and waste them. There is always a conservation use and a wasteful use.

In the past instead of using the water to our advantage, we tried to get it into the sea as fast as we could. We tried to reverse nature, and when nature rebelled, as she always does, against such treatment, we built higher levees. We wasted both soil and water.

We now have learned that the wise way is to go back up where the water falls as rain and work with nature instead of against her; to utilize water at the source and thus treat it as a blessing instead of a curse. Whatever system will retain water and soil is worth any national effort, however great.

U. T. Wells Produce 15 Millions Barrels Since Pearl Harbor

Austin, Texas— Since Pearl Harbor, 26 months ago, wells on University of Texas lands have yielded 15,000,000 barrels of strategic oil for the war machines of the Allies. Dr. H. P. Bybee, geologist in charge of lands, announced here recently.

University land production has been on a steady increase since June, 1943, with a 759,000 barrel mark reached in January this year. Oil and gas leases have climbed this year, also, to 15.7 per cent of the school acreage, still short of the 1938 high of 17.2 per cent.

In the first month of this year, 300,042 acres of University land were under lease with 1,112 producing wells in 23 West Texas fields.

Cpl. Arland Windham Writes From England

Mr. and Mrs. John Windham received a letter from their son, Cpl. Arland (Hootus) Windham, which was written in England on June 14.

Mr. and Mrs. Thurman Francis and daughter, Jane, of Arlington are visiting their parents, Mr. and Mrs. C. C. Francis and Mrs. John Coleman. Mrs. Francis is the former Annie Laurie Coleman.

Mrs. Bake Robinson, jr., Louise Kirkendoll and Rogene Reed are visiting Mr. and Mrs. A. F. Churchill in Amarillo this week.

## Graham Club Plans Picnic Dinner In Lubbock, July 6

The Graham Homemakers club Thursday, June 22 with Mrs. Nettie Seay as the hostess. Delicious refreshments were served to sixteen members and one visitor.

The club adjourned to meet Thursday, July 6 with Mrs. Nettie Seay as the hostess. Everyone is to bring a picnic lunch. We are going to the Lubbock park for dinner. In the afternoon the crowd will go to Mrs. Seay's home for the rosebud party.

Everyone is to meet at Mrs. Seay's home Thursday, July 6 at 9 o'clock a. m. There will be cars going from there to take members on to Lubbock. Anybody that can not go to this party is urged to bring their gifts and send them with Mrs. Dovie Seay.

## 4-H's Help Reduce Farm Accident Deaths In 1943

A nationwide survey just made discloses that an estimated total of 17,300 persons lost their lives through accidents on American farms during 1943, which is a decrease of 1,000 from the preceding year.

As 1943 was the first year of the National 4-H Farm Safety Activity, much credit for the above decrease is due the 400,000 club boys and girls throughout the nation who checked farms and homes in their localities for accident and fire hazards and helped correct them.

The activity is continued this year with increased rewards for meritorious farm safety work, which are provided by William G. Mennen, of Newark, N. J. The awards include a maximum of 10 silver medals to each county having 15 or more 4-H Club members who turn in creditable safety reports in the activity, and \$25 War Bonds to four representatives of each state's blue award group. Ten sectional safety champions selected from state winners will receive trips to the National 4-H Club Congress, Chicago, next December. Six of the latter will be chosen as national winners to receive \$200 college scholarships. In addition a hardwood plaque, appropriately engraved, will be awarded to the county reporting the most outstanding 4-H Safety program.

Last year's state-national winner was James Neal Hutchins, Estelme, Texas.

## Teaff Home Scene of Party For Close City 4-H Club Girls

The Close City 4-H club girls met for a party in the home of Mrs. Will Teaff Tuesday, June 20 at 2:00 p. m.

The president brought the meeting to order. Two new sponsors, Mrs. Will Teaff and Mrs. Grady Moss, were elected. The business session was brief because we had to make the ice cream.

Each girl was to invite a friend to the party. We had as visitors: Billy Marie Parrish, Sybil Teaff, Wanda Williams and Fleta Maddox.

The next meeting will be in the lunch room at the Close City school house. Miss Manley will meet with us and help prepare a menu.

—Reporter

Mr. and Mrs. Lex Brock and daughter, Lexie, of Lamesa were guests of Mr and Mrs. J. E. Parker last week. Brock is a brother of Mrs. Parker.

Pfc. Ralph Cockrell and Cpl. Woolsey of SPAAF visited the former's mother three days of last week.

Mmes. J. M. James, Newt Bingham, Dell Jones and Miss Maurine Huff transacted business in Brownfield Saturday. They reported that a very heavy rain fell while they were there.

## Your BABY

By Lillian B. Storms

"Is baby's diet right?"—"Should it be changed?"—these are questions many Mothers ask. It is impossible to standardize babies' diets. Feeding charts and schedules with accompanying instructions for the introduction of new foods are quite likely to be taken too literally if placed in the mother's hands and followed without a doctor's guidance. It is unreasonable—and even dangerous—to try to make the baby fit the diet, when common sense tells us that the diet must be made to fit the baby! The only person qualified to determine the quantity, quality, and variety of foods which should make up your baby's daily menu is the doctor who is familiar with his development.

Mothers should know that there are a number of so-called deficiency diseases, of which rickets is a good example. They take their toll of health in years to come if baby's diet in the early months of life is inadequate and unbalanced. The fact that there is a steady gain in weight is not necessarily sufficient evidence that nutritional requirements are being met.

One way to assure baby's nourishment and interest in food, is to adopt a two-cereal idea that many Doctors are suggesting. First you serve a ready-to-serve strained oatmeal, and then a prepared cereal food at the next feeding. Both the strained oatmeal and the cereal food have iron and "B" vitamins added for baby's strength and protection!

## Exhibit Art Of Allied Servicemen In The New Guinea Area

Washington—More than 160 paintings and sketches made by Allied servicemen while on duty in the jungles of New Guinea have been on exhibit in the American Red Cross National headquarters building in Washington. Though materials were scarce, the artist-soldiers and Red Cross workers found equipment. One painting was made upon the canvas from a soldier's cot, another is on rough wood, others are on stationery and manila folders. The only prize offered the men was that their work would be exhibited in the United States.

Walter Clark of Plainview was transacting business in Post Tuesday.

Mr. and Mrs. A. G. Mueller are visiting relatives in Oklahoma this week.

Mrs. Walter Wall of Lubbock spent the week end with her parents, Mr. and Mrs. L. A. King.

Mrs. J. H. Babb left today for Los Angeles to visit her son Jerrell Babb and wife.

Mrs. Maude Tanner, San Angelo, is visiting Mr. and Mrs. S. D. Mitchell.

## Baptist Young People Spend Week At Cedar Glenn

The young people of the First Baptist church are holding their annual encampment at Cedar Glenn, north of Plainview, this week. Sixteen boys accompanied by Rev. R. C. Tension and Oscar Bowen left early Monday morning and returned Wednesday.

Ten girls, accompanied by Mmes. R. C. and Clifton Tension went to Cedar Glenn Wednesday afternoon and will return Friday.

At this encampment mission studies are taught and preaching and other religious services are held. Interesting accounts of experiences and living conditions in other countries are being given daily by returned missionaries who are encamped this week at Cedar Glenn with the young people.

The young people are also enjoying recreational hours spent in swimming, hiking and playing games.

## CARD OF THANKS

We wish to take this method of thanking our many friends and neighbors for planting our crop on Tuesday, June 13. We thank everyone for their kindness and friendship during Melvin's illness. He is able to be up and around now.

Mr. and Mrs. Melvin Hill and John Everett

## Mrs. V. J. Campbell Is Hostess To The Needlecraft Club

The Needlecraft club met with Mrs. V. J. Campbell Friday, June 23. After an hour of sewing, two very interesting contests were enjoyed.

Delicious refreshments were served to 14 members and the hostess who was assisted by her daughter, Miss Thelma Campbell.

Two shipments of Red Cross relief supplies for American prisoners of war and civilian internees have been delivered to the Far East since the beginning of the war.

Pvt. Leland King of Camp Hood came Monday to spend a 3-day leave with his parents, Mr. and Mrs. I. A. King.

**FARM PLANS FOR WAR VETERANS**

In formulating principles of guidance for establishment of veterans, war workers and farm youths on farms after the war, the Interbureau Committee of the Department of Agriculture points out that most of the good agricultural land in the United States already is in farms. Approximately one and one-half million veterans with farm experience will be demobilized following the war, many of the three million war workers with farm experience may wish to return to farming, and thousands of farm youths will be looking forward to a place in agriculture, the committee reported. "Intensification, improvement and further development in productive land areas" might make 350,000 family farms available during the five years after the war, and if additional farms are seeded, perhaps 300,000 more could be developed within 10 years through reclamation, the committee said.

**Care Of Poultry**

By Wallace Kimbrough, County Agent of Texas A & M College Extension Service

1 lb. of sodium fluoride sprinkled over the top of the sand and ashes. Birds when given access to this dust bath are usually found to be comparatively free of lice. This mixture should be renewed each three months.

**MITES**— This is one of the most destructive pests with which the poultryman has to contend. These mites inhabit the house, but more especially the roosts and surrounding walls. The first step is to clean the house thoroughly. The secret of controlling the mites is to get there first. An early and thorough spring painting of the roosts, nests, and walls with a mixture of 3 parts kerosene to one part of carbolineum eliminates the need of many later treatments. The dust bath used to control lice is also effective in control of mites on the birds.

**CARD OF THANKS**

We wish to offer our gratitude to the many friends who rendered such loving deeds and spoke kind words of comfort in the hour of our sorrow in the loss of our dear wife and mother. And we wish to thank those dear friends who sent the beautiful floral offerings.

Get Adlerika from your druggist today.  
R. H. COLLIER DRUG CO.

**TEXAS WILL BE BIG PRODUCER OF STEEL**

Austin—Development of an extensive range of by-products from the steel industry in Texas after the war was predicted here at the University of Texas recently by a Texas steel executive.

George H. Anderson of Dallas, vice president of the Lone Star Steel Company, which is constructing a large plant at Daingerfield, said he believed both Daingerfield and Houston, headquarters of the Sheffield Steel Corporation of Texas, would become important steel making centers, "supplying the needs of the Southwest for steel products."

In addition to pig iron, he looks for plants to grow up around these centers turning out cast iron pipe, soil pipe, iron and steel castings, malleable castings, cast iron fittings and other products. He anticipates the production of coke; slag for railroad ballast surfacing material, insulating material and construction "aggregate"; benzol, toluol, ammonium sulfate, tar, calcined siderite, and high alumina clays to be produced as by-products of the steel industry.

**SOUTHLAND NEWS**

Mrs. Marvin Truelock, Community Correspondent

Even though Southland is not offering a bond or cash prize to the largest sales of bonds, former Boy Scout Wilmeth Hewlett is leading the salesmen. Friday, this 15-year-old Junior in High school, sold two \$100 bonds and one \$25 Saturday he sold another \$25 and Monday a \$50 one. This brings the total issued at the local post office, up to Monday afternoon, to: eight \$25 bonds, four \$50, eight \$100, and one \$1000 one. At the sales value this totals \$1,875.00.

When the Postal Bulletin instructed that all bonds sold within that period be recalled and inscribed on the border "Issued During Invasion Week—June 6-12," only four bonds had to be recalled—all belonging to the Charles Sokoll family.

Mrs. W. W. Gilliland returned to Slaton from Dallas Tuesday, coming home Saturday afternoon.

When she went to visit her husband, he had just finished one of his semi-weekly treatments and his visiting time was greatly shortened. He will take his tenth and last treatment Tuesday of this week.

Mrs. Alex Durn was brought home Tuesday from the Slaton hospital and is doing as well as may be expected.

Recently Miss Dorothy and Mrs. Neil Smallwood of Midland visited the G. N. Smallwoods and all visited the Hawthornes in Lubbock.

We regret very much that we were misinformed concerning the quilting of the Wilson and Southland Lutheran Ladies' Aid last week. Evidently the informer had greatly misunderstood, as even Mrs. Wallace Becker, the supposed hostess did not know anything about it.

The Baptist Vacation Bible school started its fourth day Monday morning and will continue all this week. Mrs. D. H. Mayfield is superintendent; Mrs. O. J. Harmon, assistant; Miss Olive Davies, primary teacher and Mrs. J. F. Collins, junior teacher and pianist. The children march in each morning, carrying the United States and Christian flags and the Bible, and give pledges to each. The attendance has been from 12 to 15 each day. Friday evening there will be a program and supper at the church.

Mr. and Mrs. O. Klaus spent Father's Day at the home of Mr. and Mrs. Ben Wilke. Other dinner guests were: Werner Klaus and family, Mr. and Mrs. Louis Mueller, Mr. and Mrs. Alfred Klaus and daughter and Luther Herber of Wilson.

Tuesday night supper guests of Mr. and Mrs. Marvin Truelock were her brother's wife, Mrs. Frank Fletcher and three children of Liberal, Kansas, and Mr. and Mrs. Gene Draper and son of Slaton. Mrs. Fletcher spent the week end in Plainview where her husband came to visit his parents. Mrs. Fletcher will be in West Texas until after the annual reunion of her parents' family, the Walter McNabbs.

Sunday evening and night, Robert Becker was the guest of Wilmeth Hewlett.

Friday afternoon the Girls 4-H club met with Betty Ann Jackson in their regular semi-monthly meeting. The girls visited their hostess' garden where they saw tomatoes watered and fertilized from a tub—the 4-H way. Cookies and kool-aid were served to Janey Morris, Joyce and Joan Saunders, Glynda Grantham and Mrs. Saunders.

Sunday evening at the Baptist Training Union, Miss Olive Davies told of her recent trip to the BTU Encampment at Ridgecrest, N. C. She was sent from the Abilene church.

Friday, A. Wilke hurt the first two fingers on his left hand when a lever came loose on his tractor.

S. M. Truelock spent last week end in Rogers, N. M. with his father-in-law. He accompanied Mr. and Mrs. Raymond Rolan of Close City.

Mrs. A. M. Tanner and sons will return home next Monday. The music school lasts three weeks instead of two.

About seventy-five people attended the Workers' Conference here last Tuesday. Mrs. A. F. Davies was chairman of the Dinner Committee and there was enough food for 40 or 50 more people. The program included several able speakers. Dr. John Cobb, Dean of Wayland college was present.

Mr. and Mrs. J. I. Bartlett went to Meadow Sunday where they were dinner guests of their son, Donald Pennell and Wilburn Woods spent the week end fishing at Brownwood lake.

Clyde Sertain received word from his daughter, Doris Jess, that she and her aunt would arrive here about July 1 from California.

American prisoners of war in Europe have been supplied with garden seeds and tools by the American Red Cross.

**Southland Boys In Service**

Saturday afternoon Pvt. James E. Martin arrived here to visit his parents, the Ed Martins. He will stay 15 days of his 21-day leave as he has to report for school in Santa Monica, Calif. going via El Paso.

Cpl. Manuel Reyes of Lubbock spent the week end here with his parents, the Juan Reyes, before taking some further training elsewhere.

Wednesday at noon, friends of Cpl. and Mrs. Blanton Martin gathered at the home of the latter's parents, Mr. and Mrs. A. F. Davies for a picnic lunch, celebrating the young couple's first wedding anniversary. Quite a crowd gathered.

Thursday night the couple left for Bryan, accompanied by Mrs. Martin's sister, Miss Eulalie Davies.

Mrs. J. F. Collings' husband is in a hospital in England recovering from a mastoid operation.

The Henry Kings received two letters recently from their son, Henry (Babe), stating that he is still in England but may be on the continent soon. Their son, Bryce, writes from the Admiralty Islands that the heat there was hard to take.

S/Sgt. J. B. Jones and his brother-in-law Sgt. Jay Jenkins are still together and neither expecting to come home for the duration. They are both on the Hawaiian Islands, after a stay on the Marshalls.

S/Sgt. Calvin Klaus has been reading in the "Stars and Stripes" about Capt. "Smiling" Jack Martin (another local boy) and his exploits as a pilot, and wishing he were young enough for the air corps. Calvin is still in England and his letters come quite frequently.

Sunday Mrs. Marvin Truelock received a copy of the 12-page CBI Roundup, printed for our boys in China, Burma, and India, from her brother S/Sgt. Fred Fletcher in India.

Please turn in new names to go on the Southland Service Flag, as work on it will begin next week. Other boys who were in England and probably in the Invasion are: Authur Stolle, Jim Krause and Charles Sokoll, which brings the total to nine.

Mrs. J. M. Boren has returned from Coleman, Texas where she spent several days visiting relatives.

**Price Ceilings Ready For 1941 Used Jeeps**

Washington—The Office of Price Administration is ready with price ceilings for 1941 used "Jeeps," but there's no indication when the Army's popular little reconnaissance cars will be sold to the public.

A three-year-old model sold "as is" this year would cost approximately \$600, plus a transportation charge. Reconditioned, and sold with a guarantee, it would cost about \$750, plus a transportation charge.

Wilma Dooley left for Spur Monday where she is now employed as stenographer to an Area Supervisor of the State Department of Public Welfare.

**BRING YOUR PRIORITY WE'VE GOT YOUR NEW TIRES**

As soon as you get your Ration Certificate for new tires from your Local Ration Board—present it to us, and we'll affix them to your wheels. We have plenty of Grade 1 tires ready for B and C card holders.

But before you get new tires, make sure your old tires have given you maximum service. Before you let them wear too thin—drive in for possible retreading.

Mrs. J. E. Key Correspondent

Pvt. Horlie Dorman of Camp Lemo, N. M., accompanied by his wife of Snyder are visiting Mr. and Mrs. Chester Dorman and family.

Mr. and Mrs. Jack Spain of Amarillo were week end guests of her sister Mr. and Mrs. Ott Wance.

Mr. and Mrs. Jimmie Bunker of Lubbock spent Sunday with her parents Mr. and Mrs. George Evans.

Garland Dorman of Snyder visited his parents, Mr. and Mrs. Chester Dorman and family, last week end.

Pvt. Tommy Pettigrew and wife

**Cpl. Stanley Mathis in Burma**

Cpl. Stanley Mathis is in the jungles of Burma where he is cooking for the U. S. Engineers. There was a report recently that he is missing in action. His wife, Mrs. Pauline Mathis, has received no notice to that effect and asserts that so far as she knows he is safe and all right.

of Bryan were week end guests of Mr. and Mrs. Claude Pettigrew.

Church and Sunday school was held here Sunday, officiated by Rev. J. W. Reed. Announcement of the revival meeting, beginning Aug. 31 was made. It is to be held by Rev. E. U. Dowdle, the son-in-law of Mr. and Mrs. L. W. McCombs.
