

Bids are asked on school gymnasium

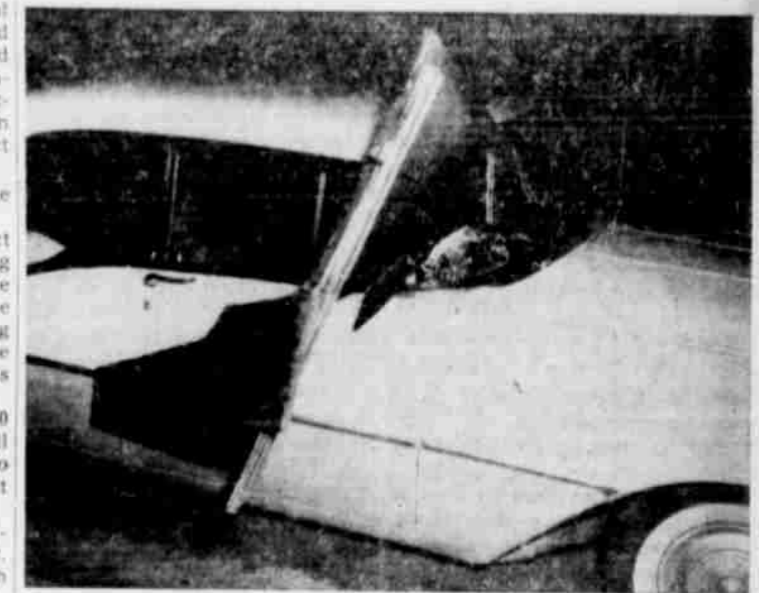

Whether the Post school district has enough money left from its \$710,000 bond issue to build a new gymnasium will be determined shortly after 4 p. m. Tuesday, Nov. 24, when bids for construction of the gym will be opened.

Architects said there would be gym floor, haydite block walls, and exposed roof frame.

The lobby also would contain a 14-foot trophy case with sliding glass doors.

Architects said there would be

full vision anywhere in the gym proper. The gym would be heated with suspended ceiling heaters and would have a complete public address system hooked into the high school sound system a block away.

CLOSE CALL ON HALLOWEEN

Shown above is the portion of an outhouse left on West Main Street Halloween night by pranksters after it had crashed through the windshield of a car driven by Mrs. Royce Josey of Post. The board just narrowly missed hitting Mrs. Josey, who said if there'd been a passenger on the seat beside her, it would have been "just too bad." (Staff Photo)

Halloween prank leads to accident

A Halloween prank on West Main Street led to a car wreck and another on Eleventh Street was just as dangerous to a human life but apparently caused no real damage.

The traditional Halloween burning of an outhouse in the middle of West Main Street brought a delayed — probably by the same pranksters — fire engine and a huge crowd.

A few minutes after the fire had been extinguished and the crowd had gone, a car driven by Mrs. Royce Josey of Post crashed into the outhouse when Mrs. Josey was

blinded by lights of an approaching car and did not see the structure in the street.

Two one by twos from the outhouse hit the car's grill and then smashed through the windshield of the car shattering broken glass all through the car.

Sheriff Carl Rains, who investigated the accident, said if somebody had been riding in the front seat with Mrs. Josey that person would have been seriously or fatally injured.

The sheriff said Mrs. Josey drove to Harold Reno's house on 12th Street before stopping her car after hitting the outhouse. He estimated damages to the car about \$200 but said Mrs. Josey was uninjured although unnerved by the experience.

City Superintendent Henry Tate told The Dispatch he had considered putting flares around the outhouse in the street, after the fire had been extinguished, but knew that this would be an open invitation to pranksters to set it afire again.

He said the outhouse was "under the street light" and could be seen from a block away had not Mrs. Josey been blinded by approaching car lights. Mrs. Josey was

Pancake supper here Tuesday

Post's new downtown trash containers — ordered by the Post's Lions Club in a move to tidy up the business district — have arrived and will be placed on Main Street sidewalks today or tomorrow.

Ten large covered trash receptacles have been purchased by the Lions.

To pay for them, the club is staging a benefit pancake supper at the high school cafeteria next Tuesday evening from 5 p. m. until everybody has had enough to eat.

Lions and their wives will cook and serve the supper of pancakes, bacon, and coffee with Will Scarborough the chief cook.

A ticket to the supper costs 50 cents.

Local prices go up on haircuts, flattops

Haircuts jumped 25 cents in price here Wednesday.

The boost from \$1 to \$1.25 for haircuts and \$1.25 to \$1.50 for flattops were posted in local shops.

The new prices have been current in this area for some time.

Teen Town directors will meet tonight

The board of directors for Teen Town will meet at 8 o'clock tonight at Teentown to plan future events and policies, David Newby, board chairman, announced yesterday.

At a special meeting of school trustees Tuesday night, the board voted to accept final plans and specifications for the new gymnasium from Architects Atcheson, Atkinson and Cartwright and to open contractors' bids on the project Nov. 24.

Architects have estimated the gym cost at around \$140,000.

But in September, the contract for the new high school building went for some \$114,000 under the architects' estimate. With possible similar savings in the remodeling of the old high school building, the trustees hope to have enough funds left to build the new gym.

Plans for the gym call for a 90 by 50 foot regulation basketball playing form with enough room to put in rollaway bleachers to seat 1,000 persons.

The board may only buy 500 roll-away seats for a starter, however.

The new gym would face north in the second block of the two-block high school site and would be erected in the northeast quarter of the block with a common wall with the agricultural shop building which will be erected with the present high school building as a separate building behind it.

The front lobby would contain a 10 by 12 foot concession stand and both men's and women's toilets. At the opposite end of the playing floor would be the boys' and girls' dressing rooms with both boys' and girls' rooms divided for home and visiting team use.

The gym's construction would be of brick or hollow brick on the exterior, flat roof, with a maple wood

Thieves take oil, tools in burglary

Thieves broke down the door of a storage shed of the Earl Bayless Construction Co. 14 miles southwest of Post Tuesday night and stole several hundred dollars worth of tools and oil.

Leon Wilson, foreman for the building firm which is constructing a bridge on the new farm to market road through the Slaughter Ranch, reported the loss to Sheriff Carl Rains Wednesday morning.

Missing were a \$100 cutting torch, welding cables, two boxes of carpenter's tools, a steel saw, an impact wrench and at least three cases of oil.

Wilson said a truck or pickup truck would have been needed to haul away all the loot.

A month ago some 25 sheets of new plywood had been stolen from the bridge site.

Firemen set dates for Christmas events

The annual Christmas drawing, sponsored by the Post Volunteer Fire Department, will be held at 2 p. m. Saturday, Dec. 19, firemen decided Monday night.

Firemen also set Monday night, Dec. 7, as the date for the annual firemen's Christmas party.

Busy Homecoming slate booked for Post Exes

Post High School's 1959 Homecoming—honoring the 1928 and 1948 football teams and the 1946, 1948 and 1953 girls' basketball teams—is expected to attract a record group of Post high "exes"

into town Friday, many of whom haven't attended one of the homecomings in years.

Bob Baker, president of the Post High School Exes, announced the homecoming program will include:

Registration, 3 to 5:30 p. m., in the high school gym.

Exes banquet in high school gym, at 6 p. m.

Reception after the Tahoka-Post football game at the gymnasium.

A dance for the exes after the game at City Hall.

Homecoming plans call for the coronation of the Homecoming Queen during halftime ceremonies during which returning members of the two football teams and the three basketball teams will be introduced.

Homecoming queen candidates are Mrs. Ohlene Bivens, Mrs. Mattie Collier, Mrs. Lanell Clary, Mrs. Jo Ann Miller, and Mrs. Joyce Tatum.

Chant Lee will be the banquet speaker. The dinner will be served by Underwoods of Lubbock.

Baker said if any Post high Exes didn't receive an invitation to the affair it was due to an oversight and that they are invited. Deadline for banquet reservations is Friday noon. Lois Floyd should be contacted for the reservations.

Crowning of the Homecoming Queen by the Exes will be just one of the three queens to be crowned Friday night.

The high school band and the Post football team will crown their respective Band and Football Queens in appropriate ceremonies at Antelope Stadium beginning at 7:45 p. m., 5 minutes before gametime.

Candidates for the Band Sweetheart are Judy Clary, Stanna Butler, and Vonda Howell.

The Post Antelopes and the Tahoka Bulldogs clash in the homecoming game.

School trustees set class fund raising policy

Next year high school seniors can have their fund-raising Halloween carnival back in the gym again and teachers who wish to aid the students in this or any other fund raising projects are free to do so if they choose.

These decisions together with several others are contained in a board policy adopted by a 5 to 2 vote of Post school trustees Tuesday night after a 90-minute discussion of class fund raising brought on by administration efforts to disassociate the school with this year's carnival.

The carnival, sponsored by parents of the seniors, was held at the 4-H barn after the administration refused the use of the high school gym.

Trustees during the discussion said individually that nobody had changed their minds about the school sponsoring senior trips—the trustees last spring voted to discontinue senior trips.

This year parents of the seniors are planning to sponsor such a trip themselves after the spring term is out.

Trustees have taken a "hands off" policy on the parents' sponsorship of such a trip and indicated Tuesday night that they will continue such a policy.

The policy, as set forth in a motion by E. R. (Buster) Moreland and seconded by Quannah Maxey, would:

1. Give juniors all profits from the operation of concession stands at the football games (which is present setup).

2. Give seniors all profits from senior play to do with as they see fit.

3. Permit seniors to use high school gym for their fund-raising.

Post's best grid club to be honored

Probably the finest football team Post high ever had—at least the one with the best record—will be among the five athletic teams to be honored during the Post high homecoming festivities at halftime Friday night.

It's the 1928 team of Coach Harry Taylor, now an athletic director in Fort Worth, which won ten games, tied one, and went through a tough 11-game schedule without defeat.

The team won the championship of four districts in the days

before the state high school grid playoffs.

The victories included a 21-20 triumph over Mineral Wells. The tie was a scoreless standoff with Floydada.

According to Deputy Sheriff Red Floyd, who was a freshman reserve back on that regional championship team, a lot of the players from that 29 member squad plan to attend the homecoming affair Friday.

Coach Taylor will be unable to attend as he has some refereeing chores to perform in Fort Worth.

Only two of the 29-player squad are dead, Pud Luman and Wayne Askins. Assistant Coach Gene Taylor also is deceased.

The only three Post men who were members of that title club are Sid Cross, a regular end, and J. D. McCampbell, a reserve back, besides Floyd.

Bessie James faces new liquor charge

Bessie James has posted a \$500 bond for her appearance in county court on charges of "unlawful possession for purposes of sale of wine, whiskey, beer and vodka."

She was charged as a result of a raid here Friday night by state liquor control agents.

Several other places in Post were raided, but Bessie's was the only place hit in the "flats" where enough was found to make a case.

B. B. Hodges injures hand in combine

Emergency surgery was performed for B. B. Hodges last Wednesday following an accident in which he received serious injury to his left hand while working with a combine.

Hodges' daughter, Jerrie Hodges, surgical nurse at the hospital in Plainview, assisted in the operation.

Weekend moisture did damage to cotton

End of dark, damp cotton is grading good. Only a day crew is employed now, but the gin figures to be going again full-time this weekend.

It's the same story at the Close City Gin where E. A. Hargrave reports 125 bales for the week and a total of 1,170. The Storie Gin had 60 bales ginned this week for a total of 484 and figures to be on a round-the-clock basis by weekend.

C. L. Driver at the Basinger Gin in Southland reports 165 bales ginned this week for a 1,335 total. He says the cotton is grading good to top middling, working on a pretty tight schedule with mainly hand pulled cotton.

At Pleasant Valley, T. L. Adams reports 85 bales this week for a \$75 total with the cotton grading good.

Stern choice for railroader

A couple of weeks ago, a modest-sized ad appeared in The Dispatch proclaiming: "Railroad Featherbedding: \$300,000,000 Loss to the Nation—Including You—EVERY Year."

The story behind this ad is that it appeared that week in every single newspaper of general circulation in the United States—some 10,000 of us, ranging from the large metropolitan dailies to the smallest hometown weeklies.

Sponsored by the Association of American Railroads, the advertisement was an appeal to the public for support when the railroads and rail unions open negotiations this month for a new contract.

"Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden," the American railroads declare.

The railroads are determined to modernize the work rules dating back over 40 years.

A writer for Reader's Digest, in preparation of an article on the railroad's determination to wipe out "featherbedding," wandered about rail yards and terminals, rode locomotives, and talked to railroaders themselves.

"There can be no question that featherbedding abounds wherever one looks," Alfred Steinberg wrote. "The toll," he adds, "is measured in higher passenger fares and freight rates and dwindling business for the long-troubled railroad industry."

The fireman who "has no fires to stoke or boilers to tend" on the modern diesel locomotive is cited in the Digest article as a primary example of featherbedding in practice. Another obsolete rule gives each engine-crew member a basic day's wage for every 100 miles he travels. This rule dates from 1919, Steinberg reports, and results in such "high pay for short hours" as an engineer's collecting 1.43 days' wages for clip-

ping off 143 miles in two hours on the Denver Zephyr, and a Pennsylvania engineer's collecting 4 1/2 days' pay, or about \$100, for making a 432-mile roundtrip between New York City and Washington, D. C., in a single day.

But let's take a Texas example. A train take makes an 863-mile run from Texarkana to El Paso, has a running time of 18 hours and 15 minutes, or less than two and a half eight-hour shifts. Yet six train and engine crews are required, under the archaic rules, and the pay is that of approximately seven crews.

The first crew handles the train from Texarkana to the Mineola yard, a distance of 138 miles. Time on duty is approximately three hours and 45 minutes. Payment is for 11 hours and two minutes. The second crew handles the train from the Mineola yard to the Fort Worth Lancaster yard, a distance of 115 miles. Time on duty approximately 3 hours and 15 minutes. Payment is for nine hours and 12 minutes. And so on through six crews.

The public's stake in the issue is a big one. And so is the railroad's stake.

The railroads, hard hit by operational costs, are steadily losing freight business to the trucks and passenger business to the airlines.

The fight over "featherbedding" this month appears heading for a showdown. It may result in a costly rail tie-up, as the railroads see this as one of their last opportunities to stay competitive.

The rail unions had best stop and think it over. Already these rules have cost thousands of rail employees their jobs through railroads being forced to cut down on trains and service. They'll cost thousands more their jobs in the future.

There is no security in featherbedding. The railroader faces a stern choice, too, and he best make his decision carefully if he wants to keep on "railroading."—JC

Real community effort needed

Garza County 1960 Community Chest campaign, wrapping eight individual fund-raising efforts into one \$12,500 drive, is now under way on the important "advance gifts" fronts.

Advance gifts are all those in which contributions total \$25 or more. Actually this one division secures some 67 per cent of the total contributions.

The one-week drive on all the other community fronts—rural division, Postex division, oil workers division, school division, and downtown employees division—kicks off Monday, Nov. 16.

That's little more than a week away.

The last several years your Community Chest has been successful because a single all-out campaign has gone "over the top" in the necessary contributions and every participating agency received their full share for their operations the following year.

The Chest-type drive has much in its favor as far as the community is concerned. It gets a big gift giving task accomplished in a single effort, saving hundreds of hours of work by busy men and women if the one drive were broken down into eight individual drives instead.

Another advantage of the Chest is that a budget committee takes a good, hard look at the proposed budgets of participating agencies before approving such budgets for Chest participation.

This prevents any organization from asking for and receiving more money than it actually needs.

Third, the Chest organization has its own constitution which each year insures adequate public representation on the board of directors and hence

the many decisions made in its operations.

If the Chest does go "over the top" any money above budget needs is put into the Chest's account for any lean years which may lie ahead. It isn't distributed to the organizations to be spent as a "bonus."

Summing it up, the Chest organization and operation is a solid business-like way to run the community's gift giving, and through the Chest the public has a majority voice in its operations.

The Chest has only one danger point. To remain a real gift-giving force it must reach its goal—not once in a while, but every year. When the contributions fall short of the various individual needs of participating organizations, each such agency receives only a share of the amount raised in proportion to its budget to the total chest budget. Failure to receive the full amount encourages such agencies to go outside the Chest and organize individual fund raising drives rather than curtail activities.

So it is essential that the Garza Community Chest this year reach its \$12,500 goal.

In making your decisions as to the size of your Chest contributions remember you are giving to eight agencies—not one—and your contribution should be large enough for all eight.

Why not sit down and break your proposed contribution in quarterly payments? It doesn't have to be all cash on the barrelhead.

Keep your community strong and your Community Chest strong by giving your fair share when the Chest worker calls.

One real community effort and the gift giving will be over for another year. —JC

That Slaton liquor issue vote

This High Plains area will focus its attention on Slaton and southern Lubbock County Saturday, when voters go to the polls in that precinct to decide the issue of packaged liquor stores vs. prohibition and bootlegging.

Feeling in Slaton over the issue surged to the "intense" indicator on the community pepoff valve this week.

It's an issue that many Texas communities

are going to be deciding for themselves in the weeks and months to come.

The psychological advantage of the Slaton vote results Saturday will have significant influence over much of immediate West Texas.

If Slaton votes for legal liquor, the rush will be on in other communities. If Slaton votes no, legalized liquor advocates will move more slowly and carefully, knowing that they face a hard battle at any ballot box.—JC

No need to doubt Noah's story any more. It rained 10 or 12 inches here in about 26 hours. If it should rain 40 days and 40 nights like it did part of the time Saturday night, the Queen Mary could be floated on the Hamilton courthouse square.—The Hamilton Herald-News.

Floydada's business property owners are putting their money behind their faith in the future of the town. Prospects are good for more of the same as the weather will permit this fall and winter.—The Floyd County Hesperian.

There may be honor at stake here, but the man who cleans up the whisky bottles after each football game at Jackrabbit Park has deduced, by a comparison of labels on the bottle, that visiting fans drink better liquor than do Rails fans. Following last week's game, high quality, bottled-in-bond empties were swept out from under the visitors' bleachers. In the Rails stands, however, only the cheaper, blended brands were found. Civic pride isn't exactly dead around here, and

local bootleggers are warned that unless Rails drinkers can be provided with as good quality liquor as our neighbors, it may be necessary to drop a hint to the sheriff's office, which will be as mad about it as anybody. It's bad enough to have a losing team, without being branded as cheaters and drinkers of shaving lotion.—The Rails Banner.

There's another move afoot to try to get the road paved from Petty to US 380, the Tahoka-Brownfield highway. Farmers from northwest Lynn County, hauling grain and other products, point out it would not only be a nearer, more convenient route to Tahoka for them, but would also take some of the trucks off of crowded US87. It's school bus route, a mail route, serves a number of farms directly and a lot more indirectly, but it is almost impassable at times.—The Lynn County News.

Card of Thanks

We wish to thank all who helped to make the Fall Harvest Festival a success. Especially do we thank all the mothers who donated cakes and pies and their work; the merchants who donated for bingo; and the men who helped build the booths and cleaned up afterwards. Also, thanks to all you seniors who worked so diligently.

The Senior Roommothers

Our heartfelt thanks to everyone for the kindness shown us during the passing of our father and grandfather; for the ones who sent food, floral offerings, visits and helped in any way. We especially want to thank Dr. Matthews and Lanell Warren for their kind help. May God bless each and every one of you.

Sororities and clubs are settling down to a busy schedule of regular meetings and special activities as the month of November begins. Scheduled to meet in the next few days are the Texas Mu Alpha Chapter of Beta Sigma Phi, the Woman's Culture Club, and the Amity Study Club. The Xi Delta Rho Chapter of Beta Sigma Phi met Monday night for a program on "Good Lives."

Boyd Dodson, son of Mr. and Mrs. R. B. Dodson, and freshman at Southern Methodist University in Dallas, participated in the recent "1959 Pigskin Revue" of the SMU Mustang Band, of which he is a member. A '59 graduate of Post High School, Boyd is a music major, with the oboe his main instrument. He also plays the tenor sax in the Symphonic Band, the alto sax in the Mustang Band, and is a member of the University Choral Union.

County Judge and Mrs. J. E. Parker are vacationing this week. Their itinerary called for a stop in Shreveport, La., to visit his brother, H. M. Parker, and family; a brief visit in Jacksonville with Mr. and Mrs. A. B. Haws, former Postites, and a stop in Fort Worth. They are expected back next week.

Baker home scene of Halloween party

Phyllis Baker entertained a group of friends Saturday from 4 until 6 o'clock with a Halloween party, at the home of her parents, Mr. and Mrs. Charlie Baker.

Halloween colors of black and orange were used in decorations and games of "Who's My Ghost?", "bobbing for apples," and a chamber of horrors were played.

Refreshments of cookies, candy and orange drinks were served. Plate favors were noise makers and bubble gum.

Attending were: Peggy Claborn, Judy Carper, Ann Byrd, Linda Byrd, Shirla Pierce, Patsy Pierce, Linda Woodard, Ricky Hines, Melvin Allen, Jarrell McFaddin, Robert Hogue, Randy Hogue and Phyllis.

B&PW 'Game Night' set for Saturday

The Post Business and Professional Women's Club's "Game Night" is set for Saturday night and will begin at 7:30 p.m. in the Hyde Building, formerly Stevens Style Shop.

Games of "42", bridge and pitch will set the theme for the evening and club members urge everyone to turn out. Admission will be 50 cents.

Home-made pies, coffee, and cold drinks will be served. Tickets for the event may be purchased from the following club members: Willie Scarborough, Helen Taylor, Ruth Lee, Nora Stevens, Mercedes Pearson, Eleanor Webb and Katharine Trammell.

Local B&PW president receives award for legislative service

Mrs. Katharine Trammell was awarded a certificate for distinguished service in the field of legislative work last Wednesday night when a large number of the Area Business and Professional Women's Club members attended a talk on "Women's Rights" in Lubbock.

Mrs. Trammell is president of the local chapter of B&PW.

Mrs. Hermine Tobolowsky of Dallas spoke before the group at the Caprock Hotel, stating "We certainly do not want the discriminations continued which cause economic hardship to the women of Texas—and to the men, too".

An attorney in Dallas, Mrs. Tobolowsky is president of the Texas Federation of Business and Professional Women's Clubs, composed of approximately 8,000 women. The constitutional amendment "that will provide that equality under the law shall not be denied or abridged because of sex" and a proposed homestead amendment are favored by the federation.

The "equal rights" legislation was introduced in the House of Representatives in the last session but did not come to a vote because it had not been voted upon in the Senate. It will be presented again in the next session of Legislature. Mrs. Tobolowsky informed the 134 persons attending.

A doll in a small rocking chair, "Poor Pitiful Pearl" was rocked back and forth as Mrs. Tobolowsky spoke at the dinner and in an interview that afternoon. The doll has been taken on several stage trips and will go to Austin next session.

Invited legislators and their wives for the event, sponsored by the legislative committee of the Lubbock club, were: U. S. Rep. and Mrs. George Mahon, State Sen. and Mrs. Preston Smith, Speaker of the House and Mrs. Waggoner Carr, and State Rep. and Mrs. H. J. (Dock) Blanchard.

Post B&PW Club members attending were: Mrs. Willie Scarborough, Miss Nora Stevens, Miss Mercedes Pearson, and Mrs. Trammell.

Merrymakers Club has meet with Mrs. Dalby

The afternoon was spent in visitation when members of the Merrymakers Club met Tuesday afternoon with Mrs. L. W. Dalby.

Refreshments were served to the following ladies: Mrs. R. E. Bratton, H. N. Crisp, A. E. Flovd, J. R. Kiker, E. A. Hargrave, J. F. Storie, H. F. Wheatley and Lonnie Peel.

On Nov. 10 the club will meet with Mrs. H. N. Crisp.

Friendship SS Class celebrates Halloween

The Young Married Couple's Class of the Friendship Baptist Church celebrated All Saints Day early with a Halloween party last Thursday night at the home of Mr. and Mrs. Robert Craig.

A small cabin on the Craig farm provided the scene for the evening of entertainment.

Rev. Ed Bates and Mrs. Robert Craig were awarded prizes for the best costume.

Guests were: Mr. and Mrs. Thurman Maddox and children, Mr. and Mrs. Robert Craig and children, Rev. and Mrs. Ed Bates, Mr. and Mrs. Carter White and children, Mrs. R. H. Sappington, Mr. and Mrs. Boyd Copple, Mr. and Mrs. Thomas A. Gunn.

Engagement of Sharron Wood to Charles Morris is announced

Mrs. L. P. Wood announces the engagement and forthcoming marriage of her daughter, Sharron Ruth, to Charles Wayne Morris. He is the son of Mr. and Mrs. Chester Morris of Route 1.

The bride-elect is a senior at Post High School, and her fiancé is a 1959 graduate of PHS.

The couple will be married Dec. 11.

Foreign banquet marks end of Guild UN study

Members of the Wesleyan Service Guild of the First Methodist Church wore native costumes of foreign nations for their Foreign Banquet Monday evening. The banquet marked the completion of the guild's recent studies of the United Nations.

Covered dishes of foreign food corresponding with each member's attire were brought for the 7 o'clock event, held in the Junior Chapel of the church.

Slides taken at the United Nations were shown by Mrs. Eugene Matthews, who also gave an interesting commentary on each slide.

'Teenage Code of Ethics' to be program at Amity Study Club

A program on the "Teenage Code of Ethics" and using the verse "Train up a child in the way he should go and when he is old he will not depart from it", Proverbs 22:6, is to be presented at next Tuesday evening's meeting of the Amity Study Club.

Sidney Smallwood, Lieutenant of City Police of Lubbock will be guest speaker. His topic will cover "The Juvenile Problems of Today."

Plans were made for the program when the club met last Tuesday evening at the home of Mrs. Billy J. Carlisle with Mrs. Lewis Herron as co-hostess.

Meditation at the meeting was offered by Mrs. Wilma Olson and roll call was answered with recitations of favorite Bible verses.

Mrs. Russell Wilks Jr. discussed "Faith For Our Time" and Mrs. J. B. Potts talked on "Preserving Christianity."

Mrs. Davis leader of WSCS program

When the Christian Women's Fellowship Society of the First Christian Church met Monday afternoon, Mrs. Lee Davis led a discussion on the church missionary work as outlined in the October issue of "World Call" the church magazine.

The 3 o'clock meeting was held in the worship room, with 13 members attending.

Mrs. J. B. Jones gave the devotional.

Mrs. Paul Beitler of Texas Tech presents lecture

Mrs. Paul Beitler presented a lecture and demonstration on "Dried Floral Arrangements and Holiday Centerpieces" last Thursday afternoon at the chapel of the First Methodist Church. Mrs. Beitler, who is assistant professor of the Applied Arts Department of the Home Economics Division at Texas Tech, stated in her lecture that "working with dried arrangements is the same as working with some people - because ordinary things can be made beautiful". Arrangements were made from such items as okra and gourds, and color slides were shown.

Mrs. Beitler also informed the ladies that magnolia leaves can be dried with one part glycerin to two parts water for two weeks, to be used for arrangements.

An audience of approximately 30 was present for the 2:30 o'clock event, sponsored by the Garza County Home Demonstration Council. Those present included Mrs. Leta Smith, Garza County HD Agent, and several members of the Green Thumb Garden Club.

Refreshments were served at the close of the program.

The refreshment committee for the event was composed of Meses. Robert Mock, Lola May Ryan, Stanley Butler and Wilma Wilson. Members of the hospitality committee were Meses. James Kennedy, Clarence Gunn, W. D. Williams and J. R. Shelton.

Wilks home is scene of mother-daughter event

Mrs. Russell Wilks Jr. and Mrs. L. G. Thuet Jr. entertained in the Wilks home Monday evening for a Mother-Daughter dinner. Guests for the evening occasion were members of their Sunday school classes and their mothers.

Following the dinner, the group enjoyed a hour of singing and viewing home movies.

Attending were: Lois Hodges, Ruth Miller, Karen Potts, Frankie Howell, Beth Kemp, Carolyn Martin, Peggy Butler, Carolyn Moore, Linda Wilks, Jane Francis, Mrs. Ray Hodges, Mrs. Leo Wisley, Mrs. Glenn Potts, Mrs. Ben Howell, Mrs. Keith Kemp, Mrs. Gene Martin, Mrs. Stanley Butler, Mrs. Leo Cobb, Mrs. Thurman Francis, the hostesses and Vickie and Jan Wilks.

BY BOB COLLINS

Just how the limitations on supports are going to affect next year's program is the question the government has just announced that farmers must reduce their 1959 acreage by 20 per cent to be eligible for non-recourse supports in excess of \$50,000. . . will this drive more cotton farmers into the "A" group or "B" group? . . . at this stage, anybody's guess is as good as the next man's. . . a couple of facts immediately become apparent, though: first, if a farmer was among the "B" producers this year and planted all his acreage, he can choose "A" next year and assure himself of unlimited supports. . . this isn't true of this year's "A" producer. . . he must reduce his acreage by 20 per cent to be eligible for unlimited supports in 1960. . . and this year's "B" farmer can choose "B" again then under-plant his "B" allotment to the extent that he has 20 per cent less acreage than this year, that'll be 12 per cent more acreage than if he chooses "A" and be eligible for unlimited supports. . . limitations apply to individual "Persons" . . . not to individual farming units.

If a producer does not reduce his acreage by 20 per cent he may still receive supports after the \$50,000 mark is passed but these will be in the form of loans that must be repaid within 12 months. . . all in all, it's a pretty complicated thing and now isn't the time to decide which route to follow. . . especially since the support level is not known yet.

No Leasing
Despite reports that the new law allows cotton farmers to lease their acreage next season, this is not the case. . . the producer will be penalized if he doesn't plant or turn in his allotment. . . but he can't lease it or give it to an individual. . . sorry.

Ag Workers' Union
A move seems to be getting underway in some parts of the cotton belt to form an agricultural workers union.

Pests Worse
Think the weevil situation is getting any better? . . . if so, you can get arguments at any number of places in the cotton belt. . . in one spot, a check showed that the number of weevils to survive winter has increased over 200 per cent during a 12-year period.

Shell well finaled as dual producer

Shell Oil Company's No. 5-C Slaughter has been completed as a dual Ellenburger and Pennsylvanian producer in the Texas field in southwestern Garza County. The new well extends production one location eastward. From the Pennsylvania through perforations at 8,031-8,044 feet, the well potentialled for a daily flow of 288 barrels of 49.6-gravity oil, through a 12-64 inch choke. From the Ellenburger open hole at 8,379-8,389 feet, the two-pay oiler finaled for a daily flow of 193 barrels of 40.7-gravity oil plus 82 barrels of water, through a 12-64 inch choke. Well site is 660 feet from south and 1,980 feet from east lines of section 33, block 2, T&N0 survey, nine miles south of Post.

A Church Not Supported Weekly Is Weakly Supported

"Train up a child..."

Can we improve on the wisdom of Solomon? "Train up a child in the way he should go: and when he is old, he will not depart from it." Our children attend school daily, and are trained for future vocations. But even more important is a strong spiritual understanding of life. The church doors stand open eager to train all in study of the Bible. The Church is God's appointed agency for spreading the knowledge of His love. Go seek word of His love in the Church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

It is more than a year from the next Presidential election, but in Texas, the race is on.

From now until Nov. 8, 1960, may well be a year of the most feverish political activity the state ever has known.

House Speaker Sam Rayburn fired the starting gun by calling for an all-out campaign to win the Democratic presidential nomination for U. S. Sen. Lyndon Johnson. Rayburn called for Johnson-for-President organizations in every county in Texas.

A campaign kick-off by the man who has often been called "Mr. Democrat" gave enormous impetus to the activities of Johnson supporters. Pro-Johnson clubs, rallies

and editorials blossomed over the state. Gov. Price Daniel and the state executive committee had previously pledged support.

Speaker Rayburn's sponsorship also makes exceedingly difficult the position of Texas liberal wing Democrats who have been cool toward the senator since the convention hassles of 1956.

In 1952, Rayburn championed the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas Club members, will have to fly in the face of their old friend, Rayburn, if they decide on open opposition to Senator Johnson this year.

Candidate or not, Senator Johnson is whizzing around Texas for personal appearances, scheduled at the rate of more than one a day in the months ahead.

Some DOTers have pledged Johnson support. But Mrs. R. D. Randolph, leader, refused to commit herself on grounds the senator has not declared himself a candidate.

FAREWELL TO BENCH—Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high court in 1935, has served there longer than any other man in Texas history.

Noting that he is 78, the judge said he felt the time has come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court justices, Joe Greenhill and Clyde E. Smith, will be up for re-election next year.

COMMITTEES FORMING — In a surge of appointive activity, Speaker Waggoner Carr named House members to serve on three of the study groups authorized for between-sessions activity.

Named to the Legislative Council, a permanent organization usually assigned a lengthy list of studies, are Reps. W. T. Oliver of Port Neches, Eligio de la Garza of Mission, H. L. Strickland of San Antonio, R. H. Cory of Victoria, R. A. Bartram of New Braunfels, Tony Koriath of Sherman, Tommy Shannon of Fort Worth, Will Ehrle of Childress, W. W. Glass of Jacksonville and Richard C. Slack of Pecos.

House members on the Texas Commission on State and Local Tax Policy will be Reps. Frates Seeligson of San Antonio, V. L. Ramsey of Beckville and J. Gordon Bristow of Big Spring.

This group will further the study of the state's fiscal structure begun in 1957-58 by the State Tax Study Commission. Specifically, the new group will consider such problems as whether the property tax should

be abandoned or overhauled.

To the Texas Coordinated Commission for State Health and Welfare Services, Carr named Reps. W. N. Woolsey of Corpus Christi, W. E. Shaw of Forney and Max C. Smith of San Marcos.

Three senators, three private citizens and seven agency heads also are to serve on this panel to study and recommend improvements in health and welfare programs.

ADOPTION STYMIED — Texas Supreme Court ruled in favor of a woman who signed papers to allow her child to be adopted, then changed her mind and sought to re-claim the baby.

Though the court specified it was ruling only on the case at hand, some felt the decision might set precedent for future cases in this emotion-packed area of the law.

In the case at hand, the mother, unwed at the time of the child's birth, wanted to keep the baby. After a doctor and welfare officials talked to her, she changed her mind and signed a waiver.

A juvenile judge declared the child "dependent and neglected" and sent him to another county for adoption. Within a few weeks, however, the mother married the child's father and filed suit for the child.

High court opinion was that the lower court erred in declaring the child "dependent and neglected."

BUS KEEPS PERMIT — In another case the Supreme Court ruled the Railroad Commission could grant a bus line a permit to use a certain route even though the road was not finished.

Southwestern Greyhound Lines received a permit to use Highway 73 between Port Arthur and Houston before that road was complete. Sabine-Neches Trailways sued to have the certificate canceled.

Court held the Railroad Commission was required only to "know in a general way" about the traffic potentials of a route.

GAS TAX CHALLENGED—First of what will probably be many suits attacking the constitutionality of the new severance beneficiary tax on natural gas has been filed in an Austin district court.

Pipeline companies promised to fight the tax in court when it was passed by the Legislature this year.

A tax of 1.5 per cent of the value of the gas is levied on the purchaser, such as a pipeline that contracts to buy it from the producer.

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for months. He promised to help fight the suits.

"Long line gas companies fought hard against accepting any of the tax load," said the governor. Now, he added, some want to escape "scot free."

Farm welding course to be held here Nov. 9-13

C. B. EDWARDS

C. B. Edwards of the Texas Educational Agency will conduct the Farm Welding Short Course to be held in the local high school Nov. 9-13.

Edwards is a graduate of Texas A&M College and is presently of-

fering such courses for high schools which have vocational agriculture.

In order for the local ag department to hold the short course at least ten farmers must sign up for the class and make the \$5 deposit required.

No more than 12 applications will be taken because of the limited facilities at the present time. All interested are urged to contact the ag teachers at once and make their deposits.

The course will be very basic in nature. It will not be necessary that you know anything about welding. It is principally designed for those who have had little or no experience and is much more practice than theory.

At the end of the course there will be two or three welders for sale at about \$120 which is approximately \$30 off list price. Various companies will furnish the welders to the schools and they will be sold as used machines at the end of the short course.

First meeting of the class will be at 7 p.m. Nov. 9. The time of remaining class sessions will be set by the class at the first meeting.

The Friday session probably will be held in the afternoon to avoid conflict with the football game that night, but arrangements will be made satisfactory to those enrolled.

NET WORTH
Any day now you (and Uncle Sam) may need to figure out your "net worth."

The Internal Revenue Service may use the "net worth" method to check a taxpayer's income tax records. It compares what he was worth, say, five years ago, with what he is worth today. Then it looks to see if his increase in net worth compares well with his reported income during that time, after allowing for his estimated expenditures. By this method the government can detect tax deficiencies, fraud, or evasion, or assess tax where the taxpayer has not kept records or has lost them.

At a trial for tax evasion, the government must first prove what a taxpayer was worth at the beginning of a period, and what he is worth at the end of the period. The difference is his increase in net worth. The question: Has his wealth increased between the two periods by unreported taxable amounts?

For example: John Doe, a taxpayer, had little wealth when he started his career. He often borrowed. After four years his net worth grew much larger. In court John could not explain how this happened. So, to cut a long story short, he had to pay the tax, plus interest, and civil and criminal penalties.

Richard Roe, another taxpayer, was worth \$50,000 in 1946, but in

Anti-Red crusader is to speak in Lubbock

LUBBOCK — One of the nation's foremost anti-Communist crusaders, evangelist Billy James Hargis, of Tulsa, Okla., will be in Lubbock Monday, Nov. 16. Hargis will address a special Christian Crusade rally scheduled for 7:30 p. m. in the East Ballroom of the Hotel Lubbock.

His lectures will deal with "Communist threats to religion, education and government."

Hargis, whose non-denominational ministry, "Christian Crusade," is the largest anti-Communist organization in the nation, is an outspoken advocate of conservatism in religion, economics and government as curbs against Communist infiltration.

1950 the government claimed he was worth \$200,000. Roe tried to show, but couldn't, that he had much more money in 1946 than the government showed. For a l.a.s., the government's old tax returns showed that Richard had reported a small income in 1946, and had mortgaged his home and business. Besides, Roe spent freely much more than his reported income, and could not show that he received gifts or other non-taxable money. So the court found a large unreported income, and Richard was convicted for fraud.

By keeping proper records of all transactions over a period of years, a taxpayer can properly account for receipt and expenditure of income so that he can forestall the revenue service from using the net worth method.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

4. Allow teachers to help students raise money in such projects if the teachers so desire.

Voting for this policy were Moreland, Maxey, Bobby Pierce, Barney Francis, and Russell Wilks. They said this was what the board intended all along. Opposed to the policy motion were J. E. Birdwell and Clint Herring.

Action came following a discussion in which Supt. R. T. Smith told trustees that he had turned the seniors down on use of the gym because he felt that permitting them to use the gym to raise funds for a "senior trip" not sanctioned by the schools would be contrary to the trustees' policy against sponsorship of such trips.

He told trustees that he had called in senior class sponsors and told them their jobs were not in jeopardy because he said he was advised the sponsors were fearful that they were.

Smith said he told the class sponsors that if he were in their position he would disassociate himself from senior fund-raising activities for the trip because of the trustees' policy.

Pierce and Wilks declared that the "power of suggestion" on Smith's part was strong enough to keep all faculty members away from the Halloween Carnival Saturday night.

Maxey and Moreland, along with Wilks and Pierce, also objected to the public's understanding that the trustees had denied use of the gym for the carnival, instead of the administration.

Moreland declared at the wind-up of the session, called to consider high school gym plans, that the parents and students were very upset about the situation and he felt it was due to a misunderstanding of what the board intended with its "no senior trip" policy.

Birdwell and Herring took the position that the schools should not be involved in fund raising for a project which is not a school-sanctioned activity.

Halloween—

(Continued From Front Page) driving north on Q and a car turning off Main blinded her.

The firemen reported that pranksters had "crossed the sparkplug wires" on the fire truck, apparently to prevent a quick answer to the traditional out-house call. The mischief was found in about three minutes.

Firemen reported that had the delay come on a big fire it could have caused real damage. The fire truck's wires were crossed apparently in the open firehouse with the station lights on.

The fire was reported about 10 p. m. and the accident occurred around 10:30 p. m.

A second hazardous prank, City Superintendent Tate found, was the apparent stretching of a piece of barbed wire across the intersection of Eleventh Street and North Avenue M. One end of the wire was tied to the stop sign, which was bent over, apparently by a car hitting the barbed wire in the dark. The other end might have been tied to a tree across the street.

A humorous note on Halloween night was the staking of a sign in the yard of Mason's Funeral Home reading: "We Give Double Thrift Stamps".

A number of street markers and street signs were bent over by pranksters and some cotton trailers overturned in the Planters Gin yard.

Law enforcement officers rated the night "about normal" for Halloween.

MAN WITH AN IDEA

Samuel M. Kier, the first refiner of crude petroleum, was one of the many men whose ideas sparked oil's first century of progress.

Owner and operator of canal boats plying between Pittsburgh and Philadelphia (one of his partners was James Buchanan, who became President of the United States), Kier was intrigued by the sludge that came up with the brine from salt wells along the Allegheny River.

Convinced that this "rock oil" had medicinal value, Kier began bottling and selling it around 1847 as a remedy for virtually all human ailments.

In the early 1850's, Kier constructed a one-barrel still in Pittsburgh after a chemist advised him that distilling petroleum might produce an illuminant for lamps. Although others had distilled a somewhat similar illuminant from coal, Kier's was America's first oil refinery. Soon he built a five-barrel still.

Demand for Kier's excellent lamp oil encouraged the search for petroleum that resulted in the Drake well at Titusville in 1859. Today's largest U. S. refinery processes nearly 300,000 barrels of crude oil per day.

Since 1859, when the first oil well was drilled, men with ideas have worked to provide Americans with this abundant, low-cost source of energy—energy that has meant more human progress in the last century than in the previous 6,000 years.

Post bows to Spur, faces Tahoka in Homecoming

Forrest Claborn running star 34-6 defeat

SENIOR FREDDIE Walker, slick-running and passing quarterback, was the big name at Spur Friday night as the Bulldogs kept their district clean for a showdown with Floydada by whipping Antelopes, 34-6.

Walker scored three of Spur's touchdowns and two of its conversions and guided the Bulldogs to a fourth tally with his accurate passing from the spread position.

Back Forrest Claborn, co-captain for the game along with Mike Cornell, was the star new Antelope ground game runner. He raced 32 yards for the Post in the second period and up several good running plays.

Claborn's running game all night the first half looked surly good. For the game Post up a respectable 209 yards, lost 18 for a net of 191. The 145 yards of that in the first half when they outdressed to 4 and held them virtually offense with 143 net yards for the Bulldogs. Neither completed a pass in the first half.

Claborn really took to the air in the second half, throwing 19 times and six completions and 84 yards.

Bulldogs scored the first points they got the ball in the first half when they outdressed Claborn to hold them scoreless in the final minute of the game while tallying a touch-down.

SEVENTH GRADE DISTRICT CHAMPIONS
This is Coach Gerald Loyd's Post seventh grade grid squad, which last week won its district championship, undefeated in six district starts. Back row, left to right, Manager Daniel Johnson, Filberto Collazo, Jackie Braddock, Laylan Bratcher, Ronald Turner, Billy Mitchell, Danny Pierce, Larry Stewart, Charlie Brown and Coach Loyd. Grid finale here shapes up as season's best

There will be plenty of queens and coronations at Antelope Stadium Friday night, but the main bill of fare will be the homecoming clash between Coach Alexander's high school Antelopes and the resurgent Tahoka Bulldogs.

The game shapes up as the probable best of the season to date. Kickoff time is 8 p.m.

Tahoka was without a victory until last week when they converted their star 200-pound tackle into a fullback and defeated Slaton 22-8 in an upset.

The new fullback, Dean Elliott, is not only big but fast and as Coach Alexander puts it, "We'll have trouble containing him."

The Slaton triumph was Elliott's first try at ball carrying chores and he got many yards against the Tigers.

Coach Alexander said he is sure of a "real effort" from the Antelopes, similar to the one they got last week at Spur when their ground game came to life, but their aerial efforts fizzled.

The local squad is in good physical shape except for a knee injury which hampers the play of halfback Richard Ray and a back injury which prevents End Hoss Smith from going at full speed.

Tahoka has been improving in recent games. They have good quarterbacking from Adams, who both throws and runs well. The Bulldogs run from a T and a spread with a slot back and employ the "belly series" in their ground game.

Both clubs played Spur on about equal terms, losing by about the same margins.

EIGHTH GRADE DISTRICT CHAMPIONS
Coach Glynn Gregg's Post eighth grade squad, which won its district championship last week, is shown above. Front row, left to right, Danny Richardson, manager, Pat Cornell, Eddie Valdez, Wendell Johnson, Billy Max Gordon, Jackie Fluitt, Danny Stone and Richard Hart, manager. Middle row, Jackie Curb, Charles Yowell, Curtis Hudman, John Bland, Tony Carlton, Danny Odom, Ronald Storie and Leslie Hair, manager. SECTION TWO
Thursday, Nov. 5, 1959 Page 9

Floydada and Spur are beaten

7th, 8th graders close '59 football season with wins

Coach Gerald Loyd's Post seventh grade football team closed a highly successful season here Tuesday night in the first game of a twin grid bill by scoring a 14-0 triumph over Floydada's green-shirts.

The locals put together marches

of 60 and 61 yards in the second and fourth periods for their two touchdowns and twice in the first half turned back Floydada at the goal line.

End Filiberto Collazo zipped 25 yards on a double reverse end around early in the second to tally

the first TD and to cap a 60 yard march which began late in the first.

Then in the fourth, Post held Floydada for downs on their 39 and moved the distance on the ground with John Villa turning in a brilliant 30 yard broken field scamper

to set up Benny Owen's 10 yard dash around right end for the touchdown. Villa got the conversion points.

Floydada fumbled on the Post one yard line in the first period and the locals recovered in the end zone for a back to stop the most serious scoring threat by the visitors. It was set up by a pass interception on the Post 5.

Then late in the second with only seconds left Floydada hit on a 50 yard pass-run play which carried to the Post 10 yard stripe. Time ran out on the seven after two running plays.

Loop's high school girls basketball team came from behind in the final period here Tuesday night to defeat the Post high school girls, 44 to 42, in the cage opener for both schools.

Glenda Whittenberg, only returning regular from last year's Antelope team, scored 30 points. Ann Morris tallied nine and Raynora Young, 3.

Starters for the Antelopes were Whittenberg, Morris and Peggy Ramsey at forwards, and Beth Kemp, Danella Bateman and Judy Clary at guards.

The locals led 22 to 21 at the half and 33 to 32 going into the final period. L. Bagwell was high for Loop with 17 points.

In the B game, Post scored an easy 54 to 9 victory with Coach Jiggs King using a total of 16 players, including his freshmen. Raynora Young scored 16 points and Janith Short 11 in this game.

Claborn, besides his touchdown jaunt, got off four other runs, of 10 to 17 yards. Moved back to halfback from end where he has been playing due to a bad knee, Claborn was the big gun in the "new" Post running game.

Claborn's running game all night the first half looked surly good. For the game Post up a respectable 209 yards, lost 18 for a net of 191. The 145 yards of that in the first half when they outdressed to 4 and held them virtually offense with 143 net yards for the Bulldogs. Neither completed a pass in the first half.

Playing Loraine in first rounder

Post High girls in Big Spring tourney

Coach Jiggs King's high school girls' basketball team is participating this weekend in the eight-team girls' high school cage tourney sponsored by the Howard County Junior College in Big Spring.

The local girls were scheduled to meet Loraine in a first round game at 10 a.m. today.

If they won this one, they were to meet the winner of the Sands-Sterling City first rounder at 4:30 p.m. today. If they lost in the first round, Post was to meet the loser of the Sands-Sterling City game at 6 p.m. today.

Semi-final games in all brackets are scheduled for Friday with the finals in the championship bracket, losers' bracket, fourth place bracket, and third place playoff all billed for Saturday.

Off to a busy cage start, the Post high girls will return home for their next start in a double bill here Tuesday night against Wil-

Coach Duane Loeke's Southland Eagles play the undefeated Wellman Wildcats for the district championship at Southland in the Southland homecoming game at 7:30 p. m. Friday.

Both clubs are unbeaten in league play. It will be the final district start for Wellman with Southland having one more left.

The two teams are about evenly matched with Southland having the weight edge in the line and Wellman having superior backfield speed.

Southland last week defeated the Union Wildcats, 35 to 6, at Union to clear the way for the championship game.

In that one, the Eagles went 60 yards in eight plays the first time they got the ball for the first touchdown. Fred Melcher went the last 30 yards off the left flank. Sam Ellis passed to Manuel Salinas for the conversion points.

In the second period, Southland drove 50 yards in eight plays for its second TD with Darrell Jones scoring from three yards out and then running over the extra point.

A Union fumble on the 40 set up the third tally with Jones running it over but fumbling at the goal-line and Don Basinger recovering in the end zone for the touchdown. Basinger passed to Clint Smith for the conversion points to make it 24-0 at halftime.

In the third period Jones scored again for Southland on a 30 yard TD dash. The Eagles drove 60 yards in the fourth for their final tally with Ronnie Sales going across from 10 yards out. Sales also ran over the conversion points.

Union tallied with only a minute left to play for its six points.

Freshmen play Colorado City

Coach John Blocker's Post high freshmen will meet the Colorado City freshman eleven tonight in Antelope stadium in the final home game of the season for the locals.

They will ring down the curtain on their 1959 grid campaign next Thursday night in a return game at Colorado City.

The Antelope Booster club plans to "meet" next Thursday night at the grade school and drive together to Colorado City to attend the final freshman game.

Easy one

Coach Glynn Gregg's Post 8th grade football team walloped Spur eighth graders, 44-0, here Thursday night to close out a successful season for the district champions.

John Bland got the first TD on a 33-yard scamper off a double reverse after Post had recovered a fumble on the first scrimmage play on Spur's 38.

It was 20-0 at halftime. Coach Gregg was called to Lubbock Wednesday and was unavailable for scoring details.

to set up Benny Owen's 10 yard dash around right end for the touchdown. Villa got the conversion points.

Floydada fumbled on the Post one yard line in the first period and the locals recovered in the end zone for a back to stop the most serious scoring threat by the visitors. It was set up by a pass interception on the Post 5.

Then late in the second with only seconds left Floydada hit on a 50 yard pass-run play which carried to the Post 10 yard stripe. Time ran out on the seven after two running plays.

Loop's high school girls basketball team came from behind in the final period here Tuesday night to defeat the Post high school girls, 44 to 42, in the cage opener for both schools.

Glenda Whittenberg, only returning regular from last year's Antelope team, scored 30 points. Ann Morris tallied nine and Raynora Young, 3.

Starters for the Antelopes were Whittenberg, Morris and Peggy Ramsey at forwards, and Beth Kemp, Danella Bateman and Judy Clary at guards.

The locals led 22 to 21 at the half and 33 to 32 going into the final period. L. Bagwell was high for Loop with 17 points.

Senior Carnival raises \$700

By Melanie Thompson
The Halloween Carnival last Saturday night really went over big. It looked like everybody had a blast getting married, having pictures taken, playing bingo and all the other games out at the 4-H Barn. I think the Seniors had as much fun running the booths as everyone else did out there.

The Senior Class took in about \$700 including the Harvest Queen's race with the carnival. The Coron-

ation was beautiful, so all the work for the Princesses was worth it, especially for Karen Potts, the Queen.

We hope that in the future our projects are as successful as this one was. We would like to thank everyone for their help in making the Carnival a success. We really appreciate it. We would like to thank especially the Senior mothers for their help, for without them it wouldn't have been possible.

The money turned in for the Queen's race from each class was: Seniors, \$166; Juniors, \$66; Sophomores, \$33.60; Freshmen, \$55.83; 8th Grade, \$11.69.

(EDITORS NOTE: For story of Harvest Queen's Coronation see society news on page 5.)

Why do they call Friday blue jean day?

Have you heard that Marcia Newby, Sherry Gist, Cheryl Pennell, Beverly Avant, Belinda Lee, Sandra Holleman, Linda Davis, and Linda Hays have been yelling for the fifth grade boys?

We carved soap this week in Mrs. Hudman's room. Everyone had a wonderful time. There was one good one. It was carved by Betty Watts. I bet she is proud of it. How about it, Betty?

Mrs. Martin, room mother for Mrs. Ryder's room, surprised the class Thursday by presenting them with a handsome big-leaf philodendron attractively decorated with red cat tails on gold stems and a red feathered cardinal perched on a gold branch. The gift was presented in lieu of a Halloween party which could not be given because of school rules. The students wrote thank-you notes to Mrs. Martin, and all are very proud of the new addition to their room.

Judy Cook and Jackie Braddock are a well matched couple.

This has really been "Pop Test Week" for the sixth grade. Now let's wait for the results.

Our Junior High cheerleaders did a swell job pepping up our football team Tuesday night.

Joyce Corley brought all of the sixth grade teachers some wheat muffins which she made from a recipe in the Math book.

Sharon Morris moved to Oklahoma from Mr. Rushing's (6-A) home room. Sorry to see you go, Sharon!

Carol Camp and her family went to Dallas to see the Texas vs SMU football game. They stayed at the Statler Hilton Hotel.

Mr. Willson's fifth and sixth grade choirs will give an assembly program for grade school and junior high school soon.

The sixth grade Language Arts students are making progress in writing reports and outlines.

In health, 6-C is studying about food and liquids. They are learning the seven basic foods and are making health charts and menus.

Ceretha Jones went to the state fair at Dallas and also to the Tech vs SMU football game. She had the pleasure of seeing the McGuire Sisters.

James K. Baxter

By Mary Beth Ford and Carol Billings
James Kerwin Baxter was born Oct. 13, 1935, in Floydada, Texas. He went to Howard Payne College and Corpus Christi College.

He is married and has a son. Mr. Baxter teaches chemistry and physics.

His favorite food is steak, actor and actresses are John Wayne and Ava Gardner, and color is brown.

His pet peeve is chewing gum. Mr. Baxter is well liked around PHS and we hope he teaches here a long time.

To all who helped with Carnival

THANKS FROM THE SENIORS...

The Seniors would like to thank the parents for sponsoring the Halloween Carnival as a benefit for the class.

Our thanks go to the 4-H organizations of Garza County for the use of their building, which was necessary because of a new school policy.

Our most hearty thanks go to the merchants for their fine support and donations. We really appreciate it.

It makes the whole class feel wonderful to know that the townspeople are interested in our having a Senior trip.

Gratefully yours,

BOB CATO, Senior Class President

Have You Heard??

The Halloween Carnival was a big success. A lot of work went into it. Thanks to the Senior parents.

All the girls looked lush in their formal Saturday night. The boys looked especially handsome all dressed up.

The Drama Class is beginning night rehearsals now. Lots of hard work has gone into this play and it looks to be a good one.

The high school class of the Church of Christ had a Hobo Party last Monday night. They had fun on a wild treasure hunt for food.

The seniors went ape when their rings came in. Of course, everybody else had to look at each senior's ring. They're real pretty, seniors.

Mr. Casteel was down again last week taking pictures of the FHA, FFA, Student Council, and National Honor Society.

If you see Bob Cato counting his pennies you'll know he's trying to pay his fine for driving Claude's demonstrator. I guess Bob will drive the old Ford next time.

I'll bet you kids didn't know we had an African hunter in our midst—well, we do! Jimmy Hodges killed a huge lynx cat a couple of weeks ago, and with a .22 no less! Good hunting, Jim!!!

We hear physics class has a wild time. What is it they're making (?) up there that's so potent?

Jane Francis was host to a slumber party last Friday night. Those present were: Jane F., Peggy R.,

The freshman girls basketballers and eighth grade girls scrimmage after school.

The girls have a game against Loop Tuesday. They got suits on Thursday and Friday. Lots of luck, girls.

The eighth graders had concessions at the 9th, 8th, and 7th grade games last week. Those kids are working early.

The senior mothers and the class met Thursday after school to plan the Carnival.

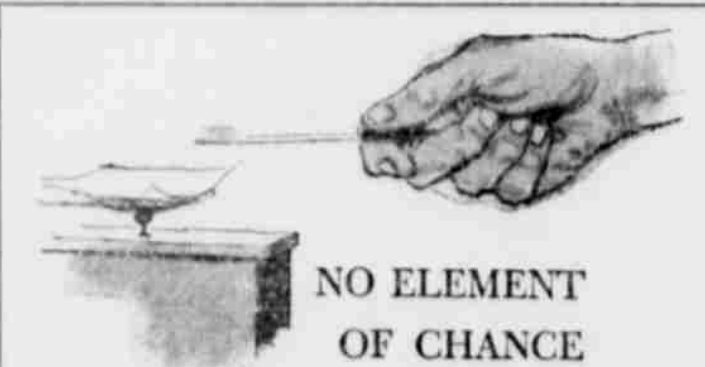

Melanie had a slumber party Saturday night after the preve. Those attending were: Pat, Kat, Leta, Rhea, Linda, Sharron and Mel. They all had a fabulous time!

Next Friday is Homecoming for Post Exes. It's a big occasion in PHS. We'd like to take this opportunity on behalf of the entire student body to welcome all the Exes home and to tell the football team that we're all backing you.

BEAT TAHOKA!

VISIT RELATIVES

Recent visitors in the home of Mr. and Mrs. T. J. Peddy were Mrs. A. A. Porter and sons of Big Spring and Mrs. Fred Faour of Pampa. Mrs. Faour's daughter Susan, who had spent the weekend with her grandparents, returned home with her.

NO ELEMENT OF CHANCE

"Calculated risk" seems to be a popular phrase for old-fashioned "gamble."

But there's no place for either in preparing or dispensing pharmaceuticals.

Ever notice the letters U.S.P. or N.F. on a medicine label? The letters represent two official books that are recognized by federal law—the United States Pharmacopoeia and the National Formulary.

Together they are the pharmacist's "bible." They give approved standards of the quality, purity, and potency of most medicinal agents.

Whatever your prescription calls for, we are prepared to fill it.

Rev. Hogue in talk to high school

By Janene Haynie

Last Wednesday morning PHS had an assembly in which Rev. Bill Hogue spoke to the students. His message was comparing the students' lives as Christians to a lock. Some shut Christ out of their lives as a lock shuts people out of a room. All should open these locks and keep them open.

After Brother Hogue's message, Mr. Whittenberg talked about money making projects. He said that we should limit them as to where we hold them and how often.

We would like to thank the Student Council for bringing ministers to the student body each month to speak to us. I'm sure we all receive a great deal from these visits.

Judy Morris named FFA Sweetheart

On Tuesday, Oct. 27 at 7 o'clock, the FFA boys met in the assembly room.

Jerry Stone told about his trip to Kansas City to the FFA Convention, and Jerry Thuet told about his trip to the Dallas State Fair.

They elected their FFA Sweetheart.

The nominees were Pat Wheatley, Karen Potts and Sharron Wood for Seniors; Anne Morris, Beth Kemp, Jane Maxey, for the Juniors and Ruthell Martin and Judy Morris for the Sophomores.

Judy Morris was elected and Jane Maxey was runner-up. Afterwards cakes and doughnuts were served.

Helen Cornish is 7-C room mother

By Meredith Newby

Helen Cornish is 7-C room mother. She was assistant room mother last year. 6-D enjoyed two very good parties. We will have a Christmas party and a Valentine's Day party. (We think)

Mrs. Cornish has lived in Post around two years. She and her husband, who owns the Post Dispatch, live on Fifth Street with their two daughters, Chris and Susan.

Party called off due to illness in family

By Betsy Shytles

Lynda Driver's party was called off because of an illness in the family. Sorry Lynda.

We 7th graders are really proud of our football boys for winning district. We'll be proud of their trophy.

Everybody really yelled at the ball game Tuesday night. Thanks girls, let's keep it up!

Everyone is trying hard in gym. Coach Hahn is going to choose teams within the next two weeks.

Queen Karen wears white formal gown

By Janene Haynie
Our 1959 Harvest Queen, Miss Karen Potts, was attired in a full-length, white formal, with a yellow underskirt. Her train was a harvest brown and her train bearers looked very attractive for her crown-ruffles.

Jane Maxey wore a beautiful turquoise formal, with layers of lace on the skirt. With this charming dress she wore glass heels.

Melinda Newby was seen in a bright red, semi-formal, lace dress.

Freshmen enjoy hayrack ride

By Sammie K. Caffey

Last Thursday night the Post High Freshman class had a combination hayride and wiener roast.

There were approximately 50 kids that went. They rode on a trailer out into the oilfield south of town. Everyone seemed to have a wonderful time. There were hot dogs and marshmallows to eat with cokes to drink.

The freshman class would like to extend their thanks to their sponsors: Mr. and Mrs. Ray N. Smith, Mr. St. John, Mr. and Mrs. Buster Moreland, Mr. and Mrs. Ben Isaacs and Mr. and Mrs. Henry Wheatley. We would especially like to thank Mr. Wheatley for pulling us out there on his trailer.

Winter near in 6th grade wear

By Terry Power
You can tell winter is just around the corner judging from all the pretty new coats and sweaters seen around Junior High these mornings.

Carol Camp looked "just right" in her gray pleated skirt and a white and white blouse.

Verline McDaniel looked nice in her white and black plaid skirt with a black vest and white blouse.

Phyllis McMains looked cuter in her rusty-brown pedal pusher and a brown and white checked blouse.

Ceretha Jones looked nice, as usual, in her red velvet skirt and a white blouse.

Audrey Snow looked cute in blue jumper with a red sash and a white blouse.

1909 Collier's 50th Anniversary 1959 Open House and Appreciation Sale

1909 — Collier Drug's Beginning

1948 — Collier Drug Moves to Present Building

One Day Only — Saturday, Nov. 7 — One Day Only

This Is Our Golden Jubilee

Collier Drug Store was opened in Post in 1909 by R. H. (Doc) Collier Sr., and the Thomas Brothers. At that time it was located in half of the building occupied by Dunlap's.

Earlier they had purchased a drug store in Tahoka.

Later, Mr. Collier acquired the full interest in the Post store. In 1936, Wynne Collier bought the Thomas Brothers Drug in Tahoka.

Bob Collier took over the management of the Collier Drug Store here in 1948 when it was moved to its present location. It was moved from the building now occupied by Parsons Dress Shop.

When Bob took over the active management in 1948, a partnership was formed which included his father, Doc Collier, and his brother, Wynne, who operates the Collier store in Tahoka. In 1950, Bob purchased his brother's interest in the partnership.

Shown above in the three pictures is the Collier Drug Store in 1909, the store in 1948 when it was opened in its present location, and the store this week following completion of a full-store remodeling, which makes it one of the finest drug stores in all West Texas.

Over the past 50 years the Colliers have served the people of Garza and Lynn counties their health needs.

The Wynne Collier Drug in Tahoka will hold its 50th Anniversary open house Saturday, too.

Justiceburg Halloween Carnival Thursday night termed success

By MRS. WELDON REED

A good time was had by everyone who attended the Justiceburg Halloween Carnival last Thursday, held at the Justiceburg School House and sponsored by the Justiceburg Women's Club. Most of the members of the Club met Thursday morning to get ready for the festive occasion. Several families from Post came down to help us celebrate, as games of bingo, dart throwing, wishing well and a cake walk were played. Plenty of food was on hand and an auction was held at the latter part of the event. Billy Blacklock, Billy Wayne Blacklock and Sandra Forrest won the door prizes.

A home appliance party was hosted by Mrs. Fernie Reed in the Justiceburg Cafeteria Friday afternoon, with Mrs. Jewel Young of Lubbock as demonstrator. Those attending were, Mrs. Jim Boren, Mrs. Douglas McWhirt, Robert and Danny, Mrs. C. C. Cornett, Mrs. Lee Reed, Mrs. Cecil Smith, Mrs. Bandy Cash, Mrs. E. M. Woodard, Mrs. E. C. Franklin, Mrs. Ott Nance, Mrs. Riley Miller and Mrs. Weldon Reed.

Mr. and Mrs. Douglas McWhirt, Dwayne, Robert and Danny, visited her parents, Mr. and Mrs. Frank Breeden and Skipper McWhirt in Albany over the weekend.

MRS. SID Cross and Lea Merrie left Tuesday for Stevenson to visit Sandee Cross and Jerry Lou McLaurin. They returned Thursday.

Mr. and Mrs. Riley Miller, Ben and Jennifer, visited Mrs. Clyde Miller of Fluvanna Saturday.

Mr. and Mrs. Weldon Reed transacted business in Snyder Monday.

Mr. and Mrs. Mason Justice left for Temple Wednesday to bring his father, Cameron Justice, home following surgery. He is reported doing fine. They returned Friday.

Mr. and Mrs. Cecil Smith and Mrs. Mason Justice transacted business in Big Spring Monday.

Guests of Mr. and Mrs. Lee Reed Sunday were Mr. and Mrs. Weldon Reed, Clyde McAllister, Tom Drake of Post, and Mr. and Mrs. James Brooks, Nelda and Laura of Slaton.

H. C. Drake and Shirley Lauderdale of Post visited Mr. and Mrs.

Weldon Reed Saturday.

MR. AND Mrs. Bruce Chilton of Lamesa, Mr. and Mrs. Don Tyra and Pamela Ann of Lamesa and Mr. and Mrs. Hardie Ainsworth and Sharron, visited Mr. and Mrs. C. C. Joe Key Page of Nocona is spending a few days with his grandparents, Mr. and Mrs. Henry Key, and great-grandmother, Mrs. Etta Clarkston and Dell Ross Clarkston.

Mr. and Mrs. Cecil Smith visited Mr. and Mrs. Bud Schiehuber, Benny and Denise, Sunday afternoon.

Mr. and Mrs. Jim Boren and children were Sunday night guests of his parents, Mr. and Mrs. Walter Boren in Post.

Mrs. Bud Schiehuber and Denise visited her parents, Mr. and Mrs. Harold Wiley, and Mrs. Louise Bell in Snyder Friday.

Mr. and Mrs. Burton Henderson of Houston visited Mr. and Mrs. Cecil Smith Tuesday.

Mr. and Mrs. Bud Schiehuber and Denise and Mr. and Mrs. Harold Wiley attended the Harvest Carnival in Post Saturday evening.

Mrs. Mona Key returned Friday from a visit with her mother, Mrs. Wallace in Kerrville.

Mr. and Mrs. Harold Wiley visited Mr. and Mrs. Bud Schiehuber, Benny and Denise, over the weekend.

Mr. and Mrs. Clyde Snow visited Mr. and Mrs. Cameron Justice Sunday.

Mr. and Mrs. Buster McNabb and Denise visited her mother and father, Mr. and Mrs. Cameron Justice Sunday.

Mr. and Mrs. Add Jones transacted business in Lubbock Saturday.

Mrs. Ott Nance visited in Dermott Monday.

SERMON TOPIC

Rev. Clinton Edwards, pastor of the First Presbyterian Church, will have as his sermon Sunday, "Getting the Most From Worship." The topic comes from First Timothy, 3:14-15, and will be closely related to last Sunday's message. The 11 o'clock service is open to the public.

Judy Barrett, 7, dies from injuries received in car accident here

The death toll for the two-car crash east of Post Saturday, Oct. 24, was brought to three last Thursday when Judy Barrett, 7, died in Lubbock Methodist Hospital.

Judy was injured in the crash that took the lives of her grandparents, Mr. and Mrs. Guy Sones, also of Stephenville, and critically injured her mother, Mrs. Marie Barrett, who is still hospitalized.

Also injured in the accident were occupants of the second car, Mr. and Mrs. A. J. Berryhill of Goree, who are reported to be doing satisfactorily.

Note of warning sounded on nation's cattle outlook

AUSTIN — A significant note of warning about the cattle outlook was delivered before the National Association of State Departments of Agriculture in Nashville, Tenn. not long ago by Oris V. Wells, administrator of the Agricultural Marketing Service of the U. S. Department of Agriculture.

Wells summed up his facts and figures by warning that "the cattle cycle is fast moving to a place where farmers, ranchers and feeders should be careful."

It was pointed out that cattle and calves have been the largest source of farm sales for several years now, and that we are all aware of the sharp rise in cattle prices in 1957-58. The number of cattle on farms and ranches was up 3.5 million head, or almost four per cent, on Jan. 1, 1959, as compared with Jan. 1, 1958.

Present estimates indicate a two per cent increase in the 1959 calf crop, which is the first increase in the calf crop from the previous year since 1954. Although cattle slaughter for all of 1959 probably will be somewhat smaller than last year, there are prospects that slaughter in the fourth or last quarter of 1959 will show an increase over the last quarter of 1958. This would be the first increase over the corresponding quarter of the year before in nearly three years.

However, Wells predicted that "prices will continue to be support-

ed by retentions for herd expansion, and our analysts now expect a significant increase in the number of cattle and calves on farms as of Jan. 1, 1960, perhaps as much as five to six million head above the estimate for Jan. 1, 1959.

"All of this means more beef for American consumers some time in the future, but it also means that the cattle cycle is fast moving to a place where farmers, ranchers and feeders should be careful."

These words of caution are seconded by spokesmen for the American National Cattlemen's Association such as Jay Taylor of Amarillo, former president, and John Marble, head of the fact-finding committee.

"Sure we're going to get a break," says Marble, "and it will come when we quit holding back heifers to build up our breeding herds, either in late 1960 or 1961. But the break doesn't have to be a bust."

Veterans Day 1959

Years have passed by and VETERANS are passing on. We have ONLY ONE veteran of the CIVIL WAR left and just a few of the SPANISH AMERICAN WAR, and the average age of WORLD WAR ONE is almost to the THREEScore AND TEN. All of the living veterans of the most terrible WORLD WAR TWO are walking or hospitalized HEROES who are almost forgotten and unnoticed among us. How about the KOREA VETERANS?

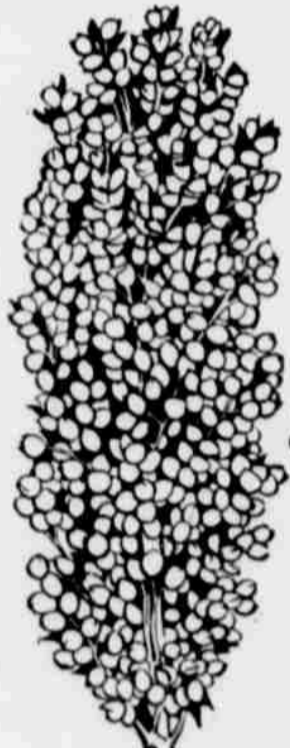

WE REMEMBER our INDEPENDENCE date of July 4th.

WHY NOT REMEMBER the day November 11th set aside by our country as ALL VETERANS DAY and honor the men and women who FOUGHT TO PRESERVE THIS INDEPENDENCE?

LET'S NOT FORGET Why can't we CLOSE OUR PLACES OF BUSINESS—discontinue our daily routine and QUIETLY OBSERVE the day in memory of them?

WE WILL BE CLOSED ALL DAY

MAX GORDON

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER.

As investigations by Rep. Kowalski have pointed up, a large segment of the enlisted men in the armed forces are being hardened for combat by such chores as rinsing out the colonel's lady's girdle, gardening, driving limousines for the brass, and other household and serving tasks.

Thus the armed forces are developing a great striking force of kitchen commandos. Sen. Paul Douglas now finds there is also a considerable force of grocery grenadiers.

In fact, Sen. Douglas finds that of the 8,851 workers in the armed forces 299 commissary or food stores, in the continental United States, 4,789, or almost 5,000, are military personnel.

Thus, 5,000 service men, are drawing a total of \$17,363,589, or an average of \$3,488 per year, to launch dried prunes into the stratosphere surrounding the check-out counter.

Sen. Douglas finds that the armed forces are still acting as if the Indians are on the warpath, as the commissary system of grocery selling by the army was set up in the old frontier days when the Old West did not boast of much in the way of privately operated food stores.

But a check on the locations of the commissary stores shows for the most part they are located in pretty thriving business centers, where there hasn't been traces of hostile Indians for years.

For example, it has perhaps been quite a spell since hostile Indians were weighing out sugar.

redskins have been a problem in Charleston, South Carolina, and the Sioux haven't let fly an arrow around Sioux City, Iowa, recently either, but these are just a few of the many places where commissary stores operate.

There is also a prodigious abundance of low cost, armed service groceries around Washington, D. C. And while there is still an occasional scalp lifted in Washington, it is not the doings of the Indians.

This armed services commissary business has grown into staggering proportions. Sen. Douglas estimates this year that the total business will be some where around \$400,000,000, or close to a half billion. Only three or four big food chains in the nation top this kind of volume.

The mark up in the commissary stores is 35%, or less than average cost of rental by private stores. Thus, Sen. Douglas computes, the armed forces is being subsidized by the nation's grocers somewhere between \$48 and \$68 million per year.

On the basis of Sen. Douglas's disclosures, it looks very much now a special sub committee of the House Small Business Committee, Rep. Muller, will make a searching probe of this matter.

As a matter of fact, the figures on these commissary operations don't look too wholesome, or at least, are quite confusing.

It is undoubtedly high time that the facts, all of them, are dragged out into the light.

It very much appears that a full scale investigation of the situation could be quite shocking. In the meantime, 5,000 service men are preparing to resist the enemy by weighing out sugar.

Piano tuner killed en route to Post

SOUTHLAND—En route to Post Friday a blind piano tuner was killed in a truck and automobile head-on collision north of Southland.

Fatally injured was Carl J. Scheben of 1516 39th Street, Lubbock, who was on his way to Post to tune several pianos for the B. E. Adair Music Co.

Injured was Brodie Adair Jr., 29, of 3314 29th Street, Lubbock, son of B. E. Adair. He was killed in satisfactory condition Friday night in Slaton Mercy Hospital.

The accident occurred when Adair's car started to pass another car and met a large truck-trailer, driven by Coy Lee Amon of Corsicana. Amon said the car swerved to the left and the truck smashed into the right side of the car.

Amon was not injured. Felix Mitchell of Corsicana, riding in the truck, received a facial laceration but was not seriously injured.

Last rites for Mr. Scheben, 64, were held Saturday at 4 p. m. in the Bethany Christian Church in Lubbock with the Rev. L. M. Beard, pastor, officiating.

He is survived by his wife, who is also blind, and a brother, Joe Scheben of Coldsprings, Ky. He had been a resident of Lubbock for seven years and was president of the Lubbock chapter of the Texas Federation for the Blind. He moved to Lubbock from Covington, Ky.

Mickey Rooney star of dramatic film, 'The Big Operator'

Mickey Rooney portrays the notorious "Little Joe" Braum in "The Big Operator" Wednesday and Thursday at the Tower Theatre. Sharing the star billing are Steve Cochran and Mamie Van Doren, with a host of co-stars and guests.

The fight of honest unions to rid themselves of invidious racketeer elements is given forceful dramatic treatment in the MGM production.

The film is based on the refusal of two honest union members to accept bribes from Little Joe Braum, who is aware that their testimony can convict him of perjury, and his efforts to liquidate one of them (Mel Torme) and to persuade the other (Steve Cochran) to keep his mouth shut by kidnapping his small son, making a drama of mounting suspense.

Mamie Van Doren plays a typical young wife and mother, a striking departure from the platinum-blond actresses' previous seductive characterizations.

STEWARDSHIP EMPHASIS

The congregation Sunday adopted a budget goal of \$73,302 for 1960. We have an estimated tithe potential of \$174,000 within the membership.

Stewardship Emphasis is a new program of church finance recently developed by Southern Baptists. It is new only in that all the parts of the financing program are brought together in new effective relationship.

The emphasis provides for every-member support of an enlarged church program, including world missions, local work, and building needs.

The program is designed to be spiritual and teach the fringe member in practicing Christian responsibility.

'Day of the Outlaw' to show at Tower

A dramatic, explosive tale set in the old west and heightened by fine performances by its three stars, Robert Ryan, Burl Ives and Tina Louise, will star at the Tower Theatre Friday and Saturday in "Day of the Outlaw".

The United Artists release is a suspenseful film telling of a group of peaceful settlers in a small Wyoming town who suddenly find themselves captive to a band of outlaws who have held up the U. S. Cavalry paymaster.

Produced by Sidney Harmon, "Day of the Outlaw" was directed by Andre de Toth and written by Phillip Yordan.

SUNDAY GUESTS

Mr. and Mrs. Tom Mason of Wilson were guests Sunday in the home of Mr. and Mrs. Stanley Butler, 211 West 12th.

"Texas sent a county judge to take possession of Santa Fe but the U.S. colonel kicked him out," Will Wilson said.

(EDITOR'S NOTE: This is the fourth in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.)

mediately put the Santa Fe territory into a boiling caldron of debate over slavery by demanding that possession of Santa Fe not be delivered to Texas because Texas was a slave state.

A full dress rehearsal of the coming tragedy of civil war began.

Texas sent Spruce M. Baird as county judge to take possession of Santa Fe, but Colonel John M. Washington kicked him out. Texas also sent Robert S. Neighbors as county judge of El Paso.

Since there were no federal troops in El Paso, Judge Neighbors successfully established a beachhead and took possession for Texas.

The Republic of Texas wanted annexation in 1837 but was rejected by Congress.

Sam Houston withdrew the offer and dreamed of a new republic stretching westward from Texas to the Pacific including the northern tier of Mexican states, plus present day New Mexico, Arizona and California.

Attorney General Will Wilson, a great admirer of Houston, points out how skillfully Houston incited the jealousy of the United States.

"Sam Houston stoked the fire under the pot of jealousy by ignoring the United States and dickered with France and England, both known to want Texas independent."

"Houston's vision of a large competitive nation between the U. S. and Mexico caused Washington to run a fever."

Annexation followed, resulting in the 1848 War with Mexico in which the Western one third of the present United States was acquired. During this war, Gen. Stephen W. Kearny led U. S. troops overland from Dodge City, Kan., to capture Santa Fe and remain in possession.

Those attending were Paula and Sheila Bates, Harlan Sappington, Danny Bostick, Marsha Tipton and Terry Cross. Terry who goes to Post Grade School, was spending the weekend with Harlan Sappington.

Beth Kemp is FHA duchess

By Ginny Young

Our monthly FHA Chapter meeting was held Thursday in the PHS assembly room. In the short business meeting a Halloween duchess was selected for the Harvest Queen Coronation. This honor went to Beth Kemp. A committee was also selected to discuss and plan the "Mom, Pop, and Me" banquet which will be held in November. For a money making project the FHA members are selling "Tarn-off", a silver cleaner.

Following the business portion of our meeting, a house building devotional was put on by some of the chapter members. Each part of a house was symbolic of certain ingredients necessary in building a home. These points were explained by an architect to a family planning on building a home. The house was planned and discussed from the foundation, to the shrubs, and flowers. All the members enjoyed it and I'm sure they learned a lot about building homes.

Bible Thoughts

"TIME"

by RONNIE PARKER

"Dost thou love life? Then do not squander time, for that is the stuff life is made of." —POOR RICHARD'S ALMANAC.

Time is undefinable. The past is irrevocably gone; the future yet unborn; the present becomes the past at the very time we are attempting to define it. In Eph. 5:16, Paul says, "Look therefore carefully how ye walk, not as unwise, but as wise, redeeming the time, because the days are evil." Translated by Phillips, it reads, "Make the best use of your time, despite all the difficulties of these days."

To "redeem" means to "buy again," "secure again." This indicates that we have forfeited time, released it from our use. When Christians give time to any worthless endeavor, they give it into the hands of the devil. We must strive to make time contribute directly, or indirectly to the glory of God and to the salvation of souls—both ours and others.

Let us buy up those moments which others seem to throw away.

CHURCH OF CHRIST, POST, TEXAS

NITROGEN DANGER CITED

High nitrogen levels without adequate potash will, over a period of years, increase the hazards of winterkill of Coastal Bermudagrass and small grains, says John Box, agronomist for the Texas Agricultural Extension Service. Box adds that soil tests show that heavy applications of nitrogen will result in rapid removal of potassium from the soil and in turn increase the hazards of winterkill.
