

## Red Cross War Fund Drive Over Top With \$5,972.65 Collected in Garza County

The Garza County Red Cross War Fund Drive reports \$5,972.65 collected and funds still coming in. It is our county's answer to the call of the American Red Cross for a minimum contribution of \$100.00 for the year 1944. The duplicity of humanitarian service being rendered by the Red Cross at this time required the greatest contribution in the organization's history. Committees in every community, willing and eager to help in this worthy cause, only to extend the opportunity to our good citizens to secure contributions in keeping with their ability to give.

## To The Voters Of Garza County:

I came to Garza county in August, 1924 and this has been my home ever since. This is the first time I have run for office of any kind. I have had eighteen years experience as a peace officer and think with my experience I can make you a sheriff, if I am elected. I don't make you a good sheriff, it won't be because I didn't know how to do my best to see every voter in the county. As I only have an "A" card it is going to be impossible for me to make a house-to-house canvass and I think if I had all kinds of cards it would not be right for me to use it under the circumstances. If you see fit to elect me I assure you I will appreciate it.

## Post C. of C. Erects Shelter Huts For Service Men

Tuesday, March 21, the Chamber of Commerce of Post erected two huts for hitch-hiking service men. They are located on the north and south sides of Main street near its intersection with the Lubbock highway. These huts are large enough to house three or four service men and protect them from the weather. They are floored, have roofs and are constructed with three walls, the fourth side is left open facing the highway. The huts are painted white with red trim and have a border of blue stars. Each hut is provided with a bench for the comfort of the waiting service men. There is a sign painted on each hut telling motorists and service men alike the purpose of the buildings.

## 1944 License To Be On Cars Not Later Than April 1st

The 1944 motor vehicle license are to be on all motor vehicles not later than April 1; otherwise a 20 per cent penalty will be placed on automobiles with no '44 license if they are used on the highway, according to Lon Cross, tax assessor-collector. The new tags are available now at the tax assessor-collector's office. In order to get your new license, you must have your certificate of title, as well as your 1943 receipt. Persons owning trucks and pick-ups must have their mileage, type of body, number of driving wheels, number of axles, and must give the primary use of his vehicle. The latter is a state and federal government requirement which has been placed on commercial vehicles and which went into effect this year.

## Mitchell Bowen Moves Place Of Business

Mitchell Bowen has leased the service station department of Charley Bowen's Garage & Filling Station. He will have for sale a complete line of gasoline, oils, auto parts, accessories and batteries. Charley Bowen will continue to maintain and operate his auto repair shop. The station formerly operated by Mitchell Bowen is now closed.

## DEFERMENTS TO BE MORE EXACT

Occupational deferments must be more exacting, particularly with registrants under the age of 26, in order to meet calls of the armed forces, the Director of Selective Service has notified local boards. The combined strength of our armed forces has been fixed at 11,300,000 by July 1, 1944, and as of February 1, some 9,352,000 had entered military service.

## Annual City Clean-Up Campaign Week of April 3rd to 8th

Mayor Walter W. Hyde has designated the week beginning April 3rd as City-Wide Clean-Up Week.

The City Commission is earnestly asking the help of every citizen in town to the end that we may give the streets and alleys of the town a thorough cleaning as well as the premises about our homes and places of business.

The city wagons will haul off all tin cans, trash, rubbish, etc., that has been raked and collected in piles along the side of the alley back of your property or in other convenient places to which the wagons have access, free of charge.

The city is asking you to begin now collecting up cans and trash so it will be ready for the city wagons which will start out Monday, April 3rd.

Rake up and clean off that vacant lot next to your property that constitutes an eyesore to you and your neighbors that the city may haul that rubbish off also. Every one must help if we are to make this campaign a success.

Then, we are asking you to help us keep the town clean by keeping all trash and rubbish raked up about your premises and having it hauled off at intervals.

W. F. PRESSON, City Secretary

## Draft Regulations Are Explained By Gen. J. Watt Page

Austin—New selective service regulations and procedure were explained here recently by Gen. J. Watt Page, state selective service officer in instructions sent to local draft boards. "In view of the critical need of men in our armed forces at this time, the leniency formerly practiced by local boards and the state director in the matter of granting deferments can no longer continue," General Page said. "There are, however, many young men within the group age of 18-25 who are doing vital war work, and it continues to be highly important that those whose services are essential to the protection of our production requirements shall be retained in critical industries."

Boards were notified that a new form 42-A will be used by employers seeking deferments for employees in the 22-25 age bracket. Exceptions have been made covering students and personnel of the Merchant Marine and army transportation corps. If a registrant was classified 2-A or 2-B prior to March 15 a 42-A special form will not be needed.

## Matched Roping Contests To Be Held Here This Summer

A group composed of sixteen men of the county met in the First National bank Monday night at 8:30 to discuss having a rodeo or other entertainment of that kind during the summer. Instead of having a rodeo they decided to have matched ropings at intervals during the summer, the first one to be about the middle of May. The exact date will be decided on later. The expense of a rodeo would be too great in proportion to the number of bronc riders, steer riders and other contestants available and the number of people who could come because of war conditions. A committee composed of O. D. Cardwell and Homer McCrary was appointed. All who are interested will please see a member of the committee. The committeemen will scout among neighboring roping contests to see if they can work up some real competition among the best ropers.

Among Post folks attending the Stock Show in Ft. Worth were Willard Kirkpatrick and sons, Kay and Jack, K. Stoker, Mr. and Mrs. Lee Davis, Mrs. Bob Johnson, Marshall Mason, Jr., Melba Jo Miller, Herbert Duren and Mr. and Mrs. Oll Nance.

Miss Opal Smith of Taboka visited here last week end.

## Gov. Stevenson Puts Okay On Federal Ballot

Austin, March 20—Use of the federal ballot in general elections in Texas is authorized by state law, Governor Stevenson Monday informed President Roosevelt.

Based on a study of Texas statutes and the new federal ballot bill which is awaiting the President's approval or veto, the Governor said he and Attorney General Sellers determined that Texans in the armed forces could use the federal ballot without payment of poll tax in voting for presidential electors and congressional candidates. The State's absentee balloting law and poll tax prerequisites still apply to soldier voting on state candidates in the general election, the Governor said.

Net result of the Governor's decision is that Texans in the armed services can vote for state candidates in the general elections by absentee ballots if they have paid a poll tax and by applying to military authorities for a federal ballot they can also vote free in general elections for electors and Congressmen. The federal legislation provides that if a service man applies for and fails to receive a state absentee ballot by Oct. 1 he may obtain the federal ballot. The Secretaries of War and Navy are charged with dispatching federal ballots.

## Small Daughter of Mr. and Mrs. Maurice Lloyd Dies in Oregon

Dr. B. E. Young received a telegram Tuesday from Mr. and Mrs. Maurice L. Lloyd of Salem, Oregon, telling of the death, caused by measles, of their five-months old daughter, Joan. Mrs. Lloyd is Dr. Young's sister. Maurice is the son of H. F. Lloyd, a former Post merchant.

## New Arrivals ...

Mr. and Mrs. Charlie Smiley of Slaton are announcing the arrival of a baby girl, Billie Charlene on March 23 at the Slaton Mercy hospital.

Mr. and Mrs. Lloyd Hastings of Pleasant Valley are announcing the arrival of a 6 1/2 lb. baby boy, Lloyd, Jr. on March 21.

## Triple A Loans For 1944 Are Announced

Farmers and ranchmen it is necessary that you go to the AAA office and work out your 1944 farm plan sheet as soon as possible, states James A. Boyd, Secretary Garza County ACA.

Each of you have a limited allowance on your farm of 75c per acre on cropland and 0.6c per acre on pastureland to be earned by carrying out some conservation practices on your farm or ranch. Also you have unlimited allowances on the farm and pastureland such as terracing and tank building of which are the most common in the county. There are also many other unlimited practices, Boyd said.

If you did not work out your plan sheet at the community meeting last week you go to the AAA at your earliest convenience and work this plan sheet out. Take with you at that time your 1943 cotton production record and peanut production record. Boyd says there will be a 1944 support price on farm products of which he has received notice from the state AAA office.

In order for you to receive full benefits of the 1944 AAA program Boyd asks that you work out your plan sheets at once. It will be necessary that you do this so you will be eligible to receive all benefits from the 1944 loans on farm products.

The 1944 loan rate for sudan grass seed is 0.6c per pound of clean seed, having a purity of 98 percent and a germination of 85 percent. The 1944 Conservation payment for harvesting seed is \$3.50 for each acre harvested up to 25 acres. Loan schedule on cotton will be announced later. Spanish peanuts loan will be \$160.00 per ton. Loan on grain sorghum will be 0.95c per bushel on grade No. 2 or better.

## Baptist To Hold Convention At Petersburg Tuesday

The annual session of the District Nine Baptist Convention meets at Petersburg, Tuesday, March 28. It is a streamlined one-day program. Convention president, Dr. Roy L. Johnson, Canyon pastor, will preside over the sessions.

Time will be given to various phases of work, with a period given for an open forum. Timely addresses are scheduled by John W. Cobb of Plainview, E. C. Hereford of Lubbock, A. A. Brien of Brownfield, Lee Hemphill of Littlefield and J. Lowell Ponder of Plainview. A conference and report on Sunday school work will be directed by R. E. Campbell of Matador, and on Training Union Work by Miss Gracie Knowlton of Hereford. A survey of religious activities on the campuses of the three colleges within the district will be given.

The closing message will feature Mrs. J. A. Lunsford, returned missionary from Brazil, Rev. and Mrs. Lunsford have been in Brazil for about three years. Lunsford was pastor at O'Donnell just before going to South America. Their friends in this area will be eager to hear Mrs. Lunsford.

District nine of the Baptist General Convention embraces 171 churches in 22 counties from Amarillo to O'Donnell, and from the New Mexico border to Matador and Spur on the east. There are 30,900 Baptists in the district. J. Lowell Ponder of Plainview is district missionary.

## Ford Sees Close Of War In Two Months

In a news release on Monday from Atlanta, Ga., Henry Ford says he believes the war will be over in two months.

The industrialist, stopping in Georgia on his way to Michigan from his plantation at Richmond Hill, Ga., was quoted as saying "I can't tell my reasons, I have them, of course."

## Notice To Owners of Commercial Vehicles

It will be necessary for all owners of Commercial Vehicles to call for their "T" ration on or before April 1, 1944. Garza County Rationing Board By Jackie Thomas, Gasoline Clerk.

## Thirty-Three Garza Men To Take Pre-Induction Examinations Today

Thirty-three Garza county men left today for Lubbock to take the pre-induction physical examinations for the armed forces. They are:

Dan Sanders, Jr., Jason Calvin Justice, Jose Ma Almaraz, John Lewis Shrum, J. R. Magourick, Ernest Claude Pettigrew, Jr., James Harold Edwards, Jr., Hern Pettigrew, Clyde Lavoy Haynes, Charles Leslie Davis, Owen Echols, Hugh Leroy Templeton, Marion Jackson Rains, Victor Paul Sweeten, Olegario Romero, Robert Lowrie Carlton, Louie Lee Williams, Cecil Ragland Thaxton, Foy Dalton Wirm, Homer Adolphus McCrary, Lois Edward Saunders,

John Eido Mayo, Grady Isiah Davis, Julio Valdez, Dewey Farmer, Raymond Franklin Willis, Oliver Carl Teer, Burton Melvin Glass, and Evaristo Valdez.

Those transferred from other counties are: Jack Marshall Martin, Delmer Jolene Shadden, Genaro Bonilla, Isidoro Garcia Saenz, Jr.

The men who were inducted into the army on February 29 were:

Lesland A. King, Billy Leslie Bloodworth, Paul Edwin Winterrowd. Jesse Hinton Peede, Jr. was inducted into the Marine Corps on February 29.

## H. D. Council For Garza County Organized Saturday

The women of the Home Demonstration clubs of Garza county met at the court house Saturday, March 18, to organize the County Home Demonstration Council.

Miss Kate Adell Hill, District Home Demonstration Agent of district 2 and Mrs. C. W. Shaffer, vice-president of district 2, assisted in the organization.

The officers elected were Miss Henrietta Nichols of Verbena, council chairman; Mrs. Lewis West of Barnum Springs, vice-chairman; Mrs. J. A. Thomas of Hartford, secretary-treasurer.

After the organization was completed the council members met in a called session to elect delegates to the District Home Demonstration Association meeting which is to be held in Lubbock April 21. The delegates elected were Miss Nichols, Mrs. Thomas and Mrs. Ferguson; alternates, Mrs. West, Mrs. Peel and Mrs. McBride.

The club members present were Miss Henrietta Nichols, Verbena; Mrs. Alma McBride, Mrs. W. C. W. Morris, Graham; Mrs. S. W. Sims, Southland; Mrs. Lonnie Peel, Close City; Mrs. A. A. Ferguson, Mrs. Lewis West, Barnum Springs; Mrs. Doyle Jones, Mrs. Tom Sims, Mrs. J. A. Thomas, Hartford; Miss Hill, Mrs. Shaffer, Miss Manley and Mrs. Geraldine Evans.

## Cotton Crop For 1943 Is 11,420,561 Bales

The Census bureau reported Monday in its last gambling report on the 1943 cotton crop that 11,420,561 equivalent 500-pound bales of cotton, exclusive of linters, had been ginned. The Agriculture department estimated last December the crop was 11,477,000 equivalent 500-pound bales.

Ginnings from the 1942 crop were 12,438,033 running bales, or 12,819,506 equivalent 500 pound bales, and for the 1941 crop, 10,494,811 running bales, or 10,741,589 equivalent 500 pound bales. The average gross weight of the bale for the crop counting round as half bales and excluding linters, was 513.5 pounds, compared with 515.3 pounds for 1942 and 511.8 pounds for 1941.

Ginnings, in equivalent 500 pound bales, by states, with comparative figures for 1942 included: Arkansas 1,124,877 and 1,495,248; Louisiana 741,530 and 594,589; New Mexico 103,426 and 104,853; Oklahoma 379,595 and 707,046; Texas 2,830,033 and 3,947,128.

## Cowboy Reunion To Be Staged This Year

Garza County members of the Texas Cowboy Reunion were advised this week the reunion will be staged at Stamford, in keeping with a tradition of many years' standing, on July 3 and 4.

The Texas Cowboy Reunion, an county members recall, was dormant last year for the first time since its inception in 1890. Owners of good blooded horses in this area are advised the American Quarter Horse Show will be held in conjunction with the two-day reunion.

Old fiddlers' contest and other events are being shaped rapidly for the annual boots and saddle round-up. W. G. Swenson, reunion president, stated.

Mrs. John Coleman has gone to Fort Worth and Arlington to spend several weeks.

## Funeral Services For J. H. Veach Held Tuesday

J. H. Veach died at his home in the Pleasant Valley community Saturday, March 18. Mr. Veach had been ill about six months and was confined to his bed for six weeks before his death.

Mr. Veach and family moved to Garza county in 1915 and he had lived on the same place from that time until his death. He joined the Baptist church in early manhood and was always active in church affairs.

Survivors, besides his wife, are four sons, Lee and Roy who live in California, Jessie of Abernathy, Texas and Lt. Wayne Veach who is with the army in Italy, one stepson, Lamar Hancock who is with the armed forces somewhere in the Pacific; one daughter, Mrs. B. E. Darrow of California, and nine grandchildren and one great-grandchild.

Funeral services were held in the Pleasant Valley Baptist church March 21 at 2 p. m. with Rev. J. T. Clinton of Lubbock officiating, assisted by the pastor, Rev. M. O. Rowe and Rev. O. J. Harmonson of Southland.

Full bearers were Henry Edwards, Buddy Hall, Jack Meeks, Bill Criss, Alva Robinson and Elmer Hill.

The flower girls were Shirley Hill, Virginia Lee Ward, Dixie Roberts, Juanita Roberts, Velma Chase and Ruth Hill.

Interment was made in Terrace cemetery with Mason and Co. funeral directors in charge.

Among the out-of-town relatives attending the funeral were Mr. Phillips and family, Lamesa; Henry Veach, Levelland; Jesse Veach and family, Abernathy; Lee Veach and Roy Veach and family of Escamondo, Calif.

## Some Children's Shoes Are Released From Rationing

Retailers may if they wish sell low-priced children's shoes in certain sizes ration-free during the period from May 1 through May 20, J. Doyle Settle, District Rationing Executive, announced today.

Sizes to be released are children's shoes in sizes 8 1/2 through 12, and misses' and little boys' shoes in sizes 12 1/2 through 3, and may be sold for no more than \$1.60.

Mr. Settle pointed out that this is only a temporary measure and that dealers are not compelled to release these shoes ration-free, but they may if they wish.

At the same time, the Rationing Executive announced that another ration stamp will become good in one pair of shoes May 1. No. 18 in Book 1 will expire April 30, and airplane stamp No. 1 in Book II will continue to be good indefinitely.

1944  
WAR FUND  
LET'S GIVE

**MORE INCOME TAX INFORMATION**

While the majority of the nation's 50 million taxpayers will find their 1944 federal income tax obligations taken care of through withholding by their employers, an estimated 15 million will be required to file declarations of their estimated 1944 tax by April 15. Declaration forms are being mailed by the Bureau of Internal Revenue to all persons who filed declarations last fall. The first quarter payment of estimated tax shown to be due on the declaration should be made at the time the declaration is filed, the other payments to be made on or before June 15, September 15, and December 15. Farmers who receive more than 80 per cent of their income from farming, may postpone

**EVACUEES ON LEAVE**

More than 19,000 of the 112,000 people of Japanese ancestry evacuated to relocation centers from the West Coast two years ago have been granted indefinite leave to establish homes outside the centers, the War Relocation Authority announced. Between 2,000 and 3,000 others are on seasonal leave, mainly as farm workers. Fully two thirds of the evacuees on leave were born in America, and 72 per cent have never seen Japan. Both citizens and aliens are carefully screened before permission is given to relocate.

File their declarations until December 15. However, if they wait until December they must pay all of their estimated tax at that time.

**Group Of Gas Coupons To Be Void On April 1**

Old type B, B-1, C, C-1 and E and R gasoline ration coupons will be invalidated April 1 to combat the black market, district OPA officers announced Tuesday.

The invalidation order will apply also to T coupons which do not bear the designation "second quarter."

The move will leave in circulation after April 1 only two classes of gasoline coupons, B-2 and C-2, which do not bear serial numbers. These two types, of more recent issue, are expected to be invalidated at a later date, leaving only serially numbered coupons in use.

The use of serial numbers on the coupons, OPA officials pointed out, has greatly simplified the job of checking up on the origin of gasoline stamps used improperly.

In most cases, the OPA officials said, consumer rations of the type coupons being invalidated will have expired by April 1. They said motorists with rations of these types extending beyond April 1 may exchange the invalid coupons for new ones at local ration boards.

Dealers will have through April 10 to dispose of invalidate coupons on their distributors or at local ration boards. Distributors must deposit the coupons in ration banking accounts on or before April 20.

Lewis Coleman, S 2-c, left Monday for his base at Kingsville, Texas, after visiting two weeks with his mother, Mrs. John Coleman. Also visiting in the home of Mrs. Coleman were Mrs. Gilbert Griffin of Forth Worth and Mrs. Thurman Francis and daughter, Jane of Arlington.

**Improved Uniform International LESSON**

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

**Lesson for March 26**

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

**THE SACREDNESS OF LIFE (TEMPERANCE LESSON)**

LESSON TEXT: Gen. 1:27, 28; Matt. 12:11, 12; Rom. 14:19-21; 1 Cor. 6:19, 20. GOLDEN TEXT: Know ye not that your body is the temple of the Holy Spirit?—1 Corinthians 6:19.

A high and ennobling concept of the value of human life is an important element in Christian thought. The Word of God always regards human life as sacred—a gift of God to be used for His glory, never to be exploited for gain or destroyed at will.

This important truth needs constant reiteration in a social order which is so shortsighted and sinful that it will permit the destruction of man through the sale and use of alcoholic beverages. The lesson has a real application to the liquor problem.

**I. God Honored Man (Gen. 1:27, 28).**

It should be of primary interest and concern to discover what the Maker and Lord thinks of His creation, man. He knows what is in man and if we learn of Him we may come to evaluate man aright. It is well to note first that when God made man—

**1. He Made Him in His Own Image (v. 27).**

The teaching of Scripture makes it clear that this image was not anything material or physical, but rather a likeness of personality. As God is a personal, moral, intelligent Being, so is man.

How tragic then that man will not only reject that grace, but will substitute his God-given personality to the destructive influence of alcohol.

**2. He Gave Him Power and Authority (v. 28).**

This is the very thing man is seeking, and here we learn that the only One who had a right to give it—God Himself—bestowed it upon man.

Having dominion over the entire earth, man is in a place of responsibility, not only for his own moral choices, but for the welfare of others. Think that over as it relates to the ever-growing liquor problem.

**II. Man Should Honor Man (Matt. 12:11, 12; Rom. 14:19-21).**

Since God has such a high regard for man, it is clear that we ought to have real respect for our fellow man. "Man's inhumanity to man" is often declared to be the world's greatest difficulty. It would not be so if God's Word were obeyed. Man would learn that—

**1. He Should Recognize His Fellow Man's Value (Matt. 12:11, 12).**

Property values are so well to the front in the thinking of all, that it requires no argument to convince anyone that a sheep that has fallen into a pit should be rescued. But the sad thing is that the man who would run for help to rescue a sheep in that predicament will hardly cast an interested glance at the drunk in the gutter, or lose a few minutes sleep over the girls who are going to hell by way of our countless taverns.

The plain fact is that we do not regard a man as of more value than a sheep. Many a neighborhood has been stirred to angry reprisal over the poisoning of a pet dog, but will let the liquor dealer poison men and women—all for a small license fee.

**2. He Should Sacrifice for His Fellow Man's Good (Rom. 14:19-21).**

Paul here states a high principle of Christian consideration. He makes clear that man is his brother's keeper and must do nothing which will tempt his brother to do that which will harm him.

**III. Man Should Honor Himself (1 Cor. 6:19, 20).**

Man is told not to think more highly of himself than he ought to think (Rom. 12:3), and that is good counsel. But at the same time he ought to think as highly of his own being as God does. He should recognize that—

**1. His Body Is the Temple of the Holy Spirit (v. 19).**

The Bible teaches that the moment a man believes in Christ his body becomes the dwelling place of the Holy Spirit. That means that he must never take that body in any place (such as a tavern) to do anything or partake of anything (like intoxicants) which would dishonor the Holy Spirit of God.

**2. He Belongs to God (v. 20).**

Men have been given a free will by God. He has given them the right of self-determination. That does not abrogate God's right to man's devotion and love.

The fact that we are free to choose should make us the more determined that the right choice should be made—that we shall glorify God in our bodies, which are His.

Does it take even a moment's thought to tell us that the violation of that body (and every bit of scientific evidence proves it to be a violation) by the use of alcohol is not only disobedient, but sinful rebellion against God.

**Fit Deserters For War Front**

**Over Half of AWOL Men Put in Fighting Trim at Processing Center.**

CAMP EDWARDS, MASS.—With a heavy barbed wire enclosure covering more than three acres of this military outpost the army is proving that it can make a good soldier out of a deserter from overseas duty.

It is here that the army has established its east coast processing center. It is one of the two in this country and until now has been veiled in military secrecy. Into the center pour men who have gone AWOL and have been picked up it states east of the Mississippi.

**Program Is New.**

The program in operation is new. In World War I, men who went AWOL from their outfits at the embarkation points got little individual attention. Disregarding their psychological and sociological problems, the army thrust them back into the life from which they had fled and branded them as misfits.

Now, however, the army has recognized the individual weaknesses of such men and believes it has hit upon a method of returning its "black sheep" to embarkation ports fit, both mentally and physically, for battle. It is rebuilding their moral stamina, sapped by the fear of danger at the front.

Since the center was set up here about 7,000 men have been processed. Its population varies with the movement of troops overseas and cannot be told, but it is revealed that 4,000 soldiers have been turned back to staging areas for overseas duty. About 450 have been judged misfits and discharged.

**Specialists on Job.**

In command at the processing center is Lieut. Col. George A. Parker, a Boston attorney before being recalled to service. He rose from second lieutenant to captain in the First World War and came here from the 756th Military Police battalion at West Springfield, Mass.

On his staff are 13 doctors and two psychologists who weed out the "physical and mental unfit."

A soldier going AWOL is sent here after being picked up. The most frequent reason he gives for deserting is that he "wants to go home" to see his family or girl friend.

The deserter's civilian and military records are studied closely. Then a court martial is ordered and a sentence is pronounced. If a man appears to be what Colonel Parker terms a "bad actor," he is turned over to other military posts for more rigid rehabilitation or is discharged.

When a man, who has successfully passed through the center, an effort is made to assign him to the same type of outfit from which he deserted. His background is kept confidential, however, and no stigma remains to endanger his future. If his record remains clean he gets an honorable discharge upon completion of service.

Mr. and Mrs. E. Z. Parr spent five days visiting their daughters in Dallas.

Mr. and Mrs. Rex Everett visited their daughter, Mary Charles, in Dallas last week.

Lincoln Ellsworth was the first man to fly across the Antarctic continent.

**GROW MORE GREENS IN '44**

Town and city groups—victory garden clubs, farm labor committees, schools, and other groups—desiring farm or garden speakers at their meetings should give their requests to the county agricultural agent, the War Food Administrator advises. The best time for such meetings is during "Grow More in '44" week, scheduled in most sections for April 2-8, before farmers get busy with the start of planting season, he suggested.

The three principal countries that colonized America are England, France and Spain.

**TORY GARDENS FOR TEXAS**

Wallace Kimbrough, Garza County Agent  
Governor proclaimed one in February as garden in Texas. Many gardens started in the Northwestern Texas then but many less could not safely be at that time, due to the

fact that our frost free date is some later than in the other parts of Texas.  
Above is shown a plan for a large city garden. It shows the varieties of vegetables you might want in your garden, width of rows and other information that may be useful to you. If other information is needed the County agent has a number of bulletins available on Victory gardens.

Bill Hermann and small son, Jr., of Lubbock spent week end visiting in the home of Mrs. Will Cravy. She is wife of S/Sgt. Bill Hermann serving with the Air Forces and.

Pvt. Herbert Hoover, Air Corps, Lowry Field, Denver, Colorado, while on convalescent leave following an appendectomy, is visiting his parents Mr. and Mrs. O. H. Hoover.

**SOUTHLAND NEWS**

Mrs. Marvita Truelock, Community Correspondent

Mrs. Clyde Sartain, who has been in the Sloan Hospital with pneumonia, is to be sent to the tuberculosis sanatorium this week. Her daughter, Doris Jean, turned in her books Monday at school and is going to live with her aunt at Hamlin. We all hope for Mrs. Sartain a speedy recovery.

The trustee election will be held at the school house at the usual time—the first Saturday in April. Three will be elected. Although the voter is free to write any name he wishes on his ballot, the following have been nominated: Sam Ellis (re-election), Earl Lomaster (re-election), Marcus Wilke, Roy Williams and Kenneth Davies.

Mrs. Grace Wilson of Lubbock came a week ago Saturday as Mrs. E. M. Basinger's new night nurse. She reports her patient is improving.

Rev. E. C. Armstrong and quite a number of his members attended the Methodist Zone Meeting last week.

Sunday the Adolph Wilkes visited their three children who reside at Morton.

Sunday Mr. and Mrs. S. M. Truelock celebrated their silver wedding anniversary. Those present were their daughter, Miss Eva Faye of Lubbock and son, Marvin and family.

Mrs. Delbert Allcorn of Stillwater, Oklahoma came Saturday to visit her parents, the J. L. Taylors, until her husband knows where he will be stationed.

The Baptist children will have an Easter program and Easter Egg hunt a week from next Wednesday. Each Sunday School pupil of the three younger classes is urged to be present. Twenty evergreen trees have been ordered, to be set out on the back of the church lots for a windbreak and, if the package arrives by that time, each child will set out his tree and give it his own name.

Harvey Howard of Barnum springs visited his sister, Mrs. D. Pennell Sunday.

The Dave Mayfields visited his parents at Roby Sunday, attending church at Sweetwater, their former home, that night.

**Southland Boys In Service**

Rev. and Mrs. O. J. Harmonson attended the funeral Sunday afternoon at Wichita Falls of their nephew, who died last Monday.

Lt. Eben L. Woodrum was at the controls of the plane, which carried eight 100 lb. bombs and several hundred pounds of ammunition, leaving the Florence S. C. Army Air Base for bomb practice. One engine caught fire and they lost one wing over the town but Lt. Woodrum coaxed the plane to a near-by field. When the ship hit the field, three bombs exploded, the other five miraculously falling to add to the holocaust. The commander at the field told the boy's father that his son could have bailed out and saved his own life; but in sacrificing his own to save the explosion from the town, he must have saved at least 100 lives. He is survived by his wife, parents, two sisters, and one brother, the latter to receive his wings soon.

T-Sgt. Ralph L. Landers graduated March 6 from Radio School in Tomah, Wisconsin and came home last week. This son of Mrs. Annie Landers must be in Fresno, Calif. March 20th. His sister, Mrs. Herman Whitted and family of Odessa were here last week. Friday all of the Landers family were dinner guests of Mr. and Mrs. J. L. Whitted.

S-Sgt. and Mrs. Herman Irwin spent the week end here with his parents, the John Irwins. Also, the Irwin daughter, Mrs. Charles Richmond of Lubbock.

Rev. B. C. Tension, pastor of the First Baptist church, is in Wilson conducting a revival meeting.

Cpl. Bets E. Dietrich and wife of Hampden are visiting their parents, Mr. and Mrs. H. J. Dietrich and Mr. and Mrs. Wren Cross.

MODesto, CALIF.

**How To Blot Out The Gas Black Market**

How the public could help blot out the nation's black market in gasoline is being pointed out by the Office of Defense Transportation. Seriousness of the black market was indicated recently in a statement by Price Administrator Chester Bowles in Washington that it was responsible largely for the necessity of reducing ordinary passenger car gasoline allotments to two gallons a week, beginning March 22.

The ODT says there would be no black markets if:

1. Consumers did not buy gasoline without coupons, and would use only coupons rightfully issued to the motorist.
2. Dealers would sell gasoline only for coupons issued to the customers.
3. Customers would endorse their coupons with the license numbers and dealers would accept only coupons which have been endorsed by those customers.

**W. O. Fluitt Has Unusual Accident While Grinding Feed**

W. O. Fluitt had an unusual accident Thursday when his hand got caught in a feed grinder and broke two fingers on his right hand. He had on a good heavy glove and it saved lacerating his hand.

The grinder choked. He killed the motor of his tractor and was cleaning out the mill, slowly turning it by hand which cranked the tractor and caught his hand.

Cpl. Coy Noles left Friday after visiting a few days with his sister, Mrs. L. H. Ingram. He is stationed at Camp Hood and his home is in Throckmorton.

**Soil Conservation District News**

Several Duck Creek Conservation District Cooperators are trying various methods of "stubble mulch" farming. Simeon Kemp of the Close City Community has had a special tool made which plows the ground yet leaves the previous year's stubble on the surface of the soil. W. C. Quisenberry of the Grassbury community plans to accomplish the same result by removing the mold boards and using a "buzzard wing" attachment on his lister points. Leaving a good litter on the surface of the soil increases the ability of the soil to absorb water and decrease evaporation from the soil. Stubble mulching and other good agronomic practices are just as important in a well rounded conservation program as are such mechanical practices as terracing, and contour cultivation.

Chick Curry has recently bought a terracing plow, and is building terraces on Earnest Henderson's farm east of Close City.

Dewitt Caylor has completed the main part of the terraces on Sam Sander's farm with a double disk plow and is now making the fills. Mr. Caylor said recently, for publication: "A terrace is just as high as its lowest fill."

Elva Peel and Aaa Casey also did tresh work on their terraces making fills, end closures and outlets.

Pfc. Houston Hoover, Marine Base, San Diego, Calif., left Monday after spending a six-day furlough here with his family.

**OIL-PLATING YOUR ENGINE**

is like outdoing the future—today

"A bird in the hand" is worth a whole flock of 1950 cars with wings—or even more moderate 1945 models that aren't here yet either. Better grasp the big advancement that's ready now... Better have your engine OIL-PLATED!

Conoco N<sup>th</sup> motor oil, for your needed Spring change, at once brings your engine internal OIL-PLATING—the foe of cursed engine acids. These unavailable "leftovers" of combustion were a menace even when partly driven off by the steady heat of long trips. But rationing brought short jumps, with overcool operation that magnified acid attacks. It's high time now—in any car, under any conditions—to check rampant acids. And you'll succeed with Conoco N<sup>th</sup> oil, containing an advanced synthetic. This acts "magnet-like"... makes metals attract and hold their acid-resistant shield of OIL-PLATING.

Though your engine's cool or hot—running or not—the OIL-PLATING doesn't all promptly drain down to the crankcase. And where there's OIL-PLATING, the acids that want to destroy are told to "Keep Off!" That's how Conoco N<sup>th</sup> oil can advance your car's chance to keep going. Change for Spring today at Your Mileage Merchant's Conoco station. Continental Oil Company

**TOOTH BRUSH. RAZOR  
MEAN MUCH TO G. I.**

A tooth brush, a cake of soap,  
and a razor from a Red Cross  
ditty bag, the "incidentals" of  
civilian life, mean more to a man  
who has been living in a fox-hole  
for thirty days than money, personal  
effects, or entertainment, a Red Cross  
medical social worker reports from  
the South Pacific.

"The men are brought to our  
evacuation hospital by plane and  
boat after emergency treatment  
... they come with little more  
than dog tags around their necks  
and a month's growth of beard,"  
she said. "It is the Red Cross ditty  
bag packed by loved ones at  
home, that gives the G. I. his first  
taste of respectability after weeks  
of action in muddy jungles and  
dirt-choked fox holes and boosts  
his morale for the all-important  
job of getting well again." She  
recalled the words of a wounded  
soldier:

"Yes, ma'am, I need that ditty  
bag. I need it because all I've got  
right now is bullet holes and high  
morale."

**BONDS OVER AMERICA**

Irrigating millions of  
acres, and providing  
unlimited electric  
energy, Boulder Dam on  
the Colorado river is  
one of the construction  
wonders of the world.  
It represents an invest-  
ment of \$125,000,000.

**Boulder Dam**

**"Let's All Back  
the Attack," with  
Extra War Bonds**

Bombers and saboteurs  
are destroying years of  
labor in the water sys-  
tems of Europe—the  
great dams built to  
provide for the com-  
fort of man, not his  
destruction.

**MAKE WORK AT ANY PRICE!**

As the government goes forward  
with plans to increase draft  
of fathers and as American battle  
casualties in every part of the  
world mount into the hundreds of  
thousands, a late issue of the 'Ore-  
gon Voter' tells of some of the make-  
work rules still being enforced by  
the unions in the country's largest  
shipyards: "If a plank has to be  
laid across a couple of saw-horses,  
for a crew of pipe fitters to make  
an adjustment high up on a parti-  
tion, a crew of shipwrights has to  
be routed to the place, as work  
with wood is shipwright work. The  
management has to plan this  
routine in order to avoid too much  
delay. When the time comes for  
the plank to be lifted off the pair  
of saw horses, to be moved a few  
feet to put in another length of  
pipe, the crew of shipwrights has  
to be routed to the spot again to  
move the wood. Any delay in this  
routine means a suspension of  
work by the crew of pipe fitters  
while they wait for the ship-  
wrights.

If a gadget one man can  
carry is needed from the ware-  
houses, the pipe fitter, or machin-  
ist, or shipwright, must not go for  
it, the teamsters union must fetch  
it."

And labor leaders wonder why  
public wrath is rising against  
union managements.

**Views of  
Neighboring Editors:**

The Scurry County Times—  
How About Draft Dodgers?—Im-  
mediate need of the nation calling  
more men to the colors brings the  
stark, cold facts to the front that  
West Texas counties like Scurry,  
Garza, Borden and others have  
virtually been drained already of  
able bodied men fit for service  
in the various branches of mili-  
tary service.

Need of yet more men for ser-  
vice prompts the question, in view  
of the serious manpower prob-  
lem, why Selective Service does  
not clean out the aircraft plants  
of the nation and other plants of  
able bodied, robust men who have  
found in war jobs a good refuge  
from the draft. A Times reporter  
recently saw several thousand  
young men working in a bomber  
plant—holding down jobs women  
could easily fill with honor and  
credit. There certainly isn't any  
sense in draining our counties here  
of all menfolks when aircraft  
plants and tank plants are har-  
boring thousands of draft dodgers.  
Washington itself is harboring  
thousands who occupy chairs in  
government agencies, and the  
sense of right should prevail over  
might—even if we are involved  
in a war that gets more bitter  
and bloody by the months.

Balls Banner—It must have  
been a sad sight. You know those  
thousands of tourists in Florida  
having to ride the rods, practical-  
ly, back home with their hard  
earned coats of sun tan. It seems  
a lot of the smooty suntan getters  
got off down in Florida and the  
ration boards would not let them  
have gas to get back home on.  
What to do? Well gas is growing  
scarcer and scarcer in the good  
ole U. S. A. and gasoline is front  
page news every day. So we shed  
few tears and lose very little sleep  
about those who had to leave the  
old bus in the garage in Florida  
and ride an old dirty pre-war  
passenger train back to New  
York.

Lynn County News—We be-  
lieve that it was Captain Robert  
Spikes who made the statement  
before the Rotary Club last week  
that the German soldiers are very  
definitely afraid of American  
negro soldiers. When they see a  
company or a group of negro  
soldiers advancing upon them  
humming one of their weird tunes,  
it frightens the wits out of those  
Germans. The negroes are doing  
their part to win this war for  
America and for God, and they are  
to be commended for it.

Slaton Slatonite—Every week  
more and more people are pho-  
ning us about local happenings,  
and we certainly do appreciate this  
interest, for it helps make your  
paper more interesting, especial-  
ly to the hundreds of our men in  
service. We've received many let-  
ters from the men in service and  
they ask us to print every bit of  
Slaton news that we can get.

Like most everyone else, we are  
working shorthanded and do not  
have the facilities to gather as  
much local news as we would  
like to get. If you can send in any  
small item concerning our people  
here in Slaton, you will be help-  
ing to make the Slatonite more in-  
teresting; just take a few minutes  
to phone us the details. All we  
want is the facts, we will endeavor  
to put them together so that they  
will make interesting reading.

1714 Avenue G,  
Lubbock, Texas

**CHOOSE YOUR GOVERNMENT  
NOW**

Fifteen states have endorsed the  
proposal to limit by Constitutional  
amendment the peacetime tax-  
ing power of the Federal govern-  
ment to twenty-five per cent on  
incomes, gifts, and inheritances.  
The issue is not merely one of  
taxes. The people of this country  
must decide what kind of govern-  
ment they will have after the war.

Robert B. Dresses stated the  
issue clearly when he said: "Neces-  
sarily involved in this controversy  
as to taxes is the question of  
whether our system of free enter-  
prise is to be replaced by national  
socialism. Under free enterprise  
the capital required to provide  
jobs is furnished by the individual  
and ownership of the business is  
in him. Under socialism the capi-  
tal is furnished by the govern-  
ment, and it becomes the owner."

There is only so much capital in  
the nation. If the taxing policies  
of government result in govern-  
ment absorption of private capital,  
the nation automatically becomes  
socialistic. This country is head-  
ed that way. American Federation  
of Labor spokesmen observed in  
1940: "As labor and industry sur-  
vey what has happened to labor  
and industry in those lands where  
all powers have been concentrat-  
ed in the central authority, they  
fear and oppose the steps which  
thus far have been taken here, to  
enlarge the dominion of the Fed-  
eral government over the lives  
and fortunes of the American peo-  
ple."

Since 1940, momentum toward  
the socialized state in America  
has increased—wholly apart from  
the war emergency.

**Acute Teacher  
Shortage Shown**

A graphic over-all picture of the  
Texas wartime teacher-shortage  
was drawn this week as the Uni-  
versity of Texas Teachers Ap-  
pointment Bureau summarized its  
1943 work.

Recorded requests for teachers  
to fill vacancies numbered 2,741,  
yet the bureau had only 441 candi-  
dates on its list.

The teacher shortage is now  
much more acute than at the cor-  
responding period in World War  
I, it was shown. In 1918-19, the  
bureau had 1,017 calls for teach-  
ers, and 456 applicants register-  
ed, or almost half enough to fill  
all vacancies. In 1943, however,  
if all applicants had been placed,  
there would still have been nearly  
85 per cent of the teaching  
positions open.

**CIVILIAN FOOD SUPPLY  
FAVORABLE**

The civilian food supply for the  
next few months appears to be  
more abundant than for the same  
period last year, the Department  
of Agriculture reports. Potatoes  
and cabbage head the list of really  
abundant foods over most of the  
country. Other products include,  
beets, spinach, peanut butter,  
shell eggs, grapefruit and small  
oranges, frozen baked beans,  
citrus marmalade, lard, canned  
green and waxed beans, frozen  
vegetables, and canned tomatoes.

**Grade School News**

**Miss Bonnie McMahon, Reporter  
Bond and Stamp Sales**

Last week the sales amounted  
to \$211.75. Mrs. Wright's room  
bought the largest amount, which  
was \$77.10. El Wanda Davies, Ann  
Gates, Giles Dalby, Cecil Osborne  
and Jimmy Hutton bought bonds.

**Grade School Personality**

She is a member of the seventh  
grade class. She has light brown  
hair. She has many friends and is  
well liked by the boys. She dress-  
es nice. She is very smart and is  
always on the Honor Roll. She  
was elected queen of Grade  
School. Can you guess who she  
is?

The above was written by Mar-  
jorie Freeman and Ramona Ten-  
nison.

**A Study of Houses**

By Earnest Bostick

Miss Cromer's third grade class  
has completed a unit about the  
construction of houses. Different  
pupils have made houses to re-  
present each type that we have  
learned about. Some of the pupils  
made frame houses, log  
houses, adobe houses, igloos and  
grass roofed houses. We have  
learned where the material comes  
from to build each of these and  
the different steps taken before a  
house can be completed.

**Netherlands**

By Ann Gates

Our fourth grade has been  
studying about the Netherlands.  
We think it is a very interesting  
country because of the different  
clothing and their dikes.

**Learning Poems**

By Robert Tennison

The 5-2 reading class had fun  
last week. Miss Scott is our teach-  
er. We studied and learned the  
following poem:

**A Task**

I must be strong to win a race,  
And in this world to find my  
place.  
No weakling can achieve for  
long  
Unless he builds his body strong.  
I must be strong of foot and eye  
or else the prize will pass me by.  
I must through all the day take  
heed  
To care for everybody's need.

**BRISBANE ARC FEEDS  
125,000 MONTHLY**

Open twenty-four hours a day,  
the American Red Cross club at  
Brisbane, Australia, served 60,000  
meals in one month at a com-  
paratively small lunchroom in ad-  
dition to 65,000 meals served in  
the main dining room.

## J. E. Bullock, Sr. Honored With Birthday Dinner

Sunday Mrs. J. E. Bullock, was honored on her sixty-sixth birthday with a dinner. Thirty guests were present, including nine children and grandchildren and great-grandchildren.

Present were: Mr. and Mrs. C. Jones, Grassland; Mr. W. Z. Bullock, Post; Mr. C. L. Cooper and children; Mr. and Mrs. J. E. Bullock and children; Ropesville; Sims, Ropesville; Mr. and Mrs. Young and son, Close; Mr. and Mrs. Ray Norman and children, Hackberry; Mr. and Mrs. V. Laws and children, and Mrs. J. E. Bullock, Sr., and her brother, Jim Bullock received many beautiful and useful gifts.

## J. R. Durrett Press To The Needlecraft Club

Needlecraft club met Friday, March 10, with Mrs. J. R. Durrett as hostess. After an hour of singing the group sang Irish songs accompanied by Mrs. T. L. at the piano. The hostess opened with clever contests and singing with St. Patrick's Day. Delicious salad course was served to the following members: L. A. Smith, Boone Evans, Amson, W. R. Graeber, F. W. F. Pierce, R. L. Cox, Campbell, L. C. Carmichael, Mrs. M. J. Malouf, Ida Rob-Carl Clark, T. R. Green-Carl Thomas, J. M. Boren, Stone, J. B. Faulkner and Mrs. G. E. McPherson, and Mrs. W. F. Presson.

## BIRTHDAY PARTY AT TWO DRAW LAKE COMPLIMENTS LA RUE STEVENS MARCH 18

Mr. and Mrs. Roy Stevens complimented their daughter, La Rue, with a party on her 10th birthday March 18 at Two Draw Lake. Games were played and La Rue opened her presents with many "Ohs and ahs!" Refreshments of lemonade and cake were served to Anita Kennedy, Wayne Kennedy, Sue Brister, Ann Mullins, Mary Ann Humbley, Ann Gates, Charles and Mary Nell Bowen, Wayne Miller, G. W. and Barbara Lewis, Robert and Isaac Tension, Don Farmer, Haskell Odum, Dale Karpe, Robert Smith, Zoe Sims, Jackie Moore, El Wanda Davies, and the honoree.

## NEEDLECRAFT CLUB

The Needlecraft club will meet with Mrs. L. C. Carmichael Friday, March 24 at 3:30 p. m.

Lt. Zelma Stephens visited her parents, Mr. and Wesley Stephens Thursday. Lt. Stephens recently won a medal as a marksman with pistols. Two other nurses won medals at the same time. They asked for permission to take the range course.

Lt. Stephens has signed papers for foreign duty. She is now stationed at Lubbock.

Tom Davis of Lubbock spent last week visiting his daughter, Mrs. Tom Sims.

## War Bond Today!

## Post. H. D. Club Organizes Thursday At Court House

The Post Home Demonstration club was organized Thursday, March 16, when a group of Post women met at the court house with Miss Mabel Ann Manley, County Home Demonstration Agent.

Seventeen names were put on the membership list and these women are very enthusiastic over this important and interesting work. All women are cordially invited to enter this work, or to attend occasionally if they cannot attend regularly. Those attending regularly will derive greater benefits and find the work more interesting.

The following officers were elected: pres. Mrs. N. C. Outlaw; vice-pres., Mrs. L. W. Kitchen; secy-treas., Mrs. Wallace Kimbrough; council representative, Mrs. A. C. Surman; reporter, Mrs. Z. D. Kemp.

The regular meetings will be held in the court house on first and third Thursdays of every month.

The next meeting will be on Thursday, April 6. —Reporter

## Mrs. Lola Peel Hostess To Graham Homemakers Club

The Graham Homemakers Club met Thursday, March 16 in an all day meeting with Mrs. Lola Peel. They served a nice dinner, everyone helping out by bringing a covered dish.

Miss Mabel Ann Manley, Home Demonstration Agent, met with the club and tested pressure cookers. There were sixteen members and two visitors present.

The next meeting will be Thursday, March 30 in the home of Mrs. Frankie Baldwin. —Reporter

## Merry Makers Club Is Entertained By Mrs. R. V. Thomas

The Merry Makers club met March 14, at the home of Mrs. R. V. Thomas with Mrs. Mike Custer as co-hostess. There were twenty members and six visitors present.

It was decided at this meeting that all women that are interested in organizing a Home Demonstration club are to meet at 5 o'clock March 21 at the school house. Miss Manley will meet with them.

The next meeting of the Merry Makers will be March 28 at the home of Mrs. Caldwell. Every person is to bring a gift to be sold. Each gift is to sell for fifty cents, and all the money is to be given to the Red Cross. All women of the community are invited to be present and take part in this worthy cause. —Reporter

## Word Has Been Received By Mrs. Paul Moore That Her Brother, Lt. Merrell Harper, Bombardier, Had All Ratings of Average and Above Average at the Time of His Graduation from Victorville Army Air Base, Victorville, Calif.

Lt. Harper is now overseas.

George Lemon, owner and manager of the Pioneer Cookie Company of Lubbock, was transacting business in Post on Monday.

## Pressure Cooker Tests Being Made In Garza County

During the past two weeks 17 pressure cookers belonging to the women of Garza county have been tested.

This is a wise precaution because now the cooker manufacturing companies tell us they can replace parts but they insist that if the customers wait until later in the year they may not be able to render this service.

Testing the gauge of the pressure cooker is a very simple process if you have or can obtain a maximum thermometer. The cooker is prepared just as if you were going to can. The thermometer is placed on a rack or in a pint fruit jar in the cooker, the lid tightened and steam is allowed to escape about seven minutes. The pressure is then brought up to ten pounds and allowed to stay at that pressure for five minutes, the cooker is removed from the fire and the pressure allowed to return to zero. After the cooker has been at zero for about 5 minutes open the pet-cock and allow the steam to escape slowly. Remove the thermometer and take the reading. If below the Cap Rock reading should be 238 degrees, if above 236. If the gauge is off as much as 5 degrees either way a new gauge should be secured from the company your cooker was purchased from or should be sent to them for repairs. To test the cooker at 15 lbs. follow the same procedure and keep at 15 lbs. For 15 lbs. the thermometer should register 248 and 246 degrees. Be sure that the thermometer is at 228 or lower before the testing begins.

The county home demonstration agent has a maximum thermometer in her office and will be glad to assist any group in testing their cookers. If this service is desired, however, it would be wise to see her as soon as possible so that she can work this in on her program.

## Williams-Jenkins Wedding Vows Read In Fort Sill, Okla.

In a single ring ceremony read by Rev. Gartwood of the Broadway Baptist church in Fort Sill, Oklahoma, Miss Hazel Marie Jenkins became the bride of Chief Petty Officer W. J. Williams.

The bride is the daughter of Mr. and Mrs. H. M. Jenkins of Tahhako and the groom is the son of Mr. and Mrs. W. N. Williams of Post.

Williams is a member of the Naval Construction Battalion and has been stationed in Fort Sill but left soon after the wedding for Providence, Rhode Island. The bride is in Fort Sill where she is employed.

Ivy Jenkins, sister of the bride, served as maid of honor. Deamus Altman served as best man.

## First Christian Ladies Aid Meets With Mrs. Robinson

The Ladies Aid of the First Christian church met with Mrs. Ida Robinson Tuesday at 2:30 p. m.

Mrs. B. C. Manis, the president, presided over the business session. Mrs. Lee Davis is still teaching the study course which is getting more interesting each meeting. The hostess served delicious refreshments to nine members at the end of the afternoon.

Our next meeting will be at the home of Mrs. Manis. —Reporter

## GRAHAM 4-H CLUB HOLDS REGULAR MEETING THURSDAY, MARCH 9

The Graham 4-H girls met March 9 with Miss Manley present. After Janet Stewart, our song leader, led in singing, the meeting was turned over to Miss Manley and she gave her demonstration on how to make head scarfs. By the next meeting the girls should have their head scarfs finished and material for aprons.

The next meeting will be on April 12. —Reporter

## Texas War Effort Contributions Studied By Club

A Texas program was presented when the Culture club met last week with Mrs. L. A. Presson with Mrs. J. E. Parker co-hostess. Mrs. E. W. Williams was leader for the program "The War's Effect on the Industrial Development of Texas."

Following the usual business session, "Texas, Our Texas" was sung with Mrs. Jones at the piano.

Recent agricultural developments in what has been primarily a cotton state were discussed by Mrs. Lee Davis. The recognition of and research with the soy bean, the cultivation of pine forests, and government orders concerning cotton and its products were the main topics she presented.

Ship and airplane building and allied industries were discussed by Mrs. Manly. The airplane plants, Consolidated at Fort Worth, with its "longest assembly line in the world" and North American at Dallas, are vital parts of the war industry. The housing problem hastened the development of prefabricated houses. These houses, which are standardized now in war work locations, will be available later in various types and sizes. Seven kinds of ships are being built in Texas Gulf Coast shipyards, including sub-chasers. Liberty ships and land vessels. Numerous munitions plants, training camps, air fields and chemical plants are located over the state.

The development of the mineral industry was discussed by Mrs. Cenley. From 25 kinds of minerals in 1937, the state has increased to a production of 60. Texas has 53 percent of the nation's oil resources, and is the major gas supply of the nation. The only tin smelter in the Western Hemisphere is at Texas City. The coal industry, dormant for many years, is being revived with the plant at Daingerfield.

Mrs. E. W. Williams discussed the development of the rubber industry. The reserve stock pile was developed by a Texan, Jesse Jones.

The huge synthetic rubber plants at Port Neches and Houston will produce a large amount of that nation's supply. The cultivation of the rubber plant, guayule, in the valley also was discussed.

From these studies it appears Texas industry like Texas men is playing a vital part in the war.

The next club meeting, a Time Magazine program, will be with Mrs. Lee Davis with Mrs. Jones as co-hostess. —Reporter

## Lights of New York

by L. L. STEVENSON

New York's better hotels are again so crowded that out-of-towners desiring accommodations stand little chance of obtaining them unless reservations are made in advance. That applies especially to week-ends when the rush reaches its peak. After the overcrowding of several months ago, when rooms were at a premium, there was a lull during which almost nightly, practically every hotel had vacant rooms. At Christmas-time, always a dull season in New York hotels, there were far more rooms than guests. That held true until a fortnight after the holidays. Then, "just as if a dam had broken," to quote one veteran hotel man, there came a rush that resulted in an overflow. So, as this is being written, there are once more lines waiting at hotel desks in the hope that someone will check out, while managements are struggling desperately to maintain service with war depleted staffs.

The previous rush was caused largely by an influx of servicemen, their families and friends. Such is not the case, however, at present. An analysis of the register of an east side hotel which may be taken as typical, shows that servicemen constituted less than 3 per cent of the total number of guests. Most of the arrivals came to New York on business of one kind or another. Many of these are classed as "small business men." Am told that they are extremely reticent as to why they are here but there is an impression that they are endeavoring to learn what is likely to happen to them when the war ends. At least, meetings of various kinds are frequent. Among other arrivals are defense workers who, flush with funds and unable to obtain consumer goods, come to New York to spend their money.

Possibly due to travel conditions, the greater number of arrivals, as revealed by that register, come from nearby points. Seventeen per cent of those who registered gave their homes as various cities and towns in New York state. Sixteen per cent were from Massachusetts. Ohio contributed 11 per cent and Illinois, 10 per cent. Five per cent came from Michigan. The rest were from all over the country with the Pacific coast fairly well represented. But no matter the point of origin of the arrivals, the better hotels are once more crowded and hotel men would be happy indeed if they could only obtain enough help to care for their guests as they did in the days before the war.

Though in this one instance the percentage is low, there are thousands of servicemen in the city. Thus the holders of photo taking concessions in night clubs, bars and elsewhere are reaping a harvest. Soldiers and sailors like to have their pictures taken, especially by an attractive girl. The camera operators are all of that. They work on a percentage, thus their income depends on the number of times they snap a shutter. Runners collect the exposed plates, take them to nearby studios, where they are developed, and deliver the prints as soon as possible. The charge is \$1 for each picture and there is no discount for extra prints.

Because of complaints concerning persistent solicitors and for other reasons, attempts were made to eliminate the photo takers. But holders of the concessions went to the courts and so the order of the license commissioner could not be enforced. Owners of places where the photo takers operate either are paid a lump sum for the concession or receive a commission. Hence it is easy to see where their sympathies lie—and why complaints are ignored. In an Eighth avenue bar, a soldier had his picture taken. When the print was delivered, he looked at it and exclaimed, "I'm sending this to Mom and was going to tell her I was tight when it was taken. But when she finds out I paid a buck for this photo, she'll know without me telling her."

Settling: A colonel's observation after viewing a WAC parade: "They're wonderful—2,000 women and not a slip showing." Gladys Shelley's (she wrote the lyrics to Ernesto Lecuona's music in Vincent Youmans' revue) new song, "Powder Blue," sounds like a quick hit.

Hai Block, chief script writer for USO shows and broadcasts in Europe for the last 15 months, is planning a book about his adventures with Bob Hope and other stars who performed in the European African theater. Les Damon, radio's "Thin Man," spends his spare time perusing seed catalogues in preparation for his greenhouse Victory Garden.

## FRISCELLA CLUB

The Friscella club will meet in the home of Mrs. Jim Hundley Friday, March 24 at 3:30 p. m.
