

Ve Grain By eating Seed fore Planting

By Wallace Kimbrough
County Agent of Texas A.&M.
Extension Service

Every grain of sorghum planted should be treated this year. With the large numbers of stock and poultry on the American farms and the need for all grain possible, every method of producing and saving grain for should be used. But, the most destructive disease of grain sorghums known, can be prevented or eliminated in this crop. It requires little time and the cost is very small and the treatment could mean tons of saved and with the present being paid for feed and the need during these War Times can afford to take the losses by attacks from smut in sorghums. There are a number of seed treatments that will give good protection. Some of these are: copper sulfate, basic copper sulphate, improved ceresan and dust sulphur. Some of the above materials are poisonous and must be handled with care. It is possible to over-treat with some of the materials harming the germination of the seed resulting in poor stands. It has been found that livestock and poultry are poisoned by eating treated grain. Be sure to follow instructions on the container for the best results in using these materials. The use of dusting sulphur has been found to be very effective in preventing loss in grain sorghums from the attacks from smut. Sulphur as well as being effective is cheap, non-poisonous and easy to handle and obtain. Too, sulphur, regardless of the amount and time used, will not harm the germination of the seed. Applied at the rate of three ounces per bushel of seed will give protection. Equipment needed can be found on any farm, a tight container such as a large tin can or barrel will do the job. Place the seed and material in the container and roll the lid on tightly and roll each kernel is thoroughly treated with the dust. This treatment will pay good results with other crops as well as grain sorghums. Treat your grain seed for greater yields and better products.

Canning Sugar Registration Date Set For May 9-31

Canning sugar registration will be held at Southland School House May 9, 1944 through May 31. Applications will be taken at the Garza County Courthouse the hours of 1 to 5 p. m.

Registration will be held at Southland School House May 9, 1944 through May 31. Applications will be taken at the Garza County Courthouse the hours of 1 to 5 p. m.

It will be necessary for you to get War Ration Book No. IV for each person that applies for a license to make application for sugar for canning during the period as there will be no applications taken after May 31.

Garza County War Price and Rationing Board

RATIONING CALENDAR

Fats—Red stamps AB through MB, are good indefinitely. Stamped Foods—Blue stamps through KB, good indefinitely. Sugar—Sugar stamps 30 and 31, good for five pounds indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year. Coupons—A-11 coupons, good through June 31. Stamp 18 in Book One, through April 30. Airplane stamp 1 in Book Three, good indefinitely. Airplane stamp 2, good through May 1 and remains good indefinitely.

Calloway Huffaker Announces For District Attorney

Calloway Huffaker of Tahoka, Lynn County, has authorized us to announce his candidacy for District Attorney for the 106th judicial district.

Mr. Huffaker was reared in Lynn county and has spent practically all of his life there except the years that he attended Texas Technological College, Texas University Law School, and the four years he taught school in Dawson County. He was licensed to practice law in April, 1939, and commenced the active practice of law in Tahoka in September, 1939. He was elected County Attorney of Lynn County without opposition in 1940 and again in 1942, in which capacity he is now serving.

During the five years that he has practiced law in the courts of this district, he has come to be regarded as one of the most outstanding young attorneys of the district and is known for his hard fighting qualities in the court room.

Mr. Huffaker has been rejected for military service both as a volunteer and as a draftee, but states that his duty first is to his country and that any time the armed forces see fit to accept him that he will gladly accept.

Some of the planks in his platform are as follows:

1. Enforcement of all laws to all alike.
2. A thorough investigation of all cases to the satisfaction of the grand juries.
3. A speedy and legal disposition of all indictments.
4. That no case be disposed of by the district attorney through bias or favor, but only on their own merits.
5. That where warranted by law, suspended sentences be granted only in cases where justice will be best served thereby.
6. That the district attorney be ever mindful of his duties to represent the state as prosecuting attorney.
7. Fair, just, and legal prosecution of all, but persecution of none.

Mr. Huffaker further states that he appreciates the encouragement received from his many friends throughout the district. He invites the voters to carefully investigate his record and will appreciate any consideration that may be given him and promises that, if elected, he will do all within his power to make the 106th judicial district the best and most thorough district attorney that it has ever had.

Farm Machinery Quota Is Boosted

An announcement of interest to Garza farmers and hardware dealers alike was made by the WPB a few days ago. Quotas for farm machinery are to be boosted in 1944, the announcement revealed.

With farm machinery manufacture trailing 22.7 per cent behind schedule, the War Production Board is boosting the quotas of those plants that can stand more pressure. While asserting it is impossible to catch up with the 1944 crop season goals, WPB officials said they hoped to make up a good part of the production deficit before the harvest starts.

WPB officials canvassed the entire farm machinery industry after obtaining from the War Food Administration a list of the equipment items most urgently needed. Each manufacturer was asked how much additional equipment of the urgent types he could build and WPB now is authorizing increased quotas for those who have indicated their ability to handle extra production.

Farmers Urged To Increase Fats-Oils Production In '44

Now is the time when farmers make the crop plans which will make or break our oil supply position for the year 1944. We are fixed all right for 1944. We have the biggest slaughter of hogs in history. We have turned out the oil from the 1943 crop of soybeans, peanuts and flax—the biggest ever grown in the United States. We are going to be able to import more from foreign countries than we did earlier in the war.

But what about 1945? Farmers will give the answer with their plantings of the oil crops this spring. We will need even more fats and oils in 1945 than in 1944. That will be a year of heavy demand for explosives and other military products of the oil crops, or great demands for fats as food. But, it will be a year of smaller production of animal fats, as the hog population declines under the need of adjustment of animals to feed supplies. We will have 400 to 500 million pounds less of these fats than in 1944. We must replace this with oil crops. That replacement will require the full national goal acreage of these crops. Should oil crop acreage fall short of the goal for 1944, the nation risks falling short of a critical war material in 1945.

The March 1, Intention to Plant Report indicates that Texas will fall short of the peanut goal by about 275,000 acres. The situation is similar in other oil crops. Although increased price supports for soybeans and peanuts were announced after March 1, and acreage planned is somewhat greater than indicated on March 1, it appears that present plans are still far short of the goal.

Housewives Urged To Take Care Of All Ration Books

Housewives are advised by the Garza County War Price and Rationing Board, to take good care of War Ration Book IV and to keep Book III in a safe place.

All buying of rationed foods is now done from Book IV and that book will be in use about three times as long as earlier food books.

Applications are frequently received from people who want replacements for ration books that have been lost or damaged. Since no more ration books are to be printed soon, replacement may become increasingly difficult.

Book III must be kept, even though it is not used for food buying since it contains airplane stamps, one now good for shoes and will probably continue to be used for shoe rationing. After stamp No. 18 in Book I expires April 30, that book will be withdrawn from use.

From the European theatre of operations of the United States Army comes a notice this week to the Dispatch that two Post boys have been awarded the good conduct ribbons. They are Pvt. Delma L. Fly, son of Mrs. Beulah Stella Fly of Route 2, and Pvt. One O. C. Warren, son of Mrs. Jewell Warren. Both boys are with station hospitals.

Frank Lawson Funeral Rites Held Sunday

Samuel Frank Lawson, 42, farmer of the Close City community, died Friday afternoon, April 14, at his home after an illness of more than two years.

Funeral services were conducted Sunday afternoon at the Close City Baptist church with Rev. T. M. Gilliam of Waco officiating, assisted by Rev. T. W. North, pastor.

Lawson, a resident of the community for six years, is survived by his wife; two children, Clea Frankie and Ella Jo; four sisters, Mrs. Ora Bratton of Post, Mrs. Nellie Pinson of Roanoke, Texas, Mrs. Audie Baldwin of Snyder, Mrs. May Lowe of Brownfield; three brothers, Russell Lawson of Melissa, Tex., Elmer Lawson of Princeton, Tex., and Hunter Lawson of Dallas.

Funeral services were E. W. Curry, L. W. Dalby, Lonnie Peel, Robert Kiker, Barney Jones and Meseky Martin. The flower girls were Tommie Ruth Chandler, Georgia Teff, Marilyn Curry, Margaret Reed, Joy Smith and Helen Williams.

Burial was made in Terrace cemetery.

Survey Of Crop Prospects Over State Released

United States department of agriculture surveys based on conditions of April 1 reflect fair to good current farm and ranch prospects in Texas.

These included: Range conditions at 86 per cent of normal, an increase of six points in March and the best April 1 conditions since March 1941.

Drying topsoil which enabled farmers to get into fields and catch up on behind-schedule planting of early spring crops.

Increased yields for certain commercial vegetables including snap beans, onions and tomatoes.

The department said new range land and pasture was furnishing good to excellent grazing in most parts of the state. The condition of sheep, at 87 per cent of normal, was considerably better than on the same date last year.

Small grains generally were in good condition in the Panhandle.

The prospective onion production in South Texas was 2,824,000 bags of 100 pounds each compared with 3,708,000 bags harvested last year; the lower valley tomato crop was estimated at 3,927,000 bushels of 72 per cent higher than 2,280,000 bushels for fresh consumption last year.

ROLLIN MCCORD ANNOUNCES FOR DISTRICT ATTORNEY

Rollin McCord is announcing his candidacy for re-election to the office of District Attorney, 106th judicial district, this week. He will make his formal statement at a later date.

Mrs. J. A. Stallings is visiting in Amarillo.

Garza Red Cross Chapter Awarded Honor Certificate

The part the Garza county chapter played in helping the Red Cross reach its national goal of \$200,000,000 during the recent 1944 War Fund drive was worthy of the recognition shown in the following letter:

My dear Mr. Jones: Your chapter can be justly proud of its achievement during the 1944 Red Cross War Fund campaign. The message of Red Cross has been carried to the people and the response was most generous.

The attainment of your goal was no easy task, but one which required careful campaign planning and effective execution. I am confident that the untiring efforts of your volunteer workers aided materially in your success. May I express appreciation for their fine cooperation.

In recognition of your chapter's successful undertaking, so important to our men and women in uniform, the enclosed honor certificate has been conferred by Norman H. Davis, Chairman, Central Committee.

Very truly yours,

H. F. Keiser.

Mr. Jones insists that the credit for planning the drive and its achievement should go to the county chairman of the War Fund Drive, Dean A. Robinson. Garza county's quota was \$4,300.00 and \$6,173.03 was turned in.

This "Honor Certificate" awarded to the Garza county chapter for distinguished achievement in the 1944 War Fund Drive has on it the signatures of President Franklin D. Roosevelt and American Red Cross National Chairman, Norman H. Davis and is something of which every Red Cross member can justly be proud.

James plans to have this honor certificate framed and he will hang it in the Red Cross production room.

Funeral Rites For Rev. W. P. Jennings Held In Lubbock

Funeral services were held Sunday afternoon at 3 o'clock at the First Christian church in Lubbock for Rev. Walter P. Jennings, 73, retired Lubbock minister, who died of a heart attack early Friday night, April 14, at Lubbock.

Services were conducted by Rev. H. G. Gantz, pastor of the First Christian church of Lubbock, assisted by Dr. J. M. Lewis, pastor of the Lubbock First Presbyterian church, and Rev. Lester Rickman of Plainview.

Pastor of the First Christian church in Lubbock from 1924 to 1934, Rev. Jennings would have been 74 years old next Saturday. For many years Rev. Jennings had been a leader in sectional and national activities of his church and his reputation as a minister was nationwide. He held the respect and admiration of clergymen and laymen of all denominations throughout the 42 years he served in the ministry.

Survivors include his wife; three daughters, Mrs. Elliott Taylor, Lubbock; Mrs. John Gammon, Muleshoe; Mrs. Patrick Henry, jr., Dallas; two brothers, Dr. R. J. Jennings and Claude Jennings of Windsor, Mo.

Rev. Jennings' daughter, Mrs. Elliott Taylor, lived in Post for three years and was very active in church and civic affairs. Mr. and Mrs. K. Stoker, Mr. and Mrs. Willard Kirkpatrick and sons, Kay and Jack from Post, attended the funeral.

Paul Simpson Receives Promotion

The Tank Destroyer Replacement Training Center at North Camp Hood, Texas, announced today the promotion of William P. Simpson of Post, to the grade of Private First Class. Pfc. Simpson, who was raised from the grade of Private, wears the distinctive Tank Destroyer shoulder insignia, depicting a black panther devouring a tank, the mission of this force being the destruction of enemy tanks by accurate gunfire from stealthily occupied positions.

Mrs. J. W. McCoach is spending this week visiting in Lubbock.

Twenty-Four Garza County Men Report For Physical Examination Saturday

Twenty-four Garza county men were sent to Lubbock Saturday, April 15 for pre-induction physical examinations. They were:

Victor Wayland Gollehor, Milton Barry Ford, Travis Ray Hendrix, Howard Felix Riggins, J. B. Evans, Jr., William Paul Slatter, Arlie Gilmore, Eugenio Solis, Orley E. Montgomery, Reano Harmon Curry, Robert Weaver Moreman, Leonard Callaway Bostick, Juan Serrato, John William Shaw, Richard Alfred Bird, Robert Cecil Francis, Joyce Clinton Steel, Jackson William Satterwhite, Robert Noel Cato, William Troett Bobb, Edward Harley Carpenter.

Those transferred to Post for pre-induction physical Examination were:

Charles Columbus Murray, Kermit Lee Jackson, Marvin Clifford Cotten.

Registrants sent to Fort Sill, Oklahoma for induction April 17, into the army were:

Claude Hughes Bailey, Jr., Chalmer Leslie Davis, Olegario Romero.

Registrants sent to Lubbock April 19 for induction into the Navy were:

Dewey Farmer, Hern Pettigraw, Jason Calvin Justice.

Dr. Arvel R. Ponton, Pioneer Post Doctor Dies In Fort Worth

Funeral services for Dr. Arvel R. Ponton, 59, who progressed through three stages of transportation—horse and buggy, automobile and air travel—in his 38-year medical career were held at 10 a. m. Thursday, April 13 at the First Methodist church in Fort Worth with Rev. Warren Johnson officiating.

Despite the use of penicillin and plasma in a fight to save his life, Dr. Ponton died Wednesday afternoon of injuries received Sunday when he was thrown from a horse at his ranch near Aledo. The horse tripped over a limb of some brush and fell, rolling over Dr. Ponton and crushing his chest. Pneumonia developed after the injured man was taken to a hospital in Fort Worth.

Head of Ponton Clinic in Fort Worth, which he established in 1936, Dr. Ponton had covered a large part of Texas in his medical practice.

He started his career at Coppens Cove when he was 21, covering with team and buggy a wide farm and ranch section. In 1911 he and his wife, Mrs. Lola Ponton, moved to Post where he took charge of the first hospital to be built on the South Plains. He was joined by Dr. A. C. Surman in 1913 and by Dr. D. C. Williams in 1914.

In 1917 he moved to Lubbock, built the Lubbock Sanitarium which was the first hospital to be built in Lubbock and operated it for three years, shifting the scene of his practice again. Dr. Ponton moved to Fort Worth in 1920, and established a hospital, and later built a hospital at Denton and leased one at Edinburg.

He learned to fly and made the rounds of the hospitals by air, a mode of travel which sometimes enabled him to perform operations in three cities on the same day.

Reared on a Kansas farm, Dr. Ponton moved to Oklahoma as a youth, served for a time as interpreter for the Osage Indians, attended the University of Oklahoma, and took his medical training at Kansas City General Hospital and at medical centers in the East.

Burial was made in Greenwood cemetery. Survivors are his widow; a son, Dr. Arvel R. Ponton, Jr.; a daughter, Miss Virginia Ponton; his 92-year-old mother, Mrs. Martha Elizabeth Ponton of Aledo; two brothers, Sam Ponton of Aledo and G. W. Ponton of Ottawa, Kan.; a sister, Mrs. B. F. Ouz of Ottawa, and two nieces, Mrs. C. H. Matthews of Fort Worth and Mrs. D. C. Williams of Post.

New Shoe Stamp Announced

Beginning May 1, Airplane stamp 2 in War Ration Book Three may be used for buying one pair of rationed shoes, OPA announced. The new stamp and Airplane stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through May 20, children's low-priced shoes (maximum \$1.50 per pair) in sizes 8 1-2 through 12, and Misses' and little boys' shoes in sizes 12 1-2 through 3 will be ration-free. In 1943 sales of civilian rationed shoes exceeded production by more than 53 million pairs, which made it necessary late last year to decrease the number of shoes available to civilians.

Cpl. Harold Trull of Loughlin Field, Del Rio, Texas, is on furlough and is visiting his parents, Mr. and Mrs. F. E. Trull.

New Tires Are Now Available To "B" Drivers

Holders of "B" gasoline ration cards, motorists previously eligible only for used passenger car tires can now buy new "factory seconds."

Those possessing "B" cards are motorists who are classified as doing occupational driving.

New passenger tube "factory seconds" may be acquired without certificate as they have been removed from rationing.

New "factory seconds" are tires or tubes which manufacturer has found to be imperfect and upon which he has placed special identifying mark or from which he has removed brand name. These tires have a price ceiling 25 per cent less than for perfects.

Locker Plant Sells 800 Pounds Salvage Grease This Year

The Garza Locker Plant sold 300 lbs. of salvage grease Tuesday. This brings the total to 800 lbs. sold through this plant this year. This grease is to be used by the government in the production of critical war materials.

Salvage grease comes in from the merchants and the local people in small quantities. At the plant it is put in barrel containers.

People are asked to bring their grease in clean can containers because it cannot be immediately emptied when it reaches the plant.

OPA Announces Check Of All Cafes In Garza County

Price panel representatives checked all restaurants in this county this week in the second major phase of their current price program. J. B. Mooney, District Price Executive for the Office of Price Administration, has announced.

The visits were part of the national anti-inflation program for developing understanding and compliance with price regulations governing all restaurants and other types of eating establishments.

"Consumers spend about one of every eight dollars in eating and drinking establishments, so you can readily see that the check was one having a direct bearing on the cost of living. Americans today are spending three times as much in cafes as they did on the average in the period from 1935 to 1939," according to Mooney.

Mrs. Esma Cash Is Candidate For Office of Justice of the Peace

Mrs. Esma Cash is announcing her candidacy for Justice of the Peace, Precinct 1 this week. Mrs. Cash was appointed by the commissioners court to fill the unexpired term of her father, M. L. Morris, at the time of his death. She will make her formal announcement at an early date.

Here is the full crew of the "Memphis Belle". Standing, left to right, Technical Sgt. Robert J. Hanson, radio operator; Technical Sgt. Harold P. Luck, engineer; and top turret gunner; Capt. Vincent B. Evans of Fort Worth, Texas, bombardier; Capt. Chas. B. Leighton, navigator; Capt. James A. Verenia, co-pilot; Major Robert K. Morgan, pilot; Kneeling, left to right, Staff Sgt. Cecil H. Scott, ball turret gunner; Staff Sgt. Clarence E. Winshell, waist gunner; Staff Sgt. John P. Quinlan, tail gunner; Staff Sgt. Cosimir A. Nastal, waist gunner.

The greatest inspiration for subject matter in the arts is conceded to be religion.

The first crossing of the English Channel by air was made in 1785 by balloon.

Postal service in the United States dates from 1639, when such a service was first instituted in Massachusetts.

Lake Superior is the largest natural lake in the world.

Charter No. 9485

Reserve District No. 11

REPORT OF THE CONDITION OF
THE FIRST NATIONAL BANK

Of Post in the State of Texas, At the close of business on April 13, 1944 published in response to call made by Comptroller of the Currency, under Section 5211, U. S. Revised Statutes.

ASSETS

1. Loans and discounts (including \$4,129.84 overdrafts)	\$886,068.11
2. United States Government obligations, direct and guaranteed	\$754,609.60
3. Obligations of States and political subdivisions	\$80,187.08
4. Other bonds, notes, and debentures	\$6,733.75
5. Corporate stocks (including \$3,000.00 stock of Federal Reserve bank)	\$3,000.00
6. Cash, balances with other banks, including reserve balance, and cash items in process of collection	\$595,100.37
7. Bank premises owned \$6,000.00, furniture and fixtures \$500.00	\$6,500.00
(Bank premises owned are subject to none liens not assumed by bank)	
11. Other assets	\$1.00

SOUTHLAND NEWS
Mrs. Marvin Truelock, Community Correspondent

The Juniors and their sponsor, Principal I. J. Duff certainly must have advertised their play for Friday night well—the crowd looked like one of the pre-war days. "You're the Doctor" was well worth attending. That "the show might go on," Charlene Wiley, the leading lady, postponed her trip to Dallas until Saturday morning, to visit her step-father who is very ill. Louis Kuykendall played the guitar and sang, and accompanied Wesley Scott's song. The Juniors' ticket sale amounted to more than \$49.

Mr. and Mrs. Alfred Basinger and son left Thursday morning for Kingman, Arizona to visit their other son, S-Sgt. William Basinger. Heywood Basinger accompanied his brother and family to Arizona.

While Mrs. Lee Fredrickson and son, Victor, were in Lawton, Okla., she saw her brother's wife—the brother is in Italy. Mrs. P. T. Beauchamp and daughters, Beverly and Judy came home with Mrs. Fredrickson for a visit.

Last Thursday evening Mr. and Mrs. A. M. Tanner and sons, Carrell and Tanner attended the recital at Slaton of Miss Wenona Ruth Peebles, Senior piano student and her sister, Johnie Pearl, Junior violin. The girls are pupils of Mrs. Lillian Butler.

Mrs. O'Connor, whose home is in Slaton, came Monday of last week to nurse Mrs. E. M. Basinger, who is showing little improvement.

Mrs. Nora Waltrip and baby of Stamford were week end guests of her friend, Mrs. D. H. Mayfield.

Several more cases of measles have been reported, which included eight from the Primary room at school. This epidemic threatens to cancel the last-of-school program of the first six grades.

Mr. and Mrs. J. D. Dennison of Lubbock opened the Southland cafe Monday.

Monday morning Mrs. Duff's room gathered in Mrs. Rankin's room to hear and jointly accept the proposition made by a representative of the Crowell Publishing Company. The pupils from these four grades will secure new and renewal subscriptions for certain magazines—the money to be halved by the company and the Library Fund. Besides this, the boy or girl securing the most subscriptions will receive a prize.

The Senior class is sponsoring a boxing match next Wednesday night, April 26, to raise money for a Senior trip.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD I. LUNDQUIST, D. D., Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for April 23

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

PAUL BECOMES A MISSIONARY

LESSON TEXT: Acts 13:1-4; 14:8-20. GOLDEN TEXT: The Holy Spirit said, Separate me Barnabas and Saul for the work whereunto I have called them.—Acts 13:2.

Men are God's instruments for accomplishing His purpose in spreading the gospel message. They must, for such a high and holy calling, be men called and prepared by Him, faithful to Him, and willing to sacrifice all for His glory. Paul is a great example of such a life. He was—

I. Separated by the Church (13:1-3).

God was about to begin the great missionary enterprise, which opened with the journeys of Paul and continues to this day. The church at Antioch had capable men in its membership, and the Holy Spirit called for the separation of two of these, Paul and Barnabas, for a special work.

A number of interesting things emerge here. It is good to note that the church had men trained and ready for service. Do we?

Observe that the Holy Spirit worked through the church. There are those who do not speak too highly of the place of the church in this matter. Certainly it is true that if the church has lost its vision and message, God may call men even outside of its membership. But the orderly way—and God's way, if the church is ready—is to have the church separate men for service.

The church at Antioch gave its best, without question and without hesitation: It is an example worthy of our emulation.

II. Sent by the Holy Spirit (13:4).

There is a sense in which the Holy Spirit functions as the executive member of the Trinity. His purpose is to magnify the name of the Lord Jesus Christ, to bring men to faith in Him. To carry out that plan, He sends men out to speak of Jesus.

The sent one is always successful, for he goes the way, at the time, and in the power of the Holy Spirit. To be sent by Him is the mark of distinction upon the Christian worker.

III. Serving by Deed and Word (14:8-18).

The story of the healing of the man who had been a cripple from birth centers around that beautiful word "faith."

God is always looking for faith in men and women, and so we who serve Him should learn to be alert for even the slightest indication of a belief in Christ. All too often we blunder along, a bit too eager for action, or too insistent upon a thing being done in just our way, and thus fail to see the gleam of faith to which we may address the gospel appeal.

"Seeing that he had faith" (v. 9), Paul turned all the power of the eternal God loose in the impotent feet of the man, "and he leaped up and walked." God help us to be ready to be channels for the outflowing of His power!

Impressed by the miracle, the people wanted to accord the disciples the worship of gods. One is impressed both by the promptness with which Paul and Barnabas stopped the demonstration and the skill with which they improved the occasion for a testimony for Christ!

The servants of Christ are in far greater danger when men speak well of them and would worship them, than they are in the hour of opposition and persecution. Not that anyone would suggest that a true word of appreciation or honor be withheld from a faithful teacher or preacher, but let it be given for God's glory and not for the praise of man.

IV. Suffering for Christ's Sake (14:19, 20).

The highest praise quickly turns to the most bitter hatred. Finding that they had foolishly attempted to defy two Jewish preachers, and being visited by the Jews who made it their business to pursue Paul to this city, they stoned him.

Incidentally, it is of interest to observe how zealous people can be for an evil cause. Having set out to hinder the gospel they were willing, yes eager, to spend time and money to carry out their purpose. The children of Satan are often more diligent than the children of light (cf. Luke 18:8).

Paul was left for dead; in fact, there are those who believe that he was dead, and that it was at this time he was caught up into the heavens and had the vision spoken of in II Corinthians 12:1-4. If that was the case, the raising of Paul was an actual resurrection from the dead.

For a man so stoned as to be left for dead, to arise and journey on the following day to another city, was a miracle of God's power.

In this case, God delivered His servant, not from his troubles, but through them. We must not always expect to be saved from trial, but we can be sure that God will deliver us either "out of" or "in" our troubles. Let us trust Him!

Navy's Newest Wallops Japs

Biggest and Heaviest Dive Bomber Ever Used in Army or Navy.

WASHINGTON.—Born in the navy and baptized at Rabaul, the revamped Helldiver is bombing the life out of the Japanese.

It can land on a dime because of special flaps and wing tips, the navy discloses, and can keep pace with the Hellcats and Corsairs pursuits. Yet it is the biggest and heaviest dive bomber ever used by the navy, the army or the marine corps.

It was remodeled from the original Helldiver with 889 major changes and, in the words of Rear Adm. Dewitt Clinton Ramsey, chief of the navy's bureau of aeronautics, "it packs a terrific wallop for the Japs."

On November 11, at Rabaul, a carrier-based Helldiver squadron sank a light cruiser and a destroyer, probably sank a heavy cruiser, heavily damaged another light cruiser, and probably damaged a second destroyer. The Helldivers left the scene of the raids and were attacked by enemy fighters, but their speed carried them away without loss.

The engineers call the plane the SB2C. The navy calls it the Helldiver. And the reports of its performance indicate that the Japanese, after Rabaul, must have their own name for it.

Has Folding Wings.

A comparable version for the army, the A-25, now is being produced, also, from plans that took 2 years' time by 300 engineers to devise. Three-fourths of the Helldiver output is handled by Curtiss-Wright at Columbus, Ohio, and two Canadian factories are turning out the remainder.

The navy, declaring that performance of the new plane brings the attack team of dive bomber, fighter and torpedo bomber "to its higher point of effectiveness," made clear the great advances made in the Helldiver.

The diving flap mechanism operates three times faster than on the original model, an important item in combat flying. The flaps are split—that is, four flaps on each wing instead of two—to increase braking control in power dives. Flaps slow down the plane to make it easier for the pilot to aim at his target.

The wings fold—something new in dive bombers, which must be built for tremendous stresses—so snugly that two planes can be loaded on one elevator, thus cutting almost in half the time for getting a squadron to the flight deck.

Bombs Are Inclosed.

Wing tip slats, another new item, work in connection with the landing gear to provide the extra lateral stability needed in carrier operations. The slats protrude from the leading edge of the wing and give an added firmness against wind effects.

Bombs are completely enclosed in the fuselage, something unique in dive bomber design, making for greater speed and better handling. In addition, the bomb bay accommodates two bombs instead of one, another dive bomber first.

There is a folding turtleback behind the radioman-gunner's seat to increase visibility and firing field for the swivel guns.

The plane is powered by a Wright Cyclone engine of undisclosed horsepower.

Justiceburg News

Mrs. J. R. Key Correspondent

Mr. and Mrs. G. C. Forgas of Lubbock were visitors of their son Mr. and Mrs. Delmer Forgas and family residing on the O. C. ranch.

Garland Dorman and Curtis Sheppard of Snyder were week end guests of the former's parents, Mr. and Mrs. Chester Dorman and family.

Damage and loss fell upon Geo. Duckworth Saturday afternoon, as fire destroyed his tractor, combine and several ricks of feed.

Mrs. S. G. Lunsford of Snyder spent Friday with her niece, Mrs. R. J. Key and family.

E. C. and Hern Pettigrew, sons of Mr. and Mrs. Claude Pettigrew, left for army camp training Wednesday.

J. E. Birdwell of Lubbock was week end guest of Mr. and Mrs. Delmer Forgas and family.

Pfc. and Mrs. Jimmie Bunker and Capt. and Mrs. Tyler and two sons of Lubbock were Sunday guests of Mr. and Mrs. George Evans.

Mrs. W. A. Eastman has returned from a visit with her daughter Mrs. Hazel Brewer at Trent.

A gift shower was held in the home of Mrs. Jeff Justice Wednesday afternoon, honoring Mrs. Wilmer Hill and Mrs. Margie Calfey, daughters of Mr. and Mrs. Elmer Pettigrew of this community. Hot tea and cookies were served to about forty guests.

The word hippopotamus is derived from the Greek hippo, meaning horse, and potamus, meaning river.

More Articles For Farmers
Of approximately 3,000 farmers interviewed in a recent survey, nearly half reported they had no trouble in buying any item on a list of 43 essential articles—ranging from flashlight batteries to cream separators, WPB announced. As a result of production programs previously approved by WPB's Office of Civilian Requirements, supplies of the following items have been increased—flashlight, fence control and ignition batteries; "crescent" and monkey wrenches; grease guns; hand drills; floor brooders; and cream separators. In addition, farmers are now permitted to borrow engine and tractor fuel storage tanks from their petroleum suppliers.

PEOPLE OF CLOSE CITY FLOW FOR NEIGHBOR
The neighbors of Mr. and Mrs. A. O. Rosenbaum of the Close community came in and put their land on April 3. Rosenbaum has been indisposed for 10 months with a broken leg, other injuries which he received when the rung of a ladder which he was standing, snapped top of a windmill tower, causing him to fall.

Mrs. Robert Johnson spent week visiting her brother, Bill Edwards in Hugo, Okla. Friends in Dallas and Ft. Worth returned home last Wednesday.

MAYBE . . . Pressing-the-Button will Jack Up future cars

BUT . . . OIL-PLATING YOUR ENGINE is like outdoing the future—today

An optimist can still hope to trade his car for a 1945 model—with "wild" or mild advancements.

A realist might do, the same. But he'll "cut an anchor to windward" by changing to Conoco Nth motor oil for Spring, at once adopting that big inexpensive advance—an engine internally OIL-PLATED.

Be a realist! Realize that any engine's explosions always form real hitting acid inside. Realize that long trips, heating at least some acid away, went out of style as rationing started. Realize that limited driving—incomplete engine heat—has been endangering engines not OIL-PLATED. Too bad; any harm that's been done is done. But with Conoco Nth oil, and

all the acid-resistance of OIL-PLATING, you're in shape to discontinue extreme acid damage, starting now.

Patented Conoco Nth oil—popular-priced—includes a pioneer synthetic, with the advanced "magnet-like" ability to surface inner parts with OIL-PLATING. That's why you can really be an optimist about your engine's future, after changing to Your Mileage Merchant's station for Conoco Nth oil. Continental Oil Co.

Grade School News

Miss Bonnie McMahon, Reporter

Bond and Stamp Sales:

The total sale for last week amounted to \$108.35. Mrs. Lee Smith's fourth grade sold the largest amount, which was \$40. Barbara Lewis, Ann Gates, and our friend, Mr. Bob Warren, bought bonds. Thank you, Mr. Warren.

Guess Who?

She is a very cute Second Grader. She has many friends and makes good grades. She has blonde hair and brown eyes. She is very easy to get along with, and is kind and has very nice manners. She is slightly bashful. Can you guess who this little lady is?

Last week's personality was Isaac Tension, the young son of Rev. and Mrs. R. C. Tension.

Easter Fun!

The students of the first six grades enjoyed pleasant surprises on Good Friday afternoon with Easter egg hunts and picnics.

Miss Haggard's 7-1 class had an exciting ball game. The boys played the girls. They had such a good time that they forgot to keep scores until the game was practically over.

Miss Kral's 7-2 students enjoyed attending the picture show on Wednesday of last week.

We are grateful to the mothers who helped entertain the students, and made these pleasures possible.

Assembly

By Miss Winnell Scott

Our style show in assembly on Friday, April 7, was certainly the proper thing to have! It gave us many ideas what to have and what not to have for our Easter frocks! Our little announcer gave a very good "pep" talk for each frock as it came out on the stage, but we are afraid "her" efforts were in vain, because we didn't notice any Easter frocks the styles "she" showed us! We hope "she" wasn't disappointed! All-in-all it was a good program, and I am sure everyone enjoyed it to the fullest extent. We were happy to have as many visitors as we had, and would like to have them come again.

Honor Roll

Second Grade—Lora Johnson, Treva Boyd, Wanella McClellan, John Bill Evans, Yvonne Annuncis, Willie Mathis, Wanda Bratcher, Isaac Tension, Joy Laverne Martin, Naomi Wright, Katharine Luce.

Third—Danny Tillman, Charles Osborne, Jimmy Ferguson, Bobbie Dickson, Ross Morrow, Ina Jean Cato, Bobby Joyce Henderson, Darrell Stone, Olan Rains, Billy Bynum.

Fourth—Ann Gates, Ann Mullins, Patsy Bostic, Dale Karpe.

Fifth—Mary Nell Bowen, Leon Miller, O. K. Bowen, Robert Tension, Winona Condon, Mary Ann Hundley, Anita Kennedy, Barbara Lewis, Annie Mae Pierce, Betty Mills.

Sixth—La Vagne Ferguson, El Wanda Davies, Charles Bowen, Elsie Jane Shepherd, Sue Bell Brister, Wanda Jean Bilberry.

Seventh—Junior Malouf, Ramona Tension, Eleanor Boyd, Elsie Verna West, Marjorie Freeman, Faye Ruth Hamilton, Carol Jean Long, Sue Bynum, R. T. McClelland.

CARD OF THANKS

The family of Samuel Frank Lawson acknowledges with deep gratitude the kind expressions of sympathy and the floral offerings of their many friends and neighbors.

Mrs. Frank Lawson,
Cleta and Ella Jo

THANKS TO NEIGHBORS

We wish to take this method of thanking our many friends and neighbors for their many good deeds and acts of kindness shown us during our misfortune.

Mr. and Mrs. A. O. Rosenbaum and children

Lt. D. L. Cass came by plane from Alaska and is visiting his wife and small son in Lubbock and his parents here.

Prescription Filled Over 15 Million Times

Recommended to do just two things: relieve constipation and gas on the stomach.

This successful prescription is now put up under the name of ADLERIXA. Get a bottle of Adlerix next time you stop at your druggist's and see for yourself how quickly gas is relieved and gentle but thorough bowel action follows. Good for old and young. Get Adlerix from your druggist today.

E. H. COLLIER DRUG CO.

Jugoslavia's 'Tito'
By Frank Gervasi

(WNU Feature—Through special arrangement with Collier's Weekly.)

Fifteen years ago, Josip Broz was a nameless man hunted as a Communist criminal by the police and secret agents of the then most powerful figure in Yugoslavia, Gen. Pera Zivkovic, strong-arm front man for the late pious, dictatorial King Alexander.

Josip Broz did not have a birth certificate, much less a passport. For the entire year 1928, he lived in the political underworld of cellars and garrets in Belgrade, Zagreb and Split, and wherever he could find refuge.

His crime? He had organized the Metal Workers' Union and was one of the leaders of the trade-union movement in Yugoslavia.

He was caught early in 1929 and jailed. He was released four years later with gray in the soft waves of his brown hair, ulcers in his stomach and a dream in his brain.

Leader of 300,000 Fighters.

Today, at the age of 55, he stands at the head of an army of 200,000 and possibly 300,000 oddly uniformed but uniformly determined men and women known as "Partisans," who have proved everlastingly that slave men may win battles but free men win wars.

Today Josip Broz is the military and spiritual leader of a movement which has broken the Nazis' hold on the Balkans, obviated an Allied offensive in southeastern Europe until the main German armies can be crushed in the East and West, and has given new meaning to the words "A People's War" and "The Four Freedoms."

To his army and the guerrilla bands and to millions of Yugoslavs in freed territory and the outside world, Josip Broz is known as Tito.

"Ti" means you and "To" means this. Broz has few idiosyncracies or mannerisms to mark him apart from other men, but one of them is the habit of prefacing an order with "You do this." Hence his name. It is pronounced Tee-toe.

To the Titos of this world and their followers must go an indefinable measure of credit for the victory that will be ours.

To one particular Tito—he who was born on a 30-acre farm near Zagreb of a Croat father and a Slovene mother—must go most of the credit for the rebirth of Yugoslavia and the immobilization of the German armies in the Balkans, and the setting into motion of a revolution in southeastern Europe which might provide a permanent solution to the problems of one-third of the people of that continent.

Mikhailovitch Helped.

What credit isn't Tito's must be given to Draja Mikhailovitch, who unfortunately chose, at one stage of his dramatic career as liberator, to turn from killing Germans to taking part in civil war and only sporadically resumed the bigger job.

Tito is of slightly more than medium height, broad-shouldered, long-armed and sturdy-legged. His head sets low on his shoulders and it is a remarkable head. In profile, it is the head of a poet and philosopher who is also a skilled craftsman—a Cellini perhaps. Full face, it is the tough, determined visage of a triple-threat halfback.

A side view of this prodigious proletarian shows a high forehead, bulgy shaggy brows with a deep crease between them, capable of eloquent frowning. Tito's nose is long, slightly beaked, with thick nostrils. He has a straight, kindly mouth, good chin and a heavy workman's neck. There is what some would call an American Indian cast in his features.

Face to face, he looks remarkably like a clean-shaven Stalin, the effect being accentuated consciously or not by the cut of his unadorned broad-collared tunic.

He speaks matter-of-factly, in a low, well-modulated voice, looks directly at you as he talks and never speaks until you have finished what you have to say. He talks, they say, to each individual in an audience, moving his eyes deliberately from one person to another.

He smokes innumerable cigarettes, chain fashion, from a small holder. Far from being "a man of steel," he is capable of great emotion.

Mourns for Dead.

"When something really bloody happens," a man who spent months with him in Yugoslavia told me, "he's knocked out. No hysterics, no pyrotechnics. He just retires quietly for hours, as he did the night he got word that his friends Milosevic and Kovacevic had been killed."

Out of their affection for Tito, the people have fashioned a legendary man of extraordinary courage and endurance who rides a white charger and walks uphill to spare its strength, who is always at the head of his guerrilla detachments.

Abaca Industry Taking Hold in Middle America

Prospects are good that abaca (Manila hemp), a new crop in the Western hemisphere, will become a permanent crop capable of competing with Far Eastern sources of hard fiber from which rope is made.

This is the conclusion of Harry T. Edwards, in charge of United States department of agriculture research on plant fibers other than cotton. It was Mr. Edwards who, in 1925, supervised the collection of some 1,350 plants in the Philippines and took care of them on the 43-day sea voyage to Panama. There, at a plant quarantine station on Columbus island, the plants were transplanted. It was the first successful planting of Philippine abaca in the Western hemisphere.

The conditions on Columbus island off the northwest coast of Panama were by no means ideal for abaca. Many of the plants failed to grow. However, about 500 good strong plants survived.

The progeny of these 500 plants have furnished the material for planting more than 26,000 acres of abaca during the past two years in Panama, Guatemala, Costa Rica and Honduras. The hard fiber from these plants is arriving in the United States in increasing quantities to help offset the loss of Manila hemp imports from the Philippines, formerly the source of virtually all the United States' supply of this strategically important fiber.

Round, Round He Goes; Where He Stops—Denver

DENVER.—Pfc. Stan Greenspan wanted a ride from Denver to New York for his brother's wedding.

"Simple," said his buddies. "Get a three-day pass. Hook a ride on a bomber at Lowry Field and—swish—there you'll be."

Greenspan caught a bomber but it went only as far as Wichita, Kan. Next he air-biked to Kansas City. Then he was shunted to Chicago. There he was advised to try Salt Lake City. After a 24-hour layover in Utah, he caught a bomber ride to Denver, arriving just as his pass expired.

Miss Maxine Cash of San Antonio came Sunday to visit her mother, Mrs. Esna Cash and to see her brother Sgt. Kendrick Cash who is also visiting here. She left Wednesday.

Wild elephants are clannish, to the extent that one elephant will not join another herd if separated from his own.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to the many friends and neighbors for the sympathy and many kind deeds shown during the long illness and death of our brother and uncle, Samuel Frank Lawson.

May God's blessings abide with each of you who have proved to be such good Samaritans.

VETERANS QUICKLY FIND JOBS

Of the 11,561 veterans who applied for jobs, 6,361 found work immediately during a demonstration program open in January by the U. S. Employment Service, the War Manpower Commission announced. This service for veterans will be continued and expanded to USES local offices throughout the country, where veterans will be permitted to "shop around" before deciding on a job. Job opportunities for physically handicapped veterans from this war will be better than they were for the handicapped veterans of the last war, in the opinion of WMC. Based on recent studies, placements of handicapped workers in 1943 were approximately seven times the number placed in 1940. A large proportion of the physically handicapped require only careful job placement. Veterans will be hired in OPA offices and boards throughout the country as rapidly as vacancies occur. About 2,500 vacancies occur each month.

Buy a War Bond Today!

WRAP IT RIGHT

The eighth annual perfect shipping campaign is in progress. National in scope, it is being conducted by shippers' advisory boards during the entire month of April with the active cooperation of individual shippers, traffic organizations, chambers of commerce and other governmental agencies. Nothing is more important in these crucial times than the elimination of every possible production handicap. When an article is damaged or destroyed in transit, the productive effort that went into it is lost, as well as the effort required to transport it to the point of consumption.

The perfect shipping campaign for 1944 has taken "Protect America's Production" as its slogan. The Association of American Railroads ably describes its objective: "This annual drive for voluntary self-improvement in shipping practices is without doubt one of the most valuable among all the purposeful campaigns to conserve the nation's resources. It is also one of the most successful of all such undertakings. It is the overall object of preserving the value of goods by getting them to their destinations in good, usable condition, and it goes without saying that this object is of more urgency now than ever before, because so much of our total production is keyed to the war; because of the stringencies in the matter of materials; and again because of the plain importance of avoiding waste of manpower, time, money, materials and . . . car capacity."

The goal of perfect shipping cannot be reached unless everybody joins in the endeavor individually. Irrespective of whether you work for a shipping agency, a railroad, or are a housewife, remember this when you next prepare a package for mailing. Wrap it right!

Zadok Dumkopf says a soldier pal of his is still wondering how Noah managed to get two army mules into the Ark before the rains came.

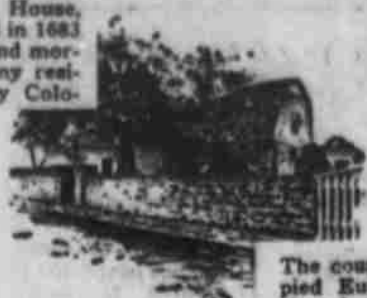

Texas has more counties than any other state in the Union, a total of 254. The state with the next largest number of counties is Georgia, with 159.

Nothing worries a person more than having nothing to worry about

BONDS OVER AMERICA

On the shores of the Delaware stands the oldest residence in Pennsylvania, the Caleb Pusey House, built at Upland in 1683 of field stone and mortar like so many residences of early Colonial days.

Keystone Home

The countries of occupied Europe hold ancient landmarks pointing to the dim past, but in the mad attempt to Nazify the entire continent Germany has wantonly destroyed thousands of historic links to obliterate all but the Teuton trademark.

Keep Our Heritage; Buy More War Bonds

Views of Neighboring Editors:

Lubbock Avalanche - Journal—Comments upon national and world affairs worthy of contemplation: "The second front has already begun when the Germans have been sufficiently stunned, we will move in."—Gen. Sir Bernard Montgomery . . . "If people realize that for every ton of bombs dropped on Berlin two tons of gasoline are required to get it there, we will have less trouble getting public co-operation in saving gasoline."—Col. Bryan Houston, deputy OPA administrator.

Happy Herald—An unuttered prayer: Lord help me to search my heart and hear the answer have I done my part? Have I more right to linger here and is my life to me more dear than to the boys who died for me out there? As long as we are in this war something within me will cry: Am I worth dying for?

Rails Banner—The collapse of the egg market last week speeded up no doubt, a movement that has been growing all this season. Producers are not buying the baby chicks they bought last year; they have not been since the beginning of the season, and hatchery men who reported a land office business last year barely got along close to the style to which they had been accustomed. The price of eggs was quickly rescued from the low of 21 cents at local markets, producers will not forget and they will not soon resume the production of layers in the quantity of last year.

Scurry County Times—With invasion of Hitler's fortress Europe only a matter of limited time now, we need faith as never before that right will not only triumph over might, but that the lives of as many Americans as possible will be spared during the trial by bomb and bullet. We need faith in our leaders, in ourselves and in our ability to emerge the victor over heathenism and all the forces of darkness—we need faith unshakable that Providence will take care of our boys on the many fighting fronts of the globe. The hand of Providence is being

LACK OF FEED CATTLE TO CAUSE SHORTAGE

The disappearance of the cattle feeder from the beef market will probably result in a critical shortage in the next three months according to predictions of packers and stockmen over Texas.

Spring normally is the slack season for cattle in Texas. Heretofore cattle have been brought from the Midwest to carry the Southwest through the slump.

The midwestern farmer did not raise many feeders the past year, presumably because of the high prices for feed that would not leave a margin of profit because of ceiling prices.

L. J. Cappleman, regional director of the War Food administration, said that it would be only the customary seasonal decline in beef. He admitted that the shortage would be increased by the lack of fed cattle from the Midwest.

A loafer complains that he has a wolf, but no door to keep him away from.

If we all sprang from monkeys, it's our guess that women sprang further than men.

ing felt in this war, just as it was when the Nazis stopped short of the English Channel and turned on Soviet Russia, and those who care and pay with tears and prayers believe adequate home front faith will shorten the war by many months. We are still glad we can lay down to peaceful sleep at night, and we want those in foxholes and trenches to know we are henceforth doing our best. We've already done "our bit," and doing our best in every single undertaking should be today's watchword.

Warren's DRUG STORE
BOB WARREN, OWNER

Super-Salesman
The late John Dewar of Pittsburgh, who was called "the Millionaire Painter" because of the fortune he made in the painting business, attributed his success to a novel method which he used in the personal solicitation of business, says the American Painter and Decorator.

Mr. Dewar's practice was to finish panels in his own shop with paint, varnish, stains and unusual finishes—then wrap them in rich velvet and carry them to his prospective clients like so many jewels, and show them as examples of his work.

There was no one too big for Mr. Dewar to call on. On each visit he always carried something new and interesting to talk about. He once told in his rich Scotch burr of a visit to Andrew Carnegie, and how pleased Mr. Carnegie was with his panels. He landed the Carnegie business and was given a blanket contract to paint the outside of the Carnegie home every year. This gave Mr. Dewar an idea, so he worked with the Thaws and Fricks and other Pittsburgh millionaires in the same way, and had a very large number of wealthy customers who left their painting problems entirely up to him.

Jungle Matches

The jungle match can withstand the saturating humidity of steaming jungles or the torrential downpours of the tropics. It can be dunked in the ocean for several hours and still ignite.

The jungle match is made by dipping an ordinary match in a special solution which seals or encases the inflammable tip and the stick in a water-resistant "raincoat."

The "processing" is complicated, and since it tends to slow down normal production only a small portion of the nation's 500 billion-a-year match output will wear the special-duty raincoats. These matches will be distributed only in war areas where weather conditions make ordinary matches useless.

CHILD HEALTH DAY IS MAY 1

Groups of American boys and girls in high school, Sunday school, Boy and Girl Scout Troops, Victory Corps and other organizations are planning to hold forums on May 1, Child Health Day, to talk about improving the health of young people, the Department of Labor Children's Bureau announced.

TAKE YOUR SHOPPING BAG TO TOWN

American housewives may help avert the critical shortage of store bags and wrapping paper expected during the next few months by carrying shopping bags or baskets when marketing and by re-using paper bags whenever possible, WPB says. Small and boxed articles should be accepted unwrapped and several purchases from the same store should be put all in one bag. The current allocation of bags and wrapping paper is less than one-third of pre-war supplies.

Camels and monkeys are the only two animals which do not seem to be able to swim. All cats can be forced to swim, and some even seem to like it.

Mrs. A. A. Suits Hostess To The Needlecraft Club

The Needlecraft club met in the home of Mrs. A. A. Suits on Friday, April 14 at 3:30 p. m. After an hour spent in sewing the hostess entertained with a very interesting contest.

Delicious refreshments of sherbet and angel food cake were served to seventeen members and two guests.

Mrs. F. A. Gilley will be hostess to the Needlecraft club on April 28.

Mrs. Letha Porterfield Entertains Graham Homemakers Club

The Graham Homemakers club met Thursday, April 13 with Mrs. Letha Porterfield. The club quilt was quilted. We are going to sell the quilt to raise money for the club.

Refreshments were served to Seventeen members and one visitor.

The next meeting will be Thursday, April 27 in the home of Mrs. Minnie Wright with Mrs. Nettie Seay as co-hostess.

MRS. MERRILL HOSTESS TO LADIES AID

The Ladies Aid of the First Christian church met with Mrs. Merrill as hostess, in the home of Mrs. Giles. Mrs. Manis, president, held the business session. Mrs. Kirkpatrick read the minutes and Mrs. Ramsay taught the study course which is still in Acts.

We had seven present. A lovely plate lunch was served after adjournment.

Post P-TA Met At High School On Thursday, April 13

The Parent-Teacher Association met Thursday, April 13th at the High School.

A very interesting health program was given by Miss Margaret Weaver's Homemaking classes, and Mrs. Nola Brister. The Homemaking girls presented a playlet "Foods," and Mrs. Brister's interesting talk was on "Personal Observations."

The winners in the voting were: a tie between Miss McMahon's and Mrs. Brister's rooms, and Mrs. Snowden and Mrs. McRee's rooms. The Juniors won in high school.

All members, especially the parents, are urged to be present at the next meeting, May 11.

GRAHAM H. D. CLUB MEETS IN HOOVER HOME

The Graham Home Demonstration club met Tuesday evening, April 11, with Mrs. Myrtle Hoover as hostess.

The first part of the evening was spent in making the by-laws for the club. Then the business meeting was held.

The last part of the evening was spent by our Home Demonstration Agent, Mrs. Manley, giving a demonstration on pattern cutting and fitting. A pattern was fitted and a dress cut out for Mrs. Iris McMahon.

Delightful refreshments of punch and ice box cookies were served to eight members and two visitors.

The next meeting will be April 25 with Mrs. Iris McMahon as hostess. At this meeting we will have a demonstration on quick breads.

4-H And H. D. Club Reporters Meeting To Be Held Saturday

There will be a meeting of all of the 4-H and Home Demonstration club reporters Saturday, April 22 in the district court room. This meeting will begin at 3 p. m. Reporters for both boys' and girls' 4-H clubs and reporters from the Home Demonstration clubs are urged to be present. At this meeting each reporter will be given a copy of "A Hand Book for Club Reporters." The handbook will be thoroughly discussed and any reporter that has any question about his or her duty as reporter are urged to present them to the group at this meeting.

VERBENA H. D. CLUB

The Verbena Home Demonstration club met in the home of Mrs. J. C. Fumagalli on Wednesday, April 5. Miss Manley gave a demonstration on pattern cutting and enlarging. Many instructive and interesting facts were discussed.

The next meeting will be held at the Verbena school house, with Mrs. Johnson as hostess, on April 19.

Rev. A. C. Hardin of Tahoka was a Post visitor Monday.

Martha Thomas Wedding Date Revealed At Tea

The regal coloring of Texas bluebonnets added an unusual color note to the beautiful floral decorations used at a tea Sunday afternoon in compliment to Miss Martha Thomas. The occasion was to announce the engagement and approaching marriage of Miss Thomas to L. H. Arnold, Jr., of Dallas. Hostesses for the tea which was held at the Algieria hotel from four until six o'clock were Meses. Luther Thomas, Bryan Mathis, B. M. Robinson and Miss Erma Lee Cass.

The wedding date was revealed in a unique fashion with emphasis placed on the musical theme. A sheet of music titled "Just Around the Corner" told of the main characters, Martha and L. H.; the date, April 23; the place of the wedding, the First Baptist church in Post; and the time, 2 o'clock in the afternoon.

4-H CLUB SPONSORS TO MEET SATURDAY

The Adult Sponsors of the Girls' 4-H clubs in Garza county will meet Saturday afternoon, April 22 at 1:30 o'clock in the Home Demonstration Agent's office. At this meeting the sponsors will go over the programs planned for 4-H club girls for 1944. This is a very important meeting and every sponsor is urged to be present.

Chileans Honor Bold Aviator Who Flew Andes

Flying across the Andes is a routine, matter-of-fact, daily operation for civilian and military aviators in this age of multi-motored planes equipped with every safety device known to science. But when Chilean aviator Godoy Godoy piloted his primitive "flying crate" into Argentina on December 12, 1918, for the first successful flight across America's backbone, the feat was considered tantamount to suicidal madness.

Various American republics paid tribute to the intrepid Chilean ace on that occasion with special postage stamp issues and other honors. To commemorate the 25th anniversary of Godoy's historic conquest of the mountain range, his countrymen planned to present him with a house bought by popular subscription.

Appropriately enough, the drive started in Temuco, birthplace of the South American aviator, with an initial contribution of 5,000 pesos by the municipality. But the plan captured the imagination of Chileans everywhere in the republic, and the fund is growing fast on a national scale.

The idea of flying the forbidding, treacherous mountains which separate this country from neighboring Argentina first occurred to Col. Pedro Pablo Dartnell, then Chilean inspector of aeronautics. He discussed the details with Godoy, at that time a young lieutenant in Chile's air force. Godoy promptly succeeded in persuading his superior that he was the man for the job.

Cream Containers

Cream should not be kept in a garage or other place where gasoline, oil or similar products are used or kept. That cream should be kept out of the barn goes without saying.

The use of makeshift containers for holding cream is hazardous to the cream. Syrup pails, lard buckets, preserving jars, cooking utensils and the like are not suitable containers because they are either hard to clean or impossible to keep covered properly. They are so objectionable that the laws of many states forbid their use for this purpose.

Holding cream in stew pans, earthen crocks, bowls and shallow pans, or other containers having large surface areas in proportion to the depth of the cream, encourages mold growth.

Gray Hair? NEW VITAMIN RESTORES NATURAL COLOR
Free Booklet Tells Of Thrilling Discovery! New Hope For Millions
One of the most sensational scientific discoveries of modern times is an anti-gray hair vitamin that restores natural, normal color to gray hair in nature's own way.

We Have Several Living Room Suites With Springs

Just Arrived - New Shipment of LINOLEUM RUGS

N. J. LANOTTE Furniture Co.
America needs you now as never before... Needs you strong, healthy, ready to do your share and more in the out drive for Victory! Milk, more than any other food, provides the vitamins and minerals we all need for buoyant health. For energy and stamina, drink plenty of rich, satisfying milk. Make sure your family gets lots of it in their food too. Use milk in cooking cereals and vegetables, in cream soups and desserts. They'll enjoy it, and you'll be doing your part to keep America working for Victory.

Mrs. James Minor Entertains Post Bridge Club Friday

Last Friday afternoon, April 14, in the home of Mrs. M. L. Mason, the bridge club was delightfully entertained by her daughter, Mrs. James Minor, honoring Mrs. John Herd, a recent bride, and Mrs. H. E. Griffith, the former Rose Jean Rodgers. The home was beautifully decorated with bluebonnets and in the center of each of four tables was a lovely bouquet.

Mrs. C. D. Morrel received the prize for high score and the honorees, Meses. Herd and Griffith, were recipients of guest prizes.

A most happy afternoon was enjoyed by the following members and guests: Meses. Arno Dalby, B. J. Edwards, Tom Gates, H. E. Griffith, John Herd, Glenn Kahler, Wallace Kimbrough, C. D. Morrel, J. E. Parker, J. N. Power, Irene Rodgers, W. V. Roy, J. A. Stallings, A. C. Surman, Bob Warren, O. L. Weakley and Carl Webb.

MISS DUCKWORTH HOSTESS AT BIRTHDAY DINNER

Miss Mary Margaret Duckworth entertained with a birthday dinner Sunday honoring Misses Betty Jane Travis and Johnnie Ruth Cato. Those present were Zora Ann Outlaw, Jeanette Gilmore and the honorees.

PER CAPITA SCHOOL PAYMENT IS MADE

Release of warrants representing an additional \$2 per capita apportionment of the state available school fund was announced last Thursday by State Superintendent L. A. Woods.

The payments aggregated \$3,020,246 based on 1,510,128 students, and raised to \$20 the amount applied on the current \$25 per capita ceiling. Woods said an additional \$1 payment would be made later in the month.

Frozen Wattles Hamper Production of Eggs

Many infertile eggs are produced each year because the combs and wattles of the poultry breeding males become frozen during severe winter weather. This is best prevented by dubbing the cockerels at an early age but if this has not been done, there are other means of preventing injury.

If your breeding males were not dubbed, it is wise to apply vaseline to the comb and wattles of each bird in severely cold weather. The covering of vaseline will tend to keep water from adhering to the wattles when the bird drinks.

Nazis Bar Their Anthem; Too Many Parodies Sung

STOCKHOLM, SWEDEN.—Singing of the "Hornet" song, Nazi anthem, now is forbidden in Germany unless special permission is obtained in connection with pre-arranged assemblies, sources from Germany reported. The reason: Too many anti-Nazi parodies were being sung to the tune.

Mrs. Doyle Jones Hostess To The Hartford H. D. Club

The Hartford Home Demonstration club met in the home of Mrs. Doyle Jones on Tuesday, April 11. Mrs. Thomas brought the meeting to order and Mrs. Jones read the minutes. There was a good attendance. The year book was planned. It was voted for the club to meet in an all day session and each member to bring a covered dish.

Delicious refreshments of sandwiches, muffins and cold drinks were served to the members present.

The club sponsored a picnic to which the husbands were invited. The next meeting will be in the home of Mrs. Marion Reep on Thursday, April 28.

CLOSE CITY GIRLS 4-H CLUB HOLDS MEETING AT SCHOOL

The Close City 4-H club girls met alone in one of the school class rooms April 18, 1944.

The president called the meeting to order. As the secretary was absent and had the minutes with her, they were not read. All business was discussed and then the president turned the meeting over to the Home Clothing Demonstrator, Dorothy Corey, who made a demonstration on the sleeve board. After the demonstration was over all the girls cut out the patterns for the sleeve board and tailors-ham. When the girls had their patterns the president adjourned the meeting.

Next time we will meet in our regular club room in the school house with Miss Mabel Manley, on May 2.

TEXANS GO TO CAPITOL IN INTEREST OF EGG PRODUCTION

A committee of Texans went to Washington last week to discuss the Texas poultry situation.

A conference with War Foods Administrator Marvin Jones on surplus eggs was held. The price ceiling on broilers was also discussed with Economic Stabilization Director Fred Vinson.

Meantime Gov. Coke R. Stevenson issued an appeal to Texans to use all the eggs possible.

Mr. and Mrs. Dan Cockrum and son Danny, attended the funeral of Dan's nephew, Aviation Cadet Marion J. Chandler in Las Cruces, New Mexico Tuesday. Chandler was killed in an airplane crash near Perrin Field, Sherman, Texas.

Mr. and Mrs. E. W. Dent spent Sunday in Lubbock at the home of their daughter.

The first attempt made by the Americans to find the North Pole was in 1753.
