Hospital district plan is up for Saturday decision

Only taxpayers eligible to vote

Garza County voters will go to the polls Saturday in a special election to decide whether or not to create a Garza Hospital District with taxing powers of its own to operate Garza Memorial Hospital.

Only registered voters who are resident taxpayers in the county are entitled to cast ballots.

All voters will be asked to sign affidavits that they have rendered personal or real property for taxation before being given ballots.

Polls will open at 8 a. m. and close at 7 p. m.

provides the district will elect its own five hospital trustees to operate the hospital and can levy up to a maximum of 25 cents in taxes per \$100 valuation to support hospital operations.

The Garza County Commissioners Court has agreed to reduce the county tax rate by 15 cents, the amount it is now allocating for hospital use.

Thus voting the district would mean an increase of only 10 cents in taxes as the county tax rate would be dropped from 95 cents to 80 cents effective this fall.

THE ONLY WAY the hospital district could increase its tax rate above 25 cents is by approval of

both the Texas Legislature changing the law which governs its operations and a majority vote of taxpayers in the hospital district.

The 25 cent maximum rate is one of the lowest for any hospital district in Texas.

Should the hospital district proposition carry Saturday the commissioners court would appoint the hospital board to operate the new Garza Hospital District until district voters elected their first hospital board on the first Saturday in April, 1970.

The 25 cent hospital district tax would raise approximately \$20,000 additional funds for the hospital and hospital supporters say this

amount can well mean the difference between the hospital staying open or being forced to close in the months and years ahead.

Members of the Garza County Commissioners Court in an advertisement in last week's Dispatch pointed out that the taxpayer with a \$20,000 home here would pay only \$5 in additional taxes a year if the district is created and that a farmer with 100 acres valued at \$16,000 would pay but \$4 additional each year.

White River taxes cut 20 per cent for 1969

The White River Municipal Water District taxes for 1969 (payable this fall) have been cut 20 per cent.

Action to reduce the tax rate came at the April session of White River directors at the filtration plant last Thursday night. It is the first reduction in White River taxes since first levied several years ago.

The board cited three reasons which make the tax reduction possible.

116 register for regional meet of state historians

Featuring tourism, a 1969 regional meeting of the Texas State Historical Survey Committee was held Tuesday at the C. W. Post Boy Scout Camp with 116 persons registering from 21 counties. Forty-seven of those attending represented Garza County.

The Garza County Historical Survey Committee, one of the most active in the state with its record of 26 markers dedicated, was the host unit.

A team representing the State Lubbock, state committee member, presented the program. Speakers included Mrs. Wesley Blankenship of Lubbock, state committee member; Truett Latimer of Austin, executive director of the TSHSC; Dick Roberts of Austin, Texas Highway Department; Miss Diana Files, TSHSC museum consultant, and Bob Watson of Austin, assistant director of field operations for TSHSC.

The special law to create the Garza Hospital District, as passed by the Texas legislature in 1967, First, the district has completed their deposits of \$211,120 in Sinking Funds No. 1, 2, 3, and 4, and \$100,000 in the emergency fund, both in the First National Bank of Dallas, trustee for the water district, as required by their trust indenture.

Second, the district has kept these deposits in U. S. government bonds at 5.75 to 6.25 per cent interest, thus providing additional funds to help reduce tax requirements of the district.

Third, the district has increased its water sales to Sun Oil Company, George R. Brown, and to the cabin sites along the White River Lake to provide additional water revenue.

Directors also voted to pay the net revenue from the lease of lots and recreation permits toward the retirement of the district's bonded indebtedness. The board's position is that bond money had bought the land, therefore money made from the use of said land should be used to pay on the bonds.

In announcing the 20 per cent tax reduction, White River directors said taxpayers must clearly understand that the reduction is for 1969 taxes only. The rate will have to be examined each year because the amount of water sales will determine tax revenue needs. These are the only two sources of income for the water district.

In other actions: Directors approved purchase of a resuscitator from the district's recreation fund.

The board appointed Walter Duckworth of Post, Bill McKee of Ralls, Norton Barrett of Crosbyton and Lloyd Hindman of Spur to the district's board of equalization for 1969.

Directors signed a contract with Day, Owen and Lyle, Plainview legal firm, to collect the water

district's delinquent taxes in the city of Spur. The Spur School District had retained the Plainview firm to collect its delinquent taxes. Directors plan to have the district retain attorneys in the other member cities of the district to collect their delinquent taxes.

Named to the district's recreation committee were Arnold Parish of Post, Jack Beeson of Spur, Arles Graham of Crosbyton, and Jim Dennard of Ralls.

Giles McCrary, Post's new mayor, attended the White River directors meeting as a guest of the Post directors, J. B. Potts, Harold Lucas and Parrish.

As in most special elections, the better the turnout the better the chance for approval. For some psychological reason the main "no vote" block always gets to the polls without urging, but the "yes vote" almost always has to be prodded and pushed.

Although there appears to be no organized opposition to the hospital district plan, the small tax increase involved will not be easy to overcome.

Essentially, the hospital district plan will give the Garza Hospital better odds for survival in the immediate future, a better chance to gain strength. Essentially too, a defeat Saturday might cause resolution to slip in the wrong places and in itself cause some deterioration in the hospital situation.

Opening of the S&H Green Stamp Redemption Center in Martin's store this week gives Post a new business, one more in the retail payroll, and offers Post's merchants a little better chance to keep Post customers at home because they won't have to take their green stamps to Lubbock anymore. It's a gain here for everybody.

Mrs. C did not quite tell all in her column account of our recent visit to Houston. All those Apache Belles who performed before the Belles' home opener in the Astro-dome stayed at our motel. But we were disappointed. They had a 50-piece boys band with them.

If most Garza County taxpayers will study the issues and understand all that is involved, and then go to the polls Saturday and vote, we think the Garza Hospital District proposition will carry.

The difficulty in this election will be to get the facts before the voters, and voters to the polls.

Supporters of the hospital district have taken two full page ads in today's Dispatch in this effort and mailouts to every registered voter will contain pertinent facts on the hospital issue.

3 new school trustees sworn in at session

The three new members of the Post Independent School District — including the first woman ever to sit that board — were sworn in at an April meeting of school trustees Monday night.

Taking the oath, after the election returns had been canvassed by Mrs. Donald (Billie) Windham, Don Tatum and Bob Macey. The agenda of the session dealt with reports and minor actions and considerable explanation of the three new members on var-

ious board matters. Kay Kirkpatrick was elected president of the board for the new board year with A. C. Cash named vice president, and Earl Chapman, secretary.

Trustees approved Friday, June 13, as the date for the board of equalization meeting at the request of Pritchard & Abbott and named six members of the district as their choices to serve on the board, or as alternates. The board's composition will be announced after those selected have accepted their assignments.

The board turned down the request of one school district taxpayer to settle some old personal property taxes owed the Close City School District without payment of penalty and interest.

The resignation of Mrs. Sylvia Shipp from the school faculty for the 1969 - 70 school year was accepted. Mrs. Shipp's husband is now employed in Dallas.

Trustees authorized Supt. Bill Shiver to place \$30,000 in the interest and sinking fund on six months time deposit at the bank to draw 5 per cent interest.

The board accepted the \$129 bid of TV-Appliance Center for installation of a 4,200 CFM size air conditioning unit for the lunchroom. Shiver explained the new disaster procedures worked out for the school system to board members.

Sue Cowdrey, 13, spelling winner

Sue Cowdrey, 13, a 7th grade student in Post Junior High School, is winner of this year's Garza County spelling bee and will represent the county in the regional spelling bee at Lubbock May 3, sponsored by the Avalanche Journal.

Sarah Vernon, 12, a 6th grade student, finished second in the spelling bee and is the county's alternate to the regional event.

Sue is the daughter of Mr. and Mrs. Bobby Cowdrey and Sarah is the daughter of the Rev. and Mrs. Joe Vernon.

Progress seen in efforts at county, city cooperation

"We feel we are going in the right direction," Mayor Giles C. McCrary said today following a meeting Monday of the Post City Council with the Garza County Commissioners Court to discuss

County pledges 'full cooperation' to city council

The Garza County Commissioners Court after a joint meeting with Mayor Giles McCrary and the Post City Council Monday afternoon voted to give the city "a letter of intent pledging Garza County's cooperation in the solution of problems of mutual interest."

Law enforcement was reported to be one of the subjects discussed in the joint meeting, but the court took no specific action on the matter, according to minutes of the meeting.

In other actions taken by the commissioners court this week at its April meeting:

Transferred \$3,000 from the general fund to the hospital operating fund.

Employed Arthur Davis of Lubbock as county auditor for 1969 at a salary of \$1,650.

Accepted the 1968 audit as presented by Davis.

Set June 12, 1969, as the date for the meeting of the county board of equalization at the suggestion of Pritchard & Abbott, the county's oil and industry evaluation engineers.

Voted for Garza County to participate in the regional crime prevention study meeting being held this week in Lubbock. County Attorney Preston Poole is attending. Canvassed the returns of the county school trustees election held April 5.

'Carousel' set by choir and band

"Carousel," a Rodgers and Hammerstein musical, will be presented by the Post High School choir and band Friday and Saturday nights, May 9-10. The band has been working on the musical since January.

The entire musical is under the general direction of Georgie M. Wilson, with Herb Germer to direct the band. Mrs. T. B. Hamilton is in charge of stage direction.

A committee from the Post Music Club, Mrs. Margie Pennell, Mrs. Lynette Potts and Mrs. Diana Mosley, is in charge of costuming.

New green stamp center opens here

An S&H Green Stamp Redemption Center opened here Tuesday in Martin's Department Store at 201 East Main with Mrs. Charlotte Scrivner in charge.

The redemption center will be open Tuesdays through Saturdays from 9:30 a. m. to 5:30 p. m.

Mrs. Scrivner said items in the catalog which are not in stock will be ordered and can be received within ten days or two weeks.

The S&H Green Stamp organization has leased space for both the center and a large stock room from Bryce Martin for three years.

Partitioning the redemption center and stock room off from the

closer cooperation between the two branches of government.

The mayor said the council and the commissioners discussed ways to "better utilize the equipment and limited manpower we have to be of the most benefit to the community."

"As a new council, we felt it our duty to meet with the county commissioners and offer our cooperation in trying to work up long-range programs that will be of the most benefit to the city and county," Post's new mayor said.

Law enforcement and use of the county jail for city prisoners were among the matters discussed at Monday's meeting.

In the meantime, the mayor said, the new council is to continue its series of special meetings designed to acquaint the new mayor and three new councilmen with city operations.

Last week, the council held two special meetings following the regular monthly meeting at which the mayor and two of the new councilmen were sworn in. At the two special meetings last week, the council reviewed financial statements and the current city budget, as presented by E. A. (Eddie) Warren, who has resigned as city manager.

The series of special meetings coming up will be for the purpose of the council familiarizing itself with the various city departments, Mayor McCrary said.

He said the council still has not filled the vacancies of city manager, city attorney, and police court judge, because "we feel we'll be in a position to make wiser choices in these appointments after familiarizing ourselves with the various city departments than we are now."

Post youth hurt in car accident

Calvin Lee Davis, 19, of Post, who was seriously injured at 8:57 p. m. Sunday when his car overturned near here after a front tire blew out, was reported improved Wednesday in Methodist Hospital at Lubbock.

The youth began regaining consciousness about midnight Tuesday. The full extent of his injuries had not been determined Wednesday afternoon, but relatives here said he is not believed to be injured internally. A cracked neck bone was listed as one of the injuries he received in the wreck.

The accident occurred on U. S. Hwy. 380, three miles east of Post. Davis, who was alone, was thrown from the car when it overturned.

Lions to sponsor Explorer Scouts

Members of the Post Lions Club voted at their regular weekly dinner meeting Tuesday night to sponsor an Explorer Scout troop being organized here.

Leader of the Explorer troop, which has a membership of about 20 boys, is Bill Huntzicker.

The Lions also heard a talk by Coach Waco Reynolds on the Post Antelopes' successful track season and on the upcoming regional track and field meet at Lubbock.

The Lions also discussed their annual broom sale which is to be held Saturday.

The Post Dispatch office will be open from 8 to 9:30 p. m. Saturday night to give election returns on the special hospital election to those who call in for results.

VOTING PLACES by voting precincts: Pct. 1, Post at Teentown; Pct. 2, Southland, at Southland school house; Pct. 3, Verbena, at Verbena Community Center; Pct. 4, Justiceburg, at Justiceburg school house; Pct. 5, Close

Only nine absentee ballots were cast in the election before absentee balloting closed Tuesday. Six of those were in Pct. 1 and one each from precincts 7, 8 and 9.

BACKERS OF THE NEW hospital district operation, who are reported to include all members of the Garza County Commissioners Court and Garza Memorial Hospital trustees, contend direct taxation by the district will give the hospital a broader financial base and thus a better chance to survive through periods of low hospital usage.

Most county hospitals in Texas in the last few years have been converted to hospital district operation.

The special law to create the Garza Hospital District, as passed by the Texas legislature in 1967,

Ten hours of instruction on first aid is being taught members of the Post Volunteer Fire Department by E. W. "Pat" Patterson of the Tahoka Fire Department.

The course began Tuesday night and is to continue tonight (Thursday) and Monday and Thursday nights of next week at 7 o'clock. The public is invited.

The Post Fire Department is also considering following this ten hours of instruction with 16 hours of advanced first aid, with the additional hours probably to be presented during the winter months.

The fire department is taking the first aid so as to be better qualified if and when the need may arise, Fire Chief Loyd Mock said.

Hospital's best chance for survival

Just how strong public sentiment is in Garza County for the continued operation of Garza Memorial Hospital here will be determined Saturday when voters decide whether or not to authorize creation of a Garza County Hospital District to operate the hospital.

While a rejection of the hospital district plan of operation does not mean the hospital will not continue to operate as a county hospital, it does mean that its chances for survival will not be as good.

That's because its financial base will be smaller and its trustees will not as directly reflect the wishes of the people.

The district has several advantages, the two major ones of which are better and direct tax support and direct election of hospital trustees.

Under the present method of county operation, the county allocates hospital funds as the court sees fit and the court appoints the trustees. Other benefits from the hospital district plan directly follow. The community should rate a better chance of attracting new physicians with a hospital on a more stable financial base, and the hospital itself should have a better chance to secure the professional personnel it needs.

The Dispatch's editorial position is simply that while the hospital district certainly is no cure-all for the ills which today beset most small hospitals, it does offer Garza Memorial Hospital the best chance for survival in an uncertain

future. This newspaper is convinced that many county residents who sincerely want the hospital to continue operating are considering voting against the hospital district either out of fear of creating a new local taxing unit or in the belief that the high caliber of leadership needed on the board of hospital trustees can be secured only through the appointive process.

But we wish to emphasize that those who vote against the hospital district in our opinion will be hurting the hospital's chances of survival because the institution obviously needs a broader tax base.

Recently The Dispatch emphasized that it probably will cost the taxpayer more in the long run to retain county hospital operations than to create the new hospital district.

This is because if the county needs additional funds now, its only method of doing so is to increase taxable valuations because the county already is at its maximum tax levy. By boosting property valuations, the county also loads onto the taxpayer increased state taxes as well, because the state levy is based upon county valuations.

The decision on the hospital comes Saturday. We would urge you to be sure to go to the polls and vote your convictions, because to our way of thinking Garza Memorial Hospital is a vital part of our community life which merits careful public attention.—JC

Lake diversions and life jackets

Warmer weather finds White River Lake drawing big weekend crowds, which brings the reminder from the lake patrol that visitors are required to wear life jackets when boating or when engaged in other water sports.

Bud Howell of the Parks and Wildlife Department reports that on a recent springlike weekend most of the 21 or 22 tickets he issued were for

not wearing a life jacket.

Howell said he is especially concerned about the number of toddlers allowed to play at the water's edge without a life jacket.

When the game and fish folks or members of the lake patrol insist you wear a life jacket, it's for your own protection.—CD

Congratulations to a proud neighbor

Congratulations to Snyder, our good neighbor to the southeast, on receiving the All-America City award. In view of the efforts put out, it couldn't have happened to a better bunch of people.

Snyder's "downtown improvement project" is what won it the coveted honor conferred by LOOK Magazine and the National Municipal League.

The Scurry County seat's downtown improvement project involved a variety of factors, but

the core was a thorough rebuilding of sidewalks, curbs and gutters in the central business area. Other improvements, such as asphalt topping of brick pavement, relocation of utility lines, a new traffic signal system and many improvements in business buildings were carried on simultaneously.

What it all amounted to, in shorter words, was a downtown "facelifting" job—something that can be done in any town and city if the people set their mind to it, as they did in Snyder.—CD

SYMPATHY CARDS were in order Tuesday, which was income tax deadline. April 15 is the day when many a patriotic American feels blue-white and blue.

The late Lou Costello once said: "I've saved the money to pay my income tax; now all I have to do is borrow some to live on." And Joe Louis, when asked who hit him hardest during his boxing career, replied, "The Collector of Internal Revenue."

ONE FELLOW WAS heard to say that little things count, and three of them give you an eighteen-hundred-dollar tax exemption. Another, while filling out his income taxpapers, was heard to remark, "Who says you can't be wounded by a blank!"

The United Press International reported that one man offered the Internal Revenue Service his shirt. "You took some of it last year," he wrote. "Do you want the whole shirt this year?" Another man sent in his false teeth as evidence for his medical deduction.

THE MAN UP the street says no matter what happens, there's always someone who knew it would.

Minority groups on the college campuses are springing more and more demands on the administration, but, happily, most of the demands are "poking fun" at the ones who are creating the real problems.

A few weeks ago, this column ran a list of the "demands" made by a small group of student cowboys at Texas Tech, and since then I've read of other college minority groups pressing their demands, including three groups at the University of Oklahoma.

Over there in Soonerland, the handicapped students, threatening a "roll-in," said they must have:—A handicapped vice president of handicapped student affairs.

—A wheelchair-bound track coach.

—A student body by 1973 which is 50 per cent handicapped.

Jewish students at OU made these demands:

—An Israeli army general in charge of Jewish student affairs.

—Special enrollment fees. ("We should get wholesale rates.")

—The right to charge usurious interest rates on loans to non-Jewish students.

—A kosher kitchen.

—We Jewish students, said their spokesman, "reserve the right to help ourselves to whatever we consider belongs to us."

Equally demanding were the language majors, who must have:

—Native Mongolian counselors.

—French maids for each floor of the dormitories.

—Full 10-year scholarships for the slow language majors.

Sometimes you have to read the directions to find out. Consider this directive from the British Admiralty: "It is necessary for technical reasons that these warheads be stored upside down, that is, with the top at the bottom and the bottom at the top. In order that there be no doubt as to which is the bottom and which is the top, for storage purposes, it will be seen that the bottom of each warhead has been labeled with the word TOP."

DAYLIGHT SAVING Time starts the last Sunday in April and will remain with us, like it or not, until October. I was talking to a fellow the other day who said that while vacationing in Alabama during Daylight Saving Time last year, he stopped at a roadside vegetable stand to buy tomatoes. "Ain't got no tomatoes," the farmer told him, "that extra hour of daylight done burned up every garden in the country."

Post High School student Mike Scott wins my vote as one of the best young radio announcers within my radio's daytime range—and it does reach out. Mike has a well-modulated voice, his words come out well, and he is witty at the right times, which is more than can be said for some disc jockeys. I don't know what Mike's plans for the future are, but the radio profession will have lost a bright prospect if the young KPOS announcer goes into something else.

*Why Garza Voters Should Vote FOR Creation
of Garza County Hospital District*

SATURDAY, APRIL 19

At Special County Election Called for This Purpose

- 1.** It will enable citizens of the district to elect hospital trustees in a direct election by the people.
- 2.** The hospital, operated as a district, will have a better chance to seek and receive federal and state financial support.
- 3.** It will allow the hospital to provide hospital care for those people in the district who are financially indigent.
- 4.** The creation of a hospital district will provide a more stable footing for the future of the hospital and will help in acquiring needed professional personnel.
- 5.** Provides for financial support directly to the hospital.
- 6.** Without a hospital, no industry would be interested in moving to Post, or in staying in Post.

VOTING FOR THE HOSPITAL DISTRICT WILL NOT BE VOTING FOR ANY SIZEABLE INCREASE IN TAXES

The hospital district tax levy would be 25 cents on county taxable property valuations. This is the maximum now permitted by state law, and the tax rate cannot be raised without the approval of both the Texas Legislature and voters of the hospital district. The county will reduce the county tax rate 15c—the amount it is now making available for hospital use. Thus the increase in your tax rate would be only 10c.

Post High group attends Student Council meeting

By Thresa Sims
The Post High School Student Council sent its delegates to the Texas Association of Student Councils meeting in Amarillo. Attending were: Debby Hays, Chip Polk, Peggy Bevers, Terry Cross and the sponsor, Mr. Hamilton.
After arriving at the Civic Center in Amarillo, they were assigned a place to stay. Many students stayed with people who lived in or out of Amarillo. The sponsor stayed at the Downtowner Inn.
Thursday evening, they toured Palo Duro Canyon State Park and were back at the Civic Center by 7:30 for the opening session.
Among the speakers were Marilyn Rueping, president of the TASC, and Carl Reum, Thursday, Miss Rueping gave the welcome.
Thursday night, the students were invited to a mixer held in the lobby, and the next morning they all gathered again at the Civic Center. Mr. Reum spoke on "America and Its Leaders." He said, "People who are leaders can lead the world in the right way." Earl Reum was a leader in high school, where he was Student Council president, and was featured in an article in Life Magazine as an outstanding teen-ager.
After the speeches, each person was assigned to a discussion group. Some of the questions were: "What are some of the basic Student Council problems in a small school situation?" and "What projects may a Student Council undertake to benefit the student body?" These and many other questions were discussed.

Helping teach a first grade class last Friday didn't discourage my desire to be a teacher. It's just that I don't think that I want to teach the first grade. Anyway, the Seniors in FTA who did teach thank the primary school teachers for the experience. It provided a very different routine from the regular school day. The little kids are cute, especially when they hug you to say goodbye.
We're glad to see Mrs. G. E. Fleming, the commercial teacher, back in school after illness last week.
Last Saturday night "The Transcendental Hind" played for the dance. Couples there were Liz Dalby and Timmons Bull, Debra Dallas and Ricky Richards, Sherry Bird and Karl Hall, Jan Bullock and Mike Scott, Ray Hundley and Les Fields, Karen Hundley and Jimmie Johnston, Becky Brewer and Garland Davis, Joan Minor and Dicky Wallace, Patti Peel and Roy Sappington, and Karen Lee and Wiley Miller.

Would you believe that the Junior - Senior Prom is only a week from this Saturday. Yep, it's April 26. And if you boys haven't obtained a date yet, try to do so quickly. Last-minute dates are a painful headache. Apparently the Juniors started decorating for the event last Sunday. Good luck to them!
In the midst of the Senior class are three lucky people. They have already been accepted at colleges of their choice. Ben Miller and Mary Ann Steizer have been accepted for fall attendance at Adams and James Pollard will attend Mexico Military Institute. Meanwhile, the other Seniors wait patiently.

Election—

(Continued From Front Page) such a hospital district, said operating the hospital here via such a district would give the hospital better chances to secure state and federal funds for improvements and repair, better chances to attract more physicians because of the hospital's more stable financial base, and better chances to attract professional personnel, such as registered nurses.

Sledge told The Dispatch this week concerning efforts to attract additional physicians to Post that "we have one physician who has visited Post twice now and is considering Post for his practice."

Sledge said the doctor "visited in the city last Wednesday afternoon with myself and board member, A. C. Cash, and after discussing the potential and possibilities he looked at office buildings and homes."

The hospital administrator said this doctor's wife is teaching in high school where they now live.

Sledge said he also has talked with "two physicians from Canada who are in a group of seven who would most definitely like to have a good town to move to where they can practice medicine."

THE HOSPITAL administrator said through the hospital district type operation, the hospital can provide services for the county's indigent under county operation, he said, the county has to pay for this indigent care.

Sledge said that in the 16 months he has been the hospital's administrator 12 lives have been saved in the hospital's emergency room and he felt the small tax increase "a small price for the community to pay to be assured that the hospital will be available in times of emergency when lives hang in the balance."

He also pointed out that the hospital has a \$50,000 to \$75,000 annual payroll and all but one part-time employe of the hospital live in Post.

Sledge said if the hospital district carries he has a contract on his desk to be signed with the tuberculosis association to provide that the hospital will take the x-rays for some 40 tuberculosis suspects living in the Garza County area. The association will not enter into such a contract with a county hospital.

SLEDGE SAID federal aid is more easily obtainable for remodeling process via a hospital district and this could mean a big saving here when the hospital's ailing heating plant is eventually replaced.

Sledge was questioned on various aspects of the hospital issue by Jim Cornish at the Rotary luncheon with County Commissioner Paul Jones and Hospital Trustee Bill Pool also offering comments.

FIRST CHRISTIAN CHURCH Bernard S. Ramsey, minister of the First Christian Church, will speak on "The Sin of Ignorance" at the 11 a. m. Sunday service. The Lord's Supper will be observed and a supervised nursery is available for young children. The public is cordially invited.

R. E. COX LUMBER CO.

Announcing the first car of the '70s at 1960 prices.

FORD MAVERICK \$1995*

(You don't have to read it all-but it's nice to know it's all there.)

- Most new cars look like other cars. But when the word gets out that something really different is on the way, rumors run wild. Few cars have caused as much talk as Maverick. Ford's new entry in the small car field rivals the economy imports in price... but tops them in power, performance, passenger room and luggage capacity. We've been bombarded with questions about Maverick. Now, for the first time, here are the answers.
- Q. Why did you build the Maverick?**
A. We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.
- Q. Why did you call it Maverick?**
A. You know what a maverick is. A maverick breaks the rules. A Maverick is different. Maverick plugs the big gap between the compact and the imports. It has a wheelbase eight inches shorter than a '69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.
- Q. Why did you make it this size?**
A. Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example, the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.
- Q. What do I get for the price?**
A. You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls... important little things that add so much to your driving comfort.
- Q. What about options?**
A. You can get 'em if you want 'em. You can order integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semiautomatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this car. Because it's all there. A complete car all ready to drive home.
- Q. What kind of gas mileage can I get?**
A. That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon—if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.
- Q. What kind of power does Maverick have?**
A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.
- Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?**
A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 5 1/2 feet to any parking space.
- Q. Can Detroit really build a small economy car that's tough and long lasting?**
A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)
- Q. How about parts and service?**
A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 4,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.
- Q. Is Maverick really easier and less expensive to maintain than an economy import?**
A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every 36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). Those are just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.
- Q. Can I do my own maintenance work?**
A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself. If you wish, you'll find it easy to change spark plugs, replace ignition points... plus many other do-it-yourself repairs and replacements.
- Q. Can a small car be safe? And how safe is safe?**
A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's tight, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower!
- Q. Is there an advantage in the fact that Maverick is really a 1970 car?**
A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.)
- Better come take a look at this one. You'll find it where the action is... right in there with other great Ford values like specially equipped Ford Coaches 500's... Fairlanes... Mustangs and Falcons.
- You'll find them at your Ford Dealer's... the place you've got to go to see what's going on.

Two families of newcomers in close City area

MRS. BARNIE JONES doesn't know if rain and muddy roads is news any more but I think it's real thankful for the high and one half rain we received last Saturday even though it made traveling very slow on dirt roads.

Two more new families have moved into the Dale Hair community. The Dale Hair family lives on the Martin Nichols and the Carl Ford family has moved in the A. C. Cash house.

Mr. Ford is manager of the Piggly Wiggly Store.

The community was saddened by the news that Randall Ray of Ropesville was drowned last week in the Big Bend National Park.

His grandparents, Mr. and Mrs. Ray Martin, and great-grandparents, the late Mr. and Mrs. Ray Martin lived in our community many years ago.

We are glad to report that H. F. Bradley is home from the hospital doing real well.

Rev. Dale Golden of High Baptist Church in Lubbock preached at Friendship Baptist Church Sunday morning. There were only 21 at Sunday School due to much sickness.

Sherry Bird of Lubbock spent last week with their parents, Mr. and Mrs. Glenn Bird, while their mother, Mrs. Bird Mac Kemp, was in Methodist Hospital.

Sherry Ritchie, Mr. and Mrs. Thomas, Barnie Jones, Mrs. Peil and Mrs. R. H. Sapp met at the community center Thursday night to make plans for a tour of the community center we have entered and to do some things to improve the community this year.

The community club will meet Friday night for a regular meeting. A potluck supper will be served at 7:30 and "sing" and dominion will follow. Everyone is invited to come meet with us.

Candy sale set by Babe Ruth League

Post's Babe Ruth League will sponsor a community-wide candy sale, starting this Friday and continuing for four weeks, league president James Kennedy announced today.

The candy sale will help raise funds for the replacement of a light pole and lights blown down by the wind at the Babe Ruth League diamond and for other expenses, Kennedy said.

Babe Ruth League players will conduct a house-to-house sales campaign to sell the candy.

"Everyone who purchases candy from one of these boys will help make it possible for them to have a healthy and rewarding summer baseball program," Kennedy said.

The Babe Ruth League season will open May 6 and continue through June 26. The four teams will be the same as last year — Indians, Braves, White Sox and Pirates.

Forty new boys, most of them up from the Little League ranks, were among those showing up for workouts last Thursday, the league president said. The player draft was held Thursday night.

Farmers like way rain fell in Southland area

By MRS. EDMUND WILKE — It is a beautiful day here. Kinda hazy and cool after the 1 1/2 inches of rain. All of the farmers are grinning from ear to ear because the way the rain fell — every drop stayed in the fields! My goodness, but it is great to be alive!

We — Edmund, Sherri, Dess a Dodd and Yours Truly — came in on Sunday evening from a fishing trip to Buchanan Lake. Had a real good time and caught a "tub" of fish. Fishing was really good for two days and then it kinda slacked off due to the weather. As usual, it was West Texas week down at Circle S Camp, because nearly everyone there was from up this way. Mr. and Mrs. Clark Barton stayed in the cabin next to ours, and we saw the Donald Basinger family fishing on the barge at Hi-Line Camp. The bluebonnets were pretty, but not as many of them as in other years. Sure was good to get home to good ole' Southland, but I would be ready to go back in a few days.

Congratulations to Mrs. Aubrey McNeely who is a brand - new grandmother again. Her daughter presented her with a grandson on April 4. He is the son of S-Sgt. and Mrs. Charles E. White and weighed 7 lbs., 15 ozs. His name is Lance William. His parents live at the Yokota AFB in Japan. Mr. and Mrs. Frank White of Slaton are paternal grandparents.

Mr. and Mrs. Paul Winterrowd, Jerry and Breonne, spent several days at Lake Whitney recently.

Mr. and Mrs. Otto Klaus and Mr. and Mrs. Werner Klaus spent the Easter weekend with their son-in-law and daughter, Mr. and Mrs. John Grubik, in Adrian.

Cathy Long spent a week in New Home visiting her cousin, Cindy Rainald.

Mrs. Bertha O'Keefe recently spent several days here with her mother, Mrs. Lena Lieske.

Mrs. Z. K. McKee, who has been living in Hollister, Calif., for the past year, moved back to Southland Sunday. Welcome back, Mrs. McKee.

Larry Long, nine other young folks and two mothers from Lubbock spent a weekend in Dallas recently. Ronald Poindexter of Lubbock spent two days visiting in the Robert Long home last week.

Mrs. Gerry McCathern of Hereford was a guest in our home on Easter Sunday afternoon.

The Otto and Werner Klaus visited the Calvin Klaus in San Angelo Sunday.

Mr. and Mrs. F. W. Callaway and his brother and wife, the Lester Callaways of Walnut Springs, took a trip to Fort Davis, the Big Bend country, and Carlsbad, Ruidoso and Cloudcroft, N. M., over the Easter holidays. They took their trailer and had a grand time.

Jackie and E. L. Dunn of Dallas spent the Easter weekend with their parents, Mr. and Mrs. H. C. Dunn.

Mr. and Mrs. G. D. Ellis spent the Easter holidays in Duncan, Okla., visiting her son and family.

While we were at Buchanan Lake we went over to see the beautiful home of Mr. and Mrs. Elmer Hitt. They have a pretty place at Paradise Point and I know they are enjoying it very much. We didn't get to talk to them. We also visited the Marcus Wilkes at Kingsland.

MR. AND MRS. Ramon Garza had a fire at their house last Wednesday which completely destroyed two buildings, pump and pump house, furniture and appliances. We are so sorry that this happened to this family, but so thankful that no one got burned because the fire started in the middle of the night and the family was in the house asleep. The buildings were close to the house, so the house nearly caught on fire too. They haven't determined how the fire got started.

We would like to welcome another new family to our community. Mrs. Christine Shankles and her six children have moved into Mrs. Emma Becker's house. They moved here from Wilson.

Congratulations to Mr. and Mrs. David Dabbs who were united in marriage last week in the First United Methodist Church in Slaton. David is the son of Mr. and Mrs. Herman Dabbs and Linda, his wife, is the daughter of Mr. and Mrs. Clarence of Slaton. May God bless this young couple and their marriage.

The Sammy Wartes family from Fort Worth visited the Carl Wartes on Easter. Several of their other children and grandchildren visited too.

Mr. and Mrs. Robert Long were in Plainview Easter Sunday to visit the A. R. Romines.

The Bob Dyess family spent a recent weekend in Abilene with the V. O. Bowdens. Monica has recently recovered from the three-day measles.

Darrell Hill of Anton was a visitor in Southland last Wednesday. See you next week. God willing.
