

Charge of murder faces man after Saturday stabbing

Eugene Cook, 27, was charged with murder Monday in connection with the stabbing of Dan Martin, 28, shortly before midnight Saturday in an altercation in an inn in the northeast part of the city.

Cook was being held in the county jail in lieu of \$10,000 bond Monday.

after the murder charge was filed with Justice of the Peace Racy Robinson, who bound the accused man over to the district court.

Martin died in Mercy Hospital at Slaton after being stabbed in the left arm and left arm pit. He was taken to the Slaton hospital after being treated in the emergency room at Garza Memorial Hospital, according to Sheriff J. A. (Jimmy) Holleman.

Deputy Sheriff Jim Pippin arrested Cook when he returned to the inn where the altercation took place about an hour after the fight, the sheriff said.

Holleman said officers first got wind of trouble at the inn when he and City Patrolman Jerry Jolly were called there between 11 and 12 o'clock Saturday night.

The sheriff said everything was peaceful when they arrived at the place and that they couldn't find anyone who would tell them anything about what was going on.

After coming back to town, the officers got another call to go to the inn, Holleman said, and upon their return they found the altercation had taken place and Martin had been taken to the hospital by his brother, Alfred Martin.

The sheriff said Cook was arrested after officers had talked to several witnesses. The knife used in the slaying has not been found, Holleman said Tuesday.

Funeral services for Martin were held at 2 p.m. Wednesday at the Pleasant Home Baptist Church, with the Rev. W. D. Queenan officiating.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home. Pallbearers were R. C. Curtis Jr., Leon Fields, Jim H. Osby, Edward L. Osby, J. P. Clark and Mack A. Gilbert.

Martin had been a resident of Post about a year. His survivors include his wife, Roberta; one daughter, Dollie Fay; two stepdaughters, Belinda and Priscilla Bernard; two stepsons, Clint and Gaylon Bernard; his parents, Mr. and Mrs. Elroy Martin of Odessa; one brother, Alfred Martin of Post, and one sister, Joyce Caldwell of Temple.

Another Post drive-in on 84

Post soon will have its fifth drive-in restaurant on U. S. Hwy. 84 (Broadway) which should indicate something about the volume of the tourist traffic.

H. D. Boston of Brownfield has purchased the corner lots at Broadway and Eighth street from John Lott of Lubbock and last Thursday began construction of a 35 by 35 foot concrete block drive-in on the corner.

The building permits puts estimated cost of the structure at \$25,000. Boston reportedly also operates drive-ins in Slaton and Brownfield.

Beer, coins taken in break-in at VFW Hall

Beer and coins from a cigarette machine and shuffle board were taken at a break-in at the Veterans of Foreign Wars Hall, evidently sometime early Sunday morning, Sheriff J. A. (Jimmy) Holleman reports.

Entrance was gained through a pried-open front door. Holleman and City Patrolman Raymond Bagby investigated the break-in.

Waiting for rain farmers' lament

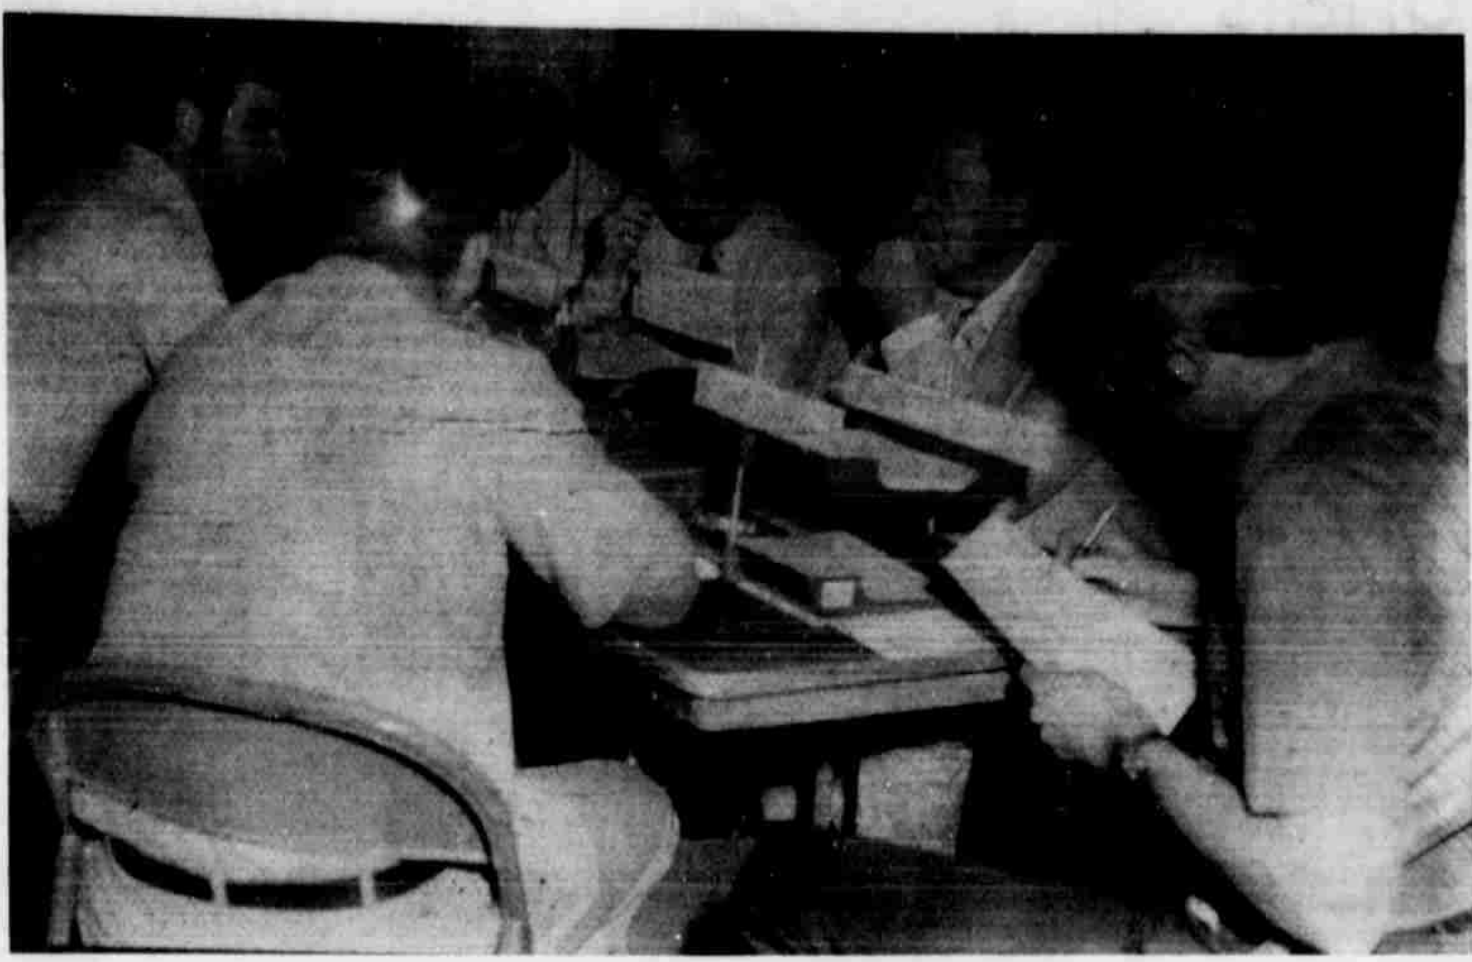

MOISTURE NEEDED

What you want, drought or no drought, but rain is badly needed in West Texas area where planting can begin.

Post moisture records show that for the last six months (through April) Post received 2.15 inches of moisture compared to only .91 of an inch for the same period a year ago under real drought conditions.

The difference between the two springs moisture-wise is that this time there is still some carryover from the August and September downpours of 1971 when 13.63 inches of rain fell officially here.

Woman and three daughters speak at FHA banquet

Four speakers — a Lubbock woman and her three daughters — spoke at the Future Homemakers of America's annual Mother-Daughter banquet Monday night in the school lunchroom.

Mrs. Jack Alderson and daughters Beth, Paige and Gail spoke on the values and benefits of living in a Christian home. They are members of the United Methodist Church.

The program also included the invocation by Mrs. Bob Collier, songs by "The Messengers," accompanied by Mrs. Barbara Babb, FHA welcome by Wanda Heintz, "Mother's Prayer" by Crystal Nichols, awarding of degrees and introduction of high point girls, introduction of new officers, and the FHA Creed.

Introduced as new FHA officers for 1972-73 were: Janet Childs, president; Donna McBride, vice president.

SPAG committee is meeting here today

The Criminal Justice Advisory Committee of the South Plains Association of Governments (SP-AG) was meeting at 10 a.m. today in the bank community room.

James Frank Hunt, dean of the Technical, Vocational and Occupational Division of South Plains College, was to be guest speaker at the meeting. The program will also include the introduction of two new committee members and sub-committee reports.

Mrs. Ruth Ann Newby of Post is a member of the committee.

Postex given \$297,800 contract for bedsheets

The General Service Administration today awarded contracts to Postex Plant here for an indefinite quantity of cotton bedsheets. The sales will amount to \$297,800.

The Dispatch's information on awarding of the contract came in a telegram from U. S. Sen. John Tower in Washington.

Another sheriff's sale set here for Tuesday

Another sheriff's sale to dispose of 30 local tax delinquent properties is scheduled for 1:30 p.m. Tuesday on the county courthouse steps.

The properties are listed in an ad on page 3 of today's Dispatch for prospective buyers.

MILER TO LUBBOCK

Mark Bevers, Post High School sophomore, will run the mile at 3:30 p.m. Saturday in a state qualifiers' track meet at Lubbock. Coach Lane Tannehill said today, Bevers will compete at the state meet in Austin on the night of May 5.

EFFICIENT OPERATION

Civil Defense workers react to 'emergency'

Post and Garza County's Civil Defense organization did "A-okay" in a three-hour Emergency Operations Simulations exercise held last Thursday night in the Community Center.

Performing before three members of the Division of Defense and Disaster Relief of the Texas Department of Public Safety and a group of National Guardsmen from Austin, all members of the local CD organization carried out their duties in an efficient manner. It was disclosed in a 30-minute critique that followed the exercise.

The critique was conducted by Mayor Giles C. McCrary at the request of Clark Titus of the DPS, who was in charge of the event.

Mayor McCrary called on the workers in both the operations and simulations rooms to comment on the total operation, and their comments indicated that the exercise, as a whole, was efficiently carried out.

Members of the CD organization indicated that they would like to have Titus return to Post within the next two to three months to conduct a second exercise.

The simulated emergency at the exercise here was isolated flooding conditions outside the city following heavy rains, and a tornado.

(See Civil Defense, page 8)

Tornado warning signal test set

Unless the weather is threatening at the time, the city's tornado warning signal will be tested at 5 p.m. this Friday, D. E. "Whitey" Morris said today.

The first signal to be heard will be a tornado alert. The sound will be a continuous blast for three minutes.

The second signal will be a "take cover," which will be a wavering sound, also lasting three minutes.

Friday's test will be the first of the season for the siren, which is located on the north side of the courthouse building.

Former resident dies in Carlsbad; burial held here

Allen Roy Rinker, 48, a former Post resident who died in Carlsbad, N.M., last Friday afternoon after suffering an apparent heart attack, was buried Monday in Grassland Cemetery following funeral services at 10 a.m. at West Funeral Home Chapel in Carlsbad.

Rinker, a native of Sweetwater, was reared in Post and lived here until several years ago when he moved to Carlsbad, where he was employed as a mechanic for U. S. Potash and Chemical Co. He was a member of the First Baptist Church of Post.

Survivors include his wife; a stepson, Jerry Lee Julian of Carlsbad; two daughters, Mrs. Norma Carter of Carlsbad and Mrs. Margie Andrus of Roswell; a brother, G. L. Rinker of Cartwright, Okla.; also, his stepmother, Mrs. Agnes Rinker of Post; three step-sisters, Mrs. Tommy Jean Davis of Rt. 3, Lubbock, Mrs. LaVerne Duniphan of Anahuac, Tex., and Mrs. Dorene Cole of Glenwood Springs, Colo., and two grandchildren.

Burial at Grassland was under the direction of Hudman Funeral Home.

Improvements for airport due soon

The airport committee of the Post Chamber of Commerce decided Friday noon at a luncheon meeting at the Drovers House Restaurant not to schedule an air show at the city-county airport until fall so that water lines can be run to the airport and gas tanks installed.

While these two projects will not take all summer, the committee decided to wait until cooler weather in the fall to avoid the turbulence of the summer heat.

The committee is hopeful of much greater use of the airport by area flyers when aviation gasoline can be sold here.

Attending the session were Harold Lucas, chairman, Julian Smith, Earl Chapman, Jim Cornish and Chamber Secretary Wyanne Kennedy.

2,445 register to vote in first primary here

A total of 2,445 Garza countians from 18 years old up are registered to vote in the May 6 Democratic primary election, according to Tax Assessor-Collector T. H. Tipton.

Motorcycle mishap seriously injures 3 youngsters here

A Post High School student and two younger cousins visiting here from Plainview, were seriously injured in a two-motorcycle accident about 1 o'clock Sunday afternoon in the northwest part of the city.

Rusty Conner, 17, son of County Agent and Mrs. Syd Conner, and Connie Pearcy, 12, and Jenna Pearcy, 5, both of Plainview, were reported improving in Lubbock's Methodist Hospital yesterday where they were taken Sunday after emergency first aid treatment at Garza Memorial Hospital.

Rusty's father told The Dispatch the accident occurred in a pasture across the road from the Conner home on North Avenue S near the Lubbock highway. The motorcycles apparently sideswiped just enough to become entangled and throw the youngsters off, Conner said.

Rusty was on one of the motorcycles and his two cousins were on the other.

The older of the Pearcy sisters suffered a broken left arm and right leg, and the younger girl's left leg was crushed. Rusty's left foot was injured, with the big toe almost severed, his father said.

Rusty came to enough to ride his motorcycle to the house and tell his parents of the accident. He and the two girls were rushed to the hospital.

Neither of the motorcycles was badly damaged in the accident, Conner said.

The weather bureau (or has it changed its name?) comes up with something new every once in a while. Take last year when they came out with this business of a certain percentage chance for rain, snow, mudballs, hail, or whatever.

(That took them off the hook beautifully for all the misses they were having predicting rain.)

After this last windy week, we think the weather boys ought to find some novel way to come up with a wind measurement, which combines pounds of sand per cubic foot, swirl, force, plus man psychological effects.

Oh yes, also incorporated into such a wind measurement should be the amount of moisture evaporated.

Of course, if the weather boys ever put all that together and came up with a wind prediction, the guy who wakes up to a clock radio might just come to enough to hear the daily wind forecast, push the off button, and retire from the human race for another 24 hours.

Too bad we didn't know for last Thursday's paper that Wayne Connally, Big John's brother who is running for lieutenant governor in a field about the size of the Kentucky Derby's, would be in (See Postings, page 8)

Dispatch Editorials

THURSDAY, APRIL 27, 1972

What will the people say May 6?

The major issue of the current Democratic primary campaign is simply the "arrogant abuse of power" in Austin, as Dolph Briscoe so aptly puts it.

It all began last year with the "stock fraud scandals" which gave the voters back home at the time not only "hot flashes" but cold anger.

The investigations of Frank Sharp's manipulations made it pretty obvious that the prices of Sharp's stock had been rigged to benefit high political chieftains in the state capital in return for badly needed political favors.

Since then the state Democratic chairman has resigned and two legislators have been found guilty. But the big act doesn't come until May 6 when dozens of office-holders of all sizes and shapes, from Gov. Preston Smith on down, learn how well the public remembers.

In the heat of one of the wildest and wildest primary election campaigns in modern history everybody "who was there" so to speak, has been challenged by not one but several candidates.

The newcomers are hopefully relying upon the age-old adage of American politics: "Turn the rascals out."

But the campaign heat also has churned up new examples of "arrogant abuse of power" which aren't going unnoticed.

More than 40 state legislators — with this district's current state senator, David Ratliff, heading the list—freely admit that during the last five years they have had relatives on the state payroll. While many of the cases involved nothing more than legislators' children working as pages for other legislators,

combined salaries for the improperly hired totalled more than \$120,000 since 1967. It's called nepotism—and it simply isn't legal.

According to a copyrighted story in the Houston Chronicle, a veteran handwriting analyst said 14 of 17 state payroll checks issued to Ratliff's children during the past 18 months were endorsed by Ratliff himself. The Abilene Reporter-News said all added together the salaries paid Ratliff's children from legislative jobs total \$21,765. A married daughter received \$6,035 in 20 months as her father's clerk though she apparently lived neither in Austin or in Ratliff's senatorial district, the Houston paper said. Ratliff says he "may resign."

One state representative has been indicted for allegedly using state postage stamps to buy a pickup truck and another is known to have leased furniture for his state office and to other state legislators from his own firm.

A lot of folks are waiting to see what turns up in the final week of the campaign when the dirt this time may be mixed with a lot of politicians' blood.

What will the people say May 6? Will they forget these Texas political atrocities?

Personally, we don't think so. We are hopeful that a lot of future good will come from all the revelations. We hope that not only will the voters decide upon a new bunch of officeholders, but, at long last, long overdue reforms will be initiated in office and the control of the legislature lifted once and for all from the hands of a few individuals.

Why not tie a string around your finger — on your voting hand?—JC

Day of confusion coming up

The Day of Confusion is just ahead. It's Sunday, April 30, the day we're supposed to advance our timepieces one hour for another six months of Daylight Saving Time.

After four years, most Texans are pretty well adjusted to DST, and we're of the opinion that if it were to be voted on (and that almost happened), it would win approval in the Lone Star state.

Things have changed so in the last 10 to 15 years that what affects one part of the country pretty well affects the other. Thus

if Texas stayed on standard time and just about everybody else went on DST, it would be deucedly inconvenient for most of us.

There was a move under way to get the Daylight Saving Time issue on the primary election ballot, along with the busing issue, for referendums, which are not binding, but which show the way the wind blows. Busing made the ballot, but DST didn't.

So, like it or not, let's get ready to live with it another six months. Confidentially, we've learned to like it, except for that first confusing day.—CD

What our contemporaries are saying

So far we haven't figured out just what to do about all the news releases we're getting from all the candidates for this election year. By the time we'd get out a paper quoting what some candidate told a certain group, the candidate would have had time to address another group with a different point of view and tell them the exact opposite of what he told the first. So our wastebasket continues its contribution to pollution.—Stayton (Ore.) Mail.

A member of the older generation states:

"I survived WW II, three auto accidents, two bad marriages, four grandchildren, two depressions, 13 company strikes, three mortgages and a bankruptcy—and some fresh teen-ager tells me I don't know what life is all about." —Darlington (Wisc.) Lafayette County News.

There is no doubt that ours is a free country—that's where a man can say what he thinks if he isn't afraid of his wife, his neighbors, his boss, his customers and the federal government. —Fowler (Ind.) Benton

The Abundant Life...

BE YOUR BEST

"Whatsoever thy hand findeth to do, do it with thy might; for there is no work, nor device, nor knowledge, nor wisdom, in Sheol, whither thou goest." Ecc. 9:10

One of the hardest things to find today is a person who is willing to do their best at a job. We are satisfied with the average and mediocrity in ourselves and others. This attitude of accepting anything but the best is foreign to the Bible. Christian people are told in God's word "Whatsoever ye do, work heartily, as unto the Lord, and not unto men." Col. 3:23.

You may not be the best but you can do your best. God does not ask the impossible of us. If a student can make only C's in school then certainly God is satisfied with that person when he has done his best.

We need to do our best in all things. Here are some areas we must strive extra hard to excel in:

1. Every person should be his best at home. So often we work hard at pleasing others and then come home and act our worst. A happy marriage is not so much in finding the right person as being the right person. It takes every person in the home doing their best to make a truly happy home. This includes most certainly the children. Parents, with few if any exceptions, determine the destiny of their children. It is not surprising that Samuel and Moses of the Old Testament were such great men, when you consider the greatness of their mother.

2. Young people need to do their best in school. A person's early years usually determines his later success. If a student wastes his early years he will find doors of opportunity shut in future years. It's easier to take a C in a course when you could make an A, play fourth chair in the band when with work first chair is possible, or be content playing on the second team when you have the ability to play first. But when a student settles for mediocrity early in life he is starting a habit that probably will follow him throughout life.

3. Christian people must do their best at their jobs. Eph. 6:5-9, tells us that we are to be excellent workers. It is inconsistent to imagine a person being a loyal Christian but lazy and indifferent in business. There is no place where a Christian's light can shine better than at work.

4. A Christian should also do his best to be a good citizen in the community. I have never thought it right for the Christian to enjoy the blessings of America while others fight, vote, work, etc., that we might have these rights. The Christian as a person should be working in the community that we might have the best place to live and raise our children.

It is not easy to do our best. But there is no way for a person, church, home or community to be great without working to be the best. Many years ago Lou Gehrig was determined to be the best first baseman to ever play the game of baseball. He played in 2,130 consecutive games in spite of colds, fever, lumbago, brain concussion and 17 hand and finger fractures. It wasn't easy being the best 1st baseman of all time, but his name will live after all others are forgotten.

OUR READERS

The following Paul Duren family Vena Elkins, one of my early-day school will be of interest to old know her and to others in the county's history.)

I feel so alone since; however, I have some wonderful nieces and nephews in the Murray and Kelly families. But they are all so far away. Frances Murry Seward lives in Las Vegas, Nev.; Nilly and Elwood Kelly in California. (Knox died last year with cancer of the liver.) The other Kelly family nieces live in Mesa, Ariz. So you see, I'm a "lone wolf." But I do keep busy.

My friends say "too busy", but I'd rather wear out than rust out. I belong to two study clubs and teach a Sunday school class of 45 elderly women.

You asked about the first school

the People of Garza County:

I am very grateful to you for the fact that I do have an opponent in either the Democratic primary or the General Election in November. I really appreciate this evidence of the friendship the people throughout my 15-county District.

Notwithstanding that fact, however, I am hereby soliciting your vote in the Democratic Primary May 6 and the General Election later in the year.

My chief concern is to represent the people of my district and to do all in my power to contribute to their well being. Knowledge of State affairs gained through 18 years of experience in the House of Representatives is available to every citizen of the 101st District. Call on me when I can be of service and let me have the benefit of your views on questions coming before the Legislature.

I know Rebecca and Joe will enjoy being there with you all, but I had hoped that they would come to see me before they left or that I would get down to Pueblo to see them. I drive, but my niece won't let me drive alone to Las Vegas any more, and the last few years I've been flying. Then Ralph drives us to California.

Paul, I shall never forget how smart and gentlemanly you were that first year. I never went to school that you had not already been there and built a fire and had the room warm. Both you and little Clyde were smart kids, and I'll always love you.

A HELPING HAND

Dear Editor:

I am writing this letter to you because I want to say "thanks" to a kind man that works for the friendly Texas Highway Department in Post, Texas.

On Saturday, March 25, 1972, my husband and I were on our way to another town in Texas. About six miles out of Post, all of a sudden, we had a flat tire on our car. We did not have the right tools that my husband can operate best, as he has a handicap. We were struggling with the ones we had with great difficulty. This kind man pulled out on the highway from the airport and saw us down the highway. Even though he was off duty, he came right on down, changed the tire and saw to it that everything was all right for us to be on our way.

We didn't get the man's name when we were telling him how much we appreciated his help. He smiled and said, "Just say thanks to the friendly Texas Highway Department."

It's kind people like this that makes you realize what a wonderful world we live in.

Sincerely yours,
Mr. and Mrs. W. F. Jewell

(Editor's Note: Jerry Morris, son of Mr. and Mrs. Dillard Morris of Route 2, Post, is a highway patrolman in the Claude (Arms on County) area. He was recently mentioned in Felix Phillips' "Off-the-Cuff" column in an Amarillo newspaper. We feel Jerry's friends here will be interested in the part of the column concerning him.)

"I met a couple of Texas Highway Department patrolmen under most adverse circumstances. They ran up behind my car with red lights flashing. I stopped. They stopped. At night.

"Then my fumbling meat hooks thumbed through my wallet to unearth a 1970 fishing license, a membership card in the International Order of Old Boogers, a card showing my blood type — if any. A card showing my picture which clearly indicates I'd be no credit to the personnel of the federal prison at Leavenworth — it was my driver's license.

"The arresting officers pointed at their radar which is the property of Armstrong County. It showed me to be hurtling through the air at 81 miles an hour. The residents of our penitentiaries will tell you're they're innocent — they wuz framed. I thought to myself, 'Now, I am about to join that innocent, framed crowd.'

"Jerry Morris, one of the peace officers, wrote me out a ticket. Then he poked his hand at me for me to shake. I shook. It was near Claude. The officers were courteous and friendly.

"I presented the ticket to Justice of the Peace George Byard at Claude. He said it would be \$30. I paid. He held out his hand for me to shake. And again I shook. I'm a hand-shaking \$30-dollar guy, especially around Claude, I reckon. He was gentlemanly, friendly, too.

"I told Mr. Byard I wasn't going 81 miles an hour. He said I ought to be 'man enough' to admit it or fight the case. I told him I wouldn't admit it and I wouldn't fight it. I figured in court I'd have about as much chance as the first hot dog at a Cub Scout cookout."

Rattlesnake Rodeo set for May 11

The Caprock Peace Officers Association has set May 11 as the date of its 24th annual Rattlesnake Rodeo, to be held on the Horace Wood Ranch near Clairemont.

The date of the annual event was set at a meeting of the board of directors, with Garza County Sheriff J. A. (Jimmy) Holleman of Post among the directors attending.

This year, there will be a special division for guests and visitors to participate in the rattlesnake shoot. Also on the program this year is a display of paintings and bird carvings by Horace Wood, area rancher, and a gun display by J. H. Taylor, Spur gunsmith.

The registration fee of \$2 for all officers, guests and visitors will include membership in the Caprock Peace Officers Association plus a barbecue dinner catered by Jackson's Catering Service of Post.

March accidents kill 1, hurt 7

The Texas Highway Patrol investigated six accidents on rural highways in Garza County during the month of March, according to Sgt. H. E. Pirtle, Highway Patrol supervisor of this area.

The six accidents resulted in one person killed and seven injured.

The rural traffic accident summary for this county during the first three months of 1972 shows a total of 21 accidents resulting in three persons killed and 19 injured.

Entomologist is named for area

COLLEGE STATION — Dr. Robert C. McIntyre has been named the new area entomologist for District 2 of the Texas Agricultural Extension Service, which includes Garza County.

McIntyre, whose appointment was effective April 1, will be headquartered at the Texas A&M Agricultural Research and Extension Center at Lubbock.

The new entomologist's responsibilities will cover the broad field of insect control with particular emphasis on pest management for insects attacking cotton and grain sorghum. He will work with county agricultural agents, producer organizations and individual producers.

The golden eagle searches for live prey but the bald eagle is a scavenger, looking mostly for dead fish.

Construction of the Great Wall of China started in 238 B.C. and it took 18 years to finish.

The first Boy Scout troop in America was organized in Pawhuska, Okla., in 1909.

Venezuela, sixth largest country in South America, covers 352,130 square miles.

program on the art of drawing, under the direction of Geraldine Butler, was held at a recent meeting of the Art Guild. The studies of Ralph Emerson Green, during the various systems of perspective were discussed, noting the history of perspective. The Greek ships became larger and smaller into view, and small lines went toward the horizon while a line drawn from the tip of the one ship to the tip of the other would slant the far one would slant so that all ships between would fit exactly between. This was the discovery of perspective and convergence.

LISTENING POST

By GEORGE L. MILLER

Well, friends, the big library events that started with the Benefit Branding and continued with the Flower Shower and Rummage Sale, are going to come to a grand finale with the auction of Joe Taylor's outstanding picture, "The Branding" which we have been displaying at the bank all this week. I hope you've stopped in to see it. I think it one of the finest drawings I've ever seen, and only wish I could afford to bid on it myself. It has special appeal to lovers of western art. And it will be popular with lots of Post people because we know Joe and are familiar with his work.

The big auction will be held Friday afternoon at 1 o'clock in the community room at the bank. We hope there will be a good crowd and lively competition for this prize picture. For one thing, the picture itself is a valuable work of art. For another, the proceeds go into the building fund for the library — which in my thoroughly prejudiced opinion is a darn good cause.

How about it, friends? Will you spread the word and come on down? We'd be proud to have you.

Our Flower Shower and Rummage Sale is going full tilt. In the early part of the week, our profit had passed the \$300 mark. By the time the paper comes out we hope our profit will have grown considerably. Last year we made close to \$700 and would like to do as well this year.

We have had excellent help from our volunteers which we appreciate deeply. They are a faithful bunch. They have made our library the success it is. When you see them, give them a big smile, OK?

Speaking of big smiles, one of the extra special things that has happened this year has been a set of posters prepared for us by students from the school. We asked them to do posters for us highlighting National Library Week. This was a project that had to be strictly volunteer, the school could not require it of the students.

The results have been fantastic. Students from the fourth and fifth grades went to work and imagination has produced some great posters. One I particularly like is on display in the library. It has the picture of a man's face, and the legend reads, "Even Howard Hughes Shows Up for National Library Week." We received about 15 posters like this and merchants around town have allowed us to display them in their windows.

Our thanks to all the students who helped us on this project. Their art has made Library Week a happy time here in Post.

Homemade gifts are displayed at meeting

Pearl Polk displayed a number of homemade gifts at a meeting of the Mystic Sewing Club last Friday in the home of Henrietta Nichols.

Club members decided to make a donation to the Southwest House of the Blind in Lubbock.

Refreshments were served to Alyne Runkles, Pearl Polk, Mae Shipley, Ruby Butler, Jimmy Hudman, Winnie Henderson, Nell Windham, Maggie Kennedy, Maudie Hankins, and a guest, Ina Blake.

Nurse presents club program

A program on child development was presented at a meeting of the Amity Junior Study Club last Thursday at 7:30 p.m. in the bank community room.

The program was presented by Mrs. Ann Tubbs, a registered nurse, holding a master's degree in public health.

Those attending discussed paper mache projects for money making projects and for the state convention. Hostesses Suzanne Hudman and Martha Window served refreshments to Jan Bartlett, Lynda Crane, Marianne Hart, Betty Hutchins, Gayle Parker, Kathi Rankin, Sharla Wells, Margie Wilson, and Mrs. Tubbs.

Chapter making banquet plans

The Founders Day banquet, to be held April 29, was planned at a meeting of the Mu Alpha chapter of Beta Sigma Phi Monday in the home of Iris Rogers, with Dorothy Perdue and Linda Richardson as co-hostesses.

In new business a motion was made to help the Post school for special children as a project for next year. Reports on the nominations for state project were read.

A program on travel was given by Sheri Hutto, with each member describing a travel experience. Refreshments were served to Mmes. Rogers, Hutto, Perdue, Richardson, Lou Carter, Flute King and Anne Leake.

DINNER IN PLAINVIEW

Dinner guests of Mr. and Mrs. Wilburn Morris Sunday were Mr. and Mrs. Joel Morris of Encino, Calif., Mr. and Mrs. W. C. W. Morris, the Gene Kennedy family, all of Jost, Mr. and Mrs. Weldon Menzer of Plainview and Juanita Downs of Lubbock.

The Texas Community Improvement Contest will be judged Wednesday, May 3, at the Close City Community Center, beginning at 10 a.m. and followed by a tour of the community.

This is the eighth year the Close City community has entered this contest, having been a winner each year.

Everyone is invited to attend.

Morgan-Blacklock vows exchanged

Mr. and Mrs. J. T. Morgan of Pflugerville, Tex., announce the marriage of their daughter, Marsha, to Ricky Blacklock, son of Mr. and Mrs. R. J. Blacklock of Taylor, formerly of Post.

The couple repeated double ring vows Friday, April 7, at 6 p.m. in the Northside Church of Christ in Austin, with Robert Moore, minister, officiating.

Miss Kathy Schumann of Pflugerville and David Blacklock of Taylor, cousin of the bridegroom, were wedding attendants.

After a wedding trip to West Texas, Mrs. Blacklock will be at home in Pflugerville, where she is a student in high school. Blacklock, a 1971 graduate of Taylor High School, reported for military duty in the armed forces April 17.

ATTEND FUNERAL HERE

Out-of-town relatives and friends who attended funeral services for Mrs. Ida Byrd here last Thursday included: Mrs. Clayton Lawrence and Mr. and Mrs. L. Z. Bridgeman, all of Lubbock; Mr. and Mrs. Bobby Byrd and Mr. and Mrs. Jimmy Byrd, all of Claremont; Mrs. Bud Puryear of Rotan, and W. F. West of Snyder.

Founder's Day is to be observed

The Mu Alpha and Xi Delta Rho chapters of Beta Sigma Phi will celebrate the 41st anniversary of the organization's founding Saturday, April 29, at 7 p.m. The banquet in which the two local chapters will join for the occasion will be held at Jackson's Cafeteria.

A traditional ceremony will be observed. The history of the local chapters will be reviewed and new members will receive their first welcome to membership.

Anne Leake of Mu Alpha will serve as toastmistress. Lou Carter has been selected for the honor of presenting a special message from the sorority's president, received from international headquarters in Kansas City. It will be the central event of the evening. Valentine sweethearts will be introduced as will the "Girl of the Year" from both chapters.

Thursday Club holds an all-day meeting

The Graham Thursday Club met with Mrs. Bernice Propst last Thursday for an all-day meeting, with most of the day spent visiting.

Nita McClellan, Wanda Markham, and Mr. and Mrs. Mike Watkins of California stopped by for a visit.

Members attending were Mmes. Pearl Wallace, Iris McMahan, Sue Maxey, Ara Oden, Davis and the hostess. The club will meet with Mrs. Davis on May 4.

A LETTER OF THANKS

In wish to acknowledge the special prayers this comforted on behalf of our dear Ella Mae during her illness. Although there were many hours of disappointment for a great strength knowing so many friends were with us.

During her hours of consciousness, Ella Mae was comforted by the knowledge that so many prayers were with her. She received the calls, cards, letters, and good wishes she received from Lubbock and in Dallas.

Thank the children who composed get well cards and all about her. We extend a special thanks to those who did something for Mrs. Hudman and cared for her. God bless all whose hearts were burdened with the teacher and friend. She loved all her "children." All her friends and relatives we add our special thanks for making our loss more tolerable. Thank you for the food and the organization of our household upon our. We appreciate the beautiful flowers you sent and the part many had in the memorial-service.

Ella Mae loved helping others, and she would be pleased to see many memorials have been sent to worthwhile organizations and causes. We know these funds will help others. The Ship Fund founded in her name will help some worthy continue his education. Helping these groups was dear to her.

Locally, she had the care of the finest specialists, but other plans for her. Although we feel our loss, we accept infinite wisdom. We pray that the seeds of learning she taught will continue to influence the lives she

Youngsters to present 'Three Little Pigs'

A musical adaptation of "The Three Little Pigs" will be presented tonight (Thursday) at 7:30 in the fellowship hall of the First Baptist Church by the church kindergarten class, directed by Mrs. Glenn Norman, teacher. Everyone is invited to attend.

Those participating in the program will be Trudy Adams, Tonya Bland, Kim Carlisle, Angie Castillo, Kent Duren, Dana Dudley, Penny Davidson, Steven Fluit, Michela Hill, Cindee Jackson, Darin Lawrence, Patty McCowen, Giles Dalby, Jeff Sharp, Ronda Storie, Joy Watts, Jennie Mock, Terri Hodges, and Carol Holleman.

Southland pupils tour historical sites in county

Sixth and seventh grade pupils of the Southland school and their teacher, Mrs. Betty Hall, were taken on a tour of Garza County historical sites last Friday, which was San Jacinto Day.

Also accompanying the students were Mrs. Lottie Shelton and Mrs. Elsie Crawford of Southland.

The group's first stop was at the Postex Plant, where hosts were Vic Slater, Walter Didway and George "Scotty" Samson. Slater gave a talk on National Textile Week, and Didway showed films of the interior of the plant, personnel, equipment, etc.

At the Garza County Museum building, the students heard Dr. A. C. Surman tell of the building's construction and of its use as the first and finest hospital in the area.

The group ate lunch at the Boy Scout camp, where Frank "Chief" Runkles, the camp ranger, told them the history of the Llano Ranch. The pupils also toured the historical markers and camp facilities.

The tour was conducted by Winnie Tuffing, Gwen Boren and Nita Burress, all of the Garza County Historical Survey Committee.

FHA banquet—

(Continued From Front Page) president; Consuelo Flores, second vice president; Nancy Madrox, third vice president; Jan Burkett, fourth vice president; Maude Cade, fifth vice president.

Also, Pam Feagin, secretary and treasurer; Carmen Villa, historian; Judy Heintz, hostess, and Debbie Ledbetter, parliamentarian.

The chapter parents for 1972-73 were introduced as Mr. and Mrs. W. H. Childs and Bill McBride, Mr. and Mrs. Sam Heintz and Mr. and Mrs. H. A. Justice were the 1971-72 chapter parents.

Postings—

(Continued From Front Page) town this morning for a "political coffee" at the Reddy Room. Same thing happened when Dolph Briscoe came through earlier.

Remember in the old days when every movie house had a bicycle rack out front? We were walking by the Tower Saturday afternoon and noticed two machines parked in the vacant lot next door. But they weren't bikes. They were full-sized motorcycles of Japanese ancestry.

Don't forget the Fower Shower and the Rummage Sale are still on in the Hundley building, and won't end until the weekend is over. We wish some happy soul with a green thumb would come in and buy us out of everything we have left — including the peppers, tomatoes and strawberry plants. They are great for hanging baskets. And in the dress racks are still a couple of numbers with Neiman-Marcus labels. That's pretty high class rummage, folks!

Also on the weekend agenda is the auctioning off of Joe Taylor's beautiful black and white drawing, "The Branding", with those proceeds also slated for the library's building fund. The auction is set for 1 p.m. Friday in the community room. If you can't make the hour you at least can leave us a signed bid in advance.

Post has a good bunch of art lovers, but getting them together for one offering is a problem. But if you're interested in Joe's benefit offering now on display in the bank lobby, make us a bid, either now or at 1 p.m. Friday.

Bob Macy is taking six of his quarter horse racers out to Ruidoso Downs Monday to get set for the spring and summer racing season. Good luck, Bob!

Rain needed—

(Continued From Front Page) Post has had only .01 of an inch of moisture (what The Dispatch calls the "First National Bank's sprinkle" on April 20), .60 of an inch in March, most of which (.51) came in the surprise snow of March 31.

Only traces of moisture were reported in February and .02 of an inch in January. Post received a total of .84 of an inch in December spread over seven different days, and .66 of an inch in November.

In comparison a year ago, .64 was received in April, when the drought-breaker came April 17 with .48 of an inch, .03 in March, .17 in February, none in January or November and .07 in December.

'Pink Ladies'—

(Continued From Front Page) Special recognition and a gift from the auxiliary was presented Mrs. J. E. Parker, a charter member of the organization.

Mrs. R. E. Young installed the following officers: Mrs. Jones, president; Mrs. George Tracy, first vice president; Mrs. Bessie Bowen, second vice president; Mrs. Bill Hughes, corresponding secretary and treasurer; Mrs. Tommy Davis, recording secretary; Mrs. Arda Long, service chairman, and Mrs. Lewis, Candy Strippers chairman.

The Rev. Tommy Davis, pastor of the Church of the Nazarene, served as master of ceremonies. Entertainment included two songs by Mrs. Marita Jackson, "The Sound of Music" and "Holiday Song," accompanied by Mrs. K. W. Kirkpatrick at the piano.

The buffet meal was prepared by Mrs. C. W. Terry.

May council meeting postponed one week

Since the first Monday in May falls on the first day of the month, the Post city council will not hold its regular May meeting until Monday night, May 8.

The council voted a few months ago to postpone the regular monthly meeting when the first Monday fell at the first of the month because of the city secretary being busy on first-of-the-month business.

Lunchroom Menus

Post schools menus for the coming week are as follows:
Monday: Tamales, pork and beans, cabbage slaw, corn bread, peaches, special K cookies, half pint of milk.

Tuesday: Meat loaf, macaroni and tomatoes, mixed greens, hot rolls, butter, cherry jello, pineapple tidbits, half pint of milk.

Wednesday: Barbecued weiners, pinto beans, cabbage and carrot salad, cornbread, half pint of milk.

Thursday: Pizza, green beans, tossed salad, prune cake with icing, half pint of milk.

Friday: Salmon with cheese sauce, creamed potatoes, green peas, biscuits, apricot cobbler, half pint of milk.

2,445 register—

(Continued From Front Page) which two have been returned. The last date for voting absentee is Tuesday, May 2.

Those wishing to vote absentee may request ballots by mail by writing the clerk's office or may vote in person at the office between the hours of 8 a.m. and 5 p.m. Monday through Friday.

While no speculation has been heard of here on the possibilities of write-in campaigns, the question has been asked if write-ins are allowed in a primary election.

Civil Defense—

(Continued From Front Page) alert.

County Judge Giles W. Dalby, CD coordinator, explained at the outset of the exercise that although the simulation lasted only three hours it represented an actual time period of 24 hours.

"The situations described in the emergency messages," Judge Dalby said, "are ones that could logically occur in Post and Garza County during the severe weather conditions simulated for this exercise."

"Actions to be taken will be aimed at maximum protection of the lives and property of the citizens of Post and Garza County," he said.

Departments playing a prominent role in the exercise were the fire department, sheriff's and police departments, public works, and Red Cross and Salvation Army for welfare and shelter.

Last Thursday night's exercise was preceded by training sessions spaced over a two-week period.

Joe Smith in talk before Rotarians

Joe Smith of Seminole, a candidate for district attorney, spoke before Post Rotarians at their weekly luncheon in the City Auditorium Tuesday on the subject of the American jury system.

He told of the mounting threat to do away with trial by jury and urged his listeners to participate and cooperate in the jury system by answering calls to either grand jury or trial jury duty.

Smith also declared that "we have lost our state rights, county rights and city rights to the federal government and if we don't stay awake we'll lose our constitutional right of trial by jury too."

Little League play opens; Yanks, Cards win openers

Post's Plant's defending champion Yankees picked up Monday night when they left off last year and captured the A. C. Cash Wildcats, 4 to 1, in the Little League opener at David Nichols Park. Post Five's Cardinals scored five runs in the bottom of the sixth to top First National Bank's Dodgers, 4 to 1, in the second game.

Tonight, the George R. Brown and the Bob Collier Drug Tigers will go against the Dodgers. The first game is scheduled for 6 o'clock.

The Wildcats were held hitless by Evans Heaton, who pitched three innings, and James Bilberry, who pitched one, in the four-inning game, which was cut short because of the one-sided score.

The winning pitchers were wild, however, walking nine Wildcat batters and hitting one with a pitch. Fabian Morales, the Wildcat starter, was the losing pitcher, getting hit from Rodney Gray in the fourth frame. The winners' seven included a two-run homer by pitcher Randy Baker in the first inning.

The Cardinals led the Dodgers 4-3 going into the sixth inning of their game, but the bank team scored five runs to go in front, 8-4. The Cards came back to win it in the bottom of the sixth by scoring five runs on two infield errors, two bases on balls and a two-bagger by shortstop Brad Davis.

Davis started on the mound for the Cardinals, but was relieved by Bruce Waldrip after four innings, with Waldrip receiving credit for the win.

Billy Smith, who had relieved Doug Hall, was the losing pitcher. The Dodgers outhit the Cards, five to one. Jackie Reiter, Tim Morris, Smith, Mike Dye and Charles Hall got hits for the Dodgers, while Davis got two hits and Kelly Baumann one for the Cardinals.

Jr. High girls score in track meet at Idalou

Post's 8th grade girls scored 37 points for a fifth place finish and its 7th grade girls 29 points for an eighth place finish in the district track and field meet held recently in Idalou.

The 8th grade girls scored as follows:

Janetta Kennedy, fifth, and Glenna Bevers, sixth, 440-yard dash; 440-yard relay team, sixth; Pat Bilberry, second, 220-yard dash; Kim Mitchell, fifth, 60-yard dash; 880-yard relay team, fifth; Pat Bilberry, third, high jump; Joni Hays, second, shot put; Kim Mitchell, sixth, broad jump.

Scoring by the 7th grade was as follows:

Vicky Gannon, sixth, 440-yard dash; 440-yard relay team, fifth; Karen Williams, fifth, 220-yard dash; Tina Dodson, fourth, 80-yard hurdles; 880-yard relay team, sixth; Brenda Price, second, 100-yard dash; Christi Conner, sixth, discus; Brenda Weaver, fourth, shot put; Sandra Bostick, fifth, and Brenda Weaver, sixth, broad jump.

Floydada won the 8th grade championship with a total of 113 points, while Idalou scored 130½ points for the 7th grade championship.

the Cardinals, but was relieved by Bruce Waldrip after four innings, with Waldrip receiving credit for the win.

Billy Smith, who had relieved Doug Hall, was the losing pitcher. The Dodgers outhit the Cards, five to one. Jackie Reiter, Tim Morris, Smith, Mike Dye and Charles Hall got hits for the Dodgers, while Davis got two hits and Kelly Baumann one for the Cardinals.

Tennis titles decided in Region I tourney

Junction, Spearman and Crane were winners of Region I tennis championships in the regional tournament at Odessa Saturday and will compete in the state meet in Austin.

Pam Schulze of Junction won the girls' singles crown, with John Johnson of Crane winning the boys' singles. Girls' doubles winners were Teresa Beck and Sheila Patterson of Spearman, and the boys' doubles title went to Jay Box and Don

GOLF TOURNEY SUNDAY

A low-ball partnership tournament is to be held Sunday, April 30, at Caprock Golf Course, according to D. H. Bartlett, manager. Bartlett says the course is in surprisingly good shape, considering the weather. He said the fairways are dry, but the greens are in excellent condition.

Bevers qualifies for state meet mile run

SPT HTC Mark Bevers — Sophomore Mike Bevers will represent Post High School and District 4AA in the mile run at the state track and field meet on May 5.

Bevers qualified for the state meet by winning second place in the Class AA mile run at the Regional I track and field meet held Saturday in Odessa.

Bevers, with a time of 4:38.8, finished about eight yards behind Jay Jones of Floydada, who negotiated the distance in 4:36.0.

The 4:38.8 was Bevers' best time of the season thus far. He qualified for the finals at the regional meet by turning in a time of 4:41.1, that stood as his best time of the season until he cut it down by 2.3 seconds in the finals.

Danny Lee represented Post High School in the long jump at the regional meet, but failed to place. He had qualified for the regional by winning second in the district meet.

Tahoka was the only District 4AA school besides Post to qualify anyone for the state meet. Representing the Bulldogs there will be Phil McClendon in the 440-yard dash and Clifford Laws in the shot put and discus.

meet by winning second place in the Class AA mile run at the Regional I track and field meet held Saturday in Odessa.

Bevers, with a time of 4:38.8, finished about eight yards behind Jay Jones of Floydada, who negotiated the distance in 4:36.0.

The 4:38.8 was Bevers' best time of the season thus far. He qualified for the finals at the regional meet by turning in a time of 4:41.1, that stood as his best time of the season until he cut it down by 2.3 seconds in the finals.

Danny Lee represented Post High School in the long jump at the regional meet, but failed to place. He had qualified for the regional by winning second in the district meet.

Tahoka was the only District 4AA school besides Post to qualify anyone for the state meet. Representing the Bulldogs there will be Phil McClendon in the 440-yard dash and Clifford Laws in the shot put and discus.

School transfer deadline June 1

AUSTIN — Parents who wish to transfer their children from their present school to a nearby district for the 1972-73 academic year must submit their requests to the receiving school district by June 1, 1972, according to an announcement by the Texas Education Agency.

Once approved by the receiving school board of trustees, the request must then be cleared by the Texas Education Agency. This state approval is a requirement of the law issued by the U. S. District Court in Tyler.

Southland Cemetery sets May 11 workday

By TOMMIE WILKE

Hello world! I am writing this on Monday and it is a beautiful day here in Southland. Kinda cool, a tiny bit of wind and gobs of sunshine! Hope it is equally nice wherever you are.

The Southland Cemetery Association would like to commend the people of our community for their interest and help in our little cemetery in the past years. We think it is something to be proud of, so, our thanks to YOU. It is that time of year again. The annual Work Day will be May 1. Please come, and if there is some way we can assist you with information, or care of your lot, please contact anyone in the association.

Weekend guests in the home of Mr. and Mrs. Delbert Abshire were Rod, Richard, and Larry Allen from Denver City, also the Allens' brother-in-law, Dennis. On Sunday, Stanley Abshire and the other boys went skiing at White River.

We extend our deepest sympathies to Mr. and Mrs. Cecil Stollie in the loss of Mrs. Stollie's grandfather this past week in Sweetwater. His funeral was held Monday. May God comfort this family in their sorrow.

Guests in the D. D. Pennell home Friday and Saturday were Mr. and Mrs. G. C. Emery and three daughters, Suzanne, Marsha and Claudia, from Houston. Also visiting was Mrs. Leona Seavey from Hereford.

Saturday Mr. and Mrs. D. D. Pennell and Mrs. Leona Seavey went to Fort Worth. Mr. and Mrs. Pennell returned to Southland Sunday, but Mrs. Seavey remained in Fort Worth.

Mrs. D. D. Pennell went to Post Monday to be with her sister, Mrs. Carl Cederholm, who fell last week and hurt her ankle and leg very badly.

Mr. and Mrs. Elam left for Montana last week where they will be visiting with their daughter and son and their families.

Mrs. Mary Stollie is spending several days with her sons, Roy and Leo, in Shallowater.

Remember our slogan? "Save Southland!" Any suggestions? Call the committee: Sam Ellis, Johnny Haire, Billy Lester, Dillard Dunn, or Valton Wheeler.

In just a few short weeks, schools will be turning out for the summer and the kids will be so glad there won't be any more classes, books and teachers for a while, but most of these kids will be glad when school takes up again in the fall. There are a lot of kids around that are not taking full advantage of the fine education that is being offered to them. The parents don't make them go to school and they think this is just great — but someday, when they are a little older, they will regret that they didn't get an education. I just read something that I think is very good and I would like to share it with you:

"Education is a companion that no misfortune can decrease, no crime destroy, no enemy alienate, no despotism enslave; at home a friend, abroad an introduction, in solitude a solace, in society an ornament. It chastens vice, guides virtue, and gives grace and government to genius. Education is a costly financial sacrifice and mental pain, but in both money and life values it will repay every cost one hundred fold." With that, I will say so long for this week.

MAY 6 DEMOCRATIC PRIMARY

? Your Name? WHAT'S IN IT? By CHARLES DIDWAY

POLK

Polk is a contracted, or telescoped, form of the Scottish surname Pollock. Before the name Pollock became a hereditary surname, it was a Gaelic word comprised of two words, "pol," which meant a hole or pit, plus the suffix "ack" or "ock," which in the language of the Celts indicated a dwelling or residence by a place of pits and holes.

Pollock is the name of a place in Renfrewshire, Scotland, and, no doubt, many took their names from this town name.

In the United States, the Pollock name has, in most instances, become Polk. The first ancestor in America of our eleventh president, James K. Polk, was Robert Bruce Polk, who emigrated from Ayrshire to Maryland where he received a grant of land sometime before 1687. The family's name was Pollock, but it was shortened to Polk in America.

James K. Polk was the first U. S. president who was a "dark horse" candidate. His name appeared for the first time on the eighth ballot at the Democratic convention in 1844 and on the ninth ballot, amid great confusion, the convention stamped for him. Polk was also the first president to be photographed while in office. The photograph was made by Mathew F. Brady on Feb. 14, 1849, in New York City.

There are Polk counties in 12 states, four towns named Polk, one Polkton and two Polkville. Nearly all these counties and towns were named for President Polk or for relatives of his.

Based on Social Security Administration account figures of a few years ago, Polk is the 1242nd commonest surname in the United States, where there are an estimated 22,700 persons by the name.

Hill's candidacy for atty. general on the upswing

AUSTIN — The candidacy of John L. Hill for the Democratic nomination for attorney general is definitely on the upswing as the May 6 primary election nears.

"If there ever was a time in our state's history that we needed a change in the attorney general's office it is today," the 48-year-old Hill says.

During recent weeks, Hill has issued what he calls documented facts. "The truth about Crawford Martin," who is the present attorney general and seeks re-election. Hill says these documented facts about Martin and his relationship with Frank Sharp, Martin's attorney general opinion which favored Sharp, the Sharp immunity and a Martin's delay in beginning his investigation of the Sharpstown case.

"In considering this contest I've tried to take the issues to the people," Hill said. "I decided to campaign for attorney general because I thought Texans ought to have an alternative. I'm not anyone's candidate and when I'm elected I'll be totally free to represent the public and call my own shots."

TO THE PEOPLE OF GARZA COUNTY:

I wish to use this means of expressing to the people of Garza County my sincere appreciation for the opportunity of serving as your State Representative. You have been a wonderful group of people to work with and have extended to me and my family many kindnesses which we shall treasure. It was personally distressing to me when I learned that we would no longer share the same legislative district after 1972; however, I shall continue to be interested in the problems and needs of your county and area.

I solicit your continued friendship and good will, and welcome your counsel and advice as long as I am privileged to serve in the Texas Legislature.

Sincerely,

God Does Work

By BOB FORD

As I am writing this article, I have before me the transcript of last Friday's plenary session of the General Conference of the United Methodist Church which is meeting in Atlanta, Georgia. I am getting each day a transcript of the debate of the plenary sessions.

I am constantly amazed as I read what is said and what is happening at the sessions, how God can and does work. There are 1,000 voting delegates from all over the world. They are working through 14 committees which are dealing with several thousand individual petitions sent in by groups and individuals. Each petition will be considered individually and acted on individually by a committee.

What has overwhelmed me is that in all the diversity of petitions and diversity of thinking of the 1,000 delegates, God is at work. Some momentous things are coming from this session. A new theological statement which helps Methodists deal with understanding their heritage in terms of today's world was overwhelmingly passed.

All of this is to point out that I am convinced that if God can work in all of this confusion, he can, does and is working in the local church. He can bring order out of chaos. He can overcome enmity of people. He can overcome apathy. He can create a sense of community.

I am grateful to see that in the day in which we live GOD DOES WORK!

PAY BILLS

To Enjoy Continued CREDIT

The credit bureau's message to the consumer is simple. Pay promptly. Spelling it out clearly—never let an account go past due without payment or immediate contact with the creditor.

Never allow an account to become an item charged off to profit and loss. This means that the merchant has given up hopes of collecting and has changed your account from an asset to an expense item. The item is automatically recorded in the files of the credit bureau. There it cannot be changed or altered unless subsequent dealings with the same firm result in a better record.

Your credit record is a picture of your character and has been found to be an extremely accurate guide to your future actions, particularly pertaining to whether you will pay future contracts and debts.

Keep your picture bright and shining and enjoy all the conveniences of the machine age. You can cut off the advantages of credit buying by disregarding or ignoring warnings of your merchant friends.

Straight Dope on Some of Seniors

(Taken from the 1972 Adax) Absolute knowledge have I none, but my aunt's washerwoman's son heard a policeman on his beat say to a laborer on the street, that he had a letter just last week, handwritten in the finest Greek, from a Chinese coolie in Timbuctoo, who said that a son in Cuba knew of a colored gent in a Texas town, who got it right from a circus clown, that a man in Klondyke got the news from a gang of smooth American Jews, about some fellow in Post High School who knew a man who claimed to know a man who lives besides Two Draw Lake whose mother-in-law will undertake to prove a friend's sister's niece has stated in a nicely written piece, that she has a great grandfather who knows about the date some of the seniors will graduate.

West Texas Press Assn. looks for \$800 scholarship winner

The West Texas Press Association is looking for another winner in its \$800 newspaper scholarship contest.

Applications in the 1972 contest will be received from high school seniors until April 30, Gene Snyder, chairman of the scholarship committee, has announced.

Applications should be sent to Gene Snyder, publisher of the Denver City Press, Denver City, Texas 79223. Announcement of the winner will be made by May 15.

West Texas Press Association, which started the newspaper scholarship in 1956, has three student in college this year. One will graduate this spring.

Rules for the scholarship contest have been mailed to high school principals and to newspaper editors or publishers of the West Texas Press Association area towns, who will be glad to help with the necessary application details.

Interested applicants must be in the upper 25 per cent of their class, must have demonstrated ability in newspaper journalism and a desire for a newspaper career.

The winner will receive \$200 per year (\$100 per semester) for each of the four years in college, providing satisfactory academic requirements are met.

Eleven West Texas colleges and universities have been designated for scholarship winners by WTPA. These are Abilene Christian College, Angelo State University, Hardin-Simmons University, Howard Payne College, Mid-western University, Sull Ross University, Texas Tech University, University of Texas at El Paso, Texas Christian University, Wayland College and West Texas State University.

National Textile Week observance under way

The first National Textile Week is being observed this week, April 23-29.

The special observance is sponsored by Phi Psi, national textile fraternity, to highlight the role of the textile industry in the American economy.

Vic Slater, manager of the Postex Plant and the Postex-Hall Plant of Burlington Industries, noted that the U. S. textile industry employs almost one million persons, with the related apparel industry employing another 1.3 million.

"In addition to this," he added, "are the thousands of other jobs provided by industries serving textiles, such as fiber manufacturing, textile machinery, chemicals and dyestuffs and transportation."

Burlington has been a part of the Post community since 1955 and now employs 450 persons here.

Nationally, textile firms operate 7,000 manufacturing plants and contribute \$5 billion in payrolls to the economy. Textile product sales in 1971 were \$22 billion; capital spending for new and expanding plants was \$590 million in 1971, with \$700 million projected for 1972.

"The productive capacity of the nation's textile industry is staggering," Slater said. "The industry processes some 6.5 billion pounds of man-made fiber, 3.9 billion pounds of cotton and a quarter-

billion pounds of wool each year in the manufacture of 11.15 billion linear yards of broad woven fabric, 1068.5 million pounds of knit cloth and 752.5 million square yards of carpets and rugs."

Uses to which textile products are put are almost without number. An estimated 50 per cent of production goes into apparel uses, 30 per cent for household products and 20 per cent for industrial uses.

Test scheduled in Garza County

Texaco, Inc., plans its No. 10 B. D. Huntley as a 4,000-foot producer in the Huntley (Glorieta) field of Garza County, four miles northwest of Post.

The drillsite is 1,836 feet from north and 330 feet from west lines of Section 1214, TTRR Survey, Abstract 647.

FORT WORTH VISITORS

Mr. and Mrs. Charles Blackwell of Fort Worth visited their uncle and aunt, L. W. and Mrs. Kitchen, Saturday. They also visited in Spur.

About This Question:

"The rising rate of thefts—the higher awards for personal injury to others—the increased cost of medical treatment—do these suggest that a periodic survey of insurance coverages be made with your agent, to be sure of sufficient protection in our fast changing society?"
