Number 12

AJRA FINALS — Mark Terry is pictured during his winning ride in last year's AJRA finals at Odessa. Mark will be attending South Plains College in Lubbock this fall on a bull riding scholarship.

BEST WON — Brent Terry is shown here riding in his first regular rodeo — the Post Stampede rodeo before the homefolks. If he had stayed aboard for the half second he would have won first place money too.

AJRA SUMMER CIRCUIT

Terry brothers rank high in bull riding

By BETH SHORT
Mark and Brent Terry, sons of Sheriff and Mrs. Bobby Terry, have been very busy young men this summer on the American Rodeo Association circuit.

They have attended and participated in 21 AJRA sponsored rodeos and have come out in top spots in the world standings.

Brent, 14, who participated in the 13-15 age group, is Reserve World Champion AJRA Junior Bull Rider for 1975, a title which he also won in 1974. Mark who participated in the 16-19 age group placed 4th in world standings.

The AJRA was formed by one of Post's own products, Alvin Davis in 1948, while he was attending Texas Tech. Each contestant pays their own expenses and own entry fee to enter an event at any rodeo. Points are kept on number of dollars won and world Championships are determined this way. There are three age groups.

Without the amendment, the Southland local fund assignment would have risen from \$28,278 to \$84,834. Under the amendment's provisions, its local fund assignment was raised to \$36,554 from the \$28,278. Next year it will be \$76,833 for the district unless the state reduces the state set evaluations which the school district is in the process of appealing.

School board members attending the regular meeting Aug. 11 were William Becker Jr., Sam E. Ellis, Joe E. Bassinger, Spence Devers, Johnny Haire, and Oscar Thomas.

Southland school will have no tax rate increase this year over last year's rate of 73 cents on the \$100 value, as determined by the school board Aug. 11. Although the board will be increased over last year due to state set salary increases and inflation, increased property valuations helped to offset the higher budget. Another factor which helped in maintaining the same tax rate was the amendment to the school finance bill which prevents a school district's local fund assignment from more than doubling for the 1975-76 year or from more than tripling for the 1976-77 year.

FOR WTC EXTENSION COURSES

Enrollment here on Tuesday, Aug. 26

SNYDER — Western Texas College will be expanding its off-campus extension programs this fall with the opening of new extension centers in Post, Rotan and Sweetwater. Extension centers will also continue in operation in Haskell and Colorado City.

Extension center students in Post will register from 6:30 to 8:30 p. m. Tuesday, Aug. 26, at Post High School. Classes will be held at the high school from 6:30-9:20 p. m. Monday through Thursday nights, although students taking only one course

will attend class only one night per week. Students at the Rotan extension center will also register on Aug. 26. Students in Haskell and Colorado City will register Aug. 25, while Sweetwater registration is planned Aug. 28. Classes for all extension students will begin Sept. 4.

Mrs. Charlotte McDonald of Post will serve as coordinator for the Post extension center and will also be teaching on the WTC campus in Snyder. Lane Tannehill will be assistant coordinator. Dr. Gene McClurg, Dean of Occupational Education and Technology at WTC, is coordinator of the Post program on the WTC main campus.

Students enrolled at WTC extension centers may earn as many as 12 college credit hours during a semester. Fees vary according to the number of courses being taken. Students taking one three-hour course will pay \$51 plus lab fees when required, while students taking two three-hour courses will pay \$87 plus lab fees when required, for example.

All courses offered at WTC extension centers are freshman or sophomore level courses, and credits earned are transferrable to other colleges and universities. Textbooks will be available at each extension center on the night classes begin.

Persons wishing additional information about the Post Extension Center may contact Mrs. McDonald at her home telephone, 495-3233, or Tannehill at his office, 495-2058. Class schedules are available at Post High School.

Courses tentatively planned in Post during the fall semester are Business 135 (business machines), English 131, Government 231 and Conversational Spanish 131.

Public asked to name goals

What are the preferences of the public as to Post school goals?

Supt. Bill Shiver, school trustees, and the administration in this edition of The Dispatch are publishing a questionnaire asking adults to rank the top five goals they prefer from a list of 10 goals included in the questionnaire.

The superintendent is hopeful of receiving a large number of replies.

School patrons do not have to sign their names. They do not need to be parents of children in school. Nor do they need to be property owners and taxpayers.

What the school wants is a good indication of what the adults consider the most important school goals here.

Shiver told The Dispatch 30 goals originally were prepared by educators. Using the Delphi technique, these were reduced to ten goals.

Already local teachers and 600 students in junior and senior high school have selected their goal preferences.

Now it's the public's turn. From the blended preferences

of the three groups — public, teachers, and students — the school's goals will be finally determined.

So turn to page 2, get out your pencil and speak up. What do you want?

Rites today for Dewey Craft

Funeral services for Dewey Craft, 75, of Aspermont, father of Buck Craft of Post, will be held today at 2 p. m. at Peacock.

Mr. Craft died at 5:05 Tuesday morning at a Hamlin Hospital. He was a ginman until he retired in 1972, operating gins at Dickens, Hermaleigh and Post prior to retirement.

Survivors include his wife, Marina of Aspermont; two sons, J. D. (Jake) of San Antonio and T. D. (Buck) of Post; two daughters, Billie Houston of San Antonio and Connie Lentz of Ruidoso, N. M.; 12 grandchildren and nine great-grandchildren.

.93 inch more of rain here

Post officially received .93 of an inch of moisture last Friday with early morning and evening rains. Many rain gauges both in town and in rural areas measured considerably more, however.

Some reported 1.6 inches. The rain came at an excellent time for the crops.

The new moisture, officially recorded as .87 of an inch Friday morning and .06 of an inch Saturday morning, brought official moisture totals here to 13.21 inches for 1975.

City steps in after four fires

Post Volunteer firemen recently were called to a small building behind Wilke's on East Main four times in three days to extinguish fires in it.

The city is going to haul off what is left to prevent the necessity to send the fire trucks that way again.

CONFEREES — Dr. Gene McClurg, Mrs. Charlotte McDonald and Lane Tannehill are shown at a conference for Western Texas College extension center coordinators held at the college recently. Mrs. McDonald will serve as coordinator for the WTC extension program in Post and Tannehill will also assist with the program. Dr. McClurg, Dean of Occupational Education and Technology at WTC, has been assigned as campus coordinator for the Post program.

Post schools will open for fall term on Monday morning

School will begin Monday morning, Aug. 25, for all Post students kindergarten through twelfth grades.

For students in the primary building, kindergarten and first grade children should enter the East door of the Primary building where they will find their room assignment posted in the hall.

Second grade students will enter the main entrance of the

primary building; third grade students will enter the West end of the primary building; fourth grade will enter the East end of the elementary building and fifth grade students will enter the West end of the elementary building.

The rooms will open at 8:15 a. m. and classes will begin for all students at 8:35 a. m.

All junior high students will

assemble in the junior high gym at 8:15 until 8:30 when they will receive instructions.

Post High School will open the year with a general assembly on Monday at 8:30 a. m. in the high school gym. Students will be handed their schedules after the assembly by the faculty advisor, along with other information. Each student will be assigned a faculty advisor at the assembly.

This has been the "coolest summer" since we came to Post some 18 years ago. We checked with Glen Barley at Southwestern Public Service yesterday on the number of 100 degree or better days. There have only been four during a 10-day period in mid-June.

In fact the daily high in July and August hasn't even reached 90 degrees 50 per cent of the time.

But the humidity—wheew, that's another matter. Glen says he's never seen humidity like this in West Texas with air conditioners literally spewing out streams of water. That, Glen says, is what has made the electric bills so high this summer.

The only problem, if it is a problem, for the upcoming "sunflower harvest" is where to get the combines to cut the 7,000 acres of sunflowers in Garza County.

County Agent Syd Conner told us yesterday he could only count five combines in the county though there might be more. The combines have to have a sunflower seed attachment.

Rotarians to renovate shed into scout hut

Directors of the Post Rotary Club voted Tuesday to undertake the estimated \$300 financing of a club project to convert a metal storage shed on the Santa Fe tracks into a scout

LIBRARY SEEKS \$300

Donations for painting asked

The Post Public Library has a new project—to raise \$300 through donations to purchase a near-50-year-old oil painting of Robin Hood to hang in the children's department.

The painting is by Dan Content, a magazine illustrator of the Howard Pyle painting school (N. C. Wyeth was another pupil).

The approximate 32 by 32 inch framed painting has been offered to the library by Tom Ryan, well known cowboy artist of Stamford. It can now be viewed at the library here.

Ryan recently had the painting appraised and a worth of \$1900 was established. He purchased it a number of years ago for \$400 and offered it to the library for the \$400 purchase price.

When told by library trustees that donations would have to be given to purchase the painting, Ryan said he would reduce the price \$100 as the first donation.

The painting was used as a frontispiece in an edition of "Robin Hood" published in the late 20's. The book is still available for \$7.50 and the library plans to secure a copy.

Ryan explains that Content was taught by Harvey Dunn, who was taught by Howard Pyle, so that puts him in what is called the Howard Pyle group of artists.

The Stamford artist also has given the library an excellent selection of unframed prints of a wide variety of paintings. There are approximately 15 prints, all by famous artists.

Interested persons will be asked to contribute their time to help with the renovation project.

Hudman said it would take "about a year" to really clean up the site around the scout hut which is only two blocks from city-county park.

Rotarians are planning a fund raising effort to complete financing of the scout hut.

Forum Aug. 29 on arthritis

Arthritis, the nations number one crippler, affects approximately 600 victims in Garza County, causing an economic loss of \$8,788 each year. A forum, jointly sponsored by the Plains Division, of the West Texas Chapter of the Arthritis Foundation and the Family Living Committee of Garza County, will be held at the First National Bank community room August 29, at 8 p. m. on this subject.

Interested persons are urged to attend this free meeting. Further details of the meeting will be announced in next weeks Dispatch.

Sheriff's men enforcing city ordinances here

Post's law enforcement men are quite quiet this week. Sheriff E. (Gene) Gandy and his deputies have started work on enforcing city ordinances.

Gandy was pretty "hot" about enforcement of the new dog ordinance and strays, but hinted a "new weapon" was being used. As The Dispatch understands it, the "weapon" is a humane dog trap. But it's not quite ready for action.

Deputies have been serving notices to owners of junk cars and are preparing to start operations to mobile homes to check progress of compliance.

Mobile home owners were given a year from the spring of 1974 to bring their mobile homes into play, although mobile homes are being moved into Post to receive no such "grace period."

Gandy said mobile home owners will be given 30 days of the ordinance to there will be no misunderstanding on compliance requirements.

The city printed up such

copies for distribution immediately on passage of the ordinance and have now ordered such copies of both the dog ordinance (See Sheriffs', Page 18)

(See Terry Bros., Page 16)

Southland school budget up, but tax rate same

Without the amendment, the Southland local fund assignment would have risen from \$28,278 to \$84,834. Under the amendment's provisions, its local fund assignment was raised to \$36,554 from the \$28,278. Next year it will be \$76,833 for the district unless the state reduces the state set evaluations which the school district is in the process of appealing.

School board members attending the regular meeting Aug. 11 were William Becker Jr., Sam E. Ellis, Joe E. Bassinger, Spence Devers, Johnny Haire, and Oscar Thomas.

Southland school will have no tax rate increase this year over last year's rate of 73 cents on the \$100 value, as determined by the school board Aug. 11.

Although the board will be increased over last year due to state set salary increases and inflation, increased property valuations helped to offset the higher budget. Another factor which helped in maintaining the same tax rate was the amendment to the school finance bill which prevents a school district's local fund assignment from more than doubling for the 1975-76 year or from more than tripling for the 1976-77 year.

STARTING BACKFIELD — The starting backfield for the Lopes will be four of these five backs. Front, kneeling, Quarterback Bryan Davis; standing behind him, Fullback Perry Rogers; behind Rogers, Tailback Ed Price. Alternating at halfback will be Garland Dudley, left and Jimmy Dorland, right. — (Staff Photo)

Dispatch Editorials

Page 2 The Post (Tex.) Dispatch Thursday, Aug. 14, 1975

By KURT E. JOHNSON
AUSTIN — The organization which calls itself "Citizens for a New Texas Constitution" (and directed by Representative Ronnie Earle of Austin) is running into some heavy fodder in its effort to get the new constitution passed in toto at election time November 4.

Not only has the Governor himself failed to make a commitment on a couple of sections of the proposed document (he says he's still studying it,) but big business is getting into the act.

This column previously reported that Brown & Root, the hemungus Houston construction firm, is putting solid money into the lobbying effort to shoot the new document down. Recently surfacing as a news item is the fact that the Texas Board of Realtors is laying hard dollars on the line to crater the new and retain the old, which has been in effect since 1876.

It seems that the realtors don't like the part about county commissioners' courts having land use and zoning authority, which provides another government agency with the power to regulate housing developments.

One of the current tactics of the homebuilding and developing subdivision industry is to build communities in unincorporated areas where there are only county laws. Hence, what used to be the old cotton patch is now called "Shallow Valley Subdivision" with quarter-acre lots. Just around the corner you'll find "pasture City", but with no zoning laws except for those drawn up by the developers.

Rumor has it that not only are these groups formenting plans fortnights ahead of the big vote, but the Texas interests of the A. F. of L. are pushing hard against passage.

All in all, ol' Ronnie Earle has his work cut out for him, even though he has the support of virtually the entire legislature, which is strongly backing the new document which it passed on its own in deference to calling a constitutional convention of citizens to consider the issue.

On another front, Governor Briscoe is waiting until the last minute to name the three members of the Utility Regulatory Commission which the utilitarian legislature established during the 64th session. In a press conference last week, "the Gov." said that he's considering appointing a lawyer to one of the three positions, which isn't a bad idea since about 100 per cent of the commission's work will be writing and interpreting legal-ese. Occasional speculation has it that the other two members of the commission will be an electrician and a plumber.

The impeachment trial of O. P. Carrillo draws nearer and nearer, and "Statebeat" will be there to provide a blow-by-blow account of all the blood which is spilled in the Senate Chamber as the heroics play out the impeachment string to the grand scenario. Among those present will be the impeachment expert Leon Jaworski, who will advise the Senate on parliamentary matters and impeachment law.

Texas hasn't had this much action since Billy Sol Estes tried to steal some fertilizer. Carrillo says he's bound and determined to fight the issue all the way (though it is unlikely he stands a chance if the hatchet job done by the House of Representatives on the impeachment articles is any indication.) His now-you-see-him, now-you-don't attorney, Arthur Mitchell, will probably create enough excitement on his own to carve a few notches in William Hobby's gavel.

It has finally emerged in fact

A new opportunity for you

Next Tuesday evening will be enrollment time for the courses offered by Western Texas College through its new Post Extension Center.

High school classrooms will be used for the classes. Regular college instructors will be the teachers. The courses are for real and offer transferrable college credits.

If you want a first taste of college, a continuation of an interrupted education, or a new outlook to life through learning, here is your chance.

Don't miss it. Sure you may have lots of questions to ask. Pick up your phone and ask them. WTC has a counselor here to provide the answers.

The educational cost is quite reasonable. You stay home and learn and that's the easiest

on the pocketbook. We can think of a hundred situations in which folks find themselves that lend themselves to an extension center course.

Think if over. Then, if it's right for you, give it "the old college try" come Tuesday.

Announcement of registration for the new extension center courses is the top story on today's front page — because it is an important story to this community and the folks who live in it.

A housewife can escape boredom. A cotton farmer can begin a college education and not miss a day's work in the field. There isn't a businessman who wouldn't profit from "conservational Spanish." And a Postex Plant worker can "grow."

It can be a new opportunity for you.

Reading skill our No. 1 goal

We're not trying to influence our readers, but The Dispatch is listing its No. 1 goal for the Post schools as developing the Post High graduate's reading comprehension skills to his or her potential.

Teach anybody not only to read, but to love and enjoy reading, and you open up a new world to that person.

We know. We've spent a whole lot more of our life reading than writing. The knowledge of all the ages can be found within the covers of books.

Books are a great equalizer. One does not need wealth to learn. He or she needs only the ability to read and understand what is being read.

When one lives in pain, he or she finds escape through becoming engrossed in a book. When one is bored with life, an adventure with a book gives that person a fresh new outlook. But more important is the knowledge books implant.

That's why the dream of so many has been the establishing of an excellent small library here in Post — not only for ourselves but our children.

One who does not read cannot really

comprehend how much pure enjoyment that collection of 11,000 or 12,000 books — we've lost count of the exact number — has brought to so many Post folks who do love to read and now have the better opportunity.

Of course we are off our editorial course a bit. We were discussing school goals — and got only as far as the reading goal in Bill Shiver's 10-goal questionnaire.

We are going to pick four more to go with it, and that selection will really be a whole lot harder for us than the first one.

Post has a fine school system and the administration wants the public's opinion on what are the most important school goals.

Take a few minutes and fill out the questionnaire you'll find elsewhere on this page. You don't need to sign your name. You don't have to be a parent, or a taxpayer.

Then mail it in. Public guidance is asked. Let's cooperate. You may not put the importance on reading we do. That's okay. Pick what you think is most important.

The goals established will be the ones on which the public, teachers and students themselves agree.

About those highway weeds

If you've been out on Texas highways lately you're probably wondering why the weeds stand so tall along the highway right-of-ways.

Of course all the 1975 rains have had a lot to do with it, but so has inflation, according to a news release over the weekend from the State Department of Highways and Public Transportation (formerly Texas Highway Department).

According to the Austin story "the harsh realities of inflation have caught up with the state department of highways, but many motorists haven't yet got the message."

It cited a letter received by one district highway office wanting to know why the "sides of the highway are so poorly kept." Said the letter: "They never mow them anymore and the way it looks the weeds are so tall you can hardly see the pavement."

That's exactly what we've been thinking recently.

That letter we've been quoting ended: "With all the good equipment the state highway department has seems they could keep the roadways half decent and not a disgrace to the taxpayers of the state and county."

The truth is, the news release goes on to point out, is that highway department officials looking for ways to trim costs several years ago decided an "easing of the long-time mowing operations standards appeared to be the best — and quickest — way to save

money."

For many years the highway department had mowed the right of ways from fence line to fence line. To save money, the department changed its mowing policy and decided to mow only a strip five to 15 feet outward from the outside line of the highway as necessary for maximum safety.

Now fence line to fence line mowing is completed only once a year, and is deferred until the early spring wild flowers have matured seed — usually about six weeks after the height of their blooming period.

Although the department spent \$14 million last year in mowing the highway right of ways, it has saved \$11.7 million in mowing operations since the new policy was adopted.

Of course we think the summer rains have had a whole lot more to do with the shaggy right of ways all over West Texas than the dollar-saving mowing policy.

Have you noticed at the Main street rail crossing the weeds are getting so high along the railroad right of way that in three or four more weeks of them you may not be able to see a train approaching. Those safety gates will really come in handy then.

On the east edge of Post too, the weeds grow high. And on the parking up and down Broadway, one notes the same shaggy appearance.

It looks like a great year for cotton, sunflowers — and weeds.

Questions and Answers
veterans administration

WHAT VETERANS ARE ELIGIBLE FOR VA "COMPENSATION" (192 - 1584 A MONTH OR MORE)?

A. All severely disabled veterans.
B. Veterans who suffered a service-connected disability.
C. All needy veterans.

For information, contact the nearest VA office (check your phone book) or write: Veterans Administration, 271A, 810 Vermont Ave., NW, Washington, D.C. 20420

Remember When

10 Years Ago 25 Years Ago

County seeks way out of growing hospital deficit; Post schools to open new term next week; Post rodeo nets around \$1,100; new cheerleaders are Linda Altman, Sherry Gist, Donna Stewart, Beverly Duncan, Micki Sterling and Julia Childs; Miss Mary Tippens and Bernard Welch are wed, to reside in San Antonio; Patsy Craig named president of Young Homemakers chapter; Mrs. Annie Hodges is sewing club hostess; Antelopes sharpen timing, to scrimmage Olton squad; Frank X. Tolbert writes of tomatoes growing around C. W. Post statue.

Hans Hudman leads boosters; drilling ahead continues on four Garza deep tests; H. M. Snowden, Carl Rains are elected while B. F. Evans and Ernest Henderson tie in race; jail trustee escapes Sunday after church here; new tourist court opens in Post, the Gateway motel; Garnolia school begins school year.

15 Years Ago

White River contract letting may come as Christmas gift, Dillard Morris cuts first load of maize; youth center to open for season; six plead guilty to cut court term short; Mrs. Jessie Lee Lancaster tours Nassau; Andy Williams, 3, has birthday party; Miss Rhea Peel honored at shower; Antelopes to open season here Friday against Rails.

Bond sales here far below goal

June sales of Series E and H United States Savings Bonds in Garza county were reported today by County Bond Chairman J. B. Potts. Sales for the six-month period totaled \$8,314,000 for 14 per cent of the 1975 sales goal of \$130,000,000.

Texas sales during the month amounted to \$19,368,773, while sales for the first half of 1975 totaled \$120,960,714 with 32 per cent of the yearly sales goal of \$234.3 million.

that Sissy Farenthold peeled \$125,000 off Dolph Briscoe's moneybelt as they settled out of court on her lawsuit for rotten campaign practices in the last governor's race. Briscoe didn't want to settle out of court because he was afraid people might think it was a cover-up. Sissy, on the other hand, had over \$200,000 in legal fees impending and could hardly bear to turn such an offer down.

I guess Dolph will have to sell off a couple of Herefords to pay up.

Welcome Teachers

Introducing 8 Newcomers to Post's School Faculty

PRIDE AND APPRECIATION

On behalf of the entire community, I want to welcome each of you 8 new teachers to Post and to welcome back all other returning members of our school staff.

Post is justly proud of its schools and the educational strides we have made in recent years.

We welcome you teachers to our stores, our churches, our organizations, and our bank. Here at the bank we are looking forward to providing each of you with every necessary banking service. Let us help you in whatever way we can.

J. B. POTTS
President, First National Bank

CARROLL McDONALD

McDonald is the new junior high coach and will be a physical education instructor. A graduate of Sul Ross State University where he played center in football, McDonald coached three years at McCamey and three more at Slaton before coming to Post. His wife, Charlotte, is a teacher. They live at 916 West 8th. They are Baptists.

MRS. MARY MARGARET NORMAN

Mrs. Norman will be a kindergarten teacher. A resident of Post for many years she resides at 1005 West Main with her husband, Glenn Norman, a Garza farmer. She has her bachelor of arts degree from Baylor University and taught nine years here in the First Baptist church kindergarten class.

JIMMY MCKAMIE

A 1970 Post High School graduate, McKamie returns this fall to join the faculty as a junior high school science instructor. He has received his bachelor of science degree at Texas Tech. He and his wife reside at 812 West 10th. He is a Baptist.

MISS EVETTE COX

Miss Cox is a new first grade teacher. She has a bachelor of science degree in education from Abilene Christian College with majors in elementary, kindergarten and special education. She resides at 309 North Ave. S and her church preference is Church of Christ.

GREG EUBANK

Eubank is the new Post High tennis coach. He also will assist in coaching girls basketball and will teach American history. Single, Greg is a recent graduate of Abilene Christian College where he received his bachelor science degree in education. He resides at 116 South Ave. S and his church preference is Church of Christ.

MRS. NANCY SHAW

Mrs. Shaw will teach sixth and seventh grade math in junior high. The wife of Danny Shaw, manager of Wacker's, she received her bachelor of science degree from Texas Women's University at Denton. The Shaws live at 911 West 8th. Her church preference is Baptist.

ARTHUR D. TUNNELL

Tunnell will teach mathematics in junior high. He is single and a graduate of Eastern New Mexico University with a bachelor of science degree in mathematics. His residence is at 123 North Ave. K and his church preference is Presbyterian.

MRS. CARON YATES

Mrs. Yates is a new fifth grade teacher. She received her bachelor of science degree in education from Texas Tech in July. Her husband, Joe A. Yates is a student at the Methodist School of Nursing at Lubbock.

FIRST-RATE SNACK IDEA

Want to solve the summer snack problem? Cheex Marshmallow Crispies will get cheers from the whole family. You'll cheer, too, because these tasty cereal-marshmallow candy squares can be made in a jiffy. Serve them often with milk and fruit for an ideal snack or summertime dessert.

CHEX MARSHMALLOW CRISPIES
3 tablespoons butter or margarine
36 regular or 3 1/2 cups miniature marshmallows
6 cups Rice Cheex cereal (bite-size crispy rice squares) crushed to 4 cups

Butter a 13 x 9 x 2-inch pan. In large saucepan, melt butter and marshmallows over low heat. Stir constantly until marshmallows are melted and mixture is well blended. Remove from heat. Stir in Cheex. Mix to coat all pieces well. Press into pan with buttered spoon. When cool, cut into 2-inch squares. Makes 24. TO VARY, add 1/4 cup semi-sweet chocolate pieces or 1/3 cup coconut. Sprinkle extra coconut on top.

Lake study is authorized

The Lubbock city council last week made two moves to augment their long range water plan.

At a Thursday meeting they approved a contract to study water quality and project financing for the proposed Justiceburg Lake at a cost not to exceed \$50,000.

Then Friday the city announced completion of "hush hush negotiations" to purchase 531 acres in the water-rich Bailey County sandhills to permit expansion of Lubbock's well field in Bailey County as a secondary water source.

JOINT BIRTHDAY PARTY
Mrs. Jimmy Byrd of Clairmont entertained with a birthday party last Wednesday for her son, Shawn on his fifth birthday and for her nephew, Derek Huntley on his 13th birthday. Those attending from Post were Mrs. Sexton Huntley, Mr. and Mrs. Elva Peel, Mrs. Glenn Huntley, Kam, Derek and Terry. Birthday cakes and ice cream was served.

TO LIVE IN CORPUS
Mrs. Glenn Huntley and boys left Thursday Aug. 14 for Corpus Christi to make their home after spending the summer in Post with her parents, Mr. and Mrs. Elva Peel and her husbands parents, Mr. and Mrs. Sexton Huntley. They have been living in Guam for the past three years where Glen is stationed with the Navy. He will join his family in Corpus Dec. 1.

The quickest way for a parent to get a child's attention is to sit down and look comfortable.

Old Algeria back in news

Joe Williams of Austin, director of National Register division of the Texas Historical Commission, stopped in Post Tuesday to meet with Maxine Marks, Jim Hundley, Jim Jackson and Gwen Boren. They met at 10 a. m. in the community room of the bank.

The discussion centered around two topics, the preservation of the Algeria Hotel and the inventory of historic sites in Garza County.

Mr. Williams suggested that getting the Algeria in a stabilized and preserved condition as a phase one step toward its ultimate completion. He also recommended that plans for it's use be decided upon and drawn up into a comprehensive plan.

The committee will be notified October 25 how much federal funding will be allocated to the project. It will be possible to get funds for the next three or four consecutive years from the same source.

He praised the citizens of Post for their support of this preservation effort which is timely during the BiCentennial observance.

VERY INEXPENSIVE PEST CONTROL
For as little as \$15.00 you can have your home debugged with a 12-months guarantee that it will stay pest free (excluding of course, relatives and neighborhood kids.)

More dependable than a man.

Someday a handsome prince will ride up and carry you away.
Or maybe you don't see it that way. Not that you've got anything against handsome princes. It's just that they're not very reliable.
That's why it's nice to know you've got some control over your future. Like being financially prepared for whatever lies ahead.
And one of the easiest ways to build future funds is with U.S. Savings Bonds. Buy them through your bank. Or join the Payroll Savings Plan where you work.
Bonds are steady, solid, dependable. Just the kind of security a girl needs. Then if your handsome prince does come along, so much the better. You can always buy him a castle.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years or more. The first year's interest is paid at the end of the first year. When needed, the interest can be cashed in your bank. Interest is not subject to state or local income taxes, and federal tax must be deducted upon redemption.

Take stock in America.
Join the Payroll Savings Plan.

RECENT GRADUATE — Marilyn Ehrlich, daughter of Mr. and Mrs. James Minor, graduated from the Hermann Hospital School of Medical Technology in Houston Aug. 15. Ms. Ehrlich received credit for completion of a year of clinical training necessary to receive her bachelor's degree from the University of Houston. She has taken the national registry exam to become certified by the American Society of Clinical Pathologists.

The Consumer Alert
by John L. Hill
Attorney General

AUSTIN—U.P.C.—It sounds something like the U.F.O.'s we've all heard about, doesn't it? But the initials U.P.C. stand for "Universal Product Code," those patches of bars and numbers many Texans have noticed on their supermarket products lately. Our Attorney General's Consumer Protection Division says those patches are part of a new idea taking hold in the grocery industry—computerization. This is the way the computerized supermarkets are expected to work. Cash registers at grocery check-out counters will be hooked up to a store computer. Instead of ringing up your purchases, cashiers will pass the U.P.C. patch on each product across a "scanner," which will read the symbols and feed the information directly to the computer. The item's description and price will immediately be flashed back on the register or a screen and printed on register tape. The whole procedure is expected to take a few seconds.

Although the idea is only now in the testing phase, some consumer groups are already saying that the "unidentified flying object" comparison isn't so far off base. They say U.P.C. could just as well stand for "unidentified product cost" as for Universal Product Code. Our Consumer Protection attorneys note that consumers still have a chance to voice an opinion on this new trend in food shopping, and suggest that consumers study available information before making up their minds. People in the supermarket industry say both consumers and grocers will benefit from U.P.C. They say check-outs will be faster and more accurate, since checkers won't have to look at and ring up each item. And they point out that

computers are usually more accurate and more able to handle special cases such as sales taxes, discounts, bottle returns, coupons, food stamps, and so on. Better inventory control and faster reordering are predicted, as well as lower labor costs, since no product price will have to be marked or re-marked. Possibly some portion of the reduced operating costs under U.P.C. may be passed on to consumers in lower grocery prices. However, several consumer groups have been quick to point out possible drawbacks to the proposed system. The main problem they foresee is that lack of prices on each item could be confusing or perhaps even deceptive. That's because between the time a consumer chooses a product and notes its shelf price, and the time he or she checks out, the price could change. Also, consumers who like to compare shop might find it difficult to remember shelf prices as they move up and down aisles. Consumer advocates also point out that computer programmers could make errors in pricing information fed into the computer. They also say there's no guarantee that prices will be lower with U.P.C.—in fact, many predict the high cost of installing the computer equipment might even be passed on to the consumer. In addition, they point out that check-outs might not be as speedy as the supermarket industry says, since the new electronic cash registers are costly and some stores may simply reduce the number of check-out lanes.

To get more information or express an opinion about U.P.C., talk with your supermarket manager and write the company. Also contact your U.S. Senator or Representative, since legislation to require pricing on all groceries has recently been introduced. You may also want to contact a local or national consumer organization.

Library breaks even on films
A crowd of approximately 85 youngsters and adults turned out last Thursday evening for the third and final family night movie of the summer at the Post Public Library. Librarian Pee Wee Pierce reported that the series of three Walt Disney films couldn't have been more of a break even proposition. Film rental, insurance and shipping charges totaled \$159.20 for the three films and at 50 cents per person admission the total gate was \$159.50.

Bobby Gibson now on Mediterranean cruise
Navy Air Controlman First Class Bobby P. Gibson, whose wife, Deanna is the daughter of Mr. and Mrs. Keith Adams of Route 3, Post, is embarked on a Mediterranean deployment aboard the aircraft carrier USS John F. Kennedy, homeported at Norfolk, Va. He and his shipmates are scheduled to visit Naples, Italy, and Barcelona, Rota and Palma, Spain. A 1965 graduate of Post High School, he joined the Navy in December, 1965.

BE SURE HOME CANNING JARS SEAL
If your preserved foods are in "loud mouth" jars that keep "talking" all year on the pantry shelf, help is at hand to prevent it happening again. "Talking" jars often spell spoilage. Reasons jars don't seal and suggested solutions are —Small particles of food left on rim of jar.
Remedy: Wipe off top of jar with clean damp cloth before placing lid on jar.
—Sealing compound or lid doesn't seal.
Remedy: Lids may be old. Usually, they last five years. Some may have a year date on them, such as 1-75, to indicate the lid was manufactured in the first quarter of 1975 and should be used before the end of the first quarter of 1980. It's a good idea to mark date of purchase on the box of lids.
—Bent or rusty rings.
Remedy: Always remove rings when jars have cooled thoroughly and seals are tested. Rings are necessary for the processing, but are not needed after the seal is made. Rings left on can rust and become difficult to remove — so store them in a dry place in a container that prevents them from being bent out of shape. Examine rings before the start of each canning season and discard rusty or bent ones. Never use lids more than once, because they are designed for a one-time seal.
—Rings screwed on "too tight" or "too loose."
Remedy: Rings which are screwed too tightly on the jar do not allow space for venting (escape of air from the jar). This makes pressure build up in the jar, causing the lid — and sometimes even the top of the ring — to buckle. Rings not screwed on tightly enough will not seal, because the compound is not pressed firmly enough against the top of the jar. This specialist said that the main point to remember is to follow manufacturer's directions. Do not use lid tighteners recommended for zinc caps. Two-piece lids don't require tighteners.

Lunch Menus
The Post school lunch program this year will offer students a choice between a meal or a sandwich for the same price. Mrs. Johnnie Willson also said the snack bar will be operated again in the lunchroom at rates five cents higher than regular menu selections. Students, kindergarten through fifth grade, will pay 60 cents for the lunch and students sixth through 12th grades will pay 70 cents. The menu for the first week of school is as follows with the meal menu listed first then the sandwich menu:
MEAL MENU
Monday: Meat loaf with buttered potatoes, green beans, fruit cocktail, hot rolls, orange juice and half pint milk.
Tuesday: Pinto beans with cabbage slaw, fried okra, apple cobbler, cornbread and half pint milk.
Wednesday: Frito pie with lettuce salad, buttered corn, sliced peaches, cornbread, half pint milk.
Thursday: Hamburger with slice of cheese, lettuce, tomatoes, onion, pickles, pork and beans, jello with fruit, homemade buns, mustard or mayonnaise, half pint milk.
Friday: Fish sticks with sweet peas, whipped potatoes, peanut butter cake with icing, catsup, orange juice, half pint milk.

SANDWICH MENU
Monday: Bologna sandwich, lettuce wedges, banana, orange juice and half pint milk.
Tuesday: Tuna sandwich, lettuce wedge, carrot sticks, apple, half pint milk.
Wednesday: Pimiento cheese sandwich with celery sticks, orange and half pint milk.
Thursday: Peanut butter and jelly sandwich, carrot coins, banana, orange juice, half pint milk.
Friday: Chicken salad sandwich, lettuce wedge, apple and half pint milk.

Luncheon honors 60th anniversary
Mr. and Mrs. Joe Moore of Post were treated by members of their family to a luncheon Saturday, August 10, in celebration of their 60th wedding anniversary. The couple was married in Altus, Okla., and moved to Post approximately 26 years ago to make their home. Members of the family present to help them celebrate were their son and daughter, Mr. and Mrs. Lloyd Moore of Corsicana, and Mr. and Mrs. Robert Cox of Post.

ATTEND CONVENTION
Mr. and Mrs. Bob Arhelger and Mr. and Mrs. Rindie Wilson returned home last week from San Antonio where they attended the national meeting of the Soil Conservation Society of America. Approximately 2,300 people attended the three-day event. Mr. and Mrs. Arhelger also visited Lake Buchanan and in San Saba on their return home.

LEA MERRIE CROSS

Cross-Short nuptials set

Mr. and Mrs. Sid Cross announce the engagement of their daughter Lea Merrie to Mike Short, son of Bob and Twana Short of Post. The couple plan to be married September 14 at 7 p. m. in the Justiceburg church. Lea Merrie was a graduate of Post High School this last May and has been employed with the Apache Riding Stables in Grand Canyon for the summer. Mike graduated from high school in 1974 and has also been employed in Arizona. The couple plan to enter the horseback tour business in Mesa, Ariz., after the wedding.

Going away party for Juanine Smith

A going away party was held for Juanine Smith Thursday at 4:30, Aug. 14 in the home of Lacy McGinnis. Watermelon, cake and punch was served to guests, Melissa Pantoja, Linda Martinez, Susan Sawyers, Janet Shipman, Donna Baumann, Juanine and Lacy.

Two couples wed together

The home of Mr. and Mrs. James Frank Halford was the setting of double ring ceremonies uniting Frank Halford and Judy Howard and Sgt. Kenneth Schronk and Freda Halford, August 16 at 5 p. m. Parents of the couples are Mr. and Mrs. James Frank Halford, Jim Keel and the late Loyce Keel and Mr. Lawrence Schronk and Mrs. Bill Haile. The brides chosen colors were pink and white. Mr. Halford is employed by Santa Fe Railroad and the couple will reside in Lubbock and Schronk is in the U. S. Army and they will be stationed in Giessen, Germany.

Hospital Notes

Those admitted to Garza Memorial Hospital since Tuesday of last week were F. H. Hodges, medical; Mike Crawford, medical; Barbara Slay, medical; Patricia Gustafson, medical; Debbie Wright, medical; Gary Mellburg, accident; James Williams, medical; Doyle Fry, medical; Lela Kennedy, medical; George Samson, medical.

Ambers Parrishes return from 11 states, Canada

By MRS. GLENN DAVIS
Mr. and Mrs. Ambers Parrish have returned home from a three week sight seeing trip through Oklahoma, Kansas, Nebraska, Iowa, Minnesota, and onto Winnipeg, Canada and back home through North and South Dakota, Montana, Wyoming, Colorado and New Mexico. They visited with a niece, Mr. and Mrs. Hubert Wallis in Helena, Montana.

Donald Gossett visited his parents, Mr. and Mrs. Fred Gossett Sunday afternoon. Mrs. Pearl Wallace visited in the evening.

Mr. and Mrs. Elmer Cowdrey and Mrs. Pearl Wallace returned home last week from attending the Gossett, Crown-over reunion on Saturday and Sunday near Nocona. They remained for a few days to do some fishing. They also visited with relatives near Bowie.

Mrs. Johnnie Rogers and Mrs. Kitchen visited in Crosbyton Saturday and saw the arts and craft sidewalk exhibit and went through the museum.

Sunday visitors in the Elmer Cowdrey home were Mr. and Mrs. Jake Sparlin, Mrs. Albert Sparlin, Mr. and Mrs. Mike Hewitt and sons of Odessa. Mrs. Pearl Wallace, Mrs. Mary Cowdrey. Brenda had a birth-

Stockman urged to look at emergency credit act

COLLEGE STATION — Livestock producers facing financial problems due to current low market prices should take a close look at the Emergency Livestock Credit Act of 1974.

Just over a year old, the Act provides for emergency financial help to the producer whose business has a good chance of success if it can survive the current liquidity crisis.

"Recent changes have been made in the Act that make it more palatable to both the borrower and lender," points out Dr. Wayne Hayenga, project leader in farm management for the Texas Agricultural Extension Service.

These changes are as follows:
1. A "line of credit" is permitted, whereas the original Act permitted only a single loan.
2. Anyone with a "substantial operation" in breeding, raising, fattening or marketing is eligible (one who devotes at

least 25 per cent of his time to, derives at least 25 per cent of his income from, or has at least 25 per cent of his capital invested in livestock operations.)

3. The Act is extended until Dec. 31, 1976.
4. The loan period can be extended to seven years, with possible renewal for three years.

No Sunday service for Presbyterians

The First Presbyterian Church will not have its Sunday morning worship service Sunday because its supply pastor, Dr. Paul Chalfant of Lubbock, will be in San Francisco attending an educational conference.

Dr. Chalfant, besides being a Presbyterian minister, is the professor of sociology at Texas Tech University. The Presbyterians are still seeking a pastor.

5. The guarantee by the Farmers Home Administration is increased from 80 per cent of the loss to 90 per cent of the loan principal and interest.
6. The line of credit has been increased from the previous \$250,000 to \$350,000 per loan.

7. Secondary financing of the guaranteed portion of loans may now be made by the Federal Financing Bank, thus increasing the marketability of the securities to the lender.
8. The total authorization under the Act was reduced from \$2 billion to \$1.5 billion.

Under the original Act, almost 400 Texas lenders filled 624 guaranteed loans in 163 counties as of June 18, 1975. Total guarantee was for \$70,739,290 an average of \$113,364 per loan.

Many cattlemen can use this type of financing, and the situation will probably continue into 1976, contends the economist. Therefore, the recent

changes in the Emergency Livestock Credit Act should help them protect their operations from financial disaster in the coming months.
Hayenga advises stockmen to contact their local Farmers Home Administration office for particular details.

Burglars hit in Crosbyton

CROSBYTON — What appeared to be "professional burglars" looted "The Hive," local women's shop, of between \$4,000 and \$5,000 worth of new fall last week.

Entrance was broken breaking in the back door.

Mrs. James Stone took her Sunday school class on a picnic down on the river last Monday late in the afternoon. Adults going were James Stone, the Lewis Masons, Noel White, families, Virginia Booth, Mr. and Mrs. Quana Maxey, Sue Cowdrey, Kurt and Clay.

Mrs. Johnnie Rogers went to Lovington, N. M. last Wednesday where she saw the Rodeo parade and attended the fair. She visited with niece's and nephews.

Mr. and Mrs. Harry Krizan have been visitors of Mr. and Mrs. James Stone. They were on their way to Lubbock to attend a wedding.

Mr. and Mrs. Elvius Davis attended the Reece Airforce Base reunion last Saturday. Elvius was stationed there at the base in part of 42 and 43.

We extend sympathy to Mrs. Ada Oden and other relatives. Her sister, Mrs. Hugh Hazlewood of Ft. Worth passed away last Wednesday morning. Mrs. Oden attended the funeral services last Thursday afternoon, then returned home Monday afternoon of this week.

Clark Cowdrey of Dallas and sons, Cary and Russell are visiting his mother, Mrs. Delmer Cowdrey.

Cheerleaders win awards

LEVELLAND — South Plains College cheerleaders twice won the coveted "Spirit Stick" and collected two superior and one outstanding ribbon during competition at the College and University Cheerleader Clinic last week in Dallas.

The clinic, sponsored by the National Cheerleader Association, was conducted Aug. 11-15 on the campus of Southern Methodist University. Some 300 participants from nearly 100 colleges, universities and junior colleges attended the clinic, said Jeanelle Spears, cheerleader sponsor at SPC.

"Only a few of the Spirit Sticks were awarded during each day's competition," Mrs. Spears added, "and our girls won it twice. It's the most sought after award at the clinic."

Members of the 1975-76 cheerleader squad at SPC are Sharlet Henderson of Midland, Jan Hall, and Melanie King of Post, Terri Howard of Whitharral, Beth Ann Tidwell of Lamesa and Donna Hunt of Denver City.

Besides daily competition, the cheerleaders also attended classes in stunting, cheering, and leadership techniques in such areas as crowd control and spirit promotion.

By HARRY TRASK

It is so comfortable to view the American Revolution as a confrontation between a despotic king and tyrannical Parliament on the one hand, and a group of righteous, idealistic colonists on the other.

This oversimplification satisfies our bent for good guys and bad guys but it does foster mythical history.

The Revolutionary War had its genesis in the French and Indian War, with England on one side and France on the other — and Indians on both sides. The goal was neither liberty nor equality. It was territory. It was control of North America. The Colonies had a part in it. They finally claimed it as their own.

The French had been in North America for 200 years. They had established settlements along the St. Lawrence, the Great Lakes, and a myriad of rivers. Utilizing the waterways, they ranged widely over the mid-continent. They claimed particular and exclusive jurisdiction over the Ohio country.

In the 1740's George Croghan, with other Pennsylvania fur traders, built a fort at Pickawillany in western Ohio. At the same time Virginia land speculators — the Ohio Company, and its rival, the Loyal Land Company — were surveying the area. (Later, Pennsylvania and Connecticut also claimed it.)

Immediate reaction from the French triggered the showdown. Englishmen infiltrating "their" land alarmed and upset them. In a sudden attack they destroyed Pickawillany, and then built barrier forts south from Lake Erie.

Pennsylvania chose not to retaliate. But Lt. Governor Dinwiddie of Virginia, an investor in the Ohio company, sent a 21-year-old to tell the French they were trespassing. The young surveyor — George Washington. He was described as "gangling, inarticulate, courageous, and ambitious." The answer the French gave him was not inarticulate. It was very plain. They would not yield.

The British took over the campaign. An arrogant Colonial administration mismanaged the war. They bungled and stumbled from one defeat to another. Finally King George put William Pitt in charge. He appreciated the stakes. He poured regiments of British regulars and tremendous sums into the contest. And in 1763 a treaty of peace was signed. France was finished as a colonial power in North America.

Victory had come mainly with British troops and British gold. King and mother country received praise and adulation from all over America. There were parades, fireworks and banquets in every colonial town.

A minister said, "let us feast God and honor the King, and be peaceable subjects of an easy and happy Government." Ezra Stiles extolled, "the illustrious House of Hanover." Massachusetts' Governor Pownall said, "Nothing can eradicate from (our) hearts their natural affection to Great Britain."

A dozen years later denunciations, anger, and rebellion were the order of the day. What went wrong?

Pastor attends church assembly

Edgar L. Fox, minister of the First Christian Church will return this week from San Antonio where he is attending the General Assembly of the Christian Church. Ten thousand delegates met at the convention center there.

Nationally known speakers at the assembly included Canon Burgess Carr, executive of the All-Africa Conference of churches, Congressman Andrew Young of Georgia, and National Council of churches executive Jorge Lara-Braud. Dr. Jean Woolfolk moderator of the Christian church presided.

Elder Jack Alexander filled the pulpit last Sunday in the absence of Rev. Fox. Elder Curtis Hudman, presided.

Pork supplies shorter than in many years

COLLEGE STATION — Upcoming pork supplies will dip to levels below those of many years, and this means higher retail prices, Mrs. Gwendolyn Clyatt said this week.

"USDA reports confirm the decline in pork supplies — and it might be nearly another year before increased supplies reach the retail market," she added.

"Only a few features may be found on end chops, semi-boneless hams, frankfurters and

liver." Mrs. Clyatt is consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

Beef counter specials show emphasis on chuck roasts and steaks, round steaks, ground beef and liver, she said.

"In poultry sections, the egg market is settling down after some price increases, so eggs continue as an easy, economical

protein source for menus.

"Current turkey supplies, however, may consist of more mature birds. These big birds are nutritionally as good as younger ones — but drier," Mrs. Clyatt said.

She advised use of moisture in cooking — or a sauce for serving mature turkey.

Peak-season vegetables this week are summer squash (soft shell) and okra.

Others worth considering, pricewise, are cabbage, carrots, corn, cucumbers and cushaw.

Fruit buys include cantaloupe and watermelon which are plentiful with prices more attractive.

Grapes, peaches, nectarines,

bananas and oranges are other choices.

Dairy features are scattered, but some appear on low-fat milk, sour cream, cottage cheese and yogurt.

CONSUMER WATCH-WORDS: Think twice before by-passing boneless meat.

Although it has a higher price, it may be a thrifter's choice — even though it costs more per pound, there is no excess fat or bone, so every bit of meat adds up to more servings.

Houston is headquarters for more oil companies than any city in the nation outside of New York.

Antelopes to scrimmage Ralls at 5 p. m. here today

Probable starters named on both attack, defense

Coach Bobby Davis's 1975 Post Antelope grid squad, 34 strong, will take the Antelope Stadium turf at 5 p. m. today for the first "real thing" of the new season — a scrimmage session with the Class A Ralls Jackrabbits.

"We don't know exactly how long the scrimmage will last, but it is going to take a while," Coach Davis told the Dispatch in outlining the agreed format.

The Post and Ralls squads will scrimmage using three units — starters, reserves, and sophomores — with the first stringers of course getting the most work.

The Lope grid boss said the first units will have 20 plays on offense and 20 plays on defense and then give way to the reserves who will have 15 plays each on offense and defense.

The sophomores follow with 15 plays each way and then the starters, or first group, comes back to end the scrimmage with 15 more plays on both offense and defense.

After a Saturday morning intra-squad scrimmage which pleased coaches for hitting and hustle, Coach Davis expects the following starters to man the No. 1 offensive and defensive units this evening.

On offense, Mike Waldrip will start at tight end with Alfred Pena also seeing action there; Mike Shepherd will be the split end; Dale Odom and Benny Greene, the tackles; Ray Martinez and Buddy Britton, the guards; and Shorty Hester at center, with Mark Kirkpatrick also seeing action there.

In the offensive backfield it will be Bryan Davis at quarterback, Edward Price at tailback, Perry Rogers at fullback, and Garland Dudley and Jimmy Dorland alternating at halfback.

On defense, the Lopes will go with Mike Babb at nose guard, Danny Saldivar and Oscar Sanchez at tackles; Dale Odom at one defensive end post with Benny Greene and Mike Waldrip alternating at the other.

Linebackers will be Shorty Hester and Alfred Pena, with both Perry Rogers and Randy Baker also seeing some action there.

The secondary includes Garland Dudley at strong safety, Mike Shepherd at free safety, Bryan Davis at strong halfback and Jimmy Dorland at free halfback with Randall Wyatt seeing some action too somewhere.

This starting lineup would include 11 lettermen, two

transfers, Rogers and Pena who played with the junior varsity last year, Babb, Saldivar, Britton, Kirkpatrick and Wyatt up from the junior varsity as well, and Baker off the 1974 freshman squad.

This means, depending upon who finally wins the starting jobs being contested, that up to nine of the Post lettermen may be playing both ways this season.

Coach Davis expressed himself as "pretty well pleased with the hitting and eagerness" shown in Saturday's scrimmage. "We made lots of mistakes, but nobody was timid."

The only squad injury to date is a cracked collarbone which has put Ronald (Butch) Booth, sophomore hopeful, out of action for at least three weeks.

In the Saturday scrimmage, coaches divided the squad as evenly as possible, and apparently did an excellent job of it.

With no kicking involved, the Blacks outscored the Whites two touchdowns to one but the Whites lost the ball on the Blacks' one-yard-line on one offensive drive.

The scrimmage was game-type play with the ball starting on the 30 yard line and moved 30 yards downfield when the team with the ball failed to make a first down in three tries. Inside the 35 was considered four-down territory.

Davis said he was pleased with the play of Matt Allison, JV quarterback last year who guided the Whites. Allison completed four passes. Brad Shepherd got the Whites' touchdown by completing a six-point aerial when the sophomores were in the scrimmage.

Antelope coaches also were pleased with the showings of Shorty Hester, offensive center for the last two years, as a linebacker; Dale Odom at defensive end; Danny Saldivar as defensive tackle; and Mike Babb at nose guard.

The varsity squad "grew" to 34 this week with late returnees who were out of town reporting. With a freshman squad of 31 expected, Coach Davis figures to have a total of 85 high school boys out for football this year.

For those who wonder why the Ralls scrimmage was scheduled for this evening instead of Friday night, the answer is quite simple.

The early outing will permit the Antelope staff to scatter after an early Friday practice

LINEBACKER CORPS — Replacing graduating linebackers is one of Coach Bobby Davis's key defensive problems. Here are the four contesting for the two starting jobs. Back row, l to r, Perry Rogers and Randy Baker; front, Shorty Hester and Alfred Pena. — (Staff Photo)

SPLIT END — Competing for the split end starting job this fall are Mike Shepherd, left, and Mike Waldrip. Both figure to see considerable action. — (Staff Photo)

DOWN LINESMEN — Here are six of the Lopes making bids for starting berths in the interior line on either offense or defense this fall. Back row, l to r, Mark Kirkpatrick, Buddy Britton and Ray Martinez; front row: Oscar Sanchez, Mike Babb and Danny Saldivar. (Staff Photo)

Page 8 The Post (Tex.) Dispatch Thursday, Aug. 14, 1975

Chapman, Poole win Slaton net crowns

Post players scored well in the Slaton District Tennis Tournament at Slaton over the weekend with Kurt Chapman winning the junior boys singles division and Preston Poole winning men's singles for the "over 35" group.

Post also had two singles runners-up and two doubles runners-up.

Lorry Chapman was defeated Sunday in the finals of the senior girls division by Debbie Trammel of Roosevelt, state semi-finalist this spring.

Greg Eubank, Post's new tennis coach, placed second in men's open singles.

Poole and Eubank teamed together to finish as runners-up in the men's open doubles division, and Johnny McCowen and Dan Sawyers placed second in the senior boys doubles.

Kurt Chapman bagged his first tournament win in the junior boys singles for boys 14 and under. He has completed 12 tournaments this summer and has been steadily improving, going to the semi-finals in the recent Snyder tennis tournament. He will be a freshman in Post High School this fall.

Other Post players competing

Young gridders to get suits

Seventh and eighth grade footballers will check out their football equipment for the season at 10 a. m. Saturday at the high school gym.

Coaches ask all youngsters in the two grades who signed up for football to report at this time.

Disciplinary actions cut Denver City grid turnout

Coach Bill Gravitt, boss of Denver City's Big Red spread, had only 39 players out for football last week, due to disciplinary action and because of apparent lack of interest by most sophomores.

The Denver City Sunday Press reported that "disciplinary actions, because of training regulations, have been taken against some Mustangs counted on to help in the 1975 grid wars."

The bi-weekly paper went on to say: "Some other prospective gridders have dropped from the squad of their own accord. These number a group of sophomores, up from last year's fine freshman squad, who declined to report for this year's practice."

The paper said only five sophomores as of last Thursday were still on the squad. Several prospective players who had moved into Denver City during off-season, and who had been expected to help boost the Mustang squad have either not come out for the grid sport or been declared ineligible for the U.I.

The paper didn't name any names on dropouts or those against whom disciplinary action has been taken.

Gravitt said, however, he is well pleased with the over-all attitude of his squad. He said "those who chose to wear the Big Red uniform this year session to scout scrimmages of upcoming teams on the Post grid schedule."

A second injury occurred at Tuesday's practice when Sophomore Raymie Holly suffered a mild concussion and hospitalized here after taking a hard lick to the head in scrimmage.

would be ready, even though their numbers are few."

The Dispatch understands that Denver City has been experiencing a difficult "drug problem" among youngsters even though the entire adult community apparently is united against it.

The "disciplinary actions" of which the Denver City paper speaks are believed to have been taken against youngsters involved in use of drugs.

Coach Gravitt is reported to have 27 or 28 players on his varsity squad.

Club tourney planned here

The Caprock Golf Course has announced its second annual club tournament for Saturday and Sunday, Aug. 30-31.

The event will be 36 holes of medal play with the field divided into six or seven flights.

Entry fee is \$7.50. D. H. Bartlett can be contacted at the golf course by entries.

Winner of the first club event last year was Jimmy Bartlett.

About 30 out for frosh club

Between 25 and 30 freshman footballers reported Monday to Coaches Lane Tannehill and John Alexander to begin 1975 workouts.

The freshman squad is working at 4 p. m. this week, but will not work out today due to tonight's varsity scrimmage at Antelope Stadium with Ralls at 5:30 p. m.

Boosters meet Monday night

Monday night, August 25, at 7 p. m. the Antelope Booster Club will hold their kick-off meeting in the Junior High School film room.

This will be their first meeting of the year and since the officers have already been installed, the meeting will center around the annual "Meet the Antelopes" night, according to Joe McCowen, president.

The ice cream supper will also be discussed. Also a film of the inter squad scrimmage held Saturday and the scrimmage held with Ralls tonight will be shown at the meeting.

Anyone interested in becoming an Antelope Booster is invited and urged to attend the meeting.

Now is the time to purchase new licenses

Now is the time to purchase your new 1975-76 combination hunting and fishing license. The same bargain price paid for it last year. The combination license provides a savings of several cents over the cost of buying separately a hunting license at \$4.00 and a fishing license at \$4.00. The new license, valid 1975, through Aug. 31, is available at all P&W Department offices and bonded sales deputies such as sporting goods stores throughout the Panhandle and Plains.

Non-resident hunting are \$37.50.

Fishing licenses purchased separately at anytime year are valid for one year from the date of purchase.

Three turkey tags and deer tags are on the hunting licenses and used according to regulations.

New licenses are printed on special paper which is resistant to tears and water — which should prove useful both outdoors and in wardens trying to deal with licenses dunked in water otherwise roughly handled.

Both deer and turkey tags are easily separated from the license by perforation and there is also a perforation on the edge of each tag string or wire can be used for attachment to the license.

Sept. 1, 1975, is the deadline for purchasing national licenses will be in the State hunting and fishing license can be purchased at County Clerks offices, Courthouse and at Hardware, in Post.

ropers' standings

ER. Colo. — Texas dominate the single event this year of them in the top ten standings, the National Rodeo Cowboys Association said.

Dudley of Perryton leads in the event after placing win at the place win at the rodeo last year. Dudley has \$3,789 in prize money and is followed by event champions Roy of Tulia, Texas, with \$3,301, and Wall Arnold of Texas, with \$3,301.

Clyton of San Angelo, a veteran in the sport, is with \$2,878; Kenny Call of Texas, is seventh with \$2,878; and Tim Prather of Texas, is ninth with \$2,878.

about a dozen steer roping events are held each year, the event's short season with the National Finals roping in Laramie, Wyo., where the year's top ropers will compete in eight events for prize money \$13,000.

roping fans will be able to pari-mutuel bets on favorite ropers at the Performances begin at 1 and will include four days a day.

four more ropings will be held at Vinita, Aug. 20-24; Wheatland, Aug. 22-24; Douglas, Aug. 29-30; and Walla Wash, Aug. 29-31.

in back' farmers

Boycott of grain to Russia by U. S. unions is a "self-serving" move that stabs American in the back," the state's largest organization said.

Chaloupka, head of the member Texas Farm said the unions are not concerned about protecting consumers as they are forcing exporters to American ships and sailors.

patriotism stops at the "back," the farm leader said.

he said the principal of the market is at stake. Farmers have won legitimate markets around the world competitive," he said.

maritime unions, on the hand, have priced themselves out of work. Now they use the boycott weapon are jobs."

Chaloupka said the Russian sales this year have been less than one-tenth amount of grain that is able for export.

grain exports to Russia the past four years and only 3.2 per cent of all farm exports," he said.

1972 sales, which triggered export dispute, amounted to seven per cent of total exports that year," he said.

Rites for brother of Arnold Parrish

Funeral services for Loy Dale Parrish, 49, of Anaheim, Calif., will be held at 2 p. m. today in Sudan. He is the brother of Arnold Parrish of Post.

He died at 2:30 a. m. Saturday at Santa Anna Hospital in Santa Anna, Calif., after a brief illness.

He is survived by one daughter, Mrs. Glenna Smith of California, his father, W. O. Parrish of Sudan; four brothers, Nolan, O. J. and Truman all of Sudan and Arnold of Post; and two grandchildren.

First scrimmage set for Eagles

The Southland Eagles will have their first scrimmage of the year, Thursday, Aug. 21 at 5:30 p. m. The scrimmage will be with Whitharral at Southland. Every one is encouraged to come out and support the Eagles and then attend the first Booster Club meeting.

The meeting will be held immediately following the scrimmage, in the school cafeteria. The new coaches will be introduced and officers for the coming year will be elected.

HOME FROM VISIT
Mrs. Joe Callis returned Saturday from a two weeks visit with her granddaughter, Mrs. Dickie Hill and Mr. Hill in Temple.

Garza's '75 road deaths now 7

LUBBOCK — The Texas Highway Patrol investigated five accidents on rural highways in Garza County during the month of July, 1975, according to Sergeant H. E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and no persons injured.

The rural traffic accident summary for this county during the first seven months of 1975, shows a total of 25 accidents resulting in seven persons killed and 21 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for July, 1975, shows a total of 568 accidents resulting in 22 persons killed and 398 persons injured as compared to July, 1974, with 485 accidents resulting in 18 persons killed and 290 persons injured. This was 83 more accidents, four more killed, and 118 more injured in 1975 at the same period of time.

The 22 traffic deaths for the month of July, 1975, occurred in the following counties: two each in Clay, Haskell, Randall, Jack, and Sherman; and one each in Floyd, Garza, Hale, Hockley, Lubbock, Montague, Carson, Collingsworth, Moore, Farmer, Potter and Wheeler.

Archery meet here Sunday

The Post Archery Club will hold a tournament Sunday, Aug. 24, beginning at 2 p. m. Spectators are always welcome. The wampums are now on sale for 25 cents each and you may obtain one from the president or secretary.

There were the following results at the tournament Sunday, Aug. 17.

Freestyle Division — AA Class: John Nay, first; A Class: John L. Guthrie, first.

Bowhunter Division — B Class: Bobby Snow, first; Gary Goodman, second; Herman Guthrie, third; C Class: Leslie Seals, first; J. B. Guthrie, second; Emmett Shedd, third.

Youth: Gerald Seals, first; Evans Heaton, second; and Cub: Timmy Nay, first.

Sunflowers need more drying out

Garza's new sunflower harvest still appears a couple of weeks away.

Farmers are of course edgy because it is a new crop and they are not sure what they can expect.

Right now the sunflowers have to dry out before the combine harvesting can begin with attachments put on especially for the sunflower seeds.

Band invited for ice cream

Scott Houston, director for the Post Antelope Band, announced that there will be an ice cream supper Friday night, Aug. 22, beginning at 7:30 p. m. at 909 West 11th. This is for all Antelope band members, dates and parents.

It was also announced that band practice will be held for the Antelope band at 5 p. m. in the band hall for the remainder of the week, and all members are urged to attend.

Talking mule star of teentown movie

"Francis in the Haunted House," starring Mickey Rooney, David Jansen and Francis, the talking mule, will be the eerie and hilarious youth center movie Friday night.

It will be screened in the primary auditorium, beginning at 8:30 p. m. Admission for youngsters is \$1.

Texas has more inland water than any state except Alaska. Minnesota, the "land of Lakes" is third.

Rotarians to —

(Continued From Page One) project and club directors will discuss a possible pancake supper this fall at their August meeting Monday night in the Post Public Library.

The storage shed was given to the troop for as long as it used it by an out-of-town man who purchased it from Lester Nichols, who had used it in his Gulf distributorship here for many years.

A new floor with a linoleum covering will be built, new window panes and shutters installed and a loft added for storage. The metal shed also will be insulated and some type of gas heating provided.

Jimmy Mitchell, a Rotarian, is scoutmaster of the troop. He told directors Tuesday that the converted storage shed would give the troop a long-needed new home and help the troop reorganize for all activities.

LEVELLAND VISITORS
Mr. and Mrs. Omer Rogers of Levelland were in Post Thursday and Friday visiting their son and family, Mr. and Mrs. Donnie Rogers.

Terry brothers---

(Continued From Page One) groups for both boys and girls, 12 and under, 13 thru 15 and 16 thru 19. This association is recognized as the premiere organization of the junior world. The finals once appeared on national television. The members choose their own officers and directors and also the adult directors who govern the organization.

Mark and Brent began their rodeoing in earnest last summer. To compete and make all the rodeos, it is a full summer, taking almost every weekend. Each boy along with the AJRA rodeos participated in regular rodeos also.

Brent in winning his title this

Color slides shown of back pack trip

Dr. Charles McCook showed Post Rotarians at their Tuesday luncheon in city hall, color slides of the recent back pack trip he and his wife made in the Northwest with friends.

He also provided a running commentary on the beautiful mountain country one has to walk into and walk out of.

year had a very good record for his 21 performances. He won first place four times, second place three times, third place three times, fourth place two times and fifth place two times.

Mark has placed high each year he has participated in the AJRA and through his efforts has been given a scholarship to South Plains College in Levelland for bull riding and will compete on their team there when the rodeo season begins. There he will be competing on the National Intercollegiate Rodeo Association circuit and will be up against even stiffer competition.

Along with the scheduled AJRA rodeos, Mark participated in rodeos all summer as an amateur bull rider and has also performed as a rodeo clown at some shows. He placed first at the AJRA finals at Odessa, Aug. 12-16, riding one of the best bulls on the circuit.

Brent made his first appearance at a regular rodeo at our own Post Stampede Rodeo, and at the Friday night show came within less than half a second riding a really tough bull and would have placed at the top of the scoring for the effort.

Both boys have done extremely well in this rough and tumble sport and their plans are now to compete as long as they can on the AJRA circuit.

MRS. ARNOLD FRY

Youth center director named

Mrs. Arnold (Irene) Fry has been employed as the new Youth Director at the Youth Center. She will take over duties when the youth center reopens. She is a graduate of Post High School and has made Post her home all her life.

The new schedule for the center will be from 6 p. m. to 10 p. m. on Tuesday and Thursdays and 6 p. m. to 11 p. m. on Saturdays. Anyone from the eighth grade through 12th grade is eligible to attend the activities at the youth center.

Donations asked---

(Continued From Page One) Library trustees at their July meeting decided to check the cost of framing the prints to establish a new library art checkout service, in which pictures could be checked out for hanging in homes for a period of several months at a time.

Mrs. Mary Prather, one of the trustees, told The Dispatch that if more than \$300 in contributions were received to purchase the Robin Hood painting the extra money could be applied on framing the prints.

Contributions can be mailed or brought to the library or checks given to any of the trustees.

"We certainly are in debt to Artist Tom Ryan for his

generous art gifts," Jim Cornish, chairman of the trustees said.

"Tom is a wonderful friend of our library and has already given us a framed and autographed print of one of his own well known paintings plus four framed Harper Magazine prints dating back into the last century.

"We feel sure there will be enough interest in the community as expressed by donations to purchase the Robin Hood painting for only \$300. Donations of any size will be welcomed."

Burlington boost wages

GREENSBORO, N. C. Burlington Industries announced today that its manufacturing divisions will raise wages within the next month.

The Company did not say how much the increase would be. It said it would take effect in cases about mid-September. Divisions making increases will advise their own employees the rates and effective dates. Approximately 25,000 Burlington employees will receive the increase.

Postings —

(Continued From Page One) ment installed.

There are believed to be a good number of combines in the South Plains area for custom work, but there are 300,000 acres of sunflowers too.

Over on page three, the bank salutes Post teachers again at the start of a new school year, complete with pictures and brief sketches of the eight new teachers.

Three things came to mind as we "laid out" the bank ad. This is the fewest number of new teachers in a long, long time. That means a more experienced and settled staff.

Second, this is a staff of 112 persons employed by the Post Independent school district to educate our kids. All aren't teachers of course. Some are office personnel, administrators, custodians, bus drivers, teacher aides, and lunchroom cooks. But this is a pretty big payroll. It means about one school employe every 10 pupils or less.

Third, we were struck by the fact that women's lib has really hit in Post when it comes to driving school buses. All the bus drivers this year are women. Just maybe women are better drivers than men.

Marshall Ticer has moved his Ticer's Grocery across the street into new quarters he has purchased at 402 West 8th. He purchased the building and is now busy restocking the store with new merchandise. He let the stock go down to facilitate the move, and has been working early into the mornings for a week or more getting things arranged.

Pointed out Marshall to us the other day, "My new store (former federal offices for the ASC and SCS) is much bigger than the new store Allsup's announced for North Main last week."

Marshall is planning a grand opening just as soon as the big restocking job is finished. Watch for it. We tip our cowboy hat to Marshall and Janette for expanding their store operation and purchasing new and better quarters.

Sheriffs —

(Continued From Page One) and junk car ordinance so they can be placed in the hands of dog and junk car owners who don't understand municipal requirements.

When the city joined forces with the county to co-finance a sheriff's force of six men, Sheriff Gandy promised he would enforce city ordinances as well as the state's criminal laws.

The Land of the Free didn't come cheap.

Even before we had a formal constitution, investors were asked to buy over \$27,000,000 in securities to provide the arms we needed. And to provide the money to rebuild.

That was just the beginning. Through war and peace, the good years and the bad, Americans have always given freely. Millions invested their money. Many invested their lives.

We've never stopped fighting for freedom. For the American way of life.

Today, over 9 1/2 million Americans buy U.S. Savings Bonds through the Payroll Savings Plan.

Maybe you should consider your interest and take stock in America. It isn't cheap, but there's never been a better deal.

Take stock in America.
300 years at the same location.

of 10 cattlemen are in financial trouble

COLLEGE STATION — Nearly 10 percent of 18 cattlemen are in "moderate" financial trouble. Those in "bad" shape (one out of 10) won't survive financing according to a survey of lenders across the nation. Lenders say that one percent may not survive another year of calf prices equal to those of 1975, reports Dr. J. Stiles professor of Texas A&M University's Department of Agricultural Economics.

Presented these facts in a report to the National Cattlemen's Association Board of Directors at its mid-year meeting in Dallas, Texas. Stiles said that the industry is still in trouble, and he attributes the conflicting currents that are causing this to high prices of feed and other supplies and record numbers of beef cattle, with larger numbers currently moving to market off grass.

Until this large inventory of beef animals is worked off, cattlemen can expect relatively low profit margins, says Hopkin.

NEW HOME VISITOR Sherry McNeely of New Home, spent Wednesday afternoon with her grandmother and grandfather, Mr. and Mrs. L. C. White.

Fashions for back to school to be prettier

COLLEGE STATION — Back to schoolers will wear prettier, more sophisticated clothes than last year, Marlene Odle, clothing specialist, reported this week.

"Big tops and striped and figured sweaters coordinate with pants and skirts for a stylish appearance."

"Pinafores and jumpers take the head of the dress class. And the butcher apron will be a new look this fall," this specialist with the Texas Agricultural Extension Service, the Texas A&M University System, said.

Sportswear stays popular with the two-piece denim look in plain and patchwork for jeans and shirtjackets as a favorite.

"Fall colors are loden, forest and olive greens, and earth tones and rusts. Burgundies and plum, camel and gray will be fashionable too."

Turning to fabrics, the specialist noted that corduroy in prints and solids, and flannels with suede trim are the favorites.

Saddle oxfords and crepe-soled platform loafers teamed with brightly colored knee socks and toe hose complete the school look, she reported.

Bus firm bids to reduce its service

MATADOR — This community and some of its neighbors soon may be without bus service if a petition filed by Texas New Mexico & Okla., Coaches Inc. with the state railroad commission is granted.

The petition is to discontinue bus service between Plainview and Vernon. Also effected would be the towns of Lockney, Floydada, Paducah and Crowell.

The railroad commission hearing is set for Sept. 3 in Austin.

\$6,004 July sales tax check for Post

The City of Post is receiving a \$6,004.26 sales tax check for July from State Comptroller Bob Bullock.

This is for the city's one percent sales tax collected by the state along with its own state sales tax.

This compares with \$4,120 for Tahoka, \$7,211 for Slaton, \$2,418 for Spur, \$2,131 for Aspermont, \$2,372 for Crosbyton and \$3,742 for Ralls.

Landowners offered wildlife seedlings

The Garza Soil and Water Conservation district is now making wildlife seedling packets available to landowners in Garza County. This service is in cooperation with the Texas Forest Service.

The packets consist of three species, 50 red cedar, 50 Russian olive and 50 American plum. The packets will be received in time for planting prior to this coming spring.

Some landowners had expressed concern that the red cedar was a pest and would cause trouble in eradication. Bob Arhelger, district conservationist, explained, "The red cedar area landowners have been having trouble with a juniper and not red cedar that is found in the seedling packet."

Arhelger said this is an excellent opportunity for landowners to improve the habitat for wildlife and enhance the appearance of their land at the same time.

Each packet of 150 seedling will cost \$7.50 and the district must order the packets in the near future. Sam Ellis, SWCD board chairman, requests that persons desiring packets mail a check for \$7.50 per packet to Box 340, Post by Aug. 27th. The check should be made to Garza SWCD. In the event the packets are not made available to the district all money will be refunded.

SCS personnel will provide technical assistance to those making wildlife plantings.

Windhams home from trip

Mr. and Mrs. Donald Windham and grandson, Gregg, and Mrs. Mary Cowdrey have recently returned from an extended vacation to several states inside Windham's home 1-22.

States they visited included Oklahoma, Missouri, Ohio, Indiana, Michigan, New York, Pennsylvania, West Virginia, Kentucky and Arkansas.

The Windhams visited their daughter and husband, Mr. and Mrs. Russ McLeod in Guelph, Ontario, Canada. They will soon move to Hamilton, in Ontario, Canada where she will teach school. Russ will have to attend one more year of training to be qualified to teach in Canada High Schools and will attend McMasters University in Hamilton. Both are graduates of the University of Texas.

The Post (Tex.) Dispatch Thursday, Aug. 21, 1975 Page 11

HOW'S The Electric Company DOING?

Let's ask Jim Atchison, one of our town managers

"These compression connectors, such as I'm using in reconnecting this service loop, and of which we have to use many, jumped in cost 57% since 1965. Another size increased 61%. Everything costs us more these days so these higher costs are reflected in what you pay for electricity. Yet, if we are all to have dependable electric service, it's a price we have to pay."

The Electric Company

100 SO MANY PEOPLE

The Future IS Electric!

Shooting the Breeze

By NAN BAIR

The summer is coming to an end and many of the 1975 graduates of PHS are packing their things and saying their farewells as they go on to college. They will be students attending colleges of all types, from technical schools to the larger universities. Those going and the college of their choice are: Jay Kennedy, West Texas State; Jerry Johnson, West Texas State; Jana McKamie, Texas Tech; Sherry Compton, Texas Tech; Melanie King, South Plains College; Tony Connors, Texas Tech; Tim Owens, Texas Tech; Mark Terry, South Plains; Joe Moore, South Plains; Lucy Pena, Texas Tech; Eddie Gannon, South Plains; Ricky Cross, South Plains; Tina McAlister, San Angelo; Chris Wyatt, Abilene Christian College; Dana Pool, Baylor; Mary Ann Norman, Baylor; Patti Parrish, Texas Tech; Randy Josey, East Texas Baptist College; Jenda Gilmore, Texas Tech; Nancy Reno, McMurray; Kim Hester, Texas Woman's University; Patricia Davis, Texas Tech; Ann Mitchell, Texas Tech; Shirley Allen, Texas Tech; Norma Bradbury, South Plains College; Sandy Bullard, Texas Tech; Bob Craig, Texas Tech; Sammy Gutierrez, Air Force Academy Prep. School; Denise Higgins, South Plains; Kent Kirkpatrick, Trinity; Pat Nelson, Texas Tech; Troy Simpson, South Plains; Cy Willson, Texas Tech; and Kelvin Thomas, Texas Tech. Many of these people will be leaving this week and next week. I hope that they will all keep in touch and keep us posted on the excitement of attending a college and university for the first time.

Although many graduates have chosen to go to college before setting out on a career, there are many who have chosen to stay in Post and obtain experience in a career. Then there are those who are working for a few months in order to save money for college. Jackie Blacklock is working for Rex Allison. Randy Babb is also working to save up his money and may enter school at mid-term. Dianna Collier plans to aid her father at the drug store for a while. Sandra Dudley is working at Burlington Industries. Joe Shedd is working as assistant manager at Piggly Wiggly. Andy Williams is working for Higginbotham-Bartlett. Dennis McDonald is going to be a self employed farmer. Jimmy Stanaford is going to continue working here in Post for awhile also. Donnie Rogers is working for his father at the Phillips 66 gas station. Carol Davis is staying at Post for a while. She told me she was in search of a job but at the time is unemployed. It is good that a town has young people who stay after graduation. With out young people to help the town to continue to grow and produce, where would we be?

During most of the summer I have written about several young men who have chosen military careers. They are Zack Short, Navy; Sammy Gutierrez, Air Force; Preston Leake, Army; Eddie Harper, Marines; Roger Taylor, Army. Uncle Sam got his share of our young men.

Andy Torres, also a 1975 graduate, was made assistant

TEXAS TALK
By FRED MYERS

Cattlemen are being outdone by prune producers. At least as far as product promotion is concerned. Paul Horn, writing in one of this summer's issues of THE CATTLEMAN, cites the fact that the prune growers association of California spends more total dollars pushing prunes than the entire cattle industry does in promoting beef. This latest wrinkle comes as a part of the continuing push for the Beef Development Plan which could provide as much as \$0 million dollars a year for the promotion and development of beef markets. Hold up on the operation still involves composition of the 68 member "Beef Board" and the mechanics of operating the "beef check-off" system which would provide financing for the promotion by collecting three-tenths of one percent of the sales price of slaughter cattle. If the still lingering problems are ironed out, collections could begin as early as next year.

GARZA COUNTY BRANCH

LATON SAVINGS
and Loan
106 N. Broadway

manager of the Wacker Store here in Post. He has now been transferred to Carlsbad, N. M. He will be assistant manager there also. He said he was looking forward to the new job but that he was sure he would miss his friends in Post.

The Seniors of '76 were sitting pretty for most of the day Monday as they were having their senior pictures made. Never have you seen so many lovely girls and shiny faced boys in one place.

I went to watch the Antelopes scrimmage Saturday morning. Although it is still early in the season I was very impressed by

the teams. The coaches had split up the teams so that both the "black" and "white" teams were even in size and ability and it was really a good scrimmage with all the players showing great attitude. I really think we can expect to be the SAA District Champs.

As much as I hate to say it the summer is quickly drawing to an end. If you are as good a student as I am your leisure summer days turn into goof off school days. Unfortunately I find that is a habit I will have to break. Not until recently did I realize that the letters on our report cards are grades and that F does not stand for fun.

PETERSBURG GUESTS
Mr. and Mrs. J. D. Saffel of Petersburg were guests in the home of her daughter and family over the weekend. Mr. and Mrs. A. J. Baumann.

Boll weevil spraying will begin again about Aug. 15

Sermon subjects are announced

LUBBOCK—Contracts have been let and aerial insecticide applicators are expected to take the air about August 25th in the twelfth year of the High Plains Boll Weevil Control Program.

Mass spraying of weevil infested cotton along the eastern edge of the High Plains to protect the vast cotton fields to the west has been carried out annually since 1964. The program, initiated and coordinated by Lubbock-based Plains Cotton Growers, Inc., has been widely cited as one of the most successful of all large-scale insect control efforts.

Entomologists at Texas A&M calculated that the program has saved control costs, yield and quality losses over the 11-year span amounting to at least \$400 million. Cost of the program for the 11 years has been less than \$12 million, giving a benefit-cost ratio of well over 300 to 1.

infested acreage is sprayed from one to seven times each year, as determined necessary by extensive insect surveys, with ultra low volume Malathion. The base "control zone" in 1975 is expected to encompass some 250,000 acres, with the aggregate acreage requiring treatment projected at 600,000.

Cost of the program is borne jointly by the High Plains cotton producers who benefit from it, the U. S. and Texas Departments of Agriculture, USDA matches dollar for dollar the contributions of producers and the TDA. Producer contributions, collected on a voluntary, per bale basis as a part of compress receiving charges, have ranged from 50 cents per bale in 1964 down to the 25 cents per bale set for 1975.

Total cost of the program in 1975 should come to about \$1.65

per acre treated, according to PGC Field Service Director Ed Dean. "Meaning we'll probably spend between \$1.2 and \$1.3 million this year, about half of which will come from producer funds and half from Federal funds."

In 1974 it was possible to complete insect surveys, trap cropping, spraying and other phases of the operation for about \$1.38 per acre, Dean notes, "but the cost of Malathion in 1975 is up from \$5.84 per gallon to \$9.02, and other costs have increased along with general inflation, including application costs this year of \$3.04 per gallon as compared to \$2.08 per gallon last year."

Extreme care will be taken in 1975, Dean notes, to conduct weevil spraying activity on a schedule that will not aggravate this year's unusually high

incidence of boll worm infestations.

There is a danger that early spraying for weevils in some instances would kill off boll worm predators and open the door to more economic damage from worms than would be expected from weevils, he said. "So in fields where data gathered by survey teams indicate that this is a probability, spraying for weevils will be delayed until that possibility no longer exists."

Low-bid contracts for spraying were awarded August 12 by PGC and USDA to D&D Aero, Inc. of Rantoul, Kansas; Euding Flying Service of Vincennes, Indiana; and Kimmel Aviation, Inc. of Houston, Mississippi.

Denison, in Grayson County, had the first free graded school in the state.

Sermon titles for the week at the First Baptist Church have been announced by minister Edgar L. Titles for Sunday are "What is Your Battle?" for the 11 a. m. and "How Prayer Changes Christian?" for the 7 p. m. service.

Other church activities include 9:45 a. m. church on Sunday and the 7 p. m. service will feature a Sunday Fellowship supper. The Graham M. Choir will sing following meeting. Wednesday parlor at 7:15 p. m. Mr. and Mrs. A. L. Allen is invited to attend.

VISIT IN LITTLEFIELD

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

FIN—Governor Dolph has assigned top priority to curbing soaring governmental spending and thwarting prediction of a major state tax bill.

At the same time, the governor said all his political predictions for the future are open, although he stressed he is making no firm plans for a third term.

His predictions that state tax rates will be reduced in the face of a major tax bill by Texas Research

League and Comptroller Bob Bullock. TRI only a week earlier said the legislature may have to raise \$750 million to balance the next budget in view of 1975 spending levels.

However, Briscoe stated: "I am optimistic that we can meet the fiscal needs of the state for a third time without new and additional taxes. We can't do it unless we try. That is our No. 1 priority. I will work toward that end."

Briscoe said he is hopeful the new Joint Advisory

Committee on Government Operations will point the way to how to economize, increase efficiency and reorganize government effectively.

As for his own plans, the governor said it's too early for serious talk about a third term. But he acknowledged the subject has been discussed in private conversations — "just passing the time of day."

Hospital Savings

A new \$1.8 million state-federal program aims to save Texans who have to go to hospitals \$14 million a year.

Three centers will be established to make group purchases and collections for hospitals — the statewide center in Austin, with regional offices in Abilene and Texarkana.

The centers will try to reduce hospital management

and bring about better distribution of other health personnel.

At the same time, Texas Hospital Association announced 189 hospitals have indicated they will participate in a proposed THA-backed hospital company.

Texas State Insurance Board set an August 21 hearing on the Texas Hospital Insurance Exchange application for charter.

Democrats Moving

Texas liberal Democrats are getting organized for the 1976 presidential preference primary, while, at the same time, challenging legality of the primary.

Democratic National Committeewoman Billie Carr of Houston and others are inviting Democratic presidential candidates to a September 20 meeting here. The group calls itself "Texans for Somebody

Else"—somebody else, that is, besides U. S. Senator Lloyd Bentsen or Alabama Governor George Wallace.

Ms. Carr and others filed a challenge with the national Democratic Compliance Review Commission, contesting the 1976 presidential primary act, passed by the legislature this year, was largely to help Bentsen.

AG Opinions

Notice of meetings under the Open Meetings Law must be specific on subjects to be discussed, Attorney General John Hill held. Hill said general phrases such as "new business," "old business" and "regular business" do not meet requirements.

In other recent opinions, Hill concluded:

Comptroller Bob Bullock should not release information on amounts of sales or use taxes paid or owed by an

individual prior to a "final determination."

Texas Youth Council can furnish information on child abuse cases to the Texas Interagency Task Force on Youth Care and Rehabilitation under proper limitations on distribution.

There is no state agency with authority to license facilities to store human bodies.

A landscape architect must renew his license by August 31 each year to remain eligible to practice.

A paid fireman, who also serves as a volunteer fireman, may participate in pension plans covering both positions.

Appointments

Six new State Parole Commissioners are Edward Odus Johnson of Austin, Gilberto de Leon Jr. of Uvalde, Helen Copitka of Houston, Don R. Stiles of

Grapevine, Paul F. Cronwell of San Antonio and Paul J. Manemann of Fort Worth.

Reagan Houston III of San Antonio is the sixth gubernatorial appointee to the Joint Advisory Committee on Governmental Operations to study governmental economy, efficiency and reorganization.

R. Doug Lewis has been named executive director of the Republican Party of Texas, succeeding Zack Fisher of Memphis.

John Barclay Armstrong of Kingsville was appointed to a vacancy on Texas Animal Health Commission created by death of John Briggs of Vernon.

Philip K. Maxwell of Dallas is the new chief of Atty. Gen. Hill's Consumer Protection Division. Lee Clyburn of Conroe heads Hill's new Anti-Trust Divi-

sion Mike Barron of Groesbeck is assistant chief of Anti-Trust.

C. A. Dickerson of Rosenberg was appointed criminal district attorney for Fort Bend County and Lawrence L. Barber Jr. of Monahans as district attorney for the 143rd judicial district.

Lieutenant Governor Bill Hobby named Senator Max Sherman of Amarillo to the Governor's Energy Advisory Council.

Rusk County Judge James Porter was selected by the governor as prime sponsor for the Manpower Planning Council East Texas Region.

Short Shorts

Actual start of the Senate impeachment trial of 229th District Judge O. P. Carrillo may be delayed until September 22.

Texas liberal Democrats have filed a challenge of the Texas presidential preference primary law and proposed 1976 party delegate selection procedures.

Top brass of the Republican Party will be in Dallas September 11-13 for the 18th biennial convention of the National Federation of Republican Women.

Texas farmers produced a record wheat crop and the second largest sorghum crop ever, Agriculture Commissioner John C. White reported.

An end to the slide of the Texas economy is in sight, according to a Texas Business Review report. Industrial production is up for the second straight month.

Texas are paying higher long distance rates—but not nearly as high as requested originally by Southwestern Bell Telephone Company. Atty. Gen. Hill blocked the initial proposal and forced a court compromise last week.

THE FAMILY LAWYER

Name In Vain

"I urge you to veto the welfare bill."

So said a telegram sent to the governor, supposedly from a concerned citizen by the name of Watson. But in fact, Watson had nothing to do with the telegram. It had been sent by a local manufacturing firm, which had simply picked his name out of the telephone book.

Watson later found out about the telegram, and filed a damage suit against the company "for taking my name in vain." And a court ruled that he did indeed have good grounds for complaint. The court said:

"(The company) appropriated, without the plaintiff's consent, his name, his personality, and whatever influence he may have possessed. This they had no right to do."

This case illustrates the growing recognition of the right of privacy as a legal doctrine. Often called "the right to be let alone," it has already been applied in a wide variety of situations.

Another example arose when an obstetrician, summoned to a woman's home to deliver her baby, brought a young man into the bedroom with him.

The woman assumed that the stranger was some sort of medical aide. Only afterward did she learn that he was merely a personal friend of the doctor. She sued for an intrusion on her privacy, and the court upheld her claim.

Of course, the right of privacy is not unlimited. It must be reconciled with other rights with which it may conflict. Thus:

A man who was mugged on a downtown street objected to the publicity that appeared in the local press. He argued in a court hearing that, as a private individual who had done no wrong, he was entitled to the shelter of the privacy doctrine.

But the court pointed out that whether he liked it or not, he was "newsworthy"—a legitimate object of public interest. The right of privacy, said the court, did not outweigh the freedom of the press guaranteed by the Constitution.

A public service feature of the American Bar Association and the Texas State Bar Association. Written by Will Bernard.

Pee Wee Pierce to undergo surgery

Mrs. C. K. (Pee Wee) Pierce, librarian of the Post Public Library, entered West Texas Hospital in Lubbock yesterday and was scheduled to undergo major surgery this morning.

She is expected to be off the job a month or longer. The library will remain open its regular 24 hours weekly with Mrs. Margie Higgins as substitute librarian.

DRIVE BY THE RULES **SAVE SCHOOL CHILDREN'S LIVES**

**Mr. & Mrs. Motorist:
POST SCHOOLS WILL OPEN
MONDAY, AUG. 25**

It isn't that children mean to be careless . . . it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!
