

Survey Made On Loans Made To Farmers In Area

The Farm Security Administration in this region, which includes New Mexico and West Texas, has made a survey of loans made to farmers from borrowers, nearly 100,000 more than it loaned during the fiscal year which ended June 30, Marvin C. Wilson, District FSA Supervisor in charge of Garza county and surrounding areas, announced today from Reno, N. M., where he is attending a region-wide meeting for the new year's activities.

An announcement came from A. Graves, FSA supervisor of Garza and Lynn counties. These figures prove what a financial credit and technical supervision will do for the farmer, Mr. M. K. Bingham, chairman of the Garza County Committee said in comment upon the report.

The report shows that FSA during the year made 5019 loans amounting to a total of \$3,313,394. On the other hand, repaid to the government a total of \$4,073 on their loans. This compares with 6028 loans made the previous fiscal year amounting to \$3,517,413 and repayment of \$4,981,823.

Forty-two of the 5019 loans made the year just closing were help family-type farmers become landowners. FSA makes loans under its farm ownership program authorized by Congress in the Bankhead-Jones Tenant Purchase Act. The borrower repays up to 40 years to repay his loan at 3 percent interest. However, Mr. Bingham declares many will repay much sooner, using the flexible payment plan which enables them to make larger payments in bad years. Fourteen repaid their loans in full during the year.

The bulk of the loans were made under the FSA rural rehabilitation program. These loans may run for five years, at five percent interest. They are to finance purchase of livestock, equipment and other improvements to get the farmer into capacity production.

"FSA is not only proving economically sound, from the standpoint of the government getting a money back from borrowers, but it is raising the living standard of hundreds of American farm families," Mr. Bingham added.

FSA supervisors at the Ruidoso meeting were told by Regional Director Ray E. Davis to be ready to assume an even bigger role in American agriculture when at the end of the war the government begins assisting returning veterans to establish themselves as family-type farmers.

The Farm Security Administration office in Post is open on Tuesdays and Fridays from 10 a. m. until 2 p. m. Office is in the courthouse.

July Lowest War Spending Month

Government spending for war purposes dropped in July to \$7,284,000,000, a low for the year, and represented a 7.6 percent decline from June expenditures.

WLB announced figures showing that total war outlays had fallen to \$207,300,000,000 from the start of the defense program on July 1, 1940, through July 31, 1944. The average daily rate of outlays, \$282,900,000, also was the lowest of any month in this year.

RATIONING CALENDAR

Meats—Red stamp D5 valid until August 13, good for ten points, valid indefinitely.

Processed Foods—Blue stamps 14 through 28 and A3 through 31, good indefinitely.

Sugar—Sugar stamps 30, 31 and 32, each good for five pounds indefinitely. Sugar stamp 48, good for five pounds of canned sugar through February, next year.

Clothing—A-12 coupons good through September 31.

Books—Alphabetic stamps 1 and 2, good indefinitely.

SOLDIER OF THE WEEK

Pictured above is Cpl. Marshall Reno, son of Mrs. Josie Reno. He is now stationed at Camp Butler in North Carolina after serving in the Aleutians for 23 months. He entered the army in 1940.

Cotton Crop Estimate Is Set At 11,022,000 Bales by Ag. Dept.

The Agriculture Department earlier this month forecast this year's cotton crop at 11,022,000 bales. Garza county farmers estimate that this county will produce 10,500 bales. Of course, the estimate on the county crop is of a very elastic nature as crops in this area are still in the growing and producing stage. The outlook now is very favorable even though some sections need additional moisture badly. It is too early in the season to correctly estimate just how much this county will produce but many predict a banner year.

The United States' cotton supply in the cotton year which ended July 31 totaled 21,726,605 running bales, the census bureau reported today.

The supply included a carry-over from the previous year of 10,636,952 bales and the year ended with a carry-over of 10,726,888 bales.

The carry-over plus this year's crop would bring the total estimate for the 1944-45 year to 21,748,000 bales, the department revealed.

TEXAS BOYS TO BROADCAST FROM FRANCE ON AUG. 28

Fighting Texans will broadcast from the fighting fronts in France on August 28 on all Texas radio chains from 9:30 until 10:00 o'clock p. m. The broadcast will consist almost entirely of reports to Texans.

Many Garza county boys are known to be in France in the various branches of the service and it might be possible for one or more of them to be selected to appear on the program. The part Texas boys are playing in the war is told graphically though briefly each week in the column "The Texan's Share In The War." Read the vividly told column in the Dispatch weekly.

The important part Garza boys are playing in the battle for freedom is being told by many who have returned to the states for well earned furloughs. We in Garza county are proud of them and their personal sacrifices.

Rodeo To Be Held At Lubbock On August 24-25-26

The Boy's Club of Lubbock, a project of the Lubbock American Business Men's club, will benefit from the three day rodeo which opens today in Lubbock. The rodeo will be held at the Fair grounds at 8:30 each night and a matinee performance will be held Saturday afternoon at 2:30 o'clock. The profits from the shows will assure the completion of a club house for the Boy's Club of Lubbock. Members of the Business club are donating their services to the operation of the shows, with the exception of the performers. Boutler Bros. of Elk City, Okla., will present the rodeo.

Bronc riding, calf roping, bull-dogging, and brahma steer riding will be the collected events.

Former Fuller Gin Streamlined With Modern Equipment

Modernization of the Fuller Gin plant, to be known as the Scurry County Gin, has been in process for several weeks. The complete overhauling and addition of new equipment has now been completed and Lee Davis, manager, declares everything is in readiness for the ginning season.

A new steam power plant has been installed as well as new stands, new Mitchell extractors and a new steel press. V-belt drives have been installed on some equipment. With this new machinery farmers are assured of a much better turn-out on their cotton as well as being assured of much faster service.

An experienced crew of gin men have been employed by Mr. Davis. With the experienced crewmen and the streamlined equipment farmers of this area will be able to save valuable time in getting their cotton processed and ready for market. A cordial welcome is extended by the manager and his crew for farmers to inspect the newly modernized plant.

Letter From POW Received This Week

Mrs. F. M. Haygood, the former Hattie Collins, has received a letter and a card the last few days from her husband who is a prisoner of the Japs. Haygood, a Marine, was captured on the Island of Guam when it fell to the Japanese in 1941.

In the letter written in December 1943 Haygood was sending Christmas greetings to his wife and little daughter. He told of receiving a grand box of gifts that she had sent to him. He expressed keen appreciation for the toilet articles as well as the other items. He said, "its just like Christmas out here; everybody in camp is going around looking at everybody's packages and exclaiming over them just like a bunch of kids." This is the first box Haygood has received. Even though his wife writes to him quite frequently he has only received two letters from her and they were written in 1942. She is permitted to write as often as she likes but letters are limited to twenty-five words each.

Haygood said that he was still barbering in the camp and that he was feeling fine but longed for the day to arrive when he and all the other prisoners would be released. The letter was dated from the Zentsuzi War Prison Camp.

Mrs. Haygood received a card last Saturday and the letter on Sunday. About three weeks ago she also received a card. All were dated in 1943.

Recent visitors in the O. R. Cearly home were sisters of Mrs. Cearly, Mrs. Irene Holland and Mrs. Alice Gregory of Bridgeport, Texas. After two weeks here the visitors went with Mr. and Mrs. Cearly to Amarillo to see Jess Cearly and family. From Amarillo the two ladies continued to Donley county to see other relatives.

Miss Vivian Cooper, employed at Carmichael's Variety Store, spent last week in Brownwood as a guest of her aunt.

French Give Americans Rousing Welcome

RENNES, FRANCE—Soundphoto—The entire population of Rennes turned out to give the Yankees a real flag waving celebration as they passed through the town.

AAA Work In Garza County Inspected By District Officials

State and District AAA officials visited the Garza County AAA August 18 making a tour of the county inspecting earthen dams, terraces, contour furrowing, fireguards and the eradication of mesquite. The party was led by George Samson, Senior Field Officer, who showed by comparison deferred grazing areas and areas which had not been deferred, the different varieties of grasses growing in the county were recognized also on the tour.

The party included the following officials: George Samson, senior field officer; James A. Boyd, administrative officer; Julius Fumagalli, chairman Garza AAA committee; Will Wright, vice chairman Garza AAA committee; Charles T. Wasson, district field officer, AAA Dist. No. 2; Victor L. Cade, State committee man, AAA Dist. 2; Julian A. Roberson, dist. field officer, AAA dist. 10; Charlie L. Thomas, State committee man, AAA dist. 1; Claude D. Cotten, dist. field officer, AAA dist. 6; Robert H. Nelson, dist. field officer, AAA dist. 7; Sgt. Derrel C. Henry, former administrative officer of Garza county.

"The work that is being done in Garza county was praised highly by these visiting officials, and, of which, we too are very proud," stated James A. Boyd.

Jerry Hoover In Veteran's Hospital For Check-Up

Jerry Hoover left Monday morning for the Veteran's Hospital in Amarillo, Texas, where he will undergo a complete check-up. The former Marine was seriously injured while serving on the island of Somoa in 1941. After being hospitalized in that area and then later in California, he was given a medical discharge. After recuperating for several months he came back to Post and is now an employee of Greenfield Hardware company. Friends here hope that the check-up will be favorable for the popular ex-serviceman.

Capacity Crowds Are Attending Revival At Calvary Baptist

A capacity crowd marked the third night of the revival meeting being held at the Calvary Baptist church. This announcement came from the youthful pastor, Rev. Grayson Tension, who seemed seriously pleased over the successful beginning of the meeting.

Rev. Clifton R. Tension of Wichita Falls and brother of the pastor is conducting the revival. Both young men are sons of Rev. R. C. Tension, pastor of the First Baptist church. Jess Hays is acting as song leader and Miss Mary Margaret Duckworth as pianist.

Fifty-two students were enrolled Saturday in the Vacation Bible school being held through Friday of this week. Forty-eight students of that number were present Monday morning indicating that children will take an active part in the school program. Graduation exercises for the school are planned for Friday morning but details were not available early in the week.

The visiting pastor is superintendent of the school with the pastor acting as general manager. Others who are assisting in classes are Mrs. Cayton Tension and Mrs. Guy Davis, Beginners; Mrs. Clifton Tension and Joy Day, Primary; and Mrs. W. L. Davis and Mary Margaret Duckworth, Juniors.

The meeting will close on Sunday night, August 27. All people of Post are invited to attend the services that are held each morning at 10:30 o'clock and each night at 8:30 o'clock.

300,000 MEN MAY BE DRAFTED IN JANUARY

The Army and Navy are expected to call 300,000 new men into the services in January, the War Manpower Commission has learned. This quota has been set, according to the WMC, so that the Army may reach its goal of 7,700,000 men early next year.

This news release reached the Dispatch office this week from Washington.

W. Wells, Mrs. Fanny Martin, and Howard Wells are visiting relatives in Brownwood and fishing at Lake Brownwood.

Garza's First Bale Premium Won By Doyle Howell

Arriving on the gin lot a few days earlier than last year's first bale was that grown and picked by Doyle Howell of the Cross Roads community. The cotton arrived on the Scurry County Gin (Fuller Gin) lot Monday, August 21. Last year's cotton rolled into town on August 24 and was brought in by Ray R. Henderson. Henry Bargesley of Justiceburg won the distinction of having the first bale of 1943.

Cotton has matured faster this year than seasonally because of hot weather and brisk winds.

According to Lee Davis, manager of the gin, the cotton weighed out 1690 pounds and will probably make a 500 pound bale. The cotton will bring around 21.50 cents per pound.

The Post Chamber of Commerce arranged through Post merchants to present Howell with a premium for the first 1944 bale produced under the cap rock. Another prize will probably be given for the first bale grown on top the cap.

Little Interest Shown In Second Primary

Little interest is being shown in the second Democratic primary to be held August 26, as compared with the first primary. Political observers noted early this week.

Polls will open Saturday at 8 a. m. and will close at 7 p. m. County Democratic Chairman T. R. Greenfield said.

Run-off races in the county are between Sheriff Lon Cross who is running for re-election and Percy Prutz.

Grover Sellers and Jess E. Martin are pitted for the attorney general's race; Richard Critz and Gordon Simpson for Associate Justice of the Texas Supreme Court.

Absentee voting totaled 61 votes at the close of the absentee voting period Tuesday night. This figure is about fifty per cent less than for the first primary. A total of 1400 votes were cast in the July 22 primary but political observers believe the total figure for Saturday will fall far below that figure.

Rules For Securing "A" and "D" Gas Coupons Announced

Application forms for the renewal of "A" and "D" gasoline books are now available at most filling stations and at the Local War Price and Rationing Board. Motorists are urged to get them as soon as possible.

Rules which should be followed to speed the renewal job are as follows:

1. Applicants must attach the back cover of their present "A" book, properly endorsed on spaces provided for this purpose, to their application forms. (If applicants have lost their "A" book covers, they must attach their state automobile license receipts to the application in lieu of the cover, which receipts will be returned to applicants by mail with their new books).
2. Applicants should read carefully the instruction on the form and fill it out exactly as required.
3. Applicants should mail their applications to their local boards and not take them there in person because board workers will be extremely busy.

Applicants will not be required this time to attach their tire inspection records to their applications.

New gas coupons in the book will become valid September 22.

Mrs. R. W. Babb, Mr. and Mrs. W. A. Oden, Ganell Babb and Charles Richardson of Larissa attended the Tech graduation exercises which were held last Wednesday night, upon invitation of Trustt Babb who received a B. S. degree in the field of vocational agriculture. He has been employed for the past year and half as V. A. instructor in the Roperville school.

D. R. Adanson of Tahoka, formerly of Post, transacted business here Tuesday.

Post Boy Helps In Initial Landings By Paratroop On D-Day

Pvt. Coby J. Hamel of Post was among the airborne troops that made the initial landings on the coast of Normandy on D-Day, 30 was a member of the 82nd Airborne Division. News of the part this division played in the invasion was sent to the Dispatch from Hamel's headquarters' officer in charge of publicity.

Hamel was a member of the parachute infantry regiment of this division that dropped over a wide area on D-Day and who were unable to assemble as a tactical unit until the fourth day of the invasion. The paratroopers of this regiment were dropped in several groups and at first these groups fell in with other units of the division rather than their own. It was four days after D-Day that the regiment assembled as a tactical unit. Before this, however, they had struck terrific blows. The regiment, nevertheless, played a brilliant role in carrying out the mission of the airborne troops, which was to prevent the Germans from interfering with the ground assault force until the beach landings had been accomplished. To achieve this, the 82nd captured the town of Ste. Mere Eglise and fought for and held bridges over two rivers.

A large pocket of resistance was set up within enemy lines. This was accomplished in 33 days of action, without relief and without replacements. Every mission was accomplished.

Forty-three Texans were members of this regiment.

Hunters Are Ready For Opening of Dove Season On Sept. 1

A flurry of excitement is noticed among Garza hunters. With a limit on shells as well as gasoline many hunters are arranging to pool their restricted products in order to make the most of the dove season which opens in this area on September 1 and continues through October 25. Far-sighted hunters started making arrangements for their supply of shotgun shells early in the summer and have been guarding them with zeal for this period of sport.

Total bag limit will be ten and no hunter must have more than 10 in his possession at any one time. Doves may be limited from one-half hour before sunrise to sunset each day.

For the convenience of hunters, a charted map showing areas and dates on the forthcoming season is displayed in this week's issue of the Dispatch.

New Arrivals...

Chaplain and Mrs. James Moudy are announcing the arrival of a baby girl on August 6 in Post Worth, Texas. The new daughter was named Linda Rhea. Rev. Moudy was formerly pastor of the First Christian church of Post and is now a chaplain in the U. S. Army.

First Lieutenant and Mrs. Harvey Herd are announcing the arrival of a baby girl named Elizabeth Claire. She weighed 7 pounds and three ounces. Mrs. Herd, a Tevis, and the new baby are Temple making their home with Mrs. Herd's mother while Lt. Herd is in Italy serving as photo grapher with the U. S. Army.

Lt. and Mrs. Gene Davidson are announcing the arrival of a baby girl on August 11. She weighed 7 pounds and 13 ounces and was named Linda Carol. Mrs. Davidson is the former Ethel Lee Miller and is well known to Post people. Lt. Davidson is stationed at Kingman, Arizona.

Views of Neighboring Editors:

Lubbock Avalanche— "In 30 years from now, present styles of clothing worn by women will look ridiculous," says a stylist. Some of us are 30 years ahead of the times.

State Observer— What distinguishes a Democrat from a Republican? It is true that the only real difference between the two parties is that one is in power and the other wants in.

Exchange— Labor, say what you will, is going to cause the United States a lot of trouble when large scale cutbacks in present war contracts become realities, and employees of labor unions will be hide-bound without recourse to follow instructions of union bosses—regardless of where the chips may fall. The War Production Board recently tried out a "pave-the-way" plan at Holyoke, Massachusetts, but the plan boomeranged to such extent WPB officials have no further comment. Millions of civilians for the first time since maturity, used to high wage levels of war-time, will hate to drop down from their present high perch and will be without argument fertile ground for sowing of radical labor doctrines.

Scurry County Times— Feed in the Snyder trade area will be a vitally important crop this year, and saving of all roughness and grain will be mandatory to keeping livestock, chickens and hogs through next winter. With all the acreage now devoted to feed there is no chance of an over-all surplus, even though we may raise more feed in some sectors that may be needed in the immediate zone.

Virtually all the "surplus" combine maize crop is already spoken for, and uses already await every carload that will go from this area. Only feed kept back and roughness bundled or put in trench silos will be our backlog against the tremendous need for feed on farm and ranch. Cottonseed feeds will be scarce this fall than in many years, and those who have maturing feed of any kind should save every stalk. When we get away from the idea of turning in on so many stalk fields and get around to storing all roughness in trench silos, then will we be to the point where livestock will be secure for the permanent type of agriculture this area must have to mark up consistent progress.

Although its civilization goes back 4,000 years, China is one of the youngest republics in the world.

Alcohol will remove the veneer from any person.

When a man says his salary goes to five figures, he probably means the wife and four kids.

Bombers March Across Sky, Crack Troops 'Breakthrough' Ernie Joins Infantry and Finds Men Tops and General Real Leader

By Ernie Pyle

IN NORMANDY.—The great attack, when we broke out of the Normandy beachhead, began in the bright light of midday, not at the zero hour of a bleak and mysterious dawn as attacks are supposed to start in books.

The attack had been delayed from day to day because of poor flying weather, and on the final day we hadn't known for sure till after breakfast whether it was on or off again.

When the word came that it was on, the various battalion staffs of our regiment were called in from their command posts for a final review of the battle plan.

Ernie Pyle

page was filled with specific orders for the grand attack to follow.

Officers stood or squatted in a circle in a little apple orchard behind a ramshackle stone farmhouse of a poor French family who had left before us. The stonewall in the front yard had been knocked down by shelling, and through the orchards there were shell craters and tree limbs knocked off and trunks sliced by bullets. Some enlisted men sleeping the night before in the attic of the house got the shock of their lives when the thin floor collapsed and they fell down into the cowshed below.

Chickens and tame rabbits still scampered around the farmyard. Dead cows lay all around in the fields.

The regimental colonel stood in the center of the officers and went over the orders in detail. Battalion commanders took down notes in little books.

The colonel said, "Ernie Pyle is with the regiment for this attack and will be with one of the battalions, so you'll be seeing him. The officers looked at me and smiled and I felt embarrassed.

Then Maj. Gen. Raymond O. Barton, Fourth division commander, arrived. The colonel called, "Attention!" and everybody stood rigid until the General gave them, "Carry on."

An enlisted man ran to the mess truck and got a folding canvas stool for the General to sit on. He sat listening intently while the colonel wound up his instructions.

Then the General stepped into the center of the circle. He stood at a slouch on one foot with the other leg far out like a brace. He looked all around him as he talked. He didn't talk long. He said something like this—

"This is one of the finest regiments in the American army. It was the last regiment out of France in the last war. It was the first regiment into France in this war. It has spearheaded every one of the division's attacks in Normandy. It will spearhead this one. For many years this was my regiment and I feel very close to you, and very proud."

The General's lined face was a study in emotion. Sincerity and deep sentiment were in every contour and they shone from his eyes. General Barton is a man of deep affections. The tragedy of war, both personal and impersonal, hurts him. At the end his voice almost broke, and I for one had a lump in my throat. He ended:

"That's all. God bless you and good luck."

Then we broke up and I went with one of the battalion commanders. Word was passed down by field phone, radio and liaison men to the very smallest unit of troops that the attack was on.

There was still an hour before the bombers, and three hours before the infantry were to move. There was nothing for the infantry to do but dig a little deeper and wait. A cessation of motion seemed to come over the countryside and all its brown-clad inhabitants—a sense of last minute sitting in silence before the holocaust.

The first planes of the mass onslaught came over a little before 10 a. m. They were the fighters and dive bombers. The main road running crosswise in front of us was their bomb line.

They were to bomb only on the far side of that road.

Our kickoff infantry had been pulled back a few hundred yards this side of the road. Everyone in the area had been given the strictest orders to be in foxholes, for high-level bombers can, and do quite excruciatingly, make mistakes.

We were still in country so level and with hedgerows so tall there simply was no high spot—either hill or building—from where you could get a grandstand view of the bombing as we used to in Sicily and Italy. So one place was as good as another unless you went right up and sat on the bomb line.

Having been caught too close to these things before, I compromised and picked a farmyard about 800 yards back of the kickoff line.

And before the next two hours had passed I would have given every penny, every desire, every hope I've ever had to have been just another 800 yards further back.

Our frontlines were marked by long strips of colored cloth laid on the ground, and with colored smoke to guide our airmen during the mass bombing that preceded our breakthrough from the German ring that held us to the Normandy beachhead.

Dive bombers hit it just right. We stood in the barnyard of a French farm and watched them barrel nearly straight down out of the sky. They were bombing about half a mile ahead of where we stood.

They came in groups, diving from every direction, perfectly timed, one right after another. Everywhere you looked separate groups of planes were on the way down, or on the way back up, or slanting over for a dive, or circling, circling, circling over our heads, waiting for their turn.

The air was full of sharp and distinct sounds of cracking bombs and the heavy rips of the planes' machine guns and the splitting screams of diving wings. It was all fast and furious, but yet distinct, as in a musical show in which you could distinguish throaty tunes and words.

And then a new sound gradually droned into our ears, a sound deep and all encompassing with no notes in it—just a gigantic faraway surge of doom-like sound. It was the heavies. They came from directly behind us. At first they were the merest dots in the sky. You could see clots of them against the far heavens, too tiny to count individually. They came on with a terrible slowness.

They came in flights of 12, three flights to a group and in groups stretched out across the sky. They came in "families" of about 70 planes each. Maybe these gigantic waves were two miles apart, maybe they were 10 miles, I don't know. But I do know they came in a constant procession and I thought it would never end. What the Germans must have thought is beyond comprehension.

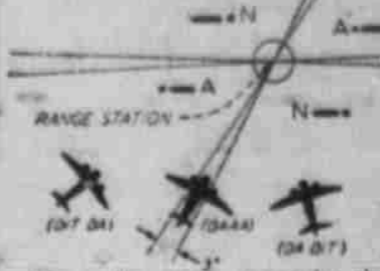

Their march across the sky was slow and studied. I've never known a storm, or a machine, or any resolve of man that had about it the aura of such a ghastly relentlessness. You had the feeling that even had God appeared beseechingly before them in the sky with palms outwards to persuade them back they would not have had within them the power to turn from their irresistible course.

I stood with a little group of men, ranging from colonels to privates, back of the stone farmhouse. Silt trenches were all around the edges of the farmyard and a dugout with a tin roof was nearby. But we were so fascinated by the spectacle overhead that it never occurred to us that we might need the foxholes.

The first huge flight passed directly over our farmyard and others followed. We spread our feet and leaned far back trying to look straight up, until our steel helmets fell off. We'd cup our fingers around our eyes like field glasses for a clearer view.

PLANE TALK BY Rowland Barstow

"Flying the Beam" is a common expression, but few people understand its application. The illustration shows a radio range station and four radio guide beams which are sent out to direct the pilot.

The radio range transmits the letter A (dit-da), which has the radio sound of "dit-da," in what is called the A quadrants, and also the letter N (da-dit), which has the tone of "da-dit," in the N quadrants. It is these various sounds which tell the pilot his position in relation to the beam. If he flies within the 3 degree angle of the beam (shaded portion) he hears one continuous humming tone (daaa) in his earphones. This is because the A and N quadrants are blended and he hears them with equal intensity.

If the pilot flies off the beam on the N side he will hear the N signal (da-dit) stronger and the A signal (dit-da) will become weaker. By the same principle, if he is too far on the A side he will hear only the A signal (dit-da). A map will tell him whether he is at the left or right side of his course. These sound signals are transmitted for 30 seconds, followed by a code signal identifying the range station. This is sent out first into the N quadrant and then into the A.

PANIC

That word has an ominous sound. In nearly all congregations of people where fire occurs, panic ensues. In discussing this subject from the standpoint of loss of life, the National Board of Fire Underwriters says that panic cannot be eliminated. Therefore it is important to reduce the causes of panic to the greatest possible extent.

History is a record of catastrophes which cause death and injury from panic. Whole armies have fled in disorder when panic mastered a few and then was transmitted to the mass.

Fire panic hazards exist in many places, including theatres, night clubs, cabarets, schools, factories, stores, churches, hotels and apartments.

Adequate exits, well placed, will go far toward giving a sense of security to crowds, and will lessen the panic hazard. But toxic gases caused by a fire, can kill people before they have a chance to move, where gases can sweep upward through open stairways.

The answer to the danger of panic, says the National Board, is to "provide security of mind, which means make it visible to the eye or repeat it in print or otherwise until it is a subconscious reality, that the place is of good and preferably fireproof type of construction; that there is little quick burning material; that where these conditions do not exist, the place is protected by automatic sprinklers; that adequate, well-marked exits exist; and last, but not least, these exits are usable." Public cooperation is indispensable in avoiding panics which destroy life.

When a woman lowers her voice it's a sign she wants something. When she raises her voice it's a sign she didn't get it.

SOMETHING TO KNOW. A good many people unacquainted with the situation wonder why thousands of men like to work in coal mines. For one thing, coal miners are well paid; their average earnings being higher than the average for all industrial workers. Thousands of coal miners make \$300, \$400 and some even \$500 a month. Their work surroundings are not unpleasant by any means. Mine temperatures range between 62 and 72 degrees, with fresh air circulating continuously. That miners like their work is shown by the fact that mining has a lower labor turnover than the average of all manufacturing industries. Many do leave the mines, but return to them.

Some of Brave Fliers Crash With Planes

Someone shouted that one of the planes was smoking. Yes, we could all see it. A long faint line of black smoke stretched straight for a mile behind one of them.

And as we watched there was a gigantic sweep of flame over the plane. From nose to tail it disappeared in flame, and it slanted slowly down and banked around the sky in great wide curves, this way

and that way, as rhythmically and gracefully as in a slow motion waltz.

Then suddenly it seemed to change its mind and it swept upward, steeper and steeper and ever slower until finally it seemed poised motionless on its own black pillar of smoke. And then just as slowly turned over and dived for the earth. Nothing deviated them by the slightest.

MOURNING DOVE and WHITE-WINGED DOVE OPEN SEASONS for 1944

MOURNING DOVES

OPEN SEASON -- NORTH ZONE: Sept. 1 to Oct. 25, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

OPEN SEASON -- Sept. 15, 17, 19, 21 and 23, inclusive.

SHOOTING HOURS -- 12 noon to sunset.

BAG LIMIT -- Not more than 10 per day and not more than 10 in possession.

Shotguns must be permanently plugged to three shell capacity.

Shotguns may not be larger than 10 gauge.

Texas Game, Fish and Oyster Commission.

Soil Conservation District News

The Supervisors of the Duck Creek Soil Conservation District met in Spur, Thursday, August 17. They had as their guests the Supervisors of the King-Stonewall District. Among other business attended to, conservation plans were approved for the J. A. Propst farm and the Franklin Brothers ranch, both in Garza county.

Roy Pennington has been gathering grass seed to reseed some retired cultivated land to native pasture grasses. He deferred a part of his pasture to allow the seed to mature. He plans to have a mixture of side-oats, blue and hairy grama, and little bluestem grasses.

H. J. Bingham recently cited an example of the need for conservation. Two or three years ago he enlarged one of his fields by breaking out some new land adjacent to it, which had been in pasture. He observes that the newly put in land makes about twenty-five percent better crops than the old land, which has been in cultivation about fifteen years. Mr. Bingham believes that much of this loss in fertility could have been prevented if a complete conservation program, including contour cultivation, terracing, crop rotation, and the return of organic matter to the soil, had been applied.

21,000 Texas Youth Join Industry's Rank

Statistics have been released showing that 21,000 Texas youths entered industry in the last year ending June 30, an increase of 85 per cent over the previous year.

This figure is based on certificates issued by the U. S. Department of Labor which are required for employers who employ youths in the manufacture or process of goods shipped in interstate commerce.

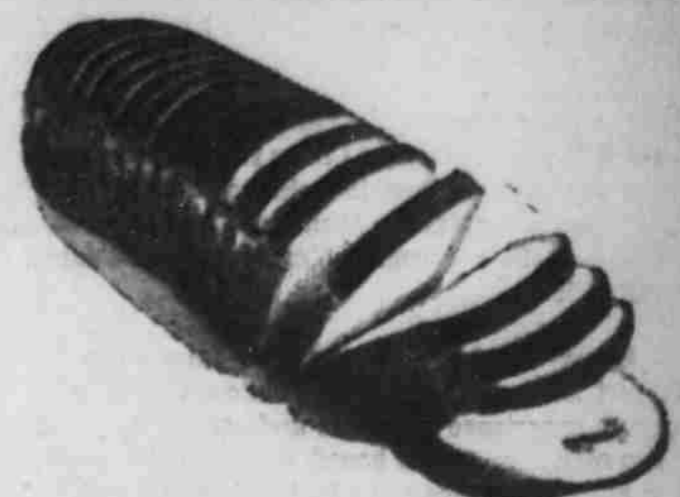

According to Miss Mildred Dougherty, associate child labor consultant of the bureau, most certificates were issued for 16 and 17 year olds but nearly 600 were for 14 and 15 year olds. Employ-

Mrs. Harriet Deitrich has returned from Pampa where she led Cpl. and Mrs. Bob Deitrich. Bob is stationed at the Pam-Air Base. While there she accompanied her brother and his to Pueblo and other points in Colorado.

Mrs. J. P. O'Connor of Rowell, N. M. is visiting her daughter Mrs. C. R. Smiley and family this week.

Doctors say that kissing shortens life. What they really mean is single life.

Second Lieutenant David (Buddy) Williams who has been in England and Normandy is being assigned to a new field of operation, according to a recent letter received by his sister, the former Frances Williams. He is an Intelligence Officer of the Air Corps and interprets the aerial maps made by the photographers of his mobile unit. "We are on the go most of the time and are seldom in one location longer than six weeks," he said. He received the Silver Star to wear along with his service ribbons.

Shortage Of Black Pepper Explained

People who have wondered why grocers have little or no black pepper will be interested in a statement made last week by Representative Andresen of Minnesota.

Andresen told the House that "a few importers" had gained control of the black pepper market.

"More than 30 million pounds of black pepper, or enough to take care of all requirements to the end of 1945, is in storage but the owners refuse to sell at the ceiling price fixed by OPA", Andresen said.

He declared the OPA refused to act although the lack of this pepper, needed to process and preserve meats, will result in the possible loss of millions of pounds of meat in the next half year.

Mrs. Preston Mathis and daughter, Willie Ann, are visiting in the home of her sister, Mrs. Leroy McCrary, and Mr. McCrary in Amarillo.

Most women are shy about telling their ages—several years shy.

A Switch in Time saved Mine...

Goofy, am I?

Go ahead—that's your privilege—thinking I'm just plain hipped on everlastingly keeping this engine's insides OIL-PLATED with Conoco Nth oil. Maybe there is and maybe there isn't sixty other ways that would have kept engine acids from raising Ned with this pre-Pearl Harbor limousine. But one thing I know is this: it's still running swell on nothing but Conoco Nth motor oil. You needn't be a scientist to know that acids from every explosion are forever trying to spoil an engine. Looks like the proper idea is to try blockading those acids by getting your engine OIL-PLATED. I learned there's a modern synthetic in Conoco Nth oil that reminds you of magnetism, because it makes inside surfaces attract a shield of OIL-PLATING. Acids can't so easily tear right into this. Then your OIL-PLATED engine has an extra chance to last you. When new cars arrive, hurray! But a real advanced improvement right now is to switch to Conoco Nth motor oil, see.

Buy a War Bond Today!

To The Citizens Of Garza County

As election day approaches I wish to say to you that it would have been a pleasure could I have seen each of you personally. All of you are fully aware of war conditions and know that one who is attempting to cooperate with war programs could not be in a position to make an intensive campaign.

Being fully aware, by personal experience, of the needs of the boys overseas I have felt that co-operating with war time programs in order to furnish them was vastly more important to them and their loved ones at home than the personal welfare of a candidate for public office.

It is my belief that in the near future one of the greatest needs locally will be public officials who by personal experience know and understand the problems of the men whom it is hoped will soon be returning from military service and who by virtue of such experience can render assistance to them in their readjustment into civilian life. I believe it would be a tragedy indeed should our young men return home from their services to us and not be afforded officers who understand and sympathize with them in their problems.

I earnestly implore you to go to the polls Saturday, August 26th and cast your vote.

I want you to know that I will sincerely appreciate your careful consideration of my candidacy for Sheriff, Tax Assessor and Collector.

Respectfully submitted,

Percy Printz

"BRITISH IMPERIALISM—1944"

War has wrought changes in the British Empire — with its five hundred million subjects — one fourth of all the land and peoples of the world. But as The March of Time film, "British Imperialism — 1944" from which this map is taken shows, the sturdy loyalty of the Dominions and their peoples has survived for hundreds of years. True, war has served to industrialize great areas of the Dominions which were formerly largely agricultural, yet it has intensified Australia and New Zealand's dependence on the United States for men and military supplies, and it has failed to rally the French Canadian population to any genuine enthusiasm for the Empire. But, on the other hand, it has brought a new cooperation from India's fiery Mohandas K. Gandhi, and, above all, it finds Dominions, colonies, protectorates and mandates all united under the greatest bond of all — mutual success in victory.

Misses Lucile Meador, Vera Gollehon and Polly Brazil of Tahoka recently enjoyed a week's vacation in Ruidoso, N. M.

Regulations Lifted On Slaughtering Says Julius Fumigalli

Notice has just been received by Julius C. Fumigalli, Chairman of Garza County AAA Committee, from the War Food Administration, that regulations governing cattle slaughter are no longer limited and you may slaughter as many cattle as you wish. The regulations are as follows: Any farmer may slaughter and deliver the meat from any number of livestock owned by him without license or permit or making any report to the Federal Government.

Any person, other than a farmer slaughtering his own livestock, must have a license in order to legally slaughter, but there are no restrictions on the number of livestock he may slaughter.

Any person who slaughters livestock exclusively for others on a fee basis must obtain a custom slaughterer's license, but there is no limitation on the number he may slaughter.

All slaughterers who slaughter weekly more than 51 head of cattle that produce "Army-style" beef must set aside a portion of the output for the Government, which must be Federally inspected. The percent set aside depends upon the needs under Government purchase programs, including the needs of the armed forces.

All slaughterers except those who slaughter less than 50 head of cattle weekly and less than 300 head of livestock annually are required to submit monthly reports to WFS. This report in no way is a limitation on the number of livestock which they may slaughter.

Slaughterers must comply with OPA regulations regarding grading of meat and the collection of ration points. Grading costs \$2.20 per hour, plus transportation of grader. Unless meat is graded by an official grader of the U. S. Department of Agriculture, the slaughterer must sell it at least 12 1/2¢ per 100 lbs. less than the ceiling price for the appropriate grade. Where a Government grader is not available, a request can be filed for exemption by a small slaughterer and he may be permitted to grade his own meat but he must take the same deduction.

Houston Hoover Now In The Fleet Post Office

Pvt. Houston Hoover of the Marine Corps was transferred about two weeks ago to the Fleet Post Office in San Francisco, Calif. Hoover, son of Mr. and Mrs. O. H. Hoover of Graham community, was formerly with the post office here in Post. He took his training in San Diego. His wife and children are making their home in the Graham community.

A recent visitor in the home of Mr. and Mrs. A. B. Haws was Mr. Haws' brother, R. D. Haws, boatswain mate 2c, who is in the United States for a brief rest period before returning to duty on the fighting front somewhere in the Pacific. The visitor who has been in on many of the big invasions of the war is attached to LACTS ships and told his brother and wife many hair-raising tales of the events that took place during the landings of troops on the invasion beaches. He has been in active service for eighteen months.

Mr. and Mrs. Gordon Sanders and two daughters of Lubbock visited in the home of Mr. and Mrs. W. E. D. on Monday.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for August 27

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

ISRAEL'S FIRST KING

LESSON TEXT—1 Samuel 9:15-21: 10:25-27, 11:12-13. GOLDEN TEXT—Honor all men. Love the brotherhood. Fear God. Honor the king.—1 Peter 2:17.

"Well begun is half done," says the old proverb, reminding us of the importance of a good beginning. While it does not guarantee success (see next week's lesson), it is eminently desirable, and truly helpful. Israel had foolishly tired of being a God-ruled nation and had begun to demand a king.

Samuel was directed of God to the man of His choice, Saul, in a very remarkable way. He entered upon his service as king as an obedient and earnest ruler. (Would God that he had continued in that way!)

We note a number of favorable elements which indicated the possibility of a successful reign. He was—

I. Wanted by the People (9:15, 16).

A ruler forced upon a nation is sure of opposition, but here the people were clamoring for a king to rule over them. The way was wide open to the interest and the affection of their hearts. Saul was just the type to please them. Physically he was head and shoulders above the people—a desired thing in a ruler (see 10:23). He was mentally fitted (10:25)—humble (9:21), spiritually right (10:6-9), tolerant and kindly (11:13), and a good military leader (ch. 11).

II. Chosen by God (9:17).

All these qualities commended Saul to God as well as to the people. In fact, he was God's choice. A man could not enter upon high office with any more auspicious token for good.

Observe that what looked like a purely chance visit to Samuel, when Saul was on business for his father, was the occasion for the making known of God's choice. Out of a simple experience in daily life came an event which changed his entire destiny.

III. Anointed by the Prophet (9:18-20).

The man of God's choice had met God's man, Samuel, who proceeded to instruct him, and to privately anoint him as king. It was a tender scene. The aged prophet, rejected by the people as God's ruler over them, quietly and sweetly obeyed God's command to anoint the young man to be king.

Public recognition, which came later, was important, but, with Saul as with every servant of the Lord, the personal anointing of God, in the hidden place of communion with Him, was the matter of highest importance.

IV. Humble in Attitude (9:21).

That pride, which was ultimately to be Saul's downfall, was beautifully absent at the beginning of his reign. Although of good family, and well-equipped, he saw himself as poor and insignificant, not ready for such an honor.

That is the right attitude for one who is to serve God. Pride and self-assurance do not befit the man who stands in the presence of the Almighty.

V. Guided by Principle (10:25).

Saul did not enter upon his office, new as it was to both him and to Israel, without a Constitution, that is, without principles of action. Samuel, the Lord's prophet, wrote down "the manner of the kingdom" in a book. How interesting, and how important.

Rulers who imagine themselves so wise that they need no controlling laws, and so powerful that the law may not question their decisions, are certainly not rulers after God's plan. Knowing the heart of man, his weakness and pride, God has provided true principles by which the ruler is to be guided, yes and controlled.

VI. Forgiving in Spirit (10:26-27; 11:12, 13).

Some "worthless fellows" despised Saul and would not recognize him as king. The urge of the flesh was to destroy them, and especially did that seem proper because of their worthless nature. But Saul, in true kingly spirit, said that there was to be no revenge, just rejoicing.

To be of the right spirit toward one's enemies is the hall mark of Christian character.

VII. Established in Office (11:14, 15).

While there is the secret whisper of God in the heart, and the personal anointing by the Lord's servant, there should be the public recognition which establishes the Lord's servant in the eyes of all people. Saul had this at Gilgal. It placed him among the kings of the earth, and prepared the way for his dealing with other nations as well as with his own people.

Applying that truth to those who serve Christ, we say that there is upon the church the obligation to recognize God's call and anointing by giving that official recognition which sets the testimony and approval of the individual free to exercise itself among men in general.

Volunteer Fire Boys Talk Post-War Plans In Recent Meeting

Plans for post-war equipment for the Volunteer Fire department were discussed when Chief G. F. Williams, field representative for State Firemen's Training School at A and M college was an official visitor here last week. Another visitor was chief N. W. Autry, of Snyder, fourth vice-president of the State Firemen's Association.

Dick Woods, chief of the Post organization, ordered a called meeting in order that all members of the department could hear the informative and interesting talk given by Mr. Williams. The group in Post who give their time and efforts without remuneration are eager to improve the service. Like all such organizations much of their work is "done for granted" by the big majority of the people yet they diligently go about their job with rugged determination in spite of inadequate equipment and in spite of the great odds against them.

The new equipment and methods of fighting fire were discussed thoroughly by the group last week. A new fog nozzle which throws up a wall of water between the firemen and the blaze is one of the most modern devices on the market for the fighting of fire and has proven through continued use recently that it is one of the most effective pieces of equipment any department can own. The Volunteer fire boys here hope to be able to own this machine as well as add other modern pieces to the department in the near future.

Hose drills and other team work drills formed a part of the program last week which was well attended.

Southland Boys In Service

Cpl. Norman R. Brewster of the U. S. Marine Corps who has been in the Pacific for thirty-seven months is home on a thirty day leave. He served in three major battles — Midway, the Solomons, and Marshall Islands. He is now staying with his sister, Mrs. Lois Polk, Slaton. After the 29th of this month, he will be stationed at New River, N. C. He is the nephew of Melvin Brewster, and is well known here.

Golden Anniversary Observed By J. A. Mangums Aug. 28

Mr. and Mrs. J. A. Mangum celebrated their golden anniversary Sunday. They were surprised with a tea given by their daughters, Mrs. Will Reding and Mrs. Ernest Vaughn.

Cake and punch were served to Mr. and Mrs. Will Reding, Whitehall; Mr. and Mrs. Ernest Vaughn and son, Junior, Post; Mrs. Melba Atwell and son, Curtis Earl, Lubbock; Mrs. S. B. Hutto and son, Aaron Lynn, Amarillo and Mrs. Arthur Dickson and Bobbie; Mr. and Mrs. Arda Long, Carrol Jean and Fred Long; Mr. and Mrs. Jim King and children; Mr. and Mrs. O. R. Cearley; Mr. and Mrs. Clyde Wheeler and children; Mr. and Mrs. Roy King and son; Mr. and Mrs. E. L. King and Leslie; Mrs. Elma Wheeler; Arville Ferguson and family; Mr. and Mrs. Avery Moore and Jimmy, all of Post; and Miss Ruth Gentry of Lubbock.

Many nice gifts were given them by their many friends.

Mrs. Roy Mullins To Present Southland Pupils In Recital

Mrs. Roy Mullins of Post will present her summer class of Southland pupils in recital at 8:30 Friday night, Sept. 8th at the Southland school auditorium. This program will consist of songs, piano solos, skits and readings, in which about twenty-five pupils will take part. There will be no admission charge and the public is cordially invited to attend.

PRISCILLA CLUB

The Priscilla club will meet with Mrs. Keith Kemp Friday afternoon at 3:30 p. m.

Regular Meeting of O. E. S. Held Friday, Aug. 15 In Hall

The regular stated meeting of Post chapter of the O. E. S. was held August 15 in the Masonic hall, with Dezzie Power, Worthy Matron, presiding. Alvin Camp very ably acted as Worthy Patron in the absence of Truett Fry. Members are reminded that the third Tuesday night of each month is regular meeting time. After the business session two candidates received the degrees in the impressive initiation ceremony of the Order.

Mae Smith presented a gift of pottery to Mary Lawson and voiced the regret of all members of the chapter at the loss of a beloved member and past Matron. Her advice and council will be missed indeed.

August is the birthmonth of the founder of the Order, Robert Morris. In his honor a short program was presented. As the Worthy Matron read a poem of the building of the Star, Berenice Probst and Thelma Fry placed the jewels in position. Then as the Worthy Patron read about those who reside in this Star, the Star point officers resumed their stations. This presentation, symbolic of the founding of the Order, was a reminder of the basic principles and what they should mean to each member.

A delicious refreshment plate was passed by Loree Thaxton, Opal Williams and Minnie Wright. During this social hour, the new members, Mr. and Mrs. Jesse Young, and two visitors, Mmes. Avie and Luther Thomas, were greeted by the members.

Visitors are an inspiration and are always welcome. —Reporter

Report Given On Recommendations By HDA Council

The Garza County Home Demonstration council met Saturday, August 19, with the chairmen and three members present. A report of the recommendations of the THDA was made by Henrietta Nichols and is quoted as follows: That each club should study legislative procedure and the Terrell election laws.

That each club should give more aid to school lunch rooms and investigate what the community is doing.

That each home should have a reading center and add at least four good books a year; continue the study of post-war planning.

That each club should study the question of whom to elect for president of the THDA as next year is election year.

That each club should urge an active nutrition program (September is National Nutrition Month).

That each club should start a THDA fund in December and send to the Council secretary by the last of January.

Alabama is a Creek Indian word meaning "place of rest."

Joint Birthday Party Given For Two Youngsters

Marthanna Cearley and Johnny Kemp celebrated their birthdays with a party when their mothers entertained for them in the Kemp home on August 13 from 4:30 till 6:30 p. m.

Much enjoyment was provided by Johnny's electric train. After many trips around the track stops were made at each guest 'station' to deliver peppermint stick candy from the flat car. Reluctantly the children quit playing railroad to watch the honor guests open their presents.

Two angel food cakes with orange flavored icing topped with multicolored candles in pink holders had the center of attention for the candle blowing ceremony. Four candles were on Johnny's cake and five on Marthanna's.

Fruit punch was served with the birthday cake to Anita Davies, Ann Wharton, Oabeth Maxey, Georgia Ann Sartain, Janice Smith, Linda Parker, Rosemary Lawson, Martha Jean McNally, Sanja Sue Cass, Beulah May and Herman Ray Davis, Dan E. Cockrum, Benny Jo Clary, Joe Henry Bearden, Bubber Talley, and the honorees.

The very young attending were Judy Altman, Jane Ellen Maxey, Beth Ellen Kemp, and John Allan Cearley. Several mothers enjoyed the occasion with the children.

Mrs. Emory Stewart Is Hostess to Priscilla Club Recently

The Priscilla club was entertained recently by Mrs. Emory Stewart in the home of her mother, Mrs. Manly. The very pleasant meeting was spent sewing and just visiting. Mrs. Lee Smith, a member who is moving to Winters, will surely be missed but the best wishes of the club go with her.

The hostess assisted by her mother served refreshment plates of delicious home-made ice cream and angel food cake to ten members and one guest, Miss Mattie Myrl Ferguson. —Rep.

Largest Bakery Oven In West Texas Owned by Pioneer Cookie Co.

George Lemon, a former Post merchant, and one who continues to serve this trade territory, is making many improvements in his cookie manufacturing plant in Lubbock in order to serve in a more efficient manner the ever-increasing customers of this area.

Lemon when he was in Post was manager of the Piggly Wiggly store. Since moving to Lubbock he installed a cookie manufacturing plant which goes under the trade name of Pioneer Cookie Co. This company is well known to patrons of Post grocers as the products made by Pioneer Cookie Company are a popular "must" item of every housewife when she does the family shopping.

Recently Mr. Lemon added a new automatic oven, the largest of its kind in West Texas. This piece of equipment together with other modern bakery machinery gives him a plant that ranks among the best in Texas. Familiar products on grocery store shelves in Post manufactured by this firm are Coconut bar, Vanilla Wafers, Oatmeal and Raisin-Top Cookies.

VICTORY HINTS

Sweeten punches with sugar and water syrup to prevent the sugar from settling to the bottom of the pitcher or punch bowl.

To make syrup for punch, boil two cups of sugar and three cups of water for five minutes. Cool, chill and sweeten as desired.

Hang a good-sized bag in the sewing room to receive scraps from sewing to be used for weekly mending.

Quartered lemons add the "something sour" that baked beans need and make a good looking garnish as well.

Most light bulbs have a life of from 1,000 to 3,000 hours. You will save bulbs and electricity by turning them off when not needed. Use good quality bulbs of the right size for your needs. A 100-watt bulb gives more light, costs less to buy and less to operate than two 60-watt bulbs. Buy lights with the proper voltage rating for your current.

Try keeping the peanut butter jar upside down on the pantry shelves between trips to the table. The alternate turning it receives this way keeps the oil distributed through the entire jar.

Here's a tip to facilitate mending large holes in sweaters. Place a piece of netting under the hole, then darn with matching wool. The netting serves as backing and makes a better darning job possible.

When making feather mattresses and pillow ticks, dampen a bar of laundry soap and rub all over the inside of the ticking. This prevents the feathers from working out through the cover fabric.

Cross Roads Home Demonstration Club Displays Handiwork

The display of handiwork in the window of the Bryant-Link building showed many hours of industry on the part of the women of the Cross Roads community. Not only adept with needle and thread, some one was handy with a hammer and saw in making the foot stool for the spring tying demonstration.

Had many of the articles not been labeled "made from feed sacks" it would not have been known for they certainly belied their humble beginning. Lunch cloths, pillow cases, chair sets, scarfs, children's and women's dresses originally came from the feed store.

There were quilts and quilt tops, one set together with tobacco sacks also a child's bed spread with embroidered animal pictures. There were several pairs of pillow cases beautifully trimmed with crochet and embroidery.

These articles, from table mats to quilts, show lovely work and whether you are experienced or just barely can sew on a button you will enjoy the handwork in this display.

It is hoped that more of the demonstration clubs will arrange showings so the public may view their accomplishments.

LATEST MARCH OF TIME COMING TO GARZA NEXT WEDNESDAY-THURSDAY

The British Empire—one quarter of all the land and all of the peoples in the world—is the subject of this month's March of Time, British Imperialism—1944, showing Wednesday-Thursday, August 30-31 at the Garza theatre.

Here is the story of "the widest system of organized freedom which has existed in history." Shown in India and the various Dominions—Canada, Australia, New Zealand, Union of South Africa—their teeming life and booming industries.

Highlighting the film are candid pictures of the great personalities of the British Empire: Churchill, the King and Queen, the various Prime Ministers, the officials of colonies, protectorates, and mandates. Plus new facts—particularly those which show how Gandhi may be opening the way in co-operation with Britain. Exciting scenes showing political street riots in India and colorful lands where our boys are fighting today.

Barrington Family Reunion

The Barrington family reunion was held Friday, Saturday and Sunday at Two Draw lake. This event is an annual affair with the Barrington family and is an occasion that is thoroughly enjoyed by all who are able to attend. The W. J. Barringtons of Holy were among those who attended.

Mrs. Tillman Jones Elected As Officer Of Auxiliary

Mrs. Tillman Jones was elected to the office of historian of the Legion Auxiliary when the state meeting was held recently in Fort Worth. Mrs. Howard Hudgins of Vernon was elected department president.

Representatives from the entire state who were in session there declared the meeting to be one of the most important ever held by the organization. Matters concerning post war plans were discussed. The conference voted to return to Fort Worth next year for the fifth consecutive year.

NEEDLECRAFT CLUB

Mrs. J. M. Boren will entertain the Needlecraft club on Friday, August 25 at 4:30 o'clock.

NOTICE

Peaches for canning will be available to Garza county women. This announcement came from the County Home Demonstration agent. Peaches will be \$4.10 a bushel, will be Albertas and will measure not less than two and one half inches in diameter. Women are advised to get in touch with the local marketing committee of their community to place orders; no deposit required. If orders are in not later than Saturday peaches will probably arrive the first week in September.

The County Marketing committee will meet Saturday at the Court House at 2 o'clock.

Correction

The name of the groom in the wedding write-up in last week's Dispatch should have read Dabbs instead of Dobbs.

Let's Elect

Judge Gordon Simpson Smith County

ASSOCIATE JUSTICE Supreme Court of Texas

A seasoned lawyer, a man of sterling character, a soldier in World Wars One and Two, former District Judge, past President of the State Bar Association. We unanimously commend him to you.

SMITH COUNTY BAR ASSOCIATION

Saturday, August 26

... You will again vote for Sheriff, Tax Collector and Assessor. Come and vote for the man of your choice. Its your office and your privilege to elect the man you feel most capable of filling the office.

Don't Fail To Vote

I WILL APPRECIATE YOUR VOTE and INFLUENCE

Proposed Constitutional Amendments

H. J. R. No. 1 HOUSE JOINT RESOLUTION

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas, by adding thereto Sections 51-e and 51-f; Section 51-e providing that cities and towns in this State shall have the power and authority to provide a system of retirement and disability pensions for its employees, provided, however, that no pension system shall be set up in any city until it has been approved at an election by qualified voters entitled to vote at an election on the question of the issuance of tax supported bonds; Section 51-f providing that the Legislature shall have authority to provide a system of retirement and disability pensions for appointive officers and employees of cities and towns to operate Statewide or by districts under such plan or program as the Legislature shall direct and shall provide that participation therein by cities and towns shall be voluntary; provided that the Legislature shall never make an appropriation to pay any of the cost of any system authorized by this Section; providing for an election on the question of the adoption or rejection of such an amendment and making an appropriation therefor; providing for the proclamation and publication thereof and prescribing the form of ballot.

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas be amended by adding thereto Sections 51-e and 51-f, which shall read as follows:

"Section 51-e. Each incorporated city and town in this State shall have the power and authority to provide a system of retirement and disability pensions for its appointive officers and employees who have become disabled as a direct and proximate result of the performance of their duties, or have passed their sixty-fifth birthday, or have been employed by such city or town for more than twenty-five (25) years and have passed their sixtieth birthday, when and if, but only when and if, such a system has been approved at an election by the qualified voters of such city or town entitled to vote on the question of issuance of tax supported bonds; provided that no city or town shall contribute more than the equivalent of seven and one half (7½) per centum of salaries and wages of the officers and employees entitled to participate in its pension system, and that said officers and employees shall contribute a like amount; and this Amendment shall not reduce the authority nor duty of any city or town otherwise existing.

"Section 51-f. The Legislature of this State shall have the authority to provide for a system of retirement and disability pensions for appointive officers and employees of cities and towns to operate Statewide or by districts under such plan and program as the Legislature shall direct and shall provide that participation therein by cities and towns shall be voluntary; provided that the Legislature shall never make an appropriation to pay any of the cost of any system authorized by this Section."

Sec. 2. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State in November, 1944, at which all ballots shall have printed thereon:

"For the Constitutional Amendment providing that the cities and towns in this State shall have the power and authority to provide a system of pensions for their appointive officers and employees," and "Against the Constitutional Amendment providing that all cities and towns in this State shall have the power and authority to provide a system of pensions for their appointive officers and employees." All ballots at such election shall also have printed thereon, "For the Constitutional Amendment giving authority to the Legislature to provide for a system of retirement and disability pensions for appointive officers and employees of cities and towns" and "Against the Constitutional Amendment giving authority to the Legislature to provide for a system of retirement and disability pensions for appointive officers and employees of cities and towns." Each voter shall scratch out two (2) of said clauses on the ballot, leaving the two (2) expressing his vote on the proposed Amendments.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

H. J. R. No. 18 HOUSE JOINT RESOLUTION

Proposing an Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, by changing said Section 9 so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same again shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; providing that this section shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of this Constitution; fixing the time for the election for the adoption or rejection of said proposed Constitutional Amendment; making certain provisions for said election and ballots thereof and the method thereof; directing the issuance of pro-

clamation therefor; prescribing certain duties of the Governor of the State of Texas; and making an appropriation to defray the expenses of said election.

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Section 9 of Article 8 of the Constitution of the State of Texas, be so amended that the same will hereafter read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed thirty-five (35) cents on the one hundred dollars valuation; and no county, city or town shall levy more than twenty-five (25) cents for city or county purposes, and not exceeding fifteen (15) cents for roads and bridges, and not exceeding fifteen (15) cents to pay jurors, on the one hundred dollars valuation, except for the payment of debts incurred prior to the adoption of the Amendment September 25, 1883; and for the erection of public buildings, streets, sewers, water-works and other permanent improvements, not to exceed twenty-five (25) cents on the one hundred dollars valuation, in any one year, and except as is in this Constitution otherwise provided; provided, however, that the Commissioners Court in any county may re-allocate the foregoing county taxes by changing the rates provided for any of the foregoing purposes by either increasing or decreasing the same, but in no event shall the total of said foregoing county taxes exceed eighty (80) cents on the one hundred dollars valuation, in any one year; provided further, that before the said Commissioners Court may make such re-allocations and changes in said county taxes that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election, and shall be approved by a majority of the qualified property tax paying voters, voting in such election; and, provided further, that if and when such re-allocations and changes in the aforesaid county taxes have been approved by the qualified property tax paying voters of any county, as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which the same shall be approved, unless the same again shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county voting at an election to be held for that purpose shall vote such a tax, not to exceed fifteen (15) cents on the one hundred dollars valuation of the property subject to taxation in such county. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other section or sections of this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held throughout the state of Texas on the seventh day of November, 1944, at which election all voters favoring the proposed Amendments shall write or have printed on their ballots the following words:

"For the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"Against the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"Against the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

SOUTHLAND NEWS

Mrs. Marvin Truelock, Community Correspondent

Saturday and Sunday Margie Becker was in the Slaton hospital, her parents fearing she had infantile paralysis. Sunday evening another daughter of the August Beckers, Dorothy, who is an Army nurse, diagnosed her sister's continued temperature as either typhoid or throat trouble, which was verified by a Lubbock physician, who pronounced it strep throat. She came home Monday afternoon.

Large crowds are coming to hear the sermons by Rev. Hulon Cauffman in the Baptist revival. There were 28 Sunday night in the Junior Choir, led by G. A. Haloway.

Six local people attended the 4-H and Family Rally Day at Post last Wednesday, were: Mrs. Millard Phillips, Marvin Truelock and Donna Phillips, Inez and Shirley Watson and Charles Stotts.

The local Church of Christ building is receiving a coat of white paint, the members doing the work.

Valton Wheeler was kicked on the chin by a horse last week.

Thirty-five gifts were in the sun-shine box presented by the community to Mrs. B. R. Arthur last Thursday. The honoree has been an invalid for three years.

The Hub Haires and Leonard Anderson and Kay and Gene attended the roping contests at Post Friday.

Mrs. Curtis Mormey and son of Clarksville left Monday after spending ten days here with her brother Roy Tolison and family. She was going to visit her husband who is stationed near Mineral Wells.

Tim Field and Kenneth Davies arrived home Sunday after a week spent in the Panhandle.

Thursday Miss Betty Basinger and Mrs. J. B. Jones returned after 10 days of visiting friends and relatives in Hobbs and Roswell, N. M.

Last Tuesday Mr. and Mrs. Alfred Basinger and sons and Mr. and Mrs. Heywood Basinger left for Hot Springs, N. M.

L. Rolan and son Travis of California came Wednesday to visit his sister, Mrs. S. M. Truelock.

J. C. Arthur of Amarillo came early Wednesday morning to visit his parents, the B. R. Arthurs, and the Lonnie Collinsworths.

Rev. E. C. Armstrong left Friday morning to begin a revival at Lakeview. His wife left Friday to visit her father in Sweetwater.

Mrs. I. J. Duff's mother is still very sick.

Mrs. Jesse Moore and daughter, Mrs. Peyton Crawford and children visited their son and brother, Frank Moore and family of Childress part of last week.

Those recently visiting in the Roy Williams home were his sister, Mrs. I. D. Dial and husband of Tulare, Calif., Mr. and Mrs. W. N. Williams and Wanda Lou of Close City and Mr. and Mrs. L. W. Williams of Shallowater.

Those visiting the Lonnie Collinsworths Monday night were his uncle, Jim Allman of Abilene, and his grandson, J. D. Allman and Mrs. Collinsworth's niece, Mrs. Jim Morris and family.

Mrs. Ray Morris of Lubbock has been spending several days with Mrs. O. J. Harminson and other friends here.

Jim Kellum left Sunday to visit relatives in Anton.

Mr. and Mrs. Roy Williams and son left Monday for Trent and to bring her sister-in-law, Mrs. Murrell Taylor back here for a visit. The latter's husband is somewhere in France.

The R. O. Rankins have as their guest, his parents who reside at Eastland.

Dan Stotts had his tonsils removed Saturday and is doing fine.

Mrs. H. D. Hallman has just returned from Hot Springs, N. M. after going to be with her sister, Mrs. Geo. Shohan a few days. The latter's son, J. L., was killed in France.

Monday night of this week sev-

for that purpose; and providing that this Amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

NOTICE TO TRUCK AND PICK-UP SEEKERS

"If you are in need of a truck or pick-up on your farm or ranch it will be necessary for you to come to the AAA office at once," states James A. Boyd, Secretary Garza County A. C. A., "and get detailed information on how to secure these trucks and pick-ups being released by the army through the Treasury Procurement."

"At this time Garza county may secure fifteen of these trucks if the need for them can be established," further stated Boyd.

N. C. Luck transacted business in Lubbock on Tuesday.

eral local people attended the barbecue at Wilson given by the Jake Muellers, honoring their son, Seaman Burnell Mueller, who came the first of the month, on a 30-day leave.

Miss Myrtle Wilke, who is employed in Tech Book Store at Lubbock has been here at home since last Wednesday.

Mrs. John B. Slaughter is visiting her friends in Post of the lovely weather she is enjoying in Colorado Springs. Friends will be glad to know that Mrs. Slaughter is improving after her recent misfortune of several weeks ago.

JUSTICEBURG NEWS

Mrs. J. B. Key, Correspondent

Mrs. V. A. Lobbins and children were in Snyder Saturday. Roy and Mrs. D. W. Reed of Chase City are spending the week with friends and attending the revival here.

Jeff Justice, jr. of Waco is here for a three weeks vacation with his parents Mr. and Mrs. Jeff Justice.

Mr. and Mrs. Jim Tidwell and son Bobby spent the week end with his parents at Colorado City. Mr. and Mrs. Bandy Cash and son visited friends and relatives at Lubbock Sunday.

Mr. and Mrs. Edwin Reed of Dermont spent Sunday with his parents Mr. and Mrs. Jeff Reed.

Mr. and Mrs. J. P. McClure and son Marlin of Paint Rock visited Mr. and Mrs. R. J. Key and son Jerry.

Garland Dorman of Snyder visited his parents Mr. and Mrs. Chester Dorman and family during the week end.

Bro. Simpson spent Sunday with Mr. and Mrs. Milton Woodard.

Mr. and Mrs. Hugh Caywood were Sunday visitors in the home of their daughter and family, the Joyce Steels of Slaton. The two children, Marilyn and Curtis, returned home with them for a few days visit.

Entertainment By Cross Roads Boys Enjoyed by Lions

Tantalizing tunes from a quartet of musicians from the Cross Roads community entertained the Lions club members during the program hour Tuesday night when the club met in regular session. Lee Smith, principal of the High school who resigned recently to accept a similar position in the Waters school system, had charge of the entertaining program.

Members of the string band group who provided such splendid entertainment were James Smith, J. R. Smith, G. W. Martin and David Buster. These boys really "went to town" as the saying goes in playing favorite tunes in a style all their own.

Guests of the club who ended up by becoming members were L. A. Presson, Jess Barnes and Noah Stone. Due recognition in welcoming the new members provided an interesting feature of the program. Presson made a fine talk on his impressions of Post and its citizens giving especial emphasis to the splendid work the Lions club is doing in the way of progressive enterprises.

The fourteen members present declared the meeting one of the best ever held in the way of good fellowship and entertainment. George Barker will have charge of the program next meeting night.

Rats Play Big Part In Transmission Of Serious Diseases

Austin—Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases which are transmitted to man from the rat are known to medical science, according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The whole history of the role rats play in the transmission of disease remains as yet unknown.

It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products."

The doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places includes the employing of ratproof design in buildings, the use of ratproof materials in construction, employing methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof build-
