READY TO GO — When 30 farmers get together and bring along 26 tractors they can really help a friend in need. Shown above is the farm group that turned out Saturday morning to plow 340 acres for Lonnie Peel, who was behind in his work because of his wife's illness.

The Post Dispatch

Forty-Seventh Year Post, Garza County, Texas Thursday, Jan. 30, 1975 Number 35

6,000 acres under sunflower contract

Nearly 6,000 acres in Garza County have been contracted to produce sunflowers in 1975. County Agent Syd Conner told The Dispatch approximately 54 county farmers attended a meeting at Hackberry Co-op last Thursday to learn more about sunflowers. Conner said the cooperatives at Graham, Grassland, Close City, and Hackberry have been signing up contracts for acreage. Farmers will be paid \$15 per 100 pounds for sunflower seed harvested in the new crop year. The sunflower seed is used to make oil products and thus is sought by the cooperative oil mills. The county agent said the small group of farmers which planted sunflowers in August last year after losing their cotton crop made between 500 to 800 pounds of sunflower seed to the acre. He said a good crop on irrigated land could yield as high as 2,000 pounds to the acre. What the cotton farmer is looking at now is little cotton demand, high cost of cotton production, and no contracts for cotton raised. Sunflowers are regarded as a crop not needing a lot of moisture for profitable growth.

Bob Collier opens new Sears catalog agency

Bob Collier is having the grand opening of his new Sears Catalog Sales Agency, to be housed in the Collier Drug Store, this weekend, beginning today. The sales agency will be only the tenth one in the world under Sears new concept. Post and Garza folks will be able to order any of the 200,000 items offered in the Sears Catalog at the new agency. In fact, they can order by phone with a new phone number for the Sears agency — 2329 — in operation. Sears has taken a page ad on page 3 of today's Dispatch to advertise the three-day Grand Opening which will feature the giving away of a 12-inch portable TV, gifts to the first 50 women in the store after 9 a. m. Thursday, and balloons and favors. This is the seventh such catalog sales agency to open in the Dallas district. The Kansas City district has three. A wide variety of Sears specials are offered during the opening and include the opportunity for local folks to purchase some 6,000 items at reduced prices. The Grand Opening ends Saturday.

BOB COLLIER

Neighbors get busy helping

Saturday morning was a very busy morning at the Lonnie Peel farm in the Close City community, when some 30 farmers with 26 tractors plowed approximately 340 acres of land. Due to the illness of Mrs. Peel, Lonnie was unable to complete his farming operations and neighbors and friends in the Close City community and surrounding area pitched in to help him catch up. The whole operation took only about one and one-half hours, which is not long to go over 340 acres of land. Those lending a helping hand were Jimmie D. Bartlett, R. B. Wilke, Hershel Bevers, Ivan Jones, W. H. Childs, Tommie Young, Rickey Bush, Elmo Bush, Frank Bostick, Jerry Thuet and R. H. Sappington. Also, Mike Gonzales, Mack Terry, Henry Wheatley, Leslie Davis, Damon Ethridge, Charles Morris, Cecil Martinez, Billie Martinez, Clarence Gunn, R. C. Curtis, Jose Marcias, A. P. Gurley, G. B. Wilke, Jim Bob Shults, L. Valdez, John Shults, Bobby Cowdrey, Joe Abraham for Storie Estate and Wayne Carpenter.

Planning under way for junior livestock show

Adult directors of the Garza County Junior Livestock Association have decided to go back to the old way of naming grand and reserve champion lambs from the breed champions at the 1975 show. This year's junior livestock show is scheduled for March 6, 7 and 8. The directors met Monday night in the courthouse here under Ronnie Dunn, president of the organization, and went over rules for the show, discussed the auctioneer situation, and accepted assignments on inviting last year's buyers and jackpot participants to be back again this year. Due to a conflict, the show lost its auctioneer and is now looking for another. County Agent Syd Conner told The Dispatch he expects about the same number of entries in the lamb division this year, but that there may be a little drop-off on the number of pigs and calves entered due to the high cost of feed. He said there is also a question whether or not there will be any horses entered this year.

Rites held for Arlie Gilmore

Funeral services for Arlie Gilmore, 65, of Rt. 2, Petersburg, formerly of Post, were held at 2:30 p. m. Monday in the Lakeview United Methodist Church. Gilmore died last Friday in a Hale Center Hospital. Officiating at the service was the Rev. H. B. Coggin, pastor, assisted by the Rev. Murray Brewer, pastor of the Abernathy First Baptist Church. Burial was in the Abernathy Cemetery under direction of Freeman Funeral Home of Hale Center. He was a native of Gorman, and was married to Oleta Driver on Feb. 5, 1938, in Becton. He moved to the Cotton Center area in 1953 from Post, then moved to Abernathy in 1969 and then to Petersburg, where he was a farmer. Survivors include his wife; a son, Donald of Lubbock; a daughter, Mrs. Geneva Lynn of Amarillo; three brothers, Troy, Roy and Travis all of Post; two sisters, Mrs. Mauleen Priddy and Mrs. Mae Jackson, both of Post; and nine grandchildren.

Sunday rites for M. B. Johnston

Funeral services for Marion Benjamin Johnston, 88, retired farmer who had been a resident of Post for 15 years, were conducted at 2:30 p. m. Sunday in the First Baptist Church of Floydada. Johnston died Friday in West Texas Hospital at Lubbock where he had been a patient for a week. Born Feb. 7, 1886 in Johnson County, Johnston was married to Minnie Lorena Hensley Nov. 6, 1910, in Ireddell, Tex. Johnston's home here was at 915 West 7th. Survivors include two sons, Ralph Johnston of Floydada and Rex Johnston of Amarillo; four daughters, Mrs. Rovina Howard of Plainview, Mrs. E. K. Shepherd of Wilson, Mrs. Jack McKinney of Clovis and Mrs. A. L. Kincheloe of Houston; a half-sister, Bertha C. Pittman of Hattiesburg, Miss.; 16 grandchildren; and 13 great-grandchildren. The Rev. Floyd C. Bradley conducted the funeral services, assisted by the Rev. Glenn Reece of Post. Pallbearers were grandsons. Burial was in Floydada Cemetery under the direction of the Hudman funeral home.

Youth suffers broken wrist

Jay Lott, 14, suffered a broken wrist early Sunday morning when the 1974 Gremlin driven by his sister, Kim, 17, overturned on a curve on FM-669 eight miles south of Post while the two were en route to their ranch home, the highway patrol reported. Kim suffered only bruises. The two were brought to Garza Memorial Hospital for treatment with Jay being released several hours later.

Bi Centennial flag planned

The BiCentennial Committee of the Garza County Historical Survey Committee, met Monday morning in the bank community room to discuss making up an official BiCentennial flag to be presented to the city and county at an appropriate time. Mrs. W. M. Kirkpatrick presented cost estimates and possible ideas for the official flag. Don Ammons met with the group to discuss other possible suggestions for purposes of fund raising for the Garza County Museum that will bear the BiCentennial insignia. Mrs. Ed Neff presented ideas for a coat-of-arms. It was the conclusion of those present that the seal originated by Tal Tipton and used as the official seal for the county, would be the best idea to use on the flag.

Night courses to be offered

School Supt. Bill Shiver announced today that Western Texas College at Snyder has received a federal grant which will enable that school to offer free adult night training here for those seeking to improve their skills. The Post administrator said classes under consideration to be taught here include typing, office procedure, and a consumer type mathematics. Shiver is going to meet Monday with Dr. Jerry Baird of the Snyder school to work out details for the new program. The Post schools have worked with Western Texas College on several educational projects and this will be another cooperative effort with Post school facilities being used.

Mini-bus to go into operation Monday

Garza County's new mini-bus for senior citizens will start making its rounds next Monday. Mrs. Sue Shyles, director of the Lorenzo Alexander Community Center announced today. She said she has been informed that a qualified driver has been found by the Green Thumb organization. She asked senior citizens — those 55 years of age or older — who need transportation to call her at 2329 between 10 a. m. and noon. Mrs. Shyles said her mini-bus committee has agreed to offer bus transportation Mondays through Fridays from 9 a. m. to 4 p. m. The committee's conception is that the mini-bus will operate like a bus, taking a group of people to a desired location, then home again, rather than taking individuals to a variety of destinations one at a time. Mrs. Shyles said the committee will have to see what demand the mini-bus has before working into a fixed schedule. It's best if those who want transportation will call me in the mornings so I can learn their needs, she said. One thing is certain, the trips have to be scheduled and there won't be any calling for transportation with the expectancy that the mini-bus will drive up to the door five minutes later. One important thing about the new service though — there's no charge to the individual for the transportation. It's provided to get senior citizens who don't have cars to where they need to go.

Former Post oil man dies

Funeral services were held Monday in Greenwood, Tex., for M. L. Richards, 84, an independent oilman and former Post resident. He died Saturday in a nursing home in Fort Worth. Richards was a Kansas native who went to California while a teen-ager to work in oil fields there. He came to Texas in 1910 as a drilling contractor in oil fields near Electra and Wichita Falls. After working for several years in the Big Spring-Post area, he moved to Fort Worth in 1945 and remained active in the petroleum industry until he retired in 1964. Survivors include his wife, Nora; five sons, M. L. Richards of Abilene, Larry Richards of Fort Worth, Leland Richards of Glendora, Calif., Melvin Richards of Long Beach, Calif., and Delta Richards of Garden Grove, Calif.; four daughters, Mrs. Mildred Bozart of Tusten, Calif., Mrs. Marie Julion of Anaheim, Calif., Mrs. Cheryl Waggett of San Antonio, and Miss Carole Jane Richards of Fort Worth; 19 grandchildren and several great-grandchildren. Mr. and Mrs. Martin Nichols of Post attended the funeral. Mr. Nichols, a former employee and longtime friend, was a pallbearer.

Rofarians given quiz on attendance

Charles Adams, office manager at Postex Plant, gave a classification talk at Tuesday's Rotary Club luncheon in city hall and Glen Barley conducted a quiz session with members on the rules for Rotary attendance.

SHELLEY E. CAMP

Rites are held Tuesday for Shelley Camp

Memorial services for Shelley E. Camp, 53, a business and community leader of Post since World War II, were conducted at 4 p. m. Tuesday in the First Presbyterian Church following private burial in Terrace Cemetery. Camp died at his home here Monday morning of cancer following a long illness. Camp had been the consignee for Texaco here since 1947. He came to Post as a teacher in 1941 and taught in the junior high school. He was married to Frances Lee Duckworth here Oct. 10, 1942. Camp entered U. S. Army service in World War II and served with the 72nd Division in the South Pacific, being wounded in the invasion of the Philippines. He was a captain in the infantry. Camp was born March 15, 1921, in Howe, Tex. He was an elder in the First Presbyterian Church, served as president of the school trustees for two years during a three-year term, is a former director of the Post Chamber of Commerce, and served on the city-county park board from its inception until he resigned last year for health reasons at which time he was its chairman. Camp was one of Post's three directors on the board of the White River Municipal Water District, but declined reappointment only this month. He was a Post Rotarian for over 20 years and worked in the Post Stampede Rodeo Association as a director for many years to make the annual rodeos here so successful. Camp was a former constable. (See Camp rites, Page 12)

Arnold Fry is Jaycee head

The Post Jaycees met at the Jaycee hall for their regular meeting Tuesday at 7:30 p. m. Arnold Fry was elected president to fill the unexpired term of Bill Shumard. Guest speaker for the evening was State Vice-President, Wayne Hollinshead from Lubbock. Plans were discussed during the meeting for the upcoming Charter Banquet to be held later in the year.

\$1300 heart drive planned

The Garza County Heart Association has announced a 1975 campaign goal of \$1300. The Heart Fund drive will be conducted nationwide and in Post during February. Mrs. Kathi Rankin, Heart Fund campaign chairman, said the money collected will support research, educational and community programs sponsored by the Garza County Heart Association. The number of deaths caused by heart and blood vessel diseases, particularly heart attack and stroke, is overwhelming. They claim over a million lives a year. Heart attack alone will kill more than 600,000 persons this year. The Garza County Heart Association is working to reduce these deaths. Although the American Heart Association has scored major achievements in combating the nation's number one killers, more help is needed to reduce the death toll due to cardiovascular diseases. Local volunteers will visit area homes in February to distribute educational literature and collect funds to support the work of the Heart Association.

New Algerita booster club is organized

Jim Hundley Sr., was elected president of a group of citizens interested in saving the Algerita Hotel during their meeting held Monday. Other officers elected were Mrs. Jack Burrese, secretary; Mrs. Lou Marks, treasurer and Mrs. Walter Boren, reporter. Those who attended the meeting would like to express their appreciation for the donations mailed and also those deposited at the bank to the Algerita Trust fund. Several activities for the future are in the process of being planned, so interested persons can contribute with proceeds going to the fund. The group is hoping the city will act quickly to find out about the demolition of the unsound part of the building. All funds collected are in the Algerita Hotel Trust Fund which is an escrow fund that would be returned to the donor should work not be completed on the project. Mayor McCrary is to appoint one representative from each of the taxing agencies to work with the committee, and as yet these have not been named.

Large group to El Paso show

Several young exhibitors from the Post area will be in El Paso this week-end to attend the Southwestern International Livestock Show and Rodeo, Inc. They will be showing the animals they have raised, in three divisions, cattle, sheep and swine. Judging will begin Monday with the cattle judging, and showing in this division will be: Joe Clary, one entry; Nedra Myers, one entry; Debbie Craddock, one entry; Dennis McDonald, one entry; Bruce Sanderson, one entry; Tony Conner, one entry; and Ken and Jay Young each showing two animals. Tuesday the lambs will be judged and those entering are: Joe Clary, one entry; Mark Terry, one entry; Brent Terry one entry; Jay Jean Basinger, one entry; Ronald Case, one entry and Lance Dunn with two entries. The swine division judging will be Wednesday with Scott Lewis showing two entries; Pat Mitchell, one entry; Lance Dunn, two entries and Tony Conner with one entry. Syd Conner, County Extension Agent will accompany the group, along with one or both of the parents of the exhibitors attending also.

HALFWAY TO CAGE TITLE — Here is the 12-player Post Antelope basketball squad which won the first half crown in District 5AA with six straight victories and opened its quest for the second half title as well with its seventh straight district win in overtime over Cooper here Tuesday night. Left to right, Randy Josey, Ken Curtis, Jerry Johnson, Tony Conner, Bryan Davis, Mike Waldrip, Bob Craig, Kent Kirkpatrick, Grayling Johnson, Jackie Blacklock, Mike Shepherd and Edward Price.

Dispatch Editorials

Page 2 The Post (Tax.) Dispatch Thursday, Jan. 30, 1975

New avenues of service

The "big leap forward" in library circulation since the Post Public Library moved into its new and expanded quarters last spring indicates beyond any doubt that library service here still has almost an unbelievable growing acceptance.

With nearly 12,000 books checked out last year, our library statistics read something like this:

If all the books had been checked out on a single day last year, the library would have been empty of books from its shelves before patrons were satisfied, because the library in 1974 checked out more books than it had in its total collection.

Averaging that 1974 circulation out would mean every man, woman and child living in Garza county read almost two library books last year.

Both statistics are in the super duper category for any sized library. Either is hardly ever done anywhere.

But the growing circulation simply

indicates that the library — thanks to a whole lot of work by some very dedicated people with the full support of the community — at last has got its basic function in hand.

Library trustees don't intend to let it stop there.

For example, one generous 1974 gift is now being used to provide two new large tables with six swivel chairs each for use by patrons and also to help make the library facility available, when desirable, for small group meetings, such as the recent joint session of the commissioners court and city council.

The trustees are beginning to look at other ways the library can serve the community as a culture center.

Up to now, library development here has centered on adequately meeting the basic book need. Now facilities, the book collection and the library operation have been meshed to meet this need, the trustees are studying other avenues of service. — JC

How about some movie making?

Remember three years ago when the Texas Film Commission was established with the basic intent of luring more and more movie companies into Texas to shoot films on location in the Lone Star state.

A report by the commission out this month, entitled "Film Texas," says that in the last two years film companies have spent more than seven million dollars directly in Texas on actors' salaries, services, food, lodging and supplies.

It also reports motion picture executives have been pleased with the facilities provided and the receptions they have received in Texas.

As for 1975, the report says:

"Optimism isn't a word in great usage these days, but it would be hard not to apply the term to the Texas film industry for the year ahead.

"From many indications, this will be the year that much of the hard work of the last three years in selling Texas to New York and

Los Angeles pays off. The people who count know that Texas is virtually unbeatable for locations, weather and people. And there is no reason to believe that the snowball effect will stop now, or that it will not spread over into commercial, industrial and education film production, and even into television.

Already for 1975, the commission has commitments for two productions with budgets totaling more than six million dollars.

The report goes into a lot of detail on what new films have just been completed on what Texas locations and when and where some new ones are to be shot with the stars involved.

Which brings up around to this editorial point — this Caprock ranch country should be ideal "shooting country" for movie makers. We ought to shift our gears and see what can be done for this area.

We do have the locations and the people. As to the weather, well — nobody's perfect. — JC

Time for local precautions

Lubbock's record-sized burglary and theft problem is a chilling one for its small neighbors too.

As a feature story in the Avalanche-Journal pointed out Sunday some \$1,400,000 worth of property was stolen in that city last year — and 1975 is expected to be worse. The 1974 loss figured out as \$9 for each man, woman and child who lives in Lubbock.

About 3,400 burglaries and 5,394 thefts were reported last year with the small police burglary and theft detail of four men managing to clear 21 per cent of the burglaries and 26 per cent of the thefts.

The big burglary upswing in Lubbock is coming in the residential areas with business burglaries remaining about the same.

Seventy-six per cent of those arrested for burglaries in Lubbock last year were under the age of 22 with the majority not professionals — dope addicts who steal trying to support

their expensive habit.

Police angrily complain that arrested suspects are usually out on the street again before the burglary report is typed and that they often steal again to pay the cost of their bondsmen.

While residential burglaries, especially the daytime variety which plague Lubbock, are not so common here it is easy to worry that crime which festers in the neighbor's city will spread across the countryside.

Harried Lubbock police have conducted widespread public awareness campaigns on how to cooperate to hold down burglaries — like locking doors and windows, keeping an eye open in the neighborhood, keeping track of identification numbers on the "most wanted items" on burglars' lists because of their quick saleability.

Maybe it's time we started taking more of these precautions here, just in case. — JC

Remember When

10 Years Ago 15 Years Ago

Thompson resigns as school head; 28 low-rent units 'pass'; Mothers March raises \$772.69; Protest meeting planned on cuts of cotton support prices; 250 expected at Chamber banquet; Mrs. A. C. Surman presented one dozen roses for outstanding work as chairman of Garza County Historical Survey Committee; Cheryl Martin and Danny Pierce crowned Post Antelope and Doe basketball sweethearts; Bill Shiver successor as school head; City launches water search; Judi Kay Cook becomes bride of Larry Joe Hadderton; Robert and Vernon Lusk of Grassland, awarded the Outstanding Conservation Farmer Award; Joyce Corley, Linda Davis, Tony Hutto and Arleta Robinson make All-Region band; Cheryl Martin, Vickie Wilks, Mary Ann Stone, Barbara Britton and Ann Hendrix named cast for one-act play; Antelopes finally pin one on Slaton team, 55-44; Jim Boren carries mail from Lubbock.

Poll tax payments set record; 5 enter sheriff's race; Voting strength is near 2,400 for '60 elections; David Newby cited for top Texas oil promotion effort; \$1,100 raised in Mothers March; Inter-county library plan is gaining momentum in area; 225 attend open house at the Church of Christ classroom building; \$2 bill jinx for burglars; Firemen answer calls to laundry and auto; Miss Wheatley's engagement to Damon Ethridge announced; Double ring vows pledged by Ruth Ann Long, and Tommy Young; Joe David Craig has fourth birthday party; 'Home maker of tomorrow' is PHS senior Rhea Peel; Crucial games are coming up for Post Antelopes; Summer baseball program is set for big expansion move; Feb 12 wedding date set for Miss Ann Sales and Don Beard.

25 Years Ago

1950 rainfall totals quarter inch in Post; Only 152 bales of cotton are ginned this week; icy roads cause auto accidents; dents; Closing of Giles Dining room marks end of institution, but rooming house remains; Farm Bureau unit to be organized here; Garza wells go deeper, on spudder; Charlie Cravy accepts job with Farm Bureau Service; Two former Post Antelopes, Loy Williams and Hugh Ingram go to Wichita Falls to try out for the Hardin College team; Mrs. C. K. Pierce honored with a layette shower; Mrs. Tom Bouchier to be P-TA leader; Tea-shower in John Wallace home compliments Mrs. Marion Matthews; Santa Fe adds new sleeping car from here to Houston.

Lubbock layman to preach here

Bryon Haynie, layman at the Bethany Christian Church of Lubbock will be the main speaker at Week of Laity Services, at the First Christian Church, Mr. Haynie will bring with him a wealth of experience as a Christian layman.

Week of the Laity combines two traditional observances of the congregation's calendar; Women's Day and Laymen's Sunday. Two streams of Christian witness and mission come into focus in this celebration. The historic stream of Christian Women's Fellowship and the other of Christian witness from Men's clubs and Laymen's leagues dating from the 1940's. The new dimension comes to focus in one week of celebration of "The Laity, the people of God."

Others taking part in the service will be: Mr. Bud Davis, Mrs. Ruby Kirkpatrick, Mr. George Pierce, Mrs. Jack Burrell, Mr. Gordon Bright, Mr. Bill Mills, Mr. James Pollard and Mr. Johnny Haire. The theme for the week is: "The Church In Our Time."

Store licenses were abolished

AUSTIN — Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of Dec. 31, 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

The store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

"It's gratifying to see businesses voluntarily trying to do right and pay their taxes, but in this case we are saying 'thanks, but no thanks,'" Bullock said.

Marriage License
Edmund Ray Morris and Teresa Kay Murphy, Jan. 24, 1975.
Bobby Don Ammons and Rosa Sanchez, Jan. 23, 1975.

New York, N. Y. — Burlington Industries, Inc. today reported lower sales and earnings for the first quarter of its 1975 fiscal year.

Consolidated net sales and earnings for the quarter ended December 28, 1974, were \$502,376,000 and \$9,198,000, compared to sales of \$543,450,000 and earnings of \$24,008,000 for the same quarter last year.

Horace C. Jones, chairman and chief executive officer, commented, "As the results of our December quarter indicate, the majority of textile and home furnishings markets have been severely affected by the current economic recession. The continued low level of consumer confidence, declines in real disposable personal income, and depressed housing starts, together with efforts at the retail level to reduce and control inventories, have all contributed to this trend."

"Burlington's Board of Directors today declared a quarterly dividend of 30 cents per common share, payable March 1, 1975. This represents a 10 cents per share reduction from the 40 cents per share paid in each of the previous quarters.

"We continue with measures to control inventory and reduce costs which help assure maintenance of Company's strong financial condition. We are hopeful to see some evidence that downward pattern of business is flattening out so that some gradual improvement will take place in latter part of our fiscal year.

The quarterly dividend of 30 cents per share is payable March 1 to shareholders of record at the close of business on January 31, 1975.

CO-SPONSORS BILL
AUSTIN — Representative George L. Preston of Paris introduced a bill this week to prohibit purchases of meat by state institutions.

Co-sponsors of the bill are Senators A. M. Aikin of El Paso and William T. Moore of Brownsville. Representatives W. S. Heatley of Paducah and Wilson of La Grange.

Legal Notice

STATEMENT OF NONDISCRIMINATION
"Poka Lambro Rural Telephone has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of the complainant will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

Card of Thanks

We sincerely appreciate the immediate attention we received after the call of distress to the ambulance personnel. Also, our thanks goes to Dr. Wilson and the hospital staff for the care Iva received during her stay. We could not have done without Bro. Prevo and all our loved ones and our friends, all the prayers, visits, cards, and flowers that we received.
Sam and Iva Sanders

Lola and I would like to take this means of thanking each and everyone for all the kindness and love shown us these last few weeks. A very special thanks to all our friends and neighbors who came Saturday morning and worked my land. Thanks for the food, cards and prayers brought to our home. We appreciate you so much.
Lennie and Lola Peel

Our attend Sigma ha district meet

Members of the local Chapter of Epsilon Sigma International So- ended the District IX meeting in Tulia Sunday Jan. 26.

IX President, Judy Ham of Crosbyton, at the business meet- community room of State Bank. Roll call led by 29 members from Sudan, Lub- view, Post and

of the afternoon rowning of the District queen from three ts, from Muleshoe, Tulia. Kathy Green- Sudan was named the event by three from Amarillo and judging is based on nise and personality. wood will represent at the state meeting in May.

up voted to support Texas Boys Ranch in as the District IX phic project. Each in the district will to the project.

lmsteller, past state and District IX tive, reported on the State Board Meeting

Brunch honors Judy Trulove

A Pink and Blue brunch honored Judy Trulove Saturday Jan. 25 at 9:30 a. m. in the home of Mrs. Grant Lott with Mrs. Brad Lott as co-hostess.

Eleven guests served from a buffet of cheese grits, bacon and eggs, fruit, muffins, cheese balls, coffee and juice were seated at tables covered with blue clothes and pink napkins and a small stork arrangement.

Each guest presented Mrs. Trulove with a gift.

Square dancing to be taught

Bud Perkins, a square dance caller, from Lubbock will be in Post Saturday night at 8 p. m. in the Community Room of the First National Bank, to help organize square dancing here in Post.

Sixteen couples or singles will be needed to complete enough squares for the lessons to be really worthwhile. Jerry and Molly Conoly are urging anyone who is interested in learning to square dance to be at this meeting. Married couples are urged to attend as well as anyone who is single, and interested in participating, is also urged to attend.

If you are interested and would like to join, but cannot be at the Saturday night meeting, please call Jerry or Molly Conoly at 495-2332.

Merrymakers club in talk session

The Merrymakers club met Tuesday, Jan. 28 in the home of Pearl Storie. The evening was spent visiting.

Refreshments were served to members present Ida Wheatly, Bonnie McMahon, Alma Sims, Bonnie Adamson, Gladys Floyd, Nora Kiker, Bertha Printz and the hostess.

The next meeting will be February 11 in the home of Alma Sims.

Birthday party for Jeff Stalcup

Jeff Stalcup, son of Mr. and Mrs. Stoney Stalcup of 515 West Main was honored with a birthday slumber party Friday Jan. 24 on his ninth birthday.

Jeff and his guests were treated to supper at McDonalds in Lubbock and then attended a show.

Those attending were Jeff Lamb, Todd Wilson and Loren Davis. Nancy Wilson accompanied the boys and Rachel Stalcup to Lubbock.

Xi Delta Rho meet with Mrs. Giddens

Mrs. Doris Giddens was hostess to the Xi Delta Rho chapter of Beta Sigma Phi when it met in her home Jan. 27 at 7:30 p. m.

A "Make-up demonstration" presented by Lynette Thuett was given to the sorority.

Members present were Joyce Teaff, Margaret Price, Wilma Williams, Sandra Fielder, Lois Kennedy, Linda Linn, Janice Smith, Sharron Morris and guest Lynette Thuett.

Winning essay in conservation contest

(Editor's Note — Nan Hair who submitted this winning essay in Garza Soil and Water Conservation District essay contest is a junior in Post High School. There were 193 entries in the contest. Nan is the daughter of Mr. and Mrs. Luther Bilberry.)

CONSERVATION — KEY TO THE FUTURE

Have you ever known a person who never appreciated a possession until they had abused it beyond use? I once knew a man who owned a new tractor. It ran as good or better than any tractor I had ever seen. Unfortunately, this man did not appreciate what he owned. He abused the tractor

and never practiced good maintenance. One day as he was repairing the tractor, as he had done so many times before, a thought began to haunt him. All the tedious little jobs he had done in repairing the tractor had lost him much precious time in the field. Then he realized that had he taken care of the tractor it would have served him well for many years.

This same thought applies to us in association with our natural resources. If we conserve our natural resources we will not only better our homes, farms, ranches and communities, but we will make these same resources available to the future generations.

Conservation is not an overnight undertaking. It is a job which requires time and dedication. To begin with, you should understand the importance of these resources. Without fertile soil we cannot grow sufficient foods and fibers. Without forests and trees we would lack shelter from wind and cold. Without clean air man and animals would perish. Each one of these factors is vital to the cycle of life on this planet.

And now you ask yourself, what can I do? Country folk and city dweller alike can contribute time and effort to at least one or more aspects of conservation. Farmers can work out terrace systems which will not only conserve precious top soil but provide needed water for livestock. He can protect wildlife on his land by using discretion when hunting and trapping. The man who lives in the city also has a job to do. He should see to it that the factories and mills never pollute the air and water, and that precious energy is never wasted.

By sighting these examples I have only touched the surface of this vast subject. But by doing so I hope I have sparked an interest in conservation in one and all. Conservation is vital to yours and my future and survival. It is the key to the future.

Book review is given here

Mrs. Jack Kirkpatrick presented a book review on "A Hiding Place" at the regular meeting of the Needle Craft Club.

The meeting was held in the home of Mrs. Linda Malouf, Friday, Jan. 24 at 3 p. m. with Mrs. Eula Evans presiding.

Visiting during the meeting were: Mrs. Walter Boren, Mrs. Bob Arheiger, Mrs. Oliver McMahon and Joel Kirkpatrick.

Refreshments of Chicken salad on lettuce leaves, hot rolls and butter, cake, coffee and orange juice were served to the guests and members.

Members attending were: Minnie Graeber, Maggie Jones, Eula Evans, Margie Dietrich, Sadie Storie, Selma Kennedy, Lucy Callis, Helen Richards, Alma Hutto, Johnnie Rogers and the hostess.

Priscilla Club holds meeting

Mrs. Stella Brashear was hostess to members of the Priscilla Club in the home of Mrs. Viola Kuykendall, Friday, Jan. 24. Sewing and visiting was enjoyed throughout the afternoon.

Refreshments were served to the following: Nettie Barrow, Sybil Cockrum, Irene Mitchell, Velma Lee Lane, Lillian Nance, Maudie Smith, Odie Kemp, Viola Terry, Wanda Cox, Gladys Hendrix and Kuykendall.

BIRTHS

Mr. and Mrs. Richard Hawthorn announce the birth of a daughter, Penny Lynn, born Thursday, Jan. 23 in Garza Memorial Hospital at 2:03 p. m., weighing 8 lbs., 11 ozs.

Mr. and Mrs. Jim D. Parker of Gail announce the birth of a son, Jon Gandy, born Sunday, Jan. 26 in Garza Memorial Hospital at 4:13 p. m. weighing 7 lbs., 11 ozs.

Mr. and Mrs. Pete Torres announce the birth of a son, born Monday, Jan. 27 at 9:45 p. m. weighing 7 lbs., 7 1/2 ozs.

Post 4-H club girls bake cookies

By RENEAE MELTON

The first year girls of the Post 4-H Club met in the home of adult leader, Sheila Melton, Monday, Jan. 27 at 4:10 p. m.

After the pledge and motto were recited, the bread and cereal food groups were discussed. Following the discussion, the girls divided into groups and baked two different kinds of cookies.

Members present were Tanya Bland, Dana Jackson, Cindy Harrel, Lisa Rodriguez, Cynthia Poole, Shelly Gindorf, Sherry Baker, Reneae Melton and leaders Shirley Bland and Sheila Melton.

The next meeting will be in February.

Spring rush plans begun

Helen Mason was hostess to the monthly social of the Gamma Mu Sorority, Monday night, Jan. 27 at the Community Room of the First National Bank.

One guest, Mrs. Judy Trulove and nine members: Laveta Norman, Ruth Ann Young, Bonnie Tyler, Cindy Mitchell, Kathy Fluit, Johnnie Norman, Orabeth White, Jane Mason and Helen were present for the meeting.

Ruth Ann Young won the door prize given by the hostess.

Names were submitted for spring rush.

A report on the District IX meeting in Tulia, Jan. 26 was given by the four members attending: Orabeth White, Laveta Norman, Johnnie Norman and Judy Bush.

HER PARENTS VISIT

Mr. and Mrs. A. S. Berry Jr. and grandson, Berry Max of Hale Center were visitors in the home of Mr. and Mrs. Silas Short and sons, Mrs. Short is the daughter of Mr. and Mrs. Berry.

Record orange crop is coming on market

COLLEGE STATION — A record crop of oranges is coming to market, Mrs. Gwendolyn Clyatt reported this week.

The consumer marketing information specialist with the Texas Agricultural Extension Service, also predicted attractive prices on oranges.

"Grapefruit also is plentiful, and quality is excellent," The Texas A&M University System specialist added.

"Apples, bananas, and avocados are other good fruit choices, price-wise."

Mrs. Clyatt said economical vegetable choices are broccoli, cabbage, carrots, potatoes, dry yellow onions, turnips, rutabagas and hard shell squash.

At meat counters, retail beef prices haven't changed much in the past week, the specialist noted.

"In general, look for best beef values on chuck roasts and steaks, round steaks, ground

beef and liver.

Pork values include Boston butt roasts, shoulder roasts, smoked hams and picnics.

Fryer chickens are good values, and supplies are adequate for the demand, Mrs. Clyatt concluded.

Consumer Watchwords: Save 20 per cent on canned fruits and vegetables by doing some comparative shopping.

Choose wisely among brands, buy food according to intended use, and read and understand labels.

VISIT IN ROUND ROCK

Mr. and Mrs. Les Brown and girls visited this past week-end with Mr. and Mrs. Sam Buchanan and children in Round Rock, Texas. The Buchanan's formerly lived in Post and were teachers in the Post schools.

"If Adam came on earth again the only thing he would recognize would be the old jokes."

THE BIBLE

By Leon Smith

God has given to the world one Book. It is unlike all other books. It carries with it wherever it goes the reverence due to a communication from Heaven.

The Bible is God's gift to the world. It was not given to the white, red, black man as such, but to universal man. This Book alone unfolds the way of salvation by telling the wonders of the Cross, it is revealed truth by means of which the soul is born again, Sanctified, and Prepared for heaven.

Who is to see that this Precious Book is distributed at home and abroad? It cannot be expected that God's enemies will do it. God's friends must engage in the work. They know something of the value of the Bible and their sense of its worth must prompt them to circulate it unto the end of the Earth. A question that we may well ask ourselves today as a church is—Will God, in His Providence, long permit

any people to retain His Word, if that people does not give it to others?

Let every church think of this: We owe it to our Lord Jesus Christ and we owe it to our brethren, beloved to take the Word of God to the ends of the Earth Matt 28:19-20. The Christian's goal will not be attained by apologizing to the world for an existence, by asking pardon of other Denominations for differing from them or by begging that we try not be esteemed as bigots. We must become aggressive in the Spirit, positive in the Word of God, the Holy Bible. Mark 16:15-16.

The Word of God—The Bible—is the only way in which a lost sinner can see his sin and be saved. Rom. 10. We have the Gospel. Should we keep it or give it to a lost world? No church can perform what God has called it for until it has read God's Word: The Bible.

Read the Bible in 1975.

California daughter is visiting Graham parents

By MRS. GLENN DAVIS
Mrs. David Hooten of San Diego, Calif., is here visiting her parents, Mr. and Mrs. E. E. Peel and other relatives. Also visiting in the Peels home Sunday, were Mr. and Mrs. Jimmy Byrd and family.

Mrs. Reba Turner, Mrs. Lucille Walker and Mrs. Ada Oden visited one day last week in Plainview with Mrs. Myrtle Hoover.

Mr. and Mrs. L. H. Peel returned last Tuesday from San Antonio where they took acupuncture treatments.

The G. T. Mason family of Lubbock, the Lewis Mason family and the Jody Mason family were Sunday luncheon guests of their mother, Mrs. Willie Mason.

Mr. and Mrs. Quannah Maxey attended church Sunday, after being absent with the flu for a Sunday or two.

Mmes. Iris McMahon, Jewell Parrish, Rene Fluit and Pearl Wallace visited last Tuesday with Mrs. Elmer Cowdrey and Mrs. Brenda King.

The relatives of Mrs. Melvin Williams who were injured in a car accident last week have improved.

Monday visitors of Mr. and Mrs. Mason McClellan and family for a fish lunch were Mrs. Willie Mason, Mr. and Mrs. Morris McClellan, and Mr. and Mrs. Ray McClellan.

Sunday supper guests of the McClellans were the families of Delwin Fluit, Jim Norman, Lewis Mason and Jody Mason. The Mason McClellan's had real good fishing luck when they were at the lake.

Mrs. Ruth McClellan and Mrs. Rene Fluit visited last Wednesday afternoon with Mr. and Mrs. C. D. Morrel.

Mr. and Mrs. Quannah Maxey visited Sunday evening after church with Mr. and Mrs. Bill McMahon.

Mr. and Mrs. Charlie Mason and family were Friday evening visitors of her aunt and uncle, Mr. and Mrs. Carl Fluit.

Mrs. Viva Davis visited Mrs. Ada Oden last Friday morning and visited the L. H. Peels in the afternoon.

Mr. and Mrs. Ray McClellan and Mr. and Mrs. Carl Fluit visited Mr. and Mrs. Quannah Maxey last Thursday evening.

Mr. and Mrs. John Johnson of Stephenville spent the weekend here with his parents, Mr. and Mrs. Wagoner Johnson and brother Jerry. They brought his grandmother, Mrs. Innis Thuet home from Irving where she had been visiting with a daughter and son-in-law, Mr. and Mrs. Ben Benton.

Mr. and Mrs. Delmer Cowdrey, Mr. and Mrs. Elmer Cowdrey, and Mrs. Viva Davis attended the 65th wedding anniversary of Mr. and Mrs. R. L. Hagler in Slaton, Sunday afternoon. They visited on their way home with Mr. and Mrs. R. H. Peel.

Mr. and Mrs. Elmo Bush were also visitors of the L. H. Peels Sunday afternoon.

Mr. and Mrs. Gerald Carpenter and family of Lubbock were on their way to Post last Friday to visit with the Wagoner Johnson family. They were involved in a car wreck that sent the family to the hospital. Their nine year old daughter received a fractured leg. The other members of the family received only scratches and bruises. The Johnson's visited them on Saturday.

John Greer and Stephanie Davis of Lubbock were Friday guests of her parents and sister, Mr. and Mrs. Elvus Davis and Patricia. They all attended the Friday night ballgame.

Mr. and Mrs. Jason Justice came to her parents, Mr. and

Sylvia Smith on honor roll at HSU

Sylvia Smith, daughter of Mrs. Eula B. Smith, of Post is one of 54 students making the 1974 Fall semester honor roll at Hardin-Simmons University. Each student completed a minimum course load of 12 semester hours with at least a 3.70 grade-point average.

Sylvia, a graduate of Post High in the spring of 1974, was salutatorian of her graduating class.

Two Post students in graduate courses

SNYDER — Among the 93 students enrolled for graduate level college courses being offered at Western Texas College by Sul Ross State University this semester are Henry and Jan Hunter, both of Post.

MATHES' GUESTS
Guests in the S. B. Mathes home recently were, Mr. and Mrs. E. W. Curry, Hayesville, Kan., Mr. and Mrs. Elbert White of Vernon; and Mr. and Mrs. D. C. Roberts, Post. Saturday evening guests were Mr. and Mrs. L. C. Adams, Tahoka and Mr. and Mrs. Ken Stephens and family of Lubbock.

SNYDER DINNER GUESTS
Mr. and Mrs. W. B. Sanders, Mr. and Mrs. Barrie Jones, Mr. and Mrs. Sam Sanders, of Post, Mr. and Mrs. Jimmy Brown, of Dermott and Mr. and Mrs. Ellis Sanders were dinner guests Sunday in the home of a niece, Mrs. D. V. Merritt Jr. of Snyder. They were in Snyder to celebrate the birthday of Mr. Ellis Sanders.

"When the lady next door told me she recently gave a short talk, I asked her what stopped her."

crop," the agronomist predicted. "We don't have answers for insect control, yields under varying soil and climate conditions, disease resistance levels of new hybrids, and other important questions."

Reasons for the drastic increase in sunflower acreage this year, Supak explained, reflect producer concerns about market outlook and the need for additional cash crops with low water and plant nutrient requirements.

"What prompted many to consider jumping onto the wagon was the availability of firm, profitable contracts for sunflower seed, plus the recent development of sunflower hybrids, he said.

Before 1973, only open-pollinated varieties, largely of Russian origin, were available for commercial production. Since that time, several sunflower hybrids have been introduced in this area by commercial seed companies.

Supak noted that the hybrids provide higher yields, and are more uniform in emergence, flowering, maturity and height, permitting more effective insecticide treatments and harvesting. Hybrids also exhibit some resistance to potentially damaging diseases.

He reported that industry spokesmen indicate that supplies of hybrid planting seed will be limited in 1975, but should be adequate after this year.

The most potentially dangerous risk farmers will face are insects, the agronomist said.

According to Dr. Robert McIntyre, Extension entomologist and co-worker of Supak, as many as 47 different insect species are known to feed on sunflowers.

Major insect pests of this area, McIntyre said, are the carrot beetle and sunflower moth. The moth can be successfully controlled with insecticides, but no effective control method has been found for the carrot beetle.

"During the period from 1962 to 1971," McIntyre reported, "the carrot beetle ranged at will over all trial plantings on the High Plains, virtually destroying most of them.

"But in 1972, 1973, and again last year, little damage from the beetle was reported. Commercial plantings were grown successfully in the Crosbyton, Petersburg, Hale Center, Post, Anson, and Roscoe communities of the High Plains during 1974."

Continued McIntyre, "In contrast to these successful ventures, sunflowers had never been successfully grown at the Texas Agricultural Experiment Station at Munday until the fall of 1974."

The entomologist said that no insecticide has effectively protected sunflowers from severe carrot beetle damage. Researchers with the Texas Agricultural Experiment Station are now looking at cultural and biological control methods that might contain the pest.

"Thus far," McIntyre said, "manipulation of planting dates as a possible cultural control method for escaping beetle damage has not yielded conclusive results. Beetles can destroy a crop at any stage of development. And, biological control studies are not far enough along to tell us much."

Diseases also pose a potentially serious problem, said Supak. Although some of the new hybrids have varying degrees of resistance to some diseases, their tolerance to a multitude of disease organisms in widespread commercial plantings is yet to be fully evaluated.

He added that growers should avoid risking large amounts of land, labor and capital until they have gained experience in producing this new crop.

Sunflowers, he said, are generally adapted to any area where cotton, grain sorghum, corn and soybeans can be grown. They are considered a drought-tolerant crop, and seedlings are hardy plants which seem to tolerate higher levels of hail, wind and sand abrasion than other crops normally grown in this area.

Sunflowers are the world's second largest source of vegetable oil, ranking only behind soybeans. About one-half million acres of oil-types are grown in the U. S. annually. Last year, Texas had about 7,000 acres planted in oil-type sunflowers. There are other types grown for uses other than oil that are not included in these figures.

Supak said that dryland yields are expected to range from 800 to 1,000 pounds per acre depending on soil fertility and rainfall. Irrigated yields may range from 1,200 to 2,500 pounds per acre.

Processing of High Plains sunflower seed are done mostly by local oil mills.

Trinity Baptists have study course

In what could be one of the biggest jumps in crop acreage in recent years on the Texas High Plains, sunflower plantings for 1975 are expected to exceed 200,000 acres and could go as high as 400,000. This compares to only 5,000 acres grown last year.

These facts were reported by Dr. James Supak, an agronomist with the Texas Agricultural Extension Service, after a series of meetings this month with producers and county agents across the South Plains.

Supak said that industry officials had expected an increase, but the prospects of acreage in excess of 200,000 acres has probably caught many by surprise.

He said that 200,000 acres of sunflowers could gross between 30 to 50 million dollars. The anticipated expansion of sunflower acreage, he added, means that many farmers will be planting this crop for the first time in 1975.

"They'll be hampered by many unknowns about this new

Lopes edge Cooper in overtime to open second half

Post Does win handily by 63-52 score

Those Post Antelopes kept their cool through the hottest finish to a basketball game here this season when they defeated the Cooper Pirates, 48 to 46, in overtime Tuesday night to score their first victory in second half play and make it seven in a row over SAA foes.

Coach John Morrow's Post Does, who played the hot one Friday night in losing to Slaton, got off to a fast second half start with a 43 to 32 decision over the Cooper girls.

In the boys game, Cooper was two points ahead with only six seconds left on the clock and the ball in their possession.

But that didn't daunt the Lopes. They called timeout.

When the flurry of instructions from Coach John Alexander was over, Bryan Davis intercepted Cooper's in-bounds pass and was immediately fouled.

He stepped to the charity line and dropped both free throws in to tie the score at 44 all and send the game into a three-minute overtime.

Kent Kirkpatrick hit a 15-foot jumper to put the Lopes in front by two but John Feibleison hit a fielder for Cooper to tie it up again.

Guard Mike Shepherd then produced the winning shot, another 15-foot jumper with a minute left to play.

In that last 60 seconds, the Pirates got their hands on the ball three times but couldn't score.

The Pirates are a big, rugged team, much like the Lopes, who pull their defense in tight around the hoop and force their opponents to shoot at long range.

Coach John Alexander said Wednesday his club "did not play a good game" but added that Cooper also gave Post the most trouble in first half play too.

Cooper broke away in the second period to take a 10-point halftime lead at 28 to 18, after leading 12 to 8 at the end of the third.

But the Antelopes came out of the dressing room to open the third period and stuffed 10 points through the hoop to tie the score before Cooper could do anything offensively.

From that point in the game on, the lead changed hands back and forth.

Davis scored 18 points to head the Lopez attack with Shepherd adding 12, Mike Waldrip eight, Tony Conner seven and Kirkpatrick three.

Only a total of 10 fouls were called against the two teams despite the rugged play. Each

Page 8 The Post (Tex.) Dispatch Thursday, Jan. 30, 1975

Dispatch goofy about all-state

Goophs, The Dispatch goofed! In reporting last week that Grayling Johnson was named to the all-state second team at tackle, this newspaper very incorrectly said it had been many years since the Antelopes had landed a player on the all-state team.

Jay Pollard, 230-pound Antelope guard was named to the Fort Worth Star Telegram's all-state first team on offense, and then was placed on the all-state second team named by the wire service only a year ago.

Jay went on to play regularly to Sul Ross University's football team as a freshman in his 1974 season.

Freshman girls whip Frenship

Coach John Morrow's freshman girls team broke away to a big first quarter lead here Monday night and went on to score a 52 to 42 victory over the Frenship girls.

The locals led at the quarters, 19 to 4, 31 to 16, and 47 to 28.

Debbie Wyatt tallied 26 points for Post, followed by Nancy Clary with 15 and Karla Kennedy with 11.

The freshman girls will journey to Tahoka Monday night for their next start.

Freshman boys team dropped a 65 to 52 verdict to Frenship at Frenship Monday night

Randy Baker led the Post shooters with 20 points, followed by Brad Davis with 10, Brad Shepherd with nine, Jim Hays five, Evans Heaton 4 and Ronnie Brather and Bruce Waldrip with two each.

The freshman will meet the Tahoka freshmen here Monday night in their next start.

Antelopes beat Slaton to sweep first half play

Coach John Alexander's Post Antelopes got off to a slow, mistake-prone start here Friday night before they got rolling late in the first quarter to go on to a 46 to 38 victory over the Slaton Tigers and finish the first round of district SAA play unbeaten and at least assured of a playoff shot for the district crown.

Slaton jumped into an 8 to 2 lead as the 'Lopes were missing shots and passes, but then Post tightened up and held Slaton to a single basket over about seven minutes of play.

While Slaton was being held, the 'Lopes found the range from the outside and started hitting consistently over the tight Slaton zone. From a 2 to 8 deficit, the 'Lopes rolled into an eight point lead in the second period before Slaton could get untracked again.

It was 10 all at the end of the first period with the 'Lopes outshooting the visitors 18 to 8 in the second quarter to take a 28 to 18 halftime lead.

The final half was played on even terms with the tigers unable to close the gap.

Mike Waldrip led the Post attack with 14 points on six fielders and a pair of frees.

Tony Conner and Mike Shepherd each had 10 points as they bombed away from the

HOME FROM VISIT

Innis Thuetl has just returned from Irving, Texas, after spending two weeks with her daughter and husband, Lois and Ben Benton.

opener of the tripleheader.

Donna Ammons led the Post shooters with 18 points, followed by Brenda Weaver with 16, and Melanie Holly with eight.

The Post JVs led throughout, taking a 10-6 first period advantage, increasing it to 28 to 14 at the half, and maintaining a 34 to 22 advantage at the end of the third.

FAN SUPPORT IS URGED AS

Post cagers to hit road

Both the Post Antelopes and Does take to the road for a pair of important district SAA games on Friday and Tuesday nights — and if they can pull out victories both should be in the thick of the second half race down the February stretch.

The Post cagers will travel to Roosevelt Friday night and then will play Tahoka at Tahoka next Tuesday night.

"We need the support of everybody," Coach John Alexander told The Dispatch Wednesday. "To come to these two games — even those who aren't speaking to us."

The Roosevelt Eagles were 3-3 in the boys play in the first half and Tahoka tied with Denver City for second with a 4-2 record.

"Both these teams have real quickness and good outside shooters," Alexander noted.

Coach John Morrow sees every opponent as tough in the second half drive toward another showdown with the Slaton Tigerettes in the final district game of the season.

Frenship beats freshman boys

Coach Lane Tannahill's Post freshman boys team dropped a 65 to 52 verdict to Frenship at Frenship Monday night.

Randy Baker led the Post shooters with 20 points, followed by Brad Davis with 10, Brad Shepherd with nine, Jim Hays five, Evans Heaton 4 and Ronnie Brather and Bruce Waldrip with two each.

The freshman will meet the Tahoka freshmen here Monday night in their next start.

Antelopes beat Slaton to sweep first half play

Coach John Alexander's Post Antelopes got off to a slow, mistake-prone start here Friday night before they got rolling late in the first quarter to go on to a 46 to 38 victory over the Slaton Tigers and finish the first round of district SAA play unbeaten and at least assured of a playoff shot for the district crown.

Post girls are third in New Deal JV meet

Coach Pat Thompson's Post JV girls team won third place Saturday in the New Deal JV tourney with a 46 to 39 victory over Idalou.

Like the boys, the Post girls defeated Crosbyton Thursday in their first rounder, 55 to 32, but fell before Abernathy, 66 to 45 in the semi-finals Friday.

In the third place victory over Idalou, Post raced to a 32 to 17 first half lead and increased that margin to 40 to 20 in the third quarter before Coach Thompson cleared the bench and gave substitutes some action in the final period.

Brenda Weaver and Donna Ammons were the high point scorers for Post in all three games. Weaver led against Idalou with 19 points followed by Ammons with 17. Ammons got seven of 10 free throw conversions.

Melanie Holly had eight and Vickie Gannon two to complete Post's scoring.

In the first round victory over Crosbyton, Post broke in front and stayed there, pulling away with a 15 to 2 third period after holding a 31 to 19 intermission lead.

Ammons was high scorer for the game this time with 18 points, followed by Weaver with 16. This time Ammons had eight of 10 charities to go with five fielders.

Amy Cowdrey had 13 points followed by Melanie Holly and Vickie Gannon with four each.

In the semi-final loss to Abernathy, Post was literally blown off the court in the first half with Abernathy jumping out in front 26 to 6 in the first period and taking a 41 to 13 lead into the dressing room at the half. Post made up some ground against Abernathy subs

Post boys finish third in New Deal JV tourney

Coach Jackie Brownd's Post JV boys team placed third in the New Deal JV cage tournament over the weekend, defeating Frenship, 61 to 56, in the playoff for third place.

The Post cagers won their opener Thursday by bouncing Crosbyton 57 to 35, but lost to Abernathy Friday in the semi-finals, 72 to 46.

Post led all the way at the quarters in the third place playoff tilt Saturday, jumping out to a 16 to 10 first period lead, holding a 27 to 24 edge at intermission, and leading 41 to 36 going into the final quarter.

Randell Wyatt led the Post shooters against Frenship with

Spirit of '76 class chooses class ring

The junior class, better known as the "Spirit of '76," chose its class ring this past week.

The ring also is called the "Spirit of '76." The mounting for the ring is the same that Post High School has used the past few years. On one side of the ring is the school mascot, an antelope. On the other side is the seal of the State of Texas. The stone the class chose is gold, and it is vistavue. Through the stone one can see the number 76 which is surrounded by stars.

The class had a choice this year as to whether they wanted to order gold or ultrium, a new metal which is within a better price range than gold. The choice as to what the individual student ordered was up to his discretion. The prices for the rings this year are: boy's gold, \$78.50; girl's gold, \$63.20; boy's ultrium, \$59.50; and girl's ultrium \$49.00.

The students will be turning in ring orders at Dodson's

Archery club hosts tourney

The Post Archery Club was host Sunday, Jan. 26 for a tournament with the following results: Freestyle Division AA Class, John Nay, first; A Class — John L. Guthrie, first; and Wendell Lamberson, second.

Bowhunting Division, A Class, Joe Gary, first; Bobby Snow, second; B Class, Donny Stelzer, first; Herman Guthrie, second; Troy Baker, third; C Class, J. B. Guthrie, first; Keith Little, second; Harry Tubbs, third, and Open Class, Dickie Massey, first.

Ladies Division winners were Sandra Dudley, first and Wynette Robinson, second.

Youth Division was Mark Shedd first, and Billy Smith second, with the Cub Division winners, Shawn Nay, first and Timmy Nay second.

The next tournament is Feb. 16 beginning at 2 p. m. and everyone is invited to attend.

The club will have their Post Archery Club embroidered emblems in the first week in February and anyone interested in placing their order is asked to contact any officer or board member.

TO DECIDE FIRST HALF PLAY Slaton beats Does with final shot

Coach John Morrow's Post Does lost the first half title in District SAA play here Friday night when Slaton's all-state forward Rosemary Scott hit a fielder from the free throw circle with only four seconds on the clock to give Slaton's defending state champion Tigerettes a 59 to 58 come from behind win.

The Does came up with a sizzling fourth period rally to overcome a 47 to 41 Slaton lead and nurse a three-point lead into the final minute of action as the big crowd, including a large contingent of Slaton fans, kept up a steady roar.

Twice the Does missed on the front end of one and one situations with a chance to extend their lead. Slaton trimmed it to one and then got the ball back with about 14 seconds on the clock.

The Does' defense drew tight

8th girls win by one point

Coach Chili Black's eighth grade cagers scored out a 23 to 22 triumph over Frenship here Monday evening with Dana Bird scoring Post's 23 points.

Trailing 18 to 20 at the opening of the fourth, Black tallied all five of Post's points on a fielder and three out of four charities to bring the lead from behind to victory.

All Frenship could get in the final period were two free throws from Parker who scored 14 Frenship's points.

The seventh grade girls game between the two schools was a mismatch with Frenship winning handily, 36 to 12.

Frenship thumps 8th grade boys

Coach Danny Chisum's eighth grade boys team dropped a 25 to 23 decision to Frenship eighth graders at Frenship Monday evening.

Cliff Kirkpatrick was Post's scorer with nine points.

The team's next start is against Tahoka here Monday night.

News from Post High School

The Post (Tex.) Dispatch Thursday, Jan. 30, 1975 Page 9

Girls rotate on machines

Anyone for a game of musical chairs? The VOTE girls have started a new rotation schedule this semester.
 Every three weeks the girls will be switching chairs or machines.
 From Jan. 18 to Feb. 4, Sandy Bullard and Jana McKamie will be working the filing unit; Sherry Compton and Carol Davis will be typing letters; Jenda Gilmore, Tina McAlister, Denece Higgins and Pat Nelson will be transcribing; Shirley Allen and Patti Parrish will be typing on the IBM Executive and the Correcting Selectric; Judy Huffman and Patricia Davis will be learning how to use the Posting or Bookkeeping Machine and Offset Duplicator; Stella Varela and Melinda Nelson will be working on language and arithmetic usage.
 By May 23 every girl will have worked each machine.

CONTEST WINNERS — Pictured above from left to right is the team of FFA members who placed third in a Farm Mechanics Contest in Tahoka. They are Buddy Britton, Casey Zachary, E. A. Howard, instructor, Mark Short and Al Craig.

Post FFA team third in farm mechanics

A team of young farmers representing Post FFA, placed third in a Farm Mechanics Contest held in Tahoka, Tuesday afternoon, Jan. 21. The team was made up of Buddy

Britton, Mark Short, Al Craig and Casey Zachary.

The contest, sponsored by Lyntegar Electric Cooperative, tested the skills of the young men in plumbing, welding and electrical wiring. Each member of the team was graded on a point system with the combined total of all members determining the winning team. Mark Short was high point member with Casey Zachary, second, Al Craig, third and Buddy Britton fourth.

Gail FFA won the contest with Dawson FFA placing second.

Mr. E. A. Howard, instructor, accompanied the group. The teams were guests of Lyntegar to a Bar-b-cue supper held in their honor after the contest judging.

SUNDAY GUESTS

Guests of Mr. and Mrs. W. D. White Sunday evening were Mr. and Mrs. Ernie Waldo, of Tennessee; Mr. and Mrs. C. W. Roberts of Tahoka; Mr. and Mrs. Dick King of Grassland and Mr. and Mrs. D. C. Roberts.

Lunch Menus

The Post schools lunchroom menu for the coming week are as follow:

Monday: Spanish rice, sweet peas, lettuce salad, fruit cocktail, cornbread, half pint milk.

Tuesday: Macaroni and cheese, peanut butter and jelly sandwiches, blackeyed peas, carrot sticks, chocolate cake with icing, orange juice, half pint milk.

Wednesday: Chicken fried steak with gravy, green beans, whipped potatoes, orange halves, hot rolls, butter, half pint milk.

Thursday: Frito pie, lettuce salad, sweet potatoes, coconut pudding, cornbread, orange juice, half pint milk.

Friday: Pinto beans, cabbage slaw, turnip greens with chopped turnips, plum cobbler, cornbread, half pint milk.

Two hunters were lost. One had a solution: "We'll shoot an extra deer and the game warden will be here in a minute."

name of the play is "Gold Hills or, The Dead Secret." It is a drama written by J. Davis.
 Free seat tickets can be had from the junior class in the primary auditorium. Prices for the tickets are \$1.00 reserved and \$1 at the door.

Students

Wed Feb. 7-9

WESLEYAN — High school and seniors from Post High School will be invited to attend the Wesleyan Weekend at McMurry in Abilene Feb. 7-9.
 Activities will include the Wesleyan vs. Texas Wesleyan football game, the McMurry production, "Servant of Masters," and a film in the Auditorium.
 Included will be concerts by the band and Chanters and the Star singing groups, McMurry vs. Dallas Baptist football game, and a dance. Representatives will meet with students and faculty members from all departments Friday morning.
 300 students are expected at the eighth annual Student

Surgical patients home in Southland., doing well

By MRS. ROBERT MOCK
Real good to see D. I. Dunn up and around after undergoing recent surgery.
H. D. Hallman is also home after surgery and several days in the hospital. H. D. is improving rapidly.
Elmer Gindorf is also home and recovering from his stay recently in Taboka Clinic.
Syd Conner, agriculture agent conducted the Sunflower meeting held Tuesday, Jan. 23 at Hackberry Co-op. A crowd of about 55 farmers were in attendance and heard practical and exciting information on the growing of sunflowers from Dr. Shewpeck and Dr. McIntire from Texas A&M.
Enjoyed visiting with Joe and Mary Fleming from Meadow. They are former residents of this area. They were attending the ball game at Southland where their son and daughter were players on the Meadow team.
Our sympathies are with Mrs. Lloyd Mock, (Leigh), on the death of her father "Buck" Mitchell in Trickum, Texas.
Renee and ReNeil Mock spent the weekend with the Robert

Mocks. Michelle and Heath McGehee visited the M. E. Sales and David, Dennis and Darrel Becker visited the Willie Beckers while their parents were vacationing in El Paso over the weekend.
Mr. and Mrs. Edmund Stolle were notified of the naming of their son, Carlton as one of the "Outstanding Young Men of

America for 1974." Carlton and his wife Sandra live in Bryan, Tex., where he is an assistant professor at Texas A&M where he received his education. He has been active in Accountants Associations and organizations holding places of honor in them all. He has authored a total of ten books and papers in the accounting

field including many used in the classrooms. We extend our congratulations to Carlton and his entire family.
An interesting sidelight is that Edmund sold out and moved to that part of the country because of Carlton's health. Carlton is now heading up the study and research on air pollution there at A&M.

Jack Alexander will preach in Lubbock

Jack Alexander, of Post, will be guest layman this coming Sunday morning for the Week of Lively Services held in the Bethany Christian Church in Lubbock.
Mr. Alexander will use as his sermon topic "Do You Really Believe in God." The Rev. Clyde R. Markee is the Minister of the Bethany Christian Church.

Presbyterians lose pastor

The pastor relationship of the Rev. Henry M. White Jr. with the First Presbyterian Church here will be severed effective Jan. 31 due to health reasons.
Dr. Paul Chalfont of Lubbock, who is chairman of the Department of Sociology at Texas Tech University, will serve the local church as its supply minister and moderator of the session. Dr. Chalfont is an ordained Presbyterian

minister and a member of the Presbytery.
At the church's Sunday morning worship service, Dr. Chalfont installed Bob Arheiger and Mike Mitchell as elders for three-year terms, and Dr. Charles Tubbs and Mrs. Mary Prather as trustees for 1975.

Inflation is when, after you finally get the money to buy something, it isn't enough.

Our pastor urges us to drive carefully, reminding that motorists can be run by their Maker, too!

Produce Filmstrip
Fourth grade students in Mrs. Carolyn Courtney's class have produced a colorful filmstrip for the Governor's office of Traffic Safety in Austin.

The film, called "The Safest Show on Earth" was produced by the children with materials made available to the public school system by the Governor's Office of Traffic Safety to help teach pedestrian, bicycle and passenger safety.

The student producers created illustrations which were reproduced on film and returned to the school with a pre-recorded sound track. Each classroom participating in the program produces its own show. The filmstrip and recording become the property of the school for future use.

Officials at the Governor's Office of Traffic Safety will select artwork used in the programs for use in television public service announcements to be released in the spring, 1975.

Members of the class are Luciano Rodriguez, Monique Adamek, Bud Courtney, Andy Wheeler, Ronnie Thomas, Sam Devila, Ronald Johnston, Louis Milo, Ernest Vasquez, Ray Vasquez, Leonard Perez, Jessie Valdez, Carla Nelson, Freddy Valdez, Adam Rodriguez and Rhonda Nelson.

Student has Tonsillectomy
Eva Rodriguez, junior, had a tonsillectomy Jan. 17 at Mercy Hospital in Slaton. She remained overnight in the hospital and returned to school the following Monday.

Booster Club to buy Warm-up Suits

The Booster Club voted to buy 24 warm-up suits to be used in basketball and track by the high school girls and boys. The club also voted to sponsor an Athletic Banquet later in the spring. In addition, the club voted to sponsor the girls' basketball team in the Texas Interscholastic Basketball League. New suits are to be purchased for the girls. Girls between the ages of nine and 13 may be on this team.

Coming Events
Jan. 31 - Ropes at Southland High School girls and boys, 7 p. m.

Feb. 1 - New Home there, high girls and boys, 5:30 p. m.

Feb. 4 - Snyder at Southland, high school girls and boys, 7 p. m.

Feb. 7 - Wilson there, high school girls and boys, 7 p. m.

Feb. 10 - Meadow there, junior high girls and boys, 5:30 p. m.

Basketball
The high school girls and boys played at Whiteface Jan. 17. Whiteface tallied 69 points while Southland had 33. Joy Basinger was high pointer with 24. The boys' score favored Whiteface 72-37. Larry Kostan tallied in 19 points, and Kendon Wheeler scored 10.

The junior high teams were defeated by Meadow at Southland Jan. 20. The girls' score was 37-14. Katrina Chaffin made six points. The boys' score was 40-17. Sherman Daughtery and Chris Flores each made four points.

The high school teams were defeated at New Home Jan. 21. The girls' score was 77-30. Kelly Chaffin was high scorer with 19 points. In the boys' game, which ended with a 50-32 score, Larry scored 11 points, and Kendon made 10.

TO UNDERGO SURGERY
Nona Smith is in the Methodist Hospital and will undergo surgery Thursday morning, Jan. 30. She is in room W80.

We Welcome Federal Food Stamp Customers

12 eligible Garza families not in food stamp program

One hundred twelve of the 239 families living below the poverty level in Garza County are making use of the food stamp program. These families are purchasing food, prepared for consumption only, at authorized stores in Garza County.

citizens and aliens are admitted for permanent residence are eligible. Although students are eligible to participate if they qualify, foreign students normally cannot qualify because they are not admitted for permanent residence. Aliens in the country illegally are reported to the Immigration and Naturalization Service when the caseworker becomes aware of their presence.

The food stamp program is formulated to provide low income families with a nutritious diet. All families of identical size receive the same dollar value of food stamps. However, the price paid for the food stamps varies with the net income of the family. The net income is derived from deduct-

ing various expenses from the gross income of the family. Some of these expenses are federal withholding, Social Security, mandatory school expense (including tuition), certain medical costs in excess of \$10 per month, child care expense when necessary for the mother to accept employment and shelter expense in excess of

30 per cent of the income. The food stamp program has proved to be an effective way for low income households to increase their food purchasing power. The United States Department of Agriculture studied the impact of food stamps on three rural counties in 1970. These were the findings: (1) On the average,

low income households more than doubled their food purchasing power if they received food stamps. The 3,200 participating households paid \$1,085,500 for food stamps and received \$2,254,500 worth of bonus stamps. (2) Economic returns to farmers increased from \$1.04 to \$1.17. (3) Food retailers, food wholesalers and

wholesale suppliers had to increase their output as bonus stamps provided more buying power. (4) Purchases with food stamps represented from five to 10 per cent of the total sales of those stores authorized to accept food stamps. (5) New economy was generated from the community, from \$250,000 to \$1.5 million. (6) The increased

economic activity made a total of 130 new jobs potentially available in the three counties. Before the state-wide food stamp program was approved in 1972, twenty-eight Texas counties had food stamps. The program which these counties were operating was retained but with several changes.

Administrative costs for the state-wide program are paid by the State of Texas. Previously, the counties were responsible for these costs. The state-wide program is administered by the State Department of Public Welfare. The United States Department of Agriculture pays for and redeems the food stamps.

Certified households receive an Authorization to Purchase (ATP) card each month in the mail. The ATP cards specify an amount of the stamps and how much money, if any, they must pay for them. The ATP card and the necessary cash is then redeemed for food stamps at the local Post Office.

A variable purchase plan is included in the state-wide program. This allows households to purchase less than their full food stamp allotment. Households receiving monthly ATP cards will have four purchase options — all, three-quarters, one-half or one-quarter. Stability of the household's income and preference determine whether they receive the ATP card on a monthly or semi-monthly basis.

An ATP card may be used one time, regardless of what option within the variable purchase plan the households chooses. This card is valid only for the month indicated on the card. The state-wide food stamp program promises to put more Texas-produced food on more Texas tables.

Any person receiving a welfare check, who doesn't make much money or who is disabled may be eligible to participate in the state-wide food stamp program.

Other persons possibly eligible for food stamps include those who work part-time, are employed or those who get small Social Security payments or some kind of pension check.

Individuals and households may apply for food stamps but all applicants must have cooking facilities in their place of residence in order to qualify. Cooking facilities do not have to be of the conventional type. An individual with no stove but with a hot-plate will meet this particular requirement.

An individual is anyone who does not live in a boarding house or an institution. A household is a group of people, not necessarily related, living in one economic unit sharing common cooking facilities or for whom food is customarily purchased in common. A single individual can also comprise a household.

Retail grocery stores certified by USDA may accept food stamps for the purchase of most food and food products. Items which cannot be purchased with food stamps include alcoholic beverages and tobacco.

Grocers redeem food stamps through banks or authorized food wholesalers. Local banks in turn, send coupons to the Federal Reserve Banks.

All persons interested in applying for food stamps should take the following information to the nearest food stamp office. The food stamp office is located at 115 N. Avenue N. in Post.

1. Identification (Social Security card, driver's license, etc.).
2. Proof of the household's total income (latest paystubs, pay envelopes, pension award letter.)
3. Rent receipts or house payment book and utility bills.
4. Bank books or other papers to show any savings.
5. Medical bills.

During the application process, all able-bodied household members between the ages of 18 and 65 must register to work. The only exceptions are those responsible for dependent children under 18 or for incapacitated adults; students enrolled at least half-time in any school or training program recognized by a federal state or local government agency; and those working at least 30 hours a week.

All jobs offered by the employment office must meet certain requirements, such as paying a minimum wage, providing safe working conditions, and being reasonably close to home. If an applicant should refuse work that meets these requirements, he would no longer be eligible for food stamps.

Persons out of work due to a strike or lock-out are also required to register for work but are not required to work at plants subject to a strike or lock-out. They are, however, required to accept employment in positions not subject to strike or lock-out.

POLICY: Food Once Placed on our Shelves

1. We will not increase the price of food once placed on our shelves for sale. When we are forced to increase a price, items on our shelves marked at the lower price will be sold at that lower price.
2. When we reduce a price, shelf stocks will be reduced and sold at the new lower price.
3. Weekly Specials will revert to the regular price after the sale has ended.
4. We are determined to help you. Shop Piggly Wiggly and WIN.

WIN — SHOP PIGGLY WIGGLY

Santa Fe's record income due to oil not railroad

AMARILLO—Highest revenues and net income in history for Santa Fe Industries were recorded in 1974. John S. Reed, chairman, announced today.

Reed said the company's revenues exceeded the previous record of \$1.2 billion established in 1973. Net income rose 17 per cent to \$120.1 million, or \$4.67 a share, from \$102.8 million, or \$4.01 a share, in the previous year. Reed attributed the \$17.3 million increase in net income primarily to the substantially increased earnings from petroleum operations. These earnings more than offset decreased profitability in rail, forest products, and real estate operations, which felt the deepening impact of the economic recession during the final months of the year.

Petroleum operations contributed \$71.6 million to pre-tax income, more than double that of 1973. These results included

amortization and writeoff of leasehold and dry hole costs of \$9.2 million compared with \$3.5 million in 1973. Rail earnings, which had exceeded the 1973 performance through the first nine months, suffered a decline during the final quarter, which caused pre-tax rail income to drop \$7.8 million for the entire year. Truck and pipeline operations showed a slight improvement. But the results of forest products operations were down \$1.8 million due to the drastic slump in the home building and construction industry.

Despite the general business slowdown in the closing months, fourth quarter revenues of \$385.2 million were a record for the period, and the fourth quarter net income of \$27.5 million, or \$1.07 a share, exceeded only by the \$33.3 million, or \$1.30 a share, earned in the last quarter of 1973.

Santa Fe Railway carloadings, reflecting the general business recession, fell eight per cent in the last quarter. In addition, rail earnings were adversely affected by the coal miners strike and a cutback in automobile production, while the cost of performing transportation was raised by the inflation of all railroad costs, particularly diesel fuel prices, which added about \$10.5 million to fuel costs in the period. Other factors contributing to the unfavorable comparison of Industries fourth quarter earnings included an increase in petroleum lease hold and dry hole expenses, which reduced earnings by \$1.8 million, and the consumption in 1973 of a \$5.0 million non-taxable gain on a major land sale.

Reed again emphasized the importance of correcting the imbalance between railway earnings and investment in new facilities if railroads are to continue the modernization programs needed to handle the nation's future traffic load. "Timely adjustments of freight rates and improved efficiency of operations will be required to offset the continuing inflation of operating costs. The public seems to be more aware of the fact that railroads are the most efficient form of ground transportation in terms of fuel consumption and that where the energy shortage is concerned, railways are a part of the solution rather than the problem," Reed said.

Camp rites —

(Continued From Page One)

mander of the American Legion Post here, was a Mason, a member of the Veterans of Foreign Wars, and worked for many years in the Garza County Community Chest organization.

He was a director of the First National Bank. Survivors include his wife; his mother, Mrs. Bernice Camp of Sherman; one son, Roger Camp of Hartsdale, N. Y.; one daughter, Miss Carol Camp of Houston; and one granddaughter, Sarah Camp.

The Rev. George L. Miller of Cordell, Okla., former Presbyterian pastor here, conducted the memorial service, assisted by the Rev. Henry White.

The Hudman Funeral Home was in charge of arrangements. The family asks that any memorials made in Camp's name be made to the First Presbyterian Church of Post or the M. D. Anderson Hospital in Houston.

Youth to lead service here

The Youth of the First Christian Church will direct the 6 p. m. worship service this coming Sunday evening at the First Christian Church. Speakers for the night will be: George Pierce Jr., "Sin with the Music"; Ken Forbus, "Ceta Glen"; and Wade McDougle, "A Place Where God Is Found."

Special music will be provided by the youth also, entitled "They Hung Him on a Cross" accompanied on their own musical instruments.

Others on the program will be: Mike Maddox, Rodney Owen, Beckey Beggs, Wade McDougle, Chris Beggs, Mark Short, Greg Pollard, Dan Sawyer, Rodney Teaff and Kyle Duren.

Mr. and Mrs. Pete Maddox and Mrs. James Pollard are youth sponsors.

The public is invited to attend.

New wildcat test near Justiceburg

The Remuda Oil & Gas Co. has staked a new wildcat oil test, the No. 1 Moore, to be drilled three miles east of Justiceburg. The location is 467 feet from the south line and 2,173 feet from the west line of Section 6, Block 6, H&GN Survey. The test is planned for a 3,000 foot depth.

Governor urges motorists study defensive driving

Governor Dolph Briscoe this week urged Texas motorists to take a Defensive Driving Course at their earliest opportunity as a means of improving their driving skills, while at the same time reducing the driver's automobile insurance premiums.

The Defensive Driving Course, a joint venture of the Texas Safety Association and the National Safety Council, is a statewide campaign to reduce highway deaths, injuries and property damage through driver improvement training.

"This course, which is offered throughout Texas, will not only improve the driver's ability to cope with emergencies while driving, but will give the driver an automatic 10 per cent insurance discount for a three-year period on policies written by companies which are rate-regulated by the State Board of Insurance," Governor Briscoe said.

The eight-hour classroom course teaches crash avoidance techniques used by professional drivers. About 400,000 Texas drivers have taken the course since Sept. 1972.

Studies have shown the Defensive Driving Course graduates have far fewer accidents after completion of the course, the Governor pointed out.

The Defensive Driving Course is offered in Post from time to time by the Post Insurance Agency. A class of 29 was graduated here Nov. 1, 1973 with Bert Sinclair of the highway patrol as instructor.

Further information about the Defensive Driving Course is available from any District Office of the Texas Department of Public Safety or the Texas Safety Association, P. O. Box 9345, Austin, Texas 78766.

"While the State Board of Insurance is to be commended for their efforts in holding down automobile insurance rate increases well below the nation's inflationary level, all Texas

motorists can take steps of their own to cut down on auto insurance costs, and the most important of these is to take the Defensive Driving Course," Governor Briscoe said.

"The 10 per cent insurance discount provided DDC graduates is certainly a strong incentive in these days of constantly rising costs.

"Furthermore, I would also encourage motorists to follow the suggestion of Insurance Board Chairman Joe Christie and 'shop around' for those insurance companies which offer competitive rates. In some instances these competitive rates offer discounts up to 15 per cent," the Governor added.

The competitive rating system, which Governor Briscoe strongly endorsed, has been in effect in Texas for less than two years.

Most of the food and feed crops now grown in the United States were established in colonial America by the end of the 17th century.

Respiration program given

Mrs. Zoe Kirkpatrick and Mrs. Ann Tubbs presented a program on the problems of artificial respiration using Resusc-Andy, at the regular meeting of the Graham 4-H Club. Each member was instructed on learning to use and give artificial respiration.

The meeting was held in the Graham Community Center, Thursday, Jan. 23 with Steve White presiding in the absence of President Vernon Ferguson. Belinda Fluit led the 4-H Motto and Prayer.

Members present were: Mike, Sharla and Bobby Macy, Lisa Cowdrey, Steve White, Brent and Brad Mason, Belinda and Russell Fluit, Pam Riley, Ricky Ferguson, Sherry McElroy, Mark and Bill Short, Jay and Jarita Norman, and Kelly Mason.

Adult leaders present were Mr. and Mrs. Noel White.

Refreshments were served by Ricky Ferguson, Sherry McElroy and Kelly Mason to members present and guests: Mrs. Helen Mason, Mrs. Johnnie Norman, Mrs. Jane Mason, Keitha Beth White and Laurie Belongia.

More furniture to be purchased for library

Post Public Library trustees at their January meeting last Thursday morning authorized the purchase of two boat-shaped conference tables and twelve swivel chairs to virtually complete library furnishings planned for the new addition.

The \$1,580.90 purchase was made from a \$2,500 gift to the library last year for library furnishings and patio.

All the furniture is in black. The tables and chairs can be used by library patrons or for meetings of small groups.

Trustees also authorized the expenditure of approximately \$40 in book funds to go with \$333 provided by the state through the Lubbock Library area system which will go for the purchase of a new set of Britannica 3 Encyclopedias.

The library had its choice of wide book selection or the encyclopedias, but since the library hasn't had an updated set of encyclopedias for some time, trustees agreed to purchase the Britannica 3 Encyclopedias.

TEXAS TALK

By **FRED MYERS**

This is the first week of TEXAS TALK and it seems appropriate to take this opportunity to explain a little about the column since now you'll be able to read it here every week.

Through this column, we'll take a look at agriculture. Hopefully, there will be some things you didn't know about and without a doubt there will be observations and definitions some readers know a whole lot more about than the writer.

One thing is guaranteed... many readers will find something new every week... and to keep things even more interesting you will find an occasional hint about the easy way to solve a problem you may be having around the house or on the farm or ranch. Comments on the column will be appreciated. Anybody's... anytime.

See you here next week when we get down to serious TEXAS TALK.

Tex Watson talks about

The West Texas Gas Supply

You hear a great deal about the competition for the natural gas in West Texas these days. It is rightfully a matter of interest and concern to every citizen of this area. It has some serious implications.

Natural gas has been an important factor in building West Texas and will continue to be. Most of the businesses and industries in our area depend, directly or indirectly, on a continuing supply of natural gas. A lot of people's jobs depend on it. So, we must see that they have it.

We will have to pay more for it than in the past — the competition for gas has never been so fierce. But by working together, and without outside interference, we'll have the gas energy we need today and in the future. Gas will still be your best energy buy.

PIONEER NATURAL GAS COMPANY
