VOLUME XVII POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, AUGUST 12, 1943 "THE GATEWAY TO THE PLAINS" NUMBER 36

RATIONING CALENDAR

Paint Rationing
Aug. 6—Red "V" stamps in War Ration Book No. 2 (for meats, fats, and fish, cheese, canned milk) are valid. Good through Aug. 31. Red "U" and "L" stamps also valid and good through Aug. 31. Red "W" stamps valid Aug. 31.

Sept. 20—New date for expiration of blue stamps "R" and "T" (War Ration Book No. 2 for meat and processed foods), extended from Sept. 7.

Sugar
Aug. 13—Expiration date for stamp No. 13 on War Ration Book No. 1, good for five pounds of sugar. Stamp No. 14 valid Aug. 16 to 31 for five pounds.

Oct. 31—Expiration date for stamps No. 15 and 16, each good for five pounds of sugar for home use.

Shoes
Oct. 31—Expiration date for stamp No. 18 in War Ration Book No. 1, valid for purchase of one pair of shoes.

Mileage
Aug. 31—Deadline for next official tire inspection for "C" gasoline book holders. Next inspection for "A" book holders due by Sept. 1 for "B" book holders by Oct. 1.

Sept. 21—No. 7 basic "A" gasoline coupons expire.

Special Subject Chosen For Sermon By Ford Shropshire

Christian Relation to Civil Government has been selected as a special sermon topic by Ford Shropshire, minister of the Church of Christ, who has announced that he will preach on the current topic next Sunday, August 15, at 10:30 a. m. in the morning session of the church. Selection of the topic was made as many of them recently are discussing the relationship of the two factors and it is always a subject that has a tremendous influence on the life of the people.

Many topics from the books for the devotion presented by the pastor during the week.

ARMY TO AID COYOTE ERADICATION IN AREA

The Postal Service command has granted the request of a group of citizens of Garza and Kent counties for an airplane to be used in eradicating coyotes.

The planes headed by State Game Warden Pat Bullock of Snyder, George Boggs and C. C. York of Kent county reported that coyotes have been killing more than 100 sheep nightly on some ranches. The Army plane will be based at the Stamford airport.

Notes From County Agent's Office

By Wallace Kimbrough County Agent of Texas A. & M. Extension Service

PLAN YOUR FALL GARDEN
Every garden owner should plan for crisp radishes, tasty green onions, juicy baby beets and carrots, fresh leafy mustard, spinach, lettuce, Swiss chard and turnips with "pot-licker." These will make the fall and winter months good, especially with the rationing on.

In this area the spring garden "burning up" and weeds are being the garden plots. Before planting to plow the ground for fall garden, all weeds should be cut and removed from the garden. If they are turned under, rotting and heating takes place which dries out the top soil and prevents thorough cultivation. Weeds are increased by plowing under all plants.

It requires more seed to get a crop during the spring. Seed with a hard coat, such as spinach, should be soaked in warm water overnight. It is also a good plan to sow the seed around the seed bed. Watch for insects as they are one of the limiting factors in fall gardens.

Gossett Assails Plans On Draft

Rep. Ed L. Gossett (D-Tex.) declares that the new selective service order for induction of pre-war Harbor fathers after October 1 is contrary to the will of Congress. The congressman is the son of Mr. and Mrs. Ed L. Gossett of this county and a brother of Mrs. Bryan Mathis.

The Texas in a statement expressed the opinion that the "vast majority" disagree with War Manpower Commissioner Paul V. McNutt in his position in regard to children and dependency as factors controlling selection of men for the armed forces.

"Mr. Paul McNutt's order of October 1 as to the induction of fathers into the armed services is contrary to the will of Congress as expressed in the Kilgley bill passed by the House of Representatives on April 12, 1942," said Gossett.

"As head of the selective service system, Mr. McNutt seems to be setting a record for the issuance of confusing and conflicting statements. His office apparently has been unable to formulate any definite and consistent policy as to the order in which men should be inducted by selective service.

"This lack of policy has been unfair and disturbing to the local draft boards and to the people of the country who ought to know what to expect of selective service.

Rationing Clinic Conducted Monday In Lubbock

Rationing and price control were discussed in a clinic attended by approximately 60 members of the nine county war price and rationing boards Monday in the Hilton hotel in Lubbock. The boards heard speeches by district officials in the morning session and the afternoon was spent in individual problems of the various boards.

The seriousness of the tire shortage was outlined by J. Doyle Settle, district rationing officer. The July inventory showed that there are 7,270,000 tires at \$10.94, 1,037,000 are new, in the hands of dealers and miscellaneous, at \$12.00, while the inventory of tires being given away is estimated to be 1,000,000. Approximately 1,000,000 tires are in use and about 1,000,000 are in the process of being used. The shortage of tires is a serious problem of the year. It is estimated that 1,000,000 tires are needed for the year. The shortage of tires is a serious problem of the year. It is estimated that 1,000,000 tires are needed for the year.

Rev. Frank Crow Called As Pastor Of Christian Church

Rev. Frank Crow was called as pastor of the First Christian church when a meeting for that purpose was held following the regular church service last Sunday. Rev. Crow was here on trial recently and made many friends among the church group.

He is a Junior student of Texas Christian University in Fort Worth and has an unusually fine scholastic record at the University. In recommending Rev. Crow to the local church, Rev. Patrick Henry, field secretary of the Christian church, said "Crow is one of the University's outstanding students. He is an excellent student and a wonderful leader. The University is proud of him."

Program Closed Vacation Bible School Friday

The Daily Vacation Bible school sponsored by the First Baptist church closed Friday night with a formal program at the church under the direction of the superintendent, Mrs. B. C. Tension. Every department of the school participated in the program.

The average attendance of the two week's school was 97 with a total enrollment of 128. All churches in Post were represented.

One of the outstanding features of the project was the ten professions in both made during the class sessions.

ACROSS THE STRAIT IS ITALY

Here is a view of part of the Sicilian city of Messina with the narrow strait of Messina in background. Beyond that strait is the mainland of Italy where Benito Mussolini has "resigned" as Premier and King Victor Emmanuel appointed Marshal Pietro Badoglio as his successor. If the Allied Nations invade Italy proper this probably will be one of the points of entry.

American Soldier Best Informed On World At War

West Texas servicemen at South Plains Army Air Field now are "keeping up with the war" through the use of a 24-hour United Press teletype service and bulletins posted each hour in the War Information Room at the field.

Backing up his belief that American soldiers should be the "best informed" in the entire world, Col. Norman B. Olsen, commanding officer at SPAAF, has inaugurated the War Information Room and teletype service.

The room, located in an easily accessible spot on the field, is visited daily by a large number of men each hour.

In addition to the news bulletins and details of the fighting in every part of the globe, the personnel of the field is able to keep up with the changing battlelines through the use of large maps covering an entire wall and colored pins marking Allied and Axis positions and targets bombed.

New High Set For Collection of Waste Kitchen Fats

Waste kitchen fat collection in Garza county is a new all time record since the inauguration of the program in July 1942, according to a report from the Post-Examiner of the county by the WPA. Mr. O'Connor is acting as chairman of the waste fat drive in this county and the Garza kitchen plant facilities are being used to help in processing the fats. The program is also another waste fat collection center.

Garza county is maintaining a program in turning in waste fats. Mr. O'Connor said, "Each month we have about the same amount turned in but there are many families over the county who could turn in waste fats, we feel sure," he declared.

The total amount collected over the nation is still not sufficient to meet our war demands. Neighboring women in some towns who live in the same block are pooling their fats and thus helping in some measure with this important salvage program. Women who do not have a large enough amount to turn in could adopt this block system easily in this county, Mr. O'Connor suggested. Every little bit is needed so housewives of Garza county are urged to do their bit.

Program Closed Vacation Bible School Friday

The Daily Vacation Bible school sponsored by the First Baptist church closed Friday night with a formal program at the church under the direction of the superintendent, Mrs. B. C. Tension. Every department of the school participated in the program.

The average attendance of the two week's school was 97 with a total enrollment of 128. All churches in Post were represented.

One of the outstanding features of the project was the ten professions in both made during the class sessions.

Gifts To Men Overseas Must Be Mailed Soon

Some "musts" and "must-nots" for those who will be sending Christmas packages and cards to men overseas were listed this week by Postmaster Phil Boucher of the Post postoffice.

Packages to all army personnel overseas are to be mailed during a period beginning September 15 and ending October 15. Parcels and cards for members of the Marine and the Coast Guard, will be accepted as late as November 1.

No requests from the addressees are required in connection with Christmas parcels mailed during this period. Each package should be marked or stamped as a "Christmas parcel." No one person or firm can send more than one package per week to the same person. No packages will be insured or sent COD.

Nothing perishable may be sent. Packages should be metal, wood, or solid fiber board or strong double-faced corrugated fiberboard. No package can exceed five pounds in weight. It should not be over 15 inches wide, or not over 24 inches in depth and girth combined.

WAAC Recruiter To Be In Post On Tuesday, Aug. 20

Sergeant Virginia Miller, WAAC Recruiter will be in Post Tuesday, August 19, to interview all women interested in joining the Women's Army Auxiliary Corps.

Sergeant Miller states that the need for womenpower is greater than ever since the WAAC will soon be a definite part of the Army. She also states that many more privileges will be accorded the members of the new corps.

"Every woman who enrolls in the Women's Army Auxiliary Corps means one less family man to be called to duty," Sergeant Miller said. "If you join, you release a man to the fighting front—or you save a father to carry on at home to produce the implements and food without which this war cannot be won."

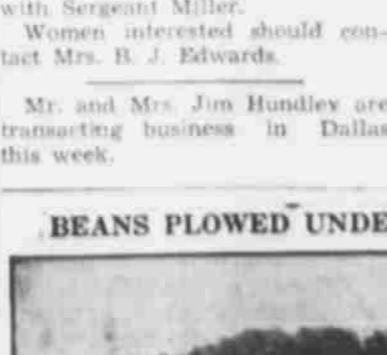

Women desiring information concerning enrollment should talk with Sergeant Miller.

Women interested should contact Mrs. B. J. Edwards.

Mr. and Mrs. Jim Hundley are transacting business in Dallas this week.

Buy a War Bond Today!

BEANS PLOWED UNDER FOR LACK OF HELP

SALISBURY, MD.—Farmer H. Wilson Lowe of Salisbury looks back disappointedly as he plows under the first 35 acres of his bumper bean crop because he is unable to get harvest help. He will continue to plow under an equal amount each day if no help is forthcoming. Despite appeals by Government agencies, only a few volunteer workers are available.

September 6th Is Opening Date Of Schools

Post schools will open Monday, September 6, for the 1943-44 term, members of the Post Independent School Board voted in regular meeting last week.

Faculty roll at this time is not complete. Superintendent L. V. Boarden reported that vacancies are being filled. High school faculty personnel is almost finished at this time.

Scholarship enrollment can not be estimated as many families have moved since the close of school last year but it is believed that it will be practically the same.

Repairs on the buildings are being completed and everything in regard to the business of the opening session is being put in order.

Southland School To Open Early
Southland is the only school in the county that will open early. Dean A. Robinson, county superintendent, said early Monday morning. Date for opening there was set for August 23, according to an announcement made by J. P. Hewlett, superintendent. All other rural schools are scheduled to open on September 6.

Mr. Hewlett, who recently was given an honorable discharge from the army is rushing plans for the early opening date of the Southland school. At this time the faculty is not complete but vacancies are being filled rapidly.

Robinson reported that several vacancies are yet to be filled in many of the rural schools.

Sailors and Ships Take Their Licking But Don't Give Up

Some of the most brilliant and heroic deeds of the entire war probably will be written around the American merchant marine sailors who take the tankers out to sea and deliver the fuel at foreign ports where it is most needed. It is inevitable that their casualty rate would be high but it is a quirk of American human nature that other men are ready and anxious to take their places.

An American tanker with a cargo of fuel aboard was hit recently by a torpedo. The wounded vessel floundered over the sea so desperately that the crews took to their lifeboats. While laying on their oars, the men looked back to the ship which refused to sink. They reboarded her, patched up the torpedo hole and started up the engines again. They had just sent the cook below to get the supper going when the second torpedo struck. Again the abandoned vessel bobbed and bobbed about through the night in their lifeboats. At dawn the tanker still floated. They boarded her again.

This time they got her underway without difficulty and returned to port with a full cargo. There the ship's doctor notified nearby hospitals that the tanker was still afloat. The tanker then proceeded to the U. S. port under her own power. She is still in the area under the watchful eye of coast guards by radioing CEC.

Jasper James Raising Apples By The Acre

Jasper James of Cover Branch has six acres of apple trees. In this big stretch of land are Arkansas Black, Delicious, Stansons, Winesap and Black Twig varieties. Mr. James expects to harvest at least 400 bushels from these trees. Also in the James orchard are many varieties of fruit trees such as plums, peaches in many varieties suited to this climate and soil. The James farm is usually noted for its melons but this year the melon crop will not be as large as usual. One acre of Victory garden is also in production and all surplus varieties of vegetables are being canned and stored in a locker for future use.

Insurance Of Water For Dry Weather Is Obtainable

Insurance for carrying the crops through the mid-summer drought can be obtained by storing water in the soil from the rains of the preceding months. Out of the 8.1 inches of rainfall that Garza county has received the last three months, it is estimated that 1.62 inches has been lost by run-off.

This amount of water, had it been stored in the soil, would have helped to tide the crops through the last three weeks of dry weather. "Wild water" respects no ownership boundaries. A fully organized front must be had to successfully control the water erosion on the plains.

This view of water conservation was presented to A. Wilke, Bill Basinger, Hub Hays and A. J. Becker by the representatives of the local Duck Creek Soil Conservation District last Monday night at a meeting in the Southland school house.

Mr. and Mrs. T. W. Childress spent Sunday with their son and family in Tulsa.

Hot Weather Is Hurting Crops Over County

The excessive heat of the past three weeks is having its effect on the cotton and food crops of this area. Unless relief from lower temperatures or rain is forthcoming with a very few days the crop yield in this immediate territory will be cut to a major degree.

According to news from Anderson-Clayton Company who issue weekly news letters on cotton, there is already some deterioration in several of the southern tier of South Plains counties. The deterioration will become general in a very short time unless conditions change and soon.

Other cotton shows a stoppage of growth and some blooming in the top. Between 5 and 10 percent of the acreage still is in the weed. Insects have been inactive for several days due to the heat.

The weather has been excessively hot with 105 degree temperatures almost daily for more than a week and higher temperatures on several occasions were recorded.

The mercury continues to zoom. The high for the first day of this week was 107 degrees, Wednesday afternoon the reading recorded at the Santa Fe station was 104. Record temperatures are still being revealed throughout the state.

The Agricultural department of the government reported that there will be about a million less acres of cotton harvested this year. With this announcement the Census Bureau issued also its first ginning report of the season showing that 168,633 running bales of lint cotton counting round as half bales, had been ginned to August 1.

Ginnings to that date last year totaled 48,826 running bales. Two years ago the total to that date was 1,969 running bales.

Prairie Fire Destroys 500 Acres Friday

A grass fire that started late Friday afternoon, destroyed 500 valuable acres of prairie, according to county officials. Ranch land owned by the Texas Oil Company, which is being used for a feed lot, was destroyed. The fire started in the brush and spread rapidly. It was not until 10:30 p. m. that the fire was under control. The fire destroyed 500 acres of prairie, including 100 acres of alfalfa. The fire was caused by a lightning strike. The fire was reported to the county by the Texas Oil Company.

Two-Day Food School Held In Post Aug. 9-10

A two-day school in Food Conservation was held at the Home Extension Center in Post High school on August 9-10. Wallace Bullock, county agricultural agent, directed the program of the school. The school was for the benefit of many women of the county who need the need for more correct knowledge on Food Conservation.

The Mrs. M. W. Murrey, specialist in Home Industries, and Miss Ruby Annis, III, District Agent of the Extension Service of A. & M. college in College Station gave demonstrations and instructions to twenty-five women.

Preparation of fruits and vegetables, preservation of non-food vegetables in pressure cookers, canning of fruits in water bath, preparing fruits and vegetables for freezer lockers and making kraut were among the demonstrations of the two-day school.

The twenty-four community leaders will hold demonstrations in their respective communities when the need arises and all women interested in various phases of food conservation are asked to contact any of the following women: Mrs. B. Spence of Hackberry, Doll Hoire of Southland, J. H. Farnigall of Verbena, Hester Nichols of Verbena, Claudine Blacklock of Verbena, J. R. Durrett of Post, L. W. Kitchen of Post, Tom Meador of Graham, J. E. Robinson of Post, W. C. Morris of Graham, J. A. Lane of Pleasant Valley, Elmer Hitt of Pleasant Valley, Harvey Stotts of Southland, Adra Long of Bannum Springs, Carl Rains of Hartford, Lewis West of Hartford, Roy James of Cross Roads, J. G. Dealley of Cross Roads, Cameron Justice of Justiceburg, George Estan of Justiceburg, Lucille Morris of Graham, F. W. Hall of Pleasant Valley, George Samsen and G. W. Dodson of Post and H. G. Pippel of Cross Roads.

Local A. F. of L. Union To Meet

Announcement is being made of a meeting of the Local No. 49, A. F. of L., at the court house at 8:00 o'clock p. m., Friday, August 13. Cecil Turner of Lubbock will be here to take charge of the meeting.

With The Men In Service:

Leroy Billberry Promoted To Technician Fifth Grade

Pvt. Leroy R. Billberry of Post has been promoted to Technician 5th grade.

He is the son of Lizzie E. Billberry and now is assigned to Company A740th Tank Battalion, Armored Command, Fort Knox, Kentucky.

Lawrence Jackson Promoted To Rank of Sergeant

Lawrence W. Jackson of Post has been advanced to the rank of Sergeant at the Lubbock twin-engine air field, due to the excellent work he has been doing as an airplane mechanic.

The son of Mrs. Ellis Dye of Post, he graduated from Post high school and was engaged in textile work prior to entering the Air Forces last September.

Phil Foreman Promoted To Second Class Gunner

Phil Foreman, nephew of Mrs. Zetter Hyde and Miss Nora Stevens of this city, has been promoted to Second Class Gunner's Mate. Phil is a member of the U. S. Navy and is serving as a member of the crew on a submarine chaser. He has been in the Pacific theatre of war for many months. He hopes before too long to be given a furlough and will certainly enjoy "that good old Texas sunshine."

Buy a War Bond today!

Bud Speck Writes Rotarians From Africa

Bud Speck, a former Post citizen and while here a member of the Rotary club, wrote to the club members this week and parts of his message are reprinted.

"Since landing in North Africa we have been pretty busy. The climate over this way is nice and hot, would judge the temperature to be 120 in the shade and no shade. We are having lots of high winds and the sand is blowing. The last three weeks we have had lots of hot winds. (His letter was mailed on July 9). The country is much better than I expected but the land is poorly farmed. In the first place the Arabs have nothing to farm with. They still continue to cut their grain with a long curved knife, something like our scythes. They haul the grain away by donkey or by two wheeled carts pulled by four oxen. They use oxen for long hauls. I have visited Oran, Algiers, Constantine. The towns are very old and dirty but the country is very pretty along the sea. We are learning those wops have it with plenty and we have lots of stuff to do it with."

Bud is corporal with a bombing squadron. He is the son of Mr. and Mrs. Guy Speck who now live in Corshad, New Mexico.

The world's first torpedo plane squadron, 10 planes in all, was built by Glenn I. Martin for the United States Navy.

Mrs. M. Catherine Smith Promoted Recently

Upon recommendation of her commanding officer Mary Catherine Smith was promoted to the grade of Technician Fifth Grade. Mrs. Smith is a former resident of Post and recently visited here along with her husband, Russell, who is with the Seabee Division of the U. S. Navy.

She joined the Woman's Army Corps on January 16, 1943 and is a member of the 761st WAC Headquarters Company. She took some training at Denton, Texas at Texas State College for Women and was then transferred to Dale Marby Field in Tallahassee, Florida, where she is now stationed.

Cpl. Smith is assigned to the Personnel Statistic Department in Base Headquarters where she is performing all the duties of a soldier who has been released for combat service.

Bruce Sheppard Comments On Australia

Bruce Sheppard says the Australian country is just about 20 years behind America in a letter he wrote to Ashley Lawson recently. Bruce is the son of Mrs. W. T. Sheppard and was employed at the Piggly Wiggly store before going into the army.

"Australia is more like our country than any place I've been in the way of climate and looks. In the stores you can find almost anything you want. Driving on the left side of the street is the most confusing thing that has happened to me since I have been here. I really have trouble with the turns," he continued.

PRESIDENT BENES VISITS LIDICE, ILL.

LIDICE, ILL. — Dr. Eduard Benes, President of Czechoslovakia, is shown placing a wreath on the monument at Lidice, Ill., a small town near Joliet, named after the tiny Czechoslovakian town all of whose residents were slaughtered by the invading Nazis.

Southland Boys In Service

Monday morning's train brought two letters from Wayne Whited, written July 22 and 23—the first word his parents, the J. L. Whitelys had had in over two months. He writes that he was one of the first boys to land in Sicily and among his souvenirs are 3 stars which an Italian prisoner cut from his uniform and gave him. Both of the letters were V mail, in the original form.

Mr. and Mrs. J. V. Young returned Wednesday from Bonham, where the parents of each live. The Sunday before they visited Camp Maxey where they saw their son, Kenneth, ready for active duty as M. P.—armed with a sawed-off shotgun and tommy-gun because of some disturbance in camp. They were also escorted through the different buildings and saw the Concentration Camp for Italian and German soldiers.

The two sons of Mrs. F. W. Hall of Pleasant Valley were stationed together at Camp Cleburne, La., until Pfc. Paul Hall, who is with an engineering regiment, sailed from the East Coast. Sgt. Spence Hall was also transferred to a place in North Carolina where he is attending a cooking school.

Mrs. Garth Thomas wanted to visit her husband's parents before she began work at her new job Monday of this week. So, last Wednesday she arrived on the Morning train, expecting to get a service car out to the Thomas home. Rev. O. J. Harrison took her out there but nobody was at home. Lt. Thomas is stationed somewhere in the Pacific but won't write where. His bride returned to Dallas Friday, after her second visit to Southland.

Friday a letter was received by Mrs. G. N. Smallwood from her son, Harvey H. It was written the day before they were to land but he couldn't tell his destination.

Aviation Cadet Herbert Hoover Now In San Antonio

Aviation Cadet Herbert C. Hoover and son of Mr. and Mrs. O. H. Hoover of the Graham community is enrolled in the Pre-flight school at the San Antonio Aviation Center with the latest class of 424 cadets from Texas who are now undergoing a rigorous course designed to fit them for the controls of America's war planes.

Bob Davis To Join Seabees Soon

Bob Davis, husband of the former Lyall Pickett, moved his wife and little daughter to Post and is getting them located in the old Pickett home before he reports to Williamsburg, Virginia. He will enter the Seabee Division of the Navy as Chief Petty Officer. Until recently Mr. Davis was an instructor in an NYA school at Burnet, Texas.

Avon Dunlap To Take Special Work In Oklahoma

Avon Dunlap who left here in June for the naval training base at San Diego is now in Norman, Oklahoma, according to word received from his mother this week. He was promoted before leaving San Diego to second class seaman. He will be in Norman 21 weeks and will take special work in the Aviation Maintenance school there. His new address is: Edgar Avon Dunlap, S2-c, USNATTC, A-M School, Brks, 79, Norman, Okla.

To the Britian a spark plug is a "sparkling plug" and a plane's landing gear is called its "under-carriage."

Fathers To Be Reclassified

Fathers 18 to 37 years old, with children born before September 5, 1942, will be reclassified to make them available for induction into the armed forces after October 1. Fathers will be drafted only when it is necessary to fill a local board's quota, they will be called without distinction regarding the number of ages of their dependent children. Those who are "key men" in agriculture or essential industry will be deferred, and those whose induction would cause "extreme hardship and privation to their families" will be deferred.

Honorable Discharge Buttons

An honorable discharge from the army during the present war will be signified by a lapel button, the War Department has announced. Both men and women, whether officers or enlisted personnel, will be eligible to wear the button if they hold an honorable discharge.

NO BUSINESS FAILURES IN TEXAS DURING JUNE

Establishment of 22 new corporations—and not a single commercial failure—marked the business scene in Texas during June, the University of Texas Bureau of Business Research reports.

The bureau's figures on commercial failures showed only 9 firms have gone into bankruptcy during the first half of 1943, compared with 92 during the first six months of 1942.

For the first half of 1943, a total of 169 new firms have received charters to operate in Texas representing \$3,654,000 in capitalization, compared to 449 new concerns capitalized at \$4,780,000 chartered in the first six months of 1942.

In the first 12 months of World War I, only 376,000 troops were transported to overseas battlefields. In the first 12 months of this war Allied vessels carried nearly 900,000 troops.

Southland News

Mrs. Marvin Truelock, Correspondent

Only half of the new hymn books for the Baptist church had arrived by Sunday morning. As books also are being rationed, the order had to be sent from Dallas to Nashville, Tenn. Large crowds are enjoying the sermons of the visiting evangelist, Rev. Charles Cobb of Summerville.

The pastor, Rev. O. E. McGaw, has charge of the Booster Band. Sunday evening at their second meeting, there were 19 present.

Friday evening, Aug. 20, the Church of Christ revival will begin. Bro. S. D. Luffen, the pastor, who resides at Graham, will do the preaching. Brother Luffen became pastor of the local church soon after Christmas.

Rev. E. C. Armstrong leaves Wednesday of this week as evangelist for a meeting to begin that evening in his old home church at Nolan, where he began preaching. Mrs. Armstrong will accompany him to that place.

Congratulations to Mr. and Mrs. Dayton Crawford of Harberville. Their 7th son was born at Slabin hospital Sunday night.

Mrs. W. H. Fletcher, a former resident who now lives at Plainview, came Thursday afternoon to visit her daughter, Mrs. Marvin Truelock, and Grady. They were Sunday dinner guests of the S. M. Truelocks.

Thursday evening the new school superintendent, J. P. Hewlett chaperoned a group of young people to a picnic at the Roadside Park. Weiners were roasted and pickles, mustard, potato chips, coles, ice cream and cookies were served to Billie Van Leake, Jimmy and Janey Morris, Bobbie and Mack Field, Polly Stotts, Don Max and George Jackson.

Mrs. F. W. Hall and son, F. W., Jr., spent Sunday in Lubbock with her sister, Mrs. W. C. McCelvey and her daughter, Mrs. Ed Saunders.

Saturday afternoon Mrs. John Irwin and family attended the funeral of her cousin in Lubbock. The deceased had been suffering for several months with a stroke of paralysis.

Mr. and Mrs. Ronald Weaver and children of Lubbock spent Sunday here with his parents, Mr. and Mrs. C. A. McArthur.

Carolyn Walker spent last week in Lubbock with Edith Corley.

Mrs. Woodrow Truelock and daughter returned home to Fort Worth, after spending several weeks with her parents, the A. F. Davises and other relatives here and at Post.

Lena Mae Samples killed a rattlesnake Monday morning, the fourth to be killed near their home in the last few weeks.

Mr. and Mrs. Carl Rains and children of Barnum Springs attended church here Sunday and were dinner guests of the John Irwins.

Mrs. Boone Pennell of Canyon Valley visited the Donald Pennells Tuesday.

Mr. and Mrs. Robert Pennell and baby returned Sunday from a week's vacation visiting relatives near Post and fishing at San Angelo.

Mrs. Rayburn Bue of Leander spent from Friday to Sunday with her sister-in-law, Mrs. Alvin Dudley.

Mr. and Mrs. Luther Jones and children came Sunday from Sunday to visit her brother, Elmer Watson and family. Their daughter, Denna who formerly attended school here, stayed for the whole week. Another cousin visiting Inez Watson is Vera Smoot of Fruitvale.

V. A. Hartman arrived here this week to make his home with his mother who moved back to Post several weeks ago.

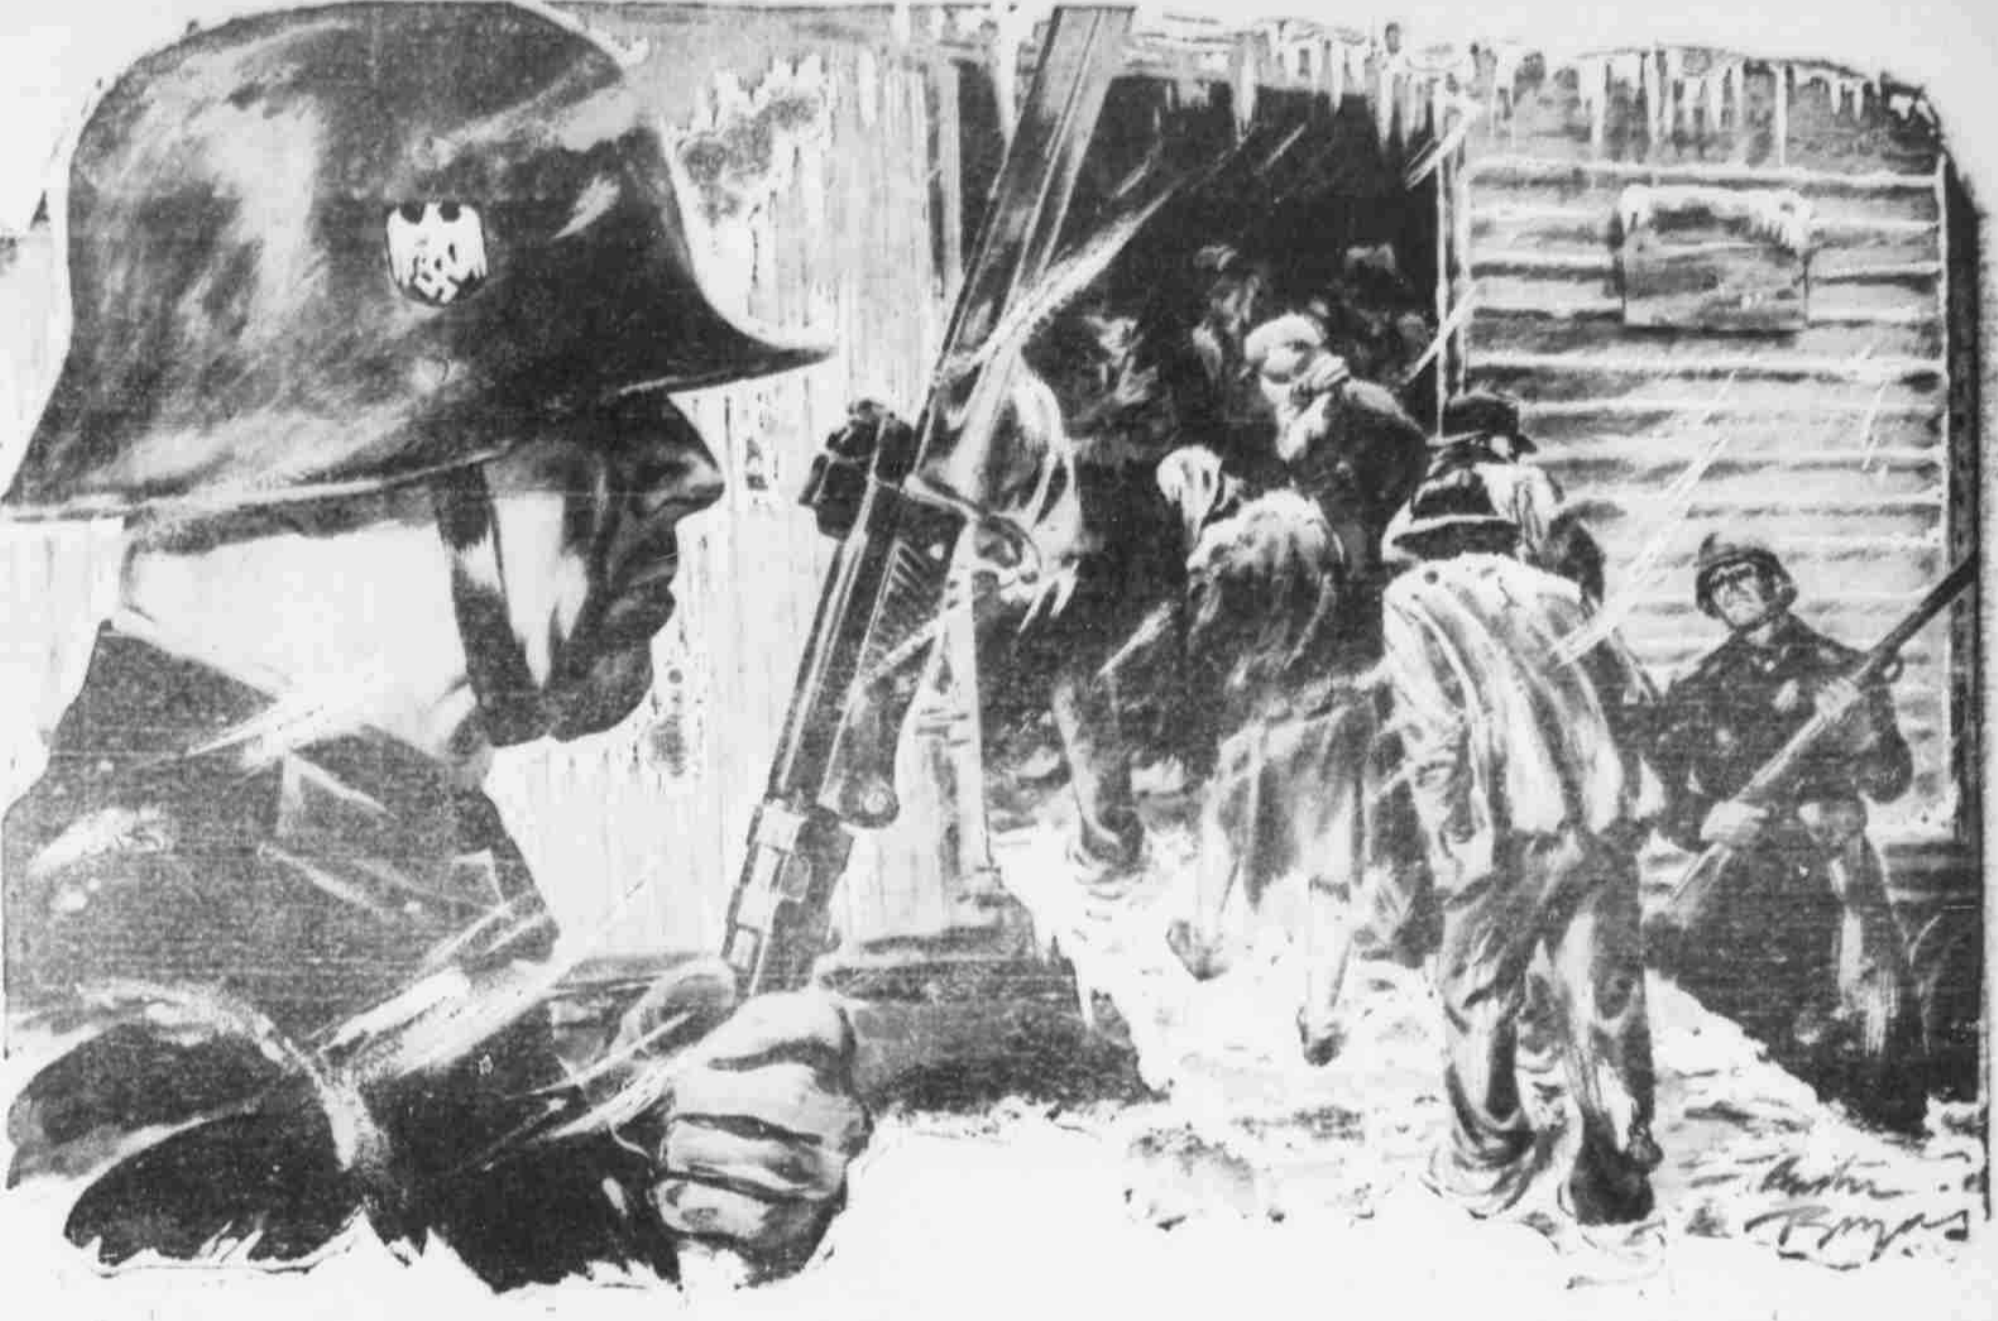

Mrs. W. R. Grasher and L. V. Dession have returned from Carbondale, Ill. where they visited with their sister who is quite ill.

No second chance...no other choice

FOR THOSE WHO FALL and freeze on the lime-covered floors of the cattle cars that carry them to German labor camps—there is no other choice.

For the little children of Tepelini and Salonika and Athens who wait with swollen stomachs for the food ship that never arrives, there is nothing else to do—but wait.

For the Russian peasant with no choice but to burn his home before the Nazis reached it; for the Chinese of Nanking who suffered the terrorism of the Jap; for all of those in

nameless graves and numberless cells—for all of them—there was no second chance, no other choice.

But for you—a choice still remains. For you—among all the peoples of the world, the road to freedom is still clear.

Never before have we been able to measure the price of freedom for ourselves and our children in such tangible terms. Will you help to keep the road to freedom open? Will you invest—all you can—in War Bonds?

It's not so much to ask. Many of us are

making more money than we have for years. The things we'd like to buy with that money are scarce—or unavailable. So, we're asked to loan money at good interest—\$4 for every \$3 when the Bonds mature. Money to help pay for the war—keep prices down—provide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are you're already in the Payroll Savings Plan—buying War Bonds—doing your bit. But don't stop there. Raise your sights! Do your best!

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

BOOST YOUR BOND BUYING THROUGH THE PAYROLL SAVINGS PLAN

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Entered at the Post Office at Post, Texas, as second class mail matter, according to an Act of Congress, March 3, 1879.

SUPER AVIATION REQUIREMENTS

A modern airplane can flash across a state in minutes and across a continent in hours. After the war there will be thousands of use liners operating, instead of a few hundred. Commercial aviation will be an international industry. The Lea-Bailey Bill, now before Congress, would modernize Federal legislation affecting aviation. Unless air regulation is uniform, development of the aviation industry will be stunted.

Airlines, because of their interstate character, are already operating under Federal regulation in many respects. Commenting on the value of such regulation, the New York Times says there could be no more dramatic illustration of the need for it than the major operation which had to be performed in our transportation system about a year ago. Due to the peculiar relationship of the system to the national defense it became necessary suddenly to mobilize the industry, to reduce by nearly 50 per cent the number of planes in common-carrier service, and to set up a nation-wide and even world-wide network of

SECRECY IN SHIPPING

The longshoreman loading an American merchant ship in a domestic port inserts the slightest slip of the vessel's destination. The crew, officers and cargo find the loads are only marked with code letters which mean Ireland, Australia or Sicily.

Furthermore, the boxes have distinctive color markings so that illiterate natives are enabled to discharge the cargoes. They'll recognize the bands and stack all similar cartons in the same pile—special operations for the Army. This required a drastic readjustment in common-carrier schedules throughout the nation, a change in routes, a reshuffling of stops, and even changes in rates. Yet it was accomplished smoothly because the entire system was subject to only one law administered by only one agency.

In addition to regulation, the Lea-Bailey Bill provides for compensation for property, or for loss occasioned through Federal airport zoning, and for cooperation with local authorities, thus recognizing individual and states' rights in Federal legislation.

Our Merchant Marine

The Ice Trade

Frederick Tudor, 20-year-old mercantile genius, in 1805 sent a cargo of ice from Saugus, Mass., to Havana. By time of arrival his cargo had turned to water!

Undaunted, Tudor blanketed his ice with white pine sawdust, thereafter sold ice regularly to British West Indian planters, and to New Orleans, Charleston and Savannah.

By 1833, Tudor was selling New England ice to British merchants in Calcutta. Ice revived dwindling India-American trade.

The Ice Trade flourished for seventy years. Up to the invention of ice machinery in 1875, New England ice was sold in every sizeable tropical and subtropical city.

American steamship companies have replaced the old Ice Trade with fleets of modern refrigerated ships now carrying perishable goods to all our fighting fronts.

THEY KEEP SAILING

When the British armies were being hard pressed in the Middle East, American ships were asked to volunteer for the duty of carrying 300 heavy tanks and one hundred 105-millimeter howitzer mortars to the battle front. Shortly after the convoy sailed, one of the six ships was sunk by enemy action. A faster vessel, then lying at a New York pier awaiting another cargo, was commissioned to take aboard a similar cargo such as that carried by the five remaining ships. The vessel got away quickly and sailing without escort, overtook the convoy in time to discharge her cargo in turn.

Views of Neighboring Editors:

The Texas Spur—It is irritating to farmers to be informed by statisticians that agriculture is making a financial killing out of the war. If the statisticians would leave the city long enough to look at the way a farmer must try to operate under present conditions, they would go back and toss their statistics out of the window.

For example, a lot of ballyhoo has been published about the "flood" of men going back to the farms. One dairy farm was recently subjected to the flood—at seventy-five cents per hour per man. Two men, one a civil engineer professing to help the farmer in a pinch during harvest time, the other an ex-stevordore looking for easy money, went into the field to load hay. At the day's end they had arrived at the barn with one load. Two other loads had been dumped by the wayside, one through the front door of a grocery store. They were paid off. Net results: Twelve dollars in labor costs for a couple of tons of hay. This is merely a sample. But it shows why the country is going to go hungry if the pencil pushers that make the rules don't quit writing fairy tales.

Fort Worth Star-Telegram—"Success isn't money or power or title or fame.

"Success is happiness, health, the enjoyment of the things you have rather than hunger for the things you crave that are beyond your reach.

"Nervous trouble is often nothing but unhappiness, worry, discontent, disillusion, frustration.

"And above all, nervousness quite frequently is just fear—conquer your fear and you have conquered your nerves."

That's what the neurologist said—and he charges \$25 a visit.

Exchange—Newspaper war-maps in each successive edition show the United States and her allies closer to victory. Pardonable pride expands the chest of every patriotic American. But there is even better news: Our national freedoms for which the choicest men of this nation are fighting seem less in danger than for many months. Congress, the legal and traditional custodian of national welfare, is wide awake.

Useless, non-defense, federal bureaus are falling before congressional fire like cast-iron ducks in a shooting gallery. The WPA and the CCC are gone. The NYA has the rest of this year and what's left of \$3,000,000 to liquidate.

Rotary Directors Meet In Session Monday Night

Among the matters of business that occupied the directors of the Rotary club Monday night when they met in regular session was the selection of the date for the annual Teacher-Trustee-Rotary Ann banquet September 28 was chosen as the most advantageous date for the affair which is always looked forward to with anticipation by the club members.

It was decided also at the meeting to have material printed for the regular weekly issue of "The Branding Iron," Rotary paper. J. A. Stallings, editor of the paper, will complete arrangements.

Directors met in the home of Mr. and Mrs. Jack Martin. Following the meeting, a delicious watermelon feast was enjoyed in the yard of the Martin home. Martin is secretary of the club.

Johnson-Sharp Vows Are Read In Vernon Tuesday, July 20th

Word is received here from Vernon of the marriage of Miss Winolee Sharp, daughter of Mr. and Mrs. F. H. Sharp of that city, and Lt. John Lynch Johnson, son of Mr. and Mrs. J. T. Johnson of Auburn, Ala. The ceremony was read Tuesday evening, July 20, at the home of the bride's parents, with Rev. E. S. James, pastor of the First Baptist church in Vernon, reading a single ring ceremony. Miss Sharp formerly lived in the Pleasant Valley community and attended school there.

Preceding the ceremony Miss Mabelle Burleson of Meadow sang "O Promise Me," accompanied by Mrs. E. S. Miles of Berger, who played the traditional marches.

The bride wore a two-piece powder blue sheer street length dress with brown accessories and an orchid corsage.

A reception followed the ceremony and Miss Fern Smith of Big Spring, classmate of the bride at Texas Technological college, presided at the two-tiered wedding cake and Mrs. Wayne Owen of Vernon poured punch.

Mrs. Johnson was graduated flying from the home economics division at Texas Technological college in Berlin, 1941 and taught homemaking at Tokyo Meadow High school for two years. For the last five months she has been working at the Lubbock-Southwestern Oil and Refinery company in Corpus Christi.

Lt. Johnson is a former student at Alabama Polytechnic institute at Auburn and at present is stationed with the Army air corps at Reno, Nev.

McBride Home Is Scene of Club Party Last Thursday

The Graham Homemakers club met on Thursday afternoon, Aug. 5th with Mrs. Lucille McBride with Mrs. Nona Lusk as co-hostess.

There were fifteen members and three visitors present. The afternoon was spent in visiting.

The next meeting will be with Mrs. Alma McBride on Thursday afternoon, Aug. 19th.

Lucille McBride and Nettie Seay were appointed to get up the program for this meeting.

Lovely refreshments were served to the following visitors and members: Mother Mitchell, Jaunice Fluitt and Sadie Morris were visitors. Members were: Nettie Seay, Dora Redman, Viva Davis, Rene Fluitt, Iris McMahon, Myrtle Cox, Naomi Norman, Mae Norman, Pearl Wallace, Johnnie Wallace, Ada Mae Tucker, Myrtle Hoover, Lucille Fluitt, Naomi Morris, Lola Peel and the hostess. —Reporter

Stephens-Kelly Wedding Rites Solemnized

Announcement is being made of the marriage of Miss Nadine Kelley, daughter of Mr. and Mrs. C. C. Kelley of Stanton, to Lt. J. W. (Jubby) Stephens, Jr., son of Mr. and Mrs. J. W. Stephens of Lubbock and until recently of Post, in a double ring ceremony which took place recently.

The bride wore a dusty rose suit with navy accessories.

Mrs. Stephens is a graduate of Stanton High school and Draughton's Business college, and for the past year and a half has been employed by the West Texas Recruiting and Induction office in Lubbock.

Lt. Stephens is a graduate of Post High school and received his commission at Pampa Army Air field on July 29.

Attending the ceremony were the bridegroom's parents and sisters, Misses Allene and Gene Stephens, Miss Alice Evans of Jackshorn, Texas, Misses Frances Clay and Arnatta Stovall, Lt. and Mrs. Bob Schneider, and Lt. John Sedaj all of Lubbock.

After a few days visiting friends and family in Lubbock the couple left for Fort Worth where Lt. Stephens is stationed.

Mary Evelyn Nease Entertained With Farewell Party Mon.

Miss Mary Evelyn Nease was honored with a formal dinner party Monday night when Miss Hazel Louise Cash was hostess at the home of her mother, Mrs. Esma Cash. The honoree left Tuesday morning with her parents, Mr. and Mrs. Frank Nease, for Plainview where they will make their home.

Summer flowers in an artistic arrangement formed the attractive center piece for the dining table from which a three-course dinner was served. Places were marked for the following: Miss Nease and Misses Betty Williams, Billie Baker, Kathryn Childers, Melba Miller, Johnnie Ruth Cato, Betty Jane Travis, Zora Ann Outlaw, Mary Margaret Darkworth, and the hostess.

Zora Ann Outlaw gave a short resume on the events of the past that made Mary Evelyn's life here an integral part of the group present and Betty Jane Travis gave a toast to the future Betty Williams presented several favorite piano selections.

Following the dinner party the group attended the show.

Former Post Girl Married On Aug. 1 To Lieut. Davidson

Miss Edith Lee Miller, daughter of Mr. and Mrs. J. H. Miller of Post and great granddaughter of Mrs. M. R. Nichols of Verbena community, was married in Dallas Sunday morning, August 1 to Lieutenant Junior E. Davidson of Muskogee, Oklahoma. The ceremony was performed at the First Baptist church with the Rev. A. A. Dulaney officiating.

Summer flowers of bright colored phlox, pale pink tamaric, althea and resurrection lilies decorated the altar.

The bride, who has visited in Post numerous times, was gowned in a two-piece light weight wool frock of deft blue with which she wore a small brown veiled hat and brown accessories. Her shoulder bouquet was of pink rosebuds and she wore an old bracelet that belonged to her aunt, Miss Nichols, of Post who was present for the ceremony.

Present for the wedding were Mr. and Mrs. J. H. Miller, parents of the bride, Miss Peggy Miller, the bride's sister, her aunt, Miss Nichols of Post, and a niece, Billie Nichols.

The bride was reared in Dallas and attended McMurry college in Abilene, Texas. The groom was reared in Muskogee and was graduated at RAAF on June 22.

The couple will reside at Virginia Inn.

Miss McRee Buys Home In Post

The small cottage belonging to John Herd, next door to the home of Dr. and Mrs. B. E. Young, was bought this week by Miss Lillie McRee. The deal for the property was closed Monday, it was understood, Miss McRee, who will teach in the Post schools this year, will move in very soon.

Mr. and Mrs. Elmer Long attended to business in Lubbock Monday afternoon.

Farmers Urged To Have Cattle Bangs Tested

There are two ways the farmers can use in getting their cattle tested for Bangs disease: are: the Brand and Slaughter Method and the testing by a veterinarian. With the Brand Slaughter Method the farmer must fill out an application which can be obtained from County Agent, making application to the Texas Livestock Sanitation Commission. This commission send a veterinary to check cattle free of charge. In this application you agree to all rules and regulations set up.

VICTORY HINTS

Try this for a gelatin salad: Use grapefruit juice for half the liquid called for. Mold in ring shapes. Chill until firm. Unmold on lettuce and center with avocado, fruit or tuna-celery salad mixed with boiled salad dressing or mayonnaise.

Peanut butter mixed with buttered crumbs makes a good stuffing for apples to be baked. Serve warm with cream for dessert.

For an extra treat, cover a broiled slice of ham with sliced oranges, the last 5 minutes of the broiling time. The orange juice gives a good flavor to the ham and the browned oranges add a garnish touch which sets up appetite-appeal.

For a quick dinner or supper heat hard-cooked eggs in canned tomato soup (low in ration points) and serve over hot boiled rice, noodles or macaroni. A top layer of grated cheese "ups" nutrition if you can spare the cheese or ration points.

Raisins or dates put into lemon or orange gelatine give a nutritious patriotic dessert. Serve plain or with cream.

Corn sirup can be used in place of sugar (the same amount in raisin sauce to be served hot or cold with ham).

Rationing Of Home-Canned Foods

Each person in your family may give away as much as 50 quarts of home-canned food during any calendar year without collecting ration stamps. Any food which is sold does not qualify as a gift, however, and points must be collected for all sales at the rate of eight points per quart (4 points per pound). Home-canned food contributed to school lunch programs and similar services is included in the 50 quarts. More than 50 quarts may be given away provided ration stamps are collected for all gifts exceeding that number. The stamps should be turned in to your local ration board.

Mrs. J. E. Parker To Replace Mrs. Nease As P-TA President

At a special called meeting of the Parent-Teacher Association Mrs. Frank Nease, who was elected president last spring for the new term to begin in September, tendered her resignation since she is moving this week to make her home in Plainview. Mrs. J. E. Parker was elected to fill the vacancy left by Mrs. Nease's resignation.

In electing Mrs. Parker president, the body had to make other changes in the officer personnel as Mrs. Parker was serving as program chairman. Mrs. D. C. Williams was named program chairman to replace her. Mrs. R. C. Tennison was named music chairman in the meeting and a number of other matters of business were completed.

More Woolens For Civilians

Several million men's mackinaw and Melton work jackets, children's legging sets, blankets and other needed items of men's, women's and children's apparel will be added to the civilian supply this winter as a result of a program arrived at jointly by WPH and the War Department. Army procurements in some of the principal warrented and woolen products will be reduced by 50 percent during the last four months of this year.

Mrs. Otto Reinhold left a few days ago for her home in Shipor, Texas after spending two months in the home of her daughter, Mrs. Wm. Zetzman, and Mr. Zetzman.

TEXAS DAIRY PRODUCTS CONTINUE TO BOOST OUTPUT

Texas dairy farms and dairy products manufacturers continue to boost their output, even though bulk of these products go to the army rather than to civilians.

Output of creamery butter was 8.4 per cent higher than in June, 1942, and totaled 4,275,000 pounds.

There are more than a hundred commercial airplane landing fields in Alaska.

A crocodile on land describes a large circle when turning because his body is semi-rigid.

PRISCILLA CLUB

Mrs. Victor Hudman will have the Priscilla club Friday, August 13, at 3:30 p. m.

Sunday dinner guests of Mr. and Mrs. C. W. Gindorf, Sr. were Rev. E. N. Roth of Winters, Rev. E. Herber of Wilson, Mrs. Oscar Nelson and children of Gordon, G. Voigt and daughters, Marie and Edna, of Morgan.

Texas building permits for the first half of 1943 are down 64 per cent below figures for the first six months of 1942.

One of our every two families have at least two workers. Figure it out yourself how much beyond 10 per cent of your family income you can put into War Bonds every payday.

'Tarzan Triumphs' At Garza Theatre Sunday - Monday

'Tarzan Triumphs,' first of a new series of films produced by Sol Lesser and starring Johnny Weissmuller, far surpasses its predecessors from the standpoint of thrills, romance and human interest.

In this picture, Weissmuller has two novel experiences. First he counters the dangers of modern warfare, secondly he has a new leading lady, lovely Frances Gifford, who portrays 'Zandra,' a beautiful jungle queen.

Meeting with his usual jungle hazards, Tarzan gets an additional taste of danger when he witnesses the invasion of his African realm by German parachute troops.

Soft Drink Bottle Drive Being Staged By Orange Crush Co.

There is a big demand for empty soda water bottles, according to Happy Smith who was in Post Saturday checking with local merchants and dealers in regard to collecting empties from their patrons.

A recent order has been issued that no more bottles will be manufactured until March of 1944. This makes it necessary for distributors of bottled goods to make a plea to all consumers to turn in their empties.

'By returning all these strays you'll help conserve vital materials, machinery and manpower needed for the war effort,' Smith said.

Musical Program Given At Rotary Club Tuesday

The Rotary club enjoyed an outstanding program Tuesday. After disposing of the usual preliminaries, President Presson introduced Miss Mae Weakley and she in turn presented Mrs. Harvey Herd.

Mary Margaret, a talented young pianist, entertained the club with a medley of familiar tunes, following with 'Pass Me Not' and 'Le Secret.' Miss Weakley, at the piano, accompanied Mary Nell as she sang three snappy songs.

Kendall Young of the Balla club, was a welcome visitor.

Notice To The Public

Notice is hereby given that a public hearing on the County Budget of Garza County, Texas, will be held at the Court House thereof at Post, Texas, on the 18th day of August A. D. 1943, from 10:00 a. m. to 4:00 p. m.

Vegetable ivory taken from the tusks and is widely used in making buttons.

ON TO BATTLE

SOLOMONS AREA—U. S. Photo—Steaming noiselessly and in formation over South Pacific Waters, this U. S. Navy Task Force heads toward the Kolombangara area.
