BAIRD COYOTES DEFEAT ABILENE BEAR CATS

The Baird Coyotes kept their undefeated record Sunday, by defeating the Abilene Bear Cats by the count of 5 to 4. The game was nip and tuck all the way and was not decided until the ninth, when Jessie McIntosh hit a linedrive to left center which went for a home run.

The Coyotes were out hit by the Bear Cats but they made their hits when they were needed. Bryan Bennett on the mound for the Coyotes, was in trouble several times but managed to pitch out of it. The Coyotes were able to get only four hits off of the delivery of Bankes and Evans.

Jessie McIntosh was the hitting star of the game with a home run and a triple. Joe McIntosh another of the house of McIntoshes also collected a home run while R. Ray connected for a triple. Both teams fielded sensationally although they each made two errors.

There was a nice crowd out to see the game and we do not believe there was anyone who regretted giving twenty-five cents to see a ball game like that one.

Next Sunday the Coyotes will play the Dub Wooten team of Abilene. This was formerly the West Texas Utilities team of Abilene. They have not been defeated this season so lets all be out and help the Coyotes give them their first defeat.

First Inning

Abilene: Clay first up, grounded out to R. Ray unassisted. Childress flew out to H. Ray in center. Hodge singled to left. Leverett hit a home run scoring Hodge ahead of him. Hampton struck out.

Baird: Young went out to Bankes to Faulkman. H. Ray walked. Ivy hit into a double play Bankes to Childress to Faulkman.

Second Inning

Abilene: Moore doubled to right and took third on a passed ball. Faulkman flew out to short left, no advance. Jeter struck out. Bankes popped out to R. Ray.

Baird: Joe McIntosh went out Moore to Faulkman. McQueen was safe on an error by Childress, and went to second on a pass ball. He was caught off second Bankes to Childress. R. Ray tripled to right center. E. Hall was out Moore to Faulkman.

Third Inning

Abilene: Clay flew out to H. Ray in center. Childress and Hodges struck out.

Baird: Jessie McIntosh was safe on an error. Bennett was also safe on an error. Young flew out to short left, no advance. H. Ray struck out. Ivy was out Childress to Faulkman.

Fourth Inning

Abilene: Leverett popped out to Young at third. Hampton went out Ivy to R. Ray. Moore walked. Faulkman went out McQueen to R. Ray.

Baird: Joe McIntosh was safe on an error, and took second and third on a pass ball. McQueen went out Bankes to Faulkman. R. Ray struck out. E. Hall flew out to Clay in center.

Fifth Inning

Abilene: Jeters went out Bennett to R. Ray. Bankes went out Bennett to R. Ray. Clay flew out to H. Ray.

Baird: Jessie McIntosh struck out. Bennett popped out to catcher. Young (concluded on last page)

Scholarship Awards By Simmons University

The John Sebastian Bach Foundation at Simmons University will make annual scholarship awards to students of the 254 counties of the state May 15, it is announced by Irl Allison, director of the foundation.

Applications have been received to date by more than 300 piano students throughout Texas and Prof. Allison expects at least 500 by the date of the awards.

Only students of talent and limited means whose high school records, both in music and literary work, will be considered, the director further stated.

The foundation was established last year. The awards give the students full scholarship in piano at Simmons and make it possible to hold scholarship throughout the four years in college. Those who have already received the awards are in fact, in the next year's decisions.

Boy Scouts Annual Jamboree

Between four and five hundred Scouts are expected to attend the fourth Annual Jamboree of the Chisholm Trail Council Boy Scouts of America, Boy Scout Camp near Buffalo Gap, May 8 and 9. This field meet of scout activities is growing more popular each year and although competition is keen there is a great display of clean sportsmanship.

Scout Executives A. C. Williamson, Sweetwater; and G. N. Quirl, Eastland; will assist President Stinson and the Chisholm Trail Council Committee. Cool drinking water will be furnished the Scouts and extra tents erected as a precaution against inclement weather.

The public is invited to attend the Special Court of honor ceremony 8:00 P. M., May 8 and to remain throughout the day of May 9th.

Troops will draw for camp location at 4:30 P. M., Friday afternoon May 8, set up camp, cook supper and be ready for the special Court of Honor and Council Fire ceremony at 8:00 P. M.

Troops that remain over Sunday will conduct a sunrise religious service May 10th, however, the Jamboree officially closes at 6:00 P. M. May 9th.

COUNTY SCHOOLS CLOSING

County Supt A. L. Johnson informs us that several of the schools in the county have closed for the term, including Cottonwood, Union, Dressy, Rowden, Caddo Peak, Atwell, Cedar Bluff, and Lanham.

Schools that close this week are Eula, Oplin and Denton.

Mr. Johnson says all schools have completed full contract terms and in one or two instances have run two or three weeks over. All county schools have done splendid work and the outlook for the next school term is good. The personnel of the school faculties throughout the county is practically the same as this year.

Oplin is working on the proposition of affiliation for the coming term.

GRADUATION EXERCISES OF B. H. S.

Friday May 22nd has been set as the day for graduation exercises of the Baird High School. An excellent program is being arranged which will be published next week.

Camel Winners To Be Announced

Prize winners in the Camel cigarette \$50,000 cash prize contest will be announced next week, officials of R. J. Reynolds Tobacco Company, said today.

The contest judges and their staff, who have been carefully reading the approximately 1,000,000 entries, have completed their work, the announcement stated, and plans are now being completed for the actual awarding of the checks.

Thirty-eight prizes, including a first prize of \$25,000, are to be awarded for the best letters on how the new cellophane moisture-proof wrappers on Camel cigarette packages benefit smokers. Second prize will be \$10,000 and third prize \$5,000. There will be five awards of \$1,000 each, five awards of \$500 each and 25 awards of \$100 each.

Judges of the contest are Roy W. Howard, chairman of the Board of the Scripps-Howard League of Newspapers; Charles Dana Gibson, famous artist and publisher of Life Magazine, and Ray Long, president of the International Magazine Company and Editor of Cosmopolitan.

Tom Connellee Died In Baylor Crawford Fort Worth Saturday

Tom Connellee, 65, died in Fort Worth last Saturday afternoon, his death coming rather suddenly from a heart attack.

Funeral services were held at Ft. Worth Sunday afternoon at the Ft. Worth Undertaking Co. chapel, by Rev. D. F. McConnell and the body was then brought to Eastland, the old home of the deceased for burial by the side of his first wife who died in 1894, services being held at the Methodist church by the pastor Rev. George W. Shearer.

Tom Connellee was born in Kentucky in 1866, and came to Texas when a young man. Mr. Connellee was for a number of years a conductor on the Texas and Pacific Ry. running into Baird, where he was well known and where he had many warm friends who are made sad by his death.

In 1918 when the oil boom came and oil was discovered on his farm near Eastland he moved to Eastland to look after his interests there and later moved to Fort Worth, where he had considerable business interests, his home being at 318 West Broadway in the Belvedere Apartments, which he owned.

Mr. Connellee was a member of the Knights of Pythias and the Dramatic Order, Knights of Khorassan. He was a nephew of the late C. U. Connellee veteran newspaper man of Eastland who was referred to as the "founder of Eastland." Mr. Connellee was married a second time. His wife a son and daughter, Ernie Connellee and Mrs. Dixie Williamson, by his first wife, survive him. The son and daughter live in Eastland.

He is also survived by an only grand-child, little Miss Alma Williamson, also one sister, Miss Lucille Connellee, of Fort Worth.

Tom Connellee was a good man in the full meaning of the word. He was kind hearted and charitable to a fault always finding a real pleasure in giving help to those in need.

Mr. and Mrs. Lee Estes, Mrs. Fred Estes and little daughter Betty Jane, and Miss Eliza Gilliland from Baird attended the funeral.

PUTNAM BOY SCOUT TROOP NO. 17 MET APRIL 30.

Troop No. 17, Chisholm Trail Council, of Putnam, held a troop meeting Thursday night, April 30th and four new members passed their tenderfoot tests and are now officially registered. The boys names are: J. W. Brandon, Dolphina Hull, J. O. Curry and Aubrey Maxwell.

We now have more than a full troop and expect to organize another one in the near future.

Two County Church Hold Meet at Cross Plains

An all-day meeting for representatives of Methodist churches in Callahan and Shackelford counties was held yesterday at Cross Plains, with the Rev. M. S. Leveridge of Baird presiding. He also led the devotional service.

Problems relating to Church and Sunday School organization and administration were discussed. The Rev. E. E. White, first speaker on the morning program spoke on the organization and function of board of Christian education in local churches.

C. C. Armstrong discussed activities in the adult division of the church and Mrs. Burl Wheeler of First church, Abilene discussed the young people's division.

An evangelistic address was given by Dr. J. H. Hamblen, First church pastor.

Other speakers were the Rev. Cecil Fox of Putnam, the Rev. G. C. Williams of Dressy, the Rev. Raymond Van Zandt of Clyde, and the Rev. C. H. Ledger of Moran.

The Woodley Petroleum Co. have made some changes in their working force at Belle Plain. Edgar Langston has been transferred to Cross Cut, and he and Mrs. Langston left for that place Tuesday. Ray Clemmer, John Fuller and Horton Murray have been transferred to Kilgore, the new field in East Texas, and left the latter part of last week for that place. Their families however will not go for a while yet.

Baylor Crawford Pioneer West Texan Dies at Abilene

Baylor Crawford, native West Texan, old-time cowboy, died in Abilene Tuesday morning following a short illness from heart complications following a stomach and intestinal ailment.

Funeral services were held at the home, 408 Mulberry St., in Abilene, Wednesday morning at 10:30 o'clock, conducted by Rev. J. Richard Spann, pastor of St. Pauls Methodist Church, assisted by Rev. F. S. Knox, pastor of the Presbyterian Church, and burial made in a local cemetery.

Mr. Crawford was taken ill at San Angelo Wednesday of last week, while attending Federal court there. He returned to his home in Abilene Saturday and on Sunday became seriously ill, he was carried to the Alexander Sanitarium where he died Tuesday morning.

Federal district court which is in session at Abilene was closed all day Wednesday in respect to Mr. Crawford. The 42nd district court at Abilene and the 104th district court at Anson, adjourned during the hour for the funeral.

Baylor Crawford had been a resident of Abilene since 1892.

Mr. Crawford served as deputy sheriff of Taylor county under J. V. Cunningham, having immediate charge of the tax collections at a time when that was part of the sheriff's duties. When the offices was divided in 1902, Mr. Crawford was elected Taylor county's first tax collector and served in that office for twelve years. He received an appointment as deputy United States Marshall under Bill McDonald, in the Wilson administration, and had served continuously in that capacity through each successive administration. He was one of the best known officers in West Texas and numbered his friends by the thousands.

Baylor Crawford was born in Palo Pinto county, December 26, 1863, the son of A. L. and Amelia Crawford, Kentuckians. They settled in Palo Pinto county near Crawford mountain, which was named for them. The youth left Palo Pinto county at the age of 16 years and went to Stone-wall and Fisher counties, where he worked on the Jesse Hitson ranch for several years. In 1892 he came Abilene and in 1893 was married here to Miss Ora Edwards, daughter of the late C. C. (Lum) Edwards.

Besides Mr. Crawford's widow, three daughters survive. They are Misses Ruth and Quay Crawford of Abilene and Miss Pearl Crawford of Fort Worth. Two brothers, A. R. Crawford of Lubbock and Tobe Crawford of Arizona, and two sisters, Mrs. W. J. McAdams and Mrs. Kate Geddis of Amarillo, also survive him. Active pall-bearers were W. R. Keeble, B. L. Ellis, Will Daniels, T. P. Davidson, Walter Jennings and Caro Russell.

Honorary pall-bearers include: Gus Ackermans, George Minter, R. W. Maxwell, John Mingus, Dr. T. S. Knox D. M. Oldham Jr., Dr. J. M. Alexander, Dr. C. L. Pritchard, Dr. J. M. Estes, C. T. Hutchison, Newt Ferguson, T. H. Simpson, Dan Laughter, Abdon Holt, C. G. Whitten, all of Abilene; Doug Campbell, Edwin Fore, J. P. Little, J. A. Feagan, M. H. Boynton, Alex Mood, Arnold Davis, Chas. F. Tucker, G. B. Buckley, Judge James C. Wilson, R. A. Hodges, A. P. Culbertson, Geo. W. Parker, N. A. Dodge, Wheeler Smith, all of Fort Worth; Walter Stokes, George Robertson, Eric Eads, E. C. Crompton, S. L. Gross, Judge William H. Atwell, of Dallas; Fred Jones, of Tuscola; W. D. Girard of Lubbock.

Judge James C. Wilson of United States district court paid tribute to Mr. Crawford:

"I have known Baylor Crawford for about fifty years. His people were among the sturdiest pioneers of Palo Pinto county where I was born. There was never a finer gentleman a better man, husband and father, or better officer than Baylor Crawford. We shall greatly miss him at the federal building."

Misses John and Eliska Gilliland, Mrs. Robert Estes and little daughters, Patty and Dorothy and Mrs. Mose Franklin attended the funeral Wednesday morning.

ANNOUNCEMENT

There will be singing at Admiral Church, Sunday evening, May 10th. Everyone invited.

HEALTH UNIT TO COMPLETE ORGANIZATION SATURDAY

HEALTH UNIT FOR COUNTY TO COMPLETE ORGANIZATION SATURDAY

A. L. Johnson, who was appointed Chairman of the central committee at a recent meeting with Dr. J. R. Mahone, of the State Health Department, informs us that there will be a meeting at the county court room on Saturday afternoon, May 9th, at 2:30 o'clock to complete the organization and begin the work as outlined in the county.

Mr. Johnson has appointed one representative in each of the 34 school districts of the county as chairman and they are to name their committees. There will also be a committee appointed in each city in the county.

Mr. Ward, of the State Health Department and Miss Judith Waller, a graduate nurse will be present at the meeting Saturday afternoon to outline this work.

Mr. Johnson says doctors of the county heartily approve of this work. This service is given absolutely free to this county and we can not afford to fail in doing our part in the campaign.

Everyone interested in this work is invited to be at the meeting at the court house Saturday afternoon at 2:30 o'clock.

With Baird Baptist

Sunday was a real busy day for us. Bro. Royce preached at Belle Plains at morning and at night and at Deep Creek in the afternoon. I went to Admiral and preached the funeral of little Franklin McCarty and then hurried home and found a large crowd having a real good time having talks from various brethren. My but I enjoyed a Sure Cure for a Bad Trouble. After dinner brother Pete Chatham and I went to Dudley. We had a fine crowd and made arrangements for a meeting, a tentative date was set for it, the 1st Sunday in August.

Back to Baird and in the night service Bro. Ralph Davis of the Simminary in Fort Worth preached and just did fine and we all enjoyed him very much.

Today, Tuesday, three carloads of us went to Cottonwood to the Workers meeting and we surely had a great time. We all felt it the best meeting we have had at all. Our visitors, which we so much appreciated, were sisters Anthony, Pierson and Scoggins, all from Abilene. Sister Anthony spoke in the womans meeting and told of her experience in conversion and the conversion of her mother. Well to say we had our hearts stirred it is to put it lightly, it was simply glorious.

The next Workers meeting will be held at Putnam on Thursday after the first Sunday in June.

Next Sunday morning we are to have our Mother's day program. Let's come in the service and do homage to our dear mothers.

At 3:00 o'clock in the afternoon I will preach at Midway. I want my friends to go and help me have a real good service out there. Our night service will begin at eight o'clock and an invitation is extended to everyone to come and worship with us.

We will not forget our big day the 15th Sunday, we want to really celebrate the church's 50th anniversary in a great way. Also we are to remember our meeting, folks, we must pray, and pray much, I tell you frankly my brothers, sisters, you are responsible for your part in the meeting and you should by all means meet that responsibility like a real man and do your duty as you know you should. We can go over the top in this meeting if everyone of us will do our part and surely no one will fail us here for it is a life and death case. The Lord is counting on you friend, the pastor is counting on you and the lost souls around Baird are counting on you. Now candidly can anyone tell with such responsibility as that upon him, surely not true hearted people who know the Lord in the forgiveness of sin will do their best now. I just know they will.

Let's cling on to the Lord for in him is strength and power. Joe R. Mayes

B. H. S. Students Off To State Meet At Austin

Four students will represent Baird High School in the 21st Annual State Interscholastic Meet at Austin, beginning yesterday and continuing through Saturday. They are Misses Verna Mae Edwards and Helen Settle who won first place in Girls Debate in the district meet at Abilene. Reeves Hickman, who won first place in pole vault and Billy Henry who won fourth place in the 440 yd dash.

The party accompanied by Miss Winnefred Camp and Mr. A. M. Coleman, coaches, left yesterday morning by auto for Austin.

COUNTY SEVENTH GRADE GRADUATION

County Supt. A. L. Johnson, informs us that the county-wide Seventh Grade Graduation exercises will be held in Baird on Saturday May 23rd, beginning at 10:30 a. m. There will be some 200 graduates.

Program and names of graduates will be given in next weeks issue of The Star.

JUNIOR-SENIOR BANQUET

The outstanding social event of every year for the Juniors and Seniors of Baird High School is always the Junior-Senior banquet. The Juniors entertained the Seniors this year on the evening of May 1, in the basement of the Methodist Church.

It was a lovely evening and everybody was in holiday mood as well as in holiday dress. Inez Hunter, the president of the Junior class, very fittingly expressed the spirit of the occasion when she quoted the following poem in her welcome to those present:

Green leaves and blossoms,
and sunny warm weather,
and singing and friendship
all go together.

The lightheartedness of youth and the gaiety of spring were expressed in the beautiful gowns worn by the girls, in the delightful table decorations and in the beautiful greenery which entwined the columns in the room and which was banked in huge baskets and vases against the wall. The colors of the Senior class were reflected in the purple of larkspur and the gold of the daisies used in bouquets on the table and in the rich purple and gold pansies used as plate favors.

A delightful repast was served by the second year class in home economics to those present while they enjoyed an equally delightful program. Inez Hunter was toastmistress on this occasion. Her hearty welcome to the guests of the evening was answered by Morris Eastham, president of the Senior class. Nina Luce sang a very pretty and very appropriate song. Harold Haley read a prophecy for the Senior class and Helen Settle read the last will and testament of the Senior class, bequeathing much valuable property to the Seniors of 1932.

Mr. Ben Russell was the chief speaker for the evening, and he made a very enjoyable talk on opportunity. The program was concluded as all Junior and Senior banquets in B. H. S. are ended, by the brief talks made by the Superintendents and the other members of the faculty.

A lovely setting for a banquet could hardly be imagined, and a more joyous occasion could hardly have been planned than this climax to our social affairs. It is history now but it will always be a happy memory.

women have agreed that a thriving city with the historic literary and cultural interests of Gonzales should be ashamed to be without a public library. There are a number of other Texas towns that should take such steps.

Lubbock Keeps Building
Announcement reaches this column from Lubbock that there is no let-up in building there, there being more than \$1,000,000 in public improvement under way and contemplated with an equal amount of private construction expected for the year. That city is also hoping to secure the Texas-Pacific railway extension from Big Spring, which only awaits favorable action of the Interstate Commerce Commission.

Fine Arts Exhibition
Bastrop has been enjoying the exhibit of Texas art, which is assembled by the Texas Fine Arts Association and sent free of charge to such places as make application for it. There is one work of the association that helps bring about a better appreciation of Texas art and artists throughout the state, and many cities and towns look forward every year to it with keen interest, a new group of pictures being assembled each year.

Improving Pecan Trees
A Brady real estate owner is having more than 500 native pecan trees top-worked to thin-shell pecans. These trees line the banks of a stream on

his place, and while they have been irregular producers of native pecans, they have not brought anything like the income that can be secured from better nuts to which they are being budded. Top-working pecan trees is being done in sections of the State.

Sheep Go To Mexico
Delaine Merino sheep are being shipped from Bexar county to Mexico for breeding purposes. The Mexican farmers are readjusting farming methods and naturally turn to Texas, one of the leading sheep growing States, for the best breeding stock.

First Radish Shipments
Upshur county—Gilmer, the county seat—has shipped its first carload of radishes from a 1,500 acreage. The county is also growing beans, Irish potatoes, squash, cucumbers and watermelons in car shipment quantities. Diversification is paying.

Increasing Membership
Nixon is not a large town, but it believes in its Chamber of Commerce. Its membership was increased 90 in a recent campaign and includes town people and neighboring farmers. The success of the Nixon organization is largely attributed to the united efforts of both town and country people in whatever is undertaken.

Distraction
To be distracted with many opinions makes men to be of least impression and full of change.—Bacon.

Offer Prize for Oldest Piece of Mohair

Have you a mohair-covered chair or sofa in your home? If so, you may be \$250 the richer for it!

This paper is in receipt of a message from the Household Science Institute, Chicago, asking for help in locating the oldest piece of mohair-upholstered furniture in the United States. The style of the sought-for furniture, its use or non-use at the present time are not important, providing it is in good condition. Its owner will be awarded \$250, and the piece itself will be exhibited with other old-time furniture during the World's Fair in Chicago in 1933.

Back of the Institute's offer is the desire of Grace Vail Gray, its director, to ascertain the longevity of mohair. It is claimed that unless deliberately injured no instance has as yet been found of a mohair wearing through.

Readers who feel that they have something of interest should communicate with Mrs. Gray at the Household Science Institute, 7 South Dearborn Street, Chicago, giving the history of the piece in mind.

Plenty For All
David Lloyd George recently told the Jewish agency at a dinner in his honor that there is plenty of room for the Jewish National Home in Palestine without rendering homeless any of its present inhabitants. He added: "The mandatory power must discharge its functions with fidelity and resolution."

But will it? There is plenty of everything in this country for everyone provided congress and the State law-making bodies will only protect the weak against the strong. The masses are being exploited by capitalistic combinations and trusts of every sort and by the unwarranted and unjustifiable accumulation of capital at the expense of the public. Laws make it possible for the rich to grow richer beyond all reason and afford little protection to others. The big business interests have become the real law makers and rulers of this country, those elected by the people merely their puppets.

Honest, But Helpless

Because they are puppets of capital, it need not be inferred that law-makers and executives are all dishonest. Most of them are honest and anxious to throw off the chains of capitalistic control, but find themselves helpless to change conditions so long as the public is so little concerned. The country needs a revolution in public sentiment that will unitedly demand opportunities for more even distribution of earnings of capital and labor, and must become so insistent in protecting the rights of all the people that National and State legislators will feel compelled to regard themselves as the guardians of those rights. After all, laws and law enforcement are but reflections of public sentiment. When there comes the necessary awakening on the part of the people there will be the needed legislative response, and not until then.

Brownsville Port Project

Engineers are at work on the survey of the Brownsville-Port Isabel port project, which will be completed in two of three months. This will be followed by contracts for construction of the port, estimated to cost between \$5,000,000 and \$6,000,000. The channel, which will reach to about four miles from the city of Brownsville, will end in a turning basin with a depth of 25 feet. The completion of this work would stimulate the vegetable and citrus industry of the Rio Grande Valley to a remarkable extent.

Brady To Celebrate

The people of Brady think that it isn't too early to make plans for the big celebration to be held July 2, 3,

County History

Students of the Kerrville High School history class are gathering data and writing historical sketches of Kerrville county, which are being published in the Kerrville Sun. These sketches are decidedly interesting and should be issued in book or pamphlet form and placed in leading libraries of the State. If some such movement could be started in every county, a wonderful amount of historical material could be gathered and preserved and it would be of great value to all interested in the history of Texas.

Texas Flowers

Texas flowers are abloom. The wild flowers are a riot of beautiful, blending colors covering fields, plains and hills. In the towns and cities the cultivated flower gardens were never more beautiful. Nature is doing her best to provide Texans with pictures pleasing to the eye, and where man has built cities that destroy the beauties of Nature, he is making atonement for that destruction by cultivating plants and flowers that vie with those of the country.

Train Loads of Smells

If there is anything unusual about the odor of the north-bound freight express trains that you meet these days don't be alarmed. In all probability those trains are loaded with Bermuda onions from the Laredo-Eagle Pass section, where train shipments are being made daily now. The Texas onion crop is eagerly expected by onion eaters in the North, who declare that it excels in delicate flavor and food value the onions from any other part of the world. The crop this year in Texas is averaging 300 bushels per acre and a total yield in excess of four million bushels is expected in the State.

Car's Interior ATTRACTS WOMEN

Upholstery May Enhance Comfort, Smartness and Ultimate Value of Car.

WHEN it comes to selecting the family automobile, a good basis of procedure is that adopted by the sight-weary American tourist who said to his partner when they came to the next important cathedral: "You do the inside and I'll do the outside." The average woman is quite content to have her husband concern himself with the body of the car, the wheelbase and general mechanics, provided she may have something to say about the inside. The car's clothing, as its upholstery may well be called, is equally important with the rest of the car, for upon it depends much of the comfort, smartness, beauty and ultimate value of the car.

In choosing the upholstery for the interior, a number of distinct features should be considered—good appearance, smart design, pleasing color, wearing quality, riding comfort, cleanliness and economy. The only material that can be depended on to embrace these important features in one fabric is velvet mohair, otherwise known as velmo, and made from the lustrous fleece of the Angora goat. Because of its original snowy whiteness, mohair can be dyed any shade, however subtle. Its lustrous sheen and soft, silky texture leave nothing to be desired in the way of beauty and luxurious appearance, while the long wearing quality of pile mohair, as contrasted with that of flat fabrics, is undisputed. A velmo upholstered car will be fresh and inviting long after the rest of the car has lost its good appearance or even given itself up to the infirmities of age. Because of the smooth surface of individual mohair fibres, discernible only under a microscope, dirt does not readily adhere to nor penetrate them, and the material

is easily cleaned with a whiskbroom or by vacuum. Actual grease or dirt spots are removed by washing with pure soap and warm water.

Easy riding, an important feature when taking long trips, is assured with mohair velvet because there is no slipping and sliding about, as with smooth fabrics, and each fibre of the pile fabric acts as a resilient spring to absorb shocks. It is easier on the clothing, too, as the reduced friction avoids rubbing and subsequent shininess.

Added to these advantages is the additional one that they all add materially to the trade-in value of the car when the time comes to get a new one. In fact, it has been conservatively estimated that anywhere from fifty to two hundred dollars' difference can be looked for in a car whose upholstery is in perfect condition and inviting to the eye.

Its owner will be awarded \$250, and the piece itself will be exhibited with other old-time furniture during the World's Fair in Chicago in 1933.

Back of the Institute's offer is the desire of Grace Vail Gray, its director, to ascertain the longevity of mohair. It is claimed that unless deliberately injured no instance has as yet been found of a mohair wearing through.

Readers who feel that they have something of interest should communicate with Mrs. Gray at the Household Science Institute, 7 South Dearborn Street, Chicago, giving the history of the piece in mind.

My Dear Mr. Powell:

Please accept my deepest sympathy in the loss of your wonderful brother, of which I have just learned.

He was truly a great man,—A man among men.

At the old Mae Hotel during the hectic oil boom days, I sat and talked to him many times until after midnight,—Became well acquainted with the real inner man and that meant to love, respect, and admire him very much. The world has too few such men.

I hope you are well.

Cordially,

JOHN R. DAWKINS

Dear Mr. Powell:

Just received the Baird Star and stating about your brother's death which I had not heard. You have my most sincere sympathy in the loss of your dear brother, which is a loss to us all, as I had known him ever since I came to Callahan county,—and how much he will be missed at Baird,—and every time I came to Baird I would meet him and always with a hearty handshake and always ask about how everything was getting along on lower Deep Creek. How I sympathize with you, as I have just a couple of weeks ago received a wire from Illinois stating my only brother had passed away. It is awful hard to give up our loved ones and Pearl and myself can sympathize with you. If I had only known it I would have come to the burial. I am sorry I did not learn of it.

Yours truly,

Dear Mr. Powell:

This morning's paper carried the news of the death of the Doctor. Having talked with you recently about his condition of course I was not surprised. I did not see anything about the funeral arrangements as our paper only had a brief notice, merely stating that arrangements were being made.

It was with deep regret that I learned of this and I know how you will miss him and I recall the years of usefulness of his life and how he will be missed by his friends as all his acquaintances were his friends.

May the continued blessings of the Giver of all good and perfect gifts rest upon you and your continued efforts for the advancement of his Kingdom.

Your friend,

Hon. T. E. Powell,
Baird, Texas.

Dear Mr. Powell:

It was with the profoundest sorrow I heard of the death of Dr. Powell. Our country has lost one of the stalwart and faithful champions of those principles of society and government that makes a nation great.

I loved Dr. Powell and I shall always revere his memory. On the next day after his death the House of Representatives unanimously adopted a resolution in his honor, as revealed in the Journal Friday, April 17th, 1931, a copy of which has or soon will be received by you.

Very sincerely,

VICTOR B. GILBERT

RESOLUTION

TO THE WORSHIPFUL MASTER, WARDENS AND BRETHREN OF BAIRD LODGE NO. 522, A. F. & A. M.

We your committee appointed to draft resolutions upon the death of Brother R. G. Powell beg to leave to report—

In the early evening hours of Wednesday, April 15th 1931, Dr. R. G. Powell quietly and peacefully departed this life and crossed to the other side. Surely his passing was as he would have it—easy, sweet and without distress, he passed on a true mason, with every confidence in his brothers and in his own essential character. A prince among his fellows he had always been; a born leader, a patient, kind and learned physician, ever exercising his powers for good. To brighten the path of life of a distressed brother, friend, neighbor or stranger was more than a pleasure to him; it was a masonic and personal privilege. Of him the brightest truthful thought must be "He lived to bless Mankind."

Doctor Powell was a true and pure man and mason. He lived a courageous and peerless man and mason. He practiced day in and day out the teachings of our noble and time honored institution. His personal sacrifice of time, energy and means in behalf of those in sickness, distress and poverty was great and he was thus actively engaged almost up to his very death. His ripe and mature judgment was golden in its nature.

The great love which he had and carried for the welfare of our city, county, state and nation was a monument to his spotless character and splendid manhood. He was twice elected as a member of the Texas Legislature, which position he filled with distinct honor and credit to the people of his district and his state. His intense patriotism made him one of the nation's finest and truest citizens.

He served and served well; he lived and lived right; he loved men for their virtues and was kind enough to tolerate their faults.

May he find rest and peace in heaven and there be crowned with jewels only befitting one of his character and the life he lived here on earth.

THEREFORE BE IT RESOLVED BY BAIRD LODGE NO. 522, A. F. & A. M., that in the death of Brother R. G. Powell, we have sustained the loss of a dear friend and brother, whose fellowship and society was an honor, privilege and pleasure to enjoy; that we give willing testimony to his many virtues; that we offer to his bereaved family and friend our heart felt condolence and sympathy.

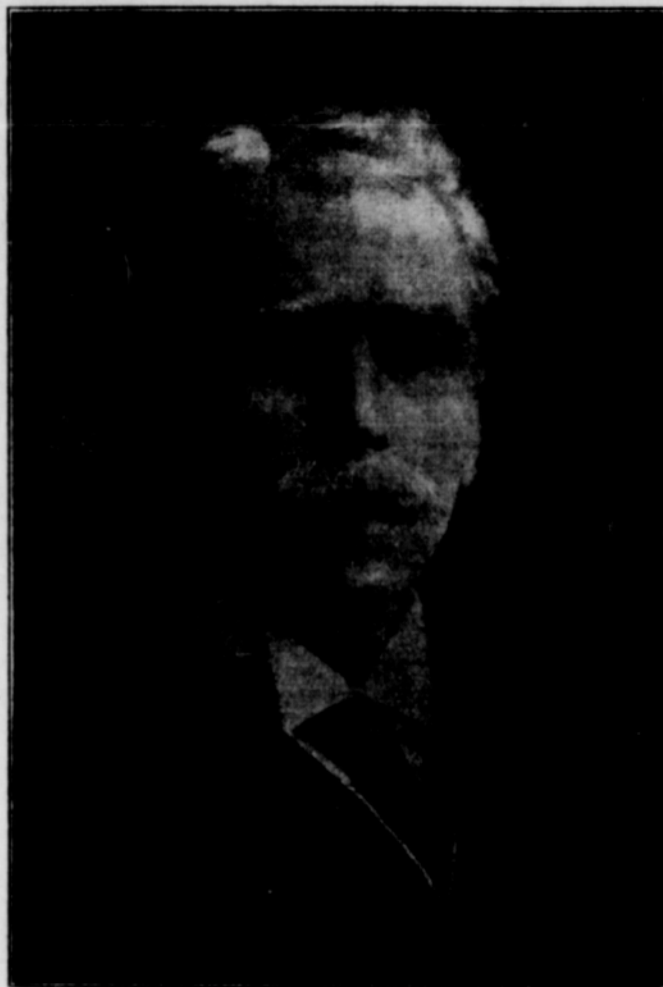

BE IT FURTHER RESOLVED, that a copy of these resolutions be presented to the family of our deceased brother, and that a copy of the same be spread upon the minutes of the Lodge as a final tribute to our noble departed brother.

Respectfully submitted,

"Farewell! A word that must be,
and hath been:
A sound which makes us linger;—
yet—farewell!"

The following tribute was written by Mr. Settle and sent to Dr. R. G. Powell some weeks ago. Mr. Settle believing in giving flowers to his friends while living.

TO DR. POWELL

I know him, and have a score of years or more,
The rich, the poor, to health he has restored;
Quiet and unaffected in this world of glooming,
The Great Physician came our ails assuming.

Through rain and storm, sleet and snow, he would go,
Just to relieve the ill, and answer the poor man's call;
To relieve their suffering and their woes,
Like the Great Physician who cares for Us All.

The livery bills and the pills, and oft his pay so meager,
Were carried to the late next harvest fall;
He well hoping waited, yet not so very eager,
And like the Great Physician, our Noble Dr. he paid it all.

In terms of wealth, your services not fully compensated,
This judgment, we vow 'll;
The joys of grateful hearts, consecrated,
To our Big-Hearted and Faithful Dr. Powell.

His many virtues, we all acclaim,
His work well-done, and never shoddy;
In deeds, and acts, and friendship,—always the same,
Like the Great Physician, he's good to everybody.

RESOLUTIONS

WHEREAS, The great and supreme Ruler of the universe has in His infinite wisdom removed from among us one of our worthy and esteemed friends, Dr. R. G. Powell, and whereas, the long and intimate relation held with him in the faithful discharge of his duties to society makes it eminently befitting that we record our appreciation of him, therefore:

RESOLVED, That the wisdom and ability he has exercised in the aid of our organization by attending services and contributions will be held in grateful remembrance;

RESOLVED, That the sudden removal of such a life from among our midst leaves a vacancy and a shadow that will be deeply realized by all members and friends of this organization, and will prove a serious loss to the community and to the public;

RESOLVED, That with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well;

RESOLVED, That a copy of these resolutions be spread upon the records of this organization and a copy forwarded to the bereaved family.

Dear Mr Powell:

I have just read in the evening paper of the death of Dr. R. G. Powell, yesterday and his burial this afternoon.

I am deeply grieved over Dr's. passing and I considered him my best friend and as I have often said the best man and citizen I have ever known.

He was so true, so chivalrous and honorable, there was none other like him.

The community has suffered a distinct loss in his passing. You and the other brothers and sisters have my sincerest sympathy. Had I known it earlier I would have been with you.

Your friend,

JOHN W. WOODS

A TRIBUTE TO THE MEMORY OF DR. R. G. POWELL

In the passing of Dr. R. G. Powell, Baird and Callahan County have lost one of its most distinguished and honored citizens, and its people an unselfish and helpful friend.

Unassuming in manner, gracious and obliging to everyone, his spotless character is indelibly stamped on the hearts and lives of all the people. His was a successful life, an open book with every page filled with kind deeds and sacrificial service to his fellow man. He was a Good Samaritan and exemplified those Christian virtues that the Master while on earth so emphasized.

He gave freely and unstintingly of his time, money and talents to those dear to him, as well as to his beloved city, county and state, rendering a service that endeared him to all the people who profoundly feel the loss of their friend and benefactor.

T. E. PARKS

San Antonio, Texas

DR. R. G. POWELL

Dr. R. G. Powell located at Belle Plain in July 1882. In the following November I came. Since that time we were constantly associated. When the county-seat was moved from Belle Plain to Baird, we came to Baird together, slept together and boarded together at the same place, and when I married in November, 1887, he became my family physician, and was until he died. And such a family physician as he was, mild, gentle and considerate. He represented the best type of the old family physician, now passing away. There was no pretense about him, upon diagnosis, if he didn't know what was the matter with you, he frankly told you so.

In his early years, he was called to every part of the county, and, probably, at one time or another, attended every family in the county.

The night was never too dark, too wet or too cold for him to answer a call, and it made no difference to him whether the patient, calling him, was poor or well to do, he went.

Money seemed to be the last thing he thought about. He rarely, if ever, presented a bill, but his patients sometimes sent him money long after he had forgotten the service rendered. As an illustration, not many years before his death, he got a letter from a man in the State of Washington, enclosing a sum of money and stating that forty years before, one cold, dark night, when he, the writer, lived in Callahan County, Dr. Powell had attended his family, though he had to drive about seven miles into the country to do so. Again, when Dr. Powell opened his mail, one morning in Baird, he found an anonymous letter containing thirty five dollars in cash. He never knew who mailed it.

Quietly, and without ostentation, he delighted in acts of charity. No needy person ever appealed to him in vain. What he did was always unselfish, without hope of reward. No better man ever lived in Callahan County. We will not see his like again.

He died loved and respected by everybody and his death comes as a personal loss to each one of us. His place cannot be filled.

This whole community was grief stricken at his death, and the affection in which he was universally held will be his best and most enduring monument.

OTIS BOWYER.

Dear Sir:

I am enclosing herewith resolution which was adopted by the House of Representatives.

The House takes this means of expressing to you its deepest and most sincere sympathy in the bereavement of Dr. Powell.

Very truly yours,

LOUISE SNOW PHINNEY
Chief Clerk, House of Representatives.

RESOLUTION

WHEREAS, The Supreme Master of human destiny in His infinite wisdom has called to eternal sleep and everlasting reward, Dr. R. G. Powell, of Baird, Texas, a former member of this body, an outstanding citizen of Texas, and a fearless crusader for the democratic principles of free government; and

WHEREAS, This noble citizen was a tireless worker not only as a member of the Legislature defending the citidals of free speech, open forum and popular government, but in the private walks of life he heard the cry of distress and at all times invested freely without hope of reward or favor, his material substance and professional skill that human woes might be reduced; and

WHEREAS, A frontiersman with unstained banner has calmly fallen from the ranks of that courageous army of builders that has wrought well amid the transforming scenes of Texas history, and contributed to the sum total that has made ours a great government; therefore, be it

RESOLVED by the House of Representatives, That the sympathy of this body be extended to Dr. Powell's brother, Hon. T. E. Powell, and his family, Baird, Texas. That a page of the House Journal be dedicated to his memory; a suitable wreath of flowers be forwarded and when the House adjourns today it do so out of honor and respect to Dr. Powell's memory.

MOTHER'S DAY

Next Sunday, May 10th, will be Mother's Day. There will be millions of flowers presented to mothers all over the United States. Sons and daughters everywhere will pay a beautiful, sentimental tribute to their mothers.

This is as it should be. Our only criticism of the observance of Mother's Day as a special occasion for doing something for mothers, is that it occurs only once a year. Sometimes we wonder whether setting apart a single day in the year for this homage to mothers doesn't tend to make children feel that they can more or less neglect their mothers the rest of the year. Not that the mothers care. There is nothing a child can do to its mother which can alienate the mother's love. Some of the finest, most touching examples of mother love we have ever known or heard of have been expended upon worthless, thankless, useless children. Mother love is the only kind of love which does not demand reciprocal affection from the object of its devotion.

There is another side to the picture of Mother's Day. While we are paying tribute to mothers we, as a nation, are sacrificing the lives of thousands of mothers. More than 16,000 women in the United States die in childbirth each year. More than 10,000 of these wasted lives could be saved by proper maternity care. The proof of that is the fact that there is no such toll of deaths in any other civilized country in the world, because everywhere else in the world there is adequate care provided for all expectant mothers. A nation-wide movement for the extension of the work of the Maternity Center Association, which has been successful in a limited field in greatly reducing mortality in childbirth, has been endorsed by the U. S. Public Health Service and the Federal Children's Bureau. There is no community too small or too poor to establish a maternity center. Surely if mothers are especially worthy of remembrance on Mother's Day, their lives are worth saving?

UP TO THE PEOPLE
Abilene Reporter

It is not at all difficult to see the pending statewide road bond proposal as a definite step in the direction of lightening the burden of taxation.

Briefly the measure proposes an issue of \$100,000,000 for construction of state highways, with not to exceed one-fifth of such sum to be issued in any one year.

Second, it proposes an issue of \$112,000,000 for reimbursing counties and defined road districts for money, exclusive of interest, expended in discharging obligations the proceeds of which were expended in the construction of state-designated roads.

The first would give Texas an opportunity to develop a connected system of state highways, by filling in gaps in counties too poor to vote bonds themselves.

The second would lift the burden of taxes from the backs of people in counties and road districts that have spent their own money in building state roads. That would be its immediate effect. It would relieve counties and road districts in the future of the necessity of bonding themselves for road purposes.

The state can borrow money at 4 1/2 per cent, whereas the counties and road districts must pay as high as

6 per cent. That is one saving the road bond plan insures.

Under the proposed bond amendment "no property tax of any kind shall ever be levied, assessed or collected on any homes, farms, ranches or on any other property real or personal, within this state" to care for such bonds. Instead, the bonds would be financed by a levy on gasoline or such motor fuel as the inventive genius of man may devise as a substitute therefor.

One-fourth of tax on gasoline would go to the public school fund, as under the present constitutional provision.

The whole theory of statewide financing plan is to substitute for the present wasteful, burdensome plan a system of "road rent" under which the traffic bears the cost. The man who uses the roads would pay for them—and this would include tourists from out of the state, now coming into Texas in increasing numbers, and now contributing only the gasoline tax to the construction of a highway system.

Many a home-owner in Texas is, in addition to the gasoline tax, paying special road bond taxes levied upon all his property. In some counties this road bond tax is costing the taxpayers more than \$1 on the \$100.

But it should be kept in mind that the legislature is not voting any road bonds now. It is merely trying to make up its mind whether to call an election in which the voters would be given the opportunity to change the constitution to make a road bond issue possible. It is up to the people to say whether the plan is good or bad, but they cannot say even that unless the legislature submits the issue directly to them.

The Glee Club of the Putnam High School presented a program at the Methodist Church Saturday evening at 8:00 o'clock. A large crowd was present to enjoy the splendid program which was so graciously rendered.

The Junior Class of Putnam High School entertained the Seniors with a banquet Friday evening at the Guyton Hotel. The spacious hall was appropriately and beautifully decorated in the school colors of blue and white. Intermingled with these were large varied colored balloons floating above the tables. The banquet table in the form of a "T" was centered at intervals with white crepe paper baskets laden with "Texas Blue Bonnets." The Junior Class flower, the blue tulip was nestled in a cup of white mints which served as plate favors.

As the two classes and other guests arrived in the lobby, there were many exclamations at the beautiful sight of lovely girls and handsome young men.

On being seated at the banquet table, one found the Seniors and Juniors seated at the cross of the "T" with the teachers, trustees, Rev. Fox and Rev. Black seated at the remaining part of the table.

Then a flashlight picture of the guests seated at the table was taken. Clarence Armstrong, President of the Senior class was a most successful toastmaster. Each guest responded with an impromptu speech and these swayed from the sublime to the ridiculous, according to the mood of the speaker for the moment. The Juniors and Seniors are to be highly complimented as after dinner speakers. Their speeches reflect thorough training from the public speaking teacher, Supt. Webb.

The ladies of the Methodist Church served a bounteous supper at the close of which confetti and serpentine filled the air as well as collars of the guests.

Each guest, on leaving at a late hour proclaimed the Juniors and their sponsors, Miss Patrick and Mr. Hodges the most gracious hosts of the season.

Modern Methods Make Ironing a Real Pleasure

Competent and unbiased authorities have figured that in ironing an average family laundry the housewife pushes her iron a distance of over five miles, and lifts an accumulative weight of over five tons! Amazing, isn't it?

But those days are past, for now the modern Homemaker sits at ease before an Electric Ironer, and gets the job done in but one-third the time formerly required. And best of all she finds herself fresh and happy when the last piece is finished.

Sheets, towels, pillow-cases, table covers, garments of all description glide rapidly through the modern ironer, coming out smooth, lustrous and perfectly ironed.

Find out how effortless, how inexpensive in operation these modern electric ironers really are. The Fedeco Ironers are considered the finest available—drop in and see them today.

Labor's Liberty Legion Out for Modification of Dry Law—Governor Roosevelt Dismisses Charges Against Mayor Walker.

By EDWARD W. PICKARD

Matthew Woll

LABOR'S LIBERTY Legion, as it is termed by Matthew Woll, vice president of the American Federation of Labor, is in action for the purpose of bringing about modification of the Volstead act and eventually the repeal of the Eighteenth amendment. It consists of a national committee of the organized trades, and it held a two day convention in Philadelphia that was attended by about 200 delegates from all parts of the country. Mr. Woll was in the chair, and he did not mince words in stating the aims of those workers who are opposed to prohibition, and at times his language was almost inflammatory. He declared the groups which "forced" prohibition on the country were the industrialists "who were prompted by the desire to increase their profits through higher production by making machines of human labor," and the church groups "who have admitted their failure to rule man by moral suasion, but seek to force their rule by the use of the big stick of the law."

Asserting that he did not believe in "milk and water methods," Mr. Woll continued, "There is too much law and order today. I want to see the shackles of injunction broken, if not by lawful methods, then through physical resentment. It is only by aggressiveness that states and communities will regain their privileges. Our nation came into being through a violent disregard of law and order. The negro was freed by bloody strife, in complete disregard of law and order. Labor unions came into being and won for American labor its high standards of living, through strikes, lockouts and other violent methods."

A report to the committee, written by Woll and L. M. Orzborn, president of the cigar makers' international union, held out the hope that the legalization of light wines and beer might be enacted by the next congress. It stated that only 17 members of the senate and 45 representatives were prohibition "die hards" and that some of them were "listed among the most valued customers of Washington's well known bootleggers."

NOT worth further consideration, is in a nutshell the verdict of Governor Roosevelt of New York state in dismissing the charges against Mayor Jimmy Walker of New York city. And thus Tammany Hall wins a point in its struggle with the citizens of the metropolis who are wanting on what they believe to be graft and corruption.

Gov. F. D. Roosevelt

The charges, it will be remembered were filed by Dr. John Haynes Holmes and Rabbi Stephen S. Wise on behalf of the city affairs committee, and alleged malfeasance and misfeasance on the part of the mayor, whose removal was asked. Walker's reply was hot and vituperative, branding his accusers as "Socialists," though in later public statements he asserted the Communists were to blame for the fight on him. The governor in dismissing the charges said he did not find in the documents submitted sufficient justification to remove the mayor or to proceed further in the matter. There was no evidence, he added, that showed Walker had failed to act on information given to him or that he had failed to keep himself advised as to the activities of the subordinates beneath him.

The city affairs committee promptly announced that the fight on Mayor Walker and on civic corruption would not be abandoned.

CHAIRMAN ARTHUR WOODS of the President's commission for unemployment announced his retirement from active work with the organization because he is going to Europe to study employment conditions there. He also said that a perceptible improvement in general economic conditions has been registered in recent weeks.

IF PRESIDENT HOOVER wants to be renominated—and it is generally supposed he does—he will win by acclamation on the first ballot in the 1932 Republican convention, granting that the test of party sentiment made by the Washington Post is accurate. By the same token, Vice President Curtis will be renominated if he so desires.

The Post polled the approximately 1,000 delegates to the Republican national convention of 1928. About one-half of them answered. They were asked to state who, in their opinion, would be the party nominee next year.

The responses were distributed as follows:

- President Hoover—487.
- Senator Dwight Morrow of New Jersey—13.
- Calvin Coolidge—12.
- Lowden, Dawes, Borah, and Senator Watson of Indiana received one vote each.
- Theodore Roosevelt was second in the list of probabilities for second place on the ticket.

IN THIS connection it is interesting and perhaps surprising to read the statement made by corner Gov. W. L. Harding of Iowa to the Republican national committee, to the effect that the farmers of the Midwest are solid in support of the federal farm board and of President Hoover's farm relief policies. This, Mr. Harding says, he learned in conversation with "thousands of farmers in my own and near by states." He declared the Democratic seed of discontent has fallen on barren soil, and continued, "The American farmer today is selling his wheat at 20 to 25 per cent more than the farmer across the border in Canada. His corn is bringing 30 cents per bushel more than in the Argentine. The Republican tariff and the farm board—both of which the Democrats would destroy—are responsible for this advantageous condition."

King of Siam

KING PRAJADHIPOK of Siam, accompanied by Queen Rambal Barni and her parents, made his official visit to Washington during the week. They arrived in the capital city from New York on Tuesday, being met at the station by Vice President Curtis and other high officials, were duly photographed, and escorted in state to the Larz Anderson mansion on Massachusetts avenue. Next day the royal couple made their formal call at the White House, just within the front door President and Mrs. Hoover met them and led them to the Blue Room where, after brief conversation, the king requested the honor of presenting his suite. Mr. Hoover giving consent, the royal retinue entered and was introduced by the Siamese minister.

The king and queen soon after hurried back to their temporary home and the return call by Mr. and Mrs. Hoover quickly followed. Queen Rambal Barni has been having a great time shopping in New York, purchasing quantities of feminine gear, especially hosiery and footwear. She has the reputation of being the prettiest woman of all the Far East's royalty.

OFFICIAL groups within the Protestant Episcopal church and the Presbyterian church in the United States have recommended vital alterations in the church codes that will surely cause long and loud discussion. After six years of study, an Episcopal commission advocates a revised canon creating ecclesiastical courts to pass on problems of marriage. It would permit ministers to remarry communicants and divorced persons whose fitness had been approved, eliminate all mention of ground for divorce and remarriage, and defining nine causes for annulment.

A commission of the Presbyterian church, deploring the increasing divorce rate, given its approval to birth control practiced only "in fidelity to the highest spiritual ideals of the Christian home," and suggests the establishment of courses of instruction in marriage.

The Presbyterian report will be submitted to the general assembly of the church in Pittsburgh May 28. The Episcopalian revision will be presented to the general convention in Denver September 16.

EMINENT educators from all parts of the country gathered in Urbana, Ill. Friday, to take part in the formal inauguration of Dr. Harry Woodburn Chase as president of the University of Illinois. State officials, alumni and students went to make up a great throng, and the program lasted all through the day and evening. In the morning the procession formed at the library and marched to the men's gymnasium, escorted by the university's famous military band. President George Barr of the board of trustees presided over the inaugural ceremonies. Governor Emmerson extended greetings on behalf of the state; Samuel Wesley Stratton, chairman of the corporation of Massachusetts Institute of Technology, spoke for the university world, and President Rammelkamp of Illinois college for the schools in the state of Illinois.

Dr. H. W. Chase

There were further festivities in the afternoon, and in the evening President and Mrs. Chase held a reception. Doctor Chase, who was formerly president of the University of North Carolina, has been acting president since last July, when he succeeded Dr. David Kinley. There was a note of sorrow in Friday's celebration, for Dr. E. A. Alderman, president of the University of Virginia, who was to have taken part in the program, passed away on the train on his way to Urbana; and only a few days before word had come of the death of Mrs. Kinley in Shanghai, China.

PRESIDENT HOOVER'S little trip to Cape Henry, Virginia, to take part in the celebration of the 321st anniversary of the landing of the first permanent English colonists was sadly marred by a torrential rainstorm. He and Mrs. Hoover went there on the Department of Commerce boat Sequoia, and just as the ceremonies began the downpour came. All were drenched to the skin and took refuge in the railroad station, where tea was served. The President took his wetting good naturedly, and Mrs. Hoover, too, laughed, though her new hat was ruined.

Philip Snowden

GREAT BRITAIN'S landed gentry never did like Philip Snowden much, and their feeling against him was intensified last week when he delivered his budget speech in parliament. The chancellor of the exchequer, weak from illness and a severe operation, stood bravely before the British lawmakers and announced that he intended to put through a plan for the taxation of land values. The present land system, he said, is unjust and a burden to trade and industry, and direct taxation of land values would prove a remedy. He proposed to set up machinery for national valuation, which probably would take two years. When the valuation is completed the tax would be one penny per pound on the capital value.

Laborites and Liberals cheered wildly, but the Conservatives sat glumly silent. The latter will oppose the scheme, and it will be fought in the house of lords, but if the Labor party can continue in power it may be put through.

As for the present budget, Mr. Snowden announced only two changes, both temporary devices. The tax on gasoline is raised four cents a gallon to twelve cents, and there are certain alterations in the payments of income taxes. Mr. Snowden will get \$97,500,000 by withdrawal from the exchange stabilization fund that has been on deposit in New York.

SOVIET RUSSIA scored twice during the week. By order of Under Secretary of State Mills a cargo of Russian lumber, brought to Providence, R. I., was admitted to the United States over the protests of domestic producers. Mr. Mills stating that there was no evidence that it had been produced by convict labor. Of greater importance was the signing of a new credit agreement between Russia and Italy which assures large purchases by the Soviets from Italians and the extension of credits by the latter.

EGYPT'S worst railway disaster occurred when the Cairo-Alexandria express caught fire while running at high speed; at least 41 persons lost their lives. An earthquake in Transcaucasia killed nearly 400 of the inhabitants. Ten men perished when an oil well near Gladewater, Texas, exploded and became ignited.

SILVER has sunk so low in price, the ratio in relation to gold being now about 60 to 1, that many persons think something should be done about it. Four senators are out to discover what this something may be. They are the members of the senate foreign relations subcommittee on commercial relations with China. The chairman, Key Pittman of Nevada, has just started for China, and will be joined there by Arthur Vandenberg of Michigan, who is on a trip to the Philippines. Claude Swanson of Virginia and Henrik Shipstead of Minnesota will soon sail for Europe.

Sen. Pittman

Pittman and Vandenberg will investigate the possibility of a loan of some of the treasury's surplus silver bullion to the Nationalist government of China for coinage. Swanson and Shipstead will consult with political and economic leaders of Europe concerning a possible international conference on a plan to suspend the practice of demonetizing silver coins and disposing of them as bullion. Both these ideas were presented to the President in two resolutions by the senate, but Mr. Hoover made no response.

EXTRADITION of ex-King Alfonso may be asked by the Spanish republic when he settles down some where; he is accused of grafting. Gen. Damaso Berenguer, dictator of Spain until two weeks ago, is in prison awaiting trial for the part he played in the Morocco military disaster of 1927 and for the execution of two officers after the revolt at Jaca last December.

Too Much ACID

MANY people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle at any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company since 1876.

MOTHER

"God could not be everywhere, so He invented mothers"—Ancient proverb.

"Mother is the name for God on the lips of little children"—William Thackeray.

"Hundreds of dew-drops to greet the dawn; Hundreds of lambs in the purple clover; Hundreds of butterflies on the lawn; But only one Mother the wide world over"—George Cooper.

"If we fail she does not love us less, but more; wonderful, constant, miraculous Mother Love"—John Burke

"All I am, I owe to my Mother"—George Washington.

"Who ran to help me when I fell, And would some pretty story tell, Or kiss the spot to make it well? My Mother."

"A man man go over all the world; he may become a pirate, if you please; he may run through every stage of belief and unbelief; he may destroy his fineness in every respect; but there will be one picture that he cannot efface: living or dying there will rise before him, like a morning star, the beauty of that remembered goodness which he called "Mother".—Henry Ward Beecher.

Remember that Mrs. Housewife had better be on the job and not become too much engrossed in the family conversation.

Mother's Day

Centuries ago, it was a custom in many lands, for sons and daughters, upon one day in the springtime, to return to their homes, perhaps walking many miles, to spend a few hours with their mothers. In England that was called "going a-mothering".

To Miss Ann Jarvis, of Philadelphia, we are indebted for the first modern "Mother's Day", in 1910. Since that time the Congress of the U. S. has authorized the President to make an annual proclamation designating the second Sunday in May as a proper time to pay tribute to "Mother" and to display the flag on public buildings and homes.

There are many ways of honoring Mother—the word of mouth, the letter, the visit to Mother, sending her a flower or blooming plant or other gift. Take a picture of her on that day. It will make her happy and you will prize it later. Do not fail to open your heart and give free expression to your tenderest sentiments and appreciation. Mother craves that. She has poured these out on you from the day you were born. "A letter to Mother—oh, take up your pen, And send her a ward from the big world of men."

Above all, show by deeds that your love is true and warm. Do not be like the daughter in the rhyme of our childhood:

"I love you, Mother, said little Nell, I love you more than tongue can tell."

Then she hastened out to the backyard swing And left her mother the wood to bring.

It is a present custom, on Mother's Day, to wear a white carnation for a mother who has passed beyond and a red one for a mother who is living.

The Federal Council of Churches, of the U. S., is planning the erection of a monument to Mothers in the national capital.

Butterscotch Cookies

The dough for these may be stirred up while you are getting supper and you can bake them any morning while you washing the breakfast dishes. They are better if the dough stands in a cold place for a day or two.

Soften one cup shortening. Add four cups brown sugar, four well beaten eggs, one tablespoon vanilla, about seven cups of all-purpose flour sifted with one tablespoon each of soda and cream of tartar, and a teaspoon of salt. Mix all these thoroughly, using the hands if necessary. Make into rolls, place on a flat surface and set in a cool place until ready to bake. Cut off thin slices, bake in a greased pan in a quick oven until crisp and delicately brown, about six minutes.

Encourage the Birds

Birds are not only of economic worth in destroying so many worms and grubs and plant pests, but they make a locality cheerful with their flashes of color and their sweet songs. To encourage their taking up their abode in your neighborhood, put out feathers, bits of wool and twine during nest-building season, and put up bird houses in the yard.

A bird bath in the yard; or only a pan filled with fresh water daily, will draw birds to your premises.

An Egg Timer

The three minute sand glass is an interesting novelty to have on the dining table. It is very serviceable to the house wife who has something on the stove. She may be reheating the cocoa or the soup or have eggs on to cook while she serves the grapefruit, or three minutes is about the correct time to cook a waffle. The running sands are an interesting re-

Don't Kiss Babies

Infants are attractive, cuddly creatures and we are all tempted to hug and kiss them. But such contact is a serious matter for the small child. By this means we infect him with our cold germs or perhaps give him some fatal disease.

Your own baby, you must, of course, kiss a great deal, but refrain from imposing thus on every sweet baby who comes your way. When you kiss Baby, bestow this sign of your affection on the chubby back of his adorable little neck, a tempting spot anyhow and a fairly safe place to osculate.

Shoes

Kid is the most popular shoe material of the day. It is soft, pliable, fine, comfortable-looking and lends itself well to decoration. Shoes are cut in all sorts of dainty models and are trimmed with feathers and fur. Black and white kid combinations are worn with black and white costumes. Brown, blue and wine color match frocks of those colors. Silver kid shoes and gloves are a novelty for evening wear.

Peanut Soup

In a double boiler place one quart of milk, a cup of peanut butter, a stalk of celery cut into inch pieces, and a teaspoon of chopped onion. Stir occasionally until hot, then add a tablespoon of cornstarch, moistened with a little cold milk, and stir until thick and smooth. Season with salt, a dash of paprika and white pepper.

Meat Loaf

Grind together one half pound each of beef, veal and fresh pork; break an egg into this; mix with one cup of milk, two teaspoons of salt, a little pepper, one-half small onion chopped fine with a green pepper and one-fourth cup of bread crumbs. Bake about an hour. This is excellent either hot or cold.

Escalloped Onions

Over boiled onions pour a white sauce, sprinkle with bread crumbs and bake until browned on top.

Mrs. Solomon Says:

Simplicity, appropriateness and economy are the trinity of wise dressing.

Test for Hearing

The usual test for determining the question of how well a person can hear is the ordinary speaking voice test, given at a distance of 20 feet; and the whispering voice test given at a distance of 10 feet. These tests are given so that the examiner can determine the ability of the person to repeat words which he has given at 20 feet and whispered at 10 feet. The tests mentioned are merely average tests, and ear specialists employ more accurate methods.

Underground Church

The picturesque crowd, the variety of costumes and the scene in the open market place at Serajevo on market day baffles description. One of the quaintest in all Jugoslavia is the little Serbian church in Serajevo built in the Sixteenth century after the Turks had overrun the country. It was sunk below the level of the street so its roof would not be visible from without and hidden behind a high wall to avoid suppression by the Mohammedans.

Flattering Words Won Clerk Salary Increase

Andre Geraud, "Pertinax" of the Paris press, said at a dinner in New York:

"Perhaps I have been too candid in my criticism of the American policy. Flattery is pleasanter than candor. Do you know the banker story?"

"A banker was stone deaf. A clerk came to him one day to ask for a raise.

"I'm very glad, sir," the clerk began, "to see that your deafness has disappeared."

"What?" said the banker, with his hand to his ear.

"The clerk repeated his words in a louder voice.

"What?"

"The clerk roared the words out at the top of his lungs, but the banker smiled and shook his head and pushed forward a tablet with a pencil attached to it.

"I'm very glad," the clerk wrote, "that your deafness has disappeared."

"Thank you, it has," the president said graciously after he had read the words on the tablet. "Now, young man, what can I do for you?"

Three minutes later the clerk walked out with his salary doubled.—Springfield Union.

"White House" Properly Is "Executive Mansion"

The home of the President of the United States is the Executive Mansion, but it has been called the White House for a great many years. Theodore Roosevelt was the first President to have the name the White House substituted for the Executive Mansion on stationery and documents issuing from Presidential headquarters.

The building was originally constructed of Virginia freestone, grayish in color. When it was restored after the fire of 1814 the walls were painted white to cover up the blackened parts, and it came to be called the White House. It has been painted white ever since. George Washington favored the name, "the Palace of the President," but most people at first called it simply "the President's House." James Fenimore Cooper liked that name, too.

Evening Varies

The matter of when evening begins depends entirely upon the region in which one is, and the use that the people of that region make of the word. According to dictionary definition, evening, in a strict sense, is from sunset until dark. Also, it may be described as the period during which the light is diffused by the reflections of the sun's rays from the atmosphere after sunset—from sunset to dark night. As generally understood, evening means around five o'clock, and continues, in some regions, until seven, and in others, nine, when night sets in. English afternoon tea is invariably taken at five o'clock, from which practice the French have introduced into their language the expression "un five o'clock," which designates the meal taken at that time, which consists of tea, toast and pastry.—Literary Digest.

Brief but Significant

A man who held the belief that after a youth had attained his majority he should be taught to fend for himself gave his son a sum of money and told him that henceforth he would have to earn his own living.

The young man did no work, but spent a riotous few months abroad, and then found himself almost penniless.

His sole desire was to get home, and he decided to send a wire.

He found he had only money sufficient to pay for a message of four words, so, after considerable thought, he telegraphed to his father, "Fatted calf for one!"

"Father" of Lawn Tennis

To Major Wingfield must be given the credit for first realizing that lawn tennis could be utilized to the needs of society. If he was not the inventor of the game he did, however, deposit specifications in 1874 to obtain a patent for "a new and approved portable court for playing the ancient game of tennis." The first balls used were india rubber and were uncovered. The rackets were wooden frames and pear shaped. The oval-shaped racket was not used until 1880.

FORD BRAKES
ARE UNUSUALLY
EFFECTIVE

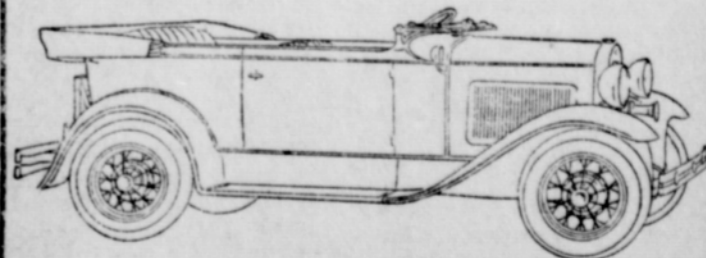

Reliability and safety
due to simple design and
careful construction

ONE OF the first things you will notice when you drive the Ford is the quick, effective action of its four-wheel brakes.

They are unusually safe and reliable because they are mechanical, internal expanding, with all braking surfaces fully enclosed. This prevents mud, water, sand, etc., from getting between the band and drum and interfering with brake action.

Other outstanding features of the Ford are the Triplex shatter-proof glass windshield, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, torque-tube drive, more than twenty ball and roller bearings, Rustless Steel, reliability, economy, and long life.

You save when you buy the Ford and you save every mile you drive.

ROWDEN

(By MIKE and IKE)

Miss Claribel Tabor was the Sunday dinner guest of Miss Cecil Gibbs. Our Methodist pastor, Bro. H. B. Coggin, of Abilene filled his appointment here Sunday morning at the 11 o'clock hour and Sunday evening at 7:45. His text being 2nd Kings 5-12 for the morning service and Sunday evening his text was from Acts 9:27. Bro. Coggin preached a splendid sermon at each service which was enjoyed by a good crowd.

Our Mother's Day program has been put off from the second Sunday until the third Sunday of this month because the singers who are going to be with us cannot be with us before the third Sunday. On the third Sunday there will be a mixed program and singing all day with dinner on the ground.

Miss Joyce Tabor spent the week-end with homefolks.

Misses Stella and Ruth Roberts, spent Saturday at Abilene.

Bro. and Mrs. H. B. Coggin and little son, were the Sunday dinner guests of Mr. and Mrs. J. N. Baggett and family.

Mr. J. M. Harden and his sister-in-law, Mrs. W. C. Harden and her son, Adrian were the Sunday dinner guests of Mr. and Mrs. J. N. Baggett.

Bro. and Mrs. Coggin and son, were the supper guests in Mr. and Mrs. Ham Holloway's home Sunday evening.

Mr. J. M. Harden made a trip to Abilene Saturday.

A number of young people were entertained at the home of Mr. and Mrs. A. B. Elliott Friday evening.

A LETTER TO MY BAIRD FRIENDS

The following letter was received from Mrs. B. H. Bennett, who is visiting her son, Dr. Morris Bennett at Canadian.

Canadian, Texas
May 5, 1931

Dear Miss Eliza:

I wanted so much to write a personal letter to all my friends, but time will not permit and don't you think I conceived a wise idea to write you and let you pass it on thru our dear little paper?

I missed my Star last week, wish I could send you a picture of where I'm sitting, such a lovely nook by the side of this beautiful home, one of the most hospitable homes it has ever been my fortune to visit. From where I sit you have a perfect view of the rolling landscape and the beautiful treacherous Canadian River. When I awoke this morning the sun was shining in my face and the mockingbirds were singing everywhere. There is a Blue Jay perched in a shade tree over my head saying terrible-luck, terrible-luck. I think he is looking at me for I feel sure I'm the only blot on the horizon.

Saturday afternoon we visited a noted artist, one of the most interesting women I ever met. She is an old lady, still active in her work, her piece (recently finished) is Joan of Arc. I will not try to describe it for I know so little about art, can not even explain my own appreciation of the work.

This is a prosperous looking county so far as I have seen. Grain is good and cattle fat. I will enjoy this visit to the fullest extent for a few more days, then turn my face toward home sweet home, hoping to meet a happy welcome.

Mrs. B. H. Bennett

DOUBLE BIRTHDAY DINNER

On April 29th, Mr. and Mrs. Sam Black and sister, Mrs. Bob Swinson, surprised their mother, Mrs. O. B. Jarrett and Mrs. Horace Jarrett with a birthday dinner.

The house was decorated with blooming geraniums and ferns and in the dining room was bouquets of pink and yellow phlox.

When all the guests had arrived at noon they were ushered into the dining room where two big birthday cakes

were lighted with 88 pink and yellow candles. After the fun of blowing them out everyone tried to guess the age of both, which caused lots of guessing. Then the birthday dinner was served the seventeen guests and the hostess.
