Last 2 candidates join 3 others in precinct 3 contest

A five-man race for county commissioner in expanded precinct three will highlight the Garza Democratic primary this spring following the entries into that race by both Arnold Parrish and Cecil Foster Sr., just before the Monday filing deadline.

That field includes Ben Sanchez, incumbent, V. L. (Buster) Shumard and Mike Cisneros besides Parrish and Foster.

Only other contested races on the Democratic ticket will be for county commissioner of precinct one where three candidates have filed and for sheriff with two contestants.

Silas E. Short, Sam Ellis and T. D. (Buck) Craft are seeking the precinct 3 commissioner's seat now held by Paul Jones who recently announced he was retiring from office at the conclusion of his present term.

Sheriff Ewell E. (Gene) Gandy, who was appointed sheriff last spring and has since organized the joint city-county law enforcement arm with a force of five deputies, and Jim Pippin, former Garza deputy, will vie for a four-year elected term as sheriff.

County Democratic Chairman N. C. Outlaw announced Tuesday the complete candidate slate for the upcoming Democratic primary.

No Republican candidates have filed for county office so the Democratic primary winners will be unopposed for election in the November primary election unless a write-in contest should develop.

Running unopposed for re-election in the Democratic primary will be County Attorney Preston Poole and Tax Assessor-Collector T. H. Tipton.

Outlaw will be unopposed on the primary ballot for re-election as county Democratic chairman.

All unopposed for the Garza County Democratic Executive Committee will be Faye Cockrell, precinct 1; Mrs. Sam (Ruby) Ellis, precinct 2; Ruth McAfee, precinct 3; Mrs. Willie Key, precinct 4; L. H. Peel, precinct 5; J. W. McMahon, precinct 6; Mrs. La Nell Warren, precinct 7; Ruth Ann Newby, precinct 8; and Billie Cross, precinct 9.

Mrs. Cockrell, Mrs. Ellis and Mrs. Key are new candidates for the executive committee while the other six will be up for re-election.

WINNER WITH BICENTENNIAL FLAG — Stephen Rogers, fourth grader, is shown above with his winning entry in the Bicentennial Flag contest conducted in the Post Elementary School. Stephen Rogers shows contest winning flag

Stephen Rogers, a fourth grade student at Post Elementary School, was chosen recently as winner of the Bicentennial Flag contest sponsored by the music department, under the supervision of Mrs. Marita Jackson.

Stephen is the son of Mr. and Mrs. Donnie Rogers.

Approximately 200 entries were submitted by students from kindergarten through fifth grades to be judged by out-of-town judges, Mr. and Mrs. Charlie Brink of Lubbock, Mr. and Mrs. Mitchell Thurman of Abilene and Miss Barbara Brink of Lubbock.

Each student was required to draw on paper their entry, which Stephen did, and then the flag was made by Mrs. Jackson following Stephen's pattern.

Stephen's flag has written inside the larger stars, the 200 years span of history, showing from Washington to Ford, from Quill to pen, from covered wagon to jets and a pair of Peace doves, drawn in the stars at the side of the number 200. The numbers are constructed of many small stars with the stripes numbering 13, to represent the colonies. The years 1776 and 1976 are written in the four large stars at the top and bottom of the flag.

Stephen's flag will be displayed at different times during the year, in all the Post school buildings.

Runners-up were Anissa Wyatt, first grade; Kerri Thuetl, second and Patty McCowen, fourth grade.

Lillie Shaw's funeral Tuesday

Funeral services for Lillie Shaw, 81, of Post were held at 2 p. m. Tuesday in Hudman Memorial Home Chapel, with the Rev. Roy Love, pastor of Bethel Temple in Lubbock, and the Rev. Sam Bruton, pastor of the Assembly of God Church of Post, officiating.

Burial was in Terrace Cemetery.

Mrs. Shaw died early Sunday morning following a brief illness.

A native of Palestine, she had lived in Garza County since 1945 and was a retired employee of Postex Mill.

Her husband, William H. Shaw, preceded her in death in 1964. She was a lifelong member of the Assembly of God Church.

Survivors include four sons, Robert Gray of Hamlin, Wilson Green of Fort Worth, Harry of Longview and Edward Cathy's Valley, Calif.; three daughters, Mrs. Aleain Seales, Mrs. Velmar Warren both of Post, and Mrs. Margaret Blamson of Longview; two brothers, Leon McCoy of Dallas and Foster McCoy of Iowa City; three sisters, Mrs. Annie Pearl of Fort Worth and Mrs. Pearl Craighead and Clara Harrison both of Waxahachie; 38 grandchildren and five great-grandchildren.

Lions off to roaring start

Johnny Kemp was named president of the newly reorganized Post Lions Club and was installed along with other new officers at a charter banquet held Saturday, Jan. 31, at 8 p. m. in the Post School Cafeteria.

The Wilson Lions Club was reorganized the Post club.

The meeting was called to order by Jerry D. Ross, president of the Wilson Lions Club. Hack Lasater, of Slaton and past district governor of District 2T2 led the invocation.

Jim Johnson, district governor of District 2T2 presented the new charter and Roy L. Kahlich, past district governor of District 2T2, installed the following officers:

Johnny Kemp, president; first vice president, Randall Kay; second vice president, Don Payne; third vice president, Travis Thomas; secretary-treasurer, Ronald Simpson; tall twister, Lewis Holly; lion tamer, Royce Hart; lion saver, Jim Jackson; and Bud Davis, Jim Boles, Brad Lott and Larry Caughron were installed as directors.

Other charter members include Charles Black, Bill Crane, Billy Hahn, Ray Holly, V. O. Rasbury, Scott Rombokas, Fritz Struve, Arthur Tunnell.

Mike Cisneros in Pct. 3 race

Mike Cisneros has authorized the Dispatch to announce his candidacy for county commissioner of Pct. 3, subject to the Democratic primaries.

A World War II veteran who has lived in Garza County all of his life, Cisneros was a county employee in precinct 3 for nine and one-half years.

He says he is capable of doing what precinct 3 voters want and familiar with their needs. He said he would have a statement of his candidacy later.

Cisneros is married to the former Dolores Mesa and they have five children.

New director for ASCS here

Joe D. Barnes, formerly of Ackerly, has moved to Post to take over duties as County Executive Director of Garza County ASCS. He was raised in Ackerly, graduated from high school there and has been engaged in farming and ranching there for several years.

Barnes is 26 and has attended both Howard County College in Big Spring and Texas Tech. He is a graduate of the ASCS Management Institute School in Columbus, Ohio.

He served for almost a year as report writer and field manager in the Howard County ASCS Office and trained in the office in Scurry county for six months. (See New Director, Page 12)

Gazing at Garza's Centennial

EDITOR'S NOTE: This is the first of a series on Garza history this "centennial year." (Mrs. Maxine Marks.)

By an act of the Texas legislature, Garza County was formed from the Young and Bear Territories on August 21, 1856.

The legislature named it Garza in honor of the Garza family, who were natives of the nearby Islands and were pioneer settlers in the San Antonio area in 1731.

Members of the Garza family still live in San Antonio, and continue to be proud of the heritage left them by General Garza.

Because of its land and climate, Garza County was first a ranching area, becoming more agricultural after 1910.

Two years before the death of W. Post, the Postex Textile mill was established here in 1913 to enable the farmers to take a marketable commodity from their cotton production.

While the nation proudly celebrates its 200th birthday, Garza County can also celebrate its 100th birthday.

'Scotty' celebrates his 92nd

POSTINGS

In case you haven't noticed, criminal activity in Post and Garza County is away down.

We notice it ourselves because we are not getting many of the crazy crime stories we used to write from week to week. Actually it takes a lot of reading punch out of the paper, but we are willing to concentrate on something else to make up for lost crime stories.

To us, all of this can be traced to a new sheriff's force of trained young professionals who are solving most of the local crimes shortly after they are committed.

We don't have any local crime statistics to prove our point. We don't know if anybody really makes such a report on a monthly or annual basis here.

We're always kidding the deputies when we make our courthouse rounds that not so many of them are needed if there is not much criminal activity around here anymore.

Some people may think that way, but we don't. We rate the successful city-county law enforcement consolidation as the top news story of 1975 and figure it probably would rank as No. 1 for the decade of the seventies which still has almost four more years to run.

Jackie Hair of Post is person charged

The Dispatch incorrectly spelled the name of Jackie Hair in the story in last week's paper reporting the Post man had been indicted by a Garza district court grand jury on a charge of rape by force or threats. This mention is to correctly identify the person charged in the case.

Stewart rites here Thursday

Funeral services for Elgie Stewart, 82, of Eunice, N. M., and formerly of Post, were held at 3:30 p. m. Thursday in the Post Church of Christ with D. L. Harguess, minister of the Church of Christ in Eunice, N. M., officiating. Assisting was Bob Connel, pastor of the Post Church of Christ.

Burial was in Terrace Cemetery under direction of Hudman Funeral Home.

Stewart died late Tuesday in the Llano Estacado Medical Center in Hobbs, N. M.

Born in Erath County, Stewart had lived in Post more than 60 years. He moved from Post to Eunice, N. M., four years ago. He was married to Cordelia Wilbourn on June 20, 1915 in Post, and was a member of the Church of Christ.

Survivors include his wife, three daughters, Mrs. Marvella Mason of Eunice; Mrs. Nell Adams of Corsicana, and Mrs. Lucy Crain of Monahans, a brother, Bob Stewart of Lubbock; four sisters, Mrs. Pearl Baker and Mrs. Thelma Frances, both of Post, Mrs. Annie Lou Laceywell of Austin and Mrs. Anna Lively of Stephenville; seven grandchildren and nine great-grandchildren.

Palbearers were Lewis Mason, Bob Lusk, Mac Ledbetter, Delwin Fluitt, Harry Lee Mason and Noel White.

Cub Scout rally set tonight

A Cub Scout Rally has been scheduled for tonight, (Thursday), Feb. 5 at 7:30 p. m. in the City Hall auditorium. The purpose of the meeting is to find den leaders to work with the Cub Scout program here in Post.

The den leaders duty is to conduct a one-hour meeting once a week in her home. Each den is supplied with a program to follow, and a pack meeting is held once a month to give the Cubs an opportunity to show their work and the skills they have accomplished during the month.

The Cub scout program has not been active this school term because of a shortage of leaders. So if you can spare one hour a week with eight to nine eight to ten year old boys in your home, and find time to prepare for this hour, please attend this meeting in City Hall tonight.

Rites held for W. R. Perry

Funeral services for William R. Perry, 90, of Post were held Thursday at 2:30 p. m. in the Hudman Funeral Home Chapel with the Rev. Glenn Reece, pastor of the First Baptist Church, officiating.

Burial was in Terrace Cemetery.

Perry died early Wednesday in Garza Memorial Hospital.

Born in Montgomery, Ala., he had been a resident of Garza County since 1934. He was a self-employed motel manager and a Baptist.

Survivors include two sisters, Mrs. Billie Caylor of Post and Mrs. Della Thomas of Eastland.

Palbearers were Roy Brown, Harold Mauldin, Dean Medlin, Billy Greene, Herbert Walls and Curtis Whitley.

Center enrollment now up to 43 here

Forty-three students have enrolled in one or more classes for the second semester, provided here by Western Texas College.

Lane Tannehill, who represents the college here in Post, reports that this enrollment is approximately 12 more than last semester.

First donation made to 'equipment fund'

A drive to raise \$6,000 through club or individual donations to equip the new Post-Garza County Community Center was announced today by Mrs. Maxine Marks, chairman of the mayor's community center committee.

The first donation wasn't long in coming.

The Post Rotary Club opened the drive with a \$200 donation which directors of the civic club had voted at its February meeting Monday night.

Mrs. Marks said a number of clubs have asked if they can help.

"Everyone can," she added with a smile.

The reason for the public drive to equip the center is because the city expects to allocate virtually every dollar it can find in its current budget for the remodeling of the former Parrish store building.

City officials are optimistic that several bids will be received Monday night and the low bid will be within range of the architect's cost estimate of \$91,000 for the complete building remodeling.

This would leave the city without funds to equip the building immediately without issuing tax warrants, something the city council doesn't want to do.

The community center committee wants to press for second and third phase construction as soon as possible.

The second and third phases call for the addition of a new entrance, office, restrooms and a "teen room" east of the present building in what is at present a parking lot also owned by the city.

The county has authorized \$12,500 for operating funds for the center for the remainder of 1976 out of the county's revenue sharing funds.

The county would then consider continuing to provide operating funds for the center on a year by year basis.

None of which leaves any "nest egg" for furnishing the new center.

Mrs. Marks said the \$6,000 is only an estimate of the amount needed to provide enough equipment to get the building open and operating.

No details on equipment needs or costs have yet been worked out.

The Rotary club in making the first donation asked that its \$200 be used to purchase some specific amount of equipment so it could be identified as the Rotary gift.

Cagers honor Joni and Mike

Joni Hays, daughter of Mr. and Mrs. Gene Hays was crowned Basketball Sweetheart and Mike Shepherd, son of Mr. and Mrs. Douglas Shepherd was crowned Basketball Beau during the halftime of the boys game Tuesday night.

Joni was crowned by Bryan Davis and Mike Waldrup and Mike Shepherd was crowned by Karen Williams, Joni Hays and Kim Mitchell.

They were chosen by popular vote of both the boys and girls team.

Presbyterians to install new pastor Sunday night

The Rev. Tom Pass will be installed as pastor of the First Presbyterian Church of Post during a 7:30 p. m. Sunday service in the church. The installation service will follow a 8 p. m. covered dish supper for the local congregation and out of town guests in the church's fellowship hall.

The commission to install Mr. Pass and the parts they will take in the service include the Rev. Henry N. Chisholm of Lubbock, who will preside and propound the constitutional questions; the Rev. H. Paul Chalfant of Lubbock, who served as interim pastor here for many months and who will charge the pastor; the Rev. Robert D. Nicholson of Lubbock, who will preach the sermon; Giles Dalby, a ruling elder of the church, who will charge the congregation; and Bryan J. Williams and Charles Adams, other ruling elders, who will take other parts in the service.

Mr. Nicholson, who will deliver the sermon, is pastor of the First Presbyterian Church of Lubbock. He served as pastor of the Fruitvale Presbyterian Church of Oakland, Calif., for six years before (See Installation, Page 12)

Neighborly comparison

Just for what it is worth, the Colorado City council last week authorized votes on bond issues totaling \$900,000.

The money, if voted, will be spent as follows:

\$400,000 to completely rework all streets in Colorado City; \$75,000 for park improvements; \$26,000 for cemetery improvements; \$250,000 for improvements to the water treatment system; and \$150,000 for improvements of the city's sewage treatment plant.

If voted the bonds would increase the city tax rates from \$1.55 to \$1.95 on a 45 percent true valuation, boost water rates 10 cents per thousand gallons, and increase the monthly sewer charge by 75 cents.

To this newspaper that seems like a big chunk of increases just to make obviously long needed improvements in the general operation of that municipal government's operation. In fact, the mayor was quoted as saying that if the bond issue concerning the streets didn't pass, a tax increase of about 40 cents will be necessary anyway in order to get some kind of a piecemeal repair project going to save the city's streets.

What has all this Colorado City

development got to do with Post. Simply that it points to our commonly acknowledged attitude of making improvements only—and we repeat only—if it can be done without raising taxes.

More specifically, the community center-teen room project now under way is due for a several year development simply because our community isn't willing to buy a long needed new facility in one package.

It undoubtedly will cost us as much to build now and pay interest for three or four years. Rising building costs undoubtedly will more than make up for the interest charges.

And we will be deprived of the center's use for that period of time.

The cost of government—which means taxes — is merely the cost of a variety of services we want. In really a good economic period for this community, most of us have lost sight of this fact.

All of which makes it terribly hard to finance any needed improvement.

As for our Colorado City neighbors, they have just completed and moved into a beautiful new high school as well, which you know couldn't have been built from surplus school funds.

Shopping at home lesson

There is a good economic lesson to be learned from last week's front page story of sales tax returns here in 1975 increasing 68 per cent over the previous year to an all-time high of \$72,511.95.

To give you a hint, State Comptroller Bob Bullock in reporting sales tax returns up for almost all Texas cities commented: "It shows what we've known all along that the city sales tax has become a cornerstone of the city hall budget."

Putting those two facts of the story together, they add up to the following lesson:

The folks who trade at home not only support their merchants, but they support their city and themselves because the one per cent city sales tax they pay stays at home to work for them in government.

Example: One of the two principal reasons Post can afford to start on its community center project is because of the high sales tax returns. The other of course is federal revenue

Two election year changes

This is going to be an unusual election year.

For the first time, Texas will have a presidential primary in the spring, a possibly one-time-only affair aimed at giving Texas favorite son presidential aspirant, Senator Lloyd Bentsen the big chunk of Texas delegates.

Also for the first time, there won't be any major state races this year because two years ago Texas converted to four-year terms for state officials.

Latest reports, following the deadline for filing for the Texas primaries is that Georgia Governor Jimmy Carter and Alabama Governor George Wallace will contest Bentsen in all 31 of Texas voting districts with

sharing.

If more Post folks had done their shopping in Lubbock the sales tax return wouldn't have been so high and the city would have had to spend less here or increase property taxes.

Post's sales tax increase was greater in percentage over the previous year than all other smaller communities in this area, but one, which had a 69 per cent boost.

But the Post percentage boost did not match Lubbock's 99 per cent increase.

The folks who drove into Lubbock to shop left their one per cent city sales taxes behind—and that money went into Lubbock city government and Lubbock projects.

Our conclusion is that Post folks are doing a better job of shopping at home than are most area towns, but still they can do better—especially with the realization that in shopping in Lubbock they are supporting Lubbock's municipal budget to the detriment of their own.

Oklahoma Senator Fred Harris running in 14 districts, particularly in the Houston and Dallas areas, and Kennedy-in-law Sargent Shriver's convention delegates to be on the ballot in six districts, particularly San Antonio, Corpus Christi and El Paso areas.

There also will be full slates of uncommitted delegates in 18 Texas districts which means if they win their way to the big Demo shindig they can vote for the presidential candidate of their choice at that time.

Sounds confusing, doesn't it. Well it is. The candidates are in for some confusion too. When they get down here in Texas they will find they have a whole lot more ground to cover than they imagined if they want to see a big slice of the voters.

Centennial Bits

Arnold, Benedict 1741-1801 Am. Revolutionary Gen. & traitor.

This terse, stark line in the biographical section of Webster's Collegiate Edition dismisses his five years of tough, crucial soldiering for the patriots.

Shakespeare said it, "The evil men do lives after them, The good is oft interred with their bones."

An apt epitaph, a descriptive epitaph for Benedict Arnold.

He had black hair, a dark complexion, and light eyes; a man of unusual strength, rash courage, and impatient energy.

In 1776 Burgoyne planned to move down Lake Champlain. St. Leger was to come out the Mohawk to Albany, and Howe should proceed up the Hudson to complete the pincer.

Had England's strategy worked, the colonies would have been cut in two, and forced to sue for peace. That it did not succeed was due largely to the ingenuity and skill of Benedict Arnold.

The British fleet appeared on Lake Champlain. The patriots had a meager lake force. Arnold was given the job of stopping the invasion. He built a dozen more craft. The British made ready at the north end of the lake.

Carlton's sturdy boats and trained crews finally came on. Arnold, with his scrawny boats and rag-tag crews met him. The Battle of Bemis Heights brought Burgoyne's surrender.

General Gates, a fuddy-duddy sort of commander was given credit for winning "one of the most decisive battles in history." It brought in France against England.

Bates was inclined to dig in and wait. Arnold disagreed. They quarreled. Gates tried to restrain him. Arnold took over his unit. Historians agree that his slashing, violent attacks turned the tide for the Americans.

The rest of Benedict Arnold's story has been told and retold. His marriage to Peggy Shippen, loyalist darling of Philadelphia society. Charges against him by Philadelphia authorities. His court martial. His brooding over injustices by Congress. The affair Andre and West Point. His defection. His tragic and unhappy life in England.

Add up the pluses and minuses. Check the answers. Benedict Arnold's score is positive for American independence.

Garza bond sale worst in area

Sales of Series E and H United States Savings Bonds amounting to \$1,516 in Garza county were reported today by County Bond Chairman J. B. Potts. Sales for the twelve-month period totaled \$35,433 for 27 per cent of the 1975 sales goal of \$130,000.

Sales in Texas during the month amounted to \$20,059,965, while year-to-date sales totaled \$240,610,931 for 103 per cent of the yearly sales goal of \$234.3 million.

Garza County's 27 per cent of quota for its bond sales in 1975 is by far the smallest sale percentage wise in the 70-county Area I Division.

The entire division sold 105 per cent of its \$15,405,000 goal for last year.

GOOD NEIGHBOR CLUB
Members of the Good Neighbor Club met in the home of Col. and Mrs. D. C. Roberts last week and enjoyed games of "86". Those attending were Mr. and Mrs. Leon Reeves, Edna Peede, Lucy King, Jewel White and hosts.

Cotton prices to \$5 higher

Grower prices were steady to \$5.00 per bale higher during the week ending January 30, according to Paul R. Dickson in charge of the Lubbock Cotton Clashing Office.

Farmers sold mixed lots of mostly grades 32, 33, 43 and 34 staples 29 through 31; mikes 28 and lower for 41.00 to 41.50 cents per pound. Mixed lots of mostly grades 51, 42, 52 and 43; staples 28 through 33, mikes 2.9 and lower brought \$2.50 to 43.50 cents.

The USDA's Agricultural Marketing Service reported trading was active and growers offered new crop cotton in moderate volume, Dickson said.

Demand was good. Prices paid growers for cottonseed ranged from 80 - 100 dollars per ton, mostly 80-90 dollars.

High Plains samples classed totaled 17,000 for the week. Seasons total stands at 1,206,000. Total on this same date last year was 1,083,000, the USDA's agricultural Marketing Service reported Friday.

Wayne Whitten has broken leg set

Wayne Whitten who broke his left leg last week in a fall, has returned to Garza Memorial Hospital following surgery in Lubbock Methodist Hospital Tuesday, Jan. 27.

Both bones of the left leg were broken and a plate was inserted during the surgery. He will remain in Garza Memorial for possibly two more weeks, according to Mrs. Charlie Pruitt, his sister.

Wayne is in a wheel chair and can have visitors.

Beef, pork prices dip this week in stores

COLLEGE STATION — Beef and pork prices in Texas grocery stores dipped this week, and one observer advises consumers to take advantage of any specials they see.

"Less demand for loin cuts during this time of year will likely mean some good buys on steaks over the next few weeks," Mrs. Gwendolyn Clyatt said.

She is a consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

Other beef features will focus on chuck roast and steaks, round and rib steaks, ground beef and liver.

In the pork department, good values, generally, are Boston butt roasts, quarter-loin cut into chops, smoked picnics and liver, the specialist added.

Lower prices on certain frozen vegetables also may occur because of large storage

stocks, Mrs. Clyatt said. "Watch for specials on canned and frozen peas, snap beans, lima beans and sauerkraut."

"Fresh produce at economical prices this week includes carrots, cabbage, rutabagas, turnips, potatoes and hard-shell squash."

"At fruit counters, good buys include grapefruit, oranges, apples and bananas—along with grapes, tangerines and tangelos."

"Dairy features are sour cream, yogurt and several cheeses," she said.

Men gave lots of help for woman's clubhouse

By BETH SHOOT
It has been said, if you want to get something done, get a man to do it. This is true, and when you add a combination of willing and interested men, you really have a good combination, and this has been true with the construction and completion of the Woman's Clubhouse here in Post.

A house donated by Maxine Parks and placed on a lot donated by Brown Brothers to the Texas Federated Women's Club of Post was the beginning of a dream come true for some women.

Through many months of hard work and fund raising, the house was moved into Post on top of the cap, placed on the lot and the completion of the house, financed by the men raised by the clubs. It is nearly completed now, with the inside of the house

redesigned and the landscaping begun through the efforts of many interested people who have donated their time and efforts along with many donations of shrubbery and flowers to complete the landscaping.

It would be impossible to name each donor, since there have been so many, but the work of Ed Sawyer, Henry Wheatley, C. H. Hartel and Joe DeArmon cannot be overlooked. They spent many hours completing the sidewalks and railing on the steps and have done many other jobs too large for a woman to tackle.

The clubhouse is there now for each and every woman's club in Post to use when ever necessary, and it has been used many times by each one. Mrs. C. H. Hartel who has been in charge of so many of the work details reports that the house has already been worth many times its worth to the women in Post.

John Johnson gives talk in Dallas

John Johnson, son of Mr. and Mrs. W. W. Johnson, and a student at Texas Tech University, was in Dallas last week attending the annual meeting of the "Southern Weed Science Society."

Thursday morning, John gave a talk on "Silver Leaf Night Shade Control with Triazine Herbicide."

John is a graduate of the local high school and is associated with the Agricultural Experiment Station in Lubbock. He was among seven students who attended the meeting in Dallas.

Post sergeant now in Alaska

FT. STEWART, GA. — Army Sergeant Rickie L. Hines, assigned to the 1st Battalion, 73rd Infantry at Ft. Stewart, Ga., is participating in Exercise Jack Frost in Alaska.

The purpose of the month-long exercise is to train a joint task force under arctic conditions to defend the Trans-Alaska Pipeline.

Sgt. Hines, son of Mr. and Mrs. Charlie L. Baker, 416 West 14th St., Post, Tex., is an assistant squad leader in the Battalion's Company C. The sergeant entered the Army in October 1970, completed basic training at Ft. Ord, Calif., and was last stationed at Ft. Hood, Tex.

A 1969 graduate of Post (Tex.) High School, he was employed as a clerk by the Santa Fe Railway, Lubbock, before entering the Army.

300 attend reception for Fords and Nichols

The largest social event of the year was held last Thursday evening in the large ranch home of Judge and Mrs. Giles W. Dalby, co-hosted by Mr. and Mrs. Bob Macy, when a reception was given in honor of Mr. and Mrs. Jerry Ford and Mr. and Mrs. Robert Nichols all of Dallas.

Mr. Ford and Mr. Nichols recently purchased controlling interest in the First National Bank of Post.

Approximately 300 guests attended the reception in honor of the two young bankers and their wives. This was the first visit to Post for both Dinah Nichols and Bennett Ford, who

flew into Post with their husbands Thursday for the reception and then remained as house guests of the Dalbys for the weekend.

Guests were greeted at the door by Judge and Mrs. Dalby, Mr. and Mrs. Bob Macy and were introduced to the honored guests.

Other special guests attending the reception were Mr. and Mrs. Charles Verner and Mr. and Mrs. Neal Heffner of Lubbock and Rep. John Whitmire of Houston.

Guests were also treated to a tour of the recently completed home of the Dalbys east of Post on Dalbys Cross H. Ranch.

Janie Middleton, president, presided over the meeting.

The program topic was "Faces of a Proud People," which included the book review given by Mrs. Nelson.

Hostesses for the evening were Dorothy McCook and Linda Linn. They served refreshments to the following members, Mmes. Charles Adams, Margaret Bull, Bob Collier, Lee Davis Jr., C. H. Hartel, Mike Beard, Jerry Linn, Charles McCook, Tom Middleton, George Nelson, Lonnie Gene Peel, V. L. Peel, Bill Pool, Thomas Price, Henry Wheatley, Boo Olson and Victor Hudman.

Texas State Dental Assistant Association and president of the South Plains Dental Assistant group.

Approximately 500 dental personnel attended the clinic.

A tour of the Islands was on the schedule and Mrs. Clary spent four days on the island of Maui and two days on the larger island of Kona.

Engaged couple honored at Graham supper

Carol Davis and Andy Williams were honored guests at a supper given by Graham Methodist Church Sunday night, Feb. 1. The supper was held in the Graham Community Center.

A Valentine theme was carried out in the decorations and the honorees were presented with the centerpiece. Also a pot plant to go with a gift certificate from Holden Dodson Nursery to start their yard.

Special music was presented by the church choir.

Other special guests were Mr. and Mrs. Lee Davis Jr., Christy Leanna and Cathy; Mr. and Mrs. Curtis Williams, Mr. and Mrs. Dan Hodges, Mrs. Lee Davis, Mr. and Mrs. Claude Williams and Oneta Williams.

Hosts for the supper attending were and Mrs. Gary Lester, Mr. and Mrs. Elmo Bush, Mr. and Mrs. Mack Terry, Cindy and Jana, Mr. and Mrs. Gene Moore, Clay and Tracy, Mr. and Mrs. Delwin Fluit, Belinda, Russell and Steven, Mr. and Mrs. Joseph E. 'Centennial' reviewed for Culture Club

Mrs. Lee Davis Sr. presented a book review of the book "Centennial" by James Michener during the program of the Woman's Culture Club at its regular meeting held Wednesday, Jan. 28 in the Woman's Club House.

Mrs. D. C. Williams, president, presided over the meeting and welcomed guests and members. The club voted to send contributions on the gifts

presented to State president, Mrs. Harriette W. Whatley and district president, Mrs. Harold Green, in appreciation for their leadership during the year.

A letter of appreciation was read from the Garza Historical Organization.

Mrs. Williams also reminded members the state convention will be held in Lubbock, March 12 and 13 and urged all members to attend.

Refreshments were served from a table appropriately decorated in colors of red, white and blue, with a Liberty Bell forming the center piece. Those enjoying the social hour were Mmes. Williams, Davis, Bob Dickson, I. L. Duckworth, J. H. Haire, W. M. Kirkpatrick, M. J. Malouf, R. L. Marks, D. D. Pennell, C. R. Thaxton, Ralph Welch, Storie and Potts, with Mrs. Ed Warren, J. H. Dietrich, L. A. Pession and Henrietta Nichols, guests.

The next meeting will be held in the Woman's Club House Feb. 11 with Mrs. Ralph Welch and Mrs. D. C. Williams as hostesses.

Mystic sewing club meets

Mrs. Annie Cline-Smith was hostess for the Mystic Sewing Club when it met in her home, Jan. 30.

Henrietta Nichols presented a poem on "Prayer."

The afternoon was spent visiting and sewing.

Refreshments were served to members, Jimmie Hudman, Winnie Henderson, Maudie Pettigrew, Alyene Runkles, Pearl Polk, Nell Windham and four guests. Opal Thaxton, Pauline Cline-Smith, Bertha Printz, and Linda Malouf.

The next meeting will be Feb. 13 with Winnie Henderson,

NEW LAW HELPS PATIENTS

A new state law makes it simpler for Texans to donate organs after death. They can sign a statement on the back of their drivers licenses, making all or part of the body available for transplant, research or education.

The new law makes it easier for more people to make anatomical gifts and for more people to have these wishes followed after death, according to the Texas Medical Association. After a patient dies, doctors sometimes need to remove a body part quickly so they can use it to help someone else. In the past doctors often could not find an authorization document or contact relatives in time to save the body part. Now a quick glance at the drivers license can instantly give all the needed information. The new law, effective in January, improved the effectiveness of the Texas Anatomical Gift Act. That act, almost a decade ago, helped clear up some of the legal hazards hindering people who wanted to make gifts.

Under the Act an individual can make a donation by any written document (such as is now on drivers licenses). The card must be signed by the donor and two witnesses. The donor's wishes overrule the next of kin.

However, the next of kin may donate all or part of the relative's body if the deceased did not indicate otherwise. The next of kin, in order of priority, who can make the donation are: the spouse, an adult son or daughter, either parent, an adult brother or sister, a guardian at the time of death, or any other person authorized or under obligation to dispose of the body. A relative authorizes the gift simply by a written or recorded statement. A gift is not effective if those authorized to consent in a particular case disagree. Your doctor can give you further details.

The section about relatives is probably the most complicated part of the Act. Other important parts include: a donor may make specific requests that must be honored if possible; similar acts apply in most states; a person generally must be over age 18 to donate — parents or guardians can approve deceased minors' donations; a person who "acts in good faith" under the Act is safe from court suits (a very important fact for doctors and relatives in our suit-conscious

STATE CAPITAL Highlights AND Sidelights

TEXAS PRESS ASSOCIATION

AUSTIN — There's good news and bad news on the state financial front.

The good news is Comptroller Bob Bullock's revised revenue forecast projecting a \$428.2 million cash surplus at the close of the current fiscal period Aug. 31, 1977.

Bad news is Bullock's warning that even the substantial surplus won't prevent a "huge" tax bill next year to finance 1978-79 state governmental appropriations.

Rising oil and gas production taxes account for \$207.4 million of the additional revenue estimated by the comptroller. A 23 percent increase is also anticipated from retail sales taxes.

Bullock's figures indicate there is plenty of growth potential left in the existing tax structure.

Total revenue for 1976-77 is calculated at \$12.6 billion, as compared with \$10.7 billion for 1974-75.

The changing economy and new federal legislation may bring further drastic changes in revenue forecasts, Bullock noted. Two days after his revised figures were released, a State Supreme Court franchise tax ruling had the effect of raising his estimate another \$31 million.

Bullock advised legislators to plan no celebrations of the surplus or dream of any spending spree.

"The people who write the budget, not the size of the surplus, will determine if we have a tax bill and how big it will be," said Bullock. "It's up to them."

Cut Averted

Risking legislative disapproval, the State Welfare

society.) Donating body parts is increasingly important in modern society. Doctors steadily find new ways to transplant organs, bones and glands to give patients a new start on the road to recovery. A donation also can help researchers and educators probe the mysteries of the body and improve health care.

Board voted to reallocate funds previously designated for other purposes to health care programs.

The reallocation apparently prevented a cutback in health care for the poor, aged, blind and disabled.

A hard choice faced the board—spending more for health services than the legislature authorized or reducing programs the legislature intended to continue at previous levels.

Lawmakers last year revoked department authority to transfer appropriated funds from program to program with Legislative Budget Board authority.

Meanwhile, a welfare staff report showed Texas welfare beneficiaries defrauded the state of \$6.2 million Nov. 1, 1974-Dec. 31, 1975—mainly through food stamps and Aid to Families with Dependent Children (AFDC).

Laws Reviewed

The U.S. Justice Department finally approved Texas' new 1976 presidential preference primary law, but rejected single member House of Representatives districts drawn by the legislature for Jefferson, Tarrant and Nueces counties. The 1975 redistricting for several counties was not disturbed.

Secretary of State Mark White Jr. said the state will tell a three-judge federal panel here February 9 that the districts for the three counties were drawn by the legislature and should be left intact. The Justice Department has claimed, for varying reasons, the district lines dilute minority voting strength.

White accused the Justice Department, which must pass on all state and local election matters under the Federal Voting Rights Act, of engaging in "cheap politics" in the districts ruling on Nueces County.

Courts Speak

The State Supreme Court refused to reconsider its ruling upholding a challenged provision of the Texas corporate franchise tax, freeing \$31 million in

As It Looks From Here . . .

OMAR BURLINSON, M. C. 11th District, Texas

WASHINGTON, D. C. — Angola, on the West Coast of Africa opposite Brazil, is more than twice as large as France, its ports and airfields are ideal and have the potential for bases to control the South Atlantic and the passage around Africa. It has the most fertile soil of any African nation with only 2 percent under cultivation. It is one of the few countries in that part of the world which can raise enough to feed its people and have left over supplies to export. Its oil fields are netting royalties in the sum of about \$500 million annually. Its diamond production ranks among the top in the world and is increasing. Coffee, sisal and sugar production are its principal agricultural exports. Iron ore deposits are believed to be among the world's richest but largely undeveloped. Copper, manganese, phosphate, talc, quartz, silicates, alabaster, and other minerals are just beginning to be exploited.

Angola's strategic location and its richness in resources does not entirely reflect the importance of a vote in the Congress last week to deny any aid in opposition to the communist forces about to take over that country.

The Senate added an amendment to the \$36 billion military appropriation bill, specifically prohibiting that any funds be used in support of the large faction in Angola opposing Russian and Cuban forces which appear to be winning control in that nation.

No specific funds were authorized to go to Angola but the Senate amendment simply says that no funds out of the appropriation or funds on hand may be used to supply arms or ammunition or any other aid to the faction fighting the Communists.

The real importance of this action, as it is interpreted here and around the world, is that we abandon our policy of opposing Soviet expansion and its export of revolution. Even though there is little likelihood that any amount of assistance at this time will save a communist takeover, the fact that the Congress, by this action, prohibits any policy in this direction leaves the impression that the United States is withdrawing its interest and support from nations which oppose a communist takeover.

Some months ago it was estimated that \$28 million in military supplies to friendly forces in Angola would have enabled them to resist Russia and their Cuban mercenaries. Now, with Russia spending \$200 million and with thousands more Cubans in that country, the situation is desperate. It is thought that the faction fighting for survival from these external forces is at this time a lost cause, but for the Congress to signal disinterest will be discouraging to those everywhere who seek freedom and look to us for moral leadership if nothing more.

This, of course, is an aftermath of Vietnam. In the debate on the question, frequent references were made to our

AG Opinions
Atty. Gen. John Hill held the Governor's Criminal Justice Division may not provide funds for buying electronic surveillance equipment to "bug" private corporations.

In other recent opinions, Hill concluded:

• The Coordinating Board, Texas College and University System has little authority to regulate courses offered by out-of-state schools at U.S. military bases in Texas.

• Meetings of groups of college employees such as the general faculty or athletic council are not covered by the open meetings act.

• An original opinion of last year holding the House Speaker is custodian of House records and agreeing he has power to consult individual representatives before releasing certain information concerning them was correct.

• Trial Costly
Impeachment of 229th District Judge O.P. Carrillo and a Judicial Qualifications Commission removal action cost the state nearly \$200,000.

The Senate January 23 convicted Carrillo of conspiring to get Duval County funds through a phony equipment rental scheme, ousted him from office and disqualified him from future public service. Carrillo was the first Texas official removed by impeachment trial since 1917.

Cost to the House of Representatives was estimated at \$93,200, to the Senate \$64,262 and to JQC (of its separate disciplinary hearing and action) \$35,000.

Elgie Stewart remembered in Graham community

By MRS. GLENN DAVIS
We extend sympathy to all the relatives of Elgie Stewart. We have lost another good friend and neighbor of 61 years. The family made their home in the Graham Community for many years. He had worked in the store, also farmed in the community. Everyone in the community knew him, old and young and counted him their friend. He attended the Church of Christ. Our prayers go out to the family.

A number of out-of-town relatives and friends other than the immediate family attending the funeral were Mrs. Annie Lou Lacey of Austin, Mr. and Mrs. Bob Stewart of Lubbock, Mr. and Mrs. Vernon Lively of Stephenville, Mr. and Mrs. John C. Justice of Brady. Friends were Mr. and Mrs. Harry Lee Mason of Andrews, Mrs. Glen Hill of Lubbock. We think there were more that we didn't learn their names.

Mr. and Mrs. Glenn Huntley and family drove up from Corpus Christi last Friday night and spent Saturday with her parents, Mr. and Mrs. E. E. Peel. Other visitors were Mr. and Mrs. Jimmy Byrd and family. The Huntleys spent Saturday night with his parents, Mr. and Mrs. Sexton Huntley in Post. They returned home Sunday.

Mr. and Mrs. Steve Roseberry attended Sunday evening services at the Church of Christ. He has finished at the Sunset School of Preaching and will be assistant minister in Tahoka. He spoke at the service Sunday evening.

Bible study was well attended last Tuesday morning in the Elmer Cowdrey home. After the study period, a demonstration by Mrs. Anne Maylor and Mrs. Edna Elderman of Pioneer Park Church in Lubbock on making several items for the sick and aged. These included pillow corsages, bouquets, lap robes, shoes and bibs. A covered dish lunch was served at noon.

Mr. and Mrs. Bob Lusk visited Sunday in Paducah with his sister, Mrs. Stella Booth.

The Pat Martins visited the Carl Flutts last Thursday evening and the Ray McClellans visited Saturday evening.

Mrs. Mack Ledbetter, Mrs. Ambers Parrish and Mrs. Viva Davis were at the Methodist Hospital when Mrs. Frankie Bladwin had surgery.

Mr. and Mrs. Melvin Williams and David visited Sunday with Joe Barr and visited Mr. and Mrs. Jesse Edwards and family in Hurlwood. They visited in Brownfield Sunday evening with the Butch Burkett family.

Mrs. Johnnie Rogers and Mrs. Viva Davis visited last Friday in Hobbs, N. M., with Mrs. Cordie Stewart in the Llano Estacado Medical Center. We found her doing fairly well.

Letters to the Editor

We have just finished reading Nan Hair's column, and we think she is an outstanding reporter. She appeals to all ages.

We were not surprised that some one might think her to be a school teacher if her personal appearance matches her writing ability.

We do not know her, but hope to do so some day.

Her remarks on C. B. radio were very interesting as we are C. B. people and found them to be very useful as well as educational.

We have just returned home today from a trip to Northern California and we talked to many interesting people on the road and from homes — truckers, some local operators where we were staying and one Texan.

As our work required radio work for 30 years, starting with one way, then 2-way and on to 3-way, it came to be a part of our lives.

When you can sit on the Caprock at Post and talk to Los Angeles that really is 10-2.

If Nan has a C. B. we would never say 10-31 (maybe 10-8) and we would never have to 10-20 her — and under no circumstances 10-19.

To the editor, Nan and all of our friends in Post 10-8, 10-24. We are 10-7. Our handle is "Dogwood".

Sincerely,
Ray Farrar and
Maxine Farrar

THANKS EXPRESSED

Dear Editor,
I wish to thank the merchants, the Post Chamber of Commerce, and the others who put up the beautiful Christmas tree and Christmas decorations at Christmas time.

It is good to live in Post where we have generous and interested citizens who want to make our town a better place to live.

Sincerely,

We pray for her a fast recovery.

Mrs. Bryan Maxey accompanied her sister, Mrs. Pauline Hawley by air ambulance to California. She made the trip fine and is now at Town and Country Guest Home, 2200 Chapman Avenue, Fullerton, Calif. 92631.

A pot luck supper was held in the center Sunday honoring Andy Williams and Miss Carol Davis by members of the Methodist Church.

Mrs. C. R. Baldwin underwent surgery in Methodist Hospital last Wednesday morning and returned home Thursday. She is getting along well.

Sunday visitors in the Elmer Cowdrey home were Mr. and Mrs. Albert Sparlin, afternoon visitors were Mr. and Mrs. Harry Rotan. They also visited Mrs. Viva Davis and Mrs. Mary Cowdrey.

Mr. and Mrs. Elmer Cowdrey are visiting in San Angelo for a few days.

Mr. and Mrs. Quanah Maxey visited in Weatherford over the

weekend and is to return today, Monday.

Red, white and blue flowers for gardens

Garza's BiCentennial Committee is suggesting that the city and county will be more attractive if citizens would plant red, white and blue flowers this year to provide a patriotic display. The committee also is asking Post stores to stock seeds for such flowers in order to make it easier to use BiCentennial colors in local flower beds. The committee even suggests that highway approaches be planted in red, white and blue flowers. The committee has prepared the following list of red, white and blue flowers as a guide to seed purchasing and planting. By following the approximate height at maturity guide, the gardener should be able to arrange plantings and groupings more effectively.

- RED FLOWERS**
 Spring Flowers — (March, April, May bloomings): Dianthus (12-16 inches), Floribunda Roses (20-30), Phlox, annual (10-14), Poppies, annual (20-30), Snapdragons (10-16), Thrift (creeping phlox) (4-8), Tulips (8-16).

TEXAS TALK By FRED MYERS

Telling the truth about tumbleweeds seems almost un-American since all the western movies make us feel the rolling weed is a natural part of Americana. Fact is though, when most of those western trail drives were taking place the nearest tumbleweed was about ten thousand miles away... in the heartlands of Russia. It was 1874 before the first tumbleweed sprouted in this country... arriving in a collection of Ukrainian flax seed in South Dakota. With each plant capable of producing a million seeds, it took less than twenty years for the Russian thistle to infest a good portion of North America. Although generally scorned by ranchers, experts say tumbleweed hay contains more protein than orchard grass or Timothy Hay and more minerals than alfalfa. Just as you'd suspect, Euell Gibbons recommends the weed as a delicacy... saying it tastes like amaranth when cooked like spinach.

Lopes rip Tahoka, 72 to 56, to open stretch 'run'

Post breaks game open before packed house

The Post Lopes won "the big one" here Tuesday night when they ripped the famed Tahoka "press" apart for a lot of "fast break" layups and hit with deadly accuracy from the outside to hand the Tahoka Bulldogs their first district loss of the year, 72 to 56, before a packed house of roaring Post and Tahoka rooters.

The victory boosted Coach John Alexander's club into a tie for the second half lead at 3-0 with Denver City with just three district games left to play.

Post jumped into a 4 to 0 lead with two quick baskets and never trailed in the fast moving game which saw the Lopes break it open in the third period when they outscored the visitors 21 to 7 as the Bulldog shooters went cold.

That extended Post's seven-point 38 to 31 halftime bulge to 39 to 38 going into the final period.

It was a different story from the first meeting of the two teams at Tahoka when big Mike Waldrip picked up four first quarter fouls and sat out half the game.

This time Waldrip went the route with Bryan Davis, the big forward, the only Lope to go out via the foul route and that in the final minute of play long after the game had been decided. During the contest, Waldrip blocked five Tahoka shots, in an outstanding defensive performance.

Jimmy Dorland, though weakened by flu and forced to leave the court once and go to the dressing room, led the Lope shooters with 17 points and hot-shooting Mike Shepherd was right behind with 16.

George Hester came off the bench to hit six fielders in the second half for a dozen points, Davis popped in nine, both Waldrip and Ed Price had eight each, and Randell Wyatt got the other two.

The Lopes won without starter Kyle Duren, who is being held out of action this week after he had an attack of high blood pressure Sunday night. Duren could be lost for the rest of the season if the blood pressure doesn't respond to medication.

Price stepped into his first starting role in Duren's absence and added a lot of speed to the Lopes' fast breaking attack.

Post led by from two to five points through much of the first half and then Shepherd got a fielder and two frees in the final minute of the second period to send the locals into the dressing room with a seven-point bulge.

The Lopes came out firing in the third, scoring three fielders in quick succession and increasing their lead to 13 points. Before the quarter was over,

the locals had built their advantage to 21 points.

The Post game strategy was to score as many points off the Tahoka press as they could to offset any turnovers the press brought on.

David Graves and Danny Moore led the Tahoka attack with 19 and 18 points respectively.

Locals must sweep all 3 for playoff

Whether Coach John Alexander's Post Lopes can bounce back to win the second half district crown and go into a playoff with the Tahoka Bulldogs for the district basketball championship probably will be decided at Denver City Tuesday night.

Not that the game with the Frenship Tigers at Frenship Friday night will be easy, but the Denver City game looms as the "real decider" of the final three the Lopes have left to play.

That's because Denver City's Mustangs are 3-0 in the second half race too, tied with the Lopes, and want that district crown for themselves in what was to have been only a "rebuilding year" for them.

Of course, the Mustangs still have to play Tahoka at Tahoka so their schedule is much tougher than that of the Lopes.

Coach Alexander puts it very well when he told The Dispatch Wednesday morning, "We've got to win all three to be sure we get into that title playoff."

This is because Tahoka isn't out of the second half running, despite the loss here Tuesday night.

The rules give the first half champs — and that's what the Bulldogs are — the advantage in that they have only to tie for the second half title to win it all without a playoff.

That means that if Tahoka wins the rest of its games it will tie the Lopes should Post stumble anywhere along the way.

Coach Alexander is hoping for a big group of fans to follow his club west for the Denver City game although with the Does playing Slaton here the same night, it will hurt the Lopes' out-of-town following.

The Lopes will close out their season with Slaton's Tigers here Friday night, Feb. 17.

Coach Alexander credits "the best bench strength I've ever

THREE MORE TO GO — The Post Lope basketball squad, now tied for the lead in the second half district play, are pictured above with Coach John Alexander on one knee in front. Players from left to right, Edward Price, Mike Shepherd, Jimmy Dorland, Bryan Davis, Mike Waldrip, Rodney Teaff,

Randell Wyatt, Garland Dudley, Kyle Duren and Shorty Hester. Dudley dropped out of basketball to go to work after Christmas and his position on the squad has now been taken by Dan Sawyers. Dan moved up after this picture was taken.

Lopes roll over Eagles with strong second half

The Roosevelt Eagles gave the Post Lopes a real battle for the first half here Friday night before Coach John Alexander's club pulled away in the last two periods for a comfortable 56 to 45 victory.

The Lopes had only a two-point, 27 to 25 advantage at halftime.

Mike Shepherd hit seven fielders and six straight free throws to be the game's individual scoring leader with 20 points with big Mike Waldrip adding another 16 on the inside.

Kyle Duren got six, Bryan Davis and Jimmy Dorland five each, Randell Wyatt four and Ed Price two.

Post broke in front 13 to 7 in the first period, but the visitors closed it down to two at the intermission by outscoring the Lopes 18 to 14 in the second period.

In addition to football, basketball and track lectures, coaches will nominate players for the annual Coaches All-Star football and basketball games which will be played in Houston this summer, as well as vote as coaches for these outings.

A business session at 2 p. m. will conclude the coaches' program for the day.

Davis will lecture on the Post Antelopes offense.

The Lopes pulled away to 49 points, 37 to 31, at the end of three and then put it away in the final period by outscoring Roosevelt 21 to 14. Of the 11 points, 11 came on free throws out of 14 chances with Shepherd getting all six of his without a miss.

Bobby Davis to give lecture

Bobby Davis, Post high school football coach and athletic director, will be among the football speakers on the program of the Region 1 high school coaches meeting to be held Saturday in the Student Union Building at Texas Tech University.

In addition to football, basketball and track lectures, coaches will nominate players for the annual Coaches All-Star football and basketball games which will be played in Houston this summer, as well as vote as coaches for these outings.

Davis will lecture on the Post Antelopes offense.

Tahoka thumps Frosh boys

The Post freshman cage team was defeated soundly at Tahoka Monday night 66-38.

Post was never in the game with Tahoka leading 12 to 0 at the end of the first quarter, and 30 to 16 at the half.

Leading scorer for Post was Bryan Compton with 13, Cliff Kirkpatrick 10, Leslie Looney, five, Shawn Scott and Tim Morris with three, and Dale Redman and Clinton Curtis each with two to round out the scoring.

The next outing for the team will be against Roosevelt next Monday night there.

7th boys lose at Tahoka

Coach Don Black's seventh grade boys team dropped a 20 to 17 district game to Tahoka Monday night at Tahoka.

The locals have yet to win a district start.

Tahoka jumped to a 16 to 0 lead by the end of the first period.

Page 10 The Post (Tex.) Dispatch Thursday, Feb. 5, 1976

8th girls in easy victory

Coach Chili Black's eighth grade girls administered a convincing 43 to 18 loss to Tahoka here Monday night with Donna Baumann grabbing individual scoring honors with 22 points.

Linda Abraham had 14 points and Susan Jackson, seven.

Starting guards were Leanna Davis, Susan Sawyers, and Linda Martinez with Lacy McGinnis rotating as the fourth guard.

If the team defeats Roosevelt in their last district start here Monday night, it will wind up the campaign in either a tie for second or in third place. Its district record to date is five wins and three losses.

The team will compete in the Jayton eighth grade girls tourney today, Friday and Saturday, meeting Motley County of Matador at 11 a. m. today in the first rounder. Eight team are entered in the meet.

had here" with giving the Lopes a lot of their current momentum.

Ed Price came off the bench to start for the first time in the showdown with Tahoka Tuesday night when Kyle Duren was lost for the week and Ed turned in a fine game.

What's more Shorty Hester came off the bench in the second half to score six fielders for 12 points.

A bench like that impresses any coach.

The Lopes will journey to Frenship without Duren and whether he'll be back for Denver City and Slaton next week awaits the doctor's decision.

Meanwhile, Coach John Morrow's Does have only two left to play — going to Frenship Friday night and winding it up here against district leading Slaton Tuesday night. The JV girls will meet in the opener of a double bill in that one with the JV boys teams playing the prelim at Frenship, at Denver City, and also here against Slaton in the final windup Feb. 17.

The Does can salvage something of the season by winning their last two starts. That would enable them to tie for the second half probably with Slaton.

But since Slaton was the first half winner, Slaton would win the district championship on the basis of the rule which now gives Tahoka an advantage in the boys' race.

Roosevelt wins as Does' shooting is cold in 4th

Coach John Morrow's Post Doe shooters developed a real chill early in the fourth period and the visiting Roosevelt girls pulled away to a 60 to 55 victory here Friday night.

It was the first loss in second half district play for the Does and gave the visitors a sweep of their two district games with Post.

It was a nip and tuck game all the way with neither team able to pull away to a commanding lead until Roosevelt opened up its winning margin and early in the fourth.

Trailing at halftime 38 to 35, the Does came out shooting in the third period and at one point pulled out in front by five and appeared ready to break it open.

But that's when the shooters

7th girls are near title

Coach Chili Black's Post seventh grade girls team will win the district cage title if they can defeat Roosevelt here Monday night in their final district game.

The locals, who are seven and two for the season in district play, have won their last seven straight starts after dropping their first pair.

Their seventh victory was a 24 to 10 triumph over Tahoka here Monday evening.

Holly Giddens led the scoring with 12 for Post. Marinette Hays added six and Stella Harper, Amy Thuet, and Patricia Craig scored two points each.

Starting guards were Tina Dunlap, Sharla Macy and Patricia Craig.

started missing and the Roosevelt shooters started hitting to turn things around. Post held a slim 49 to 48 edge going into the fourth.

Karen Williams led the Does in scoring and was high for the game with 32 points, as she repeatedly broke away under the basket for short fielders.

Joni Hays scored all the rest of Post's points, 23 to be exact on nine fielders and five frees, but a lot of her shots weren't falling, especially from the outside.

Lisa Coudrey was the third starter at forward with Kim Mitchell, Brenda Price and Amy Coudrey starting at guards.

Trammell scored 28 points for Roosevelt, including 10 of 12 frees all in the second period, and Parker added 12 fielders for 24 points, hitting throughout the game from the outside with great accuracy.

The Most Revolutionary Thing In Sight!

The Electric Heat Pump

The heat pump is the most revolutionary thing in sight for providing complete comfort in the home. The heat pump is a heating system and a cooling system both in one. Seasonal changes go unnoticed, one thermostat setting is all it takes. The heat pump is a wise use of electricity. It provides more energy than it uses. Why? Because the heat pump squeezes warmth out of outside air, even at freezing temperatures and converts it to cozy warmth in the home. The heat pump. A revolutionary heating system for today's modern, comfortable home. Of course, it's electric.

Senior Crier

PAM CARPENTER

Pamela Renea Carpenter, daughter of Mr. and Mrs. George Carpenter is one of the interesting seniors who will graduate this fall.

In answer to a question as to what Pam considered one of her country's worst problem areas, she said, "I believe our country's worst problem is the fact that we don't have much trust in our leaders are doing. Without trust how can we expect them to do their best?"

As an individual I can encourage others not to downgrade our government, especially without a factual backing of their criticism.

The asset that Pam most admires in a person is the ability to take criticism. She thinks that if a person can do this then they can easily better themselves and guide others as leader. She most dislikes a person's tendency to judge other person.

Her favorite person is Mrs. Margie Pennell. The reason for her choice was that Mrs. Pennell is always encouraging and willing to help Pam in her job at the First National Bank.

Pam's most embarrassing moment occurred one morning when she was leaning against a wall in the hall at PHS. Some student kicked her legs out from under and she fell flat in the floor. Unfortunately she was wearing a dress at the time.

Pam says that she most admires the poem "If" by Rudyard Kipling and the message it holds for the reader.

If given a chance to go back in time and redo some part of her life Pam said she would go back and try harder in her studies to comprehend more knowledge instead of just memorizing her work enough to pass a test.

Pam believes that the one person who most influenced her school life was her first grade teacher, Mrs. McBride. "She was the first to deal with me in the classroom and she began helping me learn things that I needed to know in order to gain knowledge," Pam explained.

Pam could not say what had been her most enjoyable time in PHS because she enjoyed all she had done and had learned at the same time.

In closing Pam was asked what she would do if it was her last day on earth. "I'd do my best at whatever the day brought. I'd also let others know how much I really appreciate them."

13 FFA'ers to attend Fort Worth show

Thirteen Future Farmers of America from Post will attend the Ft. Worth Fat Stock Show this weekend.

The young men will leave Post on Tuesday and Wednesday according to Mr. Gene Thomas, Vo. Ag. teacher in Post.

The students are all taking sheep for the first time in several years. There will be some 17 sheep making the journey.

Those attending will be Butch Booth, Rodney Josey, Kohen Josey, Bud Jones, Shelby Barley, Wes Horton, Mike Holly, Virgil Morris, Danny Gunn, Greg Pollard, Daniel Yarbrough, Rodney Gray, and Barry Tanner.

Seven 4-H'ers will enter stock show

Syd Conner, county extension agent, and several family members will accompany seven 4-H members who are taking livestock to the Fort Worth Fat Stock Show.

Members who will be showing animals in the show are Dana Bird, Ronald Case, Joe Gary, Randy Conner, Lance Hurn, Jay Young and Ken Young.

a musical, "Mirror Under the Eagle," is a jet-paced play with the accent on comedy, and it includes some dancing.

The "Mirror" in the title is the theater in which people have seen themselves portrayed for hundreds of years.

"Mirror Under the Eagle" traces humorous highlights of the American theater, from the early days of "Uncle Tom's Cabin" and "Ten Nights in a Bar Room" to current hits of Broadway.

Scenes include American's first views of Shakespeare and selections from such American playwrights as Eugene O'Neill and Thornton Wilder.

Musical selections include an 1860's look at the minstrel show. Songs from famous musical comedies will run from "No, No, Nanette" to "Godspell."

A cast of six actors, three men and three women, play over 65 roles as they move through some 200 years of theater in America.

The Dallas Theater Center tour is made possible by a matching grant from the Texas Commission on the Arts and Humanities and the National Endowment for the Arts, Washington, D. C.

In addition to the public performance of "Mirror Under the Eagle", the touring company is presenting Lawrence and Lee's highly-acclaimed play "The Night Thoreau Spent in Jail" at PHS and conducting seminars in Miss Lewallen's drama classes both before and after the performance of "Thoreau."

Other Texas towns participating in the tour are Perryton, Electra, Mt. Vernon, Jefferson, Bryan and Lampasas.

Dallas Theater Center's famed director Paul Baker commented: "we are looking forward to touring throughout Texas during this Bicentennial year. I am also pleased that the company will be spending several days in each city, performing for the general public as well as working in the schools. The actors and local people have an opportunity to really get acquainted, and it is truly a wonderful situation for all concerned."

"Mirror Under the Eagle" is sponsored, locally, by Post Independent School District and tickets will be priced at one dollar for students and two dollars for adults. The tickets will be available at the door as well as in advance from PHS Drama Club members.

Shooting the Breeze

By NAN HAIR

In our world of modern conveniences it isn't often you see a group of people who want to leave the luxuries behind for even a night, but several freshman boys attempted to do just that this last weekend.

They loaded up sleeping bags and various camping equipment and met at the home of Mr. and Mrs. Nolan Williams as guests of their son, Jeff, after school Friday afternoon.

After purchasing and butchering a goat to be barbecued the boys had to load their equipment and escape the cold winds that blew in Friday night. After playing dominoes far into the night the boys began their "campout" in the Williams' home.

Saturday morning everybody woke with the sun and began the fire for the barbecue. After concocting their own sauce they began the ritual of barbecuing their "tasty" feast.

Greg Lester, Nolan Williams

and Bill Case joined the boys. By some coincidence they were too late to help cook but they arrived in time to help put away what strangely enough turned out to be some "pretty good eating."

To illustrate how much fun the boys were having they chopped down a China berry tree for entertainment. Sounds like fun, well maybe.

After successfully wasting an afternoon the boys began to get out the bed rolls and visit around the fire, talking and cutting up as the sun ducked beyond the western horizon.

Unfortunately as the skies became darker the air became cooler. Showing true outdoor spirit the boys gathered their bed rolls and slept in a pickup camper.

Sunday afternoon the weary "pioneers" all found a corner in the Williams' home to lay their weary heads and slept away the remainder of their adventurous weekend.

Those attending the camp out were Jeff and Robby Williams, Tim Morris, Shorty Bilberry, Bryan Compton, Mike Maddox, Dan Nelson, Dale Redman, Danny Gunn, and Rex Cash.

Who needs modern conveniences when you can cook your meals on an open fire and sleep with the open skies as a canopy, right boys?

Drama club to Lubbock play

By TRACY McALISTER

Last Thursday night Jan. 29 members of the PHS Drama Club attended a play at the Hayloft Dinner Theater. The play was an extremely well produced presentation of "Don't Drink the Water."

This trip is one of many which the Drama Club has planned for this year.

Those attending were Dianne Lewallen, sponsor and teacher, Tiana Shiver, Terry Smith, David Morrow, Cindy Kirkpatrick, Donna Josey, Dan Sawyer, Dale Odom, Christy Davis, Mark Kirkpatrick, Bobby Macy, Kim Mitchell, Jennifer Miller, and Tracy McAlister.

LORENZO GUESTS — Mr. and Mrs. Jerry Windham and family visited in Post this weekend with Mr. and Mrs. Billy Williams and family and other friends and relatives.

During the Feb. 2 meeting home economics teachers, Mrs. Wheatley and Mrs. Sawyer gave the girls a brief outline of the night's activities.

The girls will be judged on beauty, personality, poise and talent.

The morning of the contest the contestants are scheduled to meet in the auditorium for a brief practice session. Lanette Thuel, who is an instructor at the Robert Spence School will be giving the girls pointers on walking, proper posture and other points which the girls may have questions about.

SURVEY REPORT PREPARED BY PCG

Micronaire on '75 plains crop second worst ever

LUBBOCK — The 1975 cotton crop from the 25 High Plains counties represented by Plains Cotton Growers, Inc. was characterized by improved fiber strength, below average grades, short staple, a considerable amount of bark and the second worst micronaire average since PCG began recording High Plains cotton quality in 1958.

PCG's 1975 Crop Quality Report, covering about 1,350,000 running bales of a crop that now looks as if it will reach about 1,450,000, has been completed and will be published soon, according to PCG Executive Vice President Donald Johnson.

Commenting on the expected 1.45 million bale total from the Plains, Johnson said area classing offices will probably class 1.25 million or slightly more, and that the remainder will be accounted for by High Plains cotton classed at Abilene and Memphis offices.

PCH makes the computer-compiled report available to PCG members, the cotton trade, the textile industry and others, providing a detailed account of quality and fiber relationships of High Plains cotton. U. S. D. A.'s cotton classing offices in the area and the Texas Tech Textile Research Center cooperate in making the report possible. Staple average for the 1975

crop came to 30.3 thirty-seconds of an inch, far below the 31.7 thirty-seconds of an inch recorded in 1974 and the shortest since the 30.2 average recorded in 1971. The 32.3 thirty-seconds average registered in 1968 was the longest in High Plains history.

Pressley strength of the crop measured an average 83,120 pounds per square inch, as compared to 81,410 PSI for the 1974 crop. All time high pressley on the High Plains was 85,000 PSI in 1970.

In grade, 25.8 per cent of the area crop fell in the White category, 62.5 per cent with Light Spot, and 10.7 per cent graded Spot. Corresponding 1974 figures were 50 per cent, 43.9 per cent and 5.8 per cent. The highest percentage of White cotton produced on the Plains came in 1958 when 71 per cent was in that grouping. The lowest percentage has been nine per cent White in 1966.

Micronaire readings for 1975 averaged 3.00 micrograms, only slightly below the 1974 figure of 3.07, and near the record low of 2.9 established in 1971. The excellent 1973 crop carried the area's highest micronaire average ever, at 4.13.

Cotton classed as "Barky" in 1975 accounted for about 22 per cent of the crop, which compares with almost 35 per cent Barky cotton in 1974. The worst year in Plains history for bark was 1971 when over two-thirds of the bales carried that designation.
