

Hospital room rates hiked here with Blue Cross, Medicare okay

More boosts also made

Room rates in Garza Memorial Hospital have been boosted an average of over 50 percent and other charges also hiked to bring in badly needed additional revenue for hospital operations.

The rate hike action, retroactive to Nov. 1, came at the hospital directors' November meeting last Thursday night.

Hospital Administrator Perry Hunsaker told the board before the vote that the proposed new rates already had been approved for payment both by Blue Cross and Medicare.

Action to hike the hospital room rates have been pending for some time as a step to help solve the hospital's current financial crisis which necessitated a \$30,000 short term bank loan in the early fall.

The rate increases will only bring the local hospital rates up to about the average for other hospitals in this area. Prior to the increase, local rates by comparison had been quite low.

The rate change goes something like this:

The semi-private room without bath goes from \$26 to \$40 a day, the semi-private room with bath from \$29 to \$44, the private room without bath from \$30 to \$50 and the private room with bath from \$36 to \$55.

Other increases include: The new born nursery from \$15 to \$21 daily.

The emergency room from \$5 to \$10 for the first 30 minutes and \$5 for each additional 30 minutes to a maximum of \$40.

The delivery room from \$40 to \$55.

The recovery room from \$15 to \$30.

Hospital Administrator Hunsaker told directors that the hospital received approximately \$93,400 in room charges in the year of operation completed Sept. 30.

He said under the new rates, if the same rate of occupancy is maintained, the hospital will receive an additional \$50,000 in income for operational purposes.

Hunsaker also said he is negotiating with Blue Cross at the present time to obtain approval for the hospital increasing various drug and service charges. He said he will present these to the board in the future for action as they are approved by Blue Cross, which also administers the Medicare program.

He pointed out that the hospital in a number of instances is now paying more for a drug or service than it is billing the patient because hospital charges have not been increased as fast as the costs were increasing to the hospital.

In other words, he explained, right now the hospital is literally giving some of its services away.

In another charge, the directors authorized the hospital administrator to require a \$10 minimum cash charge per patient seen in the hospital's emergency room.

Directors emphasized that service would not be denied and that assistance would be given to collect on any insurance policies held by patients, but that the minimum cash charge was needed. Also a \$2 service charge will be added for filling out applications for insurance

on more than a single policy. Cash payment for physician's charges for emergency room work also will be asked.

The hospital administration went over with the board details of the contract he has been working out with Dr. Park, new South Korean physician who arrived in Post Saturday.

Financial terms include payment of \$250 a week to the doctor until he receives his temporary license to practice in Texas in about four weeks, and then a guarantee of a monthly

income of \$2,000. The hospital district will pay the doctor's malpractice insurance for the first year with a renewal if no suit is filed against him.

The new physician will agree to practice here at last through December, 1977, and if he should leave before that time he would repay all the hospital district has paid to him under the contract.

Hospital directors also amended the hospital's utilization review plan with several changes recommended by Hunsaker.

The administrator reported that the hospital had 44 patients in October, 14 of them Medicare, 1 Medicaid, and 29 others. There were a total of 232 patient days with an average of 5.1 days per patient and an average of 7.2 patients in the 26-bed hospital through the month.

Seven babies were born during October; there were three deaths; and 64 outpatients were treated.

Hunsaker said only \$12,127.07 was collected on accounts

receivable during the month, \$93.21 received in tax money, and \$13,000 more taken of the bank loan.

The hospital at the end of the month had \$18,533.18 in Medicare payments outstanding, \$17,051.62 due in other insurance claims, \$17,783.39 on other outstanding accounts receivable, plus \$61,651.68 in old accounts receivable and \$50,843.47 in dead accounts.

Hunsaker reported \$1,900 in repairs had to be made on the hospital's x-ray equipment re-

BETTY POSEY AND ROB ROBINSON—

Two fund workers praised

Garza County's 1977 United Fund drive climbed to the \$2,166 mark Tuesday toward its goal of \$10,675 with Drive Chairman Jim Cornish handing most of the credit for early successes to two individuals, Mrs. Betty Posey and Rob Robinson, new bank official.

Cornish termed Mrs. Posey's work "phenomenal."

With Mayor Giles McCrary having a fist full of cards to work in the business division and leaving town for almost two weeks, Betty, his secretary, volunteered to work them

for him Tuesday.

From an 11 a. m. start in something like three hours or less — counting her lunch hour — Betty turned in to Cornish

\$655 in cash or checks from 12 donors, had a promise of another to mail a \$50 check, and received only one turn-down.

Robinson was the first division chairman to complete his work on the drive, reporting 100 percent response in the bank employees division from the First National Bank's 19 employees for a \$246 total,

plus a generous check from the bank which was an increase from the previous year.

Cornish said his principal concern at the moment was "finding new assignments for both Mrs. Posey and Robinson."

"It's that kind of enthusiasm which gets everybody going," Cornish said.

All of the returns in to date are from the business division except for the \$246 from the bank employees.

Mrs. Louise McCrary has accepted the chairmanship of the private citizens division.

Cornish asked any division chairmen or any workers in the business division with returns in hand to turn them into him. He urged everybody to get to work to give time for the windup before the Thanksgiving holidays.

"It's no fun trying to compete with Santa Claus," Cornish pointed out. "Besides that, it's practically impossible."

What else is there to write about this week, but Lopez football?

With Post playing for three district football championships against Roosevelt — junior varsity and freshmen tonight at Roosevelt and the varsity here Friday night, the football program here looks to be in very good shape.

Add to that a second place district finish for the eighth graders picked up here against Roosevelt Tuesday night and it totals up into quite a season.

Two points we want to make about our Lopes

First, they are really a completely rebuilt ball club. While we returned 13 lettermen there were only three regulars among them at the start, reporting to a new coach to learn a new system, with a schedule which called for non-district games against two favorites in other districts as well as a district schedule which included back-to-back away games against co-favorites of 5AA.

They lost their second start to Coahoma on the road, but came back to defeat favored Floydada and Colorado City.

(See Postings, Page 10)

Two fire trucks to remain in old station, council decides

Fire Chief Neal Clary won a reversal at the city council's November meeting Monday night of an apparent earlier council decision to oust all fire trucks from the old fire station on Broadway to make room for record storage and more parking.

Not only did the council agree to permit two of the grass fire trucks to be stored there as a temporary measure but concluded the city might begin planning to expand their new fire station on Avenue H to accommodate all the fire trucks.

The council asked Chief

Clary to give the council his idea on how best the new metal garage building could be expanded to provide three more trucks spaces at some future time.

The parking situation around the Post Chamber of Commerce and city judge's and RMA office was resolved by instructing City Manager Pete Maddox to blade off and hard surface the parking area behind the library for parking. Four parking spaces also are available along the side of the Chamber building without interfering with fire station driveways.

Clary, who had received a letter from the city about two weeks ago advising him to move the rest of the fire trucks out of the old station, argued that the trucks had to be put inside and that the city No. 2 warehouse on East eighth was not an effective facility for such truck storage because of the single exit.

In a long session which

lasted until midnight, the council also:

Discussed the law enforcement situation, including the dog ordinance, with Sheriff Jim Pippin, and asked Pippin for a monthly report on law enforcement.

Accepted the \$5,277.67 bid of Harold Lucas Motors for a specially equipped Impala Chevrolet sedan for the sheriff department's use figuring a trade-in of a 1973 BelAir. The council, at the request of Sheriff Pippin, did not consider two bids for medium sized cars.

Chamber president Charles McCook appeared before the council to discuss a new front door for the Chamber office, but the council authorized only a new screen door, saying a glass front door might create a fire hazard due to sunlight through it and that it would be in danger of being broken by rocks thrown by passing vehicles on Broadway once widened.

Discussed with Harold Lucas representing the Post Insurance Agency, and Bobby K. Houchin, Kansas City Life Insurance representative, what the council has in mind for a retirement program for city employees. Houchin promised to present a proposal for consideration in the near future.

Approved a city ordinance authorizing the issuance of \$108,400 in 6½ percent interest bearing warrants to finance purchase of the city's new containerized garbage collection system. The warrants will be completely paid out in 1981 from sanitation department revenue. First units of the

Cox renamed housing head

Robert Cox has been reelected as president of the Post Community Housing Association, Inc., and the six directors have been reelected to additional terms.

These actions came at the annual membership meeting Monday afternoon of the non-profit corporation which recently built seven rental duplexes at Avenue S and 13th through an FFA loan.

Directors reelected were Glen Barley, James Mitchell, Lee Norman, Lewis Herron, Jim Cornish and Cox. Mitchell was reelected secretary-treasurer.

The annual meeting was set for the second Monday of November with three directors to be elected to two-year terms at each succeeding meeting.

Cox reported the only problem facing the board is that the association has been unable to secure a sales tax exemption and thus will be forced to pay the state \$3,000 in sales tax on the construction cost of the duplexes.

The membership voted to see if the non-profit corporation could be given to the city if it could secure such a sales tax exemption on the already completed construction. Otherwise the board plans to negotiate a settlement with State Comptroller Bob Bullock's office. Payment of such unbudgeted sales taxes would leave the corporation with almost no operating funds.

Escaped chaser to Snyder

Local sheriff officers chased a Lubbock County jail escapee who had burglarized an Idalou home and stolen a new Cadillac there Sunday night all the way from Post to Snyder at speeds up to 110 miles an hour.

The escapee wrecked the stolen car on the outskirts of Snyder and got away on foot in the darkness.

The story received here is that the escapee asked and secured a farm job near Snyder but the farmer's wife became suspicious of him and notified Scurry County sheriff who arrested him.

Idalou police returned him to Idalou to face charges Tuesday afternoon, coming through Post on their way back from Snyder.

SOUTH KOREAN PHYSICIAN — Dr. Hoseong Park from Seoul, South Korea, shakes hands with Hospital Director Perry Hunsaker before the Post's camera Monday afternoon when Hunsaker brought the new Post man into The Dispatch for an interview. — (Staff Photo)

South Korean doctor brought to Post

The new physician is Dr. Park, 40, from Seoul, Korea, who arrived here Monday but must await his temporary Texas license to begin practicing. That probably will be about five weeks.

In meantime, Dr. Park at Dr. William Wilson, the laboratory at the hospital and familiarize himself with American drug through local pharmacist.

Memorial Hospital is

will be in Terrace under the direction of Funeral Home of Post. He died Monday, Nov. 8 p.m. in Lubbock's Memorial Hospital, following an illness.

May 25, 1907, at Rule, he moved to Garza in 1916. He was married to Turner in 1930 in the Valley Community.

He preceded in death by his wife, Mrs. Velma in 1963.

Survived by his wife, Mrs. Bobby Dunlap of Post, Ill., a daughter, Mrs. King of Roswell, Okla., mother Mrs. Mattie of Post, one sister, Mrs. Arlene of Collinsville, Okla., one brother, Avon of Dallas; and six children.

100,000 damage suit filed

A \$100,000 damage suit has been filed by Sandra Claborn Ewell E. (Gene) former Garza County judge for severe and permanent injuries she alleges she sustained as a result of an automobile collision here on Monday, July 3, 1976.

The plaintiff, Mrs. Claborn was traveling east on Highway 101 at about 9:30 a. m. when she was struck by a car driven by Gandy which pulled out into the lane going south on Highway 101 causing a collision with the plaintiff.

The plaintiff says she suffered permanent and permanent injuries to her neck, upper back, all the nerves, tendons and ligaments in her back and as well as injury to her head and internal injuries.

Claborn alleges in her petition that the driver of the car which pulled out into the lane going south on Highway 101 causing a collision with the plaintiff.

contracting with Dr. Park to practice here through 1977 and is hopeful that the smiling little physician will become a permanent resident of Post.

Dr. Park is not an American citizen yet, but he has been admitted to the United States

Dispatch 'Extra' if Lopes win

The Dispatch plans to publish a "sports extra" early Saturday morning if Coach Jackie Brown's Post Antelopes win their way into the post-season playoffs by defeating Roosevelt's Eagles here Friday night.

"It will be a fun extra for the Antelopes and the fans," Publisher Jim Cornish said.

"We'll have it in the mail Saturday morning to all regular subscribers and fans can buy copies at any of the stores which regularly sell the Dispatch from 8 a. m. on.

"We're not soliciting advertising. Backers of the team through the season will be included but we won't be able to accept any more."

If the Eagles pull off an upset, the next Dispatch will come out next Thursday.

Cornish pointed out fans wouldn't be either eager or in any hurry to read about the game under those circumstances.

Monday rites for Mrs. Randall

Funeral services for Mrs. Lucy Randall, 87, of Post and mother of Mrs. Margaret Barley, of Post, were held at 4 p. m. Monday in N. S. Griggs and Son Funeral Home Chapel in Amarillo with the Rev. Tom Pass, pastor of the Post First Presbyterian Church, officiating.

Mrs. Randall died Friday in Garza Memorial Hospital after a lengthy illness.

Burial was in Liano Cemetery in Amarillo.

Post arrangements were under the direction of Hudman Funeral Home.

Mrs. Randall's husband, Albert, died in 1963.

Survivors include two daughters, Mrs. Barley of Post, and Mrs. Lucile Farley of San Angelo; a son, James H. of Richardson; six grandchildren and eight great-grandchildren.

9,296 books read in 1976

Post Public Library patrons have checked out 9,296 books in the first 10 months of 1976, according to Librarian Pee Wee Pierce's October report.

A total of 838 books were checked out last month, 697 of them by adults.

Thirty-two books were added to library shelves during October to bring acquisitions for the year to date to 539.

Miscellaneous income for the month, including fines, book sales and donations totaled \$32.95 to bring this income for 1976 to date to \$254.89.

as a permanent resident of this country.

He told The Dispatch Monday afternoon he wanted to come to America "to obtain freedom and liberty and to raise and educate my two children in this country."

Dr. Park is divorced. His two children — a son, 10, and daughter, 8, are still in Korea, but he hopes to bring them here to Post within a few months.

Dr. Park will be associated with Dr. Wilson when he begins practicing here. He is renting one of the apartments in Post's new rental duplex housing project.

The physician was graduated from Seoul National University with a medical degree in 1961 and has practiced medicine in South Korea for 10 years.

Dr. Park knows something about Communism firsthand. He was born in North Korea. When he was 11 years old, the Communists took over North Korea following World War II and moved to South Korea with his parents to escape red rule.

He says Korea is a beautiful country and that the weather there is very similar to the local weather at this time of

(See Dr. Park, Page 10)

Historical group given award

The Garza County Historical Commission received a Distinguished Service Award at the recent 1976 Annual Historic Preservation Conference held in Austin, Mr. and Mrs. Walter Boren, Mrs. Ruby Kirkpatrick and Mrs. Nita Burress attended the conference from Post.

Mrs. Boren, GCHC Chairman, accepted the award during ceremonies of the conference, which was co-sponsored by the Texas Historical Commission and the Texas Historical Foundation.

In presenting the award, THC Chairman, Mrs. Wesley B. Blankenship cited the GCHC for, among other accomplishments, saving from demolition and then partially restoring the historic Algerita Hotel in Post.

Survivors include two daughters, Mrs. Barley of Post, and Mrs. Lucile Farley of San Angelo; a son, James H. of Richardson; six grandchildren and eight great-grandchildren.

Only one new deputy hired

New Garza Sheriff Jim Pippin has made only one change in his lineup of five deputies.

He has replaced Junior Shepherd with Jim Johnson, a qualified 26-year-old officer from Midland. Johnson is single.

The four other deputies are Bill Shankles, Don Fitts, Troy Vest and Robert Blaylock.

The relief deputy continues to be Bob Herron of Lubbock.

Workshop to be held here on deaf oldsters

The South Plains Regional Office on Aging will co-sponsor with the Commission for the Deaf, a workshop to be held on Nov. 15 in the Community Center here in Post.

The workshop will be dealing with the needs of the older deaf of the area. Speakers will discuss special problems and of the deaf and how to contact and include this group in service for the elderly.

The clinic is free.

SIGN DEDICATION SUNDAY — This new sign for the Faith Lutheran Church at the corner of 10th St. and Avenue K will be dedicated Sunday morning at 10:30 a. m., according to the church pastor, Don Neumann. The sign was designed and built by Frank Bostick and donated by Mr. and Mrs. Frank Bostick who are shown above standing beside the sign designed to fit in with the historical theme of the church. Post people are invited to the Sunday sign dedication as well as to a special bicentennial Thanksgiving service which will be held in the church at 10 a. m. Thanksgiving Day, Nov. 25.

Dispatch Editorials

Page 2 The Post (Tex.) Dispatch Thursday, Nov. 11, 1974

Welcome to new doctor

Welcome to Post, Dr. Park. Post over the weekend gained its second foreign doctor to come here to establish a general practice. A picture of this smiling man and a story about him appears on the front page of today's Dispatch.

We spent 30 minutes interviewing Dr. Park Monday afternoon and we liked him very much. He says he came to America as millions have before him seeking the freedom and liberty which the United States offers.

We hope Dr. Park finds a home in this country. More specifically, we hope Dr. Park likes Post, and vice versa, and he finds that home here.

If both give each other the chance, I think it will work out fine.

It will be a few weeks before Dr. Park secures his temporary medical license to practice. In the meantime he will be assisting Dr. Wilson.

The shortage of physicians in small town America is no recent problem. It has been with us for some time. Post is just beginning to do something about it — by going overseas.

Actually, we blame Texas Tech University for not admitting the wife of Dr. Chana to the courses she wished to take more than any other reason for that Indian physician's departure from Post for El Paso a few months ago. But be that as it may, Dr. Park may soon be followed here by two physicians from the Philippines, one of them of Chinese extraction. They could arrive in Post within the next two weeks. Efforts to bring them here have been under way for months.

Garza Memorial Hospital has encouraged these physicians to come to Post because bringing more physicians here will help to

solve the community's "hospital problem."

The Dispatch, which has well known conservative leanings, fully supports these efforts. We need the physicians and we need our hospital.

There is a proposal under consideration to form some local organization to finance the arrival, contracts, and guarantees — as you will — of these physicians. After all, the hospital district has about as much as it can handle running a hospital in these "high cost of running a hospital times."

But since no other local group or organization was available to seek new physicians for Post, the hospital district, through its elected directors and hospital administrator, has tackled the problem.

They are now proposing maybe somebody else should assume this responsibility. Which sounds like a good idea, if the somebodies can be put together into an effective organization. Right now, the hospital district in conducting the search because the hospital, like the community it serves, needs physicians.

This is something well worth consideration. Certainly, there are enough well intentioned folks locally who could undertake this assignment.

Think about it. But during the interim, this newspaper adds its support enthusiastically to the hospital district for conducting an international search for doctors.

We appreciate their efforts. We think you should too. Furthermore, if something comes of the plan to form an association with funds of its own to contract physicians, let's consider joining.

Remember When

10 YEARS AGO

Lopes set to buck Cyclone; Post, Memphis will clash at Plainview in bi-district; 'Antelope Day' is proclaimed here; Post beats Stanton, 27-0 for District 4AA crown; Spur B team hits freshmen with only loss on 1966 slate; Post Does lost to Springlake, 73-55; cotton is rolling into Grassland gins; Congressman Mahon advises farmers to vote for cotton research; Garza to sell its Bailey school land; Bill Quattlebaum new deputy here; Christmas Fiesta set for Dec. 8 with Santa visit as a highlight; Miss Sherry Bevers, bride-elect of Johnny Haire, is honored with shower; Cristal Dawn Widway honored on birthday; Madole-Cornell wedding will be held in Dallas on Dec. 30.

15 YEARS AGO

County Judge J. E. Parker tells of three future projects: \$65,000 damage suit filed, district court; 1962 Chest budget of \$13,900 adopted; grants are near on city projects of sewer, zoning and planning; 4,425 bales of cotton ginned; shoplifters hit Maxine's here; Christmas trees to line streets; NAIA Hall of Fame at Alpine is to admit Cash; Mrs. Joe Callis presents program at WSCS meeting; Sue Oats, Southland girls is McMurry favorite; Mrs. Cornell is hostess at CWF Guild meeting; building permits are at \$650,000; Antelopes end season against Stanton here; Does lose to Sands after winning pair; Post FFA team enters Mesa District contests; Darrell Stone is teacher of the week.

Friday; Tahoka Bulldogs cop District Crown; Scout Troop 16 given outstanding rating in entire 20 county districts.

Cotton prices holding steady

LUBBOCK — Grower contracting prices were steady during the week ending Oct. 29, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office. Contract prices for new-crop cotton ranged from 3400 to 3500 points over 1974 loan rates. About 15 percent of the High Plains 1974 crop has been contracted.

Trading of new-crop cotton was slow to inactive. Mixed lots of mostly grade 42 staple 31, mikes 3.3 through 4.9 brought 69.75 to 70.75 cents per pound.

Predominant qualities for this week's classing were grade 42 and 32 percent, grade 32 at 21 percent, and grade 41 was 20 percent.

Predominant staple lengths were Staple 30 accounting for 15 percent; Staple 31, 32 percent; and Staple 32 at 28 percent.

Mike reading 3.5 through 4.9 amounted to 76 percent of the total.

Pressley tests indicated breaking strengths over the Texas High Plains averaged 85,000 pounds per square inch.

About 14,800 samples were classed by the Lubbock Cotton Classing Office during the week ending October 29. This season's total stands at 18,800 samples compared with 3900 on the same date a year ago, according to the USDA's Agricultural Marketing Service.

away the red ink on their municipal books. The inflation fires are burning again.

Remember Carter's pledges to balance the federal budget and also reorganize the federal bureaucracy from 1,700 departments down into 200 agencies?

There are over 4,500,000 persons now on the federal payroll but according to law, Carter will be able to replace only 2,200 of them by appointment.

These are just a few of the items Jimmy has to mull over during the Thanksgiving and Christmas holidays before going under the gun.

Course interest by Post residents asked

Western Texas College, which sponsors an extension of the College here at the Post High School, needs to know for scheduling purposes what courses are of interest to prospective students in Post.

Please contact Lane Tannehill at his office in Post High School and let him know what courses you would be interested in taking.

STATE CAPITAL
Highlights
AND
Sidelights
by Lyndell Williams

AUSTIN — Gov. Dolph Briscoe is backing an \$850 million boost in state spending for schools.

He unveiled his plan to a meeting of school officials here last week.

Addressing 3,000 school superintendents and board members, he also specified this condition: his legislation is conditioned on establishment by lawmakers of a ceiling on local school taxes.

A key provision in the Briscoe program would hike the state's share of support for the Foundation School Program from 70 per cent to 90 per cent of the total, at a cost of \$640 million. The state now spends about \$2 billion a year on the program.

Indications are the resulting decrease in "local fund assignment" would bring a saving to taxpayers of about 26 cents on the \$100 property valuation.

Briscoe also presented proposed new market value statistics for school districts, estimating the state's taxable property for school purposes is \$238 billion, an increase of \$78 million over the values used by legislators in writing the 1975 school finance act.

The governor's program did not provide money for an increase in teacher salaries, although he may make a separate recommendation later.

Briscoe also suggested a \$50 million increase in school operating and maintenance spending, a \$25 million increase in transportation allocations, \$15 million for staffing in small rural schools, a \$100 million increase in equalization aid for districts with low tax bases and \$10 million to upgrade school district tax offices.

Revenues Increase

Texas state government collected a record \$8 billion in revenue during fiscal 1974 and spent \$6.4 billion, leaving a cash balance of \$1.6 billion. The balance increased by \$200 million since the beginning of the fiscal year, according to Comptroller Bob Bullock's annual report.

Bullock said total state revenues climbed 16 per cent over fiscal 1973 levels, while expenditures rose 15.3 per cent.

"Texans regained confidence in the economy quicker than the average national consumer, and their spending — combined with inflation — pushed all consumer tax revenues to new highs," Bullock said. "And oil and gas production tax income has never faltered."

Bullock calculated tax revenues of \$3.9 billion, \$1.8 billion in federal funds, \$340 million in licenses and fees, \$234 million in investment income and \$246 million in income from state-owned lands.

State government finances and the Texas economy "have grown as strong as a Brahma bull," according to the comptroller.

Seadock Approved
Gov. Briscoe announced approval of the application of Seadock Inc. to construct and operate a deepwater

port off the Texas coast.

Briscoe, acting under responsibilities as chief executive officer of the coastal state adjacent to the project, notified U. S. Secretary of Transportation William T. Coleman Jr. of his decision.

He said the application has had attention of 21 state and local agencies and has been found to provide sufficient environmental protection and modern design technology.

The project would be located 26 miles southeast of Freeport and would have initial capacity to offload 2.5 million barrels of oil daily from very large crude carriers (VLCC's) and other oil freighters.

Courts Speak

When a person is committed to a mental institution indefinitely, there should be no "reasonable doubt" of insanity, the Third Court of Civil Appeals held.

What Are the Advantages of Trading at Hudman Furniture Co.

LET US COUNT THE REASONS!

We buy direct from the factories and mills weeks and months in advance of deliveries. We buy at the lowest possible prices and pass the savings along to you. Because of our low operating overhead we are able to take a lower markup than our big city competition.

We have in-store financing where each person is treated as an individual and each transaction is subject to flexible terms. We are of the old school where your word is as good as your bond.

There is never any interest or carrying charges added to your account, as long as payments are made regularly as agreed at time of purchase.

We are not interested so much in a single sale as we are in repeat business that comes back year after year. So we earnestly try to achieve 100 percent satisfaction.

Our taxes help to support the school, the city and the county. Even 20 percent of the sale tax we collect is ploughed back into the city budget. We have helped to make the city and county grow for many years and we are going to keep on helping.

Lopes in playoff bid

The Post Antelopes will wind up their regular high school season in Antelope Stadium Friday night playing for at least a share of the District 5AA football championship and a berth in the post-season playoffs, the ultimate goal of all Texas high school teams each September.

It has been an unusual season for a very unusual team and a great start for a mostly new coaching staff.

The experts had predicted the district honors would be won by somebody else. In this case, Slaton and Denver City were co-favorites.

Starting slow with a new offense system, the Lopes took a good thumping from Coahoma before picking up momentum to defeat area grid power, Eloydada, now already District 4AA champions, and Colorado City who plays at home Friday night for the District 6AA crown.

Then in their first district outing at Tahoka, a tough Bulldog team surprised the Lopes and pulled out an upset victory.

But that didn't stop the Lopes. Playing their district opponents "one at a time" they have now won four straight times and can clinch a co-title with Slaton and the playoff

Jimmy faces tough job

What is a campaign promise worth? How much change can a new president actually effect? What can be expected of Jimmy Carter beginning with his inauguration in January?

No sir, we don't know all those answers.

We do know there is a vast difference between a candidate making a campaign promise and actually being able to fulfill it later.

The unions say they are "depending" on Carter. The mayors got together and drafted a plan in which they not only want a lot of jobs for the unemployed but about \$5 billion to wash

away the red ink on their municipal books.

The inflation fires are burning again.

Remember Carter's pledges to balance the federal budget and also reorganize the federal bureaucracy from 1,700 departments down into 200 agencies?

There are over 4,500,000 persons now on the federal payroll but according to law, Carter will be able to replace only 2,200 of them by appointment.

These are just a few of the items Jimmy has to mull over during the Thanksgiving and Christmas holidays before going under the gun.

We may not go to the hospital with you — but we have a policy that will.

It's Beyond Us Why You'd Look Beyond Us

We don't want everybody's business

Reports given state meet

Garza County Historical Commission held its regular meeting Tuesday evening in the Community Center of the First National

Kirkpatrick and Gwen brought reports from the meeting in Galveston. All states toured numerous and historic districts have been preserved in region. Members from Garza County attended eight shops of benefit to Garza of historic preservation restoration. Also workshops training to tourism and signs.
 members attending the meet- included Mr. and Mrs. Boren, Vada McCamp, Mrs. Tom Bouchier, Ruby Patrick, Maxine Marks, Belle Fluitt and Lottie

EVENTS IN CALIFORNIA
 funeral services for former resident Aris (Spuds) Beck, 56, of Sacramento, were held in Sacramento Sunday. His survivors are two sisters, Mrs. Patricia Patterson of Slaton and Mrs. Vernice Chaney of Calif.

"I WAS A TEEN-AGE IDEALIST."

It was easier to be an Idealist in 1946, there's no doubt about it. But despite all we've been through in the last 30 years, we Americans still have reason to believe in ourselves and our country. Despite the kinks and flaws, our economic and governmental systems are still going strong. Maybe they don't work the way we'd like them to all the time, but we've still got the freedom to improve them.
 American business clearly has a job to do if we're going to achieve the kind of society we all want. And so do you. If America isn't working to your satisfaction, do something about it. Write. Vote. Stand up and be heard. Together, let's get America back on the track and moving again.

Today, America needs all the idealism she can get.

Buying Know-How: Stretch your collars with buying know-how. Good buying habits help you get more for your money.

Good shopping sense begins by looking ahead. Identifying purchases which your family has coming up throughout the year. Be on the look-out for both prices and a product that fits your needs. The plan-ahead trick is a shopping list which can help you resist the temptation to buy unnecessary items.

Shop around for purchases. Prices and products vary from store to store. By comparing prices you can save on many items.

Analyze your shopping motives. Ask yourself why you really want the item. Avoid spending out of boredom or unnecessary indulgence.

Know your dealer. Buy from reliable businessmen who are established in the community. Be careful about buying from door-to-door salesmen. Most are legitimate, but a few are out to cheat you. Check for their credentials. Be cautious when

dealing with a strange firm, particularly if there is no permanent address or sales representative in town.

More information on buying know-how is available from the County Extension Office. Contact Mrs. Paula Cawthon for a free series of 10 leaflets. Be a Smart Shopper. Phone 495-2050 or write Courthouse, Post, Texas.

Vet disability payments hiked

WACO — Some 2.2 million veterans receiving compensation service-connected disabilities will receive an 8 percent increase in their monthly payments as a result of legislation signed into law Sept. 30, by President Ford, according to Jack Coker, VA Regional Director.

The 8 percent increase in monthly rates also was extended to nearly 320,000 surviving spouses and children receiving dependency and indemnity compensation from the VA. These payments go to eligible survivors of veterans who died on active duty or from service-connected causes. Rates range from \$260 to \$664, based on the veteran's military grade at the time of his death.

The increases are effective October 1, and will be reflected for the first time in checks received November 1, Coker said.

The President's action also expanded a number of other VA benefits for disabled veterans.

4-H food show will have gourmet theme

Interested 4-ers will focus on Gourmet foods when the Garza County 4-H Food show gets underway November 20th.

Following the gourmet theme, local youth will prepare main dishes, side dishes, breads and desserts, or snacks and beverages as they choose one of the four entry classes for competition.

Food entry exhibits will be on display for the public from 3 to 4 p. m. Honorary Junior and Senior Division competition is set for 1:30 p. m. at Post High School Homemaking Department.

Youth ages 14-19 will compete in the senior division, while the junior division contest involves ages 9-13. Honorary competition consists of all exhibitors under 9 years of age.

Both the senior and junior divisions will offer a first, second and third place ribbon in each of the four entry classes.

"Because the 4-H foods program emphasizes nutrition, contestants will be asked to demonstrate knowledge of nutrition, meal planning, food buying and meal service as well as the ability to prepare food. Judges are Mrs. Gail House, Home Economics instructor from Texas Tech University; Jimmie Lou Waincott, Dickens County Extension Agent; and

4-H leaders. The Garza County 4-H Food Show is sponsored by the Texas Agricultural Experiment Station, the Texas A. & M. University System and Morrison Milling & Co., Denton, Texas. All interested persons are invited to the public tasting party of 4-H leaders are Melton, Pearl Riley, Odum, Betty Striblin, Harrell and Anne Chaffin.

\$42,072 in Garza bond sales in 1974

August sales of Series B United States Savings Bonds in Garza county totaling \$42,072 were reported today by County Bond Chairman Lewis Herron. Sales for the eight month period totaled \$42,072, 32 percent of the 1974 sales goal of \$130,000.

Texas sales during the month amounted to \$26,412,332, sales for the first eight months of 1974 totaled \$180,888,475, 69 percent of the yearly goal of \$272.4 million.

Sorority hears about sculpturing with nails

Hudman was hostess for regular meeting of the Alpha Mu Chapter of Epsilon Alpha when it met in her home Monday night at 7:30 p.m.

Fourteen members who were treated to a luncheon by guest Larry Gordon, husband of new member Donna Caughron. Larry has a hobby of welding and size nails together to make western sculpture pieces. He especially enjoys making hills, chaparrals and cacti.

Caughron told the members of his use of brass rods in the welding process, his use of various sizes of nails and how many pounds are required in the process. He had on hand several of the wind-up toys which actually turned out to be already set on metal bases with little wheels. Larry plans to make many more pieces of his art and plans to have them for sale as gift items.

Saturday club has birthday

Graham Thursday club had its 4th birthday with Loucille Morris as hostess. The time was spent

club is more than 50 and, at one time there were 100 members.

Members now are Loucille Morris, Pearl Wallace, Sue and Viva Davis. Most have passed away or Myrtle Hoover is also a member but does not attend the club due to health problems.

Club will meet with Pearl serving as hostess for meeting.

President Johnnie Norman called the business portion of the meeting to order and plans were discussed to fill Christmas stockings for Twin Cedars Home on Nov. 22. The sorority will then take the stockings and a Christmas tree over to the home on Dec. 6. Members were also reminded that their annual Christmas party will be held at the home of Delwin and Kathy Fluit on Dec. 11, with husbands and any guests of the sorority invited to attend.

In order to fill two vacancies of committee heads, Ruth Ann Young was appointed new chaplain, and Sharlot Sparlin, the new ways and means head. Winner of the door prize was Cindy Mitchell.

A Thanksgiving theme decorated the table, and refreshments included pumpkin pie, chips, sandwiches, iced tea, and hot spiced cranberry punch.

Members present were Cindy Mitchell, Kathy Fluit, Orabeth White, Johnnie Norman, Ruth Ann Young, Donna Caughron, Sherry Crowner, Laveta Norman, Irene Fry, Jana McCallister, Sharlot Sparlin, Susan Howard, Sara Holder and Julie Hudman.

Presbyterian women have luncheon

The Presbyterian Women met Nov. 1, at the church for a luncheon. Linda Malouf read Psalms 1:104.

Tom Pass, minister, was guest for the luncheon. Hostesses for the meeting were Johnny Francis and Helen Richards.

Members attending were Louise McCrary, Dedra Adams, Lois Williams, Annalou Cline-Smith, Frances Camp and Linda Malouf.

JANUARY WEDDING DATE — Mr. and Mrs. Joe Abbott of Canyon, Texas, announce the engagement and approaching marriage of their daughter, Vickie Jo, to John David Gist, son of Mr. and Mrs. John W. Gist of Post. The couple plans to be married Jan. 29, 1977 in the Conner Drive Church of Christ in Canyon.

HD clubs sponsoring Hobby workshop here

The Garza County Home Demonstration Clubs are sponsoring a hobby workshop, Thursday, Nov. 18, 10 a.m. to 3 p.m., in the 4-H Building.

Bring a salad if you would like to stay for lunch. The workshop will feature instructional classes in tote painting, needlepoint, crewel, macrame, and yarn pot hangers. Displays of ceramics and country carving will also be set up. Instructional classes and displays are free. Materials to make the items will cost a small amount. Persons wishing to participate in tote painting and macrame classes will be charged a small fee for paint and glue. You may attend one or all of the classes.

Over 50 club is reorganized

The Over Fifty Club for Garza County was re-organized at a covered dish luncheon held Thursday, Nov. 4 in the community center.

Following the luncheon, a business meeting was held and the group decided to meet twice each month. The first meeting will be held Nov. 18 and will be the Thanksgiving luncheon. On this date a program will be held in keeping with Thanksgiving. The food chairman is Mrs. Thelma Thomas.

Officers for the club will be elected at a later date. Those attending were Rev. Edgar Fox, Rev. Gene Prevo, Raymond Young, Vera Humphries, Lucy King, Maudie Pettigrew, Edna Peede, Myrtle Ashley, Travis and Thelma Thomas, Maxine and Lou Marks, Oliver and Mae McMahon and D. C. and Verna Roberts.

The meetings will be open to the public and anyone who would enjoy the luncheons and games is invited to attend. The first meeting the meat dish will be furnished by the

Music club to sponsor carol program Dec. 6

The Post Music Club will be sponsoring "Calico Christmas and Community Carols" on Monday, Dec. 6 from 6:30 p.m. until 10 p.m. at the Post Community Center. Special guests for this occasion will be residents from Twin Cedar Nursing Home and all Garza County Pioneers.

Jack Gordon will be music director accompanied by Mrs. Boo Olson, pianist, with Mrs. Sue Crenshaw serving as program coordinator.

Various groups and individuals will be providing Christmas music. There will be a

square dancing exhibition performed by the "Sagebrush Stalkers" from Lubbock at 8 p.m.

The Music Club was informed last week that a very special guest will be arriving from the North Pole to take part in the festivities.

There will be fun and fellowship for everyone, from the young to the young-at-heart.

Refreshments will be served and the Post Music Club cordially invites you to attend.

Anyone needing transportation should call Mrs. Maxine Marks, at 495-2782 or 495-3140.

Homemaker aides are honored at luncheon

Homemakers Aides and Clients of Garza County along with other special guests were honored with a luncheon Wednesday, Nov. 3 in the community center. Garza County is the model project for the Homemakers program.

Following the luncheon guests were taken on a tour of the OS Ranch with Mrs. Jim Prather conducting the tour. The Mini-Bus was made available for this tour.

Maxine Marks, mistress of ceremonies, paid special tribute to the persons who have made this program available to the citizens of this county.

Special guests attending the luncheon were Ms. Roberta Brown of Washington, D. C. who is with the Administration on Aging; Ms. Gale House of

Lubbock, Director of Homemakers Service Aid Program and Ann McClellan and Carol Mitchell of her staff; Mrs. Paula Cawthon, Garza County Extension agent; Ms. Betty Shannon, coordinator of the Regional Office on Aging; Mr. John Keith, regional director of the Green Thumb Program; Mayor and Mrs. Giles McCrary and Johnny Ray Watson of Lorenzo who furnished the music for entertainment.

Fashion showing is scheduled Nov. 23

Fashions for fall and winter are making big news across America. Fashion designers have given you many options in clothing this year. Because fashions are so versatile, you need to be knowledgeable about fashion. The Garza County Family Committee is sponsoring a Vogue-Butterick Fashion Showing, Tuesday, Nov. 23, 2:30 p.m. in the Reddy Room. This program features fashion choices and home sewing. The program is free, and everyone is invited to attend.

Former Post couple to celebrate their 50th

Mr. and Mrs. Edwin C. Reed will be celebrating their 50th anniversary with a reception in their home Saturday, Nov. 13 at 3713 Avenue U in Snyder.

Mr. and Mrs. Reed were married Nov. 10, 1926 in Post in the chapel of the First Baptist with the pastor, Bro. Bishop, performing the ceremony.

They made their home in Post for many years. Mr. Reed was the Santa Fe agent, and they lived here until he was moved to Snyder. He is now retired.

They have one son, Vernon, who lives in Midland and they also have four grandchildren. Friends of the couple are invited to go by their home

between the hours of 2 and 4 p.m. in Snyder and visit with the couple.

MR. AND MRS. EDWIN C. REED

Invitation Extended

Friends of Mr. and Mrs. Edwin C. Reed, former Post residents, are invited to an open house celebrating their 50th wedding anniversary.

The open house, hosted by the children of the Reeds will be held from 2 to 5 p.m. Saturday, Nov. 13, in the Reeds home at 3713 Ave. U, Snyder, Tex.

McAfee-Daniels vows are read

Wedding ceremonies uniting Mollie McAfee and Earl Daniels were read Oct. 29 in the home of the bride's mother, Ruth McAfee.

Bill McBride officiated the wedding ceremony. Honor attendants included Kathy McAfee, M. L. Palmer and Wade Bridgeman.

The traditional something old, new, borrowed and blue was carried out with articles furnished by the brides nieces. The wedding cake was also baked by the nieces.

Mr. and Mrs. Tommy Daniels, parents of the groom, and Mrs. Ruth McAfee and members of the immediate families attended the wedding.

group and those attending are to furnish a dish of their choice for the luncheon.

KYDONKER
Gardner Extension Agent

Joe Ed Wise of Seminole has been named county Extension agent for Dawson County, effective Dec. 1, 1976, according to Billy C. Gunter, district agent for the Texas Agricultural Extension Service, and County Judge Leslie C. Prall.

"Wise will conduct Extension educational programs for commercial agriculture," says Gunter, "and will provide leadership in 4-H club work."

Currently the county Extension agent for Gaines County, he assumes that spot in Lamesa which was vacated when Lee Roy Colgan announced his retirement. Colgan stepped down after serving 33 years with the Texas Agricultural Extension Service, including 28 years in Dawson County.

"Joe Ed has conducted outstanding programs as a county agent in Gaines and Crosby counties and as assistant agent in Dawson County," Gunter added. "We believe his background well qualifies him for the responsibilities demanded of a county agent in a key cotton county such as Dawson."

Wise, the son of Mr. and Mrs. Joe W. Wise, was born in Brady, Texas, Nov. 7, 1946, and reared in Rockwood in Coleman County where his parents now reside. He graduated from Santa Anna High School and attended San Angelo State College in San Angelo and Howard Payne University in Brownwood.

He received the B.S. degree from Texas Tech University in 1968 and the M.S. degree in 1974. He has taken graduate work at Texas A & M

University. At San Angelo State, Wise was a member of the livestock judging team. While at Texas Tech, he was on the Dean's List, and a member of the Block and Bridle Club, the agricultural council and the meats judging team.

After graduation from Tech, Wise joined the Texas Agricultural Extension Service July 1, 1968, as assistant county Extension agent in Dawson County. On Sept. 1, 1971, he was named county Extension agent for Crosby County and moved to Seminole as Gaines County Extension agent on Sept. 1, 1974.

He holds professional membership in the Texas County Agricultural Agents Association. Wise is superintendent of the junior show of the South Plains Fair and assistant swine superintendent of the South Plains Junior Livestock Show.

Wise and his wife, the former Ruth Ann Walker of Santa Anna, Texas, have two boys, Bradley, age 5 and Nathan, age 6 weeks. They are members of the Methodist Church, and will reside in Lamesa.

TO FORT WORTH

Lester, John and Henrietta Nichols attended the General Grand Chapter of the Order of eastern Star in Fort Worth last week, and also visited with Lester's daughter and family, Mr. and Mrs. Dale Andres while there. A. D. Halford also of Post attended the meeting of the Order of Eastern Star.

OLDTIME STORE — Hardware and soft goods crowd the shelves of the mercantile store display in the Scurry County Museum. Sharon Sutton, new director of the museum, is shown behind a showcase. Nearby are a telephone switchboard from Hermleigh and the marble counter from the Fluvanna State Bank, all features in the Community Development section of the museum's permanent exhibit gallery.

Visitors welcome at new Scurry Museum

SNYDER — A buffalo hunter's rifle, a chuck wagon, a barbed wire fence, a blacksmith shop, a mercantile store — what do they have in common?

All are reminders of periods in the history of Scurry County and the surrounding area, and all are featured in exhibits in the Scurry County Museum.

The rifle belonged to J. Wright Moor, one of the best known of the buffalo hunters who followed the herds from Kansas to West Texas. The

chuck box was brought to the Scurry County area in 1877 by George Elkins, member of a pioneer Texas family.

John Portis grew up around his grandfather's blacksmith shop in Snyder, and he has tried to duplicate that shop for the museum. Local ranchers and farmers brought in over 100 branding irons to mark the walls of the little shop, which has become one of the most popular exhibits in the museum.

Sharon Sutton, who received the master's degree in Museum Science from Texas Tech University last spring, has been named director of the Scurry County Museum. A native of Michigan, she's enthusiastic about West Texas and its history and brings a bright new perspective to the museum exhibits. Assisting her have been the directors and members of the Scurry County Museum Association.

Along with the permanent gallery, the museum building includes a large multi-purpose room used for temporary exhibits. Paintings by June Harbin of Big Spring, formerly of Scurry County, will be featured in November. December's special display will include an old-fashioned community Christmas tree and a decorating party is planned on Dec. 5 with the public invited to attend.

The Scurry County Museum is on the campus of Western Texas College south of downtown Snyder. The campus is between State Highways 350 and 208, and FM 2763 which connects those highways provides easy access to the museum. There is no charge for admission.

Museum hours are 8:30 - 12 noon and 1 - 4 p. m. each week day. The museum will be open each Sunday through Nov. 21 from 1 - 5 p. m., but the Sunday schedule is indefinite after that date. Special groups are welcome and may arrange for guided tours by calling Miss Sutton at 915-573-6107.

Christmas seal drive opens

The West Texas Area, American Lung Association, officially kicked off its 1976 Christmas Seal Campaign at its monthly Advisory Council Meeting Nov. 10 at noon at the Lubbock Club. Bill McAlister, President and General Manager of KMCC-TV, was introduced as the Christmas Seal Chairman. McAlister will head the campaign here in co-operation with Dick Cavett, noted national TV personality, who is serving as 1976 National Christmas Seal chairman.

"Christmas Seal Memories" is the theme of the 1976 seals — an American tradition for seventy years. Funds raised during the annual Christmas Seal Campaign are used to support the year-round work of the American Lung Association and to develop new health programs. A goal of \$32,000 from the 23 counties of the West Texas area has been set for this year's campaign, according to Mrs. Ben Stribling, President of the council.

"I'm honored to share leadership with Dick Cavett in the drive to prevent and control lung diseases," McAlister says. Together we hope to alert the public to the seriousness of these crippling diseases that threaten the breathing of millions of our citizens. They include Emphysema, chronic bronchitis and asthma. Our fight also is against air pollution and cigarette smoking, major threats to the lungs. Cavett's efforts on a nationwide scale will help us greatly in reaching our goals in this community," McAlister says. "It's a matter of life and breath."

'Little Night Music' Nov. 19

LUBBOCK — "A Little Night Music" named Best Musical by the New York Drama Critics Circle, will be performed at 8:15 p. m., Friday, Nov. 19, in the Lubbock Municipal Auditorium.

The Broadway musical won six Tony awards, including Best Musical, Best Book of a Musical and Best Music and Lyrics. "Send in the Clowns," won the 1973 Grammy award for Best Song.

Appearing in the leading role of Desiree Armfeldt will be Julie Wilson, supported by the Broadway cast.

Reserved tickets can be purchased for \$4, \$5 or \$6 at the University Center ticketbooth, Sears Downtown or at the auditorium door.

For further information call 742-3610.

Post 4-H girls plan food show menus

By PAM RILEY
The Post 4-H Girls met at the home of Sheila Melton Monday afternoon Nov. 8 for a regular meeting.

The girls planned menus for the Food Show and decided on what to prepare for the upcoming food show.

Members attending were Pam Riley, Cynthia Poole, Mindy Davis, Renea Melton, Risa Willard, Krishna Mason and leaders, Sheila Melton and Pearl Riley.

Sermon topics for Sunday announced

Sermon topics for the coming Sunday at the First Christian Church will be "Calling and Destiny" for the 11 a. m. service and "Responding Positively When Trouble Arrives," for the 7 p. m. worship hour. Edgar L. Fox is minister of the First Christian Church.

USO is very busy around world in its 35th year

The Garza County United Fund's budget for 1977 includes \$125 for the USO, founded in

1941 with America's entry into World War II and this year celebrating its 35th birthday doing the very same service job in this country and around the world for men and women in U. S. uniforms.

"While USO is perhaps best remembered for its wartime operations and famous USO Shows program," USO president, General Michael S. Davison, USA (Ret.) says, "it continues today to provide essential human services to members of the military and their families around the world."

USO offers programs at 120 centers around the globe, in addition to its shows.

Throughout World War II, the Korean conflict and the Vietnam War, USO tours overseas by such famous entertainers as Bob Hope, Marlene Dietrich, Ann Margaret and Sammy

Davis Jr., have highlighted USO activities during periods of stress. Today, USO continues to send shows to 40 remote locations overseas.

In addition, USO has developed a highly successful hospital shows circuit, which brings live entertainment on an ongoing basis to men and women confined to military and veterans' hospitals across the U. S. The lively performances by USO troupes of singers, dancers and musicians are often the only break in the dull and lonely routine of hospital life.

USO also has reoriented much of its contemporary programming to meet the social, welfare and recreational needs of a modern, standing peacetime armed force. Thus USO programming today focuses on such areas as assistance to young military families and services for minorities and

women. Today USO has 80 stateside facilities, 40 others overseas. It has a worldwide professional staff of 193, bolstered by 90,000 volunteers worldwide.

In 1975, its centers were visited by 3,800,000 service personnel and dependents in the United States, 4,400,000 more overseas, with an estimated total audience of 2,000,000 entertained by USO shows for a total of 10,200,000 Americans benefitted.

In 1975, the USO shows had 450 performers, operated 80 separate tours, performed a total of 3,900 shows, and visited 40 different countries for these performances.

USO gets no government funds. USO is supported solely by the voluntary contributions of the American people, basically through the annual United Fund campaigns.

Title share, playoff berth on line here Friday night

Lope win over Roosevelt puts Post in bi-district

The whole season goes on the line in Antelope Stadium here Friday night when Coach Jackie Brown's Lopes line up for the 7:30 kickoff against the Roosevelt Eagles in the final game of the regular season.

A victory for the Lopes will give them at least a share of the District 5AA football championship and send them into the post-season playoffs.

A loss or tie will put them in basketball suits.

Coach Brown told The Dispatch Tuesday that his Lopes will be ready. He reported practices have been good.

After a weekend off last week, the Lopes go into the season's finale in top shape physically.

"The kids realize what this one means," Coach Brown declared. "They know they have a lot to play for."

Coach Houston Powell of Roosevelt told The Lubbock Avalanche-Journal that he expects the Lopes "to be about four feet off the ground for this one."

Five might be more accurate. Coach Powell's Eagles had a slambang 17-17 shootout with Denver City at Denver City last Friday night in which the Eagles gobbled up five Mustang fumbles and intercepted five Denver City passes for a total of 10 turnovers while turning the ball over only half that many times themselves on four interceptions and one lost fumble.

That loss gave Denver City its first losing season within memory.

Coach Brown, who viewed that game as his No. 1 scout, reported Roosevelt played a very strong first half and the Mustangs came on tough in the second half.

Coach Powell wants this one because a loss Friday night would give him his first losing campaign since 1967, his first year at the helm. The Eagles currently are 4-4-1.

The Eagles run out of the 1 formation with options with Darron Mann, a big junior fullback who is listed on the program at 180 but looks to be over 200, their toughest runner.

Not to be overlooked, however is Ray Ward, Roosevelt tailback. The Lopes have been seeing that name in the district statistics weekly because Ray is tied for the district scoring lead with Carl Coggins of Denver City with 54 points each. Ray has made all his nine touchdowns while Coggins has accounted for some of his with point kicks and field goals.

The Eagles also have a good quarterback in Darron Royal who can both throw and run, according to Coach Brown. His top receiver is a sophomore end, Paul Smith, who is sure to be closely watched here Friday night.

Other teams in 5AA are Merkel, Winters, Wylie and Ballinger. Neither Wylie nor Ballinger has won a district game, although tying each other while Winters has won one.

Merkel is 3-2 in league play. Colorado City has been averaging over 34 points a game in its five district starts and has only permitted a total of two touchdowns in all five.

Stamford isn't a high scoring team, usually tallying just enough to win.

Star of the Stamford team is Don Earl, 190-pound black halfback on offense and line-backer on defense who rivals claim runs the 100 in 9.8 or so. He's reported to be the top college prospect in the district and has had scouts watching him for two seasons. He is a senior.

8th graders close with win over Rosy

Coach Mickey Long's Post eighth grade football team clinched a second place district finish here Tuesday night with an 18 to 8 victory over Roosevelt in the team's final game.

The eighth graders, who started out with a long winning streak, wound up with seven wins in nine starts and were 3-2 in district play.

On Post's first scrimmage play after holding Roosevelt in

night. The Eagles size-wise are just about the same size as the Lopes. They possess a lot of quickness on defense and have been making steady improvement from week to week all season.

Coach Brown plans no lineup changes.

He told The Dispatch Tuesday that what to do with ties has been left up to each district. District 5AA considers a tie games a half win, half loss.

That means if the Lopes only tie Roosevelt they will lose the district crown and playoff rights to Slaton, providing of course Slaton can defeat Cooper.

Just to prove that Coach Brown is playing this "one game at a time" he told The Dispatch there will be plenty of time after Friday night's game to consider the bi-district playoff arrangements should the Lopes win.

"Until the game is over, we are concentrating on that, nothing else," he added.

The district 5AA race did clear up considerably over the weekend with the Slaton Tigers treating the Tahoka Bulldogs rudely in winning 24 to 0, to erase any lingering title aspirations for Tahoka while Roosevelt's tie with Denver City took them completely out of the title picture by adding a half loss to their record.

That leaves it up to Post and Slaton. If they both win they share the title and Post by virtue of its victory over Slaton goes into the playoffs. A loss or tie by either, coupled with a victory by the other, wraps up the whole thing for the winning team.

Stamford at COLORADO CITY. Colorado City is a far better club than the crippled team the Lopes beat by two touchdowns here in September. But they will need all their offensive power and their defensive strength to whip an unusual Stamford club which ran all over Coahoma last week at Stamford but won by only 9-0

due to a bevy of turnovers. Both these teams are unbeaten in 6AA play and 7-2 for the season.

FLOYDADA. Open. The Winds are the District 4AA champs, claiming the title by virtue of a 14-14 tie with the Idalou Wildcats last week when they scored in the final minutes to get it. All other district teams had at least one defeat and the tie was the only "blot" on the Winds' record.

Lockney at IDALOU. The Wildcats have more offensive punch and are playing at home, which usually is worth a touchdown. Since Lockney is not a high scoring team, the home field advantage really hurts.

Tahoka at FRENSHIP. The Lynn County club has some raw power but hasn't been able to put it together but for one big night against the Post Lopes. Frenship is winding up a great comeback season and should finish 8-2.

Cooper at SLATON. This one will be strictly "no contest" in every sense of the word as the frustrated Tigers wind up with a 9-1 campaign, a share of the 5AA bunting again, and a notice on the bulletin board to report for basketball.

DENVER CITY. Open. When Roosevelt tied the Mustangs at 17 all last week, Denver City suffered its first losing full season and first losing district season within memory.

Merkel at COAHOMA. For some reason unknown up here, Coahoma has lost its offensive punch. They were shut out by both Colorado City and Stamford. Merkel is a hustling team just up from Class A and might hustle Coahoma to its third district loss. But ye old prognosticator still remembers how sharp that Coahoma offense clicked against the Lopes in September.

It is with a shudder your prognosticator slipped to the depths last week, being right only twice, losing twice, and of all things having two ties. That gives a bare 500 mark. You recall it was said at the beginning of the season when he

Byron Gray, a former Post student who moved from here to Gainesville in the middle of his eighth grade year, was the subject of a feature article last week in the Temple Telegram.

Byron is the senior "rover back" on defense for the Temple Wildcats.

Gray also plays offense, carrying the ball from the wingback position and handles the kickoff, point after and field goal kicking chores for the Cats.

The Temple Wildcats will close out their season Friday night against Copperas Cove.

The clipping on Byron was sent to The Dispatch by Mrs. Steve (Belinda Windham) Lowe who lives in Temple and reports Byron "is doing a fantastic job for our football team this year."

Byron is the son of Mr. and Mrs. Bailey Mayo.

Page 8: The Post (Tex.) Dispatch Thursday, Nov. 11, 1976

MAKE PICKER LOOK GOOD

Lopes chosen 10th time

If the reader hasn't noticed your football prognosticator had a super .777 percentage in picking the outcome of the games of Coach Jackie Brown's gritty Antelopes this season.

The secret to this success is to pick the Lopes to win. That has been done for every Lope start.

With only one more regular season game to go, ye olde prognosticator figures to boost that percentage to an even .800 by choosing the Lopes to subdue Roosevelt's very tough Eagles to win a share of the District 5AA championship bunting for the second straight year and a berth in the bi-district playoff.

The other big "shoot out" Friday night is at Colorado City where the greatly improved Wolves play Stamford for the district 6AA crown.

Stamford at COLORADO CITY. Colorado City is a far better club than the crippled team the Lopes beat by two touchdowns here in September. But they will need all their offensive power and their defensive strength to whip an unusual Stamford club which ran all over Coahoma last week at Stamford but won by only 9-0

due to a bevy of turnovers. Both these teams are unbeaten in 6AA play and 7-2 for the season.

FLOYDADA. Open. The Winds are the District 4AA champs, claiming the title by virtue of a 14-14 tie with the Idalou Wildcats last week when they scored in the final minutes to get it. All other district teams had at least one defeat and the tie was the only "blot" on the Winds' record.

Lockney at IDALOU. The Wildcats have more offensive punch and are playing at home, which usually is worth a touchdown. Since Lockney is not a high scoring team, the home field advantage really hurts.

Tahoka at FRENSHIP. The Lynn County club has some raw power but hasn't been able to put it together but for one big night against the Post Lopes. Frenship is winding up a great comeback season and should finish 8-2.

Cooper at SLATON. This one will be strictly "no contest" in every sense of the word as the frustrated Tigers wind up with a 9-1 campaign, a share of the 5AA bunting again, and a notice on the bulletin board to report for basketball.

DENVER CITY. Open. When Roosevelt tied the Mustangs at 17 all last week, Denver City suffered its first losing full season and first losing district season within memory.

Merkel at COAHOMA. For some reason unknown up here, Coahoma has lost its offensive punch. They were shut out by both Colorado City and Stamford. Merkel is a hustling team just up from Class A and might hustle Coahoma to its third district loss. But ye old prognosticator still remembers how sharp that Coahoma offense clicked against the Lopes in September.

It is with a shudder your prognosticator slipped to the depths last week, being right only twice, losing twice, and of all things having two ties. That gives a bare 500 mark. You recall it was said at the beginning of the season when he

Byron Gray, a former Post student who moved from here to Gainesville in the middle of his eighth grade year, was the subject of a feature article last week in the Temple Telegram.

Byron is the senior "rover back" on defense for the Temple Wildcats.

Gray also plays offense, carrying the ball from the wingback position and handles the kickoff, point after and field goal kicking chores for the Cats.

The Temple Wildcats will close out their season Friday night against Copperas Cove.

The clipping on Byron was sent to The Dispatch by Mrs. Steve (Belinda Windham) Lowe who lives in Temple and reports Byron "is doing a fantastic job for our football team this year."

Byron is the son of Mr. and Mrs. Bailey Mayo.

JVs, frosh to seek 5AA titles tonight

Not just one, but three Post teams will be playing for district championships with Roosevelt this weekend.

Most fans are well aware that Coach Jackie Brown's Post varsity club can win their way into the bi-district game for the first time in a decade with a victory over the Eagles here Friday night.

What most fans don't realize is that when the Post freshmen and junior varsity teams invade Roosevelt for a twin bill tonight each can clinch their district title with a victory.

Both teams are undefeated at 4-0 in district play, having defeated Tahoka, Cooper, Frenship and Slaton. Neither team plays the other district member, Denver City, because of the distance involved.

Coach Jerry Reynolds' Junior Varsity has a 6-2 mark for the season with Coach Lane Tanne-

hill's freshmen standing at 4-2 for the season. Both losses by each team came at the hands of non-district foes.

What makes that record even better is that the JVs are playing six of their name-games this season on the road with only three in Antelope Stadium. The freshmen will have played five of their seven games on the road.

It's much tougher for younger clubs to win away from home than before the home folks in familiar surroundings.

Wilson-Forsan meet for title

WILSON — The Wilson Mustangs, who wound up perfect 10-0 season at Antelope Stadium here Friday night with a 34 to 0 victory over the Denver City Dragons, go into the playoffs at Snyder Friday night.

They will play Forsan at 7 p. m. for the crown. Wilson is the west zone of the district and Forsan the east.

Senior Wes Wilke totaled yards on 11 carries Friday night against Dawson to raise his total for the season to 1,000 yards.

This district title showdown is the No. 10 ranked Class B club against the No. 8 ranked Wilson has scored 327 points in its regular schedule and Forsan 321.

POST ANTELOPES

VS.

ROOSEVELT EAGLES

7. P.M. FRIDAY, NOV. 12

IN ANTELOPE STADIUM

The Post Antelopes can clinch a post-season playoff berth and a share of the District 5AA football championship Friday night with a victory over Roosevelt's steadily improving Eagles in the final game of the regular season.

Coming off a week's layoff, Coach Jackie Brownd's club will be seeking their fifth straight district win after dropping their district opener to Tahoka's Bulldogs at Tahoka. That streak included back to back road victories by seven points each over the pre-season district co-favorites, the Slaton Tigers and the Denver City Mustangs.

But what's happened up to now will mean little unless the Lopes win this one tonight. They truly deserve a huge turnout of fans and more noise than you've ever made at a game before.

FOOTBALL-FUNNIES

Texas shopper spends \$18.22 for 20 food items

AUSTIN — The Texas grocery shopper spent an average of \$18.22 on a basket of 20 commonly-purchased items during the month of September, Agriculture Commissioner John C. White reported today.

The Texas Department of Agriculture was based on reports made in 70 supermarkets in 12 cities. White said the survey was taken on the fourth Tuesday of the month.

The cities surveyed and the average cost of a basket of groceries in each was Houston,

\$18.25; Austin, \$17.83; Abilene, \$18.72; Laredo, \$18.20; Tyler, \$18.18; Corpus Christi, \$18.89; El Paso, \$18.07; San Antonio, \$16.78; Dallas, \$18.22; Fort Worth, \$18.20; McAllen-Edinburg, \$19.05; and Lubbock, \$18.25.

The statewide average price for each of the 20 items was:

City council—

(Continued From Page One) containerized system are due here in December.

Set a hearing to amend the city budget to permit purchase of a sewer cleaning machine and a flow meter, and to replace a flatbed truck purchase in the budget with that of a patrol car.

Accepted Williams' Equipment Co. bid of \$5,913.24 for a new Massey-Ferguson tractor for the water department. It was the lowest of two bids.

Accepted a bid of \$4,190 for the purchase of a pickup truck from Harold Lucas Motors for the water department.

Approved following choices for the city-county airport board which also must be approved by county commissioners court: reappointment of Julian Smith, Victor Hudman and Harold Lucas, and new appointments of City Councilman Bill Pool, County Commissioner-elect Buck Craft and Larry Willard.

one gallon one half per cent low fat milk, \$1.32; one gallon whole homogenized milk, \$1.62; one dozen large Grade A eggs, \$3.86; 12-ounce package of individually wrapped Kraft American cheese food singles, \$1.34; one pound of Parkay stick margarine, \$3.53.

Also, 24-ounce loaf of white sandwich bread, \$3.40; one pound of whole fryer chicken, \$3.49; one pound of regular ground beef, \$3.78; one pound of grain fed round steak with bone, \$1.42; one pound family pack of pork chops, \$1.32; six and one-half ounce can of Star Kist tuna, \$3.61; one pound of bacon, \$1.38.

Also, one pound of red delicious apples, \$3.47; 18-ounce box of Kellogg's Corn Flakes, \$3.09; one head of lettuce, \$3.58; one pound of bulk tomatoes, \$5.11; one pound of dry pinto beans, \$2.24; one pound of Folger's Electric Perk coffee, \$2.00; 49-ounce box of Tide detergent, \$1.37; and six-ounce can of frozen orange juice, \$2.26.

More cattle going on feed

COLLEGE STATION — Although many people are talking about the return of grass-fed cattle because of increasing feed prices, the latest cattle-on-feed statistics show significant increases are still coming in cattle feeding, notes a livestock marketing specialist for the Texas Agricultural Extension Service.

Dr. Ed Uvacek points out that the number of cattle on feed in the seven major cattle feeding states on Sept. 1 was up eight percent over last year's totals, at a total of 6.4 million head. In Texas, the number of cattle on feed in the seven major cattle feeding states on Sept. 1 was up eight percent over last year's totals, at a total of 6.4 million head. In Texas, the number of cattle on feed was even up higher — 10 percent above year ago levels.

Placement of cattle and calves on feed during August was up 10 percent over last year in these seven states, while Texas figures showed a 25 percent increase in feedlot placements during that month.

On the marketing side, Uvacek points out that fed cattle marketings were above a year ago by 31 percent in the seven states during August, while Texas marketings showed a 38 percent jump.

"The interesting thing about this data is that they indicate a somewhat more positive attitude about cattle feeding among Texas feedlots," contends Uvacek. "It might also indicate that more cow-calf operators are placing their stock on feed, rather than selling them as feeders."

Dr. Park—

(Continued From Page One)

year. Dr. Park's father owns and operates a gold mine in South Korea and one of his brothers helps his father mine for gold, but Dr. Park says that gold mining there is not very profitable.

An older brother is a civil engineer in Maryland and an uncle is a surgeon in California.

When Dr. Park completes his contract here he wants to take special medical training in family practice, and Hospital Administrator Hunsaker is hopeful that he will be able to do this at the Texas Tech Medical School and remain in Post.

The physician arrived in this country some 18 months ago seeking a permanent location. In this period he has been studying to take the required medical examination in this country to secure a permanent license.

The word from Austin is, according to Hunsaker, is that Dr. Park will be issued his temporary license to practice as soon as his papers arrive from Korea. He will take the Texas medical examination for a permanent license in June. Dr. Park is a quiet, pleasant man who speaks English reasonably well.

Hospital rates—

(Continued From Page One)

cently. He presented a list of bills for October totalling \$6,333.87 which directors voted to pay.

In an effort to keep directors better informed on the hospital's operating costs as compared to its budget, Hunsaker gave directors a complete expense breakdown showing amount budgeted for each item, amount spent the previous month, total amount spent to date in budget year, and balance left in the budget for the remainder of the budgetary year.

Directors attending the monthly meeting were Bo Jackson, Gene Moore and Jack Alexander.

Medicare share up in January

LUBBOCK — Beginning in January 1977, a person who goes to the hospital under Medicare will be responsible for the first \$124 of his hospital bill. The present deductible of \$104 will remain in effect for Medicare hospital admissions during the rest of 1976.

In announcing the new \$124 deductible, James B. Cardwell, Commissioner of Social Security, noted that the law requires an annual review of hospital costs under Medicare and an adjustment of the portion of the bill for which a Medicare beneficiary is responsible, if these costs have risen substantially. The law provides a formula for determining the amount of any adjustment in the deductible amount.

Commissioner Cardwell said the increase in the deductible results from continuing increases in hospital costs. He pointed out that hospital costs have been increasing over twice as fast as the overall cost-of-living and said that these inflationary increases in hospital costs are largely responsible for the 19 percent increase in the inpatient hospital deductible.

The hospital deductible amount, Commissioner Cardwell explained, is intended to make the Medicare beneficiary responsible for expenses approximately equal to the average cost of one day of hospital care. At the present time the average hospital stay under Medicare costs about \$1,600.

Postings—

(Continued From Page One)

When they got into their district slate, they dropped the first one at Tahoka but then came back again to win four in a row.

That's two comebacks right there. And to win the "snow bowl" at Denver City they really had to come back in the final minutes as a scoreless tie would have meant nothing better than second place.

So it's an interesting ball club with an able young coach who is really concentrating on the "one game at a time" format.

All this of course just adds up to an exciting season unless the Lopes Friday night can defeat Roosevelt, which is a good, tough ball club and is coming in here to win.

Our reports from high school this week are that the student body hasn't been doing much yet to get "the spirit" up for the all-important Roosevelt game.

We're surprised. We figured the halls would have been really rocking from Monday morning on. But better late than never. Let's get it going!

Southland School News

36-41. Joy Basinger was high scorer for Southland with 16 points, followed by Stacy Rush with 10, and Donna Shelton with nine.

Senior Play Dec. 2
The senior class has started working on the three-act comedy, "His Uncle's Niece," to be presented Thursday, Dec. 2 at 7 p. m. in the school auditorium. Admission will be \$1.50 for reserved seats and \$1 for general admission.

All of the nine seniors will be in the play. The seniors are Joy Basinger, Chip Boreing, Junior Buskemper, John Chaffin, Phyllis Cisneros, Paul Eckert, Bobby Flores, Donna Shelton and Curt Wheeler.

Garza has \$5.2 million in sales
Comptroller Bob Bullock last week released a computer analysis in Austin which showed Garza county in the second quarter of 1976 had gross sales of \$5,199,924 reported from 123 business firms.

Of these gross sales, \$2,626,801 were taxable sales. In his analysis statewide, Bullock said gross retail sales in Texas for the second quarter totaled more than \$33.9 billion, more than 17 percent over the \$28.9 billion in sales during the same period in 1975.

Hunting rated as being good across South Plains
LUBBOCK — Cold weather, snow and the smell of gunpowder are having their usual effect on Texas sportsmen and as the major hunting seasons near, predictions from field personnel of the Texas Parks and Wildlife Department rate this year's hunting as good across the Panhandle and South Plains.

Adequate cover and wet ground should help the quail hunter and his dog as the season opens Nov. 13-Feb. 13 1977. The daily bag limit of 12 birds and possession limit of 36 birds will allow plenty of shooting for both bobwhite and blue or scaled quail.

The deer herds in Texas are showing good antler growth on the bucks and plenty of food has been noted by P&WD surveys in late summer.

The Panhandle deer season opens Nov. 20-Dec. 4 with a good population of both white-tailed and mule deer. The South Plains (Permian Basin) deer season is set for Nov. 13 - Jan. 2, 1977 with excellent production and antler growth in the south counties.

Deer leases have already been snapped up by eager hunters but reports from the field indicate quite a few days leases available for the late hunter.

The turkey season runs concurrent with the deer season

in most areas of the state and even with the early drought conditions, an adequate number of the huge game birds have been seen moving onto the wintering grounds.

Both deer and turkey hunters will note a collection of game tags on their new 1976-77 Texas hunting license. When successful hunters bag either turkey or deer, the proper tag must be filled out and immediately attached to the carcass.

Everyone hunting deer and or turkey must have these tags and this includes the under 17 and over 65 hunters. These hunters who do not need the regular Texas hunting license can buy a 25 cent exempt license before going into the field.

Legal shooting hours for all game birds and game animals are one-half hour before sunrise to one-half hour after sunset. These shooting hours do not apply to migratory game birds such as dove, ducks, geese or sandhill crane.

Hunters are advised that a reasonable effort must be made to retrieve all wounded animals and birds and if bagged, these animals and birds must be kept in edible condition.

RAM TWIRLER — Tina McAlister of Post is serving as one of the twirlers for the Angelo State University Golden Ram Band. A sophomore nursing major, she is a 1975 graduate of Post High School in Post. Miss McAlister is one of eight twirlers for the Golden Ram Band. Tina is a member of the Delta Zeta Sorority.

New tax law to greatly aid farm, ranch families

COLLEGE STATION — The new tax legislation that has just become law will have a big effect on farm and ranch families, contends Tom Prater, an economist with the Texas Agricultural Extension Service. Most of the legislation is effective after Dec. 31, 1976, although gifts are effective as of Sept. 8 and trusts as of April 30.

"One item in the legislation that will affect the estate planning and management of Texas farm and ranch families will be the 'current use base' for establishing the value of farm and ranch lands," says Prater. "This will reduce the valuation below the fair market value approach which is now used."

However, there are qualification considerations for using the "current use" value:

— 50 percent or more of the adjusted value of the gross estate consists of real and personal farm and ranch property and passes to a qualified heir (member of family.)

— 25 percent or more of the adjusted value of the gross estate consists of such real property.

— Such properties use for which five of the past eight years before the descendant's death was qualified and was used in business in which the descendant or a member of the descendant's family materially participated.

"The new tax law will also increase the exemption level as far as estate taxes are concerned," points out Prater. "A unified tax table would

include estate taxes and gifts." The economist cites these examples of estate taxes. Starting in 1977, there will be a tax credit of \$30,000 for any estate having a death: \$34,000 in 1978; \$38,000 in 1979; \$42,500 in 1980; and \$47,000 in 1981 and thereafter. Comparing this to the exemption equivalent would mean \$120,667 in 1977; \$134,000 in 1978; \$147,333 in 1979; \$161,563 in 1980; and \$175,625 in 1981 per individual.

The new tax bill also provides a change in marital deductions, enabling one spouse to leave \$250,000 or one-half of the estate, whichever is greater, to

the surviving spouse. In addition to this deduction, there is an additional \$100,000 lifetime marital deduction gift exemption that one spouse can give to the other spouse with no tax, notes Prater. This has to come from separate property.

"Another important feature is the privilege of paying estate taxes over 15 years at 4 percent interest if 65 percent of the adjusted tax estate qualifies as a farm, ranch or closely held business. The federal government will have a first lien on property during this period of tax payout," explains Prater. The recapture of estate taxes

is also affected by the new legislation. If a farm or ranch is sold out of a family within 10 years, estate taxes on the total fair market value can be recaptured. If the property is held 10 to 15 years, the taxes can be partially recaptured.

State of Texas inheritance laws remain the same.

"All of these plus other changes brought on by the new tax legislation make it important for managers and owners of farms and ranches to review and revise estate plans so that all management opportunities are realized," emphasizes Prater.

GI home loan interest cut

WACO — The third decrease in the GI home loan interest rate ceiling this year was announced by Administrator of Veterans Affairs Richard L. Roubush.

The new maximum rate, effective October 18, is 8 percent, a reduction from 8.5 percent, a reduction from 8.5 set on March 30. The rate had been decreased from 9 percent to 8.75 on January 5.

For a veteran buying a home with a 30-year, \$30,000 GI loan, the 5 percent decrease lowers the monthly payment by about \$10.50. It could result in a savings of almost \$3,800 over the life of a 30-year loan, Roubush said.

Pork leads in meat price drops

COLLEGE STATION — Low meat prices appear on at least several items in all major meat sections in Texas grocery stores currently — with pork leading in price-drop.

"Pork prices, already much lower than last year for several weeks, declined again this week," Gwendolyn Clyatt, consumer marketing information specialist, said.

"Look for specials on loin cuts — chops and roast, Boston butt roasts (both bone-in and boneless), pork steaks, semi-boneless hams, bacon and sausage," she advised.

Mrs. Clyatt is with the Texas

Agricultural Extension Service, the Texas A&M University System.

At beef counters, features include chuck cuts, ground beef, steaks for broiling, Boston roll roasts, corned beef and liver.

At poultry counters, turkey specials are offered, and fryer prices remain low.

Fresh vegetable economy focuses on cauliflower, cabbage, Brussels sprouts, broccoli and collard greens, Mrs. Clyatt said.

Other economical choices include carrots, celery, cucumbers, dry yellow onions, green

peppers, rutabagas and squash.

Fresh fruit in best supply at the most economical prices are apples, bananas, oranges, grapes and pears. Cranberries have moderate prices.

Along grocery store aisles some features may appear on canned corn, and tomato products, such as catsup, sauce and stewed tomatoes.

At frozen food sections, look for specials on orange juice.

CONSUMER WATCHWORDS
 Get out the food ads and make up the grocery shopping list. This makes it easier to find feature prices on the kinds and cuts of meat the family prefers.

One new well, one new start

A new producer in Garza County's Post field was completed this past week. It is Starkey Construction Co., Inc. No. 3 David B. Tyler, 12 miles east of Post.

On test the new well produced 26 barrels of oil daily and 104 barrels of water. It was drilled to a depth of 2,900 feet.

A new wildcat start in the county is Resources Investment Corp.'s No. 1 Oklahoma Oil-Connell, 12 miles east of Post which is planned for a 3,300 foot depth.

Record profit year set by Burlington

GREENSBORO, N. C. — Burlington Industries, Inc. reports consolidated net earnings for the fourth quarter (14 weeks) ended October 2, 1976 of \$28,854,000 or \$1.03 per share. Net sales for this period were \$598,328,000. Consolidated net sales for the September quarter 1975 were \$506,873,000 on which the company earned \$15,898,000 or 57 cents per share.

For the fiscal year ended October 2, 1976 (53 weeks) net sales for the company were \$2,284,626,000, an increase of 16.7 percent over the \$1,958,092,000 of net sales reported for fiscal 1975.

Net earnings for fiscal 1976 were \$104,918,000 or \$3.75 per share on 27,978,000 average shares outstanding and represented an all time high earnings record. The prior record was \$3.65 per share earned in fiscal 1974. The 1976 performance compares to 1975 earnings of \$39,769,000 or \$1.43 per share.

In commenting on these results, William A. Klopman, chairman and president, stated, "we are pleased that we have concluded a year of record earnings performance. While the September quarter results were slightly below the record quarterly earnings reported in the third fiscal quarter ended in June 1976, they were the second highest ever. The flatness in consumer retail demand was the chief constraint on our equalling the third quarter performance."

"The markets for apparel products were also generally more competitive in the September quarter. Because of the continuing poor prospects for coarse-gauge doubleknits, Burlington decided to restrict its doubleknit production to finer gauge fabrics and closed facilities devoted to the manufacture of coarse-gauge goods. In addition, weaker market conditions prevailed for heavier weight textured woven goods, and textured yarns continued under pressure. Burlington's sportswear business remained strong as did its traditional worsted blend lines. Actually all segments of Burlington's home furnishings group showed improvement in the September quarter. The industrial products group generated satisfactory returns during this period, despite the negative effects of the rubber industry strike."

"We are also pleased to report that Burlington's international group was profitable in the final quarter of the year, and as a result this area broke even for the full fiscal year in comparison to the significant loss of \$8,163,000 reported in the prior year."

"Burlington's balance sheet remains in a very strong and liquid position. Inventories are under good control and cost control programs are being pursued aggressively. The company spent approximately \$160 million on capital expenditures during fiscal year 1976 with the major orientation being toward modernization of facilities."

In commenting on the future, Mr. Klopman stated, "Burlington will probably get off to a slow start in 1977 with December earnings likely to be in the range of December 1975 when the company earned 75 cents per share. With an improvement in the economic climate during 1977, however, Burlington could realize another year of excellent results." Mr. Klopman concluded by stating, "Burlington is showing its confidence in the future by planning capital expenditures in fiscal 1977 that would exceed \$200 million, largely in continuation of the modernization program now underway."

The Board of Directors declared a quarterly dividend of 35 cents per share payable December 1, 1976 to shareholders of record on close of business November 5, 1976.

Two honored for service

Award certificates went to two Post residents out of a total of 89 employees honored last Thursday night in Lubbock by Southwestern Public Service Company at a service awards dinner for service ranging from 5 to 35 years.

Joining the quarter-century club was Richard Dudley who was presented his emblem for 25 years of service by Berl M. Springer, president and chief operating officer of the company.

Willie W. McBride was recognized for 15 years' service.

This was the second of four service award dinners to be held throughout the company's territory. A total of 329 employees, with a combined service of 6,385 years, were honored.

Enrollment open in adult education class

The Adult Basic Education classes that meet Monday and Thursday nights from 7 to 9:30 p. m. at the Post High School, can still be attended by anyone who wishes to enroll.

Just attend the classes or contact Lane Tanshill at the school for more information.

News from Post High School
BY EDITOR TRACY MCALISTER

Page 14 The Post (Tex.) Dispatch Thursday, Nov. 11, 1976

Ammons, Pool get Division I

Donna Ammons and Kerri Pool received a division I rating at twirling contest last week. Both of the girls had been working on their twirling solos for several weeks now and were very pleased with their ratings.

The band went to marching contest on the same day as the twirlers and received a Division III. Although the band didn't place high, they had a good time.

Besides the band marching in the contest, members also had time to run around. They went and ate pizzas, chicken, fish, and hamburgers till their guts were ready to burst.

Donna and Kerri will be going to state sometime in the spring. Good going, girls!!

Youth Center open after game

The Youth Center will open Friday night following the football game until 12.

Board members will be on hand to help serve refreshments to those attending.

All youth and adults are invited to attend.

'Life with Father' was simply delightful

By BETH WALKER

The all school play, "Life with Father," was presented Friday night in the Primary auditorium and was sponsored by the Drama Club and under the direction of Miss Jane Tice.

The play was set in the late 1800's with music, set decorations and costumes depicting the period. Straw brimmers, flat caps, bonnets and top hats set the mood for an era past, but fondly remembered. Familiar tunes like "My Merry Oldsmobile" and "By the Light of the Silvery Moon" stirred sentiments of the past.

Special recognition goes to Tracy McAlister, who played a most human portrait of the quick-tempered father and to Donna Josey, the wife, who puts up with father's tantrums, countering with feminine fin-

Youthoughts

By TRACY MCALISTER

Dan Sawyers and I left last Saturday morning at 10:00 a.m. to go to Angelo State University to get a taste of college life. We were to stay with my sister, Tina. If you drive from Post to San Angelo straight through, the drive is about two and a half hours. Well, we left at 10:00 and got there at 3:30, that's five and a half hours. The incidents that made us three hours late are what I would like to explain to you.

Old Yeller, my car, hasn't been well in quite a while, and has had to spend a lot of time in the automotive hospital. But when the trip started it was alright, I thought.

The trouble started between Colorado City and Robert Lee when Old Yeller stumped her toe. (Had a blowout). I kept hearing funny noises like gun

shots, but thought nothing of it. I guess it dawned on me when I looked back and saw rubber all up and down the road. Suddenly there came a big boom and Old Yeller started jumping up and down. Well we pulled to the side of the road and started fixing the flat.

Have you ever noticed how people stop and help you when you have car trouble? Well good, because they don't. Fifteen cars drove by us without stopping. Although I must admit that they were friendly. The people did wave. They probably would have stopped had we been killed, but then we wouldn't need any help, would we?

Anyway, we got the flat fixed and went on.

We got about five miles out of Robert Lee when the hot light went on. So we took her into the service station. We tried to put water in the radiator, but Old Yeller just kept throwing it up. After about 30 minutes she finally took the water and we drove on toward San Angelo.

About four miles out of Robert Lee, the hot light came on again so we decided to go on back to Robert Lee and let Old Yeller sit and cool off. We decided that time would go by quicker if we went ahead and ate.

So we asked a boy where the best eating place in town was. He said to go straight down the highway and turn left at the first restaurant we see. Well, we only saw one restaurant and so drove in. It was the kind of eating place that flies dream about.

The woman who waited on us was a real winner. She was about 5'5", a little chubby, had dark brown eyes, and enough hair under her arms to stuff a couch.

To this restaurant, a clean glass was one that was washed after five people had already drunk out of it.

The table we sat at had crumbs all over it, so we asked the waitress to clean it off. So she took our menu's and scraped all the crumbs onto the floor.

The food was good, if you could stand the atmosphere.

We decided to get out of that place as soon as possible. So we filled the radiator with water and drove 35-40 MPH all the rest of the way to San Angelo without the hot light going on.

We had a good time Saturday night, but dreaded going home the next day. What would Old Yeller do this time?

We'll we made it home without any trouble, except now Old Yeller has got this thing that when you step on the brakes, the lights go out. But you know Old Yeller's funny that way.

The Veterans Administration employs about five per cent of all physicians in the United States.

WORKS ON TRAMPOLINE — Nancy Gandy is shown helping Deke Willard, a first grader, to learn some exercises on the trampoline. Nancy is employed on the HECE program.

Nancy Gandy says 'thank you' for job

Nancy Gandy is working for the Post Public School System this year in the HECE program. Nancy is a physical fitness assistant.

Nancy says, "I love my work; it's just what I wanted to do. I get to be with the kindergarten and first grade in the morning and the fourth and fifth graders in the afternoon. Right now we are playing games such as jump the river and red rover. They really enjoy it. With the older children, we are doing a variety of things in the gymnastic area. We are doing trampoline, the uneven parallel bars, tumbling mats, and the balance bar. The kids enjoy this and so do I."

Nancy plans to become a teacher. She plans to teach exactly what she is doing now.

"I think that the HECE program is certainly worth while," says Nancy. "If it wasn't for this program, I still wouldn't know exactly what I wanted to do in the future."

Nancy would like to thank Mrs. Wheatley for helping her get this job. She would also like to thank Mrs. Barbara Babb and Mrs. Patricia Reynolds, under whom she works, for letting her have some

SATURDAY GUESTS
Visiting with Mrs. W. W. Stephens Saturday were her daughter, Mrs. Mansell Richardson and children, Robin and Tim of Lubbock, granddaughters, Mrs. Bill Williams, Stephanie and Paula of Amarillo and Mrs. James Wood and Wende Michelle, new great-granddaughter of Lubbock.

Rhett and Scarlett visit high school

What has been the big gossip this week in high school? Well, if you were watching Sunday and Saturday night you would know. That's right — the TV presentation of "Gone with the Wind."

Seems that every high school student watched the 1939 movie, and really enjoyed it. Every time you walked through the halls, you could

hear someone acting up and Scarlett in some of the greatest scenes in picture history. I must admit that I see anyone that was an imitation of Clark Gable Vivien Leigh. As a matter of fact, no one even got close. But then frankly my don't give a darn.
