D-Day Prayer Services Held In Post Churches

The time of invasion was a solemn hour for Post citizens. The lights flickered on in homes scattered over the city as people heard the fire siren and mill whistle blow and the church bells ring.

Groups of worshippers met solemnly before dawn in prayer services at the churches and churches were offered by many who knew of close kinspeople who were on the march by sea, land and air in France.

Weeks ago it had been announced that the churches would be open for services, regardless of the hour when the news of the invasion came. Prayer services continued throughout the day. Great war hymns were sung and grand passages of scripture were read.

This day of prayer was but a day in preparation for many days of prayer and many days of work. The solemn radio voice of the President of the United States and the commander-in-chief of the armed forces was joined by untold millions in a prayer that ended the day of prayer.

Homer McCrary Is Candidate for County and District Clerk

After living in Garza county for the past thirty-four years, I have decided to enter politics—seeking the office of County and District Clerk of Garza county.

It is my belief that I can handle the duties of this office very efficiently, if you think I merit your vote in the July primaries.

It will not be possible for me to make a house-to-house canvass, but I will attempt to contact all of you between now and the primary election date. If I should miss you, it will not be intentional.

I will appreciate your influence and your vote on July 22. In seeking this office, I will say to the voters that I do not intend to make this my life work.

Respectfully submitted,
HOMER McCRARY

The Thunder of INVASION Is Rolling Westward

"INVASION IS ON!" Each minute as you read this our American boys are hitting the beach-heads giving their all that we may remain free men and women. Our prayers to a merciful God follow each and every one of them.

We here at home have more to do than beat our breasts and lament. We MUST help! We CAN! We WILL!

Let every American REDOUBLE his or her efforts on every War Program. Only maximum tempo is sufficient to assure complete Victory at the earliest moment.

Buy EXTRA bonds. Save and prepare every bit of waste paper. Don't waste even a spoonful of used kitchen fats. Add to your Red Cross Donation. Buy more Bonds during the 5th War Loan Drive. WORK HARDER! Sacrifice for God and Country.

There should be NO GRANDSTANDS in the grim game of war. NO ONLOOKERS. Every man, woman, and child is needed in the LINE marching to Victory and Freedom!

Government Catches 1300 Peddlers Of Bogus Gas Coupons

Nation-wide activities to stop the racket in gasoline coupons have brought about the seizure of seven illicit presses since the middle of March, the Office of Price Administration has announced.

The government's attack on the Black Market in gasoline coupon counterfeiting has brought about the arrest of over 1300 peddlers and distributors of counterfeit and stolen stamps since the first of the year. Two major distributing rings have been broken up on the East Coast and the West Coast.

Every handler of counterfeit coupons whose case has come to trial in U. S. courts has been convicted. Over 200 of them have gone to jail.

In giving the details of the seizure of the seven presses, the OPA announced that in one instance an alert school boy was credited with the lead, in another a patriotic service station operator put officials on the trail of the gang of peddlers.

"It is too soon to tell whether the drain into illegal channels is increasing or decreasing. All we know is that we, and not the professional criminals, are beginning to gain control of the situation," OPA officials stated.

J. E. Robinson Is Candidate For County Judge

To the Voters of Garza County: After much solicitation and due consideration, I have decided to enter the race for County Judge of Garza county, subject to the Democratic Primaries. I have never before been a candidate for public office. My official announcement will appear at an early date.

Thanking you for your kind consideration, I am
Very truly yours,
J. E. Robinson

Civilians Gas 43 Per Cent of 1941

Passenger car drivers now receive only 43 per cent as much gasoline as they used in 1941, the Petroleum Administration for War says. While Americans have reduced passenger car mileage from the peacetime level by about 57 per cent, the English have reduced theirs by 88 per cent.

To the People of this Community

This is a home front communique on the most vital war action now in progress in every community of the land—the Fifth War Loan.

We are advancing on our objective. However, we must make certain that we reach our goal by July 8. This can be done if every one of us puts something extra of ourselves into the fight.

No one needs to remind you that it is an American trait to go into a sprint with the goal in sight. We started this push June 12. Reports from every city and town in America tell us that the number of individual buyers of extra War Bonds today has reached an unprecedented total. We all know that in addition to numbers we need fire power. Your extra War Bond is absolutely essential. The greater the stockpile of War Bonds, the easier it will be for us to get this war over.

This very moment our boys are waging a life-and-death struggle. Every additional War Bond you buy will play its part in the outcome. Last month's War Bond, last week's War Bond, yesterday's War Bond are already in the embattled foxholes. Today is another day for the home front just as today is another day for the boys on the battlefronts.

THE EDITOR.

SPAAF To Pay Tribute To Garza Club Boys Friday

Thirty Garza county 4-H club boys accompanied by Wallace Kimbrough, county agent, will visit at the South Plains Army Air Field Friday.

The visit to the big advanced glider pilot training center is the second annual trip to the field for these outstanding farm boys of this county, each of whom has raised enough food to feed a soldier for a year.

Trucks will meet the young men at the SPAAF gate and take them on a full inspection of the big school where men are training in giant gliders.

The visitors will be given an opportunity to visit the flight line where actual training is taking place, the link trainer and instrument buildings, athletic fields and the obstacle course where any of the young men wanting to test their physical adeptness may do so, the range where SPAAF men are given small arms training with various types of weapons, the mess halls where they will eat dinner, and other points of interest on the field.

In charge of arrangements to get the young men to the field are Jason O. Gordon, Lubbock county agent, and K. J. Edwards, district agent.

Garza county boys who will visit the field Friday are: Jimmy Moore, Harley Martin, Gene Carpenter, Dwayne Fleming, J. E. Thomas, Pat Taylor, Bob Pennington, Teddie Schuler, Joe Stokes, Frank Stokes, Carter Gene White, R. E. Josey, Billy Hoover, Lester Josey, Jimmy Bird, E. P. Wicker, Billy Glenn West, David Rogers, Alvin Davis, Percy Parsons, Emory Stevens, Randall Dinwiddie, Gaylon Young, Gene Ashley, Bill Fumagalli, Homer Joe Mason, Jimmy Puckett, Blinnie Wilks, Durwood Hallman, and J. Martin Basinger.

Mrs. Vallie Wall Purchases Court's Cafe Business

The Court's cafe is now under new management. Mrs. Vallie Wall purchased the business from E. E. O'Bryant last week.

Mrs. Wall is experienced in giving good service and serving good food. She was employed as cook in the Court's cafe before she purchased the business. She has efficient help in the kitchen and a group of pleasant waitresses who will be happy to serve you. This eating place is open from 5 o'clock a. m. until 12 midnight.

Mr. and Mrs. O'Bryant, are now living in Lamesa.

Carleton P. Webb Is Candidate For County Attorney

To My Friends and Veterans of Garza County: I have, after much consideration, decided to enter the race for County Attorney, subject to the Democratic Primary in July. I will publish my official statement at an early date. May I thank you for your thoughtful consideration.

POST SCHOOL LIBRARIES TO BE OPEN ON TUESDAYS

The Post school libraries will be open on Tuesdays from 1 to 4 p. m., beginning June 13. All children are urged to make use of the library for reading purposes.

A deposit of \$1.00 will be required for checking out books. The dollar will be refunded if books are returned in good condition.

The P-TA is sponsoring the summer openings of the library and capable assistants under the supervision of Mrs. Esma Cash will have charge.

Charley Fay Hinton and her friend, Mrs. Mildred Bonds, of Wickenburg, Ariz., are visiting her mother, Mrs. Clara Hinton.

Pvt. William D. Smith of Frederick, Okla. is visiting his parents, Mr. and Mrs. Wm. J. Smith.

Local Boy Scouts to Make Individual Sales In Post

With the Invasion on, no person wants to be excluded from it. The Fifth War Loan is one important way you can vent your feelings about the war and get into the fight.

The 5th War Loan drive officially opens next Monday, June 12 and will extend through July 8. The Garza county ever-all quota is \$295,000.00 according to county chairman of the War Finance committee, John Herd. \$95,000.00 of this is to be in Series E bonds.

This is the largest war financing program the world has ever known, the largest war, the largest army we ever massed, and the way our armed forces are dispensing the munitions on the Invasion front and other fronts, it requires this largest sum to keep them supplied.

When you realize that from January 1 through June 30, the 1944 costs of the war will exceed 45 billion dollars, you can begin to see why the goal for this drive is higher than for any of the others. Be ready to do your part to help Garza county complete her quota.

A good proportion of the people who unselfishly donated their time and energies in previous drives will be actively engaged in the drive this time.

It is the belief of Mr. Herd that the various community workers will function in the same efficient manner as they did in the Fourth

War Loan drive. He has made the suggestion that residents of communities not wait for someone to call on them, but look up your community leader and give him your subscription—that's the patriotic thing to do.

The full co-operation of Garza county citizens will be needed, to put over this all important assignment. The slogan for the 5th War Loan is Back the Attack—Buy More Than Before. In order to fill the quota every man, woman and child must do his or her part which, this time, must be more than before.

The Post Dispatch is offering a \$25.00 War Bond to the Boy Scout who sells the most Series E bonds during the 5th War Loan drive. \$5.00 in stamps for second place winner and \$2.50 in stamps for third place winner.

They will get credit for every order they secure. The Scoutmaster, Weaver Moreman, has a supply of order forms which will be delivered to the Boy Scouts.

The people of Post are urged to buy from the Boy Scouts. They will approach you with an official order form. They will take your order, buy your bond and deliver it to you.

The sale of Series E War Bonds has been turned over to the Boy Scouts of Troop 16 by county chairman, John Herd.

It will be remembered that on Boy Scout Day, Feb. 10, Troop 16, Post, sold \$7,260.00 in War Bonds.

Boy Scout Camping Program Postponed Until July 23

Start of the South Plains Boy Scout summer encampment program at Camp Post has been postponed until July 23 because water in Two Draw lake is too low for swimming and life-saving instructions, according to an announcement Saturday by Alex McDonald of Lubbock who is council camping chairman.

Hopes are that the lake will be filled before the first encampment.

The following schedule of one-week encampments was announced: July 23-29, for scouts in Castro, Swisher, Hale, Floyd and Crosby counties; July 30-Aug. 5, for Gaines, Yoakum, Terry, Lynn, Garza, Dawson, Borden, Cochran and Hockley counties; and Aug. 6-12, for Lubbock, Bailey, Lamb, Dickens and Motley counties.

Announcement also was made last Saturday by Cecil Cade, also of Lubbock, that total active membership in scouting in the council had passed the 4,000-mark to the highest figure in history, and that the 1944 membership objective already has been exceeded.

The new total is 4,016, including 2,229 scouts, 1,006 cubs and 781 adult leaders. On last Dec. 31, the figures were 3,659 total, 2,012 scouts, 872 cubs and 775 leaders. Objectives for 1944 were 2,975 total, 2,200 scouts, 925 cubs and 850 leaders.

Light Rains Fall Over Garza County

On Sunday night and Monday, scattered showers aided some localities. Post received 35 inch rain and at Calgary 28 fell.

Farmers are busy this week planting. Considerable planting had already been done, of course, and some crops were up.

Farmers, it is said, are dividing their acreage pretty well between cotton and sorghum grain feeds, mainly combine maize. It is reported that a few are planting their entire crops to maize. It is generally agreed, however, that the surest and best plan is to diversify the crops, and most farmers are following that rule.

Barring heavy rains and hail the crops are expected to come up quickly and to grow fast from the start. It is probable that there will be a great demand for farm labor within a few weeks.

Pvt. Myrl Dyson of Ft. Ringold, Texas is visiting in the home of his mother, Mrs. Dave Erick.

Co-op Buying Of Pineapple Saves Garza Women \$636

Two hundred and sixty-five dozen pineapple representing a saving of \$636.00 to the people has been received and disposed of in Garza county during the past ten days. These pineapple were secured through cooperative buying sponsored by the County Home Demonstration Marketing Committee composed of Mrs. Roy James, chairman, Mrs. W. C. W. Morris, Mrs. Ray McNabb and the Post H. D. Club Marketing Committee, Mrs. Willard Kirkpatrick, Mrs. L. W. Kitchen and Mrs. J. P. Manly.

The purchase price of the pineapple delivered to Post was \$3.00 per dozen. A fee of 20 cents per dozen was paid to the Pure Food Market for handling which made the total cost \$3.20 per dozen. The average market price locally is 47 cents per pineapple. This would give a saving of approximately 20 cents per pineapple. Which gives a total of \$636.00 on the 265 dozen.

If all these pineapple had been canned and each dozen produced 18 pints, the canned fruit would amount to 4,770 pints valued at \$1,287.90 with a saving of 168,950 blue ration points.

A vote of thanks should go to the marketing committee for giving so freely of their time and effort to give the people this great saving.

Perhaps later on in the year other fruit and vegetables can be secured by the same method if the people so desire.

Producing and preserving are to of the main forces in the war effort.

Local AAA Officers To Attend Meeting In Tahoka

James A. Boyd, Administrative Officer, and Juanita McBe, Chief Clerk, will attend a two-day district meeting of District 2AA, at Tahoka June 8 and 9.

The purpose of the meeting will be for educational instruction for administering county office work.

Boyd states that this meeting will be beneficial in securing unity between county and community committees, county office employees, in carrying out the program in 1944.

Mrs. Lillian Jones and two daughters who have been visiting her father, Lige Stewart, left today to make their home in California.

THE SHAPE OF THINGS TO COME

The record-breaking flight of the Lockheed Constellation from coast to coast in less than seven hours is not only historic, but is a portent of things to come. The performance graphically illustrates that we will have a more closely knit world and that we must think in terms of time rather than space. Furthermore, it proves that the United States must be ready with the planes and with the fliers, for what we can do, others will do.

According to an analysis published by The Index, quarterly publication of the New York Trust Co., aviation, a 20-billion-dollar industry last year and ranking as the largest in the country, is due for an additional 50 per cent increase in 1944.

The companies responsible for developing the Constellation deserve the highest praise for achieving another milestone on the road of the sky. Again private enterprise blazes the way.

The Nazis are said to be already planning their next war, but the Allied Nations have some plans, too.

Buy a War Bond Today!

Views of Neighboring Editors:

The Scurry County Times—With the daily wires crisp from usually lists in European theatres of war, with the militia still taking more and more civilians for service and with homes being disrupted all over the land, we need love and understanding for each other; tolerance, faith, spiritual hope and a sense of being our brother's keeper more so now than at any time in the world's history.

We still need unity of purpose, grit and determination to carry through to victory with every ounce of strength in our bodies. We still need to write more letters to our men and women in service. We still need to slow down on always judging other people by our own circumscribed and frail views. And we need more than any time since Pearl Harbor the willpower and inside strength to do something worthwhile! If we do not keep on keeping on, then we will have to admit some day that we did not keep faith with those who went to the gates of death and carnage that that this world might be illuminated with the sunlight of security and be blessed with the glory of greater and more livable tomorrows.

Fl. Worth Star-Telegram—There are more than 330,000 Texans in the armed forces today, according to official tabulation, and many of them are on the fighting fronts in Italy, New Guinea, Burma and the Pacific. There were 73,000 others in uniform who are lumped together as casualties and discharged service men and women, including 2,000 women. Some of them are in graves overseas, others in hospitals and some in army prison camps.

It is pertinent to inquire what these Texans think of the political feuding in their home state and other displays of indifference to the war itself. Letters from overseas reveal many of them are resentful, even contemptuous of civilian selfishness, greed and evasion of the fact of war. From that attitude, it would be easy for our armed forces to drift into the conclusion that the home front is not worth fighting for. At any rate, the sentiment of our fighting forces that they are being betrayed at home should shock civilians to their senses and restore

the war to its place in their minds and hearts as the primary consideration for all Americans, not for men and women in uniform alone.

Exchange—Ho hum! It's all very complicated, this business of trying to direct the lives and destinies of 130 million people from one little covey hole in Washington. Sometimes we think the country would be better off and the people a lot happier if Washington would just let us all go to hell in our own way.

Lubbock Avalanche—We've gotten a kick out of this crack, which is one of sprightly Mrs. Henry (Clara Boothe) Luce, member of the national House of Representatives:

"I like to think that the reason Solomon was the wisest man in the world is because he had so many wives to advise him!"

AT HIS SIDE IN THE INVASION

Through the Garza County Red Cross chapter comes official word that American Red Cross representatives are at the side of the invasion forces.

It was to be expected, of course. But it is satisfying to have the announcement through the local Red Cross chapter, which, along with the other 3,755 chapters in the nation, comprise the grassroots base of this far-flung organization of mercy.

These are dark days for the families of many a Post fighting man. They are days of tension for the men themselves, forcing the beachheads and planning the offensives that must extend from them.

But, even in the thick of invasion fighting, there exists that emergency channel of communication between the man with a home problem and his family here. The Red Cross is the channel, via Red Cross field director to home town Red Cross chapter and back again. Personal problems, even in the heat of battle, have the calm attention of the Red Cross.

While the men war on the enemy, the Red Cross wars on the worry that affects morale. In the last great war the Red Cross was involved in the medical services. In this war, while the armed services themselves handle the medical, the Red Cross concentrates on morale—providing emergency communication on home problems, comfort articles made by volunteers in home chapters, doughnuts and coffee from smiling Red Cross girls, recreation setups, leave area hotels, and the invaluable services of recreation socialists, social workers and medical social workers in the hospitals.

The Red Cross, as the slogan proclaimed in the recent war fund campaign, is "at his side." And the Red Cross, by reason of our home town support of it, financially and in personal time and energy, is all of us—extending our good neighborliness and praiseworthy best efforts for the boys who are doing so much for America.

MUCH TIMBER NEEDED

More than 31 million board feet of timber are needed in 1944 from the U. S. forests to supply forest products needed for war materials and essential civilian uses. Every foot of timber needlessly burned reduces the supply available for war and for the reconstruction days of the coming peace.

The parties seem to know whom they want for presidential nominees, but it will take conventions to bring out their vices.

FACTS ABOUT WEEKLIES

There have been a lot of wild guesses about how weekly newspapers are doing in wartime, but as far as we know the Merchants-Linotype Company is the first to get the true facts from the publishers themselves. That company hired Dun & Bradstreet, as reliable a concern as could be employed, to go out and interview approximately 10 per cent of the weekly publishers of the nation—a much larger cross-section than is usually considered necessary to get accurate information in making a survey of this kind.

The report on the survey shows in general what most anyone would expect—that a fairly large proportion of the newspapers—undoubtedly the ones published by men who have real newspaper ability plus the foresight to adjust their methods to fit the times—have been able to keep in the black in spite of the war.

Just as the local people will give up a lot of things before they would think of canceling their subscription to the newspaper which brings them all the news about their friends and their community, so will local advertisers who know the readership of weeklies hesitate a long time before giving up the newspaper space which they know is their best contact with their customers.

Many politicians are wondrous at talking. The trouble is that wonderers never cease.

For our flyers overseas things are looking up. So are the Germans!

Getting along with everybody is one way of getting a long way toward happiness.

GARDENING for VICTORY

Plant the "BIG SIX"

TOMATOES * SNAP BEANS * CARROTS * CABBAGE
LETTUCE * GREENS

Agricultural experts wisely suggest that at least we grow these "Big Six" vegetables in our back yards this year and get the most for our money and effort. They're the "Big Six" because they have been selected for their high nutritive values, ease of culture and volume of yield. Since food is vital to winning the war, let's plan our Victory Gardens now and help to hoe the Axis under.

Soil Conservation District News

A meeting was held recently at W. A. Hamilton's near Hackberry for the purpose of making soil and water conservation plans. Those who attended were: W. A. Hamilton, A. J. Matlock, Jake Gindorf and Virgil Smith.

Soil and water conservation plans were completed recently for the following farms: J. D. Brown, W. A. Hamilton, A. J. Matlock and Roy Pennington.

Trial plantings of sweet clover and alfalfa are being made by several farmers throughout the county. Inoculated sweet clover seed has been planted by Ted Ray, W. Quisenberry, and Chester Hunt. Alfred Oden, J. D. Brown, A. J. Matlock and Will Wright plan to make trial plantings of alfalfa and sweet clover this fall.

Dealers May Receive Tires-Tubes Without Ration Certificates

During the six-week period from June 1 to July 15 dealers may receive new passenger tires and tubes from manufacturers without giving tire rationing certificates, the District Office of Price Administration announced today.

Officials pointed out that move in no way changes the present method through which a motorist obtains a tire or tube certificate from his Local Board. The action was designed to facilitate the shipment of new passenger tires and tubes from manufacturers to dealers and will bring about better distribution.

Announcement was also made that any person desiring to enter tire business and intending to acquire allotment from a manufacturer under this ruling must apply to the District OPA for recognition as a dealer. This will make it possible for tire dealers who closed their establishments several years ago because of the limited tire distribution to re-enter business and obtain new passenger tires and tubes on a basis similar to the allotment provided for existing dealers.

All tire certificate replenishment portions, Parts B, dated before April 1, 1944, are to be invalid after July 15, 1944, unless they have been received by the manufacturer on or before July 15, officials stated.

PAUL PLEADS FOR A RUN-AWAY SLAVE

LESSON TEXT—Philemon 4-23. GOLDEN TEXT—Be ye kind one to another, tenderhearted, forgiving one another, even as God also in Christ forgave you.—Ephesians 4:32.

Brotherhood is one of those fine qualities or impulses of the soul of which men like to speak when all is fair and prosperous, and promptly forget in times of distress and struggle. That is just where Christianity shows forth at its best, for it is in the hour of need, sorrow, or affliction that real Christian brotherhood shows its depth and durability.

Paul was in prison when he wrote to Philemon. The one of whom he wrote, Onesimus, was a slave who had deserted his master and probably defrauded him (v. 18). He had been converted, and now was being sent back to his master. So we have three Christian men dealing with a very delicate matter, and providing us a picture of brotherhood in action. We learn that it is—

I. Courteous (vv. 4-9).

After a fine spiritual salutation, Paul enters upon an appeal to Philemon which is a model of tact and courtesy. One could wish that those who think that being faithful to the Lord and true to His Word means being blunt and unkind, would learn of Paul.

First he lets Philemon know of his prayerful interest in him. Paul had been praying for him, that's why he could say such a helpful word. Praying for our fellow man prepares us for genuine brotherly love.

Then he recognizes Philemon's goodness, and his effective testimony for Christ. This is an excellent approach to the making of a request, but be sure that it was not empty or hypocritical flattery. We do well to recognize the fine qualities of our Christian brother, and we could profitably speak of them more than we do.

Then Paul was ready to make his request. See how nicely he does it. He skillfully reminds Philemon that he might make some demands, and especially in view of his age and his imprisonment. But he will not do so, rather he says, "I beseech thee." There is fine Christian courtesy.

II. Considerate (vv. 10-16).

Paul, the aged prisoner, had found in his new convert, Onesimus, a real helper. He would have liked to keep him. In fact, says he to Philemon, Onesimus could do for me the things you would want to do if you were here (v. 13).

Undoubtedly Paul could have been sure of the willingness of Philemon. He could have assumed that the request would be granted. And in any case, Philemon did not even know where Onesimus was, so why not keep him?

True Christian consideration respects the personal rights and the property rights of another. We must not assume, or demand, or put pressure on anyone (v. 14) to get what they have or to draw out their service.

Another expression of consideration is found in verses 15 and 16. Philemon had lost a heathen slave, now he is receiving back a Christian brother. No worker will give less in service, and no master will demand more, because the two are both Christians. We need to recognize that fact, for all too often men presume on their relationship as brethren. But the fact that they are Christians should make a great difference in their attitude toward one another.

III. Cooperative (vv. 17-21).

Partners share the benefits and the burdens of their joint enterprise. Partners in the gospel, like Paul and Philemon, shared not only spiritual blessings, but also the responsibilities. Paul was presenting such an item to Philemon in the return of Onesimus. Something had to be done about the debt of Onesimus, his failure as a servant. Paul says, "Charge it to me, your partner."

It has been pointed out that there is here a blessed example of the important doctrine of imputation, which is the "act of God whereby He accounts righteousness to the believer in Christ," because He "has borne the believer's sins in vindication of the law." So we note that verses 17 and 18 perfectly illustrate imputation.

Paul's promise "I will repay it" (v. 18) was the legal phraseology of a promissory note in his day. It was a bona fide partnership transaction, yet it was coupled with a reminder of indebtedness. Everything Philemon had and was he owed to Paul; but, says the letter, "I will not speak of that now." Consideration again, but opening the door wide for Philemon's cooperation.

No right thinking person is content always to be on the receiving hand. The humblest recipient of favor of the smallest child who feels the love of another wants to respond. The considerate friend will, therefore, not always insist on giving, but will graciously (like Paul) open the way for cooperation, for partnership.

How do things look to you, oh infamous War Lord? You grinned a toothful smile when Mussolini fell off his sawdust throne. He wasn't so important, you thought. But now that your powerful Aryan partner in crime is biting the dust and going down to inglorious defeat, what do you think the prognosis is for your own future? We hope you realize it's just a matter of time, before you too will be at the end of your rope, with nothing but your own doom to receive you in the depths of your kind of hell!

RIGHT NOW, while you are reading this, men are dying—American men, giving their lives to establish beachheads from which they can sweep on to victory.

That's their duty—to smash the Nazis and the Japs, and all they represent, once and for all—to make this a better world to live in—for you. And they never stop to ask the cost.

You're an American—you have a duty, too! Here's your chance to do your share—to fight by their side on every bitter beachhead in the world. The 5th War Loan is on—the biggest Drive for Dollars in all history.

You know how you can help: BUY WAR BONDS WITH EVERY DOLLAR YOU HAVE! Now is the time to buy extra Bonds—as many as you can.

If you are already buying Bonds on a payroll savings plan, whoever you are, whatever you do, ask yourself this question: "What did I do today that some mother's son should die for me tonight?" Then double the Bonds you bought before—make them know you're with them! And not next week or next month, but NOW, when every bullet and every dollar counts MOST!

And Here Are 5 MORE Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years!
3. War Bonds help keep prices down!
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children; security for you, funds for retirement.

ETA To Sponsor Library Project this Summer

Mrs. J. E. Parker, president of Post High school Parent-Teacher Association called an executive meeting on May 31st at 8 p. m. There were nine in attendance at this meeting. Mrs. A. B. Haws was elected treasurer to fill the vacancy left by Mrs. R. L. Redman resigned to devote her time to the grade school unit. The group elected committee members who will announce their respective committee members later. These chairmen are: Mrs. R. C. Tennison, music; Mrs. Maxine Durrett, war activities; Mrs. L. V. Bearden, goals; Mrs. B. Robinson, service; Mrs. N. W. Ne, health; Miss Barbara Cox, literature; Mrs. Hodge, publications; Miss Margaret Weaver, secretary; Mrs. A. C. Surman, historian; Mrs. Roy Mullins, Foundation.

Officers who were not present at the regular installation in May were officially installed by Mrs. J. Edwards, past local president.

Plans for the new year and important business were discussed. Official action was taken on no business except it was decided to sponsor, with Supt. Bearden's cooperation and approval, the use of the high school library by the parents during the summer.

Mrs. Cash called a meeting of the library committee immediately after the executive meeting and plans were formulated for maintaining a summer library. Mr. Bearden set June 13 as the first day for checking out reading material.

Official announcements concerning this summer library project will appear in the Post Dispatch. —Publicity Chairman

VICTORY HINTS

Handle With Care

Because strawberries bruise easily—and lose some of their vitamins in the bruising, take these precautions: Wash carefully, a few at a time, in a colander or sieve under running water. Don't remove hulls until after you've washed them—prevents water-logging as well as vitamin-loss. And don't ever wash berries before storing them. They keep best if spread on a plate or flat pan, with stems on, placed on the middle or lowest shelf of the refrigerator where the cold is moderate.

Good Polish

When washing windows, home economists polish them with crumpled newspapers and are enthusiastic about the results.

Every Leaf Counts

Get out of the habit of throwing away the dark, outer green lettuce leaves, for they're actually richer in vitamins and minerals than the inner bleached leaves, say home economists. Shred into bowl salads, or if there are enough of them, serve wilted with a hot bacon dressing. Only one or two leaves. Then cook with green peas—they make the peas a brighter green.

Two-For-One-Buy

When buying cauliflower, insist on getting it untrimmed. The tender inside leaves may be diced, cooked and served in cream sauce as a separate vegetable. Still another two-for-one-buy, recommended by economists: wrap outer leaves of cabbage around leftover meat balls, steam and serve with spicy tomato sauce in the Hungarian fashion.

Mrs. Tommy Anderson and daughter, Winifred, and sisters, Mrs. R. H. Smith and Mrs. Nola Brister spent the past two weeks in Aspermont visiting their mother and brother, Aubra Irvin, PLM 2/c, who recently returned from the South Pacific where he had served the past 17 months. He left Monday for a Naval base in California where he will be assigned new duty.

Mrs. Rex Everett returned Tuesday from several days visit with her daughter, Mary Charles, who received the Maltese Cross at the Parkland School of Nursing in Dallas.

Recent Bride Complimented With A Shower

The entertaining rooms of the J. E. Parker home were artistically decorated with spring cut flowers when Mrs. Calvin Cooper, a recent bride was complimented with a miscellaneous shower last Friday.

Hostesses for the occasion were Memes, J. E. Parker, Kelly Sims, Curtis Davies, A. A. Suits, R. E. Cox, R. C. Tennison and A. B. Haws.

In the receiving line were Mrs. J. E. Parker, Mrs. Calvin Cooper and Mrs. C. L. Cooper. Other house party members were Gradylene Osborne and Lillian Smith who presided at the refreshment table; Miss Joyce Stephens who presided at the bride's book; and Miss Mary Duckworth and Miss Iris Parker who furnished music throughout the calling hours. A host of friends attended.

America — This is it!

He's doing his part : : : We must do our part!

For him the terrifying grand climax of the war is at hand.

The supreme military risk—bound to be bloody, costly, in American lives.

Our boys know this. They don't have to read the heart-rending headlines or casualty lists to know what is expected of them.

They are in it.

But they are not flinching... not holding back.

They will see the grim venture through to the bitter, victorious end.

And if, for your boy, or some boy you know, the price of Victory is death, you can be absolutely certain that he made the supreme sacrifice courageously... for the cause of Freedom.

For us, too, the terrifying grand climax of the war is at hand.

This supreme, desperate call for American dollars—16 billions of them—is to enable our fighting men to carry through the grim, bloody assault to a successful conclusion and Victory.

Not just American dollars—but the dollars in your pocket—in your savings account.

You must buy War Bonds—now! At least twice as much as you bought last time. If you are already buying Bonds on a payroll savings plan, buy EXTRA Bonds during this Drive.

Your Government is counting on you. Your boy, and your neighbor's boy, are counting on you... just as you are counting on them in this fateful hour.

► Don't let them down! Do your part—as they are doing theirs. Dig down, America—dig down deep! While there is still time. This is America's Zero Hour—Civilization's Zero Hour!

And here are 5 MORE reasons for buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.

I once had to do a composition about the world's greatest invention being wheels. Just think of gear-wheels, water-wheels, and especially all the wheels for transportation! But right now the greatest thing of all, I'd say, is to keep wheels going; keeping your car in service, for instance. There's this and that to help you. There's one motor oil and another. Now from what I know, the explosions in any engine must produce acids, which brings up the bright idea of safely OIL-PLATING the engine's insides with Conoco Nth motor oil. You want to prevent damage from acids... internal corrosion! Some things are especially good at fighting corrosion, and OIL-PLATING comes in that class. Even chromium plating, just for comparison, couldn't stay closer to working parts than this protective OIL-PLATING. It battles corrosion, so as to help you preserve your transportation as well as you switch to Conoco Nth oil.

COUNTRY DEPOSITS UP 137 PER CENT OVER 1940

Demand deposits in country banks (consisting largely of ordinary checking accounts) increased 137 per cent from 1940 to April, 1944, according to the Bureau of Agricultural Economics. Such an increasing body of idle funds, more than twice that of four years ago, could cause inflationary trouble if country depositors began using their funds to bid against each other for the purchase of land at increasing prices, the BAE advises. Already land values have risen almost two-fifths above their pre-war average—an increase that is inflationary in many areas. Furthermore, in some of the principal farming areas the volume of land sales in 1943 surpassed previous high levels reached in 1919 and the number of farms resold after only a short period of ownership increased. Following the inflation of land values during the last war, land prices broke sharply in 1920.

Mrs. Joe Anderson, Mrs. Johnnie Heath, Mrs. Morris Stark and Miss Nuel Mitchell of Seminole and Mrs. E. D. Calfee and small son, Danny and Mrs. Perry of Seagraves were week end guests of Mrs. Jessie Voss. The group called Miss Geneva Voss in Kansas City Sunday and sang "Happy Birthday to You." June 5 was Geneva's birthday.

Eddie Warren, Dispatch Editor, Pictures Life In The Southwest Pacific Islands

"From a matted jungle to a bustling community—that is the overall picture of almost all occupied islands now in the South Pacific." This description especially fits the island base where Post Dispatch Editor Eddie Warren is stationed. Warren is beginning his tenth month of overseas duty and is a serial photographer of the U. S. Navy on the Admiral's staff at an unidentified base. In letters to his wife he has given some interesting facts concerning the islands and life there. Parts of various letters are reproduced.

"In this once impregnable jungle you can now travel by jeep and truck in 45 minutes a distance that used to take a day's journey. Roads similar to the paved roads in America have been scraped together from coral pits that are available all over the islands. Bridges have been constructed from mahogany wood right out of the jungle. The Seabees have done a wonderful job of giving us a facsimile of American roads.

Except for a coconut plantation under cultivation on the shore line, the jungle was an unbroken wall when Seabees, Marines, Soldiers and Sailors landed. Bulldozers had to be used to clear the island of occupation. Native trees, similar to the banyan, send down feelers from their branches. These feelers root into the ground, as many as 200 within a few square yards. Another type of tree sends out a peculiar wall-like structure from its base making walking almost impossible. Knives have to be used to hack a path through such vegetation.

The coconut grove was easily developed. The palms had been planted just about a road's width apart and now form a handsome border for the network of highways that run through the islands. Many a resort in the states would be envious of the scenic beauty of the setting.

This place is no island paradise but it isn't too disagreeable either—in fact—it is much more comfortable than where a lot of our fellows are having to live. The year-round heat and the rains from December through April are no picnic. The busy roads, the movies, the wires strung from one palm tree to another in telephone fashion, several PXs where our needs are fairly well taken care of, and occasional beer give the island a few hints of home.

Since our tents were moved recently a lot of us have gone in for landscaping and have tried to make our tents more homelike. I have laid out flower beds and walks and have planted native shrubs and flowers. The walks are made of coral. As soon as the flowers begin to bloom I'll send you some color pictures of the lay-out.

On the inside of our tent we have also done some remodeling. New bunks replace the regular GI cots. Mine is a "snertzy" modernistic number while Winegar's (Warren's tent-mate) is of four-poster style. We faced the bunks with old inner tubes and you'd be surprised what a difference it makes. We also built a writing desk and enlarged our food locker. Lights are placed where they will benefit us most and last but not least we now have a front porch with awning roof. In our clothes lockers we rigged up lights and burn one at all times to keep our clothes dry so they won't mold so badly.

Ants and bugs are everywhere. The fox bats, which have a wing spread of from two to three feet,

screech all night long. Offsetting their nerve-racking chatter though is the music made by the hundreds of birds in the trees early in the mornings.

The natives in most of the islands are easy to deal with and most of them are very congenial. Soon after the Americans landed they made a deal with the local chiefs to obtain the help of the natives in building the island bases. In exchange for their work the natives wanted tobacco. The chiefs collected all the pay and split it up among his people as he saw fit. All negotiations are made through the chiefs.

On some islands the natives are almost pigmies being only about five feet, two or three inches tall. Others, however, are about the build of the average GI. They are good workers, very pleasant and generous. The Americans seem to have made a hit with them.

Of all the natives the Malekula boys stand out. GI's find their basket jockstraps an amazing device—as imaginative as it is indescribable. According to rumor, Malekula is the place where missionaries have had the most trouble in discouraging head-hunting.

Natives are great traders. Tobacco is first on their want list. They seem intrigued by GI clothes and almost all now possess some item of GI clothing. The use of some of these garments is foreign to its original use by the time the natives get through examination.

All in all, being out here is an amazing experience, but don't ever get the idea we honestly enjoy living here. We are just making the best of a situation and are thankful that we are so busy that when night comes we are relieved to fall into our bunks. When we do have time off we "shoot the breeze" about home, what we will do when we get back. Until that great day arrives we are trying to do our jobs as best we can and praying that before too long we can all be with our families again. You can never know how much that one thing occupies our minds.

Mr. and Mrs. Ben Bass and baby of Fredrick, Oklahoma arrived Monday for several days visit with her father, W. H. Taylor.

 R. H. COLLIER DRUG CO.

A fitting end for the little rat—getting caught in the trap he set for himself, with his first dreams of subjugating a world of people. How do you feel, Adolph—squirring, helpless, your doom certain? Still you can't begin to evaluate the suffering you brought to millions of men, women and children the world over.

ARE YOUR POCKETS STRIPPED FOR ACTION?

This is it.

The zero hour all over the world. The big push we've waited for so long.

This is the time for belts to be worn tighter. For pockets to be scraped. For every last American to wring more dollars out of himself than he thought he could spare!

The U. S. Treasury needs \$16,000,000,000 right now! \$6,000,000,000 from individuals alone. That's more than \$100 in cash from every wage-

earning person in the country! We're going to have to double what we did last time!

Just to show you the seriousness of this drive, our Government says—it's probably the biggest effort we'll ever be called upon to make!

Don't fail the boys who've got the dirtiest, bloodiest fighting still ahead of 'em.

Capt. Garth Thomas Home From Solomon Islands

Capt. and Mrs. Garth Thomas left Southland Monday for Eagle Mountain Lake, Fort Worth, where he will be stationed for an indefinite period. This Southland Marine entered the service three years ago. For the past ten months he has been stationed in the Solomons from which he has flown 40 missions. Capt. Thomas won with the Red Devil Squadron. This group of men sank 18 Jap ships, damaged 7 more and shot down 8 Zeros during its overseas duty. The whole squadron came back to the States last month on leave.

Johnny Lamond of Abilene was transacting business here Monday.

Cpl. Robert F. Dealey Among Flying Fortress Crew

Cpl. Robert F. Dealey, gunner, of Blue Hill, Neb., will soon complete an intensive course in combat flying at the Alexandria Army Air Field, Alexandria, La., and in the near future will go overseas to a combat area.

He is the member of a Flying Fortress crew trained by the Second Air Force, which has the task of readying four-engine bomber crews for overseas duty.

Cpl. Dealey is the son of Mr. and Mrs. Joe Dealey, Blue Hill, Neb. He is a graduate of Post High school, class of 1941. He and his parents formerly lived in the Cross Roads community.

Refunds To Income Tax Payers

While one million 1943 income tax refunds have been made by the Treasury Department, it will be several months before all of approximately 18 million taxpayers will get refunds to which they are entitled, according to the Commissioner of Internal Revenue. Each refund, however, will include interest at the rate of 6 per cent per year from March 15, this year, to the date the refund is scheduled. First attention was given to claims of members of the armed forces. No action is needed on the part of the taxpayer unless he has moved from the address shown on his return, in which case he should send both his old and new addresses to the Collector of Internal Revenue in the district in which the return was filed.
