Surprise ceremony to recast 1975 crops

Forecast of a crop year 1975 will be forecast here on Wednesday, March 22, in the annual Taba'na ceremony, which will take place in city-center before 8 a. m. The television station is planning to film Frank's Indian legend says if the wind at sunrise on March 22 is from the east or northeast there will be bumper crops, from the north or the northwest, crops will be average; from the west or southwest means parched fields and bad crops; and a southeast wind means a poor crop.

POSTINGS
We were visiting yesterday with Jim Willemin, crew manager for the big Petty-Ray Geophysical, Inc., crew which has been working "out of Post" for almost three weeks and hopes to stay a whole lot longer.

They're the ones who have rented the former soil conservation and ASC offices on West Eighth.

According to Willemin, he has about 30 in his crew and about 15 trucks. Housing has really been a problem, with some of the men staying here, many in Slaton and a few in Lubbock. About half of them have wives or families with them he said.

It's the biggest geophysical crew we've ever seen, but Jim says it's just a "normal vibrator crew."

Of course the crew is sounding for oil here in Garza County and into some of the surrounding counties, but Garza is the center of it.

This outfit doesn't go around shooting dynamite charges to get depth readings. Jim says there is still some of that but only in more isolated areas.

Jim's crew has several big hydraulic vibrator trucks with hydraulic vibration pads which go on top of the ground. The crew's readings are put on tape automatically, then mailed in to the Houston office where they are read by computer.

The crew here is under contract to Amoco Oil Production, and according to local oil men are looking for possible oil "high" in the deep zones.

Oil men say such crews have been over the county 10 or 15 times in the last 30 years but the emphasis now is on the "deeper stuff" whereas most present wells are from shallower pay zones.

Jim's crew takes its vibrator readings on straight lines cross country for, from several to a whole lot of miles. "We work (See Postings, Page 10)

New candidate races for both city, hospital posts

Two more file for council

Local political apathy got a last minute clout to the head last Wednesday just before the filing deadline for city offices when Ronald Simpson and Joe McCowen filed for two-year terms for city councilmen.

Simpson is an officer of the First National Bank and McCowen operates three Texaco service stations and an automatic car wash here.

Although there are no contests for the two places on Post Independent school district trustees, four candidates have filed for trustees for the Garza County Hospital District.

Since only three positions are open on the hospital board that means there will be a contest for that race. The filing deadline for the hospital board election came Monday night. Under the special law under which the Garza hospital district was organized the candidate filing deadline is 25 days prior to the spring election instead of 30 as for city and school trustee candidates.

Only one of the four hospital board candidates is an incumbent. He is Sexton Huntley, present chairman of the board.

The other three are James Sweeten, Joel Dobson, and Bo Jackson. Sweeten and Dobson are members of the Postex Plant management team and Jackson is a partner with his brother, Jim, in the operation of the Jackson Bros. Meat-Packing Plant. The third high vote getter will receive only a one-year term as he will complete Dr. Charles Tubbs unexpired term. Dr. Tubbs is

County buys sheriff car

The Garza County Commissioners Court accepted the low bid Monday of Harold Lucas Motors for a 1975 four-door Buick for a new sheriff's car. The bid was \$4,311.07.

Commissioners also accepted the 1974 county audit from A. A. Davis of Lubbock and met with Sheriff J. A. Holleman, Justice of the Peace Racy Robinson and District Court and County Clerk Carl Cederholm concerning some recommendations by Davis on fund handling procedures in those offices.

Davis was employed by the county to make the 1975 audit. The court, on Sheriff Holleman's recommendation, voted to participate in a regional crime prevention program which includes an 80-hour course in the subject by a county officer.

ROPEERS TO MEET
A meeting of all interested persons in the Garza County Ropers has been called for tonight at 7:30 p. m. to be held in the Community Room, announced DWayne Gannon, president.

TO TALK HOUSING
Tom Gildersleeve of the South Plains Community Action, Inc., will meet with the city council at its Monday night "work session" for a discussion on housing.

moving from Post this weekend.

In the city election, the filings by Simpson and McCowen pose a challenge to two incumbents seeking re-election, Ed Sawyers and Bill Pool, who filed earlier.

With Gene Gandy opposing Mayor Giles C. McCrary for the second time in three years for the mayor's post, the two

councilman contests will give the voters choices in three of the four races.

This leaves only Jim Jackson unopposed in the four city races on the April 5 ballot.

Jackson has filed for the one-year to complete the term to which he was appointed last year when Councilman Fred Myers moved from Post to

reserve the right to establish a different bonus plan whereby local bonuses will be paid on the basis of meritorious service.

The board noted that such a new local bonus plan might take several years to be established here.

The Texas Legislature is now considering a proposal to increase teacher's salaries throughout the state.

One teacher has asked not to be considered for a new contract, and principals reported several other teachers will be considered later.

In other actions, the board granted Mrs. Lee Norman, a leave of absence for reason of pregnancy and voted to employ Mrs. Rosemary Wilson to replace her.

Trustees also went along with the estimated expense of 60 cents an hour in utility costs for night lighting of the school tennis courts when presently planned lighting is completed.

The school will stand the expense as meter boxes for payment by players would run the continual risk of damage by those seeking to break into coin boxes.

The school is not paying the cost for the tennis lights. Funds have been raised by individuals for the project.

James Mitchell to open trailer park

James Mitchell took out a city building permit recently to put in a trailer park at 415 West 11th St.

Estimated cost of construction was \$450.

Rotarians told of Garza's fast start in conservation in 1937

J. W. Potts, who has retired back to a small rural place north of Post after a career in the agricultural extension work told Post Rotarians at their Tuesday luncheon how Garza County excelled nationally in conservation when he was the Garza County farm agent back in 1937.

He had as his special guest at the head table George (Scotty) Samson, 91-year-old Post pioneer whom he praised for his great contribution to ranching and agriculture here.

Washington D. C., for a national radio network interview about it.

Potts said while he was county agent here Garza had two national 4-H winners, and he gave most of the credit to Samson's inspiration and his untiring work with the 4-H boys and girls.

Potts said he helped to organize the big Lyntegar Electric Coop while here and he commented the worst sandstorm he ever experienced hit this area on March 23, 1937.

Samson was given a standing ovation by Rotarians when he was introduced to say a few words at the conclusion of Potts' presentation.

Lee Norman was inducted into the club as a new member by Bob Collier prior to Potts' talk.

Several area farmers and ranchers are attempting to organize the Independent Cattleman Association in Garza county, with a meeting to be held in the Court House Thursday, tonight, at 7:30 p. m. Mr. Bill Masterson from Abilene will be here to assist and to give some ideas on organizing this Association.

The main goal of the ICA is to stop the importing of foreign beef into the U. S. and to stop its use also, helping the market for U. S. grown beef. Mr. Masterson will be here to explain their plans and to answer any questions that anyone might have about the problems of the cattleman.

The Independent Cattleman Association is strictly a non-profit organization and is supported only by contributions. There are no set dues to belong, but donations will be accepted and appreciated.

Since the problems of the cattlemen affect the economy for every citizen of the U. S. anyone interested is urged to attend this meeting.

Strong stock show support

Post and area business men and stockmen "held the line" in fine fashion Saturday afternoon when they paid \$17,950 in cash premiums to youthful 4-H and FFA exhibitors for their animals in the auction sale which ended the Garza County Junior Livestock Show.

That was within only a few hundred dollars of last year's record of \$18,325 in premiums. In view of the tightening economic situation, this kind of support was super excellent.

With the floor prices added to the premiums, Garza youngsters carted off some \$26,666 to the bank by the time the afternoon was over.

But what a difference a year makes in marketing conditions. The total "take" was at least \$7,000 under that of a year ago when \$33,000 to \$35,000 was realized by the youngsters because of depressed beef prices.

Girl Scout leaders saluted

The Dispatch doffs its editorial hat this week to Post's Girl Scout leaders, past and present, who in 25 years have developed a fine educational program for the girls of this community.

The open house Sunday afternoon in the new Girl Scout House gave the public the opportunity to see the fine facilities for which present leaders have planned for — and worked for — so long.

Good facilities are always essential to a

Whereas heavy steers brought 41.1 cents a pound at the 1974 floor price, they dropped to 33 cents this year. Light and medium steers dropped from 40.5 cents to 31 cents a pound. Hogs, however, increased from 35 to 38 cents a pound, and lambs increased from 30.5 cents to 40 cents a pound this year.

There were fewer steers this week for show or sale, so naturally with beef prices down the "take" was considerably lower.

All in all, it was a fine show with solid support given to the program by those who paid out premium money as encouragement.

It looks like after all the years of struggle to grow bigger and better the Garza County Junior Livestock show has now attained permanent acceptance.

The youngsters can thank not only those who bid premium money here Saturday but all of those who have worked so faithfully to build the show here over the last 11 years as adult leaders in the association.

good youth program. The girls certainly have excellent ones here now.

As Mrs. Patty Kirkpatrick said at the open house in answer to our question: "It's all paid for too."

The Girl Scout program here is not only expanding in numbers but it now includes troops in all the age ranges of Girl Scouting.

Again, The Dispatch congratulates our Girl Scout leaders on a job well done.

First Post Doe track title

To the best of everyone's memory, the Post High School Doe track team won its first meet ever Friday afternoon when they tallied 108 points to win the Kitten Relays at Frenship.

Coach John Morrow and the Does deserve our congratulations.

This is not exactly women's lib, or anything like that. But it does point out that Post is now presenting a good, well-rounded sports program for both boys and girls.

All the Post teams have been contenders, if not champions, in District SAA competition this

year. Putting the top sport news at the top, it's the girls who rate the banner headline on the sports page this week for their first ever triumph, but we will predict not their last by any means. We expect more this year.

We're also hoping the boys finally get together and start winning too. It will be the first time for the entire team to compete when they go to the West Texas Relays at Odessa Saturday.

Statebeat

By KURT E. JOHNSON

AUSTIN — The Texas Legislature isn't the only operation in the River City inundated with politicians who gobble up awesome amounts of the taxpayers' money through flat inefficiency.

Up and down the halls of the granite dome at the head of Congress Avenue both statehouses have been talking up the need for a personnel office which would coordinate the hiring, firing and other administrative processes of state employees. No real action has come to the fore as yet in either House or Senate, although there are a few rumblings, but don't look for anything to happen before the current session expires.

The reason for the backup is pretty clear, and as you might expect it's nothing but pure politics.

It works this way. There are people known as commissioners and deputy commissioners who head up many of the various state agencies which perform government functions for the state. Each individual state agency (or even departments within state agencies) has its own personnel office, therefore imposing its own standards and regulations upon the employees therein.

If there were a statewide personnel office to take over the functions of individual state agencies, the agencies would relinquish control of dictating personnel policies suiting their own whims and discretions.

So with commissioners and deputy commissioners making influential overtures to enough Texas legislators in stating their opposition to a central personnel unit, it's no wonder a bill creating one has less than a snowball's chance in Brownsville of making it through.

The sad thing is that this kind of reform is urgently needed. Citizens not associated with the functioning of state agencies probably are unaware of the abuses.

Supervisors are given varying degrees of policy interpretation and discretion regarding employees, depending upon which commissioner they work under. Workloads for both professional and non-professional staff are unequal when adjustments could easily be made.

Criteria for who gets state jobs vary between agencies, but who you know and how good you are are divided by a great chasm when selection for top positions are finally made. One state agency, for example, is well-known for filling administrative positions with retired military personnel who have attained a Colonel-or-better rank. This policy would appear to ignore qualifications in specific areas, such as medicine, health care, youth work, et al.

It would appear that a sufficient number of Texans is not informed of the need so that the legislature could be persuaded to enact a reform measure.

One thing is for sure. The commissioners are informed and will stay on top of the situation until the current session expires.

And so, while inefficiency prevails in some corners of state employment, people like Sen. Bill Moore of Bryan have time to write cruel comedy about his political enemies, submitting it as a resolution in the Senate chamber. The resolution (which tokenly passed by the way), was sarcastic in deriding Price Daniel Jr., former House speaker and 1974 Constitutional Convention chairman.

Perhaps if Sen. Moore would turn his attention from personal matters to those affecting Texas and its citizens, we would all be much better off. He might consider a State Personnel Coordinating Agency for starters.

TEXAS TALK

By FRED MYERS

CBS Television in their regular program called "60 Minutes" took some time last month to talk about grass-fed cattle. Charles E. Ball, executive V-P of the Texas Cattle Feeders Association told Texas Talk why he wrote a letter to CBS taking exception to some of the comments. Mr. Ball indicated the program implied that feeding grain to cattle was immoral. Saying that grain not fed to cattle would not prevent starvation in another part of the world. Mr. Ball pointed to the practical problems of transportation, storage and economics as factors which would prevent the grain from reaching starving people. Ball said the cattleman is already using grassland as effectively as possible without intensifying the energy problem (use of fertilizer). Other points were made by Mr. Ball including the fact that much of the grain fed to cattle is not suitable for human consumption. Many of us will be watching now to see if a reply to his letter is forthcoming from CBS.

Potluck

By ROSEMARY CHAPMAN

One often hears wild tales about New York cab drivers but it's difficult to imagine how any of them could match some of the licensed maniacs who drove us around Acapulco last week. One fellow was so bad he managed to add ten years to our lives in ten minutes.

As soon as we could stop shaking, we all kissed the ground when we got out and swore that we'd never do it again. Some Mexican cab drivers just seem to get their kicks out of scaring tourists. Is this what they mean by "macho"?

The ironic part about it was that every time this guy came within a hair's breath of killing someone, he'd stick his head out the window and scream, "Crazy Mexican driver!" or "Crazy Gringo driver!", whichever happened to apply at the moment. No prejudice there. It was ALWAYS the other guy's fault.

Kurt said proudly that his friend, Sonny Mason, would have been perfectly at home driving a Mexican taxi cab.

Meanwhile, what do you do when everyone else is out on the beach having a good time and you're confined to your room with a severe case of Montezuma's Revenge? It occurred to me that Charlie Didway (I MISS Charlie Didway) would have had a grand time reading the Acapulco telephone book, so I decided to try that.

Did you know that there are only two Jones, two Andersons, one Henderson, one Williams, and no Chapmans in Acapulco? I can't understand it. The popular names there seem to be Diaz (88), Rodriguez (96), Sanchez (103), Lopez (105), Martinez (116), Hernandez (121), and Garcia (176).

It must be that Garcia is the Smith of Mexico. Which reminds me that, even though there were only three Smiths in Acapulco, I loved their given names! They were Dudley, Harwood K., and Saucedo Alejandro.

The yellow pages were fun too. Personally, I always enjoy reading the restaurant section and Acapulco didn't let me down. There was a "Denny's de Acapulco", a Kentucky Fried Chicken de Mexico, and a "Shakey's Pizza y Pollo." Aren't those great names? It must be that the Mexicans are getting tired of tortillas.

Actually, reading a telephone book soon palls. I decided to call room service every ten minutes instead and have a little treat sent up. One time a chocolate sundae, the next time a taco, etc. I know that I must be the only person in the world who managed to gain five pounds with the Mexican trots.

And so, once again, we come to the end of one of those magnificent Chapman travails. You wouldn't have wanted to hear about the beaches or the balmy skies at this time of the year, anyway. It would have just made you mad.

Library now showing 1st traveling display

This week and until April 10, there will be a display in the Post Public Library covering the history of "Negro Texans." The display is sent out by the University of Texas Institute of Texan Cultures of San Antonio, Texas.

The display recalls the history-making events of the Texas Negro and follows his progress beginning in 1528 with Estevan De Dorantes, a slave of Spaniards up to present day leaders such as Senator Barbara Jordan.

Such noted people as Kian Long, Hendricks Arnold, Greenberry Logan, Samuel McCollough Jr., Dick the Drummer Samuel J. Sutton and the "Buffalo Soldiers" are covered in the display.

The Negro is no newcomer to Texas, he arrived with the first

European, continued to come in growing numbers for three centuries and today makes up about 12 per cent of the state's population. He has played a significant role in Texas history and contributed much to our cultural heritage.

In the display only a few well-documented examples of Negro Texans whose contributions made an impact on the course of Texas history are covered.

Does open track season; win Kitten Relays

Girls team goes to Spur Friday for second start

Coach John Morrow's Post Doe track team opened its spring season with a surprisingly good all-around performance to win the first annual Kitten Relays at Frenship Friday afternoon.

The local girls, who haven't been practicing very long edged Abernathy by 10 points to win the 8-team meet with 118 points.

Other teams scoring: Abernathy 110, Frenship 91, Cooper 89, Idalou 83, Denver City 36, Tahoka 10 and Seminole 8.

The Does captured five first places in rolling to their victory, winning both the 440 and the 880 yard relays.

Ann Mitchell accounted for two of the three individual first places, winning the shot put with a toss of 34 feet, 6 inches, and the discus with a throw of 95 feet, 3/4 inches.

Brenda Price was the other individual winner, grabbing the 100 yard dash with a 12.1 second time in the final after running an 11.6 preliminary.

Jodine Tipton finished second in the 100 with a 12.2 time.

Other seconds were Patricia Bilberry with a 27.6 seconds in

the 220 yard dash; and Genetta Kennedy with a 31 feet, 1 1/4 inches in the triple jump.

Post third placers were Jenda Gilmore with a 7.3 seconds in the 60 yard dash; Karla Kennedy with a 68.4 in the 440 yard dash; Brenda Price with a 14 foot, 1 inch broadjump.

Karen Williams finished fifth for two points in the 60 yard dash with an 8.6 time after turning in a 7.6 in the preliminary heat. Genetta Kennedy got a fifth in the 220 yard dash in 29.2.

Sixth places went to Hope Johnson with a 27 foot, 5 inch throw in the shot put, and Patricia Bilberry with a four foot, 4 inch high jump.

Post's mile relay finished third but was disqualified when Hope Johnson running the anchor leg stumbled on the inside lane and fell off the track, before getting to her feet to finish.

Coach Morrow said the Does have five meets on their spring slate, including the district at Frenship and the state meet.

They will go to Spur Friday for their second start of the season.

Lopes at full strength now

Coach Lane Tannehill hopes to find out what his Post Antelopes are capable of in track at Odessa Saturday when he finally gets his full team together for the first time — maybe.

Alfred Pena has been out of school this week due to a very serious accident to a younger brother last Friday.

But, all in all, this will be the first time Tannehill will have all the point winners in the same meet and it should be the first time out of the chute for

Dennis McDonald, the Lopes premium sprinter.

The locals won the district 5AA track crown last spring by staying in there and piling up points although not winning many events.

They figure to score higher this year with another year of growth and experience. So far, even though not at full strength, the locals look to be the best or near the best in District 5AA.

The Post entries for the West Texas Relays, with prelims getting under way at 9 a. m. and the finals at 1:30 p. m., are as follows:

440 yard relay: Alfred Pena, Edward Price, Joe Moore and Dennis McDonald.

880 yard run: Chris Wyatt and Jay Kennedy.

120 high hurdles: Jackie Blacklock, Jimmy Dorland, and Tony Conner.

100 yard dash: McDonald, Price and Moore.

440 yard dash: Pena, Ken Curtis, and Moore.

330 yard intermediate hurdles: Blacklock, Dorland and Mike Waldrip.

220 yard dash: McDonald, David Bell, and Dale Odom.

1 mile: Ralph Howell, Joel Nesmith, and Vernon Ferguson.

1 mile relay: Pena, Randall Wyatt, Price and C. Wyatt.

Discus: Garland Dudley, Dusty Webb, and Danny Saldivar.

Shot Put: Saldivar, Odom and Blacklock.

High jump: Waldrip, Odom and Conner.

Long jump: Price, Dorland and Conner.

Pole Vault: Dorland, Bruce Sanderson and Grayling Johnson.

Bryan Davis gets 'mention'

The Post Antelopes, although SAA district cage champs, got only one honorable mention on the Lubbock Avalanche-Journal's Class AA All-South Plains team.

He is Bryan Davis, 6-3 junior forward.

District 3AA had all five All-South Plains first teamers, two from state champion Dimmitt, two from Friona, and one from Morton.

Glen Campbell of Roosevelt, Jon Fehlson of Cooper, and Tommy Thorn of Denver City were placed on the second team.

District 5AA honorable mentions included Billy Ray Thomas of Slaton and Donnie Seale of Cooper, besides Davis.

8th grade girls are 3rd in Kitten Relays

ROBERT HARVICK

Harvick again master agent

WACO—Robert Harvick of Tahoka, agency manager of the Garza and Lynn County Farm Bureau, received the Master Agent award for the second time from the Texas Farm Bureau Insurance Companies at a recognition program Feb. 24-25 at the Sheraton-Crest Inn in Austin.

To be selected as a Master Agent is the highest honor and recognition the Texas Farm Bureau Insurance Companies can bestow upon a member of their sales force according to company officials. C. I. Forrest, Waco, is executive vice president and Austin Crownover, Waco, is state sales director for the companies. The criteria for determining Master agent is rigid and selective, requiring the maintenance of high professional standards, they said.

This was the second year for the Master Agent program. A total of 28 agents received the award at the Austin meeting, and 10 of these men received the award last year. There are 350 agents serving Farm Bureau members in Texas.

PAY BILLS To Enjoy Continued CREDIT
The credit bureau's message to the consumer is simple. Pay promptly. Spelling it out clearly — never let an account go past due without payment or immediate contact with the creditor.
Never allow an account to become an item charged off to profit and loss. This means that the merchant has given up hopes of collecting and has changed your account from an asset to an expense item. The item is automatically recorded in the files of the credit bureau. There it cannot be changed or altered unless subsequent dealings with the same firm results in a better record.
Never allow an account to be listed in the collection department of the credit bureau. Payments in full will result in better credit reports, but the item must remain on file for many years to come — perhaps for the rest of your life.
Your credit record is a picture of your character and has been found to be an extremely accurate guide to your future actions, particularly pertaining to whether you will pay future contracts and debts.

Black community to meet at center Monday night

There will be a meeting of the Black Community, to be held at the Lorenzo-Alexander Center, Monday, March 17 at 7:30 p. m. The address of the center is 630 Oak Street.

All should be present to learn more about the government programs and the money that is given to Garza County for these programs. Also, four people to represent the Black Community will be elected to represent the group on the Garza County Community Action board.

Much of this money for this county comes through this board. If you want to have something to say about where

this money is spent, elect strong representatives to the Community Action board. The only way this can be done is by coming out to these meetings and voicing your opinions. How will the Community Action board know your needs if you are not there to speak out.

These meetings are very important, so be sure to attend and invite your family and friends.

If you would like to know more about this meeting and the different programs working for Garza County, call 495-2329 or go by 804 Pine Street.

Lubbock team wins cage tourney at Southland

By MRS. ROBERT MOCK

The "Outsiders Basketball Tournament" at Southland, Feb. 27-28, March 1-3 was a huge success. The event sponsored by the Senior Class at Southland attracted 16 area teams. The teams were two from Lubbock, two from Slaton, three from Post, one each from Southland, Wilson and Lorenzo.

The elimination tournament found the "Winterroads" of Lubbock in first place, one of the Slaton teams in second, and Lorenzo in third. I don't know the proper names of these teams as the only night I was able to attend was Monday night. Lorenzo received the third place trophy, because of a forfeit from Post, however a really good basketball game was played with different players from different teams playing together.

The Slaton vs. Winterroads of Lubbock game was very exciting, not only was the play hard fought, but we witnessed some great ball handling.

drizzling between legs, behind backs and fancy passing by the Lubbock team and some great ball stealing by Slaton.

Southland and the Windom Lubbock team were eliminated Saturday night. Everyone of these teams should be congratulated and supported.

Our sympathies are with the Lewis families on the death of their beloved "Granny."

Also our condolences to the R. L. Robinson family on his untimely death. R. L. had been working some at Albright's Welding Shop in Southland.

Mrs. Louise Becker helped sponsor a Ski trip taken by the youth of the Lutheran Church in Slaton this past weekend. Mr. and Mrs. Gilbert Steinhouser from Wilson sponsored the Wilson church group. The report was the snow was wet and very cold.

Around 18 men of the community enjoyed fishing at Lake Armstead, sponsored by the Moses Gin Company at Gordon. Not many fish caught, but everyone had a real good time. Thanks, Wayne.

Robert and I enjoyed our trip to the Texas Valley. Everything was beautiful down there and very hard to imagine all the various crops being harvested. My folks, Mr. and Mrs. M. C. Thomas, were also vacationing down there. Dad became quite sick and we all had to cut our fun time short to get him home. He is a patient in St. Mary's hospital now. Get well fast, daddy.

Mrs. C. L. "Edna" Mason is having an auction sale Sunday, March 16 at 1:30 p. m. For sale will be household furnishings, and miscellaneous items. Her home is located one mile north and one mile west of the Gordon Gin.

Happy birthday to Mr. Weldon McGehee, his entire family was present for a party Sunday, including Karen's family from Wichita Falls.

VISIT IN RUIDOSO

Mr. and Mrs. Bobby Cowdrey visited recently in Ruidoso with her sister and family. They also visited with Mr. and Mrs. Bruce Evans and family in Hobbs on their way home.

Good character, like good soup, is usually homemade.

MORE ABOUT DOGS

Dear Editor,

It seems to me it is time someone spoke up for the city council and city employees. I think if people would help them instead of trying to see how much trouble they can cause we might get this dog problem settled.

I would like to see the leash law strictly enforced. If a pet is on a leash in a yard or in a house, no child is going to see his pet run over.

Some people seem to think just because they have their dogs tagged they are free to go where they please. A dog running loose is just as much a pest with tags as without.

I am so tired of dogs getting into the garbage cans. It is impossible to put out your trash without it being scattered before it can be picked up. I am tired of dogs using my yard instead of their owners. I would like to walk across my lawn without having to watch where I step. I am tired of five or six dogs getting out in the street and barking and howling all night.

If everyone who has a pet would keep it on a leash, in their yard, or their house, then everyone help our city employees pick up all the strays our dog problem would be over.

I think if the Humane people would drive over town a little and see some of the dogs running loose, they might decide that starving to death isn't exactly dog heaven.

About the second time I have to pick up my trash, I don't care what happens to the dogs or the Humane Society and as for me I don't like outsiders coming in and telling us how to run our city business.

Sincerely,
Loucille Morris

A telephone call to Pioneer Natural Gas brings an air conditioning specialist to your home for a free survey and cost estimate at no obligation to you. He'll answer all your questions, and tell you what it will take to install GAS air conditioning in your home.
