A NEWSPAPER REFLECTS ITS COMMUNITY

Twenty-Sixth Year Post, Texas "The Gateway To The Plains" Thursday, March 26, 1953 Number 42

Near-Capacity Crowd Enjoys Amateur Show

Paula Hedrick, Barbara Murphy, and the Post High School String Band were winners in the three divisions of the amateur talent contest held at the Tower Theatre Tuesday night under the auspices of the Post Teen-Towners for the benefit of their youth recreation center.

Little Miss Hedrick, singing "I Cross My Fingers," won first place in the primary division. Miss Murphy won first prize in the intermediate division with the song, "Till I Waltz Again With You," and the string band carried off top honors in the high school division. Members of the band were Bobby Cowdrey, Bobby Green, Eugene Raley, Roy Joe Carter and Johnny Johnston.

Other winners in the primary department were Nora Jane Mock, second, with "Million Dollar Baby," and Lana Haynie, third, with "Hen-Pecked Papa."

Allene Norris, singing "I'll Never Get Out of This World Alive," won second place in the intermediate division, and Janene Haynie was third, with "No Wedding Bells for Me."

Pearl Craig, introduced as "Minnie Pearl," won second in the high school division with her song, "Are You Teasing Me?" She was accompanied by D. C. Taylor and Park Leathers, Jr. Third place winners were the Crosby County Troubadours, the only out-of-town contestants.

First, second and third place prizes of \$5, \$4 and \$3 were awarded in each division. Judges were George "Scotty" Samson, Lester Nichols and Pat Henderson, the latter also serving as master of ceremonies.

Other contestants in the primary division included three-year-old Scharlene Holland, Judy McCampbell, Linda Ward. See AMATEUR SHOW, Page 8

School Board, City Elections Nearing For Voters Of Area

Filing closed Tuesday for one election and absentee voting is under way for another, as the big "political" week of March 30 nears.

Two additional filings Tuesday for the two trustee places open on the board of the Post Independent School District indicated that there will be more interest in the school election of Saturday, April 4, than in the city election of Tuesday, April 7, in which Mayor T. L. Jones is unopposed and only three candidates are seeking the two city commissioner seats.

The two new candidates for the Post school board are Powell Shyles, owner of Shyles Implement Co., and Oscar Bowen, owner of the O. K. Food Store. Other candidates are Paul Jones, who is seeking re-election, and J. W. "Pat" Henderson and Leo Acker.

Absentee voting is under way for the city election and absentee ballots may be obtained at the office of Mrs. Gertrude Ward, city secretary, at the City Hall.

City commissioner candidates are the two incumbents, E. S. Stewart and E. J. Baker, and H. G. Flowers.

Both elections are to be held at the City Hall, with J. T. Curb as election judge. Clerks for the city election will be Mrs. Irene Rodgers and Mrs. Virgil Priddy, and for the school election, Mrs. Ray Smith and Mrs. Lillie McLee.

In other election developments, the names of seven candidates were filed for school trustee positions at Justiceburg, according to County Judge Oscar Graham. They are: Lee Reed and Henry Key, incumbents; Douglas McWhirt, Virgil Streets, Horner W. Messer, Don Robison and W. C. Caffey.

Up to the Tuesday deadline, no candidates had filed for two trustee positions at Southland and one at Grasshurr.

Julius C. Fumagalli filed this week with the county judge for re-election as Precinct 3 trustee on the Garza County Board of Education. E. E. Peel had filed earlier for re-election as Precinct 2 trustee on the board.

Names of six candidates have been filed for the two trustee

IF OLD INDIAN LEGEND HOLDS WATER

'Average' Crop Year Indicated

The wind blew out of the northwest at sunrise Sunday for the shades of Indians gone to the happy hunting grounds, indicating that Garza County is in for a "fair" or "average" crop year.

N. W. (Noah) Stone, who has been conducting the smoke tests here for a number of years, said that as far as his experiment was concerned, there could be no mistakes about the direction of the wind. In Lubbock County, it was reported out of the west at sunrise, indicating a "poor" crop year for that county.

In carrying on the wind direction observation started here by the late J. A. Wilborn in 1906, Stone built his smoke fire one-half mile west of town on the crock, about one-quarter mile off the Tahoka Highway.

Stone was accompanied to the site of his test by his brother-in-law, W. J. Edwards, here with Mrs. Edwards for a visit with the Stone family. Asked if his brother-in-law was a down-state scoffer at such things as Indian legends having to do with crop forecasts, Stone replied in the negative. "He's been an interested follower of the tests for several years," he said.

Stone said he started his smoke fire about 30 minutes before sunrise and kept it burning for that long after sun-up. "The direction of the wind never changed from the northwest," he said.

The legend was handed down through an Indian to Wilborn, who started watching the wind direction in 1906. Observations have been made practically every year since that date, and old-timers say there haven't been more than three forecast "flops."

The late W. O. Stevens, Post and Lubbock banker, took up the wind direction forecasting after Wilborn's death. And, in turn, after Stevens' death, the late Judge Clark M. Mullican made the annual observations.

In a nutshell, the Indian legend is that if the wind at sunrise, on March 22, is from the east or northeast, there will be bumper crops. If the wind is out of the north or northwest, crops will be only average. Wind from the west or southwest means parched fields and a bad crop year, and from the southeast, a poor crop.

RECOMMENDED BY TRAFFIC GROUP

Busy Intersection To Get New Light

An ordinance requesting the Texas Highway Department to install a standard traffic signal light at the intersection of Main Street and U. S. Highway 64 (Lubbock Highway) was passed Tuesday afternoon by the Post city commission.

The city's action followed receipt of a letter by Mayor T. L. Jones from the highway department announcing that installation of the new signal light had been approved by the department.

The city had requested installation of the light upon recommendation of the Citizens' Traffic Commission.

The new standard light, which will flash stop, go and caution signals, will replace the present one which flashes only stop and go signals.

In announcing approval of the installation, the highway department said they would like to use the present pole and down anchor on the northwest corner and would install a new pole on the southeast corner.

Following installation of the light, the highway department will furnish electricity, operate and maintain the signal at its own cost.

Recommendation of the new standard signal light at the busy intersection was made by the traffic commission in the interest of its safety program.

VFW To Name New Officers Tonight

All members of John Miller Post 6797, Veterans of Foreign Wars, are urged to attend tonight's regular meeting, at which new officers will be elected for the ensuing term.

Nominees for the various offices are as follows: Commander, George T. Childers; senior vice commander, Richard Vardiman and John Shedd; junior vice commander, Charley Lon Baker, J. C. Steel and Joe Boren; quartermaster, Jim King, Ralph Cookrell and Bob Poole; chaplain, Bob Mitchell; trustee, Mill Hester, John Nichols and Robert Russell; surgeon, Jack Kuykendall.

New Locations Are Listed In Oil Activities

Garza County oil activities last week included two completions and two new locations, according to the Lubbock Avalanche-Journal.

The two completions were northwest of Post, while the two new locations were staked in the Tobe-Strawn field, near Justiceburg.

One of the completions was Joseph I. O'Neill, Jr., 1 W. A. Cash, 330 feet from south and east lines of Section 1216, J. R. Galbreth Survey, which pumped 50 barrels of 37-gravity oil plus 50 per cent water daily. Perforations from 3,300-3,304 feet were acidized with 10,000 gallons.

The other completion was Alamo Corporation 5 A Kuykendall, Kenneth Cook and Chapoy Murphy, 330 feet from north and 1,107 feet from east.

Charter Received For Rotary Troop

The Post Rotary Club received the charter for its Boy Scout Troop 36 at Tuesday's regular weekly luncheon. The charter was presented by a field scout executive from Slaton and accepted by Leo Acker on behalf of the club.

Paul Simpson is the troop's new scoutmaster, having replaced Jesse Ward, who has moved to Breckenridge. Luther Bilberry is assistant scoutmaster.

Also on the program at Tuesday's meeting were:

Easter Sunrise Service Is Planned By City Ministers

The service is to be held at the First Presbyterian Church, beginning 45 minutes before sunrise.

The Rev. Roy Shahan, pastor of the First Baptist Church, is to deliver the sermon. Special music will be under the direction of the host pastor, the Rev. Gerald N. Blackburn, according to plans made at Monday's meeting of the ministers.

The Rev. Joe E. Boyd, First Methodist Church pastor, is president of the ministerial alliance. The Rev. J. C. Holman, pastor of the Church of the Nazarene, is secretary-treasurer. Other members attending Monday's meeting were the Revs. Shahan, Blackburn, Shelby D. Bishop, Calvary Baptist Church pastor, and Almon G. Martin, First Christian Church pastor.

Spelling Champion To Be Determined

Everything was in readiness this morning for the Garza County Grade School Spelling Bee to be held at 2 o'clock this afternoon in the grade school auditorium for the purpose of selecting a county champion for the regional Spelling Bee at Lubbock on April 18.

While a complete list of contestants had not been certified to County Supt. Dean A. Robinson, Spelling Bee director, late Wednesday, each county grade school is expected to have two contestants on hand for this afternoon's event.

The Post Grade School selected its two representatives in an elimination contest held Wednesday afternoon. They are Johnny Kemp and Hutch Wilson, both seventh graders. Other contestants were Mary Nell Shepherd, seventh grader, and Sherry Odum, Jimmy Short and Bobby Williams, all sixth graders.

Late Tuesday, the Post eighth grade contestants had not been selected, but were to be in time for the county competition, according to C. D. Lee, high school principal.

From the Graham School will come a brother and sister team of Janet and Bill Stephens for this afternoon's county meet.

The Post Chamber of Commerce has furnished \$30 prize money for the first, second, third and fourth place winners in the county bee. The prizes will range from \$15 down to \$2.50.

The Lubbock Avalanche-Journal is sponsoring the regional Spelling Bee, and the winner there will qualify for the National Spelling Bee in Washington, D. C. Other prizes for the regional winner will include a 24 volume set of the Encyclopedia Britannica and one year's possession of a plaque. Regional contest cash prizes will be awarded second, third, fourth and fifth place winners by the Lubbock paper.

Other counties in the Lubbock region are: Bailey, Cochran, Crosby, Dickens, Gaines, Hockley, King, Lamb, Lynn, Terry and Yoakum.

DEAN A. ROBINSON

Rural Schools' Play Day Set For April 17

Plans are under way for the annual Garza County Rural School Play Day to be held Friday, April 17, at the Garza school, County Supt. Dean A. Robinson said this week.

This year's event is under the general direction of Mrs. J. H. House, principal of the Garnolia school.

As in past years, there will be contests in declamation, spelling, story-telling, number sense, track and field, softball, volleyball, one-act plays, and other events.

Eliminations in some of the events are to be staged between now and the date of the play day.

Post Student Gets Best Actor Award

Gaylord Anderson, who played the part of "the man" in "Bacony Scene," was named outstanding male actor at the District 4 A one-act play contest in Levelland last Friday night.

L. W. Evans, who played the part of "the gangster," received honorable mention for outstanding male actor.

The Post players placed fourth.

Long Lines Auto Tag Buyers Anticipated

All indications this week point to long lines of auto tag purchasers trying to beat the Wednesday, April 1, deadline at the Garza County tax assessor-collector's office.

A mid-week report by W. B. Haynie, deputy tax assessor-collector, showed approximately 1,250 sets of 1953 passenger automobile tags sold. This is only a little more than half the approximately 2,200 passenger cars to be registered, according to the deputy.

In order to avoid having to stand in line the last day or two and to make it more convenient for themselves and the tax office force, automobile owners are urged to register their vehicles as soon as possible.

They are also reminded to have with them their certificate of title and 1953 registration receipt.

COMMENCEMENT EXERCISES SET FOR MAY 29

Large Graduating Class Seen

One of the largest, if not the largest, graduating classes in Post High School's history will receive diplomas at commencement exercises Friday night, May 29, it was announced this week by Principal C. D. Lee.

Approximately 50 seniors are candidates for graduation, as compared with only 32 last May. Other commencement week dates announced by the principal include the baccalaureate on Sunday, May 24, and eighth grade graduation exercises on Thursday night, May 28.

The annual junior-senior banquet has been set for Tuesday night, May 5, in the school cafeteria. The senior class trip will be from May 8 to 11, with Colorado Springs, Colo., chosen by class members as the destination of this year's trip.

The annual First Baptist Church banquet for the senior class will be held Friday night, April 10.

At the same time, the principal announced that Easter holidays in the schools will begin with the dismissal of school Thursday, April 2, and continue through Monday, April 6, with classes being resumed Tuesday.

Thursday to Thursday...

By CHARLES DIDWAY

We had lost all track of the shrimp boats since the hit tune of several months ago faded to wherever hit tunes fade, but now we have located them again. Mexican officials have seized 13 of them (shrimp boats, not hit tunes) off the Yucatan peninsula, and the action has brought renewed demands for a definite settlement of this old Mexican-U. S. problem. We're in favor of letting the Mexicans have some of our hit tunes for the sake of the good neighbor policy, but we think they should leave our shrimp boats alone.

No telling how many this makes, but another former Post boy has made good. L. G. Smith, son of Mr. and Mrs. H. E. Smith of Star Route, Post, has been named Brownfield's outstanding young man of the year by that city's Junior Chamber of Commerce. Having known L. G. during the five years he lived in Brownfield before we moved from there, we are of the opinion that the judges could not have made a wiser selection.

A police sergeant in Omaha, Neb., who ought to know, says men carry more junk in their pockets than women do in their pocket-books. The policeman, who is a night desk officer, has personally searched thousands of suspects in the booking pen during 24 years on the force. He says hoboes without a dime usually carry a silver spoon in their pockets—to dig into hobo camp slumgullion.

The policeman also says more men carry pictures of their children in their wallets than they do of their wives or movie stars. We agree with him there, because the only pictures we ever carry in our wallet are those of our children—when we can keep them. Each school year, our three youngsters have new wallet size pictures made and we always come up with one of each—but we don't keep them long. The two older children are at that age when pictures are swapped around at school, and they usually come up just one short of having enough to go around. Where do they get that one picture they need? Out of their dad's billfold. We usually manage to keep one of the youngest boys, but he's nearing junior high school age and it probably won't be many years until we have to go back to carrying pictures of movie stars—or of our wife.

We are looking forward to Thursday afternoon's Garza County Spelling Bee, at which we hope to have a front-row seat. We've spent so many years "covering" football and basketball games, that we think we'll enjoy doing a "play-by-play" of an old-fashioned spelling bee. Perhaps it's because we spend most of our time working with words, but we've always felt that one of the most uncomplimentary reflections on our public schools system is the number of high school graduates who never learned to spell. Grade schools are the places to start teaching the pupil the importance of correct spelling, and we feel such events as the school, county and regional spelling bees—all leading up to the national event—are steps in the right direction.

By the time you learn to read girls like a book, it's too late to start a library.

One of the best-known horses on the South Plains during the next few weeks probably will be "Soapy," the paint pony which is to be given as second prize at the annual South Plains Soap Box Derby in Lubbock. First prize, of course, will be the trip to the national Derby race at Akron, Ohio, but most of the youngsters planning to enter the race already seem more interested in the horse. Post and Garza County boys between the ages of 11 and 15 who plan to enter the derby are asked to register early.

Roger W. Babson Writes This Week

Salesman Is Mighty Important Person; He Helps Keep Nation's Economy In High Gear

BABSON PARK, Fla. — One of my readers has asked me if we all would not be better off without bothersome salesmen who get a foot in the door and sell things people don't want. This reader, a mother, said she hoped that her son wouldn't grow up to be just a salesman. She had higher aspirations for him.

The Salesman's Reputation

Why do so many people today look down upon the salesman? To get a clue to this, I tried a parlor test on a number of people, a test which, by the way, is standard psychological procedure used by many advertising agencies in preparing copy. I asked a number of people to write down, as rapidly as possible, the words that came to them when I mentioned the word "salesman."

Try this experiment. You will get responses like this: life insurance, tomb stones, vacuum cleaners, television sets, silk stockings, women's lingerie, encyclopedias, silverware, "imported" linens, books, magazines, etc. Yet, those who call at your house to sell these things represent only about 2% of the total sales force of this country. The 98% are selling to the nation's millions of retailers and corporations.

The Importance of Salesmen Today

I'm frank to admit we have, and probably always will have with us, a few get-rich-quick boys who want to make a fast buck. They are high-pressure artists who are here today and gone tomorrow. They never learned that really to sell you have to get close to a prospect, get his confidence and give him real service. But men of this type are also found in Congress, in labor unions, and, yes, even in medicine! So let's not put a blanket condemnation on the entire selling profession.

What my reader did not fully understand is the importance of the salesman to our economy. She did not quite seem to grasp the idea that our country has learned how to produce, not only all the tremendous amount of military material we need, but also all the consumer goods we can use. And that the major fear of business right now is the fear of over-production. She does not realize that the salesman is the kingpin in our free eco-

WRITE THEM A LETTER...

Since this month is being sponsored by the lawyers of Texas as part of their "Get Acquainted With Your Government" program, Sam Culppepper, director of field service, Texas State Teachers Association, couldn't have picked a more appropriate occasion than the West Texas Teachers' Association meeting at Lubbock to call on teachers for letters to their senators and representatives and for delegations to Austin in interest of the bill which would increase by \$600 teachers' salaries and all professional salaries provided in the Gilmer-Aikin Bill.

While teachers are no more prone than any other group to "let George do it" when legislation of vital concern to their interests is pending, such encouragement to write and call on congressmen should be given every group which is fighting for something worthwhile—such as an increase in teachers' salaries.

A release from the Texas Bar Association in connection with their "Get Acquainted With Your Government" program urges everyone to write their legislators.

"Think about this for a minute," continues the release. "Isn't it true that as a practical matter your government belongs to those who take an interest in it? Like it or not—that is the way any democracy works.

"Your legislators—the men who pass the laws that govern you—are constantly badgered by those seeking special favors through legislation.

"Your elected representatives can't possibly know how you feel—they don't have a crystal ball.

"Watch your newspapers for pending legislation, and then—write your Congressmen—write your legislators. It takes more than just voting on election day to be a good citizen.

"Write your legislators what you think. Ask them what they think. Write 'em right and write 'em often. Do right—write your legislators."

For years, we've heard that the Indians wouldn't have the country back even if we should offer it to them, and a pending lawsuit isn't doing much to discount this belief. In Mississippi, a lawyer who has long upheld the interests of the noble red man is going to court to try to compel the government to pay members of the Choctaw tribe for lands which he (the lawyer) contends were taken from the Indians by means of subterfuge and whiskey. After reading that the lawyer is something of a character—he wears a high celluloid collar and pleads his cases in his sock-feet—we are of the opinion that the Indians are only lukewarm about the matter of claims against the government, and that most of the hubbub is being raised by the lawyer.

Getting Out On The Limb

by EDDIE the editor

Adolescence is when a girl's voice changes from no to yes.

The best description I've heard of a debutante's gown: "The neckline was so low she had to kneel to adjust it."

One can read fascinating blurbs these days on the front covers of some of the newstand magazines, especially those of the "he-man" variety, such as "Stag," "Sir," etc. I noticed one the other day with "Houston—Hot Bed Of Vice," emblazoned in red letters on the front cover. The same week, a news release reaching the Dispatch office announced that Houston had been named winner of the National Cleanest Town Contest. Which one are we to believe? Another intriguing front cover blurb I noticed recently asked, "Will Stalin Live to be 150?" Well, that one, at least, seems to be answered to everyone's satisfaction.

Some girls ask the boss for advances on next week's salary; others ask for salary on next week's advances.

THE WOMEN. God Love 'Em—The seasonal blonde is quite a gal. She summers in Atlantic City, autumns in California, winters in Florida, and springs at every man she meets.

When an old maid died they found \$50,000 sewed up in her bustle. That's a heck of a lot of money to leave behind you.

Noah Stone went out west of town Sunday morning to see which way the wind blew and came up with a more favorable report than those turned in by other area smoke and wind observers, all carrying through on the old Indian legend of crop forecasting. Noah says that the wind at sunrise was out of the northwest, which promises an average crop year. In Lubbock County, Mrs. Clark M. Mullican and Tom Holden found the wind straight out of the west, which, according to the noble redman's method of crop forecasting, have a "bad" crop year.

Footsteps made in sidestepping issues leave no impressions on the sands of time.

Every small boy wonders why his father did not have sense enough to go into the candy and ice cream business.

Next week is National Laugh Week, which found its way into the calendar because of April Fool's Day, which has fallen on the first day of April since way back when there were no special weeks for everything ranging from Sweater Girls to Apple Polishers. Two or three weeks ago was National Smile Week and the line of reasoning seems to be that the smiles will have developed into belly-laughs by the time April 1 arrives to afford practical jokes a field day at everyone's expense except their own. Our observation has been that most of those who pull some of the sillier April Fool's jokes are jerks who'd just as soon spring their pranks on June Ump-teenth or any other day of the year.

Now I know why I am pretty limp at the end of the day. Somewhere I read that the average typist uses enough pressure in one day to move 1,200 tons of coal. However, despite all my problems, I'm sticking to typing if given the choice of staying at the keyboard or moving that much coal. Besides, if I was shoveling coal I'd have to do it the way John L. Lewis told me.

Want to live a long life? Then quit the things that make you want to live a long life.

When I go fishing I know that the cards are stacked against me and that at least five camp owners, bait sellers and boat renters are living off every fish remaining in the United States.

I know too, that every time I drive five hundred miles to find a hole big enough to fish in that, regardless how large my catch, my balance sheet will always show money lost on the operation.

I have come to realize that today's fishing isn't as good as it used to be. Today the picture is different. The shift in our mode of living since I was a boy has been an extreme one. In the early days there was a tendency toward too much physical exertion, but now the problem is one of trying to avoid nervous exhaustion. Our way of living has changed decidedly the past decade, but our bodies differ little, if any, from those of our ancestors. Apparently we are not built for our present tempo of living—keeping up with the Joneses, or to get ahead of them if possible—has its disadvantages. We need to relax.

To some few million Americans, including myself, fishing is the favorite means of mental relaxation. From now on the number of fish on my stringer will be no criterion of the success of my day's angling. If I fish often, learn to leave my worries behind while fishing, I'll declare every trip I take a success whether or not I ever get another nibble.

There may be a solution to my not catching any fish problem, which if I can work out, may even add to my relaxation. Usually fish bite the week before I get to the lake or the week after I leave—next time I go fishing I'm going to STAY THREE WEEKS.

I am a Texan. Have never owned an oil well, a Cadillac, a giraffe from the fabulously beautiful store in Big D. Never wore a sun bonnet, dipped snuff or went barefooted to church. Never felt superior to the people of Mexico, Oklahoma or even Washington, D. C. (except in rare isolated incidents due to our own brand of politics). Never flew a privately owned plane to have my nails done or bit them down to the quick over the tidelands issue either. Always thought the reputation Texas has for boasting of the biggest, the mostest, and the bestest was funny—like getting caught in a cold cream and bobby pins, then announcing to a caller, "I'm the cutest one." But I am a Texan. Went to school beginning with kindergarten and ending with romance on a college campus. Grew up in a somewhat normal atmosphere where families went to church, talked of good books, listened to good music, even read the daily newspapers. Never owned a ranch, windmill, saddle, horse, boots, cow of any breed, any sex or sexless. Would not know what to do with one. "Just a plain woman and pretty much human," but I am a Texan. If any magazine or magazine writer wants to make something out of it, I'll take him on for debate on any subject from manners to malice, talk to trash, interests to envy.—Colorado City Record.

How To Be Forgotten

Heard a boy ask his dad the other day what kind of a car the Hupmobile was. There are many cars no longer being manufactured, of which the present younger generation has never heard. Among them (better not tell publicly how many you remember!) are the Apperson Jack-rabbit, Auburn Beauty Six, Case, Cole, Cord, Chandler, Chambers, Dort, Essex, Hupmobile, Locomobile, Maxwell, Mercer, Metz, Moon, Mormon, Oakland, Premier, Rambler, Stanley Steamer, Stutz Bearcat, Stearns-Knight, Texan, Velle, Sinton, Wills-St. Claire, Willys-Knight, White Steamer, and lots of others. Many of these cars were selling big, by the way, before the first World War. Many, for example, far out-sold the 1917 Chevrolet, and in fact sold all they could make. So they quit advertising. But Chevrolet didn't stop advertising, and today Chevrolet sells more cars than any other. That proves the old saying, "Stop advertising, and be forgotten."—Slaton Slatonite.

Once Over

The biggest brains in the nation are trying to find a way to balance the budget. If more judgment had been exercised the past ten or fifteen years in the spending of money, the present administration would not find the job so hopelessly difficult.

Probably the campaign to open the doors of Texas A. and M. to girl students may not down as easily as it may be thought. Since the enrollment of girls at the school would increase the attendance figure by some thousands every year, the leanings of the people who serve the school's needs would be toward opening the doors. One argument for opening enrollment to girls is that the enrollment is declining and will continue to do so unless it does become a co-educational school. Perhaps the school may have a more potent influence on the future of the school than those who have already played their parts on the college campus and have moved on to other things.—The Floyd County Hesperian.

Drifting Sands

Chances for a beautiful lawn around the courthouse are very poor this year. The reason, says H. D. Mears, caretaker, is that grub worms have eaten up most of the grass roots. He thinks the entire lawn will have to be re-sodded... quite a task since a vast network of water pipes cover the entire lawn area. And, in reality, tons of sand would have to be hauled away to bring the lawn down flush with the curb. We hope some way can be found to bring the lawn up to its past summer performance... it added a great deal to the town.—The Andrews County News.

Spotless & Sparkling Cook... OF COURSE... it's Electric!

Electric cooking is flameless and fumeless, cleanest—by far—of all cooking methods. No soot or dirt can be deposited on your pots and pans, nor can your walls get dirty from greasy film. Lower cleaning costs plus low cost electric service make electric cooking matchless in real homemaking economy. Spotless and sparkling, too.

Theme Selected For District Two THDA Convention

"Home, Cornerstone of Freedom" is to be the theme for the spring meeting of District 2, Texas Home Demonstration Association, at Lubbock on April 30, according to Bonnie Cox, acting state home demonstration leader for the Texas Agricultural Extension Service.

Miss Cox also announced dates for spring meetings to be held in the state's other 11 THDA districts.

"These annual meetings," Miss Cox said, "give every member of the 2,400 home demonstration Clubs the opportunity to take part in their association activities. The meetings are really small state conventions," she added.

It is through the clubs and their association that farm and ranch women are organized for educational purposes, to channel information to members and families living in the community. Miss Cox says county home demonstration agents reported more than 430,000 families in nearly 4,000 communities participated in the 1952 program of work.

Each club elects three representatives to officially take part in the spring district meetings of the association, although any member or guest is welcome to attend. Vice-presidents in the respective districts plan with county chairmen of the association for the one or two-day sessions aimed at giving expression to the desires and interests of farm and ranch women.

Delegates from the Garza County Home Demonstration Council to the district meeting were elected recently. They are: Mrs. W. H. Barton, Mrs. Carl Payton and Mrs. L. H. Peel. Named as alternates were Mrs. Thebert McBride and Mrs. J. G. Siewert.

Mrs. James Stone has been elected county THDA chairman to succeed Mrs. Peel, whose term expires soon.

America's New Railroad

What's this surveyor doing? He's sighting on tomorrow... clipping off an old curve... clipping off the past...

It goes on day after day on the Santa Fe. Building new. Till there's nothing left that's old today of the Atchison, Topeka and Santa Fe but the country and the song and the pride of its people!
IN THE PAST 5 YEARS... Whole fleets of streamlined trains replaced with finer streamlined trains... Enough new track laid to more than reach from Chicago to Los Angeles... Great new "hump" yards built to speed switching... New roadbed, new rail and new ballast methods—for smoother, safer rides for goods and people.
IN THE PAST YEAR... New freight stations, with new towboys, at Chicago and San Francisco... Great new construction started to raise Santa Fe rails in Kansas and Missouri above the highest flood stage of recorded history.
IN THIS YEAR... New micro-wave communication system put in service between Gal-

veston and Beaumont, Texas... New freight classification yard will be opened at Belen, New Mexico.
AND IN THE NEXT YEAR... More curves will be clipped, more grades reduced... 119 new diesel units will go to work... New modern diesel shops will be completed... 3600 new freight cars will be placed in service... New electronic communication and control equipment will be installed... and El Capitan will be re-equipped with all new chair cars!
AND IN THE NEXT 5 YEARS... New cars and whole new trains will be rolling on an ever newer, greater Santa Fe.
It costs Santa Fe millions (not one penny from the taxes you pay) to keep America's New Railroad growing newer every day.

Church News

The Rev. Joe E. Boyd, Methodist pastor reports: "The revival meeting came to a close last Sunday night with good results. The pastor will speak at both services this Sunday. There are a number of babies to be dedicated to the Lord in the morning service. On Good Friday the church will be opened from nine o'clock in the morning until three in the afternoon for Holy Communion. Anyone desiring to spend a few minutes in prayer and receiving Holy Communion may come any time during this six-hour period. The invitation to this service is as follows: 'Ye that do truly and earnestly repent of your sins, and are in love and charity with your neighbors, and intend to lead a new life, following the commandments of God, and walking from henceforth in his holy ways; draw near with faith, and take this Holy Sacrament to your comfort; and make your humble confession to Almighty God, meekly kneeling upon your knees.' The Easter season should be a most sacred time for those who follow the Risen Christ. It is the time when all people should recognize the Christ as our Lord and Saviour. Palm Sunday is pointing us to the Resurrection Day. Come let us worship the Lord."

The Rev. Jack Hamilton, who begins a revival tonight at the Church of the Nazarene, will play his trombone for the entire school this Sunday. He will also sing a solo.

Small Crowd Hears Visiting Singers

The performance was excellent, but the size of the crowd was disappointing. John Christopher, Post High School chorus director, said this week in reporting on the program presented in the high school auditorium here Friday night by the Lubbock High School A Cappella choir and a Reese Air Force

Base male quartet. The program was staged under the auspices of the Post High School A Cappella choir, the Choralteens. Those attending were asked to pay whatever they chose as admission. Christopher said proceeds were barely enough to pay for transportation of the two groups to Post. Sacred and secular songs were sung by the "Westerner" choir, while the "ET" quartet, known as the "Four Shaving Muggers," sang typical barber shop harmony.

Mother Of County Man Death Victim

Funeral services for Mrs. Mollie A. Thomas, 86-year-old Lubbock County resident, who died Friday at the home of a daughter, Mrs. H. A. Beaty, of Lubbock, were held at 10:30 a. m. Saturday. Burial was in the City of Lubbock Cemetery. Mrs. Thomas was the mother of J. E. Thomas of the Garnolia community. The widow of the late Matt Thomas, she had lived

in Lubbock County for 21 years. Besides the son of Garnolia, she is survived by three other sons, S. Matt Thomas of Lubbock, D. J. Thomas of Valley Mills and C. A. Thomas of Clifton; four daughters, Mrs. Beaty, Mrs. S. C. Miles of Austin, Mrs. B. J. Evans of Salado and Mrs. Pat Jones of Waco; 30 grandchildren, 29 great-grandchildren and four great-great-grandchildren. Mrs. Irene Rodgers and Mrs. Joyce Herd went to Midland Monday for a visit with the Dan Rodgers and Harvey Herd families.

'Hillbilly Wedding' Seen In Assembly

Members of the eighth grade class presented a hillbilly wedding Friday morning in the high school auditorium as their assembly program. Kenneth Martin played the part of the bridegroom and Linda Lushy that of the bride. Kenneth Mills was master of ceremonies. Connie King enacted the role

of "Minnie Pearl," and "Good Ole Mountain Dew" was sung by Barbara Wheatley, Tommy Rogers and Peggy Morrison. Other members of the "wedding party" were: Noel White, preacher; Don Long, father of the bride; Joyce Pharris, mother of the bride; Ruby Montgomery, mother of the groom; Leon Davis, father of the groom; Jernie Reed, ring bearer; Jerry Rains, maid of honor; Andy Schmidt, Ronnie Kennedy and Doyle Wyatt, good, better and best men, and Claudine Roberts and Leslie Nichols, bridesmaids.

Mrs. A. L. Wallace returned to her home in Amarillo recently after a ten-day visit in the homes of her sisters, Mrs. Elgie Stewart and Mrs. Bob Rogers. Mr. and Mrs. Robert Coto and family recently visited relatives in Goree.

Mrs. Florence Colwell, a nurse at Garza Memorial hospital, visited last week in Lin with her sons, Roy, and Jesse Calvert, and her son, Riekie McDowell, who was three days old at that time.

Commissioners Buy New Motor Grader

The bid of Morton Equipment Co. of Abilene was accepted by the Garza County commissioners' court Saturday for purchase of a new tandem drive, diesel-powered motor grader, with complete equipment, for commissioner's precinct 2. One used motor grader is to be traded in as part payment.

B. F. (Boone) Evans is commissioner of the precinct in which the new grader is to be used. The equipment company's bid was accepted Saturday morning at a special meeting of the commissioners' court.

Choralteens Are To Sing At Floydada

The Choralteens, Post High School's A Cappella choir, will make another in a series of assembly appearances next Monday when it goes to Floydada. Director John Christopher announces.

The Choralteens sang in an assembly at Slaton Monday morning and in one at Spur on Tuesday of last week.

The choir is also practicing for the Texas Interscholastic League Region I choral contests at Plainview on April 18, the director said.

TEACHING AT GRASSLAND

Mrs. J. F. Storie of Post has replaced Mrs. M. F. Wylie as one of the teachers in the Grassland school, according to Mrs. Lenore Tunnell, Lynn County school superintendent. Mrs. Storie formerly taught in the Post schools.

SENIORS VOTE ON TRIP

Members of the senior class of Post High School have chosen Colorado Springs, Colo., as the destination of their class trip in May. Kerrville was designated by the seniors as second choice in case reservations cannot be made in Colorado Springs. Bandera also was considered.

TO SNYDER MEETING

Miss Jessie Pearce, Garza County home demonstration agent, is to be in Snyder March 31 for a training meeting on parliamentary procedure. Conducting the meeting will be Maybelle Smith, organization specialist for the Texas Extension Service.

Former Resident Is Death Victim

Last rites for Mrs. W. B. Gollehon, a former Garza and Lynn county resident, were conducted recently in LaMesa, Calif. Services were held in Price Funeral Chapel and burial was in Mount Hope Cemetery in San Diego.

Born Laura Elizabeth Drake in Eastland County on July 23, 1879, she and Walter B. Gollehon were married at Carbon May 15, 1898. They moved to this area in 1920 and for the past several years had divided their time between Tahoka and California. They were planning to return to Texas next month.

Mrs. Gollehon died at the home of a son, Gilbert, in LaMesa an hour after suffering a heart attack.

Survivors are her husband; three sons, Gilbert, Milton of Compton, Calif., and Burrett of Portales, N. M.; three daughters, Mrs. Frank Bryan of Tahoka, Mrs. Clyde Hodges of Compton, Calif., and Mrs. Lorena McGlothlin of Orange, Calif.; a sister, Mrs. Eula Gollehon of Whittier, Calif.; 11 grandchildren and two great-grandchildren.

Mr. and Mrs. Bryan and family and their daughter, Mrs. Elmer Conrad, and children attended the funeral.

Four Tires Burned Off Butane Truck

Destruction of a huge butane gas truck loaded with 5,000 gallons was narrowly averted Saturday after a dual tire on the trailer caught fire on the Lubbock Highway, about seven miles north of Post.

The blaze was extinguished by members of the Post Volunteer Fire Department, but not before four tires were burned off the trailer.

Fire Chief Homer McCrary reported that the blaze apparently caught from friction resulting after one of the inside dual tires went flat. The alarm was answered at about noon.

The truck belonged to a Plainview butane company.

Early Thursday afternoon, firemen were called to a trash fire at the rear of the George Samson residence on North Washington St. No damage resulted, according to the firemen's report. The burning trash was on the ground and was being whipped along by the high winds.

In sounding the alarm for the Thursday blaze, the fire department's newly-installed siren was used for the first time, with the exception of a few try-out blasts after it was installed.

Room to Spare — inside and out

YOU'RE looking at the car that offers you more room and power for the money than any other six-passenger sedan made in these United States.

You're looking at the 188-hp Buick ROADMASTER Riviera Sedan, where headroom, hiproom, legroom and kneeroom are so spacious—you can seat six full-size adults in supreme and day-long comfort.

But lest you think this premium roominess comes with a penalty in handling ease—we have good news for you.

This 1953 ROADMASTER is powered by the world's newest and most advanced V8 Engine—an engine so compact, it has permitted the building of an entirely new and far more maneuverable chassis around it.

So every inch of roominess in America's big-room sedan is retained—but now with over three inches less bumper-to-bumper length.

Beyond that, you have easier handling from this Buick's short turning radius—shortest of any other car of equal size and weight.

You have Buick's POWER STEERING to give you full advantage of this short turning radius without strain or struggle—and Power Brakes,* if you wish, for practically effortless braking control.

Wouldn't you like to see and drive this superbly fine car—try it for power, for room, for ride, for handling ease—and for the smooth, flash-fast getaway of its new Twin-Turbine Dynaflo Drive?

Visit us this week—we'll be glad to seat you at the wheel of the greatest Buick in fifty great years.

*Optional at extra cost. Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday.

KWFT Radio Artist To 'Emcee' 4-H Club Home Talent Amateur Show Here May 1

A home talent amateur show, sponsored by the Post Junior 4-H Club girls, is to be held here Friday night, May 1, with "Dixie Boy" Jordan of radio station KWFT, Wichita Falls, as master of ceremonies.

Both adult and juvenile talent is welcomed for the show and entries may be filed with Marjitta Jane Pennell, chairman of the club's show committee, or with Miss Jessie Pearce, county home demonstration agent. Prizes will be awarded the winners.

In addition to "emceeing" the talent show, the well-known Jordan will make recordings of some of the outstanding numbers for re-broadcasts on his home talent show over the Wichita Falls station.

The show is to be held in the Post Grade School auditorium. There will be an advance ticket sale and tickets may also be purchased at the door the night of the show. Proceeds will go into the club girls' fund.

Harrison Rites Are Conducted Sunday At Calvary Baptist

Last rites for Mrs. Lugenia Harrison, 77, former Post resident, who died March 18 in Hobbs, N. M., were held at 2 p. m. Sunday at Calvary Baptist church here, with the Rev. Shelby D. Bishop, pastor, officiating. Burial was in Terrace Cemetery under the direction of the Hudman Funeral Home.

Mrs. Harrison was a resident of Post for about 20 years before moving two years ago to Hobbs, where she made her home with a son, Hulan A. Harrison. She was born in Arkansas on March 5, 1876.

Tuberculosis Tests Being Completed

Tuberculosis testing of Post High School students was completed Tuesday by Mrs. Travis Everett, school health nurse, to wind up the testing program in the local schools.

The tests began last Friday in the high school and had progressed far enough Tuesday that testing of only about 15 students remained to complete the program.

The tests were to be read this morning, with X-ray of positive reactors scheduled for Friday.

X-rays of approximately 25 positive reactors to the tests in the Post Grade School were to be made Thursday.

X-rays are being made at the Garza Memorial Hospital, at no cost except the price of the film, which is being paid by the Parent-Teacher Association. Dr. Hancock of Lubbock Memorial Hospital is reading the X-rays free of charge, according to Mrs. Everett.

Not a single positive reaction to the tuberculosis tests resulted among the approximately 50 students tested at the colored school, according to the health nurse.

This is the first year this type of tuberculosis test has been given in the Post schools, Mrs. Everett said. It consists of injecting a drop of serum under the skin of the arm, and is said to be more reliable than the patch tests in determining reactors.

Sermon Series To Begin On Sunday

A series of sermons by the Rev. William M. LeMay of Dallas will begin Sunday morning at the First Christian Church and continue through Easter Sunday, April 5, the Rev. Almon G. Martin, pastor, has announced.

Rev. LeMay will preach at both morning and evening services Sunday and then at 7:30 o'clock each evening through Friday, and again at both Easter Sunday services, according to Rev. Martin.

Rev. LeMay visited the Holy Land several years ago before recent changes in government, mode of living, etc., took place, and saw the country when it retained more of the biblical background than it does today.

Rev. Martin said a cordial invitation is extended everyone to hear the visiting preacher.

Members of the First Christian Church are conducting a visitation evangelism campaign this week, with all prospective members being asked to write their names on a decision card or membership transfer card, which they will bring with them to the morning or evening service this Sunday.

Census Is Running Short Of Estimate

Totals up to Wednesday noon in the 1953 school census were from 50 to 75 short of the estimated number of scholastics in the Post Independent School District, according to Supt. D. C. Arthur.

The superintendent said 795 school-age children had been enumerated.

Since the district receives from the state a per capita apportionment of \$68, based on the number of scholastics, it is important that all children of school age or who will be of school age on or before Sept. 1, 1953, be listed on the rolls, Supt. Arthur said.

The census, which is also underway in other school districts of the county, is scheduled to be completed by April 1.

Play Day Set ...

During the several years the rural school play day has been held, Garnolia has been a consistent winner in total points. In 1951, at Close City, Garnolia scored 334 points to 243 for the host school, 225 for Graham and 102 for Justiceburg. In 1950, at Graham, Garnolia finished ahead of the field with 350 points, followed by Graham, 276; Justiceburg, 123, and Close City, 93.

Antelopes Lose To 'Exes,' 19-6; Day Intra-Squad Tilt Friday

THURSDAY, MARCH 26, 1953

Post Antelope football which lost to the "exes," a practice game Thursday night, write "fins" to their training grind Friday.

The boys tried hard, and all their mistakes were attributable to inexperience," Bingham said, following the practice game. He said all the Antelope backs showed up well on offense, but, along with the ends, didn't do so well on defense, and the blocking in the line was none too good.

All members of the Antelope squad saw action in the practice tilt, with Moody Graham going most of the way at the quarterback position.

The Antelopes got off to a 6-0 lead in the first quarter when fullback Darrell "Hobo" Bruton plowed the middle for six yards and a touchdown. The place-kick try for the extra point failed.

Bruton's touchdown was all the scoring for the 1953 Antelope edition, however, with the exes taking over the rest of the way. They knotted the count in the second quarter when Maurice Fluitt, ex-Antelope end, took a 50-yard heave from halfback Rex King and scampered 20 yards for the counter. The first half ended with the score 6 to 6.

The third quarter was fought on even terms, but the exes broke loose for two more counters in the final stanza. One was on a 75-yard run by halfback L. W. Evans and the other came on a 50-yard pass from Evans to halfback R. E. Josey. The exes converted on one of the touchdowns to gain the 19-6 verdict.

Coach Bingham said the Antelopes held their own defensively, except on Evans' long run and the two pass plays.

The Antelopes were hurt by the absence of backs Junior Smith and Charles Chandler, both out with broken arms sustained in spring practice, and linemen Fred Long, Bowen Stephens and Don Moore, all first-stringers, who have quit the squad, according to Bingham.

A large crowd saw Thursday night's game, and another large turnout is expected for Friday night's intra-squad tilt, which is to get under way at 8 o'clock.

Injuries And Quitting Hurt Antelope Squad

Two broken arms and three decisions to "drop" football, all involving first string players, have made the 1953 gridiron outlook at Post High School anything but bright, with four weeks of spring training being wound up this week.

The second serious casualty of the spring training period occurred Wednesday of last week when Charles Chandler, being counted on for a starting halfback berth, broke his left arm near the shoulder. A week earlier, Junior Smith, a quarterback candidate, suffered a broken arm when he fell after being blocked on a scrimmage play.

Both are expected to be back in good shape for opening of practice next September. Coach V. F. "Bing" Bingham said, but he isn't so sure about the other three "casualties," who have quit the squad. They are Fred Long, Don Moore and Bowen Stephens, all first string linemen in the 1952 gridiron campaign.

Mrs. John Chapman returned to her home in Dallas Tuesday after a few days visit here in the home of Mr. and Mrs. C. A. Batchelor.

Jack Misses Two Conversion Tries

Jack Kirkpatrick, former Post Antelope griddler, quarterbacked the losing Red team Friday night in a spring training game at Texas Tech.

The final score was 13-12, with the former Antelope griddler missing two conversion attempts, after being almost automatic in that department for the Red Raiders eleven last season, his first on the squad.

One of the Reds' touchdowns came on a short jump pass from Kirkpatrick to End Paul Erwin. It was set up by Kirkpatrick's interception of a pass thrown by Jerry Johnson, quarterback for the Whites. The former Post athlete grabbed the aerial on the White 36 and raced 23 yards to the 23.

Public Notice

THE STATE OF TEXAS
TO: GRANITE OIL SECURITIES, INC. and GRANITE OIL TRUST NO. 2 (sometimes called Granite Oil Trust Company No. 2)
GREETING:

You and each of you are hereby commanded to be and appear in and before the District Court of Garza County, Texas for the 106th Judicial District of Texas, 10:00 o'clock A. M. of Monday, at the Court House of said County in Post, Texas, at or before the 20th day of April, 1953, being the first Monday after the expiration of forty-two (42) days from the date of issuance of this citation, to then and there appear and answer the third amended original petition of the plaintiff, The Western Company, in Cause No. 1116, styled, The Western Company vs Guy R. Rogers, et al, in which The Western Company is plaintiff, and you and each of you, together with Guy R. Rogers and Jimmie Rogers, individually and doing business as Rogers Bros., John H. Cochran, individually and doing business as the Cochran Insurance Company, and Arthur F. Graf, Jr., individually and as trustee, are defendants, which said third amended original petition was filed in said Court on the 5th day of March, 1953, and the nature of which said suit is as follows:

Plaintiff, The Western Company, is suing the defendants, Guy R. Rogers and Jimmie Rogers, individually and doing business as Rogers Bros., John H. Cochran, individually and doing business as the Cochran Insurance Company, Granite Oil Securities, Inc., Granite Oil Trust No. 2 (sometimes known as Granite Oil Trust Company No. 2), and Arthur F. Graf, Jr., individually and as trustee, for judgment, jointly and severally, for its debt of \$17,166.28, plus interest at the rate of 6 percent per annum, plus attorneys' fee of \$3,500.00, and costs of Court, claiming and alleging that each and all of the defendants were and are general partners, or in the alternative, joint venturers, or, in the further alternative, members of an oil and gas mining partnership; that plaintiff, at the instance and request of defendants, and in the regular course of business, furnished goods and services to defendants, of which a systematic record has been kept, and that such goods and services were of a reasonable value of the sum of \$17,166.28, and that though demand for payment has been made, defendants, and each and all of them, have failed and refused to pay all or any part of same; and that plaintiff has employed attorneys and agreed to pay said attorneys the sum of \$3,500.00 claimed to be the reasonable value of such services, and praying for issuance of attachment against the property of defendants Granite Oil Securities, Inc. and Granite Oil Trust No. 2, located in Garza County, Texas, and for judgment for its debt and such writs as necessary and proper.

Notice hereof shall be given and the Sheriff or any Constable of Garza County, Texas, shall serve this citation by having the same published once each week for four consecutive weeks, the first publication to be at least twenty-eight (28) days before the return date of this citation.

Should this citation not be served within ninety (90) days after date of its issuance, it shall be returned unserved.

Herein failed not, but have before said Court on said day this writ, together with the return of Sheriff or Constable thereon showing the same has been executed.

WITNESS Ray N. Smith, Clerk of the District Court of Garza County, Texas.
GIVEN UNDER MY HAND AND SEAL OF SAID COURT at Post, in Garza County, Texas, this 5th day of March, 1953.

"Biff" Falls for His Own Story

Biff Morgan's four-year-old daughter Rusty is something of a night owl. Stays awake way past her bedtime.

Every night Mrs. Morgan complained about how hard it was to get Rusty to go to sleep. Finally Biff decided to handle the situation. "Anyone can get a kid to sleep — takes a little patience! Here, hand me her storybook."

He grabs the book and goes into Rusty's room. About an hour later Rusty comes padding out in pajamas and hands her mother the book. "Read it quietly," she

CONTINENTAL INFLUENCE—Setting a new trend of European styling in American production automobiles, the 1953 Studebaker Champion hardtop reflects the Continental influence by its low silhouette and graceful contours.

The car is only 56 5/16 inches high, and has an overall length of 201 15/16 inches. Power steering, now available at extra cost in the Commander series, will be offered in the popular Champion line later in the year.

New '53 Studebaker Goes On Display Here This Weekend

Acclaimed at press previews as the most distinctive cars ever built by an American automobile company, Studebaker's 1953 passenger car models will be

displayed locally this weekend by W. B. Holland, Studebaker dealer, at W. B. Holland Motor Co., at 15 North Broadway. Designed by internationally-

famous Raymond Loewy, the new Studebaker cars break as sharply with American contemporary design as did their predecessors immediately after World War II. Those who have seen the cars at special previews declare the new models will set the pace for future automobile design and engineering as markedly as did the company's earlier postwar models. Mr. Holland, of the local dealership, asserts the public is in for a terrific surprise.

"While the new reflect to some extent the influence of European styling, they retain in every respect the comfort, stamina, and roadability so characteristic of Studebaker cars. These cars are not experimental cars to be built some time in the future, but cars which are in production right now, and which can be purchased at down-to-earth prices," says Mr. Holland.

Complementing the exciting styling changes will be the availability of mechanical power steering for the Commander series, the first time this type of power steering has been adapted for passenger car use. Power steering for the popular Champion will be offered later in the year.

Confessed Burglars Of Post High School Being Shuttled From County To County

Two men and two women who were sentenced to prison in district court here March 2 after pleading guilty to the burglary of the Post High School building still are being shuttled back and forth in this area, where they face criminal charges in several counties.

Crosby County, recently gained

custody of the two women, Mary Helen Jones and Mickey Dodson, for a few days. They and the two men, Bobby Hummel and Sidney J. Cole, are charged with the burglary last Nov. 22 of the Ralls school.

After remaining in custody at Crosbyton for a few days, the women were taken to Archer City to face similar charges. They are to be tried in Crosby County on May 11.

After pleading guilty here to the high school burglary, Hummel and Cole each was sentenced to five years, and each of the women was sentenced to two years.

Sheets, pillow cases, draperies, and other articles were taken from the high school's home economics room in the break-in, here last November.
