Twenty-Sixth Year Post, Texas "The Gateway To The Plains" Thursday, March 5, 1953 Number 19

**McCAMEY DISTRICT CHAMPIONS**—Pictured above is the Post girls' basketball squad, winner of District 11-AA of the McCamey League for Texas high school girls' basketball. The girls will enter the state tournament in Waco on March 9-14 to compete for the state championship. Left right in the picture are: Tommie Williams, Joy Martin, DeElva Lofton, Virgie Ammons, Arleta Gary, Jackie Dale, Maxine Baylis, Frances Craig, Woody Stewart, Wyvonne Morris, Maudie Ray, Mary Jo Williams, Pearl Craig, Velva Carpenter, Janyce Lobban, managers, and Coach N. R. King.

## LOCALS ENTER McCAMEY MEET WITH 22-5 RECORD

**Post Girls Play East Chambers Team Wednesday In First Tournament Game**

The Post High School girls' basketball team, champions of District 11-AA of the McCamey section and co-champions with Spur of District 6-AA, will journey to Waco the first of the week for opening round play in the annual McCamey championship tournament.

Coach N. R. King's girls are to play East Chambers at 2:15 p. m. Wednesday night at the Baylor University gymnasium in their first game.

Seniors on this season's Post team include one forward, Pearl Craig, and three guards, Maxine Baylis, Mary Jo Williams and Virgie Ammons.

The squad includes four juniors: Tommie Williams, Joy Martin, Jackie Sue Dale and Deanie Hill. Sophomores are: Woolly Stewart, De Elva Lofton, Maudie Ray, Wyvonne Morris and Arleta Gary. Frances Craig is the only freshman.

Team managers are Velva Carpenter and Janyce Lobban.

## Boys Readying Livestock For Coming Event

County Agent Lewis Herron and E. F. Schmidt, Post High School vocational agriculture teacher, this week announced plans for the annual Spring Livestock Show for 4-H Club and Future Farmers of America members, to be held Saturday, March 14, at the city warehouse.

Approximately 35 calves and seven barrows will be shown by the 4-H Club and FFA members weighing will be at 10 o'clock the morning of the show at Earl Rogers' Feed Store or the Jones Elevator.

Judging of the animals is to begin at 1 p. m. Herron said Tuesday that efforts are being made to get Nathan Allen of the Texas Technological College animal husbandry department, to judge the show. He was one of the judges at last year's exposition.

Ribbons will be awarded winners, the show officials announced. One of the calves shown here will be entered in the South Plains Junior Fat Stock Show, and all the barrows will be.

See STOCK SHOW, Page 8

## Lions See Colorful Indian Dances At Tuesday Meet

A series of Indian dances was skillfully executed by Boy Scouts of Troop 16 Tuesday night at the Post Lions Club meeting at the school cafeteria.

The scout announcer told the Lions that about \$200 had been spent for materials used in making the costumes for the Kiowa war dance.

Jesse Ward is Troop 16 scoutmaster. Scouts taking part in the dances were Keith Bird, Sonny Martin, Ruben Jimenez, Joe Roy Ross, Jimmy Short, Connie Martin, Jimmy Redman, Sidney Hart, Bryan J. Williams and V. A. Dodson.

Pat Henderson, Lions program chairman, and Phil Trammell were in charge of the program.

Preceding the program, Lion President Victor Hudman told the group that the Post organization ranks eighth in District 2T-1 in the number of memberships sold in the Texas Lions League for Crippled Children. White Deer Lions are No. 1 in the district at this point, he said.

See LIONS MEET, Page 8

## LIGHT LOSS RECORDED IN '52

## Fire Record Brings Top Credit Rating

A fire insurance credit rating of 25 per cent, which is as high as such ratings go, has been given the City of Post for 1952, according to a letter received by Fire Chief Homer McCrary from Olin Cuberson, secretary-treasurer of the State Fireman's and Fire Marshal's Association of Texas.

The new rating is an increase of 10 per cent over the city's 1952 rating of 15 per cent. The increase in rating was brought about by the city's 1952 fire record, which showed a dollars-and-cents loss of only \$7,867 for the 12-month period.

The year 1953 has started off as if Post will maintain this commendable fire record, with only a few minor blazes reported since Jan. 1, McCrary said.

## New Candidate In City Office Race

H. G. Flowers, an employee of Dowse H. Mayfield Co., Inc. filed his name this week as a candidate for city commissioner, subject to the biennial city election Tuesday, April 7.

Other names already filed, all for re-election, are T. L. Jones, mayor, and E. S. (Buddy) Stewart and R. J. (Roy) Baker, commissioners.

Saturday is the last day for candidates wishing their names on the ballot to file for one of the three positions.

The election is to be held at the City Hall, with J. T. Curb as judge, and Mrs. Irene Rodgers and Mrs. Virgil Priddy as clerks.

## Officers Are Re-Elected By Rodeo Group

Officers were re-elected and a grounds manager appointed Monday night at a meeting of directors of Post Stampede and Rodeo Association at the City Hall.

Re-elected as officers from among the group of directors were: G. W. Connell, president; W. S. Duckworth, vice-president; Homer McCrary, secretary; Phil Boucher, manager, and Novis Rogers, arena director.

Jack Meeks was appointed to fill the newly-created position of manager of the rodeo grounds.

Specialty acts for this year's stampede and rodeo on May 27-30 were discussed, and the directors decided to extend invitations to all sheriff's posses and riding groups of the area to participate in the opening day parade, which will be the only parade held during this year's event.

The riding groups will compete for first, second and third place trophies.

Rodeo stock will be furnished by "Goat" Mayo of Petrolia, and Nat Fleming, also of Petrolia.

See RODEO GROUP, Page 8

## Charles Didway New Editor Of Dispatch

Charles Didway, formerly of Levelland, this week assumed his duties as editor of the Post Dispatch. E. A. Warren, publisher and owner, announces.

Since last November, Didway had been employed as editor of the Levelland American, and prior to that was managing editor of the Levelland Daily Sun News and Hockley County Herald.

Before moving to Levelland in May of 1951, Didway was editor of the Brownfield News for eight years and prior to that was employed on newspapers at Littlefield and Muleshoe.

Mrs. Didway and their three children will remain in Levelland until the end of this school year. The three children are Charline, 17, who is a high school junior; Walter, 15, a freshman, and Curtis, 10, a fifth grader. Charline and Walter are members of the Levelland Lobo band and Charline is co-editor of the high school paper there.

## Red Cross Fund Campaign Under Way On All Fronts

Garza County's 1953 American Red Cross fund drive got under way on all fronts here this week, with chapter officials and workers hopeful of raising the \$2,251 quota by March 15.

Because of conflicting events, a "kickoff" supper scheduled for Monday night was called off, but workers were briefed individually, according to Powell Shytle, drive chairman.

This year's county quota, Shytle said, is higher than in past years because 1950 census figures were used by national Red Cross headquarters in establishing the 1953 quota, whereas 1940 census figures had been used up until this year.

The overall increase in the national quota, which is \$93 million, is due in part to the Red Cross' participation with the Office of Defense Mobilization in the gamma globulin program, the chairman said.

Shytle announced Wednesday the appointment of four women as drive chairmen for the Post residential district. The four and the sections of the city assigned to them are: Mrs. Max Gordon, northwest; Mrs. N. W. Stone, northeast; Mrs. Charles Benson, southwest, and Mrs. Jim Hays, southeast. Each of these workers will select her own helpers, the chairman said.

Earlier, Shytle had announced the appointment of James Minor, Shelley Camp, Walter B. Holland and Harold Lucas as chairman for the business district. Minor and Camp are soliciting business firms on Main, Holland on North Broadway and Lucas on South Broadway. These chairmen, too, will select their own helpers.

Principals Chant Lee and Ellis Mills will be in charge of solicitations in the public schools.

Members of the "greater gifts" committee are Ira L. Duckworth, Monta Moore and Ted Hibbs. In connection with this group's work, Shytle asks those contributing greater gifts to remember this year's increased quota, based on the increase in population between 1940 and 1950.

A complete list of rural drive chairmen is not available. Shytle said, because in many cases those asked to serve are finding someone to take their place if they are unable to accept the chairmanship.

Before the campaign began, Shytle and J. Lee Bowen, chairman of the county chapter, agreed that this year's fund drive could be made in a two-week period. The national campaign is planned for a month's duration.

The fund campaign got under way on a national scale Sunday when all radio and television networks carried special programs supporting the drive.

## Four Sentenced On Burglary Charges

Two men and two women received prison sentences totaling 14 years in district court here Monday after pleading guilty to charges of burglarizing the Post High School building in November, 1952.

Bobby Hummel and Sidney J. Cole each received sentences of five years, and their two women accomplices, Mickey Dodson and Mary Helen Jones, were sentenced to two years each.

The sentences were imposed by District Judge Louis E. Reed upon recommendation of District Attorney Karl Cayton.

The two men were brought here from the Floyd County jail and the women from the Hale County jail for Monday's court session. The quartet is said by officers to be involved in numerous other burglary and theft cases throughout the area.

Hummel and Cole, who were recaptured after breaking out of the Floyd County jail at Floydada on Feb. 21, are awaiting trial there on charges of burglarizing a Lakeview store. They were returned to Floydada following their appearance here. The two women are awaiting trial in Hale County.

Local officers said two other persons implicated by the four in the high school burglary here still are being sought.

Sheets, pillow cases, draperies, a pair of bathroom scales and numerous other items were taken from the home economics room in the break-in at the school here. The four admitted the burglary to County Attorney Pat N. Walker in signed statements on Dec. 30.

The oldest of the four sentenced here Monday is 26 and the ages of the other three range downward to "20 or 21," according to officers. The two men are said to have given Odessa as their home address.

Also at Monday's court session, Wilbur Mitchell was given a two-year probation sentence after pleading guilty to a charge of child desertion.

This week's session marked the beginning of a new term of 196th Judicial District court. The grand jury for the new term convened Monday morning and returned one indictment on a felony theft charge. The individual named in the indictment

See COURT TERM, Page 8

## Public School Week Interest Mounting Here

Interest on the part of patrons in Post's Public Schools Week observance was only lukewarm the first two days of the week, but began increasing Wednesday with conducted tours of the schools from the elementary grades through high school.

Wednesday was science and homemaking demonstration day and the day's activities also included a group visit of members of the Post Masonic Lodge, who met at the school at 9:30 a. m. and spent most of the morning visiting classrooms.

The observance is to continue Friday with the senior class presenting a special program at 11:45 a. m. for school patrons. The observance will come to a close Friday evening with a program by the high school band and chorus and the grade school chorus in the grade school auditorium.

Supt. D. C. Arthur, with local board members, was in Austin Tuesday, but was expected to return in time to help take part in the closing activities of the Public Schools Week observance. Last week, he issued the following statement in inviting patrons

See SCHOOL WEEK, Page 8

## Henderson To File For Trustee Post

J. W. "Pat" Henderson, public accountant, announced Wednesday that he is to be a candidate for trustee of Post Independent School District, subject to the April 7 election.

Henderson said he would file his name later in the day with Robert Cox, secretary of the school board.

Cox said Wednesday morning that no names had yet been filed for the two board places being made vacant by expiration of the terms of Paul Jones, board president, and Monta Moore.

Holdover board members are Cox, George Tillman, Henry Wheatley, James Minor and Dowse Mayfield.

Since the filing deadline is set as 30 days before the election, names must be filed not later than Saturday to appear on the ballot, Cox said.

Trustee elections will also be held March 7 in the county's other school districts and for two members of the Garza County Board of Education, County Supt. Dean A. Robinson has announced.

On the county school board, the

See HENDERSON, Page 8

## 1953 Moisture Total Short Of 1952 Mark

The rainfall of late Saturday night and early Sunday morning measured 25 of an inch, bringing the year's total through the first two months to 70 of an inch, according to J. R. Durrett, Double U Company accountant.

Durrett said the official rain gauge on the top of the company building showed a quarter of an inch of moisture from the precipitation and that two other gauges in town had the same reading.

The only other moisture received thus far this year was .04 of an inch on Feb. 10 and .41 of an inch from the light rain and snow on Feb. 23.

Through the first two months of 1952, 1.17 inches of moisture had been received here, according to Durrett's records.

## Hospital Area Is To Get Street Lights

The Southwestern Public Service Co. began work this week on installation of four street lights in the vicinity of the Garza Memorial Hospital.

The city council requested installation of two of the lights on Fourth street and two on Harrison Avenue, all in the immediate vicinity of the hospital.

One of the installations will be a 2,500-watt Trafficway light and the other three will be 1,000-watt Luminar residential type lights.

## TB Tests Under Way At School

Tuberculosis testing of Post Grade School students is being completed this week by Mrs. Travis Everett, school health nurse, in cooperation with the Garza Memorial Hospital and the local Parent-Teacher Association.

The test consists of injecting a drop of serum under the skin of the child's arm and is said to be more reliable than the patch tests in determining reactions.

Principal Ellis M. Mills said the tests are being given at the grade school clinic and that those reacting to the tests will be X-rayed at the hospital, with X-ray film being furnished by the Parent-Teacher Association.

The tests are harmless and are being made for the sole purpose of determining which, if any, of the children are tuberculosis suspects, the principal said. He said it requires from 48 to 72 hours for reaction to the tests, and that results are kept strictly confidential, with the exception of necessary information provided health authorities prior to X-ray examinations of suspects.

Following completion of the program at the grade school, the tests will be given high school students by the health nurse.

TEAM SETS HIGH MARK...

Meriting congratulations upon being the first Post High School aggregation to advance to a state playoff of any sort within recent years is the girls' basketball squad, which will be in Waco Monday for opening round games of the state McCamey League tournament.

In this day of spirited high school athletic competition, any team which advances as far as a state tournament has accomplished a feat of which it, the school and the city may well be proud. When one considers that there are several hundred girls' basketball teams in Texas, qualification for either the McCamey tournament or the Texas Interscholastic League meet is quite an accomplishment.

Competition at the Waco tournament will be rugged, to say the least. Coach N. R. King's girls probably are not rated pre-tournament favorites, but the fact that they have qualified for the meet is proof that they have a chance to cop the championship, which would mean an intersectional game with the Iowa McCamey tournament winners.

The Post girls may feel sure that their fellow students and townspeople are behind them 100 per cent and pulling for them to go all the way. Incidentally, it would boost the girls' morale just before game time to receive more tangible proof of this backing—such as congratulatory telegrams from local groups.

Win or lose at Waco next week, this year's team has, in sharing the District 6-AA title and being selected District 11-AA representatives in the McCamey tournament, set a high mark for future cage teams at Post High School.

IN HALF THE TIME...

This week, Garza County workers launched their 1953 fund drive for the American Red Cross, with the county chapter hopeful of attaining its \$2,251 quota in two weeks—half the time set for the nation-wide campaign.

This year, as in no other year since the war, it'll be to any county's credit to reach its Red Cross fund quota in as short a time as possible. This year, the Red Cross needs more money, largely to expand Red Cross blood collections for production of gamma globulin, the new weapon against paralytic polio. Extra funds also were added to provide a Red Cross recreation program for servicemen abroad.

Leroy A. Lincoln, national fund chairman, said the \$93 million goal set for the nation is "the absolute minimum" needed by the Red Cross to finance its services. He said if the need is to be met "Americans everywhere must answer the call of their less fortunate neighbors in full measure."

Post and the other communities of Garza County form only a small segment of the area in which the nation wide fund campaign is under way and our \$2,251 quota is only a small part of the \$93 million goal. But, by reaching or exceeding our quota and taking it for granted that other counties will do likewise, we'll have had a hand in raising the money needed by the American Red Cross to carry on its ambitious and highly humanitarian program throughout the coming year.

Getting Out On The Limb

by EDDIE the editor

O. D. Cardwell, the insurance man, who usually tells me the kind of stories that are not printable, came up with a pretty good yarn the other day.

A little boy had almost driven his mother to distraction with mischievous acts before she grabbed up a hair-brush and proceeded to lay the back side of it on his bottom. The youngster screamed, "you're hurting me, you're hurting me." When his mother completed her task and left the room the little boy pulled down his pants and looked at himself in the mirror. He yelled, "mama, mama, I knew it, I knew it, you split me wide open."

People who follow the pay-as-you-go plan generally know which way they are going.

There are three kinds of lies: lies, damned lies and statistics.

THE WOMEN, God Love 'Em—One woman to another: "Why, no, I didn't tell anyone—I didn't know it was a secret."

So you're working on your income tax return... but have you ever heard of Form 1311. The thought of it is nothing short of legal lightning. Strong men have passed out at receipt of it and others have had their ulcers act up.

Form 1311 is an invitation. A sort of special invitation from Uncle Sam's treasurer watchdogs to come in and see them for a financial powwow. Your Uncle employs some 30,000 revenue agents who daily screen John Q. Public's tax returns to see if they are in order. Last year the workers earned their salt by recovering \$1,212,081,388.

If you are honest you can expect more than a fair shake from the tax agent. If your return isn't up to snuff you may find that the agent who checks it can sniff a suspicious item the way a hound can smell a fox. He may not be amused by a fat deduction for an unlikely purpose. Consequently, if you charge off more than seems normal for any particular item—contributions, business expenses, etc., you are apt to receive a Form 1311 before the year's end.

If you should neglect to report all sources of income, your salary, bonuses, dividends, interest, gambling winnings and prize money you're likely to get a Form 1311. Too, you had better be careful about reporting claims of exemption for dependents who have been "declared" by somebody else.

If you are merely a mathematical offender, and have underpaid or overpaid your tax by careless figuring, you will be notified to send either a refund check or a bill for the extra. Mathematical errors are easily corrected and you won't have to write more than a dozen letters in straightening out such matters.

When you're in Dutch with your Uncle your trouble begins when you receive a Form 1311. This is an official letter which gently breaks the news that your return for a certain year has been selected for verification. This greeting further specifies the time and date you are to appear at the agent's office. You are also invited to bring with you books, records of income and expenses, canceled checks, bank books and brokerage statements.

There's one cheerful thing about the whole matter—your Uncle regards you as innocent until proven guilty and it is his policy to give you every legal break possible—but he'll slap you down if you're way out of line.

But, cheer up and go ahead with your figuring, a surprising number of folk who receive Form 1311 win refunds.

Wood and Stone were standing on a street corner when a beautiful young thing passed. Wood turned to Stone. Stone turned to Wood. They both turned to rubber as the girl turned the corner.

"Give 'Em Hell" Harry has sold his memoirs to Life magazine for a reputed \$600,000. Since about \$500,000 of that amount will be taken by the Internal Revenue Department for taxes won't Brother Truman get up in the air when he learns what these enormous tax bites he has been advocating mean.

This is Public Schools Week and I might remind you that to be a perfect teacher, one must have: the education of a college president; the executive ability of a financier; the humility of a deacon; the discipline of a demon; the adaptability of a chameleon; the hope of an optimist; the courage of a hero; the wisdom of a serpent; the gentleness of a dove; the patience of Job; the grace of God; and the persistence of the devil.

I knew a dentist who owned a farm he called "Tooth Acres."

THE AMERICAN WAY

Roadblock

Our Contemporaries Are Saying:

Liquor Election

Interest in the forthcoming liquor and beer selection continued to soar in Cochran County this week with placards and bumper strips advocating "vote dry" appearing on many autos and in many business windows. The election, only a little more than a week away, will be to determine whether or not to legalize the sale of beer and other alcoholic beverages. Eligible to vote are approximately 1260 voters who have paid their 1953 poll taxes. This represents roughly a fourth of the county's overall population and perhaps 40 per cent of the adult "eligible to vote" residents. The petition, submitted to the Commissioner's Court last month, contained approximately 116 valid signers. Indicating that at least that many votes could be chalked up to the wets. However, church-going dries were confident that the final balloting would defeat the proposal with estimates of the final vote ranging up to 6-1.—The Morton Tribune

Praying Resident

As a mere lad, President Eisenhower learned the power of prayer. Since that day he has relied on prayer. He prayed for assistance in the hour of his greater personal triumph, when he was inaugurated President. He opened his first cabinet meeting with prayer. This is recorded as the first cabinet meeting ever to be opened with prayer. A praying President will never lead the nation astray! —The Canyon News

Literally Stabbed Heart

A stab wound in the heart of a 25-year-old negro woman was successfully closed by surgery at the Stamford Sanitarium and the woman has been dismissed from the hospital. The woman entered the hospital about 1:30 a. m. on February 8 with the stab wound in her chest. Within a few minutes time the surgeon opened her chest, exposing the heart, and successfully closed the wound. Her recovery was described as "uneventful." —The Stamford American

Cheer Up

Cheer up, folks—things are beginning to look better for Spur and our trade territory. What with an oil well, two irrigation wells and a nice bit of moisture in the ground, what else could we ask for within ten short days? Of course, it will take a little time for even all this to raise our spirits to a predrought level, but we're convinced that there are better days ahead for all of us and for our little city. We're still a long, long way from being an oil town and so far there are very few of our citizens who have realized any monetary gain from the discovery of oil in our area. But even the skeptic will now admit the definite probability of production in the country and increased business activity in Spur.—The Texas Spur

If You're Wicked Enough

Virtue is its own reward, but if you are wicked enough you may be offered \$10,000 for your life story. At least, that is what Pat Ward has been offered. A few lines in the daily papers will tell you who Pat Ward is, in case you don't know.—Pittsburg Gazette.

So Right

The young lady is born in Slaton. She liveth her entire youth in Slaton. Then finally she decideth to marry. The young lady's mother is exceedingly proud, and rusheth with great haste and importance to the Lubbock Avalanche-Journal to see that the story and a large picture getteth

properly printed in the society pages. And some days after the thing appeareth so prominently in the big city newspaper, the proud mother mentioneth the marriage rites to the little, run-down hometown newspaper, which should of course be thrilled beyond all imagination to get a hold of the thing second-hand, and telleth us how she would like it displayed, and just where she would like it put. And if she should mistakenly get in to my corner instead of the society department, I might have an idea about that.—The Slaton Slatonite

'Tis Rumored

We have great respect for our flag, since we seem to have got onto the subject. A lot more, than say, England has for the flag of that country. With the Coronation coming on hawkers and vendors are selling souvenirs of all kinds, commemorating the event, most of which bear a reproduction of the British flag. It is said, (and we have no proof) that they are even selling ladies intimate garments bearing the Union Jack upon the base, or seat, if you will. Doubt that we ever come to that, over here.—The Littlefield County Wide News

Texans In WASHINGTON

By TEX EASLEY, Associated Press Washington Service

WASHINGTON, Feb. 28.—Sen. Price Daniel of Texas did a top notch job selling the Senate Interior Committee on the special claims of his state in regard to the submerged lands issue.

That, in itself, was not surprising. He knew the subject, since it was his stepping stone to Congress. And most of the committee members long since have been persuaded to Texas' side because the case has been aired out time and again over the years.

So, the most noteworthy thing about Daniel's appearance before the committee was the unintentional job he did of selling himself.

A freshman member of the senate and a newcomer to the Interior Committee itself, Daniel as an individual was as much a matter of interest as his subject when he sat down in the witness chair to speak in support of states ownership tideland legislation.

He was on a spot, called on to disclose his capabilities. Arrayed up and down the long committee table in front of him were colleagues with many years experience. And, in this instance, they weren't all sympathetic.

Sen. Clinton Anderson (D-NM) terms up with Texans on most issues, but on this he is an advocate of federal ownership, and he's a sharp man at interrogation. He continually dug into documents to shoot a tough question at Daniel. He invariably got a swiftly reply, always a documented explanation of a situation.

Naturally, Anderson referred to the Supreme Court 4 to 3 decision holding that the federal government has "paramount rights" over the submerged lands off the Texas coast.

Daniel was ready for that one. He cited the Texas annexation agreement, promulgated because the U. S. Senate back in 1845 didn't

want to confirm a treaty providing for U. S. acquisition of Texas public lands at the expense of assuming the Texas Republic's 13 million dollar debt. Then, he cited numerous subsequent official U. S. actions, such as the 1848 U. S.-Mexican treaty acquiring California territory, in which Texas 3-league seaward boundaries specifically were recognized.

Daniel told them that because of technicalities in procedure he was never given an opportunity to present to the Supreme Court the evidence he had just recited. As Texas attorney general Daniel had fought the U. S. suit.

Texas' present Attorney General John Ben Shepperd and Land Commissioner Bascom Giles followed Daniel on the witness chair in support of states ownership legislation.

They urged that congress dispose of the continental shelf jurisdiction issue along with that involving the submerged lands within the states seaward boundaries.

Both supported provisions of a measure introduced by Daniel to give the state 37 1/2 per cent of oil and gas revenues from developments in the continental shelf.

Here representing Texas at a Defense Bond Conference at the Treasury was Mrs. Jack Hopkins of Galveston. She was shown about the Capitol by Congressman Clark Thompson of Galveston and Mrs. Thompson.

Rep. George Mahon of Colorado City and Lubbock prefers his historic old high-back squeaky chair in the House Appropriations committee room to the new expensive leather covered chairs most members have. The old chair was used in Constitution Hall in 1921 at the ill-fated International Conference on the limitation of armament.

Roger W. Babson Writes This Week...

Physicians Prescribe And Druggists Sell Hobby Magazines Instead Of So Many Pills

Babson Park, Florida.—The constantly increasing shorter hours, combined with higher prices, which are largely the result of shorter hours, are developing a new industry—namely, the "Do-It-Yourself" industry.

House Decorations

For a time the manufacturers of paint, wallpaper, etc., in order to protect the local painters and paperers, refused to advertise their products for the housewife to use herself. Now, however, you will find large advertisements in leading magazines urging people to "short-circuit" the local artisan.

To further this "Do-It-Yourself" movement, manufacturers now sell wallpaper already to hang, with the blank margins cut off. They are selling paint rollers to take the place of brushes and a new paint with a rubber base for quick and perfect application. What Gillette did to the old-fashioned razor, this new movement is doing to brushes and paints.

Homes And Furniture

For several years families have been able to buy unpainted and knocked-down furniture; but the prices were high on the latter. Today, however, one needs to buy only ply-board and certain metal clamps from a lumber dealer. For a small fee the lumber dealer will cut the pieces as needed for tables and chairs.

The big development has been in young people building their own homes. Two couples will buy adjoining lots, make joint contracts for the foundations, and then go ahead with different plans. These plans can be bought with complete details for ordering, cutting and erecting the house. For heavy work, when two men are needed, they help each other. The only outside help needed is a plumber. This may explain why a prominent columnist stated "The new President's Cabinet consists of eleven millionaires and one plumber!"

Practical Hobbies

Physicians are now prescribing hobbies instead of pills. In fact, hobbies are now so used that most drug stores sell Hobby Maga-

zines. These magazines urge useful hobbies and show how furniture, toys and other things may be made at home. They are great boosters of the "Do-It-Yourself" industry.

Not only does the hobby industry benefit the nation's health, but by it parents set a fine example to their children. It not only is better for the kids to see their Dad working—instead of playing golf—but it enables the father and boy to work together and become better acquainted. Hence, the social and educational advantages.

New Stores Will Open

I believe you will see "Do-It-Yourself" stores open. If I were a young chap and wanted to open a small specialty store, I would enter this field, combining some sporting goods with it. The same factors of shorter hours and higher costs are forcing many families to indulge in inexpensive and healthful sports.

Another suggestion is that you become a salesman on commission for some lumber dealer to sell "Build-It-Yourself" houses. It would interest almost every young couple to at least hear your story. It also might be combined with the real estate business. Before building a house one must secure the land.

Something To Consider

I have often wondered why house builders do not sell furniture and home furnishings. Or why furniture dealers do not sell houses. This is a combination which should appeal to many customers and should be advertised in the local newspapers.

In fact, as I look into the future, I expect to see much more local advertising of this "Do-It-Yourself" idea. Many newspapers are afraid to push it for fear of offending the local builders, painters, furniture dealers, and other present advertisers. I, however, believe this to be short sighted because the future of every newspaper and every present advertiser depends ultimately on the growth of the community, which depends on the adoption of all new ideas.

CHARLES DIDWAY E. A. WARREN

### Down Shooting Known Here

McChristal, 37-year-old school teacher, who was shot down Friday night in a game of Post baseball. The number of Post baseball players has been a member of the down baseball team in the Belt League a few years ago.

Killingworth, 29-year-old teacher, has been playing McChristal, whom he had forced his wife to leave.

Christal had been at Sun-land vocational agriculture since 1941 and taught at the in Hockley County, being to Sundown.

Killingworth has been industrial teacher at Sun-land for the past three years. The order charge was filed at Killingworth at Level-land and his bond set at \$10,000.

L. Bailey, accompanied by Miss Stryker, went to La-Plata, Friday for a visit to his sister, Mrs. O. West.

### Pupil's Bright Answer Is Widely Circulated

The apt reply of a Post grade school pupil to his teacher's question about George Washington has been making the rounds of state newspapers after being "picked up" by the Associated Press from the Post Dispatch's "Up and Down Main Street" column.

The story was that Mrs. Johnnie Hamilton was telling her grade school class about George Washington, whose birthday anniversary was near. "If you had cut down the cherry tree," she asked one little fellow, "what would you have said?"

"Timber-r-r!" came the reply in a booming voice.

The story, appearing with a Post dateline, has been read and called to our attention by a number of out-of-town people. The most recent was Miss Helen Thaxton, who teaches school at Corpus Christi. She clipped the story from the Corpus Christi Caller-Times and mailed it to her parents, Mr. and Mrs. C. R. Thaxton of Post.

About 3 1/2 million tons of lignite was produced in the United States in 1951.

### Clapp About Right On Crop Forecast

The latest crop forecast of K. N. Clapp of Lubbock for the 20-county South Plains area is substantially correct as far as Garza County is concerned. County Agent Lewis Herron said Monday.

Clapp, district manager of Anderson, Clayton Cotton Co., forecast a 1953 cotton acreage of 70,000 acres for Garza County, about the same as last year. His forecast for the South Plains area expects an acreage of 3,867,000, an increase of 157,000 over the 3,710,000 of 1952.

Herron said that while no estimate had been made by himself or other county agricultural observers, he agreed with Clapp's forecast of about 70,000 acres for this county.

Ginnings from the approximately 70,000 acres planted last year in Garza County totaled about 13,000 bales, counting the approximately 1,000 bales ginned at nearby gins outside the county, Herron said. He added that an exact figure on the county's ginnings from the 1952 crop would not be available until the Smith-Doxey report is received.

Clapp's survey indicated that federal requests for reduced cotton acreages and low level of ground moisture will not deter South Plains farmers from planting another record crop in 1953.

Area farmers, seeking one more good harvest before planting controls may be returned, apparently will not regard requests for an 18 per cent voluntary acreage reduction asked recently by Ezra Taft Benson, new secretary of agriculture.

### Cast Selections Given For Senior Class Play

Rehearsals began Monday night on the Post High School senior class play, "Stranger in the Night," which is to be presented Friday night, March 27, under the direction of Mrs. G. E. Fleming, N. R. King and C. D. Lee.

The following cast has been selected: Mary Jo Williams, L. W. Evans, Margaret Welborn, Joyce Short, Randell Lawrence, Ross Morrow, Wilma Welch, Darrell Stone, Virgie Ammons, John Schmidt, Danny Tillman and Lenona Stone.

### Sixty-Four Post Students Receive Awards From Texas Readers Club

Sixty-four Post students have been awarded Certificates of Membership in the Texas Readers Club and others are expected to complete requirements for membership before the school term ends, Mrs. Nola Bristler, grade school librarian, has announced.

To Acquire membership in the club students must complete a planned program of reading, which includes at least 10 books.

### Plans Under Way For County Dress Revue

A large percentage of the 133 Garza County 4-H Club girls will enter dresses in the annual county dress revue here April 26, according to Miss Jessie Pearce, county home demonstration agent.

The agent also announced that a dairy team contest is tentatively planned for the same day as the dress revue.

The county winner in the dress revue will be eligible to compete in the District 2 contest at Lubbock, the agent said.

Sunday visitors in the home of Mr. and Mrs. L. P. Kennedy, Jr., were Mr. and Mrs. Gaylon Young and Debra K. of Littlefield, Mr. and Mrs. Floyd Payne and Carl of Sundown and Mrs. Nathan Mears and Natha Jo.

Mr. and Mrs. L. E. Webb spent the weekend visiting friends and relatives in Levelland.

A certificate and red seal are presented for first year membership, blue seal for second, and gold seal for completion of third year requirements.

### First Year

Edna Bldgett, Norma Gay Briggs, Homer Carter, Robert Cato, Sherry Custer, Donald Denton, Tom Alan Drake, Belinda Duckworth, Charles Gordon, Bonnie Guthrie, Larry Grimes, Billie Lou Hill, Lois Hodges, Marca Dean Holland, Sharon Jobe, Richard Jones, Sara Mills, Alice Joy Nichols, Alane Norris, Don Richardson, Jimmie Mae Sproles, Rosa Nell Sutter, Charles Tubbs and Patricia Wheatley.

### Second Year

Kenneth Bullard, Benny Clary, Boyd Dodson, Leland Edwards, Erlinda Guajardo, John Guthrie, Sidney Hart, Victor Hudman, Tina Jo Ingram, Kay Jean Jones, Bobby Long, Ruth Long, Mary Louise McCrary, Kathryn Martin, Linda Messer, Earl Mitchell, Johnny Montgomery, Barbara Murphy, Patsy Payne, Jimmy Short, Barbara Shyles, Ramona Thomas, James Weatherly and Aubrey Lee Williams.

### Third Year

Linda Bilberry, Sharon Brooks, Morris Bird, Roy Joe Carter, Don Clary, Dan Cockrum, Bobby Cowley, Frances Dietrich, Billy Jones, Johnny Kemp, Walder Martinez, Joe Roy Ross, Wayne Runkles, Lucy Trammell, Paul Wheatley and Butch Wilson.

### Bits Of News From Here and There

Mrs. W. J. Shepherd spent the weekend in Tahoka with her daughter and family. Mr. and Mrs. Wilton Payne and Paula.

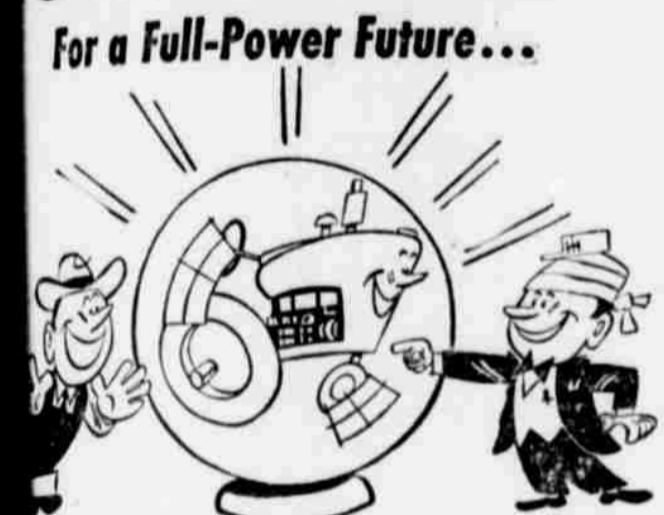

Mrs. Gertrude Ward and daughter, Linda, were in Dallas Saturday where Linda received medical attention. They spent Saturday night and Sunday in Fort Worth with Mr. and Mrs. Dell Hester and Jerry and Jimmy. Mrs. L. S. Turner and Mr. and

Mrs. M. L. Thomas of Grassland recently returned from a trip to East Texas.

Mrs. Florene Johnson and sons were weekend guests of her sister, Mrs. Dorothy Meyers, in Lubbock.

Jim Bob Porterfield left last Thursday for the Army. He reported to Fort Sill, Okla., and was to receive his assignment early this week.

### Shallowater Scene Of TAAF Tourney

Both the champions and runners-up in the second annual Post Rotary Club Invitational Basketball tournament here last week are competing this week in the district TAAF tournament at Shallowater.

Chambers Haulers of Ropesville, who won the Post tourney, are entered, as are the Plainview Reed Raiders, runners-up.

Play was to get under way Wednesday in the TAAF tournament and continue through Saturday. Other teams entered in the men's division include Primm Drug of Brownfield, Thomas Tinklers and Plains Gassers of Lubbock and the Shallowater Independents.

Only two women's teams, Womble Olds of Lubbock, and Ropesville, had filed entries early this week.

Mrs. W. J. Huddleston, Mrs. Ray Young and LaGayluah, Mrs. Harold Childs and Cindy and Wendell Huddleston returned home Saturday after a visit with relatives in Comanche, Austin and Lutkin.

# HERE NOW! Giant 21" Picture Westinghouse

### Four Rotarians From Post To Attend 183rd District Conference In Borger

The Post Rotary Club will be represented by four members at the annual conference of the 183rd District of Rotary International getting under way today in Borger and continuing through Saturday.

### Dogwoods Will Put On Dog For Texans

PALESTINE, Texas, (AP)—The dogwood will put on the dog for thousands of visitors come spring for the first time since knuckling under the bad weather in 1950.  
"The Dogwood Trails are back in business to stay," said K. S. Anderson, Palestine civic leader and president of the Texas Dogwood Trails Association.  
He watched closely while trucks hauled the last of three years' litter out of Davey Dogwood Park.  
The reopening of the trails, he hopes, will mark the end of a series of blows which prevented park's free wild flower show for three years in a row. Two years of drought and an ice storm were to blame.  
Forest fires crept close to the dogwood trails last fall, but fire fighters managed to turn them back.  
An estimated 100,000 visitors toured the trails in 1949.  
Then drought set in. In 1951, an ice storm splintered and felled hundreds of old trees.  
The trails are expected to open this year about April 1. The wild flower event was originated in 1938 by the dogwood association.  
Anderson owns a paint contracting business which does maintenance work at oil tank farms throughout the country. He is district governor of Rotary International, a bank director, operator of a registered Hereford cattle ranch and a leader in practically every civic venture in this area.  
But he left these pursuits almost to manage themselves for several weeks while he bossed the job of cleaning up Davey Dogwood Park.  
Amid the confusion of dozens of laborers, several trucks and a mowing machine, Anderson laid out plans for expansion of the show into all-Anderson County event.  
He said that besides the six mile paved route through Davey Dogwood Park, the trails this year will add other drives—including one through Palestine's 900-acre lake-dotted Community forest and several side trips to rustic showplaces in Anderson County.  
These include historic Pilgrim Church, where Daniel Parker organized the first protestant congregation in Texas; the Lakeview Assembly of the Methodist church, a camp area owned by the Texas Methodist Conference; Crystal Lake, the National Guard Armory, where refreshments will be served, and Meadowbrook Country Club.  
"There will be enough attractions to keep visitors entertained all day," Anderson said.  
A coronation ceremony for the first Queen of the Dogwood will be staged during the trails in a natural amphitheater in Davey Park.

## Miss Moore Is Complimented As Thirteen Hostesses Entertain

Helen Dolores Moore, daughter of Noah Wilson Stone, was the guest of honor at a party Tuesday at the home of Mrs. John

## Miss Mildred Boren, Bride-Elect Of Billy Jack Boren, Is Feted

Miss Mildred Boren, who will become the bride of Billy Jack Boren Saturday evening in First Presbyterian Church, was complimented last Thursday afternoon when five hostesses entertained with a tea-shower from 3:30 to 5:30 o'clock at the home of Mrs. Walter Duckworth.

Hostesses were Mrs. Graeber, Mrs. Collier, Mrs. Homer Gordon of Slaton, Mrs. Schmidt, Mrs. J. E. Parker, Mrs. Weaver Moreman, Mrs. Jess Rogers, Mrs. Nichols, Mrs. Evans, Mrs. Pat Walker, Mrs. Jones, Mrs. Herron and Mrs. Lott.

and Mrs. W. C. Bush, assisted in the bedroom, where miscellaneous gifts were displayed, and with other hospitalities. An ivory and dusty pink color scheme was featured in floral and other decorations throughout the house. The tea table was laid with a maderia cloth and had a centerpiece of white stock, candy tuft and dusty pink roses.

## Mrs. Bob Short Is Honor Guest At Shower In Hamilton Home

Mrs. Bob Short, the former Miss Twana Lee Teague, was guest of honor at a tea-shower Thursday evening in the O. G. Hamilton home. Calling hours were from 7 until 9 o'clock. Mrs. Hamilton greeted guests and presented them to Mrs. Short; her mother, Mrs. Marvin Pennington; her maternal grandmother, Mrs. S. M. Puckett; and Mrs. R. L. Short and Miss Loretta Short of Clairmont, mother and sister of the bridegroom.

## Shelia Morris Is Honored At Party

Shelia Morris, nine year old daughter of Mr. and Mrs. Dillard Morris, was honored at a birthday party given by her parents Sunday, at their home in the Close City community.

Helping Shelia celebrate the occasion were Rita Fern Jones, Judy and Shirley Ann Morris, Diana Barron, Patsy and Gloria Thompson, Billy Hill, Sandra Hill, Kathleen Smith, Loma Dell Crockett, Gloria, Barbara and Janet Blacklock, Oneta Jones, Dorothy Kay Hardin, Miriam Smith, Gary Hill, Kenneth Thompson, Darrell Jones and Jacky and Jerry Morris.

Adults present were Mrs. Wiley Hill, Mr. and Mrs. Surman Hill, Mr. and Mrs. Barrie Jones, Mr. and Mrs. E. C. Hill, Mr. and Mrs. Dillard Thompson, Mrs. Charles Moore and twin daughters, Susan and Carolyn, and the hosts.

## Mrs. Bob Short Is Honor Guest At Shower In Hamilton Home

Mrs. Bob Short, the former Miss Twana Lee Teague, was guest of honor at a tea-shower Thursday evening in the O. G. Hamilton home. Calling hours were from 7 until 9 o'clock. Mrs. Hamilton greeted guests and presented them to Mrs. Short; her mother, Mrs. Marvin Pennington; her maternal grandmother, Mrs. S. M. Puckett; and Mrs. R. L. Short and Miss Loretta Short of Clairmont, mother and sister of the bridegroom.

The honoree was attired in a navy suit with white accessories and a white carnation corsage. Entertaining rooms of the Hamilton home were decorated with arrangements of pink gladioli and pink tapers in crystal holders.

## Church News

Roy Shahan left early Monday morning for Dallas where he is attending the quarterly meeting of the Executive Board of Baptist General Convention of Texas. The meeting is being held at the First Baptist Church in Dallas and the program began at 9:30 o'clock Tuesday morning. The Rev. Mr. Shahan will return the latter part of the week.

Mrs. O. V. McMahon will give a talk in the closing Sunday School assembly at the Church of the Nazarene Sunday morning. Everyone is invited to hear and see this short, illustrative message.

"Vision From Binghura" will be the program at Monday afternoon's meeting of the Women's Society of Christian Service in the home of Mrs. T. R. Greenfield at 3 o'clock. Mrs. Jim Hundley will be in charge of the program.

First Baptist Pastor Roy Shahan reports: "Sunday, March 8, is Home Mission Day in First Baptist Church. The pastor will speak on the subject, 'Crusading For Christ,' (Acts 1:8) at the morning service. A brief report will also be given on the work of the Home Mission Board of Southern Baptist Convention.

At the evening service the pastor will speak on the subject, 'Delayed Devotion,' (John 19:38-42).

Much interest is being shown in the Bible study and prayer service each Wednesday evening at 7:45 o'clock.

All these services are planned to meet a definite need in the spiritual life of all who will attend. A welcome awaits you."

Sunday School Study Course will be taught next week at Calvary Baptist church, beginning Monday evening. Fifteen year olds and up are invited to attend and choir practice will be held for youngsters. The study book is "The Six Point Record System And Its Use."

"Fellowship Class" of the Nazarene Sunday School, taught by Earl Rogers, will enjoy a party in the pastor's home Friday night at 7 o'clock. A nursery will be provided for the children in the church annex. Mrs. Fletcher Keeton and Mrs. M. A. McDaniel will keep the nursery. All members and friends of the class are invited.

A young married people's class was organized at Calvary Baptist Training Union Sunday night. Nine were present.

## Study Club Hears Mrs. G. Blackburn Give Book Review

Amity Study Club met Tuesday evening of last week with Mrs. Malcolm Bull, Mrs. Thurman Francis was cohostess. "Tommy Out Of Time" by C. R. Summer, was reviewed by Mrs. Gerald Blackburn.

At the conclusion of the review, refreshments were served to Mrs. John Christopher, Mrs. Blackburn, Mrs. Jack Burress, Mrs. Bob Collier, Mrs. Edsel Cross, Mrs. Luther Bilberry, Mrs. Conrad Hartel, Mrs. Lewis Herron, Mrs. Erwin Schmidt, Mrs. Pat Walker and Miss Thelma Clark.

Mrs. John Bill Beggs and Mrs. Ira Greenfield spent Monday in Lubbock.

Thursday: turkey pie, navy beans, vegetable salad, bread, milk, apricot cobbler.

## Benson, Burress Are Honored On Birthday

Charles Benson and Jack Burress celebrated their birthday February 27, and were honored at a turkey dinner in the Benson home that evening.

Guests were Mrs. and Mrs. Monroe Lane, Mr. and Mrs. Dee Coleman, Mr. and Mrs. Walter Duckworth, Mr. and Mrs. O. G. Murphy, the Burresses and Bensons.

## Priscilla Members Enjoy Afternoon In Kennedy Home

Priscilla Sewing club members enjoyed an afternoon of sewing and visiting in the home of Mrs. Pete Kennedy Friday.

Refreshments of iced tea, coffee and coconut pie with whipped cream were served.

Those present were the hostess' mother, Mrs. Helen Richards, and Mrs. Victor Hudman, Mrs. R. H. Collier, Mrs. Ted Hibbs, Mrs. George Sartain, Mrs. Lawrence Epley, Mrs. A. B. Haws, Mrs. E. S. Stewart, Mrs. R. L. Redman, Mrs. Jessie Voss, Mrs. J. C. Fumagalli, Mrs. Robert Cox, Mrs. Earle Thaxton and Mrs. D. C. Hill, jr.

## HD Club Meets In Mrs. Long's Home

Mrs. J. W. Long was hostess for an all day meeting of Barnum Springs Home Demonstration Club in her home February 26.

Nine members and a visitor spent the day doing needle work for the hostess.

During the afternoon an election of officers was held. Mrs. Nathan Little was chosen president; Mrs. Wade Ray, vice-president; and Mrs. J. W. Long, council delegate.

Mrs. D. B. Nash, who has been serving as president of the unit, recently moved to Weatherford. The next meeting will be March 12 with Mrs. W. A. Long.

## MISS NORRIS INITIATED

Miss Barbara Norris, daughter of Mr. and Mrs. Al Norris, was one of 13 Texas Tech women and members who were initiated into Tau Beta Sigma, honorary sorority for band women, Thursday. Recital Hall of Tech Music Building was scene of the candle-light ceremony.

Mrs. Russell Orr spent the weekend in Abilene with Nancy DeBusk, a former Postite.

## TIPS FROM YOUR COUNTY AGENT

By JESSIE PEARCE

A conveniently ironing center can simplify that chore. A certain amount of space is needed, but how much depends on the amount and kind of ironing you do and the size of the tools and equipment you use. The space you have available is also an important factor. If you have small children, it is nice if your work area overlooks their play yard.

The equipment for ironing includes an ironing board or table, preferably a sitting-down type; a chair, a table for sprinkling; a rack for hanging ironed clothes; an iron and some smaller tools such as sponge or ironing pad.

To make ironing simple and easy, arrange these tools and equipment to give an easy order of work. If you are right-handed, you will find it easier to work from right to left.

Make the arrangement convenient by placing the ironing table or board in front of the chair. If you do not have a cord holder, it is easier if the outlet is located on the far side of the board from where you sit. This prevents dragging it across the board. Have the sprinkled clothes within reach of your chair to your right and a basket, table or rack for ironed clothes to the left. Have some space on a table or shelf for small items such as pins, a bowl of water, sponge and sprinkler.

These ironing arrangement suggestions can be most useful only if you try them. Then you should decide whether they are convenient for you. If not, keep changing until you find one.

Recipe for the week and suggested menu using foods that are plentiful now.

**Broiled Meal With Beef Patties**  
1 lb ground beef, 1 tsp. salt, red and black pepper, small onion grated, 6 slices bacon, 1 can pineapple chunks, leftover cooked vegetables. Mix ground beef, salt, red and black pepper and onion. Shape into six patties, wrapping each with a slice of bacon. Press pineapple chunks down into patties. Place on a greased broiler rack, meat side up. Arrange leftover vegetables such as green beans, mashed potatoes, peas, whole kernel corn, etc., in broiler pan. Place rack in broiler pan four inches from broiler. Broil until brown (eight to ten minutes) turn and broil until brown.

**Suggested Menu For the Day**  
Breakfast  
Oatmeal with raisins, scrambled eggs, toast, apple jelly, butter or margarine, coffee, milk.

Dinner  
Fried chicken, gravy, mashed potatoes, green beans, cabbage slaw, biscuits, butter or margarine, peaches, cookies, milk.

Supper  
Broiled meal with beef patties, tossed green salad, bread, butter or margarine, milk or coffee.

### Busy Times Ahead For VFW Post; To Host District Meeting In May

Busy times are ahead for members of John Miller Post 6797 of the Veterans of Foreign Wars. In May, the post will be host to the spring convention of District 7 VFW, and within the next few weeks will continue work on their current membership campaign, and on a civic awards contest in which they are competing.

The contest is open to all VFW posts, with the winner to be determined on the basis of service rendered to the community. The local post has assisted in installation of traffic control lights in the grade school zone, has donated a highway sign to the Citizens Traffic Commission, and recently donated a set of war history books to the schools, to mention a few of the civic services rendered.

Bob Poole is chairman of the post's membership committee, which is directing the drive to attain the organization's quota of members for the year.

Post was selected as the May convention site at a recent meeting in Spur delegates and auxiliary members will be here from throughout District 7, of which Thad Patterson of Seagraves is commander.

The Post delegation making the bid at Spur for the May convention included Wagoner Johnson, commander; George Childress, adjutant; John Shedd, trustee; W. O. Holly, welfare chairman; Poole, Joyce Steel, Andy Steltzer, Glenn Voss, Charlie Lon Baker, Sol Davis, Milton Hester, Jess Cornell and J. D. Hunt.

Pat Henderson, a past commander of the post, said Monday that plans are being made for the organization to work with

### Ramsey Funeral Is Conducted Friday

Last rites for James Emmett Ramsey, who died early Thursday in Garza Memorial hospital, were conducted in Grassland Methodist Church Friday afternoon.

Burial was in Tahoka cemetery with Stanley-Jones Funeral Home directing.

Mr. Ramsey was born in Shelby county May 24, 1889. He had been a resident of the grassland area since 1925.

Survivors are his wife, Ida; a daughter, Mrs. Hazel Raugh; a son, J. E.; five grandchildren; a sister, Miss Maud Ramsey and a brother, Oran Ramsey of Tahoka.

### New Choir Robes Here For Choralteens Group

Fifty choir robes for the Post High School Choralteens arrived recently, according to John Christopher, director.

The new robes are of black Imperial Bengaline with gold satin stoles, monogrammed in black. Gaylord Anderson was designer of the monogram, which is a large letter "P" with a smaller "H" and "C" on the stem.

The Dispatch in giving recognition to Garza County war veterans in a series of articles, beginning with one on the late Henry Aten, World War I veteran and the local post's first commander.

### Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ size Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex.—In the Senate is a bill that has turned out to be the most controversial and most costly of the legislative session to date.

It is a wrangle between two factions of optometrists.

The bill occasioned two full days of debate in the House before it finally passed by a vote of 97 to 41.

House Bill 5 is the designation of this measure, whose original purpose was to prevent optometrists from advertising and to break up the optometry chain stores.

The proposition, authorized by Representative Stanley Banks, Jr., of San Antonio, has the support of the Texas Optometry Association, a statewide organization of independent optometrists.

Opposing the bill are the advertising optometrists, including the chains.

Proponents of the legislation say they want to lift the standards of the profession and increase the authority of the state board of optometry so that it can tighten regulation and thereby eliminate any undesirable practices.

Opponents contend that the bill would invade their private rights, and that the public would have to pay more for glasses if the measure should pass.

Amendments in the House toned down the bill's provisions, but did not remove objections of the opponents, who are redoubling their fight against the measure in the Senate.

The attitudes of three members of the House summed up various viewpoints on the bill:

Representative Banks: "It raises the standards of the profession."

Representative Douglas Bergman of Dallas: "It's just an attempt to stifle free enterprise."

Representative Bill (Jitterbug) Henderson of Houston: "Let the people decide where they want to buy glasses. I say get the government out of business."

Another bill that caused a good deal of controversy—one to ban resort lodges from state parks—

The department has estimated that it will take an additional \$100 million per year for the next five years to bring Texas highways up to standard and maintain them.

It would take a constitutional amendment to complete a proposal by Senator John Bell of Cuero to help solve the state's water problems.

The proposed amendment, which passed a Senate committee test unanimously, would authorize the charging of fees for the use of Texas waters. The money would be used to build dams and reservoirs.

If passed by the Legislature, Bell's proposal would be voted on by the people next November 7.

A strong advocate of the proposed amendment is Senator Grady Hazelwood of Amarillo, who says his area's water shortage is critical.

Senator Bell predicted that if the amendment passes, local communities will build \$250 worth of dams for water storage, flood control, and irrigation as soon as the money is available.

For a long time, there have been rumblings of discontent about the administration of Dr. George W. Cox, state health officer.

Senator J. T. Rutherford of Odessa wants to bring the whole affair out into the open with a full dress investigation of the state health department, which the senator calls a "farce."

The investigation, if held, "will disclose facts that will warrant the removal" of State Health Officer Cox and his top aides, Senator Rutherford thinks.

Dr. Cox had no reply to the senator's remarks. He said it was up to the state board of health to do whatever they chose about it.

The board has met several times without acting on the reappointment of Dr. Cox, whose present term of office expired January 1.

The board could act on the appointment at its next session, March 9, but Senator Rutherford asked that the board further delay its appointment, pending the

results of his proposed investigation.

A Senate subcommittee may report next week on a bill that sets out to establish a uniform plan of taxing gasoline and compensating service stations for shrinkage caused by varying weather.

The original committee hearing on the bill attracted 1,200 service station operators and gasoline wholesalers.

Service station operators contended they were suffering losses because they receive less gasoline than they pay for, since weather changes cause gasoline to alter in volume.

Gasoline lobbyists countered that it would cause them undue hardship if they were required, as the bill provides, to compute the four-cent sales tax on each gallon of gasoline at a uniform temperature of 60 degrees.

To eliminate duplication of federal and state powers, especially in the field of taxation, will be the aim of a commission whose members will be appointed by President Eisenhower, Congress, and the National Governors' Conference.

Governor Allan Shivers, as president of the conference, conferred with the president about the idea in Washington, and commented that it was the first time

a president has ever asked governors to hear their views on how to stop federal conflicts.

It would take a two-thirds vote of the Legislature and a proposed constitutional amendment by Senary Bracewell of Dallas to increase the pay of officials.

The amendment would raise the governor's salary from \$25,000, the attorney general from \$10,000 to \$15,000, the comptroller, treasurer, and secretary of state from \$12,000.

### BITS-OF-NEWS

## UP GOES THE POWER OF EVERY BUICK-SPECIAL Super and Roadmaster

It's more than pride that makes a man want a lot of horsepower beneath the hood of the car he owns. For the real point in reaching record horsepowers and compression ratios goes beyond miles per hour. It steps up performance and economy in normal driving. That's what Buick engineers did when they upped the power and compression of each 1953 Buick—SPECIAL, SUPER and ROADMASTER—to the highest figures in Buick's fifty-year history. In the SUPER and ROADMASTER, they put a new kind of V8 Engine—first passenger-car V8 with 8.5 to 1 compression, and a long list of other major engineering advances. For the SPECIAL, they redesigned the famed F-263 Fireball 8 Engine—gave it

shorter flame travel, faster firing, higher horsepower and compression. And to these spirited engines they coupled the new Twin-Turbine Dynaflo Drive\* that adds flash-fast, quiet getaway to utter smoothness. Just to give you an example of what all this means: The 1953 Buick SPECIAL with Dynaflo can beat the mighty 1952 ROADMASTER on getaway—can reach 30 mph (when the law allows) with a combined speed and jerk-free smoothness no other car can equal. Of course, there's far more to these new Buicks for 1953—some seven dozen new features alone. But why not come in and see for yourself that these are the greatest Buicks—and the greatest values—in fifty great years.

\*Standard on Roadmaster, optional at extra cost on other Series.  
WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

# Red Cross Assigns ODM First Supply in Battle on Polio

**NOTE**—With Garza 1953 Red Cross fund full swing, the following on gamma globulin, by the Red Cross Publication Office, Midland Area, will be of increase in this national fund quota is the Red Cross agreement with the Office of Defense Mobilization in its gamma globulin program.)

WASHINGTON, D. C.—The Red Cross today will be paying for the fractionation

processing and packaging. The Red Cross said it will continue to turn over to the Office of Defense Mobilization all supplies of gamma globulin as they come from the laboratories. All allocations of gamma globulin will be made solely by ODM and all final distribution of the product will be the responsibility of the state health officers, the Red Cross emphasized.

Gamma globulin will be available to families in every part of the United States this summer through state health departments under a plan proposed by a special committee of the National Research Council.

Just how the individual states will allocate and distribute the globulin to their communities will be determined by the individual state health officer. Criteria to assist them in developing the best plans for the most effective use of this valuable material will be provided by the National Research Council Advisory Committee on Allocation which is assisting the Office of Defense Mobilization with this project.

Distribution of the precious fluid which has been of proven value in measles and infectious hepatitis and has now proved effective in preventing the paralysis caused by poliomyelitis is to begin almost immediately by ODM to all state public health officers. The Red Cross now is processing and packaging an additional 2,000,000 cc of gamma globulin which was received in bulk form last week through the Department of Defense from the Navy. When packaged, these supplies will be turned over to the ODM.

Pointing out that although the allocation and distribution plan being projected will assure a supply of gamma globulin to communities where it is needed in every state, the Red Cross emphasized that only through wide citizen participation can the program be successful.

The organization urged that only through greater year-round contributions of blood and larger contributions of funds during the March Red Cross Fund Campaign for the processing, packaging, and handling of gamma globulin can the nation as a whole benefit from this program.

**Mrs. Bettie Fortune is recuperating** at her home after spending two weeks in Lubbock Memorial hospital.

**Miss Henrietta Nichols and Pleamon Nichols** spent Sunday at New Home visiting the J. W. Edwards family. Mrs. Edwards is recovering nicely after recently undergoing surgery in the West Texas hospital in Lubbock.

**Miss ElWanda Davies is accepted** in Pi Gamma Mu, HSU among 21 Hardin Simmons University students who have been accepted for membership in Pi Gamma Mu, national social science sorority, university chapter counselor Dean W. A. Stephenson announced.

To be eligible for membership in Pi Gamma Mu an applicant must have 18 hours work in a social science subject, maintain a "B" average and have no failures on record.

New members have received member cards and key permits from national headquarters in Winfield, Kans. Pi Gamma Mu is affiliated with the American Association for the Advancement of Science and the National Academy of Economic Political Science.

The Hardin Simmons chapter has 73 members.

## NEWS OF OUR NEIGHBORS

--- from the Exchanges

**FLOYDADA**—Two escapees from the Floyd County Jail in a break Feb. 21 were back in the lockup again by Feb. 23. The two, Bobby Hummel and Sidney J. Cole, both about 24, were being held on a charge of burglarizing the Lakeview store last November.

**RALLS**—Dallas Sewell, 73, of Lubbock, was convicted in Ralls justice of the peace court Feb. 26 on charges of speeding. The case gained interest through testimony that Sheriff Roy Hillin had knocked the man down after a 70-mile-an-hour chase. A six-man jury found Sewell guilty of speeding and assessed a fine of \$1 and court costs. Sewell's attorneys gave notice of an appeal to county court.

**TAHOKA**—Plans have been completed for the annual Lynn County Junior Livestock Show, which will be held at the Lynn County Fair Exhibition Hall on Saturday, March 7. Tahoka Chamber of Commerce and Rotary Club are co-sponsors of the event.

**LITTLEFIELD**—More than 250 interested farmers and business men participated in the annual Soil Fertility Day meeting held in the high school auditorium Feb. 23, hearing speakers discuss various phases of soil fertility problems common to farms on the South Plains.

**SPUR**—Twenty charter members organized the Dickens County Sheriff's Posse at a meeting here Feb. 20. The group named Everett McArthur as its first president.

### Miss Davies Accepted In Pi Gamma Mu, HSU

Miss ElWanda Davies is accepted for membership in Pi Gamma Mu, national social science sorority, university chapter counselor Dean W. A. Stephenson announced.

To be eligible for membership in Pi Gamma Mu an applicant must have 18 hours work in a social science subject, maintain a "B" average and have no failures on record.

New members have received member cards and key permits from national headquarters in Winfield, Kans. Pi Gamma Mu is affiliated with the American Association for the Advancement of Science and the National Academy of Economic Political Science.

The Hardin Simmons chapter has 73 members.

**BROWNFIELD**—The familiar "number please" was replaced by a humming tone late Monday night when Brownfield's more than 2,400 telephones were cut over from the old common battery-service to the new fully automatic dial system. The actual switch took less than five minutes, but it was the climax of many months of work.

**SLATON**—The nation-wide project, "Lite a Bumper for a Dollar," came to Slaton Saturday when a safety lane was set up on the south side of the square for the taping process. The Youth Challenge Class of the Church of God is sponsoring the project, which has been endorsed by the police department as a safety measure.

**CANYON**—Randall County won third place among the 254 counties of Texas in the most intensive and effective non-partisan county-wide vote in the general election of last November. The two counties in Texas which nosed out Randall in the percentage column of votes cast were Roberts and Hartley.

**MORTON**—The Morton Jaycees recently became the first service organization to take a stand on the coming liquor election in Cochran County when they unanimously voted to urge citizens to vote "dry". Interest is reported running high in the coming election.

**CROSBYTON**—L. H. Finch, Crosbyton food store owner, was introduced as new president of the Crosbyton Chamber of Commerce at the organization's annual banquet Feb. 20. He succeeds Fred C. Cunningham.

**ANDREWS**—Andrews County citizens gave 157 pints of blood to the Red Cross Bloodmobile when it was in Andrews Feb. 24. The county's quota was 150 pints, and was met through the registration of approximately 200 blood donors.

## Garza Hospital Explains Policy For Hospital Charges ---

The Board of Trustees of your hospital feels that there is a need for explanation of the fees charged by the hospital. In the past there has been some misunderstanding regarding this matter and an effort shall be made to explain the policies of the hospital. In the event that there is any question whatsoever, you are urged to come to the hospital office or telephone and an explanation will be made.

The hospital office is concerned only with the charges for hospital services and is in no way connected or concerned with the fees charged by the attending physician, whether the charges of the physician are for hospital patients or office patients. The hospital does not collect money for the physicians. The physicians' charges are made by his office. In the same manner, the physician does not collect accounts for the hospital and charges paid in his office are not for hospital charges.

Charges for hospital rooms or hospital beds include all meals, nursing services, but do not include medicines, hypods, or dressings. Compared with lodging accommodations in a first class motel or hotel, if one remembers to include meals and all necessary room service, one will find that hospital room charges are comparable to charges in motels and hotels.

Your local hospital is a member of a national prepayment hospitalization group which has strict requirements for membership. The bulk of these requirements concern fair and just fees for services. Certain charges must be submitted to the home office of this organization and be approved as being just and fair. The charges that must be approved include all laboratory, X-ray, emergency room, operating room, delivery room, drug and medicine charges. Your hospital is under contract to charge all patients the same rates whether they are members of any particular group plan or not. When these lists of fees were originally submitted, it became necessary to lower some charges in order to secure approval, this being the case in most small hospitals. The group plan judges what is a just fee on the basis of averages of fees charged in the West Texas area. This presented a problem that is common, place in small West Texas towns. Nurses and other such trained hospital workers generally do not want to move to small towns with very little entertainment and scarce housing, therefore it becomes necessary to pay these people 25% to 35% more than places such as Lubbock, Abilene, Sweetwater, etc. Therefore, when your hospital must adjust its charges to conform to larger cities and pay more to operate, your hospital is working with a decided handicap.

Despite rumors to the contrary, your hospital is as low in its charges as any hospital in the area, lower in most cases, in spite of the fact that it is complete and is the most modern in an area including most of the Southwest.

A patient's hospital bill can be increased appreciably by the patient himself, if he feels that he requires a private room, these rooms are from \$2.50 to \$3.50 higher than the most common type of room available. The majority of the rooms or beds available in your hospital are rooms containing beds for two patients and with bath, the charge for which is \$9.50 per bed per day.

The following examples are estimates of specific types of cases. The room charges for semi-private (two-patient) rooms with bath are used and the length of time that the operating room is used is based on average cases. The drugs are necessarily estimated, no two cases being exactly the same.

#### REMOVAL OF TONSILS AND ADENOIDS:—

1 day hospital stay:	
Semi-private room	per day \$ 9.50
Operating room: 45 minutes	15.00
General Anesthetics: Materials—45 minutes	7.50
Laboratory: (Bleeding and Clotting Time)	2.00
Drugs: (Estimated)	1.50
TOTAL FOR ONE (1) DAY STAY	
	\$35.50

#### REMOVAL OF TONSILS AND ADENOIDS:—

2 day hospital stay:	
Semi-private room: (per \$9.50)	\$19.00
Operating Room: 45 minutes	15.00
General Anesthetics: Materials—45 minutes	7.50
Laboratory: (Bleeding and Clotting Time)	2.00
Drugs: (Estimated)	2.25
TOTAL FOR TWO (2) DAY STAY	
	\$45.75

#### MATERNITY CASES: 2 day stay in hospital:

Semi-private room per \$9.50	\$19.00
Delivery room, includes anesthetic materials and dressings used therein:	17.50
Laboratory: (Complete Blood Count and Urinalysis)	7.00
Nursery: 2 days per 2.25	4.50
Birth Certificate and Identification Bracelet (Optional)	2.25
Drugs: (estimated)	3.50
Central Supply Services:	4.00
TOTAL FOR TWO (2) DAY STAY	
	\$57.75

MATERNITY CASES: 5 day stay in hospital:	
Semi-private room, per \$9.50	\$47.50
Delivery Room: (inclusive as above)	17.50
Laboratory: (Complete Blood Count and Urinalysis)	7.00
Nursery: 5 days per \$2.25	11.25
Birth Certificate and Bracelet, (Optional)	2.25
Drugs: (estimated)	7.50
Central Supply Service:	4.00
TOTAL FOR FIVE (5) DAY STAY	
	\$97.00

Nursery charges include all baby clothes and diapers, but does not include incubator and oxygen.

Central Supply Services include dressings, catheter trays and other miscellaneous and special services.

SURGERY CASES (ordinary abdominal surgery) 7 day hospital stay:	
Semi-private room: 7 days per \$9.50	\$66.50
Operating room: one (1) hour	\$20.00
Anesthetic Materials: (1 hour)	7.50
Laboratory: (Bleeding and Clotting Time, Complete Blood Count, Urinalysis and Tissue Exam)	14.50
Drugs: (estimated)	10.00
Central Supply Service:	7.00
TOTAL FOR SEVEN (7) DAY STAY	
	\$125.50

Your hospital does not have cots to be used when someone must stay with the patient, however, when the other bed in a semi-private room is not in use, it is available at \$4.00 per night. We do not feel that this price is excessively high. It has very little to do with the welfare of the patient and is an extra that is not necessary to efficiently treat the patient. The customary charge in other hospitals that have cots is \$1.00 per night for a cot with a hard pad no linen. We are making available a full hospital bed with complete linen and bedding and a Simmons inner-spring mattress. If someone must stay with the patient, guest meals are served for \$1.00 if desired.

It must be remembered that extensive Emergency Room services can be expensive in very short periods of time. X-rays for instance can cause charges to increase rapidly. X-ray charges have increased not more than 10% in the last 15 years, yet your hospital is equipped with \$8000.00 worth of X-ray equipment. Blood plasma and Whole Blood are usually the most costly item in extensive emergency room treatment. The hospital must buy plasma at a high cost and must necessarily pass this cost on to the patient receiving the plasma. Recently, the hospital made an agreement with a Lubbock Blood Bank for Whole Blood. Blood is now secured in two ways and an itemization is as follows:

BLOOD TAKEN FROM LOCAL DONORS:	
Blood typing, Rh factor, Crossmatching patient and all donors:	\$10.00
Materials, blood bottles, room for collecting blood, two sets of tubing:	10.00
Professional fee for drawing and administering blood:	5.00
TOTAL BLOOD TRANSFUSION CHARGE USING LOCAL DONORS	
	\$25.00

BLOOD USED FROM THE HOSPITAL BANK SERVICES:	
Blood Typing for patient only and Crossmatch:	6.00
Materials, one set of tubing only required:	1.00
Professional fee for administering blood:	2.50
Bank charge for one pint of blood:	20.00
TOTAL CHARGE FOR TRANSFUSION USING BANK BLOOD:	
	\$29.50

The patient has 15 days in which to have one donor of any type, go to Lubbock and give a pint of blood at the bank and if this is done the patient will be refunded \$10.00. Therefore: Less

TOTAL CHARGE IF BLOOD IS REPLACED: \$19.50

Therefore, the use of Bank Blood is \$5.50 cheaper than hunting local donors of the specific type needed, except for the expense of going to Lubbock, but 15 days is given in which to drop by the Lubbock Blood Bank for a few minutes.

The Board of Trustees invites you to compare these prices against any recent bills for equivalent service from any other hospital in this area. If there is any appreciable difference, they would be most happy to know about it. This hospital is the property of the taxpayers and every effort is being made to operate it in the best interest of the taxpayers. It is costing approximately \$6000.00 per month to operate at the present time and every effort is being made to get the hospital on a self supporting basis, income is necessarily the only factor that can accomplish that result. There is no desire, however, to make unfair charges for services in order to reach that end but rather to make just charges and to operate efficiently in order to keep overhead at a minimum. Constructive criticism is invited and welcomed, it is felt that only good can come from this type of help. If there is any question or comment whatsoever, you are invited to write, call or come by the hospital office. If you expect to need hospital services, come by and let us give you an estimate. We shall be pleased to have the opportunity.

paste this in your HAT...

It costs a lot to be an American. But not too much. The American principle of personal and economic liberty provides more opportunity and more good for more people than any other system devised by man. Privately owned and operated industry is the American principle at work.

In America, private industry pays its own way. It pays the lion's share of taxes necessary to support our government. Were it not for private, tax-paying industry your individual tax would be much greater—for the burden of government could rest entirely on your shoulders.

Paste this in your hat. And when you file your income tax return, take off your hat to the American way of life.

GENERAL TELEPHONE COMPANY of the Southwest

Available in 1953...

Chevrolet is lowest priced!

Above: The "Two-Ten" 4-Door Sedan. At right: The "One-Fifty" 2-Door Sedan, two of 16 beautiful models in 3 great new series.

It brings you more new features, more fine-car advantages, more real quality for your money... and it's America's lowest-priced full-size car!

Farther ahead than ever in quality... yet the lowest-priced full-size car... with sharply greater economy of operation!  
Imagine—the most beautiful car in its field, with new Fashion-First Bodies by Fisher that set the standard of styling, inside and out. The most powerful car in its field, with your choice of a new 115-h.p. "Blue-Flame" high-compression engine\* or greatly improved 108-h.p. "Thrift-King" high-compression engine.

Yet, with all these new and exclusive advantages, there is no increase in Chevrolet prices, and it remains the lowest-priced line in its field!  
Yes, indeed, only Chevrolet gives such excellence with such economy. Come in and prove it at your earliest convenience!

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Bel Air and "Two-Ten" models at extra cost.

# Speaker Stresses Need Of Cub Scouts In Banquet Talk

D. C. Arthur, superintendent of the Post schools, was guest speaker last Thursday night when Cub Scout Pack 16 held its annual Gold and Blue banquet in observance of the 43rd birthday celebration of Boy Scouts of America, of which the Cub Scout program is a part.

Approximately 100 persons attended the banquet, which was held at the City Hall.

Supt. Arthur pointed out the present need for such organizations as the Cub Scouts, which teach the boys principles that will help them get along with their fellowmen later in life. He praised the work being done by the Cubmaster, den mothers and interested parents of the boys comprising Pack 16.

The program was opened with the entire pack singing "America," led by Mrs. Phil Bouchier. Following the Cub Scout motto, invocation was by Rev. Gerald Blackburn.

The dinner was served by Mrs. Winnie Henderson, assisted by Mrs. Jesse Voss and Mrs. Cass. Introduction of Cubmaster Phil Trammell was by Victor Hudman, and Trammell introduced

the den mothers and committeemen.

Those introduced included Joe DeArmon, chairman of the committee, and James Minor and H. H. Hudman, committeemen; Mrs. H. L. Smith, Den 1 mother; Mrs. C. D. Lee, Den 2 mother; Mrs. James Minor, Den 3 mother; C. D. Lee, assistant Cubmaster; Victor Hudman, Jr., Den 1 chief; Sydney Hart, Den 2 chief, and Sammy Williams, Den 3 chief.

In the absence of Mrs. John F. Lott, Parent-Teacher Association president, Trammell introduced Mrs. Victor Hudman as P.T.A. representative. Pack 16 is sponsored by the P.T.A.

In turn, Mrs. Hudman introduced Phil Bouchier, Pack 16 institutional representative.

The place cards and centerpieces for the banquet tables were made by the den.

Boy Scouts of Troop 16 presented the Bobcat ceremony for Freddie Green, Pat Sullivan, David Nichols, Elton Moreland and Glynn David Shaw. The Boy Scouts presenting the ceremony were James Dye, Connie Martin and Reuben Jimenez.

Wolf awards were presented by Hansford Hudman, bear awards by Joe DeArmon and Scoutmaster Jesse Ward presented the silver arrows on lion badge and conducted the webelo ceremony for Jackie Sullivan.

One-year service pins were presented by Phil Bouchier to Bob Terry Bivens, Jimmy Smith, Tommy Bouchier and Leslie Acker. Rev. Blackburn presented a Cub Scout plaque to Mike Cornell for two years of perfect Sunday School attendance.

Den chiefs' braids were presented by Jesse Ward to Boy Scouts Robert Strange, Victor Hudman, Jr., and Sydney Hart for six months' work as den chiefs.

Following the main address, C. D. Lee announced that a den chiefs' training course will be conducted at 7:30 p. m. Monday, March 9, at the Slaton Scout House, and that a den mother's training course will be held at 7:30 p. m. March 16, at the City Hall in Post.

The Blue and Gold affair was closed with the Cub benediction.

## Youth's Leg Broken In Fall At School

Jack Rains, 14-year-old son of Sheriff and Mrs. Carl Rains, suffered a broken right leg at noon Monday while engaging in a schoolboy game on the high school campus.

Young Rains' right leg was broken about three inches below the hip socket when he fell after running into another boy.

After receiving first aid here, the youth was taken to a Lubbock hospital for X-rays and to have the broken bone set.

Sheriff Rains said Monday afternoon that his son's leg had been weakened by a previous accident.

The youth, an eighth grade student, was returned to Post after receiving treatment at Lubbock.

**CLAUDIA VISITS THE GOVERNOR**—Four-year-old Claudia Ann Schmidt sat on Governor Allan Shivers' lap the other day while he signed a proclamation designating the period March 5-April 5 as Easter Seal Month in Texas. She also visited with Atty. Gen. John Ben Shepperd, shown standing behind her, who will serve as state chairman for the drive. Claudia Ann is a patient at the Austin Cerebral Palsy Center which is supported by Easter Seal funds. Her father, Claude Schmidt, is an employe of the City of Austin's finance division.

## Legion Post Marks 34th Anniversary

The 34th anniversary of James C. Cole Post No. 270, American Legion, was celebrated Tuesday night at an anniversary barbecue at the Legion Hall.

Approximately 70 of the post's 123 members attended, according to L. J. Richardson, Jr., post commander.

An anniversary program was presented, and the members ate barbecue prepared by Guy Gearhart and Andy Stelzer.

Richardson reminds members that the post's regular meetings nights are first Tuesdays of each month. He also calls their attention to the 19th District convention to be held in Snyder April 18-19.

## Post Senior 4-H Girls Discuss Dress Revue

Post Senior 4-H Club met in Post High School audio-visual room recently. Miss Jessie Pearce, agent, showed slides of the 1952 State Dairy Food Demonstration at A&M College.

Wynonne Morris was elected secretary and Naomi Nichols was chosen reporter, during a short business session.

The forthcoming dress revue and county camp were discussed.

It was announced that the group will meet at Miss Pearce's home on March 19. All members are urged to attend.

## ENLIST IN MARINES

Three Post youths have recently enlisted through the Lubbock Recruiting Station for service with the U. S. Marine Corps. They are: Cloyd Ray Sondron, son of Mrs. Leah Willingham; John Jerrald Bilberry, son of Mrs. Alpha Bilberry, and Sidney Dewitt Caylor, son of Mr. and Mrs. Albert Marshall Caylor.

# Deaths Over The Area

**IDALOU**—Mrs. Georgia Isom, 46, wife of Lubbock County Commissioner Otis Isom, and a resident of Lubbock County since 1919; March 1.

**LORENZO**—Acklass Martin, 53, longtime resident of South Plains; March 1.

**LITTLEFIELD**—Mrs. Kathleen Gimmell, 64, and her son, James Gimmell, 26; killed Feb. 28 in automobile accident near Allentown, Pa.

**SPUR**—Mrs. Dura Formby, 76, a resident of Dickens County for 38 years; March 1.

**RALLS**—John D. Goode, 46, manager of the Ralls Co-op Gin; Feb. 28.

**LUBBOCK**—Joseph C. Flynt, 53, military property custodian at Texas Technological College; on Feb. 27.

**LUBBOCK**—W. B. McIver, 64, resident of Lubbock and Spur for past 19 years; Feb. 28.

**LITTLEFIELD**—Marion Cooper, 59-year-old Littlefield and Muleshoe area farmer; Feb. 28.

**LUBBOCK**—F. P. Clark, 73, retired business man and a longtime resident of Lubbock; Feb. 27.

**OLTON**—R. A. Lewis, 71, Olton justice of the peace and a resident of the town for 32 years; March 1.

**O'DONNELL**—Lawrence Baker DeBusk, 41; March 2.

**LUBBOCK**—F. C. Hyatt, 65-year-old parking lot operator; March 2.

**LUBBOCK**—Thomas P. Hill, 56, owner-operator of a distributing company and a resident of Lubbock for 15 years; March 2.

**SEMINOLE**—Mrs. Dan Cobb, 84, pioneer settler of Gaines County; March 2.

## Stock Show ---

(Continued From Front Page) shown there. The other calves will be shown again next October at the State Fair of Texas in Dallas.

Further details on the stock show will be announced in next week's Dispatch.

## Henderson ---

(Continued From Front Page) terms of E. E. Peel, Precinct 2, and Julius Fumagalli, Precinct 3, are expiring.

Trustees in other districts whose terms are expiring are as follows:

Southland Independent School District: D. I. Dunn and C. C. Lee.

Close City Independent School District: D. C. Morris, Jim Barrow and Ted Shults.

Graham Common School District: Delmer Cowdrey and A. O. Parrish.

Justiceburg Common School District: Lee Reed, Raymond Key and Henry Key.

Garnolia Common School District: J. E. Thomas and Bryan Williams.

Grassburr Common School District: Russell Wilks, Jr.

## Sale of 1953 Vehicle Tags Reported Slow

Sale of 1953 automobile license plates is reported slow this week at the office of County Tax Assessor-Collector C. E. Cederholm. Approximately 420 passenger car tags have been issued since they went on sale Feb. 1.

Since approximately 2,200 passenger cars are expected to be registered in the county, indications are that the usual last-minute rush to beat the April 1 deadline will be about as much as or more than the tax office staff can handle.

Applicants for motor vehicle registrations are reminded to bring their certificate of title and last year's registration receipt.

## Hospital Notes

Relatives and friends are requested to observe the following schedule of visiting hours at Garza Memorial hospital: 10 to 11 a. m.; afternoon 2 to 4 p. m.; evening 7 to 9 p. m.

Admitted to the hospital since Wednesday of last week was: W. C. Carradine, Post, medical.

**Dismissed:** Mrs. Nicholas Flores, James A. Ferguson, Mrs. W. F. White, Slaton, Mrs. Pat Blacklock.

## BITS-OF-NEWS

**Mr. and Mrs. W. J. Millican** and daughter of Fort Worth visited Thursday morning with Mr. and Mrs. W. E. Dent. Millican is safety director of Community Public Service in Fort Worth.

**Mr. and Mrs. H. V. Williams**, Miss Germaine Brown and H. V. Williams, Jr., visited relatives and friends in Odessa Sunday.

**Mr. and Mrs. Gordon Sanders** and daughters of Lubbock spent Sunday with Mr. and Mrs. W. E. Dent.

**Misses ElWanda Davies** and LaRue Stevens, Wayne Kennedy and their guests, Dian Chandler, Joy Ann Yarbrough and Jackie, visited in the Curtis Davies, Roy Stevens and Pete Kennedy homes Tuesday night following the Tech-Hardin Simmons basketball game in Lubbock.

**Mr. and Mrs. Lee Bowen, Susie** and "Butch" spent the weekend in Hobbs, N. M., with the John Sutton family.

**Mr. and Mrs. Bill Edwards** have returned from a vacation in New Orleans and other points of interest in that area. While in New Orleans they enjoyed some of the celebrations of Mardi Gras.

**Mrs. Bob Warren, accompanied** Mr. and Mrs. Tom Gates and Mr. and Mrs. Joe Bob Bumpass of Lubbock to Sweetwater Sunday for a visit with Mrs. Warren's sister, Mrs. Maud Gross.

**Sunday visitors of Mr. and Mrs.** Willie Daniels were his sister and family, Mr. and Mrs. Jessie Smith and baby, of Lubbock.

**Paul Duren, Jr., accompanied** by Miss Joyce Faulks, visited Mr. and Mrs. Paul Duren during the weekend. Both are employed by the telephone company in Carlsbad, N. M.

**Sunday guests in the home** of the Rev. and Mrs. Shelby Bishop were her brother-in-law and sister, Mr. and Mrs. P. W. Fuller, and daughter of Bovina.

## Special Activities At School Slated Friday

Revised plans for Public Schools Week as the observance draws near a close includes grouping of most activities on Friday. Chant Lee, high school principal, said Wednesday.

Working displays will be on exhibit in the science, chemistry and homemaking departments, and the public is invited to see them while visiting the school.

The senior class will present a special program at 11:45 a. m. Friday, and the high school band and choral club will be featured Friday evening in a program in the grade school auditorium.

## Investment Broker Speaker At Luncheon

Milton F. Kroner, representative of Merrill Lynch, Pierce, Fenner & Beane of New York City, investment broker, addressed a program on the advantages of buying stocks and bonds on Tuesday's Post luncheon.

The visitor's program was a talk and a film on the advantages of buying stocks and bonds. He was introduced by Shytles, program chairman.

## Lions Meeting

(Continued From Front Page) Proceeds from the sale are being used for construction of the Camp for Crippled Children at Kerrville, a rehabilitation center for youngsters who are suffering from non-contagious diseases.

Members of the grand jury were: W. S. Duckworth, foreman; George Carpenter, Roland Sulinger, S. E. Camp, Charley Bowen, Clint Herring, Floyd H. Hodges, L. A. Nance, D. H. Mayfield, Victor Hudman, Harold Lucas and Truett Fry.

Judge Reed will be in Post again the week of April 6 to call the criminal docket. The first criminal court jury of the new term is scheduled to report April 28.

Ted Hibbs, manager of Southwestern Public Relations, told fellow Lions members that the company would provide cost to the club, 16-mm. films for use as propaganda.

These films cover a wide range of subjects, he said. Charles Dwyer attended the meeting as a guest of honor.

The Mauretania holds the Atlantic speed record for 1939.

## Main Street ---

(Continued From Front Page) is in Hudman Furniture Company store. The Westinghouse features the exclusive electronic clarifier and insures no streaks, no flutter and no flop-overs. Check Hudman Furniture ad in this issue of the Dispatch for details about this new TV machine.

Did you guys and gals know that a month from today is EASTER?

More for your fashion dollar if you select several Doris Dodson dresses from Dunlap's large stock. These beautifully styled dresses come in sizes from 7-15 and are designed for the smaller women and girls. Chambray, Nylon Denim, Orlon—all specially woven and treated in the newest weaves—are used for Doris Dodson dresses. See these dresses early.

Put your best foot forward into spring with Haws Friendly Shoes. "Able" and Burnon have just unpacked Linen Pumps in medium and high heels. Since "Linen is in the news," you will certainly want several pairs dyed to match your dresses and suits. With each purchase of a linen shoe you will receive a FREE bag to match. Check Haws Friendly Shoes ad in this issue of the Dispatch.

Calling all femmes who wear Half-Size dresses and suits! Herring's has just unpacked many Seas-n-rite suits in half sizes. Featured this week in Herring's ad is a Suit Marvel which is designed to flatter, because it minimizes your waist, gives an illusion of height and is designed to fit the fuller figure. See these suits today.

# Farmers Receive Facts On Weather Improvement District

County farm owners and tenants are being educated this week on a summary of the West Texas Weather Improvement District. John Lott of Post, president of the district, said Tuesday that the district is now under way for a contract between the district and the Post, Lott said. Farmers receive a summary of the district, also a graph to fill out and mail to the First National Bank. The checks will be held until the contract is signed.

For participation in the seeding of last year, according to Lott, are one and one-half acres per year on land and four and one-half acres per year on acreage.

Interested in the district as contributors, we are unable to complete the Lott said.

West Texas Weather Improvement District at this time consists of six counties, in the western part of Garza.

It is a story about seeding. If you are interested in a few facts and pertinent information about the program, this story will interest you.

Seeding isn't anything new. It's been going on since man has learned to apply scientific principles to agriculture. The early Egyptians had various methods for inducing rain.

Some tribes have had their own rainmakers and rituals known in the United States.

The U. S. Department of Agriculture hired a professional rainmaker, and his first work was done in the West, like most rainmakers, he used experiments, he used the theory that many wars were fought in the resulting from heavy rain.

The fact that most of the rain fell on the ground and most battles were not ended before the rain, and there was no rain that explosives had anything to do with rainfall in any way.

Now, here is an interesting little statement. In 1910 Mr. C. W. Post, the Michigan breakfast-food millionaire, started a series of experiments on both sides of the Cap Rock, in Lynn and Garza Counties in Texas, to make rain with explosives. In the summers of 1910 and 1911 he spent a small fortune on dynamite and kites, but no rain resulted and he died shortly after his experiments.

In 1949 research scientists at General Electric proved definitely that dry ice and silver iodine can induce a cloud to give up its moisture.

At this time Dr. Irving P. Krick, of the California Institute of Technology, Meteorology Department, became interested in trying to work out a technique which would make rain-increasing economically feasible, in order that it might be carried out for the benefit of the vast semi-arid areas of the world. He also realized that the success of such an operation must be based on a complete knowledge of the weather, since it is impossible, with what is known today, to make rain, but only to increase it when natural conditions are such that some rain is going to fall from natural causes. Then with each storm that passes, a little more rain can be made to fall than would have fallen otherwise.

Drawing upon the vast knowledge of weather he had acquired in 13 years as head of the Meteorology Department of Cal. Tech, he began to experiment with airplanes and dry ice. This method was soon given up as impractical, since the best opportunities for cloud-seeding were often during the worst conditions for flying.

At the same time, General Electric scientists discovered that silver iodide would do the job that dry ice was doing and would do it much more efficiently. With this knowledge at hand, Dr. Krick began the task of engineering the operation in such a way as to make it scientifically sound from the chemical and physical standpoint and still economically practical. He began experimenting with

the ground generator, which released silver iodide crystals. Convective winds picked up these crystals and carried them into the upper-air currents which were carrying the moisture-bearing clouds. The crystals provide the nuclei for the raindrop to form upon. For the first time he really began to put the weather to work for mankind.

The early experiments showed so much promise that in 1948 Dr. Krick resigned from Cal. Tech to form the American Institute of Aerological Research. This is a non-profit organization designed to carry out further research in rain-increasing, as well as a host of other unexplored weather fields. The nucleus of this new organization was made up of former members of the staff of the Cal. Tech Department of Meteorology. This organization, fostered by former members of the U. S. Weather Bureau and former airline meteorologists, is now a vital part of the cloud-seeding organization, in that it conducts continuous research which is increasing the efficiency of operations month by month. Today the American Institute of Aerological Research, the Water Resources Development Corporation, and Dr. Krick's Weather Forecasting business, employ more than sixty persons who occupy two buildings in Denver, Colorado. Including among these employees are more than twenty meteorologists, statisticians, agronomists, hydrologists, and other scientists who daily work on all types of weather problems. A battery of teletype machines daily bring in more than a million pieces of weather information to these laboratories, coming from weather bureau reporting stations over the entire Northern Hemisphere, for use in forecasting and rain-increasing projects.

Dr. Krick, who played an important role in forecasting the weather for D-Day Invasion of Normandy, and who has an enviable record of "firsts" in weather advancement, also points to the limitations of cloud-seeding. He cannot make it rain. He cannot change the course of storms. He cannot cause them to go, or not to go, any place that they were not predestined to go. He can only increase natural rainfall when weather conditions present themselves over the project area comprised of the proper moisture and temperature conditions within the ranges that can be affected by cloud-seeding.

Dr. Krick, who played an important role in forecasting the weather for D-Day Invasion of Normandy, and who has an enviable record of "firsts" in weather advancement, also points to the limitations of cloud-seeding. He cannot make it rain. He cannot change the course of storms. He cannot cause them to go, or not to go, any place that they were not predestined to go. He can only increase natural rainfall when weather conditions present themselves over the project area comprised of the proper moisture and temperature conditions within the ranges that can be affected by cloud-seeding.

the ground generator, which released silver iodide crystals. Convective winds picked up these crystals and carried them into the upper-air currents which were carrying the moisture-bearing clouds. The crystals provide the nuclei for the raindrop to form upon. For the first time he really began to put the weather to work for mankind.

The early experiments showed so much promise that in 1948 Dr. Krick resigned from Cal. Tech to form the American Institute of Aerological Research. This is a non-profit organization designed to carry out further research in rain-increasing, as well as a host of other unexplored weather fields. The nucleus of this new organization was made up of former members of the staff of the Cal. Tech Department of Meteorology. This organization, fostered by former members of the U. S. Weather Bureau and former airline meteorologists, is now a vital part of the cloud-seeding organization, in that it conducts continuous research which is increasing the efficiency of operations month by month. Today the American Institute of Aerological Research, the Water Resources Development Corporation, and Dr. Krick's Weather Forecasting business, employ more than sixty persons who occupy two buildings in Denver, Colorado. Including among these employees are more than twenty meteorologists, statisticians, agronomists, hydrologists, and other scientists who daily work on all types of weather problems. A battery of teletype machines daily bring in more than a million pieces of weather information to these laboratories, coming from weather bureau reporting stations over the entire Northern Hemisphere, for use in forecasting and rain-increasing projects.

Dr. Krick, who played an important role in forecasting the weather for D-Day Invasion of Normandy, and who has an enviable record of "firsts" in weather advancement, also points to the limitations of cloud-seeding. He cannot make it rain. He cannot change the course of storms. He cannot cause them to go, or not to go, any place that they were not predestined to go. He can only increase natural rainfall when weather conditions present themselves over the project area comprised of the proper moisture and temperature conditions within the ranges that can be affected by cloud-seeding.

# SECTION TWO

# Chambers Haulers Repeat As Rotary Tournament Champions

The Chambers Haulers of Ropesville repeated as champions of the Post Rotary Club's Invitational Independent Basketball tournament Saturday night by downing Plainview's Reed Raiders, 69-66, in a thrill-packed game.

The Haulers had backed into the finals of the club's second annual tournament by taking a forfeit from Thomas Tinklers of Lubbock. The Raiders didn't have it so easy, having to defeat Primm Drug, one of the pre-tournament favorites, 57-53, to win their way into the championship match.

The Raider-Primm Drug semi-final match was followed by the exhibition game between the Post High School girls and the Ninth Grade boys team. The girls, who are to compete in the state McCamey League tournament at Waco March 9-11, won over the ninth graders, 21-17, in an abbreviated contest which afforded the players some practice and provided a number of chuckles for the crowd. The game

**DOAKER TO CAVOID AS PRO AGAIN IN FALL**—Doak Walker (left), Detroit Lions professional football team ace who is an all-time SMU great, is shown signing a new two-year contract with Gen. Mng. W. Nicholas Kerbow who points out the dotted line. Walker reportedly will receive \$15,000 a year.

was played under girls' rules. In the championship contest, the Haulers got off to an early lead on a field goal by Eston Blackman, but were behind 12-15 at the end of the first quarter. Cecil Davis sank four fielders in the opening stanza to help get the Plainview team out front.

The Ropesville cagers began to play catch up early in the second stanza, by the end of which the score was knotted, 30-30. Blackman and Glenn Braden were doing most of the hitting for the Haulers, with John Gatlin and Dub Bryant providing the spark for the Raiders. The lead changed hands six times during the quarter.

Braden hit a free throw to put the Haulers a point ahead shortly after the second half got under way, but stoiky Jake McFarren came back with a charity toss for the Plainview five, and the score was knotted again. Blackman, fouled by Pete Campbell, sank both free throws to give the Haulers a 33-31 lead, but Campbell tied it up again on a hook shot.

Late in the quarter, Blackman and Braden began finding the

range and the Haulers soared ahead, 50-45, when the buzzer sounded.

The Plainview five came back strong and early in the final quarter tied it up at 54-all on a jump shot by Bryant. The Haulers regained the lead on a field-goal by Blackman, the Raiders tied it again on a side shot by Davis, then dropped two points behind on a lay-up by Blackman.

As the quarter wore on, a field goal by McFarren once more brought the Raiders up even, this time at 59-all, but they faded after once again knotting the count at 62-62 on a hook shot by Gatlin.

Blackman broke the tie with a field goal and Gene McKee hit one of two free throws to give the Haulers a 65-62 edge. Blackman cashed in on two more charity tosses after being fouled in a desperate attempt by the Raiders to break up a "freeze." Gatlin hit for Plainview to bring his team within three points, but Highlon Moreland sank one for the Haulers to make it 69-64. Gatlin drove under to sink a hook shot for the Raiders just before the final buzzer.

The grueling 57-53 win over Primm Drug less than an hour earlier told on the Raiders in their championship contest with the Ropesville five. Excessive fouling also hurt their cause. Davis, Bryant and McFarren all fouling out in the final quarter.

In the semi-final match, the score was tied, 14-14, at the end of the first quarter, but the Raiders had gone ahead to stay, 26-17, at the halftime intermission. At the end of the third quarter, they held a 42-34 lead, and a Primm rally fell short in the final quarter.

Davis, with 20, and Gatlin, with 12 points, led the Plainview entry in their semi-final victory. Jack Yelkon scored 13 points, and Charles Pinnell 10 for the losers.

A \$65 cash prize went to the champion Ropesville team, with the runner-up Plainview five receiving a \$35 award.

Following is the box score of the championship game:

**Chambers Haulers**

Player	fg	ft	pf	pts.
McKee	1	3	4	5
Braden	6	5	3	17
Blackman	9	7	4	25
Watts	3	5	2	11
Arant	3	1	5	7
Moreland	1	1	2	4
Total	23	22	21	69

**Reed Raiders**

Player	fg	ft	pf	pts.
Davis	7	3	5	17
Gatlin	7	8	3	22
Campbell	3	3	4	9
McFarren	2	4	5	8
Bryant	4	2	5	10
Total	23	20	22	66

????? QUESTION ?????  
**CAN MAN MAKE RAIN**  
— ANSWER —  
**NO — EMPHATICALLY — NO**

—Can man make a cloud with chemicals?  
—Again the answer is NO!

—Can man with chemicals cause a storm system to develop and change the path of that storm as it moves across the country?  
—NO. Storms develop and move across the country according to NATURE'S immutable laws which have been in existence since the Creation.

—Can man assist Nature with chemicals to induce more rain to fall?  
—YES, granting the fact that there is a storm already in existence, science has learned how to assist nature in this as in many other fields. Science has produced new drugs from natural sources to combat many of our most deadly diseases. WE ACCEPT THAT. In industry, science has produced synthetic rubber, plastics and many other synthetic products. To do this they first learned with test tube and microscope how the natural product was made and reproduced the natural product with other materials and came up with a synthetic product. WE ACCEPT THAT. Science has learned how to fertilize our soil and increase the yield per acre of the crops we plant. WE ACCEPT THAT. Through science we learned of underground water and built rigs to drill and pumps to pump this water to the surface where NATURE DID NOT PUT IT. WE ACCEPT THAT. By actual flights into the upper air and with balloons, scientists learned how Nature produces rain and snow. This process has been duplicated using dry ice (carbon dioxide), silver iodine and other chemicals. These chemicals work EXACTLY as nature works to cause snow flakes and rain drops to fall from the clouds. No man has succeeded when he worked contrary to Nature's laws, but when nature does her part and man does his part, many wonderful things have been achieved.

—Then cloudseeding or Weather Modification depends on Nature to first produce the cloud or storm system?  
—That is absolutely right. When there is no storm, no amount of silver iodine or any other chemical can make it rain.

—Is cloudseeding widely practiced?  
—Yes. Commercial companies are now doing cloud-seeding and research in seventeen (17) Western States and the United States, in England, Australia, Canada, Spain and Central America. A number of other nations are at present negotiating contracts to begin cloud-seeding at an early date.

**Q.—Are positive results being obtained?**  
A.—Independent scientists from many of our leading Universities and Industries have made evaluation studies of work done in the past three years. These studies confirm increases in rainfall and increases in crop yields within project areas treated with silver iodine.

**Q.—Who are some of these agencies who have made these studies?**  
A.—The Bonneville Power Administration, Portland, Oregon; General Electric Corp., of Schenectady, N. Y.; the Water Resources Board, Sacramento, Calif; Colorado Water Control Commission of Denver Colorado; South Dakota State College, Brookings South Dakota; and the Oregon State College, Corvallis, Oregon. These are a few who have studied this new science of Weather Modification and given favorable reports, urging further study and research to improve methods.

**Q.—Did you say the Bonneville Power Administration isn't that an agency of the U. S. Government?**  
A.—Yes. The Secretary of the Interior contracted with Dr. Irving P. Krick in September 1951 to seed the water shed of the Columbia river. The Grand Coulee Dam was nearly dry and electric power generation was drastically curtailed. Ten days after cloudseeding started, water was running through the spillway and the contract was terminated. Also the U. S. Weather Bureau is now engaged in cloudseeding in Southwest Oregon, doing research work to learn more about this new science.

From the above, it can be seen that the Science of Weather Modification is widely recognized and practiced. The Board of Directors of the West Texas Weather Improvement District, Inc., of Lamesa, Texas, commend this program to you and solicit your support to continue this program of cloudseeding with silver iodine in Borden, Dawson, Gaines, Terry, Lynn and Garza Counties. The cost to Garza counties is 1½ cents for grass land and 4½ cents for farm land per acre per year.

### Recruiters Slate Visits To Schools

Service opportunities for boys who will be graduated this spring from Post High School will be outlined here next Tuesday by Lubbock recruiters for the Armed Forces.

The local high school is included in a series of tours being made throughout the South Plains by the recruiters.

Representatives from one or all of the services will be present. In cases where a recruiter is not present to represent a given service, information on his arm will be supplied by one of the

other members.

Leading the tours will be Chief E. H. Linenbroker, Navy; M. Sgt. H. S. Range, Marine Corps; T. Sgt. Johnny Barnett, Air Force, and SFC Robert A. Bills, Army.

Although primarily aimed at boys, the tours will also give information on women's branches of the service.

"We will attempt to explain each of the various ways in which a man may fulfill his commitment for military service," Range said. "Lectures, counseling and literature will all be made available."

The average income per family in the United States is about \$3,300.

## Garza County 4-H Members To Join In 4-H Club Week Observance March 7-14

Approximately 285 Garza County 4-H Club boys and girls will join thousands of others throughout the state March 7-14 in observance of "4-H Club Week" in Texas, recently proclaimed by Gov. Allan Shivers to recognize 4-H Club work being done in the state.

County Agent Lewis Herron has announced that the annual Junior Fat Stock Show on Saturday, March 14, will highlight the week's observance by the county's 4-H Club boys.

Miss Jessie Pearce, county home demonstration agent, said the 4-H Club girls had hoped to hold a county-wide 4-H party at the end of the week, but that nothing definite has yet been planned.

Four of Garza County's 13 4-H Clubs are in the Post schools—two in high school and one in grade school. Others are at Justiceburg, Southland, Garnolia, Close City and Graham—each place having two clubs, one for boys and the other for girls.

G. G. Gibson, director, Texas Agricultural Extension Service, said the group present in Governor Shivers' office when he signed the proclamation included Floyd Lynch, state 4-H Club leader and Erma Wines, assistant; Rose Erisman, Travis County home demonstration agent, and Mrs. Ruth Mozzi, assistant; community leaders, David Ceders, and Mrs. Fred Buass, Oak Hill; and Delbert Taylor, Tarrant County and Dorothy Foltyn, Lamb County, co-chairmen of the Texas 4-H Council, who presented the governor with an honorary 4-H Club membership.

The governor's proclamation reads:

"In recognition of the influence on our rural youth through 4-H Clubs sponsored by the Texas Agricultural Extension Service in training aggressive and trustworthy citizens;

"And, the representation of youth in the organization numbering in excess of 117,000 Texas boys and girls cooperating with county agricultural and home demonstration agents, assisted by volunteer leaders, demonstrating to others better methods of farming and homemaking;

"And, the growth of their organization which found its beginning in corn clubs and tomato canning clubs, utilizing the teaching demonstration of which observance is made this fiftieth anniversary;

"THEREFORE, I, as Governor of the State of Texas, do hereby designate the week of March 7-14 as 4-H CLUB WEEK in Texas, and urge all of our citizens to participate in its observance."

### Fewer Applicants For Driving Tests Here

Joe McLaren, driver's license examiner from the State Department of Public Safety office in Lubbock, reported here Tuesday that the number of applicants for licenses has tapered off to the point where it can be called "light."

The examiner is here every first, third and fourth Tuesday in the district courtroom. He advises those planning to take examinations to study the Texas Driving Handbook, a copy of which may be obtained at the tax assessor collector's office.

Plankton, the microscopic life in sea water, can color snow and ice.

**GOVERNOR PROCLAIMS 4-H CLUB WEEK MARCH 7-15**—Governor Allan Shivers is shown signing a proclamation designating March 7-15 as "4-H Club Week in Texas." Watching are (left to right) Mrs. Fred Buass, Travis county adult 4-H leader; Delbert Taylor, Tarrant county and Dorothy Foltyn, Lamb county, co-chairmen for the Texas 4-H Council; Floyd Lynch, state 4-H club leader; David Ceders of Oak Hill, and G. G. Gibson, director of the Texas Agricultural Extension Service.

### Graham News

By MRS. DILLARD THOMPSON  
Please Send News Not Later Than Monday To Graham Correspondent

Mr. and Mrs. Clinton Gandy and girls of Tahoka spent Wednesday with the Carl Fluit family.

Jerrel Stone of Abilene was a weekend visitor in the home of his parents, Mr. and Mrs. James Stone, Sunday visitors included the Albert Stone family.

David Rogers left Thursday to go to work in the oil fields near Colorado City.

Mrs. Johnnie Booth and son arrived Saturday night by train from San Pedro, Calif., for a visit with their parents and grandparents, Mr. and Mrs. Bryan Maxey.

Mrs. Billie Meeks and children of Slaton spent Sunday with Mr. and Mrs. Harley Wallace and children.

Janet Moore of Post was a Sunday guest of Carolyn Moore.

Mr. and Mrs. Bob Lusk went to Lorenzo Sunday for a visit with the Z. P. Lusks and Mr. and Mrs. Harold Wallace and children.

Mr. and Mrs. Archie Nelson of Lubbock were visitors of Mr. and Mrs. H. L. Mason and family Saturday.

Mr. and Mrs. A. O. Parrish were called to Seymour to attend funeral services for his uncle Sunday.

Mr. and Mrs. Kittrell of Lorenzo spent the weekend with their daughter and family, Mr. and Mrs. Albert McElride and children.

Mr. and Mrs. W. O. Fluit, sr., were Sunday guests in the Lubbock home of Mr. and Mrs. Carl Evans.

Mrs. Roy Ethridge accompanied Mr. and Mrs. Tom Ramage to Houston last week. The Ramagees took their daughter, Vicki, to Houston for a medical checkup.

Mr. and Mrs. Bill McMahon and girls spent the weekend in Fort Worth with their daughter and sister, Mrs. Frank Chandler, and family. Mrs. Chandler and girls accompanied them home for a visit.

Mr. and Mrs. Charlie Rogers were in Lovington, N. M., Saturday where they visited her brother-in-law and sister, Mr. and Mrs. Albert Wood.

Kyle Lee Davis of Dallas was a visitor in the home of his father, Elvus Davis, and his grandparents, Mr. and Mrs. Glen Davis, the first of the week.

Albert Stone was recently elected a trustee of Graham school to replace Harlan Morris, who moved to VanHorn.

Mr. and Mrs. Theibert McBride and children, Auvy Lee and Shirley, visited Mrs. McBride's parents, Mr. and Mrs. P. L. Reese, in Ralls Sunday.

Mr. and Mrs. Elmer Cowdrey left yesterday for Temple, where she is to undergo a medical checkup at Scott and White hospital.

Delwin Fluit visited over the weekend with Wayland McClellan in Post.

Mr. and Mrs. Quannah Maxey and girls visited in Roaring Springs Sunday in the home of her parents, Mr. and Mrs. J. D. Green.

Kenneth, Patsy and Gloria Thompson and Loma Dell Crockett attended a birthday party for Shelia Morris at Close City Sunday.

Mr. and Mrs. Billy Johnson and sons, Allen and Robert, of Pleasant Valley were Sunday dinner guests of Mr. and Mrs. W. A. Oden. Afternoon visitors were Mr. and Mrs. Mrs. Alfred Oden and family.

Nona Stone was feted Saturday night with a birthday supper in the home of her parents, Mr. and Mrs. James Stone. Fourteen guests were present. The group went to a basketball game in Post following the meal.

Mrs. Charles Moore and twin daughters, Susan Elaine and Carolyn Eileen, of Lubbock were visiting in the Dillard Thompson and Dillard Morris homes Sunday.

Willis Stanley of Sweetwater will conduct services at the Church of Christ Sunday.

There will be preaching services at the Methodist church Sunday.

Mrs. Elgie Stewart spent the weekend at home but returned to Levelland Sunday to take care of her daughter and family, the Blanton Masons, who were injured in an automobile accident several months ago.

Wednesday, March 11, the women of Graham Methodist church will meet at the church at 2 o'clock in the afternoon, to pack clothing to be sent to Korea. Anyone wishing to help or send any clothing is welcome to do so.

### Close City 4-H Girls Get Record Sheets

Close City 4-H girls met Tuesday of last week for a demonstration on milk Record sheets were presented to the group for their respective projects by the agent, Miss Jessie Pierce.

These present were Oneita Jones, Linda Livingston, Linda Bartlett, Juanita Fitzgerald, Frances Martinez, Barbara Blacklock, Shirley Morris and Frances Barron.

Five barrels of gasoline contain about the same energy as is contained in a ton of coal.

### Bits Of News From Here and There

Sunday guests of Mr. and Mrs. Lowell Short included his parents, Mr. and Mrs. S. C. Short, of Hale Center; his sister and family, Mr. and Mrs. W. Z. Compton and Ann, of Fort Worth; his son-in-law and daughter, Mr. and Mrs. A. B. Hill, and son of San Angelo; his brother and sister-in-law, Mr. and Mrs. ... and their grandsons, ... Mr. and Mrs. D. C. Arthur of Memphis, Tex., spent the end with her parents, ... Mrs. Oscar Graham, Mrs. ... is the former Miss Mary ... Graham.

**Girl Scout News**

Brownie Troop Three met Wednesday afternoon in the home of Mrs. Billy Blackstock. The girls completed their belt projects and elected officers for the remainder of this term. They are Pinkie Taylor, president; Susie Bowen, vice-president; Judy Altman, secretary-treasurer; and Jerilyn Davies, reporter.

Jerilyn served refreshments to the following: Judy, Beverly Bird, Susie, Pat Smart, Clara Francis Smiley, Olive Henderson, Pinkie, Micky Vargas, Mrs. Pat Henderson and Mrs. Blackstock.

Brownie Troop Four held an investiture ceremony in the home of the leader, Mrs. Jack Ballentine. During the business session, they discussed sponsoring a bake sale to raise money for the troop.

March officers were elected as follows: Earlene Holly, president; Linda Dulaney, vice-president; Judy Childers, treasurer; Carol Ann Edwards, scribe; and Jeanette Hutto, secretary.

Fourteen members and a visitor, Janet Foster, enjoyed refreshments served by Beverly Young.

Girl Scout Troop One members joined more than 300 others from the area at camp reunion Saturday afternoon in the Girl Scout Little House in Lubbock.

The program included movies and colored slides made last summer at Camp Las Leonitas, the camp at Buffalo Lakes; camp songs and several scenes enacted by Lubbock Senior Scouts.

Attending from Post were Patricia Crowley, Patricia Ross, Linda Lott, Frances Dietrich, Lucy Trammell, Barbara Haragan, Mrs. Phil Trammell and Mrs. James

**STATE HIGHWAY COMMISSION GETS NEW MEMBER**—Planners of Texas highways: (from left to right) Robt. J. Potts of Harlingen, the latest commission member Marshall Formby of Hereford; E. H. Thornton, jr., of Galveston, and at right State Highway Engineer D. C. Greer. Thornton has been re-appointed commission chairman and here he is shown congratulating the West Texas man, Formby is a graduate of Texas Tech and also holds degrees from the University of Texas and Baylor University. A former county judge in Dickens county and state senator, he has been busy practicing law and with his interests in radio stations in Hereford and Floydada. He succeeds Fred Wemple of Midland on the highway commission.

**Justiceburg News**  
Please Send News Not Later Than Monday to MRS. GEORGE EVANS Justiceburg Correspondent

Mr. and Mrs. H. L. Morgan visited her parents, Mr. and Mrs. H. D. Taylor, and her brother, H. D. Taylor, Jr., in Jayton Sunday. H. D. Jr. has just returned from France where he had been stationed with the Army for some time.

Mr. and Mrs. Sam Heintz were in Colorado City transacting business and visiting friends Thursday.

Mr. and Mrs. J. W. Ward of San Angelo were guests in the home of Mr. and Mrs. George Evans Wednesday night.

Mr. and Mrs. Gene Caffey of Lubbock visited her parents, Mr. and Mrs. Billy Cantrell over the weekend.

Mrs. Doyle Justice has been a patient in Lubbock Memorial hospital for the past few days. She is suffering from a throat and chest infection.

The Rev. and Mrs. Ennis Hill and children of Goldsmith were guests of Mrs. Hill's parents, Mr. and Mrs. Elmer Pettigrew, and the W. C. Caffey family last week.

Mr. and Mrs. Bill Barnes and children of Ira visited Mr. and Mrs. Sam Heintz and Shirley Sunday.

Mrs. Etta Clarkston is visiting her daughter and family, the W. H. Handcocks, in Seminole and is getting acquainted with a new granddaughter, Linda Sue.

Mr. and Mrs. Ott Nance had as their weekend guests their daughter, Lois, and her friends from Amarillo.

Several women of the community met Monday afternoon and organized a WMU unit of the Baptist church. Officers were elected as follows: Mrs. Herman Messer, president; Mrs. Roland Sullenger, vice-president; Mrs. W. C. Caffey, secretary-treasurer; Mrs. George Evans, community missions and benevolence; Mrs. Doyle Justice, missionary and Bible; Mrs. Kelly Sims, secretary and treasurer of the young people; Mrs. Maudie Justice, stewardship chairman. The group will meet the first and third Mondays in each month at 2:30 o'clock in the afternoon.

**Annual Scholastic Census Under Way**

With supplies in the hands of all school officials, the annual school census in Garza County is to get under way this week, County Supt. Dean A. Robinson said Monday.

To be counted as eligible students in the census are those who will be at least six and not more than 18 years old on Sept. 1, 1953, Robinson said.

Last year Garza County's school census showed 1,520 scholastics in the independent school districts of Post, Close City and Southland and the common school districts of Graham, Grass-

burr, Justiceburg and Garnolla. The amount of money the state contributes during the scholastic year for use by the school depends upon the number of scholastics, hence it is important that as complete a count as possible be made.

The census is to be completed this month, the county superintendent said.

**ASSESSING PROPERTY**

Assessment of state and county property for the 1953 tax rolls is under way and is to be completed by May 1, it was reported Tuesday at the office of County Tax Assessor Collector C. E. Cederholm. Those not contracted on the assessor's rounds are asked to go by the office and render their property for assessment.

**Antelope Habits Led To Naming Of Grade School Paper, 'The Sentinel'**

Principal Ellis M. Mills explains that the name "Antelope Sentinel" was chosen for the Post Grade School bi-weekly publication because some of the pupils recalled that antelope herds usually have one or more of the animals stationed at the outer edges to warn of approaching danger.

The current issue of the "Antelope Sentinel"—Volume 1, Number 9—dated Feb. 27, contains seven mimeographed pages containing news of the student body and faculty.

Co-sponsors of the paper are Miss Joy Scott and Jack Lancaster, with Miss Katharine Striker doing the art work.

The student staff is composed of: Frances Dietrich, editor; Jimmy Short and Mary Louise McCrary, assistant editors; Victor Hudman, business manager; Don Clary and Bobbie Cowley, sports editors; Mike Ray, art editor; Barbara Haragan and Linda Bilberry, gossip columnists; Linda Lott, news editor, and Jackie Payne, Mary Ann Bowen, Patsy Rogers, Sharon Brooks, Kay Martin, Herbie Hays, Patricia Dietrich.

**Close City News**  
Please Send News Not Later Than Monday to MRS. WILL TEAFF Close City Correspondent

Visitors in the R. V. Blacklock home Sunday were Mr. and Mrs. Tom Blacklock of Post.

Mr. and Mrs. Walter Brown spent Sunday at Graham with the Walter Stevens family and the Rev. and Mrs. R. E. Bratton.

Visitors in the Will Teaff home over the weekend were Glen Teaff of Tye, Kermit Newton of Merkel, N. B. Teaff of San Angelo and Novis Furr. Sunday afternoon visitors included Albert Bayer and Miss Caroline White of Lubbock and Mr. and Mrs. Jim Barron and Frances.

Wayne Longshore of Odessa was a guest in the Walter Brown home last week.

Mr. and Mrs. Benton Mason of Salinas, Kans., visited his par-week.

Mrs. W. D. Furr and LaVerne spent the weekend in Childress and Plainview with relatives.

The Will Teaffs had as their overnight guests Monday Mr. and Mrs. Dee Teaff of Merkel and Miss Lonita Teaff of Tye. They attended funeral services for Mrs. Ottis Isom in Idalou Tuesday.

Mr. and Mrs. Barnie Jones and family were called to Sweetwater Saturday to the funeral of an uncle.

Novis Furr had the misfortune of breaking his arm Saturday.

Mr. and Mrs. A. O. Rosenbaum spent Sunday afternoon in Post with the Hugh Caywoods.

**Chorus To Present St. Pat's Program**

Miss Wanda Rogers' grade school chorus will help make March 17 a big day for the Irish when they present a St. Patrick's Day program in the Wilson school on that date.

Some of the "songs of the old sod" to be sung at Wilson by the 30-voice chorus will be heard here Friday night at the Public Schools Week program in the grade school auditorium.

The program to be presented at Wilson by Miss Rogers' choristers will be one one-half of an exchange program, with pupils from the Wilson grade school to present a program here later in the school year.

The Solid South maintained its political unity from 1877 to 1928.

**ATTENDS INSTITUTE**

Virgil Short, an associate of the Les Short Buick Co., returned Sunday from Flint, Mich., where he attended an eight-weeks General Motors Institute on general business training. His wife went to Flint a few days before the institute closed and accompanied him home.

**Only Gas** gives you so much oven for your money in wonderful new automatic ranges

See — automatic clock control turns oven on and off, cooks dinner while you're busy elsewhere.

Plus — space enough for 35-pound turkey in the new Gas ovens. That's because there are no protruding parts with Gas. You get more height, more space, more oven than you do with any other kind of fuel.

See — automatic lighting, without matches, at the turn of a knob. Not only the oven, but the broiler and top burners, too!
