

City churches set Christmas services for next Sunday and coming week

Activities in the city's churches in the next few days will help stress the solemnity as well as the joyousness of the Christmas season.

Practically all churches will center services Sunday around the Christmas theme, with some extending their observances into the coming week.

Coupled with most of the services are events for children of the

churches, such as Christmas trees and parties, a number of which have already been held.

At the First Christian Church's annual Christmas event Sunday evening, the senior choir will be in charge of the program, "Christmas Joy Bells". There will be other holiday music and songs at the service, a tree for the children and refreshments for the adults,

according to the Rev. Almon Martin, pastor.

Following a Christmas worship service at the Church of the Nazarene Sunday morning, the church's Christmas program will be held Monday, the Rev. Cecil Stowe, pastor, has announced.

Sunday school classes will be in charge of the Christmas program at the First Methodist Church Sunday night, according to the

Rev. Eugene Matthews, pastor. Santa Claus will be present to distribute gifts to the youngsters from the Christmas tree.

The Church of God of Prophecy will have its annual Christmas social at 7 o'clock Sunday night, the Rev. R. W. Patterson, pastor, announces. The program will include a play, "His Birthday," and gifts will be exchanged at the Christmas tree.

The program, "White Christmas," will be presented at the Calvary Baptist Church's annual Yuletide party Wednesday night. There will be a tree and bags of candy and fruit will be distributed.

The Rev. Graydon Howell, pastor of the Calvary Baptist, has announced his sermon topic for Sunday as "The Stars of Hope."

The primary department of the church were to hold their Christ-

The Christmas season is rushing upon us—but probably the best gift of all to this area was the soaking rain of early this week. All the gifts won't come at Christmas either with the Merchants' Christmas party slated to give away some 54 gifts late Monday afternoon under the Main Street Christmas tree to lucky shoppers, the Fire Department ready with their Christmas turkey give-away Saturday, and The Dispatch's Christmas coloring contest heading for a Saturday deadline with big prizes for the winners and show passes for everybody. And that's not including the new Chrysler compact car, the Valiant, which will be given away from the Tower Theatre stage at 9 p. m. Friday.

Speaking of the holiday season, here are a number of fine outside scene lighting displays around town worth seeing. One of the newest is at the David Newby home where Dave has fashioned a big, bright tree out of foil, wood, paint, and chicken wire with a large Noel to go with it. That's at 15 West Seventh.

Dr. Harry Tubbs bought himself a real Christmas present a couple weeks early when he came home last week from the American Medical Association meeting in Dallas driving a new Jaguar. See POSTINGS Page 8

Sentences suspended for trio of juvenile offenders

Three juveniles, all Mexicans, were sentenced to the state reformatory by County Judge J. E. Parker at a hearing yesterday afternoon, after which the sentences were suspended and the youngsters released in custody of their parents or other relatives.

One of the three, a 12-year-old,

confessed to stealing the loaded pistols of three officers Tuesday afternoon of last week and then breaking into the sheriff's office and stealing, whiskey, vodka, wine, cigarettes and another pistol.

The juveniles also confessed stealing a radio and typewriter from Earl Rogers' Garza Farm

Store, and three cases of soft drinks, chewing gum and potato chips from the VFW Hall.

Not all three of the boys were in on all the thefts, Judge Parker said, but each took part in one or more of the break-ins.

The juveniles were taken into custody Saturday by sheriff's officers, with City Marshal Otis G. Shepherd Jr. assisting on the case. The officers' guns were recovered, as well as the radio and typewriter taken from the farm store.

Cotton ginnings near 18,000 mark

December rainfall here is heaviest since 1942

The heaviest December rainfall since 1942 has fallen here since Monday night, coming at a time when the last of the 1959 cotton crop is being gathered.

Only four times in 48 years has rainfall in Garza County exceeded two inches in December.

Rain gauges in Post late yesterday showed a total of two inches, with more moisture in sight. Elsewhere in the county, more rain was registered, with some sections getting up to two and a half inches. East and northeast of town, the rain is reported to have measured nearly three inches.

The rain is providing excellent

underground moisture, with farmers already making preparations to prepare their land for another crop.

Cotton ginnings Wednesday morning totaled 17,961 bales at the county's six gins, with the end in sight.

At the Graham Co-op Gin, where 4,341 bales had been turned out, the word was that they would run a day or two after Christmas, depending on the weather.

The Planters Gin in Post also said that their season shut-down date depended on the weather, with the plant now operating two

Saturday is Contest

Deadline

Deadline for The Dispatch's Christmas coloring contest for youngsters through 12 years old is Saturday noon.

Entries should be either mailed or brought to The Dispatch office.

Six fine toys are offered as prizes, three in each of the two age divisions—7 and under, and 8 through 12.

The pictures to color appeared on page 11 of the Dec. 10 issue of The Dispatch.

Winners will be announced in the Christmas eve edition Dec. 24, but the newspaper will make every effort to get prizes to the winners before Christmas.

Every contest entrant will receive a pass to the Tower Theatre, courtesy of Tower Manager Johnny Hopkins.

Saturday afternoon

Santa Claus is coming

When Santa Claus comes in on the new city fire truck Saturday afternoon, he will stop at the parking lot at the new First National Bank Building just east of the courthouse.

Homer McCrary of the Post Volunteer Fire Department, which is sponsoring Santa's pre-Christmas visit here, announced yesterday that the bank building contractor had given permission for use of the parking lot.

Twenty-five turkeys will be awarded by the firemen through the cooperation of the same number of Post business firms, and Santa Claus will have bags of candy for the children.

The time of St. Nick's visit and the firemen's annual Christmas event has been set for 2 o'clock.

Land between school districts involved

The Post school district trustees voted Monday night at their December meeting to turn over to the Garza County school board for further action the proposal for the Post and Tahoka school districts to swap several sections of land between the two school districts.

The plan has been in the offing for several years.

Only in the last few months, however, have details been worked out between the Post and Tahoka boards. The Monday night

Swap left to county board

action cleared the way for three county school boards now to take up the matter.

Burney Francis, who has discussed the swap with school patrons and property owners in the sections which would go from the Post to Tahoka districts, made the final motion on the matter.

Roof-top burglar back in action at two places

Roof-top burglars, operating here for the first time in several months, broke into Hamilton's Drug Store and Dunlap's Monday night, but loot was small.

At both places, the burglar entered via the air-conditioner on the roof, but at the drug store he evidently hubbed real trouble when he found himself in a long ceiling duct running from about midway of the store to the prescription department.

The air-conditioner duct was heavily damaged by the intruder, with at least one ceiling support being torn loose, the tin duct badly bent in places and the end joint over the prescription department broken off, apparently in the burglar's efforts to free himself.

Gordon Hamilton, owner of the store, said all he missed was four one dollar bills, two from one cash register and two from another, with the burglar leaving a small amount of silver behind.

Blood on the door to the prescription department and on the floor indicated the burglar suffered a cut in extricating himself from the duct.

Sheriff's officers' theories that the burglar had to be a small one to get through the narrow part of the duct were borne out by the discovery of a boy's raincoat on the roof near the air-conditioner. See BURGLARY Page 8

Post woman named to hospital board

Mrs. Malcolm T. Bull has been appointed to the board of the Garza Memorial Hospital to replace Mrs. John F. Lott, who resigned.

Mrs. Bull's appointment was made by the county commissioners' court.

54 Gifts

Post's second annual Merchants' Christmas Party is scheduled for 5 p. m. Monday with some 54 local business firms providing a wide variety of gifts for the holiday season drawing.

Five more firms were added to the list of those participating this week — American Cafe, D. C. Hill Butane Co., Levi's Cafe, Brown Brothers, and Judy's Cafe.

Shoppers without obligation can obtain sign-up cards for the drawing from any and all of the participating stores. The signed cards then should be brought to the Chamber of Commerce office before 5 p. m. Monday.

Winners at the Christmas party have to be present to receive their gifts.

Permit also issued for new high school gym

Business building planned

A high school gymnasium and a new business building are included in six permits issued at the city hall for construction costing an estimated \$133,479.

The new business building, which will cost an estimated \$15,000, will be the new location of the TV and appliance center now located at East Main.

Ed Sawyers, owner, said yesterday that D. E. Darby of Boulder, Colo., will be the building contractor and that work will get

under way within the next few days, with completion expected in about 90 days.

The reinforced concrete and concrete block building will be located between Hudman Furniture Co. store and the Algeria Hotel on the site where a business building was destroyed by fire about two years ago.

Sawyers, who has been in the TV and appliance business here for about four years, said the new building will just about double his

present floor space and will enable him to practically double his stock.

The permit for the new high school gym was issued to Hunter Construction Co. of Lubbock. The precise cost estimate had not been furnished late Wednesday by the contractor, but will be in the neighborhood of \$113,879, which was the contractor's bid.

Fay Claborn has been issued a permit for a 24 by 28-foot addition. See CITY BUILDING Page 8

There's debating on auto insurance plan

In something like two weeks, a big change in auto insurance rates is due to take effect and its impact will be felt throughout the state of Texas. The repercussions and shattering echoes of the "big change" no doubt will be felt and heard throughout 1960 and no telling for how long after that.

Actually, the plan will be a shifting of financial burden from the careful driver to the shoulders of those who have been involved in accidents or who have compiled a record of moving traffic violations. It is not an increase in automobile rates — it is a shifting of costs.

Under the plan, drivers with no record of accidents or moving traffic violations for three years get a reduced rate. Others pay on a sliding scale up to double the usual rate, depending on the number and seriousness of their violations. Opinions on the workability of the plan vary. Its proponents point out that it will make drivers more careful, and that it will make clear to the driving public the direct relationship between accidents and cost of insurance.

Some of those less enthusiastic about the plan list these objections:

- (1) It will cause "bad" drivers to drop their insurance.
- (2) It will result in more hassles over who was to blame for an accident. (Only the driver held responsible gets his insurance hiked.)
- (3) It will flood the courthouse with contests over traffic tickets.
- (4) It will be declared illegal because of the "double jeopardy" principle.
- (5) Traffic laws and their enforcement are not uniform and some drivers—victims of speed traps, for example—will be penalized.

Sen. George Parkhouse of Dallas goes so far as to predict that merit rating on auto insurance will result in such an overflow of traffic cases that new courts will have to be created and new buildings to house them.

These are only a few of the "pros" and "cons." Rest assured that we will hear more after the new plan goes into effect.—CD

Let's not overlook our library need

Post is "abuilding" on many vital fronts. On the educational front, the new high school is under construction with a separate vocational agricultural building and a new gymnasium. On the business front, the new bank building and the new dial telephone building, less than a block apart, emphasize the growth that is being made for Post's tomorrow.

In the field of religion, many churches have just completed, have in progress, or are now in the planning stage with new church and educational buildings, to keep abreast of community growth.

New residential additions are on the drawing boards with a 144-home addition now at the "plating stage."

Add it up and we have so much material progress that it should be obvious to all that Post is on its way to bigger and better things.

Not to be overlooked in community growth should be an important cultural outlet—good, public library facilities.

Garza counties have been awakened to the advantages of a good library by the Texas State Library's bookmobile which for the last nine months has been serving the reading interests of this and other nearby counties.

But it isn't permanent. Next spring the bookmobile will be gone to "awaken" other areas in the state and to prove to such areas that library facilities are important.

From the bookmobile can come for our area residents a highly useful county library if we will take interest in such a project.

There are many possibilities for aid and guidance from the state library, including sizable loans for use here until the library can create a large enough volume selection of its own.

Bequests and gifts of all kinds can be a means of fund raising to make the initial jump. A small county tax levy then could provide for operational upkeep.

The city has a library study commission. In view of the trend in Texas these days to a county library plan arrangement, it would be an important starting step toward considering the possibilities of a county library for the county commissioners' court to name a library board to study the possibilities, come up with recommendations, and test the public pulse.

The Dispatch hopes that the county commissioners' court will see fit early in 1960 to name such a county library board or commission.—JC

Post finds itself on Christmas map

The Christmas atmosphere created by Post's attractive decorations will be enhanced by a number of Yuletide events between now and Dec. 25, not the least of which is the second annual Merchants Christmas Party to be held at 5 p.m. Monday, Dec. 21, at the community Christmas tree on Main Street.

Post merchants have entered into the Christmas spirit in a number of ways, including their part in the downtown decorations, the community party coming up, and the stocking of their stores with as good a line of gift merchandise as can be found anywhere.

As shoppers, we can show our appreciation of our progressive merchants' efforts by doing

our Christmas shopping early and at home instead of 40 miles up the road.

This is also the second year for the stepped-up downtown decoration program and all indications point to it becoming a permanent program every Christmas season. Our downtown decorations are as attractive as those to be found anywhere, including the decorations in towns many times the size of Post.

The Chamber of Commerce, especially its Christmas activities committee, and the merchants who support the Chamber are due a resounding pat on the back for putting Post on the Christmas map decoration-wise.—CD

Christmas trees are fire hazards

Judging from the number of Christmas trees still in stock here, many families still haven't bought theirs, and for them here is some timely advice from the National Board of Fire Underwriters. This advice also will prove helpful, if followed, to those who've already bought and placed their tree.

The Christmas tree is a potential fire hazard and caution should be taken in its selection, placement in the home and maintenance.

Play safe by choosing a small one. Nationwide, there are—or were—30 million on the market.

Keep the tree outdoors until ready to set it up. While it's outdoors, occasionally throw water over it. This will keep it moist, fresh.

When you bring the tree inside, cut the butt slantwise to open the pores, then stand it in a tub of water or moist earth.

Be cautious of chemicals or other substances sold for "fireproofing" trees. In some cases this process is ineffective.

In placing the tree, it's best to avoid "hot spots" such as those near the fireplace, stove, television set, radiator, or electric bulbs.

Never use untreated paper ornaments or untreated cotton batting or gauze for decoration. Cotton and gauze can be made flame-resistant by dipping in a gallon of water mixed with nine ounces of borax and four ounces of boric acid.

Also, use only electric lights, never candles. Be sure, too, that wires are in good condition and safety-tested. Frayed electric cords are a fire hazard.

The switch for turning on the tree lights should be placed some distance from the tree. Never use an outlet or plug under the tree or run electric trains around the base.

Another way to cut down on fire hazards is to be sure, after you have opened your Christmas presents, to remove all the gift wrappings and packing materials from your living room and dispose of them.—CD

What our contemporaries are saying

Inflation has struck a low blow. Not only has its problems given most of us stomach ulcers as we fight rising costs but now even the ulcers have gone up in cost. No longer can we buy Tums at the traditional price of three rolls for a quarter. Now they are 10¢ straight.—The Tulsa Herald.

According to the daily press and television, President Eisenhower has been receiving rousing receptions on his three-week foreign tour. I wonder if Cuba could be added to the agenda?—The Texas Spur.

Our century is one of globe-wide change. No Crosbyton resident, regardless of how he tries to brush his mind in the sports page, can long remain unaffected by what happens in Calcutta or Algiers.

"The unhesitating and unreasoning way in which we feel we must inflict our civilization up-

on 'lower' races by means of Hotchkiss guns, etc., reminds one of nothing so much as of the early spirit of Islam spreading its religion by the sword," wrote William James in 1901.

European and, yes, American bayonets changed the lives of a lot of non-Western peoples. Negroes ride bicycles in South Africa, Chinese attend movies, Australian bushmen smoke and chew gum.

Now many of the culture converts, or hybrid sects thereof, have learned their lesson well. They feel they can go it alone, or even teach the teachers a thing or two.—The Crosbyton Review.

One thing can be said the government has no control over is the rooster's crow at his getting-up time in the morning. He has the feminine members of his family well under control—they go to bed at the usual hour every night.—The Stanton Reporter.

A CHECK OF THE CHRISTMAS toy counters shows more conventional weapons and fewer space missiles this year. Do you suppose the kids know something that we don't about the nature of any future war?

By the way, if there are any usable toys around your house that you want to contribute to a worthwhile cause, give them to the American GI Forum here. You can leave them at the home of A. G. Guajardo, who lives near the Mexican Baptist Church. The toys will be distributed among underprivileged children.

SINCE WE HAVEN'T been anywhere much since Thanksgiving, we'll be one of the many here who'll get our first 1959 glimpse of Santa Claus when he rumbles in Saturday afternoon on the new fire truck.

Santa Claus letters kept pouring in here at The Dispatch office, but there is room for more if we can get them not later than Friday. This year's first Santa Claus letter came from little Linda Ramage.

Delegates from Garza County and 186 other Texas counties who attended the Governor's Conference on Children and Youth held recently in Austin heard Governor Daniel say, "I care not how many trips we make to the moon, our generation is going to be judged on how we live on earth."

THE GOVERNOR, in urging support of his programs for higher teachers' salaries and a juvenile parole system, told the conference "we should do for the next generation what past generations have done for this one."

The delegates to the grass roots conference pooled their findings in a series of reports, which included an agreement that parents are the best people to solve the complex problems of youth, but they need help from private agencies and every level of government.

Improved schools, changes in child labor laws, better mental and public health services, stepped-up church and school counseling programs, more domestic relations courts and tighter enforcement of existing laws would help, the conference was told.

THEY SAY THAT in a small town, folks will sympathize with you in trouble, and if you haven't any trouble, they'll hunt some one up for you.

Proof that fans really are following the fortunes of this season's Post Antelope basketball team was seen in the fact that when Sunday morning's Lubbock paper carried no story on the Antelope Tournament, telephones all over town began buzzing, with the fans who didn't go calling first one and then another to learn how Post came out.

IT DEVELOPED that the reason Sunday morning's paper didn't carry the tournament finals results was because the story was not called in until after the presentations were all over, and by that time it was too late for the Avalanche-Journal's sports deadline.

Monday morning's paper, however, carried a complete story under a three-column head, telling of the Antelopes' first tournament championship in eight or nine years.

AT 2:30 O'CLOCK tomorrow afternoon (Friday), the Post schools will turn out for the annual Christmas holidays, which this time will extend past New Year's Day, with classwork to be resumed on Monday, Jan. 4. If some of the teachers and students think the holiday period is too short, they can make it seem longer by telling themselves tomorrow that they won't have to go back to school until next year.

Q. I have a service-connected disability for which I draw compensation from the VA, and have just learned I should go into a VA hospital for treatment. Will I receive my disability compensation check while in the hospital.

A. Yes. Your disability compensation will continue while in the hospital, and will be paid directly to you. Special rules, however, cover special cases, such as allotments to dependents, or incompetency.

Q. I lost my discharge from the Armed Forces. Can VA provide me with another.

A. No. VA cannot provide you with a replacement for your lost

discharge. You should write to Personnel Records Center of the Armed Forces, 9700 Page Boulevard, St. Louis, Mo. Give them your service number, and your branch of service. There is no charge for replacement.

Q. Under the War Orphans Education program, may special restorative training be taken by a disabled young person on a part-time basis?

A. No. Special restorative training must be full-time. However, VA will determine what constitutes full-time, taking into account the capacities of the individual.

wing, and the Supreme Court had another ceremony for its new home in the south wing.

Opening of the \$3,000,000 building represented a dream come true for the jurists and State Bar leaders who began talking of a courts building back in 1940, the year of the Supreme Court's 100th anniversary.

Supreme Court dates its origin to the days when Texas was still a republic and the first session was held Jan. 13, 1846, in a private home in Austin. Court of Criminal Appeals was established in 1891 and is the oldest of the only three courts in the world of its type. It has final, exclusive jurisdiction in criminal matters.

IN OPENING DAY addresses Bar Leaders paid tribute to the

courts and jurists through the years as guardians of the concept of government by law rather than by men.

Justices of both courts wore for the first time the black robes that will be their court attire from now on. Robes, said Supreme Court Chief Justice J. E. Hickman, are "not to satisfy our own vanity, but in recognition of the fact that we are beginning a new era in the court's history. . . . These elegant surroundings call for it. . . ."

Judge Hickman, who is planning to retire next year, had said some years ago when the building was still in the planning stage, that to preside in the new courts building was one of his most cherished hopes. When the day came, the elderly, revered jurist, admitted to having, among other emotions, a "nostalgic feeling" for the old courtroom where "the great jurists of the past had sat."

A MAJORITY OF legislators, according to reports, have told Gov. Price Daniel they favor a pay raise for school teachers.

But from there on their statements—at least those that have been made public—contain little to encourage either the governor or the teachers.

Some say they would favor the raise only if it did not mean passing this, that or the other kind of tax. Some point to what they call the "improbability of success."

Almost all the lawmakers, it seems, would be more than willing to vote a teacher raise if the governor can come forward with a money-raising plan on which general agreement can be reached. But talk has been mostly of taxes, like the abandoned property tax and three-factor formula franchise tax, which ended in hopeless wrangling in the four sessions this year.

Some Capitol observers are predicting that Governor Daniel might pass up calling another session and put the blame on the legislators for not being willing to pitch in. This might be coupled with a challenge to the people to elect a different Legislature next time.

ANNOUNCEMENTS filtering in from over the state already indicate there'll be a number of new faces in the 57th Legislature when it meets in January, 1961.

Aside from the four who have resigned and will be replaced in special elections Jan. 9, nearly a dozen representatives have said they will not ask re-election to the House.

In this group are Reps. Joe Ed Winfree, Houston; W. N. Woolsey, Corpus Christi; James S. Bates, Edinburg; Carl Conley, Raymondville; Ben D. Sudderth, Comanche; Oscar M. Laurel, Laredo; Zek Zbraneck, Daisetta; V. L. Ramsey, Beckville; Jerry Sadler, Palestine.

JUNIOR FIRE MARSHAL GOAL

TV personality Art Linkletter says an example of the wisdom of youth is the current Christmas safety campaign being waged by the nation's more than 3,000,000 Junior Fire Marshals. Here Art helps two Junior Fire Marshals attach a "Golden Rule for a Happy Yule" safety tag to a Christmas tree on sale in their home town. The tag lists seven rules to prevent home fires during the holiday season.

Some of these will be running for other offices or are hoping to. Others are retiring to private life, at least for the time being.

Those whose places are to be filled in the special elections in January are Sen. Jimmy Phillips of Angleton; Reps. Ted Myatt, Burleson; Bobby Bullock, Hillsboro; and Sam Bass, Freeport.

ONLY ABOUT ONE out of every thousand Texas boat owners has thus far registered his craft under the new Water Safety Act.

State Highway Department reports that only 1,747 Certificates of Number have been issued for an estimated 212,000 Texas motorboats.

Deadline for registration is March 1, 1960. After April 1, 1960, the boat cannot be operated un-

less the Certificate of Number has been placed on each side of the bow.

Highway Department is not authorized to grant an extension in time and has urged boat owners to register now to avoid a pile-up in March.

Law applies to all boats with more than 10 horsepower operating in public waters. Applications can be made with any boat dealer or county tax collector.

Certificates issued now will be good until March 31, 1963.

A "JUKE BOX" is not a phonograph insofar as the new state sales tax on phonographs is concerned.

Christmas celebration brought back birthday parties centuries ago

The celebration of Christmas brought back the birthday party. The early Christians, it was unthinkable to celebrate one's birthday—much less the birthday of Christ. Birth meant the assumption of original sin and frequently the beginning of a life of persecution and perhaps martyrdom. Birthday festivities, moreover, were a pagan custom. The Pharaoh of Egypt and Herod celebrated their birthdays, as the Bible relates. But it was sacrilege even to suggest that a Divine Being had a birthday.

In the 300's, however, this attitude was beginning to change. World Book Encyclopedia reports

hi-fi equipment does not apply to the coin-operated machines.

Coin-operated players are, however, subject to an occupation tax that was in effect before the new tax bill was passed.

STATE HIGHWAY Department has authorized the spending of \$50,000,000 on farm-to-market roads in Texas.

Work is divided into three programs. First is designating county roads to become a part of the state F-M road system and providing funds for construction of these new roads.

Second project is the improvement of F-M roads built early in the farm road building program begun in 1949. Many of these, Commission Chairman Herbert C. Perry Jr. pointed out, were built narrow and light in order to get as many miles of new roads as possible built quickly. These roads are showing wear and tear and need re-working to protect the investment.

Third phase of the operation is the day-to-day maintenance in a system now totaling 33,143 miles.

To finance the program the Department will use the \$30,000,000 appropriated every two years by the Colson-Briscoe Farm-to-Market Road Act and \$20,000,000 from gasoline tax revenues available for the betterment of the state road system.

that in the year 354 the Bishop of Rome declared December 25 to be the anniversary of the birth of Christ.

But it took another pagan ritual to help establish Christmas. The ancient peoples of Europe had been accustomed to celebrating the winter solstice, when the sun seem to return to the Northern Hemisphere, in late December. The pagan feast commemorating the victory of light over darkness was simply replaced by the Christian festival honoring the "Light of Life."

"All in a day's work" would be plenty of work on the moon. A day there lasts about two weeks or 36 hours, according to World Book Encyclopedia.

THE LAMP IN THE WINDOW

Symbolic of the earlier days of American pharmacy was the lighted lamp in the drugstore window. All through the night it glowed, a beacon of hope, a symbol of unselfish service.

Although the historic lamp is now practically extinct, the fundamentals of pharmaceutical practice have changed but little. The responsibilities of the pharmacist are greater today than ever before—he is a vital factor in medical care.

Traffic fatalities projected to 111 for holiday period

One-hundred and eleven persons will die violently in Texas traffic accidents during the forthcoming Christmas-New Year's holiday if predictions released today by the Texas Department of Public Safety hold true.

The ominous forecast came from Col. Homer Garrison Jr., director of the Department of Public Safety, for a 12 day period extending from 12:01 a. m. Dec. 23, through 11:59 p. m., Jan. 3.

The 111 predicted motorcides are included in an estimate made by Department Statistician N. K. Werner, which indicates that 200 persons will die in violence during the period. The breakdown is as follows: Motorcides, 111; homicides and suicides, 47; accidental deaths non-traffic, 42; grand total, 200.

Colonel Garrison named several reasons for the prediction that this year's holiday period will be one of the most deadly for Texas motorists in several years.

"This Christmas - New Year's holiday is expected to be one of the most dangerous for drivers that we have experienced for some time. Not only is the holiday period longer in the number of days it covers, but this has been a prosperous year for drivers and more cars are on the road.

"This year's accident rate is running considerably ahead of that of last year and we can naturally expect this trend to carry through the holidays. One other factor adds to our dim forecast. Both Christmas Day and New Year's day fall on Friday, making two extra long weekends within the holiday period.

"The best I can say is that I hope we are wrong. We can be wrong if Texas motorists will take common sense precautions in driving."

Cowboys who want to take the rough edges off a horse, call the practice letting the hammer down. A cowboy who can keep in balance upon and with a horse, and who can ride long distance without retightening the cinches or galling the horse's back, is known as a "lighter rider."

Those who would wassailing go on Christmas are indebted to Henry VII, World Book Encyclopedia introduced the drink of hot ale and spices from the Scandinavian countries in the 1400's. In some parts of England, trees and fields were "wassailed," or toasted, to insure a good crop.

Guide for analysis of farm or ranch operation released

COLLEGE STATION — A guide for estimating the return to labor and management and a listing of resources needed for a \$2,500 labor-management income in Central and East Texas has been released by the Texas Agricultural Extension Service.

It should be especially helpful to persons now farming or ranching or contemplating doing so in these areas. The guide was written by Tom E. Prater, extension farm management specialist; Sidney L. Jenkins, extension agent in farm management and other Texas A and M personnel.

Ten enterprises are budgeted, with a goal of \$2,500 estimated return to labor - management, except with feeder pigs. Prater said. Enterprises considered are: Cow - Calf (beef operation), timber, timber-beef, sheep, feeder pigs, production, broilers, turkeys and dairy cattle.

Estimated expenses and estimated income from the 10 operations are also listed and space is provided for you to estimate the value of your particular operation and compare it with the guide. Estimates were obtained from research data and other sources that are applicable to the enterprise in these areas. The estimates should be used as a guide, with adjustments in a particular situation, Prater added.

Contact your local county agent for a copy or write the Agricultural Information Office, Texas A and M College Station. Ask for MP-380.

Highway Department marked its 41st year of operation

AUSTIN—The Texas Highway Department has just totaled its forty-first year of operation. State Highway Engineer D. C. Greer said that 80 per cent of the funds expended during the past year were for construction, and 13 per cent for maintenance.

"Less than two-thirds of one per cent was spent for the administration of the Highway Department, and the remaining six and one-third per cent went for the highway patrol and miscellaneous operations.

"The 80 per cent expended for construction is the largest per cent that has gone for this item since the few years soon after

the creation of the Highway Department. Almost all of the expenditures went for construction in those early days, as the counties were responsible for highway maintenance at that time. The Department assumed maintenance for state highways in 1924.

"Over the 41 years, 70 per cent of the funds have been expended for construction," Greer said.

Greer stated that during the past year, 19 per cent of the revenue of the Department came from license plates, 32 per cent from the gasoline tax, 43 per cent from the federal government, and the remaining 6 per cent from miscellaneous sources.

In the 41 years of operation, \$3.3 billion dollars have been spent on the Texas Highway System. The System now consists of 60,374 miles.

Motorists are getting so concerned over the number of miles they can get per tank of gas that the auto manufacturers are going to be forced to enlarge the size of the tanks.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

As evidenced by a recent nationwide poll of independent businessmen by the National Federation of Independent Business, there is a substantial desire for small business representation on the Federal Reserve Board.

Current events in the money market, which is controlled by the Federal Reserve Board, has strengthened this feeling.

By regulating the flow of currency, largely C. W. Harder through setting what rates of interest will be charged to Federal Reserve banks for money, the Federal Reserve Board controls the interest rates that borrowers must pay.

The Federal Reserve Board is making a strong effort to control inflationary forces. This meets with no responsible argument. But there is in recent events a substantial point raised as to whether or not the baby is not being thrown out with the bath water.

For example, interest rates have now been raised to a point where new home mortgages are being written for around 6 1/2%, which on a large mortgage over a long term, really boosts the cost to the consumer of acquiring a home.

Traditionally, and undoubtedly properly so, it has never been held that home acquisition is an inflationary force. Instead, it has always been felt that family home ownership is a great stabilizing force.

That 'silvery moon' is really an unimaginative dark brown, says World Book Encyclopedia. Brown is the color of the cooled lava, volcanic glass and rocks that make up the surface of the moon.

In addition, there is a great segment of the American economy engaged in home building as independent lumber yards, hardware, and contractors in all the trades furnishing huge job employment.

This area is not to be confused with vast public housing projects which like any welfare activity of government, are an inflationary force.

Now, at present the governors of the Federal Reserve Board are entirely picked from the field of what is commonly referred to as "high finance."

This has nothing to do with their sincerity. The only drawback is they do not, due to lack of proper man in street background, see the whole picture.

Thus, here is a group of men, undoubtedly honest, undoubtedly sincere, who have the power to cut the cord of life insofar as the American independent economy is concerned. Yet in the sphere in which they have been trained, and in which they move, the small businessman is as much a foreigner to them as a native of Patagonia.

Thus, it is felt it is high time that small business be represented on this board so it will know how certain planned decisions will affect the health of independent business.

Such an addition to the Federal Reserve Board might be said to be one of the vital necessities of the day.

Because if excessive government spending, plus billions thrown away in foreign giveaways continue to feed inflation's flames, the Federal Reserve Board is soon liable to be actually running the economy of the nation.

Motor vehicle inspection now will avoid last minute rush

"Motor vehicle inspection should be obtained now to avoid the last minute rushes," said Capt Alan Johnson, motor vehicle inspection supervisor in this region. Johnson reminded all motorists that their motor vehicles must be inspected if the vehicle is registered in Texas, regardless of the age of the vehicle. The official inspection period is from Sept. 1, 1959, through April 15, 1960.

He further stated that all miniature automobiles and scooters being used by youngsters must be inspected and registered and the operator have a Texas drivers license if they are legally operated on public streets.

Captain Johnson said that since the start of the inspection program in 1952, the State's traffic deaths have been reduced by 19 per cent. He said only 4 per cent of the fatal crashes in 1958 involved a motor vehicle with a defect that was a causative factor to the death crash. Only 6 per

cent of the non-fatal crashes involved vehicles with defects that were causative factors. Captain Johnson pointed out that there are a half million vehicles in the 60 counties of the Region 5 and over 600 inspection stations. He reminded that an inspection sticker obtained now may otherwise destroy a very Merry Christmas and a Happy New Year for some family.

The stern Puritans of New England, who frowned upon the celebration of Christmas as a pagan rite, went so far as to enact "blue laws" banning the making of mince pies. World Book Encyclopedia reports that mince pies are associated with Christmas because they were originally baked in the shape of a manger.

Sharron Wood, Charles Morris wed in candlelight ceremony

Double ring wedding vows were pledged by Miss Sharron Ruth Wood and Charles Wayne Morris Friday evening in the First Baptist Church. The bride is the daughter of Mrs. L. P. Wood, 201 West 14th, and Morris is the son of Mr. and Mrs. Chester Morris, Route 1.

The Rev. Bill Hogue, pastor, performed the candlelight ceremony at 7 o'clock before an archway of white gladioli and a large basket of gladioli, flanked by candelabra. Large wedding bells centered the archway. Given in marriage by her uncle, A. O. Dean of Tyler, the bride

was attired in a dress of Chantilly lace and net, fashioned with a full-length skirt. The fitted bodice featured a pointed waistline and enclosed V-neckline. The long sleeves terminated to points over the hands and had tiny covered buttons. Points of lace extended from the waist into the full net skirt. Her elbow-length veil of illusion was held in place with a tiara of seed pearls and iridescent stones. She carried a bouquet of white carnations entwined with seed pearls on a white Bible. She also carried out the tradition of wearing something old, new, borrowed and blue.

Miss Pat Wheatley was maid of honor. Her white sheath dress was made of cotton satin and styled with princess lines and three-quarter length sleeves. She also wore a half-hat of white and carried white carnations with apricot streamers.

Bridesmaids were Anne and Judy Morris, sisters of the bridegroom, and Melanie Thompson. Their dresses were of apricot color, designed with bateau necklines, three-quarter sleeves and full skirts. They wore apricot bows in their hair and carried white carnations.

Miss Rhea Peel and Danny Jones were candlelighters. Miss Peel's dress was designed identical to that of the bridesmaids.

Ronnie Morris attended his brother as best man. Groomsman and ushers were Jerry Witham, Billy Williams and Herbie Hays.

Traditional wedding selections were played throughout the ceremony by George M. Willson at the organ. He also accompanied Jimmy Short and Miss Janene Haynie as they sang "I Love You Truly" and "Because".

Following the wedding, a reception was held at the church. Decorations carried out the apricot and white color theme with the serving table laid in white. An arrangement of gladioli complemented the table. Punch and cake were served by Miss Sharon Jobe and Miss Linda Wilks.

For a wedding trip to Alamogordo, N. M., Mrs. Morris chose a turquoise tweed suit with black accessories. They are at home at 309 West 6th.

The bride is a senior at Post High School. Her husband is a PHS graduate and is farming in the Close City community with his father.

Holiday bread recipe given by home demonstration agent

By LETA SMITH

The one food essential to civilized man's well being is bread—"The Staff of Life". It is thought that bread has had more influence on the history of the human race than any other food product.

Bread down through the ages has been one of man's basic foods. It is estimated that Americans now eat 100 loaves of bread per person, annually. Bread is a standard food for most families three times a day. It combines energy giving carbohydrates and body-building proteins in a tasty product that is low in cost.

The tantalizing smell of homemade bread browning in the oven is reason enough for making bread at home. It is fun, too, and the art of bread making can be learned easily.

For the sake of saving time a large number of the homemakers today buy commercially baked bread. The commercially baked bread of good quality is the bread that tastes the best, has the most food value, and gives the most money.

Since it is close to the holidays, we are in the habit of making more festive foods at home than at any other time of the year. Here is a suggestion for a good holiday treat:

- Swiss Christmas Bread (Makes two loaves)**
- 1 cup scalded milk
 - 1/4 cup butter or margarine
 - 1/4 cup sugar
 - 1/2 teaspoon nutmeg
 - 1/2 teaspoon mace
 - 1/2 teaspoon cloves
 - 1 egg (room temperature)
 - 1/2 cup warm water
 - 2 packages yeast
 - 5 to 5 1/2 cups sifted all purpose flour
 - 1/2 cup raisins
 - 1/2 cup chopped candied cherries
 - 1/2 cup chopped nuts
 - 1/4 cup citron

COMING HOME. Mr. and Mrs. Bernard Roberts have heard from their son, Pfc. Darrell M. Roberts, that he will arrive home about Friday to spend the Christmas holidays. He is stationed at Fort Eustace, Va.

CHRISTMAS PARTY SET. The Church of God of Prophecy will have its annual Christmas social Sunday night at 7 o'clock. A program centered around the play "His Birthday" will be presented. The Christmas tree and exchanging of gifts will also be held.

DiAnna Collier has surgery in Temple

DiAnna Collier, three-year-old daughter of Mr. and Mrs. Bob Collier, was able to return home with her mother Sunday from a Temple hospital where she had underwent bone extraction surgery the Tuesday before.

Both Mr. and Mrs. Collier were with her during the surgery and Collier returned to Post Friday. DiAnna is reported doing fine.

TREE-TRIMMING PARTY. The annual tree-trimming and decorating party at the Presbyterian Church will be held at 7:30 p. m. Friday. All members of the church are invited.

DEPARTMENTS IN PROGRAM. Each department of the Church of the Nazarene is to participate in the church's Christmas program Monday. All church members are invited.

ATTEND FUNERAL. Mr. and Mrs. Jeff Brandon and daughter, Mrs. Earl Terry, returned Tuesday from Eldorado, where they attended funeral services for Ross Holly, formerly of Post.

CHURCH SLATES PARTY. The Presbyterian Church's annual Christmas party will be held at 6:30 p. m. Sunday in the social hall. The party will be followed at 7:00 p. m. by the choir's Christmas candlelight service.

VISIT IN DUMONT. J. T. Hale of Robertson and Mrs. Eleanor Webb of Post were in Dumont Sunday to visit Mrs. Webb's daughter and son-in-law, Mr. and Mrs. Bill Henry Smith, and children. Mrs. Webb said that since she will not be able to spend Christmas with the Smiths, they had an "early Christmas" during their visit Sunday.

VISIT PARENTS. Mr. and Mrs. Leonard Short of Lubbock spent the day Sunday visiting their parents, Mr. and Mrs. Jack Kennedy and Dick and Mr. and Mrs. Lowell Short and Janith.

SERMON TOPIC TOLD. The Rev. Graydon Howell, pastor of the Calvary Baptist Church has announced that his sermon on topic for Sunday will be "The Stars of Hope".

CWFS has social Monday evening

Members of the Christian Women's Fellowship Society and other women of the First Christian Church gathered at the home of Mrs. Lee Davis Monday evening for their annual Christmas party. Mrs. K. Stoker was co-hostess for the event.

The individual tables were decorated with Christmas arrangements for the salad supper.

Mrs. Irwin Lamb was in charge of the evening's program. She read "Our Christmas Story" by Mrs. Billy Graham.

Gifts of toys were exchanged and later in the evening each toy was assembled in a box to later be presented to an orphanage.

Plans were made for the social hour of the church's annual Christmas program, to be held Sunday evening, Dec. 20. Each member of the church is invited. Mrs. Lee Davis, Mrs. W. M. Kirkpatrick and Miss Nora Stevens will be in charge of serving refreshments.

Those attending the Monday social were:

Mrs. W. M. Kirkpatrick, Mrs. Porter Roberts, Mrs. Jess Cornell, Mrs. Minnie Tuffing, Miss Nora Stevens, Mrs. Gladys Hyde, Mrs. F. I. Bailey, Mrs. W. E. Dent, Mrs. J. B. Jones, Mrs. George Barker, Mrs. F. C. Barker, Mrs. Bryon Haynie, Mrs. Almon Martin, Mrs. Irwin Lamb, Mrs. Ronnie Sturdivan, Mrs. Jack Burress, Mrs. Davis and Mrs. Stoker.

Christmas carols sung at party

Traditional Christmas carols were sung when Mrs. L. G. Thueett Sr. was hostess Friday afternoon for the Needlecraft Club's annual Christmas social.

A Christmas story was told by Mrs. T. L. Jones, after which gifts were exchanged and the remainder of the afternoon spent in a social hour.

Decorations in the entertaining rooms were on the holiday theme.

Guests for the event were Mrs. Wagoner Johnson and sons, Mrs. L. P. Baker, and Mrs. A. B. Carter.

Members attending were: Mrs. Boone Evans, Mrs. J. R. Durrett, Mrs. H. W. Schmidt, Mrs. J. E. Tanner, Mrs. Connie Taylor, Mrs. F. C. Barker, Mrs. Ida Robinson, Mrs. Lee Bowen, Mrs. H. J. Dietrich, Mrs. May Voss, Mrs. W. R. Graeber, Mrs. Scott Storie, Mrs. F. A. Gilley, Mrs. Lillian Tizard, Mrs. Nell McCrary, and Mrs. Jack Kennedy.

Church senior choir to present program

Members of the senior choir of the First Christian Church will be in charge of the program entitled "Christmas, Joy Bells" at the church's annual Christmas event Sunday evening.

Other entertainment for the evening will include holiday music and songs, after which the children will enjoy the Christmas tree and refreshments will be served to the adults.

TO GRAND PRAIRIE. Mrs. Charles Didway will leave Thursday night for Grand Prairie to visit her daughter and son-in-law, Mr. and Mrs. Rick Ferris, and her first grandchild, Gregory Richard Ferris.

WORSHIP SERVICE SET. The public is invited to attend the Christmas Worship Service of the Church of the Nazarene Sunday morning the Rev. Cecil Stowe, pastor, has announced.

Postscripts

A good crowd attended the Post Parent-Teacher Association sponsored "Christmas Vespers Service" last Thursday night at the grade school auditorium. A large variety of traditional Christmas carols was sung by the Post High School choir and a community choir, composed of members of all church choirs. Several soloists were featured also.

Several Postites were among the many guests attending a Christmas open house at the Lubbock Country Club Saturday night. They were Mr. and Mrs. Bryan J. Williams, Mr. and Mrs. Tom Power, Mr. and Mrs. S. E. Camp, Mr. and Mrs. Giles McCrary, Mr. and Mrs. Irby Metcalf, and Mr. and Mrs. J. E. Birdwell.

Almost each business window in downtown Post has a "Christmas face" with the decorations giving Post a festive look for the holiday season. Chamber of Commerce Manager Johnny Hopkins said the C of C wished to thank each participating merchant and business man for their part in the town's decorations.

Christmas arrangements provided the decor when Mrs. Tom Power, 909 West Main, entertained the women's circle of the First Presbyterian Church Monday afternoon. Following scripture reading by Mrs. Tom Hagood, gifts were exchanged and secret pals revealed. Refreshments of cookies, candy, fingertip sandwiches, and fruit cake were served. Guests for the event were Mmes. Nell McCrary, Lillian Tizard, J. A. Stallings, D. C. Williams, A. C. Surman, Tom Hagood, W. E. Dent, Harry A. Tubbs, George Samson, David Newby, Giles McCrary, Jim Cornish, Walter Boren, and J. E. Parker.

Mr. and Mrs. J. D. McCampbell, 112 South Avenue P, left at noon today by car to attend the wedding of their son, Jerry Don, to Miss Barba Gaines in La Mesa, Calif. The ceremony will be performed at 5 p. m. Sunday in the Church of Christ at La Mesa. Also attending the wedding will be his grandmother, Mrs. Inez Satterwhite, and his sister, Miss Judy McCampbell, accompanied by Mrs. Bill Cravy of Seminole, who left for California Wednesday.

So Satisfying

It is a grand and good feeling to have one's physical needs satisfied fully as this man has just done with a delicious meal, and how empty one can feel when he is forced to subsist on a meager diet! These same principles work in man's spiritual nature. When one's spiritual needs are met, there is an indescribable satisfaction which the Bible calls the peace of God. Contrariwise, when one neglects his spiritual needs, there is a deep feeling of emptiness, dissatisfaction in life, a nameless longing. Don't let your soul suffer from malnutrition! Go to church this week and every week!

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no will long persevere or way of life which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

'Battle Border'

Little known facts about Texas boundaries.

A PUBLIC SERVICE OF THE TEXAS ATTORNEY GENERAL'S OFFICE.

(Editor's Note: This is the eighth in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.)

After the Supreme Court set the south bank of the Red River as the boundary a tremendous argument developed over the exact location of the south bank.

In the ensuing fray, Texas stood to lose the most.

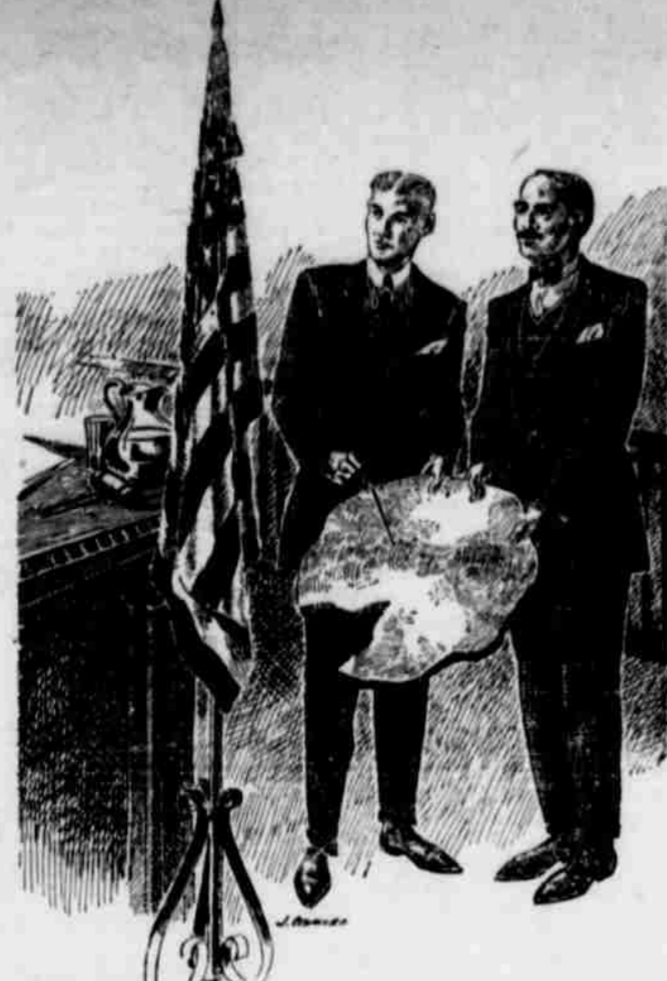

Down through the years, the U. S. and Oklahoma had been content to let Texas exercise all acts of sovereignty over the area. That is, until oil was discovered.

Attorney General Will Wilson points out that the discovery of oil in the Gulf of Mexico also brought on the tidelands case in which he is fighting the federal government before the U. S. Supreme Court.

THE FIRST CLAIM of Oklahoma to any land on the Texas side of the Red River came in 1918. T. P. Roberts owned and had lived 33 years on a farm located in Texas near the Red River.

"Mr. Roberts was working his pasture early one morning," Wilson recalls, "when, to his amazement, he discovered a posted notice, 'This is Tillman County, Oklahoma Line.'

"If the boundary was fixed at the foot of the Texas bluffs as the United States and Oklahoma contended, Texas would lose more than 500,000 acres of land. This land was populated by Texans, their homes, churches, schools, Odd Fellows and Woodmen Lodges, cemeteries and — oil wells," Wilson observes.

Will Wilson points out that in the 1923 Red River dispute with Oklahoma cross sections of century old timbers were shown the court as proof that the river had not been there in 1819.

THE SOLUTION lay in finding what was intended in the 1819 treaty. A cattle truck full of evidence was spread out before the court. Texas introduced six albums of photographic study of the Red River from the Panhandle to the east side of Wichita County.

The Red River got in the mood of the controversy. She staged a flood in 1920 that filled the oil wells with sand, tore derricks from their moorings. They disappeared downstream with their owner's dreams.

In January, 1923, the U. S. Supreme Court declared the southern bank to be a cut-bank at the average level. The United States took a strip of land between the cut-bank and the stream's normal stage and also got Burke Bet and Goat Islands.

OKLAHOMA CLAIMED that in 1819 the river ran opposite Wichita County at the foot of the Texas bluffs instead of a mile north of its present channel.

Texas stood to lose a region about 10 miles long and more than a mile wide.

In the 1923 Red River dispute with Oklahoma, Texas discovered some ancient trees growing where Oklahoma and the United States claimed Red River flowed in 1819. Cross sections of these century old timbers were shown the court as proof that the river had not been there in 1819. The age of a tree can be determined by counting the rings.

"THE COURT WAS IMPRESSED," Wilson points out. "It marvelled at one in particular, a 170 year old Pecan tree. The stump of this mute witness should be located and dedicated.

"It clearly did more than any man to win the battle for Texas."

The judgment of the court was swayed by a peculiarity of the Red River. The judges remember well witnesses' testimony of the old Red River's vagabond nature.

Friends of the river reported finding the flowing channel near one side of the river in the morning and in the middle or near the

School contract let at Slaton

SLATON—Contract for construction of a new elementary school building at Slaton has been awarded to the J. E. Reed Co.

The new building will cost \$74,839. It will include eight classrooms, a combination auditorium, offices and other rooms.

The construction cost figures a little more than \$9 a square foot, according to Dr. Lee Vardy, superintendent of schools.

State Printing Week named by Governor

AUSTIN—Governor Daniel has designated Jan. 17-23 as Printing Week in Texas.

"The art of printing has contributed in large measure to the advances the modern world has made in religion, science, the arts, medicine and ordinary day-to-day living," the proclamation said.

WEEKEND IN ODESSA

Mr. and Mrs. J. R. Atkinson, D. J. Atkinson of Lubbock, Mrs. Grace Odum and Mrs. J. W. Putman spent the weekend in Odessa visiting the ladies' sister and her family, Mr. and Mrs. D. H. Holt and Vickie.

other side in the evening.

"Certainly the haunting vision of an oil well located in Texas in the morning and in Oklahoma in the evening prodded the court to look for a permanent boundary," Wilson observed.

The nearest was the cut-bank.

THE U. S. SUPREME COURT appointed Engineers Arthur D. Kidder and Arthur L. Stiles to locate and mark this boundary line. They worked hard and reported in 1924:

"We have marked the boundary line by wooden posts called 'witness posts' set along the bank at varying short distances from the boundary and from each other. Permanent reference monuments are located on the Texas and Oklahoma bluff overlooking the river valley."

Weary of the many surveys, old Red River again blew her top and flooded.

Downstream witnesses observed strange black posts with white caps rushing past in the flood waters. It was those "permanent" witness posts.

As a result of the work done by Kidder and Stiles, Oklahoma got 18 oil wells to 38 for Texas.

Bible Thoughts

"PEOPLE ARE HUNGRY"

By Ronnie Parker

People are hungry to hear the Bible! Such a little Bible is used in the average pulpit today. People need more than a few short verses of a text to feed the soul properly.

Soul feeding sermons come from preaching exactly what the Bible says.—Quoting the Bible often. Truth is in the gospel (John 17:17). The gospel has the power to convict sinners. Our duty is to preach this everlasting gospel throughout the world.

"An open Bible for the world! May this our glorious motto be! On every breeze its flag unfurled Shall scatter blessings rich and free. Where'er it goes its golden light, Streaming as from unveiled sun, Shall dissipate the clouds of night, Undo the work that sin has done."

Make this Christmas a safe one, urges Farm, Ranch Safety Council

COLLEGE STATION—The gaiety of the Christmas season can be changed to grief and sorrow within seconds. The home, during this season, is usually loaded with fire hazards and unless safety precautions are taken an accident could happen, warns the Texas Farm and Ranch Safety Council.

The Christmas tree, the center of most home decorations, can be a principal hazard. The Council suggests that a freshly cut tree be selected a few days before Christmas. Before it is placed in the house, the base of the tree should be cut diagonally and placed in water or wet sand. This will keep the tree fresh and help in retarding fire. The tree should be placed so that it will not block exits to a room and keep it away from the fireplace, powerful electric lights and other sources of heat.

The Council recommends that only Underwriters Laboratories approved lights be used on the tree. Lights which have been used before should be checked for frayed wires or damaged sockets. Electrical circuits should not be overloaded with additional lights, toys and appliances.

Only non flammable decorations should be used on the tree and tree lights should be turned off when no one is at home or when the family retires. Trees should be discarded when the needles begin to dry and fall.

This is also a time for smokers to be doubly careful, points out the Council. Extra care with cigarettes, cigars and pipes is advised especially when smoking around flammable materials. Don't let wrappings from packages clutter up the house for they can become a real fire hazard.

Observance of the basic rules of home safety can make the Holiday Season happier and life more pleasant for the family and friends, concludes the safety group.

 to his oil field construction shop. The addition will cost an estimated \$1,500.

Lorenzo Alexander has been issued a permit for construction of a four-room residence costing an estimated \$2,000.

A permit for a room addition to residence has been issued Frank Rylant, with estimated cost \$600, and one for interior repairs to residence has gone to L. E. Wilcox, to cost an estimated \$500.

The construction covered by the six permits will bring the year's building total here to \$1,573,904.

CHILDREN TO GET GIFTS

The Rev. J. R. Brincefield, pastor of the Assembly of God Church, has announced that gifts will be distributed to children of the church during the Sunday school classes Sunday morning. The Rev. Brincefield also announced his sermon topic for Sunday as "The Glory of the Lord Shone Around Them", from Luke 2:9.

Bookmobile will be in Post Saturday

The Texas State Library bookmobile will make its regular stop in Post Saturday, Dec. 19, Miss Mary Jo Vines, librarian, announces.

During its stop here, the bookmobile will be open to check out books from 9 until 11:30 a. m. and from 12:30 until 3 p. m.

Post is going to lose a hustling young business man at the first of the year when Ronnie Sturdivan is promoted from the management of the Post Wacker's store to the management of a new Wacker's suburban store which will open on the Jacksboro highway in Wichita Falls sometime in January. Ronnie would have been here three years come February and has made a host of friends both for himself and his company. Mr. and Mrs. Sturdivan and their two children, Ron, 3, and Susan, 5, will be leaving about Jan. 2 or 3 for Wichita Falls. His successor as manager of the variety store here will be Don Dunbar of Spur, who will arrive to take over his duties about the same time that Ronnie departs. Good luck, Ronnie.

One of the big changes coming up the first of the year in Texas will affect everybody that buys automobile insurance. It's the new safe driving insurance plan whereby careful drivers with no traffic arrests or accident responsibility in three years will get a 20 per cent reduction in insurance rates and the bad risks will start paying proportionately more for insurance according to the risk as determined by their driving records.

Harold Lucas of the Post Insurance Agency, takes considerable space over on page 11 to explain details of the plan to the public. It won't be an easy story to put across and it is going to be a public relations problem to auto insurance writers to keep the driving public from blaming them for the commotion that is going to be caused when accident-prone drivers are asked to pay more for their coverage.

Lucas emphasizes that it is going to take at least two weeks or more to process applications through the state office at Austin to be checked on accidents and traffic arrests before insurance policy renewals can be issued. That means those coming up with renewals in January need to get busy with the newly required signed applications. Take a look at Harold's ad on page 11 and you'll get a good idea of what it is all about. In the long run it will benefit the careful driver and put the higher insurance costs where they belong.

Santa Claus letters are really rolling into The Dispatch and several hundred of them will appear in next Thursday's Christmas eve edition—which will be the traditional Christmas greetings edition. If your youngsters haven't sent theirs in—please get them in by Saturday as we'll need most of the space next week for the regular run of news.

Earl Rogers Struck by car in Lubbock

Earl Rogers, Post business man, suffered a dislocated shoulder and other injuries Monday night when he was hit by a car while walking across the street at the intersection of 13th and Avenue G in Lubbock.

Mrs. Mary Lennox, 1625 16th Street, was the driver of the car which hit Rogers. Rogers was crossing the street and Mrs. Lennox was making a left turn.

Rogers was treated at St. Mary's Hospital in Lubbock and was released to his home here Tuesday afternoon.

Besides the dislocated right shoulder, he suffered a small fracture in the shoulder joint and was bruised.

"I didn't see her coming," Earl said at his home yesterday morning.

Award of Merit goes to water department

The Post water department has won an "Award of Merit" from the American Water Works Association for establishing a no-time-lost-to-injuries record for the year. City Supt. Henry Tate announces.

The award was given under a plant safety program inaugurated three years ago by the AWWA and supported by the Texas State Department of Health.

The Award of Merit is given to utilities with less than 50 employees in which no lost time injuries have been experienced during the year.

Depending on the size of the plant, from one to five consecutive merit awards are necessary before a department can earn an "Award of Honor", highest offered in AWWA competition.

Thirty-five Texas cities won merit awards this year.

The manager of the Close City Co-op Gin said Wednesday that they planned to run one more day to turn out six bales they now have on hand. They've ginned a total of 3,570 bales.

Storie Gin also was planning on only one more day of operation, with three or four bales yet to turn out. The ginning total there is 1,240 bales.

Both the Basinger Gin at Southland and the Pleasant Valley Co-op Gin announced Wednesday that they are "all through". The Southland plant has ginned 3,974 bales and the Pleasant Valley plant 1,630 bales.

Jess Rogers are honored by Lions

Mr. and Mrs. Jess Rogers were honored by the Post Lions Club at the club's Ladies' Night dinner at Tom's Place Tuesday night for "outstanding service to the club."

Mrs. Rogers was presented with a compact containing a Lion emblem and Mr. Rogers with a plaque. Both have played prominent roles in Lion activities here, Jess as a past president and zone chairman and Mrs. Rogers with the Lion ladies who aid in many projects.

The presentations were made by L. W. Duncan.

Deputy District Governor John Hansard of Brownfield was the dinner speaker. His address was on Lionism.

Mrs. Eleanor Webb, manager at Dunlap's said preliminary checks showed no merchandise missing, but that extensive damage was done to the roof and to fixtures by the burglars. There was evidence that the intruders had made a thorough, but fruitless, search for money.

At both the drug store and the dry goods store, the burglar left through the back door.

Officers are also investigating a break-in Saturday night at the Post Drive-In on South Broadway, where the intruders broke through a back door.

Money was taken from a cigarette machine and a juke box was damaged extensively in an unsuccessful attempt to get money from it. There was also indications that the burglars had made an attempt to slide the cigarette machine outside the building.

Chamber not to share office

Chamber of Commerce directors at a special meeting Wednesday morning voted against the proposal to share office space with the Post Retail Merchants Association after a letter poll of the Chamber membership showed a majority opposed the plan.

The membership poll on the proposal was 30 against sharing of office space with the newly formed retail organization and 29 in favor.

Earlier, directors had decided to share office space if the membership favored such a plan.

Rotarians hear high school choir

Post Rotarians at their Tuesday luncheon enjoyed a Christmas musical program brought to them by the high school choir, and the seventh and eighth grade girls' sextets, all under the direction of Georgie M. Willson.

The seventh grade sextet, composed of Karen Haley, Gayla Johnson, Gayle Tittle, Meredith Newby, Carolyn Matstler, and Dee Ann Walker, sang "Winter Wonderland" and "White Christmas." The eighth grade sextet, composed of Linda Pennell, Linda McMahon, Susie Jo Schmidt, Argan Robinson, Adelaide Morales, and Marjorie Harrison, sang "Blue Christmas."

Lee Williams was announcer for the choir.

As this congregation knows I have been around the sports beat for a long, long time...

The boy is a member of a South Denver Sunday School league...

This particular father, and his wife, attended one game last Wednesday night...

"I was tempted," said the father, "to go down and take my boy off the bench..."

"Why did you act as you did—why you know the referee, a good friend of ours..."

"He (naming the coach) is the best coach in the world, and his players are the best players..."

One cannot help but wonder if coaches and players on "the big teams" ever give thought to what their actions—not alone upon the playing field but upon the benches—mean upon those who view them as heroes.

Crosbyton next foe for Antelopes

Bad weather and slick roads combined Tuesday to force a postponement of the Post Antelopes' trip to Littlefield for a game with the Wildcats.

8th grade girls win at Wilson

Post's 8th grade girl's basketball team defeated Wilson's 8th graders, 15 to 8, Monday night at Wilson.

Scorers for Post were Mary Beth Ford, 10, Linda McMahon, 4, and Shirley Sappington, 1. Also playing at a forward position was Marilyn Williams.

Coach Billy Hahn praised the work of his starting guards, who not only went all the way, but also turned in their best performance of the season. They are Linda Pennell, Romelia Solis and Lynette Potts.

after six games, go to Crosbyton Friday night, then play a return engagement with the Chiefs here Tuesday night.

Coach Pete Murray said today that a definite date has not been set for playoff of the postponed Littlefield game. The Wildcats are scheduled to come here for a game after the holidays.

The Crosbyton team, Post's opponents for Friday night, aren't figured to have much of a chance against the Antelopes. They have won only one game this season while dropping five, including two losses to the Spur Bulldogs.

If the Post quintet defeats Crosbyton in the games Friday night and Tuesday night, they will go into the Caprock Holiday Tournament at Lubbock undefeated. Their first game there will be against the Monterey "B" team at 8 a. m. Dec. 28.

Both boys' teams—"A" and "B"—and the girls' team are scheduled to play against Crosbyton.

Three Post teams are to play Snyder here

Post Junior High and "B" team will play three games against teams from Snyder here Monday evening.

Besides the "B" team, coached by John Blocker, Coach Gerald Loyd's 7th graders and Coach Glynn Gregg's 8th graders will see action against the visiting Snyder cagers.

Post quintet downs Anton to win tournament honors

The Post Antelopes won their first tournament championship since 1951 Saturday night when they defeated the host team, 50 to 37, in the Anton Invitational Tournament.

Coach Pete Murray's team had advanced to the finals by trouncing Whiteface, 54 to 28, Thursday night and Shallowater, 54 to 48, Saturday afternoon.

Anton had reached the championship game after drawing a first round bye and then scoring victories over Crosbyton and Bledsoe.

Scotty Pierce, the Antelopes' 6-foot 5 inch center, was named to the all-tournament team after having scored more than 70 points in the three Post victories.

Coach Murray said this week that the Antelopes played their best game of the tournament against Whiteface, but that Shallowater was the best played during the three-day meet.

In the championship game against Anton, the Antelopes lost the ball only six times, shot 68 per cent from the field and 44 per cent from the free throw line and gathered in 15 rebounds.

The Post team was presented the handsome championship trophy at a presentations ceremony following Saturday night's game.

School rooms all look gay

By Carol Camp and Terry Power

Mrs. Lusk has a blue paper door with "Merry Christmas" written on it. Mrs. Cornell has a red paper door with "Merry Christmas" written on it. Also, she has a wreath with candy canes in the middle. Her lights have mobiles hanging from them. The windows are sprayed with different Christmas scenes. Seventeen children in her room made a pretty mural. On her table she has colored glass figures that make up a pretty nativity scene—and some mistletoe!

Mrs. Hudman has a pretty pink paper door with ribbons streaming down from it. Outside the door is a big paper Santa Claus. On her bulletin board she has Christmas cards and a nativity picture, holy on the blackboard, gold stars in back of the room, and silver ropes hanging from light to light.

Mrs. Pierce has a pink paper door with white reindeers and stars. She has Christmas cards on the board. And a piece of Christmas paper across the board.

Mrs. Teal has a cute wreath on one side of her door. On the other side she has a mural. The windows are decorated with snow angels sprayed on. Mrs. Teal's pupils are making gum drop trees for their parents. The trees are looking nice.

Mr. Alexander's door is decorated with Christmas cards and half of his blackboard is Christmas cards. The other half is a piece of red paper on which is written "Merry Christmas and Happy New Year", and also has a decorated ball hanging from it, with holly on the board.

Mrs. Walker's library has Christmas cards on one of the two library doors. On the windows she has a wreath on one and a snowman scene on the other. On the top windows she has a nativity scene and mistletoe.

Mr. Stone's room has a mural door. His closet door is decorated with bells. On the blackboard he has cedar wreaths with silver bells and cedar along the bottom. On his other blackboard he has a chalk colored nativity scene. On his window is a gold star. On the bulletin board is a Santa Claus scene. In the back of the room is a silver rope. Around the room he has several "Peace on Earth". He has a mistletoe bell and a Bible scene on his desk.

Mrs. Williams has a green door with "Merry Christmas" in letters along with a wreath. On her bulletin board she has Christmas cards and sayings, a Noel decoration, candles and chains on the board and windows.

Mrs. Florence has a red paper door with a bow and a Merry Christmas. She has cards on her bulletin board and holly, too. There is a fireplace with stockings, popcorn strings from light to light, and a nativity scene drawn.

Mr. Rushing has a white door with a stocking full of presents with a Merry Christmas, Christmas card window and snowmen on the board, bells on the front of his desk, and an "Away in a Manger" scene, Christmas carolers, and a Christmas mural. There are candles on his bookcase.

Mrs. Ryder has a chord staff of music. The song is "Noel". Mrs. Lobban has some bells and candles on her door.

Mrs. Wristen has bells on her door. And she has a mural. All the rooms have Christmas trees.

WEEKEND GUESTS

Mr. and Mrs. Tommy Puckett and sons of Brownfield visited in the home of their parents, Mr. and Mrs. Basil Puckett and Mr. and Mrs. G. L. Blodgett over the weekend.

Have You Heard??

The boys' basketball team won first place in the Anton Tournament last week. Congratulations, team. Scottie Pierce was named to the all-tournament team.

Guess everyone's heard Ruth Miller and Dean Huddleston are engaged. Ruth has a lovely ring.

The National Honor Society officers met this past week. They made tentative plans for a party in March.

The seniors' bake sale was a big success. They made about \$45. The seniors should thank Kat Collier who stayed at the sale from 9 'til 5:45 because all the seniors had other plans.

The Library Club met this past week and held a business meeting. Mrs. McRee is the sponsor.

Some couples seen around are: Karen Potts and Carol Davis, Johnny Kemp and Judy Morris, Anne Morris and Harvey Pennell, Sandra Stewart and Jerry Key, Glenda Whittenberg and Virgil, Anne Morris and Herbie Hays, Peggy and Richard, Ruthell and Jerry Key, Marsha Smith and Lee Williams, and Stanna and Danny Jones.

There is a new boy in the 8th grade. His name is Dale. He is the son of Mr. and Mrs. Doil Belk who have just moved here from Lamesa. Dale is 15 years old and his birthday is Aug. 31. He is going to go to the Methodist Church. Dale has three sisters. Glad to have you, Dale!

Susie Bowen was hostess to a slumber party in her home Friday night. Those present were: Susie B., Pat B., Glenda Bownds from Slaton, Jan P., Kathy S., Janene H., Kay Hedrick from Lubbock, Jeanie Green, Judy S., and Vickie M. Vickie sure does know a lot of scary tales!

The eighth grade sextet made their first appearance last Thursday night for a P-TA meeting. Their song was "Blue Christmas" and their dresses were made of blue brocaded taffeta with puffy sleeves and a chiffon overskirt. Later in the program with two other sextets they sang "Silver Bells."

There is now a newly married couple in Post, Mr. and Mrs. Charles Morris. They were married Friday night. It was a beautiful wedding. We wish them all the happiness in the world!

Karen Potts went to Plainview over the weekend to visit Kay Martin. Talk about a blast!

Our school has been named Lincoln Elementary School. We're very much pleased with that name.

There was only one "straight" "A" student on our last examination and that was Robert Moreau. Those with a "B" average were: Patricia Ann Gilbert, Charles Harper (1), Charles Harper (2), Clint L. Johnson, Nathaniel Manuel, Floyd G. Moreau, Frances Marie Johnson, Willia B. Mitchell, Sandra Guichard, Barbara R. Moore, Shirley Manuel, Melzar Johnson III, Larry Johnson, Linda Manuel, Lena Faye Lockhart and William Lockhart.

A CORRECT ANSWER
The teacher was having word study and asked little Mary, who was quite shy, to pronounce a word.

Teacher: "Mary, what is this word?"
Mary: "Cat."
Teacher: "That's correct!"

We're having a Christmas program and Christmas tree on Dec. 22, 1959, at 7:30 p. m. Everyone is invited to attend.

Then the teacher went on to ask several other children to pronounce different words. When it was Mary's turn to pronounce and then the teacher pointed to "cat" again.

Teacher: "Mary, what is this word?"
Mary couldn't remember exactly what she called that word before. She dropped her head and gave the matter serious thought. She picked at her nails and squirmed a bit nervously in her chair, but her subconscious mind refused to supply the word.

Finally Mary lifted her head bravely and said, "It's the same thing I told you it was awhile ago," which was quite correct. The word hadn't changed one iota; the only change was in her method of pronunciation.

Teacher: "Mary, what is this word?"
Mary: "Cat."
Teacher: "That's correct!"

Teacher: "That's correct!"

Band party is slated for Thursday, 17th

By Sandra Martin
The band party will be Thursday at the band hall. Some of the students decorated the hall last week. There will be a program and refreshments.

The gifts exchanged will be given to a family with small children who otherwise would have a small Christmas.

Yuletide program is given by choir

By Janene Haynie
The PHS choir presented the P-TA Christmas program Thursday night.

The three sextets (7th, 8th, and high school) sang "Blue Christmas", "White Christmas", "Silver Bells", and "Winter Wonderland." The choir then sang a group of Christmas songs consisting of: "Carol of the Bells", "Silent Night", "Mary Had a Baby", "Halleluia Chorus", "Christmas Greeting", "The Friendly Beasts", and "Sanctus".

The choir presented this same program to the Rotary Club at noon Tuesday.

Teen Town not to open 24th, 25th

By Sammie K. Caffey
We're sorry kids, but Teen Town will not be open the 24th or 25th. Don't get too worried though, it will be open the 26th. Maybe you can make up for time lost the 26th.

Leon Miller will be looking for everyone back the 26th. He wants to take a little time off for Christmas himself, though. You see he isn't as lucky as we are to get a week off for Christmas.

See you all at Teen Town the 26th. Merry Christmas!

Pakistan will get bids on an aerial tramway to handle 50 tons of crushed stone an hour.

PHS guys, gals write old Santa

Dear Santa:
Remember me? Last year I asked for a record player and you brought me an electric train. However, I traded with my little brother who had bubble bath. That's okay. I didn't mind. I have been a very good girl this year. I only ran away once and I haven't tied my sister up yet.

Christmas decorations topic at FHA meeting

The Post Chapter of Future Homemakers of America met Wednesday with the meeting called to order by the president, Pat Wheatley.

Carolyn Moore played several Christmas carols. Anne Morris gave a Christmas reading.

After a short business meeting, Mrs. Leta Smith, H.D. agent, gave a demonstration on Christmas decorations. Several new and interesting ideas were presented.

my brother if he gets bubble bath again.
I hope you don't get stuck in any chimneys.
Your buddy,
Melinda Newby

Dear Santa:
Please bring Scottie a girl that has everything a man wants: mustache, hair on her chest.
Please bring Dan a girl who is so skinny she has to tie knots in her legs to make knees.
Please bring Forrest a girl who won't go to rodeos.
Please don't bring Kenny anything.
Please bring Curtis a girl with measurements 29-29-29 and 28.
Please bring us all Brightie Bardot. Dreamers, aren't we!
The Senior Boys

Dear Santie:
We have been good kids! Have you? How is Rudolph? Is his nose really bigger than Leta's?
Please bring Mr. Pollard a boat and Curtis a new, white, fluffy parachute and a roll of show tickets. Please bring the gang Coach Parsons and also new switch blades, especially for our leader (she thinks).
For Leta bring: a T-bird, money for plastic surgery, a new leather jacket (with an eagle on the back) and money for another operation if the first fails.
For Rhea bring: 2 large bottles of Tofon (non-fat), 3 slenderettes, black motorcycle boots. Also a ticket to Guam.
We know we can count on you, 'ol buddy!
Your pals,
Leta and Rhea

Dear Santa:
All I want for Christmas is a new front tooth.

What the New Safe Driving Insurance Plan Means to You

Careful Drivers Will Pay 20% Less in 1960 for Auto Insurance. Drivers Who Aren't Will Pay More

For years, people have asked, "Why should I pay as much for my auto insurance as the irresponsible driver?"

The State Board of Insurance has realized this and has adopted a plan to reward the group of drivers who operate their automobiles in a safe and lawful manner. Effective Jan. 1, 1960, this plan is mandatory for all insurance companies doing business in Texas.

Under the new "merit rating" insurance plan, a point system has been set up in which a motorist is charged one point for every moving traffic violation and two points with certain exceptions for every accident. A driver with a perfect record during the three-year experience period has no points and qualifies for the lowest rates—20 per cent below the regular rate. A driver with one point will receive no discount and no penalty. Drivers with two or more points will pay more proportionately.

NO POINTS WILL BE ASSIGNED AS A RESULT OF AN ACCIDENT IF:

1. The applicant's automobile is legally parked.

2. The applicant or owner is reimbursed by or on behalf of the other party involved.

3. The applicant's car is struck in rear end by another car approaching from the rear.

4. Operator of any other vehicle involved is convicted of a traffic violation.

5. Applicant's car is struck by a "hit-and-run" auto, if applicant reports the accident to proper authorities within 24 hours.

FOUR POINTS SHALL BE ASSIGNED FOR THE FOLLOWING:

1. Driving while under the influence of intoxicating liquor or narcotic drugs.
2. Failure to stop and render aid, or identify when involved in an accident.

3. Negligent homicide arising out of the use of a motor vehicle.

YOU MUST SIGN APPLICATION

When your insurance comes up for renewal, you will be required by this new Texas plan to sign a written application which will be used to rate your policy. This application will list all accidents and traffic violations—if any—of the applicant and each resident operator who drives the family car.

IT TAKES TWO OR MORE WEEKS TO PROCESS SUCH APPLICATIONS. YOU SHOULD STOP IN AT OUR OFFICE TWO OR MORE WEEKS AHEAD OF THE RENEWAL DATE AND LET US HELP YOU FILL OUT THE APPLICATION.

You do not have to sign an application form until it is time to renew your auto insurance. But remember to do it well in advance—as the applications take time to process.

Wildcat, offset staked in county

A new wildcat test three miles east of Post and a new offset in the Cain field in southern Garza County were announced this week. The wildcat is Earl Wells, Jr., of Odessa, No. 1 E. W. Whitten, a 4,400 foot test into the Glorieta. It is one mile southwest of Garza's Huntley field production from the San Andres and one and one-half miles northeast of Glorieta and San Andres production in the Threeway field.

The wildcat is 2,000 feet west-southwest of the 3,530 foot dry hole, a half mile east of a 3,393 foot duster, and three-quarters of a mile southeast of a 3-4-5 failure.

The Cain field offset, 13 miles southwest of Justiceburg, will be Southern Union Gas Co.'s No. 2-A Koonsman. It will be drilled to 5,000 feet to test the Spraberry.

It is a northwest offset to two-well Spraberry production in the Cain field and a west offset to the Strawn discovery well of the field. It spots at 330 feet from south and 1,650 feet from east lines of Section 4, Block 3, T&NO Survey.

Garza County had four rigs running last week, compared to five the week before.

'Deadly Season' here on highways, Texans told

Gov. Price Daniel called on Texans today to "strive for an all-time high in their efforts to save lives in our state's holiday traffic this year."

Following the Department of Public Safety's estimate that 111 Texans would lose their lives in the Christmas-New Year's 12-day traffic rush, the Governor called on law enforcement officials, citizen traffic safety groups, publicity media and "every automobile driver in Texas" to center their attention on saving lives during "one of the deadliest seasons of every year on our highways."

ONLY FOUR times before has the DPS estimate of Christmas holiday deaths been greater than the 111 predicted for this year, the Governor noted. Two of these were in 1957 and 1958, when statewide crusades for traffic safety helped reduce the toll below the prediction.

"Last year," Governor Daniel said, "a typically Texas effort was staged by the same people and officials of this state to whom I am again appealing. The 1958

Christmas holiday traffic death estimate was 95. But simply by doing what all good Texans should do at all times, driving safely and obeying the law, we held last year's actual death list to only 63. What we need to do again this year is repeat our 1958 performance—drive safely and obey the law.

"I AM requesting the Department of Public Safety, Texas sheriffs, chiefs of police and all other law enforcement officials to repeat their outstanding performance of last Christmas. They devoted many extra hours to patrolling our highways to help motorists in trouble and to removing from the highways those speeding, drinking, careless, reckless and law-breaking drivers who threatened the safety of others."

The Governor said the state's principal communications media—newspapers, radio and TV stations and billboard companies—have again promised complete support. "I believe the newspapers of Texas have printed more stories and photos, written more editorials

and devoted more space to traffic safety this year than ever before," the Governor said, "so I believe our citizens know of the danger on the highways.

"OUR RADIO and TV stations have done a tremendous job, both individually and through their own organization, in keeping traffic safety before their listeners and viewers, thus reminding them of this tragic problem.

"Right now, the outdoor advertising companies of Texas are putting up nearly 800 special posters carrying a very special reminder, 'Don't Let a Collision Spoil Your Holiday.' Both individuals and companies, the friends of traffic safety, combined with the billboard companies in this outstanding effort last year, and it is being repeated this year," the Governor said.

"BUT THE FINAL control of every car and truck is in the hands of the person who is driving, and if he or she fails for just a moment, then death, injury or property loss can easily result. I make a special plea to every driver on this month to obey the law, even if it takes a little more time, and to make a real effort to drive as safely and carefully as possible."

Dennis McGehee suffers broken arm last week while playing at school

By MRS. JESSE WARD

Dennis McGehee, son of Mr. and Mrs. Weldon McGehee, broke his arm Tuesday of last week while playing at school. He is doing fine and was able to return to school Monday.

Earl Morris entered Slaton Mercy Hospital Saturday and is doing as well as can be expected at this time.

Mrs. Bill Wright of Spearman, daughter of Mr. and Mrs. S. M. Lewis of the Pleasant Valley community, underwent major surgery Monday of last week in Lubbock Methodist Hospital. Visiting her last week were her daughter and son-in-law, Mr. and Mrs. Ronald Beard and family of Pampa.

Mr. and Mrs. D. R. Payton, who have been visiting their son and family, the Carl Paytons, returned to their home in Gentry, Ark., Monday.

MR. AND MRS. Harley Martin were hosts Sunday for a Martin family pre-Christmas dinner. Those attending were his parents, Mr. and Mrs. S. D. Martin, Mr. and Mrs. H. R. Dabbs and family, Mr. and Mrs. Blanton Martin of Littlefield, and Lt. and Mrs. Travis Dabbs and family of Lubbock.

A new piano was presented to the Southland Methodist Church by Mrs. G. W. Basinger. The church extends their appreciation and thanks to Mrs. Basinger.

Visiting in the home of Mr. and Mrs. Gus Gatzki are his brother and sister, Walter and Minnie Gatzki.

Guests of Mr. and Mrs. Weldon McGehee and family last Tuesday night were her nephew and his wife, Mr. and Mrs. Austin Tipton of San Bernardino, Calif.

THE PLEASANT Valley Baptist Church will have its Christmas tree and program Sunday night, Dec. 20.

Mrs. Gus Gatzki spent last week with her daughter and son-in-law, and new granddaughter, Mr. and Mrs. Leslie Cartwright in Plain-

view. The Christmas tree and programs for the Southland Methodist Church will be held Wednesday night, Dec. 23.

Mr. and Mrs. Jack Meeks spent Sunday in Lubbock where members of the Meeks family gathered for a family reunion and Christmas dinner.

The open house for Mr. and Mrs. B. L. Thomas in the Gordon community Sunday afternoon was well attended.

Mrs. R. H. Lewis spent last week with her daughter, son-in-law and new grandson, the Ward Thomas family, in Lubbock.

The Rev. Boyce Evans of Midland was guest speaker for the Pleasant Valley Baptist Church's Training Union banquet Saturday night. The event was held in the Southland cafeteria.

GUESTS OF Mr. and Mrs. S. D. Martin Saturday afternoon were friends of Merkel, Mr. and Mrs. C. S. Childers, and their daughter-in-law, Mrs. Harold Walsh who were en route to Wilson to visit their daughter and son-in-law, Mr. and Mrs. Clarence Church.

Mr. and Mrs. Gus Gatzki visited Sunday afternoon in the Graham community as guests of Mr. and Mrs. Will Wright.

Mrs. Agnes Rinker visited her daughter and son-in-law, Mr. and Mrs. G. T. Davis in Lubbock Sunday afternoon. Their daughter has been quite ill.

Mr. and Mrs. Jesse W. Ward spent Thursday and Friday in Levelland with their daughter, Carolyn Ward, student at South Plains College, and with another daughter and her family, Mr. and Mrs. R. W. Cook, Mike and Regina.

College students home for the weekend included Karen Ann Pennell of Lubbock Christian College, and J. W. Payton and Ronnie Dunn, students at Texas Tech.

Juke boxes exempted from new state tax

Attorney General Will Wilson has ruled that juke boxes are exempt from the new State tax on record players and hi-fidelity equipment.

The opinion noted that the same act specifically taxes coin-operated machines including juke boxes. Reference to "phonographs" under the three per cent retail sales tax on high fidelity recording equipment does not include juke boxes.

"Music coin-operated machines are commonly known and sold by that name or as 'juke boxes' not phonographs," the opinion stated.

Grahams' twin infants buried in Aspermont

Funeral services were held in Aspermont recently for Lonnie Ray and Ronnie Jay, infant twin sons of Mr. and Mrs. E. I. Graham of Post, who died in Garza Memorial Hospital after living only a few hours.

The twins were born at 10:30 a. m. and 10:35 a. m. Dec. 7 and died at 4 p. m. and 11 p. m. the same day.

Conference slated for judges, commissioners

COLLEGE STATION—The second statewide County Judges' moral Student Center, Feb. 14-16, 1960. The Texas Agricultural Extension and Commissioners' Conference is scheduled for Texas A&M's Me-

Texas Agricultural Extension Service and the County Judges' and Commissioners' Association of Texas are again co-sponsoring the conference.

V. G. Young, state agricultural agent, and President C. Y. Johnson, of the sponsoring organizations, point out that the program has been planned to bring specific ideas and methods to those attending in order to aid them in their service to the public. The response from last year's participants, say the leaders, formed the basis for planning the 1960 conference program.

this and other newer features of the tax regulations, obtain a copy of the 1960 Farmer's Tax Guide. It is available from your local county agricultural agent and from the Internal Revenue Service.

Recent income tax changes important

Large yearly depreciation can be set up for the remaining cost, less salvage value. For example, a tractor bought on Dec. 5 for \$4,200, would be allowed \$840 first year depreciation. In addition, one month's regular depreciation would be allowed. If a salvage value of \$100 is set up, the annual straight line depreciation on an eight-year basis would be \$400. Depreciation for the month of December would be \$33. So the total depreciation allowance on this tractor for 1959 would be \$873 (\$840 plus \$33). In 1960 the depreciation allowance on the straight line method would be \$400.

Some situations in which this additional first year depreciation might be beneficial tax-wise are: In years of unusually high net income, and in periods when considerable borrowed capital is needed for beginning or expanding operations. Also, in case of casualty losses involving considerable equipment, such as a fire, wind-storm or flood. Bates said the advantage of larger depreciation allowances would "cushion" the financial shock of re-investing in equipment needed.

COLLEGE STATION — Some taxpayers may overlook recent changes in income tax regulations that could reduce their 1959 tax. One new feature is the 20 per cent first year depreciation allowance on tangible personal property. Farm and ranch operators should know the limitations on this special depreciation option in order to decide whether to use it, according to C. H. Bates, extension farm management specialist.

To be eligible for this first year write-off, the property must have a useful life of six or more years. Usually a tractor or combine will qualify. Also, the property must have been purchased. Bates said any asset acquired by gift or inheritance does not qualify.

The maximum amount on which this depreciation can be taken is \$10,000 on a separate return and \$20,000 on a joint return. However, explained the specialist, this limitation may include several items of property to make up the total.

The full 20 per cent additional depreciation can be taken on equipment bought in December so it enables quick recovery of this much of the cost. Then, the regu-

Georgia Tech and LSU Raiders' foes

LUBBOCK— Texas Tech's final home basketball game of the year will be with Georgia Tech in the coliseum at 8 p. m. Tuesday night. A preliminary contest between the Texas Tech freshmen and the Ince Oilers, made up of former college stars, will be played at 6 p. m.

Tuesday night's game will afford the general public with one of its best opportunities to see the Red Raiders, Jimmie Wilson, business manager of athletics, pointed out. Classes will already be dismissed for the holidays, and the student turnout, therefore, will be slimmer than usual.

Georgia Tech, with whom the Raiders have split a pair of games in the past, is currently undefeated through five contests. Texas Tech meets Louisiana State in Baton Rouge Friday night of this week.

You'll find it in the Classifieds.

BEEF COUNCIL AWARD

The Texas Beef Council's Distinguished Service Award was presented to Dr. Sylvia Cover, Texas Agricultural Experiment Station researcher, by Hugh A. Fitzsimons Jr., TBC vice president, at the Beef Council's sixth annual Beef Dinner at A&M College. Dr. John B. Truslow (right), executive dean and director of the University of Texas Medical Branch at Galveston, was principal speaker at the dinner.

Following rains, St. Nick may find going slushy in Graham community

By MRS. DILLARD THOMPSON Judging from the way it looks now with water everywhere from the one and one-half inch rain Monday night, Ole Saint Nick better prepare his rubber boots and mud chains instead of snow shoes for delivering his Christmas parcels. Just as a suggestion, Saint Nick, why not call the "whirlybirds" to do the job?

With Christmas only a short time off children have begun to count the days until Santa Claus comes. Several homes at this time have their Christmas trees all lit up and are very pretty and also express the holiday spirit.
