## Comanche Oil Sets Another Well In Town

Drilling continues on Comanche Oil corporation Unit 1 well in the townsite at 2900 feet and a rig has been moved to Unit 25, south of the high school.

The second location is one location over from the original proposed location on school property which was to be the first well drilled.

Star Oil company's H. F. Pettigrew east of town is capped and officials are waiting. Post-Tex Drilling company set the oil string at 2950 on Dr. Sam G. Dunn's Martinez No. 1 in the Bingham addition. Frank Rose Drilling company has moved on for completion. Both Post-Tex rigs are now stacked, awaiting orders.

The No. 1 Hattie Connell is acidizing today at 2920 feet. Another well on this property acidized at 3100 feet and is producing 20 barrels a day.

The deep test on the Bryan Williams property in Lynn county has spudded in, he reported yesterday, and service casing is being set. Another Lynn county well of interest to Garza, the Magnolia company No. 1 Garza.

(Continued On back Page Col. 1)

## Mrs. W. C. Morris Heads Road Group

Mrs. W. C. Morris was named president of the local Rural Roads association at an organizational meeting Tuesday night at the courthouse.

W. O. Holly was named vice president and Vera Gollehon chosen secretary-treasurer. County home demonstration clubs agreed to solicit memberships at \$1 each. Goal for Garza county is 400 members.

Money raised through membership campaigns will be sent to Austin to promote legislation for better rural roads.

The local organization is temporary. At a later date, three directors from each precinct will be chosen.

## PMA Gives Farmers Three Days To Participate in Grain Resealing

Farmers have until Sunday to notify the County Production and Marketing Administration committee that they want to take part in the resealing program for 1949 small grain. C. E. Spence, county PMA chairman, announced.

The date applies to wheat, oats, rye, barley and grain sorghums now covered by farm storage loans or purchase agreements. The grain must be resealed by June 30. Grain under purchase agreements may be sealed under loans by the same closing date. Maturity date for loans under the resealing program are April 30, 1951, for wheat, oats, rye and barley, and March 31, 1951, for grain sorghums.

Spence explained that upon extension of a loan or upon the granting of a loan on wheat which was under purchase a-

ATTEND BOARD MEET HERE—Attending the meeting here Tuesday of the Duck Creek Soil Conservation district board were, left to right, Clark Forbis of Afton, a director; Charles Taylor, Dickens county agricultural agent.

Spur: Oscar McGinty, chairman of the board, and Truett Fry, local business man; and Giles McCrary local director. Some 40 people, including representatives of all the agriculture agencies attended. (Photo by Bob Butcher.)

## Folks from Three Counties Attend Duck Creek Meet

Board of directors of the Duck Creek Soil Conservation district met here Thursday with 35 cooperators, agriculture agents, technicians, production and marketing committee officials, agriculture students and businessmen.

Oscar McGinty of Spur, board chairman, presided over the meeting which began at 1:30 o'clock in the afternoon. Main topic of discussion was the disposal of the \$17,000 check awarded the district by the state legislature. The board was most interested in ways to determine the needs of the district.

The group decided to hold the field tour during soil conservation week, May 15-21. It will be worked out on a local basis, with each county being covered by its own tour.

Arrangements for the grass judging contest May 26 in Spur were approved. A group of 4-H boys and a group of Future Farmers from Post will participate. E. F. Schmidt, local vocational agriculture teacher, is in charge of the contest.

## Jeff D. Justice Dies Tuesday In Temple Hospital

Funeral services for Jefferson Davis Justice, Jr., are to be held this afternoon at 3 o'clock in the First Baptist church with the Rev. W. F. Ferguson, Baptist minister, officiating, assisted by the Rev. T. M. Gilham, pastor, and the Rev. D. W. Reed. Burial will be in Terrace cemetery under the direction of Hudman Funeral home.

Mr. Justice died in Scott and White hospital in Temple Tuesday afternoon where he had been a patient several days. He had been ill at his home several weeks before being admitted to the hospital.

He was born January 26, 1887 and had lived at Justiceburg 50 years. He was married to Miss Doyle Bridges May 18, 1915. He had been a member of the Baptist church 40 years.

Survivors include the widow; a daughter, Mrs. Joe Griffis of Lubbock.

(Continued On Back Page Col. 2)

## Dietrich Pupils Set Piano Recital May 4

Piano pupils of Mrs. H. J. Dietrich will be presented in a recital at the Church of the Nazarene next Thursday night.

Special numbers on the program will include a cornet duet by Mrs. B. E. Young and son, Gene. Mrs. Clint Herring will play a violin solo. Mrs. Dietrich will be accompanist for both numbers.

Mrs. Dietrich expects William Murphy, Lubbock pianist under whom she studies, to give several special numbers. A member of the Texas Tech music faculty, he has studied music in Europe as well as the United States. He was pianist for the Lubbock Symphony orchestra during the 1948-49 season.

## SENIOR PLAY

The Seniors of Southland high school will present a play, "The Funny Brats" in the high school auditorium at 8:15 o'clock tomorrow evening.

LOOK WHO'S NEW!

## V. A. Lobban Quits As Deputy Sheriff

V. A. Lobban, deputy sheriff, has resigned, effective the first of the month.

Lobban said this morning that his plans are indefinite yet. He said that he would make a statement to the public in about two weeks.

Bill Hall is expected to replace Lobban as a deputy sheriff.

## Garnolia Snares First Place in Annual Play Day Events

Garnolia won first place Friday in track and literary events during Play Day held at the Graham school. L. R. Guest director, announced.

Garnolia racked up 350 points, figured by the Interscholastic league point system. Graham was second with 276 points; Justiceburg, 123; and Close City, 93. Results will not be completed until the higher grades play off the baseball tournament this week.

Fourteen firsts in athletic ev-

ents and two in literary events were snared by Garnolia. Graham won four firsts in athletics and nine in literary competition. Justiceburg and Close City had no firsts in athletics, but four and three, respectively, in literary events.

Winners included, spelling, Jeanie Peel, Graham, seventh grade; Betty Sellers, Graham, eighth grade; Carrol Ray Davis, Graham, fourth grade; Janet Chambers, Justiceburg, fifth grade; and Le Wayne Sullenger,

Justiceburg, sixth grade.

Graham won the seventh and eighth grade girls' relay. Frances Craig, Garnolia, sixth grade, won girls high jump and Tommy Murray, Garnolia, won boys' sixth grade. Jane Taylor of Garnolia won the 100-yard dash competition for seventh and eighth grade girls, while Norman Washburn, Garnolia, won the boys' corresponding test. Washburn also won the seventh and eighth grade broad jump for boys, while Wynonne Eth-

## Hospital, Housing and Rodeos Discussed by C of C Directors

### Post Building Is Unceasing

Business and residential expansion continues in Post with lumberyards reporting most of their work this week as repairs.

E. G. Roberts is building a two room house behind his house. Forest Lumber company is building new sheds in their yard. The Sherill Boyds are remodeling an apartment in their garage.

Zack Gibson of Kermit has moved here to manage the William Cameron Lumber company being built on the Claremont highway. His wife and children, Larry, 3, and Lana, 3 months, will move here when they find living quarters. Jack Cowser will be the company bookkeeper.

Cameron will operate an oil well store in addition to regular lumberyard stock. They will handle all types of oil well supplies. The L. C. Holder Trucking company, also being built in the Bingham addition, will handle all the Cameron trucking. C. C. Farrell of Denver City is the manager.

Permin Mud company has also opened offices in the Bingham addition. D. C. Hill is manager. The firm sells drilling mud.

### Four Injured In Accident Wednesday

Four Latin-Americans were injured, one seriously, when the truck in which they were riding ran off the road and struck the Three Mile Bridge on Highway 84 early yesterday morning.

Sheriff E. M. Bass who investigated the wreck said the truck in which some 20 Latin-Americans were riding evidently began angling off the road on the hill and the back wheel struck the bridge banister, breaking part of it off. Bass estimated damage to the bridge at \$100 and to the truck at \$500.

Injured were Ester Gatica, 17, Martina Gatica, 23, who Bass brought to the Post Clinic for treatment, and Sipianna Fuentes, 12, and Antonia Gatica, 40, who were brought to the clinic in a Mason and company ambulance. All were women and all were from Sinton.

The 12-year-old girl was probably injured seriously. Bass said, but injuries to the other three were slight.

### Garza Reaches One-Third of Goal For Cancer Drive

Garza county has met only one-third of its goal in the 1950 cancer drive, James Minor, chairman, revealed today. The drive is to run through this month.

Only one team has reported for Post, leaving three unheard from. Nothing has been reported from the rural areas. Those who have not been contacted and wish to do so, may see Minor or mail in their contribution, he said.

"Cancer is an insidious killer," he reminded, "but early diagnosis can result in a cure. Our main purpose is to educate the public. Part of the money in the drive goes to research for cure treatment of such forms of cancer as leukemia."

### A. B. Haws Constructs 11 Offices Here

Eleven single and double air-conditioned offices will be completed and ready for occupancy here this week.

A. B. Haws has constructed the offices in the loft above the pool hall and White Auto store. Two are already occupied by Rayflex Party 8.

All offices are equipped with fluorescent lights. Two large units air-condition the whole building, with vents for adjustment in each office. Walls are painted pale green and floors are covered in patterned linoleum.

Tenants usually furnish their own offices. Haws said, but he will furnish his if necessary. Rooms are of several different sizes, 8 by 12 feet, 12 by 12 feet, 12 by 14 feet, with double offices being combinations of two sizes.

(Continued On back Page Col. 1)

### 4-H, FFA Grass Contest in Spur Slated Tomorrow

A group of FFA and 4-H club boys will go to Spur tomorrow to participate in the Duck Creek district grass judging contest at 2 o'clock in the afternoon.

E. F. Schmidt, local vocational agriculture teacher, is contest director. Agriculture students and 4-H club boys from three counties and five high schools will attend. The session is to be at Spur high school.

### Mrs. Long's Recital Set Tomorrow Night

Pupils of Mrs. E. S. Long will be presented in a recital tomorrow night at the Presbyterian church at 7:45 o'clock. Following the program, awards will be presented.

Those participating will be Joyce Short, Jimmy Short, Morris Bird, Jerilyn Davies, Marcia Dean Holland, Clarky Cowdrey, Ann Scarbrough, Katherine Kahler, Willie Anne Mathis, Janie Gossett, Sarah Cockrell, Carolyn Hudman, Mary Louise McCrary, and Patty Lott.

### Five Fines Assessed In Peace Justice Court

Five fines were assessed in justice of the peace court this week, Justice J. D. King reported.

All were for \$1 and costs. Two drunks were fined. One penalty was assessed for disturbing the peace. The other two were high-way violations for speeding.

## Texas Tech Rodeo Set for Next Week

Invitations have been sent to 31 colleges to enter contestants in bareback riding, bull riding, calf roping, saddle bronc riding, ribbon roping and steer wrestling. Girls will compete in a barrel race and goat tying. There is also a special wild horse race set.

Goat Mayo of Petrolia, who furnishes Post Stampede and Southwestern Championship rodeo stock, is arena director and furnishing stock for the Tech show.

Post Stampede Cowboys and Post Junior Cowboys have been invited to ride in the large parade opening the rodeo at 5 o'clock Thursday afternoon, Davis said. This will be the first appearance of the two groups since their organization.

### Playground Made At Old Custer Gin

The old Custer gin yard has been turned into a playground in the northwest part of town, Sheriff E. M. Bass reports, with a baseball diamond already laid out.

All children are invited to come to the playground and play Bass said. Commissioner Buck Gossett had a grader clear the lots and Bass said an effort was being made to secure slides, swings and other playground equipment.

Bats and balls are available at the playground, but the children will have to bring their own gloves, the sheriff said.

## May 8 Is Date Set For Cowboy Togs

Western regalia will be the order of the day May 8 and thereafter until the end of the Post Stampede it was decided Friday when members of the Ro-eo association met with merchants in the Garza theatre.

Advertising for the rodeo will begin that day, the group decided. Homer McCrary secretary, presided at the poorly attended meeting. Some 25 people were present. Coffee and doughnuts were served at the Friday morning event.

Everyone will be asked to wear western attire which will be defined as a bright shirt and large hat. "No one will be able to get by with just a pair of boots," McCrary said.

A hoosegow will be in operation and the Stampede Cowboys will take care of the noncooperators, McCrary said. It is possible that there will be a kangaroo court for fines. Women will be expected to wear a bright shirt or blouse while downtown.

Two booster trips were planned. Dates set were May 17 and 18, the Wednesday and Thursday before the rodeo. Advertising material will be in the hands of the committee next week. E. A. Warren, advertising manager, stated.

Members of the Rodeo association asked all merchants to enter a float in the opening parade this year. Poor representation in the past was discussed.

"Hunt and Seek" storage is a thing of the past in the newest International Harvester refrigerators. The new models have 11 shelves and 3 drawers and the newest feature of all is the Fantasy-Door. The door has a number of shelves arranged to conveniently hold bottles, eggs, etc. Dows and his bunch will show you the new models at the Post Truck and Tractor company.

Higinbotham-Bartlett Lumber company has received a new shipment of "weathered" Sherwin Williams house paint. This new paint protects against excessive loss of gloss, high dirt collection, color fading etc. Check with Tom and Beuna if you are thinking in terms of paint.

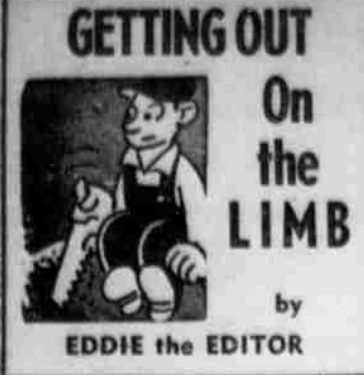

## LOCAL MARKETS

Quotations given a Dispatch reporter yesterday included:

Prices on light and heavy hens dropped two and three cents a pound while grain, eggs and cream prices were steady this week.

Cream lb.	52
No. 1 Kaffir	1.75
No. 1 Milo	1.80
No. 1 eggs, dozen	25
Light hens, lb.	14
Heavy hens, lb.	17
Cocks, lb.	18

# Farmers Should Substitute Self-Control for Imposed Control

Well, as a weather prophet, it looks like I'd make a good flying saucer pilot.

I'm real glad the city council didn't have to go to the expense of making rain—although they may have passed an ordinance Tuesday providing for last week's rain. Anyway, it came and I'm sure glad.

The publisher of the Slaton Slatonite came out and predicted rain for April 10. I don't know what kind of margin he was working on and can't say just how he rated himself, but if I know weather prophets, that I will turn out a misprint and the prediction will be April 14 or 17 or sometime it actually did rain.

Me, I never predict the actual date of a rain. Noah Stone went out and built a fire and found out which way the wind was blowing at sunrise one morning and told us we'd have bumper crops. He didn't mention whether a giant irrigation system would be installed or if the Indians told him when the rains would come.

Once I knew of an old man who fancied himself as a weather prophet. He would come in the office regularly to be interviewed. Finally he decided that since the weather bureau boys got paid for their predictions he was going to start charging for his. That was one pest that eliminated himself.

He would come in and corner the newest member of the staff—all others avoided him like the smallpox—and say, "It's going to rain between the 25th and the 31st—just mark it down on the calendar."

He wasn't a very sharp old geezer and I think his hobby must have been checking vacant houses for spider webs.

Now that we have had a light rain, I'm going to get busy on my garden. I really don't know what to plant, since I didn't get started on Good Friday—it hadn't rained then.

Before I can get started on my garden though, I have a bunch of other projects that are taking up a lot of my time.

First two things I have to do is fix up the curbing in front of my office and also in front of my house so paving can begin on West Main. Jimmy Hundley came back from Florida with the idea of moving the edge of the sidewalk back six inches to protect the bumper of his convertible.

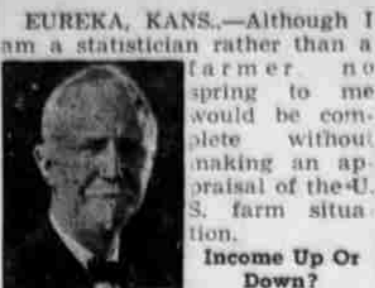

I thought that it would be a good idea to keep every thing symmetrical and I want my sidewalk to match Jim's. Besides, Old Mule Train has been a faithful servant to me these many years and I decided I better start taking care of her fenders. Might affect the trade-in.

Well, when George Samson and Buck Gossett and I get all our curbing and paving organized, then I got to install some new equipment I bought over at Snyder and other places.

It's taking me a good while to get ahold of all the new equipment I want and need. I didn't realize what effect a little new stuff would have on the morale of my shop.

Since I bought a new casting box, I think Darrell Stone, my printer's devil, comes down before daylight, just to get to look at it. He spends half his time cleaning it up and when he gets back in that little screened-in-room with it, he is as happy as a bird in a gilded cage.

I'm making a lot of business changes which, naturally, are interfering with my gardening. The main thing

Income Up Or Down?

farmers, like practically everyone else, are rather preoccupied with the business of making money. Their success in this matter during the decade from 1940 through 1949 is nothing less than astounding. Farmers' total cash receipts climbed from \$8,688,000 in 1939 to \$31,308,000 in the record year of 1948. Last

TEXANS IN WASHINGTON

By TEX EASLEY Associated Press Washington Service.

I have to think about how I can convert my loft into office space and lease it to some wealthy oil company. I have no prejudices against getting rich.

About the only available place I can figure is up above my office which is next to the central heating system. Now that summer is coming on, maybe the girls in the front can stand the temperature turned down to around 212 Fahrenheit and Standard Oil or somebody could send an agent in here without risk of having him broiled.

I don't know just what method I will use to get my tenant up to this office if I build it. It would hardly be practical to install an elevator, unless he wanted to pay for it himself. Then, too, it is rather dark up there and I suppose I would have to furnish one or two 25-watt bulbs for him to see by.

I can't decide either how to wall the space in or if I should. I think we should encourage the hardy-type citizen who can withstand the noise of the presses and machines and still make sense over a direct wire to New York City.

But that is one of my problems, I am just working on. I would like to get it settled before planting time though, so I could keep my mind on my hoeing.

The Indians used to plant a fish with a grain of corn, or sometimes, and I'm wondering how it would do to plant a grain of corn with each small fish. It doesn't look like I am ever going to get away to do any fishing so I would like to raise some in my backyard. I haven't read very much on the subject and I'm not sure of how practical it would be.

Maybe Lewis Herron or Mike Custer has some kind of government bulletin on it that I could borrow.

Soy beans are very nutritious, I am told and I might plant some of them, but I don't know if they are a bush bean or a running vine bean. So I don't know whether I should drive up some stakes and string up some wire or just let them follow their own inclinations.

I think I might need two or three bushes of black-eyed peas, just so I'd have enough for a good-luck dinner on New Year's.

I nearly go crazy in front of these little stands you see in all the grocery stores and down at Bill Lands, full of all different kinds of flowers and vegetables. I just can't decide what kind of tomatoes I want to grow—you can't tell from the names on the packets.

Most of them look big and red and they all are claimed to be sweet and juicy. I might plant some carrots but since I don't use my eyes too much, I don't know whether I should or not. It might draw rabbits into the neighborhood and cause the property values to go down.

Those long yellow squashes I think are supposed to grow better in this country but they don't look as neat as those scalloped

year, there was an 11 1/2 per cent decline to \$27,703,000,000. Will the downturn continue in 1950? Although it is much too early in the season to attempt a forecast of total crop production, it may be taken for granted that farmers will try again for another bumper output. Government supports are too attractive for them to do otherwise. Acreage cuts may well be offset by use of better land and seed, closer planting, and intensive cultivation. But weather will be the determining factor. Should the aggregate 1950 crop again be large, farmers' total receipts may slide 10 per cent more to some what under \$25 billion—a tidy sum, nevertheless!

### Factors Behind Slump

During the war years, it was absolutely essential that farm production be stepped up to the limit, so that the needs of our allies and of ourselves might be adequately provided for. History reveals how well those needs were met. Farmers throughout the land bent their shoulders to the wheel and turned out unprecedented crops for years on end. No other country in the world has matched their magnificent performance.

But after the war ended, farmers still continued to produce huge crops of wheat, corn, and most other agricultural commodities. And why not, since government price supports guaranteed them a handsome income? Meanwhile, Europe has become

virtually self-sustaining in agriculture, and no longer needs to import large quantities of farm products from this country. The net result has been a continued accumulation of agricultural commodities, especially in the hands of the U. S. Government.

### A Mess Of Pottage

American farmers in recent years as stated above, have improved their financial status by leaps and bounds. Many among them are millionaires. Their sons drive Cadillacs and other fine cars. But are they selling their birthright for a mess of pottage? The traditional independence of the farmers of this country is, in my opinion, in jeopardy. I do not believe that the taxpayers will continue indefinitely to

### Minute Editorial

Local peace officers have been carrying on a worthwhile but unpopular program of giving tickets for traffic violations during the past months. We believe that their efforts have been very beneficial in many ways but there is still much to be desired. The light on Main and Broadway is nothing but a thorn in the side of both motorists and pedestrians. It is rarely possible to walk across Main street on one light. Motorists have to stop as many as three times before crossing the highway on a green light. Yet big trucks are boiling through town, never even slowing down, much less stopping, when the light is red on the highway. One peace officer said that the motorist was not to blame for running that red light, since it changed too quickly. It is our feeling that a red light is a red light and out-of-town trucks should stop for it the same as local business people. Local officers recommend a three-way light with a caution signal to give motorists more time. Some technicality of state law prevents putting one there, they say. We believe in equal enforcement of the law and an ENFORCED speed limit for those parts of state and national highways that run through town. If motorists are not to be blamed for running the red light, let's take it down and give the pedestrian an even break. That way it will come as no surprise to him when a speeding truck or car crashes into him on Main and Broadway.

### What Our Contemporaries Are Saying:

sonable fair price for farm products we would see this country plunged into a disastrous depression which would wipe out the jobs and the profits of millions of those engaged in industry."

The military post theater at nearby Fort Belvoir, Va., 25 miles south of here, has been named in honor of Herman Wallace. Lubbock soldier who was killed in World War II when he deliberately put his foot down on an exploding land mine and saved the lives of others in his squad.

For this act, which occurred in Germany while the squad was clearing a road of mines, he was awarded posthumously the congressional medal of honor. His parents, Mr. and Mrs. Ernest L. Wallace of Lubbock, were invited to attend recent dedication of the Wallace Theater.

The National Press club is arranging a Texas barbecue for its annual outing. Arrangements have been made for John Snyder, barbecue king of Amarillo, to bring his chuck wagon and helpers here and put on a real western feed on June 17.

Twelve years ago the club had a barbecue. That, too, was put on by Snyder—and they still talk about it. Snyder brought his paraphernalia to old Fort Hunt along the Mount Vernon boulevard in nearby Virginia. Pits were dug and whole beehives were turned for hours over slow-burn ing embers.

The same arrangements are being made for this year's event. Practically every bigwig in town, including President Truman, cabinet members and diplomats, are expected to turn out for the \$3 a head affair. Some 3,000 men—it's stag—will enter the wooded reservation wearing six-inch sombreros tied to their lapels. All the men of the Texas State society of Washington have a special invitation. The National Press club, whi

green squashes. I don't know which one tastes better than the other. However, I think when a man spends a lot of time on his garden like I'm going to do, it should look neat. Of course, I realize that color harmony is important, too.

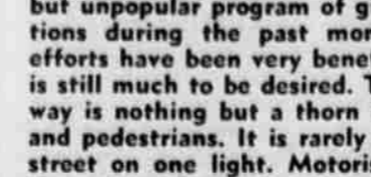

Around the edges of my garden, I think I'll plant some variegated sweetpeas and giant morning glories. I hope the sweetpeas don't cross with the black-eyed peas because I can just imagine coming home to supper and smelling the delicate aroma of such a hybrid.

Anyway, I figure a few flowers should be added to everyone's garden because man cannot live by vegetables alone. And that would be a good excuse for not ever hoeing the weeds. You could always say they were callendulas or rhododendrons or an experimental variety of blue-bells.

As soon as I get to it, I'm going to decide whether I'll have my ground ploughed or spaded. I like to get into the spirit of things but, of course, such a busy man as I have no time for ploughing. My hands are delicate because some of the work I do is precision work, such as setting laundry lists, etc., and I have to take care of them.

# Spring Brings Salads and Desserts to Front in Post Menus

Salads, soups, pies and cakes comprise the favorite recipes of several Post women selected at a luncheon last week.

Mrs. Jim Hays submits a recipe for her husband's favorite pie, pineapple cream. Ingredients include:

- 1/2 cup sugar
- 1/2 teaspoon salt
- 1/2 cup pineapple, drained
- 1/2 cup egg yolks
- 1/2 cup butter
- 1/2 cup evaporated milk, undiluted
- Juice of 1 lemon

Mix dry ingredients, add drained pineapple, egg yolks, butter and milk. Cook in double boiler until thick. Add lemon juice and mix thoroughly. Cool. Pour in baked pie shell and cover with a meringue made from 3 egg whites.

Beat eggs until stiff, adding sugar gradually. Beat until the consistency of marshmallows. Beat into the pie and bake in a 350 degree oven until brown—10 to 15 minutes.

Since this is the time for salads, Mrs. Garland Davies chose to share her recipe for Sweetheart Salad, which she uses either as a salad or a dessert. Recipe includes:

- 2 cups crushed pineapple
- 1/2 cup sugar
- 1/2 cup unflavored gelatin
- 1/2 cup cold water
- 1/2 cup lemon juice
- 2 tablespoons maraschino cherry juice
- 2 packages cream cheese
- 12 cherries
- 1/2 pint whipping cream

Beat pineapple with sugar. Add gelatin with cold water. Stir into pineapple. Add cherries, then cool. Mash cream

cheese and add cut up cherries. Mix with pineapple. Chill until thickened. Whip cream and blend with the rest. Mold and chill.

Mrs. Reese Carter has a glamorous recipe for Creme Vichyssoise which she translates freely as glorified potato soup. The Carters especially like it served ice cold—although it can be eaten hot. Ingredients, to serve six, include:

- 4 leeks or 3 medium onions
- 2 1/2 cups diced potatoes
- 1 1-lb. can of chicken soup with rice
- 1 tablespoon butter or margarine
- 1 cup heavy cream
- 2 cups milk
- 2 teaspoons salt
- 1/4 teaspoon pepper
- 2 tablespoons minced chives
- 1/2 teaspoon paprika

Cut leeks or onions into fine pieces. Cook with potatoes in boiling water until tender (about 40 minutes). Drain and press through fine sieve. Put into double boiler adding soup, butter, cream, milk, salt, and pepper. Mix thoroughly. Reheat to blend. If you serve it cold, put it in the freezing compartment until it is ice cold. Garnish with chives and paprika.

Mrs. Sherrill Boyd is a cook who believes the method is everything. In giving her recipe for Wop Salad, Mrs. Boyd cautions not only about the right way to prepare the ingredients, but the right dish in which to prepare them.

Mrs. Boyd suggests a large wooden salad bowl—which is never washed. Keep away from dust in a dust proof drawer or cellophane bag, she says. Clean with vinegar, then rub well with olive oil. She also suggests the use of a wooden fork and spoon, similarly treated, for tossing. Ingredients include:

garlic chilled lettuce salt onion cucumbers radishes tomatoes

After cleaning salad bowl and rubbing with olive oil, take garlic clove and rub bowl again, thoroughly. Put in a small amount of salt and shake it around bowl until it absorbs the garlic flavor. Have lettuce chilled until crisp, then break into small pieces with the fingers—do not cut as this destroys the flavor.

Chop up the amount of onion you prefer individually. Add chopped cucumber, radishes and tomatoes. (All three are optional.) Toss with wooden fork and spoon. Let set while mixing equal parts tarragon vinegar and olive oil—the amount depends on the amount of the salad. Put paprika in the liquid, leaving it until it turns the liquid red. Stir well.

Pour evenly over salad and toss again until oil and vinegar cover every piece of lettuce. Let set in a cool place for one hour—no longer—before serving. Toss again before serving.

Mrs. E. M. Bass enjoys making Peanut Butter Cookies for her children. Needless to say, the children enjoy eating them. Her recipe calls for:

- 1/2 cup peanut butter
- 1 egg
- 1/2 cup shortening
- 1/2 cup flour
- 1/2 cup brown sugar
- 1 teaspoon soda
- 1/2 cup white sugar
- 1/2 teaspoon vanilla
- 1/2 teaspoon salt

Cream shortening and sugar. Add egg, vanilla and peanut butter, beating well. Mix in sifted flour, soda and salt. Shape mixture into small balls and flatten. Bake in a moderate oven for 10 minutes. This recipe makes a dozen and a half medium-size cookies. It is one recipe for peanut butter cookies that holds together well, says Mrs. Bass, even though it is stiff to work with.

Mrs. M. K. Bingham has a recipe for Cream Chocolate Pie that is a family favorite at her house. Ingredients include:

- 1-3 cup flour
- 1 cup sugar
- 1 tablespoon cocoa, heaping
- 2 cups milk
- 1 teaspoon vanilla
- 3 egg yolks
- 1/4 cup butter

Mix ingredients and cook over low heat until thick, stirring constantly. Pour into a baked pie shell and top with a meringue made from:

- 3 egg whites
- 3 tablespoons sugar

Beat this together well and brown in a slow oven.

Mrs. Charlie Baker's chocolate cake has a glamorous title and her family says it tastes as good as it sounds. It is called Waldorf-Astoria Chocolate cake. Ingredients are:

- 2 cups all-purpose flour
- 1 cup sugar
- 1 1/2 teaspoons soda
- 1 1/2 teaspoon baking powder
- 4 teaspoons cocoa
- 1 cup cold water
- 1 cup salad dressing
- 2 teaspoons vanilla

Sift flour and mix with sugar, soda, baking powder and cocoa. After mixing well, add water, salad dressing and vanilla, beating five minutes. Pour into shallow cake pans and bake for 35 minutes at 350 degrees. Cool and frost with an icing made from:

- 1 cup sugar
- 1/4 cup cocoa
- 1/4 cup milk
- 1/2 cup butter
- 2 teaspoons vanilla

Boil one minute, cool slightly and add vanilla. Ice cake quickly.

Mrs. N. A. Lusby has a recipe for Crumbtopped Apple Pie, which her family likes really well. Ingredients include:

- 1 No. 2 can pie apples or 3 cups sliced apples
- 1/2 cup sugar, white
- nutmeg and cinnamon to taste, or
- 2 tablespoons 'red hot' candies
- 1 cup brown sugar
- 1 cup butter

Mix brown sugar, flour and work in butter until mixture is crumbly. Cover sliced apples with this and cook until crust forms on top, in a slow oven (350 degrees) for 30 minutes. Serve plain or with ice cream or whipped cream.

Mrs. Raymond Redman has a

favorite recipe for Cloverleaf Rolls that she finds very successful. Ingredients are:

- 1 1/2 cups sweet milk
- 1 tablespoon salt
- 3 tablespoons sugar
- 3 tablespoons shortening
- 1 beaten egg
- 1 yeast cake
- 3 1/2 cups flour

Heat milk, salt, sugar and shortening to boiling, then cool to lukewarm. Add egg, yeast and flour, beating until smooth and elastic. Cover and let rise for an hour and a half. Turn on floured board and work. Cut off pieces the size of marble and place three together in greased muffin cups.

Cover and let rise one hour. Bake 15 minutes in a 375 degree oven.

Mrs. Jim Hundley finds the Fruit Nut Bread she makes very popular with those who eat it. Her recipe includes:

- 1/2 cup dried apricots
- 1 large orange
- boiling water
- 1/2 cup raisins
- 1 teaspoon vanilla
- 2 tablespoons butter
- 1 egg, beaten
- 2 cups flour
- 2 teaspoons baking powder
- 1/2 cup chopped nuts

Soak apricots one-half hour. Squeeze juice from orange into a cup. Fill cup with boiling water to make one cup of liquid. Put apricots, half orange rind and raisins through food chopper. Add orange juice and water. Stir in soda, sugar, melted butter, vanilla, then add beaten egg and remaining dry ingredients, sifted together. Add nuts last.

Bake in greased and floured loaf pan in moderate oven, (350 degrees), 50 minutes. Turn up-

side down on a rack to cool. It keeps like fruit cake, Mrs. Hundley says.

Mrs. Marvin Hudman finds Pineapple Upside Cake one of her favorite recipes. The main reason is that it is so easily made and so quickly finished—no icing necessary. Another is that everyone pronounces it delicious. Ingredients include:

- 1/4 cup butter
- sliced pineapple
- 1 1/2 cups brown sugar
- 3 eggs

1 cup flour  
1 cup white sugar  
1 teaspoon baking powder  
1/2 cup pineapple juice

Beat egg yolks and sugar together. Add pineapple juice. Sift flour and baking powder several times, then add the eggs and sugar. Last fold in egg whites, beaten stiff. Melt butter and brown sugar in cake pan and cover bottom of pan with sliced pineapple. Pour mixture over this and bake in moderately slow oven for 45 to 50 minutes.

## BITS OF NEWS

Mr. and Mrs. Burton Edwards of Mineral Wells visited Sunday in the home of Mr. and Mrs. L. W. Dalby.

Mr. and Mrs. Merle Jenkins spent the weekend in Caddo with his parents, Mr. and Mrs. George Jenkins.

Mr. and Mrs. Dan Cockrum, Mr. and Mrs. J. C. Johnson and Mr. and Mrs. Iven Clary spent the weekend fishing near San Saba.

Fred Boyd of Lubbock arrived here last Thursday for a visit in the home of his cousin, Sherill Boyd, and family.

Charlie Stephens of Lubbock spent last week here in the home of his grandfather, the Rev. J. E. Stephens and Mrs. Stephens.

## FROM THE GRANDSTAND

by WILBUR MARTIN  
Associated Press Staff

A lot of people are thinking about that vacation they'll get this summer. And a lot of them are figuring on taking a fishing trip. The U. S. Fish and Wildlife service takes a happy view of this line of thought. The government agency in a recent gleeful statement pointed out that the popularity of freshwater fishing in the U. S. last year reached a record high. Albert M. Day, director of the service, reported that sales of anglers' licenses last year amounted to 15,478,570 and that revenue from these sales was \$32,657,940. Of this amount Texans contributed \$301,671. That was for 293,409 resident licenses and 5,239 non-resident licenses, or a total of 298,648 licenses.

Mexico is joining with the U. S. in the 16th annual inventory of North American waterfowl resources. Important wintering grounds from Alaska to Guatemala are covered in the population estimate.

Luis Macias, chief of the Mexican game department, is heading Mexico's efforts in this survey.

Most of Mexico's best waterfowl wintering grounds are so inaccessible to hunters, that they constitute excellent natural refuge for the birds. This should make a count in this country fairly easy.

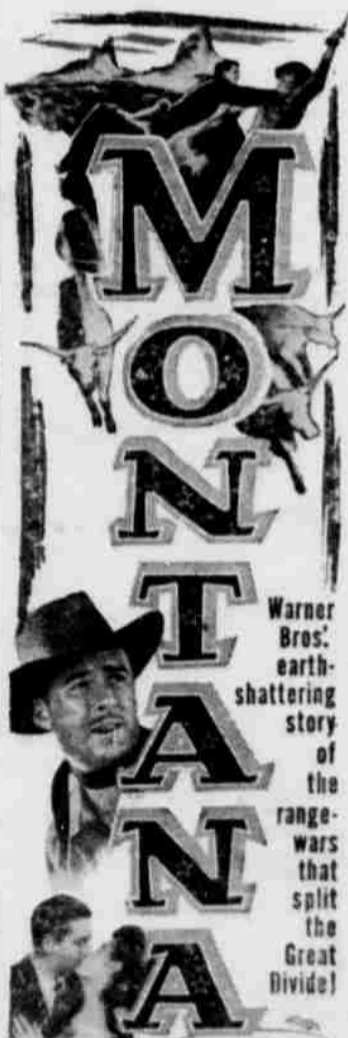

Boosters of Lake Texoma are out to make this spot one of the best-known playgrounds in America. They've already hit on some unique ways to make the name known throughout the country. These include having prospective English Channel swimmers train in its choppy waters.

The Boston Braves present the most revamped lineup this season. Four ex-Giants, Sid Gordon, Willard Marshall, Buddy Kerr and Sam Webb, ex-Cub Gene Mauch and ex-Dodger, Luis Olmo are Braves.

# Fishing Tackle Replaces Buggy Whips In T. R. Greenfield's Hardware Store

Fishing tackle has replaced buggy whips but the essential items of stock remain the same today in T. R. Greenfield's hardware store as they were in 1916. Greenfield came to Post in 1914 as superintendent of schools. He and Mrs. Greenfield had been married only a short while and came out here as bride and bridegroom. "The only person I knew here was W. L. Davis," Greenfield recalls. "He wrote and told me there was a vacancy in the school, so I came out and got the job." In partnership with T. L. Jones, he bought out J. C. Houseman's hardware business. The store was 20 x 100 feet in dimension, in the present location of Greenfield hardware. The stock invoice was \$2600. Greenfield and Jones went into the hardware business Feb. 22, 1916. In about a year, Jones withdrew from the partnership and went into the coal and grain business. From 1918 to 1920, Clay Faires of Bertram was a partner. George West was Greenfield's partner from 1920 to 1922. Since that time, Greenfield has been sole owner. The business was incorporated in 1925. The original stock included shelf hardware, light fixtures, wire, buggies, buggy whips, wagons, one row slide go-devils, guns and ammunition, harness and saddles, lard cans, wash tubs and such. Greenfield introduced the first tractors in Garza county in 1922 and 22. The first tractors sold here were IH's and in 1923, the Farmall was introduced. In 1925, Greenfield carried a line of P&O and Oliver implements. Prices on stock have more than doubled, Greenfield revealed. "In the early days, every Saturday was trades day," he recalls. "People had to come to town in wagons and buggies and on horseback, so they just came once a week. It wasn't like now when people can come to town every day." During the first World War, business was adversely affected by two years of drought. Greenfield recalls that it did not have nearly as much effect as the last war. During World War II, there were greater stock shortages and more overhead. The 'Moon' buggy was the

most popular one Greenfield sold before automobiles became the vogue. People seemed to prefer it, he said, because of its durability. In 1930, he began stocking fishing tackle in a big way. At present he has the largest stock he ever had. He first stocked bicycles in 1925. It was also in 1925 that he enlarged the front of his building to 40 by 90 feet. Present stock includes a complete line of bridles, mailboxes, tubs and milk cans, as well as dishes, breadboxes, ironing boards, globes, nails and the hundred and one everyday hardware items that have been usual during the past 34 years.

## Millers Come Up for Third Try at Win Against Seagraves Sunday after Losses

Post Millers come up for their third game Sunday, against Seagraves, still smarting from last week's two defeats, by Slaton and Sundown.

## SMU-Notre Dame Film Sets Record

DALLAS April 26. P.—Southern Methodist university athletic officials wouldn't be surprised if their film of the SMU-Notre Dame football game last Dec. 3 sets a record as the most popular grid film.

Athletic Director Matty Bell estimates it has been screened 250 times already. Five copies of it were made and assistant coaches and some of the football players have joined Bell in showing it all over the country. Coach H. N. Russell took it as far as Calgary, Canada.

Ex-student organizations in Chicago and Seattle have shown it; it has been to Missouri, Indiana, Oklahoma and all the states of the Southwest.

In this memorable game Kyle Rote and company almost shot down a Notre Dame team rated No. 1 in the nation. The score was 27-20 and was considered a major upset. Southern Methodist campus newspaper bannered the game: "Southern Methodist upsets Notre Dame 20-27."

## Rookies Open Season Hitting Home Runs

NEW YORK April 26. P.—Four rookies opened the current season by hitting home runs on the opening day. They are Sam Jethroe, speedster of the Boston Braves, First Baseman Preston Ward of the Chicago Cubs, Outfielder Bobby Usher of the Cincinnati Reds and Third Baseman Al Rosen of the Cleveland Indians.

All but Jethroe played in the majors before. Usher hit his third big league home run as a pinch hitter with a mate aboard. Ward, ex-Dodger, hit his with two men on. Rosen's first big league homer came with Manager Lou Boudreau on base.

## Health Program Is Given by Members Of Amity Study Club in Burress Home

Health legislation and the school health program were discussed when the Amity Study club met Tuesday night in the home of Mrs. Jack Burress. Mrs. Lewis Herron was cohostess. Mrs. Jess Cornell directed the meeting. Mrs. W. F. West was program chairman and talked on trends and new discoveries in medicine, as well as legislation. Mrs. C. D. Lee spoke on the health program in the local schools.

Refreshments of cherry nut salad, crackers, mints and spiced tea were served to Mrs. Delino Gossett, Mrs. Conrad Hartel, Mrs. Burnon Haws, Mrs. Paul Jones, Mrs. L. J. Richardson, Jr., Mrs. David Schultz, Mrs. Lee Suther, Mrs. Cornell, Mrs. Lee, Mrs. West and Miss Thelma Clark.

## Girls' Troop I Has Hiking Trip

Girl Scout Troop I is working on second class badge requirements, one of which was a two mile hike last Wednesday afternoon.

Each girl helped plan the hike and was responsible for either planning the menu, the program, laying the trail, or building the fire. Trail signs led the troop to the roadside park where they roasted weiners or marshmallows.

Twenty-six girls, their leaders and five visitors, Mrs. T. L. Jones, Mrs. Lester Nichols, Mrs. Cecil Osborne and Mr. and Mrs. Walter Keener, attended.

This troop is helping with the cancer campaign each Saturday afternoon. Cookies have arrived and girls will begin the annual cookie sale right away, Mrs. James Dietrich, leader, said.

## Elizabeth Schultz Is Honored On Birthday

Elizabeth Betsy Schultz was honored on her fourth birthday with a party Monday afternoon given by her mother, Mrs. David Schultz, and her grandmother, Mrs. Hettie Mae Robinson. Guests enjoyed games and refreshments.

Attending were Terry and Patty Gillson, Margie Ann Harrison, Jerry Don Morris, Joan Knight, David Miller and adults, Mrs. Paul Duren, Mrs. J. O. Hays, Mrs. Jack Knight, Mrs. Buck Harrison and Mrs. Robert Miller.

## Birthday Supper Honors Ray Smith

Ray Smith was honored with a birthday supper Monday night at his home, by his wife.

Those present were Mr. and Mrs. O. L. Weakley, Mrs. Ira Weakley, Mr. and Mrs. Garland Cannon and children of Petersburg, the Rev. and Mrs. W. H. Utman and baby of Brownwood and Mr. and Mrs. Wally A. Smith of Lubbock.

## Justiceburg P-TA Talks Close of School

Seven members of the Justiceburg Parent-Teacher association met last Thursday afternoon to discuss arrangements for the closing of school.

All mothers were urged to attend the monthly meetings and do their share toward building up the school.

By GANELL BABB

**SCRIPTURE:**  
Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness; considering thyself, lest thou also be tempted. Bear ye one another's burdens, and so fulfil the law of Christ. For if a man think himself to be something, when he is nothing, he deceiveth himself. But let every man prove his own work, and then shall he have rejoicing in himself alone, and not in another. For every man shall bear his own burden. Let him that is taught in the word communicate unto him that teacheth in all good things. Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap. For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the spirit shall of the spirit reap life everlasting. And let us not be weary in well doing: for in due season we shall reap, if we faint not. As we have therefore opportunity, let us do good unto all men, especially unto them who are of the household of faith. Galatians 6: 1-10

The RA's of the Calvary Baptist church met Monday at the church for a lesson from their study book. Ten were present.

The Rev. and Mrs. J. E. Stephens attended the dedication of the Cooper Methodist church Sunday afternoon and night and heard Bishop W. C. Martin of Dallas preach at the evening service.

The TEL class of the First Baptist church met for a business and social meeting Wednesday of last week in the home of Mrs. George Samson. Mrs. R. L. Kirkendoll gave the devotional. At the conclusion of the meeting refreshments of strawberry ice cream and cake were served to 11 members and four visitors.

The Susan Fitkin chapter of the WFMS met at the Nazarene church Monday evening with seven present. Mrs. H. E. McClain taught the lesson from the study book.

Mrs. A. C. Surman, Mrs. Ben Williams, Mrs. Tom Hagood, Mrs. D. C. Williams, Mrs. M. J. Malouf, Mrs. Walter Boren, Mrs. I. N. McCrary and Mrs. George Samson attended a spring Presbyterial at Brownfield Monday. The theme of the meeting was "Ourselves as Servants for Jesus Sake."

The Rev. O. L. Jones, Calvary Baptist pastor, preached at Seymour Sunday at the request of the pastor and a long time friend, who was conducting a revival meeting elsewhere.

Ted Hibbs, S. D. Strasner and the Rev. A. B. Cokrell attended a banquet for Methodist laymen and preachers of the Lubbock district at the Hilton hotel in Lubbock Monday evening.

The First Baptist church members had a goal of 500 set for Sunday School last Sunday; their attendance was 468.

The Rev. J. E. Stephens preached in Tahoka Methodist church Sunday morning.

The GA's of the Calvary Baptist church met Tuesday at the church with 17 members for a study from their World Comrades.

Wesleyan Singers of Texas Wesleyan college in Fort Worth will give a concert in the Methodist church at 8 o'clock this evening. The public is cordially invited. The group will be guests at a fellowship supper preceding the concert at 6:30 o'clock in the church dining room.

The Hazel Moon circle of the WMS of the First Baptist church met Monday afternoon with Mrs. Mitchell Bowen with seven members present.

Warlick Carr, Lubbock attorney, spoke at a meeting of young adults and pastors of the Slaton sub-district in the local Methodist church Tuesday evening. He spoke on the privileges and responsibilities of being an American citizen. Carr said "There are 81 million church members in America today and if each of these would win one that the United States and part of other countries would be won." Slaton was the only church represented from out of town. Arthur Earl Gamble of Lubbock who is director of young adult work in the Lubbock district was also present.

About three-fourths of the Indians in North America in Columbus' time lived in the present U. S.

## Brownies Meet In Gordon Home

Mrs. Max Gordon's Brownie troop met at her home Tuesday afternoon to study aircraft and health.

Each one present made a health poster and all were bound together in scrapbook form. Mrs. Weidon Dodson, assistant leader, was in charge.

Committee members for this troop are Mrs. Lee Bowen, Mrs. Arlie Gilmore and Mrs. Edd Dye. Sponsoring organization is the Fifty-Fifty Sunday School class of the First Methodist church.

Troop members are Clara Frances Smiley, Joy Jones, Heler Bowen, Kay Gordon, Genevieve Gilmore, Cherrie Dodson, Delores Ann Dye, Sue Bowen, Carolyn Sue Daniels, Jo Ann Pearson, Mary Kathleen Baker, Joyce Blberry, Wanda Joyce Lloyd and Alice Faye Dawson.

## Graham 4-H Club Discusses Banquet

Graham 4-H club met Friday for a demonstration on banana nut bread and Monday with the county home demonstration agent to discuss the 4-H banquet.

Girls are to bring 25 cents for each ticket. They may invite boys. Each girl is to bring a fruit pie. Dresses and record books must be turned in by May 5. Western or bright-colored clothes will be worn to the banquet. It was decided that girls cannot wear levis, however.

Lucile Morris, sponsor, conducted the banana nut bread demonstration. When baked it was served to 15 4-H members.

## Larry Welch Honored At Birthday Party

Larry Welch was honored on his ninth birthday Friday with a party given by his mother, Mrs. Ralph Welch in their home.

Guests enjoyed outdoor games before refreshments of cake, punch and ice cream were served. Fifteen attended.

## Twins Are Honored At Birthday Party

Freda and Ronnie Kennedy were honored with a party on their 12th birthday Monday afternoon in the home of their parents, Mr. and Mrs. Pete Kennedy.

Guests enjoyed outdoor games. Refreshments of cake and cookies were served to 24 guests.

## Auxiliary Installs Officers Monday

New officers were installed at a meeting of the VFW Auxiliary in the Legion Hall Monday evening.

Mrs. Christine Moore of Lubbock, district VFW president was installing officer.

Twenty visitors from Lubbock and Lorenzo attended the meeting.

## RAINBOW TO MEET

Members of the Rainbow Assembly are asked to meet at the Masonic Hall for study Sunday afternoon at 1:30 o'clock.

Assemblies in surrounding towns have been invited to attend a Friendship program here, May 8.

## CLUB TO MEET

Mrs. T. R. Greenfield will be hostess for the Needlecraft Club at her home at 3 o'clock tomorrow afternoon.

## Juniors Honor Seniors Friday Night At Traditional Banquet in Circus Motif

Juniors of Post high school featured the circus theme when they entertained seniors, faculty and school board members at the traditional junior-senior banquet Friday in the City hall.

Waggoner Carr, Lubbock attorney, gave the main address. Leon Miller was master of ceremonies. S. D. Strasner, high school principal, gave the invocation. Norman Cash gave the welcome and Charles Bowen responded.

Mary Nell Bowen and Robert Smith and Melvin Garner presented a musical program and Rowena Hodges gave a reading. Daisy Holly, "a gypsy fortune teller," read the class prophecy. La Rue Stevens and Anita Kennedy sang "I've Got a Lovely Bunch of Coconuts."

El Wanda Davies read the class will, "Clowning for Fun." The menu included baker's fruit cup, fried pequin, ring master's salad creamed popcorn balls, green balloons, cotton candy, clown's delight and pink lemonade. Place cards were decorated with the man on the flying trapeze.

Following the banquet, which was attended by some 150 people, the juniors and seniors went to the show. Sophomore girls served.

## gossip about garza Guys And Gals —by gay nellie

Polly Cook is to be the queen who will reign over the Texas Tech rodeo in Lubbock next week.

D. G. Porterfield's latest honor is being elected as vice-president of the Christian Foundation at McMurry in Abilene. A junior chemistry major at the college, he is also president of the junior class, a member of the science club and a member of Ko Sairi social club. Wonder if his brother, Jim Bob, who will graduate from PHS in a few days will do all those things or stick to farming?

That cute new girl at PHS that all the boys flirted with Tuesday is named Baker and her front name is MRS.

Carolyn Boren and a friend, Barbara Inman, whose home is in Orange, Tech students, spent the weekend here with Carolyn's family.

We bet Jane Turner has a huge time her next trip home. "breaking in" her mother's new Oldsmobile.

## Kornegay-Baker Wedding Revealed

Mr. and Mrs. M. M. Kornegay of Dallas are announcing the marriage of their daughter, Faye, and Gaylyn Baker of Post.

The wedding occurred Oct. 21 in Rockwall. The bridegroom is a son of Mr. and Mrs. A. C. Baker of Dallas.

Mr. and Mrs. Baker are living in the Ben Williams apartment. She will graduate from Post high school in May. He is Intertype operator for the Post Dispatch.

## DANCE GIVEN FRIDAY

Several junior and senior girls were hostesses to a dance in the City hall Friday night, following the picture show and banquet. Some 25 couples danced to recorded music. Mothers of the hostesses were chaperones.

# G. W. Basingers Build Slate-Roofed House of Austin Stone

Mrs. G.W. Basinger designed her home of Austin stone, located on the Post highway just out of Southland.

The rambling ell-shaped house is surrounded by a lawn of golf grass and clover. The front porch is built into the house, on the southwest. There is a front entrance to the living room, on the south, the hexagon-shaped dining room, and one to the back hall.

Spacious is the word for almost every room in the house. The living room is 15 x 22 feet, papered in a shaded pattern of gray on a silver background. The carpet matches, being woven tones of gray in a floral pattern.

Slab doors throughout the house are mahogany. Blue, wine and gray are emphasized in the furnishings and decorations in this room. A double window on the south gives the effect of a paneled picture window. Draw draperies in a large floral pattern of yellow, wine, green and gray on white, are on the windows.

**Modern Couch**  
Modern, overstuffed couch and matching chair are upholstered in wine. A drum table holds an ornamental lamp in front of the double window. A stepladder is at one end of the couch. Gold shades are on matching table lamps.

A false fireplace is on the north wall. It is faced with cream tile, trimmed in a darker tile. The mantel and sides are gum wood. A brass trimmed fire-screen and brass and iron and pokers complete the fireplace accessories. Logs may be lighted by gas or electricity.

Gold occasional chairs flank the fireplace. Some of the ceramic pieces made by Mrs. Basinger as a hobby are displayed in here, as well as pictures of the couple's grandchildren.

The kitchen is in the opposite ell of the house, next to the double garage. It is floored with inlaid linoleum in a rich rust color, which is also placed on

the work counter top. Wallpaper is a red and white plaid pattern, covering the walls above the tile wainscoting and running clear across the ceiling.

**Many Appliances**  
Mrs. Basinger boasts almost every possible type appliance for kitchen convenience in this room. They include an automatic washer, an ironer, two deep freezers, gas range, dishwasher and refrigerator. Enameled white cabinets cover two walls, both above and below the work counter.

Red checked curtains are on the double window over the sink and dishwasher. A corner cabinet is built for convenience above the work counter.

In one corner of the kitchen, beneath a double window overlooking the grassy backyard is the dinette suite. It is chrome and yellow plastic. Mrs. Basinger modeled her kitchen after the one in her other home.

Behind the kitchen is a long entrance hall with a front and back door and a door to the garage. One closet holds a hot water heater and the other is a pantry. It is floored with the same inlaid linoleum that is used in the kitchen. Dimensions of the kitchen are 22 x 18 feet.

Centering the house is the six-sided dining room. The Basingers spend most of their spare time here, in a big, red-leather platform rocker.

**Shaded Carpet**  
At the left of the front door is a coat closet. The carpet is wine with a shaded pattern. Wall paper has a wine back ground with large white fronds splashed over it.

Mantel and sides of the fireplace backing the one in the living room is of the same gum wood. Tiling here is wine. A similar fire-screen and brass accessories are used here.

The three platform rockers indicate the Basingers' desire for comfort. Besides Basinger's red leather chair, one is upholstered in green and another in beige. Chairs for the Duncan Phyfe dining table are seated in a green and beige stripe. The table is laid with a yellow lace cloth.

White organdy Priscillas are at the double window at the back of the house. Pale yellow draw panels are beneath them. Other furnishings include a shelftable, a buffet and a most unusual corner china cabinet. The china cabinet fits in the corner and has a rounded front. Glass doors at the top serve to show Mrs. Basinger's china. A drawer and closed shelves beneath are for silver and linen.

**Tapestry Over Buffet**  
A tapestry representing Christ in Gethsemane is above the buffet. This room is extra large, also.

A long, 4 x 30 feet hall connects the bedroom wing to the living area. It is papered in a rose, yellow, green and beige floral. The carpet matches that in the living room.

The first room on the left is Basinger's den. It is rather a study, being 10 x 12 feet in dimensions. Wall paper uses gray and rose as predominant colors and features different types of sailing and steam ship

Draw draperies at the window are in a modernistic pattern of gray, rose, pale green and yellow. Furnishings here include a blond telephone table-and-chair, a period desk and chair, a safe, a small table and a smoking stand. Above the desk is a picture taken of Basinger and a large group of tractor dealers in Chicago in 1937. He won a trip for selling more tractors than any dealer in Garza county.

The guest room is furnished in blond, ultra modern furniture. Dimensions here are 12 x 14 feet. Wallpaper is green with huge carnations in a pale rosy white. The dresser is placed in front of the double window. A gigantic circular mirror is on the dresser which is built with a semi-circular top and round front.

**Guest Bath**  
A double chest, night stand and massive double bed complete the furnishings. West of this room, is the guest bath, connected to the room. It is papered above the tile wainscoting with a salmon and green pattern on a silver background. Fixtures include a shower. Wall heaters are used in the bathrooms and Mrs. Basinger's sewing room.

The spread on the double bed is rose kullted satin, matching the draperies. The ceiling in this guest room is papered in watermelon, green and beige stripe.

Across the hall is the main bathroom. For a modern bath, it is large, dimensions being 8 x 10. It is papered above the peach tile wainscoting with roses on a blue background. Mrs. Basinger has a dressing table in here and the conventional bathroom fixtures, including a tub.

A wastebasket matches the clothes hamper. Across the hall is the deep, shelved linen closet.

**Huge Climbing Flowers**  
Beyond the linen closet is another guest bedroom, also 12 x 11 feet in dimension. It is furnished in a traditional style. Huge climbing flowers march up the rose-colored wallpaper.

The Priscilla curtains at the double south window here are of 'love lace.' A white, tucked satin spread is on the bed. Furnishings include a chest, dresser, nightstand and the carved double bed.

The master bedroom runs across the back of the bedroom

RELAXING IN THEIR NEW HOME—Mrs. G. W. Basinger puts the finishing touch to a ceramic piece she is making as a hobby as her husband reads the newspaper while sitting in his favorite chair. They are pictured in a corner of their six-sided dining room. (Photo by Bob Butcher.)

Dimensions are 16 x 18 with two closets four feet deep across the north wall. Furniture here is massive blond waterfall. It includes the bed, nightstand, dresser and chest of drawers. There is a platform rocker and an early American rocker, for contrast.

Yellow Priscilla curtains are at the double windows on the south and the single window on the east. Venetian blinds are used throughout the house. Mrs. Basinger used a large floral wallpaper again in this room. Roses with brown leaves are on a pale green background. The ceiling is papered with a green and white or off-white stripe.

**Sewing Room**  
Mrs. Basinger's sewing room corresponds to his den and is on the opposite end of the hall, next to the master bedroom. Rose and white striped wallpaper is in this room. Mrs. Basinger's sewing machine is blond. A white closet in this room contains the auxiliary hot water heater. A wardrobe is here and a closet for hanging the articles on which Mrs. Basinger is working is built in the wall. She also

keeps an ironing board here for pressing.

Stoves are used in the master bedroom and the rest of the house, besides the baths and sewing room, is heated with floor furnaces and the fireplaces.

Contractor and builder was his brother, Albert Basinger, of Lubbock. The Austin stone house is built with a shallow slate roof. Besides the lawn of clover and golf grass surrounding the house, the Basingers have planted alfalfa around the lawn. This eliminates a lot of dust that Mrs. Basinger would get otherwise. The double garage is attached to the house and reached by a curved drive.

Walter Hays who has been visiting here for several days returned to his home in Ojai, Calif., Monday.

**Sunday visitors in the home of Mr. and Mrs. Jim Hays were Mr. and Mrs. Clyde McGinley and daughter, Clydell, and Betty Sue Clack of Slaton, Mrs. Earl Holland of Sundown, Walter Hays of Ojai, Calif., Mrs. J. O. Hays, Mr. and Mrs. Bill Hays and children and Mr. and Mrs. Hubert Anthony and children.**

# Al Bird Practices Conservation On Farm and Ranch Interests

Al Bird figures the soil conservation program has helped him 100 per cent.

Ranching and farming in the Verbena community, Bird became a cooperater in the Duck Creek district in 1942. He first made application on 3,520 acres. The program he has followed includes planting grass seed and cover crops and contour farming. Bird has built some 25 tanks on his property, as a cooperater. Four of them have been built this year and five were built last year. Several are stocked with fish.

In 1945, he started his program by contour farming 952 acres and establishing a good crop of residue on this land. He has maintained this practice each year.

Through the years, he has constructed almost 25 miles of terracing. Each year, he is building more and more terraces.

"That stuff is the dickens to try to farm," Bird says, but evidently, it is proving successful. In 1945, he built 4.3 miles of terraces as a cooperater. The next year, he was able to build only 1.4 miles but at the same time, he established 20 acres of cover crops, planting barley.

In 1947, Bird built 8.6 miles of terraces and increased his cover crops to 50 acres, planting vetch and rye. This year he constructed 9.5 miles of terraces and has planted 150 acres of cover crops, largely barley.

Bird is more interested in the conservation practices as applied to ranching. As early as 1945, he reported 2555 acres of pasture, properly stocked.

"Before I started with the Duck Creek district, I was badly overstocked," Bird said. "With the SCS program of deferred grazing, grass planting and proper stocking, I can really see an improvement in my cattle."

Besides his farming and ranching interests, Bird maintains a sort of game preserve on his ranch. He estimates that he has a herd of some 20 to 25 antelope.

Another project which interests him and is virtually a hobby is the breeding of 'cattalo.' Bird is experimenting with crossing buffalo, Herefords and Brahmas. Despite cattle breeders telling him that he cannot get a calf from such a hybrid, he has averaged a calf a year. One animal he has that is three-quarter buffalo has the massive body of the Hereford with the spindly legs, hump, fur and whiskers of the buffalo.

A three-quarter Hereford cattalo will soon calve. Most of her characteristics are Hereford traits, but she has the uneven fur of the buffalo and her legs are not so sturdy as Hereford legs.

Bird also raises his own Quarter horses. His son, Jimmy, 20, is especially interested in horses and competes often in rodeos and matched ropings. The two and Mrs. Bird live in a rock bungalow about 15 miles from town.

Another project Bird has carried through recently is the rocking of three other houses on his property. He has a conservation program on four sections with his son-in-law, Paul Beach who lives in Inglewood, Calif. Twenty-two hundred acres of this is in deferred grazing. Bird has planted weeping lovegrass here.

Success of the soil conservation program, Duck Creek officials believe, is well-illustrated in Garza county by Al Bird's practices.

BARNEY, JIMMY AND AL—Al Bird, major cooperater with the Duck Creek Soil Conservation district, poses with his son, Jimmy, and one of Jimmy's horses, Barney. Barney is half-Quarter, half thoroughbred, although the Birds specialize in raising Quarter horses. (Photo by Bob Butcher.)

## Former Postite Goes to Carswell

James W. Williams, 2615 1st Place, Lubbock, has been assigned to the 7th Supply Squadron of the Eighth Air Force's 7th Bombardment Wing at Carswell Air Force Base, according to an announcement by Brig. General C. S. Irvine, commanding general of the base and wing.

Sergeant Williams, a graduate of Post high school, entered the service in September 1943. He served 24 months in the Pacific theater.

Prior to his entry into the service he was employed as a butcher. He reported to Carswell Air Force Base, near Fort Worth, following an assignment at Biggs Air Force Base, another Eighth Air Force station.

He is the son of Mr. and Mrs. Lafayette Monroe Williams, of Lubbock.

Truett Babb of Meadow spent the weekend here with his mother, Mrs. R. W. Babb, and sister, Ganel.

Mr. and Mrs. Bill Carter and son are in Lynn Haven, Fla., visiting with Mr. Carter's father, Reese Carter, sr.

Mr. and Mrs. E. L. McLaughlin, jr., of Petersburg visited Sunday in the home of Mr. and Mrs. J. A. Probst.

Mr. and Mrs. Bob Collier are vacationing in Austin and other south Texas cities this week.

## Grade School Children Return 99 Per Cent of Borrowed Lunch Money

Some 260 quarters have been borrowed this year by grade school students to pay for lunches at school and 259 of them have been returned, Principal E. E. Pierce revealed.

This amounts to \$65. The only child who did not return his quarter moved away before he remembered it, Pierce said. Most children return the money to the principal's office the next day. Last year, the same amount was borrowed and all of it was returned. A child moved last year without paying, but moved back during this term and paid her quarter.

The fund is built up, Pierce said, by the art show and collections from the trick horse show. It is designed for use of children who lose or forget their money. When a rain comes up, parents call in and arrange for their children to borrow lunch money.

Since it is so near the end of school, Pierce said, the fund is closed now.

"I doubt if there is any other loan business in town that can boast such a record," Pierce said. "We think it is good training for the children in paying their debts without reminders."

## Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

# CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

# REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

# FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman . . . upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good . . .

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

### "The Safety Record of Diesels is Outstandingly Good . . ."

PRESIDENTIAL FACT FINDING BOARD REPORT

Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation . . ."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

**EASTERN SOUTHEASTERN WESTERN RAILROADS**

We are publishing this and other safety statistics to link to you at first hand about matters which are important to everybody.

### Another Well---

(Continued From Front Page) Land & Cattle company, recovered drilling mud with no show on a 150-minute drillstem test at 8144-60 feet, this week. It is 16 miles southwest of Post.

A fourth well has been completed in the San Andres pool in the southeast part of the county, the Rogers Brothers and John H. Cochran No. 1-M Dorward, one location north of the discovery. Twenty-four hour potential was for 114.48 barrels of 38-gravity oil plus five per cent water on the pump. Callihan, discovery operator, has two of the wells in the field and the Cochran interests have the others.

### New Offices---

(Continued From Front Page) Rest rooms are in the back, behind the regular offices. There is space in the back, as yet unfinished for more offices than Haws has already built in the front. He left a hall with space to cut through to the loft of the building above his store, in case more office space is needed.

### TO WHOM IT MIGHT CONCERN:

APRIL 26  
From this date I, Charles R. Wilson doing business as Wilson Bros. in the City of Post, County of Garza, Texas will no longer be responsible for debts contracted in the name of Wilson Bros. by A. G. Wilson.  
Chas. R. Wilson

### TOO LATE TO CLASSIFY

SINGLE MAN WANTS FARM JOB. Prefer tractor driving. Phone 139J.

From 1942 to 1948 Americans ate an average of 148 pounds of meat per year.

**FIRST COME, FIRST SERVED**—Dark Star is a sad Shetland colt as she stands by, helpless and hungry, watching Skeezix, a calf, steal her dinner. Trixie, the mama, doesn't seem to mind who answers the dinner call. The animals belong to Carl Dupriest, who lives near Amarillo. Dupriest found the calf stealing the colt's food after Dark Star became weak and didn't attain normal growth. Now Skeezix is tied up at dinner time.

### PMA Gives---

(Continued From Front Page) excess of marketing requirements, so as to stabilize marketing and prices. Only 1949-crop grains in eligible farm storage are eligible for the resealing program.

Spence says that because of the prospects of a very short crop this year it is expected that many Garza county producers with adequate storage facilities will want to participate in this program and keep control of their 1949 grain.

### Educator Asks End Of School Reports

LOS ANGELES April 26. P—Miss Helen Heffernan is one educator who doesn't believe in report cards.

It would be better for both parents and children if the "old fashioned" cards were eliminated, she told a conference of educators. Miss Heffernan, assistant chief of the division of instruction, California Department of Education, suggested that parent-teacher discussions would be a better way to determine what is best for children.

### GARNOLIA, GRAHAM WIN

Graham boys and Garnolia girls won first place in seventh and eighth grade baseball competition at Garnolia yesterday. Close City and Garnolia won second and third in boys competition; Graham, second for girls.

### Pleasant Valley Small Talk

Please Send News Not Later Than Monday to Pleasant Valley Correspondent

The Home Demonstration club entertained family members with a 42 party at the school building Tuesday evening.

Mr. and Mrs. Jimmie Sain of Slaton were recent guests of her parents, the S. M. Lewises.

S. H. Webb, Mr. and Mrs. T. L. Webb and Dick Webb went to Tuscola to visit with another brother who is ill.

Robert Lee Mock underwent a tonsillectomy in Lubbock last week.

Sunday guests in the C. R. Scott home were Mr. Scott's mother, Mrs. Robins, and daughter and granddaughter of Idalou.

Verna Chase attended a food demonstration at the Lubbock Country club Monday evening.

Mr. and Mrs. Raleigh Reese were in Tahoka Monday.

### STATES EXTEND PARKS

CHICAGO April 26. P—State park systems are growing. The Council of State Governments reports there now are 1,650 state-owned parks and similar recreational areas, totaling more than 4,703,000 acres. Nearly all states plan to acquire more land for new or larger parks. The reason: Increases in leisure time for Americans.

### Collector Must Be Perfect Thirty-Four

LOS ANGELES April 26. P—As a hobbyist, Mrs. Sylvia Wexler "measures up." She collects tape measures. Mrs. Wexler has acquired 18 unusual types since the day in 1939 she asked for a tape and was handed one wound in a celluloid doll's head.

Her collection includes tapes hidden in an alarm clock, a metal turtle, a tiny harp, a porcelain duck, an ivory spindle and a picture of the Brooklyn Bridge.

### Lions Club Meets For Business Session

A business meeting was held when the Lions club met Tuesday night at the City hall.

Nine members were present, including a new member, Mr. Buck.

## Bandy Cash Tells Candidacy for Post In Precinct No. 4

The Post Dispatch has been authorized to announce the candidacy of Bandy Cash for county commissioner, Precinct 4.

In a statement to the voters Cash points out that this is his first time to ask for public office.

"I have been in the county 26 years and a resident of the precinct for 15 years.

"If elected, my only promise to voters of the precinct will be to serve them to the very best of my ability and to see after the welfare of the people."

Mr. and Mrs. Clint Herring and daughter, Jan will be in Lubbock this evening, Mrs. Herring and Jan will attend the Lubbock Little Symphony concert and Mr. Herring will attend a Shriner's meeting.

## Furniture Manufactures Use New Materials But Prices Remain Same

Furniture manufacturers are using the new materials that scientists are developing to add new color and life to their products.

Mrs. Jewell Strasser, home demonstration agent, says families interested in buying furniture may wish to take advantage of these recent developments when purchasing furniture for the home.

She says at least one manufacturer is using steel framing in upholstered furniture and that wide use is being made of foam rubber. In some lines of wood furniture, dressers, desks and other similar pieces are being made larger. Mahogany, walnut, oak and maple remain among the most popular woods. New finishes are most attractive and most of them seem to be very durable.

In dinettes, she says wider use is being made of square chrome tubing. Chairs are being made larger and fuller. A new plastic table top is being used on many wood dinette tables that is said to be impervious to almost any type of destruction that humans can think up short of using an axe. In the household equipment field she says there is a noticeable change in the restyling of ranges and refrigerators especially in some of the new ranges. Increased numbers of home freezers are being offered.

Mrs. Strasser says that fabric prices are expected to go higher. More abstract patterns are expected to be used instead of

floral and leaf designs and metallic effects will be important. Multicolored patterned plastic material has been introduced. There is an increased supply of nylon upholstery material which is said to be easy to clean and this feature may make pastel upholstery more practical than it has been.

The one item that interests every consumer, says Mrs. Strasser, is the price tag and here the experts, she adds, seem to agree that no decline in prices is in the picture at this time.

## High School Classes Set May 5 Play Day

May 5 will be Play Day at Post high school with all five classes voting to take a picnic lunch and go to Mackenzie park at Lubbock.

Some will go skating and others plan to take in the midway at Mackenzie. S. D. Strasser, principal, said.

A small basket is attractive for hot rolls, hot biscuits, and corn bread. Line the basket with a napkin before putting in the rolls and then draw the napkin over the bread to keep it warm.

Mr. and Mrs. Exum and baby of Littlefield visited Sunday with Mrs. Bill Piland and daughter, Marie.

## STOCK STURDY CHICKS!

From where I sit... by Joe Marsh

His Punch is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket. "Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet." Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets... to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea—and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the right of the other to have tastes and opinions? We're all trying to go in the same direction — towards a friendlier, more pleasant world for all of us.

Joe Marsh

### Mrs. Lonnie Peel Is Chosen at Meet As District Committee Member for HD

#### BITS OF NEWS

**Hardy Parker and family** left Tuesday morning for Beaumont after receiving word that his father had died.

**Mr. and Mrs. Lois Singham** spent the weekend with her parents, the T. S. Browns, in Hamlin. They also visited in Rotan with their nephew, Joe Brown, who was accidentally shot through the stomach by his 15 year old brother while they were hunting together. Joe, who is 13, is recuperating satisfactorily.

**Mr. and Mrs. Cecil Osborne** were Sunday visitors in the home of Mr. and Mrs. Horace Rackley in Hermleigh.

**Mr. and Mrs. Alvin Graves** and children of Lubbock spent Saturday night and Sunday with Mrs. Vera Cockrell. Other Sunday guests of Mrs. Cockrell were Mr. and Mrs. Hardie Smith and daughter of the Pleasant Valley community.

**Woodrow Sanders of Carlsbad**, N. M., brother of Mrs. W. B. Sanders, is in a hospital there as a result of a back injury he received Friday while at his work in a potash mine.

**Mrs. Irvin McDougle** visited her husband in the Veterans hospital in Amarillo last Thursday. He underwent surgery there Wednesday.

**Kenneth Lynn and his brother-in-law**, James Evans who recently moved to Manhattan, Kans., visited here recently with Mr. and Mrs. J. E. Lynn en route to Morton to transact business.

**Mr. and Mrs. Marvin Idell** spent the weekend in Lubbock visiting in the home of Mr. and Mrs. Johnnie Miers.

**Mr. and Mrs. W. C. Bush** and Mrs. John Coleman have returned home after spending two weeks in Truth or Consequences, N. M.

**Visitors in the J. E. Lynn home** Monday were Mrs. Lynn's nephews, Mr. Howard and Homer Simpson of Seminole.

**Nora Jones**, daughter of Mr. and Mrs. Bill Jones left Friday evening for Houston to visit with her brother-in-law and sister, Mr. and Mrs. Eugene Brown.

**Mr. and Mrs. Raymond Young** are driving a new club coupe Chevrolet.

**Sunday dinner guests** in the home of Mr. and Mrs. W. L. King were their daughter, Mrs. Birdie Stringer, and her son-in-law and daughter, Mr. and Mrs. Pete Pittner and baby of Snyder; Mr. and Mrs. J. W. King and son of Lubbock and Mr. and Mrs. Willie Daniels.

**Mr. and Mrs. Clint Herring** and daughter, Jan, spent the weekend in Fort Worth where they attended the Ice Capades.

**Mr. and Mrs. O. D. Reese** went to Graham last Wednesday to attend the funeral of Mr. and Mrs. W. R. Gibbs. They visited friends and relatives in Comanche and Abilene en route home.

**Mrs. J. N. Lawrence** of Wingate spent Saturday night in the home of her parents, Mr. and Mrs. J. E. Lynn. She was joined here Sunday by her daughter, Betty, and Mr. and Mrs. J. H. Christian and daughter, Ouida, of Wingate who had been in Lubbock the day before.

Five Garza county women were among the 300 attending the Dist. 2, Texas Home Demonstration association convention in Littlefield Tuesday. Mrs. Lonnie Peel was elected to the resolutions committee.

Theme of the meeting which was held in the First Baptist church there was "Better Homes for a Better World." Dr. Ross Calvin, rector of St. James Episcopal church in Clovis, made the main address on "What Is an Underprivileged Child?"

Mrs. B. M. Harris spoke on the 4-H program. Miss Ella Calfee, state treasurer, of Itasca, gave the state organization message. Miss Kate Adele Hill, district agent, also made suggestions for 4-H camps. The Hockley county council presented a skit.

Lubbock and Swisher counties invited the group there for next year's convention.

Mrs. Harris was nominated for vice president for Dist. 2, replacing Mrs. G. T. Maltby of Muleshoe.

Elected to the resolutions committee with Mrs. Peel were Mrs. H. K. Hicks of Lubbock and Mrs. Lynn Miller of Floyd county.

Others attending from here were Mrs. Jewell H. Strasser agent, Mrs. Will Barton Mrs. Sid Cross, and Mrs. J. C. Fumagalli.

The Rev. and Mrs. Monroe Teeters of Big Spring are visiting with Mrs. Teeter's mother, Mrs.

**CONFEDERATE VET CELEBRATES**—Thomas E. Riddle, who fought under Gen. Lee at Gettysburg, grins as he opens greetings on his 104th birthday at the Confederate Home for men in Austin. The three-layer cake had room for 104 candles.

#### Truett Fry Conducts Rotary Quiz Program

Truett Fry conducted a quiz program on the early settlement of Garza county when the Rotary club met for a luncheon Tuesday in the City Hall.

Homer McCrary spoke on the coming rodeo.
