FROM THE WOMEN'S POINT OF VIEW—

Post Needs A Recreation Center, City Park, Hospital, Paving

Offhand, from a woman's point of view, what do you think Post needs the most in the way of civic improvement?

This question was presented to a number of Garza County women during the past week. The answers are particularly timely, as Spring is around the corner and it's during springtime that the minds of the population generally turn to cleaning up, painting up and improving things in general.

It is also timely because the date of the annual Chamber of Commerce program arranging for another year is looming up, and also approaching is the time of year when city and school board elections will be held. It's a good time to find out what Post needs. The Post Dispatch is quoting the men elsewhere in this issue.

If the majority of the women

interviewed had their way, Post would have a recreation center for people of all ages, it would have more paving. The following statements were made to a Post Dispatch reporter last Friday and Saturday:

MRS. BILL DEWALT—No. 1, we need a playground for children. No. 2, we need more trees, to improve the looks of the town.

MRS. DAVID SCHULTZ—We ought to have some place for the children to go at night. The girls particularly need something to do, as we have a good Boy Scout program. The girls don't have anything.

MRS. CECIL THAXTON—We need a playground or a recreation center, and I would like to see West Main Street paved.

MRS. VICTOR HUDMAN—We need a playground with play

equipment, and we need a re-creational center.

MRS. WILL WRIGHT of route 3—Post needs something for the entertainment of the youth. The young people only have the movie. This is good, but they need a variety of entertainment.

MRS. K. STOKER—I wouldn't be so selfish as to think we ought to get my street paved before others are paved, but I do believe that more dust blows down West Main Street than any other three or four streets put together. From this point of view, it would be a civic improvement to pave this big, wide street.

MRS. WINNIE TUFFING—We need a hospital, and I'd like to see a Boys Ranch established here.

MRS. L. J. RICHARDSON, JR.—We need more pavement, particularly on the street one block

north of Main Street. It is like a rubboard.

MRS. R. P. TOMLINSON—We need a number of things, but we need a nice park most of all. The children need a playground, and I don't see why Post can't afford it the same as other small towns do.

MRS. B. E. YOUNG—We need a hospital.

MRS. N. C. OUTLAW—We need street lights in the residential district. I nearly fall down every time I get out of the house at night.

MRS. AL NORRIS—We need a lot of things we don't have, but most of all we need a recreation center for youngsters 10 years old and up through the teens. It's the 10, 11 and 12 year-olds that have been getting into the most trouble. They need something to do. Supervised recreation might be the answer.

MRS. R. A. MOORE—We need street lights. It isn't safe to go anywhere alone at night, because of the darkness.

MRS. PAUL JONES—We need more pavement.

MRS. L. H. INGRAM—We need several things, but offhand I'd say we need paving the most.

MRS. A. B. HAWS—We need so many things, but I believe our greatest need is a recreation center for young and old. This should be free to the public after it is paid for.

MRS. PAUL DUREN—We need so many things, but our greatest need is for a city park for the kids. Many of them don't have any place to play except in the streets. A nice park would give the children a place to go for recreation. The park should be well-kept.

MRS. JOHN FAULKNER—We should improve what we already

have. We should constantly im-
prove our churches and strive to
enlarge their memberships.

MRS. LOYD EDWARDS—I'd like to have a public library where we can learn a little more.

MRS. MIKE CUSTER—We need a place for teen-age youngsters to go for supervised recreation.

MRS. VACHEL ANDERSON—We really need a hospital. When people are sick in a Lubbock hospital, their families have the double expense of getting rooms up there. Many people cannot afford this.

MRS. F. I. BAILEY—We need city mail delivery more than anything else.

MRS. WILLIAM ZETZMAN—I'd like to see more gardens planted here. Home grown vegetables taste better and have more vitamins than the vegetables shipped in here. They're

World Day Of Prayer To Be Held Friday

Joining women over the nation and from seventy foreign countries, the women of all Post churches will observe World Day of Prayer at 3 o'clock tomorrow afternoon in the First Presbyterian Church. The service is open to the public.

World Day of Prayer, which is sponsored by the United Council of Church Women, was dedicated on the first Friday in Lent in 1920. The committee is international, inter-denominational and inter-racial.

"The Lord is Thy Keeper" is the general theme of the worship service. An offering will be taken for home and foreign missions.

A representative of each missionary society in the city will appear on the program, and each pastor in the city has been invited to assist.

Mystery-Comedy To Be Presented Friday By Class

Twenty-three members of the Post High School Senior Class will appear in the play which the class is presenting to the public at 8 o'clock tomorrow night in the school auditorium.

The play is "Creeping Shadows," a mystery-comedy written by Germaine Haney. The cast has been announced, as follows: Bob Baker as Bill Frazier; Marjorie Freeman as Mrs. Frazier; Alice Ruth Carr as Chedy; Alma Floyd as Kit Laughton; J. G. Cash as Ted Garvey; Kay Kirkpatrick as Jack Hunter; E. O. Young, Jr., as Mr. Wade; Carter White as King; Faye Ruth Hamilton as Anna; Shirley Schmidt as May; Joy Mason as Jill; Billy Jean Longshore as Lindy; Frances Benson as Mrs. Snooky; Janet Stewart as Mrs. Truesdale; Jane Preston as Ellie; Lanell Brown as Dot; Bobby Wood as Johnny Swift; R. E. Josey as Dick Prince; Barry Ford as Buck; Jimmy Puckett as an unknown man, and Ronnie Bouchier, Alton Taylor and Fred Davidson.

The play is being directed by the class sponsors, Mrs. H. T. Carr and N. R. King. Junior Malouf is stage director and manager.

PTA To Meet Next Thursday Afternoon

The Rev. D. A. Bryant will speak on Communism at a regular meeting of the Parent-Teacher Association at 3:50 p. m. next Thursday in the high school auditorium. The meeting is erroneously scheduled as an evening meeting in the year book.

It's Time To Pay Cemetery Dues, Association Says

Directors of the Terrace Cemetery Association are calling attention to the fact that it is again time for the stockholders to pay their annual dues. The dues must be paid by those who wish to have their cemetery lots worked.

T. R. Greenfield, president of the association, told the Post Dispatch Tuesday that the directors met last week to plan the year's work, and to improve the cemetery as much as possible with the limited funds on hand.

It was pointed out that last year the association installed an iron gate and cattle guard and made some other improvements. Some other permanent improvements will be made this year, if possible, he said.

The association expressed appreciation to the women of Post and the business men for cash contributions toward the improvements made last year and to Pete Gerner for the work which he did at the cemetery without pay.

Four H Building Proposal To Be Pushed In County

Nine members of the Garza County 4-H Club Building Committee met with Robert H. Gibson at the courthouse Saturday to discuss future plans for the proposed 4-H exhibits building.

It was reported that the building fund has \$602.18 in cash and pledges amounting to more than \$1,000. The cash represents contributions and proceeds from the Southwestern Junior Championship Rodeo which the 4-H clubs sponsored here last fall.

The committee agreed to keep the cash in the fund and to make further efforts to obtain additional funds and erect a

New Mill Whistle Schedule Reflects Production Curb

Confused about the mill whistle?

For the first time in a number of years, the Postex Cotton Mill whistle by which Post residents traditionally have set their clocks has had its schedule changed.

Beginning Monday, the whistles that formerly were sounded at 12 o'clock noon, 12:45 p. m., 1 p. m. and 5 p. m. were eliminated, and a 3 p. m. whistle has been heard daily for the first time in mill history. The morning whistles, at 5:30, 6:30 and 7 o'clock, remain unchanged.

The whistle schedule was changed this week to conform with the new, shorter working hours which went into effect

Monday at the mill so that inventory production could be cut down.

The working hours have been cut down from 50 hours a shift to 40 hours. The day shift is now running from 7 a. m. until 3 p. m. and the night shift hours are 3 p. m. to 11 p. m. Every employe will work eight hours a day, Monday through Friday.

The mill, for the first time since prewar days, will be closed on Saturdays. Employees have been working five hours each on Saturday, the day shift working mornings and the night shift afternoons. Employees formerly were on duty nine hours a day, Monday through Friday.

Central Church To Have Revival

The public is invited to attend a revival meeting which will begin Sunday at the Central Baptist Church and last one week.

The Rev. C. T. Aly, pastor of the First Baptist Church at Tahoka, will preach. Morning services will begin at 10:30 o'clock and evening services will begin at 7:30 o'clock each day.

The Rev. L. H. Welch is pastor of the church.

Cubs, Parents And Guests Invited To Meeting On Monday

A monthly Cub Pack meeting will be held at 7:30 o'clock Monday night in the City Hall. All Cubs, their parents and other interested adults and all prospective Cubs are urged to be present.

As all three of the local Cub Dens are filled beyond capacity, a fourth den is desired. Before it can be organized, a fourth den mother must be obtained.

Hope For Bridge On Ralls Road Is Seen After Trip

Five Garza County and Post officials and five representatives from Crosby County asked the Texas Highway Commission to reconsider the proposal to build a bridge over the Yellowhouse River, on the Ralls highway, at a hearing in Austin last Thursday afternoon.

Although the Highway Commission had not reported any action on the proposal by press time, the officials were assured that they would be informed immediately of whatever action is taken and the Highway Commission indicated that the consideration might be favorable.

Judge J. Lee Bowen told the Post Dispatch yesterday that the Garza and Crosby men felt encouraged over the hearing and are preparing to complete the unpaved link in the road, as soon as it is learned that the state aid will be forthcoming.

Attending the meeting from Garza County were Judge Bowen, Commissioners Buck Gos-

Officers Elected By Rotary Club Tuesday At Noon

W. S. (Bill) Land was elected president and R. H. (Bob) Collier, Jr., was elected secretary of the Post Rotary Club for the 1949-50 year at the regular noon meeting Tuesday in the City Hall. The retiring president, Dr. Glenn Kahler, automatically becomes vice president, succeeding James Minor. Lewis Nance is the retiring secretary.

Four new directors named were Collier, Benard Musso, Lee Suther and E. A. Warren. Hold-over directors are Ira Lee Duckworth, Land and the Rev. A. B. Cockrell. Retiring directors are Dove Mayfield, Paul Jones, Lowell Short, James Minor and Lewis Nance.

Tuesday's program consisted of a Boy Scout film shown by John Lott.

Voss Confirmed As Local Postmaster

Acting Postmaster Harold Voss was informed by Senator Tom Connally by telegram Tuesday that his appointment as postmaster has been confirmed by the United States Senate.

Voss has been acting postmaster since January 1, 1947.

Four-H Show Shaping Up To Be Great

Carter Gene White will serve as manager for the annual spring calf show, which the Garza County 4-H boys will present Saturday on the north side of Main Street in the block east of the courthouse. In the absence of the county agricultural agent, Alvin G. Davis, will assist the boys in an advisory capacity. The show is sponsored each year by the Post Chamber of Commerce and individual merchants.

The show will consist of two classes, light and heavy, and ribbons will be given for the first six places in each class. All entries must be in place by 10 a. m. Saturday.

Lewis Nance has been named as judge for the show. Judging will take place at 2 p. m. Frank Eaton of Amherst, former Garza County agricultural agent, has been invited to attend.

Early entries indicated that the show would be bigger than spring calf shows staged here in the past several years. Although it was several days before the deadline, the following exhibitors had entered their calves yesterday: Carroll Davis, Fred Meyers, Ned Meyers, Zoe Sims, Jimmy Moore, Billy Meeks and Carter Gene White.

In a full-page advertisement elsewhere in today's paper, merchants helping with the show are listed. The name of the Double U. Company, which is offering a prize, was inadvertently omitted.

Countywide Rally Is Observance Of National 4-H Week

A premature observance of National 4-H Week, March 5-13, was held in the District Court Room Monday in the form of a countywide rally for 4-H boys and girls and their parents. One hundred thirty persons were present.

The rally, at which awards won in 1948 were presented, was held early so that the retiring county agricultural agent, Robert H. Gibson, could attend. He left the following day to assume his new job in Floydada.

The boys and girls and the county home demonstration agent, Mrs. Jewell H. Strasser, presented a farewell gift of copper bookends, which are to be engraved, to Gibson.

The program feature was a talk by Alvin G. Davis on what 4-H work will mean in the future to boys and girls of today. Carter Gene White presided for

March 31 Deadline For License Plates

With 29 days left to obtain vehicle license plates, business was slow yesterday in the office of the Garza County tax collector. Only 370 sets of passenger plates had been issued. Deputy T. H. Tipton said. The deadline is March 31.

IN DISTRICT COURT

In District Court here Monday, a petition for adoption was received and granted and a marriage was annulled. Judge Louis B. Reed of Lamesa presided.

PTA To Meet Next Thursday Afternoon

The Rev. D. A. Bryant will speak on Communism at a regular meeting of the Parent-Teacher Association at 3:50 p. m. next Thursday in the high school auditorium. The meeting is erroneously scheduled as an evening meeting in the year book.

Technicians of the Post Conservation Service work will be at Polar Monday assisting district cooperators in conservation work. Terrace will be run for Clanton and Cargile.

ROGER W. BABSON WRITES THIS WEEK:

Farm Parity Will Be As Permanent As Income Tax

Babson Park, Fla. — Of course farm prices will ultimately be dependent upon supply and demand. With or without Parity they are bound to sell lower. Whenever great surpluses occur in any product, black markets develop. Potatoes, which cannot be preserved, may be thrown overboard; but the public will never stand for throwing wheat, corn and other cereals overboard. The cost of living for 1949 will be less than that for 1948.

What About Parity
The above does not mean that the Parity Subsidy which the farmer now gets will be eliminated.

It may automatically and gradually be decreased; but parity for farm products is here to stay. Farmers may at last feel that they are going to be taken care of as have other groups.

The Government does not compel the farmer to sell at any definite price, but rather merely offers to "loan" the farmer a parity price of his product. The Government calls it a "loan"; but it really is not a loan because, unlike other loans, if the value of the product goes down below the amount of the "loan," the farmer is not compelled to make up this difference. It is a unique proposition of "heads I win, tails you lose," always in favor of the farmer.

Look At The Farmer
When I was a boy there were almost no government subsidies

of any kind. As a result, our Government which is now spending forty-four billion a year, got on with less than one billion a year. The first subsidy was that of the Protective Tariff. This was just as much of a subsidy to manufacturers as Parity Support is now to the farmers. It is very difficult to get tariffs removed after they have once been put on the books. The next subsidy was given to those who would build and operate steamboats. These subsidies have constantly been increased rather than diminished. In the meantime, Pension Subsidies were given to Civil War veterans, then to Spanish War veterans, and later to World War veterans. These subsidies started in a small way, but here again, they have constantly increased. Labor has re-

ceived a subsidy by Government supporting labor unions and permitting us consumers to be assessed for increased wages. Perhaps the greatest subsidy is that paid to unneeded government employees. To supply these and other funds INCOME TAXES were invented. It is well to remind younger readers that the normal income tax in 1913 was only 1 or 2 per cent and the highest tax for the richest people went up to only 5 per cent. This has gradually been increased so that the rich people pay over 90 per cent. Hence, the farmer is justified in asking that he likewise be taken care of as well as these useless government employees in unnecessary government bureaus.

The Farmers Future
Many talk of Parity as a temporary

affair, but I can assure farmers that it will be just as permanent as tariffs, soldiers' pensions, labor legislation and income taxes. The Parity Program may be adjusted from time to time in accordance with general business conditions; but farmers can depend upon it forevermore. I forecast that from now on whatever the Administration the farmer will be taken care of as he should be.

The above is one reason why I am optimistic on good farm property as insurance. Large commercial farms may be attacked as other large corporations, although they also deserve protection. I believe, however, that the small sustenance farms which are fairly near good communities are an excellent insurance. Every family should

own such a sustenance somewhere. This does not mean to leave a good city and go into farming as a business. I do not recommend investing as a business, but as a place to live and shelter in case of World War. Furthermore, as people to the importance of the matter, these farms should be more in demand and should be a good investment bought at a right price.

Ringworm is one of the common skin diseases of cattle and is apt to be prevalent in the winter due to crowding in stalls.

Garza and the World

By EVELYN BOYD

It looks like the buyer's market is here at last, a knockin' on the door.

This will offer more jobs for good salesmen, and it will keep the housewife busy putting her foot in the door to keep the salesmen from demonstrating vacuum cleaners, etc., whether she is interested or not.

Once again, a merchant will have the pleasure of saying "No" to some kike from New York whose impudence he has to take for years and years in order to keep some precious stock on his shelves.

But on the other hand, the merchant will have to get up a little earlier and stay on the job a little later at night, than he did during the years when his shelves were half empty. Once again his customers will always be right.

Probably nobody but people in the advertising business have noticed yet—but advertising in the nation's newspapers and magazines already has started changing over from passively keeping the advertisers' name before the public to actively wooing the prospective buyers.

An example selected at random is a near-full-page Burlington Mills Ribbon Corporation ad in a recent New York Times, headed "Portrait of a Buyer's Market." The copy reads, in part:

"Suddenly the Buyer, once timidly milk-toastish, becomes bold and 'choosy.' He now waits to be wooed like some beautiful and unattainable lady. A few manufacturers respond to this new situation by sulking in their tents like Ajax.

"Other producers accept the challenge of the New Order and now seek creatively to produce to the WANTS of the Buyer, rather than of the plant and its machines.

"The wants of the American buyer have always outweighed the needs. We all WANT the newer and better things. By making its products newer and better, industry makes itself WANT.

It's give and take in this world, with too many people trying to take.

A dog with poor teeth should use judgment when he growls.

The gentleman farmer raises nothing but his hat.

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least we Americans have ever stretched anything.

If you think you're an optimist, just read what the boys have to say in the seed catalogs.

Mrs. Jess Cornell writes the editor: "What about the porpoise? Have Al and Katherine disposed of it?"

Will try to get in touch with Al Bird this week, and write some more about the porpoise. He doesn't have a telephone these days and I haven't seen him lately. I, too, think it's about time we had a report.

What Our Contemporaries Are Saying:

NOT WORTH IT—The only way we expect to get a license plate with like numerals on it is to be elected to county office, and a license plate of that caliber is not worth the hand-shaking and baby-kissing such a campaign entails.—Liberty Vindicator.

REAL FUN—We are not ready to accuse Dr. and Mrs. Haney of drumming up a nice liniment business, but it's working out that way. The couple is sponsoring Friday night square dancing classes, and at least 16 people are walking around on sore ankles and legs this week as a result. As a substitute for drinking bootleg whiskey and wrecking juke joints, we suggest square dancing. It's real fun, and two hours of it makes a man glad to get home and into bed!—The Ralls Banner.

NUTS VISIT US—We have had some peculiar nuts visit the Herald office. Most of them represent themselves to be newspaper men from such and such town. Maybe they want to buy the second hand press out in front. Next thing we know they will try to get us to say something about our competitor or his business. We don't know anything about their business.—Terry County Herald.

WE WONDER—Nearly every time someone comes into the Slatonite office to buy a fifteen cent bottle of ink they pull out

an equal amount, for a total of \$528. This would come on top of income and all other taxes.

At present the payroll tax is 3 1/2 per cent. According to U. S. News, it would have to be increased to 11 per cent by 1955 and to 18 per cent by 1990. There is always a possibility that estimates would have to be revised materially upward.

It is clear—whether or not one approves the program—that this concept of social security involves great changes in our philosophy of government and in our economic system. The government would be given vast powers that it never had before. The effect of the program on individuals was expressed by the News in these words: "The trend... is toward a leveling of incomes, with a rising floor under the minimum income a family can receive, and a lower and lower ceiling on the maximum earnings an individual is permitted to keep." Those who want cradle-to-grave social security believe that trend is necessary and right. Those who oppose it feel that it would be dangerously destructive to enterprise and initiative. That is the basic problem Congress must decide.

a twenty dollar bill and we have to send out runners to all the stores in the surrounding two blocks to find the change. Being used to dealing in fifty cent pieces I see the farmers and railroad men with big, fat pocket-books and I wipe the ink off the end of my nose and wonder why my parents did not warn me about what becomes of people who work on newspapers.—The Slatonite.

FAIR IN VIEW—Every one seems very happy over the prospects of a Hockley County Fair again this fall. With adequate space, a great show should be in the making.—Hockley County Herald.

Powdered hog hoofs are reported to have value as a poultry feed.

HIGHER PRODUCTION AND BETTER LIVING come with ELECTRICITY

WHEN ELECTRICITY comes to the farm, it comes to aid both production and living.

Some wires lead to the work areas, where refrigeration, lighting, and power for tools and work saving devices are needed.

Another line comes to the home, bringing good lighting, entertainment, and electricity for cooking, washing, refrigerating, ironing, and a score of other tasks.

On other farms and ranches, where electricity is already available, more and more is being used constantly as folks discover that electricity can bring so many benefits at a surprisingly low cost.

Hundred Sixty-Four People Attend Banquet Honoring Post Band Members

Hundred sixty-four people attended a banquet honoring Post Band personnel and band parents' organization last Thursday at the City Hall.

Program for which Dr. B. was toastmaster, was led by an inspirational O. Wiley, band director of music at Texas College in Lubbock. Presentation was by Dr. Templeton.

Dr. Wiley's talk, in compliment to the local band, its first year showing formations by using soldiers bearing the of the respective band.

Dr. Young showed slides which he had made at the Slaton, Little-Lockney football games in film which Sherrill at the Post-Lockney program also included music by Band Director Strasser.

Banquet was arranged by committees of which the were chairmen: Program, Mrs. Ray N. Smith; menu, Mrs. Al Norris; chairs and tables, E. N. Gibson, J. W. Butler and Merle Jenkins, and decorations, Mrs. Nola Brister.

Places at the table were marked with handpainted gold "lyres" made by Mrs. Brister. Table decorations were featured by yellow daffodils tied with black ribbon. After the banquet, the flowers were presented to Miss Frances Benson, band drum major, and Janie Shepherd, Barbara Norris, Alma Floyd, Nelda Floyd and Glenda Young, majorettes.

The food, which included baked ham, potatoes, green beans, corn, pineapple salad, rolls, coffee, tea and applesauce cake with whipped cream, was prepared by the band mothers and served by Miss Bessie Pitts and members of her Post High School Homemaking classes. They were assisted by Mrs. Imogene Jewell.

The banquet was attended by the band members and their dates and the parents of members.

The present organization is headed by Mrs. B. E. Young, president, and Mrs. J. W. Butler, secretary.

Scripture:
As coals are to burning coals, and wood to fire; so is a contentious man to kindle strife. The words of a talebearer are as wounds, and they go down into the uttermost parts of the belly. Burning lips and a wicked heart are like a potsherd covered with silver dross. He that hateth dissembleth with his lips, and layeth up deceit within him; When he speaketh fair, believe him not; for there are seven abominations in his heart. Whose hatred is covered by deceit, his wickedness shall be shewed before the whole congregation. Whoso diggeth a pit shall fall therein; and he that rolleth a stone, it will return upon him. A lying tongue hateth those that are afflicted by it; and a flattering mouth worketh ruin.

Minute Prayer
O God, help us to redirect our lives toward the great ends of service and kindness and spiritual well-being. Amen.

LOVEGRASS GREENING UP

African weeping lovegrass that Ralph and Rex Welch planted last spring is greening up. Some plants have green leaves 4 and 5 inches long. In spite of shifting sand and grasshoppers and dry hot weather, enough of the grass plants came through to make a showing. Little scattered grass seedlings that last summer didn't look like they would ever amount to anything are now up to six inches across.

The Welch brothers plan to plant more grass this spring. The Soil Conservation Service has announced.

Heart of Your Gas Service

West Texas Gas Company's McSpadden Compressor Station, near Compton, Texas, is one of the stations employed to maintain movement of natural gas to South Plains cities.

Compressors and Maintenance
Cost More... But
Your Gas Rates Are at
Pre-War Prices!

Construction of McSpadden Compressor Station began in 1943. Three compressor engines, two 165-horsepower and one 80-horsepower, were installed. Larger compressors were preferred at that time but were not available due to governmental restrictions during the war years.

Since 1943 West Texas Gas Company has installed six 400-horsepower compressors and made other improvements to increase the capacity of this station to 2,850-horsepower, almost seven times that of the original plant.

In 1948 West Texas Gas Company paid over 92 percent more for 400-horsepower compressors than it paid for the same type engines purchased in 1940.

Despite increased costs of compressors, steel pipe, wages, valves and other items... natural gas service for your home and business is still furnished you at 1940 prices!

DeSoto Is Brand New From First To Last Bumper

Noah Stone and other members of the Post Auto Supply staff are busy making plans for a week's showing of the new line of De Soto cars. On Saturday a Dawn Grey, four-door custom-made DeSoto, which is "brand new from bumper to bumper," will go on display here Saturday morning for a week. The public is invited to see the car, which will be shown throughout the nation Saturday.

The cars have a longer wheelbase, so that passengers ride cradled between the axles, yet over-all length has been slightly reduced. Seats are much wider, yet over-all width of the car is less. No headroom has been lost, yet over-all height has been reduced. Legroom has been increased.

The result is a car that is far roomier inside, where space is needed, yet easier to park, garage and handle in traffic because of elimination of unnecessary bulkiness outside. Visibility has been increased all around the car. There is 24 per cent more glass area in the windshield alone and improved, noiseless electric wipers sweep 44 per cent more windshield area. Chair-high seats let the driver and passengers take full advantage of the increased visibility. The steering wheel has been placed so that shorter drivers may see over it easily and long-legged drivers will not bump their knees into it.

Other safety factors include the grouping of all instrument panel controls within instant reach of the driver; "black lighting" of control dials to eliminate glare; better hydraulic brakes; improved, easier steering; and new mounting of shock absorbers for better lateral control. Beautifully designed tail-lights have been placed to obtain maximum visibility from the rear and sides. Safety-Rim wheels provide safety in event of blowouts by holding tires and tubes in place.

The Powermaster engine has higher compression and the horse-power has been increased. The Tip-Toe hydraulic shift and gyrol Fluid Drive make De Soto "the car that lets you drive without shifting."

Mr. and Mrs. Tom Welborn of Ruidoso, N. M., visited here last Thursday evening.

Mr. and Mrs. Bill Richardson and baby have moved back here from Floydada. He is employed with Thaxton Cleaners. He formerly was employed in Glen Day's cleaning shop in Floydada.

Major Charlie P. Jones, who is serving with the U. S. Army and stationed at Springfield, Ill., is here on a 30-day furlough visiting his parents, Mr. and Mrs. C. P. Jones. Mrs. Jones and their two-year old daughter, Carol Dean are accompanying Major Jones.

Mr. and Mrs. Clyde Hundley, accompanied by Mary Ann Hundley and Mrs. Hundley's mother, all of Crosbyton, and Mr. and Mrs. Wayne Hundley of Kermit visited Mr. and Mrs. Jim Hundley and R. J. Hundley, here Sunday.

Onion Gardeners Glad They Didn't Get First Order

Bob Warren, Mrs. William Zetzman and J. D. McCampbell have each set out 800 yellow Bermuda onions that already look good enough to eat. They pooted their orders and sent for 500 sets of white onions, each. The company, unable to send the kind of onions they requested, substituted the yellow onions and, to keep their good will, sent three hundred extra sets per person ordering.

All three are glad the company was unable to fill the original order, as the yellow onions are far prettier than any onions they have ever set out and, on arriving here, were as big as many of the green onions seen on the vegetable racks of the local grocery stores.

Bob Warren voiced the opinion of all three of the gardeners when he said 500 onion sets were not enough to supply the needs of each family. "My wife and I will eat a dozen a day, and then we will be giving onions to our neighbors. By the time fall comes, we will do well to have 100 onions left for the winter."

Warren, who plants by the moon, will plant English peas about March 8, 9, or 10. He is planning this year to plant everything he will need for the year during the spring season. This will eliminate a fall crop, will save water and will save

W. J. Jennings Sees Post First Time Since World War I

Some time ago, E. S. (Buddy) Stewart sent a Post Dispatch subscription to an old friend, W. J. Jennings, former Post resident who is in the garment manufacturing business in Winder, Ga.

When Jennings wrote to thank Stewart for the subscription, he said he was enjoying the paper so much he was homesick to see Post and that Buddy shouldn't be surprised if he showed up here in the near future.

He did just that last week, having first informed Mr. and Mrs. Stewart by wire of the time of his arrival. He spent Thursday and part of Friday looking up friends of pre-World War I days, and on Friday afternoon he accompanied C. D. Morrel to Lubbock. He was associated in the office of the Postex Cotton Mills before World War I, and has not lived here since entering the armed forces.

Having read a few issues of the Post Dispatch, Jennings was somewhat prepared for the changes that have taken place in Post since he left but, even so, he said he was amazed when he saw the town.

him the late summer worry as to whether or not it will rain.

DE SOTO

Come in and see the new **DE SOTO**
On display beginning Saturday March 5th

Let us show you all the new features of this great car

Here is what thoughtful people everywhere have been looking for and hoping for!

Here, at last, is a car that gives you all the best features of modern design without demanding sacrifices of your family's comfort, safety or convenience. It was designed to fit YOU... instead of you having to fit into it.

You don't have to wriggle into the new De Soto. You walk in... and you keep your hat on. The steering wheel doesn't hit your knees. There's more leg room for all passengers, front and back. And not only are the windows and windshields bigger.

You can see out of them... because you're sitting on luxurious chair-high seats.

Yes, it's a thrill to look at. But you won't have to rebuild your garage to get it in. A dented fender doesn't mean an expensive body job. And you can still change a tire, if you have to.

Ride? The smoothest you ever had. Drive? De Soto lets you drive without shifting. New features? Come in and see them all. No matter what car you thought you were going to buy, compare it with this brilliant new De Soto. Then decide.

Tune in "HIT THE JACKPOT" every Tuesday night, all CBS stations

Baseball Club To Be Organized For New League Year

Fifteen baseball enthusiasts
met at the City Hall Monday
night and decided to make an
effort to have a Post Millers
Club again this year.

S. C. Storie, Jr., and Don Wind-
ham were appointed directors to
fill two vacancies on the board.
The other directors are Claude
Bailey, president, and Joe S.
Moss.

Bailey and whichever of the
directors becomes business
manager will attend an Oil Belt
League meeting in Lubbock in
the near future to learn details
of the forthcoming season. The
Millers were entered some time
ago in league competition.

The Garza County Welfare Of-
fice was closed Tuesday, in ob-
servance of Texas Independence
Day.

Track and baseball are next
on the Post High School athletic
schedule. Coach Bing Bingham
will be in charge of these activi-
ties while Coach Vernon Ray is
directing a spring basketball
training program.

District Champs To Meet Outside Basketball Team

The Post High School Girls'
Basketball team will meet the
outsiders team in a game ton-
ight at 7:30 o'clock in the lo-
cal gymnasium. This is the on-
ly game the school girls have
scheduled since winning their
district championship title at
Spur last weekend.

Members of the outsiders'
team are Betty Kennedy, Molly
Mills, Jimmie Pierce, Bobbie Jo-
sey, Alma Outlaw, Billie Wind-
ham, Patsy Bierend, Gertrude
Ward, Ila Faye Mathis, June
Peel, Ganell Babb, Meiba Jo Mil-
ler, Myra Wagoner and Vada
Holly.

The district champ team is
made up of Janet Stewart, Jene-
lice Fluitt, Alice Ruth Carr, Peg-
gy Johnston, Joy Stewart, Mar-
jorie Freeman, Frances Benson,
Cletta Buster, Mary Neil Bowen,
Alma Floyd, Shirley Schmidt
and Barbara Lusby. Coach N.
R. King and Mrs. H. W. Schmidt
will take the high school girls to
Hillsboro Tuesday morning to
participate in the State Girls'
Basketball tournament. Reser-
vations have been secured for
the group and they are looking
forward to the tournament. The
champs have been having light
workouts the past two weeks
and are in fine shape. The tour-
nament begins Wednesday and
will close Saturday night. Win
or lose, the girls will be permit-
ted to stay for the entire tourna-
ment. They will return home af-
ter the final game Saturday
night.

Several Post fans are planning
to go with the team to Hills-
boro.

Mrs. Walter Boy, who is ill
with a cold, was taken to the
Lubbock Memorial Hospital yester-
day by Mason and Company
ambulance.

The Post Antelopes are pictur-
ed here at the end of the season
in which they won fourth place
in district competition. Only two
of them, Billy Ramage and Jack
Kirkpatrick will return for play

next year. For this reason
Coach Vernon Ray has announc-
ed a spring basketball program.

Softball Started In Grade School

The Post Grade School Boys'
and Girls' basketball teams con-
cluded the season with two
games against Southland boys
and girls here Tuesday night.

The local girls lost, 14-24, and
the boys won, 19-18.

Most of the players will ad-
vance to the Eighth Grade in the
high school building next year,
the principal, E. E. Pierce, said
yesterday.

The grade school youngsters
have now begun softball practice
and the first game probably
will be with Graham next
week.

**Wildcat Staked On
Garza-Kent Border
By Ohio Company**

The Ohio Oil Company has staked an 8,100-foot wildcat 20 miles northwest of Clairemont, near the Garza-Kent County line, as the No. 1 Emery Trust, 1,980 feet from north and 819 feet from east lines of Section 39, Block 2, H&GN survey.

The drillsite is two miles northeast of the Gulf Oil Corporation No. 1 Swenson Land and Cattle Company, Garza County wildcat drilled to 8,104 feet, which tested 150 barrels of oil and 150 barrels of water daily from 7,327 to 7,334 feet. It finally was abandoned.

Ohio holds the lease on the northeast and southwest quarters of Section 39; northeast quarter of Section 24; northeast quarter of Section 38; northeast quarter of Section 41; north half of Section 40; all in Block 2, H&GN Survey, and all of Section 4, Block B.

The Texas Company and Cities Service Oil Company hold leases on acreage near the wildcat.

**Junior Deputy
Sheriffs' Club
To Be Formed**

Sheriff E. M. Bass told the Post Dispatch yesterday that he is planning to sponsor a Junior Deputy Sheriffs' organization of Garza County boys and girls between the ages of 10 and 20 years. Membership cards were being prepared this week.

Prospective members must have the written consent of their parents and give 2 character references. They will be investigated before the members are selected.

The organization will be patterned after similar organizations that are being operated successfully in a number of other towns.

The members will help direct traffic in the school zones, help the sheriff's department enforce the law and have other duties which will be worked out after the organization is formed.

**Graham Girls Meet

Four-H Boys Are Credited With Improving Beef

These days it's different from what it used to be on the Texas ranges. Today's cattlemen are doing the same job their granddads did, but they're doing it a little differently.

For instance, says A. L. Smith, extension animal husbandman of Texas A. & M. College, the jeep and the pick-up truck are fast replacing the cow ponies in many ranch operations. And, too, the old dipping vat is giving way to the portable power sprayers in insect control.

Other mechanical equipment that's coming into the picture are the mineral dispensing machines, pushing the mineral boxes for supplying phosphorus supplements into the background. Calf tables for dehorning, castrating, and branding have replaced many a "heeler."

The maximum use of grazing crops such as small grains, sudan grass and re-seeded pastures have taken the place of dry-lot finishing of cattle for slaughter purposes.

There's a noticeable trend toward more crossbred cattle in Texas, particularly in the southern and eastern part of the state. This crossbreeding is to increase the market weight of cattle. As a result of the crossbreeding work, the King Ranch has developed the Santa Gertrudis breed, the only breed developed in the western hemisphere.

On Texas ranches cattlemen are practicing a more rigid culling of herds, and stocking their ranges with less cattle. They realize the pounds of beef rather than the number of cattle is the secret profitable production.

In the continuous fight against animal parasites, many new insecticides are being used today that were unknown just a

The above drawing by Ronnie Bouchier illustrates the First Baptist Church as it will look after an addition, which has been authorized by the congregation, is constructed. The left part of the drawing, to and including the center portion, shows the church as it now stands. The addition (40 by 90 feet) will be

The addition will have 24 rooms. The present education unit will be remodeled and will provide for

the nursery, beginner's department, the officers and pastor's department on the first floor and the department on the second floor. If the building fund had a total of \$24,000 by formal ground-breaking will be held that day. A been set to raise \$7,000

Letters From The Readers

Gentlemen: We were very much pleased to read the column, "Garza and the World" in last week's (Feb. 17) edition.

Despite our having a Wall Street address we are not a financial institution. Nevertheless we are fully aware of the importance that Wall Street plays in providing capital to enable labor and industry to have funds, equipment, etc., to accomplish their respective jobs.

In Post, Texas, we consider it took courage on your part to make such a strong declaration of the importance finance plays in the broad economy of our country. We realize that, in a farming area such as Post, this position is one which is not generally understood nor recognized and are, therefore, gratified when reading your column.

Our interest in the Post Dispatch was originally to keep apprised of progress of petroleum exploration and drilling. Although we appreciate that you cannot run your newspaper for the interest of one particular group, such as the oil industry, we look forward weekly to receiving information and were considerably impressed in the past with your column on notes and developments in the oil in-

dustry, which, in some issues, has had a separate column devoted to this coverage.

Wishing you continued success,

Your very truly,
Midland Oil Corporation,
By Manning Stires, Jr.

(Editor's Note: It is most gratifying to read a letter such as the above, and it makes us strive harder to publish a newspaper that will be of interest to ALL groups. Mr. Stires, incidentally, used to be in the Post office of the Midland Oil Corporation. We wish to congratulate him on his swift progress from Post to Wall Street.)

BITS OF NEWS--Gathered Over Town

Guests last week in the home of Mrs. L. A. Earrow were Mrs. Earl Perzer and son, Gary, of Carlsbad, N. M., and Mrs. Monroe Lane of Lubbock. Before the visitors arrived here, Mrs. Barrow and Mrs. Lane visited in Carlsbad then, accompanied by Mrs. Perzer, went to El Paso and Jaurez, Mexico. They went back to Carlsbad to get Gary, then came to Post.

E. W. Williams, who has been ill at his home the past three months, is able to be out around town now.

Mrs. Lee Davis, Mrs. J. E. Parker, Mrs. K. Stoker and Mrs. D. C. Williams will leave tomorrow on a week's trip to New Orleans, La., and Natchez, Miss.

Weekend guests of Mrs. D. A. Bryant and Mrs. D. A. Bryant were Irvin Harlan, Montgomery and E. M. all of Kerville.

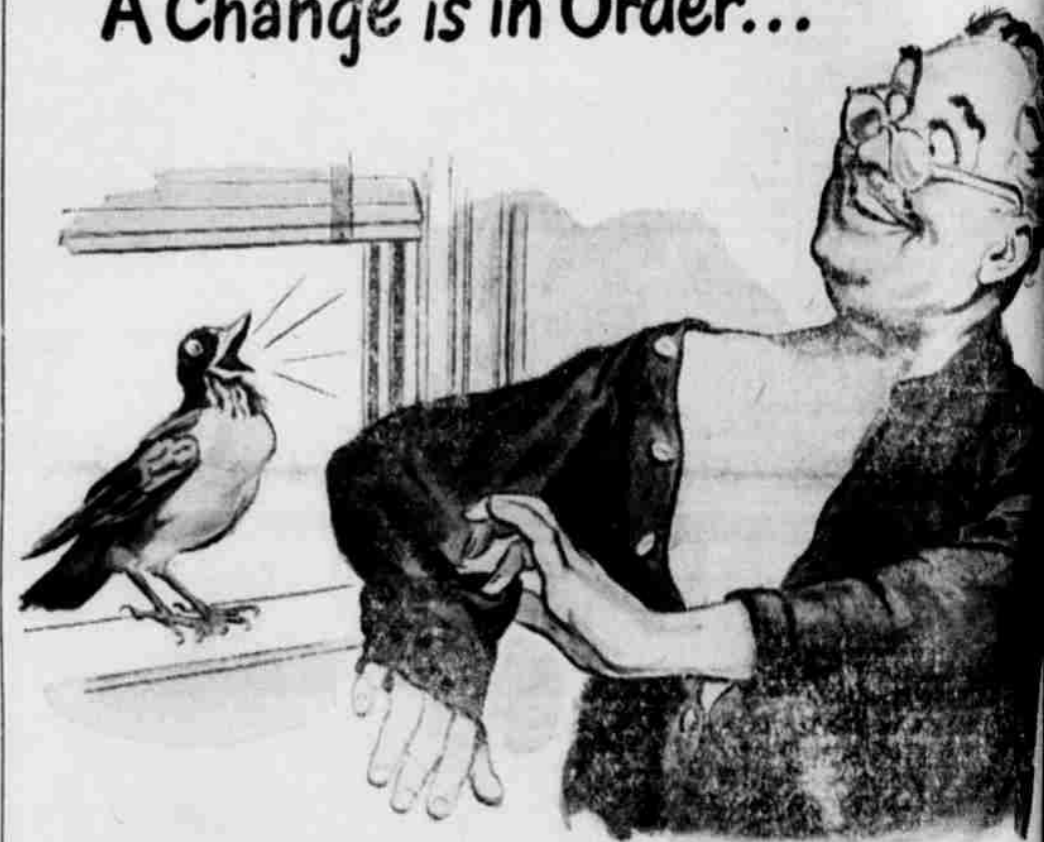

Earl Hodges spent his Lubbock on business.

Mr. and Mrs. Iven Clary of San Antonio visited here and Monday in the home of Mrs. K. Stoker and Mrs. W. M. Kirkpatrick.

Mr. and Mrs. W. E. Jones and grandson, Charles, field were Sunday guests home of the Rev. and Mrs. Jones.

Mrs. M. J. Maitor and Johnny, spent the week-end in Rotan, Hamilton, Paducah.

A Change is in Order...

Change to OIL-PLATING

FRESH!

... Get your car out of its "heavy-underwear" winter oil and into fresh summer-grade Conoco N^o Motor Oil... and OIL-PLATE your engine.

BRISK PERFORMANCE!

...because husky Conoco N^o stubbornly fights power-robbing sludge and carbon.

SLICKER STARTS!

...because an exclusive additive in Conoco N^o fastens a shield of lubricant to cylinder walls. No "dry-friction" starts with an OIL-PLATED engine!

SAVES MONEY!

...because rugged Conoco N^o is made from carefully selected paraffin-base crude oil. It stands up... takes less oil between drains.

Garza County Clubwomen Are Enjoying Program On Construction Of Clothing

Clothing construction has been of great interest to women of the six Garza County Home Demonstration Clubs during the past several weeks. A clothing school has been conducted in each club.

These schools have served as a refresher course for the women who are advanced in sewing techniques and also these schools have been helpful for the women who are more or less beginners in sewing.

The high points of the demonstrations for January and February were: (1) Choosing a suitable pattern according to line and design, (2) selecting materials and findings for a dress, keeping in mind the colors most suitable for the individual, (3) equipping a sewing center and sewing box with necessary tools to do a good job in sewing and (4) making a sleeve board which is handy to press the lengthwise seams before stitching the crosswise seams.

Pattern Altered

A basic pattern was altered to fit an individual at one meeting. Studying the construction guide that comes with the pattern was demonstrated and also the laying, cutting and marketing the dress correctly. The women were careful to watch the grain lines which affects the appearance of the finished garment, for if the material is cut off grain the garment will not fit correctly or hang evenly.

The agent stressed the importance of the stay line stitching to help keep the grain straight during construction. She said that when stitching the side seams of the skirt together, one should begin stitching at the bottom rather than at the top of the skirt. This will keep from stretching the skirt down on the sides. She also gave information on basting on the machine.

as a time saver in assembling a dress. By lengthening the stitch on the machine, this is easily done. For firm materials, as cotton, the number of stitches to the inch should be about 12 to 15.

Fitting Scheduled

The club women are to have their dresses ready for fitting at the next meeting at which time the clothing leaders and demonstrators of each club are to demonstrate putting in zippers and plaquets. The meeting with the agent in March will be on checking the dress and finishes for dresses.

All-day meetings were held by all the clubs during the month of February, at which time covered dish luncheons were served.

The Graham Home Demonstration Club met in the home of Mrs. Wilburn Morris, Justiceburg met in the home of Mrs. R. A. McLaurin, Post met with Mrs. J. E. Stephens, Close City with Mrs. Will Teaff, Barnum Springs met with Mrs. O. D. Smart, and Pleasant Valley met with Mrs. Elmer Hitt.

Albert Taylor Dies At Home In Lubbock

Albert Taylor, brother of W. H. Taylor of Post, died of a heart attack at his home in Lubbock Sunday at 6:30 p. m. He was an 80-year-old retired rancher who has made his home in Lubbock County since the county was organized.

Funeral services were held Tuesday morning in the Rix Funeral Home Chapel in Lubbock. Dr. J. Ralph Grant, pastor of the First Baptist Church in Lubbock, officiated. Dr. Travis White, pastor of Lubbock's First Christian Church, assisted. Burial was in a Lubbock Cemetery. Survivors include the widow; a son, Elliott, of Lubbock, and three grandchildren. Elliott Taylor formerly lived in Post.

BITS OF NEWS

Mr. and Mrs. James Hill and daughter, Linda, moved last weekend to Lubbock, where Mr. Hill is employed as a typesetter for the Avalanche-Journal. He has been employed by the Post Dispatch the past year. Mr. and Mrs. Mason Justice, who recently moved back to Post from Ropesville, moved into the house vacated by the Hills. Justice is employed in the oil field.

Mrs. Ed Hill of San Angelo visited her son, James Hill, and family here over the weekend.

Specials days, weeks, etc.: Lent began yesterday; tomorrow is World Day of Prayer; National 4-H Week is March 5-13; March is Red Cross Month; March 8 is National Farm Day.

Dr. A. C. Surman, Malcolm Bull, Irvin Scarborough and Marshall Mason, accompanied Bob Bean and E. L. Klett of Lubbock, on a fishing trip in Mexico.

Davis L. Davis, who was employed as a shoe repairman at Yandell's Shop before entering the army, has been assigned to the Fifth Armored Division for eight weeks of basic training at Camp Chaffee, Ark. This division, it will be remembered, made a brilliant record in six European campaigns of World War II. Before the end of 1949, the division's headquarters, Camp Chaffee, is expected to have 20,000 troops, making it the largest Army Training Center in the nation. Davis is a son of Mr. and Mrs. W. W. Davis of Antlers, Okla.

What Post Needs

(Continued From Front Page) like fish—they lose something while traveling. This would improve the health of the people in more ways than one. Working in a garden is excellent exercise.

MRS. TOM POWER—We need an entertainment center. It seems to me that a bowling alley would be desirable.

MRS. WELDON SWANGER—First we need a city park. Second, we need more paving.

MRS. IRA GREENFIELD—We need places to go to take exercise. A swimming pool would be ideal.

MRS. KENNY CASH—We should get oil companies to establish main offices here, and we should make a greater effort to serve the oil people here and make them like Post. This would result in their spending more money here, and we should keep some of that oil money at home. We also need more street lights and pavement.

MISS RUBY CARPENTER—We need some recreation grounds for our young people and we need a hospital. Our trouble here is wanting things but not going after them. We could get the things we need if we'd get busy and work for them.

Order blanks were received this week for the Post High School Senior Invitations.

Homemakers Club Changes Its Name

The Graham Homemakers Club met last Thursday afternoon in the home of Mrs. John Wallace. During the business meeting, the members voted to change the name of the club to the Graham Thursday Club.

After an hour of sewing and visiting, refreshments were served to seven members and a visitor, Mrs. Jack Hoover.

The Club will meet next Thursday in the home of Mrs. Glenn Davis.

4-H Rally Held

(Continued From Front Page) the meeting, and Mrs. Wilburn Morris was in charge of the program.

Highlights of the program included a hat race for the parents, and a showing of local 4-H films by Gibson.

A group of the mothers served punch and cookies.

Gibson presented awards to the following boys: Gold star to Barry Ford for outstanding work in Garza County; leadership award to Alvin G. Davis; Wilson medal on meat production to Carter Gene White, and a field crops medal to Cletus Graves.

Mrs. Strasner presented awards to the following groups:

First year—Beverly Bartlett, Beverly Bland and Oneita Jones.

Second year—Jo Fern and Helen Vern Taylor, Wyvonne Morris, Joy McMahon, Jeanie Ecol DeElva Lofton, Joyce Lynn Kiker, Norma Lee Ritchie, Sandra Ray, Sydna Lee McLaurin and Agnes Dodson.

Third year—Lenona Stone, Willie Mae Nelson, Janice Lobban, Mary Ann Shultz and Doris Ritchie.

Fourth year—Charlotte Brown, Sue Stephens, Lois Ritchie, LaVerne Furr and Glenda Grantham.

Fifth year—Jeanneane Kiker who won a fifth year gold pin and a medal for an outstanding 4-H record in state competition. She also received a book, "I Dare You" and certificate from the Danforth Foundation for outstanding talent, cooperation and citizenship.

City Needs Recreational Facilities, Paving, Hospital, Grade School

from a man's point of view, do you think Post is in the way of improvement?

tion was presented of Garza County the past week. A survey, conducted among its published elsewhere's issue.

men's answers are not the women's, but about the same. The women want in a better place to

the list of what the most needs are recreational, a hospital and here are the an-

milton—Besides the which we are getting most of all to fin-

ish paving Main Street. L. A. Presson—We need sidewalks. We have the poorest sidewalks I ever saw, especially in the main part of town. Bob Collier—We need a hospital.

Bill Land—The most important thing to seek right now is a hospital, as I see it.

James Dietrich—We need to improve the streets. If the city can't afford paving right now, I'd like to suggest putting gravel on the streets most in need of improvement. This is comparatively inexpensive and it will last two years. A bunch of us in my neighborhood are well satisfied with our street. We all went together and had it gravelled about two years ago. Just recently we had it done again. It's a great improvement. Ira Greenfield—It wouldn't

hurt to have a refinery. O. L. Weakley—We're working on the greatest need, the sewer system.

Dick Woods—We need to clean-up the town.

Robert Cox—We're making lots of progress already on the things that we need, and I'd say we should undertake only what we can afford in the way of additional improvements. When the city can afford it, I'd like to see more paving.

Clint Herring—I'd like to see some more paved streets.

R. D. Travis—We need some kind of playground for kids.

Lowell Short—A hospital is needed more than anything else right now.

N. J. Lanotte—We need a retail credit association, and we need it badly.

Lester Nichols—I think we ought to have a community hall. Jim Hundley—We need a new picture show.

R. B. Dodson—A playground for kids is badly needed here.

Oliver McMahon—We need to pave some streets.

G. R. Day—Our greatest need is for a grade school building.

Sherrill Boyd—We have many needs. Important among them is paved streets, a grade school building and the county needs a hospital.

S. E. Camp—If we'd put as much united enthusiasm behind civic projects as we do football when we're winning, we could make Post a bigger place on the map.

Paul Jones—We need paved streets.

J. N. Power—I'd like to see us get a new grade school building.

Jerry Queen—I think we need a recreation hall.

Jess Wright—Let's hurry up and get the street lights. They would help the most. We also need a hospital.

Judge J. Lee Bowen—Our greatest need is for more housing facilities.

Dove Mayfield—Outside of the sewer and other developments already taking place, we need paved streets the most.

Max Gordon—We need a park.

James Minor—No. 1, we need a grade school; No. 2, we need a hospital.

T. R. Greenfield—We should have a recreation center.

Bob Warren—We are on the right program, with the sewer system construction. When labor gets cheaper, we should beautify the courthouse grounds and pave the streets leading to the churches and schools. We ought to plan these things now, so that they can be done when local people need jobs. It would be extravagant to do these things right now, while prices are so high and labor is difficult to find.

George Tracy—We need parking laws. The way they park vehicles and operate traffic around here is the greatest hazard to the kids that we have in town.

Wallace Barnett—We should have some building restrictions.

Joe S. Moss—I'd say Post needs a playground or a park.

Paul Mayr—I don't know whether it's the most needed, or not, but it seems to me there should be a park, or a camping ground or a picnic ground either in Post or near Post.

E. S. (Buddy) Stewart—I'd like to see a swimming pool here in town for the little kids. And we grown-ups would enjoy it.

Garnolia Notes

Please Send News Not Later Than MONDAY to MRS. BERT CASH Garnolia Correspondent

Bertie Mae Hood and Mr. and Mrs. Amon Thomas recently visited the Charles Hoskins family of Lamesa.

Weekend visitors in the J. E. Thomas home were Mr. and Mrs. W. H. Farr and little daughter and Cordie May and Bettie Farr of Clayton, N. M.

Otis Shepherd and family of the Graham Community have moved to their new home in this community.

Mr. and Mrs. C. W. Carpenter and Donald and Melba spent the weekend in Oklahoma City with Mrs. Carpenter's sister, Mrs. Mamie Patterson.

Mr. and Mrs. G. K. Cash and Mr. and Mrs. L. C. White and son, Noel Keith, visited in the Bert Cash home Sunday.

Mrs. Dora Redman and son, Mansel, and Mrs. Florence Mason of Tahoka were visitors in the home of Mr. and Mrs. L. H. Mathis Sunday.

Mrs. Elizabeth Fisher of Close City spent the weekend with Miss Jo Thomas.

Mr. and Mrs. D. W. White and little daughter spent the weekend in Abernathy with Mr. White's parents.

Mrs. Buford Jones, who had major surgery in a Lubbock hospital, has returned to her home.

Mr. and Mrs. Terrell Brown of Close City visited in the H. A. Caywood home Sunday.

John Hopkins—We have a great need for a public rest room.

Dr. B. E. Young—I can think of lots of things we need, but outstanding among them are paved streets and a park for the kids.

John Lott—We need civic spirit. This we must have before we can get the other things we need. People have to want, before they get anything and I've never seen so many people who want so little.

In regard of Lott's theory, the Post Dispatch interviewers estimated that one man in four and one woman in six couldn't think of anything that Post needs.

Legionnaires See Film On Scouting

Sixty-five members attended a meeting of the local American Legion post Tuesday night in the Legion Hall. They voted to investigate a proposal to assume sponsorship of Boy Scout Troop 11, and a committee appointed for the purpose will report on the investigation at the next meeting, April 5.

John Lott showed a film which covers the Boy Scout program from the Cub work through Senior Scouting.

Troop 11 has been sponsored in the past by the Lions Club, but is now without a sponsor. It is needed here because Troop 16 is filled to capacity, Lott explained.

Baltimore is called the city of monuments.

Scout Committee Of District Will Meet

A monthly meeting of the Llano District Boy Scout Committee will be held at 7 o'clock tonight in the home of John Lott, Bill Postma of Lubbock, South Plains Area Council executive officer will meet with the group.

GO TO FUNERAL

Mr. and Mrs. Allen Cash attended funeral services in Ponca City, Okla., last week for his niece, Miss Mary Lea Howard, who died the preceding Monday. Miss Howard, a daughter of Mr. and Mrs. W. F. Howard of Ponca City was to have become the bride of Dale Hendricks, Ponca City Dodger baseball player, on March 5.

Rye Cover Crop Can Survive Cold Spells

Rye for a cover crop that district Soil Conservation cooperators planted last fall is making a good growth. It is proving that it can be planted late and come through a cold winter. Its growth in sandy soil is encouraging.

Hairy vetch that was planted in a mixture with the rye in sandy soil froze back to the ground. It is sending out new shoots from below the surface. On Jim Williams' farm vetch that was planted with wheat in tighter soil suffered less damage from freezing.

Vetch that Henry Edwards at Pleasant Valley planted early last fall by using irrigation suffered very little freezing.

One of the "musts" to successfully grow hairy vetch is that it must be planted early in September in a moist seed bed, the Soil Conservation Service has announced.

Verdigris is the green rust on copper.

Stranded Boy Is Returned To His Kent Residence

The stepfather and mother of a 12-year-old boy who had been stranded here for several weeks were found by county officials last weekend after an extensive search which included an advertisement in the Fort Worth Star-Telegram.

The parents who live on a ranch near Clairmont, were traced through the help of the Lubbock police department. Sheriff E. M. Bass, in whose home the boy had been staying for more than a week, delivered him to the Kent County sheriff Sunday and the sheriff delivered him to the parents. The entire family visited here, Tuesday, County Judge J. Lee Bowen, said yesterday.

The boy, who claimed to have arrived here by bus from Granbury where he said his parents lived, was found in downtown Post one cold day by Lowell Short, who took him to his home to eat and get warm. The Granbury sheriff's department knew nothing of the family. After leaving the Short home, the Garza County sheriff permitted him to stay at the Carl Rains home for about a week, then he went to Lubbock to stay a week. Later, he returned here and took up residence with Sheriff Bass and started to school.

Close City News

Please Send News Not Later Than MONDAY to MRS. WILL TEAFF Close City Correspondent

Mr. and Mrs. R. H. Carey and family visited her sister and family, Mr. and Mrs. Fred Bell and family in Lamesa over the weekend.

Mr. and Mrs. Bon Longshore and daughter, Billy Jean, Mrs. Ollie Sappington, and Mr. and Mrs. R. H. Sappington and daughter visited with relatives near Idalou Sunday.

Mr. and Mrs. Will Teaff, Dennis Popham and Mrs. Delbert Cockrell and son attended funeral services of a relative at Merkel Tuesday.

Mr. and Mrs. Gilbert and son of Clairmont were Sunday guests of the Floyd Byrds and attended church services at the Baptist Church here.

The Home Demonstration Club met all day Wednesday in the home of Mrs. Will Teaff. The demonstration was on measurements and pattern adjustments. A business meeting was held. Lunch was served to Mesdames J. M. Bush, J. Mangum, Henry Carey and son, R. E. Bratton, Lonnie Peel, Woodrow Furr, Aubrey Ritchie, George Fulton and Mrs. Strasner.

We welcome the Barron family to this community. They bought the place formerly occupied by the E. W. Currys.

Curtis Longshore visited his parents, the Tom Longshores, at Odessa last weekend.

D. T. Palmer of Levelland was a visitor in the Gordon Carey home Sunday.

Harold Bryant Teaff of Abilene visited in the Bon Longshore home Wednesday.

Mr. and Mrs. Will Teaff visited Mr. and Mrs. Harvey Stotts at Southland Sunday.

Homer Gordon's Car Wrecked In Mishap

Homer's Gordon's automobile was badly wrecked but he and the driver, J. F. Condron, were not seriously injured when the car hit a water truck on the highway between Tatum and Roswell, N. M., Tuesday morning.

Gordon and Condron, who had been breaking out land with a tractor in that area, had started to Roswell to get a tractor part and were driving behind the water truck at a speed of about 40 miles an hour, when the truck suddenly turned to the left in front of them, Gordon said.

The wrecked car was returned here by Al Norris Tuesday night.

Kenny Wayne Smith Honored At Party

Kenny Wayne Smith, son of Mr. and Mrs. Vester Smith, was honored with a party in celebration of his sixth birthday the afternoon of March 19, at his home.

Games were played and the honor guest opened a large number of gifts. Sandwiches, cake and hot chocolate were served.

Guests included Jerry Ford, Wanda James, Billy Williams, Barbara and Billy Shumard, Jackie Ray Odom and Jo Anne Odom.

"Bunny" Shepherd, granddaughter of Mr. and Mrs. R. J. Edwards of Los Alamos, N. M., formerly of Post, was the cover girl on the February 22 issue of the Santa Fe News, pictorial weekly published in Santa Fe, N. M.

Verbena Bits

Please Send News Not Later Than MONDAY to HENRIETTA NICHOLS Verbena Correspondent

Jimmie and Doris Howell, children of Mr. and Mrs. Clint Howell, have the whooping cough. Mrs. Howell feels like she is running a hospital, as another son, Jerry, is convalescing from a bad burn received some time ago on an arm from the elbow to the finger tips. He received the burn when he lighted a match after having accidentally spilled some gasoline on his sleeve. His father, who was out-of-doors with him at the time, extinguished the blaze.

J. L. Cunningham has returned from Del Rio where he visited his aged father who has been seriously ill.

Mrs. J. M. Matsler of the Grassburr Community is spending this week with her daughter, Mrs. Allen Lucas, and family. Mrs. Matsler is convalescing from an illness.

Henrietta Nichols visited in the home of Mrs. L. A. Barrow in Post Saturday. Other guests of Mrs. Barrow were her daughters, Mrs. Monroe Lane of Lubbock and Mrs. Earl Perser of Carlsbad, N. M., and Mrs. Perser's son, Gary. The visitors returned to their homes Sunday, with their husbands who came after them.

David Tyler has been ill with influenza and tonsillitis the past week.

John and Henrietta Nichols recently visited Mr. and Mrs. Junior Wilks in the Grassburr Community.

Mrs. L. A. Barrow, who recently visited her sister, Mrs. John Graham, in Lovington, N. M., reports that Mrs. Graham, who was an early settler in the Verbena Community, is convalescing satisfactorily from a recent stroke. She is a daughter of "Uncle" Frank Wilkes who came here before 1901.

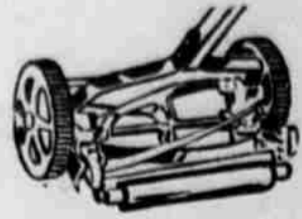

Mrs. R. C. Rodgers and granddaughter, Mrs. Paul Beach, returned Friday from a vacation trip to Hot Springs and Ruidoso, N. M. Bill Fumagalli, a student of New Mexico Military Institute at Roswell, N. M., returned home with them for a short vacation with his parents, Mr. and Mrs. J. C. Fumagalli.

Mrs. Paul Beach and children, who have been visiting Mr. and Mrs. Allen Bird, left Saturday for their home in Inglewood, Calif. They plan to move soon to Montana where Mr. Beach is stationed.
