

# Schools retain auto tax, accept farm productivity

Post school trustees Tuesday night voted to retain the school personal property tax on automobiles this year and accepted the new agriculture relief amendment which will give owners of rural land the choice for this year only of paying taxes on either their present property valuations or under an involved new method based

on farm or ranch income. Jack Lott, board president, expressed the view that this year farmers and ranchers would find that it will be less costly to pay taxes under the present valuations than under the new farm income formula worked out by the recent state legislature. In other tax changes, Tax

Assessor Billie Windham told Trustees she already has those signed up who want the \$5,000 homestead exemption and will announce through three ads in The Dispatch how those 65 or older last Jan. 1 can sign up to receive an additional \$10,000 homestead exemption. Taxes on homesteads for

these senior citizens can never be raised from this year although in any future property revaluation such property will be revaluated to keep it current in case it is sold. Neither the vote to tax automobiles, which is the school board's choice each year, or the acceptance of the agriculture relief

amendment based on productivity were unanimous. Both Trustees Mike Flanigan and Charles McCook voted against the taxing of automobiles with Trustees A.C. Cash, John Boren, Jack Lott, and Mrs. Juanelia Hays voting yes. The valuation of automobiles in the school district adds \$5,023,931 to the tax

because of all the new state changes in school taxes, trustees were reluctant to drop the car tax. It is a decision they face annually. As far as figuring rural land on productivity for tax purposes, the new state enabling law passed by the legislature gives the school district the choice of accepting it for this year or

rejecting it. By next year, the productivity method will be used by all local taxing units. The complicated productivity method would increase the district's tax valuations on rural land by over a million dollars and in all checked instances would result in higher taxes to

(See Taxes, Page 12)

If The Dispatch "looks different" to you today, there's a mighty good reason. We've purchased some new news type. It's nine point in size instead of eight and one-half point we've been using since going offset.

You probably won't like it this week, but we hope you'll love it in a month. Being bigger it's easier to read. That's why we bought it.

The old font strip of eight and one-half point type wore out at one end where we took it off and put it back on the machine. It fouled up all the t's.

So we called back east and ordered a new one. Instead of replacing it with the same size, we found one slightly bigger. Actually it is not any wider, just taller. So it doesn't mean we'll print a few columns less news each week with the larger type. We'll print the same amount.

Some papers — the Snyder News for example in our area — have gone to even larger 10 point type making it less eye straining for older folks to read the paper. That would lose some columns of news.

We've also ordered more condensed type for our 7200, which photo composes the larger size type faces. That hasn't arrived as yet but will improve our advertisements when it does.

One of these days we might even go to a six column page format instead of the current eight. That makes for easier reading, too, but national ads haven't standardized their ads for it yet and we would have to adjust all our advertising rates.

Maybe some dull summer day we'll give that a whirl.

## 3 booked on drug charge

Three Post youths were arrested Sunday afternoon and charged with a misdemeanor possession of marijuana under two ounces, Chief Deputy Donnie Walker told The Dispatch. Gregg Lester, 23, and Delton Pewitt, 17, both pleaded guilty this week to the charge in County Judge Giles Dalby's court and were sentenced to serve six days in jail each and ordered to pay individual fines and court costs of \$151, Walker reported.

The jail sentences will be served two days on the next three weekends.

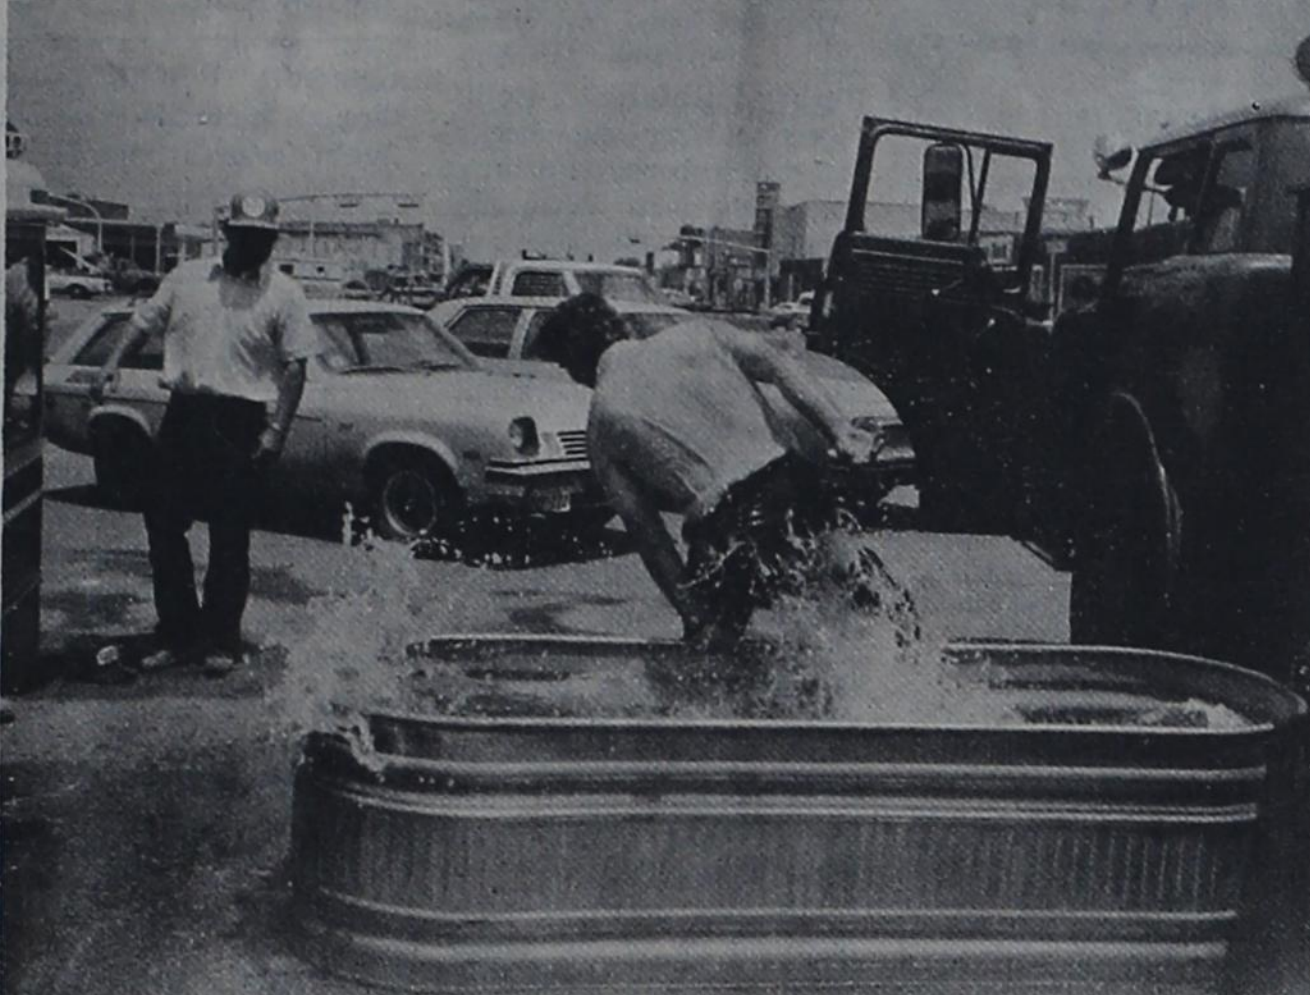

The third youth booked on the same charge was Jeff Lott, 17, who pleaded not guilty and was released on \$750 bond, Walker said.

The trio were stopped by the highway patrol seven miles northwest of Post on US-84. The patrol officer called in county deputies to complete the drug arrest.

## Library to give away balloons

The Post Public Library is going to make a big "pitch" for more young library readers at the upcoming Fourth of July celebration.

Library trustees have authorized the giving away of a thousand helium filled balloons to youngsters at the celebration. The balloons contain an original verse

**FIRST DUNKING** — Mailman Jimmy Redman got the first dunking in a Main street watering trough for not growing a beard for the Fourth of July or carrying a Post commemorative coin. Several Post volunteer firemen were unsuccessful in trying to pull him out of his delivery truck Friday afternoon. Finally Jimmy took his shoes off and dived in and out again without showing his face to the camera. Jimmy had a commemorative coin but did not have it with him Friday afternoon. — (Staff Photo)

## Friday night storm damaging—

# 10,000 acres to be replanted

Heavy rains last weekend, especially the hard Friday evening thunderstorm, wiped out an estimated 10,000 to 15,000 acres of Garza cotton, County Agent Syd Conner said Wednesday. The county agent said farmers, starting Tuesday, were beginning to plant an estimated 19,250 acres the first time and 10,000 to 15,000 acres which were washed or blown out for the second time.

The Friday night storm did a whole lot of cotton damage.

The fields were just dry enough Tuesday in some areas for the planting, or replanting, to get rolling.

Conner termed much of the earlier planted cotton which farmers are leaving in the field as "sand burned, blown and thin."

He called the wind strength of the thunder-See Storm damage, Page 12

## Morris heads heart drive

Charles Morris accepted the position of campaign chairman for the 1980 year at the final 1979 meeting of the American Heart Association held at noon, Wednesday, June 6.

Mike Flanigan, president, reported that the contribution goal of \$1,500 for the 1979 year was exceeded and the final monetary figure was \$2,137. The goal for 1980 has been set at \$2,500.

Jerry Hearn, regional director, reported that a workshop on Special Events will be held in Lubbock, July 28.

Members attending were Flanigan, Janet Peel, Charles Morris, Henry Wheatley and Ida Wilks.

about the value of the Post Public Library printed on them. That's not all either. Free designs will be painted on youngsters arms or legs with washable paint. The Fourth of July library booth also will have a good display of children's books See Library board, Page 12

## Cleanup Day rescheduled

Post's 1979 Cleanup Day, which was rained out Saturday has been rescheduled for this morning (Thursday).

All who can make it from their jobs are requested to meet at the bank parking lot at 8 a.m.

Chamber Secretary Phyllis Morris said whatever sized group turns out probably will work only through the morning in an attempt to "weed" the business district.

## Rites Monday for Shepherd

Funeral services for John Truman (Mac) Shepherd, 67, were held Monday, June 11 at 2 p.m. in the First United Methodist Church with pastor Don Travis officiating.

Shepherd was born November 25, 1911, in Timpson, Tex., and came to Garza County as a child. He farmed and worked in the oil fields and then was cemetery sexton for many years.

He died June 8 at Twin Cedars Nursing Home where he has been a resident for the past two weeks.

Shepherd was a World See Rites Monday, Page 12

## Romo rites on Saturday

Services for Martha A. Romo, 64, of Post were held Saturday, June 9 at 2 p.m. in the Holy Catholic Church with Father Malcolm Neyland officiating.

Mrs. Romo died at noon Thursday, June 7 in a Lubbock nursing home following a lengthy illness.

A Lorenzo native, Mrs. Romo lived in Post for 23 years. She was married to P.E. Romo in Lorenzo in 1932 and was a member of the Holy Cross Catholic Church.

Survivors include her husband; three sons, five daughters; a brother and sister; 40 grandchildren and six great-grandchildren.

Interment was held in Terrace Cemetery under the direction of Hudman Funeral Home.

Post got another three inches of rain Friday evening and Saturday morning, but there is no official measurement to report because "Weatherman" Glen Barley is on a fishing vacation to Bull Shoals, Ark.

Some unofficial measurements show Post got a two-inch drencher and about 50-mile-an-hour winds Friday night when the Lubbock weather bureau received an unconfirmed report of a small tornado sighted north of Post.

No reports of any twister were turned in here in Post, but there was no denying the fact that the thunderstorm which struck about 7 p.m. Friday was a real windy dilly.

Another inch of moisture was received in a nice little rain which began early Saturday morning and didn't let up until just before 10 a.m.

The additional moisture brought to 7.6 inches the amount of rain which fell here in a 216 hour period ending last Saturday morning.

The heavy weekend rains (See Rainfall, Page 12)

## Van given Alaska bound family

A group of "concerned Post Christians," most but not all of them members of the First Baptist Church, have gone together to purchase a \$6,000 van which the group gave to the Jimmie Stringers family for their upcoming 3,200 mile drive to Juneau, Alaska.

The group raised the money for the van at an ice cream supper in Bo Jackson's backyard last Thursday night.

Besides the new van, the group have pledged monthly support for their two-year Mission Service Corps assignment in Alaska.

Stringer, who has resigned his position as high school band director here, will become the outreach director of the First Baptist Church of Juneau with the hope of forming a new church on Douglas island.

He will fly into logging camps to conduct services. The assignment is through (See Stringers, Page 12)

Number 2

## First black, Mexican coaches are named

Post school trustees hired the first black and first Mexican coaches for the local school district Tuesday night as they voted unanimously to hire six new coaches, band and choir directors, a vocation agriculture teacher and four other new teachers.

In another action, the resignations of five Post teachers were accepted. Sonja Curry, a black, will be the new women's head coach in basketball and track.

As a collegian she played for the famous Wayland College Flying Queens. She was graduated from Wayland a year ago and in the year has obtained her master's degree from Pan American College. This will be her first year in coaching, but she is rated as one of the top new women's coaching prospects in the West Texas area.

Other new coaches, all recommended by new Athletic Director David Thompson, include:

Arcadio Rivera, who played defensive halfback for West Texas State University and has been an assistant under Thompson at Stanton for the last three and one-half years.

Darrell Radle, a Sul Ross State University graduate who has been an assistant at Stanton for two years and has nine years of teaching and coaching experience and a master's degree.

Randy Josey, who is graduating from West Texas State University this spring and who will teach junior high math.

Richard Lee Compton, a graduate of Eastern New Mexico University at Portales, who also will teach junior high math as well as coach.

Dewayne Osborne, two years experience, who played guard on the Angelo State University football team.

Coach Thompson told the board the only remaining coaching vacancy is the

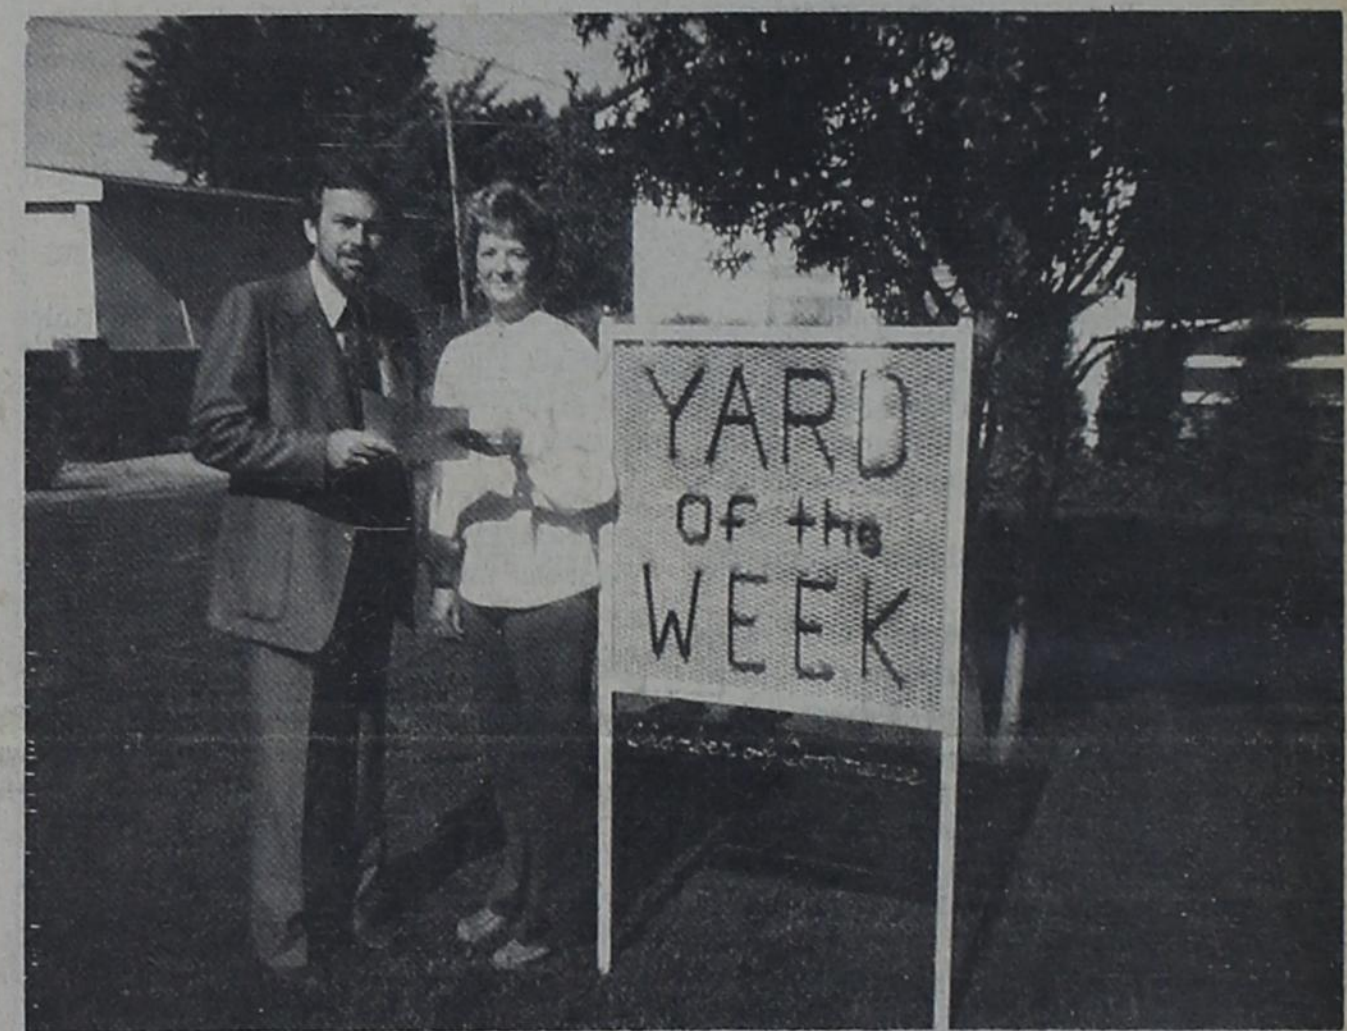

tennis coach. He will announce his coaching assignments in August. The new vocational agriculture instructor is James Ray Conner of Lubbock, who is graduating from Texas

Tech University this spring. His father is a principal at Plains.

The band and choir directors are a husband and wife team. Steven Clary, who has had one year's

experience as a band director at Nazareth will be the new band director and Mrs. Deborah Clary will be the choir director.

(See New coaches, Page 12)

**SECOND YARD OF WEEK** — The Robert Cox yard at 111 North Avenue R was the winner of the Post Chamber of Commerce's yard of the week award this week. Chamber president Larry Willard is shown presenting the certificate to Mrs. Wanda Cox.

## Only bid accepted for grid lights

The only bid of \$46,321 to provide Antelope Stadium with a whole new lighting system except for the present poles was accepted by a 4 to 2 vote of Post school trustees Tuesday night after considerable discussion.

The low bid of \$61,434 by Vibra Whirl & Co. of

Panhandle, Tex., to build a new and guaranteed all-weather 400 meter track was tabled without discussion until the end of the month when trustees will get their first look at the 1979-80 school budget and income estimates.

These were just two of the many items considered by

trustees in one of their most important single meetings in years.

The football stadium lighting bid went to the Lloyd Price Construction Co. of Lubbock, general contractors on the present junior high expansion and renovation project.

The Lubbock firm was responsible for the lighting problem when a backhoe dug up and cut the underground wiring of the stadium lights.

Price has offered to repair the underground cable damage to the stadium lighting system or to deduct its \$132 cost from his bid to build an entirely new lighting system which would provide approximately twice the lighting power of the present system.

Neither Price nor the architect's recommend just fixing the cut cable as they point out the board then remains liable for any future damage that might be caused from the present system installed back in the 1960s not in conformity to the national lighting code.

Duane McQueen, representing the architects, told trustees that approximately \$20,000 of the \$46,321 cost for the new lighting system was in the new, more powerful lights. It was pointed out the board could rewire the system up to national standards for about \$26,000.

In the end, trustees voted 4 to 2 for the full new lighting system with Flanigan and Mrs. Hays voting (See Bids, Page 10)

**TRAVELING GIFT** — The Jimmie Stringer family is pictured above with their new \$6,000 van which was given to them Friday to drive to Alaska for Jimmie's two-year assignment in the Mission Service Corps of the Southern Baptist Convention. — (Staff Photo)

## Which way on energy?

By far the biggest problem in solving the nation's energy crisis is that nowhere near a majority — of Americans generally, of Congress, or of the Carter administration — can agree on the best way to tackle it.

There are so many regional differences on the energy issues that one section of the country is totally opposed to a proposal another section strongly favors.

Deregulation of oil prices is a good example. Oil producing areas are in favor, seeing it as a real economic boost and believing new oil sources can be found. Other regions which do not have such production see this only as a ripoff to the consumer in the form of much higher gasoline prices with nothing to be gained except added economic misery.

America is a country on wheels, and generally big wheels.

While the rest of the world has driven small cars out of necessity for generations now, Americans generally prefer the bigger and more comfortable gas eaters. Even when we buy a small car we want it packed with driving luxuries — power steering and brakes, automatic transmission, air conditioning — all of which make driving easier but which add to the fuel costs by cutting down on the mileage by the diverting of engine power to such comforts.

We continue to cling to the hope that somebody is going to come along and invent a gadget which will double automobile mileage. There are only two ways to build cars which will get better mileage. One is to reduce the weight. The other is to reduce the power of the engine to "get up and go" quickly.

Foreign car makers are flooding the United States with light, no power vehicles which get much better mileage than American models.

They don't have any secret. Detroit could build them, too. But Detroit claims the American auto public won't buy such models so they don't try very hard to make them.

Right here you can target America's energy problem. Neither the driving public nor Detroit will face up to the issue.

The rest of the world looks on with contempt. Gasoline has always cost them twice what it was or is in the United States. To them wheels were simply transportation, not luxury and comfort.

America has stalled on the energy problem for a long five years now, and has watched it grow progressively worse. Dollar gasoline is becoming reality.

The only way out of this dilemma is to find some national political leadership which is strong enough to force Americans to make a tough decision.

The last of the biggest "big cars" came off the assembly line at Ford just the other day. Congress has imposed strict mileage requirements on the auto industry which Detroit is having difficulty meeting, but is grudgingly moving in this direction.

Democracies do move slowly because few politicians have the nerve to "get out front"

and lead. We are moving slowly to a solution but it may take another decade to get the job done.

Next year's presidential election should hinge on the energy issue. Energy problems have provided the main fuel to our searing inflation.

President Jimmy Carter is an obvious nice guy who want to do what's right. On oil deregulation he has swung full circle. He has finally decided to let government controls gradually drop off oil prices.

The very tough issue of excess profits tax on oil companies is coming up in congress this week, but nobody really expects any solid agreement on the issue.

Generally Americans are distrustful of everybody on the energy issue. That makes it much harder to move off dead center.

We could go on and on about the energy issue. But it has all been said dozens of times before. There is the tension building on nuclear power, the conflict between the environmentalists and industry. In cleaning up our air for example, we are adding to our expensive fuel bill in many ways. The converters forced on the auto industry by congress is just one example.

Up ahead there is a growing fear of gasoline rationing. Obviously it could eventually become a permanent addition to the up-to-now carefree American way of life.

Think of the bureaucratic power involved right there? Things would really get grim wouldn't they?

There is another obvious fact most Americans won't admit. Closing gas stations on Sundays, weekends or every other day doesn't necessarily solve anything because it doesn't reduce the demand, except that it makes the supply a bit more inconvenient.

What we need is to cut down on the miles we drive. The only way anybody knows to do that is to ration the fuel. That's why it is looming larger and larger up ahead.

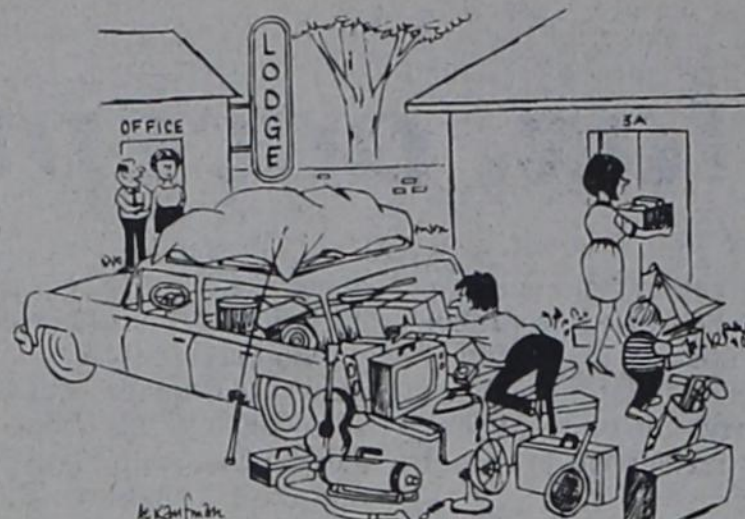

Also, there are those who argue quite persuasively that conservation isn't the American answer at all. The answer they say are new sources of energy or developing more supplies of the old sources.

Not a lot has come of this argument in the last five years. But at least it is a nicer one to chew on.

If you've read this far, we hope you're not expecting to find a solution at the end of this editorial. We're just like everybody else. We have a preferred course, but no acknowledged solution.

We would prefer to find a strong national leader, elect him president, and dump the problem right in his lap. The 1980 election offers the method.

Somebody is going to have to crack some heads. And it is high time to start cracking. And we must remember, if we go this route the heads to be cracked include our own.

## Library Corner

by RUTH B. YOUNG

At the last board meeting there was much discussion as to procedures, et cetra. All the time I was wondering how much of this should be published and how interesting it would be to the readers.

The thought occurred to me that not any of us like the nitty gritty so decided to pick out one phase of service we could be to the community.

Did you know that there are a few who use the library faithfully? Estelle Davis told me she checks out several books at a time and reads them. When she returns them she picks out some more, depending on how busy she is going to be with other things. Sometimes she doesn't check out any but comes back to the library when she can forsee time to read them. In this manner she keeps up with the newest and most popular reading without costing anything. Books, like every thing else costs a lot, new. Unless one is building a library and wants to be well read, it is a privilege to have access to such an opportunity.

Post has the most complete library of any small town in Texas. Rosemary Chapman catalogued most of the books when all work was donated. Those who donated time and money and the two organizations, Friends of the Library and the Library Board are to be commended.

Now, that we have such a complete library, won't you help us? Any ideas you may have of how the Library can help the community will you please phone or write them

to me? My phone is 495-2441 and I live at 402 West 12th street.

## When God Created Fathers...

*When the good Lord was creating fathers He started with a tall frame.*

*And a female angel nearby said, "What kind of father is that? If You're going to make children so close to the ground, why have You put fathers up so high? He won't be able to shoot marbles without kneeling, tuck a child in bed without bending, or even kiss a child without a lot of stooping."*

*And God smiled and said, "Yes, but if I make him child-size, who would children have to look up to?"*

*And when God made a father's hands, they were large and sinewy.*

*And the angel shook her head sadly and said, "Do You know what You're doing? Large hands are clumsy. They can't manage diaper pins, small buttons, rubber bands on pony tails or even remove splinters caused by baseball bats."*

*And God smiled and said, "I know, but they're large enough to hold everything a small boy empties from his pockets at the end of a day... yet small enough to cup a child's face."*

*And then God molded long, slim legs and broad shoulders.*

*And the angel nearly had a heart attack. "Boy, this is the end of the week, all right," she clucked. "Do You realize You just made a Father without a lap? How is he going to pull a child close to him without the kid falling between his legs?"*

*And God smiled and said, "A mother needs a lap. A father needs strong shoulders to pull a sled, balance a boy on a bicycle or hold a sleepy head on the way home from the circus."*

*God was in the middle of creating two of the largest feet anyone had ever seen when the angel could contain herself no longer. "That's not fair. Do You honestly think those large boats are going to dig out of bed early in the morning when the baby cries? Or walk through a small birthday party without crushing at least three of the guests?"*

*And God smiled and said, "They'll work. You'll see. They'll support a small child who wants to ride a horse to Banbury Cross, or scare off mice at the summer cabin, or display shoes that will be a challenge to fill."*

*God worked throughout the night, giving the father few words, but a firm, authoritative voice; eyes that saw everything, but remained calm and tolerant.*

*Finally, almost as an afterthought, He added—tears. Then He turned to the angel and said, "Now, are you satisfied that he can love as much as a mother?"*

*The angel shutteth up.*

## Magazine features new courthouse lawn well

Post got a four-page spread in the January-February issue of the Texas Railroad Commission's magazine, Texas Today, which was received here Friday.

Entitled, "Out in Post, Tex., Energy hunt goes all the way to the courthouse, the article is about Garza County's new courthouse lawn oil well.

Pictures include a pix of the drilling rig drilling on the courthouse lawn with County Commissioner Herbert Walls and County Judge Giles Dalby in the foreground; a picture of Post's sextuple oil well and a full-pager of the sign at the sextuple.

The sign was made by David Newby a number of years ago when Bond Operating Company well was made into a Post Chamber of Commerce tourist attraction showing the pumping from six different pey zones.

The article, by David Moody, reporter-photographer for the Lamesa press, tells a good bit of well known Post history, including C.W. Post's initial oil drilling efforts 60 to 70 years ago.

Mostly, however, the article deals with the drilling of the well and how the George R. Brown firm met county requirements to drill on the courthouse lawn.

There's a good quote from County Judge Dalby: "We think this will show the nation that we are willing to help find more energy, even if it means drilling for oil on the courthouse lawn."

The county will gain about \$50 a month in royalties and taxes from the well's production.

**RECEIVES SERVICE AWARD** — Miss Novaline Gordon, center, received a 25 year certificate of service and diamond studded service pin and bracelet from Tom Drake, left, fabricating department manager and Don Smith, right, Postex Plant Manager. Miss Gordon, a finished cloth inspector grader in the Fabricating Department, began her career with Postex and Burlington May 26, 1954.

### TEEN SCENE By Norm Chow

If you're already bored with summer and find that there is nothing to do, there will be a dance Saturday night at the Youth Center with KSEL beginning at 9 until 12. \$2 per person or \$3.50 a couple. Bruce Waldrip suggested that I call it the "Remember Winter" dance. I promise to try and have the room cooled off a little better than last time.

I'm so forgetful at times, that I am going to wish Happy Birthday to those that I know are celebrating theirs this month and it goes out to Mike Babb, Kraig Peel, Roxanne McClellan, Rodney Josey, and Amy Thuett. So HB in advance.

Speaking of Amy Thuett, she had the misfortune of dislocating her elbow during gymnastic class recently and had to visit the emergency room in Lubbock. But, it's better now, just needs a lot of TLC (tender, loving care.) She will be leaving with the rest of the cheerleaders Sunday for cheerleading camp in Stephenville. I think they will be back home a week from Friday.

And then there's our poor blistered Dana Babb. She's been "farming" since school's been out and when it's not too wet. Sandfighting has kept her busy this past week and when she's not cutting barbed wire off her sandfighter, she's picking up the sandfighter. She was halfway down the field when she noticed that the tractor was not behind the tractor but in the middle of the road "way back there". Sister Amy came to the rescue and helped her get it back on before a road block occurred.

Sharla Macy and Patricia Craig are visiting in Florida for a while and to their disappointment, the airlines lost their luggage so what do you do but make the most of it.

Greg Pollard is at Ruidoso this week, probably enjoying the cool weather.

Eddie Britnell enjoyed the old tradition of being "shivareed" last Friday night following his wedding. His shoes and shirt were taken away and he was placed in a barrel and rolled down Main Street. If you remember, it rained a LOT last Friday night, so Eddie was a wee bit soaked after his ride.

And then I have a local story about the gas crunch.

Daniel Yarbrow had been counting the days until his wedding and even though he was a nervous soul during the day Friday, the wedding was beautiful and everything went off without a hitch. UNTIL they started for Arlington Friday night. The closer they got to Arlington, the more the gas gauge went down, when it read empty, he decided he would stop before they completely ran out of gas in the middle of nowhere. He found a truck stop that read "Open at 7 a.m.". So after several hours of waiting for the truck stop to open, it did, and guess what? NO GAS. What a way to spend your honeymoon. Glad that Daniel and Melodie are safe back in Post again.

I want to wish Daniel and Melodie, Eddie and Amy, the best of everything in

Introducing to Post . . .

## Terry Smith wed to Ricky Redman

Wedding vows were pledged by Terry Smith and Ricky Redman Saturday, June 9 in the home of the bride's parents.

Performing the double ring ceremony at 2 in the

afternoon was Dr. Tom Pass, pastor of the First Presbyterian Church. Arrangements of yellow gladiolas and white and yellow daisies were used in decorations.

Parents of the bride are Mr. and Mrs. Julian Smith and the bridegroom is the son of Mrs. Sherry Redman of Mesquite, Tex.

Given in marriage by her father, the bride wore a pale yellow linen suit with white accessories. She carried a bouquet of yellow roses and daisies with white ribbon.

Honor attendants were Mrs. Cam Fannin Jr., sister of the bride and Steven Redman, brother of the groom.

Following a wedding trip, the couple are residing in Amarillo. Both are graduates of Post High School.

MRS. DANIEL YARBRO (Melodie Willson)

## Ault-Britnell vows are pledged

Wedding vows were exchanged between Amy Ault and Eddie Britnell in a double ring ceremony, in the home of the bridegroom, Friday, June 8.

Performing the 8 p.m. ceremony was Rev. Morgan Ashworth of the Calvary Baptist Church before decorations of white and blue carnations with blue streamers.

The bride is the daughter of Beth Ault and the bridegroom is the son of Mrs. Toni Britnell, all of Post.

Presented in marriage by her uncle, Jack Ault, the bride wore a floor length gown of light blue satin featuring an empire waist and v-neck. She carried a bouquet of blue and white carnations with blue and white streamers. The bridal veil was a layered net of blue and white from a white tierra. Carrying out the tradition of something new, her dress, old, pearls belonging to her mother; a blue garter and a borrowed penny for her shoe.

Serving as maid of honor was Trudy Collins of Andrews, cousin of the bridegroom. She wore a formal length gown of navy blue with white accessories and carried a nosegay of white carnations.

Serving as best man was Mark Greer.

All the flowers for the ceremony were made by the bridegroom's mother and aunt, Edith Collins.

A reception followed the ceremony with Edith Collins and Sue Harris, both of Andrews serving the guests. A two-tiered cake of blue and white, topped with a bride and groom, made by Mrs. Collins, were served with punch, mints and nuts from a table laid with a lace cloth over blue.

Following a wedding trip to Six Flags, the couple are residing in Post where both will be senior students at Post High School. The bridegroom is employed by Terry's Texaco and the bride by Holly's Drive In.

Out of town guests included Effie Poteet of New Orleans, La., Jean Prestidge, Liberty Hill, Tex., both great aunts of the bridegroom. Carol Owen and daughter Shanna Francis, Gary and Brandon

Collins, Iris Loehman, Deann and Jeannie and Kilah Loehman all of Odessa and Sue Harris of Andrews.

## Bridesmaids are honored

A luncheon honoring bridesmaids of Miss Nelda Kim Leake was given in the home of Mrs. L.J. Richardson and Mrs. Becky Morse in Brownfield, Saturday, June 2.

Serving tables were centered with spring flower arrangements including yellow daisies which were also used in the bride-elect's corsage. Crystal, china and silver appointments complimented the tables.

A menu of chicken and rice, green beans, fruit cup, rolls and chocolate layered ice cream cake were served and the guests were seated with place card favors of tiny wrapped packages of nail enamel, a gift from the hostesses.

Bridesmaids and wedding party members were presented gifts by Miss Leake and the hostesses presented the honoree with a sterling silver cake server that is a family heirloom.

Special guests for the occasion were the bride-elect's mother, Mrs. Anne Leake, her grandmother, Mrs. Preston Mathis and her godmother, Mrs. Giles Dalby.

## Beginner's Cake Decorating Classes

## Bridge-a-thon to be July 21

The American Cancer Crusade local chapter has rescheduled its annual Bridge-A-Thon for July 21 in the ranch home of Mrs. Nelda Dalby.

Tickets will go on sale next week for the annual affair with tickets also available on three donations toward the benefit, an oil landscape, two hand crocheted Christmas stockings and a multicolor crocheted afghan.

Further details will be announced at a later date.

## Wilson-Yarbro vows pledged

Wedding vows were pledged between Marilyn Melodie Willson, daughter of Mr. and Mrs. Georgie Willson, and Daniel Aldon Yarbro, in the First Baptist Church Friday, June 8 at 7 p.m.

Rev. Glenn Reece, pastor, officiated the double ring ceremony before an arch with bouquets of yellow daisies and white gladiolas and candelabras on either side with a unity candle placed in the middle of the arch.

Given in marriage by her brother, Cy, the bride wore a formal length gown of french chantilly lace. Fashioned with a Queen Anne neckline, full length Bishop sleeves held with a deep cuff and a fitted bodice that flowed into a five-tiered bouffant skirt which swept into a chapel train. The head piece was a Juliet cap holding a matching lace edged veil of illusion. The bridal bouquet was a nosegay of blue carnations and yellow daisies.

Lea Ann Babb served as maid of honor with bridesmaids being Rhonda Rogers and Donna Nelson. They wore identical gowns of yellow featuring a lace cape and carried a yellow carnation.

Flower girl was Shaunda Sanders, cousin of the bride, and ring bearer was Darion Sparlin. The flower girl was dressed like that of the bridesmaids and carried a basket of flowers. The ring bearer wore a blue tuxedo.

Serving as best man was Dan Nelson and groomsmen were Shelby Barley and Phil Tyler. Acting as ushers were Barry Tyler and Shelby Barley. The groom and male attendants all wore blue tuxedos.

Registering the guests was Charity Willson, sister-in-law of the bride.

**ATTEND GRADUATION**  
Mr. and Mrs. Bill Sanders have returned home following a weeks' visit with their daughter and family, Mr. and Mrs. S.L. Downey and girls of Kansas City, Mo. While there they attended graduation ceremonies of their granddaughter, Cherricy Ann.

Music for the ceremony was provided by Georgie Willson, father of the bride, organist and Marita Jackson, soloist.

A reception followed the ceremony in the Fellowship Hall of the church with Tina Rogers and Robin Stewart serving the five-tiered cake featuring a fountain and running water.

Following a trip to Dallas, the couple are residing at 901 West 15th. The bride will be a senior student at Post High School and the bridegroom is a 1979 graduate of Post High School and is employed by United Supermarket.

## Mrs. Pierce is honored

Mrs. Betty Pierce was honored on her 80th birthday with a surprise party held at the Post Community Center, Saturday night, June 9 at 7:30 p.m.

A barbecue supper prepared by Rusty Dean was served to guests after which a patchwork quilt design birthday cake was enjoyed by all.

Those attending included: Mr. and Mrs. Ray Jenkins, Tim and Ted of Brownfield, Mr. and Mrs. Bobby Dean and children of Snyder, Mrs. Doyce Haney and Jason of Big Spring, Mrs. Lee Doggett and children of Italy and Steve Hair of Lubbock.

Also, Mr. and Mrs. Tommy Daniels, Mr. and Mrs. Rusty Dean, Mr. and Mrs. Jack Hair, Mr. and Mrs. Billie McKamie, Mr. and Mrs. Don Ammons and family and Lewis Pierce, Mrs. Pierce's husband, all of Post.

## Recruitment is planned by club

A recruitment party has been planned by the Graham Extension Homemakers Club Friday, June 22 at 2 p.m. in the Graham Community Center.

A sewing demonstration on "Shirring with Elastic" will be given during the social.

All interested women are urged to attend and join the fun.

# Kenneth Gill throws Little Loop no-hitter

## Dodgers extend winning streak

Kenneth Gill of the Post Fire Department Cardinals became the first Post Little League pitcher in 1979 to hurl a no-hitter as he blanked the Palmer Oil Field A's 13 to 0 Monday night.

As for the rest of the week's play, the undefeated First National Bank Dodgers continued to slash their way through the league as they scored two more easy triumphs.

Manager John Valdez's club doesn't have a lock on the title quite yet with nine nights still to play but with a 4½ game advantage its only a game or two away.

Gill in his no-hitter struck out 11 and had only two baserunners, one on a walk and the other on an infield error.

While he was doing this his mates roared away with six in the first inning and added three and four-run clusters in the third and fifth. All told they picked up eight hits with Benny Hair getting the only pair on a single and double.

In the Dodgers' first win of the week last Thursday night, Greg Massey and Javier Valdez divided mound duties, permitting only Curt Greer's first inning single in the hit department. They got only four themselves but scored two runs or more in each of the first four innings for an easy triumph, piling their first seven runs on walks and errors before getting three hits in the fourth and one in the fifth.

Valdez pitched another one-hitter in the Dodgers' other win, a 12 to 3 decision over the Postex Mill Yankees Monday night. His mates cracked out 10 hits in that one with Paul Perez getting three in five trips and Mike Bartlett, Massey, and Valdez two each.

The A's were the busiest team of the week, splitting four games to climb into undisputed second place with an even 5-5 record. The Red Sox, Cardinals and Yankees each split a pair and the Tigers dropped their only two starts.

The A's had the biggest romp of the week when they thumped the Red Sox 16 to 1 as David Redman shutout the Sox until the last inning

 June 19: Red Sox vs. Tigers, Dodgers vs. A's.

when three of the Sox six hits brought a tally across. Scotty Clinesmith and cleanup hitter Tracy Price each got two hits for the winners.

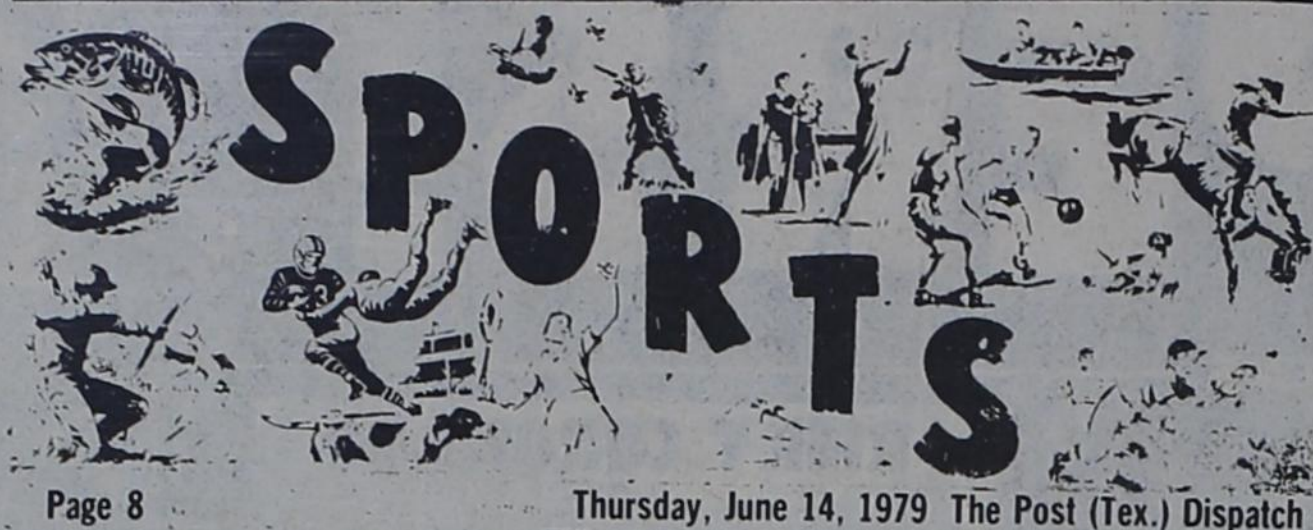

Friday night saw two rainouts with the A's leading the Yanks 2-1 with two gone and one aboard in the bottom of the third when the hard slashing rain sent everybody home.

If you like runs, the Saturday night game was the one for you — winding up as a Yankee victory over the A's by a 19 to 14 football game. The losers outhit the winner 15 to 14.

Sammy Bocanegra, the starting pitcher for the Yankees, got four hits and Simon Salinas three for the winners. David Redman had a perfect night for the losers with three singles and a double in four trips to the plate.

Tracy Price turned in the best mound performance for the busy A's staff Tuesday night when he limited the Tigers to two hits to go the route in notching a 6-1 victory.

Curt Greer gave up only four for the losers with Catcher Scotty Clinesmith getting three straight singles leading off for the winners. The A's got three in

Page 8 Thursday, June 14, 1979 The Post (Tex.) Dispatch

## Post teenagers win first two starts

The Post Teenagers at present are atop the three-city Senior Babe Ruth league with two straight victories over Tahoka.

The locals opened their league play with an 8 to 3 triumph here Saturday night and then scored nine runs in the top of the seventh to break open their game at Tahoka Tuesday night for a 14 to 3 victory.

Leslie Looney and Raymie Holly combined to hurl a three-hitter and strike out 14 in the seven inning route for the first win Saturday night.

Looney also collected two singles and a triple at the plate for hitting honors. Holly added a double to the offense.

Tahoka got a run in the second on a single, walk, and overthrow to make a short-lived lead. Post got going with four in the third on two walks, an error, and doubles by Holly and Mike Dye.

A walk and a double by Catcher Danny Gunn added another in the fourth. Looney scored in the fifth after leading off with a single. The final Post runs came in the sixth on a walk, Looney's triple and a single by Charlie Hall.

Tahoka added single runs in the fourth on one hit and the fifth on a walk and an error.

It was a 2-1 game for Post at Tahoka Tuesday night until Post scored three in the sixth and then poured nine more home with none away in the top of the seventh.

Bryan Compton and Holly divided mound duties in this

one, giving up only three hits, two of them triples, and striking out 12.

Compton got three hits in this one, including a pair of triples as Post totaled nine hits for the game.

Post took the lead with two in the second on a walk, fielder's choice, a triple by Compton and a single by Dye. Tahoka came back with one in the bottom of the third on a triple and overthrow.

The locals upped their lead to 5-1 in the top of the sixth with three on two walks, Compton's second triple and an outfield error.

Tahoka got two of them

back in the bottom of the sixth on a walk, a triple and a single.

Then Post ran off with it in the top of the seventh on two walks, an error, a triple by Raymie Holly, a double by Looney, singles by Compton and Joe Lofton with a walk sandwiched in between, and a triple by leadoff hitter Mike Holly up for the second time in the inning.

The league schedule calls for Tahoka to play Post here tonight, beginning at 8:30 p.m., with Post journeying to Wilson Saturday night and playing a return game with Wilson here next Thursday night.

## Compton signs track letter with SPC

LEVELLAND — Bryan Compton, all-district performer and an important part of championship relay teams at Post High School, has signed to run track at South Plains College in Levelland.

Compton is an all-round athlete, being selected All-District in both football and basketball and was the anchorman for the PHS relay teams.

The Post relay team placed first in regionals and in district this past season in the 440 yard relay and scored a second place finish in the district and regional mile relay event.

Compton's speed has given him a career-best mark of 48.1 in the 440 yard dash and he posted a 10.1 time in the 100 yard dash. The PHS athlete has also recorded a 22'5" leap in the long jump.

SPC Coach Clint Ramsey, who has set out to build up his relay teams, remarked, "Bryan really fits into our program. He will be a great asset to our relay squad. Bryan, along with some other athletes we have signed, will help develop what I feel like will be the best relay teams in the United States."

Ramsey also noted "Bryan is also strong in the long jump and in the triple jump.

I believe he has the potential to progress in these events and become a high-quality college long and triple jumper."

## Colts in 2 minor wins

**MINOR LEAGUE**

	W	L	T
Texans	1	0	0
Mets	2	0	1
Colts	2	2	0
Rangers	1	1	1
Dodgers	0	3	0

In their last two starts, the Colts have added two wins and four homeruns to their credit. In last Thursday's game with the Dodgers, the Colts won 12 to 3 with Junior Armendariz and Dale Gonzales sharing the mound duties and Mike Wells and Trevor Thuett for the Dodgers.

In Monday nights action, the Colts had four homeruns in their victory against the Rangers 10 to 6, with Lex Dunn slamming two and Victor Chapa and Jeffery Clark, each with one. Bill Rankin had a four bagger for the Rangers. Armendariz and Gonzales again shared pitching duties, with Johnny Torres and Kent Ammons going for the

## Braves unbeaten in Babe Ruth play

The Braves edged the White Sox Saturday night 7 to 6 to win the battle for possession of first place in the three-team Post Babe Ruth League.

It was the only start of the week for the Braves who remain unbeaten in two games.

The Indians and White Sox each have 1-2 records as the Indians bounced back Tuesday night to take a 13 to 8 decision over the Sox in their second meeting of the week's play.

The White Sox poured 21 runs across the plate last Thursday night to win their opener from the Indians 21 to 15.

In the Braves' win over the White Sox, three straight walks with two gone and one aboard in the top of the seventh brought the winning run home for the Braves.

The Sox came back in the bottom half to tally twice on walks, a double by David Foster and a single by Jerry Hawkins to close the gap to 7 to 6 with two aboard and one out but a fly to center and a strikeout ended the game.

The winners got but three hits and the losers two, both in the seventh.

The White Sox picked up 20 walks and had two hit batsmen as they scored 21 runs on but five hits to whip the Indians 21 to 15 last Thursday night. Paul Valdez for two of them as well as four walks in six trips.

Kevin Craig cracked a homerun in the fifth for the Indians with one aboard for the first roundtripper of the Babe Ruth League season.

In turning the tables and defeating the White Sox 13 to 8 Tuesday night, the Indians banged out 11 hits to only five for the losers.

In this one, the White Sox blasted away with six in the first inning on four hits, a walk and two errors and added their last two in the second on a walk, a triple by Foster and a couple of infield grounders.

For the last five innings, Kevin Craig settled down to pitch hitless and scoreless ball, blanking the Sox the rest of the way.

The Indians finally tied it

up at eight-all in the fourth and then won the game with a five-run burst in the sixth on four walks, an error, and a single by Ben Ayala.

Craig was only one of the five Indians to get two hits in the game, but one of them was a homerun. The other with two hits were Bill Black, Scott Lewis, Ayala and Curtis Clinesmith.

## Grocery specials among best buys

**COLLEGE STATION** — Best buys at Texas grocery markets this week include several "specials" along the aisles, poultry items and some fresh vegetables, according to Gwendolyn Clyatt, a consumer marketing information specialist.

Mrs. Clyatt is with the Texas Agricultural Extension Service, the Texas A&M University System.

**MARKET AISLES** — "Specials" appear on pork and beans, barbecue sauce, peanut butter, crackers, lemonade mix, instant tea, tuna and macaroni.

**POULTRY** — Fryer chickens offer budget buys — both whole fryers and mixed parts. Turkeys 10-14 pounds

are available at feature prices in some stores.

**FRESH VEGETABLES** — Best buys include cabbage, carrots, soft-shell squash, corn, potatoes, onions, cucumbers and cooking greens. Moderate prices appear on green beans, broccoli, peppers and sweet potatoes.

**PORK** — Scattered specials are showing up on end chops, quarter-join cut into chops, Boston butt roasts, and rib-end roasts. Frankfurters are a good buy in most stores.

**BEEF** — Some markets are placing emphasis on fore-quarter cuts which are in less demand during the summer. They're also sug-

gesting ground beef, rib steaks for outdoor cooking and chuck cuts as their lower-priced items. Liver is a good value.

**FRESH FRUIT** — This is the "between-seasons" time for fruit, but there are some economical buys, including watermelons, which has reasonable prices. Expect more attractive prices on cantaloupe and honeydew melons soon.

Strawberry and pineapple prices are moderate with supplies slowing down a bit. First-of-the-season peaches are available at relatively high prices.

**Consumer Watchwords** — Fresh corn is about to reach its quality "peak." Refrigerate it immediately to keep it fresh.

## Schedule out for softball

The summer recreation girl's softball schedule has been drawn up with the remaining games as follows:

June 14 — Jolly Green Giants vs. Champs.

June 18 — Red Raiders vs. Jolly Green Giants.

June 19 — Champs vs. Killer Bees.

June 20 — Red Raiders vs. Killer Bees.

June 21 — Jolly Green Giants vs. Champs.

June 25 — Red Raiders vs. Champs.

June 26 — Jolly Green Giants vs. Killer Bees.

June 27 — Red Raiders vs. Jolly Green Giants.

June 28 — Champs vs. Killer Bees.

July 2 — Red Raiders vs. Killer Bees.

July 3 — Jolly Green Giants vs. Champs.

July 4 — Red Raiders vs. Champs.

July 5 — Jolly Green Giants vs. Killer Bees.

Games begin each day Monday through Thursday at 5 p.m. with an hour time limit or five innings.

### VISITS HERE

Visiting in the home of Mr. and Mrs. Weaver Moreman this past week was their daughter, Mrs. George Scott and daughters, Jana, Lana and Shana from Texarkana.

**your marketplace the WANT ADS**

## Bids accepted---

(Continued From Page One)

no. The contract is to be completed in 60 days, well in time for the start of the football season.

No explanation was offered for only one bid on the lighting system. Seven or eight other firms were requested by the architects to submit bids and the bidding was properly advertised.

Three bids were received on the all-weather running track.

Although oil property valuations in the school district are expected to go up another \$20 million this year, trustees balked at making the track decision without taking a look first at the new budget and projected income and expenses, to see what might remain available for a track project.

The \$61,434 low bid includes reworking the present base and guaranteeing it with three runways for the field events added to the project besides the track.

No necessary fence or stands are included in the low bid.

The other two bids came from Price Construction and the Arco Tennis Systems. The bids are good for 30 days and trustees hope to have a first look at the budget before the 30 day period ends.

The board tabled two bids for changes in the junior high project but voted 5 to 1 to rough-in the new girls junior high dressing room for a washer and dryer. The only no vote came from Mrs. Hays who contended these towels and other items could be washed in the field house where the boys' towels and uniforms are washed.

In other actions, trustees: Voted unanimously to accept the insurance proposal for six policies submitted by Bryan Williams & Son for a total premium of \$5,350 for all risk policies with \$25 deductibles. Both Tom Power and Bryan Williams appeared before the board and submitted proposals. Williams' proposal with a \$100 deductible was for a total premium of \$4,564 as compared to \$5,009 for Power with about \$900 more in coverage on \$100 deductible as well.

Williams recommended the lower deductible at the higher cost because the schools recovered about \$500 in losses this past year from the lower deductible that they wouldn't have received with the higher one. The board went along with his recommendation.

Before the insurance presentation, trustees voted at the suggestion of board president Jack Lott that each insurance man be limited to a 10 minute presentation because of a heavy agenda. Neither presentation took half that long.

Selected the First National Bank as the school depository for the next two years.

Voted to ask for new bids

on two old pickups the school district wants to sell. Opened bids and awarded 1979-80 contracts to the following:

Football programs, two bids, to Ammons Printing Co., for \$601.88

Oil and gasoline, both to Becker Oil Co., of Slaton (Exxon) at 59 cents a gallon for gasoline state but not federal tax included which would increase as wagon prices on gasoline increased and three different prices on oil by the case, two bids received.

Anti-freeze: Garza Auto

Parts, \$3.50 gallon, only bid.

No bids were received on wash and grease jobs for the school buses which means this work will be negotiated.

Milk: Bell Milk Co., several prices varying on kinds of milk and sizes. Two bids received.

Discussed during the hiring of new teachers, whether or not to permit band and choir to make any trips other than UIL event jaunts. Supt. Bill Shiver proposed that prior board approval be required on all trips after a Six Flags band trip this spring brought a critical letter from the motel in which the band stayed concerning behavior and damage.

**Suffering** Renior, the French artist, lived a life of intense pain. He was so wracked with rheumatism that every stroke of his brush was torture, bringing perspiration to his anguished face. Unable to stand, he sat in a chair to paint.

Despite his suffering, he painted lasting masterpieces of great beauty. One day he was asked by a friend, "Why do you continue to torture yourself?"

And the artist replied, "The pain passes, but the beauty remains."

German novelist Jean Paul Richter said, "To love all mankind a cheerful state of being is required; but to see into mankind, into life, and still more into ourselves, suffering is requisite."

**Here's a tasty way to conserve energy . . .**

# Install a Gas Grill

**They're on sale now!**

Gas cooking outdoors is a tasty way to conserve energy. It keeps your cool indoors by taking cooking heat out. It doesn't put a strain on your air conditioning system, which saves on the amount of energy needed to cool your home. And gas cooking outdoors lets you cook full family meals, everything your indoor range or oven can cook, with that great outdoor flavor.

Gas grills from Pioneer are ruggedly built of heavy duty cast aluminum to resist rust and weather, and post mounted for stability. Quality components from inside to out assure long lasting use and value. And parts, if ever needed, are readily available.

Get in on good fun, great taste and energy savings! Choose from five top quality models, and if you install now you'll save even more . . .

Ask any Pioneer employee.

**Save \$50 if you buy before August 1, 1979.**

**CHARMGLOW® 2000**

This popular sized grill has big capacity. Its 351 square-inch cooking surface and deep hood design is large enough to cook a big turkey or whole ham. Features special H-shaped burner and permanent briquettes that spread the heat evenly over the entire cooking surface. Temperature sets with the turn of a knob.

Only \$7.56 budget-priced on your monthly statement.

## Camping program opens

The summer Boy Scout camping program got under way at Camp Post here over the weekend.

Cub scouts and their fathers occupied the camp Saturday and Sunday in the first of two annual Lad and Dad weekends. The second one will be July 21-22. There will be two Cub Fun Days at Camp Post for the cub scouts too. They will be June 30 and July 14, both Saturdays.

Activities during the fun days will include swimming, archery, nature study, geology, Indian lore, plaster casting, plus plenty of fun. The fun days will begin at 10 a.m. and end at 4 p.m. with a \$1 fee per scout.

The Lad and Dad weekend programs are sponsored by the Nakona Lodge, Order of the Arrow, and are to enable boy and father to spend a weekend in camp together. Activities will include canoeing, swimming, archery, rifle range, obstacle course, branding, nature study and pioneering. The Lad and Dad programs begin at 2 p.m. Saturday and concludes with lunch on Sunday. The cost is \$6 per participant.

At Camp Post this week is the first of two consecutive week-long camps for scout troops. The boys will check

in on Sunday afternoons and leave the following Sunday morning.

The program for the week-long scout camps include aquatics, rifle range,

nature study, conservation, pioneering, hiking and out-post camping. The fee for the two camps is \$40 per scout.

Camp Post is operated by the South Plains Council which serves 20 counties on the South Plains and is a United Way agency.

## 'Texas' will honor Indians at opening

CANYON — The Gala Opening for the 14th season of "Texas" will celebrate the Indian people in the Panhandle, and will be June 20.

This is an appropriate year for such recognition because Hawana Huwuni Bradley, the great granddaughter of Quanah Parker is dancing in the show.

Huwuni Bradley lives in Lawton, Oklahoma, where she has studied and taught dance since her early years and has an impressive record of performances. She had a part in the Comanche Indian T.J. Whee at the Folklife Festival at the Smithsonian Institution in Washington, D.C. and spends two afternoons a week teaching dance to a group of Indian children.

Quanah Parker was the last Comanche chief and spent many hunting seasons in the Palo Duro Canyon. His attitudes toward the nation and the place form an integral part of the "Texas" production and his appearance is one of the most moving and surprising parts of the drama.

Special guests at the opening will be descendants of Quanah Parker, including the parents of Huwuni Bradley.

The Kwahadi Indians of Amarillo, a group of scouts who spend much care and practice learning Indian customs and dances, will be present in costume to assist the members of the Board of the Texas Panhandle Heritage Foundation in welcoming the members of the

great chief's family.

The ceremony will start at 7 p.m. outside of the entry to the theatre near the statue of Quanah Parker which was given to the foundation by the Standifers and was the design and work of Jack King Hill. The representatives of the honored guests will move to the state of the theatre at 7:15 for a short introduction.

The opening performance will begin at 8:30.

Gala night each year is an opportunity for Texas Panhandle Heritage Foundation members to greet each other and view the current production of "Texas" from the beginning. On this night only — members may come

without charge and still have tickets available for their use when they choose to come later in the season. A \$5 membership enables the member to attend the Gala, to attend once later in the season, and to receive a Souvenir Program.

"Texas" will run from June 20 through August 25, nightly except Sundays. There will be one Sunday performance, July 1.

For tickets and information, write "Texas", P.O. Box 268, Canyon, Tex. 79015 or call 806-655-2181.

It is well to make reservations in advance.

There have been no shortages of gasoline in the Panhandle.

### Twin Cedars Nursing Home News

By DARLA DAVIS

Sunday services were brought to us the week by the First Baptist Church Rev. Jimmie Stringer officiating. Next week's services will be by the First Christian Church with Rev. Frank Pickett officiating.

Visitors this week were Edith Clary, Leon Clary, Feda Haiman, Inez Grantham, Zora Robinson, Verna Robert, LaVerne Moore, C.A. and Lucille Walker, Mrs. Doyle Tenny and Mrs. J.D. McGrew, both of Lamesa, Lottie Sanders, Sam and Faye Horton, Thelma Lewis and Winona Dudgeon, both of Sudan, Hilary Williams, Jay Williams, W.B. Sanders, Mr. and Mrs. Doyle Smith of Lubbock, Ione Hughes, Clifford and Viola Haynes, Beulah White, Patsy Sanders, Lois Rosenbaum, Imogene Rosenbaum, Barbara McGrew, Michelle McGrew, Inez McGrew, L. Sherrill, Myrl Mathis, Helen Welch, Ralph Welch, Virginia Terry of Lamesa, Albert Howard of Hemet, Calif., Mrs. Vonia Roberts and Vada Gollehon of Portales, New Mexico.

John "Mac" Shepherd one of our residents expired this

week. Our love and thoughts are with his family and friends at this time of grievance.

Until next week....

### Top fiddler to Snyder

SNYDER — Scurry County Coliseum will be filled with the sounds of Fiddlin' Frenchie Burke and the Sound Masters Saturday night June 16. All proceeds from the special dance and show benefit the West Texas Rehabilitation Center.

Frenchie Burke has been honored as Instrumentalist of the Year by "Cashbox" and has a long list of hit records to his credit including "Knock, Knock, Knock," "Big Mamou", and "Cotton-Eyed Joe."

The dance begins at 9 p.m. Advance tickets are available now in Snyder at the Chamber of Commerce, West Texas State Bank, and the West Texas Rehabilitation Center. Tickets are priced at \$5 each.

### YOUR FULL SERVICE BANK

Old-fashioned Banking Service ... updated

Time and development bring new tools we can use to handle some of the mechanics of banking. But none of these has changed our manner of handling the basically important features of our relationship with the fine people who have honored us by choosing our bank as their bank.

Whatever is new and better in bank service... along with all of the old-fashioned concern for the best interests of those who use our services will be found here.

Wilson State Bank

Member Federal Deposit Insurance Corporation

**Taxes-**

(Continued From Page One) farmers and ranchers this year.

Farmers and ranchers will have the opportunity to choose between taxes under present valuation and those figured by the land productivity method by coming individually to the school tax assessor's office by July 15 and taking a look at the taxes from the two different methods on their own lands.

The school district would not be reimbursed for any tax losses under the productivity method of rural land evaluation.

In voting to accept the productivity amendment for 1979, instead of rejecting it, trustees pointed out that it will give rural taxpayers the opportunity to see how their taxes will be computed under the new method and will not result in any tax loss to the district. If trustees had rejected it, taxpayers might have wondered as to the board's motives.

The vote on accepting this was five in favor with Mrs. Hays abstaining.

Trustees were given pages of information to study on the various tax changes.

Most of them expressed the thought they didn't understand it completely. Probably, neither does anybody else.

**HOSPITAL NOTES**

Those admitted to Garza Memorial Hospital this past week include:

Wilson D. Williams, med.  
James R. Brincefield, med.

Eddie Gutierrez, med.  
Edna Trull, med.

**Library board—**

(Continued From Page One) and will issue library cards to youngsters right at the booth.

Library policy has been to require parents to come to the library with their children to sign up for library cards.

The library's Fourth of July booth plans were finalized at the June meeting of library trustees in the library last Thursday noon.

The board also reelected its officers for another year. They include Jim Cornish,

**Storm damage**

(Continued From Page One) storm, "the hardest I have ever seen."

The rain, blown almost horizontal by the strongwinds estimated at probably well above 50 miles an hour, not only brought highway traffic to a halt, but street traffic in Post as well.

Little actual storm damage, other than to the young cotton, has been reported, however.

All told, the county agent said probably 30,000 or so acres are being planted this week out of approximately 55,000 cotton acres in the county.

Some farmers faced tough decisions as to whether to leave it in or replant it and hope for an open fall.

Reports indicate the weekend rainfall was county-wide, but Conner indicated the northwest portion of the county appeared to suffer the least amount of lost cotton.

Some of the cotton was simply covered up by sand.

Farmers in the sandy portions of the county were able to get into their fields quicker and start planting earlier than other areas of the county.

**Stringers-**

(Continued From Page One) the Mission Service Corps in which he was due to be commissioned Wednesday night at the annual national meeting of the Southern Baptist Convention in Houston.

Evangelist Billy Graham was to be speaker for the commissioning service.

The Rev. Glenn Reece of Post as well as the Stringer family are in Houston for the commissioning service. The Stringers drove there in their new van.

The Stringers plan to leave July 5 for Alaska. They expect to make the 3,200 mile drive plus a 24-hour boat trip in 13 days which will give them a couple of extra days to stop off en route.

Mrs. Stringer will work with the Girls Auxiliary while they are in Alaska. The Stringers have two children, Stacy 11, and Scott, 10, who are obviously looking forward to "heading north."

**New Arrivals**

Mr. and Mrs. Billy Criswell announce the birth of a son, Billy James II, born June 5 at 11:23 a.m. in Lubbock's West Texas Hospital weighing 6 lbs., 12 ozs. Grandparents are Mr. and Mrs. Bill Criswell.

**ATTEND CAMP**  
Lisa Brown, Marcie Sneed, Krisha Mason and Karen Moore have just returned from a seven-day stay at Camp Blue Haven, a Church of Christ encampment at Las Vegas, N.M. They enjoyed many hours of activities.

chairman; Mrs. Ruth Ann Young, vice-chairman; Mrs. Ruth Ann Newby, secretary; Charles Adams, treasurer; and Mrs. Mary Prather, Memorial gift chairman.

After some discussion, to youngsters right at the booth.

The city and county this year for general library operations, including book buying.

This is a total of \$400, or \$200 from each city and county.

The increase is needed, trustees agreed, to help pay the additional cost of sending the librarian to the state convention of the Texas Library Association and various workshops sponsored by the Texas State Library. Her attendance at these meetings is necessary to maintain her accreditation as a librarian.

Cost of these trips and paying a substitute to operate the library in her absence amounted to over \$500 this year.

The library board has been expanded from five to six members with Mrs. Sue Cornell the new member. She was appointed to a two year term last week by the city council.

**Rites Monday-**

(Continued From Page One) War II veteran and a member of the Methodist Church.

Survivors include one son, Jack of Ontario, Calif.; two daughters, Janie Smith, Colton, Calif., and Mary Nell Holly of Post; one brother, Bruce of Levelland; seven sisters, Bernice Lawson, Modesto, Calif., Gertrude Hopkins, Haskell, Tex., Dixie Payne, Tahoka, Verna Hester, Ft. Worth, Joy Day, Plainview and Louzell Chandler and Rebecca Babb of Post; 10 grandchildren and six great-grandchildren.

Pallbearers were Mike Babb, Steve Babb, Brad Shepherd, Mike Shepherd, David Woods and Mike Holly.

Burial was held in Terrace Cemetery under the direction of Justice-Mason Funeral Home.

**Hearing set for July 11**

The county commissioners court Monday scheduled 10 a.m. July 11 for the convening of the court as the county board of equalization.

The date was set after conferring with Jim Rapier of Pritchard and Abbott on equalization hearings.

In other actions, the court:

Granted a leave of absence to Katherine Cathcart from her position as senior advocate and Lola Ryan as senior advocate with her duties to begin July 1.

Accepted a six months contract for the maintenance and repair of courthouse and sheriff's office air conditioners for \$40 monthly with J.L. Gibbs.

Told Carl Henderson, Xerox copier salesman to confer with County Clerk Carl Cedarholm on the sale of the copier to the county as the court wanted Cedarholm's recommendation.

Asked J.R. Johnson to get a cost estimate on the repair of the roof at the county's new service center by south lake.

**Rainfall-**

(Continued From Page One) also boosted the water level at White River Lake by about three feet, White River Water District manager Al O'Brien reports.

Added to what was received the previous week the lake has gained millions of gallons of water and a total of 4½ feet. The depth is now 69.3 feet, just a shade under the old maximum of 69.5 before the dam was elevated 3½ feet.

Lake users reported Monday that the boat docks were out in the lake after the Saturday rain, but O'Brien said the docks were hauled into shore again at the higher level Monday.

The lake didn't get under 65.1 feet in depth last year and has not been in difficulty as a water supply source since it was constructed in the early 60s.

**New coaches-**

(Continued From Page One) teaching experience in Lubbock, Midland Christian, Dimmitt and Nazareth, two of them as a choir director.

Other new teachers are Mrs. Susan Radle, wife of Coach Radle, who has had five years teaching experience and is a graduate of East Texas State University and Sul Ross University;

Mrs. Billie Mamie Osborne, wife of Coach Osborne, who will be PE and high school English teacher. This will be her first year of regular teaching after serving five months as a substitute teacher.

Janice Hunt, Texas Tech grad, with no teaching experience, special education.

Susan Cardinal, wife of Highway Patrolman Louis Cardinal, a graduate of Eastern New Mexico University, who will teach third grade.

The coaches and teachers were recommended by Athletic Director Thompson and the school principals.

To complete the teaching staff, five and one-half vacancies remain to be filled, four in elementary and one and one-half in high school. A number of applications for these positions remain to be acted upon.

Teachers whose resignations were accepted were Mrs. Sharon Lockwood, Mrs. Jill Jones, Mr. and Mrs. Dennis Ward and Mrs. Judy Brownd.

**Rotarians hear from 4 members**

Three new Rotarians gave classification talks about themselves and their work at the Post Rotary Club's Tuesday luncheon in the community center.

They were Father Malcolm Neyland, Jim Wagers and Rick Loving.

Tom Bouchier, the only charter member of the local club who is still a member, also gave a brief Rotary talk about the old timers reunion the club sponsored here in the 1920s and 1930s.
