

The Post Dispatch

Fifty-Second Year

Post, Garza County, Texas

Thursday, Oct. 18, 1979

Number 20

Computers running far behind—

Tax notices delayed

Taxpayers here are still awaiting their tax notices on Post school, county, state and hospital district taxes three weeks into October.

Only city tax notices have been mailed here on time.

The trouble is that all the other tax rolls are being prepared under contract by Pritchard and Abbott via computer and the tax evaluation firm is experiencing a real shortage of key punch operators.

First, Pritchard and Ab-

bott were weeks late with their oil valuations for both county and school district. This was blamed on late changes in the state tax laws, which is probably a good excuse.

County Tax Assessor-collector Ruth Reno told The Dispatch she is "just sick about it."

She says it is the first time in the 22 years she has worked in the county tax assessors office that tax notices weren't in the mail

here Oct. 1.

Pritchard and Abbott have been doing the county's tax rolls, which also includes the hospital district and state rolls as well, for three years without any difficulty. This is the fourth year for the county via the computer.

The school district trustees entered into a contract for the computerized tax rolls this year for the first time.

Both School Tax Assessor-

Collector Billie Windham and Mrs. Reno said they can have the tax notices out quickly once the tax rolls are received from Midland.

Mrs. Reno said Pritchard and Abbott told her that the firm usually had three shifts of key punch operators but was having a hard time keeping one shift full this year.

Taxpayers are asked to be patient. Eventually you will receive your notice.

Joint meeting held to form board

A joint meeting of the Post and Southland school trustees, Garza County Commissioners Court and the Post City Council was scheduled for 7 p.m. Wednesday, Oct. 17, in the district courtroom here in

the first effort to organize the new Garza revaluation district board.

A new state law requires all the local taxing districts to form a single revaluation board of five members for the purpose of revaluating

all taxable property in the county by 1982.

County Judge Giles Dalby told The Dispatch Tuesday evening that the four taxing districts will be asked to agree to each name one member of the board with the four named to select the fifth member.

School trustees already have selected Jack Lott, school district president, to represent them on the new board and the commissioners court has designated Judge Dalby as its representative.

Actually the law provides that the taxing districts can be represented, if no such agreement is reached, in direct proportion to the total tax dollars levied by the districts.

The four districts in the county in 1978 levied a total of \$2,547,131.43 in taxes with the Post school district levying 67 percent of the total or \$1,708,695.

Garza County was next with \$426,589.83 or 17 percent, Southland school

MRS. LELA KENNEDY

Garza pioneer, Lela Kennedy, dies at age 94

Funeral services for Mrs. B. W. (Lela) Kennedy, 94, were held Friday, Oct. 12 at 10 a.m. in the First Baptist Church with Jimmie Kennedy, grandson, officiating, assisted by Glenn Reece, pastor.

Mrs. Kennedy died Wednesday, Oct. 10 in Garza Memorial Hospital following a lengthy illness.

Born, Lela Pearl Luman in Young County, Feb. 16, 1885, she came to Garza County in 1901 with her parents to homestead. After visiting her aunt and uncle, the Jim Lindseys for six weeks, she met "Doc" Kennedy whom she married on Easter Sunday, April 12, 1903. They were the first couple to be married in Garza County and helped to pioneer Garza County.

A member of the First Baptist Church, she had been an active member until her illness three years ago, when she began making her home with her daughter, Willie McBride.

She was preceded in death by her husband in 1957. See Garza pioneer, Page 14

Two enter guilty pleas

County Judge Giles Dalby accepted guilty pleas for possession of marijuana and driving a motor vehicle without a license and handed out fines and jail sentences in both cases.

Jackie Ray Blacklock, who was arrested Saturday on a charge of marijuana possession under two ounces, was fined \$50, ordered to pay \$65 court costs and sentenced to spend the next three two-day weekends in jail.

George Rivera was fined \$25, ordered to pay \$65 court costs and sentenced to 72 hours in jail for operating a motor vehicle without a license.

Class of '49 to hold reunion

The Post High graduating class of 1949 will have their reunion Oct. 27 in the community center. Anyone wishing to visit with the class is cordially invited to drop by between the hours of 4:30 and 6 p.m.

Only two members of the class have not been contacted. Rudolph Jones and Jane Preston have as yet not been located and anyone who might know of their whereabouts should contact Janet Hall here in Post.

The Texas Interscholastic League is reported to be considering a near monumental switcharoo in the alignment of districts for sports competition next year.

The proposal is quiet and complicated, and no one seems to know if it will finally go through or not. But it certainly would shake up District 5AA.

It won't be long until we find out either. The new five-year plan is due to be announced next month for 1980 and 1981.

Next week's Dispatch will feature its annual Oil Progress Week edition so the community will become more aware of the benefits of its big oil industry which literally hides in dozens of patches spread over the county.

We weren't surprised ourselves to learn that the tax assessors-collectors haven't received very many complaints about their tax notices being late. Few Americans are very eager to pay taxes.

Maybe we're old fashioned but computers aren't the answer to everything as the county and school tax assessors will probably tell

the computer problem on tax notices makes us wonder what shape this country would get itself into if the computer operators in their own union and go out on strike.

City sales tax 10 percent

Post has received a 7.36 October check for monthly one percent tax rebate, a considerable increase over the \$40 received for the September period in

Comptroller Bob reports Post's city tax collections are up 25 percent over 1978 for the year to date.

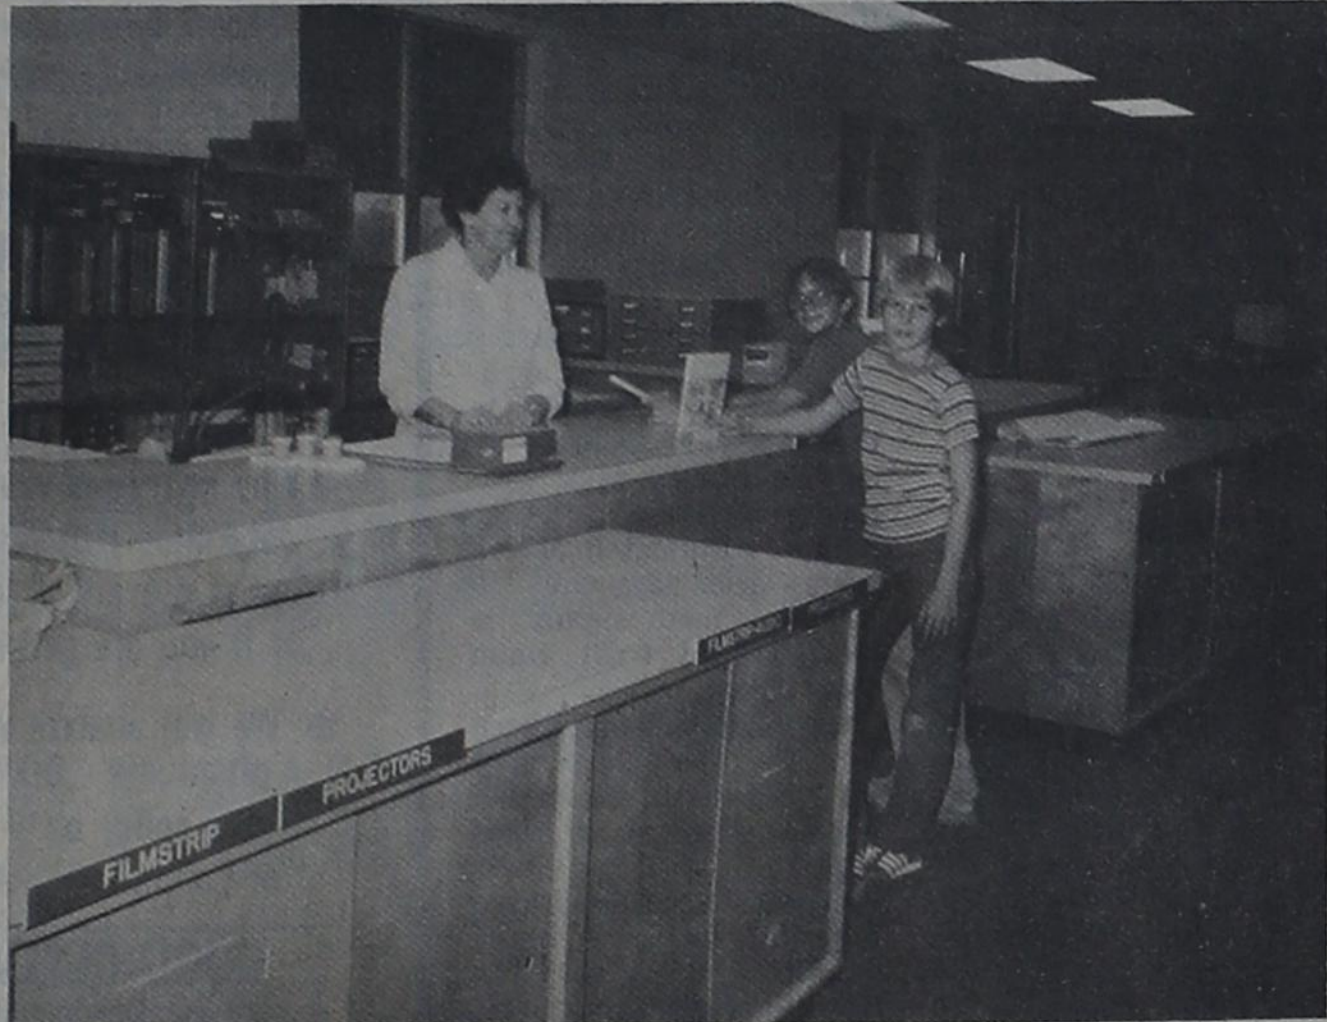

Tax payments have \$89,015.46 this year compared to \$80,360.09 a

Returned billfold brings bouquet

Dee-Dee Manager Kusch received a bouquet of flowers with a note of

credit as signed by the 16-year-old barrel rater, Kanelieve, who had returned to Post

to help in the dairy business. Kusch and Kanelieve are the

NEW LIBRARY AND LEARNING CENTER — One of the most important new additions to the Post Middle School is the remodeling and expansion program now 90 to 95 percent completed is the combination library and learning center pictured above. In the top picture four students are listening to and watching a film strip. Left of right they are Michele Hill, Anita Quintana, Diana Basquez and Gina Pequeno. FRANK PEREZ

Hospital honor to Frank Perez

Garza Memorial Hospital Employee of the Month for October is Frank Perez, custodian.

Frank has worked at Garza Memorial for the last seven years and works the 6 a.m. to 2 p.m. shift.

He is married, and he and his wife, Alisa have four children, Ricky 16, Ray 13, Bernice 18, and Ruby 5.

Dr. Young suffers stroke Sunday

Dr. B. E. Young suffered a stroke Sunday night and now is in the coronary care unit at West Texas Hospital in Lubbock.

Dairy Queen on Sunday night, Oct. 7, when the girl stopped to eat before heading back to Kansas after placing in the OS Ranch barrel race that afternoon.

When she got home and discovered the wallet missing her parents began calling every place she remembered stopping. When they called the Dairy Queen, Henrietta told them (See Bouquet, Page 14)

Fund drive is launched here

Garza County's 1980 United Fund drive opened here Monday with 12 participating agencies and a goal of \$10,195.

Drive Chairman Jim Cornish has named chairmen for the 12 drive divisions.

They include Delores Dunn, farm and ranch; Marita Reed, hospital employees; Preston Poole, courthouse employees; Walter Didway, Postex Plant employees; Gwen Carlisle, ASCS and SCS employees; Beth Short, downtown employees; Everette Windham, George R. Brown employees; Dedra Adams, private citizens; Joe Giddens, Post

teachers; Betty Boren and Mary Miller, Justiceburg; and Jack Alexander, bank employees.

Cornish, who is chairman of the large business division, has assigned cards in this division to Bryan J. Williams, Glen Barley, Curtis Hudman, James Mitchell III, Everette Windham, Giles McCrary, Jack Alexander, and himself.

The 12 agencies participating in the United Fund for next year and the amounts they will receive (See United Fund, Page 14)

Woody Woodall is new deputy

The sheriff's department is back to a full staff of deputies again.

Sheriff Jim Pippin announced the hiring of Julian Ross (Woody) Woodall, 41, of Early, Tex., as a new deputy. Woodall is a certified law enforcement officer.

(See Sunday rites, Page 14)

Nowell rites held Saturday

Funeral services for C. D. Nowell, 68, of Post were held Saturday afternoon at 3 p.m. in the Trinity Baptist Church with the Rev. Gene Prevo, pastor of the Trinity Baptist Church of Muleshoe, officiating. He was assisted by the Rev. Ralph White, pastor of the Trinity Baptist Church in Post, and the Rev. Morgan Ashworth, pastor of the Calvary Baptist Church of Post.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

Nowell died about 6 p.m. Thursday in Methodist Hospital in Lubbock following a brief illness.

Nowell was a retired minister and farmer. His last ministry was Berry Flats Baptist Church near Post. He was born in Quitman, Ark., and was married to Opal Lois Bowie, Feb. 11, 1928 in Westminster.

Survivors include his wife; three sons, Bobby Jo of Mesquite, Kelsie of (See Nowell rites, Page 14)

ATTEND BRAND BURNING — Livestock producers from Garza County paid a visit to Texas A&M University recently to burn their brands in the county's oak panel at Texas A&M's "branded stairway" at the Kelberg Animal and Food Sciences Center. Participating were (l to r) top row, John Yturri, Robert Yturri of San Antonio and Syd Conner, second

row, Wagoner Johnson, John Boren, Jim Prather, Patty Kirkpatrick, Mark Kirkpatrick, John Lott; front row, Tom Copeland of UU of Levelland, Tom Power, John Boren, Mildred Boren Wood of Lamesa, Ruby Kirkpatrick, Ryla Lott of Lubbock and Gwen Boren. Just to the right of the group the Garza board is visible as are the brands that were burned in that day.

One advantage of TV

The "new" television season isn't new at all. It's just the same old mixture of situation comedies, sex, violence, and detectives.

On some evenings, the viewer has the choice of about 12 so-called situation comedies over a three-hour span. The next he can take his pick among three or four old movies.

Thankfully, this should be about the last year for situation comedies. Television is just about running out of situations. They departed from the plausible kind several seasons back.

The trouble with television is that if one kind of show is successful, it is immediately copied as closely as possible and then what once was fresh and new for the viewer soon becomes run of the mill.

That's what happened to westerns, remember! Now only Festus survives on public appearance tours. All those elegant musical shows built around a star and featuring guest appearances of others are in limbo with the exception of a now-and-then special. The "talk shows" finally talked themselves out.

Not much is left in the scramble for the advertising dollar. Television movies don't pull like they used to. Viewers just can't

keep their concentration through 45 minutes of repeat commercials.

The new endangered TV species are the sports action shows, especially pro football.

This fall we've watched a choice of three Sunday afternoon football games, plus football games on Sunday, Monday, Thursday, Friday and Saturday nights. Viewers generally don't miss their regular bedtimes on football nights if there are too many turnovers and too few touchdowns.

Dallas Cowboy fans of course don't miss Cowboy games, good or bad. They "suffer" right along with those who pay \$12 for an end zone seat. Which leads us to the comment that the Cowboy win Sunday night over Los Angeles was one of the best they have ever played on ABC. Not only did they win "big" but "the mouth" was enroute to Baltimore with his microphone turned off.

The only reason the Olympics is such a big sports TV draw is because they can't overplay it on the tube. It only happens once every four years. That alone keeps it fresh.

At least one good point can be made for television though. It no longer taps the vast majority of Americans each night in front of their TV sets. Television these days thankfully leaves a lot of "prime time" for doing other things.

Prompt response key

The annual Garza United Fund drive was launched this week with 12 agencies to benefit from the "all in one" fund raising.

Efforts will be made through 12 divisions to raise \$10,195 for the 1980 fiscal year.

Basically contacts will be made at places of work for both employers and employees.

The United Fund over the last decade has a successful record of always exceeding its goal. But it has taken weeks of work each year by a small group of dedicated fund raisers to reach the goal.

The problem generally is not the giving, but in making all the necessary contacts. The small town financial drive doesn't have

a big corps of workers to get the job done in a matter of a week or so.

The communications thus becomes the problem.

The public generally can help the situation greatly by full cooperation. When a pledge card is left, a decision should be promptly made, a check written, and participation thus confined to a single call.

The last three or four weeks of most United Fund drives is the slow procedure of making callbacks and getting decisions.

The public can help best, not just by giving generously, but by the prompt response. If everybody would respond promptly the results would be spectacular.

Remember When

10 YEARS AGO

1970 United Fund drive to seek out new givers; Nancy Norman was crowned Post High School Sweetheart at homecoming ceremonies with Nina Young and Kay Herron as runners-up; Pam Petty, escorted by Steve Newby was crowned Post

Antelope football queen with runners-up Nancy Hart and Karon Windham; Lee Norman receives FFA's highest award, the American Farmer Degree in Kansas City, Mo. when he and E. A. Howard attended the national convention; Oscar Gray's paint filly, Miss Navajo Vicki Bar wins first place in 1969 filly class of the Atlantic Coast Paint Horse Regional Show at Winston-Salem, N.C.; Johnny Hair is Pep Squad Beau at homecoming; Slaton, Ralls and Roosevelt are new district members in 4AA which increases the district to eight schools; Antelopes to Frenship Friday for crucial game; Post defeats Tahoka in conference opener, 35-8.

Local church plans rally day

A rally Day will be held Sunday, Oct. 21 by the Church of God of Prophecy at 602 West 14.

The Rally Day is to boost the attendance of the Sunday School.

Each and everyone is invited to attend the event and enjoy the blessings of the Lord.

New location near Southland

A new test in the P.H.D. field, five miles southeast of Southland, has been announced.

It is Alan B. Leeper's No. 2 J.R. Shelton, which will be drilled to a depth of 4,250 feet.

LUBBOCK — Officials have announced that ultra-low volume Malathion will be applied in the sixteenth year of the High Plains Boll Weevil Control Program at a contract cost of \$3.59 per gallon.

The price was revealed by Ed Dean, Field Service Director of Plains Cotton Growers, Inc., Lubbock, following competitive bid openings at the PCG offices October 3. Ten bids were received, ranging in price from the \$3.59 low to a high of \$8.10 per gallon, with the contract awarded to low bidder Scam Flying Service of Panhandle, Texas.

In 1978 two contractors were used in the program, one at \$2.24 and the other at \$2.28 per gallon.

Three things account for the higher price this year, Dean says. "The price of aviation gasoline has almost doubled, indications are that the number of acres to be sprayed this year will be considerably less than last, and the fields to be sprayed by a single contractor are scattered from Briscoe County on the north to Dawson County on the south."

The first application this year will involve four applicator planes, scheduled to take the air October 8. Subsequent sprays, weather permitting, will cover all weevil-infested cotton every seven days until the weevils' food supply is destroyed by frost, Dean said.

Scouting teams have been surveying the control zone for the past six weeks and have targeted about 20,000 acres.

Aggregate acreage sprayed last year came to about 600,000. "But with the smaller weevil numbers this year and the later start," Dean States, "it's a virtual certainty that the total acres sprayed this year will fall far below that figure."

Weather-induced late plantings in the control zone along the eastern edge of the High Plains and the Low Plains just below the Caprock was one of the big factors keeping weevil populations below normal this spring, entomologists say. Weevils emerging from hibernation in the early spring, they explain, soon starved to death because there was no cotton on which to feed.

The Boll Weevil Control Program was organized by

FROM INSURANCE CLAIMS

The following statements are exactly as they appeared on car insurance claims filed by some unlucky — and still dazed — motorists: "To avoid hitting the bumper of the car in front, I struck the pedestrian."

"An invisible car came out of nowhere, struck my vehicle, and vanished."

"I saw the slow-moving, sad-faced gentleman as he bounced off the hood of my car."

"The indirect cause of this accident was a little guy in a small car with a big mouth."

Gamma Mu holds fashion show

Gamma Mu Sorority had the first of its self-improvement programs, Monday Night, Oct. 8 in the Graham Community Center.

Special guests were invited to attend the style show on all the fall colors, fabrics, and fashions. Johnnie Norman, and her staff from Jae's Ladies Wear, modeled the outfits. They were Karen Conner, Exa Faye Gilmore, Sis Gilmore, Meg Nelson, Jamie Sims and little Amber Sims.

Orabeth White was the night's hostess. She treated everyone to banana splits of their own making and Cokes. The door prize was a

fall table decoration won by Jane George.

Carol Williams, the sorority vice-president, led those present with introducing themselves and telling what they hoped to accomplish this year. The rushees were Karen Conner, Karla Josey, Debbie Moreman and Barbara Reece.

Members discussed their next meeting, which will be a night out on Oct. 20. Others present for the meeting were Sara Holder, Kathy Fluit, Helen Gerner, Irene Fry, Janet Justice, Ruth Ann Young and Julie Hudman.

Plenty of good market buys now

COLLEGE STATION — "Good buys" in food will await Texas shoppers this fall, says Marilyn Haggard, a foods and nutrition specialist.

Several "price drops" and supply increases are responsible, she explains.

Miss Haggard is with the Texas Agricultural Extension Service, The Texas A&M University System.

Pork shows promise throughout the fall since prices fell six percent in June and supplies are 16-18 percent over August 1978 levels.

Beef likely will remain stable due to a slower economy, although earlier forecasts promised higher prices.

Chicken saw a 16-percent drop in prices last June, and prices should stay very favorable due to a 10-11 percent supply increase over August 1978.

Sr. Citizens to Levelland

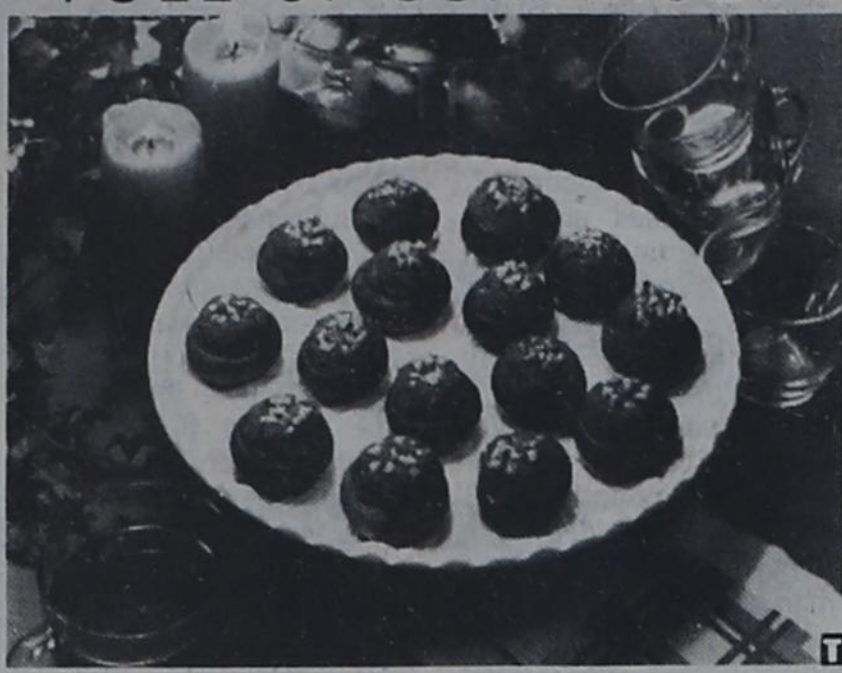

A mini-bus load of Garza County senior citizens will leave the Algerita center Friday at 9:30 a.m. to go to Levelland to attend the 10th birthday celebration of the Hockley County Senior Citizens Association. Hockley County has centers in Anton, Levelland, Pep, Ropesville, Smyer, Sundown and Whitharral.

Garza County Trailblazers met last Thursday at the Algerita Center. Mrs. Ruby Kirkpatrick, president, appointed a nominating committee to propose board members to be elected at the November 29 meeting. Committee members are: Glenn Voss, chairman; Beulah Pickett, Jack Alexander, Winnie Henderson, Bill Sanders and Ruth Dale.

The Trailblazers voted to permit the Close City Home Extension Club to meet at the center at 2 p.m. on the first and third Tuesdays of each month, until such time as the Close City Community Center is repaired.

Next regular meeting of the Trailblazers will be Thursday, Oct. 15.

A MUSHROOM RECIPE FULL OF SURPRISES

SURPRISE-STUFFED MUSHROOMS

1 pound large-sized mushrooms (15 to 19)
1 can (4-1/2 oz.) deviled ham
3/4 cup fresh bread crumbs
4 tablespoons finely chopped walnuts, divided
1 tablespoon dry sherry
1-1/2 teaspoons prepared horseradish

Preheat oven to 400 F. Rinse and pat dry mushrooms; remove stems (use in soups, stews, etc.). In a small bowl combine ham, bread crumbs, 2 tablespoons of the walnuts, sherry and horseradish; set aside. Place mushroom caps cup side down on a lightly greased baking sheet. Bake, uncovered, until mushrooms are partially cooked, about 5 minutes. Remove from oven; invert and fill with reserved ham mixture. Top with remaining 2 tablespoons walnuts. Bake, uncovered, until mushrooms are tender and filling is hot, about 5 minutes. Serve as an appetizer, hors d'oeuvre or with a salad as a luncheon dish. The mushrooms can be partially baked and stuffed early in the day, refrigerated, and baked until hot just before serving. Yield: 15 to 19 mushroom caps.

Twin Cedars Nursing Home News

Sunday services were not held due to the scheduled church was unable to make it.

Next week the service will be brought to us by the Church of the Nazarene.

Lee Pitman was honored with a birthday party Sunday. Cake and homemade icecream was served by his daughter Evelyn Gurley and sister.

Luetta Brownlow is in the Methodist hospital. We would like to wish her a speedy recovery and a fast return.

Visitors this past week were Leon Clary, Dusty L. Clary, Marion Wheatly, Karla Gribble, Charlotte Scrivner, Lora Gribble, Brenda Weaver, Myrl Mathis, Jet Puckett, Darrell Roberts, Mrs. Randy Williams, C. A. and Lucille Walker, Lottie Sanders, Carroll Sanders from Albuquerque, N.M. Roberta Heron, Jadene Clary, Charles and Dessie Hoskins, from Lamesa, Paul Sherrill, Toni and Toni Marie Ammons, Fern Strange, F. W. and Linda Teu from Lubbock,

Lois Rosenbaum and Lottie Sanders.

A big thanks goes out to Fleta Walls while I was out on a months leave of absence due to the arrival of my baby girl.

Until next week.....

GOLD

FACTS & FANCIES

High school and college students buy some two million karat gold school rings annually.

Many parents, recognizing the intrinsic and symbolic value of a karat gold school ring and the meaning that such a ring can have for their youngsters, are giving school rings as gifts to their offspring.

Program is on Alaska

The Woman's Culture Club met Wednesday, Oct. 10 at 3 p.m. in the home of Mrs. Maxine Smith, with Mrs. Buena Bouchier, president, presiding.

Roll call was answered with each member giving an interesting current news item about the program topic "Alaska."

The program was presented by Mrs. Smith and she gave some interesting and enlightening facts about the beautiful state of Alaska.

Julian Smith showed a film strip on Alaska. This was well presented and showed some lovely scenery and many interesting sights in the remote areas of this romantic state.

Those present were: Buena Bouchier, Ruth Young, Opal Pennell, Maxine Marks, Ruth Duckworth, Estelle Davis, Linda Malouf, Ruby Kirkpatrick, Lois Williams, Lillian Potts, Beulah Pickett and the hostess and her husband, the Smiths.

Solar home tour planned

The Extension Homemakers Council is sponsoring a home tour to Crosbyton to visit the solar home of Georgia Mae Erickson. The home has 5,000 square feet and features solar heating and water heating. The tour will begin at the Post Courthouse at 1:30 p.m. Thursday, Nov. 8.

Everyone is invited to attend and there will be a \$1 charge to tour the home. The group should return to Post around 4:30 p.m.

The home has several fireplaces, wood cooking stove, skylights, and an indoor swimming pool. Mrs. Erickson uses her home to help hospital patients and others.

New Arrivals

Quinton Charles Cooper announces the birth of a baby brother, Lucas Ted, born Monday, Oct. 15 at 3:58 p.m. in West Texas Hospital in Lubbock. He weighed 7 lbs. 10 1/2 ozs. and was 21 inches long. Parents are Mr. and Mrs. Steve Cooper. Grandparents are Mr. and Mrs. Ted Williams and Mr. and Mrs. Charlie Cooper all of Post.

Focus on Home Economics

By PAULA CAWTHON
County Extension Agent

Every fabric type displays certain characteristics — both good and bad. The combination of the fabric type, fiber content and finishes applied combine for the fabric's total characteristics.

Fabrics are most often made by knitting or weaving, but can also be netted, braided, bonded, fused or felted.

Woven fabrics are made by interlacing yarns one over the other.

The pattern of interlacing is varied to result in different fabrics such as twills or satins.

When woven interlacings are compact, fabrics are durable, firm, water and wind repellent, strong, stable and have increased fire retardance.

Correspondingly, fewer interlacings result in fabrics that are more open, flexible, permeable to water and wind, drapeable, raveling and flammable.

Woven fabrics with loose threads on the surface have greater luster, smoothness, flexibility, resiliency and tendency to ravel and snag.

Knits are made by looping yarns together. This looped structure generally results in elasticity, stretch, wrinkle resistance, instability and snagging. The smaller the loop, the greater the durability.

Tricot is one major knit variety. They have lengthwise ribs on the right side and crosswise ribs on the wrong side.

Mrs. Shytle is honored

Mrs. Grady Shytle of Fayetteville, Ark. was honored with a get-acquainted coffee held Saturday morning in the home of Mrs. Helen Miller. Mrs. Martha Compton was co-hostess.

The honoree and her mother-in-law, Mrs. Sue Shytle received guests as they called between the hours of 10 and 11 a.m.

The serving table was laid with a white linen cloth and was centered with an arrangement of blue carnations.

Approximately 75 guests were served sausage balls, fresh strawberries, blueberry muffins, spiced tea and coffee.

Garden club meets Oct. 11

The Green Thumb Garden Club met Thursday, Oct. 11 in the Reddy Room with Ida Jones as hostess.

A Halloween motif was cleverly carried out in decorations as well as refreshments.

Maurine Hudman and Wanda Cox presented the program on fall arrangements.

Members present were: Jewel Taylor, Sybil Cockrum, Shorty King, Wanda Cox, Faye Mathis, Thelma Epley, Irene Mitchell, Alma Williams, Gladys Blair and the hostess.

Big federal health insurance program is opposed

Over 70 percent of the 11,000 plus West Texans of this 17th congressional district who answered a recent poll by Congressman Charles Stenholm are op-

posed to legislation which would set up a comprehensive health insurance program funded by the federal government. Only 20.1 percent said they

supported such a program and 9.6 percent were undecided. Stenholm's poll revealed a lot of strong opinions over this area on a whole handfull

of national issues. Sixty-four percent favored a work visa program with Mexico for nonimmigrant aliens under special labor contract and safeguards with only 29.1 opposing and 6.9 percent undecided.

Sixty-three and one-half percent support legislation imposing penalties on employers who knowingly hire illegal aliens to 31 percent opposed and 5.5 percent undecided.

As to a constitutional amendment requiring a balanced federal budget, a

whopping 79.6 percent supported such an amendment, only 9.5 opposed and 10.9 percent were undecided.

Slightly over 50 percent opposed reducing social security benefits as the president has proposed in order to reduce the budget deficit. Thirty-six percent favor the reduction and 13.3 percent are undecided.

Almost 77 percent favor continued development of nuclear power for the production of electricity with only 14.9 percent opposed and 8.2 percent undecided.

The biggest percentage — 87.0 percent — answered they support legislation terminating all federal ag-

encies at 10 year intervals unless reauthorized by congress. Stenholm has authorized a house bill for such "sunset legislation."

Constituents were almost equally divided over the continuation of federal revenue sharing payments to either states or local units of government.

The vote was 43.3 percent yes, 42.4 percent no and 14.4 percent undecided on continuation of such payments to state governments, and 41.8 percent in favor, 44.1 percent opposed, and 14.1 percent undecided on continuation to local units of government.

Almost 77 percent said they are willing to pay more

for gasohol in order to curb imports of foreign oil with 14.8 percent opposed and 8.3 percent undecided.

A small majority — 51.2 percent — said they favor mandatory wage and price controls if the voluntary program proves an ineffective curb on soaring inflation. Opposed were 37.9 percent with 10.8 percent undecided.

Almost 79 percent said they favor a decision to cut government spending even if it means curtailing programs that are liked. Opposed were 13.9 percent with 7.3 percent undecided.

West Texans weren't so sure about the SALT II treaty with the Soviets. Only

3.2 percent strongly support SALT II, 13.5 percent generally support but don't favor some provisions, 45 percent would like more protection for U.S. before support, 16.2 percent strongly oppose, and 22.1 percent (second largest block) have no opinion.

As to trying to solve the energy problem, 83.1 percent favor development of alternate energy sources, 63.8 percent favor decontrol of the gas - oil prices, 47.9 percent favor voluntary conservation, 41.1 percent stress gasoline conservation, only 36.5 percent favor price controls, and 19.2 percent favor other alternatives.

STATE CAPITAL HIGHLIGHTS
 By Lyndell Williams
 TEXAS PRESS ASSOCIATION

COTTON TODAY

AUSTIN—Lt. Gov. Bill Hobby returned last week from a visit to the People's Republic of China predicting large oil trade benefits for Texas businessmen.

Hobby told reporters the Chinese are anxious to increase trade with Texas to develop petroleum equipment and technology. "There are billions of dollars' worth of oil business to be done with China, and Texas will share in it," Hobby said.

Hobby and a delegation of Texas oil drillers, contractors and equipment manufacturers toured Chinese offshore rigs and concluded that Sino oil technology was 40 years behind the U.S.

Currently, he reported, the Chinese have only about 600 drilling rigs in operation, but they would like to develop around 2,000 more rigs in the next five years.

Hobby, whose family owns The Houston Post, also visited the "People's Times," a Chinese newspaper of 6.5 million circulation printed with type set by hand. "Think of the oldest newspaper plant you've ever been in and this one looked twice as old," he said.

He also commented that coal fires in Peking contribute to massive air pollution. "If you're unhappy about our environmental standards, you should spend a few days in Peking. You'll learn to love our Air Control Board," Hobby quipped.

Kennedy Leads Texas
 Later, Hobby told a United Press International conference in Houston that Massachusetts Senator Edward Kennedy would defeat President Carter if Texas held a Democratic presidential primary next year.

But former Texas Gov. John Connally, a Republican, told the same group it doesn't matter who prevails between Carter and Kennedy: Connally is going to be the next president.

Connally blasted Kennedy as being too liberal for Democrats anywhere and said he won't let voters forget Kennedy's leftist leanings.

Meanwhile, a Texas campaign management firm concluded last week that a Republican presidential primary including Connally, George Bush, Gerald Ford and Ronald Reagan would attract at least 825,000 Texas voters, more than the 500,000 who voted in the 1976 Republican primary.

Bentsen Backs Carter
 Despite the large following which Kennedy is said to have in Texas, Carter is not to be counted out. The President won the endorsement of a prominent Texas Senator.

Senator Lloyd Bentsen said he was "more in tune philosophically" with Carter and would support his reelection in 1980. Bentsen last week won a tough Senate Finance Committee battle to exempt state-owned oil from the windfall profits tax.

Bilingual Controversy
 New Education Commissioner Alton Bowen drew both praise and fire last week with a new state policy: halt expansion of bilingual education until educators can tell if it's working.

Bowen asserts that the mainstream language English should be stressed in school and that the responsibility for teaching bilingual culture remains in the home.

He was not opposed to bilingual education, which is currently taught up to third grade, but had doubts about how far to extend it in Texas schools, he said.

"Education cannot be all things to all people," he said.

Hispanic Reaction
 Not surprisingly, Ruben Bonilla, national president of the League of United Latin American Citizens, blasted Bowen for his comments. Busy last week, Bonilla also met with Texas AFL-CIO president Harry Hubbard to discuss a labor-Hispanic coalition to redistrict the state.

As Texas Hispanics begin flexing stronger political muscle, Bonilla is thought by many as the most likely candidate to lead a third political party, should Hispanics choose that option.

Speculation continues about the 1982 race for Speaker of the House. Among those thought to be in line for the chair are John Wilson, D-La Grange; Jerry Donaldson, D-Gatesville; Tom Uher, D-Bay City; Al Brown, D-San Antonio; Tim Von Dohlen, D-Goliad; John Bryant, D-Dallas; Dan Kubiak, D-Rockdale; and Ben Grant, D-Marshall.

AG Opinions
 In legal opinions issued last week, Attorney General Mark White ruled the Texas Constitution does not authorize the Legislature to abolish the constitutional office of county treasurer.

UN to Discuss Cotton
 The United Nations Conference on Trade and Development is holding its fourth preparatory meeting on cotton in Geneva. The main agenda items are an international cotton agreement and stockpiling, opposed by the U. S. delegation. Developing countries which are cotton exporters complain that volatile cotton prices adversely affect their foreign exchange earnings and economic development plans. The National Cotton Council is represented at the conference.

Cotton Dust Research
 The National Academy of Sciences will study causes of byssinosis and the feasibility of OSHA-mandated medical testing procedures for identifying byssinosis in the field and in medical installations. The work will be done under a \$99,800 one-year grant from USDA. Funding for the project stems from an amendment by Sen. Morgan (D-N.C.) to the 1979 Agricultural Appropriations Act which was supported by the National Cotton Council.

Export Sales Rise
 Sales of 255,900 running bales of cotton during the week ended September 16 brought the current season's total commitments to 4,448,400. The principal buyers were China and Japan. The week's exports of 97,000

Gong Show pland made

Sunshine Sally and Snap-shot will be here for the PTA Gong Show to be held in November, it was decided at a meeting of the PTA Tuesday night.

Final plans were made for the Gong Show and a final meeting has been called for Nov. 12 in the Primary Auditorium of the show committee, Junior class officers and Gong Show contestants.

The organization also finalized plans to sell athletic bags with the school emblem.

Entertainment was provided for the meeting by third grade students of Mrs. Marita Jackson.

running bales brought total shipments to 670,700 thus far this season, compared with 728,100 a year ago. Spain purchased 6,000 bales for 1980-81 delivery.

Cotton Quality to be Studied
 USDA has awarded a \$500,000 grant to the Texas Agriculture Department to study the effectiveness of mechanical instruments for measuring cotton quality.

And Cotton Yesterday
 Cotton threads in New Mexico's Tularosa Cave date back to 300 B.C.

Happy Anniversary Mom & Dad!

THE FIRST NATIONAL BANK

Only United Supermarkets can make this fantastic offer!

THE ULTIMATE IN GOURMET COOKWARE AT ACTUAL SAVINGS OF 40% TO 60%

Now's your chance to own the ultimate in gourmet cookware.

And, on our plan, it's an opportunity you can't afford to pass up! Each week, we'll feature a different piece that can be yours at great savings when you make a minimum \$10 grocery purchase. For example, as a special introductory offer this week, if you make a \$10 purchase, you can use the coupon below and save \$4.70 towards the purchase of the 1 qt. Open Saucepan. Specially priced at \$5.99, it can be yours for only \$1.29! So be sure to pick up the featured pot or pan when you do your weekly shopping. And, before you know it, you'll have collected a complete set of beautiful "Capri" cookware at fantastic savings!

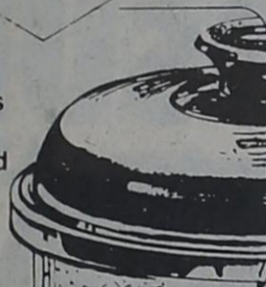

Enjoy more nutritious, more economical cooking, too!

"Capri" porcelain-on-steel cookware is designed to help you prepare the finest meals you've ever tasted. It's scientifically engineered so that foods can cook evenly and gently over lower heat settings with a minimum of water. The snug-fitting covers enable foods to baste in their own vitamin-rich juices. Natural flavors are preserved—and shrinkage is kept to a minimum!

What's more, the lovely tangerine and gold "Capri" floral motif will surely enhance your kitchen decor. It's truly a beautiful set of cook 'n serve gourmet ware you'll use proudly for years and years!

COMPARE THESE FEATURES!

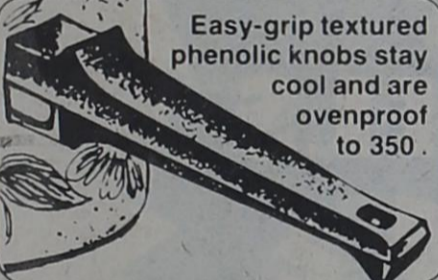

Snug-fitting dome covers seal in moisture and lock in flavors.

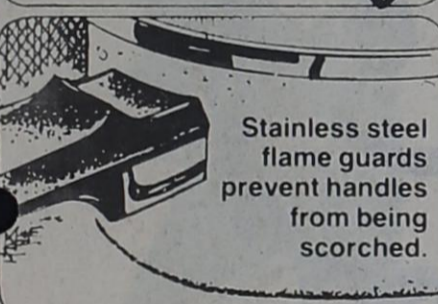

Extra-wide stainless steel rims protect porcelain from chipping and scratching.

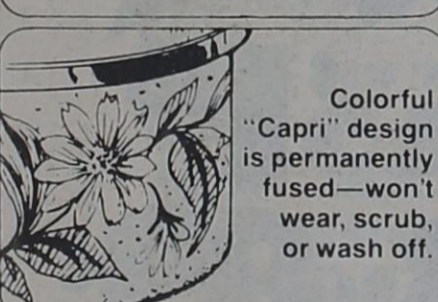

Easy-grip textured phenolic knobs stay cool and are ovenproof to 350.

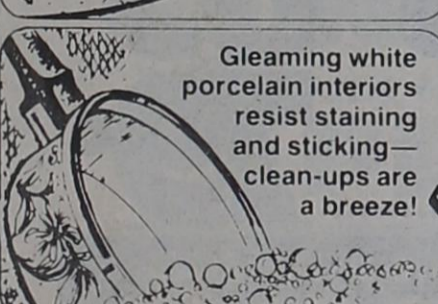

Stainless steel flame guards prevent handles from being scorched.

Colorful "Capri" design is permanently fused—won't wear, scrub, or wash off.

Gleaming white porcelain interiors resist staining and sticking—clean-ups are a breeze!

CAPRI

The cookware designed to give you a lifetime of beautiful service!

The U. S. Department of Agriculture has invited interested parties to submit recommendations on decisions soon to be made with regard to the 1980 upland cotton program. Deadline for receipt of written comment is November 19.

Plains Cotton Growers, Inc., Lubbock, will respond to the invitation following development of PCG positions at an October 10 meeting of its 50-man Board of Directors. Here are the issues as outlined by USDA in the September 18 Federal Register.

TARGET PRICE — Current law calls for this year's

target (57.7 cents per pound) to be adjusted in 1980 to reflect any change in the average per-pound cost of production in 1977 and 1978 and the average cost for 1978 and 1979.

NATIONAL PROGRAM ACREAGE (NPA) AND PROGRAM ALLOCATION FACTOR — NPA is the number of harvested acres USDA determines will be needed in 1980 to meet domestic and export requirements during the 1980-81 marketing year beginning August 1, 1980. Minimum NPA required by law is 10 million acres. The allocation factor is deter-

mined by dividing the NPA for the 1980 crop by the estimated harvested acreage for 1980.

VOLUNTARY REDUCTION PERCENTAGE — Will be the percentage by which producers may voluntarily reduce 1980 plantings in order to guarantee themselves target price protection on total 1980 acreage.

SET-ASIDE — USDA, if it decides a set-aside is necessary to prevent an excess cotton supply, may set a mandatory set-aside not exceeding 28 percent of 1980 planted acreage.

PLANTED ACREAGE LIMITATION — If a set-aside is in effect, the Secretary may also put a limit on each producer's planted acreage as a requirement for program benefit eligibility.

VOLUNTARY SET-ASIDE — The Secretary has authority to offer an additional diversion pro-

gram, set the extent of such diversion and decide the payment therefor.

Plains Cotton Growers, Inc., Lubbock, is offering its apology for an error in material published by PCG September 14.

In an example of the calculations necessary for producers to determine the economic advisability of harvesting low-yield cotton, PCG wrote that a farmer who has a projected yield of 500 pounds per acre and harvests 100 pounds would be eligible for a disaster payment on 300 pounds, 75 percent of the 400-pound shortfall below his projected yield.

In fact, according to Charles Cunningham of the Washington ASCS office, the payment eligibility would be on only 175 pounds, 75 percent of the 500-pound projected yield (375 pounds) minus the 100 pounds harvested. Corrected figures for the complete

Order windbreak seedlings now

LUBBOCK — Applications are now being accepted for windbreak seedlings from the Texas Forest Service.

These seedlings, grown from seed collected in West Texas and eastern New Mexico, are produced in the state's greenhouse in Lubbock and in the field nursery near Halfway.

Conifer species available this season include Austrain pine, ponderosa pine and Arizona cypress. These containerized seedlings cost \$1 each and are sold in multiples of 30 seedlings only.

A limited supply of hardwood species also are available. Species include

honeylocust and sawtooth oak. These bare root seedlings are priced at \$20 per hundred.

Seedling ordered now will be ready for pickup and planting in March 1980.

These trees are not available for re-sale, nor may they be used for landscaping or ornamental purposes.

For applications and information on windbreaks, contact the Texas Forest Service, Route 3, Box 216, Lubbock, Tx. 79401, (806) 746-5801. Applications also are available from county offices of the Agricultural Stabilization and Conservation Service, Soil Conservation Service, and extension agents.

More water in lake this year

Texas Water, official newsletter of the Texas Department of Water Resources, in its September issue this week reports the White River Lake has more water in it this fall than a year ago.

Listed in the conservation storage data for all the lakes in the various river basins, White River was listed as holding 36,450 acre

VISITS FAMILY

Strong year shaping up in U. S. cotton exports

RALEIGH — Another strong year is shaping up for exports of U.S. cotton, report Cotton Incorporated economists.

In fact, says Daniel Troxler, associate director for demand economics, foreign use of U.S. cotton is now expected to equal that of the domestic textile industry in the 1979-80 cotton marketing year.

The in-depth look at the cotton demand picture at home and abroad is con-

tained in the October issue of the Cotton Summary, monthly publication of Cotton Incorporated's economic research and development division. Cotton Incorporated is the fiber research and marketing company of American cotton producers.

Troxler says foreign cotton consumption in 1979-80 is estimated at 56.3 million bales, unchanged from last year's record level. In some countries, Trox-

ler says, textile activity is expected to decline because of deteriorating economic conditions in the United States. These are countries — such as Japan, Hong Kong, Taiwan and Korea — that are heavy exporters of textile products to the United States. These same nations also are among the biggest users of U.S. raw cotton.

The expected decline in cotton consumption in these countries, however, will be offset by projected gains in textile business by nations not as likely to be affected by the U.S. business downturn, he adds.

On balance, he says, this indicates that U.S. exports of raw cotton should reach 6 million bales, down only 200,000 bales from the very strong shipments of last

year despite the impact of recession on the textile business of some of the biggest foreign customers for U.S. Cotton.

Troxler says the recession is expected to have a larger impact on consumption of cotton, as well as other fibers, by the U.S. textile industry.

Domestic mill business is running strong now for such cotton fabrics as denim and corduroy and for other products such as sheets and towels. In total, he adds, mill use of all fibers was strong during the last half of the 1978-79 marketing year which ended July 31.

However, says Troxler, "it now appears that mill use rates for cotton and other fibers cannot be maintained in 1979-80. General economic conditions

have worsened in recent months, slowing consumer purchases of textile products."

Present conditions indicate, the Cotton Incorporated economist adds, that mill business will slow and fiber use will be reduced in the coming months. As a result, he says, domestic cotton use in 1979-80 is estimated at 6 million bales, 400,000 bales less than last year.

Despite the dampening effect of recession on both domestic cotton demand and exports, overall demand for U.S. cotton should remain favorable, Troxler says.

Cotton's strong performance at retail continues to be a bright spot he reports. Cotton's share-of-market of textile products sold at retail, excluding capets,

was 39 per cent in 1978, up 2 percent from the low point in 1975.

"Based on seven months' data available for 1979, it now appears that cotton's share-of-market will increase 40 per cent for the full year," adds Troxler. "These gains are evidence that consumers want more cotton in textile products."

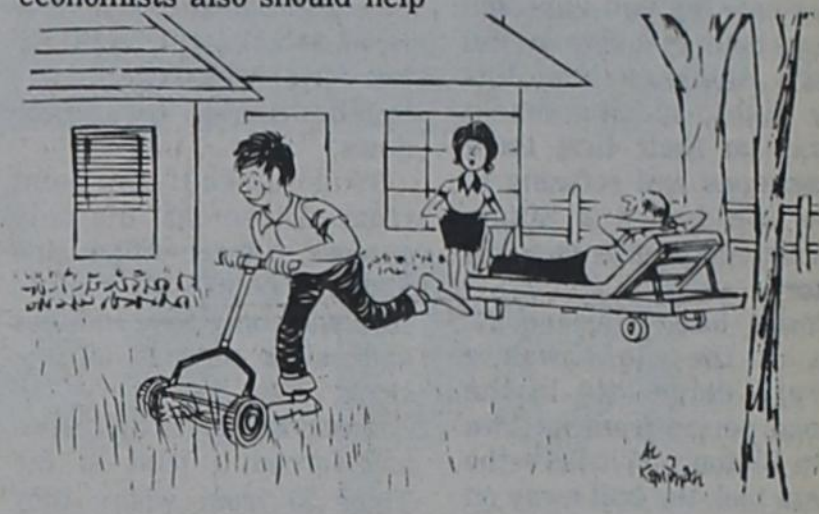

Also, says the Cotton Incorporated economist, it now appears very likely that cotton will gain a price advantage over polyester in the 1980s, encouraging domestic mills to increase their use of cotton at the expense of synthetics. This advantage shift, he explains, will result from the rising costs of producing polyester from petroleum-based raw materials.

"These two factors, con-

sumers' desire for more cotton and a price advantage favoring cotton over synthetics, point to a promising opportunity for market share advances for cotton both at the mill and at retail in the 1980s," says Troxler.

Gains in the marketplace, say the Cotton Incorporated economists also should help

lessen the impact on the cotton market of the large crop expected this year. Cotton Incorporated continues to expect a 14 million bale U.S. crop and has raised its estimate of foreign production to 50.7 million bales, a 200,000-bale increase over the previous month's forecast.

PUBLIC NOTICE

NOTICE OF INTENT TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES.

Notice is hereby given that the Colorado River Municipal Water District, 400 E. 24th Street, Big Spring, Texas 79720, who holds License No. 79-1 of the State of Texas issued September 5, 1978 (renewal application was submitted July 17, 1979 and is pending at this time) intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District, P. O. Box 869, Big Spring, Texas 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within which, equipment may be operated shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling and Coke.

2. The target area, within which the precipitation is intended to be enhanced, can be described as follows: The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Highway 87 in a northwesterly direction to Lamesa, thence north-northeast on Highway 87 to the north border of Dawson County, thence east along the northern boundary lines of Dawson, Borden, and Scurry Counties to Highway 84; thence southeast along Highway 84 to Roscoe, in Nolan County; then south-southeast to Maryneal; thence southwest to Silver in Coke County; thence south-southeast to Highway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Highway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include 3 cm and 5 cm radar systems, cloud seeding aircraft, and the application of silver iodide nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The program will be operational during the period from March 1 through November 30 during the years 1980, 1981, 1982 and 1983.

5. Any person desiring additional information may contact the Texas Department of Water Resources, P. O. Box 13087, Capitol Station, Austin, Texas 78711. (s) Owen H. Ivie

Don Windhams visit Canada

Billie and Donald Windham returned Monday night from a trip to Ancaster, Ontario in Canada where they visited with their daughter and son-in-law, Karon and Russ McLeod and their new son.

The Windhams flew to Toronto, a city of over two million, and were met by Ken and Kay McLeod and went on to their daughter's home. Their new grandson was born in Hamilton, a suburb of Toronto.

While there they rented a car and toured a Menionie settlement and watched as they did their daily chores with their horses and plows and their mode of travel the horse and buggies.

They reported that usually this time of year in Canada they have an Indian summer, but it was very unusual weather there now and it is very cold. Billie reported one morning it was 29 degrees and snow was predicted on several occasions while they were there.

Social security processing told

By JIM LATIMER
Field Representative

Social Security Administration

Many people who come in for the first time, tell us they have heard that it takes Social Security six months to process an application for payment. They are wary that the government has gotten so big it is cumbersome and impersonal.

To satisfy myself it is not "taking six months to pay checks to Social Security applicants" I looked at the end of the line claims processing and found that many people receive checks in thirteen days from the date of application. Other cases showed it took 53 days to pay disability.

made at Austin, Texas, for all Texas cases.

In a high percentage of cases, once a decision is made to pay and the amount is determined, payment is effectuated very quickly by wire onto SSA's big computers in Baltimore, Md.

So it doesn't take all year to get your check once you apply, but to give SSA plenty of time most applications should be made in the 3rd month before entitlement will begin. In SSI cases only one month ahead is appropriate.

48 More on A-B Roll—

Dozen on A honor roll

I have to say thank you to all the Post fans who showed up to support the Antelopes last Friday night and wore their black and gold. The team appreciates it too. The outcome wasn't what we had all hoped for, but that game is behind us, NOW ON TO COOPER!!

Following the game Friday night, the Antelope Band drummers accompanied by Mr. and Mrs. Clary and Mr. and Mrs. Ronald Babb drove to Arlington to attend a band clinic Saturday. Drummers going on the trip were Amy Babb, David Foster, Rachelle Smith, Michael Anderson, Brent Howard, Rhonda Rogers and Alfred Mullins. They made their appearance back in Post at 1 a.m. Sunday.

Thursday morning found several boys in PHS with this YUKY green color all over their hand. That's why they're called GREEN-HANDS. Initiation was held Tuesday night for students of the organization. The group is still behind you Larry to learn the creed before school is out.

I forgot to wish Jay Young a Happy Legal Age when he turned 18 at the first of the month.

Five students took their SAT test Saturday in Abbeok. Chuck Black, Dana Poole, Rance Adkins, John Simpson and Leanna Davis rose bright and early and were there at 8 a.m. They said it wasn't the easiest test they had ever taken.

The Youth Center will not be open Saturday night because I GET TO GO TO SAN ANGELO!!! See ya there Tuesday night.

Just a bit of information for those out of town that won't receive their paper in time for next week. Homecoming activities are scheduled for 3 p.m. next

Twelve students are listed on the all-A honor roll of Post High School for the first six weeks period of the 1979-80 school year.

They include three seniors, five juniors, two sophomores and two freshmen.

Another 48 are on the A-B honor roll, which includes 14 seniors, 14 juniors, 11 sophomores and nine freshmen.

Making all A's are Wade Giddens and Tom Tallent, freshmen; Pam Riley and Tammie Rowland, sophomores; Kevin Craig, Donna George, Holly Giddens, Laura Mason and Amy Thuett, juniors; and Donna Baumann, Susan Sawyers and Melissa Tatum, seniors.

The A-B honor roll includes:
Freshmen: Bill Black, Dana Hodges, Darla Jackson Will Kirkpatrick, Scott Lewis, Cynthia Poole, Jerry Pruitt, Cindy Reiter and Alphonso Reyna.

Sophomores: Amy Babb, Cindy Basquez, Karen Davis, Lana Dunn, Tammie Eckols, Trushell Marts, Donna Massey, Patti Mc-

Thursday in the high school gym when crowning ceremonies and the pep rally will be held. School will be out Friday for a teacher work day. Thus, the reason for the early festivities.

And, at my deadline Wednesday morning, it was still undecided if any organization in high school would be selling mums. So if you want to be sure and have one for the game, patronize your favorite flower shop and order your own, and one for your favorite person.

The All-School Play rehearsals are going strong and the play has been set for Nov. 10. Mark that date on your calendar.

BEAT COOPER!!!!

Chow.....

Lunch Menus

LUNCH
Monday, Pizza, French fries, buttered corn, peanut-butter cookies and 1/2 pint of milk.

Tuesday, Corn dogs, blackeye peas, whipped potatoes, pineapple cobbler, mustard and 1/2 pint of milk.

Wednesday, Taco, lettuce salad, pinto beans, pear halves and 1/2 pint of milk.

Thursday, Ham and gravy, green beans, whipped potatoes, peanutbutter cake with peanutbutter icing, hot rolls and 1/2 pint of milk.

No School Friday

BREAKFAST

Monday, cold cereal, apple and 1/2 pint of milk.

Tuesday, Oatmeal, bacon, toast, juice, peanutbutter and cranberry sauce and 1/2 pint of milk.

Wednesday, Rice, sausage, toast, juice and 1/2 pint of milk.

Thursday, cold cereal, fruit and 1/2 pint of milk.

Clellan, Sylvia Quintana, Julie Rivera and Charla Williams.

Juniors: Michael Anthony, Laurie Belongia, Ronnie Bilbo, Patricia Craig, Julie Davis, Benny Kennedy, Luann Kennedy, Drew Kirkpatrick, Sharla Macy, Dee Dee Redman, Rachelle Smith, Jolene Torres, Leslie Willard and Barry Wyatt.

Seniors: Jackie Ayala, Lea Ann Babb, Amy Britnell, Leanna Davis, Mark Greer, Mike Gray, Brent Mason, Donna Nelson, David Poole, Tammy Reece, Donna Simecek, Lynn Simpson, Susan Strawn and Melodie Yarbro.

Cast is named for all-school play

By TIM TATUM
The casting of the 1979 All-School play "You Can't Take It With You", has been completed.

Listed below with the characters portrayed are the students involved in the play.

Martin Vanderhaf, a retired businessman will be played by Tommy Tallent; Leanna Davis will play Penny Sycamore, a witty playwright; Donald Edwards plays Penny's husband, Paul; Holly Giddens will portray Essie, a balarina with Benny Jackson as her husband, Ed.

Rheba, the comical maid, will be played by Judy Morris, with Bill Short as her live-in boyfriend, Donald; Mr. DePinna, played by Jay Young is a helper to Mr. Sycamore; Lillian Cendalski will play the Russian ballet teacher Miss Kolenkhou, who frequently makes a spectacle of herself.

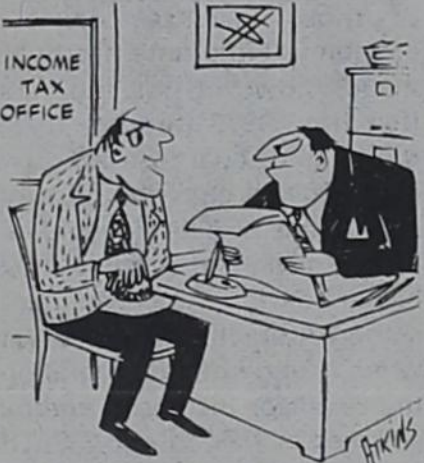

The Grand Duchess, Olga Katrina is portrayed by Rachelle Rogers; Mr. and Mrs. Kirby, very regal people and parents of Tony

Kirby, will be played by Tim Tatum and Susan Sawyers.

Also, Alice Sycamore, and Tony Kirby, the two young people who fall in love, will be played by Cindy Polk and Lance Dunn; Kelly Mason, Chuck Black, and Pat Mitchell will play the three government men.

"You Can't Take It With You," will be directed by Mrs. Diane Davis, and will be presented November 10.

The play is a comedy by Moss Hart and George Kaufman, about a really crazy family and their adventures.

"WOULDN'T IT BE EASIER IF YOU AND I HAD A JOINT BANK ACCOUNT?"

The waitress returned, bearing two immense buckets of ice cream.

I Ate My Way To Fame And Fortune.

We sat down, John Chisholm and I, at opposite ends of the table.

The waitress approached. I glanced at John for any sign of hesitation. He covered my look with our order: "Two Nantucket Buckets." "With everything," I quickly added, knowing full well was the only way they came.

The waitress turned toward the counter. "I hope you know what you're doing."

I read the menu again, just to make sure:
—Nantucket Bucket—
16 scoops ice cream
8 flavors
4 toppings
1 pint whipped cream
6 cherries

Savings Bond to the man, woman, or child who come one in a single sitting. I was calmly polishing his spoon when the waitress bearing two immense buckets of ice cream. I face fell silent, and John's spoon fell, with much floor.

To make a tall order short, we finished our task in two hours. We were heartily congratulated by the waitress, and the small crowd that had gathered.

But John, in a gesture that will go down in the annals of gastronomy, did not rest on his laurels.

"An order of fries," he calmly told the waitress. "Fries. What class!"

John ate those fries. Even looked like he was enjoying them. And then, together, we staggered into the warm afternoon sun, fame under our belts and a fortune in our pockets. That was years ago.

Today John and I are still friends. He's leading a quiet, normal life in a small town outside Boston. And I, predictably enough, have a couple of ice cream shops of my own, thanks to that first Savings Bond, and the many I added to it over the years. I even have a big bucket with a \$50 Bond Challenge.

And if I ever meet the brave soul who can eat a side of fries on top of that, I'll double it.

U.S. Savings Bonds are safe, steady and dependable. There's no easier way to fulfill your dreams. Whatever they are.

School trustees—

(Continued From Page One) district third with \$235,104, or nine percent, and the City of Post last with \$176,642 in taxes levied or seven percent.

On this basis, the Post school district would be entitled to three of the five board members, the county one, with Southland school district and the City of Post sharing the fifth.

Actually, however, there appears no desire on the Post school trustees part to dominate the board. It was expected at presstime Wed-

Nowell rites—

(Continued From Page One)

Valley Mills, and Gene of Clifton; four daughters, Arelia Brewer of Maricopa, Ariz., Ellen Thomason of Long Beach, Calif., Nelda Potts of Huntington Beach, Calif., and Estelle Roberson of Post; his father, Z. A. of Dallas; four brothers, Arlie of Dallas, Donnie of Texarkana, Tex., Homer of Pecos, and Lee of Farmers Branch; a sister, Monetta Perry of Texarkana, Ark.; 20 grandchildren and 10 great-grandchildren.

Pallbearers were Irvin Cross, Marvin Williams, Silas Short, Grant Lott, Harlin Williams, Leonard Autry, J. C. Durham and Harold Britton.

Honorary pallbearers were Jim Barron, Charlie Pierce, Wesley Higgins, Tom Harmon and his nephews.

nesday that a solution as proposed by Judge Dalby probably will be agreed to by the four boards.

If so, the joint session will try to name the five-member board so it can meet and organize in the near future.

The new state law provides an exacting timetable which must be adhered to in formation of this revaluation board.

The state has set aside some funds to help finance the gigantic revaluation program which will sweep all of Texas in the next two years.

Once new property valuations have been established by the board, the single valuation on each piece of property will be used by all the taxing districts.

Bouquet—

(Continued From Page One) the billfold had been found here.

She told The Dispatch she mailed it back to Bo first class and insured.

Bo's father just couldn't believe there were still people like this in the world when he called The Dispatch last Friday afternoon to be sure the Post newspaper knew what a "wonderful deed" had been done for his daughter.

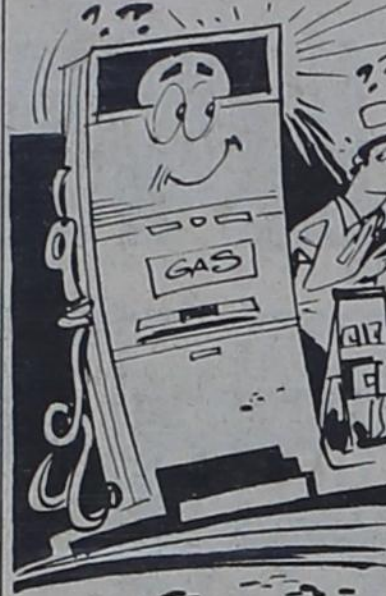

Commenting on the wallet's return, Mr. Hill said every bit of the money was still there.

"Henrietta didn't even take out money to pay for all the postage to send it home," he reported.

FANCY THAT!

Energy Ace-In-The-Hole: Moped In The Garage

Latest surveys show that mopeds, two-wheel motorized pedal vehicles that have multiplied tenfold in just four years, are now being purchased more for utility than recreation. The reverse was true before the energy crunch.

The Moped Association of America figures using a moped instead of a car for an average of 12 miles a day saves more than \$200 a year, about \$4 weekly. \$20 worth of gas propels the average U.S. car about 375 miles. The same \$20 buys enough gas to travel on an average moped for 3,700 miles!

About 7 out of every 10 moped owners live in households with two or more cars. More and more, the gas-thrifty moped is being used for family errands as well as fun. Mileage averages 135 miles per gallon!

Classification talks given

Three new Rotarians gave classification talks about themselves and their occupations at the club's weekly luncheon Tuesday in the Post Community Center.

They were Dwayne Binford, district soil conservationist; John Jacobs, manager of Pioneer Natural Gas Co. here; and David Thompson, high school football coach and athletic director.

Henry Wheatley, club president, announced the club raised \$113.50 through donations last week to finance the 50th anniversary party for Boy Scout Troop 360 which the club has sponsored from its inception.

ATTEND JUDGES' SCHOOL Post's three women judges recently attended a three-day course in legal procedure in Amarillo. Receiving certificates for completing the course were City Judge Louise Greene and Justices of the Peace Zora Robinson and Pat Kitchens.

Sunday rites—

(Continued From Page One) died in 1972.

Survivors include three daughters, Helen Long and Patsy Snow, both of Bossier City, La., and Audrey Martin of Fayetteville, N.C.; four sons, Bobby of Plumberville, Ark., Billy and Gary, both of Post, and Michael of Temple; three brothers, William of Devilla, Lewis "Shorty" of Post, and N. A. of Belton; four sisters, Estle Guthrie of Post, Alice Edison of Waco, Ivy Guthrie of Belton and Oedssa Gonzales of Anson.

Nephews were pallbearers.

New licensing trooper is woman

The new driver license trooper who conducts driver license testing and processes applications is a woman.

She is Paula Mazurek of Lubbock who began her new duties here last week.

She will be in the driver license testing office on the first floor of the county courthouse from 9 to 4:30 Tuesdays.

Congressman

Charles W. Stenholm

Congressional Comment

WASHINGTON, D.C. — This past week, I was prepared to present an amendment to the House of Representatives which, standing alone, might have been confusing to those who recognize my stand on government intervention in the private sector and, in particular, on the subject of price controls.

The amendment was to be offered to the Department of Energy Authorization Bill and read, "All coal deposits known as of 1973 shall be immediately placed under Federal price controls at 1973 levels."

The purpose of this amendment was not, as it might appear, to add further to the burden currently faced by the coal industry, but to point out the political duplicity of singling out oil and gas as the only energy source to be kept under the crippling yoke of price controls.

The coal amendment, fortunately, was not necessary to achieve the goal I sought: The defeat of another amendment which attempted to reverse decisions to gradually decontrol the price of petroleum.

My logic was simple: To present the choice of either voting for both the continuation of mandatory controls on domestic crude oil and the placement of such controls on coal, or the choice of opposing both proposals. Obviously, the latter choice is the most sensible and would be in the best long-range interest of all American consumers.

A great deal of attention has been focused on rising petroleum costs and the effect of those increases on our economy. Little note has been made, however, of the fact that from 1973 through 1978, the price of coal rose 224 percent. Rolling back the price of coal to the 1973 level would initiate a savings of some \$11.77 billion for the American consumer. A practical course? Not when taking into consideration the need for increased energy supplies in this country. Such a move would break the back of the coal industry and serve only to further decrease current energy supplies. But, when you think of it, is it any more absurd than posing these same restrictions on the petroleum industry, or any other industry in this country? To support the continua-

IT'S YOUR HEDGE AGAINST INFLATION.

Not only do Army Reservists earn a good steady extra income. But they also get regular pay increases, too, plus plenty of fringe benefits to help make ends meet.

What Are The Odds?

The odds are that 3 out of every 4 people over 65 will develop cataract, but of those who undergo surgery to correct this leading cause of blindness, 95 percent will recover their sight.

Children don't usually complain about a vision problem because they don't know how well they should see. But the odds are one in 20 that a preschool child has some kind of eye disorder.

For a free booklet about saving sight, write your state Prevent Blindness Society.

HUDMAN'S Bigelow BLUE RIBBON CARPET SALE
