EVERYONE IS NEEDED TO MAKE PLANS MATERIALIZE

American Legion Coordinates City Park Efforts

The local American Legion post has "thrown the ball" in the game to get a city park. Various committees of the Legion post have been working tirelessly during the past several weeks to get the cooperation and services of various civic organizations, business firms and individuals and, at Tuesday night's Legion meeting, were able to coordinate a plan for a city park to be built by the citizens of Post for the use of everyone.

any other single organization cannot build a city park. But a park can be built if everyone will help, and the Legion members have enough promises of help to practically assure the eventual reality of a park. We will need the help of every group from the sewing clubs to the sidewalk political clubs," Camp said. "We certainly will need the cooperation of the Rotary and Lions clubs."

Bardwell indicated that his company would consider trading it for other property in the city. A committee is working on the "trade" angle this week. 2. Put up lights before construction is begun, as much of the labor will be done by Post citizens at night, if the Legion plans materialize. 3. Find a manager or overseer for the park. It was suggested that rent on concessions be given free to a reliable person who will take the responsibility of overseeing the park.

county facilities to grade out the dirt and haul in caliche for the courts. 2. Two shuffleboards. Local lumbermen have agreed to provide materials for making them. 3. Circular swing, ordinary swings and slide. Oil companies have agreed to donate the pipe for making the equipment, and the welding has been promised at cost. 4. Lights. Pipes will be donated by oil companies but fixtures probably will have to be purchased. 5. Barbecue pits. Bricks from the old refinery in south Post are available free of charge. 6. Two rest rooms with connecting storage space for park tools and equipment, and bandstand in front of structure. The concrete will be donated, as will

some of the labor, one of the Legion committees reported. 7. Grass. Coach V. F. Bingham, who hopes to organize a Boys Club here again this summer, said that if the club materializes, the boys will set out the grass. 8. Water and sewerage disposal. City officials are considering the project, and will report what can be done soon. The city is also considering assistance in negotiating for the park site, Commander Camp said. 9. Seats. A number of merchants, contacted by Legion committees already have indicated they will each buy a park bench on which the donor's name will be printed on the back.

"The American Legion—nor

Plans Are Submitted
The Legion committees have worked out the following plans to submit herewith to the public, for immediate action:

1. Tennis courts. County Judge J. Lee Bowen pledged use of

features" are possible
The Legion committees suggested the following "features" for the park, along with ways and means of bringing them about.

"The Post Dispatch Covers Garza County Like A Sandstorm"

The Post Dispatch

Volume XXIII Post, Texas "The Gateway To The Plains" Thursday, April 7, 1949 Number 22

Burning Trash Is Dangerous During Windy Weather

Fire Chief Homer McCrary issued a plea to Post residents to be careful while burning trash these windy spring days. The Post Volunteer Fire Department was called out twice this week to put out trash can fires that had got out of control.

Everyone should personally watch the fires he starts in trash cans, as the wind can blow the flames to neighboring houses and cause serious damage. Yesterday's fire alarm took the firemen and both trucks to the home of Loyd Edwards, where fire in a trash can was extinguished.

Good Crowd May Attend Firemen's Dance Next Week

Advance sale of tickets indicates a good crowd may attend the annual Firemen's Ball next Thursday night in the City Hall. The tickets, at \$2 a couple, may be bought from any member of the Post Volunteer Fire Department.

Private Meeks' Body To Be Returned Here

The body of Pfc. Delma R. Meeks, son of J. A. Meeks, is being returned from the Pacific area aboard the USAT Jack Pen-dleton, along with the bodies of 1,147 other servicemen.

Awards Presented To Cubs And Adult Scout Leaders

Despite adverse weather conditions the Post Cub Scout Pack sponsored its first annual kite flying contest Sunday afternoon at the airport, in the presence of 30 automobiles filled with spectators. Prizes were won as follows: Largest kite, a seven foot kite entered by Leonard Short; high-est flying kite, one entered by Ted Schultz which soared 175 feet; smallest kite, one made of three toothpicks by Donald Gilmore; best decorated kite, a but-terfly arrangement made by Leonard Short, and the most unique kite, a 2 1/2 inch long "kite" made of a piece of paper in a heart shape and folded in the middle, which had a piece of string for a tail and was

Permanent Date Set For Rodeo

The third week of May has been set as the permanent date of the Post Stampede and Rodeo, directors of the sponsoring association have announced. The 1949 rodeo will be held in the local arena May 18, 19, 20 and 21.

C. Of C. Banquet Ticket Deadline Is Late Friday

The deadline for buying tickets to the Post Chamber of Commerce banquet is tomorrow afternoon, as Mrs. Imogene Jewell, who is to serve the food, will need information as to the number planning to attend. The banquet will be held at 8 o'clock Monday night in the City Hall. Tickets, at \$1.50 each, may be bought at Piggly Wiggly, Collier Drug, Mason and Company, Texas Company, Wacker's and Post Truck and Tractor Company.

HD Council To Plan Bazaar And Dinner

A full attendance at the Garza County Home Demonstration Council meeting at 2:30 o'clock next Wednesday afternoon in the district court room is urged by the home demonstration agent, Mrs. Jewell H. Strasser. Plans will be made for a bazaar and for the Dress Revue dinner early in May.

Funeral Held In Mineola Monday For D. C. Anders

Daniel Crawford Anders, who had lived here about eight years, died at his home Saturday after a long illness. The body was taken to Mineola by Mason and Company for funeral services at the Concord Church Monday and burial in the Mineola Cemetery. The Rev. A. B. Cockrell, pastor of the First Methodist Church here, officiated. Anders was born in Fannin County on August 5, 1889. Survivors are his wife; three brothers, Martin and Turner Anders of Mineola and Foster Anders of Dallas; two sisters, Mrs. Levy Jeffery of Tyler and Miss Callie Anders of Houston; seven children, Mrs. Vertis Lee Stokley of Alice, Mrs. Dudder Lewis of Mineola, Mrs. Loyd Anthony of Post, Talmadge Anders of Lake-wood, N. M., Eldridge Anders of Kelly Field, San Antonio, Mrs. Annie Lois Walton of Post and Mrs. Ed Rose of Post, and 13 grandchildren.

Look Who's New

A son, weighing 8 lb., 11 oz., was born to Mr. and Mrs. Hazen Ricker at the Goodfellow Air Base Hospital, near San Angelo, at 8:30 o'clock Friday morning. He was named Ian Frank. Ricker, a former Post resident, is in the army at San Angelo. A daughter was born to Mr. and Mrs. L. C. Kline of Fort Worth on March 31 in the Harris Memorial Hospital in Fort Worth. She weighed 6 lb., 4 oz., and was named Vicki Jan. Mrs. Kline is the former Gloria Tuffing, daughter of Mrs. Winnie Tuffing. Dr. and Mrs. Lee Hedgecock of Minneapolis, Minn., are announcing the birth of a daughter, Laurie, on Saturday night. The baby weighed 6 1/4 lb. She is a granddaughter of Mr. and Mrs. L. A. Presson. Mr. and Mrs. Elton Lee are announcing the birth of a daughter, Belinda Diane, Sunday. She weighed 7 lb., 12 oz. The baby is a granddaughter of Mr. and Mrs. G. W. Lee of Brownfield, formerly of Post, and Mr. and Mrs. Milton Hester. Mr. and Mrs. L. M. Reep of Route 1 are parents of a son born March 27 in the Crosbyton Clinic Hospital. The baby weighed 9 lb., 8 oz., and was named Rickie Morris. A son, Thomas Earl, was born to Mr. and Mrs. Earl Bickle of Granbury at 9:35 a. m. Monday. The mother is the former Miss Vivian Graham, daughter of Mr. and Mrs. Perry Graham of Route 3. Mr. and Mrs. B. C. Case are parents of a daughter, weighing 7 lb., 2 oz., born at 9 a. m. Tuesday in the Mercy Hospital in Slaton. She was named Gail Layne. Case is the field worker for the Garza and Lynn County office of the Texas Department of Public Welfare here.

Let's Honor The Mothers . . .

Who are Garza County's most outstanding mothers? In observance of Mother's Day, May 8, the Post Dispatch will publish in the Tuesday, May 5, edition all the information submitted by friends and relatives of the most outstanding mothers in the county. A gift will be sent by the Post Dispatch to each, the youngest mother, the mother of the most children and the oldest mother listed in the information sent by the general public. A gift will also be sent to the mother about whom the most letters are written to the Post Dispatch. The deadline for submitting information about Garza County's most interesting and outstanding mothers is Friday, April 29.

Seven Trustees Elected In Local School Voting

Two hundred four votes were cast for 13 candidates in the election held Saturday at the City Hall to select seven members of the Post Independent Consolidated School Board. The winning candidates and the number of votes they received follow: Paul Jones, incumbent, 172; Dowe Mayfield of the Post Truck and Tractor Company, 154; George Tillman, incumbent, 150; Earl Rogers, incumbent, 131; James Minor of Mason and Company, 127; Raymond Redman, incumbent, 115, and Monta Moore of the Comanche Oil Corporation, 113. Other candidates and the number of votes they received were O. G. Hamilton, 95; Robert Cato, 91; W. M. Kirkpatrick, incumbent, 83; Jack Kennedy, incumbent, 68; W. S. Land, 54, and the Rev. D. A. Bryant, 48. Retiring and incoming board members met at the high school building Tuesday night to canvass the results of the election and attend to other business. Willard Kirkpatrick, retiring president, swore in the new board, and then officers were elected and the members drew for the number of years they will serve. Jones was elected president of the board and Mayfield was elected secretary. Mayfield replaces Marvin Hudman, who did not run for re-election to the board. Jones and Moore will serve one year; Minor and Redman will serve two years and Rogers, Tillman and Mayfield will serve three years. The board announced that on Wednesday night of last week the retiring board leased approximately 21 acres of school land to the Comanche Oil Corporation for five years.

Knowledge Is Only Defense Against Cancer At Present

The only defense against cancer at the present time is knowledge. There is no antitoxin or serum to protect you and your family against cancer. Your membership contribution to the American Cancer Society, Texas Division, will help spread knowledge on the prevention of cancer, according to James Minor, chairman of the cancer fund campaign in Garza County this month. The money may be placed in the coin collectors that have been placed in various local stores or sent directly to Minor. Mrs. T. L. Jones, chairman of the Women's Division of the countywide drive, said that her committee will raise funds through the women's clubs. S. E. Camp is assistant general chairman of the drive in Garza County. Cancer has been described as the nation's No. 2 murderer, and that 880 persons die from the di-

All Officials Re-Elected In City Voting

FIFTY VOTES CAST FOR THREE PLACES
Mayor John T. Herd and Commissioners Vachel Anderson and Glenn Kahler were re-elected for a second two year term in the city election held Tuesday at the City Hall. Although there were no opposition candidates on the ballot, eight people received write-in votes. A total of 50 votes was cast, as follows: Mayor—Herd, 43 votes; J. T. Curb, 3; Robert Cox, 2; Kahler, 1, and Clint Herring, 1. Commissioners (two places)—Kahler, 48; Anderson, 46; Alex Webb, 3; Bob Collier, 2; W. F. Presson, 1, and Ira Greenfield, 1. The election judge, J. T. Curb, was assisted by Alex Webb and Mrs. A. P. Ottinger.

Rainbow Benefit Forty-Two Party Will Be Tonight

The Rainbow Girls have been selling tickets all over Post this week to the benefit forty-two party which they will sponsor at 7:30 o'clock tonight in the City Hall. They are urging "everybody" to attend, but they will also sell tickets to anyone who cannot attend but would like to help with the benefit. Tickets also will be sold at the door.

Garza Quota Met In ARC Campaign

The 1949 Garza County campaign for American Red Cross funds went "over the top" early this week when the \$1,200 quota was reached. Bob Collier, campaign chairman, said yesterday that \$1,278.45 had been collected from the drive in Post and the rural areas of Garza County. This figure did not include proceeds from the well-attended "Womanless Wedding" which was staged in Southland Tuesday night as a Red Cross benefit.

Rural School Board Trustee Elections Not Yet Canvassed

Votes cast in the elections held for trustees in the County Board of Education, the Close City Independent School District, the Southland Rural High School District and the various common school districts of the county will be canvassed by the Garza County Commissioners' Court Monday and the results will be announced in next week's Post Dispatch.

Post Represented At Firemen's Meeting

The Post Volunteer Fire Department is well represented at the district firemen's convention in Breckenridge today. Among those attending were Fire Chief Homer McCrary, Bill Carter, Kenny Cash and others whose names were not available by press time.

NINE FINES PAID

Five people paid fines of \$1 and costs and one person paid a fine of \$10 and costs on speeding charges in justice of the peace court during the past week. Other fines collected were \$1 and costs for an extended load and two \$1 and cost fines for driving a commercial vehicle without a commercial operator's license. Peace Justice Jim King said.

ANOTHER VAPOR TRAIL

For the second time in recent weeks, the Post Dispatch telephone rang Monday with calls from News Tipsters regarding an airplane flying over Post and leaving a vapor trail across the sky. The second plane to do this here, flew over about Monday noon.

BAKE SALE PLANNED

The Post High School Senior Class will sponsor a bake sale in downtown Post Saturday. The place had not been determined by press time.

Wilson . . . all four, C. R. Gordon and Bobby, are open house on Saturday, April 9, at their location on Broadway. The popular people opened a young Service Station and Oil Service Station fourteen months ago and have added additions every month. The latest addition is a parts department and a spacious service department. A great deal of work has been spent to install very latest mechanical equipment for servicing cars, trucks and Diesel engines. Coffee and doughnuts served during the day and a dance will be held in the service department. A caller for square dancing is being arranged for the night's program. You are invited to see the departments and to have a look at the formal opening. Your special invitation to these fine fellows and gals issue.

4-H Club boys and girls issued a special invitation by John Hopkins, manager of the Garza Theatre, to see the "Green Promise" on Tuesday at the Garza. The play is the first production especially with 4-H club. It is a simple story of life with all its complications and obstacles, its happiness and tears. Letters were sent to 4-H club members in the early this week.

GETTING OUT On The LIMB by EDDIE the EDITOR

Two Page 1 stories in last week's Post Dispatch appeared to be in disagreement with each other. The headline on one of them said: "Post Population Has Dwindled By Several Hundred."

One fellow who came in to buy a paper last Thursday said: "I'll be dogged, says Post Population Has Dwindled By Several Hundred. It's impossible, you musta got yer figgers wrong."

The figures could be wrong, but J. T. Curb who made the estimate and who has made the official school census for several years, declares that his Greater Post population estimate of 3,208 people won't miss the true picture by 10 persons.

It is true that oil activities during the past half year have been almost negligible in comparison to what they were a year ago, and this could account for a decline of several hundred in population. It is also true that oil activities just recently have started picking up. It is quite likely that the newcomers with whom Post recently has been bulging were not counted, in full, in Curb's census.

Regardless of whether or not our population is less than it was a year ago, the town is still bulging at the seams for lack of housing. In my opinion, lack of housing holds Post back in its growth. It would be a mighty fine thing if somebody or persons would see fit to build at least one big, modern apartment building here.

Post had done very little for the oil people who have to live here while their industry is doing so much for Post.

The employees of Comanche and other oil companies that have been drilling consistently in this county over a period of several years, have spent hundreds of thousands of dollars here for rent, groceries, automobiles, clothes, restaurant meals, gasoline, road building and other dirt contracts. On the rent in a few instances, they have paid maximum prices for a minimum of conveniences.

The Comanche, and some of the other companies, have been liberal donors to Boy Scout, church and other activities for the benefit of the community and many of their employees have been active workers in church, Rotary, American Legion and other organizations essential to a good community.

It's not too early to start spraying around in the yards and alleys as a precaution against flies and other harmful insects. Our polio rate was pretty high last year: Four cases and two deaths in the county. It is known that flies are carriers of the polio virus.

It isn't much trouble to pick up a spray gun and spray the premises every few days with 5 per cent DDT.

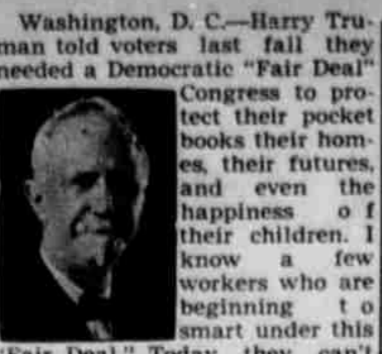

It seems there's hardly a month in the year when we along Main Street are not asked, begged and cajoled to donate to some sort of fund for the good of humanity.

Most of these causes are worthwhile, particularly the campaigns for polio and cancer research and cure funds.

As this is Cancer Control Month and a campaign is on to raise the Garza County quota for the Texas Division of the American

ROGER W. BABSON WRITES THIS WEEK:

Truman Doesn't Understand Business Functions

Washington, D. C.—Harry Truman told voters last fall they needed a Democratic "Fair Deal."

totals five to ten thousand, as many as 40 per cent of the working population are unemployed. The economic laws of life are catching up with Mr. Truman in spite of the clairvoyant prognostications of his economic pontificate. Retail sales volume has slumped. Rail, plane, and bus seats are vacant. Hotel accommodations are available without advance reservations. Automobiles are once again procurable. Food prices are down. Clothing prices have been slashed. The housing boom is busted. Business failures are up. Warehouses are full, and many concerns are burdened by too heavy inventories. Why?

The fact of the matter is, some thinking Americans are pretty well convinced that Harry Truman himself is not only killing the proverbial goose, but also smashing the golden eggs. Many sharing this opinion are American businessmen. They are the ones who supply the jobs. They are the main spring of every "Main Street" in every city—large or small—of the United States. They are best symbolized by sweat and ulcers.

question the President's business acumen. Give Freedom A Chance Perhaps there are no longer men left with the competitive spirit. Perhaps all Americans are fast becoming a bunch of leeches unwilling to exert the individual energy necessary to keep this country great. I cannot believe this. I am old-fashioned enough to believe in America and in those creative principles which have made her great. I think Mr. Truman needs to develop a similar faith in our country. He needs to add a fifth freedom to the now famous four—namely, FREEDOM OF ENTERPRISE.

experience, knowledge, and necessary inheritance to develop into a full-blown free man. But, how humans use these assets and their savings depends on environmental factors which alone develop industry, perseverance, competitiveness, and self-reliance. In short, the human organism must be adequately conditioned and motivated to "git up and git." This is a lesson in elementary psychology of human relations which President Truman overlooks.

free national economy. Melt the fat for melted baked puddings in the pan to save time and extra washing. Start melting the ingredients so that it is ready and the pan cooking when the batter is ready. Electric fans have a time use. Place the fan near fireplace, stove or radiator. It at the nearest wall or ceiling, and set at the slowest. In this position, the fan keep the warm air moving through the room.

Garza and the World

By EVELYN BOYD

Here we are in the first week of the most crucial month of the year.

By the end of this month, we will know pretty well what to expect in the business world during the remainder of 1949. We will know whether to expect a recession or a standstill in matters economic.

We should know pretty well by May 1 just how far Congress is going to string along with Truman.

And by May 1, we should have the worldwide reaction to the Atlantic Pact and get a pretty good idea as to just how imminent is war with Russia.

Now that the local elections are over, the month of April should be the determining period for whether or not an election is to be called to vote bonds for a new grade school and whether or not there will be oil drilling within the city limits.

Cancer Society, I've looked into the situation and found that your dollar contributed remains in Texas, and this is how it is budgeted for the 1948-49 program:

\$25 is used to help find out more about cancer; \$15 is used in support of the nationwide program of education, service and planning; \$13 is used to help county medical societies and local hospitals operate 10 tumor clinics in nine Texas cities, and in other ways to help the Texas cancer patient.

\$22 is used to help three Texas medical schools and otherwise to help doctors study cancer; and to tell Texas people the truth about cancer; \$04 is used to make studies and surveys for planning the Texas Division's future program; \$08 is used for year-round, statewide promotional activities including membership campaign and fund raising; \$08 goes into a reserve for unexpected expenses, equipment and emergencies, and only \$05 of your dollar contribution goes for administration.

It seems to me that a dollar given to the Texas Division of the American Cancer Society will do more than any dollar has done since the beginning of the war.

If you want to help cut the cancer death rate down from its present figure of one in eight persons, rush over and give James Minor, the Garza County campaign chairman, or Mrs. T. L. Jones, his assistant, as many of these dollars as you can afford to spend in this manner.

Although much remains to be learned about cancer through research, the American Cancer Society already knows enough to cure at least a third of those who now die from cancer neglected until too late. This is why the drive for cancer funds is so important.

THE WOMEN. God love 'em! To them, the family income is something they can't live without or within.

We will realize by May 1 that there will be no tax cuts for us this year or next or several years hereafter. This Atlantic Pact pledges us to arm Western Europe, Italy and North Africa and to fight for them in event of an attack from Russia, and it may lead to the eventual arming... by us... of the Middle East and going to war for the Mediterranean countries. This will cost money for years to come.

We should foresee by May 1, just how hogwild the farmers are going in matters of overplanting on wheat, potatoes, cotton and flaxseed because of the government's guaranteed price support program. What Congress does on this subject right now will determine whether or not prices are lower in 1950.

We will know after next week how much interest there is in the six-point program of the Post Chamber of Commerce to promote some badly needed civic improvements, such as a playground or recreation center for children and a hospital and a new grade school building. Attendance at the annual Chamber of Commerce banquet Monday night will be a clue.

To me, the local situation at this time looks better than the national and international situation. It think it was sordidly significant that Britain's Foreign Minister Ernest Bevin was showered with a barrage of eggs and tomatoes on his arrival here last week to sign the North Atlantic treaty.

What wonderful propaganda for Russia! "The United States is so upset internally that its citizens picket and throw eggs and tomatoes at a representative of a good ally!" This is one of the things I meant a week or so ago when I said we seem to be guarding our front door against the spread of Communism, but how about our back door?

In connection with all this Atlantic Pact talk, I was interested in a New York Times chart comparing the military strength of the East and the West.

The chart referred to military, naval and air personnel as "armed forces." It showed that the Atlantic Pact countries have a total of 3,702,000 people in the armed forces and 40,905 planes and that Russia and satellites

What Our Contemporaries Are Saying:

PREACHING AGAIN—The business of this newspaper is to disseminate information. And these days, people are just about as interested in news about food and clothes and garden tools as they are about people and politics. In the old days the sales managers used to preach. You have to tell 'em before you can sell 'em." Well, they've started preaching it again.—Gaines County News.

DANGEROUS ENTERTAINMENT—There has been some talk of having a Rodeo in Slaton this summer and of organizing a rodeo association. Slaton needs some kind of entertainment, personally I do not care very much for rodeos as it seems to me that it is a needless risk of life and of livestock, but it seems to be a very popular past time in West Texas, and if the folks want a rodeo here I believe it should be done, let the bones break and the heads crack just so it is not my head and my bones.—The Slaton Slatonite.

It showed that the United States had 1,655,000 people in the armed forces and 32,500 planes. The U. S. S. R. has 4,050,000 people in the armed forces and 25,000 planes.

Besides the United States, the Atlantic Pact Countries (including present and prospective members, stack up like this:

- Norway—15,000 in armed forces, 50 planes. Iceland—Negligible number in armed forces, no planes. Denmark—12,500 in armed forces, 30 planes. Great Britain—800,000 in armed forces, 6,000 planes. Benelux—165,500 in armed forces, 550 planes. Canada—39,000 in armed forces, 150 planes. France—685,000 in armed forces, 750 planes. Portugal—60,000 in armed forces, 575 planes. Italy—270,000 in armed forces, 300 planes. Russia's satellites stack up like this: Poland—175,000 in armed forces, 400 planes. Czechoslovakia—150,000 in armed forces, number of planes not known. Hungary—75,000 in armed forces, 75 planes. Rumania—225,000 in armed forces, 1,500 planes. Bulgaria, 175,000 in armed forces, 90 planes. Albania, 70,000 in armed forces, no planes.

Of course, I don't think number of men in armed forces and number of planes will be as important in the next war as they have been in past wars. A single plane carrying an atomic bomb can do more to win or lose a war than 1,000 planes carrying old-fashioned bombs.

We'll hear lots of war talk during the rest of the year. This will keep business in pretty good shape and head off a lot of unemployment, regardless of what Congress does about prices, labor laws and taxes.

tion from those who lived before us by such a great gulf of conduct. It seems by the law of average, that a few more rascals must have been among them.—The Matador Tribune.

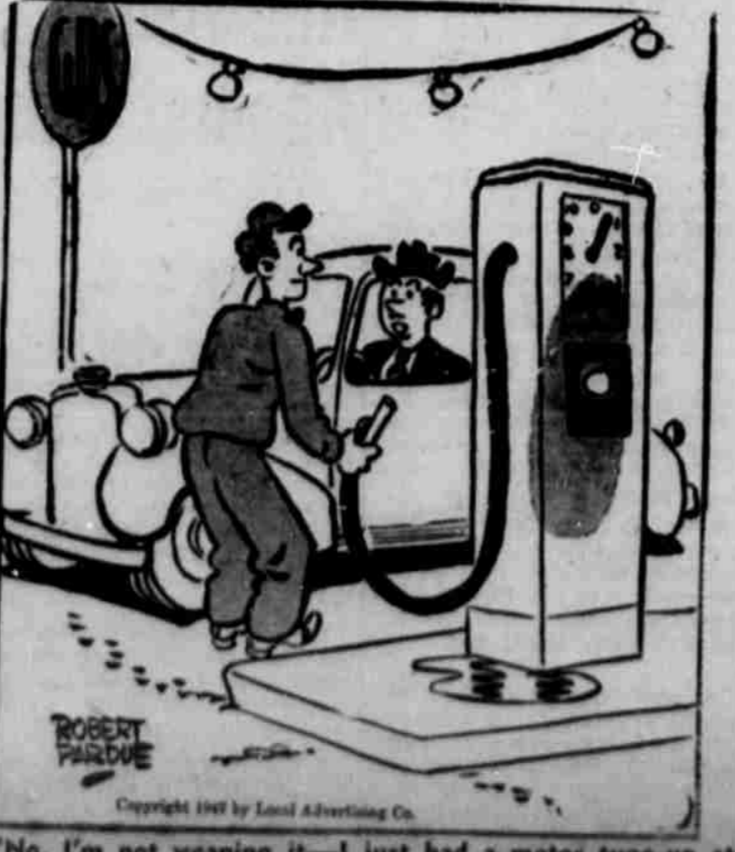

Lucky you! You weren't the 32,300 persons killed in mobile accidents last year why try to be one of those lessly missing this year carefully.

Six Grass Types Planted On Wilks Farm This Week

Forty-two farmers gathered at Russell Wilks' farm, two miles south of Grassburg, Tuesday to see a trial grass planting. The Duck Creek Soil Conservation District provided the seed for the planting, and a Soil Conservation Service drill was used to plant the seed. Six kinds of seed were used in

Plains Lumber Co. Co-Owner Claimed By Death Monday

Samuel Sidney Forrest of Slaton, 82-year-old pioneer South Plains resident and co-owner of the Plains Lumber Company here, died about 1 p. m. Monday in the Slaton Mercy Hospital after suffering a sudden stroke early that morning.

Mrs. B. E. Young was re-elected president of the Auxiliary to the South Plains Dental Society at a meeting in Lubbock last Thursday night. She will be installed at a luncheon May 26. Dr. and Mrs. Young will attend meetings of the State Dental Society and Auxiliary in Houston about May 1.

Carl Kline of Fort Worth is visiting his aunt, Mrs. Hub Haire of Southland, and other relatives in this area for several weeks. He returned this week from Fort Worth with Mrs. Haire and son, Johnny, and his aunt, Mrs. Jack Byrress, who had been visiting the Kline family. He is a grandson of Mrs. Winnie Tuffing.

NO "CANCER"

Gentlemen:
 Here is my contribution to help fight Cancer.

NAME _____
 ADDRESS _____
 CITY _____

Just write "CANCER" on the envelope containing your check or money order. It will be delivered to the American Cancer Society office in your state.

SIGN HERE... it may be the most important act of your life!

- Here's why your signature (with your contribution) means so much:
1. It will help train the minds that may unravel the final mystery of cancer.
 2. It will help support research that will shed new light on our country's No. 2 killer.
 3. It will help spread essential knowledge that will protect people against cancer.
 4. It will help bring comfort to those who are victims of the disease.
 5. It will help save the lives of 18,000,000 Americans now living who will die of cancer unless new methods of prevention and treatment are found.

So, in many ways your signature helps to safeguard your family, your friends — yes, even your own life from cancer.

Although cancer strikes frequently, medical science is better prepared than ever before to strike back. Today, cures for some types of cancer are no longer exceptional — thanks to the medical advances that you and thousands of other Americans have helped to perfect through contributions to the fight against cancer.

Yet, help is still urgently needed and that help can be supplied only if you will —

GIVE — GIVE MORE THAN BEFORE!

American Cancer Society

James Minor
 Garza County Chairman

Four children were born to Forrest and his first wife, all of whom have since died. S. Lamar Forrest, Lubbock lumberman and widely known civic and church leader, was last to die, on February 28, 1948. The first Mrs. Forrest passed away in January, 1942.

Forrest married Miss Florence Robinson of Athens in January, 1943. Other survivors are a brother, Will M. Forrest of Midway; three grandchildren, S. S. Forrest of Lubbock, Edwin L. Forrest of Slaton and Mary Jo Copenhaver of Lubbock, and eight great grandchildren.

Funeral services were conducted at 3 p. m. Tuesday in the First Methodist Church, of which Forrest was a charter member, in Slaton. Burial was in the Slaton Cemetery.

Pallbearers were George Gabel, Sugg Robertson, Joe Walker, J. S. Edwards, Jr., Linton Pruitt, T. H. Appling and J. T. Brooks, all of Slaton, and W. T. Barnett of Post.

planting this deep sand field, Little Bluestem, King Ranch Bluestem, Sideoats grama, Switchgrass, Sand Lovegrass and Weeping Lovegrass.

Attending, in addition to nine district cooperators, were members of two Garza County GI Vocational Agriculture Classes. Co-operators present were Mrs. L. A. Barrow, Tom Gilmore, J. W. McQueen, Carl Rains, E. O. Merrill, Wren Cross, Will Cravy, Wade Terry and W. C. Quisenberry.

HOW TO KEEP FOLIAGE

Fresh Foliage—When you dress up the house with fresh greens, it would be nice to have them stay fresh. There is now a liquid resin spray for cut foliage which preserves their freshness. It can also be used on shrubs and other transplanting stock. The resin is applied with an ordinary insect spray gun and dries at room temperature to form a thin, transparent coating over the plant or foliage.

Weekend guests of Mr. and Mrs. Richard Vardiman were her father, D. C. Scogin, and children of Clairmont; her brother-in-law and sister, Mr. and Mrs. Troy Havens of Tahoka, and her sister, Mrs. Bob Healer, and son of Ballico, Calif. **Walter Lee of Monahans** has been visiting his brother, Sam Lee, and his sister, Mrs. Jim Hays, and their families here this week.

Veteran Of U. S. Army K-9 Corps Visits Post, Shows Wounds Received On Palau

A distinguished war veteran visiting Post yesterday was Prince, a registered German Shepherd veteran of the U. S. Army K-9 Corps who is now in the Army Reserve and, as such, subject to annual check-up by the army.

The dog, was here with his owner, Charles H. Smith of Three Rivers, who is spending several months at Draw, and was visiting H. J. Dietrich, breeder of registered German Shepherds. Dietrich and Smith, of course, became acquainted some time ago through their famous dogs.

For the benefit of a Post Dispatch reporter, Prince happily went through a number of tricks, many of which were taught to him during the 21 months that he served in the army.

He jumped some three or four foot barriers, "checked his serial number" (tattooed on his leg), demonstrated how he guards his master's purse or car and will not eat until his master says "chow," and performed a number of other feats of precision training.

Was "Detrained"

Prince, of course, did not demonstrate his military prowess from which he was "detrained" by the army after returning from service in the Southwest

Pacific, where he was wounded on Palau. He showed his battle scars, his army discharge but ton, his K-9 Corps identification tag, and his master showed his army discharge papers. Smith, however, was unable to show Prince's official pedigree as the Army has never returned his registration papers.

The dog, which was six years old on March 15, has been owned by Smith since he was six weeks old. As is typical of his breed, Prince was devoted strictly to Mr. and Mrs. Smith before going into the Army. In service, he learned to obey the commands of a number of people and today he will perform his routine stunts for anyone who knows how to give the commands. He did not recognize his master after receiving his army discharge, but within four days he again became strongly attached to the Smiths.

Once commanded to "guard" something, nobody but the person who gave the command can touch it. In this manner, Prince guards Smith's car and will not allow even a traffic cop to put a ticket on it.

Got In Trouble

He is a gentle, lovable pet and, despite recent publicity to the contrary, he retains no signs of any viciousness that may have been taught him in the army. In February, practically every newspaper in the nation carried the story of the "trouble" he was in after accidentally biting a Tahoka man, who had fallen on the ice.

Prince was acquitted and a death sentence was averted when it was proved that he had received a rabies shot at regular intervals since going into the army. As he is still in the reserve corps, the periodical rabies shots are still required by the army.

Asked what the dog was worth in terms of money, Smith said he was offered \$800 for him the day he received him back from the Army. "But the Army spent that much on him, training him. I wouldn't sell him for \$800 or any bigger amount."

Since rejoining the Smiths, Prince has done a bit of work for his board and keep. Among his jobs was performing stunts for a Hollywood dog star in a recent movie. The Hollywood dog, of course, received the screen credit.

Steel Bottle Necks . . .

Cleaning pipe in West Texas Gas Company's pipe yard.

Are Hard to Break

West Texas Gas Company is spending approximately \$2,250,000 this year to meet your demands for natural gas service.

Although most materials are available for the 1949 improvement and expansion program . . . there is still one big "bottle neck." The "bottle neck" is the scarcity of steel pipe in the quantity and quality required.

To meet the demands for natural gas service, large sums of money are being spent replacing various sizes of lines in our transmission system and in our distribution plants with larger pipe.

When a line is replaced it is necessary to recondition the pipe we take out before it can be used elsewhere.

Pipe that we remove from the ground is cleaned, inspected and tested with all the meticulous care of new pipe. It is subjected to high pressure tests and pipe that will not stand "above normal usage" is discarded.

Costs of reconditioning pipe, new steel pipe, wages, and other items have risen sharply during the past few years . . . yet despite the increased costs . . . natural gas service for your home and business is still furnished you at pre-war prices.

Post Millers To Practice With Slaton In Postex Park Sunday; Other Games Slated

The Post Millers, who have been working out in the Postex Park every Thursday afternoon for several weeks, are "shaping up" rapidly for the Oil Belt League Season and will play their first practice game of the season with Slaton in the local park at 2 o'clock Sunday afternoon. Admission prices will be 50 and 25 cents.

It is tentatively planned that two practice games will be played with Lamesa soon, Saturday afternoon, April 16, here and Monday afternoon, April 18, in Lamesa.

A game with the House of David, famous bearded professional team, has been scheduled for May 9 in the Postex Park. The Millers hope to have new uniforms by the time the season opens. Committees are contacting local merchants this week to find out whether enough suits will be bought for the team. The donor's name will be on the back of each suit.

Some new talent has been added to the Miller roster and, according to Walter B. Holland, local baseball authority, "the new boys are shaping up real good."

PHS Among Best In Boys' Tennis

Having won their places among the best in the south half of District 4-A, the Post High School boys' doubles and singles tennis teams will draw for their opponents among the best in the north half. The district playoff will be at O'Donnell Saturday, beginning at 10 a. m.

In the south half playoff at Slaton yesterday, the P.H.S. boys' doubles team, consisting of Bobby Pennington and J. G. Cash, defeated Slaton 6-1 and 6-0, and Thomas Johnson, Post's entry in the singles playoff, defeated O'Donnell's player, 6-2 and 6-3.

Mrs. Fred Cravy's Father Dies From Collision Injury

Friends of Mrs. Fred Cravy of San Antonio, the former Miss Margaret Williams who taught in the Post School System before her marriage, were saddened to learn of the death of her father and the critical illness of her sister and niece, the result of an automobile-truck collision near Stamford Monday night of last week.

Mrs. Cravy's father, Dr. C. W. Williams of Lueders, and his daughter, Mrs. Hubert Deere, and daughter, Frances, of Dallas were traveling in Dr. Williams' new automobile at the time of the accident, in which the vehicle was hit broadside. The three were taken to a hospital in Stamford where Dr. Williams died Tuesday night, 23 hours after the accident.

Frances, the 15-year old granddaughter of Dr. Williams, was still in critical condition by yesterday but was said to be improving. Mrs. Deere, who was still in the hospital, was convalescing satisfactorily by Wednesday.

Mrs. Cravy, on hearing of the accident, flew from San Antonio to Stamford before her father died. Mr. Cravy joined her in time for the funeral in Merkel Wednesday of last week. Dr. Williams was buried in the family plot, where his wife was buried two years ago.

Mr. and Mrs. Cravy came on to Garza County after the funeral to visit his parents, Mr. and Mrs. Will Cravy. He returned to San Antonio last Thursday and she went to Stamford to

Socialization Of Medicine Opposed By Farm Bureau

This district of the Texas Farm Bureau Federation has joined with the American Farm Bureau Federation in opposing compulsory health insurance programs such as those contemplated in the Murray Bill (S.5). Mrs. W. C. W. Morris, Farm Bureau secretary for Garza County, wrote the Post Dispatch.

The board of directors of the American Farm Bureau Federation has issued the following statement:

"Tremendous progress has already been made in meeting our health problems through voluntary health associations, which provide medical and hospital services to members on a pre-paid basis. We give all-out support to the extension of such services on a voluntary basis, but we strongly oppose plans under which the Federal Government would embark on programs providing similar services on a compulsory basis. We have consistently opposed compulsory health insurance, not because we fail to appreciate the seriousness of the problem, but we believe the desired result can be achieved more completely, more satisfactorily, and more democratically by other means.

"We favor adequate health services, accessible at all times to citizens through voluntary programs providing hospital and medical care, facilities to train more doctors and nurses, establishment of local public health units, and broad programs of health education.

"We believe that voluntary programs result in better medical service in greater volume than will be provided by any provided by any compulsory program, and at the same time will do much to develop individual self-reliance and independence."

Mrs. Morris wrote that the Farm Bureau has taken a firm stand to fight socialized medicine in all meetings during the past two years, and the subject has been widely discussed at all semi-annual district meetings in Lubbock. Her letter said, in part:

"Socialized medicine is our main topic of discussion when we consider our health program, and we all agree that the movement is Communist-inspired and we can't hit it too hard from every direction. We must do everything in our power to stop this terrible thing. All cooperatives join with the Farm Bureau in the movement to put our strength behind a serviceable program that will forever put an end to such bunk here in our United States.

"We can do it and we will," says our Texas Farm Bureau president, J. Walter Hammond. He really thinks the American people are becoming concerned about this threat. I want to add: It's certainly time."

Post And O'Donnell Tops In Volleyball

Post and O'Donnell became the top volleyball teams in the south half of District 4-A in a series of games played here last weekend. The will go to Leveland tonight to begin the district playoff, with the two top teams of the north half of the district.

stay with her relatives until their dismissal from the hospital.

Accurate Social Security Record Emphasized Here

When name and number, as shown on the Social Security tax return, do not match Social Security records, it is impossible to determine whether the name is right and the number wrong, or whether the number is right and the name is wrong.

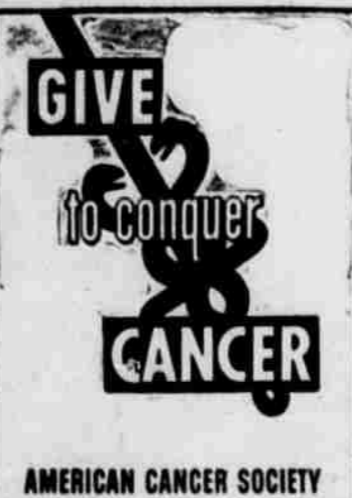

Thus Gerald L. Schantz of Lubbock, Bureau of Old Age and Survivors representative of the Federal Security Agency who was in Post yesterday, described the importance of employers' keeping accurate Social Security records.

"It's like 'Eney, Meeny, Miny, Moe,' which the children play to determine who is to be IT," Schantz said in explaining the difficulty which the Social Security Administration often experiences in picking the proper account to credit with wages reported on a Social Security tax return.

Federal insurance, he said, pays monthly benefits to retired workers and their wives at age 65. Monthly insurance benefits are also paid to widows and children of deceased workers who are insured at the time of their death.

The size of benefits depends upon the amount of wages credited to the individual account of the worker involved. Wages reported without an account number or with an incorrect account number often cannot be credited to the proper account; therefore, the rate of benefits paid would be less than the amount bought and paid for.

Two New Borden County Oil Fields, Kent And Garza Operations Attract Attention

New discoveries of oil in Borden County last week added interest to the South Plains area drilling picture.

A new oil field from the Canyon lime of the Pennsylvanian has been discovered in south-central Borden County, six miles northwest of the nearest production in the Vealmoor field of north-central Howard County, by Seaboard Oil Company of Delaware and the Pan-American Production Company No. 1 T. J. Good.

On a drillstem test of the Canyon at 7,220-40 feet with the tool open one hour and forty minutes, gas showed in three minutes. Drilling mud reached the top in 38 minutes and oil began flowing to tanks in 42 minutes.

It flowed for the remaining 58 minutes of the test at the rate of 22 barrels of oil per hour. No water developed.

By the weekend, operator was laying down drill pipe preparatory to running casing to make production tests in an attempt to complete the discovery.

"North Gail Field" A new oil field in northwest Borden County was opened by the completion of H. L. Hunt No. 1-B Clayton and Johnson, discovery in the Spraberry section of the lower Permian 11 miles northwest of the town of Gail.

On the potential test, the well pumped 24 hours to make 40 barrels of oil. Gas-oil ration was 400-1. Gravity of the petroleum was 41 degrees. Of the total fluid recovered, 27.2 per cent was water.

The Spraberry pay zone at 5,730-5,760 feet was previously treated with 500 gallons of acid. The operator by last weekend was planning to ask for a Railroad Commission hearing on the new discovery, suggesting the pool be named "North Gail Field."

Offsetting this strike, H. L. Hunt has staked his No. 2-B Clayton and Johnson directly southeast of the pay opener. It is scheduled to start drilling at once with rotary for an attempt at production from the lower Permian.

In the same vicinity of these two developments, Sinclair Prairie Oil Company No. 1 Williams, was making hole last weekend from 4,987 feet in lime.

Penetrating Shale In south-central Garza County, the Plymouth Oil Company No. 1 Sims, wildcat projected to 8,500 feet, was under 7,724 feet by last weekend and penetrating shale.

In central Kent County, drilling was continuing by last weekend toward 7,000 feet at Hiawatha Oil and Gas Company and M. E. Davis No. 1 Bert Wallace, wildcat five miles south-east of Clairmont. It was beyond 3,384 feet in lime and shale.

The Ohio Oil Company No. 1 J. J. Emery, slated 8,100 foot venture in northwest Kent County was making new hole by last weekend from 1,933 feet in lime.

Duckworth, Curb Win News Prizes

The first prize of \$2.50 in last week's News Tip Contest went to Ira Lee Duckworth for a tip which led to an authoritative release on an oil story. The second prize of \$1 went to J. T. Curb, who submitted figures on the population of Greater Post.

Honorable mention went to Mrs. Carrol Jean Huff, for information which kept the Post Dispatch from overlooking the new daughter of Mr. and Mrs. James Altman; to R. D. Travis, who reported that Guy Speck was on the 50th anniversary program of the Rochester Baptist Church, of which he is a charter member, and to Mrs. H. G. Smith for an interesting clipping sent by her daughter, Mrs. Harry Hostler of Philadelphia, Pa.

The contest will continue indefinitely. Mr. and Mrs. Everett McCaugh of Petersburg visited Sunday in the home of her parents, Mr. and Mrs. J. A. Propst.

Verbena Bits

Please Send News Not Later Than MONDAY to HENRIETTA NICHOLS, Verbena Correspondent

We welcome Mr. and Mrs. Vinson Bilberry and family of Spur to our community. He is a grandson of the late Vinson Bilberry who organized the Verbena Baptist Church. Garza County's first church. Weekend visitors in the Bilberry home were their daughter, Mrs. Henry McGee, and family of Littlefield.

Mr. and Mrs. Leonard Morton of Post visited in the V. B. Redding home Saturday night.

Mr. and Mrs. Bruce Tyler, Mr. and Mrs. Jack Taylor, Mr. and Mrs. J. W. McQuilen, Mr. and Mrs. Allen Lucas, Mrs. Edna McClendon and son, Don, and John and Henrietta Nichols attended a singing in the Bernice Bilberry home Saturday night.

Mr. and Mrs. Fred Cravy of San Antonio were recent visitors in the home of his parents, Mr. and Mrs. Will Cravy. Mrs. Fred Cravy's father, Dr. Williams, was killed in an automobile-bus wreck near Stamford recently. Dr. Williams' daughter and granddaughter were seriously injured in the collision.

Minnie Lee Mathis of the Garza County Community spent the weekend here in the home of Mr. and Mrs. Al Bird.

Entler Edwards of Denton has returned home after completing a deal to sell the four-section Allison estate to Mr. and Mrs. Paul Beach of Montana, son-in-law and daughter of Al Bird. Homer Cravy of Andrews is visiting his parents, the Will Cravys, this week.

A recent visitor in the home of Bernice Bilberry was her mother, Mrs. H. L. Futch of Dickens.

BITS OF NEWS

Mr. and Mrs. L. G. Thuett, Mr. and Mrs. L. G. Thuett, Jr., Mr. and Mrs. H. N. Crisp, all of Garza County, and Mr. and Mrs. E. O. Terry of Tahoka are spending several weeks in Hot Springs, N. M. They will return about April 10.

Mrs. H. B. Kennedy had major surgery in a Lubbock hospital Tuesday. Her children, Mrs. J. W. McQuilen of Amherst, Mrs. Howard Rankin, Mrs. Edna McClendon, Mrs. H. A. Karpe and Pete Kennedy were with her in Lubbock Tuesday.

Mr. and Mrs. Charlie Bird and daughters, Beverly and Margo, have returned from Durango, Colo., where they visited her parents and saw "lots of snow."

Bailey Matsler left Monday for Morenci, Ariz., where he will be engaged in carpentry work. His family will remain here for awhile.

Mr. and Mrs. W. C. (Nibs) Warren and family and Mr. and Mrs. Tom Gates and daughter, Ann, of Lubbock visited Mr. and Mrs. Bob Warren Sunday.

TRUCK DAMAGED

An oil truck owned by Walter Duckworth was badly damaged by fire at 2:30 a. m. Saturday in southwest Post. The fire was caused by gas in a crude oil tank which was being filled with water. Fire Chief Homer McCrary said.

Dispatch Is One In Southeast Texas

Practically every other of the Post editorial columns in one or more West Texas papers.

But last week, E. G. Garza and the World editor, as far away in County in southeast Texas, reprinted it from the County Herald, giving the Dispatch credit. It was about the Lubbock dumpers in a free distribution postoffice wastebasket area every week.

Eddie the Editor's "Limb" of several weeks ago, quoted in several of the next week. Among them were the Hockley County and the Terry County. Last week the Lubbock reprinted it from the County Herald, giving the Dispatch credit.

It was about the Lubbock dumpers in a free distribution postoffice wastebasket area every week.

'Teen-Agers Prefer Magnanimous Words To Slang

Whether the Post High School student body is like their parents—'cookin' with the real Bikini,' the Post made a quick survey.

Students and students interviewed with interest. Today's parents are used as parents ever when their children with adolescent doubt of them were unaware of the revolution has made strictly a of the young person he "gets a bang" out of his observations come in telephone conversation which they can't help but as 'teen-agers' are

the city's most ardent telephone users besides the Post Dispatch interviewer and the committees to call people about the bridge or forty-two or sewing parties.

"Necking" Unheard Of
From Mrs. Walter Boren, the Post Dispatch learned that today's youngsters don't know the meaning of the word "necking." Even "woo pitching" is obsolete. Today's youngsters simply call it "courtin'". The "jerk" of Mrs. Boren's youth is now a "drip."

From Mrs. Boren's daughter, Mildred, the interviewer learned that the Post high school student's don't go in for slang like they do lots of places, but here are a few of their favorite expressions:

"Natch" means naturally; girls

are "chicks" and boys (certain types) are "beautiful" or "love-ly;" a good physique is "stack," and anything the students don't like is "corny." In Mrs. Boren's day, only the "hicks" were corny.

"Funy" means almost anything, either good or bad. If a girl has her first date with a boy, the next day her pals ask "Was he funy?" If the girl had a good time, she answers "Yes," with enthusiasm. If she didn't have a good time (he wasn't "funy") she answers "Yeah," with a slow drawl.

Expressions Are "Upperplate"
Am Floyd verified Mildred's statement that the Post bunch uses a minimum of slang and they are still using such "upper-plate" (old or prewar) expressions as "that sends me." The latest terms are "that vibrates me," "that has a large charge" or "that's oogly." On the other hand, a junior who is irritated, if he is up-to-date, will announce "I'm buggy" or "I've got the bots" (an animal disease).

Am says the local slangsters don't even know that "wolf" is a "washed up" expression since the correct description became "makeout artist."

Poisoned Bait Is Recommended For Cutworm Control

Cutworms, which feed at night by cutting small garden plants off at the ground line, can be located in the soil at or near the base of injured plants and then destroyed.

County Agricultural Agent Louis Herron told the Post Dispatch that one of the best and cheapest methods of control is to poison the cutworms with a bait mixture. This is done by distributing poison bran mash thinly along the rows or broadcasting it late in the evening. The formula is as follows:

Bran, 10 lb.; paris green, sodium fluosilicate, or white arsenic, 1-2 lb; low grade molasses, 1 pt.; sufficient water to make a stiff mash (usually 1 1-2 gallons), and the juice of 1 orange or 1 lemon may be added.

Mix the bran and poison dry and then dilute the molasses with the water. If the juice of the orange or lemon is used, add it to the solution at this time. Mix the liquid thoroughly with the poison bran. Add more water if necessary to obtain a mash that when squeezed in the hand readily falls apart. The above formula is sufficient for baiting one acre. Prepare bait in the morning so that bran can absorb the poison before using in the evening.

In plots known to be infested with cutworms, much injury can be prevented by broadcasting poison bran mash over the area a day or two before plants are set and after the soil has been prepared for planting. It may take more than one application to control the worms.

Herron cautioned that the bait is poisonous, and children livestock, poultry and pets should be kept away from it.

Life Of Christ Is Film Subject

The public is invited to see a motion picture of "The Life of Christ" sponsored by the Post High School Junior Class at 8 o'clock Monday night in the high school auditorium. Tickets at 50 and 25 cents may be bought from the Juniors or at the door.

The film, which is on a tour of churches and schools throughout the nation, was produced in Egypt and the Holy Land by the famous Oberammergau Players, who have been producing the original passion play for over 300 years.

Cheryl Sue Norris of Route 1 won an electric clock in a contest at the formal opening of the new Hoisum Bread building in Lubbock last week.

Aw, Turn Blue

Another phrase not yet introduced here to replace the fine, contemptuous "Drop Dead" is "D.D.T." (Drop Dead Twice.) In some places, today's adolescents have another alternative (that is, those with vocabularies do). It's F. F. F. T. O. Y. F. F. (fall fatally flat five times on your fat face.) A succinct form of this is "Turn Blue."

New Term For "Moron"

If he continued to boast, one of the juniors would advise him: "You may take three giant steps." He might be given a hint that he was an "E.N.P.M." (an egotistical, neurotic psychopathic mo-mo, or moron). He might also be told his understanding was "nowhere." If by some miracle, however, he should happen to catch "the hang" of the new slang and make a good remark, he would be greeted by an approving "Bong!"

Oh, You Flutter-Bum

"Dreamboat" is passe for a masculine idol; he is a "lover-boy" now. A beau of one's own age is a "flutter-bum."

A man in need of a haircut is "Nature Boy," and a haircut is "the new look on an old shnook," or "a new peak on an old beak."

That Droopy Look

When a boy glances with interest at a girl, it's a look that needs suspenders. Someone who can't make up his mind is "a long-legged to-be-or-not-to-be."

Parting remarks are "The current is pushing me" or "I'm cutting off." (A little girl once told this reporter on the telephone: "You better hush now, I'm gonna hang up.")

Mr. and Mrs. W. E. Dent

left Tuesday for Fort Worth to visit their daughter, Mrs. Howard McCampbell, and family and other relatives. Mrs. Dent planned to remain there until after Mother's Day when she would attend a family reunion in honor of her mother, Mrs. S. A. Morrow, of that city.

Mrs. G. M. Brass of Socorro, N. M.

and her son-in-law and daughter of Fort Worth visited the W. E. Dent family Sunday en route from Socorro to Fort Worth where Mrs. Brass was to visit her mother, Mrs. S. A. Morrow, formerly of Post.

Laws Observing 20th Year Here With Big Sale

A. B. Haws, in announcing a 10-day Haws Department Store sale in observance of his 20th anniversary in business here, said that he and his son and junior partner, Burnon Haws, are now looking forward to their 40th anniversary.

The Haws family came here 20 years ago this month from Lubbock where A. B. had been associated with W. O. Stevens' store. He became manager of the local Stevens Store, which he later bought and opened with its present name in 1933.

In appreciation of the excellent business which the Garza County customers have given them during their 20 years here, A. B. and Burnon are marking down practically everything in the store for the sale, which will last throughout next week.

Many of the bargains are listed in an advertisement elsewhere in today's issue.

Main Street--

(Continued From Front Page) choice of flowers.

Look at your skin, everyone else does, so says Maggie Childress in advising you to get ready for the summer season with a series of Dermetic treatments. Lois Howell of the Unique Beauty Shop is reminding you that you have only eight shopping days till Easter and to make your appointments early for your beauty work. This advice can be followed by all patrons of the beauty shops. Give the girls a break by getting "fixed" early and by being on time for your appointments.

O. D. Cardwell has a few wise words in his ad this week. Be sure and read it, as well as all the other ads. You'll find grocery specials galore and should take advantage of Pure Food Market's 9 cent sale. Shop their ad for unusual 9 cent items.

In a hurry these days? Then order your dessert from your favorite grocer... Parker's Pies, that is. They are delicious. Call your special orders into Parker today.

Formal Opening To Be Held Soon By Wilson Bros.

The public is invited to attend the formal opening of the new Service and Parts Departments of Wilson Brothers Station, on south Broadway, Saturday. Coffee and doughnuts will be served all day, and dancing will be in order from 8:30 until 11:30 p. m.

The Wilson Brothers, C. R. and Gordon, and their wives opened the station here 14 months ago, in a new 24 by 26 building. Within a few months, they added a 26 by 28 wash and grease room, and just recently they have built on a 36x54 room for the service and parts departments. The Wilsons came here from Graham.

In announcing the plans for the open house, the four Wilsons expressed appreciation for the confidence and courtesies from their local patrons and said they are trying to give the best possible service to their customers.

"We are confident that we

Plan City Park

(Continued From Front Page)

10. Labor. "The project can be carried out ONLY if everybody, big and small, gets to work and donates whatever services, men and materials he can to take advantage of the materials and services already promised," Camp said.

John Bayless represented the Legion in making most of the contacts which made it possible for the Legion to "throw the ball" for the park project, Camp explained.

To Sponsor Scouts
The American Legion post also announced yesterday that it has undertaken the sponsorship of Troop 11 of the Boy Scouts, and appointed R. A. Moore Scoutmaster and Jess Wright assistant Scoutmaster.

Committees were appointed to attend to the rebuilding of the two boxcars, near the Legion Hall, for a Boy Scout headquarters. The walls between the boxcars will be removed and put on the ground for a floor. The building will be roofed and stuccoed. Boy Scouts and members of the Legion Committees will do much of the work.

The committees include L. J. Richardson, Jr., Burnon Haws, L. N. Roberts and Alex Webb. At least two other committeemen are to be appointed, Camp said.

The local American Legion post, which passed its assigned 113 membership quota some time ago, has set a local goal of 200 members. The post now has 170 members. "As soon as we enroll those extra 30 members," Camp said, "we are going to give a big dance for our 200 members and their ladies."

Trustee Elections

(Continued From Front Page)

It was also announced that Basil Puckett and J. L. Williams have the contract to move two war surplus buildings, bought recently by the school system, to Post and that the moving was to begin this week.

The board will meet at the grade school building next Tuesday night.

now have the finest equipment in this area," C. R. Wilson said. Some of the equipment which recently has been added is listed elsewhere in today's Post Dispatch.

Mrs. A. R. Tyson who has been visiting her daughter, Mrs. Ed Warren, left today for a short visit in Rotan before going to her home in Atlanta, Ga.

LEGAL NOTICES

No. 316
**Guardianship of Kathryn And
 Nancy Williams**

IN THE COUNTY COURT OF
 GARZA COUNTY, TEXAS
NOTICE OF APPLICATION

To all persons interested in
 the Above Minors or their Estate:
 You are notified that I have
 on the 6th day of April, 1949,
 filed with the county clerk of
 Garza County, Texas, an appli-
 cation under oath for authority
 to make an oil, gas and/or min-
 eral lease on that certain real
 estate in which said minors
 have an interest, described as
 follows: 36.43 acres of land in
 Garza County, Texas, described
 as being out of Survey No. 1225,
 Abstract No. 304, E.L.&R.R. Co.
 and 1.3 acres of land in Garza
 County, Texas, described as out
 of Survey 1225, Abstract 304, E.L.
 & R.R. Company as set out in the
 application; and the entire in-
 terest of said minors subject to
 being leased; that the judge of
 said court on the 6th day of
 April, 1949, duly entered his or-
 der designating the 18th day of
 April, 1949, at 10 o'clock a. m. in
 the county court room of the
 the county court of said county
 as the time and place when and
 where such application would be
 heard at such time and place.

**Weather Man Plays
 Trick On Bandsters**

The weather man played an
 April Fool trick on the Post
 School Band members who went
 to Lubbock last Friday to march
 in the Tech Rodeo Parade.

As the spring weather decreed
 for the first day of April includ-
 ed rain, sleet and snow, the pa-
 rade was called off and the ro-
 deo events were canceled.

The band members, however,
 enjoyed a brief vacation from
 school.

Increase Noted In Vehicle Licenses

T. H. Tipton, deputy tax assessor-collector for Garza County said this week that 1,286 passenger vehicle plates were issued by the March 31 deadline. This was 116 more passenger vehicles plates than were issued by the 1948 deadline.

Two hundred ten commercial vehicle plates and 170 farm vehicle plates were issued by the deadline. The increase in commercial vehicle plates was 90, Tipton said.

Brownfield Play Is Canceled For Post

The play, "Henry's Hired Aunt," which the Brownfield High School Senior Class was to have presented here tonight, has been canceled, the Post High School Senior Class, which was to sponsor the entertainment, has announced.

For Quality Printing Call 111.

Thirty-One Approved Practices Listed By Garza County ACP For Conservation

Five hundred fifteen farmers of Garza County have indicated that they will participate in the 1949 Agricultural Conservation Program, according to Will Wright, chairman of the County Agricultural Conservation Committee. A total of 464 farmers participated in the 1948 ACP. This was 75.3 per cent of all farmers in the county.

Wright said that an increase in participation can be expected this year over last because there has been an increase in authorized funds, and the limit of assistance to any one farmer has been increased from \$500 to \$750. Then, too, progress has been made in building up basic understanding about the program among farmers—how it operates and why it is necessary for the farmer and for the county.

Farm plans already filled out by farmers who have signed up in the 1949 program show that contour listing leads the 26 soil and water conservation practices approved for Garza County farmers.

Wright urged farmers who have not yet signed up to consider the conservation needs of their farms on the basis of the most serious conservation problems, check these against the approved practices for the county and to concentrate on most needed practices. The most urgently needed should be given first consideration in making plans for 1949.

Following is the complete list of practices from which farmers may make their selections:

1. Construction terraces.
2. Construction diversion terraces.
3. Establishing a vegetable waterway to dispose of excess water without causing erosion.
4. Field strip cropping.
5. Subsoiling to permit better penetration of water.
6. Bringing clod forming subsoil to the surface of sandy cropland to prevent wind erosion.
7. Leaving on the land as a protection against wind erosion the stalks of stubble of sorghums or millet.
8. Managing crop residues to protect soil from wind erosion.
9. Contour listing, contour chiseling, cross-slope chiseling, basin listing or pit cultivation.
10. Contour seeding drilled legumes, or small grains.
11. Control of bindweed.
12. Constructing or enlarging drainage ditches.
13. Installation of tile drain-

14. Leveling of irrigation land for which water is available.
15. Reorganization of a permanent farm irrigation system to conserve water and prevent erosion.
16. Drilling or digging wells for livestock water on range land.
17. Installing pipe lines for livestock water.
18. Constructing earthen dams or reservoirs for livestock water or erosion control.
20. Eliminating destructive plants on non-crop pasture and range land.
22. Reseeding range or pasture land by deferred grazing.
23. Constructing fireguards on non-crop pasture and range land.
24. Establishing or improving permanent pastures by seeding adapted pasture grasses, pasture legumes, or mixtures of grasses and legumes.
26. Growing a green manure or cover crop of summer legumes.
27. Establishing a cover crop of winter legumes.
28. Turning under or leaving on the land a satisfactory stand and growth of rye seeded in the fall of 1948.
31. Applying potash and super-phosphate.

Soil Conservation Plans Written For Several Residents

Soil Conservation plans were written for Allen Bird and Paul Beach during the last week. Terrace construction is to start immediately. There will be approximately 6 miles of terraces built in addition to three diversion terraces.

Bird intends to defer grazing on all of his pasture land during the spring growing season, the Duck Creek District Soil Conservation office announced.

Conservation plans were also written for Jimmy Bird, and the J. C. Reid farm at Polar.

Terraces have been completed on the Al Bird-Stoval farm and the farms of W. E. Havens and J. C. Reid.

Weeping lovegrass was planted on two acres of land on the Reid farm.

Arrows are carried in a quiver.

Ampare Iturbi Will Be Presented With Lubbock Symphony

The Lubbock Symphony Orchestra has announced a change of date for the final concert of the 1948-49 season. Ampare Iturbi, internationally famous pianist and a sister of Jose Iturbi with whom she has appeared in many movies, will appear with the Symphony on May 6 and

THURSDAY, APRIL 7, 1949 THE POST DISPATCH
 Mr. and Mrs. Gerald Hamage of Levelland were guests of Mr. and Mrs. Preston Mathis on Tuesday night.

Ceylon is an island in the Indian Ocean.

Post Mentioned In "Pioneer Preacher"

Post is mentioned in the new book, "Pioneer Preacher," by Opal Leigh Berryman, which is a current Literary Guild of America selection.

Mr. and Mrs. Hans Hudman, who are reading the book, say the setting is in West Texas, mainly in the Lamesa area, but that C. W. Post and the founding of this city, Mr. Post's pioneering in the breakfast food business and his dynamiting for rain experiments are mentioned in the story.

"El Paso" Story To Be Shown Here Sunday, Monday

John Hopkins, manager of the Garza Theatre, believes that the theatre patrons will have a special treat in Paramount's Cinecolor adventure-romance, "El Paso," which will be shown here Sunday and Monday.

Said to be absolutely tops in Western entertainment, the film combines all the known and loved ingredients of the action thriller with some sweeping bold innovations. It co-stars John Payne, Gail Russell, Sterling Hayden, George "Gabby" Hayes and Dick Foran, and the supporting cast includes Eduardo Noriega, Mexican film favorite in his American debut, Henry Hull, Mary Beth Hughes, H. B. Warner and Bobby Ellis.

The story, based on Lewis R. Foster's brilliant screen play by the same name, is set in the 1860's when the lawless Texas border town defied every rule of decency and honor, gaining for itself the title it took decades to live down—"the coffin corner" of the state.

Salvation Army Is Helping Local Folk

Captain Gregory of the Salvation Army headquarters in Lubbock was guest speaker at the Rotary Club Tuesday noon at the City Hall. He described the work of his organization in this area and said that his workers are collecting approximately \$50 a month in Post. A good portion of this money is being used here to help a needy family.

Captain Gregory was accompanied to the meeting by Bill Robertson, former social welfare worker here who is now with the Salvation Army in Lubbock.

Southland News

Please Send News Not Later Than MONDAY to MRS. FLOYD KING Southland Correspondent

Mr. and Mrs. John Lee, Jr. of San Angelo spent the weekend visiting her parents. Mr. and Mrs. C. S. Lindsey, Mrs. Lee remained here for a week's visit.

Mr. and Mrs. W. J. Cline and children of Post visited in the James Parks home Sunday.

C. S. Lindsey was director of typing at the district interscholastic meet in Lubbock Saturday.

Mr. and Mrs. Ernest Bartlett and family of Crosbyton visited his father, J. I. Bartlett, Sunday.

Mrs. Nellie Mathis and Sue and Mrs. Nettie Kellum visited the L. B. Mathis family in Brownfield Sunday.

J. F. Moore is a patient in the Lubbock Memorial Hospital.

Polly Stotts, who is attending college in Denton, is visiting her parents here a few days.

Mrs. W. P. Fullingim and Mrs. Ila Jackson of Lorenza visited the Rev. and Mrs. Fullingim and family here Sunday.

Mr. and Mrs. Pete Pennell of Canyon Valley spent Sunday here with Mr. and Mrs. Robert Pennell.

Mrs. D. D. Pennell and children visited relatives in Post Saturday.

Mr. and Mrs. Otto Klaus visited their son and family at Wilson Sunday.

The Tom Kaysingers of Lubbock visited Sue Kaysinger, Thursday night.

The revival meeting at the First Baptist Church closed Sunday night. Several out-of-town visitors were present for the Sunday services.

Mrs. R. S. Bearden of Lubbock spoke on missions at the Methodist Church Sunday in the absence of the pastor and her father, the Rev. E. N. Scarlett.

Mr. and Mrs. Trull had as their guests Sunday her brother-in-law and sister, Mr. and Mrs. Raethel, of McAdoo.

Visitors in the Ed Martin home Sunday were Mr. and Mrs. Ira Martin and sons of Hurlwood, Mr. and Mrs. Loyd McNabb and son, Loyd Martin and wife, all of Ropes. The McNabbs were en route to Dallas on business.

Mr. and Mrs. Albert Basinger of Lubbock, Mr. and Mrs. O. E. Boyd and children of Lorenzo, Mr. and Mrs. Sam Ellis and children and Mr. and Mrs. C. E. Basinger and son visited Sunday with Mr. and Mrs. G. W. Basinger.

Mr. and Mrs. S. C. Cummings of Ackerly visited here last week. They were driving a new Hudson. They were en route to Arkansas on a fishing trip, accompanied by some friends from Lamesa.

The Junior play which was presented Friday night was a success and a good April fool joke climaxed the evening's entertainment: Some one put a pad lock on the door as soon as the auditorium was filled with people and one of the members of the audience had to crawl out a window to unlock the door before the crowd could leave.

Mrs. Nettie Kellum has returned home after visiting with her son, Walter, and family in Rogers, Ark.

Mr. and Mrs. A. H. Anderson visited relatives in Lockney over the weekend.

Mrs. Jess Hendrix and children of Lubbock are spending this week here in the R. E. Cox home.
