

Jaws of life prove worth on first use

Post's new "jaws of life" were used for the first time Monday afternoon to cut the pipe on which a Snyder man was impaled in a cattle guard accident on the Gail highway.

EMT Bonnie Medlin, who was at the scene and was able to keep the man alive with intravenous infusion, told The Dispatch Tuesday: "The jaws have already paid for themselves."

Clarence Foster, 57, Snyder oilfield man, who had a two-inch pipe and a smaller rod impaled through his body just below the rib cage, is in critical condition at South Park Hospital — but still alive at Dispatch press time Wednesday.

The unusual accident occurred shortly after 2 p.m. Monday 18 miles out on the Gail highway when Foster started to drive his pickup through a cattle-guard.

The gate, made of two-inch pipe, apparently had blown half open by the wind.

Apparently Foster did not see the gate and drove into it. The two-inch pipe with a smaller rod on top went through the right headlight of the pickup, over the motor and came out in the truck cab to the right of the steering wheel.

Foster was impaled on the two-inch pipe and the smaller rod with the two going six inches through his body just below the rib cage.

Royce Josey drove by the accident scene moments after the crash and radioed to Post for an ambulance.

The "jaws of life" were also brought out by the fire department in a pickup with a crew of four, consisting of Fire Chief Bobby Terry, Silas Short, Dwayne Capps and Richard Bennett.

The "jaws" were used to cut the pipe just in front of Foster so Foster could be removed from the pickup cab. The pipe which had entered Foster's body "fell out", according to Mrs.

Medlin, onto the floor of the cab after it had been cut.

Mrs. Medlin, one of the three Post EMTs trained in special skills, administered the infusion to Foster to replace lost body fluids at the accident scene and

keep his blood pressure up.

Foster was given emergency examination at Garza Memorial Hospital and then rushed to South Park Hospital in Lubbock by an EMT crew consisting of Weaver McKamie, Mickey

Haas, and Mrs. Medlin. He underwent immediate emergency surgery.

Still in a critical condition, Tuesday, he was given a 50-50 chance to live by attending physicians at the hospital.

In 'Great Post Turkey Drawings' —

Merchants to give away 45 turkeys

Forty-five Thanksgiving turkeys, weighing from eight to 12 pounds each, will be given away here Monday, Nov. 23, in a Thanksgiving promotion sponsored by 27 Post merchants and the Post Chamber of Commerce.

Each store has designated how many turkeys it will be giving away. Individual drawings will be conducted in each of the 27 stores.

Those signing up in the "Great Post Turkey Drawings" do so without obligation and do not have to be present to win.

Lists of the 45 winners will be posted in each of the 27 participating stores following the drawings.

Winners will be given "turkey orders" good for one turkey, weighing a specific number of pounds, which may be picked up

either at Jackson Bros. Meat Packers or United Super Market.

Persons can sign up between now and Nov. 23 in as many stores as they like and as often as they like.

Remember — the more stores you sign up in for the turkey drawings the better your chances because a separate drawing will be held in each store.

(See 45 turkeys, Page 16)

Top evaluation marks to Shiver —

Schools are given good audit report

Post school trustees got a "good report" Tuesday night from their auditors on the district's handling of its financial affairs for the 1980-81 school year.

The audit showed the school district entered its new fiscal year Sept. 1 with a fund balance of \$1,460,279.

(In recent years, the district has carried a balance of a million dollars or more into the new school year to finance fall operations before property tax money started pouring in.)

The fact was brought out that the school district earned approximately \$168,000 in interest last year.

The final payment on the school district's debt of \$75,000 was made to retire the 1959 bond issue to build the high school and high school gymnasium.

A note of interest here, the interest rate on the bond issue was only four percent.

The audit also showed the district collected 98.6 percent of its property taxes last year, virtually all of it before the penalty deadline.

Kenneth Robison of the CPA firm of Hearn, Criswell and Robison told trustees that Post is "the only school district I know of that allocates all expenses for athletics to its

athletic fund, including all coaches' salaries."

As to the evaluation of Supt. Bill Shiver by the auditors on financial matters, as requested by the trustees, Robison said Shiver got top marks on every

aspect of fiscal responsibility.

Robison said Post probably has the most accurate school accounting system "I have ever seen."

He said that as an (See Good report, Page 16)

Postings

By JIM CORNISH

We were rather surprised last Thursday night when we went with David and Ruth Ann Newby to Dr. Sankar Chatterjee's lecture at the Tech Museum on "A New Triassic Reptile from Texas" — meaning our Postosuchus — to find that we were the only Post folks present.

He had a lecture room full of mostly young people, undoubtedly students, and he gave an interesting lecture with a slide presentation. We got to see some of the fossil remains of the Postosuchus which Dr. Chatterjee had carefully removed from the Dockum Rocks, 12 miles southwest of Post.

Of course what we are looking forward to as far as Dr. Chatterjee is concerned is putting together a skeleton of the Postosuchus for the Tech Museum. That still is an estimated two years away.

From the lecture we gathered Dr. Chatterjee also has been fossil hunting in the antarctic. Part of the lecture was devoted to an explanation of the theory that all the continents of the earth were once one single land mass and in the transition period while they were developing into individual continents India was a continent by itself, later to become joined to Asia.

We thought a lot more Post folks would be interested in what was going on around here about 180 million years ago, but we now figure everybody has to stay home and rest at night just to keep up with what is going on around here today.

The district court hearing on Tahoka and Slaton fan requests seeking an injunction against a UIL ruling requiring both schools to forfeit their first seven football games this season because of ineligible players is slated to get under way at 10 a.m. today in Tahoka's Lynn County Courthouse before District Judge George Hansard.

The scuttlebutt we hear is that if the two town groups win their fight today the UIL will carry an appeal to an Amarillo court where they have been before and expect to win.

Anyway, when Judge (See Postings, Page 16)

FOOTBALL QUEEN — Marinette Hays, daughter of Mr. and Mrs. Pete Hays was named football queen for the homecoming festivities at Cisco Junior College held Saturday, Oct. 31. Crowning ceremonies were held during halftime of the homecoming game. Marinette is a freshman student at the college and is a member of the basketball team. Mr. and Ms. Hays attended the Parent Day festivities which included a coffee, luncheon and guests at the football game.

Fifty Fourth Year

Post, Garza County, Texas

Thursday, Nov. 12, 1981 Number 24

Acts on base radio, copier, street sweeper, new computer station —

City on buying spree

The city council was in a "buying mood" at their November session Monday night.

Councilmen purchased a new base radio station and a new copier for the city office and opened bids on a new street sweeper.

The municipal body also authorized advertising for bids to purchase a second station for the city's IBM computer so two office employees could use the computer at the same time.

The new base station for the city radio communications will be purchased from Motorola of Amarillo for \$1,410. It was the lowest of four bids.

The two-way base station has a 60 watt output with desk microphone and is of solid state construction.

The new copier will come from Pitney-Bowes of Lubbock that will cost a net of \$2,207 with \$700 offered for a trade-in of the city's present Pitney-Bowes copier.

Six bids were received on the street sweeper. Air Machinery of Odessa bid three different models at \$60,474, \$39,893, and \$50,288; IDS's bid for a suction type was \$42,685; and West Texas Equipment Co. of Lubbock bid \$46,076 on a brush type sweeper.

The city's 8 or 9 year old sweeper is "worn out" and a replacement was budgeted.

City Superintendent Mike Sanchez was asked by the council to check the operating cost per mile of the respective brands and their longevity with neighboring towns now using them.

The council will have a called meeting Monday night, Nov. 23, to select the street sweeper they will order.

In other actions, the council:

Was visited by Mike Custer, Chester Morris and Duren White over a bad drainage problem in their residential area and at the intersection of 10th and Avenue S. They were told the council already was "at work" on the problem.

Was told that the terms of airport board members Bud Howell, Tom Drake and Harold Lucas are about to expire. Action on this will be taken at the December meeting.

Decided to wait on an

Stockholders to meet Nov. 23

The annual stockholders meeting of the Post Stampede Rodeo Association will be held at 7:30 p.m. Monday, Nov. 23, in the bank community room.

opinion of Attorney Harvey Morton on a fire agreement from Spur before taking any action on the agreement.

Decided to wait until budget making time again

before acting on Dr. Harry Tubb's request that his city health officer salary be increased from \$50 to \$100 a month.

The council met an hour

early in an effort to complete their business in time to watch the Dallas Cowboy game on TV, but missed the first quarter in completing their agenda.

County draws new precinct lines

The reapportionment of Garza County into county commissioner precincts and for the election of justice of the peace and constables was finally completed Monday by the Garza County Commissioners Court.

The county has been busy

with the project for several months and obtained legal advice from the state reapportionment authority in Texas on procedures to conform with all federal requirements.

The court adopted orders adopting county commis-

sioner precincts, order adopting precinct for the election of justices of the peace and constables, and the order adopting county election precincts.

The following new precinct boundaries have been established:

Precinct 1 — Beginning at the intersection of West 10th Street and North Avenue M, north on North Avenue M to the intersection of FM Road 207, north city limits of Post and Santa Fe Railroad See Precinct lines, Page 16

City sets one more interview

The city council will interview its sixth candidate for the local city manager position here today.

The council decided on the interview Monday night following three last week and two others two weeks before.

No date has been set for making the final selection though it could come up at a called meeting Monday night, Nov. 23, when a decision will be made on a new street sweeper.

The city is paying the expenses of candidates to come to Post for their interviews.

Angry oilfield worker sought —

He actually shot the lights out

You've heard the expression "shooting the lights out."

Well, one angry young oilfield worker did just that Friday on a Garza drilling site.

Danny Austin of Big Spring was fired from the drilling crew of the Quadrill Drilling Co. last Wednesday.

On Friday he returned to the drilling site and shot all the lights out of the company's drilling rig with a 22 automatic rifle.

The drilling crew locked themselves in the doghouse and weren't harmed.

After shooting out the lights, it is alleged by the crew that Austin took out a

knife and "cut up" the tool pusher's trailer house.

The company filed a felony charge here against Austin. He has yet to be arrested.

An estimated \$400 in damages were done to the rig lights and \$250 to the tool pusher's trailer.

But that wasn't the only unusual story out of the sheriff's office this week.

A motorist called in Tuesday morning that two white juvenile boys were laying pieces of iron across the Santa Fe tracks near the overpass on the south edge of the city.

Deputies won the foot race with the pair to arrest (See Lights out, Page 16)

Highway employes praised —

'82 United Fund is over halfway mark

The 1982 Garza United Fund drive is now slightly over halfway to its goal of \$12,325, Drive Chairman Jim Cornish announced this week.

Collections to date total \$6,279.50. Cornish reported two more employee divisions of the drive completed with 100 percent participation.

These were the state highway department with 25 employes and the ASCS and SCS employes with six

employes. The George R. Brown employes already reported as 100 percent prior to the actual opening of the drive.

"One of the best examples of renewed interest being shown this year in the United Fund effort is the results turned in by Julian Smith, who headed the state highway employes division.

For the first time, all 25 highway employes here made fund contributions. They totaled \$218, the most

ever raised in that division too.

"This was an outstanding effort and all highway employes are to be commended for their generous response," Cornish said.

The Postex Plant employe division is just getting rolling, Walter Didway, chairman of that division reports.

Several drive divisions including farm and ranch, private citizens, and court- (See United Fund, Page 16)

Dispatch Editorials

Page 2 Thursday, Nov. 12, 1981 The Post (Tex.) Dispatch

It's understandable, but—

The opposition of landowners of the proposed Justiceburg lakesite which surfaced last week is all very natural.

Why take our land is their question? They would prefer to remain a rural ranch area and stick strictly to the cow business and oil wells.

Be that as it may they will be battling an overpowering American democratic force which for a better term we shall call "public interest."

Maybe it doesn't seem fair that a city of nearly a quarter million people 55 or more miles up the road can walk in and buy up their ranch lands and build a lake for a water supply.

But that is what is called progress here in America.

For those who get stepped on in the process it may be both hardship and heartbreak.

Once the lake is built nothing will ever be the same around Justiceburg again. That lake will mean recreation — and lots of it. Boating, fishing, water skiing, lake front cabins — the whole bit, both good and bad.

The landowners have raised questions and in December in Austin they will receive

answers to those questions. They don't like it and most of us probably wouldn't either if we were in their shoes.

If Lubbock has the right answers to the water permit hearing in December, that city probably will receive the permit it seeks.

Condemnation proceedings are something else. The lake site price may turn out to be pretty high! That will bring both parties to the courthouse here in Post.

But this is only the start for Lubbock. They have to sell the project to their own voters, prove to one and all they have a feasible water plan, and then pay the cost for a new water system which also will include the purchase of water from a new White River district lake which would be constructed east of Post.

Think of all those pipeline right of ways which must legally be nailed down and the pipeline construction which in itself will be a tremendous undertaking.

The Dispatch well understands the desire of the lake site landowners to be left alone so they can continue to live in peace. Maybe it isn't fair for the dispossessed. But it's being done all over America almost every day.

Challenge to smokers

The Great American Smokeout coming up next Thursday, Nov. 19, offers the cigarette smoker sort of a "fun day" or "do it together day" to see if he or she has enough resolve to try and quit the often deadly habit.

The Great American Smokeout is sponsored by the American Cancer Society, and the joint effort of determined smokers always draws many unusual activities all over the nation.

An armadillo recently acquired by the San Antonio Zoo will serve as honorary chairman of the 1981 Smokeout in Texas, it was announced Saturday.

The Smokeout is the way the smoker can casually join a united effort to see what happens if he or she lasts the day out without lighting up.

It doesn't do much good for non-smokers to badger smokers to quit. Smoking is a

habit not easy to break unless its absolutely necessary, or one wants to challenge himself or herself in a test of mind over matter.

Smoking is dangerous to your health, just exactly as it says on the cigarette package. The American Cancer Society decided to try a different approach with the Great American Smokeout. It got off its soap box and organized a day in which it invites all smokers to simply test themselves by giving up smoking for 24 hours.

The Dispatch thinks its a great idea. We would like to see it catch on right here in Post. We'd like to see the Great American Smokeout promoted here with some unusual twist to call attention to the opportunity it offers.

How about joining the effort and give up your cigarettes next Thursday? Or must you admit you're not strong enough to do it?

Will Bill Heatly retire?

We're reading in some West Texas papers the speculation that State Representative Bill Heatly may retire next year rather than risk defeat in running for reelection against Rep. Walter Grubbs of Abilene.

Grubbs, who was Congressman Omar Burleson's righthand man for years, was elected to the legislature for the first time two years ago.

The political thought is that Heatly has only 17,000 of his former constituents in his new 78th legislative district which means most voters in the district don't know him.

Among the 17,000 are Garza's 2,600 eligible voters, so the future of Heatly is of some local interest.

It seems Grubbs has more former constituents in Heatly's district than Heatly has. What's more since the new district line was drawn within a mile of Grubbs' home in Abilene, Rep. Grubbs is considering moving his homestead a few blocks into Heatly's district and taking on the veteran legislator in the 1982 Democratic Primary.

At this point it is all conjecture. But the interesting angle is that Heatly no longer has his district all locked up so to speak. He is vulnerable. If it isn't Grubbs, it could be somebody else.

Don't be surprised in 1982 if Garza County isn't represented in the lower house of the legislature by a new face — new at least to Garza County which seldom saw Heatly over once a year.

So much sadder

Sport fans the nation over these past few years have watched with both anguish and disbelief as sports teams and sports stars left the field or court to seek decisions in the courtrooms of the land.

To us it is a sad commentary, that this football district will have its post season playoff team and district football champion selected in the Lynn county district courtroom in Tahoka today rather than on a

gridiron Friday night.

The difference between the national sports scene and its court battles and the district football decision to be made today in the Lynn County Courthouse is that this time the legal battle was enjoined not by team owners, schools or players, but by the fans themselves.

That makes it so much sadder.

"Three D's and two F's. Hey, that's great!... a full house!"

New drilling at Justiceburg

Four drilling locations, one a new wildcat and another a wildcat plug back, have been announced for the Justiceburg area of Garza County.

The wildcat is Permian Resources, Inc. No. 1 Griffis, four and one-half miles south of Justiceburg which will be drilled to 8,250 feet.

The wildcat plug back is Hinkle Exploration Ltd. No. 2-U-A Parks, six miles southwest of Justiceburg which was drilled to 8,391 feet.

The other two locations are Exxon Corp.'s No. 21 and No. 23 Birdie R. Alexander, eight miles southeast of Justiceburg which will be drilled to 2,400 feet.

BUY A NEW JOHN DEERE TRACTOR NOW. FORGET THE FINANCE CHARGES UNTIL JUNE.

Now is the best time to buy that new John Deere tractor you need. From now through January 30, 1982, come in and make your best deal on a new John Deere tractor, models 4040 through 8640. No finance charge will begin until June 1, 1982. And the same special offer applies to the new John Deere or used implements you buy with your tractor.

If you prefer to lease, you will receive a 10% discount on the same tractor models. Ask about it. Come in now and look over our selection. You could end up working with a new John Deere tractor while you save on finance charges.

Cotton prices remain weak
LUBBOCK — Prices paid growers for High Plains Cotton remained weak during the week ended Nov. 5. Mixed lots of mostly grades 42 and 52, staples 31 and 32, mike 35-49 brought about 49.65, according to Mack Bennett, Area Director at USDA's Marketing Services Office in Lubbock. This was 35 points lower than a week earlier.

Damp, cloudy weather moved across the High Plains Friday morning and harvesting slowed. Most early ginnings have been from fields treated with harvest aid chemicals and hail damaged fields, Bennett said. Most growers are expected to delay harvest until after freezing temperatures provide a natural kill.

Lubbock's Marketing Services Office graded 22,100 samples during the week ended Nov. 5. This brought the season's total to 29,000 and compares with 206,000 graded by the same date last year.

About 50 percent was grade 52 and 20 percent was grade 42. Below Grades accounted for 18 percent. About 39 percent were reduced one grade for bark and one percent for grass.

Staples were 20 percent staple 31, 35 percent staple 32 and 23 percent staple 33. Staples averaged 32.4 thirty-seconds of an inch during the week.

Micronaire was 41 percent 35-49, 16 percent 33-34, 22 percent 30-32, 15 percent 27-29, five percent 24-26 and one percent below 24 for an average of 34.

Breaking strength averaged 24 grams per tex. Gins paid growers \$70 to \$85 per ton for cottonseed.

FRIENDS VISIT
J. B. and Hope Robinson of Tow, Texas, visited Verna Roberts and other friends and relatives recently.

Congressman

Charles W. Stenholm

Congressional Comment

WASHINGTON, D.C. — Among the first goals set forth in the Preamble to the Constitution were those to establish justice and insure domestic tranquility.

Legislation dealing with those two goals will be among the key issues that Congress faces next year. Crime — and what to do about it — is on the lips of all Americans and we must all recognize that the rights of all Americans are threatened by acts of wanton violence.

No one can argue that too many of our citizens live in fear and too many have lost faith in our system of justice. The basic right to go about our daily lives unharmed, to feel secure that the very old and the very young will not be victimized, that our property and our persons will not be violated is guaranteed in our Constitution. You need only to pick up today's newspaper, however, to know that that guarantee has not been met adequately.

We must first recognize that justice should be guaranteed for the victim, as well as for the accused. Far too often today, we read of instances where the opposite would appear to be true and it would seem that our legal system is now geared toward overzealous protection of the rights of the accused, many times at the expense of the rights of the victim.

The federal criminal justice system is in need of important procedural changes. We must address the problems of bail reform, pretrial services, services to victims and witnesses, sentencing reform, increased fine levels, improved forfeiture laws, appellate review of sentences by both the government and the defendant, tighter speedy trial laws, and clearer expressions of federal prosecutorial policy.

For too long the criminal justice system has neglected those who are in need of its protections: victims and witnesses, jurors and other officers of the court. These problems must now be addressed.

The right to domestic tranquility is as important as the right to a common defense (in fact, it comes first in the Preamble). The Constitution preserves important rights and responsibilities for the states and I do not believe that the federal government should attempt to replace those positive tenets of our Constitution.

I do believe, however, that the federal government has an important role to play in the nation's war on crime. Federal criminal statutes must be revised to address problems for which state and local government lack the capability or resources to cope. Examples of areas which are distinctly federal in character include drug trafficking violations, immigration offenses and offenses intertwined with organized crime or interstate movement.

Some specific legislative direction has already been of-

introduced a set of policy suggestions that deal with many of the above areas. While I have, as yet, taken no position on his legislation, I do agree with his assessment that this problem should not be turned into a partisan issue.

As with past issues that critically affect our country — budget and tax issues are two that come immediately to mind — I strongly support a bipartisan approach to this problem that demonstrates that we, as a Congress, believe the defense of our society from internal aggression is too impor-

639 books checked out

Post Public Library readers checked out 639 books during October to bring the total checked out for the first 10 months of 1981 to 7,049, Librarian Pee Wee Pierce reports.

These included 478 adult books and 161 for juvenile readers.

Two art prints were tant to be left to petty party bickering.

checked out during the month and 53 new books added to library shelves.

This brings the library's book offerings to 13,363.

Twenty-eight more books were discarded during the month to bring to 904 the total number of books discarded this year in an effort to remove from shelves outdated volumes.

Fifty-one reference questions were answered during the month and six more books borrowed on inter-library loan for local patrons.

Lunch Menus

LUNCH
Monday, barbecue on bun, broccoli, vegetable sticks,

The library's movie projector was checked out 16 times and a total of 21 films were shown to 433 persons, most of them in the two local rest homes.

Four more story hours were held Friday mornings with 10 youngsters attending.

prune cake with icing, home made buns and ½ pint of milk.

Tuesday, pocita with chili, lettuce wedge, pinto beans, peaches and ½ pint of milk.

Wednesday, apple sticks, applesauce and ½ pint of milk.

Thursday, rice, sausage, toast, juice and ½ pint of milk.

Friday, assorted cereal, fruit and ½ pint of milk.

Wacker's Pre-Christmas Sale starts today, because it's never too early to save.

Wacker's won't wait to the last minute to offer you great Christmas gift savings. Shop now and beat the rush.

Shop early and choose from a wide variety of gift items for all the family. Also, you can beat the crowds.

With Wacker's Lay-away you can put aside gifts now for as little as 10%

down. You have until Christmas to pay the remainder.

Wacker's will store your Lay-away items for you away from the curious eyes of children.

After you wrap-up your Christmas shopping you can wrap-up your presents with wrapping papers, bows, and ribbons from Wacker's.

Reflections of His Love

featuring Joni Eareckson

Every life has its unanswered questions... its hidden fears... its unspoken doubts... its quiet hurts. But Joni Eareckson is living proof of His power to satisfy... to comfort... to meet every need. And that's why knowing Him is everything.

A presentation of World Wide Pictures producers of the film JONI.

SUNDAY -- NOVEMBER 15 6 p.m.

Church of the Nazarene

Winn's Advertising Policy

Winn's attempts to please our customers at all times. That includes having ample quantities of advertised items on hand. But occasionally, due to unforeseen reasons, an advertised item may not be available for purchase. In this event, Winn's will issue a Rain Check upon request for the item to be purchased at the sale price as soon as it becomes available. If the item will not be available within a reasonable time, the customer may purchase a similar item at a comparable reduction in price. Merchandise designated as available in "limited quantities" will be sold on a first come, first served basis while quantities last. Winn's reserves the right to limit quantities purchased so that as many customers as possible may benefit from advertised prices.

Wedding date is Jan. 2

Mr. and Mrs. Stanley Butler announce the engagement of their daughter, Ritalynn, to Gordon Bruce Fullmer, of Fresno, Calif. Miss Butler is a graduate of Post High School, and is currently attending South Plains College. She is also employed by Texas Instruments in the consumer products credit and collections group.

Fullmer was graduated from the University of California at Berkeley, and is employed with International Harvester, as district marketing training manager of the Fresno district.

The wedding will take place, Jan. 2, 1982 at the Lubbock Hilton Inn.

Diaper shower for Mrs. Williams

Mrs. Andy Williams was honored with a diaper shower Saturday, Oct. 17 in the home of Jamie and Amber Sims.

Guests presented the honoree with diapers and all necessary accessories.

Blueberry muffins and punch were served to the approximately 15 who attended by Jenda Roe.

THERE'S A NEW COOK IN THE KITCHEN

There's a new cook in the kitchen... a cook who's preparing food for fewer people (often only himself or herself), has less time to spend over the stove and who can select from a multitude of food options other than "home-cooked" to get dinner on the table. This new cook is a reflection of the changing structure of the American household.

Since the beginning of the century, the average household size has declined from 4.76 to 2.81 and is expected to drop to 2.6 by 1985. While the female member of the family is still likely to do most of the cooking, she now has less time to spend in the kitchen. Today, 60% of women, ages 20 to 64, work outside the home. And 53% of these women also have children.

Today's consumer has the option of selecting from an increasing variety of convenience foods. In 1900, all bread was homemade. Frozen food made an entrance in 1929. And, the first cake mix was introduced only 30 years ago.

These changes mean families do less home cooking and, therefore, purchase staples, such as flour, in smaller packages. In 1930, the 25-pound sack of flour was the best selling size. Today, it's the 5-pound sack. Many consumers prefer even smaller sizes, such as the 2-pound sack and 13.5-ounce shaker of Gold Medal Wondra® flour.

While home cooking hasn't ceased, recipes must be quick and easy. Here's one that makes good use of leftover turkey or chicken. A real time-saver comes from using Wondra flour, which lets you mix the creamy sauce in seconds because it dissolves instantly and lump-free in cold water.

TURKEY TETRAZZINI

- 1 package (7 ounces) thin spaghetti
- 2 cups turkey or chicken broth (cool)*
- 2 cups half-and-half or milk
- 1/2 cup Gold Medal Wondra® flour
- 1/4 cup margarine or butter
- 1 1/4 teaspoons salt
- 1/4 teaspoon pepper
- 2 cups cut-up cooked turkey or chicken
- 1 cup sliced pitted ripe olives
- 1/2 cup sliced almonds
- 1 cup shredded Cheddar cheese (about 4 ounces)

Cook spaghetti as directed on package; rinse under running cold water and drain. Heat oven to 350°. Mix broth, half-and-half, flour, margarine, salt and pepper in 3-quart saucepan. Heat to boiling over medium heat, stirring constantly. Boil and stir 1 minute. Stir in spaghetti, turkey, olives and almonds. Spread in ungreased rectangular baking dish, 12x7 1/2 x 2 inches. Sprinkle with cheese. Bake uncovered until hot and bubbly, 25 to 30 minutes. 6 servings.

*Chicken broth can be made by dissolving 2 chicken bouillon cubes in 2 cups boiling water. Or use canned broth or broth from cooked chicken breast meat.

Jackie Melvin is honored

Miss Jackie Melvin, bride elect of Michael Gonzales, was honored with a bridal shower Sunday afternoon, Nov. 8, at the Holy Cross Church hall. Special guests included the honoree's mother, Anna Basquez, her future mother-in-law, Mrs. Eva Gonzales and Susie Mendieta.

The serving table was laid with white, featuring the honoree's chosen colors carried out in decorations of pink and blue bells and umbrellas.

Guests were served cake, cookies, punch, nuts and mints. Approximately 55 attended the occasion.

Hostess gift was a vacuum cleaner.

Hostesses were Louisa Bustos, Anette Castro, Rosa Gonzales, Terry Flores, Cindy Basquez, Lupe Martinez, Delores Comacho, Susan Gonzales, Isabel Armendariz, Josie Armendariz, Julie Guerrero, Sally Rodriguez, Olivia Torres, Paula Valdez, and Beatrice Mesa.

Better Breakfast Time

Sensible Breakfast Habits

If you always opt for a few extra minutes of sleep in the morning instead of using the time to prepare a nutritious breakfast, take note: medical and nutritional experts advise that those additional few minutes of sleep probably will not keep you as mentally and physically alert throughout the morning as a good breakfast can.

Breakfast should supply 25 percent of the day's caloric and nutrient needs. For a complete breakfast, Kellogg Company nutritionists recommend including foods from at least three of the Four Basic Food Groups. Ready-to-eat cereals served with milk, often part of the morning meal because of their ease of preparation, count for two groups: 1) the bread and cereal category and 2) the milk group.

A unique new line of ready-to-eat flaked cereals has recently been developed for the adult who prefers whole grain cereals with no sugar added. In four varieties — barley, corn, rye and wheat — the NUTRI•GRAIN™ cereals can add wholesome flavors and interest to the morning cereal breakfast. Try rye whole grain cereal flakes topped with milk, served with Swiss cheese cubes and grapefruit juice; or mix NUTRI•GRAIN corn cereal with yogurt and banana slices to enjoy along with wheat toast and coffee.

Breakfast is an important meal which need not be time consuming to prepare or to eat. So start your morning with a good breakfast.

Green Thumb club meets

The Green Thumb Garden Club met Thursday, Oct. 22 at 7:30 p.m. in the home of Sybil Cockrum with the president, Maurine Hudman presiding.

A very interesting demonstration on the making of apple dolls was given by Sybil.

She then served refreshments of sandwiches, cake, coffee and apple cider to members, Thelma Epley, Mary Goodwin, Iva Hudman, Maurine Hudman, Martha McLendon and Jewel Taylor.

The next meeting will be in the home of Mary Goodwin, Nov. 12 at 7:30 p.m.

Shower for Beverly Taylor

A miscellaneous shower was given in honor of Beverly Taylor, bride-elect of Gary Cotton, pastor of the Graham Methodist Church on Sunday afternoon in the home of Mrs. Elmo Bush.

Approximately 45 guests were registered and served by Patti McClellan and Belinda Cotton.

Special guests were Mr. and Mrs. James Taylor and Ronnie of Abernathy and Mr. and Mrs. Duane Cotton of Lubbock and Mr. and Mrs. Tim Cotton.

The couple will be married Nov. 21 in the First United Methodist Church in Abernathy. Church members hosted the event.

Needlecraft club meets

The Needlecraft club met recently in the home of Mrs. Joe Callis. Roll call was answered with the members telling their "most frightening" Halloween experience. Katherine Cathcart was co-hostess.

The next meeting will be the Thanksgiving meeting, Friday, Nov. 13, at 1 p.m. in the small meeting room at the community center, with Bessie Bowen as hostess.

Members do not need to bring covered dishes as discussed before.

Those present were Lucy Callis, Linda Malouf, Katherine Cathcart, Dorothy Travis, Georgie Nell Davies, Vicky Howell, Esther Crider, Selma Kennedy, Eula Evans, Ruth Young and one visitor, Vee Jones.

CAR CARE

Surprisingly, a puddle under your car can be a good sign. If you have air conditioning, you should see a puddle of clear water under your car on warm days. If not, your air conditioner may not be dehumidifying the inside of the car properly.

Most of the time, however, a puddle can mean trouble. The experts who wrote the Reader's Digest Complete Car Care Manual suggest you learn what else can drip from your car. Clear, green or yellow fluid with a faint, sweet odor could be antifreeze. Reddish light oil could be automatic transmission fluid or diesel fuel, depending on odor. Clear, slightly oily liquid with a distinctive odor could be brake fluid. Dark colored, light oil could be shock absorber fluid. Black, brown or tan, heavy oil could be gear oil.

Gases can leak from your car, too. A muttering sound and a distinctive odor in the car could mean an exhaust gas leak. It's dangerous to breathe the exhaust gas. Get out of your car as soon as you can.

LCC chorus to sing Sunday

The Lubbock Christian College Meistersingers Chorus will be in Post Sunday night at the Post Church of Christ to present a program.

The group, directed by Charles Cox, consists of about 60 college students who sing all over the state.

The public is invited to attend the concert which will begin at 6 p.m.

A 5:30 p.m. singing is held each Sunday evening at the church and the group will be present to participate in congregational singing before the 6 p.m. program.

Women in art is program

The Post Art Guild met at 7 p.m. on Nov. 9 in the audio-visual room at the high school.

Geraldine Butler presented the program on 500 years of Women in Art.

Hostesses Ada Lou Bird and Nancy Childers served refreshments to the following members: Lil Conner, Polly Cravy, Glenda Morrow, Geraldine Butler, Jo Ann Mock, Lois Williams, Ann Bratcher, Quinnie Cook and Marie Neff.

Exes' Dance

Friday Night, Nov. 13

After Post-Slaton Game in POST COMMUNITY CENTER

to the music of Second Wind Band

Admission: \$5 per person — \$10 Couple

PUBLIC INVITED

The Post Ex-Students Association would like to thank everyone who made our last dance such a success. Special thanks goes to Mike and Wanda Mitchell for the cups and napkins.

Officers elected for the coming year were Karen Palmer, president; Clyde Cash, vice president; and Sharron Morris, secretary-treasurer.

LUBBOCK — Seventeen textile executives from 13 European countries and two from the People's Republic of China were in Lubbock November 8 and 9 to study High Plains cotton production, processing, merchandising and research facilities.

Plains Cotton Growers, Inc. of Lubbock coordinated the foreigners' activities for the Lubbock visit, which was part of the annual U. S. Cotton Orientation Tour sponsored by Cotton Council

International, National Cotton Council, the U.S. Department of Agriculture's Foreign Agricultural Service and local hosts. Joining PCG as hosts in Lubbock were Lubbock Cotton Exchange and Plains Cotton Cooperative Association.

Bob Squires, this year's President of Cotton Council International, received the visiting dignitaries at his Lubbock home on their arrival November 8.

The People's Republic of China for the past two years

has been the largest single importer of U.S. cotton, purchasing, 2.2 million bales of the 1979 crop and 1.4 million bales in 1980.

Combined annual U.S. exports to the 13 European countries in recent years is estimated at something over 500,000 bales.

Europeans in the touring group represented Belgium, England, Finland, Germany, Ireland, Israel, Italy, Morocco, Norway, Poland, Spain, Sweden, and Switzerland.

"There is a real opportunity for us to expand the markets for our cotton in these countries," said PCG President Gary Ivey of Falls, "and our purpose in having them here was to impress upon them our capacity to continue produc-

ing their fiber needs in the quantities and the qualities desired, our constant efforts to improve our product and our ability to prove its spinning value."

The group came to Lubbock after touring the mid-South and a stop in Dallas. The remaining itinerary includes El Paso and the cotton growing regions of California.

In Lubbock the delegation saw the extensive facilities at Texas Tech University's Textile Research Center, the Texas A & M Research and Extension Center, USDA's South Plains Ginning Research Laboratory and the instrument classing line and merchandising facilities of Plains Cotton Cooperative Association.

4-H horse club meets

By JANELL JONES
The 4-H Horse club met Nov. 8 at 2 p.m. at the home of Bil Hedrick.

The club began the meeting by watching Jay Hart shoe a horse. Then we talked about grooming and fitting a horse for show. Also a discussion was held about horse judging.

Janey Middleton served refreshments to the following members and guests: Jana Terry, Jana Middleton, Tim and Tad Terrell, Janell and Labeth Jones, Rusty, Dana and Nancy Morris and Ken Young.

Also Mack Terry, Tom and Janey Middleton, Windy Terrell, Darrell Jones and Bil and John Bill Hedrick, and Jack Morris.

The next meeting will be Nov. 22 at 2 p.m.

Hog producers hopeful of better prices

COLLEGE STATION — Although hog prices continue to look bleak, many producers are starting to expand their operations in anticipation of better prices next year.

Such action could further hamper any improvement in hog prices, says a livestock marketing economist.

"Indications are that the liquidation phase of the hog cycle is slowing and pork producers are preparing for increased production," says Dr. Ernest Davis with the Texas Agricultural Extension Service, Texas A & M University System.

Nationally, producers farrowed 2.735 million sows

during the June-August period, 3 percent more than expected. Also, September-October farrowings are expected to be 5 percent more than previously anticipated.

But Texas June-August farrowings of 35,000 sows were off 34 percent from a year ago while September-October farrowings are expected to remain unchanged.

The September inventory of all hogs and pigs for the 14 major producing states was estimated at 52.2 million head, 5 percent below last year, points out Davis. The breeding inventory at 52.2 million head also was off 5 percent while

the market inventory was at 45.1 million head, 6 percent less than a year ago.

Texas' September breeding inventory of 90,000 head was the lowest on record, down 10,000 head from June 1 and 36 percent from last September. Market hogs at 610,000 head were down 22 percent from a year ago, notes Davis.

Hog and pig numbers in Texas on September 1 totaled 700,000 head, the lowest since June 1, 1965, and the third lowest on record.

"This is the fifth straight quarter of hog inventory reductions in Texas," says Davis.

"All these reductions

mean that pork supplies during the first quarter of 1982 (January-March) could be down about 2 percent from the same period in 1981," he adds.

What about the market outlook?

Fourth quarter price prospects for 1981 have dropped \$2 per hundredweight, Davis notes. He estimates market barrow and gilt prices for October-December to average \$46 to \$49 per hundredweight.

And considering total meat supplies and a still recovering economy, Davis expects market barrow and gilt prices to stay in the \$42

to \$45 per hundredweight range early next year.

"With those market prospects, producers may want to tread carefully for a while rather than expanding their hog operations," cautions Davis.

VISIT POST

Mr. and Mrs. Joe DeArmon of Gilmer, visited in Post the first of the week with friends. Both are in very good health. He related that their last fishing trip to Lake Cypress Springs near their home, they caught about 75 crappie, but only kept about 30 that weighed from one to one and a half pounds.

Methodists plan revival Nov. 29

Wesley Putnam of Plainview, widely acclaimed singer, composer, and evangelist will conduct revival services Nov. 29 through Dec. 2 at the Post United Methodist Church.

WESLEY PUTNAM

Revival will begin Sunday

Pastor Kenneth Cook announced that revival services would begin Sunday night Nov. 15 through 22 at the Church of God of Prophecy located at 602 West 14th.

Bishop Robert Patterson, who is a former pastor of the local church, will be the speaker each night. He is also a very accomplished musician and singer.

The Gospelaires, a singing group from Missouri, will be singing Monday and Tuesday nights. And along with Pastor Kenneth Cook singing each night, the Senior Citizens Choir will be singing and many others.

Everyone is invited to attend these services, which will begin each night at 7 p.m.

\$170 raised by Brownies

Brownie Troop 134, first grade troop, collected \$170 for Cystic Fibrosis two weeks ago in a door to door campaign.

Those participating in the campaign were Melissa Hair, Renetta Cruse, Amanda Holly, Heather Dickson, Suzanne Gordon, Lonnie Daught, Astrid Valdez, Rietha Smithy, Crystal Waters, Stephanie Palmer, Heather Warren, Jamie Feagin, Penny Hayworth, Sonja Curtis, Laura Norman, Susie Hubble, Laura Goen, Stephanie Cox, and Annie Romero.

Leaders were Karen Palmedr, Tammie Holly, Mary Ann Gordon, and Janie Dickson.

In addition to his music ministry, Putnam is an ordained United Methodist clergyman, having been appointed to the Northwest Texas Conference after receiving his Master of Divinity degree from Asbury Theological Seminary in Wilmore, Kentucky.

He has composed over forty songs and has cut two albums, "A Brand New Start" and "The Gift". His compositions touch on virtually every aspect of Christian living, from temptation and suffering to forgiveness and praise. His witness in word and song has brought many to a profession of faith and has been the cause for numerous recommitments by people in all walks of life.

Wesley Putnam's reputation as a musician and evangelist has spread rapidly in the summer of 1981 he turned his attention to full-time evangelism. His ministry includes preaching, drama, and music woven together to create a fresh approach to renewal. He is in great demand for spiritual retreats, revivals, youth camps, and concerts.

Pew cushions to be dedicated

There will be a dedication service for new pew cushions at the First Assembly of God Church in Post, Sunday morning Nov. 15 at 11 a.m.

This memorial gift is being presented to the church by Ronnie, Bobby and Jimmy Ammons in memory of their mother, Mrs. Margaret Williamson, who passed away Nov. 16, 1980.

All friends, relatives, and neighbors are invited to attend the service. Rev. J. W. Brown, pastor, will be officiating.

Jr. leaders 4-H club meets

The Post Junior Leaders met at the courthouse Monday, Nov. 9, and discussed combining the Post Junior Leaders and the Post junior high 4-H clubs.

Members attending the meeting were Toby Craft, Cindy and Diana Basquez, Ken Young, James and Dennis Lee, Tony Curtis and Rodney Hays.

The next meeting will be held Nov. 17 at the 4-H building.

TO SING HERE — The Crystal River Quintet pictured above, will present a concert here at 7 p.m. Wednesday, Nov. 18, in the Assembly of God church. The quintet, from Lubbock, is comprised of the Gonzales brothers, Sammy, Joel, Carlos, Hector and Johnny.

Quintet to sing here

The Assembly of God Church in Post will be presenting The Crystal River Quintet, formerly the Young Disciples in their services Wednesday, Nov. 18 at 7 p.m.

The group from Lubbock, is comprised of the Gonzales brothers, Sammy, Joel, Carlos, Hector and Johnny. They have been singing together for seven years.

Their style and variety of music has been one that appeals to persons of all ages.

Crystal River is well known in the West Texas area, having sung in numerous churches and Praise Gatherings and they have

New material may replace asphalt

COLLEGE STATION — A transportation researcher says within 10 years an experimental highway material using sulfur may begin to replace asphalt in many of the nation's roads.

The new mix, a plasticized sulfur called sulphex, could be particularly superior to current asphalt binders in the massive interstate highway system which is now 25 years old and is beginning to show signs of major disrepair, said Dr. Dallas Little, a civil engineer and researcher for the Texas Transportation Institute.

Little said in smaller roads where the layers of highway material were both thinner and fewer in number, traditional asphalt might prove superior.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

Texan Named Chairman
Gary Ivey, cotton producer of Ralls, Texas, and president of Plains Cotton Growers, will preside over a special session of the 1982 Beltwide Cotton Conferences in Las Vegas January 4.

He will be chairman of "New Developments from Agricultural Chemical and Equipment Industries," the lead-off session of four days of conferences. The conferences are sponsored by the National Cotton Council and The Cotton Foundation in cooperation with USDA, land-grant universities, and other farm and industrial organizations.

Export Sales Increase
Net cotton sales for the 1981-82 marketing year totaled 182,000 running bales during the week ended October 22.

This brought the season's total commitments to 3,997,300 bales. The week's top

buyers were Indonesia, 29,900 bales; Taiwan, 28,000; and South Korea, 14,400.

Pink Bollworm Battle
The National Cotton Council's Pink Bollworm Action Committee has recommended a concentrated effort against the pest through area-wide management trials in the southern desert valleys of Arizona and California and in northwest Mexico.

The committee also: 1. recommended that plans for trials include some mechanism to obtain a high level of producer participation;

Notice is given that CITY OF LUBBOCK P. O. Box 2000, Lubbock, Texas 79457 applicant, seeks a permit pursuant to s11.121, Texas Water Code, and Rules 156.02.05.001 et seq. to build and maintain Justiceburg Dam creating a 115,937 acre-foot capacity reservoir on South Fork, Double Mountain Fork Brazos River, tributary of Brazos River, Brazos River Basin, about eight miles east of Justiceburg, Texas and 21 miles southeast of Post, Texas in Garza and Kent Counties, Texas; to use 200 acre-feet of water per year for five years from South Fork, Double Mountain Fork Brazos River at the

project site for construction of the dam; to use 35,000 acre-feet of water per year from Justiceburg Reservoir for municipal purposes; to use the reservoir for recreational purposes, and; secondarily use 21,000 acre-feet of water (sewage effluent created from the municipal use of water) for the irrigation of 10,000 acres of land in Lubbock and Lynn Counties, Texas, all being more fully set out in the application.

Application No. 4155 was accepted for filing on October 5, 1981, and a hearing thereon will be held by the Commission in the Stephen F. Austin State Office Building at 1700 North Congress Avenue in Austin, Texas, on December 3, 1981, at 10 o'clock a.m. Any person who intends to offer prepared testimony at the public hearing not less than five days prior to the hearing, and shall serve copies of prepared testimony on the applicant, the Executive Director and Public Interest Advocate of the Department of Water

Resources and all other persons who have filed written protests or written requests not less than eight days prior to the hearing. The Commission may authorize the late filing of prepared testimony upon a showing of good cause and extenuating circumstances. Any person who desires to receive prepared testimony shall file a written protest or a written request with the Commission not less than eight days prior to the hearing.

Those opposing the granting of this application may appear at the hearing and or, not less than eight days before the hearing date, may file written protests with the Commission and serve copies on the applicant with proof of service to be provided to the Commission. Written protests shall contain the name and address of the protestant, an identification of the pending application, the basis of protestant's interest, location of protestant's diversion point(s) or property, if applicable and any

amendments or adjustments to the application which would result in a withdrawal of the protest. The written protest will be noted by the Commission but will not be considered as evidence since the right to cross-examine is absent. No protestant will be admitted as a party to the proceeding unless the protestant complies with Commission Rule 155.04.00.001 which requires a justiciable interest and actual or representative presence at the hearing. Due to the technical nature of the hearing, it may be advisable for the protestant to have an expert witness, such as an engineer, available at the hearing. Persons desiring further information in connection with this application may contact George V. Basham III, P. O. Box 13087, Capitol Station, Austin, Texas 78711.

Mary Ann Hefner,
Chief Clerk
TEXAS WATER COMMISSION
Date: October 6, 1981.

Band gets III in marching contest

The Post Antelope High School Band, brought home a much improved III rating from the University Interscholastic League Region 16 Marching Contest held Wednesday, Nov. 4 at Jones Stadium in Lubbock.

The Antelope Band which has made a complete about face in its improvement and progress for this school year, performed a practically flawless routine, according to band director Steve Ladd.

The band which is greatly improved from performances last year, featured its percussion section of the band performing a routine written especially for the section by Chuck Reece of Enid, Oklahoma, who is a noted percussion clinician. He was in Post recently to work with the percussion section. The routine is

entitled "A Toastie for Post."

"I was super pleased" with the performance of the band which received many compliments from other band leaders of the division schools, Ladd said. "The band has no reason to be disappointed."

The Lubbock band contest is the hardest and roughest contest with judging most severe at this contest.

The band began the year with 28 members and is now at 54, and improving every day.

It snows more in the Grand Canyon than it does in Minneapolis, Minnesota.

Life of Joni Eareckson to be shown here Sunday

"Reflections of His Love," a new film highlighting the life and ministry of Joni Eareckson, will be shown on Sunday, November 15, 1981, at the Church of the Nazarene, 202 W. 10th Street, Post, Texas. The color feature, produced by World Wide Pictures, the film ministry of the Billy Graham Association, will be shown at the 6 p.m. service.

Miss Eareckson is the star of a recent theatrical motion picture, "Joni", which relates the story of her diving accident, as a young girl, which left her paralyzed from the neck down. It chronicles her struggles to piece together her life and her faith in God, in spite of the devastating circumstances.

In "Reflections of His Love," Miss Eareckson, who is also the author of

JONI EARECKSON

two best-selling books, "Joni" and "A Step Further," tells of the great transformations that have taken place in her life because of her willingness to accept all of the things that have hap-

pened to her. A remarkably talented young woman, Miss Eareckson is an artist of great merit, as well as an author, actress, and singer. She has learned to draw and paint with a brush held in her mouth. Her works have been displayed in major exhibitions, as well as on a number of network television programs. More recently, her illustrations and paintings have become the basis for a major line of greeting cards, plaques, and framed prints.

According to the Reverend Tom Evans, pastor of the Nazarene Church, "Reflections of His Love" introduces the viewer to "the real Joni Eareckson. We meet her parents, her sisters, and her friends. We gain insight into the thoughts of the actors who

played major roles in the movie, "Joni," and we learn of her new personal ministry, "Joni and Friends."

Pastor Evans added that "the determination and the depth of trust and faith that this young lady has developed can serve as an inspiration to us all. Although she is a quadriplegic, and does not have the use of her legs or arms, we actually witness her drive a van in this film. It's much more than a great physical and technical feat — it's a credit to her inner spirit."

Pastor Evans and the congregation extend an open invitation to the community to attend this special screening. There is no admission charge, but a freewill offering will be taken. Everyone who attends will be touched by the remarkable life and witness of Joni Eareckson. It's really an unforgettable experience.

2 Robberies are claimed

C. J. Bilberry, Allsup's parttime employe in the East Main store, has told the sheriff's department that a black man has twice held him up recently, taking between \$80 and \$90 in bills.

Sheriff Jim Pippin told The Dispatch his investigation has come up with no evidence whatsoever on either crime.

Pippin said Bilberry claims a black man, wearing black stockings over his head and arms and carrying an ax and a six or eight-inch blade came in the store about 4:40 on a Friday and took \$60 from him.

The next Monday morning Bilberry claims he was robbed again by a black man, possibly the same one, wearing a ski mask and wearing gloves, who took between \$20 and \$30 in bills.

Energy awareness reduces monthly bills

COLLEGE STATION — Turning off the lights when you leave a room for more than three minutes saves money, say experts at the Center for Energy and Mineral Resources at Texas A&M University.

That is one of the tips offered in "Texas Energy," the center's monthly consumer publication. Among the suggestions to help renters save energy and reduce utility bills:

— Major appliances account for 20 to 30 percent of all energy used in the home. Energy can be saved by lowering the thermostat on the hot water heater, as well as by insulating the heater tank and the hot water pipes, the publication says.

— When washing dishes in the sink, fill the sink and plug it instead of letting water run constantly. If using a dishwasher, stop the machine before it gets to the dry cycle and

let dishes dry in the air. Run the dishwasher only when full. — A four-minute shower uses less water than a bath. A flow restrictor attached to the shower head can cut water flow from eight gallons a minute to two.

When cooking, preheat the oven for only five minutes or not at all, says the energy publication. For oven-cooked meals, turn heat off for the last

10 minutes. Boil or heat on the range with a cover on the food to save a third of the energy normally used.

Frozen mixed fruits, served partially thawed, make a quick, elegant dessert. Add sliced bananas, diced apples or mandarin oranges.

Box 94, Southland, Texas, Dial 996-5441
RESERVE LIFE INSURANCE CO.
It's the Service after the Sale that counts

too. There are 18 boys out for basketball. Included in that number are return starters, Dee Farquhar, Nuccio Vasquez and Paul Rush, all eighth graders. Seventh graders who will see considerable playing time include Heath McGehee, Benny Arguello, Darrell Becker and Jesse Vasquez.

According to Coach Ron Anders, "Our team will run and gun. We are very quick and a running team. We will use both a half-court and a full-court press."

Coach Anders also said, "We have a good shot at the district crown if we continue to play with intensity and improve."

In their first scrimmage the boys soundly defeated St. Joseph's by a score of 46 to 18. Dee Farquhar had

16 points, Heath McGehee 10 points with 4 steals and 3 assists. Paul Rush had 6 steals and 4 assists and Andrew Anaya had 8 points.

Junior High Girls

Our Junior high team will be inexperienced this year. Seven eighth graders graduated from last year's 144 district winning squad. The team will use a combination of sixth, seventh, and eighth graders on the A squad.

Last Monday was the first scrimmage. The team played St. Joseph's of Slaton. The "B" string won 8 to 5 and the "A" lost 16 to 13. Coaches felt they were a little nervous and did not play as well as they have practiced. They will learn a lot and could come around to challenge for the district title.

The next scrimmage will be Monday, November 9 at 4 p.m. against Christ the King. We will open the season November 16, against Sundown.

This year will be a learning experience and a rebuilding one. There will be much competition for the starting spots. Top prospects are Gerena Edwards, seventh; Essie Mendez, eighth; Kristy Haire, eighth; Tanya Basinger, eighth; Donica Bassinger, seventh; Margarita Vasquez, seventh; Tammy Weaver, sixth; and Michelle McGehee, sixth grader.

4-H News

Southland 4-H Club will meet on Thursday, November 12, in the Homemaking Room. At the meeting we will elect a new president since Tanya Basinger resigned. Also at the meeting we will discuss food grouping.

The Garza County 4-H will have a Food Show, November 21 in Post and we are preparing to participate.

Southland Lunch Menu
Monday, hamburger steaks with gravy, corn on the cob, fried okra, hot bread, butterscotch pudding and milk.

Tuesday, pizza with cheese, vegetable sticks, tossed salad, peanut butter cookies, and milk.

Wednesday, roast beef with gravy, mashed potatoes, carrots, hot rolls with butter, strawberry shortcake and milk.

Thursday, beef ravioli with meat sauce, spinach, tossed salad, jello with raspberries, hot bread and milk.

Friday, corn dogs with cheese chunks, tater triangles, blackeye peas, cornbread with butter, ice cream and milk.

WEEKEND VISITORS

Judy and Ronnie Morris of Clovis, visited this past weekend with Vera Gossett and Mr. and Mrs. Chester Morris in Post.

Outdoor education day to be Friday

Friday Nov. 13, is Outdoor Education Day for the sixth grade. This is the fourth year that Post Middle School has participated in Outdoor Education for its students.

The seventh grade will go on April 23 and the eighth grade March 11.

The sixth grade will board school buses near the school at 8:30 a.m. bringing their sack lunch and dressed for West Texas weather. Their annual destination is the Boren Ranch at Justiceburg on the North Fork of the Double Mountain Fork of the Brazos River.

The students are divided into four groups with two teachers and three to four parents per group. They will be practicing their skills in orienting animal investigations, environmental awareness and casting and angling. A full day of fun

and learning experiences is expected by students and teachers. The teachers involved in this outing are: Dedra Adams, Lu Allen, Kathy Rankin, Willa Didway, Nancy Shaw, Sara Briley, Darrel Radel and Fred Psoell.

Outdoor Education is fast becoming a popular subject in schools across Texas. Recently four Post Middle School teachers attended a 3-day Texas Outdoor Education Workshop at the H.E. Butt Foundation Camp near Leakey, Texas. Those attending were: Lu Allen, Kathy Rankin, Dedra Adams and Willa Didway.

VISIT BROWNWOOD
Vera Gossett and Daphne Landreth visited recently in Brownwood with relatives. While there they received word that a cousin had died.

Post, Texas

Lopes bounce back to slam Cooper 43-0

Williams zips for 174 yards

Bouncing back from their "fumble plague" against Frenship, Coach David Thompson's Post Lopes steamrolled to five first half touchdowns at Cooper Friday night for an easy 43-0 victory.

Quarterback Tim Tannehill returned to action after missing the Frenship game with a knee injury and guided the Lopes to their first four touchdowns before retiring to the sidelines midway in the second period to watch.

He did score a touchdown on a four yard plunge when he missed a handoff to Wingback Will Kirkpatrick. It was his only carry of the night.

Coach Thompson cleaned the bench in the second half and had a substitute backfield playing the entire fourth period.

Altogether, the Lopes rang up a net of 402 yards rushing for the night, the first time this year they got anywhere near the 400 yard mark.

Meanwhile, the Lope defense returned to shutout form, limiting the Pirates to 46 yards rushing, 43 passing, and picking off three more interceptions (as many as the Pirates caught on 15 throws) and thereby ran their season's interception total to 15.

Safety Will Kirkpatrick grabbed one to up his string to eight thefts in nine games.

Kirkpatrick, who officially had 88 yards in seven carries, had a 75 yard punt return for a touchdown called back in the first period for a blocking below the waist penalty and a 50 yard run from scrimmage reduced to 22 yards by another 15 yard penalty.

Fullback Richard Cisneros had 97 yards in 11 rushes for two touchdowns, Kirkpatrick got the other two tds.

This is how the action went: Post took a 6-0 first period lead when Kraig Peel intercepted Pirate Quarterback Shawn Sampley's pass on the Post 40.

Williams swept right end for 41 yards to the Pirate 18. Cisneros then rammed 17 yards on the next play to the Pirate one from where he scored two plays later. Kirkpatrick's conversion kick was wide to the right.

7th graders beat Cooper 6-0 Only touchdown on pass theft

Coach Fred Postell's Post seventh grade football team got a second period touchdown when Marvin Lee returned a pass interception 32 yards to defeat the Cooper seventh graders 6-0 at Cooper last Thursday night.

It was Post's third win of the season. Tailback Eddie Moat returned the game opening kickoff 65 yards for a touchdown which was called back on a clipping penalty.

Post drove deep into Cooper territory on two occasions but fumbled those scoring opportunities away.

Post totaled 154 yards in offense to only 38 yards for Cooper.

Derrick Dunn played the entire game at quarterback, replacing Jay McCook, the regular signal caller who

Post	Cooper
24 First Downs	6
402 Net Yds Rushing	46
2 of 5 Passes	4 of 5
47 Yds Passing	43
3 Opp. Passes Int. by	1
4-45 Penalties	3-28
2-39.0 Punts-Ave.	8-33.5
3-2 Fumbles-Lost	1-1

Late in the first, the Lopes started on their 22 and drove 78 yards in nine plays with Williams sweeping 26 yards around right end and down the sidelines for the score early in the second period.

Tannehill passed to End Irvin Price in the end zone for two conversion points. Only a few plays later, Kirkpatrick intercepted another Sampley aerial and returned it to the Cooper 16. Cisneros ripped for 12 to a first down on the four. Tannehill missed the hand-off and dove into the line for the touchdown. Kirkpatrick converted to make it 21-0.

Later after an exchange of kicks, Post marched 78 yards on the ground in five plays for the fourth touchdown with Kirkpatrick breaking loose on a counter to score from 25 yards out.

On the first play after the kickoff Bill Black recovered a Pirate fumble on the Cooper 21. Substitute quarterback Melvin Wynne passed 21 yards to Kirkpatrick for the touchdown on the first play.

Intentional or not, the conversion snap from center sailed back to kicker Kirkpatrick who passed to End Bill Black for another two-point conversion to make the halftime score 36-0.

In the first half, Williams rang up 127 yards in nine carries. Post marched the short second half kickoff from its 37 to a touchdown in three plays.

Cisneros got 24 yards, Kirkpatrick 27 on the next for a first down on the Cooper 17 and then the Pirates were penalized half the distance to the eight for a personal foul.

From there Cisneros slammed up the middle for the score. Kirkpatrick converted to end the scoring for the night as the Lope lineup became dotted with subs, including a whole reserve backfield.

The Pirates did not "penetrate" the Post 40 yard line the entire game.

Kirkpatrick did the Lope punting, getting a 44-yard second half kick out of bounds on the Cooper five.

was out of the lineup because of illness. Dunn played a fine game and broke up three Cooper passes on defense.

Coach Postell credits the Post defense with the victory and cited the entire defensive unit for outstanding play, including Steve Price, Bart Mason, Tony Angerer, Clay Cowdrey, Ron Graves, Anthony Parish, Eddie Moat, Ben Kirkpatrick, Jay Claborn, Rodney Guthrie, Dunn, Steve Pena and Marvin Lee.

Tailback Moat led the Post rushers with 52 yards in 15 carries. Kirkpatrick had 32 yards in seven carries.

The team will close its 1981 season in Antelope Stadium against Slaton with the kickoff scheduled for 5:30 p.m.

At 7 pm tonight in Slaton - Post, Slaton JVs play for grid title

Coach Ken Plumlee's Post JV gridders will clash with the Slaton JVs at Slaton tonight at 7 p.m. for the district JV football title in the season finale for both clubs.

Both clubs are unbeaten in four district starts. Post is 7-1 for the season. Post advanced to the title game by thumping the Cooper JVs here last Thursday night 40 to 6 in its home finale.

The locals scored in the first on a 67 yard drive in 15 plays with Tailback David Gonzales getting the td from 11 yards out.

In the second period Robbie Williams returned a Cooper punt 45 yards to the Cooper 10. Gonzales scored

again on the second play on a dive from the two.

Fullback Giles Dalby broke away on a 51-yard touchdown run in the third period. Felix Bustos then returned a Cooper punt 61 yards for the fourth Post touchdown.

Cooper got its only score, going 58 yards for a six-pointer in 11 plays.

In the fourth period, Fullback L. D. Harper capped a 42-yard drive with an 11-yard td run. Gonzales ran the extras to make the score 32-6.

A pass interception by Santos Espinosa set up the final Post touchdown. Espinosa returned the ball 31 yards to the Cooper 25.

After a 15-yard penalty moved the ball back to the

Cooper 40, Gonzales broke away on a 40-yard touchdown run for his third touchdown and then ran in the two conversion points to give him 22 points for the night.

Gonzales totaled 141 yards for the night in 21 carries. Dalby had an even 100 yards on nine carries, Bustos added 43 on five, Harper 37 on six, Steve Fluit 12 on two and Jeff Taylor 11 on two.

The JVs didn't put the ball in the air a single time as they rushed for 359 yards and 23 first downs.

Cooper was held to 115 yards rushing and no completions in nine passing attempts with Post picking off a pair.

Lady Lopes to open season at Coahoma

Coach Sonja Curry's Post Lady Lopes, a young team with only two starters returning, will open their winter basketball season at Coahoma next Tuesday night.

The nine-player varsity squad, which has been working out for some time, includes three seniors, two juniors, and four sophomores - obviously a team for the future.

Lana Dunn, a senior guard-forward, and Doris Pringler, a sophomore forward-post player, are the two returning starters.

Others back for their second year of varsity action include Darla Jackson, junior post player, Tina Greene, a junior forward, and Jean Price, sophomore post player whose varsity experience to date includes the last five games of the 1980-81 season.

The four newcomers to the varsity are Trushell Marts, senior forward, and Amy Babb, senior guard, up from last year's JVs, and two sophomores off the 1980-81 freshman squad, Denise Smith forward-post player, and Cindee Jackson, guard-forward.

Dunn averaged 4.1 points per game last year with a

very good defense while Pringler averaged 8.3 points per game and 6.3 rebounds although only a freshman. Jackson, a reserve as a sophomore, averaged 2 points per game and 3.2 rebounds.

"The Lady Lopes will be young but tough," Coach Curry told The Dispatch. "We have a quicker team than last year and a very good inside playing. Our shooting will be stronger from the outside along with rebounding."

"We have a tough schedule to play with more games away from home than on our own court," Coach Curry said. "We're very young but we should be able to compete with the other teams on our schedule."

The Lady Lopes actually opened their competitive season with a scrimmage against Snyder Tuesday evening. The JV girls of the two schools scrimmaged at 5 p.m. followed by the two varsities.

The first home games for the Lady Lopes will be with Floydada here Friday night, Nov. 20, and Lubbock Coronado here the following Tuesday night, Nov. 23.

"We are very excited to

get the season on the way," Coach Curry said. "We have a new floor to play on and new stands for the fans to sit in. We hope to see the crowd there because we will give you a good game and it will be exciting."

The Lady Lopes JV squad includes:

Monique Claborn, junior post-forward; Kim Carlisle, sophomore guard-forward; Rhonda Storie, sophomore forward; Leigh McCook, sophomore guard-forward; Patti McCowan, sophomore post player; Damita Eilenberger, sophomore forward-guard; and Hope Castro, sophomore forward.

The freshman Lady Lopes cagers include Marta Holly, Jan White, Jackie Wentes, Andra Cox, and Wendy Tatum, all post players; Roxanne McClellan, forward-post; Patricia Price, Rhonda Williams, Cynthia Samora, Misty West, and Delhanna Baldree, all forwards; and Regina Williams, Kayla Peel, Jana Middleton, and Channa Williams, all forward-guards.

Kim Scott is the Lady Lopes manager.

The 1980-81 schedule, besides the opening games already listed, includes (See Lady Lopes, Page 16)

And what it means, no one knows for sure-- Lopes play Slaton in season finale

Coach David Thompson's Post Antelopes will close out their 1981 season against their traditional foes, the Slaton Tigers, in Antelope Stadium Friday night in a game which the Tigers need to win to clinch the district grid title - providing they win a courtroom eligibility battle in Tahoka Thursday afternoon and a probably subsequent appeal.

Although the Lopes are listed well above the Tigers in the Harris System power ratings - Post is currently No. 48 and Slaton currently No. 59 - Harris picks Slaton to win by a single point.

Quarterback Tim Tannehill, who returned to two quarters of action against Cooper last week after being sidelined for the Frenship game by a knee injury, will start for the Lopes.

The knee has been improving a little every day, Coach Thompson reports.

Starting Center Brent Howard may be out of the Slaton game, however. He has pneumonia.

Eleven Post seniors will be playing their last football game for PHS against Slaton.

They include Roy Gonzales, Kraig Peel, Mike Sullivan, Dana Scott, Jerry Hawkins, Mario Luna, Brad Mason, Howard, Gaylon Murphy, Gary Lamb, and Tackle Eric Cravy, whose name has been left off the game rosters all season due to an oversight as he was sick at the start of the season.

The Lopes will finish with a 7-3 record if they win and a 6-4 if they go down to defeat.

The Tigers are probably the biggest team in the league and the Lopes are the smallest, but Post has been giving away a weight advantage all season.

The smallest player on the interior Slaton line weighs 191 pounds, Coach Thompson said.

Slaton is primarily a passing team, more than a running team. Quarterback Kelly Cook is the passer and his three primary receivers are Wingback Craig Wright, Tight End Lonnie Phenix and Split End Timmy Slay.

The Tigers run out of the

pro set and slot set in an effort to get their receivers quickly into the open. Slaton defeated Tahoka last week by a touchdown.

If Slaton "fans and parents" win their suit in Lynn County District Court today against the UIL and the district's executive committee, and that decision stands up against an

expected UIL appeal, Slaton would represent the district in the playoffs.

If Slaton loses the suit, Frenship will represent the district.

A Lope win would knock Slaton out of its title chances providing it wins its eligibility case and hand the crown to Slaton.

If all this sounds a bit screwy, you have it right.

8th graders play Slaton for title

The Post eighth grade football team needs only a win over Slaton in its season finale in Antelope Stadium tonight to capture the district grid title after a great defensive effort at Cooper last Thursday night led to a 32-0 victory.

The kickoff is scheduled for 7 p.m. in the nightcap of a twin bill. Post is unbeaten in district play with four straight wins.

Against Cooper, the Post defense scored once and set up the other three Post tds with two fumble recoveries and one interception deep in Cooper territory.

Defensive End David Shults grabbed a Cooper fumble on the visitors' five yard line in the first period. Two plays later Tailback

Simon Salinas ran three yards for the six-pointer. Quarterback Joel Kirkpatrick pitched out to Tailback Greg Adams who ran in the two-point conversion.

On the next series, Post covered another Cooper fumble on the Cooper 10 and Wingback Steve Gomez got the touchdown from two yards out on the third play. Kirkpatrick on a keeper ran in the conversion points.

In the second period Salinas intercepted a Cooper pass at Cooper's 25 to set up the third Post touchdown. Adams ran outside six yards to the goal line and Salinas ran the ball in from there. Adams ran the two conversion points.

The final score came later (See 8th graders, Page 16)

Frosh rally to edge Cooper 18-13

The Post freshman grid-ders came from behind with a fourth period touchdown to defeat the Cooper frosh, 18 to 13, in Antelope Stadium last Thursday night in their final home appearance of the season.

The victory upped Post's record to 5-3 overall and 3-1 in district.

Tailback Greg Massey scored from 21 yards out in the fourth period for the victory after the team's other tailback, Mike Ollison scored Post's first two touchdowns.

Ollison in the first period went 26 yards on a reverse for the game's first score to

cap a 70-yard 11-play drive. Cooper tied the score at 6-6 in the second on a three yard run and the two teams came out for the third quarter still knotted up.

Ollison changed that. He took the second half kickoff and returned it 85 yards for a touchdown to give Post a 12-6 lead.

But Cooper came back with a 95 yard scoring drive and then added the extra point from placement later in the third to take a 13-12 lead.

The freshmen will close their season at Slaton tonight against the Slaton frosh with a 5:30 p.m. kickoff scheduled.

Cotton farmers to get some help

COLLEGE STATION — Cotton farmers will likely collect 5 to 7 cents a pound from the government for their crop this year. The money will be in the form of deficiency payments — the difference between the target price set by the government and the actual market price.

If payments are necessary due to poor market prices, they will be the first since the target price program was established in 1974.

"The 1981 target price for cotton is 70.87 cents a pound," explains Dr. Carl Anderson, economist in cotton marketing with the Texas Agricultural Extension Service, Texas A & M University System. "The average price received by

farmers in July (70.20 cents) just missed this level. Since then, the cotton market fell to 65 cents a pound in August and in October was running about 60 cents. At this level the deficiency payment would be 5 to 7 cents."

And this is likely probability since plentiful cotton supplies, high interest rates and a weak demand will tend to keep market prices down the remainder of this year, contends Anderson. Although cool, wet conditions may reduce the Texas crop some from the 5.8 million bale October estimate, there is plenty of cotton to go around.

Deficiency payments will be based on the difference between the weighted monthly average price re-

ceived by farmers in 1981 and the target price of 70.87 cents, explains the economist. Monthly prices received are weighted by the proportion of the crop sold that month. Normally about half the crop is sold during the last three months of the year, so low prices at that time will greatly influence the 1981 average farm price.

"All farmers get the same payment regardless of the price they received for their cotton," says Anderson. "Payments are based on the farm program acreage and yield established on each farm."

Deficiency payments are limited to a combined total of \$50,000 per person under the Upland cotton, wheat and feed grain programs in 1981. Farmers must be in full compliance with government programs involving other crops to receive payments under the cotton program, adds the economist.

During a lifetime, the average human heart beats two and a half billion times.

Cotton, Inc. plans office in Japan

RALEIGH, N.C. — Osaka Japan, has been selected by Cotton Incorporated as the site of its new marketing headquarters for the Far East.

The announcement was made by J. Dukes Wooters, Jr., president of Cotton Incorporated, during a meeting here of Japanese textile mill executives. The office will serve the interests of American cotton producers throughout the Far East and is expected to open in spring, 1982.

"This will enable our marketing, technical and fashion experts to assist mills in the Far East to use U.S. cotton more efficiently and more profitably," stated Wooters. "Osaka was chosen after a cost analysis of a number of possible locations throughout the Far East. Not only is Osaka reasonably convenient to other Far Eastern markets, but it is in the heart of the very important Japanese textile industry." Cotton Incorporated also makes regular calls on major textile mills in Taiwan, Korea, Hong Kong and the Peoples Republic of China.

Wooters' announcement of the Osaka site followed word from Richard Smith, Administrator of the Foreign Agricultural Service,

Senior Citizens News

Senior Citizens of Garza County are really enjoying their center, playing games, watching TV, quilting, and latch hook work. Some just come and sit and enjoy a cup of coffee and fellowship with their friends.

We have real tasty meals each day. Those of you who have a wife or husband who aren't 55 years of age and you are, you can still come and eat with us at any time since you both do not have to be senior citizens. So please feel free to come at any time.

We will be electing new officers and board members Nov. 19, so be sure and be here to cast your vote. We are going to have our Thanksgiving dinner at our center the 18th of November due to having to be in Lubbock on the 19th at 3 p.m. Also it will be election day and we will be closed Thanksgiving day and the following day. We all need a rest and you will want to be with your families.

We had a really good musical Friday night, thanks to Bea Dodson, Don

Travis, Danny Shaw, Nancy Shaw, and boys, also Mr. Moore, Aubrey Ritchie, and Esker Stone. We also had a very tired, but nice young man that is a bicycle missionary for our Lord, and has been all over the world witnessing for Jesus. He was hoping to reach Oregon by Christmas to be with his mother and daddy and family. He has been

traveling for six years around the world. He traveled from Stamford, Texas to Post Friday on his bicycle so you can imagine how tired he was. He had a real fantastic testimony for the Lord. This young man was John Kosti. So let's remember him as he goes along his way witnessing for Christ. Travis Gilmore, Mr. and Mrs. Julius Siewert, Tommy Heads daughter are ill and need our prayers. The Mike Custer's daughter is home and doing as good as expected from back

surgery. Remember her and her family in our prayers also. The choir sang at the First Christian Church revival this week and next week we will be singing in a revival at Brother Cook's church, the Church of God of Prophecy, so come out and hear some good preaching and good fellowship with one another. You will receive a great blessing.

The dad of Helen Coy, one of our employes passed away and we want to

remember her in our prayers. Hey you guys and gals out there don't think you are coming down here and eating on relief, because you can make a donation of a suggested price of \$1.50 for over 55 years of age and \$2.00 under 55. You can make a donation of any amount you wish to so just come on down and enjoy our good meals with us. Don't feel like you are eating on welfare, because you are not. So please come on down and join us.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — As many predicted, no sooner had the dust settled on the Redistricting Board's final approval of Texas House and Senate maps, than the new plans were challenged with a lawsuit in federal court.

Last week, some six Republicans filed suit in Dallas charging the new plan, drawn up by the board composed of five Democrats,

needlessly splits up metropolitan counties such as Tarrant, Dallas and Houston.

More to the point, they also say the new plan would cut Republican membership in the Senate from eight to five.

Hardly pulling any verbal punches, the Republicans and GOP state chairman Chet Upham in various statements blasted Lt. Gov. Bill

Hobby, author of the plan. Kingwood Rep. Ed Emmett even went so far as to tag Hobby as "The Redistricting Rapist."

And only three weeks ago Hobby's critics were charging his public image is dull and uninteresting.

House Plan
Word about the Capitol is that the Republicans will also file to throw out the House plan.

The congressional plan approved in special session this summer is still languishing in a federal court in Tyler.

Texas Atty. Gen. Mark White, who voted on the board and must defend the plan in court, jumped back at Republicans for failing to testify or present objections before the board approved the plans.

"I sat there and repeatedly asked for their testimony. You'd think they would show up at a hearing before they show up in court. That's the height of irresponsibility," White said.

White said he believes the plan will hold up to Voting Rights Acts standards.

Constitutional Amendments
Last week Texas voters approved five of seven amendments, sinking only the proposal giving Gov. Bill Clements and certain legislators new budget authority, and the proposal creating a water trust fund.

Voters did approve proposals permitting local tax exemption increases, exempting livestock from property taxation, bolstering the Veterans Land Program, permitting local tax incentives to rebuild blighted neighborhoods, and clearing up land title disputes.

Clayton-Clements
And whether he will admit it, Capitol eyes were on the water trust amendment as the key to the political future of House Speaker Billy Clayton.

Clayton, giving up his seat in the Legislature, needed his water plan to boost his chances for a statewide race this spring, probably Land Commissioner or State Comptroller.

With polls indicating Clayton still remains in public opinion under the Brilab cloud, the master politician also needed to show his backers he can still win a victory.

Perhaps with this in mind, Clayton's opponents in the Legislature campaigned hard to sink his water plan. The defeat for Clayton, coming less than a week after he completed his work on the redistricting plans, has increased their hopes that the four-term Speaker will actually begin to show signs of becoming a lame duck.

But Clayton had no trouble mustering the support of Clements and several wealthy individuals around the state to his water program. If his financial support remains solid, Clayton will have little trouble mounting a statewide race.

Mike Martin
Longview Republican legislator Mike Martin, who will go on trial for aggravated perjury, said he was trapped into lying to a grand jury.

The indictment alleges Martin staged his own shotgun wounding, then lied when he denied planning the attack. His cousin has said Martin cooked up the publicity scheme.

Comptroller's Report
The state government took in \$13.4 billion and spent \$11.4 billion during the 1981 fiscal year, allotting the major share to public education.

A recent comptroller's report also indicated most tax money, about \$3 billion, was generated from the sales tax. Taxes from oil and gas production jumped 38 percent over last year, attributed to decontrol of oil prices.

Lights out—

(Continued From Page One) them. They were turned over to juvenile authorities. Sheriff Jim Pippin said a train would probably have been derailed by the obstacles put on the track.

Then there was the case of Richard English of Amarillo.

He was driving south on US-84 entering Post at 2:44 a.m. Monday morning when he missed the curve coming into town in his pickup, went through the median, across the two northbound traffic lanes and hit a pickup parked in Nolan Williams' yard.

The Williams' pickup was smashed into another pickup in the yard which was knocked into a corner of the Williams house doing \$3,000 damage to the house besides considerable damage to the pickups.

English's pickup was totaled.

No one was injured. English pleaded guilty in county court to a DWI charge and paid a \$150 fine, \$58 court costs, and had a 30-day jail sentence probated. He was released from jail on the understanding that his insurance would cover the damages to the house and two pickups.

Steve Hays pleaded guilty in county court Monday to a charge of Possession of marijuana under two ounces. He paid \$170 in fine and court costs. He had been out on bond on the charge.

A pickup truck thief didn't get far Friday night when he stole a new pickup Terry Odom of Post had leased from Town & Country Chevrolet in Slaton.

The vehicle was recovered one mile south of Post on US-84. The pickup had been turned over and run through the fence. The thief took the ignition keys with him and apparently caught a ride

Precinct lines—

(Continued From Page One) Track. Then northwesterly on Santa Fe Railroad Track to the intersection with north-south line which divides section 1215 in half, then north on that line which is the existing precinct line and follow it to the Crosby County line. Beginning at the intersection of West 10th Street and North Avenue M then west on West 10th Street to North Avenue N, the north on North Avenue N to west 12th Street, then west on West 12th Street to North Avenue Q, then south on North Avenue Q to West 11th Street, then west on West 11th Street to North Avenue R, then south on North Avenue R to West 10th Street, then west on West 10th Street to the intersection with the present precinct line to the Lynn County line.

Precinct 2—Beginning at the intersection of West 11th Street and North Avenue Q, then west on West 11th Street to North Avenue R. Then south on North Avenue R to West 10th Street, then west on West 10th Street to the intersection with the present precinct line to the Lynn County line. Beginning at the center of the Courthouse, east on West Main Street to Broadway, then continue east on East Main Street and U.S. Highway 380 to the Kent County line.

The court, in other actions:

Appointed the following to the Child Welfare Board: Mary Hirsch, Dr. Frank Pickett, Kathleen Fluitt, Dr. Thomas E. Pass, Jim Jackson, Christy Morris, Lonnie Gene Peel, Cindy Mitchell, and Bessie Strawn.

Discussed the carbon dioxide pipeline plan submitted by Gullett and Associates and decided to ask a representative of that firm to appear before the court as its Nov. 23 meeting to explain the elevation.

Received a slide presentation from R. N. Mary Williams with the Visiting Nurse Services of Lubbock on the services offered by that organization.

Acetone, which is found in nail polish removers, can also be used to remove paint, varnish and airplane glue.

45 turkeys—

(Continued From Page One) Participating merchants where you can sign up for turkeys are:

E. Cox Lumber Co., The Prescription Shop, Sentry Savings, Higginbotham-Bartlett, Dairy Queen and Terry's Tire Shop.

Postings—

(Continued From Page One) Hansard ruled last Wednesday that the two ineligible players could play in the game between the two schools Friday night, Tahoka used their player, a regular starter, but Slaton didn't use theirs. Slaton won 21-16.

—O— Tahoka fans are now rooting for the Antelopes to whip Slaton here Friday night and Judge Hansard to rule in their favor today. If both happen, the Bulldogs figure to represent the district.

—O— But cooler heads than those in the two towns are saying if the fans win their suit before Hansard, this district probably won't be represented in the post-season football playoffs.

—O— It's all so interesting, we think we might drive over to Tahoka and cover "the trial" in which Post Supt. Bill Shiver is one of the defendants.

Lady Lopes—

8th graders—

(Continued From Page 12) in the second period when Tracy Price ran a Cooper punt back 48 yards behind a wall of blockers for six points. Kirkpatrick threw to Wingback Rodney Tidwell for the conversion.

The second teamers took over for Post early in the second half with neither team scoring.

Post had 164 yards total offense with the first teamers getting 108 yards in the first half and the second teamers 56 yards in the second.

Cooper was allowed only a net of two yards of offense for the game.

Greg Storie intercepted two Cooper passes and Keith Hart one.

Our JOHN DEERE TOYS are now on display and for only 10 percent down you can start your Christmas lay-aways.

There are push tractors equipped with bottom baskets, plows, etc., remote control tractors and the pedal tractors the youngster can ride.

The newest addition to the toy line is the little stuffed John Deere.

Good report—

(Continued From Page One) accounting system "it ranks right up there with Lubbock's which has a fantastic system." That is when he added the Post system was the most accurate "I've ever seen."

In other actions Tuesday night, school trustees accepted the resignation of Miss Starla Stewart without comment as a special education teacher and named Mrs. Marsha Norman, who has a master's degree, to replace her for the remainder of the

United Fund—

(Continued From Page One) house employees, have yet to report any results to date.

"The public is responding well to our request for a 10 percent increase in giving because the fund goal for participating agencies was boosted for next year by 10 percent," Cornish said Tuesday. "Some have boosted their contributions by 20 percent."

Cornish hopes to wind up the campaign by Thanksgiving, something drive workers haven't been able to do in recent years with the cleanup coming in the Christmas season.

The drive has reached its goal for 11 consecutive years and the current objective is to extend that string of successes into 1982, Cornish said.

Energy efficient homes could make you sick

COLLEGE STATION — Some homes are so energy efficient they could make you sick, says a Texas A&M University architect.

The problem is indoor pollution resulting from a build-up of dangerous chemicals and gases trapped inside buildings constructed with air infiltration barriers. The barriers reduce the rate air inside the building is exchanged with outside air, said Larry Degelman, professor of architecture and building construction.

Barriers, not to be confused with insulation such as polyethylene sheeting, can be placed in walls and urethane foam can be sprayed around the 2x4's that form the base of houses built on concrete slabs. These barriers, which can reduce heating costs up to 25 percent, make it more difficult for the house to "breathe."

Degelman said dangerous gases like carbon monoxide and the radioactive gas radon (which is released naturally from soil and some building materials) can build up in these tight houses and pose a problem to the occupants.

The full meaning of "zip" in "ZIP Code" is "Zoning Improvement Plan."
