Shotgun threat nets robber \$100

According to sheriff's office report this week, Mrs. Paul Terry, a night clerk at Allsup's 380 East reported a robbery when a Hispanic male entered the store last Thursday night demanding money, saying his partner was outside with a shotgun in the car. She reportedly turned over between \$75 to \$100 to the alleged robber. She was then instructed to lie on the floor for fifteen minutes and apparently did not see the vehicle involved. Officers report that following a thorough investigation, they have not found any suspects fitting the description nor the vehicle.

In other activities, officers arrest three males, Robert Elbert Miller, Roger Brown, and John David Payne all of Slaton on a possession of a controlled substance charge (drugs) and were placed in jail with each being released on a \$2,500 bond the following day.

Officers received a warrant number via teletype from Virginia requesting the arrest of Alvin Vanover on a motor vehicle theft charge. Officers located and

Work day is set for Grassland Cemetery

There will be a work day at the Grassland Cemetery scheduled May 24 and 25.

Help is needed to bring up the trust fund for the cemetery and anyone interested may contact Kelly Laws at Route 3, Post.

Dues for each lot are \$10 per year or \$100 each for life.

Ira Greenfield rites held

Ira "Dad" Greenfield, a resident of Post for 54 years, and former school tax assessor, died Saturday, May 22, after a long illness. After moving to Post in 1928, the Merkel native served with the Post Volunteer Fire Department and was a member of the American Legion.

Rev. Glenn Reece, pastor of the First Baptist Church, conducted services at 10:00 Monday morning at the church, assisted by Rev. Steve McMeans, associate pastor. Burial followed at Memorial Park Cemetery in Plainview at 12:30 Monday. He was a Baptist.

He married Fritz Rosser January 9, 1937 in Post. She died July 20, 1973. He married Jewell Graham June 21, 1975 in Post.

Survivors include his wife, a stepdaughter, Mary Margaret Kinard of Abilene, a stepson, Moody Graham of Paris, three sisters, Mrs. Ruth Stone of Donna, Mrs. Armor Lee Marchbanks of Lovington, N. M., and Billy Altman of Tulia.

Automatic shutoff for tennis courts lights

A schedule has been set up for the operation of the tennis lights according to Bill Shiver, superintendent.

The lights may be turned on at 7:30 each night and will shut off automatically at midnight.

Home struck by lightning

The home of Mrs. Verna Robert, 416 West 10th was struck by lightning last Tuesday night and burned the front portion of the home with the remainder sustaining heavy smoke damage.

Mrs. Roberts was watching TV about midnight when her home was struck by lightning during a rain storm. When she realized she could not douse the flames herself she ran next door to the home of Zora Robinson, her sister-in-law and called the fire department.

Mrs. Robert praised the departments quick and effective response.

Breakfast to be Friday

Get up early Friday morning, and go to the Chamber of Commerce Quarterly Breakfast. The event will be held in Riley Miller's barn, at 6:30. To get to the Ranch, pass through Justiceburg, cross the river bridge and take the first right hand turn. Proceed one mile south, then one mile west, and take the cattle guard turn to the left.

There will be a drawing for a \$25.00 cash prize for the lucky member attending, and door prizes for the \$1 admission.

Bob West Saddlery and Western Wear, and Palmer Construction will sponsor the breakfast.

McCarthy rites held Monday

Elmo "Mac" McCarthy, 61, of Mineral Wells, died suddenly near Mineral Wells Thursday, May 20.

Graveside services were conducted at Terrace Cemetery, Post, by Rev. Jimmy Lively at 3:00 Monday. The Masonic Graveside service was also read.

He was born in Ralls, April 28, 1921, and served in the U.S. Army Air Force in World War II. He is survived by his wife, Ethel McCarthy of Mineral Wells, two sons, three daughters, two brothers, three sisters, six grandchildren, and numerous nieces and nephews.

Inclement weather may necessitate move—

Commencement exercises tonight at football field

The Post High School Class of '82 "had its dream" Thursday evening at 8:00 the dream comes true, at Commencement Exercises planned for the Stadium. Sixty-seven senior have answered the class roll, including honor students, Pam Riley, Valdictorian, Trushell Marts, Salutatorian, and Patti McClellan, Tammie Eckols, Lana Dunn and Amy Babb.

Patti McClellan also served as Senior Class President.

External High School Diploma candidates include Anita Abraham, Helen Cook, Mary Duncan, Janie Gomez, and Bernice Newdigger.

Travis Ellis, one of the class sponsors, will give the invocation. Other class sponsors are Marion Wheatley and D'Anne Bishop. Music for the Graduation Exercises will be provided by the Post High School Band, led by Steve Ladd, and the Senior Class itself, as it sings the Class Song, led by Dianna Ladd.

With the promise of rain in the forecast for Thursday night's graduation ceremonies, the event may have to be moved into the high school gym. If this is done, each senior will be allocated only six tickets to give to whom they wish. For those unable to attend the ceremonies, a reception will be held in the community center for parents, friends and relatives wishing to attend. The reception will be held immediately following the graduation.

In addition to Patti McClellan, Class President, other officers were Karen Davis, Vice President, Kraig Peel, Secretary, Trushell Marts, Treasurer, Deann Reiter, Reporter, and Student Council Representatives Donna Massey, Lana Dunn, and Amy Babb.

The program will conclude with the singing of the School Song, and the Benediction by Steve McMeans, Associate Pastor of the First Baptist Church.

The following persons are candidates for graduation: Gina Ainsworth, Cindy Basquez, Jerri Baumann, Chris Beggs, Janet Blacklock,

Elizabeth Camacho, Marty Conoly, Eric Cravy, Daren Davis, Jennifer Ellis, Robert Espinoza, Roy Gonzales, Tommy Gonzales, Brad Greer, Monico Guerrero, JoAnn Harper, Jerry Hawkins, Tonie Hernandez,

Lynn Hodges, Lisa Holly, Dianna Horton, and Donna Horton.

Brent Howard, Kim Hutto, Gary Lamb, Mario Luna, Brad Mason, Donna Massey, Beth Ann Masters, Gaylon Murphy, Calra

Odom, Kraig Peel, Karen Pender, Ricky Perez, Sylvia Quintana, Deann Reiter, Abel Reyna, Starlet Riedel, Julie Rivera, Richard Rivera, Byron Roberson, Kirt Robison, Tina Rodri-

Bustos, Jerry Camacho, Golden Capps, Randall Carpenter, Jeffery Clark, Trasi Craft, Keith Craig, Bruce Crshaw, Judy Dudley, Laura Espinoza, Mary Alice Espinoza, Jay Fluit, Danny Foster, Mercedes Garza.

Norma Garza, Rudy Garza, Steve Gomez, David Gonzales, Edwin Gossett, Russel Graves, Craig Greathouse, Tracy Guthrie, Benny Hair, Sammy Hardin, Keith Hart, Kim

Haynes, Jan Julian, Joel Kirkpatrick, Marsha Larch, April Leverett, Leticia Lopez, Belinda Martin, Krisha Mason, Bertha McDougle, Callie McSweeney, Elizabeth Medina, and Bunny Miller.

Richard Moat, James Mock, Rodney Oden, Delton Osborn, Willie Osby, Teodoro Paiz, Donny Payne, Kenneth Pearson, Pete Pearson, Adam Perez, Tracy Price, Nelda Ramirez, Bobby Redman, Cynthia Reese, Kevin Rivera, Gloria Rodriguez, Lydia Rodriguez, Cecilia Rosas, Modesta Rosas, Ramon Salas, Simon Salinas, Domingo Sanchez, Brad Sharp, David Shults, Patti Simecek, Renee Smith, Marcie Sneed, Gregory Storie, Tim Tanner, Kerry Thuet, Keith Tidwell, Rodney Tidwell, Mark Valdez, Aurora Vargas, Jo Dan Williams, Kurt Williams, and John York.

BLAKE HOLLEMAN

Former student is salutatorian

Blake Holleman, son of Arleta and Wayne Carpenter of Post, and Dale Holleman of Brownwood, is Salutatorian of Brooksmith High School with an 87.4 grade average.

Grandmothers are Ann Altman, and Ruby Carpenter of Post and Alene Holleman of Brownwood.

During his senior year, Blake was chosen Mr. BHS, most athletic boy, and class favorite. He was a member of 4-H, the annual staff, the football and basketball teams. His sophomore year he was all-district basketball. He set out his junior year with a broken leg and was able to play his senior year.

Blake plans to attend college and major in Farm and Ranch management.

Alarm to sound here Friday

When you hear the weather alarm at 12:30 Fridays, and the weather is clear, remember that the siren is being tested only, by order of the County Commissioners' Court.

The Garza County Commissioners' Court met Monday, May 24, in regular session, with Commissioners Herbert Walls, Ted Aten, T.D. Craft, and Judge Giles W. Dalby, present.

Arnold Frye of the Babe Ruth baseball League requested that the county allocate funds to repair the baseball field. Such a fund will be added to the county budget.

The Commissioners formed a housing finance corporation, and named Jack King, Giles McCrary, and Donald Windham to be incorporators, with Jack King to serve as director.

The Commissioners approved an order stating that all abstractors will use the same office space, because of limited space available.

The Commissioners approved the purchase of an IBM Electronic 75 typewriter for the County Judge's office. The IBM Selectric II presently in service will be moved to the office of Preston Poole, County Attorney.

CHAMBER SIGN 8 This huge sign greets travelers coming into Post on US 84 and invites each and everyone to help Post celebrate its

75th birthday. Readers will note the word "pagent". The sign is on south Broadway. — (Staff Photo)

Ronnie Hill is new deputy

Sheriff Jim Pippin announces the resignation of Deputy Dewayne Riggs from the sheriff's department effective May 28. Deputy Riggs plans to relocate to Colorado City where he will be employed with a chemical plant.

Ronnie Hill, a certified officer from Lubbock County will be filling the vacated position.

Following a brief orientation period on the day shift, Officer Hill will be patrolling nights. He was formerly employed by the Alcoholic Beverage Commission and by the Lubbock County Sheriff's Department.

If a cat is allowed outdoors, an occasional bath in tepid water is a good idea and one he should get used to. Don't, however, bathe kittens before they're six months old.

Applicants wanted for heritage program

AUSTIN — "This year we're hoping to surpass the 1,500 mark in the total number of Texas properties registered in our Family Land Heritage Program," Agriculture Commissioner Reagan V. Brown said recently.

"And we certainly hope individuals interested in history or agriculture in Garza County will help us by bringing as many qualified applicants into the program as possible."

"Ted L. Aten, Garza County Historical Commission chairperson and Garza County Judge Giles Dalby, will be working with us on the program," Brown said. Since 1974, the program has honored 1,443 Texas properties.

The Texas Department of Agriculture (TDA) is entering its eighth year in sponsoring the program which honors "those families that have persevered for a century or more in the cultivation and production of food and fiber," Brown said. "Undoubtedly, these families, with their unflinching determination have been the backbone of Texas agriculture."

The registration period will extend from May 15 to August 15.

Those who qualify are honored in state ceremonies and receive a certificate and a copy of the Family Land Heritage Registry. The publication has a brief history of each farm or ranch and includes old photographs of the families and homes.

Basic requirements include the following: Continuous agricultural production on the farm-ranch for 100 years, land ownership within the family, complete operation or supervision of the farm-ranch production by family members who are Texas residents and a size of 10 acres or more with agricultural sales of \$50 or more a year, or if less than 10 acres, sales of at least \$250 a year. County judges must approve all applications.

Persons who meet the basic qualifications and wish to enter can obtain an application from the county judge, county Historical Commission chairperson, the nearest TDA district office, or by writing to Commissioner Reagan V. Brown, Texas Department of Agriculture, P. O. Box 12847, Austin, Texas 78711.

Tax officer here June 1

State Comptroller Bob Bullock has announced that Jim Chauncey from his Lubbock field office will be at the Garza County Courthouse in the Tax Assessor's Office on Tuesday, June 1, 1982 from 2 p. m. until 4 p. m. A comptroller's representative is available to assist local residents at the courthouse the first Tuesday of each month.

Bullock urges anyone with problems or questions concerning state taxes to contact Mr. Chauncey at the courthouse in person or call the Lubbock field office at (806)795-0691. A toll free number (1-800-252-5555) is also available to Texas taxpayers.

Texas' is in 17th season

At the first company meeting of the year on Monday afternoon May 23rd, 1982, the dancers, singers, actors, box office workers, parking people, ushers, costumers, stage technicians, light and sound workers, riders, secretaries, directors and staff meet for the first time to talk about the seventeenth season of the musical drama "Texas."

In the comfortable seats of the Branding Iron Theatre on the campus of West Texas State University in Canyon, they listen to plans for the year, some history of the show, instructions for the coming three and a half weeks of rehearsal and introductions of the people who guide the production.

They have come from several hours of picture taking for the Souvenir program, writing of stories for that program, discussion of contracts, checking information for W-2 forms with the bookkeeper, and greetings of old friends on the part of the third of the

company who are returnees. Since tickets are already going well, everyone who wishes to attend is urged to make reservations as quickly as possible by writing Box 268, Canyon, Texas 79015, or by calling 806-655-2181. Prices for adults are \$4 through \$7, and children are \$2.50 — \$7.00.

We're Proud of You

CONGRATULATIONS

I AM YOUR FLAG

Fly Me On Memorial Day, May 31

I am your FLAG.

I was born on June 14, 1777.

I am more than just cloth shaped into a design.

I am the refuge of the World's oppressed people.

I am the silent sentinel of Freedom.

I am the emblem of one of the greatest sovereign nations.

I am the inspiration for which American Patriots gave their lives and fortunes.

I have led your sons into battle from Valley Forge to the jungles of Vietnam.

I walk in silence with each of your Honored Dead, to their final resting place beneath the White Crosses, row upon row.

I have flown through Peace and War, Strife and Prosperity, and amidst it all I have been respected.

My Red Stripes . . . symbolize the blood spilled in defense of this glorious nation.

My White Stripes . . . signify the burning tears shed by Americans who lost their sons.

My Blue Field . . . indicates God's heaven under which I fly.

My Stars . . . clustered together, unify fifty States as one, for God and Country.

"Old Glory" is my nickname, and proudly I wave on high.

Honor me, respect me, defend me with your lives and your fortunes.

Never let my enemies tear me down from my lofty position, lest I never return.

Keep alight the fires of patriotism, strive earnestly for the spirit of democracy.

Worship Eternal God and keep His Commandments, and I shall remain the bulwark of peace and freedom for all mankind.

I am your flag.

Thank You

We would like to thank all our friends, neighbors, relatives for all your prayers, food and concern during the loss of our mother, Laura Mae. A special thanks to Bro. Reece, Steve McMeans, Don Travis, Phil Alford, Dr. Tubbs, nursing staff at Twin Cedars Nursing Home and Garza Memorial Hospital. We shall always remember your thoughtfulness and concern.
 Durwood Bartlett and family
 Henry Bartlett and family

I wish to thank all my friends who came to see me while in the hospital and I express my gratitude for the lovely flowers, cards and especially everyone's prayers. I express my thanks to Rev. Pablo Pequeno for his prayers and visits to the hospital. Thanks to Dr. Wilson and his staff for being so nice and kind. May God bless you all for everything. I love you all very much.

Public Notice

NOTICE OF APPLICATION FOR FLUID INJECTION WELLS

Ray J. Diekemper, Jr., P. O. Drawer 2130, Lubbock, Texas 79408, has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil and gas.

The applicant proposes to inject fluid into the San Andres formation in the Northwest Garza Unit, Well Number 410-WI and 411-WI. The proposed injection wells are located four miles northwest of Post, Texas in the Garza Field, in Garza County. Fluid will be injected into strata in the subsurface depth interval of 3180 to 3330 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711, (Telephone 512-445-1373).

Out of shoe polish? Rub your leather shoes with the inside of a fresh banana peel and wipe with a woolen cloth.

The Garza Memorial Hospital Board of Directors will accept sealed bids at 608 West 6th street, Post, Texas, 79356 until June 10, 1982 to be opened at 7:00 a. m., June 17, 1982 at their regular meeting, for the purchase of a standby generator set to meet the following criteria: At least 65 K W, 120-240 volts, with dual carburetion (natural gas-gasoline); engine to be 8 cylinder or equivalent to power above generator; 12 volt ignition system with heavy duty industrial battery and hospital type muffler.

For further information on required specifications and installation, please call Maritta Reed, Administrator or Bill Terpening at 495-2828.

Sorority meets for self-defense course

Xi Delta Rho chapter of Beta Sigma Phi held its final meeting before summer break on May 24 with 17 members meeting at the Primary gymnasium for a self-defense demonstration. The demonstration was given by Lee Coffman and Louis Cardinal. Coffman has had vast experience in training and teaching self-defense and is a deputy with the Garza County Sheriff's Department. Cardinal is with the Texas Department Highway Patrol and assisted Mr. Coffman as his "fall guy."

Mr. Coffman has offered to teach an extended course if enough interest is shown. Those interested in such a

course may contact Denece Higgins at the Sheriff's Department.

Following the self-defense demonstration members went to the home of Trisha Cockerell for a brief business meeting and Voda Gradine was presented with a scrapbook of the years events.

Trisha Cockerell and her co-hostess, Jenny Francis served refreshments to members: Voda Gradine, Cheryl Blair, Karen Pennell, Susan Cardinal, Bernice Eubank, Johnnie Francis, Christy Morris, Margaret Price, Nancy Shaw, Joyce Teaff, Peggy Ashley, LaGayluah Feagin, Denece Higgins, Vicky Howell and Cheryl Walker.

Meeting set for Tuesday

There will be an organizational meeting of the Garza County Chapter of the American Cancer Society, Tuesday, June 1, at 7:30 p. m. in the First National Bank Community Room.

The drive has tentatively been scheduled for Saturday, June 5 and Sunday, June 6. All volunteers are urged to attend.

Remember this could be the opportunity for you to help contribute your time and energy towards the discovery of a cure for cancer in your lifetime.

Shower honors Mrs. Williams

A miscellaneous bridal shower honored Mrs. Jeff Williams, Sunday, May 23 in the rural home of Mrs. Charles Morris.

The approximately 65 guests attending were registered between the hours of 2:30 and 4 p. m.

Honored guests for the occasion were the honoree, her mother, Mrs. Jim Gilbert of Lubbock and mother of the bridegroom, Mrs. Royce Josey.

Carrying out the bride's chosen colors of orchid and yellow, the table was laid with a white lace cloth over orchid with milk glass and silver appointments used.

Hostesses for the shower were Mmes. Sharron Morris, LuElla Bilberry, Mary Miller, Jennifer Knight, Ruth McClellan, Juanella Hays, Norma Baumann, Jane Terry, Glenda Stevens and Melanie Windham.

The hostesses presented the couple with a vacuum cleaner.

Ladies VFW stays busy

Saturday, May 8th, the Ladies Auxiliary of the VFW took crocheted rose corsages to the ladies in both nursing homes for Mothers Day. Tuesday, May 11th was our regular monthly visit to United Convalescent Home to serve cake and punch to the residents.

Tuesday, May 11th was our first monthly meeting night. Thursday, May 12th, we all prepared a very good meal for the peace officers, judges, highway patrolmen in observance of Peace Officers Week. Sorry some couldn't make it.

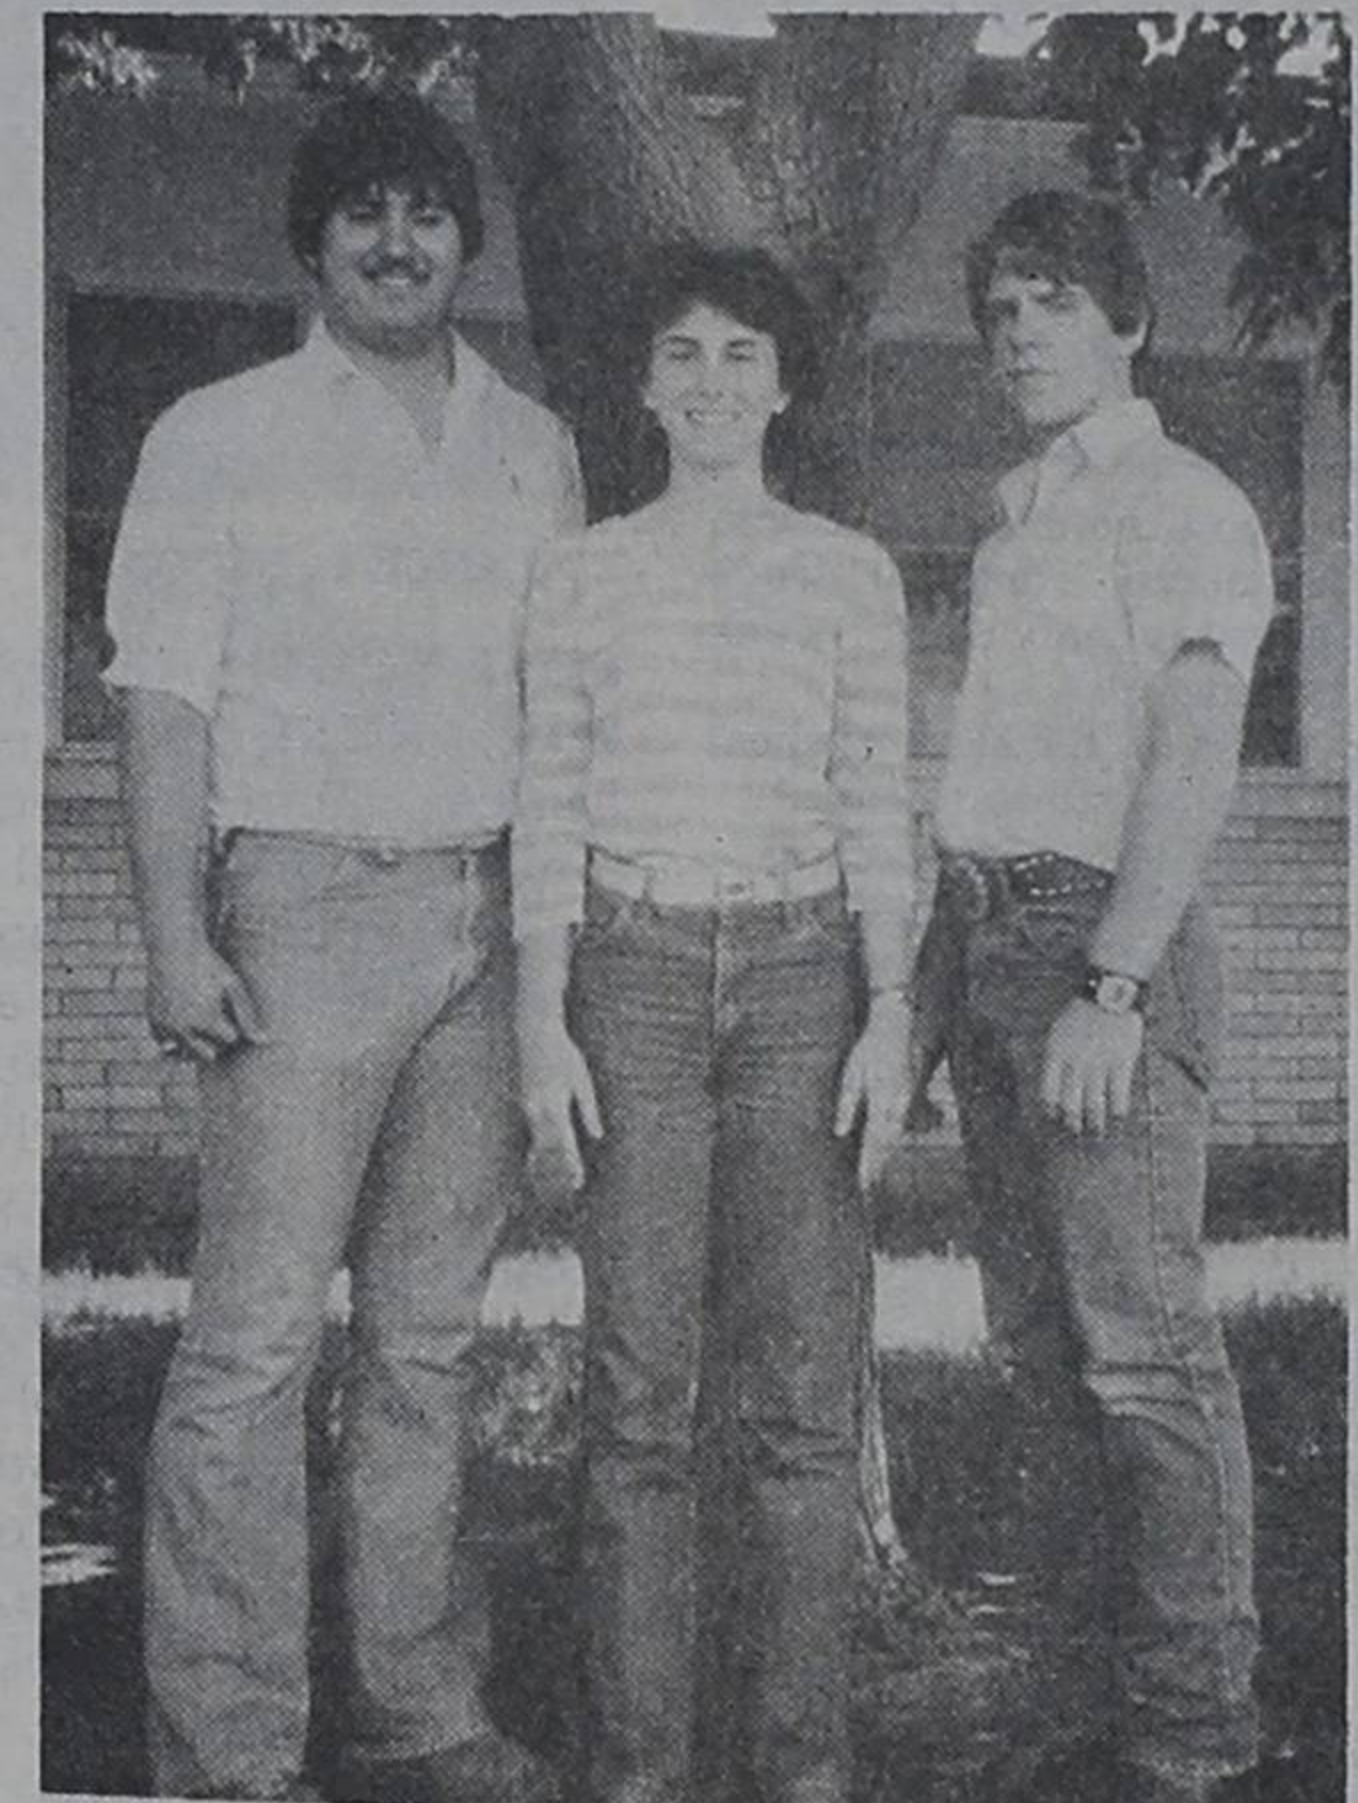

May 15 and 16th a district convention was held at the Lubbock Post. Jo Ella Sparlin, Matt Matthews, Nick Vukad and Andy Stelzer attended that convention and Jo Ella was elected Jr. Vice of District 7.

Tuesday, May 25th, Jo Ella Sparlin, Lola Ryan and Dink Boren went to Twin Cedars and served cake and punch.

Saturday, May 29 is our monthly fish fry and Monday, May 31st is the Memorial Day breakfast. Friday, May 21 Jo Ella Sparlin, Dink Boren, Lola

Brownie Troop 235 in Fly-up ceremony

Brownie Troop 235 held a Parent-Troop potluck dinner and Fly-Up ceremony Thursday night, May 20 in the bank community room. Leaders for the Troop are Carol Tobias and Julie Hudman.

A candlelight service was held during the ceremony with each girl reciting a portion of the Girl Scout Law and Promise as she lit a green or white candle. Next, the girls crossed through a brown crepe paper trefoil where Mrs. Hudman pinned on their new Girl Scout pin. Then they crossed through a green trefoil to Mrs. Tobias for the final step of the ceremony where they received individual Girl Scout sashes. On the sashes were patches for their accomplishments of three year stars, Brownie "B's", a bridge to Juniors, wings, and a dabbler patch in the world of people.

Girls honored in the Fly-up ceremony included: Marilyn Bell, Joanna Binford, Dee Dee Byrd, Zina Bustoz, Rosalind Fields, Tyra Hart, D'awn Howland, Jana Hudman, Tina Poe, Angela Tobias, Hilary Williams and Sarah Williams.

FLY-UP CEREMONY — Brownie Troop 235 held its fly-up ceremony into Girl Scouts last Thursday night in the bank room. Shown l to r, front row, Marilyn Bell, Dede Byrd, Tina Poe, Sarah Williams, Hilary Williams, Angela Tobias; back, l to r, Tyra Hart, Joanna Binford, Rosalind Fields, D'awn Howland and Jana Hudman. — (Staff Photo)

Seminar slated for May 28th

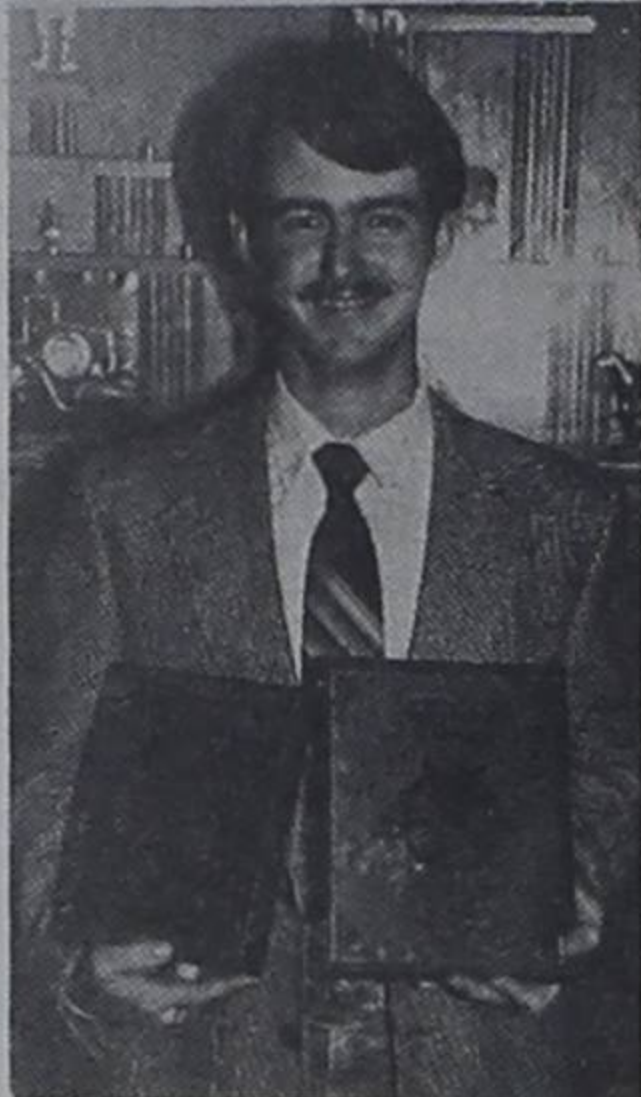

Adolescence and the special health care problems associated with that age will be examined in a one-day "Adolescent Medicine" seminar, May 28 at Texas Tech University Health Sciences Center.

The seminar, scheduled from 8 a. m. to 4:30 p. m., will examine a wide variety of subjects including the psychosocial factors critical to early, middle and late adolescence; teenage pregnancy and substance abuse.

Sponsored by the TTUHSC Department of Pediatrics, the seminar is designed to provide the pediatric student, resident physician, faculty and other health care providers with information about the interrelationship between the behavioural and biological sciences in the understanding of adolescents and their health. The conference is open without charge.

For more information, contact the Department of Pediatrics at (806) 743-2266.

THE FIRST NATIONAL BANK OF POST

Record highs set at Western Heritage sale

HOUSTON — Prices for Quarter Horses and bronze sculpture hit record highs as the 1982 Western Heritage Sale topped the \$3 million mark May 14-15 at the Shamrock Hilton Hotel. Total sales of \$3,461,100 were recorded during the seventh annual event, the foremost sale and auction of art, cattle, and horses in the nation. As in past years, fine art of the American West set the pace at \$2,117,800, including a new world record of \$50,000 for a

Western-motif bronze sold at auction by a living artist. Event history also was made by the overall Quarter Horse tally of \$1,033,500, top individual price of \$150,000 for a mare, and average per animal of \$41,048. The total for Santa Gertrudis cattle came to \$309,800, for an average of \$11,915 per consignment.

A by-invitation-only crowd of 1,200 prominent guests attended the unique gala sponsored by former Texas governor John B. Connally,

Dallas land developer Joe Marchman and Houston businessman and civic leader Louis Pearce Jr.

Bids went into six figures for art as buyers from around the world vied for a select collection of oils, watercolors and sculptures. Top price of \$140,000 was brought by the oil "Walking Coyote and the Buffalo Orphans," painted by Tom Lovell of Santa Fe, New Mexico and purchased by Steve Langham of Houston. Tucson, Arizona artist How-

ard Terping came in a close second with his oil, "Coffee Coolers Meet the Hostiles," which was purchased for \$130,000 by L. D. Brinkman of Kerrville, Tex.

The record-setting bronze, "End of a Long Day," was created by Simonton, Texas sculptor Jim Reno and bought by B. F. Phillips of Frisco, Texas.

The total figure for art includes \$1,117,800 for the 27 select works sold at auction on May 15 and another \$1 million for the more than

150 works offered at fixed prices during the wall-hung art sale on May 14.

Top-selling horse in the Sale was Gwyn Tari, a two-year-old mare consigned by Pearce Ranches of Houston and purchased for the new event record of \$150,000 by Crawford Farms of Carrizo Springs. The previous record of \$130,000 was set at last year's event. Second highest price, \$100,000, was paid by Mae West Syndicate of Houston for the mare Gajes Mae West from

Welch Ranches at Merkel, Texas.

Santa Gertrudis sales were led by a bull from Cosgrove Ranches of Coalgate, Oklahoma, which brought \$37,000 from J&S Fullen Farms of Ripley, Tennessee. A cow with two calves at side, consigned by Double TT Ranch of Scurry, Texas, brought the second highest price at \$24,500 from Silverbrook Farms of Middlebrook, Virginia.

The three sponsors already are planning the 1983 Western Heritage Sale, which will be May 6-7 at the Shamrock Hilton Hotel. Meetings are set for July in

4 students on Dean's List

Levelland — Four students from Post have been named to the President's and Dean's Honor Lists at South Plains College for the 1982 spring semester.

To qualify for placement on the President's List, SPC students must maintain a 4.0 of "straight A" grade point average for the semester. Students on the Dean's Honor List must

Santa Fe, New Mexico, to select next year's art, cattle and horse consignors.

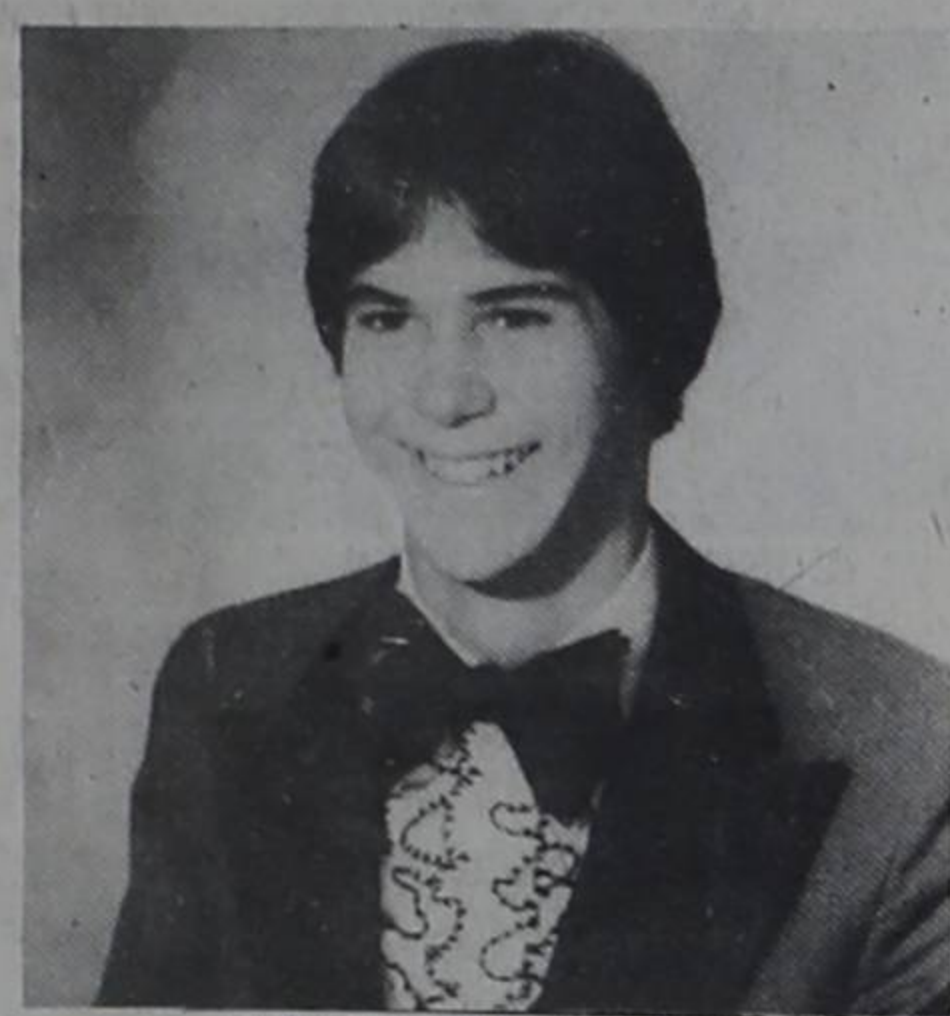

maintain a minimum grade point average of 3.25.

Named to the President's List were Brenda Angerer, Darris Bynum and Bertha Villa. Danny Sappington was named to the Dean's Honor List with a 3.60 GPA.

"We wish to extend our congratulations to these fine students who have demonstrated the academic excellence which is found at South Plains College," said Dr. Bud Joyner, dean of arts and sciences. "We are always proud of the students who are named to the President's and Dean's Honor Lists at SPC."

Congratulations, Grads

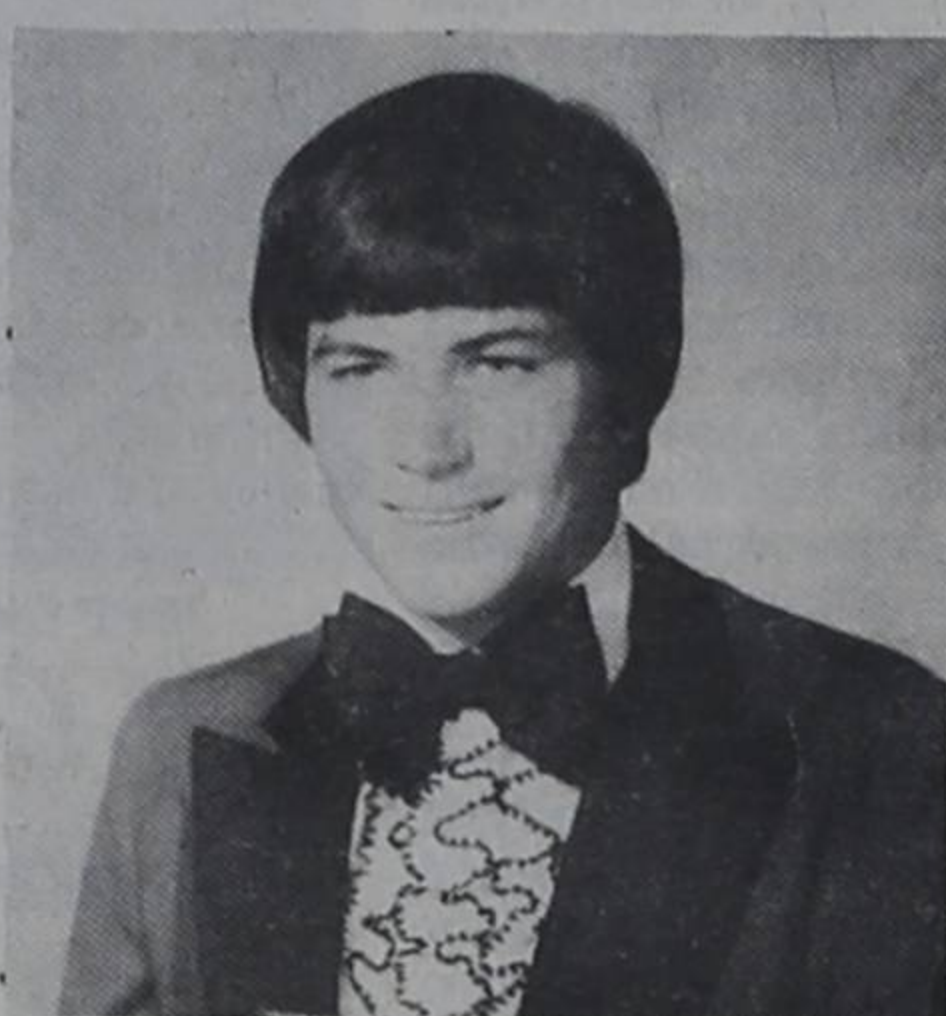

Our congratulations to the entire Post High School graduating class, including these sons and daughters of our employees.

Cardinals lead first weeks' play

The First National Bank Dodgers scored ten runs in the third inning of Thursday night's, May 20 game and went on to beat the Postex Yankees 16-7. Billy Odom and Kent Ammons shared the pitching chores for the winners.

Keith and Roy Holly and Manuel Perez had three hits apiece for the Dodgers, who won their first game after starting the season with two losses.

The final game of the night, between the Cardinals and the A's was played under protest, and will be completed at a later date.

In Friday night's action the Palmer A's were never behind as they scored two runs in the first inning and seven in the third inning, on the way to an exciting 12-8 win over the Giants. The A's led 9-8 going into the last inning, and scored

three runs in the top of the sixth, then shut out the Giants in their last at-bat to claim the win.

Trevor Thuet doubled in the fifth inning and scored on Daryl Foster's single to give the Storie Gin Tigers an 8-7 win over the Dodgers in Monday night's games.

A double by Bill Odom and a triple by Manuel Perez in the bottom of the same inning could produce only one run for the Dodgers who needed two runs to tie, and three runs to win. The win was the first for the Tigers.

The Post VFD Cardinals scored four runs in the first inning and additional runs in every other inning en route to an easy 15-4 win over the Postex Yankees. Dale Gonzales and Bill Rankin led the Cardinal hitting attack with two hits each. John Armendariz and

Shawn Bevers held the Yankees to only two hits for the evening. The undefeated Cardinals now lead the league with two wins.

The Cardinals continued their winning ways, Tuesday night, holding off a determined Giants rally, to win, 5-2. Greg Benham pitched the whole game for the Cardinals, allowing only three hits. The Giants scored twice in the top of the last inning on a walk, a single, and Henry Jackson's triple, but the rally fell

short. Michael McLain allowed only six hits in a losing cause.

In the second game on Tuesday night's Little League schedule, the Dodgers took a 20-10 win over the A's. The Dodgers pounded out 19 hits, and allowed four pitchers to share the mound duties. The A's scored ten runs on only four hits, with the help of six walks, a hit batsman, and several Dodger errors. The A's led at one point in the game, after scoring eight runs in the second inning, but the

Dodgers came back in the top of the next inning to take the lead, and eventually the game.

STANDINGS

Cardinals	2-0
Red Sox	1-0
A's	1-0
Tigers	1-1
Giants	1-1
Yankees	1-2
Dodgers	1-2

One game between Cardinals and A's played under protest, is not included.

16 runs not enough as— Mets hold off last inning Dodger rally

The Dodgers scored 16 runs, including seven in the last inning, but it wasn't enough to outscore the Mets, who scored 5 runs in the last inning to overcome a Dodger lead and take a 19-16 win, Thursday night.

In the second game, the Rangers and Astros each scored one run in the first inning, another run in the second inning, and then both teams erupted for seven runs in the third inning. But when the dust had cleared, the teams left the field with a 9-9 tie.

The Rangers who scored seven runs in the last inning of the Friday night game, kept their hitting clothes on, scoring five runs in the first inning against the Texans, on the way to an 11-8 win. The Texans scored in every inning, but could not outscore the Rangers. Michael Radle pitched for the Texans; and Michael Harper pitched for the Rangers.

The Dodgers scored five runs in the top of the last inning to erase a 6-4 Colts lead, and then held on to take a 9-6 win in the opener of Monday night's Minor League action.

The Mets, behind the pitching of Daniel Redman, took a 9-6 win over the Astros in the second game Monday night. A big 6-run

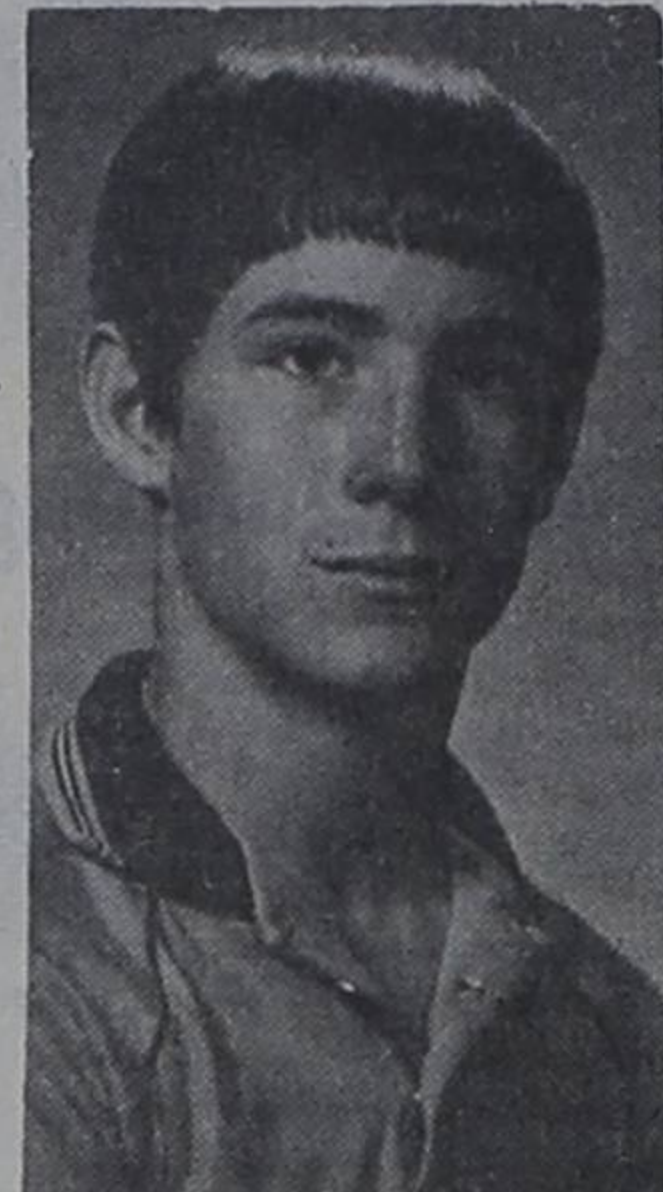

second inning was the difference, as six batters walked in the inning.

Ten walks and two hit batspersons, with a few hits thrown in at the right time, plated 17 runs for the Astros, who needed all 17 runs to beat the Texans, 17-16, in Tuesday night's action. The Texans put seven runners on base with walks, but could score only four runs in the last inning, when they needed five to tie.

The Rangers sent only 11 batters to the plate, and except for a walk and a hit batsman, could muster no offense, in losing to the Dodgers, 16-0. Marlin Valdez started on the mound for the Dodgers, who scored in every inning on their way to the win. Becky Shumard walked to lead off the game for the Dodgers, and when she scored, it gave the team their margin of victory.

Minor League Standings (Through games of May 25)

	W	L	T
Bears	2	0	0
Dodgers	2	1	1

JEFF LAMB

Jeff Lamb attends World Acro

Jeff Lamb, age 16, son of Mr. and Mrs. Dan Lamb recently participated in the World Acro games competition at the metro center in Rockford, Ill. He was invited to international competition by Mrs. Bonnie Davidson, meet director and was invited to tumble with her Elite class during his stay.

In the World Acro games competition, the athletes are entered as individuals, each competing in their own age group. Competition categories include trampoline, mini trampoline, power tumbling, platform tumbling and acrobatics. Jeff participated in power tumbling which consists of a series of difficult passes and execution of continuous skills down a 100 ft. mat, requiring strength and endurance. Jeff entered the 15-18 age group and placed 9th, scoring 9.3 and 10.2.

Jeff stayed in the home of Ronald Gustafson of the Gymnastic Academy of Rockford and was treated to a special steak dinner by Mr. Gustafson in honor of his achievement in the competition. Jeff had the opportunity to meet numerous honored guests who have earned notariety in the field.

The international event involved more than 500 acrobatic youth from 28 countries. International judges included representatives from the Falkland Islands.

and we will deliver to those who call the church and ask us to. If you want both chili and spaghetti its \$3.00.

We are thankful to God that Tom Warren was able to come home Monday and is feeling much better. He's at United Convalescent Center. We are also thankful that Billy Jo Idell is able to be back in church with us. Billy hurt her knee and was out of church for a while.

The W.M.'s had their monthly gift drawing Tuesday and Rhonda Warren took home many nice gifts. The W.M.'s also presented a Bible to Tom Warren Tuesday.

Congratulations to all Post High School Seniors.

"Teach thy tongue to say, 'I do not know.'" Talmud

Tennis tourney in Snyder

The Snyder Chamber of Commerce is sponsoring a tennis tournament July 3 and 4 with events including juniors (boys and girls) 12, 14, 16, 18, singles and doubles.

Adult men and women's 35 singles and open division mens, women's singles and doubles and mixed doubles. Players may play in two regular events and mixed doubles.

Fees are \$6 for singles and \$10 for doubles. Trophies will be awarded finalists in all events.

Entries will close at 6 p. m. Wednesday, June 30th. Players will have until noon of the 3rd to determine doubles partners.

For further information and/or entry form please call 915-573-3344 or 915-573-3940.

United Convalescent Home News

We here at the home are never bored there is so much going on.

Mrs. Gladys Wood is back after a week visit to Buchanan Lake with her son and daughter-in-law.

Mrs. Ruby Woodard, Miss Henrietta Nichols, Mrs. Eunice Porter, Miss Bonnie McMahon went for a ride Saturday with Nell Matthews and missed all the excitement.

William Brookshire has returned from a weekend visit to Houston with his sons and their families.

Welcome home from the hospital to Mr. Warren and Mrs. Boucher.

Bobbie Edler is back from a weeks long trip to Missouri.

Music Thursday night here at the home with Noel White and Jane Mason. We are looking forward to all the good singing and music.

Bonnie spent the weekend in Clovis, New Mexico with her niece.

Our sympathy goes out to the Ira Greenfield family. He was not with us long but we did learn to love him and will miss him.

Our employee of the month is Mary Brumblaw.

Mary was born January 11, 1955 in San Diego, California and has two sons. Her dad being in the service, she has lived in several states, mostly on the west coast. Most of her school years were in California. She has been a resident of Texas since 1975 and has lived in Post since February, 1981.

She has been working at United Convalescent three months. Her hobbies and special interests are gardening, ceramics, animals and crocheting. She is a Baptist. She has one sister and two brothers. Her husband's name is Richard, son, David four years of age and son, Stanley is two years old.

In the recent Leukemia Donation Drive the home raised \$93.05 in contributions and thanks each and everyone who donated to the fund.

Seniors reveal last will and testimony

Brush your pie lightly with milk before baking to give it a rich brown glaze.

We, the Senior Class of 1982, of Post High School, being in good health, of sound and disposing mind and memory, do hereby make and publish this, our Last Will and Testament.

Kraig Peel wills Tim Tannehill the free use of a moving van to move all his belongings into the training room.

Kirk Thomas wills Dana Hodges the ability to drive down an alley without hitting the dumpsters.

Tommy Gonzales wills Chris Belongia the ability to hit a tennis ball over the net.

Kirt Robison wills Kim Norman a new laugh.

Tammie Eckols wills Mario Pena a straightener to put on his curly hair.

Pam Riley wills Robert Shults the ability to do his

own homework without trying to pay someone to do it.

Nathan Stark wills Arthur Striblin a torch to melt down his lead foot.

Tonie Hernandez wills Mary Raymundo the secret to having short legs and arms.

Amy Babb wills Cynthia Poole the ability to kiss without getting black all over her face.

Karen Pender wills Cindy Reiter a years supply of soap to wash her car.

Bobby Smith wills Dicky Odom a paint job for his falcon.

Joann Harper wills James Lee her bad temper.

Mario Luna wills Bill Black a year book of Top-of-Texas.

Mike Sullivan wills Will Kirkpatrick the ability to

pick up his books without flexing his muscles.

Dana Scott wills Alfred Mullings a years supply of Mad Magazines.

Tina Rodriguez wills Christina Saldivar the ability to stand on her own two feet without falling down.

Brad Mason wills Sam Butler a years supply of oil for his blue bucket of bolts.

Jerri Baumann wills Tonie Ammons the ability to participate in P.E. for a whole year without any injuries.

Trushell Marts wills Monique Claborn her spot on the basketball bench.

Beth Camacho wills Orilia Flores a trip to Munchkin Land.

Jana Terry wills Darla Jackson the ability to learn how to use booster cables.

Phil Tyler wills Jerry

Pruitt the ability to choose one girl.

Deann Reiter wills Kristi Lofton money to have surgery to cut off her lead foot.

Vicki Teaff wills Wade Giddens the ability to make below a 99 without griping.

Patti McClellan wills Tina Greene the ability to avoid demerits next year.

Beth Masters wills Crystal Mason a tomboy personality.

Lisa Holly wills Twila Pewitt, her brother and the ability to come to school without wearing one of his shirts.

Starlet Riedel wills Charlie Dalby a years supply of lipstick and a 10 foot rope to tie around Giles so she won't lose him.

Gina Ainsworth wills Ronnie Reed the ability to stay on the road while driving home.

Brent Howard wills Russell Smith a 4 inch neck to hold his head off his tired shoulders.

Charla Tatum wills D'Linda Tyler the frying pan which was willed to her by Tricia Hair.

Kim Hutto wills Chris Belongia a years supply of snickers for Newspaper.

Gaylen Murphy wills Carlos Flores a pair of high-heeled shoes.

Debbie Saldivar wills Mary Basquez the ability to admit she likes Jr.

Paul Valdez wills Joe Menchaca a years supply of listerine for his breath.

Marty Conoly wills Irvin Price a years supply of Jergen's Lotion for his ashy legs.

Byron Roberson wills Keith Bullard a new pickup.

Jimmy Ticer wills Curtis Clinesmith his knock-knees.

Tonie Hernandez wills Rene Medina the ability to be wise and choose a girlfriend who won't deny dating him.

Jennifer Ellis wills Patricia Bassinger the ability to go to driving school and pass.

Jerry Siewert wills Ray Mason the ability to stay out of culverts on New Years Eve.

Dana Scott wills Toby Craft the ability to walk without strutting.

Beth Camacho wills Ester Lopez a years supply of bandanas.

Lynn Hodges wills Jay Norman the ability to go to her grandparents house with Vicki and say more than three words.

Mario Luna wills Ricky Saldivar the ability to be by himself and without his girlfriend.

Jr. Guerrero wills his brother Jesse Guerrero the ability to graduate.

Jerry Hawkins wills Alphonso Reyna a years supply of high protein crackers.

Tim Tanner wills Kelly Binford a dull knife so he won't cut himself.

Julie Rivera wills Lesa Valdez the ability to make good grades in Shorthand.

Chris Beggs wills Scott Lewis footweights to keep him grounded when the wind blows.

Brad Greer wills Richard Cisneros his own special hair stylist.

Eric Cravy wills Rhonda Adams the ability to stay away from other guys while he is gone.

Jack Ryland wills Kenny Bullard a ream of typing paper.

Cindy Basquez wills Louie Ybarra the ability to come to school and trun his work in on time.

Donna Massey wills Sherry Baker the ability to finish school before getting married.

Able Reyna wills Larry Jackson a years supply of Neet.

Greg Williams wills Wayne Smith the ability to buy his own can of snuff.

Gary Lamb wills Dawn Peirce the ability to go downtown and ride around.

Ricky Perez wills Margarita Gonzales the ability to keep the "Laughing" down in the school halls.

Janet Blacklock wills Richard Tanner her membership in the Nautilus.

Sylvia Quintana wills Norma Samora the ability to use a pencil like she uses a hairbrush.

Roy Gonzales wills Jimmy Valdez the ability to prove that he is a man by giving the Senior Boys a job.

Carla Odom wills Mark Odom the ability to walk by a mirror without stopping and to go 30 minutes without brushing his hair.

Ken Young wills Derrick Walls a job as head maintainer.

Andy Rosas wills Joe samora his own fake I.D.

Karen Davis wills Vickie Doss her very own Winn store.

Donna and Diana Horton will Marvin and Melvin Wynn the ability to not look-a-like.

And, I, Lana Dunn, will Charlotte Murphy the ability to sneak around with boys and not be caught.

We're Proud of You

Jerry Siewert wills Ray Mason the ability to stay out of culverts on New Years Eve.

INSIGHT INTO EYESIGHT

DR. J. DAVIS ARMISTEAD O. D.
DOCTOR OF OPTOMETRY

Impact Lenses

Every eyeglass and sunglass approved by the Food and Drug Administration must be impact-resistant. It must be able to withstand the impact of a 5/8" steel ball dropped from a height of 50 inches.

But if you're wearing impact-resistant eyeglasses or sunglasses, that doesn't mean they're shatter-proof or break-proof. You may have greater protection now than you had before the FDA regulation went into effect. But you still have to protect your eyes and your glasses from accidents.

A lot depends on the care you give your glasses. Dropping them can sometimes loosen the lens. And if you have scratched your

glasses, you have weakened them. They will be easier to break or shatter.

It's important to have your glasses checked regularly. Your optometrist will make sure they are in good condition. If needed, he can recommend quality lenses that meet the highest standards of impact-resistance. And he can check your eyes to make sure your glasses are giving you the vision.

In the interest of better vision from the office of:

Senior Citizens News

The Garza County Trailblazers are to go to Lubbock Thursday, May 27 for the Senior Olympics at the Texas Tech Recreation Center. We will be leaving the center around 8:00 a. m. with registration beginning at 9 and will last until 3 p. m.

Our Outstanding Senior Citizen was voted on by the senior citizens and she is Inez Grantham. Inez is our head cook at our center and we are all very proud of her.

We will have several of our group entered in different events such as eight ball pool or billiard, "42" couples, washer pitch, horse-shoe pitch and dominoes singles. Also the one mile walk plus all the open events that you might like to enter. So if you would like to go please let us know so we will know how many will be going. You may take a sack lunch or eat a catered meal from Southern Seas of Chicken or Fish for \$2.00.

We are still having good crowds but we may have to start having some fund raising events according to SPAG. We are going to have a 10 percent cut across the board on all our contracts. So you Senior Citizens are going to have to help us in these events. Don't know what exactly will happen yet.

We still have blood pressure checks four times a month. Also hearing aid assistance once a month.

We will be closed Thursday, May 27 and also Monday, May 31 on Memorial Day.

Friday will be Helen Coys last day, we are going to miss her very much but wish her and Dick the best in their new home in Arkansas. Mrs. Keeton will be taking her place. We will be having a new bookkeeping personnel in Mary Jo Tanner and Virginia will be helping her until she recuperates from minor surgery.

We have our new kitchen floor and a new mixer and coffee pot. Haven't got our air conditioner for the kitchen in yet but it is here and ready to install but haven't got the guys together to install it yet.

Our prayers are with all those who have sick loved ones and those who have lost loved ones. We are still having a lot of illness.

Our bus goes to Lubbock each Tuesday for medical trips and other things, so if you need to go call 2998. Other days it is available for things you need to do in Post, so call us and we will be there to pick you up.

We have real good lunches each day at 12 noon so come on down and join us.

SS checks to be stopped

College students who receive monthly Social Security students benefits may not be aware that they will not receive checks for four months this summer, according to Laura B. Peacock, manager of the Lubbock Social Security Office.

Because of legislation enacted into law in 1981, students benefits are being phased out, Peacock said. "Students who began receiving monthly Social Security payments after August 31, 1981, will receive their last check on August 3. These students will receive no further payments" Peacock said.

Students who began receiving benefits before September 1 will continue to be eligible for payments, but they will not receive checks for June, July, August or September each year, regardless of whether or not they attend summer.

Also, these students will have their benefits reduced up to 25 percent each September through 1984, Peacock said. The last Social Security payments for any college students will be made May 3, 1985.

TWINS CEDARS HOME NEWS

We are excited about all our residents who are a nice bunch of people. They desire our love, care and respect. We would like to welcome our new resident, Raymond Speer to our home. Raymond is from Tahoka.

Maria Jimenez is in the hospital and we hope she gets well soon.

Our residents are looking real good this week. Irene Wheeler went out to get her hair fixed, Pauline Kirkpatrick also got her hair done and they both look real nice.

We sure are proud of Mr. Dee's garden as it is looking real pretty and green and we are enjoying watching it grow.

We are proud to have Mrs. Freda Harmon as a guest in our home. Mr. Harmon is improving some. Services were brought to us by the Church of Christ. We sure enjoyed his message and we had a nice crowd.

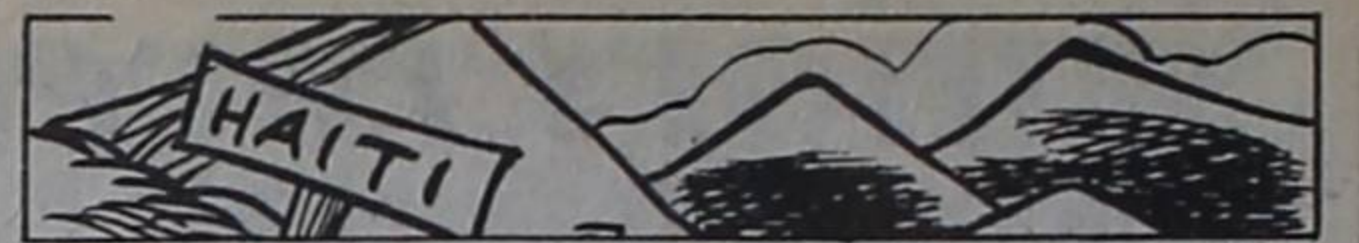

Patsy Craig is here every Wednesday for our Bible study. Thank you Patsy. We would like to thank each and everyone for everything you have done, may God bless you.

Happy Birthday to Irene McCommis, Juanita Vasquez and Raymond Speer. Irene McCommis was honored with a birthday party Sunday by her family. Irene was 60 years young. They served ice cream and cake and had three freezers of ice cream and four different kinds of cake. Irene was glad to have her mother with her and did enjoy herself.

The residents have Bible reading every Tuesday afternoon at 2 p. m. You are welcome to come in and read with us and we play dominoes every evening, come and play with us.

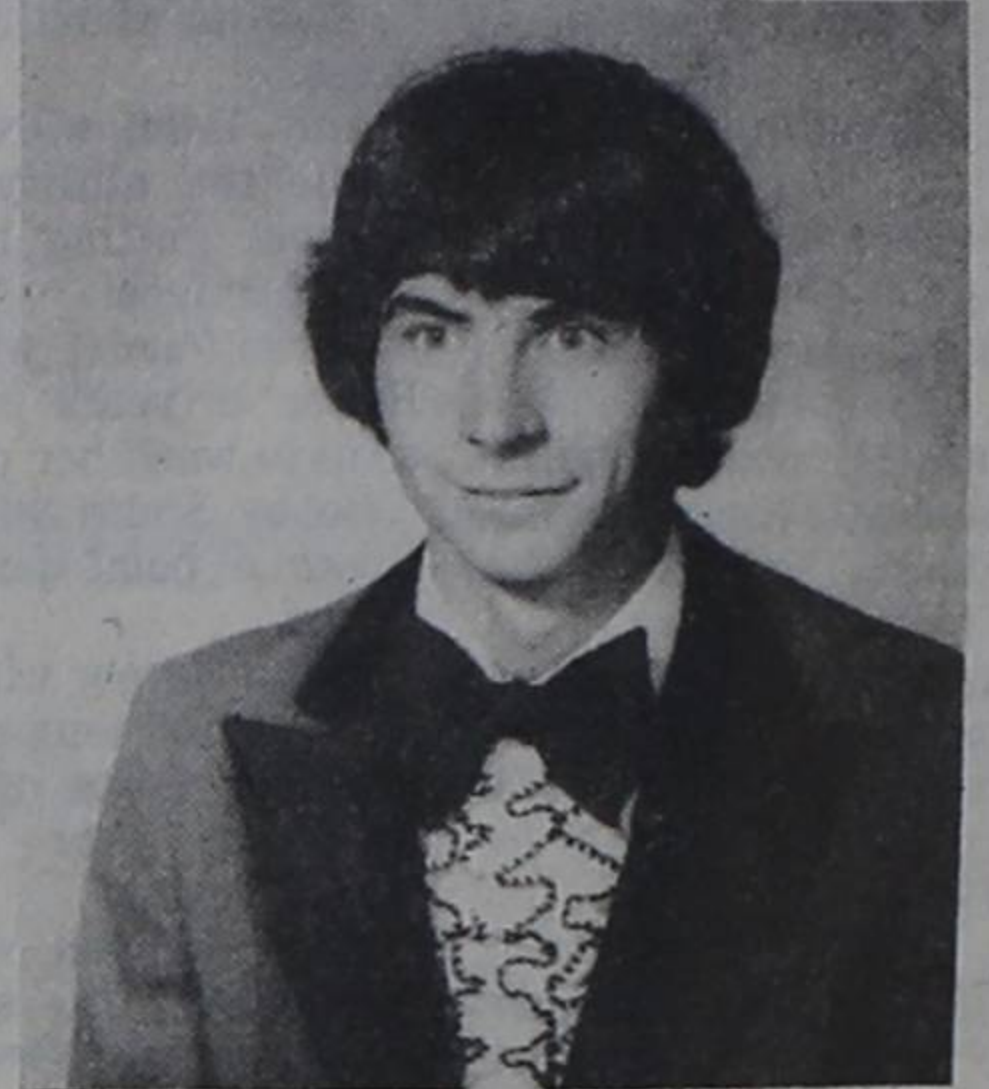

Visitors this past week were Beverly Davis, Chris Howle, J. D. and Jewel B. Spencer, Lydia Kindle, Bertie Beard, Opal Nowell, Maggie Joe McQuien and we thank you for the books, Cynthia Osby, Pauline Salas, Nicholas Flores, Sylvia Salas, Mises Flores, Flora Salas, Winona Ward, Zillah Huddleston, Darrell Roberts, Hillary Williams, Faye Maddox, Teresa Williams, Agnes, Mike, Stacy, Josey and Nikki Lyons.

We would like to thank each and everyone for your visit. See U

COTTON TODAY

FARMERS TO BE FEATURED

Three top cotton producers will share their experiences and views with the audience at the National Cotton Outlook Conference June 15-16 in the Lower Rio Grande Valley of Texas.

Bruce Brumfield, Inverness, Miss.; James Mitchell, Wolfforth, Tex.; and Bruce Heiden, Buckeye, Ariz.; will discuss current production problems and technology needed to increase cotton yields and reduce costs.

Conferees also will tour cotton production in the Valley. The headquarters hotel is Bahia Mar, South Padre Island.

EXPORT FUNDS REQUESTED

Cotton Council International President Harold Weeth, Coalinga, Calif., producer has urged congress to act favorably on a proposal to increase foreign market development funds by \$4.2 million.

Testifying before a Senate Agriculture subcommittee, Weeth also urged a GSM-5 revolving credit fund for agricultural exports be initiated at a level of at least \$1 billion.

During his appearance, Weeth detailed CCI's market development programs to build exports for U. S. cotton.

Cops can increase fuel efficiency

COLLEGE STATION - Cops can cut fuel consumption in their patrol cars and save taxpayers' money, says a long-time lawman trained in fuel efficient driving.

"Altering some old driving habits and improving others can increase a vehicle's gas mileage by as much as 20 percent," says Charles Kenner, an instructor for the Law Enforcement Training Division of the Texas Engineering Extension Service. Kenner has spent almost 30 years in the law enforcement profession.

Local Baptist youth in Bible drill

The 1982 Southern Baptist Bible Drill Competition was held in Lubbock April 23-24 for grades fourth through sixth and was the state level of competition for grades seventh through ninth the state semi-finals.

Those participating from the First Baptist Church of Post in the children's Bible Drill and their ratings included: Rachel Wilson; Curtis Williams, Tyge Payne, Michael Wells and Kevin Williams all achieved an excellent rating; Brook Capps received a superior rating and Trevor Thuett received a perfect rating and his drill Bible for no mistakes.

Sammy Hardin also took part in our Youth Bible Drill this year. Those advancing to the Youth State Semi-finals were Keith Craig, Golden Capps, Donny Payne, Kerry Thuett and Jo Dan Williams.

All participants in childrens and youth state semi-finals have to qualify in previous church and asso-

ciational competitions. The childrens state drill consists of memorizing approximately 30 scriptures, finding books of the Bible and quoting the one called and those on either side; and locating ten key passages. They drill on a ten second time limit and are given recognition for five or fewer mistakes out of the 24 calls from the four categories.

The youth state semi-final drill includes locating the books of the Bible, scripture searching, identifying verses, doctrinal statements and a Bible answers drill.

Aggies are better student loan risk

COLLEGE STATION — The default rate among Texas A&M University students on national Direct Student Loans is among the lowest in the nation, U.S. Department of Education records show.

As of June 1981 only 2.36 percent of the loans granted at Texas A&M were in default compared to 1980 figures of 16 percent nationally and 21.3 percent in Texas, university officials said. The percentage of Texas A&M students in default dropped from 4.7 percent last year.

Only 129 student loans for a total of \$73,000 were in default by Texas A&M students.

EXPORT SALES REPORTED

Net new sales of cotton for the 1981-82 marketing year reached 64,400 running bales during the week ended May 13, bringing the season's total commitments to 6,691,000.

Sales for 1982-83 were 3,200 bales. Japan was the largest purchaser in both categories with 64,400 bales for the current year and 63,200 for 1982-83.

For the first time there is a plan that will pay for prescription drugs plus many new options which make this plan the best for the 65 and over group.

Honor students life story

PAM RILEY
I, Pamela Dawn Riley, entered the world on October 16, 1963, in Slaton, Texas. My parents are Don and Pearl Riley. I also have one sister, Sharla. I have lived in Post all of my life and have attended school here for 12 years. I have always enjoyed school and all of the friends I've made there.

During my elementary years nothing exciting really happened, except our family moved to the country. This started my bus riding career which I liked at first, but soon learned to hate.

I really enjoyed junior high and dreaded graduation, because this meant I would be in high school with all those big kids. But, high school turned out to be my very best years. Though these years passed really fast, I enjoyed them. While in high school, I have had the privilege of being involved in many activities such as National Honor Society, Student Council and UIL.

I feel that my greatest privilege is my personal relationship with God. This has influenced my decision to attend a Christian college. I am going to attend Bethany, Oklahoma, a suburb of Oklahoma City. There I plan to major in computer science.

TRUSHELL MARTS

On July 21, 1964, Ken and Berniece Marts' first and only daughter, Deniece Trushell, was born. That was me, 17 years ago, and this is me now.

The first two years of my life my mother never got a full night's sleep because I kept her awake by bawling all night. I did not like to go to bed then and I still do not. Finally, when I was two years old I quietened down a bit and we could all get some rest.

At the age of six I started first grade with Mrs. Lucille McBride, who I am very fond of. I was not very anxious to start school, but once I got started it was not so bad.

As I advanced in grades and age I become more involved in school activities such as U.I.L. spelling in the fifth grade. Spelling has been a regular every year since. When sixth grade rolled around we were in a new building with new acquaintances to make.

Sports started in the seventh grade with basketball and track under the only Coach I ever had, Charles Black. Nothing very exciting happened in the eighth grade.

My freshman year in high school was my last and final move to a new building. That year I went to regional in U.I.L. spelling, but that was as far as I went. My next three years I also went to regional in spelling, but I never got any further.

As a sophomore I went to regional in the 1600 M. run. That same year I was inducted into the National Honor Society. The next year as a junior, I went to

regional in the 800 M. and 1600 M. runs. This, my last year in high school, I qualified for regional in the 800 M., 1600 M. and as a leg on the 1600 M. relay. In the 1600 M. run I went on to place third at the State Meet in Austin. Also this year I have had the privilege of serving as President of the National Honor Society.

In a few days I will have graduated and my plans for the summer are to work a little and then go on to summer school at SMU. In the fall I will officially begin my college days at SMU.

PATTI ANN McCLELLAN
My name is Patti Ann McClellan. I was born on February 14, 1964 in Lubbock, Texas. My parents are Mason and Glenda McClellan. I have one sister, Roxanne, who is 14 years old and one brother Michael Mason, who is seven years old. We have lived in the Graham Community all my life. I attend the Graham Methodist Church.

I started to primary school in 1970 and my first grade teacher was Mrs. Lloyd Mock. Junior high was fun because we got to change classes. Then came high school. I was involved in a lot of activities such as National Honor Society, Student Council, FHA, FFA, senior class president, golf team, and basketball manager.

I have been a member of the Garza Soil and Water Conservation Youth Board for three years. I enjoy animals, hunting, fishing and the outdoors. I plan to work this summer and attend Western Texas College of Snyder in the fall.

TAMMIE ECKOLS

On the twelfth day of April in 1964, a baby girl was born to Mr. and Mrs. Wayne Eckols at 5:58 a. m. in the Mercy Hospital in Slaton, Texas. They named that baby girl Tammie Marie Eckols. I was that baby girl. After four days in the hospital I went to my home in Post, Texas.

In August of 1970, I started first grade with Mrs. Mock as my teacher. Through the first five years of my school career, I learned to read, write, add and subtract.

My junior high years were a lot of fun. The excitement of changing classes was something new. I enjoyed going to football games and cheering the guys on. I was in band my seventh grade and eighth grade years. Playing at the junior high pep rallies was a lot of fun. I was also in the NJHS.

Then I moved on to high school. The first day in high school was scary. Everything seemed so big. I just knew I would get lost and be late to class. It did get better.

I was in the band my first three years. I was inducted into the National Honor Society my sophomore year and am still in it. I have served on the Student Council for two years. I am on the annual staff this year and enjoy taking pictures.

The worst thing in high school was writing my research paper. I survived that, so now I can take almost anything.

I plan to attend Western Texas College in the fall of 1982.

LANA DUNN

On April 29, 1964, Mrs. Ruthell Stanley and Mr. Darrell Dunn were blessed with their second child — me, Lana Denece Dunn. I was born in Slaton, Texas and lived in Tahoka.

I attended kindergarten and first grade in Tahoka, second grade in Lubbock; and the rest of my school years here in Post.

My school years have brought me many happy times and many lasting friendships.

I've had the pleasure of being involved in many activities while in school, such as cheerleading, junior play, basketball and track, UIL typing and journalism, Student Council vice president and secretary National Honor Society.

I would like to thank my parents, teachers and friends who have helped me through my school years.

I plan to get married and find a good job.

AMY BABB

For 18½ years, I, Amy Babb, have been a resident of Post, Texas. As the graduation nears, here are a few events that I remember in my school years. I attended kindergarten at First Baptist

Church. At the age of six I started first grade in the Post schools. Two things that I remember in first grade is making paper canoes and reading in the hall with Phil Tyler. By the time I reached the fourth grade, I had a reputation as

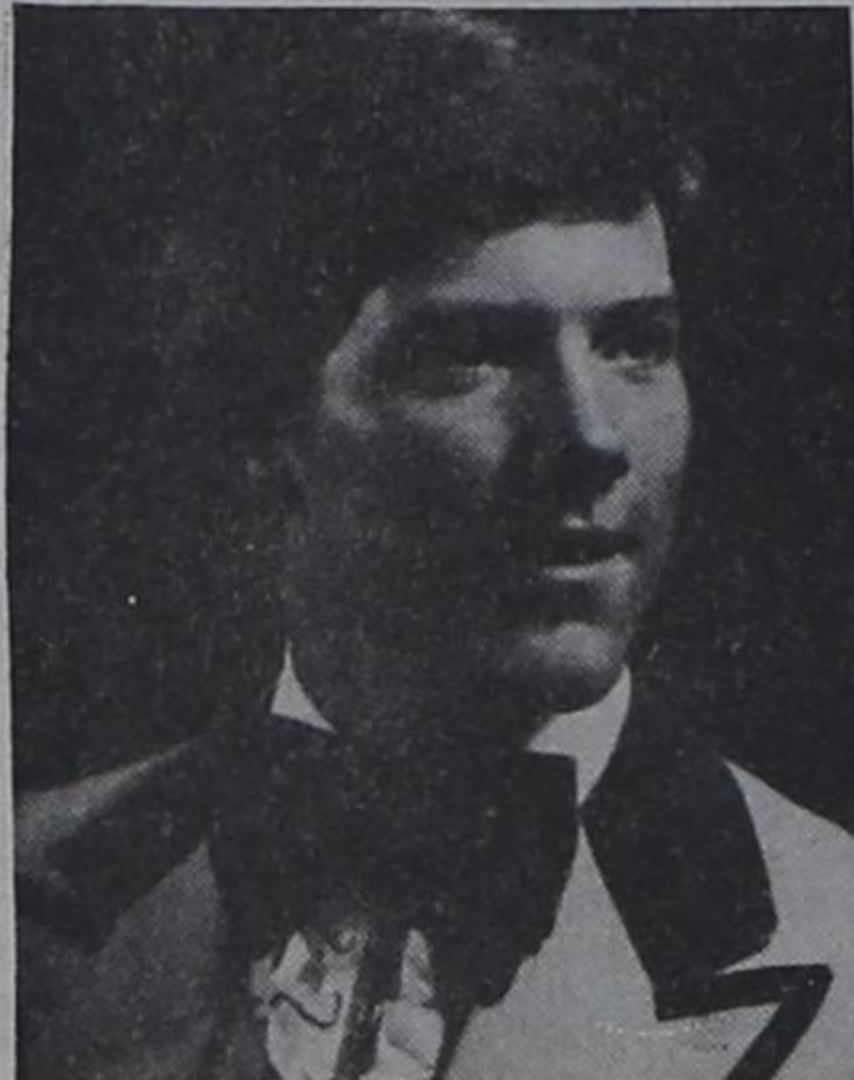

a fighter. This continued until my mother and I had a little talk. She convinced me that little girls weren't supposed to beat up little boys.

The occasion in Jr. High that I remember most is being sent to the office for chewing gum. After receiving one lick I decided that would be my first and last visit.

In high school I participated in track, golf, basketball, junior and senior plays, Student Council and the National Honor Society. As a senior I had the privilege of working in the office under Mr. Giddens and Ruth Ann Young.

After I graduate I plan to attend Western Texas College in Snyder, Texas. I plan to major in art.

Congratulations to these 1982 Southland Seniors

Dream foretells future

When I was told I would be the one to write the Class Prophecy, I was to say the least — FLABBERGAST-ED!!! I thought and thought about what I would write. I thought so hard that I fell asleep and began to dream. This is what I dreamed:

It is the year 1987 and our five year class reunion has just ended. Some of the news I learned tonight really amazed me.

Dana Scott decided he liked Coach Giddens' office so much, he is the new principal at Post High. When students are sent to his office because they talked back to a teacher, or walked out of class, he claims he never did either of these.

Cindy Basquez is Mr. Shiver's secretary. She has finally perfected the telephone answering technique.

Able Reyna is the librarian at Post High School. He enjoys helping all the students.

Trushell Marts spelled her way through school and college. She decided she enjoyed English so much that she is now an English teacher at Post High.

Carla Odom and Beth Ann Masters operate a preschool. The terrible two-year olds and threatening three-year olds are giving them a terrific headache.

Jerri Baumann, Tonie Hernandez, and Starlet Riedel are employed as teachers in the Post Primary School. It seems Jerri doesn't have much hair left. She claims the children are making her pull her hair out. Tonie has quite a few gray hairs. She says the children are giving her gray hair before her time. As for Starlet, her fingers are shorter. She admits she ran out of fingernails to chew on long ago.

Debbie Saldivar and Kim Hutto teach a twirling class. They teach twirling in ten easy lessons.

Gaylen Murphy attended welding school after he finished high school. He now teaches a welding class at Post High School.

Tina Rodriguez is teaching physical education in the primary. She confesses,

"It is amazing what some of those kids can teach a teacher!"

Pam Riley teaches a computer class at Post High. She has been asked to invent a computer that can do a research paper without any effort on the Senior's part!

Bobby Smith is the new band director at Post High School. His specialty is giving Tuba lessons.

Lana Dunn enjoyed journalism so much in school, that she is the new editor of the Post Dispatch. She finds so much news to write about that the paper now comes out daily.

Lisa Holly still knows everything about everyone. She is usually seen riding around downtown, finding information to put in her gossip column in the paper.

Chris Beggs is the main photographer for the paper. He enjoyed school so much while he was going, that he decided to enjoy it some more and teach a photography class.

Richard Rivera is undoubtedly a photographer. He gets very angry when someone hides when he's supposed to be taking their picture.

Donna and Diana Horton are in Hollywood now. They are making Doublemint Chewing gum commercials, of course.

Paul Valdez is also living in Hollywood. He is a stuntman and enjoys his profession. The more dangerous the stunt is, the more he likes it.

Jimmy Ticer and Kirk Thomas are now actors in the new soap opera, "Two Lives to Live." Kirk plays the part of a butler who killed his employer's mistress. Jimmy plays the part of a psychiatrist who is a little nutty himself.

Karen Pender is making toothpaste commercials. She enjoys showing her bright smile to everyone.

Marty Conoly was quite a fisherman. Now he is seen on T.V. as the new host of Outdoor Sportsman!

Jack Rylant is trying to make a name for himself as a comedian. He is still using the same jokes he used while in school and he's still the one who laughs loudest.

When I was in downtown Dallas last, I saw a huge picture of Greg Williams. It seems he has a chain of Corner Grocery's and has his picture on every billboard advertising his stores.

We all remember how much Charla Tatum loves tornadoes. She is the new weather person for channel 28. She is always sure to let us know when bad weather is approaching.

Patti McClellan was always a Dallas Cowboy fan while in school. Now she can be seen every Sunday afternoon on T.V. as a Dallas Cowboy Cheerleader.

Brad Mason, Gary Lamb, Mario Luna, and Roy Gonzales are now playing football for the Dallas Cowboys. It looks like football paid off for them.

We all knew Jerry Hawkins and Coach Kennedy were quite a pair. Jerry is now the assistant coach under Jay Kennedy at Texas Tech.

Karen Davis is trying to play her way to Wimbledon.

She enjoys showing her opponents her backhand.

Can you believe it? Phil Tyler is still working at United. Only now he is the boss and his father is stocking shelves.

Beth Camacho was always kidded about her height while she was in high school. She does all the kidding now. She owns a shop called Munchkin Land. If you are over 5 feet, she won't let you in.

Gina Ainsworth was known as 'Miss Justiceburg' during High School. She sure showed us. She has been seen touring the world as the new Miss America.

Jerry Siewert wasn't welcomed when he walked in tonight, because he wasn't recognized. The reason is because he has a crew cut and wears a business suit everywhere he goes. He now sells car insurance.

Deann Reiter is in the oilfield business with her husband. She is teaching her two darling children all about oil.

Kraig Peel is still speeding around the slow drivers and even the fast drivers. He is now a race car driver. In his spare time he is a farmer. He has trouble with this because his tractor won't go fast enough.

Mike Sullivan and Jana Terry decided they liked animals enough to be vets. They work together to keep all our animals well. Mike has trouble keeping the animals in line, and Jana has trouble keeping Mike in line.

Nathan Stark is still in the plumbing business. He drives a van with a gigantic wrench on top of it.

Ricky Perez is now a Maytag repairman. He is the lonliest person in our class.

Janet Blacklock owns her own beauty shop. She enjoys making people beautiful.

Julie Rivera is a fashion designer in California. She is trying to influence the world with the Texan look.

Vicki Teaff is really enjoying her cosmetology. She is working on a new kind of makeup. She will naturally name it after herself.

Sylvia Quintana enjoyed accounting so much during high school that she is now a public accountant. She makes sure everything is accounted for.

Donna Massey is the secretary at Doctor Wilson's office. She enjoys taking your money, but if she is around when a shot is needed, she soon makes a disappearing act.

Robert Espinoza and Brad Greer are still working at the mill. Robert is the plant manager. He makes sure everything is in line and stays that way. Brad is the personnel manager. He makes sure all the young and pretty girls are hired.

Kirt Robison is a cop for Post now. When you see a police car doing about 80 through town or running a red light, it is probably Kirt.

Tim Tanner has started his own Brat dealership in Post. He wanted to share his Brats with the people of Post.

Tommy Gohzaes owns a garage. If you can get your car to his garage, he will fix it for you.

Softball camp is planned

College Station, Tx — There will be a one week softball camp this summer at the Texas A&M campus. The camp director will be Head Aggie Softball Coach Bob Brock. The camp will be open to girls age 11-18.

"The camp will feature instruction in hitting, fielding, throwing, running, bunting, and pitching on a one to one basis," says Brock.

Campers will be grouped according to age. They will receive individual instruction. The session will be July 6-10, 1982. Cost for the week will be \$140.00 with a commuter rate at \$90.00.

Interested players or their parents should contact: Girls Softball Camp, Texas A&M University, Women's Athletics, College Station, Texas 77843 or phone (713) 845-1051.

Card of Thanks

We would like to take this opportunity to thank each and everyone for all the cards and visits during my stay in the hospital and since returning home. Mr. and Mrs. Buford Mathis

Thank God for all of the nice people of Post for being so kind to us during the accident. I do appreciate your prayers, flowers, cards, visits to the hospital and your concern.

Special thanks to Bonnie Medlin and all the wonderful ladies, brother Jim Jackson, the EMS and EMT groups, Dr. Rodriguez and the nursing staff. Thanks also to my pastor E. L. Hastings, my fellow church members and to Rev. A. Kelly and his church. May God bless you all. Thelma Moore

New concept for insect control in Texas cotton

Many Texas cotton growers will be trying a new system of cotton insect management this year because of Pay-Off insecticide, a new pyrethroid which received registration from the EPA in January 1982.

Pay-Off, a "second generation" pyrethroid manufactured by American Cyanamid Company, controls cotton bollworm and tobacco budworm at variable application rates, depending on whether insect pressures are low, moderate or extremely heavy. Using an insecticide at

variable rates is a concept that can save cotton growers money, along with reducing the amount of pesticide entering the environment. At light to moderate insect infestations, the product will often provide adequate control at less than half the rate of currently registered products.

Corky Helstrom, general manager of Goodland Farms at Hearne, Texas, and his consultant, Ronnie Phillips tried the new chemical under an EPA Experimental Use Permit in 1981. They applied

Pay-Off at varying rates on 100 acres of irrigated cotton, and both of them say that it provided good insect control at half the dosage rate of their standard pyrethroid.

The variable rate system relies on accurate scouting programs so that levels of insect infestation can be properly evaluated and rates adjusted accordingly. Field should be checked every three to four days to detect any changes in pest, beneficial insect, and mite populations, as well as crop condition and maturity.

INCREDIBLE BUT TRUE!

The first military aircraft were developed in the United States. In 1907, the United States Army organized an aeronautical division in its Signal Corps. The Wright Brothers delivered a Wright Flyer to the Army in 1909. In 1914, France became the first nation to send airplanes into combat during the First World War when it used aircraft for scouting purposes.

Military aircraft are used for the transportation of military equipment and personnel. They also make personal travel for Army Reservists easier. Army Reservists are entitled to hitch a space-available ride on these military birds anywhere within the continental United States, Alaska, Hawaii and Puerto Rico they fly. Spouses and dependents are eligible for overseas space-available flights with the sponsor.

May is Older American Month

In support of President Ronald Reagan's proclamation designating May as "Older Americans Month," Texas Farmers Union Green Thumb Inc., a senior employment program, joins other senior agencies in honoring our older citizens.

A proclamation concerning "Older Americans Month" has been issued every year since 1963. Each time it becomes more meaningful because the number of older Americans is increasing each year.

Because scientific advances in medicine have increased the length and

quality of life for our older citizens, a typical 65-year-old today can expect to live another 16 years. This median age is expected to increase by another three years during the next decade.

At the time the president signed the proclamation for "Older Americans Month," he also announced his endorsement on legislation prohibiting mandatory retirement. Congressman Claude Pepper, chairman of the House Aging Committee, praised Reagan's action.

"When it comes to retire-

ment, the criterion should be fitness for work," said Reagan in his proclamation speech, "not year of birth."

Green Thumb, an employment program that is funded by the Department of Labor under Title V of

the Older Americans Act, daily demonstrates the many valuable qualities of the older worker.

Farmers Union sponsors the program which employs almost 1,000 rural persons aged 55 and over in 108 counties across Texas.

POST, TX

Track and field camp scheduled at Wayland

PLAINVIEW — Applications for Wayland Baptist University's first annual Summer Track and Field Camp are now being accepted, according to Head Coach Glen Sefcik.

A unique concept in summer camps, the Wayland Track and Field Camp is slated for Sunday, May 30, through Thursday, June 3, concluding with a track meet the final day.

Open to both boys and girls between the ages of eight and 18, the camp will offer instruction in all areas of track and field. Each daily program will be re-education of training for seasonal development through drills and learning activities for each event.

Competent and successful high school, junior college and university coaches will use lectures, demonstrations, and visual aids to enhance the camper's learning experiences.

Topping the list of instructors for the inaugural camp is Sefcik, a veteran of more than 10 years of coaching on

the high school, college and international levels. Also on the teaching staff are Pee Wee Halsell and Bob Carey, assistant track coaches at WBU.

Individualized instruction will be geared to accommodate the range of each camper's performance capabilities, with emphasis on self-discipline, weight programs, flexibility, nutrition, rest, and setting high goals. The daily schedule will provide time for recreational activities.

Campers will be housed in a modern residence hall on the WBU Campus, and meals will be provided and served by the university staff in the campus dining hall.

Cost for the camp is \$130 per resident camper and \$80 for nonresident campers. Enrollment is limited to the first 100 participants who apply, and a \$25 deposit is required at the time application is made.

Registration will take place on Sunday, May 30, from 3 until 5 p.m. in

Hutcherson Physical Education Center.

Letters of application and deposit should be mailed to Glen Sefcik, Wayland Baptist University, Plainview, Texas 79072. For more information contact Sefcik at 296-5521.

did you know?

Wanda Hooks, Production Chemist, Harrington Station, Amarillo.

Southwestern Public Service Company uses woven fiberglass bags in its air-quality control system at Harrington Station near Amarillo. The fiberglass is more heat-resistant than standard cloth bags and is not affected by the high temperatures common in flue gas emissions. This keeps the air around the plant, and in your community, cleaner.

Ramona Knight, Cashier, Seagraves.

In many towns within the SPS service territory, you can pay your electric bill at drive-up locations. Many SPS offices have drive-up windows. You also may pay your bill at selected banks or savings and loan companies. Contact your local SPS office to find out if drive-up service is available in your area.

Don Bigham, Local Manager, Portales.

SPS offers free booklets on a variety of subjects. These booklets are designed to help customers understand the process of providing electric service and how to use electricity wisely. Booklets are available on electric ranges and water heating, microwave cooking, insulating your home, and many other topics.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

What's Happening in Home Economics

By MRS. CHERYL WALKER
County Extension Agent — Home Economics

Tomorrow's fabrics will "weave" some important changes into the "fiber" of consumer choices at the garment marketplace, Ann Vanderpoorten, a clothing specialist, predicts.

New fabrics "in the mill" today will mean lower prices for consumers tomorrow — sometimes along with lower quality, she says.

But don't be too quick to pin potential problems on the manufacturer only. Many problems with fabrics stem from consumer carelessness — or a combination of that and other pitfalls, says the specialist on the home economics staff of the Texas Agricultural Extension Service, The Texas A & M University System.

changes

One advancement that will help keep fabric costs down without lowering quality is the much faster loom.

Modern high-speed looms make fabrics more quickly and they use less energy. They need fewer production steps, and they create wider fabrics. All of this helps keep prices from soaring, the specialist says.

Another development is the application of dyes, sizing and other finishes — they are foams instead of liquids.

One advantage here is more speed, which, in turn, means that more fabric can be processed in a day. Foam dyes and finishes require less energy and less chemicals than liquids. All of these factors keep prices, down, too.

A third major development involves fibers — in the garment industry and others.

Two big newsmakers are the extremely strong fibers and the hollow fibers.

Some are made into strong woven and nonwoven fabrics and cables. They are used for such things as airplane fuselages, tire cords and off-shore oil-rig anchor cables.

These textile products save energy — they require

less energy to make and less to transport since they weigh less than the products they replace.

Development of the hollow fibers is putting quilted products in the price range of many, the specialist adds.

Some of the new hollow fibers now insulate more effectively than down, and they have the added benefits of weighing less and surviving laundering better, she says.

Along with all the benefits, there are some problems resulting from textile-industry changes, Miss Vanderpoorten says.

"One major problem is the loss of color-fastness in dyes used for apparel.

"Many manufacturers are encouraging the use of dyes with poorer color-fastness because they believe that consumers don't really need as much fastness as they've been given in the past, especially if using poorer dyes will help hold prices down."

So, many fabrics may fade after just a few launderings, she says.

A consumer's only recourse is to return the article to the retailer or manufacturer with a letter explaining that fading is the reason for return.

Consumer care will help tomorrow's fabrics do the most for the money, the specialist points out.

Read labels and follow the instructions carefully, and learn about fabrics — what will hurt them and what won't, she advises.

Take fading, for example: it isn't always due to poorer dyes.

Rapid fading of fabrics in some cases is caused by a chemical called "benzoyl peroxide," an ingredient in many acne preparations.

It will cause garments to fade, as well as drapes, upholstery, linens and even carpets. Before sending complaints, check your medicine cabinet.

Another problem occurs when consumers combine carelessness with "sweat-fighting" olefin products,

Senate sub-committee meet on FHA lending

WASHINGTON, D.C. — A Senate subcommittee on agricultural credit recently was urged to continue and if possible expand the lending authority of the Farmers Home Administration.

Testifying for the National Cotton Council, William H. Houston, III, said reauthorization of the FmHA is imperative because the American farmer's financial condition is "strained almost to the breaking point."

Houston, a cotton grower of Tunica, Miss., said most cotton farmers are in extremely difficult financial situations as the result of circumstances beyond their control. He noted that many have suffered two disastrous seasons in a row, and some three.

"Many of them have little equity left to secure production loans for a 1982 crop," Houston said, "and on top of that, high interest rates add to their already heavy cost burdens."

While in the past farmers who owned their land could offset some of these problems with additional equity generated by rapidly increasing land prices, he pointed out that this added source of borrowing power is no longer available to them because this year's high interest rates are holding down land values. Even more significant, Houston added, is the fact that some 60 percent of the cotton crop is grown on rented land which affords the farmer operator no loan security at all.

The Council representative warned against "quick-fix" farm program remedies that might temporarily help but would damage farm income in the long

run. For this reason, he said the cotton organization was encouraged by the FmHA policy changes announced by Agriculture Secretary John Block to help keep farmers in business during these difficult times.

Houston told the committee legislation is needed to correct the inequity that has resulted from a 1978 law that placed a \$100,000 ceiling on FmHA operating loans. According to USDA estimates, he said, the average cost of cotton production in 1981 was \$405 an acre, not including land cost. With the ceiling in effect, this means a farmer could finance only 246 acres of cotton through FmHA loan. But, Houston pointed out, 29 percent of cotton farmers have acreages exceeding that figure and this same group produces over 80 percent of the crop.

"FmHA policy is now clearly discriminating against the larger and more efficient growers who produce the greater part of the nation's cotton crop," he stated, "and the limit must be increased to reflect cost increases since 1978 if larger producers are to be able to use FmHA lending services."

The Mississippi producer also suggested that more

credit could be made available to farmers without additional government outlays by subordinating existing FmHA loans to new loans from the private sector. He said Administration officials had assured Council representatives in January that this tool would be used whenever and wherever possible.

"We believe that government credit for the purpose of keeping in business farmers who have a chance for future contributions is an investment in our nation's future, not an expense," Houston told the Senate panel. "We hope this credit can be made avail-

All-Risk insurance mandates a change

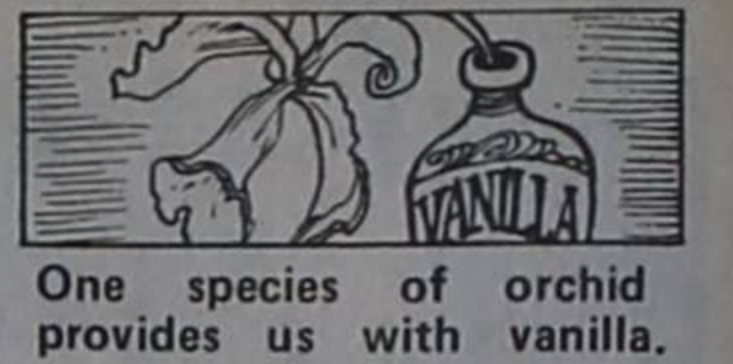

"The dramatic increase in participation in All-Risk or Multi-Peril Crop Insurance mandates a change in notice of damage procedure," according to F. W. Crouch, Jr., Field Operations Director of the Federal Crop Insurance Corporation. "New regulations in effect in 1982 will give rapid, responsive, accurate service to the producer, and increase the efficiency of the loss adjustment process," Crouch added.

Current requirements for prompt written notice of damage during the growing season will remain in effect. In addition, the producer is asked to provide written notice of probable damage at least 15 days prior to the beginning of harvest. If damage is not discovered

until harvest, the grower is required to file a notice of damage report immediately, and to reserve a representative sample of the unharvested crop at least 10 feet wide and extending the full length of the field. The crop residue must be left undisturbed for 15 days from the date of the notice, or until written authority is given by the Corporation to do otherwise.

Notices of damage are to include policy and unit number, estimated yield per acre, and estimated amount of indemnity.

"The increased volume of business and farmer reliance upon the All-Risk Crop Insurance program make it imperative that loss adjustment procedures reflect the realities of the added work

WHY BUY A GAS GRILL NOW?

Now is a great time to buy a new gas grill. Choose from 7 quality models ... save a big 20% ... and take the heat out of your kitchen, too.

You'll really enjoy the convenience of cooking out with a natural gas fired grill ... love the flavor of outdoor cooking without the mess of charcoal or the hassle of LP tanks.

Order your gas grill from any Energas employee now and make the most of summer.

Training is the key to professional service

Classroom training by skilled instructors. Hands-on service classes when new equipment is introduced. Audio-visual programs on repair procedures to use as we need them at our dealership. All these elements go into the professional training program available to our service technicians. Training prepares our people to handle both routine and emergency service work quickly and completely. You can depend on our service pros to do the job right for you.
