

# A Busy, Exciting Week For Post High School

## Class Leaves For Colorado This Morning

Post High School students, the Seniors in particular, are experiencing one of the most enjoyable weeks of the year. The Caprock, school annual, was distributed, the Senior graduation invitations arrived, and the Seniors left this morning on a weekend trip to Colorado Springs, Colo.

The annual, which is outstanding for its white and gold leatherette binding and its front and back fly-leaf montages depicting the Post School Band, features some excellent informal photographs of the school favorites, who are:

Most Popular Girl, Janet Stewart, daughter of Mrs. Ida Stewart; Most Popular Boy, Carter Gene White, son of Mr. and Mrs. L. C. White; Senior Favorites, Iris McMahon, daughter of Mr. and Mrs. J. W. McMahon of the Graham Community and Mitchell Malouf, Jr., son of Mr. and Mrs. M. J. Malouf; Junior Favorites, Calvin Storie, son of M. M. Storie, and Evelyn Sugg, daughter of Mr. and Mrs. L. L. Sugg; Sophomore Favorites, Leota Howell, daughter of Mr. and Mrs. Clint Howell, and Jerry Odum, son of Mr. and Mrs. Bud Odum; Freshman Favorites, Buddy Davis, son of Mr. and Mrs. Lee Davis, and Lois Ritchie, daughter of Mr. and Mrs. A. A. Ritchie; Eighth Grade Favorites, Billie Jean Jackson, daughter of Mr. and Mrs. C. L. Jackson, and Curtis Davis, son of Mr. and Mrs. C. L. Davis.

A full page picture is devoted to Lanell Brown, Football Queen, and Antelope Football Co-Captains Mitchell Malouf, Jr., and Jimmy Smith; a page is devoted to the Halloween Queen, Jean Sartin, and another page is devoted to the runner-up page is devoted to the runner-up.

## It's Safe To Be Downtown Now As "Posse" Reformed

"This is EVERYBODY'S fun." Homer McCrary, secretary of the Post Stampede and Rodeo Association, was speaking of the "Hoose Gow" in downtown Post where "The Law West of Sand Creek" will be enforced at 10 o'clock every week-day morning from now until the rodeo.

"We did it wrong Tuesday and Wednesday, but we have reformed now, and we want the folks to know that they are safe from fines and embarrassment if they will come on down town every morning and watch the fun," McCrary promised.

The "reformed posse" will confine its arresting to people who have on nothing resembling western regalia, from now on. All spectators who have on a toy gun, kerchief, western tie, or anything else western may safely watch the fun and they are invited and urged to be downtown every morning at 10 o'clock so that everybody in town can enjoy the fun.

## Three Fines Paid In Justice Court

A fine of \$1 and costs was paid in each of three cases handled by Peace Justice Jim King during the past week. One was a speeding case, another was for driving a truck without registration papers and the third was for operating a truck with excessive gross weight.

A man who was arrested last Thursday and charged with two traffic violations and possession of a large amount of liquor had not been tried on all offenses by yesterday.

## Cancer Funds Are Coming In Nicely

A total of \$413.37 had been raised by yesterday toward Garza County's quota for the cancer drive, the chairman, James Minor said.

"The money is still coming in, and we have hopes of making the quota, which is almost \$500," he said.

ONE MOTHER WINS THREE POST DISPATCH CONTESTS—

## Prizes Go To Mrs. Ainsworth, Mrs. Huff And Writer

Just as the Post Dispatch Mother's Day Contest judges had decided to give the prize for the Oldest Mother to 90-Year-Old Mrs. Isabell Nichols late Friday afternoon, a small boy messenger brought in two letters about Mrs. Lizzie Ainsworth, who can qualify for at least three prizes.

As Mrs. Ainsworth celebrated her 95th birthday on November 14, she can easily qualify as the oldest Garza County Mother known to the Post Dispatch staff. As she is the mother of 14 children, eight of whom are still living, she qualifies for the prize for the mother of the most children. And she was the only mother about whom more than one person wrote a letter by the deadline, at closing time Friday.

From the letters, which were written by Mrs. Bob Poole and Mrs. Jim Williams, the following information was gathered concerning Mrs. Ainsworth:

**Is Oldtimer Here**  
A native Texan, Mrs. Ainsworth has lived in Garza County since 1913, and she has 87 living descendants—eight children, 29 grandchildren, 40 great grandchildren and 10 great great grandchildren. Her total number of descendants was 93.

She is in excellent health and is able to make a trip twice a year to San Angelo, where she visits a daughter, Mrs. E. V. Woolever. She divides her time in Post in the homes of her daughters, Mrs. Iona Poole and Mrs. S. W. McCrary.

One of the letters says that she is a typical Mother and Grand-

mother, and the Contest Editor happens to know that this is true in the most traditional sense of the word.

The Post Dispatch will send three of the four Mother's Day prizes offered to Mrs. Ainsworth. They are (1) stick cologne; (2) dusting powder, and (3) three bars of soap, all delicately perfumed by Lucien Le-Long.

**Youngest Mother**  
The fourth prize, for the youngest mother, goes to Mrs. Benny Huff of the Barnum Springs Community, who will not be 17 years old until May 20. She is a daughter of Mr. and Mrs. W. A. Long, and her mother probably would have qualified for the Youngest Grandmother prize, had such a prize been offered. Mrs. Long

is only 36 years of age. Mrs. Huff's son, Jackie Don, who was born on February 27, also is singularly distinguished in that he has seven grandmothers to be remembered on Mother's Day. They are, besides his maternal grandmother, as follows:

Paternal grandmother, Mrs. Herman Huff of Winters, Calif.; great grandmothers, Mrs. W. J. Long of Thalia, Mrs. B. W. Penning of Garza County, Mrs. Stinson of Paducah and Mrs. Lyda Huff of Post, and a great great grandmother, Mrs. J. M. Vinnen of Littlefield.

Mrs. Huff's prize will be a box of dusting powder by Lucien LeLong, Balalaika fragrance.

**News Tip Winner**  
This week's first prize in the

News Tip Contest will be sent to Mrs. Theima Kuykendall, who wrote the best letter regarding an outstanding Garza County mother, Mrs. Ella Littlefield. The letter follows:

"An outstanding mother is Mrs. Ella Littlefield, who was 77 years old November 4.

"She lived in Lampasas County all of her life until her husband, George Littlefield, passed away seven years ago. She has since lived in Post with her daughter, Mrs. Gladys Den-

son. "Mrs. Littlefield reared 11 children and she has 43 grandchildren, 42 great grandchildren and four great great grandchildren. She has a total of 91 descendants.

## Rainbow Assembly Is Raising Funds For Summer Trips

To raise funds for trips to Ruidoso, N. M., and Houston, the Rainbow Assembly will sponsor a benefit forty-two party tonight in the City Hall and a bake sale in the entrance of Bryant-Link store Saturday.

Members of the assembly will leave May 26 for a weekend in Ruidoso, N. M., the mother adviser, Mrs. Julius Fumagalli, said yesterday. All the members also are planning to attend the Grand Rainbow Assembly in Houston, June 26-29 inclusive, if a bus is available, she said.

Tickets for the forty-two party, which begins at 7:30 o'clock, may be bought at the door tonight, at 25 cents each. The public is invited to attend.

All the proceeds from two softball games in the Postex Park Tuesday night went to the Rainbow Girl's fund. Approximately \$70 was netted from a

## Second Bazaar To Be Held Saturday In Mason Building

The Garza County Home Demonstration Council netted \$25.60 from the first of a series of four weekly bazaars held in the Mason and Company storage building, west of Short Hardware, Saturday. The next three bazaars will be held Saturday of this week and May 14 and May 21, at the same place, from 10 a. m. until 4 p. m.

Mrs. Jewell H. Strasner, Garza County home demonstration agent, told the Post Dispatch yesterday that she will take advance orders by telephone for special orders of fryers, home-baked cakes and pies and other farm products. The clubwomen, who are sponsoring the sales to raise \$250 for the council's budget for a year, will be glad to fill all advance orders and have the products at the place of the sale on any designated Saturday, she said.

The Justiceburg and Pleasant Valley Home Demonstration Clubs will be hosts for Saturday's bazaar. Handmade household articles and western regalia will be sold, along with farm and home-baked products.

## Rotary Club Plans Boy Scout Supper

All Boy Scouts in Post are invited to a supper which the Rotary Club will give in the American Legion Hall Tuesday night, beginning at 6 o'clock.

## How Many Names Are In Today's Post Dispatch?

How many local names are printed in today's paper?

The Post Dispatch staff is of the opinion that this week's issue breaks an all-time record for the greatest number of local names published.

A staff committee will count the names this weekend. The person writing in the number most nearly matching that which the committee counts will receive next week's second prize of \$1 in the News Tip Contest.

Count a person's name only once. If it appears more than one time in the paper, in either a news item or an advertisement, only the first time counts. Count the names in the ads the same as in the new columns, and send the Post Dispatch your guess as to the total number of local names. Names of persons residing outside of Garza County do not count.

## PTA Publicity Is Winner Of First Place In District

For the third consecutive year the Post Parent-Teacher Association won first place on its publicity scrapbook at the 14th District, Texas Congress of Parents and Teachers, convention in Lubbock last week. The local association also won third place in the yearbook contest.

The winning publicity book was made by the Post association's publicity chairman, Mrs. L. L. Wright, with the assistance of several grade school teachers. The back of the book was made of plywood and decorated with a handpainted wigwam.

## ATTEND CONVENTION

The Garza County Commissioners Court was represented at the annual West Texas County Judges Convention in Brownwood last week by W. C. Quisenberry, Mr. and Mrs. Buck Gossett and Mr. and Mrs. Sid Cross.

## Chartered Bus Tickets Are On Sale Here For Rodeo Booster Trips May 12th-13th

With downtown Post all decorated for the rodeo, with practically all the inhabitants wearing colorful western regalia and with "a special posse" creating daily fun at the downtown "hoosegow," the rodeo fever is running higher than usual.

By means of two booster trips next week, the rodeo association hopes to spread the rodeo fever through all the other towns of West Texas. The rodeo dates are May 18, 19, 20 and 21.

Tickets at \$3 each are now being sold for the two booster trips next Thursday and Friday. Each business man is being

## Donkey Softball Game Tuesday To Benefit VFW Post

The local V.F.W. post has challenged the Tahoka V.F.W. post to a donkey softball game to which the public is invited Tuesday night in Postex Park, beginning at 8 o'clock. Admission prices will be 50 and 25 cents, and the proceeds will go into the local V.F.W. building fund.

Commander R. E. Shedd of the local Post said that the war surplus building which the post recently bought for a headquarters will be moved from a Lubbock air base next week and placed on a site, 1,900 feet from the city limits, on the north side of the cemetery road.

"We will appreciate the public's support in this project," Shedd said, "and we think we will give them their money's worth at the Postex Park Tuesday night."

## Look Who's New

A son, William Glen, was born to Mr. and Mrs. Edgar R. Smart at 2:35 a. m. April 27 in St. Mary's Hospital in Lubbock. He weighed 6 lb., 1 oz.

A daughter, Catherine Rose, was born to Mr. and Mrs. L. D. Stevens, Jr. in Albany, Calif., at 7:45 p. m. Sunday. She weighed 6 lb., 4 oz. Stevens, a former Post resident, is a student at the University of California at Los Angeles.

Word has been received of the birth of a daughter to Mr. and Mrs. T. W. Ozanne of Chile. She was named Stephanie. Mrs. Ozanne is a former Southland resident.

## Prizes Offered In Rodeo Gear Contest Early Next Week

Wearers of the best rodeo costumes will be selected by a Post Stampede and Rodeo Committee Monday, Tuesday or Wednesday of next week.

The "best western dressed" woman and the "best dressed western man" will each be awarded a \$4.80 season ticket to the rodeo, which will be held here May 18-21 inclusive.

The judges' identity will not be announced until after the winners are selected at some time during the first three days of next week. The winners will be announced in next week's issue of the Post Dispatch.

Homer McCrary, rodeo association secretary, in making the above announcement said: "Tell 'em to put on their rodeo togs and come to town and try to win a \$4.80 season ticket."

## Dress Revue Will Feature HD Week Supper On Monday

A highlight of any club year for the Garza County Home Demonstration and Girls' 4-H Club members is the annual Dress Revue for which all are now busy making preparations. Entries must be submitted to Mrs. Jewell H. Strasner, county home demonstration agent, by 5 p. m. tomorrow, and the dresses will be judged in the district court room Saturday morning. All exhibitors must be there, wearing their dresses, by 10:30 a. m.

In observance of National Home Demonstration Week, the women and girls and their guests will attend a covered dish supper in the City Hall (Continued On Back Page, Col. 3)

## FLAGS ARE RAISED

The Post High School student body had a formal flag-raising ceremony at 11 o'clock yesterday morning. The flag of the United States was raised, then the Post flag was hoisted, and then a string of flags, those of the Senior, Junior, Sophomore, Freshman and Eighth Grade classes, was raised.

## Permits To Drill In Post Denied By RR Commission

The Railroad Commission, at a hearing in Austin last Thursday, postponed indefinitely 20 applications by D. R. Rainwater and L. E. Ostrom of Longview for special permits to drill for oil within the Post city limits.

The postponement was explained to the Post Dispatch in the following statement by Railroad Commissioner Olin Culbertson:

"The City Council of Post, Texas, on the 28th day of May, 1947, enacted a city ordinance prohibiting the drilling of oil wells within the limits of that city. This Commission has always stood firmly and contended strenuously for the preservation of the right of local self-government. It has contended

## Everybody Invited To Grade School's Picnic Tomorrow

Everybody is invited to the Grade School picnic which will be held Friday at the rodeo grounds, Principal E. E. Pierce has announced.

The Plains Lumber Company and Comanche Oil Corporation are providing materials for spreading the dinner, and Mrs. T. D. Scott, chairman of the arrangements committee, will oversee the spreading of the lunches brought by the mothers.

Mrs. Homer Gordon and her committee have completed arrangements for the sale of sodas and serving of drinking water.

All persons who can provide a car for the transportation of students to the picnic are asked by the transportation chairman, Mrs. Giles McCrary, to have their cars at the school building at 10 a. m. tomorrow.

The gates at the rodeo grounds will be open at 9 o'clock, and games by the primary pupils will begin at 10:30 o'clock. The intermediates will play ball games during the afternoon.

## Rotarians Beautify Downtown Boulevard

The cool of the evening yesterday found the Rotarians digging and planting shrubbery, flowers and grass in the Main Street boulevard in the block east of the court house.

The Rotary Club, having included beautification in its current projects, had the boulevard prepared for planting several weeks ago.

GETTING OUT On The LIMB by EDDIE the EDITOR

School is nearly out, and I'd say it was a highly successful year.

Post High got a beautiful start with the football season turning out so well and the Post Band looking so good at the games.

All of this has made school a memorable year for the lucky students of Post High School.

From where I sit, I am not in a position to say whether or not it has been a memorable year for the grade school youngsters.

The only crow I've had to pick this year with grade school conditions—other than the need for a new building—has been the discontinuation of publishing the honor roll.

I am sure the school officials have their own reasons for discontinuing this practice and, for all I know, the reasons are justifiable.

In my opinion, one of the greatest stimulants that you can give a grade school youngster in matters scholastic is to let him earn a place on the honor roll and to publish this honor roll in the paper so that everybody can help him share the honors.

I think we should put more emphasis on reward than we do punishment, but maybe I'm wrong.

There isn't enough—in any field—of bragging on the good, but every day we hear about people who aren't doing so well.

Which "philosophy" brings to mind some quotations that I've been collecting along this line.

"A good teacher is merely a good signpost. So don't try to do too much for your boy. Your job is to help him help himself, not to help him shun responsibility."

"Children, not knowing that they are having an easy time, have a good many hard times. Growing and learning and obeying the rules of their elders, or fighting against them, are not easy things to do."

"Fathers send their sons to college either because they went to college or because they did not."

"The only thing more expensive than education is ignorance."

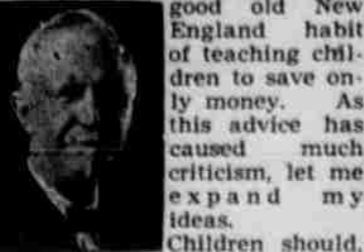

"It must be remembered that the purpose of education is not to fill the minds of students with facts, it is not to reform them, or amuse them, or make them expert technicians in any field. It is to teach them to think, if that is possible, and to think always for themselves."

"The best luck that can happen to a small boy is not to be sent to a first-rate school."

ROGER W. BABSON WRITES THIS WEEK:

Home, Business Owners Never Become Communists

OKLAHOMA CITY, OKLA.—In recent columns I questioned the good old New England habit of teaching children to save only money.

Children should, of course, be taught to save. Saving is a very important habit—like honesty, industry and temperance.

who, each month, spend all they earn, will always remain employees, working for someone else.

Where I differ with certain readers is concerning WHAT TO SAVE. After our child's toy bank gets full of nickles and dimes, shall he be taught to take it all to a local savings bank or to wisely invest part of it in "good furniture, good books and good common stocks?"

to buy good furniture in their teens and not wait until they are married. I believe that practical, higher education which will teach young people to become experts in some profession, in secretarial work, in merchandising, or in general business is a very profitable investment for one's savings.

Most of my critics object to my recommendation that children be taught to buy "good common stocks." Let me earnestly defend this advice. I see very little difference in buying good land or in buying good stocks.

price fluctuates and the income is uncertain; but both should average out better than "money wrapped in a napkin" which someday may have very much less purchasing power.

Many good common stocks sell for a few dollars per share. After the child saves this amount in the toy bank he may well be taught to buy an interest (real ownership) in some company, making a product with which the child is acquainted.

local chain, variety or grocery stores.

If you wish to teach your child the importance of diversification, you can buy a share in one of the more conservative Investment Companies, whose stocks are quoted each day, in leading newspapers and sell for only a few dollars per share.

perhaps one hundred companies, in all of which you could have an indirect interest.

My main appeal is to parents start early to teach their children not only to save, but to invest wisely. Invest in: (1) bank account; (2) insurance; (3) some stock in good companies.

Garza and the World

By EVELYN BOYD

George C. Hester comments interestingly on "Crucial Days in Austin" in a recent bulletin issued by the Council of Texas Retail Associations for its 26,000 Texas retail stores.

"First, several of the bills are far-reaching in their importance and possible impact upon public policy. Naturally they are more difficult and controversial.

"Secondly, and the significance of this fact hangs heavily over the business economy of Texas, for months before the session convened there was constant talk about the huge surplus in the State Treasury.

"Budget requests were excessive, ignoring the fact that nearly all of them were increased from 50 to 100 per cent two years ago with similar increases two years before that.

"As a result, the Legislature that met under the brightest financial outlook in the history

of the state, finds itself in a squeeze for more money.

"Out of the situation have emerged two conflicting viewpoints regarding the session's fiscal policy. ONE OF THESE CONSIDERS MORE TAXES NECESSARY in order to prop and sustain the state's ever-spiraling costs of government.

"... A few facts stand out as fairly clear in the state's fiscal picture. This writer was a member of the 43rd Texas Legislature in 1933. At that time the state's over-all revenue receipts were \$89.5 million.

"Several basic conditions account for the almost phenomenal growth in the state's income, all of which are ingredients of the general postwar economic scene.

"The boom-tide is ebbing. It means the up-climb in revenues may be halted. Any marked business recession would mean an actual decline in revenue receipts.

"The treasury surplus, born of the boom, is now destined to melt away. When the accumulation fat is gone, then an economy, struggling to hold its own, will be the target for other tax blows.

"All of which should evoke some sober thinking on the part of all of us. The situation is not singular to Austin nor unique to Texas.

"In Washington the Federal Government will begin deficit financing again in May. The district will exceed \$2 billion for the last quarter of this fiscal year (ending June 30, 1949).

"At the present rate of spend-

ing and income, the deficit in the Federal Treasury will exceed \$7 billion by the end of the next fiscal year.

"The situation in Congress is a replica on a large scale of the scenes enacted in the state capitol. The over-shadowing question, "Where are we going?", was posed recently by Chairman Cannon of the House Appropriations Committee.

"Eventually we must pay the fiddler... the money you are adding... must be paid either by increasing the public debt or by raising taxes.

"The problem raised by Chairman Cannon... points to certain inescapable conclusions regarding fiscal policies in this country.

"First, the tax 'load' is already heavy. It is taking one-fourth of all income... Secondly—only a prosperous economy—in fact a booming economy, can carry the load already fastened on us.

"This is not theory. It is cold historic fact. Over much of the world today economic systems already have collapsed amid the wrecks of mismanaged and disordered finance.

Dear Editor:

The directors of the Terrace Cemetery Association appreciate the fact that many members have paid their 1949 dues for the care of their lots, and we hope that many more will pay now as the lots will need working after these good rains.

Cooperation of all the members in the payment of dues will be greatly appreciated, as we are doing all we can toward beautifying our cemetery.

## Wilks On Lookout For Grasshoppers And Sand Storms

Russell Wilks, near Grass-burr, has a stand of native grass up from seed that he planted April 5. Wilks sowed the grass seed in thin maize stubble. Last year's drowth kept the maize from making sufficient growth to prevent the sand from drifting this spring. If dust storms will hold off for two or three weeks it appears there will be enough weeds to save the grass planting.

Grasshoppers, which destroy over 100 acres of grass last year, are appearing in increasing numbers. District cooperators with grass planting are advised to contact County Agent Lewis Herron to get grasshopper bait.

Pete Ottinger, work unit conservationist at the local Soil Conservation Service office, says in spite of the blowing and grasshopper hazards the Wilks native grass seeding is the most promising one that he has seen in this district. Ottinger recalls that after last year's experience with grasshoppers, district cooperators know where the battle line is drawn and they will be out with poison bait.

Rex Welch says "we are out in front by a full month over last year with our grass stands." He points out that where grass came up this time last year and survived the grasshoppers the plants rooted deep enough to stand last summer's drowth.

Ottinger suggests that farmers who stop to look at the planting look for little very narrow leaved weeping lovegrass seedlings. Switch grass and side-oats grama seedlings have rather broad leaves. They differ in that the sideoats grama leaves are purplish toward the ends.

## Rye Plantings Are Gaining Interest

Roy Pennington who, along with his son, Bobby, bought the Lewis West place saw E. O. Merrill's rye and requested that he save him some seed. Merrill's rye on sandy land is all headed out.

Jim Williams and Pennington estimated Bill Norman's rye would yield 20 bushels per acre. Norman has about 30 acres of rye that he plans to harvest. District Soil Conservation cooperators may find the production of soil conservation crops a profitable source of income. The demand for these seeds continues to be high, the cooperators report.

### Level Border Seems Better Than Graded Land in Irrigation

Henry Edwards, Duck Creek Soil Conservation District cooperator at Pleasant Valley, says "Last year a neighbor and I worked ourselves out irrigating with graded borders and didn't do a good job, either." On two acres of level borders, he says he can water and sit in the house. District cooperators owe it to themselves to see and compare the growth of wheat on level bordered land vs. graded borders.

Edwards says he planted wheat for a cash crop and for the straw to work into the soil for organic matter to improve the soil fertility.

A. P. The group will receive a \$200 cash award, on the basis of the amount of conservation work applied to the land by cooperators during 1948. Accomplishments of the group include 1,327 acres of contour farming; 750 acres of cover crop (vetch); 750 acres of crop residue management; 38 miles of terraces, and one mile of diversions.

The award will be presented at a regionwide banquet in Amarillo this month.

## If Your Name Hasn't Been In This Paper By Now, Census-Taker Curb Missed You

Several people have called attention to the fact that their names appear to be missing from J. T. Curb's census report which this Post Dispatch is publishing in this series of articles.

Although it is possible that some names are missing, the persons reporting based their observations on the fact that they were not included in the paragraphs pertaining to their neighborhoods. This, according to Curb, is because these people were not home at the time he first made the survey in their respective neighborhoods. He went back to all neighborhoods many times before finding nearly everybody at home.

The final installment carrying the names of heads of Greater Post families and the number of persons living in their houses follows:

THE POST DISPATCH

These beautifully colored, lacy-looking flowers west of the porch in Mrs. B. E. Young's front yard are columbines, 36 plants of which she set out in February. They started blooming in profusion two weeks ago and she has reason to believe the plants will bloom from two to four months. Mrs. Young first experimented successfully with columbines when she set out a half dozen plants two years ago. Most of the blossoms are two-toned, ranging in colors from pink and yellow, red and white, purple and yellow and other variations.

Mr. and Mrs. Ira Donk of Lubbock were business visitors in Post Thursday.

The New '49 PONTIAC

Even Better than it Looks!

You observe its fresh and fleet new beauty, might seem unbelievable when we say that the Pontiac is even better than it looks. But you've experienced its really exciting performance, we're sure you, too, will agree that in goodness, it surpasses its own good looks!

Hard to believe a car so low-priced could give the budding showman of Pontiac's new line the pleasure and comfort of Pontiac's new

Vision-Aire interiors... and the almost incredible smoothness of Pontiac's exclusive "Travelux" Ride. Add to those unique attractions, the "ring"... the economy and proved dependability of Pontiac's famous improved straight eight and six cylinder engines... and the matchless driving enjoyment of GM Hydra-Matic (optional at extra cost) and you've got something almost irresistible! There's no better time than now to see it and place your order.

**Tri-State Contest  
In Roping Planned**

A tri-state championship matched roping contest will be held Sunday, May 29, at Levelland, in the new rodeo arena location. Contenders will be Toots Mansfield of Big Spring, Troy Fort of Lovington, N. M., and Jess Goodspeed of Okemah, Okla.

**World Famous House Of David Team Will  
Challenge Post Millers Here On Monday**

A local attraction of unusual interest will be the baseball game between the Post Millers and the famous bearded House of David professional team in the Postex Park Monday night, beginning at 8 o'clock. Admission prices will be \$1.00 and \$50.

Fresh from their spring training workout at Robstown, the House of David team has included Post on its season's itinerary which will take it to all parts of the United States, and to Canada, Mexico and the Hawaiian Islands. Billed as the "World's Greatest Traveling Attraction," the House of David long ago established a reputation of putting on a good show wherever the Israelite team goes.

There's hardly a baseball team in the nation with the record of average games and wins per season, that the House of David has. The team's average is 150 games a season, with a winning percentage of .748. For the past two seasons, the team has played to 655,000 paid admissions.

A highlight of Monday night's entertainment will be the world famous "Pepper Game" during the fifth inning. The star of this game is J. L. (Doc) Tally, the original "Pepper Game" artist who has been with the team since 1914. The House of David manager, George Anderson, has been with the team since 1928.

Sponsored by the Israelite Cult and led by Mary Purnell, the House of David team is located at Benton Harbor, Mich. The first House of David team was organized in 1914 by Francis Thorpe, now secretary of the Colony.

The House of David cooperates very closely with organized baseball, never harboring an ineligible player nor participating against a team using players on the ineligible list. The Davids have played most of the semi-pro teams of the United States, and many independent teams in smaller cities and towns realize each year, through a David game, sufficient funds to carry on their own leagues and teams.

Many players in organized ball got their start with the Davids. Several of the present David team are former league players, yet all are in good standing with organized ball.

Some of the Davids have never had their beards or hair cut. The team manager and some of the old-time players are said to be the finest examples of clean living to be found in sports today.

**Ex-Morgan Mills  
Folk Have Sudden  
Reunion In Post**

One thing kept leading to another and finally resulted in a reunion of folks who hadn't seen each other since they were children in Morgan Mills.

It all started about three weeks ago when Mr. and Mrs. Curtis Davies went to the railway station to mail a letter on the 10 p. m. train.

As it was raining, the Davies decided to offer a ride to a woman who got off the train. After speaking to her, Davies recognized her as Mrs. T. E. Ford and introduced her to his wife.

Mrs. Ford said she had been visiting her parents, Mr. and Mrs. O. D. Bingham of Littlefield.

Mrs. Davies said she used to know some people by that name back in Morgan Mills and they had a daughter named Juanita with whom she and her sister, Ollie (Mrs. Roy Stevens) used to play.

Mrs. Ford, who is the former Juanita Bigham of Morgan Mills, began to recognize Mrs. Davies. At her house, they looked at old pictures and verified the fact that they had known each other as children and had been quite good friends.

The Fords, who have lived here two and a half years, had not known that Mrs. Davies and her sister were living here.

A Sunday or two later, some of Mrs. Ford's relatives were in town and a reunion of former Morgan Mills residents and their families was held at the Postex Cafe, which Mr. and Mrs. Ford operate. Those present were Mr. and Mrs. Ford, Mr. and Mrs. O. D. Bingham, Mr. and Mrs. Earl Rodgers and son of Littlefield, Mr. and Mrs. Frank Bigham of Levelland, Mr. and Mrs. Davies, Mr. and Mrs. Roy Stevens, Mr. and Mrs. Clayton Hancock of Midland and Mrs. Hancock of Post.

**Cub Scouts Close Successful Year Here This Week**

The Cub Scout Pack concluded a successful year at a meeting Monday night in the City Hall. The meeting was the last until September.

Tommy Bird and Dee Hodges received the coveted Webelos Awards, the highest honor attainable in Cub Scouting. This brought to a record total the number of Webelos awards presented here in a year's time.

Mrs. John Lott, one of the den mothers, said that the local pack has won more honors during the past year than any pack its size in the 200 counties of this area.

Mrs. Lott said one major factor behind the success of Cub Scouting here has been support and cooperation of parents during the year.

Approximately 34 boys attended the final meeting, and there was also a large turnout of Cub parents present.

It was announced that the Cubs made \$14.15 from their sale of plastic bracelets and pins, which they had made, last Saturday. A check for the amount was sent to the World Friendship Fund to be used by the Cub Scouts in the Philippine Islands.

Mrs. John Chapman has returned to her home in Dallas after visiting her sister-in-law, Mrs. C. A. Batchlor.

# Wearing Of Rodeo Regalia Offers Fun A Plenty

Nearly everybody began wearing rodeo regalia on Monday, the day which had been set aside for the publicity kick-off for the 1949 Post Stampede and Rodeo, which will be held the nights of May 18, 19, 20 and 21.

The Western Regalia Committee—Homer McCrary, Lee Byrd, Bob Roberts and O. D. Cardwell—spent Monday warning all "non-conformists" of the consequences that would be theirs on Tuesday if they failed to appear downtown wearing rodeo paraphernalia.

The fun started on Tuesday, when a "Hoose Gow" was put up in the middle of Main Street, to serve as the rodeo headquarters. The shack was decorated by Bill Carter and others to resemble a jail and early day western courthouse. A big sign on the side reads "Law West of Sand Creek"

### Jail Is Initiated

The jail was initiated early Tuesday afternoon when Rotarians and various other men and women were "arrested, and fined." Local people were fined the price of season tickets to the rodeo and traveling salesmen were sentenced to distributing windshield or window poster advertising in the various towns on their itineraries.

O. D. Cardwell, who acted as "judge," wore a 10-gallon hat and corresponding regalia, including a huge holster with gun and belt loaded with bullets of varying sizes.

Most of the local stores were displaying their rodeo welcome banners and other appropriate decorations by Monday afternoon. The most unusual store decorations to date are those in Tom Power's Ford agency. They include cactuses, chamois chaps and western cattle brands.

### Who Wore What

Members of the Post Dispatch staff, who were unable to report on everybody, gathered the following notes about who has been wearing what this week:

Bill DeWalt, plaid blue shirt with blue and white polka dot tie . . . Sheriff E. M. Bass, neatly tailored blue denim suit . . . Guy Floyd, green shirt with plaid trim . . . Dr. Glenn Kahler, tan business suit with aqua plaid shirt and matching aqua and maroon tie . . . Blackie Wright, blue chambray shirt with red piping trim.

Bob Roberts, grey plain shirt with beautiful handmade boots . . . Si Thaxton, the town's floppiest, most antique looking cowboy hat . . . Lorene Benson and Winnie Tuffing, holsters with toy guns . . . Jewell Parsons, brown gabardine frontier style suit . . . Lester Josey, looking very unlike a banker in red boots, blue denims and a western shirt . . . Dad Greenfield, in a maroon silk shirt with bright red kerchief and butcher's apron . . . Kate Lowry, silk kerchief with a crisp cotton dress . . . Junior Malouf, bright red boots.

### Dressed Wrong Day

Mrs. John Lott nearly sweltered Monday in her cowgirl costume so she left it home while shopping downtown Tuesday. When she observed that people were being arrested, she rushed home and stayed there.

Ralph Carpenter was arrested but released on his promise to dress properly. The next time he was seen, he was wearing a toy pistol in a toy scabbard.

Wallace Barnett and John Davis, wearing shirts of the biggest plaid designs . . . Alex Webb, wearing a grey and yellow striped shirt which his wife made . . . R. J. (Pokey) Hundley, looking the part of a "gentleman cowboy" with his blue business suit, high-topped boots, 10-gallon Panama hat and silk kerchief.

One of the first persons seen in western regalia Monday was Bob Warren, who came to town wearing a bright orange shirt with a red tie.

T. R. Greenfield didn't start wearing his western togs until Tuesday because he had some dirty work to do Monday and didn't want to get his rodeo paraphernalia messed up. By Tuesday he was wearing a blue plaid shirt and complaining because he couldn't find a loud one.

James Minor was hard at the dirty work of remodeling the Mason and Company store Monday and hobbling around in high-heeled, pointed-toe cowboy shoes, made of hand-tooled alligator skin. Dr. B. E. Young, for whom the shoes were made by an expensive bootmaker, has been trying for two years to sell them because they didn't fit. He finally told James that if he could wear them, he could have them for nothing. "They sure do hurt," James said, but I'm wearing them."

### Wears Dancin' Tie

Tom Power is wearing his red, jeweled square dancin' tie.

All the personnel at Hundley's is wearing rodeo gear. The girls have plaid shirts and blue jeans, and Jim has been wearing a yellow silk shirt and big Panama. Fieta Maddox is carrying a sack of Duke's tobacco in her hip pocket.

M. J. Malouf, wearing a nicely crimped straw "Stetson" and a silk kerchief . . . the biggest felt hat seen this week is that worn by A. B. Haws, who also has a nice selection of big plaid shirts . . . H. F. Giles, wearing a red silk kerchief caught in front with a leather steer head.

Phil Bouchier, looking smartly western in a red and white polka dotted windsor tie, orange and blue windsor tie . . . his brother, Tom, wearing an orange and blue windsor tie . . . Sam Bardwell, wearing a bright red kerchief on his daily trips to Post . . . Robert Cato, silk kerchief looking very fetching with his white Ford coat. All the Ford employees are wearing silk kerchiefs with their uniforms . . . Will Scarborough, wearing an orange silk shirt and larger than average Stetson.

### Neatest Cowgirl Seen

The most neatly clad "western girls" observed by the Post Dispatch staff were Mrs. Alice Parsons and her daughter-in-law, Mrs. Percy Parsons, who wore white blouses and dark skirts and loud windsor ties. The younger Mrs. Parsons also has been wearing a saddle leather belt with her name on it.

Nancy Power, wearing a chamois cowgirl skirt and jacket and boots and a western shirt . . . Mrs. Alex Webb, having a difficult time Monday deciding whether to buy a blue denim shirt or levis . . . Clint Herring, wearing one of the loudest shirts in town, with a still louder tie. The waitresses at Curb's Cafe, wearing silk kerchiefs with their uniforms . . . Shorty Hamilton and John Hopkins, business neighbors, have taken to figured designs, rather than plaids, in their loud rodeo shirts . . . Bib Benson was wearing traditional cowgirl garb in black and white, and her father, Lee Byrd, wearing an embroidered western tie with his usual get-up of western rancher clothes . . . Mayor John Herd wearing a blue satin shirt.

Space does not permit all the observations.

# Many Outstanding Mothers Nominated In Letters

(Continued from Front Page)  
 Mrs. Nichols, 52 years ago. Before the turn of the century, Mrs. Nichols' son, Pleamon, came to this area to work on the Spur Ranch. She and her other children joined him here in 1901 and the family has since been a pillar of the Verbena Community.  
 Mrs. Nichols and her sister, the late Mrs. Lem Smithers whose family was the first to live in the Spur Ranch line camp, organized the first Sunday School so that their children and any neighbors who were interested might have a religious education. They used Sunday School papers, cards and other materials which they had brought from their former homes, and the Sunday School class was held alternately in the Nichols and Smithers homes. The program each Sunday consisted of Bible reading, prayers and Bible story telling.  
**Church All Important**  
 As soon as the community was built up enough to warrant the effort, Mrs. Nichols helped organize the Verbena Baptist

Church, of which she is a charter member. Church work and religion were important above everything else in the Nichols household, and they still are.  
 Mrs. Nichols was always interested in all activities in the community and was as active in is many of them as her large family and distant residence would allow. She was one of the early-day members of the Order of the Eastern Star, and she actively electioneered to have the town of Post located on its present site, rather than on the Caprock. She literally made all the cowboys in her community vote on the issue telling them it would be a long climb up that hill to get the letters from their girl friends.  
 When the town was established here, Mrs. Nichols had one of the first postoffice boxes that was rented.  
 Age has brought only one disadvantage to Mrs. Nichols who is in excellent health. She can't see to read anymore, and reading has always been her favorite way to spend leisure hours. On the theory that "a busy mind is a contented mind," Mrs. Nichols always had plenty of literature for herself, her children and grandchildren and her neighbors to read, and she was never known to throw away a magazine or any other literature. If she needed to get rid of it to make room for newer material, she could always find some appreciative person to give it to.  
**Never In A Hurry**  
 Asked to what she attributes her good health, Mrs. Nichols will say that it is perhaps because she has never been in a hurry. This has kept her calm and free from nervousness and it has caused her to eat properly. She has always encouraged her children to eat slowly, telling them that "the bite in the mouth is just as good as the one on the plate."  
 The mother of 10 children, two of whom died in infancy and three of whom passed away after reaching adulthood, Mrs. Nichols has reared or kept in her home for periods of from one to several years a total of 25 children. The 15 children, besides her own 10, were her orphaned grandchildren, two other orphan boys, nieces and nephews and several other children.  
 Mrs. Nichols' five living children are Ray Nichols of Seattle, Wash., Mrs. W. E. Blake of Tucson, Ariz., who is visiting here, and Pleamon, John and Henrietta Nichols of Verbena. She has 22 grandchildren, 13 great grandchildren and four great great grandchildren, bringing her descendent to a total of 49.  
**Comparative Newcomer**  
 A comparative newcomer, Mrs. C. C. Martin, was subject of an interesting letter on an outstanding mother, written by Mrs. C. K. Pierce.  
 Mrs. Martin, who is in her early 30's is the mother of five children. The family first came here with the Comanche Oil Corporation, but was transferred for a year to Robstown. The Martins recently moved back to Post, and Mrs. Martin is well

back into the swing of church and other activities.  
 She recently was commended by a Sunday School teacher in the First Baptist Church for always being able to appear at Sunday School with her children, who range in age from 6 to 12 years, while mothers of fewer children used the children as an excuse of staying home. Mrs. Martin teaches a Sunday School class.  
 In addition to attending the morning church services each week, the family goes back each Sunday evening to the Training Union services.  
 Mrs. Martin directed a Brownie Scout group for girls in Robstown and she would like to see such an organization here.  
 She is always thoughtful of other people and is a genius at thinking up ways to make people happy. Mrs. Pierce's letter said:  
**Children of All Ages**  
 A most unusual mother, from the standpoint of children and stepchildren, is Mrs. R. L. Craig of the Garnolia Community. Her 17 children and stepchildren range in age from 51 to 4 years. As only nine of the children are her own, she did not qualify for the prize in one of the contests. She also has 18 living grandchildren and eight great grandchildren.  
 Mrs. Craig, who was a young widow with two children, was living in her native Scurry County when she married her present husband, who was a widower with eight children. They had seven more children, all of whom are living in their home at present.  
 At the family reunion, on the Craigs' 19th wedding anniversary July 4, 75 people were present.  
 Both Mr. and Mrs. Craig are believers in sports activities and other types of recreation for children. Two of their children participated in the annual Rural Schools Play Day events recently at the Garnolia School, and one of the sons teaches swimming at the pool which the Craigs operate during the summer months. All of the children can swim, even the 4-year-old.  
 The Craigs raise lots of fruit in their large orchard, and their children's many friends look forward to eating homemade ice cream with peaches whenever they visit there during the summer time.  
**Outstanding Mother Writes**  
 Mrs. O. R. Cook, who recently was designated one of the five most outstanding mothers in the state of Texas, nominated two outstanding mothers for the Post Dispatch contest.  
 One was Mrs. Jack Hoskins of Garnolia who, Mrs. Cook says, "does everything for everybody" in a very sweet and efficient way. The Garnolia Community would not be able to get along without her, Mrs. Cook believes. The other was Mrs. D. C. Wil-

liams, who is outstanding for the graces and practical things which she has taught her children, by encouraging them to do for themselves. Mrs. Williams, Mrs. Cook says, in a very pleasant and successful manner, taught her children to entertain and to graciously mingle with the public, and to cook, sew and do everything else that prepares a person for a happy adult life. She has encouraged her children to be original and has cooperated with them in all their projects. "She is one of the finest mothers I have ever known," Mrs. Cook said.  
**Supports Two Sons**  
 Mrs. R. J. Key of Justiceburg nominated Mrs. Gladys Briggs of that community as the county's mother who is most admired and deserving of praise.  
 Mrs. Briggs, a young widow, has two sons of school age, for whom she works to support. By pulling bolls and doing any other type of work that is available in the Justiceburg Community, Mrs. Briggs has bought and paid for her home, and has kept her children well provided for in every way. "Everybody at Justiceburg admires her spunk," Mrs. Key says.  
 Everybody also think a lot of Mrs. Briggs' 70-year-old mother, Mrs. J. F. Reed, who has reared eight highly respected children.  
**Nominated By Telephone**  
 A number of outstanding mothers were nominated by telephone by people who did not have time to write a letter before the deadline. Among these was Mrs. R. L. Kirkendoll, about whom Mrs. W. L. Davis suggested that the Post Dispatch write a 1949 Mother's Day article about almost a year ago.  
 Mrs. Kirkendoll is a pioneer Post resident who reared a fine family, has been a pillar in activities of the First Baptist Church and who has a long, long background of spreading cheer and other types of assistance to the ill and the shut-in population of Post.  
 Another was Mrs. A. W. Bouchier, who was the subject of last year's Mother's Day feature. Others included Mrs. M. J. Malouf, Mrs. Marvin Dorman of Justiceburg, Mrs. W. A. McAllister, Mrs. J. M. Matsier of Grassburn and Mrs. Raymond Redman.

**W. E. Dent has returned from Fort Worth, where he visited his daughter, Mrs. Howard McCampbell, and family. Mrs. Dent is visiting in Fort Worth until after Mother's Day because of the illness of her mother, Mrs. S. A. Morrow, who is convalescing at her home there from an appendectomy.**

### Chartered Busses

(Continued From Front Page) asked to go on both trips or, if he can go on only one, to send an employe or other representative on the other trip. It is hoped that two chartered 37-passenger T.N.M.O. busses will be needed for each trip. The tickets can be bought at the bus station, Herring's, Piggly Wiggly and the Post Dispatch.

The booster trip committee, consisting of Clint Herring, Paul Jones and Eddie Warren, will personally solicit as many people as possible in an effort to sell the tickets.

The booster trip busses will leave from the bus station at 7:30 a. m. both next Thursday and Friday. Thursday's itinerary is as follows:

Halla, Crosbyton, Dickens, Spur (lunch) Jayton, Rotan, Roy, Snyder, Lamesa, O'Donnell and Tahoka. Friday's itinerary includes:

Tahoka, Brownfield, Sundown, Levelland (lunch), Littlefield, Anton, Lubbock and Slaton.

A master of ceremonies will preside for a program by local entertainers at each stop and invite the audiences to attend the rodeo. Persons making the trip will distribute window posters, large circulars and windshield stickers in each town and personally invite their friends and acquaintances to come to the rodeo. The local entertainers will broadcast their program during the stop in Lubbock. The program will include numbers by the girls who entertained on last year's booster trips.

Publicity releases regarding the trips are being sent this week to all the towns on both the chartered bus routes.

The chartered busses will carry outside banners advertising the rodeo dates. On both days, the busses will be accompanied by Fire Chief Homer McCrary in his own car, which is equipped with a siren and will be equipped with a public address system. Police escorts have been arranged for the delegations' entrance in most of the towns on the itineraries.

They were Mrs. Tom Bouchier, Mrs. Willard Kirkpatrick, Mrs. Lee Davis and Mrs. J. E. Parker. Mrs. Bouchier and E. E. Pierce were presented with life memberships bought by the local association at the convention, but Pierce was unable to attend.

Special guests will be members of the Garza County Commissioners Court and their wives, chairmen of the rural Red Cross drive committees and their husbands, Mr. and Mrs. Lewis Herron, Jr., Mr. and Mrs. V. L. Peel and Mr. and Mrs. Sherrill Boyd.

### Permits To Drill

(Continued From Front Page) that the central government in Washington has not and should not exercise any authority over the administration of the production of oil and gas in the State of Texas in any manner, that being a police power especially reserved for the State of Texas.

"Likewise, the right to the exercise of police powers by a duly incorporated and organized city government over matters that pertain to the health and safety of its citizens should be and is in the same category with reference to interference from a state agency as this Commission has always contended it should be from interference from Federal authority.

"Believing in and respecting that philosophy of government, the Railroad Commission, so long as there is an ordinance duly enacted by the City Council of Post or any other city prohibiting the drilling of wells within the city limits, considers it has no jurisdiction to consider nor no authority to promulgate an order that would be violative of the intention and purposes of such an ordinance." Railroad Commissioner Ernest Thompson penned a note on the bottom of Culberson's release, saying "I concur fully in the statement above. Our government is based upon non-interference in local affairs."
