Tommy Malouf Rites Are Conducted Here Tuesday

Last rites for Tommy Victor Malouf, 17, son of Mr. and Mrs. M. J. Malouf, Sr., who died Sunday night at his home here, were conducted at 4 o'clock Tuesday afternoon at the First Presbyterian Church, of which he was a member.

Arlita Gary, Freda Kennedy and Carolyn Hudman.

One of the largest crowds ever to attend a funeral in Post gathered at the church to pay their last respects to a youth who, by his clean living, friendliness and devotion to duty, had endeared himself to the entire community.

The church was filled to capacity and a large crowd stood on the outside during the service. The Post High School band played the school song, and the Junior Sunday School class, which Tommy taught, sang "Give of Your Best to the Master." Mrs. J. A. Stallings played organ music throughout the service.

The Rev. Gerald N. Blackburn, pastor of the church, officiated at the rites. He was assisted by the Rev. Roy Shahan, First Baptist Church; the Rev. Cecil Stowe, Church of the Nazarene; the Rev. J. R. Brincefield, Assembly of God, and the Rev. Harry McClain of the Plainview Church of the Nazarene.

Interment was in Terrace Cemetery under direction of Mason Funeral Home. Active pallbearers, present and former members of the Post Antelope football squad, were: Bobby Cowdrey, Darrell Stone, Moody Graham, Don Gates, Andy Schmidt, Ted Tatum, Ronnie Kennedy and L. W. Evans. Other members of the football squad were honorary pallbearers.

Flower girls were pep squad members Glenda Askins, Tommie Williams, Gayle Askins, Margaret Moreland, Velta Carpenter.

Last Rites Held At Tahoka For Garrie White

Funeral services for Garrie C. White, 74, a pioneer South Plains resident who helped build the present city of Post, were conducted at 4 p. m. Sunday in the First Methodist Church in Tahoka.

Mr. White, who since 1934 had lived on a farm 12 miles north of Tahoka, died late Friday in a Tahoka hospital after a long illness.

He was born in Russellville, Ark., and attended schools in Fort Smith before moving west at the age of 17 years. He came to Dunn and was employed by "Uncle" George Richardson as a mail hack driver from Colorado City to Snyder.

In 1898, he moved to California. At the turn of the century, he was in New Mexico working for Capt. Jack Crawford, poet laureate, rancher and soldier. Soon after, he returned to Snyder and worked in a commissary owned by Pete Snyder.

Mr. White became an employee and friend of C. W. Post and See PIONEER DIES, Page 8

County, City Tax Collections To Get Under Way Friday

It's tax-paying time again, with collection of city and county taxes beginning Friday, and collection of school taxes, which began Sept. 1, going into the second month.

Approximately \$20,000 of the \$162,000 charged this year on the tax rolls of the Post Independent School District had been collected up to Tuesday, according to W. F. Presson, tax collector.

This year's school tax rate is \$1.50 per \$100 valuation. This rate—the maximum—is an increase of 10 cents over last year's rate of \$1.40. The increase was voted at the same time the \$275,000 bond issue for construction of the new junior high school building was approved.

This year's school district taxable property valuation of \$10,800,000 is about one million dollars less than the 1954 valuation, according to the tax collector.

A three per cent discount is offered for payment of school taxes in September and October, two per cent in November and one per cent in December. Taxes become delinquent if not paid before Feb. 1.

The City of Post tax roll total amounts to \$37,995.61, based on a valuation of \$2,473,040, with the tax rate \$1.50 per \$100 valuation, the same as last year. The City also offers three, two and one per cent discounts for payment of taxes in October, November and December, respectively.

This year's county tax rate is 95 cents per \$100 property valuation and the state tax rate is 42 cents per \$100 for a total of \$1.37, the same as last year.

The tax roll total of \$201,995.96 is based on a valuation of \$11,174,829.35. The county tax charge is \$106,645.48 and the state, \$43,003.57. The county taxes include assessments of \$25,201.78 for two special road district funds and \$27,625.13 for four common school districts.

Payment of county and state taxes in October will gain the taxpayer a three per cent discount, in November a two per cent discount and in December a one per cent discount.

TOTAL LOSS REPORTED BY OWNER, TENANT

Damage Is Heavy In Residence Fire

Fire swept through the L. C. McCullough home at 112 West 12th Street early Wednesday morning, destroying practically all the contents and resulting in almost 100 per cent damage to the one-story frame residence.

McCullough, a plumber, said he was awakened shortly after 1 o'clock by a popping noise, but couldn't see much fire until after arousing members of his family and getting them outside. By that time, he said, flames apparently were engulfing the front rooms of the house.

McCullough and his wife were sleeping in a bedroom on the

east side of the house and their four children were in bedrooms on the west side.

The flames gutted three bedrooms, living room, bathroom, hall and kitchen, sparing only a room used for storage at the northeast corner of the house.

The only furnishings the family was able to carry from the house were a set of box springs and an innerspring mattress and both these articles were damaged. McCullough said there was a possibility the cookstove and a washing machine could be salvaged. "Everything else is a total loss," he said. The household contents were not insured.

With the exception of three or four items, all the family's clothing, including the three older children's school band uniforms, were destroyed in the blaze.

McCullough said he believed the fire started from faulty wiring in the attic, with the blaze apparently catching at the upper part of the house where the porch roof joins the attic.

The alarm was turned in from the home of the Rev. J. E. Stephens, just across the street. Firemen battled the blaze for more than an hour.

N. C. Outlaw, owner of the house, estimated his loss at \$7,500. He said the loss, partially covered by insurance, would prove even greater because of the necessity of demolishing the hull of the house before rebuilding.

Tickets Sell Fast For Honor Dinner

Ticket sales to the George (Scotty) Samson barbecue to be held Thursday, Oct. 7, indicate that a crowd of approximately 400 people will attend the affair honoring the pioneer Post resident.

S. E. Camp, ticket committee chairman, said this week that proceeds from the advance sale of tickets will be turned in Monday.

TV APPEARANCE

A group of Post citizens will appear on KCBT-TV's "Hospitality Time" program next week to publicize the George Samson honor barbecue to be held Thursday evening, Oct. 7, in the C. W. Post Memorial Scout Camp building. A definite date for the appearance had not been set late Wednesday. The "Hospitality Time" program goes on the air at 6 p. m. each day.

day, but that tickets will remain in the hands of the salesmen until the day of the barbecue.

Camp said sale of tickets is "going good," and that there have been a large number of out-of-town purchasers. City and rural community ticket captains who have not yet completed their areas should do so before Monday, Camp said.

T. R. Greenfield, pioneer Post merchant, will be principal speaker at the barbecue honoring Samson. O. L. (Ollie) Weakley will serve as master of ceremonies, and there will be music by the "Serenaders," Lubbock radio and television entertainers.

The barbecue meal will be served by Jeton's Catering Service of Fort Worth.

The barbecue is to honor Samson for his almost 50 years of community and county boosting, particularly along agricultural lines.

Homecoming Is Set For Oct. 15

The second annual homecoming celebration at Post High School will be held Friday, Oct. 22—the date of the Post Antelopes' first District 5-AA game with Tahoka.

V. L. (Punk) Peel, president of the ex-students' association, has been furnished a list of exes who registered at last year's homecoming and invitations to this year's affair will be mailed in the near future.

Quies were set at \$1 a year at the 1954 homecoming, which was held on Oct. 30. Deadline for payment of dues to Pearl Craig, secretary, has been set as Oct. 15.

Chant D. Lee, high school principal, said Tuesday that the homecoming program will be arranged by present high school students, with the exes being left in charge of contacting all former students.

Registration is tentatively scheduled for 5 p. m. in the high school gymnasium.

TEACHERS ARE GUESTS

The city's teachers and members of their families were guests Tuesday night at a cake and ice cream supper sponsored by Post Rotarians and their wives. The supper, an annual affair, was held in the City Hall. The program consisted of music by the "Modernaires," high school orchestra.

Cub Scout Meeting To Include Movie

A film on the responsibility of parents in the Cub Scouting program will be shown tonight at a Cub Scout Pack meeting in the City Hall, Cubmaster Chant D. Lee announced.

All parents of Cub Scouts or boys eligible for the program are urged to attend the meeting with their sons.

Lee said the pack now includes three full dens and almost enough boys for a fourth den.

The Cub Scouting program is open to boys between the ages of 8 and 11.

Ramage Named Board Member

George Ramage has been appointed Precinct 2 member of the Garza County Board of Education to replace E. E. (Elva) Peel, who was recently named Precinct 2 county commissioner.

Ramage's appointment came Saturday at a meeting of the county board in the office of County Supt. Dean A. Robinson.

Other members of the board are Sam Ellis, Precinct 1; Mrs. Doyle Justice, Precinct 3; J. C. Fumagalli, Precinct 4, and H. F. Wheatley, trustee-at-large.

The trustees also approved school bus drivers' contracts for the year.

Fifteen bus drivers serve the county's eight schools. There are five at Southland, three at Post, two at Graham and one each at Close City, Garnolia, Justiceburg, Grassland and the Post Negro school.

New school buses already delivered include one each at Post, Justiceburg and Graham. Garnolia expects delivery of a new one on Oct. 15, and Post on about the same date.

A representative of the Texas Education Agency was in the county recently checking on school bus routes, particularly new ones set up for the 1954-55 school year.

Lions Membership Chairman Named

Martin Nichols was appointed Post Lions Club membership chairman Tuesday night to succeed the late Phil Trammell. Nichols' appointment was made by Jess Rogers, Lions president, at Tuesday's regular weekly meeting.

The program included a talk by Ralph Welch on recent telephone service improvements, both urban and rural. He is a former employee of the POKA-LAMBRO Rural Telephone Cooperative.

AGENTS AT MEETING

Lewis C. Herron, county agricultural agent, and Miss Jessie Pearce, home demonstration agent, are in College Station this week attending the annual state conference of Extension Service agents.

FIRE AT HOTEL

Only slight smoke damage resulted early Tuesday night from a grease fire in the kitchen of the Algerta Hotel, Post lapd-mark.

BAND SWEETHEART OF 1954—Margaret Moreland is being crowned 1954 sweetheart of the Post High School Band by Walter Didway, band president. The flower girl is Margaret's sister, Yvonne. The ceremony took place at Friday's Post-Hamlin football game, at which Jimmy Redman was crowned pep squad sweetheart by Cheerleader Glenda Askins.—(Staff Photo).

FIRST APPEARANCE OF YOUNG MUSICIANS

New Junior Band To Play At Game

The Post schools' junior band will make its first public appearance this evening at Antelope Stadium during the football games between the Post and Slaton "B" and junior high teams.

Band Director W. B. (Bill) Parks said the 45-piece band will march on the gridiron during the intermission between the two games. The junior high game is scheduled for 6:30 o'clock.

Sara Mills has been named drum major and Judy Clary,

Carolyn Martin and Ruthell Martin, majorettes, for the new band, which is composed of fifth, sixth and seventh grade pupils.

Members of the band are: Butch Bowen, Jerold Braddock, Judy Clary, Adan Camacho, Linda Dulaney, Carol Ann Edwards, Johnny Guthrie, David Lee, Ruthell Martin, Judy Ann McCullough, Charles O'Neal, Ray Valentine, Lee Williams, Beverly Young, Ranona Young, Roger Camp, Homer Carter, Abel Camacho, Larry DeArmon, Royce Hart, Carolyn Martin, Elaine Mitchell, Sharon Moore, Roy McCullough, Loreta Partlow.

Johnny Russ, Clara Stone, Joe Bob Trammell, Janny Brown, Peggy Butler, W. H. Carlton, Linda Hedgepath, Don Hopkins, Sharon Jobe, Alice Faye Kiker, Sara Mills, Johnnie Montgomery, Charles McDaniel, Jo Ann Odum, Carolyn Pangle, Delmer Partlow, Owen Stewart, Jackie Sullivan, Rebecca Perkins, Bobby Long, Jeannie Landtroop.

Meeting Next Week On Water Problem

No definite date had been set Wednesday for a second meeting of the City Commission and City Planning Board on the city's water supply problem, but Mayor T. L. Jones said it will be held "one day next week."

Findings of engineers on a survey conducted to determine needs of immediate and future expansion of the city's water supply area will be reported at the meeting, the mayor said.

The survey was made following a meeting at which city commissioners and planning board members agreed that the water supply area must be expanded if the city is to avert a serious water shortage.

To Select Nominee For Commissioner

A nominee for the office of Precinct 2 county commissioner will be selected by the Garza County Democratic executive committee at a meeting at 2 p. m. Saturday in the office of T. R. Greenfield, chairman.

Name of the nominee elected by the committee will appear on the November general election ballot.

E. E. (Elva) Peel is present commissioner, having been appointed to finish out the unexpired term of L. E. (Buck) Gossett, who resigned to become administrator at Garza County Memorial Hospital.

FIREMEN'S BARBECUE

Approximately 100 persons attended the annual firemen's barbecue last Thursday evening in the City Park. The barbecue was given by the City of Post for members of the volunteer fire department and their families.

By CHARLES DIDWAY

HERE IS SOMETHING handed us by one of those valued individuals who believes in his home town—more people like whom every town needs:

I AM YOUR TOWN

Make of me what you will—I shall reflect you as clearly as a mirror throws back a candle's gleam.

If I am pleasing to the eye of the stranger within my gates, if I am such a thing, as having seen me, he will remember me all his days as a thing of beauty, the credit is yours.

Ambition and opportunity call some of my sons and daughters to high tasks and mighty privileges, to my greatest honor and good repute in far places, but it is not chiefly these who are my strength. My strength is in those who remain, who are content with what I can offer them and with what they can offer me. It was the greatest of all Romans who said: "Better be first in a little Iberian village than be second in Rome."

I am more than wood and brick and stone; more even than flesh and blood—I am the composite soul of all who call me home. I am your town.

THE POST DISPATCH'S birthday book contains 2,086 names, which is several hundred more than the number of names in the city's telephone directory, and more than there will be in the new city directory if the custom of listing only the names of heads of households and children over 16 is followed.

THE DISPATCH'S BIRTHDAY book is used every week by Women's Editor Ganell Babb to compile the week's "Happy Birthday" column. There is at least one birthday listed for every day in the year; there are two on Feb. 29, which rolls around only once every four years.

ODDLY ENOUGH, FEBRUARY, the year's shortest month, has the most birthday listings—220. That's 16 ahead of March's 204—the second highest number. Birthdays for other months recorded by the Dispatch are: January, 190; April, 136; May, 138; June, 167; July, 167; August, 176; September, 166; October, 192; November, 173; and December, 147.

THE DAY WITH THE most birthdays is Feb. 27, which has 16. There is only one birthday listed for each of the days of March 17, May 28, Oct. 24, Dec. 4, Dec. 7 and Dec. 31.

FIVE OF THE PEOPLE listed in the Dispatch's birthday book were born on New Year's Day, nine on Lincoln's birthday, 14 on Washington's birthday, four on April Fool's Day, five on July Fourth, and five on Christmas Day.

IF YOUR BIRTHDAY AND those of members of your family are not in the book, telephone 111 or drop a card to The Dispatch, Box 66. If your name's included, you'll get in print at least once a year!

SPEAKING OF BIRTHDAYS, Elisabeth Tubbs sends word to this column that she has had two less than we credited her with in a recent item. Now isn't that just like a woman! In reporting that Elisabeth won first place in yeast bread in the Garza County Fair, we listed her age as nine. Truth is, she's seven.

Young Married Couples Advised To Build Up Credit And Get The Good Will Of The Bank

BABSON PARK, Mass.—When a young couple gets married part of their joint savings—after buying a little good furniture—should go into life insurance—simple and inexpensive straight life insurance. After this a couple should start to build up credit and get the good will of some local bank. I would even advise renting a small safe-deposit box for keeping important papers, good jewelry, etc.—and don't forget to make WILLS.

Importance Of Bank Accounts
If business and market conditions were different today, I would probably advise the purchase of a few shares of some good stock with one's savings; but I hate to do so with prices so high. Hence, today the best investment is a small bank account. Some later year you will be able to use this money to buy good stocks for much less than they are now selling. But, when you put the money in the bank, don't withdraw it until that time comes. Consider this bank account sacred—not to be disturbed for anything.

Another reason I want you to start a bank account, with regular deposits, is to help you get a reputation for thrift, honesty, and hard work. Make it a point to get acquainted with some high officer in the bank and say "Good morning" to him every time you go in so that he will know you and be able to give you or your partner a good reference whenever you need one. The interest which you get on a bank account is only one-half of the value which you get from the account. The other half is the acquaintance of bank officials. I tell my grand-children to put church attendance first and "bank attendance" next—although, of course, not for the same reason!

Advice To Investors

Although most stocks—yes, even good stocks—seem too high to me today, I think that local bank stocks are in a safe and profitable position. Since nearly all weak banks were eliminated in the Thirties, all banks are now being operated carefully. Most of them could be liquidated for more than their published assets, so that, as a stockholder, you

FIRE PREVENTION WEEK . . .

Behind the slogan for Fire Prevention Week, "Let's Grow Up—Not Burn Up," is the idea that all Americans must, for their own sake, take common sense precautions to eliminate fire hazards.

Fire Prevention Week is set for Oct. 3-9, and an excellent way for residents of Post and Garza County to join in the observance would be to check their homes, business buildings and farm structures for fire hazards. Knowledge of these hazards and steps to correct them might well be the means of saving lives and property.

Post, thanks to citizens who guard against fire hazards and to an up-to-the-minute volunteer fire department, has compiled an excellent fire-rating record. Let's keep it that way by putting fire prevention to work not only during Fire Prevention Week, but throughout the year.

Frequently the remark is made that "Communism is not bad, it is what the Russians have done with it that is bad." People who make such statements are naive. They have not read the works of the men who created the Communist movement. Whatever merit it may have had as a utopian scheme is outweighed by the fact that it offers men something for nothing and revolves around the proposition that the end justifies the means.—Ambridge, Pa., Daily Citizen.

Knowledge of human nature is the beginning and end of political education.—Henry Brooks Adams.

Let no one who lives be called altogether unhappy. Even love unreturned has its rainbow.—Sir James M. Barrie.

Intelligence, and reflection, and judgment, reside in old men, and if there had been none of them, no states could exist at all.—Marcus Tullius Cicero.

Creek, Mich., who said they'd heard about and read about Post for some twenty-five years, paid the town their first visit Sunday morning. En route home from a vacation trip, they decided Saturday while in Roswell, N. M., to take a look at the place.

BOTH MR. AND MRS. JONES are with the personnel department of the Post Cereal Division of General Foods Corporation. Naturally, they're interested in Post, which was founded by and bears the name of the man who established the firm for which they work.

THE COUPLE HADN'T MUCH more than hit town until they ran across Scotty Samson and Glenn Davis, longtime residents, who brought them pretty much up to date on the town and some of its features, both past and present. Before taking leave of Scotty and Glenn, the Joneses had them pose for a picture. Both visitors had cameras, and Mrs. Jones said she'd clicked the shutter on her's at least 200 times this trip.

THE MICHIGANITES SAID they'd read the book, "Post City, Texas," dozens of copies of which had been sent employees of their firm shortly after the volume was published. Before leaving town, they drove by to look at C. W. Post's first home here and the one being built for him at the time of his death, now occupied by Hudman Funeral Home.

would probably get more than you paid for the stock. More of my readers should own stock of the local bank where they have their account. In fact, perhaps one of the best investments for the young married couple would be five or ten shares of such stock.

Bank Stocks As Investments
If an investor is to put considerable money into bank stock, he should get the reports of two or three banks and carefully study them. Any bank—whether or not you are a customer—will gladly give you a copy of its Annual Report. In most states this must be published in the local paper, once a year. When my father died, I found a scrapbook in which he had pasted the published Annual Reports of all Gloucester banks, clipped from his valued Gloucester Daily Times.

Easily the bank with the largest deposits gets the most attention, but when bankers brag to me about their "large deposits," I jokingly reply, "You surely owe a lot of money!" For a bank's deposits are money which must be paid back to the people sometime. Therefore, when comparing bank statements subtract the deposits from the total assets and see what would be left for the stockholders.

The Value Of Bank Stock

The real value of bank stock depends very largely on the character, integrity, and energy of the men who operate the bank. Are they church goers? Do they let liquor alone? Do they live within their salaries? A successful banker is a combination of good character, good health, and good judgment.

Directors also should measure up to the above requirements. But too many bank directors accept the position as an honor rather than as a responsibility. Always ask how much money the directors of the bank are borrowing. This question, however, as well as the quality of the bank's assets, is under the constant supervision of the bank examiners.

Hence, I forecast that when the next depression comes, bank stocks will stand up better than any other group of stocks.

Getting Out On The Limb

by EDDIE the editor

SUDDEN THOUGHT: With tuition going so high at some colleges, education is almost as expensive as ignorance.

Winning a million dollars at the race tracks is now possible—if you're a horse.

IT SURPRISES many persons to know that money from Washington is not free; that the people pay it; that rich Uncle Sam is not just a generous fellow who gives us what we want.

Here is where the federal government got the money during the last fiscal year:

From individual income taxes (those who made \$600 or more a year): \$29,274,197,000 of which \$17,029,047,000 was withheld by employers and taken from wages before checks were issued.

From those who work, social security taxes (withheld from wages), \$4,464,264,000.

From those who drink liquors or wines, \$2,549,088,000.

From those who smoke cigarettes, cigars or use tobacco, \$1,565,162,000.

From those who buy gasoline and oil, \$808,460,000.

From those who bought automobiles, \$578,149,000.

From those who bought trucks, \$147,445,000.

From those who bought parts, accessories, or tires and tubes, \$325,497,000.

From those who use electricity, \$33,094,000.

From those who bought refrigerators, air-conditioners, \$57,970,000.

From those who bought radios or phonographs or records, \$125,124,000.

From those who bought musical instruments, \$9,412,000.

From those who bought jewelry, \$230,403,000.

From those who bought furs, \$41,436,000.

From those who bought toilet supplies, \$112,892,000.

From those who bought luggage, \$90,799,000.

From those who used the telephone or telegraph, \$705,770,000.

From those who traveled by train or bus, \$275,174,000.

From those who shipped by train or truck, \$388,589,000.

You get it for nothing from Washington?

It is only a mild compliment these days to tell a girl she looks like a million; and to tell a man he is as sound as a dollar is a downright insult.

The medical world is puzzled over the case of a man who feels no pain when jabbed by sharp instruments. Probably nature trying to produce a contented taxpayer?

IF I'D SAVED them, I'd have quite a collection of jokes about school children. Here are a couple more:
Little Willie came home from his first day at school.
"Gee, Mommy," he said, "our teacher sure asks some funny questions. She even asked me where I was born."

"And did you tell her," the mother asked, "that you were born in the Slaton hospital?"
"Gosh, no!" said Willie. "I didn't want them other kids to think I was a sissy. I told her I was born in Antelope Stadium."

Third-grade pupils in a San Fernando Valley school near Los Angeles were asked to draw pictures of what they wanted to be when they grew up. One little boy turned in a picture of himself as an airplane pilot. Another drew himself driving a fire engine. But one little girl turned in a blank piece of paper. When the teacher asked why, she explained:
"I want to be married—but I don't know how to draw it."

THERE'S NOTHING like a boy!
Boys come in assorted sizes, weights and colors. They are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them and Heaven protects them. A boy is Truth with dirt on its face, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pockets.

A boy has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyon, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a fire-cracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat), large animals, Dad, trains, Saturday morning and fire engines. He is not much for Sunday School, company, schools, books without pictures, music lessons, girls, overcoats, adults or bed-

Better This Year

Dry land crops in Floyd County this season are going to be far and away better, on an average, than the crops of 1953, when the dry lands came as near making a failure as they ever do in this part of the world. Not to say that some farm lands that are not irrigated won't have poor crops and, naturally, some fields don't have any wheat and won't have any fall harvest. But on the other hand there are many fair to good crops of feed and cotton in the county once you get to looking for them. That wide area of Floyd County "under the hill" in particular is going to fare much better this fall than last and there are other bright spots as well. You'll notice it in the volume of business in a few weeks.—The Floyd County Hesperian.

A recession is a period in which you tighten up your belt. In a depression, you have no belt to tighten up—and when you have no pants to hold up, it's a panic.—The Crosbyton Review.

The Week's Quote

My quote for the week: "The Eternal Earth: Ever stop to think that the ground over which you walk every day will bear somebody else's footprints, a hundred years from now, and has known the footsteps of many generations. We come and go, but the earth abides forever."—The Hamilton Herald News.

Around The Corner

"We think this fall is going to be better than last fall," is the expression the Beaver man hears around town quite frequently. Various reasons are given. Of course, crops are better, production expenses have been

time. Nobody else is so early to rise or so late to supper. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, three feet of string, an empty peanut sack, two gumdrops, six cents, a sling shot, a chunk of unknown substance and a genuine superionic oxide ring with a secret compartment.

less in most cases, labor is expected to be more plentiful. Local business houses are ready, we presume, to take care of the fall rush, and we trust the farmer is ready to house the hands he will need to gather his crop. We all need to be ready, for harvest is just around the corner. — The Lockney Beacon.

If Only He Could

Last week the President waved a wand that started a bulldozer to breaking ground for a huge atomic plant 1,400 miles away. If only he could wave his wand over some of the foreign nations and stop their bulldozing!—The Pittsburg Gazette.

Mother Goose In Texas

By RAY WOOD

Ladybird, ladybird, fly away home; Your house is on fire and your children will burn. All except one, her name is Anne, And she crept under the dripping pan.

It has been speculated that the "ladybird" in this old British Mother Goose rhyme was the queen of James II of England, who fled to France upon the abdication of her husband, and that Anne, who "crept under the dripping pan" was later Queen Anne of England.

In this country the "ladybird" became "doodlebug" and was identified with the colorful little beetle found in gardens, and the rhyme took on the significance of a "charm."

Still later it became identified with the "doodlebug" which makes little funnel-shaped holes in the dust around barns and back porches, and thus began an entirely new type of lore, and of rhymes like this:

Doodlebug, doodlebug, Poke out your horn, And I'll give you five dollars And a barrel of corn. Next Week: William Tremblaine.

Variants of these or similar rhymes will be recorded in the permanent collection of Mother Goose in Texas, if sent to Ray Wood, Raywood, Texas.

TOY LIBRARY
OMAHA—Children's Memorial Hospital has a toy library for its young patients. When the collection of toys donated to the hospital outgrows the cupboards where it was kept, a specially equipped room was set aside. Volunteer women distribute them. Biggest rush at the toy library comes at 3 p. m. when visiting parents leave and the job of diverting homesick youngsters starts.

BIT TOO MUCH
RICHMOND, Va. — Patrolman John Patillo had a double complaint for the woman. As he walked up to the house to advise her the dog had nipped someone and must be penned up for 14 days, the white, fluffy little dog pranced up. Bit Patrolman Patillo, too.

Card of Thanks

We desire to express to our kind neighbors and thoughtful friends our heartfelt thanks for their many expressions of sympathy. The beautiful floral offerings and the food brought to the home were especially appreciated.

FOR DEPENDENT CARS?

MARQUETTE, Mich. — Michigan's Governor G. Bennett-McMahon Wedding Read Nazarene Church Sept. 24

Ruth Lavelle McMahon and William Ralph Bennett of Bakersfield, Calif., were united in marriage at 8 o'clock Friday evening in the Church of the Nazarene. Parents of the couple are Mr. and Mrs. O. V. McMahon and Mr. and Mrs. Guy O. Bennett.

Wilma Olson played traditional wedding music and accompanied Mrs. James Holman in singing the pre-nuptial songs "Promise Me" and "One Heart". Mrs. Olson also offered a prayer for Miss Joan McMahon who read "How Do I Love Thee".

Invocation for the single service was given by the Rev. Cecil Stowe, pastor. The Rev. Louis Mahon of Sun Valley performed the nuptial ceremony, which was accompanied by prayer and "The Prayer" sung by Mrs. Holman. The response, as the couple knelt at the altar with their hands clasped on an open Bible, was given by the bride and groom.

The bride wore a ballerina dress of aqua taffeta with accessories and a band of gold chrysanthemums. She carried a white Bible topped with gold and bronze mums. Mrs. McMahon, matron of honor, wore a dress of gold with ginger accessories. Mrs. Rogers was best man. Mr. Wilburn Wade, Jr., officiated.

The bride is a graduate of Garza Memorial Hospital, at 10:10 p. m., Sept. 25. He weighed six pounds and 13 ounces. Mr. and Mrs. Nelson Clark are parents of a seven pound, four ounce son born at 10:50 p. m., Sept. 26, in Garza Memorial Hospital.

Delta Rogers and Amy Gray, Jr., were candle-bearers. Miss Rogers' dress was blue and she wore correspondingly blue and yellow corsage. Mrs. Wade, Jr., officiated.

The bride wore a blue and white suit with black accessories and a corsage of white carnations. The ceremony was held in the McMahon home at 601 South P. They are continuing studies at Texas Technological College, Lubbock.

Parents, Friends Are Urged To Visit School Cafeteria

Post P-TA is sponsoring a "get acquainted with the school cafeteria week" Oct. 4-8 and the citizens of Post are invited to visit the school for lunch. "Would you like to know how many children eat at the cafeteria, what they eat? Come and visit us and find out for yourselves," E. E. Pierce, manager said.

"Good nutritious food develops strong healthy children and the main objective of the lunchroom is to serve the children one-third to one-half of their daily food requirements at the noon meal," Pierce added.

Cash prizes will be given to the room getting the most votes by parents and friends who eat at the cafeteria during the week. Each visitor will count one vote for his child's "room count." Fifty cents per lunch will be charged for visitors.

Menus for next week will be as follows:

Monday: Beef and gravy, mashed potatoes, buttered carrots, pickled beets, bread, 1/2 pint milk, apricot cobbler.

Tuesday: Pinto beans, peanut butter sandwich, canned tomatoes, corn bread, muffin, butter, 1/2 pint milk, chocolate pudding.

Wednesday: Mexican spaghetti, green beans, carrot sticks, bread, butter, 1/2 pint milk, boysenberry cobbler.

Church News

Scripture

I charge thee therefore before God, and the Lord Jesus Christ, who shall judge the quick and the dead at his appearing and his kingdom; Preach the word; be instant in season, out of season; reprove, rebuke, exhort with all longsuffering and doctrine. For the time will come when they will not endure sound doctrine; but after their own lusts shall they heap to themselves teachers, having itching ears; And they shall turn away their ears from the truth, and shall be turned unto fables. But watch thou in all things, endure afflictions, do the work of an evangelist, make full proof of thy ministry. For I am now ready to be offered, and the time of my departure is at hand. I have fought a good fight, I have finished my course, I have kept the faith: Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me at that day: and not to me only, but unto all them also that love his appearing. 1 Timothy 4: 1-8.

The local Mexican Baptist Brotherhood won the attendance banner at Monday night's Lubbock Baptist Association Meeting, with eight members attending. Henry Tate, Loyd Edwards and Charlie Baker attended from the First Baptist Church. The meeting was held at the Arnett-Benson Church.

HUMBLE BITS

Howdy Folks: We heard about a very versatile plastic surgeon. He succeeded in putting his chin on a young girl's shoulder.

Plastic surgeons are all right, but not for the girl whose face is her fortune. She doesn't want her face lifted.

They say a snob is one who was born with his face lifted.

Of course a plastic surgeon is one who maims to please.

You do have to admit that the surgeons get a lot of inside information.

There's one doctor who makes no bones of his profession and that's the osteopath.

And we make no bones of the fact that we want you for a customer. If you will drop in and see us, we'll show you that we are anxious to have you on our list.

Oil Progress Week Set For Oct. 10-16

TULSA, Okla.—Some 42,000 companies will let loose in October with a collective blast on the American oil industry's horn, the annual effort to familiarize the public with petroleum's 95 years of achievement.

They will observe from Oct. 10-16 "Oil Progress Week" sponsored by the American Petroleum Institute to point up the benefits oil and its derivatives bring the buyers.

By newspaper advertisements, radio and TV shows, motion pictures, posters, pamphlets, souvenirs and other devices, the industry will proclaim the week's theme: "Oil serves you."

One of the highlights will be the first public showings of the APTI's documentary movie, "The Story of Colonel Drake," a 29-minute color film. In it actor Vincent Price portrays Col. Edwin Drake, the stove pipe-hatted figure whose Aug. 27, 1859, discovery of "rock oil" at Titusville, Pa., started the petroleum industry.

Not a little of the oil story will be conveyed by the service station operator and his helper, individuals with whom the buying public has the closest and most frequent contact. Too, the week's slogan will focus a lot of attention on the homey, familiar role these people play as "front men" for the industry.

Little, If Any, Aid Increase Would Come From Assistance Bill Passage

(Editor's Note: Following is the first in a series of articles on the 11 proposed constitutional amendments to be voted on in November's general election. The Dispatch will outline only the amendments of vital interest to Garza County.)

Authorizing the Texas Legislature to increase spending for old-age assistance, aid to the blind and aid to dependent children by \$7,000,000 a year and requiring that names of recipients of public assistance be made available to the public.

S. J. R. No. 7

If adopted, Senate Joint Resolution No. 7 would amend Section 51a of Article III of the State Constitution, which is the section governing public assistance. Only two changes would be made, but they are fundamental:

1. The total amount which the Legislature would appropriate for the State's three public assistance programs would be increased from \$35,000,000 a year to \$42,000,000.

2. The Legislature would be required to enact laws under which the names of recipients of public assistance would be available to the public.

Increase Not Automatic
The proposed increase of \$7,000,000 a year in State funds for the three programs of aid to

the needy would not be automatic. It would be effective when the Legislature appropriated additional money. The latest estimate of revenues made by the Comptroller of Public Accounts indicates that such an appropriation would also require the levying of additional taxes.

The question uppermost in the minds of many people is how much additional money people now on the rolls would get out of the proposed increase of \$7 million a year. The last annual report of the State Department of Public Welfare indicates that little, if any, addition would be made to the monthly payments received by those now on the rolls. The additional money would, however, permit adding more people to the rolls.

Publicizing Names
The matter of publicizing the names of recipients of public assistance is controversial. Twenty-eight states now permit or require the names of recipients to be made available to the public. Federal laws, to which the states must conform, forbid the use of such names for political or commercial purposes.

Those who favor publicizing the names of recipients contend that the public is entitled to know who is aided at the taxpayers' expense. Opponents of the policy of revealing names of recipients say that unfortunate people in need and entitled to public aid should not be embarrassed by disclosure of their names.

No One Injured In Freak Wreck

Four occupants of a 1951 Packard sedan escaped serious injury Sunday afternoon when the automobile overturned after its driver swerved the machine to avert a collision with another car.

The sedan struck the curb in the 900 block of West Eighth Street (Tahoka Highway) and flipped over onto its top between the front yards of the J. K. Davis residence and one occupied by a family named Prewitt.

The occupants were not thrown from the machine and the only one receiving an injury was the driver, James Boyd Gregory, 26, of Fort Worth, who suffered a slight shoulder injury. The other occupants of the automobile were Mrs. Gregory, 26; their son, Bruce, 4, and Gregory's mother, Mrs. Ida Gregory, 57. Gregory told Sheriff Carl Rains that he swerved his automobile to keep from hitting one which was making a left turn off the highway into a trailer camp. Rains said the driver of the sec-

VA Questions And Answers

Q I am a World War II veteran training under the original GI Bill. Next month I expect to finish my course. Since I have some entitlement remaining, would I be allowed to enroll in another course in a different field?

A No. Once you complete or discontinue a course under the World War II GI Bill, you generally are prohibited from taking another course, even though you do have additional entitlement.

Q I enrolled in college under the Korean GI Bill for an AB degree in English. Several weeks after class started, I changed my mind and decided I would rather go after a BS in business administration. Would this be considered my one-and-only change of course?

A Not necessarily. You may change from one baccalaureate degree to another, without having it count as your one-and-only course change, so long as your new course won't take any longer to complete than the old.

Q If I simply send an application for Korean GI term insurance to VA within the 120-day deadline, will I be able to get the insurance? I'd like to pay my first premium at a later date, if possible.

A An application alone, submitted within the 120-day period, would not be enough to entitle you to Korean GI term insurance. You also must pay your first premium within the 120 days.

Pvt. Don A. Tatum Is At Fort Bliss

Pvt. Don A. Tatum, son of Mr. and Mrs. Ira O. Farmer of Post, recently began eight weeks of basic training in the Aircraft Artillery Replacement Training Center at Fort Bliss.

He will spend his first eight weeks of basic military training on fundamental subjects such as rifle, machine gun, bazooka marksmanship and familiarization with Army technical subjects. This first phase of training is climaxed with a one-week maneuver in the field.

Fort Bliss, established as a frontier outpost more than a century ago, is located in West Texas on the Mexican border, adjacent to El Paso.

Soldier Completing Phase Of Training

Pvt. Darateo R. Callaso, husband of Mrs. Sally Fuentes Callaso of Post, has been assigned to the Antiaircraft Artillery Replacement Training Center at Fort Bliss for his second eight-week cycle of basic training.

Having recently completed his first eight weeks of training in fundamental infantry subjects at Fort Bliss, he will now take up the skills of antiaircraft artillery.

During this second phase of basic training he will be expertly schooled in the firing of light and medium antiaircraft artillery weapons at low-flying and high altitude targets on the one-and-one-half million acre Fort Bliss ranges. He also will be familiarized with the various electronic equipment used by the AAA-RTC.

Pvt. Callaso will graduate at a formal parade and retreat ceremony and then be eligible for assignment in a permanent antiaircraft artillery unit.

During the Middle ages, fur was used principally in male rather than in female garments.

Singing 'Hoe Hands' Pay Board And Work Gratis For West Texas Farmer

COLLEGE STATION (Sp.) — Singing hoe hands who work free and pay their own board have "chopped" 345 acres of cotton for a Motley county farmer. It all began when Billy Hand unloaded 120 squawking geese in his fields.

"The geese went to work and covered the acreage in a week," says W. C. Pallmeyer, county agricultural agent. They did not molest the cotton but centered their interest on grass and "goat-hands." With the exception of a few large "careless" weeds which geese won't destroy, the field was cleaned—just as if regular hoe hands had done the job.

"One week convinced me," said Hand, "as long as I plant cotton I'll keep geese." His inspiration came after watching three of the fowls "mow" grass on the front lawn. Hand and a neighbor, Charles Long, traveled to Las Cruces, New Mexico to get the birds. Long also has found them extremely satisfactory.

"The geese work at night when the moon is shining. They stay in the shade of the water wagon when the sun is hot and usually begin work about five o'clock. They seem to be singing all the time," Hand said.

The only cost of running the geese has been 100 pounds of barley each day. The efficiency of the fowls is not limited to

their capacity for food, says Pallmeyer. They apparently eat only a small portion of the grass they destroy. They pull it up, leaving it to die in the middles. They attack tall Johnsongrass at the top and cut it to the ground, eating some in the process.

In a few instances the geese nip the cotton, especially around the water wagon, as if they might be appeasing some form of restlessness, notes Hand. No insects were found in fields where the birds worked—to make geese even more attractive to farmer Hand.

Farm Fire Losses Heavy During '53

AUSTIN (Sp.)—Texas farmers could add as much as \$5,000,000 to their annual gross income by reducing fire losses, an Austin insurance executive says.

Norris W. Parker, manager of the Texas Insurance Advisory Association, a trade association which compiles statistics on fire losses, said that fires in 1953 destroyed at least \$5,000,000 worth of farm buildings and crops. The figures for 1954 may be even higher unless something is done to reduce farm fires.

Nationally, the picture is even worse. Fires across the nation last year cost farmers \$100,000,000.

Three safeguards are suggested by Parker to help reduce farm fires:

1. Use care and forethought in the construction, maintenance and use of all farm property with a view to eliminating all needless fire danger;
2. Equip farm homes and out-buildings with simple fire extinguishing equipment to enable individuals to extinguish fires before they reach the serious stage; and
3. Organize farm community fire-fighting brigades equipped with more effective equipment than an individual farmer can afford to fight larger fires.

Farmers throughout the state are being urged to check their fire defenses as a part of the national observance of Fire Prevention Week, Oct. 3-9.

Mr. and Mrs. Al Hicks of Bellflower, Calif., have been visiting her son, Billy Johnson, and family.

Opening Session Of District Court Ends

The opening session of the September term of 106th District Court was concluded last week, with the term scheduled to be resumed Nov. 8.

In two civil cases terminating the court session, the jury returned a verdict in favor of the plaintiff in the case of C. H. Hartel vs. Texas Employers Insurance Co., and in favor of the defendant in the suit for account case of Homer McCrary vs. T. L. Jones.

Another civil case, Robinson vs. Henderson, suit to reform deed, was postponed until Nov. 10.

Farm Fire Losses Are Staggering

COLLEGE STATION (Sp.) — Farm fires last year cost an estimated \$139,000,000 and took some 3,000 human lives. In view of these staggering losses, the week of Oct. 3 through 9 has been proclaimed by President Eisenhower as Fire Prevention Week.

In his proclamation, Eisenhower calls upon the nation's citizens to initiate a year-round campaign against waste caused by preventable fires.

Fires in rural areas continue to be a costly drain on the farmer's income.

An extensive check of the farmstead for the common causes of fire is urged during this week. Fire officials say there are nine causes of most fires. They are: careless smoking and matches, improper use of inflammable liquids, spontaneous combustion, collection of trash and other rubbish, defective heating apparatus, combustible roofs, defective chimneys and worn-out, defective lightning-rod systems.

Prevention of fire isn't a one-week-in-the-year job, but a full time proposition. Everyone in the family—mom, dad, junior and sis—should become more fire prevention conscious and take steps to eliminate ever-present hazards.

Because farms usually are located distant from organized fire-protection, the need for "prevention" is even more pressing than in the urban areas.

Post Explorer Scouts To Attend Council-Wide Gathering Saturday

Explorer Scouts of Post will be among those attending a South Plains Council-wide gathering of Explorers at Texas Tech College in Lubbock on Saturday.

The purpose of the Explorer conference, according to George B. Long, chairman of the Council's camping and activities committee, will be to decide upon the Council-wide program highlights for the next 12 months. The conference will open at 10 a. m. Saturday at the Aggie Auditorium on the Tech campus.

The Rev. Young Tucker, assistant pastor of the First Baptist Church in Lubbock, will serve as the conference chairman. He will be assisted by the following advisors: Ike White, post advisor of Post 36 in Lubbock sponsored by the Westminster Presbyterian Church; Lester Iden, Stuart Condon and Warlick Carr.

The conference will open with the registration of all of the Explorers present, and a general assembly will be held starting at 10:15 a. m. in the Aggie Auditorium. At 10:45 the general assembly will break into four sessions—the outdoor session, the vocational session, the social session, and the service session. Each of these sessions will be under the leadership of an Explorer Scout who will be assisted by the four advisors named above.

At noon the Explorers will have their lunch at the Student Union cafeteria—going back in to session then at 1:30 p. m. in a general assembly.

At 2:45 p. m. the conference will break into seven district sessions with all of the Explorers in each of the seven districts of the South Plains Council holding their own to make plans for their district explorer conference to be held in their districts during the months of October or November. Dinner will be served at the Student Union Building at 5:30 p. m. and all of the Explorers and their advisors will attend the football game between Texas Tech College and Oklahoma A&M College.

All of the Scouts will wear their Explorer uniforms which is the dark, forest green uniform, or in the case of the Sea Scouts, they will wear their sea uniforms; and the Air Scouts their air uniforms. The registration fee for the conference is \$3 each. Reservations should be made at the Council's headquarters office at 2109 Avenue X, Box 3055, in Lubbock. Reservation deadline is 5 p. m., Sept. 30.

The Exploring program is the older boy program of the Boy Scouts of America, and each Boy Scout when he reaches the age

of 14 automatically becomes an Explorer. He then has the option of remaining in a crew within his Scout troop or of joining an Explorer post, Sea Explorer program, or an Air Explorer program. The Explorer program places more stress upon the actual participation and leadership of the Explorer himself. The Explorer has progressed far enough in his growth toward manhood where he can make the majority of his own decisions now with the help and advice of the Explorer advisor.

High school groups within the 20 counties of the South Plains Council that are not using the Explorer program of outdoor, indoor, social, and service interests are invited to register and send a representative to this Explorer conference in order that he may find how the Explorer program works and be able to take it back to his own high school.

Safety Rules Observance By Children Will Help Cut Down Traffic Accidents

"Cross a street on careful feet." This should be the watchword of boys and girls who want to be safe in traffic. Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation told the children of Texas today.

sponsored in Texas by the Texas Safety Association, the Texas Department of Public Safety and the National Safety Council.

He told children that they can do a lot to prevent accidents on the nation's streets and highways by following safety rules. "A driver who has to dodge a careless child may hit another car or a building, and cause a bad accident," Col. Tilley said. "Also, motorists sometimes can't avoid hitting a child who runs into the street unexpectedly, or rides a bicycle in an unsafe manner."

He listed the following safety rules for children to follow in traffic:

1. Obey all traffic officers, school patrols and traffic signs and signals.
2. Observe the rules learned in school about crossing streets safely and playing only in safe places.
3. When going to and from school, take the safest route.
4. If there are no sidewalks, walk on the left side of the road facing traffic.
5. Never use roller skates, tricycles, wagons or scooters in the street or road. They are for the sidewalk only.
6. When you ride a bike take the following safety precautions:
 - a. Ride with traffic and keep to the far right.
 - b. Never weave or stunt. Ride in a straight line.
 - c. When riding with others, ride in single file.
 - d. Don't carry passengers on your bike. Carry books and packages in a carrier.
 - e. In traffic obey all signs, signals and traffic laws.
 - f. Never hitch on to a passing truck, street car, automobile or any vehicle.
 - g. If you must ride at night, have a good light and rear reflector.
 - h. Keep your bicycle in good mechanical condition at all times.

Cotton Exchange Estimates Garza Crop At 11,000

Garza County's 1954 cotton crop was estimated at 11,000 bales by the Lubbock Cotton Exchange in a story appearing in Sunday's Lubbock Avalanche-Journal.

The 11,000-bale estimate is about 1,000 higher than estimates made by most local agricultural observers. The county's 1953 production was 4,914 bales.

The Lubbock Cotton Exchange estimated a 1,206,000-bale crop this year for the 20-county South Plains region. Last year's output totaled 1,294,964 bales.

Assuming an average price of 27 cents per pound for lint in 500-pound bales, plus an average of 800 pounds of seed from each bale selling at \$50 a ton,

Monday.

T., Mrs. Ray McClellan and Kim and Mason, Harold Wayne and Kathy Mason, Mr. and Mrs. Elva Peel, Rhea and Beth, Mr. and Mrs. Chester Morris and Judy and Ann, Mr. and Mrs. Carl Fluitt and Delwin and Jacky, Mr. and Mrs. W. C. Bush, Mr. and Mrs. J. M. Bush, Mr. and Mrs. W. O. Fluitt, Sr., Mr. and Mrs. Paul Hedrick and Paula of Post and Mr. and Mrs. Bush and Jerry and Ricky.

65 Boys Enrolled In VA Department

This year's enrollment of 65 boys in Post High School's vocational agriculture department is one of the largest, if not the largest, in the school's history, E. F. Schmiedt, VA instructor, said Tuesday.

There is one section each of VA I and II and two sections of VA III.

VA students exhibiting agricultural products this week at the Panhandle-South Plains Fair in Lubbock are Bowen Stephens, wheat, oats and 20 bolls of open cotton, and Jerry Morris, Jackie Morris, Allen Fry and Ernie Popham, each 20 bolls of open cotton.

Spokesmen for the exchange said that the yield could fluctuate from the estimate as much as 50,000 bales, depending on the date of the first freeze in the area.

"Outstanding and amazing" is the description of the grade and staple of the 12,459 bales classed through Saturday in the U. S. Cotton Cladding Office in Lubbock.

Of the cotton already ginned, 64.9 per cent received thus far has been middling, 29.5 has been strict middling, and 3.7 per cent strict low middling.

The hens that produce Robnett eggs are confined in all-wire suspended cages. They are fed with a ration which is highly fortified with vitamins, minerals and proteins and they're supplied with constantly running water. For those reasons, the Robnett carton offers you eggs that are so superior in every respect... a rich lemon-colored yolk and firm "white", uniform in quality, color and shape. Just try one carton. Once you taste the wonderful difference, you'll never again settle for less. **ROBNETT** really fresh eggs are sold exclusively at **PIGGLY WIGGLY**.
