GIBSON REPORTS TO EXTENSION SERVICE—

Improvement Of Field Crops And Soil Is Tried

Here are some more excerpts from County Agricultural Agent Robert H. Gibson's 1948 report to the Texas A. and M. College extension service. These are being published in a series of articles, because they reveal some interesting agricultural trends in Garza County:

The principal field crops are cotton, grain sorghums, peanuts and sudan grass for seed and summer pasture.

Efforts were made to increase the acreage of stormproof varieties of cotton and the use of mechanical harvesters, to eliminate the dependence upon migratory labor and to save in the cost of harvesting.

Four adult farmers with 460 acres and eight 4-H Club boys with 87 acres carried out demonstrations on cotton to determine increased yields and profits on stormproof varieties of

cotton. However, because of the extreme drouth during the growing season and the lack of underground moisture, the results appear to be negligible.

To Try Again

In grain sorghums, 10 adults and 15 4-H boys received foundation seed obtained from the, experiment station for the purpose of conducting demonstrations. Again the lack of moisture prevented the expected results. These demonstrations will be conducted again next year.

Eighty-four farmers were assisted directly in surveying their crops for insect infestations and learning the use of control measures. Four farms in the south-east part of the county were dusted for the control of boll-worms. No real damage was done by insects to field crops because of the drouth.

All Garza County gins signed

with the Smith-Dexey Act in 1948 and all received free cotton classing and grading.

Soil Conservation

The main soil conservation problems in Garza County on Cropland are wind erosion and water conservation. Close cooperation is practiced by all agricultural agencies in their efforts to control these problems.

To control wind erosion, farmers are urged to leave as much vegetation on the surface soil as possible. Early listing in the middle of the rows, leaving the stubble of grain sorghums, cotton and other crops protruding from the lister bed, is encouraged.

The county extension agent has used every available opportunity to encourage the farmers to plant winter cover crops of legumes and rye. Through a cooperative effort, 25 farmers pur-

chased rye and vetch seed and phosphate fertilizer. These farmers planted approximately 400 acres of this legume and rye and all received a good stand. This is the first year these crops have been successfully planted and germinated, and it is believed they are the salvation of a large area of this country.

Terracing is still a major problem and the past three years of drouth conditions has made the farmers more terrace-minded than ever before. There have been 173 miles of terraces built in 1948, and 49 miles were completed under the direct supervision of the county agent. The balance of these terraces were built under the supervision of the Soil Conservation Service.

Through cooperative effort of all agricultural agencies in Garza County, the following soil and water conservation practices

were carried out in 1948:

Thirty-six earthen dams of 1,300 cubic yards on 25 ranches; 173 miles of terraces on 58 farms; 200 acres of mesquite on five ranches; seven stock water wells on five ranches; 400 acres of vetch and rye on 25 farms; 30 irrigation wells dug on 25 farms; 500 acres of sandy land was deep plowed; 75,000 acres were farmed on the contour; 40,000 pounds of fertilizer were applied to 400 acres of vetch and rye; deferred grazing was practiced on 5,250 acres of ranch land.

Special efforts have been put forth to encourage farmers and ranchers to adopt the above practices. From all indications, there is much more interest in soil and water conservation among the farmers and ranchers than ever before and efforts are being made to extend these practices and adopt others.

G. N. Hagood To Succeed Mr. Cravy

Looban And Printz Are Named Deputies

G. N. Hagood, former Garza County resident 22 years, was appointed county sheriff, tax assessor-collector to fill the vacancy left by the resignation of Will Cravy, who took the office January 1.

Sheriff Cravy's resignation becomes effective February 1. Hagood announced the appointment of V. A. Looban of Justiceburg as deputy sheriff and Perry Printz, former sheriff, as deputy assessor-collector.

Although Hagood farms a place which he has leased for the past three years, northeast of Post, and manages Mrs. J. M. Borin's farm at Justiceburg, he and his wife and daughter, Betty Lou, live in Post. Another daughter, Mrs. Hershel Bevers, lives on the Ibsen farm.

Looban, who also has lived in Garza County for a number of years, has been employed by the Justiceburg Sand and Gravel Company.

Printz, who had served several terms as deputy in the tax office, served as Garza County sheriff, tax-assessor-collector in 1944 and 1945.

"The Post Dispatch Covers Garza County Like A Sandstorm"

The Post Dispatch

Volume XXIII Post, Texas "The Gateway To The Plains" Thursday, January 27, 1949 Number 13

Nearly 3 Inches Of Moisture Are Registered Here

A second frigid blast, which started with a slow rain Saturday night, again covered Garza County with sleet and snow this week and brought the total moisture for January here to 2.87 inches. Ninety-nine one-hundredths of an inch of moisture fell here since Saturday, according to the Double U. Company gauge.

The weather has been wonderful for the soil but tough on the ranchers. County Agricultural Agent Robert H. Gibson said yesterday that all range livestock are having to be fed, but that most of the animals have withstood the recent cold spells very well.

Although some of the busses were unable to run this week, because of the condition of the rural roads, local schools and most of the rural schools were open. All busses bringing rural high school students to Post, except the Verbena bus, were in operation.

Supt. G. R. Day estimated that 20 per cent of the high school students were absent Tuesday, and Principal E. E. Pierce estimated that about 30 per cent of the grade school students were absent that day.

Farmers and merchants alike have been wearing broad smiles over the rumors of how deep the January moisture penetrated the ground. A man who did some work with a bulldozer on the plains, between the two wet periods, told a Post Dispatch reporter yesterday that the blade of his machine dug 36 inches into the ground and didn't strike any dry dirt.

License Tags Go On Sale Tuesday At Court House

The rush to buy 1949 license tags for motor vehicles will begin February 1 at the court house. The tags, which already have arrived here, are a bright yellow-orange with black numerals. As in previous years, the tags were manufactured by the Texas Prison System and distributed by the motor vehicle division of the Texas Highway Department.

For automobiles, the tag prices range from \$7.50 for a 2,100-pound car to \$30 for a 6,000-pound car.

Brother-In-Law Of Mrs. Collier Dies

Mrs. R. H. Collier and Mr. and Mrs. Bob Collier attended funeral services at the First Methodist Church in Tahoka Tuesday afternoon for Mrs. R. H. Collier's brother-in-law, A. A. Walker, of that city.

Mr. Walker died Sunday morning in a Tahoka hospital.

Almost Everybody Sooner Or Later Sees Future Spouse Suddenly For First Time

AND SO THEY WERE MARRIED—

How did you first meet your spouse? Every married person has an interesting story to tell in this respect. The Post Dispatch staff members have been interviewing people for several weeks on the subject. Here are some of the answers.

Dick Woods met the former Gladys Everett in an alley behind the grocery store where he was employed in 1917. She was walking through the alley on her way to school. Dick liked her look and "hollored" at her. They were married that year.

The former Joy Brock, who came here from Lamesa, was staying with Mr. and Mrs. Shirley Robbins, now of Big Spring, when they announced one evening that they would like for her to join them in some games because "Junior" Parker was coming over.

Joy expected to play "drop the handkerchief" all evening with a small boy and was quite shock-

ed when the fullgrown J. E. Parker appeared on the scene. Their first date was to a banquet at Ragtown.

Rotary "Business"

Rotary International, Texas Division, served as Cupid for Lewis (Sonny) Nance and the former Allegra Warner. She was secretary for the Fort Worth Rotary Club and he was secretary of the Post Rotary Club when they met at a Rotary convention in Fort Worth. For 14 months, Sonny carried on a copious correspondence with the Fort Worth Rotary office and he made many trips to Ft. Worth "on Rotary business." Last summer they were married.

Kate Eason moved to Post from East Texas in the month of August and soon received an invitation to a Labor Day party. The formal invitation said that Oliver L. Weakley would call for her. She was stenographer-bookkeeper for Power Brothers Store and she mentioned to the late Jim

Power about receiving the invitation and inquired about the fellow. Oliver L. Her boss' reply was "that is just the boy I've been wanting you to meet." Ollie came by a few days before the party and met Kate. This was the beginning of a 12-year courtship.

Stepped On Her Foot

Mr. and Mrs. Cecil Osborne, Sr., were going to the same school when they met at the age of 11. The boys and girls were playing basketball together, and Cecil stepped on her feet. This was the first time she had ever seen him. He soon started running around with her brother and a courtship began, ending in marriage when both were 16.

The former Miss Mary Bartlett went to the laundry to wash one Thursday and met Robert Cato, who was employed there. The next day she received a letter asking her for a date on Saturday night. That Saturday night date was the beginning of a (Continued On Back Page Col. 5)

Scouts Receive Awards Of Merit

Victor Hudman, Boy Scout advance chairman, announced this week that the following awards were presented at a recent Court of Honor:

Troop 11—Merit badges, David Pennington, leathercraft and civics; Danny Tillman, music, bird study, personal health and tracking, and Darrell Stone, first aid and personal health.

Troop 16—Second Class, Cecil Smith and Joseph Mathis.

Hudman also announced that Boy Scouts can qualify for awards before the Board of Review the first Thursday night of each month. The Board of Review formerly met on the first Tuesday night of each month.

Bargain Rates On Papers To Expire

Only three days of newspaper bargain rates remain.

After January 31, the Post Dispatch rates will be \$3 for out of the county and \$2.50 for Garza County subscriptions. Through Monday, the subscriptions may be bought 50 cents cheaper. Each renewal bought during the next three days will be dated from the expiration date of the subscription now in force.

Fort Worth Star-Telegram and Abilene Reporter-News regular rates will go into effect February 1. Through Monday they can be bought at the following bargain rates:

Star-Telegram, \$13.95, with Sunday issue, and \$12.60, without Sunday, and Reporter-News, \$9.95.

Bogus Checks On Local Bank Rook Six Merchants

Six or more Post merchants were trimmed to the tune of at least \$175 last Thursday by a man and a woman, claiming to be Wayne and Ruth Hardin.

Working separately, the two "went shopping" in a half dozen or more stores, buying a small amount of merchandise and cashing a check in each of five or more stores for \$30 and in the Pure Food Store for \$25.

The checks presented by the man were signed by "Mrs. Myrtle Hardin" and made payable to "Wayne Hardin." The man endorsed the check with the name of Wayne Hardin. The checks passed by the woman also were signed by "Mrs. Myrtle Hardin" and made payable to "Ruth Hardin." She endorsed them with the name of Ruth Hardin.

All checks were on the First National Bank, which reported to each merchant involved that "Mrs. Myrtle Hardin" did not have an account in the bank.

Although it was not known by press time how many merchants were robbed in this manner, it was reported that \$30 checks were given to each, M. J. Malouf, Piggy Wiggly, Lavelle Shop, Graeber's and the Army Store.

School Cafeteria Opens On Friday

The first meal in the new school cafeteria was a sandwich lunch Friday. The first hot meal was served Monday.

The cafeteria staff consists of Mrs. M. C. Pennington, who is in charge, and Mrs. Ike Brown and Mrs. R. L. Cummings.

Baptist Church Authorizes New Addition Plans

The congregation of the First Baptist Church voted to accept recommendations of the Deacons, Building Committee and Finance Committee for the construction of an addition to the church, at a total cost of approximately \$34,000.

It was decided that on Sunday, March 6, the church will receive a cash offering, with a goal of \$7,000 in cash, or payable on, or before Sunday, April 3.

If the \$7,000 is received by April 3, the Building Committee will have the authority to begin the construction immediately after formal ground-breaking services on Sunday, May 9, Mothers Day.

In event the \$7,000 has not been received by May 8, the committee is authorized to begin the structure at the earliest possible date after the total sum of the church building fund has reached \$24,000. The fund now has a balance of \$16,500.

The committee is authorized to receive sealed bids from contractors and decide as to whom the contract should go.

It is also agreed that the church should seek to complete the building without any indebtedness.

Garza Boys Make Good Showing In Study Of Grass

The Garza County 4-H Grass Identification Team, consisting of Barry Ford, Jack Schmidt and Carter White, is hoping to win the state grass identification contest at the Fort Worth Fat Stock Show Saturday, if the weather permits their making the trip.

The team and the alternates, Johnny Matsler and Jerral Stone, accompanied by County Agricultural Agent Robert H. Gibson, hope to leave by automobile at 5 a.m. tomorrow and arrive in Fort Worth in time for a Friday afternoon practice session.

All five boys made scores of from 85 to 100 in the local contests and the three team members have scored not less than 95 each.

"They are the best bunch of boys on grass identification that I have ever seen," Gibson told the Post Dispatch. "If any other 4-H team in the state can beat them, I will be surprised," he said.

PHS Teams Defeat Two Slaton Groups

The Post High School boys' and girls' basketball teams won two games at Slaton Tuesday night. The girls won by a score of 25-20 over the Slaton girls, and the boys won by a score of 24-23. Kay Kirkpatrick was high point man in the boys' game.

Dime Campaign Is Extended To Sunday, Feb. 6

The Garza County March of Dimes Campaign for 1949 has been "going as well as could be expected in weather like this," the campaign chairman, Judge J. Lee Bowen said yesterday.

Because of the weather, however, the campaign is being extended an extra week. It will close Sunday, February 6, the chairman said.

Judge Bowen mailed 1,009 Mile of Dimes folders to Garza County residents this week. The folders contain addressed envelopes for use in mailing contributions to the Garza County campaign committee.

Most of the coin collectors placed in the local stores have been filling up with coins, the Post Dispatch reporters have observed.

In Garza County and also over (Continued On Back Page Col. 2)

Mrs. Burckhardt Is Death Victim

Funeral services for Mrs. Martha Ellen Burckhardt, who had lived in the Grassland Community since 1917, were held Saturday afternoon in the First Baptist Church at Tahoka. Mrs. Burckhardt died Thursday morning after suffering a heart attack.

The Rev. C. V. Stovall, pastor of the Tahoka Church, officiated. Pallbearers were Buster Fenon, Jim Fenton, A. L. Smith, Happy Smith, Ira Vaughn and Truitt Smith.

Burial was in the Grassland Cemetery.

Mrs. Burckhardt, who was born in Missouri, moved to Texas in 1915. She is survived by her husband, W. J. Burckhardt; three sons, Grady of Tahoka, Wayne of Houston and Bryan of Ft. Worth; two daughters, Mrs. Irvin Eugentine of Indianapolis, Ind., and Miss Bland Burckhardt of El Paso; nine grandchildren, and one great grandchild.

Look Who's New

Mr. and Mrs. L. J. Walker of Lubbock, formerly of Post are announcing the arrival of a son weighing 6 lb., 4 oz. Saturday morning in the West Texas Hospital. Mrs. Walker is the former Miss Pearl Fleming.

Mr. and Mrs. D. H. Ellison of Lubbock are announcing the arrival of a son, Dewey Wendell, weighing 8 lb., 12 oz. Tuesday in the West Texas Hospital. Mrs. Ellison is the former Miss Billie Maxine Doggett, daughter of Mrs. Pearl Doggett of Route 3.

Mr. and Mrs. J. W. Hodges are announcing the arrival of a son weighing 7 lb., 5 oz. Tuesday in Slaton Mercy Hospital. He was named Wylie Boyd.

Mr. and Mrs. W. D. Britton of Norman are announcing the birth of a son born January 8. The baby is a grandson of Mr. and Mrs. R. O. Rankin of South- and who are visiting in Norman.

GETTING OUT On The LIMB by EDDIE the EDITOR

For a good many years, I've been observing that this village...

The unnecessary petitions, in my view, are those not required by law...

How many times have you signed a petition because some close friend brought it around...

Public officials who receive these petitions understand this and weigh this factor when considering the petitions...

I've quit signing any petitions, other than those required by law...

I suppose several thousand petitions have been brought to me for my signature during the 20 or more years in business here...

I think this circulating of petitions is greatly excessive. That the importance of petitions is over-estimated...

Spending of petitions that are required by law—it won't be long until time to check the officials for another two-year term...

I write this, I haven't slightest idea whether or not any of the present members of the City Commission...

Years, thousands of dollars went to the title of a very big company which had its headquarters in Fort Worth...

Garza and the World

By EVELYN BOST

Question No. 12 in the New York Times list of 20 outstanding world problems of 1948 is: "Will Russia's other satellites be held in line or follow the tactics of Tito-Slovenia?"

The answer to this, as I see it, is contained in the history of what European motives are...

Question No. 13 is: "Will U.S. aid to Greece and Turkey halt the Soviet threat to the Mediterranean?"

No, it didn't in 1948 and it won't in 1949. As long as the "cold war" lasts there will be a Soviet threat to the Mediterranean...

Question No. 14 is: "Will an agreement be reached on the position of former Italian Colonies?"

An agreement might be reached, but it'll be very surprising if it will be a permanent one. Some of these colonies are in a very strategic position...

Question No. 15 is: "Will the Communists engulf China and if so what will be the effect on the West?"

The first half of that question seems to be already answered by the current facts in the case. It looks to me like the Communists have already engulfed China...

Question No. 16 is: "Will Korea continue to be a major friction point between the U.S. and U.S.S.R.?"

Yes, particularly if China goes under Moscow influence. Korea, like Taiwan, is in a geographical spot coveted by both the Eastern and Western powers...

Question No. 17 is: "What will Japan's role be in U.S. political and military strategy in the Pacific?"

The role will be plenty for our side, if official Washington will leave Washington alone and let her carry on her good work unimpeded by politics...

The final question is: "How will Western influence in Asia be affected by the"

What Our Contemporaries Are Saying:

NEW REGULATIONS — Postmaster Scudder reports that there are two classifications of mail that are giving the local office some difficulty...

One is the use of five-cent air mail stamps that were sold before the new regulations went into effect...

There are several other classifications of air mail including a new rate for parcel post air mail. These rates are so varied that details cannot be given...

The other classification that has caused some trouble is the third class mail on parcel matter and greeting cards where the rate has been raised from one and one-half cents to two cents...

REPAIRING LANDMARK — The pride and joy of Colorado City in the late 1880's and a considerable of an eye to the street...

ARTIFICIAL INSEMINATION — Further development of the dairy cattle strains in Scurry County is promised soon as a result of the establishment of an artificial insemination association...

IS THIS SECURITY? — War in Indonesia — This requires some reading up on my part. I'll try to have something to say about this next week...

Justiceburg Boys Elect 4-H Officers

Robert H. Gibson, Garza County agricultural agent, met with the Justiceburg 4-H Club boys Friday afternoon. The following officers were elected:

President, Ernest Gollehon; vice president, Weldon Reed; secretary-treasurer, Troy Witherston; reporter, Lee Wayne Sullinger.

After the business discussion the agent and members hiked to the river and made a study of the various types of grasses, in keeping with a general study of West Texas grasses.

BRAND NEW "FEEL"

FEEL Ford's brand new "Equa-Poise" Power in both the new 100 h.p. V-8 and the new 95 h.p. Six!

FEEL Ford's brand new brakes — they're "King-Size" with "Magic Action" — to work up to 35% easier!

FEEL Ford's brand new "Finger-Tip" Steering!

FEEL the comfort of Ford's brand new "Mid Ship" ride cushioned by the new "Hydra-Coil" Springs in front, the new "Para-Flex" Springs in back!

Yes, and you'll love the **FEEL** of safety in the brand new heavy gauge "Lifeguard" Body which travels six big people on "Sofa-Wide" Seats.

'49 FORD

TAKE THE WHEEL — TRY THE NEW FORD "FEEL" TODAY!

There's a **Ford** in your future
