## City hires part-time weekend dog catcher

City manager Bob Turner announced Monday that the City of Post has hired a part-time dog catcher to work weekends rounding up stray dogs.

"We're not sure how long this program will last," Turner explained, "but we're going to make a concentrated effort to pick up stray dogs until this problem is alleviated."

There has been a recent increase in problems and complaints from citizens about loose dogs, and demands for stricter enforcement of the leash ordinance.

GARZA COUNTY ROPING WINNERS Saturday night at the Post Stampede Rodeo were (left to right) Eddie Clark, Fred Lucero, Richard Hart and Todd Hammonds.

## Young, inexperienced but competitive group of football players began practice here

by Wes Burnett

Two offensive starters and three defensive starters joined 45 other sophomores, juniors and seniors for "two-a-day" football practice Monday morning as the Post Antelopes set their sights on championship trophies in 1990 Class AA competition.

"We were very pleased with the first day," head coach Dewayne Osborne commented.

"We did the 50 second test, measuring speed, endurance and checking for conditioning, and these guys really showed a competitive spirit," Osborne added.

The two-a-day practice sessions differ this year, with both workouts taking place in the morning. The players begin at 8 a.m., work until about 10 a.m., then return to the field at 10:45 and continue practice until 1 p.m.

"We're trying this new schedule," the coach said, "we hope it will work better, it gives our youngsters a chance to continue their summer jobs and the coaches time in the afternoon to prepare and spend more time with their families."

Osborne says he expects the returners to lead the younger players and after the first scrimmage the coaches should have a better idea about positions. They will put on pads for the first time Friday.

An intra-squad scrimmage is scheduled to begin at 10 a.m. Saturday.

The first controlled scrimmage will be held here, Friday, August 24 with Floydada. Tentative plans call for a 6 p.m. junior varsity beginning, with varsity set to start at 7:30 p.m.

Midland Greenwood will be in Post August 31 for a controlled scrimmage and the season opens September 7 with a trip to Abernathy.

Starters returning on offense are center Michael Brogden and fullback Floyd Slay, and on defense are linebacker Bobby Curtis, safety Darren Brown, corner Jay Whitehead and linebacker Chris Redman.

The Antelopes are picked second in the state of Texas in Class AA by "Top of Texas" football magazine.

## City has no control over watering of landscaping

by Wes Burnett

You might think by looking at it, that the watering of the Main Street landscaping grass and trees is wasteful, and you might be correct...but this one can't be laid at City Hall's doorstep.

The Texas Highway Department, which is responsible for the landscaping project, has not been able to complete the final inspection with the contractor, Wall's Green Nursery of Dallas.

Until the contractor meets THD's standards on the project, the City of Post is unable to interfere with the watering, "or we could jeopardize the warranty and then we would be liable," Turner added.

So, with a "soaker" installed by the contractor, water will continue to seep, and what looks like extra amount of watering will continue.

Continued efforts by the Texas Highway Department to get the contractor here to correct a series of problems has failed, and Turner reports that legal action may be necessary.

When the TDH gives final approval to the project, then the City of Post will begin maintenance.

## Appraisal of land values for road to Lake Alan Henry gets commissioners' attention

by Wesley W. Burnett

The appraisal of land values for right-of-way on the Texas Highway Department extension of FM 2458 in Justiceburg was discussed with appraiser Bill Noble of Lubbock during the regular meeting of the Garza County Commissioners' Court Monday morning.

Approximately four acres of land is involved on the north and south sides of the road. The project is part of the development of Lake Alan Henry.

Noble explained to commissioners that his appraisal is based on market values, "which may not be determined by land purchased through litigation or under threat of imminent domain."

Commissioners, after studying the appraisal, are expected to employ an outside appraiser, reviewer, who will determine if Noble's appraisal is accurate and fair, then a negotiator will be hired to work with land owners.

Garza County chief appraiser Billie Windham presented the effective tax rate report to the court, indicating a tax rate of \$.1664 to maintain current levels of revenue. The 1989 rate was \$.175. No decision was made concerning the tax rate. Windham told commissioners that the increased evaluation was the result mainly of mineral evaluations. The total adjusted tax base is \$454,481,255.

Judge E.A. Howard presented a proposed resolution to the court, recommending that the state legislature take action to increase revenues for highway department maintenance and construction. The resolution was passed unanimously.

Commissioners approved Howard's proposal for the purchase of a FAX machine for county use. The machine will be located in the clerk's office. A fee will be established for non-county use. The total cost of installing the equipment was estimated at just over \$1,000.

The meeting recessed and continued in the tax office for a review of the proposed budget.

Attending the meeting were Judge Howard, commissioners Sammy Ellis, John Valdez and Herb Walls and clerk Sonny Gossett. Commissioner Ted Aten is recovering from hip surgery.

**The Most Common Pain Complaint**

The most common pain complaint is *headache*. According to recent reports, 45 million Americans suffer with chronic headaches. Approximately 10 million Americans report having headaches every day. Headache pain often can be relieved with *aspirin, acetaminophen, or ibuprofen*—all nonprescription medicines.

*Migraine headaches* are among the most difficult to treat of the common headache types. Migraines occur when blood vessels in the head become enlarged, pressing on nerves and causing pain. The pain generally occurs only on one side and lasts from several hours to several days. Prescription medicines are used in the prevention and treatment of migraines.

*Muscle tension headaches* are caused by contractions in facial, neck, or scalp muscles. These headaches often occur following a specific event that causes muscles to tense. Physical problems in the eyes, teeth, jaws, or poor posture also can cause tension headaches.

*Inflammatory headaches* occur when pressure within the head causes pain. One of the major causes of inflammatory headaches is clogged sinus passages. Nasal decongestant medicines may relieve the cause of the pain. Other less common causes of inflammatory headaches include fever and infection.

### Mitchell and Lewey family reunion held August 3-5 in Post

Members of the Mitchell and Lewey families met in Post during the weekend of 3-5 August for their annual family reunion.

The activities kicked off with a Friday night fish fry at the home of Mozella Mitchell. Although thunderstorms drenched the surrounding area, they had minimal effect on the spirits of those gathered around the food selections in Mozella's kitchen. The highlight of the reunion was the barbecue that was held in the Post City Park on Saturday. James Brown, the family chef, served up an array of tasty meats, salads, beans and sweets. Again, the weather was a factor but as the saying goes, if you don't like the Texas weather, just wait a few minutes and it will change, and change it did. The rains stopped, the sun came out, the skies cleared, and everyone had a wonderful time.

The family member that traveled the longest distance to attend the function was Staci Brown of Richmond, Ca. The senior at the gathering was Mozella Mitchell, the matron of the Mitchell family, while Jeremy Settles, seven months, of Kansas City, Mo., was the youngest member of the clan.

When the families gathered on Sunday morning for breakfast and farewells they were already beginning to talk about next year's reunion. Plans for next years reunion are being coordinated through the efforts of Jessie Beck and Doris Stamps.

The families appreciate the efforts of the people of Post who were vital to the success of the reunion particularly Ocie Bell, Jr., Lester Josey, Rubin "Shiner" Harper, W.C. "Coon" Sapp and Donald Windham.

### Volunteers needed for test to help Alzheimer

Volunteers are needed at Baylor College of Medicine in Houston for drug tests which may help with the devastating memory problems that accompany Alzheimer's disease.

"There is as yet no cure for Alzheimer's disease," said Dr. Rachelle Doody, an assistant professor of neurology at Baylor, "but we are hopeful that these drug trials now underway here and elsewhere around

the country will provide us with new tools to alleviate some of the misery Alzheimer's patients and their families must endure."

The drugs are physostigmine and SQ29852, which is similar to the blood-pressure medicine Captopril. If these drugs help in stemming memory loss associated with Alzheimer's, it could be good news for victims of the disease, Doody said.

Volunteers must be 50 or older, in the early stages of Alzheimer's disease and free of any other major health problems. In addition, there are restrictions concerning other drug patients may already be taking.

People wishing to volunteer may call (713) 798-6660 for additional information.

#### 1990 Property Tax Rates in Southland I.S.D.

This notice concerns 1990 property tax rates for Southland I.S.D. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

<b>Last year's tax rate:</b>	
Last year's operating taxes	\$ 390,170.
+ Last year's debt taxes	\$ 47,880.
= Last year's total taxes	\$ 438,056.
÷ Last year's tax base	\$ 37,763,517.
= Last year's total tax rate	\$ 1.16 /\$100
<b>This year's effective tax rate:</b>	
Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 438,056.80
÷ This year's adjusted tax base (after subtracting value of new property)	\$ 37,394,923.
= This year's effective tax rate	\$ 1.1714 /\$100

(In the first year a city or county collects the additional sales tax it must insert the following lines unless it made its first adjustment last year.)

— Sales tax adjustment rate	\$ -0-	/\$100
= Effective tax rate	\$ -0-	/\$100

× 1.03 = maximum rate unless unit publishes notices and holds hearing	\$ 1.206	/\$100
---	----------	--------

<b>This year's rollback tax rate:</b>	
Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$ 388,964.
÷ This year's adjusted tax base	\$ 37,394,923.
= This year's effective operating rate	\$ 1.0402 /\$100
× 1.08 = this year's maximum operating rate	\$ 1.1234 /\$100
+ This year's debt rate	\$ .1529 /\$100

= This year's rollback rate before adjustment	\$ 1.2763 /\$100
+ Rate to recoup lost state funds	\$ .00130 /\$100
= A. Adjusted rollback rate	\$ 1.2776 /\$100
= B. Rate that would result in maximum state funds	\$ .7195 /\$100
Rollback Rate (greater of A or B)	\$ 1.2776 /\$100

= This year's rollback rate	\$ 1.2776 /\$100

# Living on the Edge of the Cap

by Lee Howard, County Agent  
Ant Invasion

The recent invasion of ants has caused considerable concern for many homeowners across the county. Large numbers of winged males and queens can often emerge from established ant colonies from early spring to summer. Emergence of these kinds of ants is triggered by environmental conditions and may occur over several days or weeks. Recent rains probably provided the trigger in our case. These swarms of winged ants engage in mating flights which allow for interbreeding of individuals from different colonies and the establishment of more colonies. Once mating takes place the males die and the fertilized queens locate new colony sites. Once a site is located, the queen breaks off her wings, digs a new nest and lays the eggs which will be the nucleus for the new colony of wingless female workers.

The most concern for the increased ant activity is focused on the invasion of homes, mistaken identification as termites and the nuisance of all the new mounds in the flower gardens or lawns. To prevent ants from entering the house, apply an insecticide as a perimeter treatment around the base of the house, across door thresholds and any opening that could admit an ant. Mounds can be treated with a drench of an insecticide in about a gallon of water. Read the label for the proper amount to use per gallon. Insecticide products containing Orthene (or acephate), diaznon, and dursban (chlorpyrifos) are effective for ant treatments.

Above all don't panic. While fire ants are present in very low numbers in the Lubbock and surrounding area most ants observed were the harvester ant (large red or red black ant) and several species of smaller ants.

Psychological abuse by a teacher can be just as damaging as physical abuse to a young child, says a new book.

STATE REPRESENTATIVE DAVID COUNTS (second from left) and his wife Mary (right) were honored by an appreciation reception in Post last Thursday afternoon following the Post Stampede Rodeo Parade. Among those visiting with David and Mary were Post Chamber of Commerce secretary Ann Stelzer (left) and city council member Larry Waldrip (right).

We would like to thank everyone who helped our loss to be a little more bearable. We especially want to thank the ones who helped in preparing foods for the family. It was really appreciated. # Post Potpourri

by Ruby Williams

Judging from the crowds at the annual Post Stampede Rodeo this past weekend, looks like it was a huge success. The annual competition always brings lots of Postites back to Post for the weekend of fun. Among the familiar faces were Jay Young of Dallas; Enola and Pat Mitchell and Machee of San Angelo; Ethel and Sidney Hart of Moran; Fred Williams of Midland (twin brother of Ted Williams) who spent the day working at the Cross H Ranch and stayed over for the rodeo, and Mike Sullivan. Mike showed up Thursday for a surprise visit after being gone over a year working on a salmon boat off the coast of Alaska, Billie Freeman of Aspermont visited during the weekend in the home of her daughter and son-in-law, Sheriff Freddy and Trisha Cockrell. Also here for the rodeo were Andrea Cox and a group of friends from Lubbock.

\*\*\*\*\*

And the rodeo provides a good time for grandchildren visits too! Adele Gannon had her six grandchildren, Lacy Gannon of San Angelo, Stormy and Quenton Gass of Post, Rendon Blacklock of Wolforth, and Coby and Kelly Gannon of Levelland.

\*\*\*\*\*

Orabeth and Noel White are the proud grandparents of another granddaughter, Schellie Marie, born August 2. Schellie's parents are Steve and Jackie White who live on the Muleshoe Ranch in Borden County, and she has an older sister, Cheyenne.

Trustees voted to approve a dress code that forbid the "wearing of blue jeans, slacks or pedal pushers by the high school girls" and was expanded to include "beltless levis worn by boys and the practice of wearing shirt-tails outside their trousers and coming to school with improper haircuts."

### HIGHLIGHTS

### Campaign Barbs

Richards continued to paint Williams as the "junk bond" king of Texas and predicted he would be "dictator" over state government. Democrat National Chairman Ron Brown of Massachusetts predicted Richards will overtake Williams because of his "19th Century views".

Last month, Brown painted Williams as racist, anti-feminist, and anti-semitic, a charge which flared Williams supporters.

This time, Williams said simply that Democrats in Texas and Washington, D.C. are abandoning that party's "sinking ship."

Williams called on Richards to resign her post as state treasurer, and distributed her 1982 campaign statements quoting her saying, "For me (Richards) it's a personal choice - you have to resign from your office to run for another one. You can't do any credit to either one of them if you don't."

### Other Highlights

■ Texas Attorney Gen. Jim Mattox said he would review the assassination files of President John F. Kennedy after the bizarre claim of a Midland man that his father, an ex-policeman, was part of a three-man hit team and fired two shots which killed the president.

■ Mattox also asked for an audit of the state's contract with National Heritage Insurance Co., which cut off Medicaid payments because state welfare agency funds ran out. He offered his fraud probe team to do the audit.

■ The brother of late Texas Racing Commission director David Joost, found shot to death with his wife and children last March, said he disagrees with the initial murder-suicide ruling and believes his brother was killed because he learned something about the racing industry.

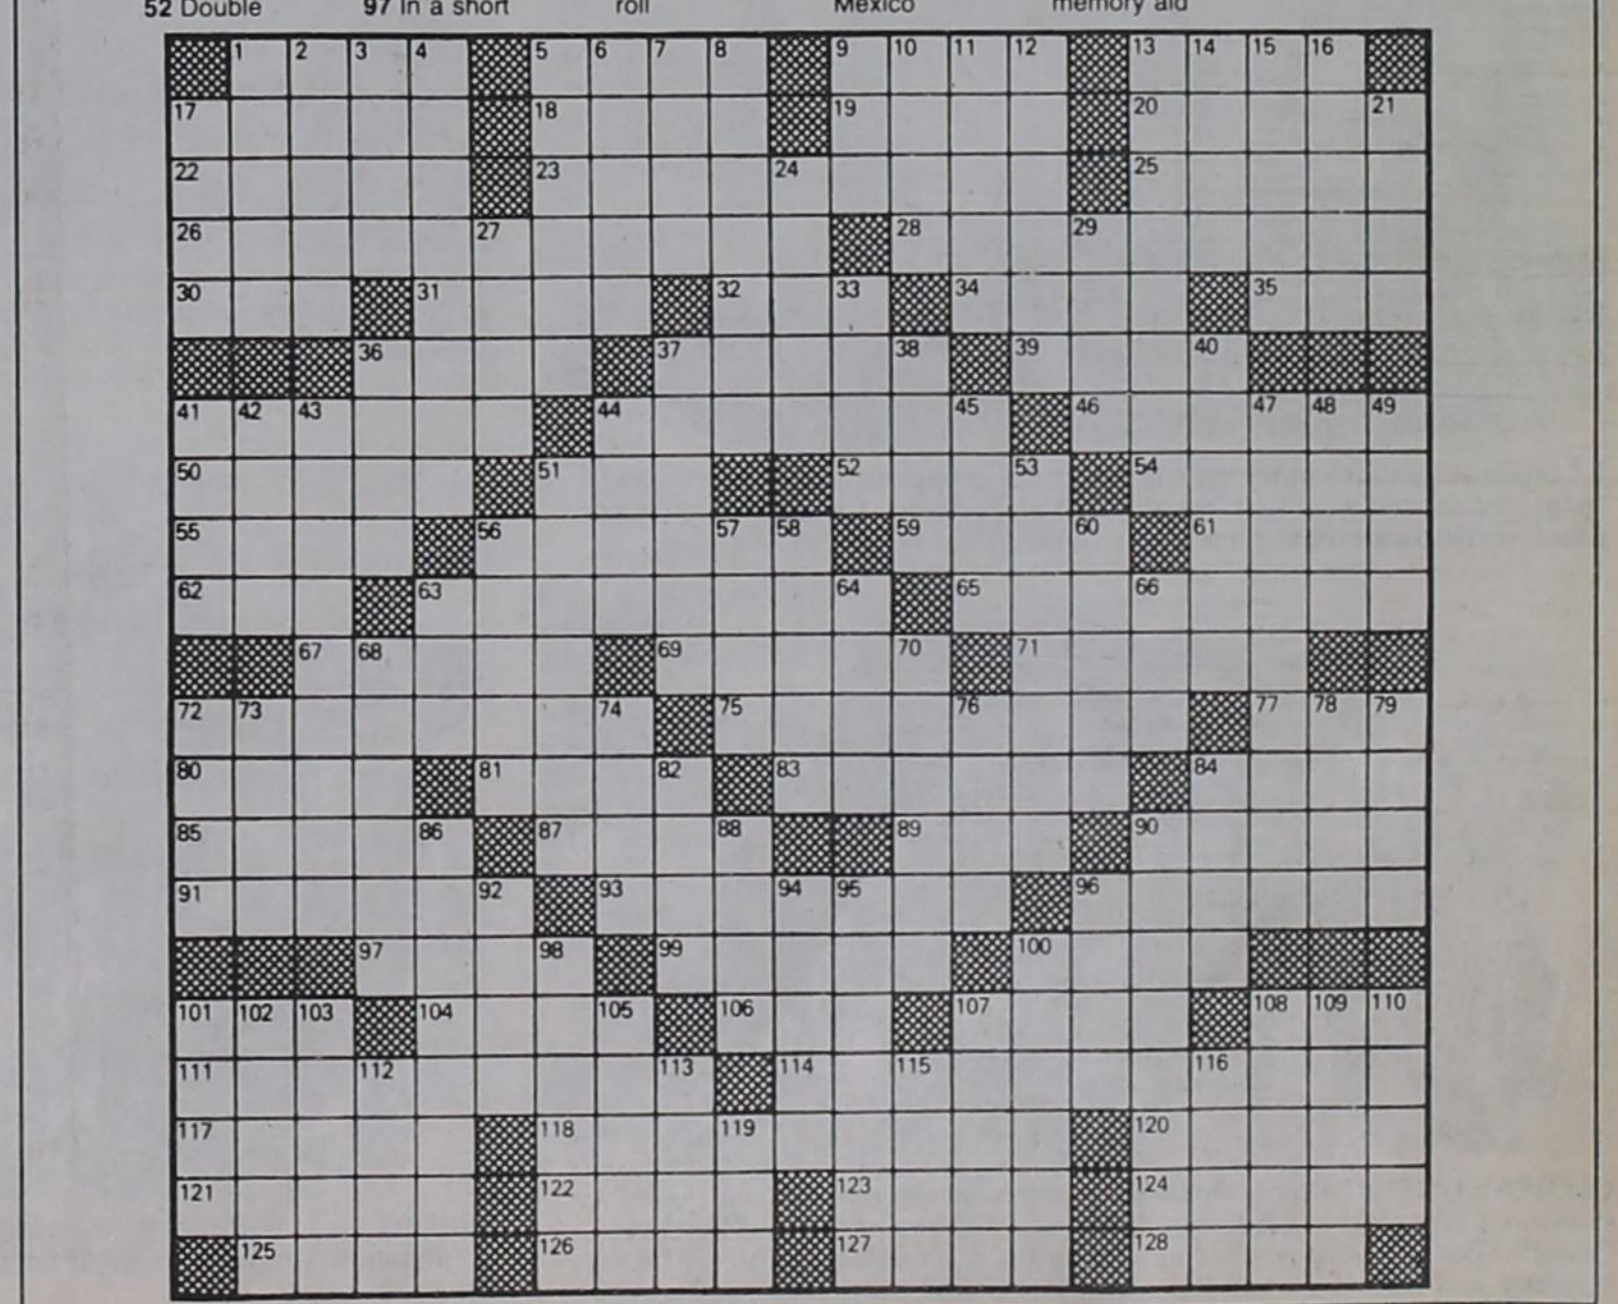

Last week, a Hays County justice of the peace tried to undo her initial ruling by calling for an inquest, but gave up because of a blocking AG opinion.

In an unusual statement, JP Orlena Hehl said, "Somebody somewhere doesn't want it (the truth) to come out. I don't know who it is."

■ U.S. Senate candidate Hugh Parmer dropped his request that the Public Utility Commission act against Southwestern Bell after the phone company agreed to use his 900 number to bill contributions for his campaign against GOP incumbent Phil Gramm.

Bullock sent back \$13,000 to two giant lobbyist law firms, Baker & Botts and Vinson & Elkins, both of Houston, because their committees also gave donations to the Mosbacher campaign. Bullock called it "the honorable way to do"; others called it a remarkable show of strength and unheard of power play. Mosbacher? He said if that's all, Bullock should be congratulated and return about \$210,701 by individuals who have contributed to both campaigns. He also announced former population Reagan will campaign this fall.
