# Garza County Sheriff, Texas Rangers investigate Tuesday morning sexual assault

No suspects have been identified in an aggravated sexual assault on a young Post woman, reported to the Sheriff's Department just before 7 a.m. Tuesday morning.

According to chief deputy Wes Cockrell, the Texas Rangers are assisting in the investigation. "We have not been able to talk to the victim to get a good

description yet," Cockrell said early Tuesday afternoon.

The victim was treated at University Medical Center in Lubbock.

"We would appreciate area residents to call us if they saw anything unusual early this morning in the neighborhood around the Tahoka Highway, Avenue R and West Main Street," Cockrell added.

# Citizens urged to clip Post Cereal box tops to cast vote for 'Pioneer Lady and Gent'

by Wes Burnett

What better way to select your favorite Founders' Day Pioneer Lady and Gent than to cut the top off your favorite Post Cereal, put the name of your Lady or Gent on the box top and drop it off at any of the participating Post merchants.

Remember, one box top, one vote. Write the name of your choice for Pioneer Lady on a box top, then the name of your Pioneer Gent on another box top.

The nominees for Pioneer Lady and Gent are Evelyn and Barney Jones, Ade Cook, Ruby Kirkpatrick, Sue and Quannah Maxey, Alma and Joe Williams and Faye and Preston Mathis.

Founders' Day activities open Sunday, October 7 with the Garza County Museum open house, and if you haven't been to the museum lately, you're in for a real treat. The museum board of directors have been working long and hard. This week I visited the museum and found a wealth of treasures on display, and heard more than one Lubbock visitor express surprise at the range of selections about the history of Post and its founder C.W. Post.

The museum open house will be from 1 to 4 p.m., then throughout the week it will be open from 10 a.m. to noon and 2 to 4 p.m.

The annual Double U Bull Sale gets things started Wednesday at the Double U Ranch at 11:30 a.m.

Thursday the Post Art Guild honors local artist Marie Neff and Ben Miller with a reception and preview showing from 7 to 10 p.m. at the Algertia Arts Center. Their works will be on exhibit to the public starting Friday from 9 a.m. to 6 p.m.

Also Friday the fourth annual celebration dance will be held at the Dalby Ranch. Tickets for the 7 p.m. dinner and dance to follow are \$20 per person. The "Black Tie and Boots" dinner and dance celebration will feature music by the popular Jody Nix.

The world's largest breakfast table, complete with favorite Post Cereal products and milk will be served free of charge on West Main Street, (east of the courthouse) beginning at 7:30 a.m.

Also Saturday morning, the Southwestern Championship Junior Rodeo Reunion breakfast, which begins at 8 a.m. at the rodeo grounds. Tickets for the breakfast are \$3 per person.

A hot air balloon extravaganza will take to the skies at approximately 8 a.m., with balloons lifting off from West Main Street (west of the courthouse).

The Post Century Plus Bike Ride will get underway at 8 a.m., departing from West Main Street.

Other Saturday events include the Art Guild's Neff and Miller art exhibit, the Caprock Cultural Association sponsored Main Street art exhibits, cowboy poetry and songs by Alvin Davis at the Garza Theatre with free shows at 10 a.m. and 11 a.m.

# Commissioners whittle benefits to keep budget in line for 90-91

## executive session Monday

by Wes Burnett

The Garza County Commissioners' Court Monday morning completed final work on the 1990-91 budget, providing \$100 per employee toward health insurance premiums for family coverage.

The much debated issue concerning health insurance coverages received a lukewarm reception from Sheriff Freddy Cockrell and chief deputy Wes Cockrell, along with Justice of the Peace Dee C. Justice.

Justice pointed out that his income will drop more than \$2,000 per year as a result of the loss of family health insurance coverage. Sheriff Cockrell reminded commissioners that even with the \$100 monthly supplement, "this is going to cost us \$191 extra per month, and we just can't afford it."

Commissioners were unmoved by the criticism and had already voted to approve the budget.

The county will continue to pay full health insurance premiums for the employee portion, and will pay the entire family portion for October. The new policy will take affect November 1, when employees will have the option of applying the \$100 to the county's health insurance provider, and the additional taken from the employee's pay, or take the \$100 in the form of a supplement, which would be subject to social security and federal withholding taxes.

"After taxes that will probably be about \$65," the Sheriff added.

Until this year the county had paid the full health insurance premiums for employees and their families as well those of elected officials.

The approved budget set expenses at \$1,324,927.10, with an estimated 1989-90 carry-over of \$263,919.92.

In other action commissioners took into consideration a proposal by attorney S. Rafe Foreman to continue his work, which he began while associated with a Lubbock law firm, on collecting delinquent taxes and filing suits on behalf of the taxing authorities. Foreman has opened a law practice in Post, with offices at 300 W. Main Street.

The county approved a request by Midland oil and gas operator Bill Burns to lay a water disposal pipeline across a little used road near Justiceburg. After explaining to the court that gravel will be used to fill the area over the dirt road, commissioners agreed to the plan.

Commissioners set the rate for using the FAX machine at \$4 per call, in or out. The service and collecting fees will be controlled by the clerk's office.

No bids were received on the remodeling of an office upstairs in the courthouse, which had been previously used by the County Agent. The remodeling work will be advertised again, with bids to be opened at the October 8 meeting.

A fee of \$60 for non commercial and \$110 for commercial was set for inspection of newly installed sewer systems and septic tanks. Lonnie Gene

## District Needs Assessment outlines priorities for improvements

by Wes Burnett

Post ISD superintendent Bill Shiver, at the September 11 Board of Trustee meeting, outlined four major priorities from a recently completed District Needs Assessment, based on input from faculty and staff, which put curriculum and programs as the highest rated item.

There were 84 responses to the survey and a careful analysis of the suggestions were categorized and calculated to set the priorities.

Parental partnership was rated second highest, followed by finance and student learning.

"What we found was a strong desire to incorporate critical thinking and problem solving skills throughout the curriculum," Shiver told Board of Trustee members.

"We are addressing this priority this month with the employment of Dr. Lee Hannel, who begins his training program September 27 and 28th," Shiver added.

Concerning parental partnership, Shiver told trustees "the district should encourage parental participation in all facets of the school program."

On finance the superintendent emphasized the survey shows a desire to provide funds to upgrade the existing plant to ensure that adequate facilities are provided.

"The district should emphasize students' acquisition of reading, writing and other communication skills," Shiver said about the fourth priority item, student learning. He referred to charts on the TASP tests for the board to consider.

Goals of the needs assessment project, as explained by Shiver, include:

1. Secure staff input about how to improve our school system. (This was done the last two weeks of May by personal interview with 366 responses recorded).

2. Take the 366 responses and place them in categories. (This was done by using the 90-91 State Board of Education goals for education in Texas. This effort resulted in 42 items to get the staff to prioritize).

3. Survey both parents and students. Attempt to pinpoint critical priorities.

In other action, the board set September 26 as the date to vote on the tax rate at .8293 per \$100 evaluation. The public hearing will be held at 7 a.m. at the high school.

Career ladder appraisal periods were scheduled as required by state law. Trustees discussed establishing a policy for use of school facilities and approved class schedules.

Trustee Barbara Hardin asked Shiver about the possibility of hiring a girls' coach who "would devote full time to girls' athletics. Shiver explained that he agreed with athletic director Dewayne Osborne's decision to change the

(Continued on Page 2)

Peel, county appointed inspector, will be responsible for collecting the fees and providing the permits and inspections.

The janitorial contract with Greg Williams was renewed at the same rate of \$600 per month.

Commissioner Sam E. Ellis and Justice of the Peace Dee C. Justice were reappointed to serve on the 911 Advisory Committee. The 911 service is expected to be operating in Garza County in January 1992.

Commissioners accepted the low bid of \$12,050 from Vyas Motors of Post in the opening of bids for a new pickup truck, to be used by the county agent. Others bidding included Big Country Motors of Snyder at \$14,927, Pollard Ford of Lubbock at \$13,412.75 and Robert Hall Chevrolet of Jayton at \$12,450.

The right of way appraisal values, submitted by appraiser Bill Noble, were approved by the commissioners for the roadway on FM 2458 near Justiceburg. The roadway is being constructed by the Texas Highway Department for access to Lake Alan Henry. The total value of the 14.912 acres of right of way is \$10,707.

Previously announced salary increases for elected officials were set, and salaries for both constables were set at \$796.32, which is the same rate as last year.

## Women's Protective Services relies on United Way to help families in distress

by Wes Burnett

One of the organizations which relies heavily on United Way contributions to provide assistance to Garza County citizens is the Women's Protective Services. This is the first year for this organization to be included in Garza County United Way campaign.

Women's Protective Services, which has served 25 Garza County people during the past year, is a private, non-profit agency serving victims of domestic violence and their children.

The organization provides 24 hours, confidential and free services to Garza County. Group counseling is held weekly and individual counseling is available as needed and is designed to meet the needs of the clients in this area. Three outreach staff members also provide legal advocacy to Garza County residents.

The outreach staff includes a regional outreach coordinator, regional outreach caseworker and regional outreach counselor. These staff members are available 24 hours a day to provide counseling, transportation, crisis intervention, legal advocacy and social referral.

Women's Protective Services provides medical assistance, including prescription medicine, food, clothing, employment referrals, shelter and household goods as available.

Volunteers provide a large part of the services and are now on call to provide 24 hour crisis intervention and transportation, and the shelter staff also rotate 24 hour call as a backup and, of course, the executive director is always on call.

Women's Protective Services programs are available to all without regard to sex, race, age, religion, national origin or handicap.

## Changing our way of life...

### Taking out the trash...what's in it for you?

The following is the continuation of a series of articles provided by the Women's Division of the Post Chamber of Commerce as part of an awareness program on protecting our environment. The articles are designed to inform Garza County residents of the importance, necessity and benefits of recycling.

Every Sunday, more than 500,000 trees are used to produce the 88 percent of newspapers that are never recycled.

We throw away enough glass bottles and jars to fill the 1,350 foot twin towers of New York's World Trade Center every two weeks.

American consumers and industry throw away enough aluminum to rebuild our entire commercial air fleet every three months.

We throw away enough iron and steel to continuously supply all the nation's automakers.

Houston alone uses about 300,000 tons of paper each year. It takes about five million trees to make that much paper.

Texans dispose of more than 225 million tons of garbage annually. That's equivalent to a line of full garbage cans stretching from Austin to Paris, France and back again.

One of the problems of living in a land of plenty is that there is always plenty left over. In fact, America generates more trash than any other nation in the world. The problem is finding the available land to bury this trash.

Until now, most of our waste, about 80 percent, has been buried in landfills across the country, but our landfills are filling up.

Landfills are specifically designed to be air-tight and water-tight. Without air or water, materials break down very slowly, if at all. In fact, 25 year old newspapers have been unearthed in readable condition, and researchers believe baby diapers will take hundreds of years to decompose.

The end of a disposable society appears to be near. Burying our problems in a garbage heap renders our land unusable and threatens our underground water supply. Seeking other alternatives will be lower in cost in the long run and less of a hazard to our environment.

(Information provided by the Texas Agricultural Extension Service, The Texas A&M University System)

Evelyn and Barney Jones are nominees for the Founders' Day Pioneer Lady and Gent. They were unable to be at the group photo session last week.

### Founders' Day Art Show features Shirley White and Jack Bullard

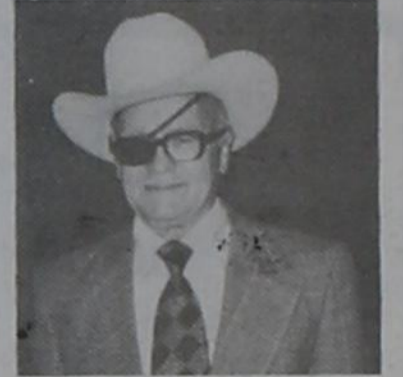

Shirley White of Lubbock and Jack Bullard of Odessa are two of the artists who will display their works during the Caprock Cultural Association's art exhibit during this year's Founders' Day celebration.

White offers an exciting approach to pastel painting, a result of a lifetime of dedication to technical perfection of the media and drawing. She has worked for years as a "sidewalk portrait artist" at malls and fairs and she will offer her talent in Post for the "Rendezvous of the Arts" during Founders' Day.

Bullard's paintings depict more than just a scene, they tell a story, an event, a happening which the viewer is free to interpret in his or her own way. Every detail of dress, locale, flora and fauna has been carefully researched. His favorite media include gouache or casein with oil glazes in his varied 35 year career.

Bullard is proud of his one-eighth Cherokee heritage, his paintings have found favor with collectors and history buffs for the stark realism and attention to detail that breathes life into his work.

In addition to advertising agency work, Bullard's creativity has gone into such diverse projects as designing for Texas State Fair musicals and planning and execution of thematic amusement parks in New Jersey, Daytona Beach, Old Town Chicago and others. Owners and collectors of Bullard's work include Jimmy Dean, Dr. Otis Brown, Willie Nelson, Arvinyl Division of Arvin Industries and other industrial companies and businesses. He offers a number of limited edition prints now in galleries in Texas, Indiana, Colorado, Arizona and California.

### Aspirin: Many Forms and Many Uses

Aspirin has been called the "miracle drug." Each year, tons of aspirin are consumed for the treatment and/or prevention of a variety of health conditions. It is reported that about 19 billion dosage units of aspirin are taken each year.

The best known use for aspirin is as a pain reliever. Aspirin acts at the pain site to prevent the local nerve endings from becoming sensitized to pain. As a fever reducer, aspirin adjusts the body's thermostat which is located in the brain. As an inflammatory agent, aspirin is useful in the relief of the inflammation associated with rheumatoid arthritis and osteoarthritis. Aspirin has been found to have a favorable effect on blood platelets. Studies have shown the anti-platelet aggregation action to be useful in preventing blockage of heart vessels following bypass surgery and in preventing certain types of strokes.

Aspirin is available in a number of dosage forms. Plain uncoated tablets have been sold for many years. Coated tablets are easier to swallow. Buffered tablets contain a special agent which helps tablets dissolve more quickly than regular tablets, producing less stomach irritation. Enteric coated tablets dissolve in the small intestine, decreasing stomach irritation. Chewable and time-release aspirin tablets also are available.

"The Star Spangled Banner," when it was first published, bore the title "The Defense of Fort McHenry."

## Living on the edge of the caprock

by Lee Howard, County Agent  
Saving Your Own Seed  
Many of you have enjoyed a wonderful garden all summer. Rewarding yourself by filling your freezer with zip lock bags and your pantries with can goods to numerous to name. For several years you have searched for that special type plant and now you have finally found it and here is a few suggestions on how to save some of those precious seed.

There are certain considerations that should be kept in mind when saving seed, however. Hybrid seeds are not likely to be the same as the parent plants; therefore, only open-pollinated varieties should be used for home seed production. Be careful not to save seed where cross-pollination has occurred. Next years results may really be weird.

Some common self-pollinated annual plants from which seed may be saved include lettuce, okra, beans and peas, herbs and tomatoes.

Saving beans, peas and okra:

Allow seed pods to turn brown on the plant. Harvest pods, dry for 1 to 2 weeks, shell and then store in a cool dry environment in a paper bag.

Saving lettuce seed: Cut off seed stalks when fluffy in appearance, just before all the seeds are completely dried. Seeds will fall off the stalk and be lost if allowed to mature in the plant. Dry the harvested seed stalk further, shake seeds off, and then store in a cool, dry environment in an envelope or small glass jar.

Saving herb seeds: Herbs vary in the way their seeds are produced. In general, allow herb seeds to dry on the plants until they are almost completely dry. Some seed heads, such as dill, will shatter and drop their seeds as soon as they dry. Watch the early-ripening seeds; if they tend to fall off, harvest the other seed heads before they get to that point, leaving several inches of stem attached. Hang several stems upside down, covered with a paper bag to catch falling seed, in a warm, dry place until the drying

is complete. Remove seeds from the seed heads and store in envelopes or small glass jars. Some herb seeds, dill, celery, anise, cumin and others are used for flavoring and are ready to use once dry.

Saving tomato seeds: Pick fruit from desirable plants when ripe. Cut fruit and squeeze out pulp into a container. Add a little water, then let ferment 2 to 4 days at room temperature, stirring occasionally. When seeds settle out, pour off pulp and spread seeds thinly to dry thoroughly. Store in an envelope or glass jar in a cool dry place.

For all kinds of saved seeds, be sure to mark the storage containers clearly with permanent ink, indicating the variety and date saved. Seed will remain viable for some time if properly stored. To test for germination, sprout seeds between moist paper towels; if germination is low, either discard the seed or plant enough extra to give the desirable number of plants. Once you become a seasoned seed harvester trade and give your special seed to your friends and neighbors. If you have any questions about saving seed or any questions about your gardens call me at 495-2050.

## Work of Italian Marconi to be featured at WTC

"Marconi," an exhibit presenting the life and work of Italian inventor Guglielmo Marconi, will be featured in the Scurry County Museum at Western Texas College from September 23rd through October 21st.

Marconi amazed contemporaries by transmitting the first transatlantic wireless signal in 1901. As news of the achievement spread around the world, he was acclaimed by outstanding scientists including Thomas A. Edison. The radio age had begun.

The Marconi exhibit includes 38 text panels and illustrations and was organized by the Marconi International Fellowship with support from RCA and Rockwell International. It is circulated by the Smithsonian Institution Traveling Exhibition Service.

The museum will be starting its annual membership drive on September 22 when members will preview the exhibit and have refreshments from 7 - 9 p.m. Anyone interested in joining the Museum Association is invited to pay dues that evening.

The Marconi exhibit will remain in the museum through October 23 and can be seen during regular gallery hours, 10 a.m. to 4 p.m. Monday through Friday and 1 - 4 p.m. on Sunday. Admission is free. Information can be obtained by calling the museum office at 915-573-6107.

# 'Lopes surprise Owls with patented trick play ...edging Reagan County 7-0

**'We fought the mud...and the mud won'**

by Wes Burnett  
The Post Antelopes, the Reagan County Owls and the mud met each other at Big Spring last Saturday night, and when the players' uniforms were the same undistinguished color, Jay Whitehead slipped past the Owls on a 73 yard scamper for the only touchdown in the sloppy contest. Just before the surprise play, Antelope head coach Dewayne Osborne called for a board to write up a play, "I've got to come up with something, nothing we've got is working," he exclaimed. In less than the time it took for the board to be found, the offense took the field following an Owl punt and with 2:20 left in the game, Osborne didn't need the drawing board. What has been called the "Bold

Gold Arooskie," a play seldom used but frequently successful, was executed to perfection by the Antelopes. On first down from their own 27 yard line, Whitehead doubled over, stood motionless for a few seconds, then when the defense went to their left pursuing quarterback Matt McCook, Whitehead burst out of his blocking stance and raced down the left side of the field to the end zone. Jackie Hill, one of the speedier Owl defenders, roared along behind Whitehead, but was unable to make up the difference. After the celebration subsided, Junior Ray Gonzales kicked the slippery pigskin through the uprights and the Antelopes held a 7-0 lead. **Can't beat the mud**  
Big Spring athletic director and

former Post head coach David Thompson said that Big Spring had received a four inch rain Friday and that it had rained most of the day Saturday, turning the field into a soggy mess. Players, coaches and sideline personnel were up to their shoe tops in mud, and several times I felt my feet pulling out of my old Air Force brogans as I waddled through the goop. Both teams were mired so badly by the mud that only three first downs were recorded in the first half, all by the Owls on their first possession. When the 'Lopes finally got a first down on their first possession of the second half, the fans roared as if they had scored. The Owls, using the tough running of 200 pound senior running back Ken Neill, pounded the Antelope defense early in the game, getting to the Post 14 yard line before Floyd Slay snuffed out the threat.

On fourth down quarterback Jason Kohutek rolled to his left, linebacker Brandon Bird and defensive end Joe Garcia grabbed him and Kohutek tossed a pass underhanded toward the end zone, which went directly into the waiting hands of Slay at the 10 yard line. He took the interception down the right sideline to the 39. Four plays later Gonzales punted the first of nine times. Under heavy pressure and working with a soggy, slippery football, Gonzales' efforts kept the Antelopes out of trouble throughout the contest. Defensively, the 'Lopes corrected for the Owl running attack, and stopped every drive following the first Reagan County possession. Within a few minutes, the white Antelope jerseys were all the same mud color and picking up numbers was near impossible. Neither offense could muster a

serious threat. At halftime it appeared that Owl turnovers were key factors to consider toward the end of the game. The Post defense, in addition to Slay's first interception, took advantage of an Owl fumble following a punt, recovered by Tommy Ammons, and a Neill fumble caused by Slay and recovered by Slay, all three in the first half. **Same verse, second half**  
Post got the second half kick off and used the running power of Bird and Whitehead to get a first down as Bird slammed over right guard to the Owl 49 yard line. Four more running plays got seven yards and the Owls took over at their own 42. A penalty set the ball to the 47 and Neill got a first down to the Post 41, then on third down Darrin Brown trapped Neill for no gain at the 35 and

on fourth down Hill punted the ball to the end zone. Sophomore quarterback Damon Curtis came in to take over signal calling, and on second down he pulled the keeper around left end for a first down at the 34. Three running plays got the ball to the 43 and Gonzales punted to the Owl 36. Allen Strambler put a scare into the Post fans, when on first down he cut to his left, slid off several would-be tacklers and raced to the end zone...but Reagan County cheering turned to boos as the official ruled Strambler went out of bounds at the Post 32 yard line. Neill got the call twice, pounding to the 11 yard line and on first down the big running back rammed over right guard, the ball fell to the ground and Whitehead fell on it at the Post four yard line.

Two running plays later the fourth quarter started and Post faced a third down at their own 5. Gonzales dropped to the back of the end zone, avoided two defenders and punted the ball to the Post 30.

Kohutek, who had trouble all night hanging onto the ball, fumbled and picked it up at the Owl 35, then Strambler was sacked behind the line by Slay, Gonzales and Brown at the 36 and on third down Neill got nowhere over right guard and after the play ended the Owls were penalized for unnecessary roughness and set up a punt at the 50.

The Antelopes got two first downs on the ensuing drive, as McCook guided the team from their own 20 yard line.

A pass to Danny Leach went incomplete, but the Owls were called for pass interference, setting up a first down at the 30. McCook faked the inside handoff and ran the keeper around his right end to the 46 for another first down.

Three more running plays got the ball to the 49 before Gonzales dropped back to punt one more time.

The Owls got one play, as Strambler punched over right tackle, lost the football and Damon Curtis pounced on it for the Antelopes at the Owl 35.

That drive got nowhere and after four attempts the Owls took over again at their own 37.

Neill couldn't penetrate the 'Lope defense, Kohutek recovered his own fumble and the Owls punted the ball dead at the Post 27 yard line with 2:34 left in the game.

This is where we came in.

Following the Antelope touchdown, Strambler took the kickoff and slipped through tacklers to the 39 yard line.

A first down pass attempt failed, but an interference call gave the Owls first down at the Post 46. Kohutek's pass to Robert Barrera went incomplete and on second down Kohutek rolled to this right and threw the ball to Damon Curtis, who claimed the pigskin for the Antelopes at their own 43 yard line.

Three plays later the 'Lopes fumbled the ball and the Owls, with 1:40 left in the game, got one more chance.

Three running plays got the Owls a first down at the Post 44. A completed pass set up second down at the 45 and then Whitehead stopped the drive as he intercepted a Kohutek pass at the 30 yard line.

With 33 seconds left in the game, McCook took two snaps to run out the clock and preserve a hard-earned 7-0 win over the Reagan County Owls.

The 'Lopes travel to Sundown Friday for the first District 4AA contest, game time is at 7:30 p.m.

**Post 8th grade football team ties Shallowater 22-22**

"We didn't make adjustments to their offense and tied a game we should have won," coach Darrell Radle comments about last Thursday's 22-22 outcome here with Shallowater.

"Our offensive line did some good things," the coach adds, "but were not consistent enough to keep a drive going."

He complimented quarterbacks Cody Hart and Heath Eagle and center Kenneth Schronk.

The young 'Lopes scored first in the third quarter with Brad Lawson returning a kickoff 75 yards and Russ Bird took the ball in for the two point conversion to tie the game 8-8.

The team scored again in the third quarter when Oscar Acevedo intercepted a pass and returned it 60 yards for the touchdown. The conversion attempt failed and the 'Lopes came from behind again to tie 14-14.

In the fourth quarter Lawson went 42 yards at the end of a four play drive and Lance Clay ran the ball in for the two-pointer, tying the game at 22-22.

The 8th grade team hosts Sundown tomorrow afternoon.

**Freshmen, sophomores take on Colorado City**

"Our team, composed of our freshmen and most of our sophomores, played hard, but were outscored 24-0 at Colorado City," coach Fred Postell reports about last Thursday's game.

"We had several good drives that stalled out deep in Colorado City territory," the coach adds.

He pointed out that Radley Nichols, Tim Bell, Henry Reed, Mark Espitia and Jaime Ayala played well during the contest.

Bell led the rushing with 62 yards on 13 carries, Reed collected 36 yards on four tries and Nichols got 15 yards on five efforts.

Jim Reilly Simpson completed two of nine passes for 16 yards, throwing to Danny Reyna once for eight yards and Shawn Pennell once for eight yards.

The Junior Varsity team travels to Sundown Thursday to begin district competition.

**Oops...**

Last week we incorrectly identified quarterback Matt McCook as Jay... please accept our sincere apologies for the error, the editor was living about three years in the past.

**Managers, kicking and defense get special recognition from Osborne**

"We need to brag on our managers...they worked hard to keep the football clean and wiped, and since we only fumbled once and those other guys fumbled 12 times, I think a lot of it had to do with the condition of our game ball," Post Antelope coach Dewayne Osborne says about last Saturday's game at Big Spring with Reagan County.

Team managers are Tray Payne, Robert Baldree, Thomas Albert, Cecil Martinez and Brad McDonald. They also were busy squirting water on the players to keep their faces clear of the mud.

"That was the worst field conditions I have ever experienced, including my playing days," Osborne added. Rain fell consistently Thursday, Friday and Saturday in Big Spring and two football games had been played on the field prior to Saturday evening's contest.

"We couldn't get outside, we couldn't block properly inside, and the passing game wasn't working either," the coach said.

"We had decided to run that trick play," he continued, "but I wanted to try a couple of running plays first, but the assistants were all insisting that we go ahead and try it on first down...I guess they were right, but boy, it was close."

"When Matt handed the ball to Whitehead, Jay said that Reagan County's defensive end came up to his back side, and put his hands on Jay's back, kind of looking around to see what Matt was doing...after a second or two, Jay figured the guy wasn't going to follow Matt, so Jay took off running...Chris Redman saw the defensive end turning and blocked him clean...and Jay was off to the end zone," Osborne explained.

"I thought our kicking game, especially the punting, was one of the key reasons we were able to stay in the game," the coach said. "Brogden's snaps, under such terrible conditions, were just right, and Junior Ray pulled out some good punts under a lot of pressure."

"The defense did what they had to do, and when we stopped them inside the five yard line after they had ripped off a couple long runs, I felt like we might end up in a tie," Osborne added.

"This is one game these guys will remember for a long time," he said. Looking ahead to Friday's contest at Sundown, Osborne reports that the Roughnecks sport linemen averaging 215 pounds, with John Cortez (74) tipping the scales at 268.

The Roughnecks operate for an I formation and on defense use a 5-2 alignment.

They have lost to O'Donnell, Springlake-Earth and last week to Whiteface 35-0.

"We're going over there to try to get better, and this is the beginning of our district competition," Osborne observed.

Sundown is located northwest of Brownfield. Take U.S. Hwy 380 to Brownfield, turn north on U.S. Hwy 385, turn left on FM 301 at Clauene.

# Post Potpourri

by Ruby M. Williams

Well it's our time to do a bit of grandparent bragging. Charles and I have a new grandson, Jarrett Chad, born September 7 to Charla and Guin Miller. Big brother Chase has had lots of fun showing Chad to all of the grandparents, aunts and uncles, and friends who have come by to visit. Chad's birth brings our grandchildren total to three, Chad, Chase, and Coby Craft. Coby celebrated his fifth birthday Saturday, September 22, and Chase will be six October 8.

Coby celebrated his birthday with an overnight camp-out with cousins, Chase Tatum and Mitchell Mills, and Jordan Nelson and Zane Marts. The boys spend the night in a tent, joined by Toby and Gramps, who probably had more fun than the boys and enjoyed the campfire breakfast early Saturday morning. Mitchell, one-day older, celebrated his fifth birthday on Saturday with a crowd of friends at the Park.

Other birthdays around town include Kim Mills and Margaret Barley, who celebrated on September 9, Renae Boren, Maurice Bush and Preston Mathis September 17, Sherry Pollard, September 20 and Marci Hill September 24.

There were a number of Postites attending the Methodist Gala recently in Lubbock. Among those enjoying the annual event were Jack and Molly Lott, Jeff and Gena Lott, Jay and Peggy Lott, Mark and Lisa Kirkpatrick, Mike and Wanda Mitchell, Rex and Terri Cash, and Drew Kirkpatrick.

We attended the Reagan County - Antelope game in Big Spring Saturday night. It was hard to tell if it was mud wrestling or football at times and had to be miserable for the boys playing. The fans had perfect weather however, since the rain had stopped and it was cool and nice. It was good to see so many former Antelope team members there to watch the game - Post was certainly well represented.

Terri and Rex Cash celebrated their wedding anniversary with a weekend trip to Ruidoso - a surprise for Terri. Rex had made all the arrangements and had the car ready when Terri came in from work Friday.

Think POST, buy POST cereals, and vote POST CEREAL BOX TOPS for your choice for the Pioneer Lady and Gent for Founder's Day 1990. This is a new event for the Founder's Day Celebration, and a way of recognizing some really neat people who have contributed a lot to Post as evidenced by their support in so many activities over the years. So cast your vote - you can vote more than once - one vote per box top for one candidate. So vote!

Giles and Nelda Dalby, along with Louise McCrary, Bobby and Jeannie Cowdrey, and Mary Brewer and Mollie Prather of Lubbock, enjoyed the wonderful weather in Santa Fe, N.M., while there recently for a meeting of the Connell Estate.

Linda and James Dye spent Saturday in Jayton for a full day of festivities centered around three different graduating classes from the Jayton High School. Linda attended her class reunion and said there were only three classmates who were unable to attend.

## Sales tax rebate check down 18% for Post

The city sales and use tax rebate check to the City of Post for the period ending July 31 was down 18.4 percent from the same period last year, according to information from the State Comptroller's Office.

Post received a check for \$9,094.52, compared to 1989's rebate of \$11,145.43. The total for 1990 stands at \$117,036.45, a 3.4 percent decrease from 1989's \$121,149.85.

State wide the total rebate increased by five percent and year-to-date is eight percent over last year.

## Lubbock Community Theatre to stage 'Anne of Green Gables'

The Lubbock Community Theatre will stage local playwright Sylvia Ashby's adaptation of L.M. Montgomery's "Anne of Green Gables" at 8 p.m. October 5-6 and 12-13 and at 2 p.m. on October 7, 13-14, and Special Saturday Morning, 10:30 a.m., performances October 6 and 12 at the former Family Video in Kingsgate Center, 8201 Quaker (on the center's west end).

The play centers on the trials and tribulations of Anne Shirley (played by Ali Selim), a teenage orphan at the turn of the century, and the elderly bachelor and his spinster sister played by Harlan Reddell and Linda Luckabee who adopt her by accident. After all, what good is a girl or helping with chores.

Throughout the story, Anne mixes the real world with one of her own making including a considerable amount of elaboration which results

in a delightfully entertaining combination that the entire family will enjoy.

Anne's best and only friend in the whole world, Diana Barry, (played by Jamie Boylan) but there are other classmates (played by Amber Orr, Alauna Roberts, Chad Miller, Sam Patton and Andy Hutton), who are not so accepting of Anne's strange behavior or her red hair. Completing the cast are Karen Copple, Tom Copple, Bill Lanier, Susan Andrews, Mickie Klafka, Mack Yates and Lucette Sheppard.

Clifford Ashby is the director. Tickets are \$7 or \$5 for groups of 20 or more. A children's price of \$3 will be available for "Anne." Tickets will go on sale September 27th and will be available at The Book Gallery, Kingsgate Center and J&B Coffee Co., 26th and Boston or at the door.

The Railroad Commission has continued the Texas oil production rate for October 1990 at 100 percent of market demand.

Chairman Kent Hance and Commissioners John Sharp and James E. (Jim) Nugent continued the top production allowable after reviewing oil companies' nominations to buy a total of 1,802,548 barrels of Texas oil per day. The October nomination total, an increase of 571 barrels daily when compared to September purchaser nominations, estimates Texas oil production in the coming month. October 1989 nominations totaled 1,879,952 barrels daily.

The Commission first went to the ceiling level for oil production in April 1972. It applies to all fields in the state except those that are assigned lower legal rates of production so that reservoir pressures will not be depleted before the maximum amount of oil has been recovered.

Chairman Hance also reported that October nominations for the purchase of Texas gas totaled 20,288,903 Mcf/d (thousand cubic feet per day). September nominations totaled 20,521,810 Mcf/d. October 1989 nominations amounted to 20,263,997 Mcf/d.

**RULES & INSTRUCTIONS:**

1. The contest will continue through November 23, 1990. Each week is a separate contest with \$175 in prizes offered each and every week.
2. There are 21 games to pick each week. One game will be found in each participating sponsor's ad appearing on this page. Circle the names of the teams you believe will win. On the game designated as the "tie-breaker", guess the actual score of the game.
3. Anyone at least 12 years old or older may enter the contest. Only one entry per person. More than one entry will disqualify all entries for that person. Only the official entry form printed by The Post Dispatch on this page will be eligible for consideration. No facsimile, photo copy or other reproduction of the entry form will be accepted.
4. Entry forms must be submitted to designated sponsors no later than 5 p.m. each Friday prior to the games listed for that week.
5. Entry forms must be correctly completed and signed by the person submitting the form with the correct address. Incorrect entries will be disqualified. In all instances, the decision of the judges will be final.
6. Entry forms must be signed by the person submitting the form, entries known to be signed by a person other than the one who completed the form will disqualify that entry.
7. In the case of a tie, contestants guessing nearest to the actual "tie-breaker" game score will be declared the winner. The tie-breaker will be determined by the point spread method, picking the winner correctly. In case of identical scores, prize money will be divided equally.
8. Employees of The Post Dispatch and their families are ineligible to participate in the contest. Owners and employees of participating sponsors may enter the contest.
