

FOR OUTSTANDING SERVICE—Mrs. M. J. Malouf Sr. and Tom W. Bouchier are displaying the gold plaques they received at the annual Chamber of Commerce banquet as the community's outstanding citizens of 1956. The awards were presented by Chant Lee (center).—(Staff Photo).

## C. Of C. Banquet Crowd Hears Talk By Shepperd, Sees Awards Presentation

A talk by former Attorney General John Ben Shepperd and presentation of Community Service awards to Mrs. M. J. Malouf Sr. and Tom W. Bouchier highlighted the annual banquet of the Post Chamber of Commerce held last Thursday night in the school cafeteria.

A crowd estimated at 150 persons attended the banquet, which was the Chamber of Commerce's first event of the city's 50th anniversary year.

Shepperd, whose term as attorney general expired Dec. 31 and who now is a partner in an Odessa law firm, spoke of the duties which are required of Americans along with the rights and privileges inherent in citizenship and freedom.

The responsibilities of freedom as well as accept the privileges... not every man who yells 'God Bless America' is a patriot.

"Democracy grew from the bottom up, but our responsibilities to it grow at the local level," Shepperd said. He concluded with, "Freedom is old, not young; it is born in you with the first cry of a free man, but once lost is never found again."

Shepperd was introduced by C. E. Fulghum, Lubbock bank official and a former Secretary of State.

The Community Service awards—gold plaques—were presented Mrs. Malouf and Bouchier by Chant Lee after he had briefly outlined the many accomplishments which had earned them the awards.

Bouchier, who is president of the board of the White River Water Control and Improvement District, has been a resident of Post since 1915, in which year he was graduated from Post High School. He is manager of Higginbotham-Bartlett Lumber Co. here, and has long been active in Chamber of Commerce and Rotary Club work in addition to lodge and church activities.

"The main fault of Americans today," Shepperd said, "lies in their lack of real concern for good government."

He pointed out that it is a citizen's duty to know his governing officials, to know the issues involved in each election, or to hold office if he is qualified and knows that he can be of some aid to his community, state or country.

"We are drawing interest without adding anything to the capital," he said, "unless we shoulder

Mrs. Malouf, a resident of Post since 1927, was described as an active church worker and a person who is "always there" when she is needed. She has been especially active in Parent-Teacher Association and Cub Scout work. A native of Lebanon, she became a citizen of the United States in a ceremony at Lubbock two years ago.

New officers and directors of the Chamber of Commerce also were introduced during the banquet.

The program was opened with invocation by the Rev. Clinton Edwards, pastor of the First Presbyterian Church, Irby G. Metcalf Jr. served as master of ceremonies. Guests were present representing the chambers of commerce at Lubbock, Levelland and Station.

E. R. (Buster) Moreland read the membership list, then briefly reviewed the organization's work during 1956. Following the Com-

## Probations Revoked For Two Juveniles

Probations of two juveniles were ordered revoked by Judge Pat N. Walker Wednesday following hearings in juvenile court, and the youths were committed to the care and custody of the Youth Development Council in Austin.

Probation of one of the youths, who is now 18, had been transferred here from Lynn County. The other youth is 17 years old.

The judge said theft and moral misconduct led to revocation of the youths' probations.

They will be taken to Gatesville by County Sheriff Carl Rains.

## Company Officials Visit Postex Mill

Officials of Ely & Walker Dry Goods Co. are at Postex Cotton Mill this week in connection with the mill's increased production, which follows a recently-completed expansion program.

W. R. Chandler of Greenville, S. C., cost man for the company, has been here since Monday, and Walter Hildebrand of St. Louis, Mo., sales representative, arrived Wednesday morning.

The stepped-up production program is gradually being put into operation at the mill and is expected to be in full swing by April, according to R. J. Jennings, president.

## AS ANOTHER POLIO SEASON DRAWS NEAR

Quickening concern over lagging polio vaccinations was in evidence this week as state and county health authorities reported just slightly over 10 per cent of the Texas population under 20 years of age had received the full course of three shots.

"And the start of the 1957 polio season is just a brief three months away," Dr. D. C. Williams, Garza County health officer, reminded today.

The polio season usually begins in mid-April in Texas.

Dr. Williams and other health authorities predict the relative number of cases among teen-agers and young adults would steadily increase because many persons in

## First Reports Received From Dimes March

First reports from Garza County's 1957 March of Dimes show \$261.82 raised at benefit affairs in the Grassbur and Verbena communities, \$24.85 at the junior high school, and \$28 from local employees of General Telephone Co. for a total of \$314.67.

The contributions from the telephone employees came from their March of Dimes project of paying 10 cents apiece for each long distance telephone call completed through the local exchange between the hours of midnight Sunday and midnight Monday. A total of 277 calls were completed during that period, according to Paul Duren Jr.

The Post Lions Club's second annual "radiothon" will be staged Friday and Saturday, Jan. 25 and 26, over radio station KRWS. Those wishing to donate items for the radiothon auction are asked to contact Don Butler at Continental Supply Co.

Coin collectors have been placed in business houses, and March of Dimes "mailers" sent out, according to Almon Martin, chairman of the drive.

## Board Revokes '53 Policy On Married Student Attendance

A policy dating back to Dec. 14, 1953, which prohibited married students from attending Post High School, was revoked by the board of trustees at its meeting Monday night.

The board's action came after Supt. R. K. Green recommended that the policy be revoked. Earlier, he had announced to the board that a married student from another high school had been enrolled here.

When it adopted the policy three years ago, the board announced that it would not be retroactive, but that any student marrying after Dec. 14, 1953, would automatically be dropped from school enrollment.

The policy also provided that students already married when the measure went into effect could not invite their spouse, if not a member of their class, to accompany them on any school-sponsored trip.

In other action, the board accepted the resignation of Paul Valentine, high school English teacher, authorized the attendance of Supt. Green at the annual convention of the American Association of School Administrators in Atlantic City Feb. 15-20, and appointed a textbook committee.

Valentine, who became a member of the faculty shortly after the opening of the current term, has resigned effective Friday.

Members of the textbook committee are: Supt. Green, Mrs. Elizabeth Shannon, Mrs. Ray Martin, Mrs. Maurine Lackey, Mrs. Lillie Kitchen, Arthur Alley, Mrs. Ethel Florence, Bob Meisch, Mrs. Bettye Scott, N. R. King and Mrs. Cora Fleming.

Textbooks on the adoption list for 1957 are: Elementary Subjects—Basal readers, grades 1-6 and band and orchestra, grades 5-8; High School Subjects—Speech II, economics, stenography, commercial law.

The board also approved bills and heard reports by the superintendent on financial condition and student transfers.

## Swabbing Still On At Strawn Opener

The swabbing unit was still at work this week at Paul C. Teas Strawn discovery six miles south of Post, the No. 1-A J. B. Slaughter Estate.

Potential had not been run at the discovery late Tuesday, but operator is reported to have set up his tank battery and laid pipe lines.

Latest production gauge at the Slaughter discovery flowed 20 barrels of oil per hour for four hours through open two-inch tubing and casing perforations between 8,359 and 8,354 feet.

Well site sits 330 feet from west and 3,575 feet from south lines of Section 31, Block 1, Jasper Hays Survey. It is 11 miles northwest of comparable production in the South Rucker "A" Strawn field.

## TOP PAY SCALE REMAINS AT \$4,800

## Most County Salaries Set Same As Last Year

Salaries of county officials, deputies and other employees were set for 1957 this week by the commissioners' court with only a few changes.

Salary of the tax assessor-collector, a new elective office, was set at \$4,800 a year, the same as the salaries of the county judge, sheriff, clerk, and county attorney. Salary of the new office's chief deputy was set at \$3,300.

County commissioners' salaries were set at the same as last year, \$3,600.

The sheriff's office deputy and matron received a \$600 raise in salary from \$900 to \$1,500. Receiving a \$420 raise from \$2,880 to \$3,300 was the deputy county and district clerk.

Salary of the chief sheriff's deputy was set at \$3,480, the same as last year, and the salary of the county treasurer was also set at the same as last year, \$4,500.

At their own request, the justice of peace and constable of Precinct 1 took salary cuts, the justice of peace from \$2,212 to \$1,200 and the constable from \$2,100 to \$1,200. The constable's mileage allowance was increased from \$75 a month to \$125 a month at the rate of 8 cents a mile.

The commissioners set salaries of \$12 a year for other precinct justices of the peace and constables, which offices are non-existent at this time.

## 6 Committees Appointed By C. Of C. Leader

## Most County Salaries Set Same As Last Year

Eight action committees for the new year's work have been appointed by Bryan J. Williams, new president of the Post Chamber of Commerce.

The committees and those named to serve on them during the city's golden anniversary year are as follows:

Member Relations—Chant Lee, chairman; Phil Bouchier, Fritz Greenfield.

City and County Affairs—E. R. Moreland, chairman; Tom Power, John N. Hopkins, Edsel Cross, S. E. Camp, Carl Rains.

Public Information—E. A. Warren, chairman; Harold Voss, Wallace Simpson, Charles Didway, Ted R. Hibbs, Bob Garrison.

Retail Business—Bill Edwards, chairman; Ralph Kirkpatrick, Clint Herring, Bob Collier, Guy Floyd, Max Gordon.

Community Services—John N. Hopkins, chairman; Victor Hudson, C. R. Thaxton, Lewis C. Heron, W. S. Duckworth.

Community Government—Pat N. Walker, chairman; James Minor, Powell Shyles, Sid Cross, Jake Webb, Racy Robinson, R. H. Tate, E. E. Peel, Ozell Williams.

Municipal Development—Irby G. Metcalf Jr., chairman; R. J. Jennings, W. M. Kirkpatrick, E. R. Moreland, John F. Lott, Lee Ward, Giles McCrary, Leo Acker.

Committee Coordination—Bryan J. Williams, chairman; Hopkins, Metcalf, Walker, Lee, Edwards, Moreland, Warren, Fritz Greenfield.

## Post Delegation Is To Attend Assembly

Post will be represented at the West Texas Assembly on Regional Development to be held Tuesday and Wednesday at Texas Tech in Lubbock, Mayor James Minor said today.

Representatives of citizens' groups in 35 or more West Texas communities will attend the Assembly, which will draft recommendations for area development.

Mayor Minor said Post's delegation would be selected from among the group which held a roundtable on regional development here several weeks ago.

World-famed historian Walter Prescott Webb will be the principal speaker during an Assembly dinner at 6:30 o'clock Tuesday in the Tech Union Building. History professor at the University of Texas, he will speak on the subject of Texas water problems.

## Highway Intersection To Get Traffic Light, Mayor Minor Is Told

A traffic signal is to be installed at the South Broadway intersection of U. S. Highways 84 and 380, Mayor James Minor was informed today by the State Highway Department.

The new light, which the city has been trying to get installed at the busy intersection for the past two years, will be of the same type as the one at the Main and Broadway intersection and will replace the present warning light.

The highway department ruled following a traffic check at the intersection a year and a half ago that a signal light was not needed at the intersection, but changed this ruling following another check several weeks ago.

Mayor Minor said the city council now will begin a campaign to get a similar light installed at the North Broadway intersection of U. S. Highway 84 and 10th Street.

"Three such lights in a row would slow down traffic which has been hitting the Main and Broadway intersection here at breakneck speeds," the mayor said.

## Brotherhood Meet To Be Held Here

John J. Toombs, Baptist layman of Abilene, will be the principal speaker Monday when the Lubbock Baptist Association Brotherhood meets at the First Baptist Church here.

The program is to begin at 8 p. m. following refreshments at 7:30. After a song service led by Royce Dowell, scripture reading and prayer will be by Walter Crider.

A Brotherhood quartet of Post will present special music at 8:20, to be followed by roll call and announcements at 8:25. "A Pleading" is to be presented by Lewis Kenley at 8:40, followed by Toombs' message at 8:50.

David Crisp of Lubbock, associational brotherhood president, will preside, with the Rev. Roy Shaban as host pastor.

Brotherhood members from throughout the Lubbock Association, especially those in and around day's meeting.

The program here will also include presentation of a permanent attendance banner, earned at previous meetings, to the Mexican Brotherhood of Post.

## Poil Tax Payments At New Low Of 477

With only a little more than two weeks remaining in which to pay poll taxes, indications Tuesday were that a new low mark will be set unless payments zoom sharply upward between now and Jan. 31.

Up to 4 p. m. Tuesday, only 477 Garza countians had been issued poll tax receipts, it was reported by Mrs. Juanita Lancaster, deputy tax assessor-collector.

Although 1957 is nominally referred to as an "off year" in Texas politics, a number of important elections will be held. Locally, there will be a bond issue vote on the proposed White River dam project, a water contract election if the bond issue carries, and a city election.

There will also be a special Senate race in Texas this spring to elect a successor to Gov. Price Daniel, and with the Legislature in session there is a possibility of important constitutional amendments being submitted to the voters.

Tax office workers urge those who intend to pay their poll tax between now and the Jan. 31 deadline not to wait until the "last minute."

## First Semester Winding Up At Public Schools

Mid-term examinations got underway Wednesday in the Post schools and are to continue through Friday. The second semester of the 1956-57 school year begins Monday.

School administrators have announced that there will be few changes in the curriculum for the second semester. In high school, civics will be replaced by economics and grammar instead of literature will be taught high school English classes.

## Rotarians See Film On Bomb Explosion

A colored film on the recent atomic bomb test in Nevada was shown at Tuesday's Rotary Club luncheon by Arlie Hudson, district manager, and Rex Brown, head of the utilization department for Southwestern Public Service Co. Another guest was Ed Weber of Amarillo, head of the SWPS advertising department.

Ted R. Hibbs, local manager for the company, was in charge of the program.

Leroy Davis and Harold Kennedy, Post High School students, were introduced as Junior Rotarians.

Other guests and visiting Rotarians were W. R. Chandler of Greenville, S. C., Lee Vardy and J. E. McClendon of Elston, Art Nicholas, Joe Williamson, Marjorie Holt and Tony Holcomb, all of Snyder.

R. K. Green, superintendent of schools, will be in charge of next Tuesday's program.

## Purchase Of New School Bus 'Okayed' By Board

Trustees of the Post Independent School District have been authorized by the State Board of Control to purchase a new 48-passenger school bus.

The new bus, on which delivery is expected this summer, will be operated on Bus Route 4—the Barnum Springs route, driven by N. R. (Jiggs) King.

The present bus on the Barnum Springs route has been in use for more than five years.

**TO ATTEND CONVENTION**

R. K. Green, superintendent of the Post schools, will be in Atlantic City Feb. 15-20 for the annual convention of the American Association of School Administrators. Theme of this year's meeting is "Schools on the Threshold of a New Era."

## Company Officials Visit Postex Mill

Officials of Ely & Walker Dry Goods Co. are at Postex Cotton Mill this week in connection with the mill's increased production, which follows a recently-completed expansion program.

W. R. Chandler of Greenville, S. C., cost man for the company, has been here since Monday, and Walter Hildebrand of St. Louis, Mo., sales representative, arrived Wednesday morning.

The stepped-up production program is gradually being put into operation at the mill and is expected to be in full swing by April, according to R. J. Jennings, president.

## Six Holidays Selected For Closing By Firms

Members of the Post Chamber of Commerce attending last Thursday night's banquet voted to close their places of business on five holidays during 1957, and on Jan. 1, 1958.

This year's first closing holiday will be Memorial Day, May 20. It will be followed by Independence Day, July 4; Veterans' Day, Nov. 11; Thanksgiving on the last Thursday in November, and Christmas Day.

Placards to be displayed on the holidays member firms will close are being printed for distribution by the Chamber of Commerce.

## Full Course Vaccine Urged

Quickening concern over lagging polio vaccinations was in evidence this week as state and county health authorities reported just slightly over 10 per cent of the Texas population under 20 years of age had received the full course of three shots.

"And the start of the 1957 polio season is just a brief three months away," Dr. D. C. Williams, Garza County health officer, reminded today.

The polio season usually begins in mid-April in Texas.

Dr. Williams and other health authorities predict the relative number of cases among teen-agers and young adults would steadily increase because many persons in these age groups discount the possibility of falling victim to the disease and thereby fail to take the protective shots.

"The facts are that about 20 per cent of all polio cases last year occurred among persons over 15 years old," the county health officer said. "Moreover, polio among persons of these ages is more highly fatal than it is in younger ones."

Dr. Williams said "fair" progress has been made in vaccinating infants and youngsters of grade school age, but that unless high school and college students quickly avail themselves of protection through vaccination, "the heaviest percentages of future cases will affect them."

He said the vaccine is now in plentiful supply, "but it doesn't do any good in the bottle." National vaccine supply sources have indicated that enough of the protective fluid is on hand to vaccinate anyone desiring it, regardless of age.

The health officer also appealed to parents of children who had received one or two shots to be sure the youngsters completed the third shot on schedule.

The recommended sequence calls for the second shot to be given a month after the first, and the third shot seven months after the second.

# Thursday To Thursday

By CHARLES DIDWAY

COME FRIDAY, THE halfway mark in the 1956-57 school year will have been reached, with the new semester to get under way Monday. It'll be a shade early for the new flock of graduates to start making preparations for their "big day," but time's always on the down-hill grade for the second half of the school term.

IT MAY BE THAT they got the holiday deal all straightened out at last Thursday night's Chamber of Commerce banquet. As usual, there wasn't any chousin' about it— that usually comes later . . . as each holiday puts in an appearance.

DAYS DECIDED ON for closing were Memorial Day, July the Fourth, Veterans' Day, Thanksgiving, Christmas and New Year's. The Chamber of Commerce is going a little further on the deal than it has in the last few years by having closing placards printed for member firms. That proves the organization itself is trying . . . the rest will be up to the member firms as each holiday rolls around.

INCIDENTALLY, IT IS suggested that our holidays be re-jiggered so that they all fall on Monday, which is a bad idea. Many of us plan to stay home with bad colds on Mondays, and it would be a shame to be sick on our own time.

THE JANUARY ISSUE of "Cheer" magazine from E. C. Palmer & Co. arrived a few days late, but it has an excellent set of "Royal Resolutions" worth passing on. They are:

I will study the language of gentleness, and refuse to use words that bite and tones that crush.

I will practice patience at home, lest my testy temper break through unexpectedly and disgrace me.

I will remember that my neighbors have troubles enough to carry without loading mine on them.

I will excuse others' faults and failures as often and as fully as I expect others to be lenient with mine.

I will cure criticism with commendation, close up against gossip, and build healthy lives by service.

I will love boys and girls so that old age will not find me soured and sulien, but fresh and free.

I will gladden my nature by smiling out loud on every fair occasion, and by outlook optimistically.

I will pray frequently, think good things, believe in men, and so do a full day's work without fear or favor.

ON ONE OF the new calendars we've seen, Miss January is wearing a fur hat with her bikini, so it looks like a cold winter.

AFTER READING OUR 1956 rain measurement story in last week's Dispatch, a subscriber wants to know if raindrops have ever been measured. We looked it up and the answer is yes. The largest drops of rain measured were about one-fourth of an inch in diameter; the smallest about one-twentieth of an inch in diameter.

ABOUT FOUR DAYS steady downpour of those larger raindrops, or even the smaller ones, would bring on another rain measurement story.

Roger W. Babson Writes This Week:

## Three Quarters Of Nation's Lawmakers Should Be Nationally Known Economists

BABSON PARK, Mass.—Now that the Senators and Representatives have become organized, we are able to make a rough analysis of their ability and training.

### Too Many Lawyers

It appears that about three quarters of both branches of Congress are lawyers. At first glance, this seems reasonable, as their job is to make laws; this, however, should be the work of professional clerks. The Congressmen should confine their efforts to questions of policies. Lawyers, by training, are in a poor position to determine basic policies. Lawyers are trained to win cases, whether the defendant or prosecutor is right or wrong. The very fact that there are two parties to each suit though only one party can win, and that both sides are represented by attorneys, is definite evidence that half of the attorneys are wrong! In the eyes of a statistician, this is a very poor record. If one half of the bridges built by engineers collapsed, something would be done about it.

Ninety per cent of the legislation today is economic. This applies to agriculture, to manufacturing, to general business, and even to pensions for individuals. There should be no gambling connected with such legislation. A table for Multiplication, Division, or Addition allows for no compromises. It is the same with policies; they are either right or wrong. They should not be settled out of court or in cloak rooms. All this means that three quarters of the Senators and Representatives should be nationally recognized economists. They should be qualified either to legislate according to economic principles or else not to legislate at all. This principle should have been adopted when the nation was on the Gold Standard; but now that we are on the Political Standard, it is imperative. Some claim that more businessmen, bankers, manufacturers, and labor leaders should take the place of these lawyers. The real need, however, is for trained and practical economists and engineers who know what is best for the nation and have the courage to vote accordingly.

### Suez Canal Rumpus

Probably the Suez difficulty is due to many causes, but it was primarily a matter of politics.

## HAD YOUR CAR INSPECTED?

Just how important is it to have motor vehicles inspected as required by state law? This question is not one that can't be answered, since in a recent Department of Public Safety booklet it was pointed out that vehicle inspection had reduced accidents in Texas by about 10 per cent.

There were 221,000 reported accidents in Texas in 1955. Therefore, vehicle inspection prevented at least 22,000 accidents that year. It also was pointed out that approximately \$7,872,500 in property was saved by the prevention of accidents.

All of which leads up to the importance of every motorist having his vehicle checked, and as early as possible. Like other counties throughout Texas, Garza is lagging in this respect, the MVI division inspector points out.

The inspection shouldn't be looked upon as something that has to be done to dodge a penalty. We owe it to our safety and the safety of others to see to it that our automobiles or trucks are in good enough mechanical condition to be operated safely on the streets and highways.

The inspection itself is perfectly "painless," and the average cost per vehicle inspected last year, including the \$1 inspection charge, was \$1.89. The motor vehicle inspection includes brakes, lighting equipment, horns and other warning devices, mirrors and windshield wipers.

By waiting until the last minute, Garza County motorists may not be able to have their vehicles inspected in time to beat the April 15 deadline. There are six inspection stations in the county, but these six can fill up mighty fast if too many of us wait until it's almost too late.

The inspection program is another method—and an effective one—which the Department of Public Safety has come up with in its efforts to reduce the appalling traffic toll. Let's cooperate to the fullest.

## Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: It isn't always safe to say what you please except when you're at home, and it wouldn't be safe there if anybody paid any attention to what you said.

The office statistician reports that 87 out of 88 people either don't smoke or smoke too much.

CITIZENS PUBLIC Expenditure Survey suggests that "if you want to win a bet, bet your neighbor he can't tell you how much taxes he pays in a year." The odds are overwhelming that he can't—because of the vast number of hidden, indirect, and so-called "painless" taxes that exist.

Here's the way the tax bill works out, according to a recent authoritative computation. If you make \$76.30 a week, you pay \$1,043 a year in taxes. If you make \$86.54 a week, you pay \$1,425 a year. And if you've got a job paying \$7,500 a year, the tax collectors will get \$2,637 of it—more than a third.

The Survey states: "At \$86.54 a week, you work more hours to pay your taxes than for food and clothing combined!" Tell that to those who still say that taxation is a serious problem only to the rich!

Liberace was eclipsed by Presley in 1956, and in 1957 Presley should be eclipsed by someone even more . . . (Please pardon the unfinished sentence—the thought is too horrible to dwell upon.)

"She was thrown from her car and skidded 200 feet on her brief case." From a news story in The Seattle Times. She used excellent judgment in making this use of her brief case, as brief cases are far less expensive than skin grafts.

IN VIRGINIA when a 93-year-old man married a 63-year-old woman, who was the step-daughter of his daughter, who had married his new wife's father, he became the son-in-law of his daughter, and a son-in-law of his own son-in-law. He also became the father-in-law of his own father-in-law. In addition, the new bride became the mother-in-law of her own father, while she and her husband's daughter became each other's stepmother.

The bridegroom and the wife's father now are step-sons to each other, while the new bride and her husband's daughter are also step-daughters to each other. Pass the tranquilizers!

To be successful, find out where the money is and get there as quickly as you can, and when you get there get all you can get and then get out of there with all you can get out of those who are there before those who are there get out of you all that you got there after you got there.

The above is sound advice. A man owes it to himself to become successful. Once successful, he owes it to the Bureau of Internal Revenue.

ARE YOU CRAZY about pickles? Do you love cats and find can openers to be handy gadgets? Are you a rock and roll music fan, or perhaps a fanatic on keeping your rugs clean?

You'll have a special week, some time this year, to celebrate! Almost every month in the new year, says the Chamber of Commerce of the United States, will have some kind of special week. The exceptions are July, which brings Independence Day, and Christmas.

First, February will be Good Breakfast Month. March will contribute National Smile Week.

April will be busy, with National Ladder Week and National Rug Cleaning Month.

May will be busy, too, with Grand Old Opry Week, National Raisin Week, and Pickle Week.

In June there will be a Salad Dressing Week.

The Old Stove Roundup will take place in August, and the period from Sept. 16 to 21 will be dedicated to perpetuating the ideals of rock and roll music.

Kraut, Pork, and Apple Week and Pass the Laugh Week will distinguish October.

November will provide Cat Week and Can Opener Week.

Of course, these are only the highlights. No matter what you are interested in, 1957, should bring a time of celebration for it.

Our friend up the street says he saw, on TV, one British movie that was so old the part of Henry III was played by Henry VII.

"Scholeteachers Asked To Stop Noddling in Classrooms"—Headline. Well, I should think so! Scholeteachers, of all people, should be especially careful not to set bad examples.

HAVE YOU PAID your poll tax yet? Time for doing so is growing short and important elections are coming up. Invest in good citizenship by jarring loose \$1.75 and getting your name on the poll tax list. It's a small cost for such a big privilege as the right to vote the way you please.

To "Give" One Group Anything, Government Must First Take It Away From Others

## Our Contemporaries Are Saying . . .

**Age Of Miracles**  
President Eisenhower is going to do something about the Texas drought. In a dramatic announcement over the weekend, he announced he would fly over the Panhandle and New Mexico drought areas, in a low-flying plane. The age of miracles, apparently, is not over. All we have to do is recall that he "went to Korea."—"It Sez Here" in The Ralls Banner.

**Gets Check Back**  
That feller in Andrews we remarked about recently who had sent John Ben Shepperd a check for \$500 to be used in his campaign for the U. S. Senate got the check back yesterday.

**Food For Thought**  
Quite frequently we receive a card from William R. Sullivan of Los Angeles, Calif., on which he pens a bit of philosophy or perhaps a mere observation. Most of his material is food for thought.

**Better Information**  
The Plains Cotton Growers and the National Cotton Council have brought better information about the cotton market and the cotton problem to area farmers than they have had in the past. Most of them now have a better understanding of the situation than has been the case in the past.—"For Your Information" in The Gaines County News.

**Curiosity's Slave**  
My curiosity keeps me as a slave. I will not be satisfied until I have returned to the New Mexico tavern which has a number of mustache cups on the bar. It is probable that the china containers serve no purpose except as decorations. It is possible, however, that mustachioed cattlemen of the region enjoyed beer that has not been strained through the hirsute adornments on their upper lips.—"Trail Dust" in Matador Tribune.

**Ought To Be A Law**  
Had a talk this week with an irate lady who thought there "ought to be a law" making dog owners pen their pets—and we don't blame her one bit for being angry. There is no bigger nuisance than a gang of dogs cluttering up the yard, dragging bones from the back alley, breaking shrubs and making a lot of racket. We explained that in a small town where there is no city court, a law would do little or no good. But we do want to appeal to dog owners to keep their pets up, particularly during

My curiosity keeps me as a slave. I will not be satisfied until I have returned to the New Mexico tavern which has a number of mustache cups on the bar. It is probable that the china containers serve no purpose except as decorations. It is possible, however, that mustachioed cattlemen of the region enjoyed beer that has not been strained through the hirsute adornments on their upper lips.—"Trail Dust" in Matador Tribune.

**Ought To Be A Law**  
Had a talk this week with an irate lady who thought there "ought to be a law" making dog owners pen their pets—and we don't blame her one bit for being angry. There is no bigger nuisance than a gang of dogs cluttering up the yard, dragging bones from the back alley, breaking shrubs and making a lot of racket. We explained that in a small town where there is no city court, a law would do little or no good. But we do want to appeal to dog owners to keep their pets up, particularly during

## Grain Sorghum Hybrids Are Available For Planting In 1957

Sorghum hybrids, developed cooperatively by the Agricultural Experiment Station, U. S. Department of Agriculture, will be available for planting in 1957. County Agent Lewis says these hybrids are the result of research work which began in 1954 and are the first hybrids to be released for general use. The hybrids, RS 590, RS 610, Texas 611, RS 650 and Texas 660, are the result of several hundred crosses tested during the past year at the Lubbock and Chillicothe stations. Tests were conducted last year throughout Texas and all have thus been grown under limited field demonstrations. The plant breeders for the Texas Station say still better hybrids with improved adaptation to various growing conditions can be expected in the near future. Farmers are advised to plant one or more of the hybrids adapted to their areas and to make comparisons with standard varieties. Further, it is suggested, that only certified hybrid seed be planted as insurance that seed planted are correctly labeled. Planting seed of these seven

hybrids are white, but the grain produced will be red. In general, the higher the hybrid number, the later is its maturity, but none is as late as Plainsman. Yields 20 to 40 per cent greater than varieties of the same maturity under most conditions can be expected. The plants show superior seedling vigor, rapid growth and uniform height and maturity. Since the hybrids have larger heads and are often slightly taller than the varieties, occasionally more lodging may occur in the hybrids. Cultural practices for the sorghum hybrids are the same as recommended for the sorghum varieties.

Detailed information on each of the seven hybrids is given in L-310, Grain Sorghum Hybrids. It is available from the Agricultural Information Office, College Station, Texas.

## Search On For 1957 Winner Of Rural Life Advancement Award

Five regional committees representing every section of the state have begun their search for the winner of the \$5,000 Hoblitzelle Award for the Advancement of Texas Rural Life.

The award will be presented to the Texas farmer or rancher who has made the most notable contribution to agriculture in the state for the three-year period from Jan. 1, 1954 through Dec. 31, 1956.

Presentation of the award, consisting of \$5,000 cash and a gold medallion, will be made at the Annual Field Day and Awards Dinner of Texas Research Foundation at Renner May 22, 1957.

"The purpose of the award is to encourage and to give suitable recognition and financial reward for personal accomplishment in the field of rural life improvement by a farmer or rancher," Dr. C. L. Lundell, director of the Foundation, reports.

Regional committees throughout the state have been named to receive and to make nominations of the candidates for the Hoblitzelle Award. In the Panhandle-Plains area, the regional committee is headed by Jason Gordon, Farm Chemicals Inc., Plainview. Other members of this committee are: Myles A. Kelly, Soil Conservation Service, Pampa; and Casey Fine, Texas Technological College, Lubbock.

Nominations will be received by the regional committees through March 1, 1957, and may be made by individuals, groups or agencies. In performing their functions, the committees are requested to give equal consideration to all

farmers and ranchers operating in Texas, irrespective of creed, color and nationality.

The Hoblitzelle Agricultural Awards were established in 1950 by Karl Hoblitzelle, Texas theatre man and philanthropist, to recognize outstanding contributions to agriculture and to the sciences which serve agriculture.

Fred M. Shaw, secretary of the awards, reports that the Hoblitzelle Award for the Advancement of Texas Rural Life and the Hoblitzelle National Award in the Agricultural Sciences are presented at Renner on alternate years.

The 1957 award is intended for "adult individuals actively participating in farming or ranching who have made an outstanding direct contribution to the betterment of rural life," Shaw says. Shaw says that anyone who wishes may nominate a farmer

## VA Questions And Answers

**Q.** I pay my GI insurance should premiums on a yearly basis. What if sometimes should happen to me shortly after I make my yearly payment? Wouldn't my beneficiaries be entitled to a refund of the advance payment?

**A.** Yes. The money not yet applied to your insurance coverage would be refunded to your beneficiaries at the time VA settled the insurance claim.

**Q.** I am a disabled Korea veteran receiving vocational rehabilitation training. Am I entitled to VA medical care while I am in training?

**A.** Yes. You may receive medical treatment which VA determines to be necessary to prevent interruption of your training even though the condition is not directly connected with your military service.

**Q.** Is it possible to finish my high school training under the War Orphans education program?

**A.** No. The law prohibits regular high school training. Courses in schools below the college level may be taken only if they fit you for specific vocational employment.

## Babson Says—

(Continued From Page 2)  
Of course, in discussing the sanctity of a contract, an individual, corporation, or nation is justified in knowing that the contract was not obtained dishonestly by misrepresentation, coercion, or bribery. It is possible that some contracts for drilling oil were obtained under rather unsavory conditions, but no such claims have been made in connection with the high-grade oil companies now suffering from the Suez dispute. Possibly it would have been better to have had the Suez Canal contract, when originally drawn, made subject to renegotiations similar to the renegotiations that the oil companies have already gone through. These Suez renegotiations

could have been under the jurisdiction of a committee of accountants and economists approved by the World Court. The committee could employ an international and impartial lawyer, upon whom all parties would agree. Their decisions, however, should strengthen the importance of the sanctity of contracts and not undermine or impair some. In closing, let me say that my appeal in this column may not do any good but, as Congress is now organizing and as the Suez negotiations are in full operation, I do want my millions of readers to be thinking over this message.

(These opinions of Roger W. Babson are published in this paper every Thursday.)

## IT'S 1957 "Time to Live Electrically!"

**SAYS MRS. BRUCE BURNEY of LEVELLAND, TEXAS**

Trouble is eliminated in the Burney kitchen with this electric garbage disposer. "Peelings, unused ends of vegetables, other waste literally 'go down the drain,' out of sight and out of mind," observes Mrs. Burney.

"Christmas dinner for 17 was a simple task with my all-electric kitchen," recalls Mrs. Burney as she prepares a tasty dish on her electric built-in cooking units.

"I can't spend near as much time in my new electric kitchen," says Mrs. Burney as she demonstrates ease of electric dishwashing. You can start your electric kitchen washing this time and labor saver.

Your Reddy Kilowatt Electric Appliance Dealer can help you remodel your kitchen into an all-electric one just as the Burney's have done. You can do the entire job at one step or add and replace appliances one-at-a-time.

Love at first sight! That's the case with thousands of folks all over America. And why not? Those Ford Custom models are over 16 distinguished feet long. Those Fairlane models over 17 elegant feet long. And those longer, sleeker lines! No wonder Ford's year-ahead styling sweeps you right off your feet.

But if you aren't sold on looks alone, remember Ford's beauty is more than skin-deep. And a 5-minute Action Test will prove it. Inside you'll find oceans of space to stretch out in. Breath-taking color schemes. Luxurious upholstery. And thanks to new "Inner Ford"

advances, you'll discover the smoothest riding, easiest handling low-priced car ever.

And of course, you'll find new, snappier power to go with Ford's out-of-this-world ride. It's the same exact brand of get-up-and-go that powered the '57 Ford to 456 national and international power-endurance records at Bonneville Salt Flats, Utah. And there's more of this skeddadle right through Ford's entire V-8\* and Six lines. What's more, with a whole host of engineering advances, you can expect traditional Ford economy at its finest.

You bet! 5 minutes in the new kind of Ford and you'll want to drive it home. Why not visit your Ford Dealer's today. You have nothing to lose but your heart.

**Junior High Pupils To Open Magazine Campaign Monday**

Pupils of Post Junior High School will open their yearly magazine subscription campaign on Monday, Jan. 21.  
More than 80 publications, headed by the Saturday Evening Post, Holiday, and the Ladies' Home Journal, will be offered at standard rates to Post patrons for new or renewal subscriptions.  
Junior High salesmen earn commissions of 30 to 50 per cent for the school on all subscriptions secured by them. Individual premiums for the boys and girls are awarded in proportion to their sales. A special award goes to the high salesman for the week-long campaign.  
Proceeds from the magazine sales are used to purchase equipment not provided through the regular school budget. Earnings from 1956 sales, supplemented by a balance from the previous year, paid for a trampoline, a popular piece of gym equipment. Tumbling mats, a gym clock-scoreboard, and trapeze rings and bars are among items being considered as objectives for the 1957 drive.  
School officials feel that the selling experience, the handling of money, and practice in filling out forms accurately constitute valuable training in themselves and serve to motivate learning in regular school subjects.  
"Post residents," said Ellis M. Mills, Junior High principal, "have been most generous in saving their magazine business for the school children. Their patience with inexperience and timidity are sincerely appreciated. Any errors in subscription handling should be reported to Junior High School, where they will be carefully investigated and corrected."

**SANTA FE CARLOADINGS**

## Church News

Youth from the Westminster Fellowship Presbytery from Brownfield, Snyder and Lamesa will have charge of the 7 p. m. worship service Jan. 27, at the Presbyterian Church here, the Rev. Clinton Edwards, pastor, announces. The group will meet with youth from the local church from 5:30 until 7 o'clock to discuss organization and function of a fellowship.

The Rev. Roy Shahan, First Baptist pastor, and the Rev. Bryan Ross, pastor of Westview Baptist Church in Slaton, returned last night from Fort Worth, where they attended the 19th annual evangelistic conference sponsored by the Texas Baptist General Convention of Texas. The meeting, which opened Monday and closed yesterday at noon, featured Billy Graham and other outstanding speakers. Theme of the conference was "Adorn the Doctrine of God Our Savior."

The Church of the Nazarene, an international Protestant denomination, recorded substantial gains in every area of its work during 1956, it was reported here this week, by the Rev. Cecil Stowe, local Nazarene pastor. The annual statistical report by Dr. S. T. Ludwig, Kansas City, Mo., general church secretary, showed that new churches and Sunday Schools were established at the rate of two a week in 1956. The denomination had a net gain of 109 churches for a year-end total of 4,435. A net gain of 8,031 members brought the denomination total to 287,866. The vast majority joined on profession of faith. The record of per capita giving in 1956 was \$129.94, an increase of \$4.35 over the previous high of \$125.59 in 1955. Sunday School enrollment reached an all-time high of 611,319. All three principal societies—missionary, junior and young people—recorded member and income gains. Plans are being completed for the denomination's golden anniversary observance in 1958.

Members of the Mattie Williams Memorial Circle of the Presbyterian Women's Organization, met at 9:30 a. m. today at the church, for a business session.

Nine members attended the W. M. U. Tennyson Circle's Bible study at the First Baptist Church Monday afternoon. In charge of the study were Mrs. George Shirley, Mrs. R. H. Tate, Mrs. J. P. Manly and Mrs. J. F. Storie.

## Wells 50th Anniversary To Observed At Party On Sunday

Mrs. J. J. Wells will be celebrated at open house this afternoon, in observance of her 50th wedding anniversary. The party will be at the home of Mrs. Wiley (Grace) Wells, West 11th St., from 2 o'clock in the evening. Relatives are invited.

Mrs. Wells moved to Post two years ago from the Cross Roads where they had lived for 25 years. They came to Garza County buying the "old place," the first farm ever owned. They had lived in Crosby County for 18 years before coming here.

Mrs. Wells was born Aug. 30, 1886, in McClellan County, near Garza. She was born Sept. 12, in Broomtown, Ala. They were married at Bomar-

ton, near Seymour. They were married Jan. 18, 1907, by a Baptist preacher named Jones, who also was a justice of the peace, postmaster and store keeper.

Until his retirement two years ago, Mr. Wells spent most of his life farming. He also worked for a railroad in Waco for five years. They attend the Church of Christ, of which Mrs. Wells has been a member for 47 years.

Eight of the couple's 14 children are living. They are Mrs. Johnson, Johnny Wells, Mrs. Floy Hill of San Springs, Okla., Roy Wells of Greenville, Mrs. O. W. (Daisy) Smith of Post, Frank and Clifton Wells of Grand Prairie and Mrs. Merle (Opal) Carmichael of Lincoln, Neb. They also have 14 grandchildren, seven great-grandchildren and three step-grandchildren.

Mrs. George Evans of Slaton, former Justiceburg resident, observed their golden wedding anniversary at open house this afternoon in Fellowship

Hall of First Methodist Church, Slaton.

Their children were hosts for the occasion. They are Lawrence Evans of Abilene, Mrs. Evelyn Bogar of Houston, Harry Evans of Kansas City, Mo., and Mrs. Virginia Bunger of Durant, Okla.

Mr. and Mrs. Evans were married Jan. 13, 1907, in Cooper. Mrs. Evans is the former Miss Edna Henderson of Klondike. They spent the first few years of their married life in northeast Texas and came to this area from Commerce in 1916.

In February 1922, the Evanses went to Slaton from Muleshoe, where he was employed by the Santa Fe Railway. After his retirement in 1954, the couple returned to Slaton to make their home, after living for several years at Justiceburg.

### Big Lake Youth, Polio Patient In '49 Makes All-State Guard In '56

GONZALES (Sp.)—From polio patient at Gonzales Warm Springs in 1949 to all-state guard in 1956. That's a capsule account of the amazing recovery and accomplishment of David Jacobs, 190-pound husky senior student, who captained the Class A Big Lake High School grid team undefeated through its regular season.

Back in the summer of 1949 when David was stricken with polio, no one dreamed of such a climax to his football aspirations. He entered Gonzales Warm Springs Foundation on Sept. 1, 1949, and remained almost five months. He continued his therapy at home and had periodic check-ups at Warm Springs.

He was determined to play football, and in the fall of '51, the

medical director gave his consent. So he played on the junior team that year and the next. His improvement was steady.

As a freshman in 1953, he played on the high school team and, as a tackle, he logged more minutes than any other player. A shoulder injury in 1954 kept David out of action for five quarters, but he went to play as much as any other player on the team.

As a junior, he made All-District and tied for outstanding lineman in the district, still playing in a tackle position. This year, playing guard, he easily made All-District and then was named on the Fort Worth Star-Telegram's All-State Class A eleven.

Aggressive and alert, David has averaged 155 tackles each of the last three years, blocked six punts in 1955 and two this season, recovered 11 fumbles this fall and rushed the passers so much that Big Lake scored five times with intercepted passes.

David's father, Paul Jacobs, says that the experience with polio taught him consideration, patience, and a tenacity to accomplish his objectives. And, while he has played three years on the BLHS basketball and golf teams, his accomplishments have not been restricted to sports.

Throughout his high school career, David has been on the honor roll and has served on the Student Council. He has held the office of vice-president and this year is president of the student body.

He has fed lambs in 4-H and FFA programs since he was ten and has won numerous stock show ribbons including a first place in the San Angelo Fat Stock Show. He has played tenor sax three years in the school band and has participated in dramatics, taking the lead in the Senior Play in December. On Sundays he has been teaching a Sunday School class for junior boys.

### Post Freshmen Lose To Snyder, 39-27

Post's freshman basketball team lost to the Snyder freshmen, 39 to 27, Friday night in Tiger Gym at Snyder.

Coach Frank Krhut's Post team stayed even with their opponents through the first quarter, the scoreboard showing 8-8 when the buzzer sounded. But the Snyder team outshot the junior Antelopes, 14-4, in the second quarter to give them a 22-12 halftime lead. Post took command again in the third period, chalking up 11 points to 6 for their opponents and trailed, 23-28, at the buzzer. In the final quarter, Snyder scored 11 points while holding Post to 4.

Curtis Didway, with nine points, paced the Post scoring. Barry Walker led the Tigers with 15.

The Post box score follows:

### Junior High Cagers In Double Loss At Snyder

Post Junior High basketball teams lost both ends of a double-header Friday night at Snyder.

Coach Herman F. Raphael's 8th grade boys were chopped down, 30 to 10, and his 7th graders lost, 37-29.

Tommy Bouchier scored 12 points to top Post scorers in the 7th grade game. Howell, with 4, was high point man for Post in the 8th grade contest.

## Floydada Whirlwinds Down Post Here Friday, 77 To 61

The Post Antelopes kept up with the run-and-shoot Floydada Whirlwinds for half a quarter here Friday night, but from that point on it was all Floydada, with the final score, 77-61.

### Post Girls Hold Off Floydada Rally To Win Conference Tilt

The Post girls won their second District 2-AA victory in three starts Friday night by defeating Floydada, 50 to 39, before a home crowd.

Coach Jiggs King's team got off to a fast start and led, 11-1, after five and one-half minutes of the first quarter. At this point, however, the visiting sextet began to find the range and had pulled up to a 19-19 tie with two and one-half minutes to play in the second period.

Seconds later Sonja Wilson put Floydada ahead with a field goal, but three quick buckets by Marie Howard, Louise Gerner and Barbara Gary put Post back out ahead. The visitors sank a free throw just before the first half ended to trail, 22-23, at the intermission.

The Antelope team outscored Floydada, 10-6, in the third quarter and 15-11 in the final period to build up their 11-point margin of victory.

Howard led the Post scorers with 24 points, 18 of them coming in the second half. Gerner had 14, Kay Martin, 10, and Gary, two. Gail Vickers of Floydada matched Howard's 24-point scoring total, and Wilson chipped in with 10 points. Redd got three and Turner two to round out the visitors' scoring.

### Tahoka Pulls Surprise By Beating Abernathy

The Tahoka Bulldogs, who had defeated Spur and lost to Floydada, surprised the "experts" Friday night by defeating the Abernathy Antelopes, 66-53, on the Antelopes' court. It was the second conference loss by the Abernathy five, Slaton having bumped them earlier.

Jerry Brown led the Tahoka attack with 26 points, while Manny Connell paced the losers with 18.

### MOD 'Mailables' Are Being Sent

More than 1,000,000 March of Dimes Mailers for the 1957 campaign will have been mailed to Texas residents by Jan. 15. Gen. K. L. Berry, 1957 MOD Campaign Chairman, has announced.

The 1,000,000 plus Mailers are being mailed all over the state from the 246 National Foundation for Infantile Paralysis county chapters in Texas, General Berry said.

Included in each of the Mailers is a contribution card and a return envelope to the local county chapter in which the receiver of the Mailer resides. Money is inserted in the card and returned to the local county chapter in the envelope provided.

The 1957 March of Dimes Campaign was launched when Gov. Allan Shivers proclaimed designating March of Dimes Month became effective. The slogan is "Let's Finish the March of Dimes." General Berry who is Chairman for the 1957 campaigns also, is Ad. Gen. of the State of Texas.

### Dazzling Acts Will Be Presented At Fort Worth Rodeo

FORT WORTH (Sp.)—Brilliant specialty acts will be featured in the world's greatest indoor rodeo at the Southwestern Exposition and Fat Stock Show, Jan. 25 through Feb. 3, President-Manager W. R. Watt announces.

The Roy Rogers Liberty Horses will be one of the attractions—eight beautiful and graceful Palomino who obey the voice of their master. The horses were trained by Glenn Randall of North Hollywood, Calif., trainer of Trigger and other famous movie horses.

A sensation wherever they have appeared and new in this region are the Colorado Westerners, 36-member precision team on horseback.

Still another act will be Lynn Randall and Top Hat. The superbly educated horse literally takes his lovely driver "for a buggy ride", for he swings and sways in time with a variety of dance melodies, bows and kneels—all while hitched to a buggy.

Besides the standard contests, the rodeo will present the Ranch Girls' barrel race, open cutting horse contest, and a horse show. The 400 cowboys give the Fort Worth show the largest number of contestants of any rodeo in the world and the grand entry also is the word's biggest. First performance is on opening night with two performances daily thereafter, at 2 and 8.

### Drainage Of 'Lakes' To Underground Storage Might Elevate Water Table

The South Plains water table may possibly be raised by taking water from lakes formed in shallow hollows after hard rains and draining it to underground storage. This observation was made by Dr. George A. Whetstone, Texas Tech professor of civil engineering, in the Journal of the American Water Works Assn.

According to Dr. Whetstone, these "ephemeral lakes" could be drained to underground storage with the double benefit of easing the rate at which the water table is dropping and of releasing for planting, land otherwise covered by the shallow ponds.

"Speed would be of utmost importance," Dr. Whetstone says, "to minimize evaporation losses and to drain the land promptly, as the rainy season and the planting season often coincide."

Dr. Whetstone cites examples from Famagusta, Cyprus, where lake water was discharged into six wells over a period of 52 days. The result was not too satisfactory because of the high salt content of the silt beds.

By using some 900 feet of tunnel connecting the wells about 60 feet underground, the water absorption was increased 4.5 times, he pointed out.

"Recharge tunneling probably merits most serious consideration in city areas where cooling water is returned to the ground, as on Long Island, N. Y., or where treated river water at low temperature is pumped into the aquifer, as at Louisville, Ky., in winter," Dr. Whetstone points out.

"It might also find practical application in areas like the High Plains of Texas with drainage of the ephemeral lakes. Because of the cost, again application would be most practical in city areas where land costs are high. Economically, open-pit spreading is still more practical in rural areas, than the tunneling method."

### THEY'RE GOING TO STICK A NEEDLE IN ME

Yes, Sonny, we do it all the time!

Mommie holds you in her lap. And that nice, friendly doctor gets the needle ready. Then ... OUCH! And there's one less disease for you to worry about.

If only it were that easy to protect you from some of the other diseases that infest the world ... the plagues that eat away man's moral and spiritual fibre.

But religion can't be injected with a needle!

So it requires wise parents, and Christian homes, and worshipping families, and vigorous churches to get you ready for a noble, happy life.

Better take it up Sunday with your folks: ISN'T IT TIME FOR ALL OF US TO GO TO CHURCH?

**THE CHURCH FOR ALL ... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Freight Rate Slash Results In Savings

Farmers in drought-stricken Texas benefited by \$1,150,073 during the first 9 weeks of the period in which the railroads reduced freight rates on shipments of hay by 50 per cent.

The rate slash was made in October at the request of President Eisenhower. During the first 9 weeks the privately-owned railroads moved 92,885 tons of hay into Texas at a million dollar plus savings to the farmers and ranchers, the Texas Railroad Association reported here today.

The rates were voluntarily reduced in eight western states, but the heaviest volume of business was in Texas. The total saving for land owners in the eight states was \$1,650,260, of which two-thirds benefited Texans.

Oklahomans saved \$272,786 and Kansans were aided by the railroads by \$205,226.

"As far as we know, no other private industry has extended aid to the farmer in this emergency," said Kenneth McCalla, general counsel of the Texas Railroad Association.

"This is comparable to the President's requesting all retail stores to sell to the drought-stricken farmers and ranchers at a 50 per cent reduction. Of course, no such request has ever been made, but it has been sought of the railroads several times and they have responded gladly. The result, in past years, has been a saving of more than \$22,000,000 to farmers and ranchers."

### Mayfield Is Member Of Inaugural Band

Tommy Mayfield, son of Mr. and Mrs. Dowe H. Mayfield, is one of the 101 members of Texas Tech's Red Raider Band which journeyed to Austin Tuesday as the official musical organization for the inauguration of Governor-elect Price Daniel.

The band led the inaugural parade up Congress Avenue to the Capitol and played a short concert prior to the ceremonies.

Opening of the inauguration was heralded by a fanfare from the Tech music group. The band also played "The Eyes of Texas" and the "Star Spangled Banner" after the governor took the oath of office.

Tommy, a 1956 graduate of Post High School, plays fifth chair clarinet in the Red Raider Band. He is also a member of the organization's symphonic winds ensemble.

On Oct. 11, 1910 Theodore Roosevelt became the first U. S. President to fly.

### Brownfield Couple Injured Near Here

Mr. and Mrs. W. F. Blair of Brownfield were dismissed last Thursday from Garza Memorial Hospital after being kept overnight for treatment of bruises received when their automobile overturned northwest of Post on U. S. Highway 84.

The accident occurred about 7:15 p. m. Wednesday when the couple's automobile struck the center concrete of the divided highway leading into Post from the top of the caprock. Sheriff Carl Raina said Blair told him he lost control of the car after a tire blew out.

The couple, thrown clear of the wrecked automobile, were brought to the hospital by a passing motorist, the sheriff said. Their automobile was practically demolished.

### BITS-OF-NEWS

Mrs. Excel Smith spent Sunday in Fluvanna visiting her mother, Mrs. L. F. Beaver. She also attended the dedication service for the Education Building Annex of the Fluvanna Baptist Church.

Mr. and Mrs. H. W. Schmidt and daughter, Susie Jo, visited the Schmidts' daughter and son-in-law, Mr. and Mrs. Bill Jackson, at Boys' Ranch over the weekend. On Sunday, they attended a Lions convention in Amarillo. Others from Post at the convention were Mr. and Mrs. Al Norris.

### TEAMS IN TOURNAMENT

Post's junior high and freshman boys and girls teams will play next week in the annual Slaton Invitational Tournament. The junior high boys are to play Roosevelt at 3 p. m. Monday and the junior high girls will see their first action at 9 p. m. Thursday against Slaton. It had not been learned Wednesday who the freshman teams would meet in first round games.

### FRESHMEN BEAT SLATON

The Post freshman basketball team defeated Slaton, 33 to 32, Monday night on the Slaton court. Scotty Pierce, with 18 points, led the Post scoring. The victory evens the freshman team's record at two wins and two losses.

### GRAVESIDES RITES HELD

### WOULD PROVIDE PAYMENT FOR DEFERRED PASTURE LAND

WASHINGTON (Spl.) — Rep. George Mahon of the 19th District has joined with several other Texas Congressmen and senators in introducing legislation in the new session of Congress designed to bring early assistance to the drought-stricken areas of Texas and the Southwest.

The proposal as worked out and presented was termed a "two-fold approach to the drought problem."

The bill was described on the floor of the House by Rep. Bob Poage of Waco, chairman of the House Committee on Agriculture, as calling for immediate assistance to farmers and ranchers in the wide area of Texas and the Southwest who are in desperate need of help.

Mahon and Poage pointed out that the prime purpose of the bill would require the Department of

Much of the clothing we wear is named after famous persons or faraway places. Although "blue jeans" has become a household word in America, the term's origin can be traced to Genoa, Italy, where many centuries ago a special cloth called "jeans" was woven. The blue dyed material became a favorite fabric for working clothes and found its way to other European countries.

The word "pants" . . . short for pantaloons . . . derived from the name of a famous stock character in early Venetian comedy, San Pantalone, whose costume included baggy trousers.

Wellington and Blucher boots are named, respectively, after Britain's Duke of Wellington, and Prussian general Von Blucher.

American cowboys in the Southwest wear boots called "Justins" after Texas boot maker Joe Justin, and Stetson after John B. Stetson, whose hats have been popular for many years.

The word "hat" itself stems from the old Norse word "hatt", meaning heavy hood. The "derby" hat is named after the British Earl of Derby and the "bomburg" after the German town of the same name.

A topcoat with sleeves extending to the neckline is named for the British General, Lord Raglan, and a knitted jacket that buttons up the front for its first wearer, the seventh Earl of Cardigan.

**TO PLAY PRIMM DRUG**  
The K&K Food Mart basketball team will play Primm Drug of Brownfield, one of the area's top independent teams, next Wednesday night in the high school gym here. Since K&K is a member of the TAAF's Texas League and Primm Drug is a member of the National League, the game will be a non-conference affair.

John Cearley of Peco spent several days this week visiting his father, O. R. Cearley.

**K&K Food Mart '5' Wins First League Tilt Against Rails**

The K&K Food Mart team opened play in the Texas League of TAAF District 2 here Saturday night by defeating the Rails Gas House Gang, 49 to 43, then came back Monday night to swamp Jayton, 95 to 39, in a non-league game.

Saturday night, the K&K team will play the Plainview Independents at Plainview in their second loop contest.

Last Saturday night's six-point victory over Rails proved costly to the Post team when manager Jackie Hays suffered an injured right ankle. He was on crutches Tuesday, but the extent of the injury had not been determined.

Post led Rails, 16-12, at the end of the first quarter, 24-20 at halftime and 33-25 at the end of the third period.

Leroy Fenstermaker, with 13 points, was high scorer for Post. Larry Moses paced the Rails attack with 24.

In Monday night's win over Jayton, the K&K team held a 23-9 first quarter lead, were ahead, 61-18, at halftime and 84-33 at the end of the third quarter. Burl McCoy was high scorer for Post with 25 points.

**Post Beats Abernathy, 75-61**

The Post Antelopes, who evened their conference record with a 75-61 win at Abernathy Tuesday night, continue District 2-AA action at Slaton on Friday night, then play at Tahoka on Tuesday night. Their next home game is a non-conference contest with Rails on Friday night, Jan. 25.

The Antelopes have defeated Spur and Abernathy and lost to Lockney and Floydada in conference play.

In posting Tuesday night's victory over Abernathy, Post came from behind after trailing, 13-18, at the end of the first quarter.

Jimmy Short paced the winners with 21 points, followed by Damon Ethridge with 15. Manny Connell hit 23 and Reggie Stephens 14 for the losers.

The Post girls also evened their conference record at 2-2 when they lost to the Abernathy sextet, 68-28. Their other loss has been to Spur and they have won over Lockney and Floydada.

Marie Howard scored 13 points for Post. Margie Guinn had 23 points to pace the winners and Brenda Shipman hit for 22.

**ANTHELOPES DEFEAT PATTON SPRINGS FOR CONSOLATION TITLE AT JAYTON**

The Post Antelopes defeated Patton Springs, 55 to 42, Saturday night to win the consolation championship of the Jayton Invitational Basketball Tournament.

After losing to Aspermont, 50-47, in a first round game, Post defeated Rotan, 57-40, last Thursday, and Girard, 76-35, Saturday afternoon to win its way into the consolation title game.

The Antelopes led all the way in their second round victory over Rotan, defeating the Yellowjackets for the third time this season. Coach McCoy's cagers were ahead, 19-8, at the end of the first quarter, 27-20, at halftime, and 44-31 at the end of the third quarter. Damon Ethridge, with 19 points, led the Post scoring.

Post had a romp against Girard Saturday afternoon, building up a 17-7 first quarter lead and a 38-17 halftime margin. Going into the final period, they were ahead 61-28. Troy Cartmill led the Antelope scoring with 23 points. Ethridge scored 21.

Against Patton Springs in the consolation title game, the Antelopes had to come from behind after trailing, 20-19, at halftime. They had held an 8-7 first quarter lead. At the end of the third quarter, the Antelopes were ahead by only two points, 34-32, but scored 21 points to their opponents' 10 to "ice" the game in the final period. Kenneth Martin, with 17 points, was top scorer for Post, followed by Noel White with 14.

That's the gas mileage reported by the Cameo Carrier after covering the entire length of the Alcan Highway in less than 45 hours! All six new Task-Force trucks that made the run turned in top scores for performance and economy!

Supervised and certified by the AAA.

**New Task-Force 57 Chevrolet Trucks**

heavily loaded Chevy trucks ran all the way up the rugged Alcan Highway in less than 45 hours! That's cutting time on a full day off the road running time! They ran around the clock, stopping only to refuel.

The important fact about the Task-Force trucks was that they proved new heavy trucks through and through. The Alcan Highway is the toughest test of every truck in the world. Engines had to prove their power up high-climbing grades and through washouts. Frames and suspensions flexed their muscles over axle-deep ruts and miles of pounding gravel. "And not a single truck turned back or dropped out due to mechanical failure," states the official AAA report of the test. Every model proved its over-all economy by its ironclad ability to stay on the job! Stop by; we'll talk about it.

boys dress up for spring too

We've the togs for boys . . . suits, jackets, slacks, shirts . . . just what a young man likes for dress up, school or play . . . just right for spring and priced right, too.

Seems as if we've been months and months in getting set to take care of little men . . . but now they are offered a wide selection of fine clothing.

Too, we can make little girls mighty proud . . . we've just unpacked Spring-blooming dresses and sport clothes.

They'll love the little cotton quilted skirts with matching blouses.

a bill now before the Legislature is passed. That bill is a flexible rating law for casualty (including automobile insurance).

Many economically-operated insurance companies are in a position to charge rates substantially lower than those of companies with more expensive types of operation.

Thus, it will mean that the insurance buyer can shop around and get the best buy for his insurance dollar—something he cannot now do.

More importantly, it will mean that the careful drivers will no longer have to subsidize the careless driver.

**Stop dreaming... PRICE IT!**

The Chieftain costs less than a lot of the "low-priced" cars yet delivers MORE POWER—MORE WHEELBASE—MORE ROOM!

Think this big, brawny beauty would fetch a fancy figure? Not the Chieftain. It's made to order for wishful thinkers—priced right down there with the strictly budget jobs! Surprised? You'll be even more so when you look over the long list of premium features in this brilliant newcomer. Under that glamorous garb, for example, is a big, rock-rugged X-member frame, riding solidly atop a whopping 122-inch wheelbase! Cushioning each wheel is Level-Line Ride, Pontiac's new dimension in suspension, bringing you the smoothest, safest ride you've ever known. And up front is the deep-chested new 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 engine—as sweet a performer as ever came down the pike! So, come on, stop dreaming! Come in and have a look at this big and beautiful automobile's eye-rubbing price! Size it up! We're willing to wager your next step will be into a Pontiac Chieftain!
