

'What gripes me is...'

It seems people always have some kind of gripe or pet peeve, and there is an obvious need to vent that frustration somewhere...
So, just for the fun of it, The Post Dispatch is offering a feature which will include a few of your nagging "pet peeves" every week.
Mail your pet peeve on a postcard or letter, address it to Pet Peeve, The Post Dispatch, P.O. Box 10, Post, Texas 79356. Absolutely no phone calls, all entries must be mailed.
Please limit your pet peeve to a brief, one sentence item.
Of course, we reserve the right to accept or reject entries exclusively according to our judgement.

So, please, if we don't pick your gripe, don't call and complain that we didn't choose your gripe... nothing personal, we just don't have time to explain why one is chosen over another.

Those stupid 800 numbers with letters

"I get so angry when I try to call one of those 800 telephone numbers with the words spelled out... just try to decode what numbers should go in the letters... come on folks, just give me the number!" Wes Burnett.

Middle of the night phone calls

"What gripes me is the ignorant people who call in the middle of the night to complain or get on my case. I want to just slam the phone down." Becky Warren.

Agriculture Commissioner presents \$2 million loan to Cotton Unlimited

Texas Agriculture Commissioner Rick Perry last week awarded a \$2 million Texas Agricultural Finance Authority loan to Cotton Unlimited in Post, a move expected to create 150 new jobs here.

Currently Cotton Unlimited is ordering and installing new equipment to produce oil absorbent and insulation materials, along with a wide variety of other cotton based products.

Full production at the plant, located in the old Burlington Industries building, is expected to begin by mid September.

The first sale of the oil absorbent material, Instasorb, was made recently to a company in Brownfield to assist in an oil spill there. "They came over here to buy the material and took it right back," Cotton Unlimited's Wanda Mitchell reports, "and they say they really liked what they saw."

Perry's visit to Post Tuesday, August 13 included a brief tour of the plant and the traditional signing of the poster sized check.

The loan is part of a \$2.2 million loan package in which TAFE and the Post Economic Development Corp. are participating.

"This funding will help Cotton Unlimited create new jobs and spur economic growth in Post," Perry said. He presented the loan to Joe Pate, Cotton Unlimited president.

"What's more, this is another important step forward in our effort to create a thriving fiber processing industry in Texas," Perry added.

The loan will help Cotton Unlimited underwrite its manufacture of oil absorbing material, cotton-based insulation and other products, such as blankets,

tent material, casket liners and furniture stuffing. The company has worked to develop a cotton-based insulation as an alternative to fiberglass.

As America's top producer of cotton, Texas last year harvested five million bales or a third of all cotton produced in the United States. However, more than 90 percent of Texas' cotton leaves the state for processing — the stage where value is added to the raw commodity.

"By exporting our raw commodities, we are, in effect, exporting jobs, opportunities and dollars that otherwise would go into Texans' pocketbooks," Perry said. "It's time we changed all that. It's time we kept our jobs at home."

To do that, Perry in June launched "Make it TEXAS," a new program aimed at increasing the state's level of commodity processing. Texas currently processes only eight percent of the goods it generates. The national average is 20 percent.

"Texas is the second largest agricultural producer in America," Perry said. "We're the nation's top producer not only of cotton, but of cattle, wool and mohair and a leader in the production of a number of other commodities. So, it makes good common sense for Texas to process more of our raw food and fiber — and turn those raw commodities into jobs for Texans."

TAFE was created by the Texas Legislature in 1987 to make or guarantee loans for agribusinesses in commodity processing and packing. Voters in 1989 gave the authority the green light to issue \$25 million in general obligation bonds to finance the loans. Sale of \$10 million of the bonds was approved in late May by the state Bond Review Board. The first of the bonds was sold in late July.

TEXAS AGRICULTURE COMMISSIONER Rick Perry (right) puts his signature on the simulated \$2 million check to Cotton Unlimited for its manufacturing of cotton-based material. Joining in the ceremony here last week was Cotton Unlimited president Joe Pate (left).

Football Contest begins Sept. 5 with \$175 in total prizes offered weekly

The Post Dispatch popular Football Contest, featuring weekly prizes totally as much as \$175, begins with the Thursday, September 5 edition and continues for 12 weeks.

First place prize for picking the most winners will be \$40, followed by \$25 for second place and \$10 for third place.

The prizes will be awarded in "Post City Bucks" redeemable at any of the 18 participating sponsors.

There will also be a \$100 "Post City Bucks" bonus for anyone correctly picking all games, for a total prize offering of \$175.

The football contest entry form will be printed in The Post Dispatch on Wednesday through November 20, 1990. Deadline for submitting entry forms will be no later than 5 p.m. on Friday prior to the games of that week. There will be a limit of one entry per person and only the person completing the entry form may sign the form. The contest is open to anyone 12 years old or older.

Completed entry forms, using only the official entry form published in The Post Dispatch, must be submitted to any of the six designated participating sponsors for that week. Individual games will be listed in each sponsor's ad on the contest page.

The names of winners will be announced in the next edition, where winners will be informed as to which sponsor to visit to claim their "Post City Bucks."

The "Post City Bucks" certificates, issued in \$5 denominations, are redeemable at any of the 18 football contest sponsors.

Boxes for entry forms will be moved to six different sponsors every week. Get in on the fun... starting September 5 in The Post Dispatch!

Post ISD trustees approve budget, face questions on funding

Schools open Monday, construction projects near completion

by Wes Burnett
Summer maintenance projects at Post ISD school buildings were reviewed by the board of trustees at the regular meeting, Tuesday, August 13. A budget hearing followed the regular meeting, at which time trustees approved a budget of approximately \$6.9 million.

Questions about funding from the state and sharing with the County Education District were also discussed, with Superintendent Bill Shiver explaining that Post ISD is expected to receive more funding from the CED that it puts into the new education district. "but funding from the state is expected to decrease by as much as \$1 million," Shiver added.

Architect engineer Bill Stracener gave a report on the various maintenance projects, including problems with roofing at the elementary building and installation of a power transformer by Southwestern Public Service. Both of these problems were reported to have been corrected earlier this week.

Shelley Veselka, an Austin attorney representing McCreary, Veselka, Bragg and Allen presented a detailed report to the board concerning collection of delinquent taxes. He said that the firm has filed 172 actions of 200 or more properties and has gotten judgements on more than 70 cases. As of July 1990 there were \$451,466 in delinquent taxes still to be collected through the tax years of 1989 and before.

Of this amount \$187,882 or 41.6 percent has been paid and \$10,944 or 2.4 percent is being held or payouts arranged. Bankruptcy accounts for \$29,158 or 6.5 percent, judgements amount to \$28,164 or 6.3 percent and \$80,666 is in suits filed or 17.9 percent. Another \$63,509 or 14.1 percent is currently in processing.

Stracener also reported that there have been good response for bids on the replacement gymnasium. Bids will be opened at a special called meeting at 7 p.m. tonight.

Special page features exciting Post Bold Gold Antelopes

The popular Post Antelope Football Page kicks off another season with September 5 edition of *The Post Dispatch*, just in time for the 1991 opening game here with Abernathy.

Each week throughout the Post Antelope football season, sponsors on the promotional page get the best exposure possible, as their ads literally surround the weekly photos of coaches and players.

The page also includes information about the up-coming varsity game and schedules for the Middle School, and Junior Varsity teams.

Sponsorships continue to be priced at only \$7.50 per week, which allows for anyone interested in showing their support for the Post Antelopes to be included on the page. While costs of almost everything else have risen dramatically in the past few years, advertising on this community-spirited page remains the same.

Those businesses and individuals interested in participating on this popular special page should call Becky Warren at The Post Dispatch, 495-2816.

There's still plenty of time to add show your interest in the team!

The board approved the canvass of votes in the special election held August 10.

A contracted building fund was established to handle the building projects currently in process.

One bid was received for diesel fuel, the award going to Griffin Oil Co. at 85.20 cents per gallon.

The board approved the list of substitute teachers and financial statements. A tax rate hearing was set for the second Tuesday in September.

Resignations from Travis Ellis and Lu Allen were accepted by the board. Shiver informed the board that previous state funding of transportation for handicapped students to Lubbock has been discontinued and arrangements are being made with Slaton for sharing of these costs.

The board approved an attendance policy requiring students to attend tutorial classes without transportation expense to the district.

Attending the meeting were trustees Dan Hodges, Barbara Hardin, Pru Basquez, Rex Cash, Mark Kirkpatrick and Ronnie Gradine.

Two charged in thefts, property returned to owners

A 35 year old man and a 29 year old man are being held in the county jail on \$25,000 bond each following their arrest August 14 in connection with two burglaries of buildings here and burglary of a vehicle.

Sheriff's deputies Mo Herridge and Jeff Fulfer responded to a call at 11 p.m. of "suspicious males" on West 13th Street. They were assisted later by deputy J.W. Jolly. The men, of Post, were found with a large plastic garbage bag filled with items reported stolen from C&C Well Service and Three Way Drilling.

All items, including the stolen vehicle, have been returned to the owners.

Also on August 14 a 49 year old man was arrested for assault in a family disturbance. He paid a municipal court fine of \$218 by serving time in the jail.

On the same day a 31 year old man was charged with disorderly conduct, using loud and profane language in the city and a second DWI offense in the county. He served time in jail for the disorderly conduct charge and posted a \$1,500 bond for the DWI offense.

A 51 year old man was released from custody following the payment of a municipal court fine for public intoxication on August 15.

On the same day a 33 year old man was arrested for possession of inhalant paraphernalia and possession of volatile substance with intent to inhale. He posted a \$750 personal recognize bond in the county court and was released. In the same incident a 36 year old man was also charged with possession of inhalant paraphernalia and was released on a \$750 personal recognize bond.

On August 16 a 43 year old man was charged with his third DWI offense by Texas DPS officers. The man was released following the posting of a \$5,000 bond in district court.

A 41 year old man was arrested by DPS officers on his first DWI offense and was released by order of Garza County Judge Giles Dalby.

On August 10 a 19 year old man was charged with minor in possession of alcohol and failure to show an identification. He was released from JP One court after paying a \$336 fine. In the same incident an 18 year old man was charged with the same offense and paid a \$336 fine in the JP One court.

Y.E.S. raises \$1,065 to help Senior Citizens

by Ann Nobles, CEA-HE
Garza County Y.E.S. Project has been nominated for a Texas Rural Health Association award for the Program that has made a difference in Texas Rural Health.

Citing the recent intergenerational fund raising Rock-A-Thon as a project that made a difference to Post Senior Citizens, the nomination commends the youth vol-

unteers for the willingness to help out in a time of need for the Senior Citizens Center.

Rock-A-Thon raised a total of \$1,065 for the Senior Citizens Center from pledges secured by 21 youth volunteers. Over 100 people donated amounts from \$1 to \$50 each to help the Senior Citizen Center stay open until regular funding can be received.

Thirteen rocking chairs were kept in motion for nine hours during the Rock-A-Thon July 30 at Hudman Furniture Company. Senior Citizens as well as adult and youth volunteers rocked and played games of dominoes and cards throughout the day.

Anyone who would like to donate to the Senior Citizen Center may contact any Y.E.S. volunteer who will be happy to pick up their donation.

Senate to conduct investigation in POW/MIA....

The Senate has organized a special committee to conduct a con-

gressional investigation into whether American servicemen are still being held captive in Southeast Asia, reports Senator Phil Gramm.

A measure creating the panel was approved this month on a voice vote. It was authored by Senator Robert Smith of New

Hampshire and co-sponsored by Gramm.

Gramm also noted that the Bush Administration is considering the appointment of a separate committee to, as President Bush said, "run down every lead."

Making it better for Latchkey children

With the beginning of school next week many parents will have already made decisions concerning after school care for their school-age children. However, if you have not decided exactly what your family will do for after school care, now is the time!

Unlike many nations, the United States does not offer government-subsidized child care. As a result, there are few child care options available to parents of latchkey children -- those children who care for themselves or who are not supervised by an adult.

There are ways, however, that parents can examine the problem, their unique situation, and hopefully make it better for the child:

* Provide structure by setting limits.

* Assist the child in developing the necessary skills for self-care.

* Use "What if..." situations so the child can think about what he or she might do in an emergency or potentially dangerous situation.

* Encourage the child to talk about concerns and fears.

* Monitor the situation carefully.

* Regularly reassess the arrangement to be sure both the parent and the child are comfortable and want to continue.

Children who feel in control of a situation will feel less vulnerable to the problems of being alone. Having the necessary skills and knowledge for safe self-care can help children feel better about the situation.

Contact your local Extension Office to receive additional information to assist you in determining your child's readiness for self care and help prepare your child to stay home alone.

Ag Day

I think we have a very informative program planned for Ag Day on Thursday. The Beef Council presentation should give ideas for healthful use of beef in the diet. Of particular interest to cotton farmer's families will be Peggy Ekdahl's program on determining if garments made of cotton are made of American cotton. I hope you will join us for these programs.

If you are not interested in beef or cotton programs, but would like to see the style show featuring local merchants feel free to come to the style show only. You may come and eat for \$3.00 or only watch the show.

MILLIE STEWART is proud of her little peach trees, which have produced a bumper crop this year of peaches as big as 10 1/2 inches and weighing up to 3/4 of a pound. "I mowed that little tree down several times when it was a sprig," Millie said, "and finally I decided it just had to be, so I moved it to the back and three years later just look at what it has done."

Rhonda Thomas receives Roberta M. Rouse scholarship

The dedication manifested during the life of Roberta M. Rouse to teaching as a career and to Western State College will live on, perpetuated by a scholarship established by her family in her name.

The first recipient named this year is Gunnison resident Rhonda Thomas, senior at WSC majoring in history and preparing for certification as an elementary teacher. She attended West Texas State University in 1981-82 and Mesa State College in 1987-89.

As Roberta Pringle, Mrs. Rouse graduated from Gunnison County High School and enrolled in WSC, where she met her future husband, Fred C. Rouse, during her freshman year.

Following World War II, they returned to Gunnison, and she supported her husband as he completed work toward his bachelor's degree at WSC and began his career as an educator.

They had nine children, seven boys and two girls. After the birth of their youngest daughter, Roberta returned to Western State to earn her bachelor's degree in elementary education in 1966 and her master's degree two years

later. She taught elementary school in Canon City for 21 years, retiring in 1985.

Seven of the Rouse children also attended Western State, and five became school teachers.

Mrs. Rouse was a talented singer who loved to write and tell children's stories.

Her family celebrates her determination to complete her college work by instructing that, when recipients of her memorial scholarship are selected, preference be given to students returning to college after interruptions.

As is common with WSC scholarship funds, only interest generated by the \$16,000 currently in the fund, is to be awarded each year. To assure the continued value of the annual grants, 10 percent of the interest is added to the principal.

Rhonda was a 1981 graduate of Post High School. She is the daughter of Tommy and Rosemary Cole and the granddaughter of Edith Crispin, all of Post.

Rhonda is the daughter-in-law of Mr and Mrs B.L. Thomas, also of Post.

Leslie and Paula Hair celebrate 25th anniversary

Leslie B. and Paula J. Hair were honored with a silver anniversary party July 20 hosted by their children and spouses, Leslie and

Kalynda Hair, Jr of Mineral Wells; Pamela and Royce Hardy of Weatherford; Melissa and Terrie Hair of Mineral Wells.

The party was a swimming-cookout party at their residence in Mineral Wells. The patio was decorated with silver, pink and white balloons, a large Happy 25th Anniversary banner and party lights.

The anniversary cake, punch and mints were served from a table covered with a pink tablecloth overlaid with an off-white tablecloth, Mrs Hair's original chosen colors. Their daughters served at the table.

The gift table was covered with a white tablecloth with a pink and silver-gray floral border and held the guest registry which was in the bride's original bride's book. The children has a glass 25th anniversary picture frame with a photo of

their parents as the centerpiece.

The buffet table was covered with a blue tablecloth. Guests were served their choice of sliced brisket with barbecue sauce on the side, sliced ham, potato salad, pea salad, fresh sliced vegetables, fresh peach cobbler, cookies and an assortment of drinks, as well as hot dogs and smoked sausage.

The adults enjoyed talking and visiting while most of the children enjoyed swimming.

Family members attending the celebration were Sadler and Arlie Hair, Roger and Kathy Hair and children, Reshea, Ashley and Tiffany, all of Post; Elijah and Dorothy Foster of Mabank; Annie Honeycut of Ranger; Jimmy Cork and son, Jason of Clyde; Donnie and Wanda Dossey and children, Amanda, Phillis and Corky of Palo Pinto Lake; and Annie Dunn and son, Marcus of Ranger.

Out of town friends attending were Tina Moore of Post; Scott (Buck) and Jayne Thomson and daughters, Ami and Kindra of Woodward, Okla.; Leonard and Gene Wheat and granddaughter, Kelley, of Kemp; Red Rose of Ranger; Harvey Sterling of Perrin; Gayla Fay and son, Justin, of Maryland.

Friends from Mineral Wells attending were Bobby and Rosa Beard and children, Christy, Misty and Troy; Louis and Connie Crawford; Kyle and Jennifer Crawford; Tommy and Tracy Spurlock; Gene and Garla Moss and daughter, Jodi; and Jerry and Jo Johnson.

The Hairs were married July 23, 1966, at the Calvary Baptist Church in Post with the Rev Lee Jones, pastor, officiating at the double-ring ceremony. Mrs Hair is the daughter of Paul Foster and Geneva Foster, both of Post; the

granddaughter of Lois Rosenbaum of Post. Mr Hair is the son of Sadler and Arlie Hair of Post.

They were married during Leslie's 30-day leave from Fort Bragg, N.C., before he had to report for duty in Vietnam. Paula resided with her parents in Eden during his 13 month tour of duty, during which she worked as the teletype operator and proof reader for the Eden Echo.

After Hair's return to Texas in October 1967, the couple moved to Andrews. During the six years they resided there, two of their children were born, son Leslie, Jr and daughter, Pamela Jo.

The couple then moved to Post where Hair worked for H&M Construction.

The family moved to Mineral Wells in October 1975 where Hair worked for J-W Operating Company for eight years; and where two daughters were born, Melissa Sue and Terrie ReNee.

Hair is self-employed as a contract pumper, and owns and operates two gas wells. In addition to being a homemaker, Mrs Hair does the bookkeeping work for her husband's business.

To the Citizens of Garza County

My name is Cephas Bilberry and I have a few words I would like to say about our law enforcement here in Garza County.

First, I would like to thank all of you who visited and called and gave me your support during all of this. I am sure that everyone has heard rumors of what happened to me on July 20, so I would like to tell you the whole story.

On Saturday, July 20, I went over to my grandson's house because he and his wife had gotten into a little fuss. When I got there, nothing was going on and me and my grandson were talking and deputy Cliff Laws was already there and then deputy Maurice Herridge came in and ask if everything was going to be alright, and we told him yes, that we were going to my house, and he said that would be fine.

We were all in a bedroom and my grandson ask me to close the door so he could get ready, I pushed the door shut and it came back open like the wind blew it open, so I pushed the door shut again and that's when it all started.

I didn't even know anyone was outside the door, and all of a sudden DPS trooper Jerry Cannon bust the door open and came at me with his flashlight, like he was going to hit me with it. I didn't know what was going on, I put up my hands to block the flashlight and he pushed me all the way down on the bed. I did not know why he was doing this, because I knew I did not do anything wrong. I was trying to get up because he was hurting my chest, where I had open heart surgery, and that's when all three of them jumped me, Cliff Laws, Maurice Herridge and Jerry Cannon.

My grandson was trying to get them off of me and was telling them that I did not do anything wrong. That's when Cliff Laws handcuffed and arrested him for trying to help me. Trooper Cannon and deputy Herridge had me on the floor, both of them were hitting me and then Trooper Cannon jumped on my back with his knee telling me to "get my damn head on the floor."

I was hurting bad, it felt like I was going to black out, because I could not breathe. I was telling them I could not breathe. My grandson's wife and her mother were all trying to tell them, but they would not listen. They told them that I had heart trouble and they still would not stop, they just hit harder. They put handcuffs on me and arrested me for "interfering with an officer," but I still don't know what I had done wrong. And they arrested my grandson for terroristic threat and all he was trying to do was to help me.

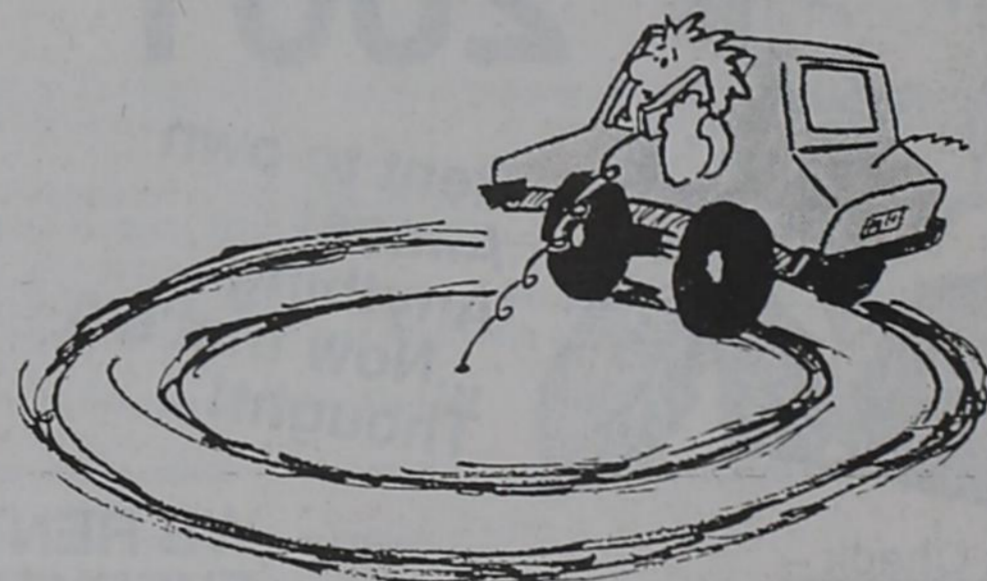

It was like a nightmare, I thought I was going to die! My doctor told me that I was lucky to still be alive, he said with all the hitting, that the valve in my heart could have come off. It has been over four weeks and I still can't walk normal, and still unable to work. I have filed criminal charges on all three officers with the Texas Rangers and the F.B.I. in Lubbock.

I am 65 years old and I have never been in trouble with the law in my life, not even a traffic ticket. I am writing this letter because I think people need to know what's going on at the Sheriff's Department and DPS. I just hope something is done before it happens to anyone else.

DON'T CELL YOURSELF SHORT

When you're ready to go cellular, don't cell yourself short. Choose the cellular company that can provide you with the largest possible calling scope. Because if your phone can't ring, or you can't make a call, then there's really no reason to even have a cellular phone.

You see, not every cellular company can provide you with the same extended coverage that you'll get from Digital Cellular of Texas. With us, it's sort of like having a telephone with a really long cord... a cord that stretches all the way from Lubbock to Midland/Odessa.

The other company's cord just doesn't reach that far, which means you'll come up short.

To find out more about the other differences that set Digital Cellular apart from the competition, call the Digital Cellular of Texas sales Hotline at

1-800-662-8805.

We don't think you should spend anything on extravagances.

At Merle Norman, we're giving them away. Luxiva Triple Action Eye Gel, Luxiva Skin Refining Cleanser, Luxiva Ultra Black Mascara and a Cherry Red Color Rich Lipcreme. We call them Fall Extravagances, our gift to you with any Merle Norman purchase of \$14.50. Stop in soon and indulge yourself.

After all, when's the last time anyone offered you extravagances you didn't have to feel guilty about?

Garza County Ag day Thursday

by Lee Howard, Cea-Ag and Ann Nobles, CEA-HE
Barry McBee, Deputy Commissioner of Agriculture, will be featured speaker at Garza County Ag Day, Thursday, August 22, at the Post Community Center. Following lunch program, McBee will give an update on agriculture in

the area and will be prepared to answer questions from the audience.

Other Ag Day activities will feature programs of interest to producers and their spouses. Registration will begin at 8:00 a.m. with programs beginning at 9:00 a.m.

Ag programs for the day will include Dr. James Supak, Extension Agronomist-Cotton, on Managing Harvest Aides for Cotton; Theresa Keese, representative of Ivomec; and Cotton Unlimited with Outlook for Garza County Producers. C.E.U.'s will be given to Licensed Private Applicators who attend.

Beef Industry Council Representative, Jennifer Finch, will discuss ways to fit beef into a heart-healthy diet. Peggy Eckdahl, American Grown and Made Cotton program, will teach participants how to determine if they are purchasing cotton garments of cotton which was grown in the U.S., fabric woven and garment constructed in the U.S.

Lunch hour will feature a All Natural Fiber Fashion Show with fashions from LaPosta, Twins, Three Sisters, and Kidstuff. 4-H Clothing project participants will model the garments they made for the 4-H Fashion Show.

There will be a drawing for \$200 in Post City Bucks. Programs are free but there will be a \$3.00 charge for the catered barbecue meal.

School gets clean report on asbestos

Post ISD superintendent Bill Shiver was informed this week that the middle school passed the required inspection and is ready for reoccupancy.

In a letter from Clark DeLavan of Grimes and Associates consulting engineers of Wolforth, the school was notified that required air samples following the removal of floor tile in the middle school revealed no problems.

"At the completion of the removal we took the required TEM samples for you to help keep you in compliance with your AHERA asbestos in school's regulations," the letter stated. "The samples passed the requirements for reoccupancy of the building."

Raymond Raymundo takes time out from his landscaping chores to talk about his new citizenship as an American.

Raymundo earns U.S. citizenship

Raymond Raymundo, who has lived in Post since 1955, stood with others Friday, August 16 in Lubbock's All-Saints Episcopal School where he was administered the United States of America oath of citizenship.

"I guess I have to give credit to my wife, Consuelo," Raymundo said, "because she completed her citizenship last year, and that gave me confidence that I could do it."

Arriving in Post in 1955 to join his brother, Gonzalo, who had been born in El Paso, Raymundo says until last year he just couldn't muster the courage to take the test.

"But I started studying and applied last year, and in May I took the test. I was worried about my English, but it was okay."

Born in Durango, Republic of Mexico, Raymundo now has a handsome Naturalization Certificate to display along with his wife's.

Children are going back to school

Vacations are ending and children are preparing to return to school. Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety says that this will create not only a change for our children, but the motoring public must also make some changes as well.

During the summer months, drivers often get out of the habit of being alert for both school zones and school buses. Major Cawthon says that now is the time to get familiar with posted school times in your area. It's important to remember that school zones can be posted by blinking yellow lights or in some areas just a sign posting the school zone times. Either way it's your duty to be alert for our young children, some of whom are attending school for the first time and others who have moved to the neighborhood during the summer months and who may be unfamiliar with the area.

State law requires drivers on the same roadway as a school bus that has stopped to load or unload school children, to stop and remain stopped until one of three things happen. The bus driver signals you to go on by, they turn off the flashing red lights, or the bus itself resumes motion. This law applies whether you are meeting the bus or whether you are going in the same direction; with the only exception being drivers on the other side of a divided highway (roadways separated by a physical median). These drivers are not required to stop when meeting the bus.

Motorist who must back their vehicles into the path of pedestrians or bicyclist should use extreme caution, noting that the driver's line of sight is very limited in a backing maneuver. It's a good idea to physically inspect what's behind your vehicle prior to backing and while backing. Do it slowly and sound your horn, if necessary to ensure safety.

Let's all work together to make this a safe school year for our children by observing the speed limits in school zones and being alert for increased pedestrian traffic in neighborhoods at the beginning and ending of each school day.

Public Notice

On July 22, Southwestern Bell Telephone Company filed an application with the Public Utility Commission of Texas for approval of two new optional services, Exchange Connection Service and Customer Alerting Enablement. Exchange Connection Service will permit a customer of the Telephone Company to provide voice messaging service, telephone answering service, or other services to itself or to patrons of the customer. Customer Alerting Enablement will permit residence and business lines to receive an alerting tone (intermittent dial tone) transmitted by an Exchange Connection Service customer. The proposed effective date for this offering is September 23, and will be available statewide where facilities permit.

The calling party's telephone number and other originating network call information will be delivered to the Exchange Connection Service customer when the calling number and the called number are served by the same switch. Additionally, the caller's telephone number and other originating network call information may be recorded and stored by the Exchange Connection Service customer. Customers may be able to identify the caller before the call is answered. All Exchange Connection Service customers will be required to sign a non-disclosure agreement prior to being provided service. In the agreement the customer agrees not to disclose the calling party's telephone number unless the customer has written permission from the calling party.

The Telephone Company estimates these new services will increase its annual revenues during the first year by approximately \$1.2 million. Providers of voice messaging service and telephone answering services and their subscribers are the types of customers likely to be affected by approval of these services. Exchange Connection Service is provided to customers in two parts: Local Serving Arrangement, which provides access to the exchange network; and Optional Service Features. The proposed rates, for both Exchange Connection Service and Customer Alerting Enablement, including installation charges, are as follows:

'We're a little behind where we'd like to be'

Post Antelope head coach Dewayne Osborne, surveying this year's football team in its second week of two-a-day workouts, says "We were a little disappointed at their conditioning when we started, I would have liked to have seen them in better shape."

Coaches have spent the most part of the early workouts with conditioning, with the first contact scrimmage to be held Tuesday in preparation for Friday evening's controlled scrimmage at Floydada.

Only 35 players reported for practice, and because of the low number Osborne

says he is seriously considering scrapping the junior varsity schedule this year.

"We have a real good group of freshmen," he adds. "There are 24 to 27 freshmen and they look good."

"I don't want to sound too pessimistic about the varsity," the coach adds, "they are really giving great effort and we are pleased with the team attitude."

Friday's scrimmage at Floydada begins at 6 p.m. with the freshmen, followed at approximately 7:30 p.m. with the varsity.

"We'll know more about ourselves after this Friday," Osborne adds.

POST ANTELOPE linemen push through the two-a-day practice routines, getting a feel for blocking assignments and techniques for the upcoming season.

DRIVE ^{BY} THE RULES SAVE SCHOOL CHILDREN'S LIVES

Mr and Mrs Motorist Post Schools Will Open

Monday, August 26

It isn't that children mean to be careless...it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!
