

WAR BONDS  
VOLUME XVIII

WAR BONDS  
NUMBER 48

POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, OCT. 12, 1944 "THE GATEWAY TO THE PLAINS"

## Local P-T-A Party School Faculty Given Monday

The most enjoyable events of the annual calendar of the P-T-A social calendar for the actual entertainment for the High school and Elementary school teachers on Monday afternoon this year was a supper at the High school with Mrs. J. E. Parker, president of the P-T-A acting as hostess.

## Farmers Told Burning Methods Not Beneficial

Burning has no place in conservation farming because it increases soil erosion and water losses, destroys organic matter needed for soil improvement, causes loss of nitrogen, and increases loss of other plant nutrients by rainfall run-off.

## Drys Win By Big Majority In Beer Election Saturday

The special beer election held Saturday, Oct. 7, in Garza county found the county overwhelmingly against the legalizing of beer. The total vote was 839 "against" and 170 "for," according to figures released from the County Judge's office Wednesday.

## Funeral Rites For Victor S. Blair Held Tuesday Afternoon

Funeral services for Victor S. Blair, who had been a citizen of this county for 20 years were held Tuesday afternoon, Oct. 10, at 3 o'clock from the Methodist church with Rev. B. W. Reed officiating at the final rites.

## RATIONING CALENDAR

Meats, Fat—Red stamps A5 through 25 and A5 through 85 used indefinitely. No new stamps after Oct. 28.

## American Public The Loser In The Passing Of Two Great Political Figures

This last week witnessed the passing of two great Americans, Alfred E. Smith and Wendell L. Willkie. These two men were each dominant political figures and while Smith had passed the peak of his prominence, Willkie seemingly was at the very height. Each of their lives was an example of a rise from obscurity to a position of eminence.

## Spirit High For Football Game Here Fri. Night, 8:30 P.M.

School spirit is at high-pitch this week over the win by the Antelopes over Taboka's B team last Friday night with a score of 18-0. The Antelopes are in fine shape for Friday night's game on the Post gridiron between Post and O'Donnell at 8:30 o'clock.

## Former Post Boy Wears DFC; Has 210 Combat Hours

Rev. and Mrs. W. R. McClure of Sweetwater are enjoying a visit of their son, Lt. Wendell A. McClure, who is home on a 3 weeks leave after several months of overseas service. Most of his facts regarding his homecoming are a military secret.

## City Commissioners and Utility Managers Met Tuesday, Oct. 3

Southwestern Public Service Co. manager, Ted Hibbs, met with the city commissioners and mayor last week to discuss the new electricity rates that have gone into effect. Needless to say the city commissioners approved the new rate schedule.

## New Arrivals...

Mr. and Mrs. Sidney Crain are announcing the arrival of a baby girl on Oct. 7 in the Snyder General hospital.

## SOLDIER OF THE WEEK

Cpl. Wagoner W. Johnson, son of Mr. and Mrs. J. A. Johnson of Post is now somewhere in Italy. He is with the Air Corps and has been in service since August 22, 1942. He writes that he bears from home regularly.

## Approximately 55 Carloads of Grain Shipped From Post

Garza county had shipped out approximately 55 carloads of grain. It was learned early this week. This information came from Mr. Moody of the Farmers Cooperative Elevator and Earl Rogers of the Earl Rogers Elevator and Feed Company.

## Cloyd Curb Sold Cafe To Chester W. Hunt This Week

Chester W. Hunt has purchased the cafe owned by Cloyd Curb. The business transaction was completed last Friday. Hunt, a citizen of the Garza county for twenty years, is well known in Post. The same policies carried out by Curb in operating the cafe will be continued by Hunt.

## Rev. J. W. Weathers To Be Guest Preacher Here Sunday, Oct. 15

Rev. Jones W. Weathers who has been honorably retired from active service as Chaplain in U. S. Army, will be guest preacher here at the First Baptist church on Sunday, October 15, according to information from the chairman of the Pulpit Committee, Lee Bowen.

## French Town Houses 36th By Naming Main Street "Texas Avenue"

The main street of Die Franzen has been named "Texas Avenue" in honor of the 36th "Texas" Division. A resolution was presented to Maj. Gen. John Dahlquist and stated that Die wished to show its extreme gratitude to American troops, especially the Texas Division, which was the first unit to voluntarily enter the city by naming the main street "Texas Avenue."

## Names of Soldiers In 36th Division Needed by Dispatch

The Dispatch has in preparation an article on the exploits of the famed 36th Division. For local interest we would like the names of any of your family who has served at any time with this gallant group.

## Graham Community Is First To Reach War Fund Quota

Graham community is the first community to reach its war quota in the United War Chest drive now in progress in Garza county. The quota for Graham was \$250.00 and it was easily reached according to co-chairmen Mrs. Bill McMahon and Mrs. Wade Terry.

## Benefit Box Supper To Be Held Saturday Night, Oct. 21 In Interest of Drive

Plans were completed Wednesday night for a Box Supper to be held Saturday night, Oct. 21, at 8:30 o'clock on the Court house lawn in front of the Servicemen's Honor Hall.

## Rotarians Prepare Christmas Boxes For Boys Overseas

The Post Rotary club prepared Christmas boxes for the 36th and Rotary sons overseas and are then ready for mailing by the first of the week. Rotary president W. F. Prussell, assisted by his wife, Rotary Mrs. Gladys, prepared the boxes for wrapping and mailing.

## Subscribers Are Asked To Check Expiration Date

Dispatch readers are asked to check the expiration date on their paper in order not to miss a single issue of the Post Dispatch.

## French Town Houses 36th By Naming Main Street "Texas Avenue"

The main street of Die Franzen has been named "Texas Avenue" in honor of the 36th "Texas" Division. A resolution was presented to Maj. Gen. John Dahlquist and stated that Die wished to show its extreme gratitude to American troops, especially the Texas Division, which was the first unit to voluntarily enter the city by naming the main street "Texas Avenue."

## French Town Houses 36th By Naming Main Street "Texas Avenue"

**PRAYER**  
**for the Week**

Rev. Austin Moore  
Thou Father, do thou hear  
ours as while we pray.  
Dear God, we pray in the name  
of Jesus Christ, for in his name  
thou hast promised to hear us.  
When we pray divine Father, every  
thing that is being done to make  
this world a better place to live,  
O God, while our boys and girls  
are facing the great dangers that  
are out before them in this great  
struggle of war, may there not be  
found a Christian in all America,  
that would let a day slip by with-  
out offering a prayer to Thee in  
their behalf while they are taking  
the field against the enemy.  
And may there soon come the day  
when this war will be over, and  
we can hear the sounds of Victory.  
And we pray that there may  
come after this great conflict, a  
revival of true religion all over  
the world. Create, we pray Thee, O  
Lord, a deeper and greater love  
in our hearts for Thee, and one  
another. O God, may there be a  
revival of love sweep this great  
nation of ours, for a nation that is  
filled with love is a pleasant place  
to live, a neighborhood where in  
is love found, is a happy place to  
dwell. And dear Lord the Church  
that is built upon this foundation  
(love) shall not be destroyed, for  
in it is found true fellowship and  
unity, and it shall become a shining  
light that can not be hid. So  
may we as a nation, as Churches  
and groups, be so permeated with  
love, and the Holy Spirit, that  
America may become a shining  
light to all the world, pointed them  
to the Lamb of God, who taketh  
away the sins of the world.  
Amen

Parents spend half their time  
worrying how their children will  
turn out, and the other half worry-  
ing when they will turn in.

**If You Ask Me...**  
I think our owner is neglecting us.  
Actually it isn't any harder for him to  
give us good care and to keep us in top laying  
condition than it is to forget about us and  
let some of us die.  
All he has to do is to get free help with  
his poultry management problem is to go to  
the Dr. Salisbury's dealer listed below and  
it'll mean dollars in his pocket, and better  
care for us.

**Turning Back The Calendar**  
**ONE YEAR AGO THIS WEEK**

Mechanics of Post used a total  
of 697 inches in ads to promote  
the sale of bonds in the Third War  
Bond Drive. This was a fine re-  
cord and merchants were given  
due recognition of this fact in the  
paper. The drive for the county  
went over the quota by a margin  
of about \$20,000. The quota was  
\$262,268.92 and total bonds sold  
were \$282,288.00.  
Paul Simpson was accepted at  
the induction station in Lubbock  
and was in report to three weeks  
to Fort Galt, Oklahoma.  
J. A. Stallings was the guest  
editorial writer during National  
Newspaper Week.  
Ceiling prices were set on ammu-  
nition.  
New tires were being restricted  
to "C" book holders.  
The home of Mr. and Mrs. J.  
K. Parker was the scene of a  
merry party held by the Sub-Deb  
club when their daughter, Iris,  
was having initiation for six new  
members were held with queer  
songs going on for those "not in  
on the know." Marian Rodge was  
elected president of the club and  
Iris Parker was named sweetheart  
of the club. Other officers were  
Wanda Thomas, Maggie Graham,  
Betty Williams and Marian Ed-  
wards.  
Mr. and Mrs. A. Stone observed  
their 50th wedding anniversary  
and were entertained by their  
children with a beautifully plan-  
ned open house.  
Helen Jo Hunflay was elected to  
serve as president of the Junior  
class of McKinney College in Abilene.  
Dr. D. C. Williams appeared as  
guest speaker before the Women's  
Culture club when Mrs. Jim  
Power and Lee Davis were host-  
esses.  
The P-TA entertained the teach-  
ers at the High school in an annual  
get-together party.  
Harley Martin of Southland re-  
ceived the award for being the  
outstanding boy in 4-H club work  
in this county.

**FIRE PREVENTION WEEK**

October 8 - 14 has been de-  
signed Fire Prevention Week and  
the slogan might well be "Prevent  
fires, speed victory." Now is the  
time to check your home or busi-  
ness premises for any fault in  
heating or lighting equipment.  
Now that equipment is scarce and  
replacements are scarce for much  
emphasis cannot be placed on pre-  
vention.  
Every fire that occurs causes  
insurance rates to be raised. When  
residences, business houses, or  
even cars are destroyed by fire,  
replacement is either impossible  
or is far more costly than the  
original value.  
Last year 10,000 lives were lost  
as the result of burns and the prop-  
erty loss amounted to 400 mil-  
lion dollars.  
Farms as well as town property  
are liable to fires especially about  
lea stacks and heating stoves.  
Statistics say a farm home burns  
every six hours with a yearly loss  
of \$ 1-2 million dollars.  
In addition to an inspection of  
the home and surrounding prem-  
ises extreme care should be taken  
about burning trash and in the  
use of matches and cigarettes.

Parents spend half their time  
worrying how their children will  
turn out, and the other half worry-  
ing when they will turn in.

**With Ernie Pyle at the Front:**  
**British Flier Hero Wins**  
**Hard Fight Against Death**  
**Rescued by Americans, He Finally**  
**Ends in Army Hospital in England**

**By Ernie Pyle**

*(EDITOR'S NOTE: While on his way back to the United States for a much  
needed rest, Ernie Pyle interrupted his vacation to bring readers this special story  
from London, England.)*

LONDON.—The story about the RAF pilot who was trapped  
in his wrecked plane for eight days had a happy ending. He  
is alive, and doing nicely. And even though he has a long hospi-  
tal ordeal ahead, he is happy and grateful and the sun  
shines for him again.

When I returned to London from  
France in my way to America I be-  
gan tracing the pilot's where-  
abouts. It took almost a week to  
find him. Finally I located his hospi-  
tal, and I traveled halfway  
across England to see him. My  
friend, Bill Strand of the Chicago  
Tribune, made the long trip with  
me just for company.

Ernie Pyle

An RAF station wagon, driven by  
a WAAF, met us at the station and  
took us to a hospital out in the coun-  
try. The lieutenant had been in-  
formed we were coming. We were  
ushered into a small, sunny ward,  
and the lieutenant began smiling as  
we walked through the door. He held  
out his left hand, for the right one  
was still tender from bullet wounds.

When we got him out of his  
plane that day almost a month  
ago we knew that in a very few  
days he would either be dead or  
over the being toward recovery,  
because his burned back was  
gangrenous, and gangrene works  
fast.

Well, he was first taken to a clear-  
ing station of the American 36th divi-  
sion. He was very drowsy from mor-  
phine. When he began to come to,  
all he could hear was a lot of chatter  
in German, with voices answering  
to Hans, Herman, etc.

The drowsy lieutenant figured  
that he must be in German hands  
after all. But it turned out that he  
was hearing wounded German pris-  
oners talking to each other.

The lieutenant's back re-  
sponded to treatment. The gan-  
grene was cut away, and it was  
seen that he would pull through.  
He was moved next day to an-  
other field hospital, and three  
days later he was evacuated  
to England by air.

You may remember that when we  
got him out of his wrecked plane he  
asked the date and said his wed-  
ding anniversary was only three  
days away and he hoped to make  
it back to England for that. He was  
never right then as we had thought.  
He arrived in England one day  
after the anniversary.

After that he was in an Ameri-  
can general hospital for 16 days. As  
his wife says, he was treated like  
"my lord." He was their prize pa-  
tient. And then he was removed to  
the RAF hospital where he is now  
and will be for a long time to come.  
His wife and baby come to see him  
twice a week.

His present condition is this:  
His back is still painful but is heal-  
ing excellently. Unfortunately he has  
to lie on it, because of his shattered  
leg being in a rack.

His right hand, on which a bullet  
had cut the fingers to the bone, is  
out of the bandage now but is still  
very tender.

His right leg, which was not  
wounded at all, is giving him  
trouble. Because of lying for  
eight days in one position, with  
the leg bent and pressure on  
certain nerves, he has lost control  
over his foot. He can move the  
leg all right, but the foot  
just flops around. The doctors  
think it will eventually be all  
right.

His left leg is the worst problem.  
As you may recall, his left foot  
was pinned under the rubber bar at  
that time, and the rest of his leg  
had a shell hole in it. We couldn't  
tell just how bad the wound was  
when we got him out.

Well, the wound was apparently  
caused by a 30-caliber shell  
which exploded inside his leg. It  
completely destroyed about an inch  
of both bones in the leg. There was  
simply a rag there, with no bone  
whatever.

He has already had three opera-  
tions on this leg, and he will have  
many more. They will have to  
graft in new bone and then give it  
months to grow and strengthen. The  
doctors say it will be 18 months to  
a year before he can walk, but that

**Pyle Recalls Events During the Rescue of Flier**

As he lay on his stomach on the  
cavities they had a metal splint  
ground his wounded leg. While they  
were doing this I knifed his head  
again in water from a canteen.  
A soldier in another aircraft and  
gave it to him. It dropped through  
his fingers into the wet ground, and  
heavenly sweet, I for another one  
and put it in his fingers.  
He held a long, long string, and  
put his head down on the inter and  
closed his eyes. The parachute had  
it was making him groan, but it  
never did get him out.  
The signal burst up almost to  
his fingers. As I said, "It's go-  
ing to burn him," and started to  
pull it down between his fingers. But  
the pilot heard me and started to  
move. He looked up and saw me  
and he looked at the signal.

eventually he should have 90 per  
cent use of his leg. That means he  
will probably walk with a limp, but  
he will walk.  
As his wife wrote me, in a beauti-  
ful letter:  
"We have our fingers crossed to  
get him home for Christmas. After  
that I guess he and Clara Margaret  
can teach each other to walk."  
Clara Margaret is their baby, now  
nine months old.  
At the hospital the RAF pilot and  
I enjoyed living over again the  
climax to those eight days of im-  
prisonment in his wrecked plane in  
France.  
When we rescued him that day I  
had not wanted to badger him with  
trivial questions, so there were some  
things I didn't get straight, and  
other things I had straight which he  
was mixed up on.  
I thought his leg had been  
wounded while he was still in the  
air. But he told me it didn't  
happen until about three hours  
after he had crashed, when  
there was shelling and shelling  
all around him. He said that  
whatever kind of shot it was  
made a terrific racket when it  
came through the plane and  
struck him.  
The little hole in the side of the  
plane through which he had thrust  
his hand—so thought that had  
been torn when the plane crashed.  
But actually the pilot had made it  
himself during those eight days, try-  
ing to tear a hole big enough to get  
out.  
He worked at it off and on with  
a little crowbar he had in the cock-  
pit. He asked me if I thought he  
could ever have made the hole big  
enough by himself. I told him there  
wasn't a chance.  
He said the worst thing in those  
eight days was the thirst. After the  
first couple of days he wasn't  
hungry at all, but the thirst was  
tormenting. He said that for hours  
and days he visualized creeks full of  
water, and all the pubs where he had  
left a little beer in the bottom of  
glasses.  
He had seen the columns I wrote  
about his rescue, and he was mod-  
estly pleased about them. He  
laughed at one thing I had said—  
that his eyes, as he rolled them  
there in his imprisonment, were like  
"big brown tennis balls."  
Actually his eyes did seem like  
that. But in the hospital that effect  
had gone, and his eyes seemed of  
normal size. His face had filled out  
and his color was fine. He smoked  
and laughed, and his discontent was  
only because the hospital wouldn't  
let him out on leave immediately.

**COPIES TO RECEIVE**  
**"TWO DOLLAR"**  
Pyle, the "GI" correspondent who has written to hundreds of homes and abroad for his interest column printed in the Dispatch each week and copies of other papers, is to be given by his home state of Illinois.

**James McAnally Is**  
**Where in England**  
James McAnally has been received here as an aerial engineer on a B-17 and is with the 9th Air Force in England. He had pictured it—beautiful.

**Max Edna Stanley** married a letter she wrote that started her husband, Floyd, was in the U. S. Marine Corps and while there she worked at an airplane factory pulling fly bombers together. Her name and that of the girl who worked next to her were inscribed on the bomb bay doors. This week she received a letter from two members of a bombing group stationed somewhere in Italy telling her that they were servicing the plane she had worked on, checking it to see if everything was in order and found her name on the door.

"To know that a plane I worked on and helped to build is actually taking part in the war is something that gives me a lot of pride. I was really thrilled to get their letter. One of the boys lives in Rhode Island and one in New York and they were hoping that it wasn't as hot here as it was in Italy," she said.

# Thank You . . .

I want to take this means of thanking the people of Post and Garza county for their patronage during the time I operated Curb's Cafe. I truly appreciate the friendly association as well as the business.

I hope you will continue to give Mr. Hunt, the new owner, the same patronage and consideration you gave me.

Thank you sincerely,

**SHORE LEAVE—**Yorpeded American seamen do a tour in the Victory Garden at a rest center maintained by United States Service members army of the National War Fund. Rest and exercise for convalescent merchant seamen provided by USS enables many to return to the sea.

### Southland Boys In Service

August Becker, Jr. and Arthur Voigt, Jr. went to Lubbock Saturday to enlist in the Navy. The former is the third son of the August Beckers to join the Navy.

Odeff Donahoo left Tuesday evening for camp in Virginia, after visiting his parents and other relatives here. After being rejected for overseas duty he is now an M. P. guarding prisoners of war.

Capt. Garth B. Thomas surprised his parents, Mr. and Mrs. B. H. Thomas with a day's visit, arriving here Tuesday evening. His other brother Wilburn and family of Cone happened to be visiting here at the time. Capt. Thomas is being transferred from Eagle Mountain Lake, near Ft. Worth to Cherry Point, N. C.

Marie Spence was not here last week, as a letter from Wayne Whitted said the former lusted him on a road in Southern France.

Wayne also wrote that a small French girl asked him for "chew gum" and wouldn't believe he didn't have any until she had searched his pockets. He asked her the age of her mother, but the child answered by holding up 3 fingers.

Miss Anita Sokoll sent her brother Charles four pounds of hard candy to distribute to the French children.

Junior Hord is somewhere in Belgium. Although he is not hearing from his mother or anyone here, he continues to write Mrs. J. T. Whitted every week.

Ding Martin's letter arrived here the 5th. He wrote that he had not been off the ship since he left here, although he did spend July 4th in New York. They were anchored off the French coast for a long time; he wished he could see some of the French girls he had heard so much about.

Albert Lee Field came last Tuesday on a ten-day leave from the Naval Base at San Diego.

**COOKING UTENSILS TO BE MANUFACTURED BY 7 FIRMS**

It was announced last week that seven manufacturers have been granted permission to produce a limited amount of cooking utensils, kitchen ware and household articles. Applications for two other companies were denied.

Two companies out of the seven are located in Dallas and are the Tray Service Co., and the J. C. Williams Aluminum Casting Co. It was not learned when production would start.

We've been advised that political is made of applesauce and plums.

### SOUTHLAND NEWS

**Mrs. Mervin Truelock, Community Correspondent**

A surprising (or not so) column: The O. J. Harmonson house is not sold, as was reported.

The election here Saturday was 79 dry votes and 24 wet, the whole county voting in about the same proportion.

Fifty-five attended the speaking and supper at the Methodist church Friday evening. Rev. and Mrs. O. J. Harmonson and Jo Jo were the city visitors outside the church. The Pastor and wife, Rev. and Mrs. E. C. Armstrong received a nice poultice.

Friday a train wrecked the local motor car, but it was not the fault of Section Foreman Juan Reyes. He sent one of his men up the hill to flag the train but the man got his signals confused and informed the engineer that the motor car was off the track when his flag should have said it was on the track.

Mr. and Mrs. D. H. Mayfield and sons spent the week end in Sweetwater, their former home.

Mrs. C. W. Dean's blood pressure is reduced but she still must go to the sanitarium each week for rheumatism shots and general check-up. Mr. Dean is doing very well.

Friday the W. W. Gillilands attended the birthday dinner of their son-in-law, Dave Draper at Slaton.

The Ed Lieskes went to Cisco last Tuesday, returning Sunday. Then they accompanied his brother Ernest and wife to a barbecue supper at Wilson Monday night where about 150 people attended.

C. T. Anderson returned Saturday from visiting his daughter in New Mexico.

The Sampson Gillilands spent the week end in Hereford visiting her sister.

Mr. and Mrs. E. L. King had as their guests last week end, her sister and husband, the Forces of Haskell county.

The August Beckers attended the funeral of her aunt last week, near Temple.

Mr. and Mrs. Lonnie Jordan of Sunown, were back in Southland visiting last week.

Friday a few miles from town, a trailer went to pieces directly in front of Mrs. Donald Pennell's car. Luckily the wreckage was thrown off the pavement. The two women in the car were en route to Abilene and milled the trailer tires and rims there.

Friday Doris Jean Sertain and her aunt, Mrs. L. O. Berns (formerly Edna Sertain) of Los Angeles, Calif. arrived to visit relatives and friends. Her brother, Robert, may come home the first of next week, if he continues to improve.

Monday morning at 8:00 o'clock Mrs. Ella Malze, the mother of Mrs. I. J. Duff, died. Mrs. Malze has been ill for several months. She was buried at Roby Wednesday.

Saturday Mrs. S. M. Truelock visited her sister, Mrs. Lonnie Carleton in the Lubbock Sanitarium. Friday the latter underwent

### The Texan's Share In The War

The wives of two of Texas most famous fighting men have called on the people of the Lone Star State to support the National War Fund campaign which opened in every Texas county and community this week.

They were Mrs. Dwight D. Eisenhower, wife of the supreme Allied commander in Europe, and Mrs. Chester W. Nimitz, wife of the Texas Naval commander whose fleets are blasting the Japs in the Pacific.

There is little doubt that the people of Texas will respond to the call, for this state has sent more than its share of soldiers and sailors to war, and Texans everywhere are anxious to give them every possible home-front support.

But more than wishes will be required if the Texas campaign for approximately \$5,000,000 is to go over the top. Thousands of volunteer leaders and campaign workers are giving their time to the drive, and every man, woman and child in Texas must join in the effort if it is to succeed.

War fund dollars go to the support of our own fighting men and their allies, and to alleviate suffering among war victims throughout the world.

War fund dollars provide USO centers for our troops in training camps at home, and send USO-Camp show troupes abroad to entertain our fighting men near every battlefield—often within sound of the guns.

War fund dollars provide rest and recuperation camps for our merchant sailors, through United Seamen Service, serving the many men injured while sailing their ships to assault beaches or through war zones.

War fund dollars send games, books, study courses, athletic equipment, musical instruments and many other supplies to our men in enemy prison camps, to help combat the dread "barbed wire sickness" that treats their morale.

War fund dollars send food to the helpless orphans of China, whose parents have been killed and whose land has been ravished by the Japanese.

War fund dollars send medicines, food, clothing, and other supplies to the aged and helpless in areas liberated by our armies, giving new hope to the oppressed peoples while helping our own fighting men restore the sites they have freed from the enemy.

War fund dollars help bring earlier victory, through services to our fighting men and their allies.

War fund dollars give new hope to the entire war-stricken world, and carry the message of Freedom to every remote section of the globe.

Texans, always generous, always in the forefront of every fight for freedom and decency among nations, are responding enthusiastically to the call on behalf of humanity. There is little doubt that in every county and every community, the National War Fund drive will go over the top.

Let Texans everywhere repeating the words of the war fund campaign slogan:

"Sure, I'll Give a Texan's Share!"

## I'M BUYING WAR BONDS FOR THE

# CP

## GAS RANGE I'LL WANT TOMORROW

**THIS SEAL MEANS Certified Performance**

Gas Ranges bearing the CP Seal meet the rigid cooking performance standards established by home economists, gas companies and gas range manufacturers and combined. This seal is your buying guide to cooking perfection. Look for it on the Gas Range you buy after the war.

All over America thrifty housewives and brides-to-be are planning their new post-war kitchens around glamorous new CP Gas Ranges. For CP Gas Ranges are designed by America's leading manufacturers, laboratory engineers and home economists to give you cooking perfection. That's why CP Gas Ranges are the standards by which all other cooking appliances are judged. The War Bonds you are buying today will help put a CP Gas Range in your kitchen.

## WEST TEXAS GAS COMPANY

# Along the "Route to Tokyo"

15,147 miles of track serving the Southwest

Save 50% as the map above shows, is an important leg on the "Route to Tokyo."

That's why, during the past several months, travelers have seen armies of "Men at Work" all along our lines.

Capacity of our roads has been increased.

Crews have been ironed out so trains may get around them faster.

New Diesel "head ends" are pulling bigger loads up mountain grades.

Ingenious Centralized Traffic Control Systems have been installed at important points so the same rails can carry 50 per cent more traffic.

A new Santa Fe bridge is now being built across the Colorado River.

We have enlarged our capacity to meet the increasing loads of war. There will be no slackening of our job until the war is completely won.

### More Treated Orders of Fruit Available This Year

According to information from Mrs. C. W. C. Moore, president of the Home Demonstration Council of Garza County, as more pooled orders of fruit will be available to Garza women this year. Pooled orders were used for the purchase of the council for the convenience of Garza women twice this year, but it was learned last week that fruit growers will not have available trucks to transport the fruit to this section any more this year.

### Delta Kappa Gamma Meeting in Lubbock Attended by Post Women

Mrs. Lewis G. Williams attended the Delta Kappa Gamma Sorority meeting in Lubbock at the Hilton Hotel Saturday, September 30, at 7 o'clock p. m. Mrs. Williams is the only member from Garza county to attend. The meeting was held in the ballroom of the hotel where supper and a program were held.

### Regional Meeting Scheduled for Oct. 28

A regional meeting scheduled for Oct. 28 was announced and members were urged to attend.

### FRISCILLA CLUB

The Friscilla club will meet on Friday, Oct. 13, with Mrs. Marvin Hudman at 3:30 p. m.

Mrs. R. M. Thomas took her daughter Judy to the hospital last week for a check-up. She is much better at this time, it was learned Wednesday.

## Women Of County Finding Dress Forms Very Beneficial

By Mabel Ann Manley, Garza County Home Demonstration Agent

The Home Demonstration Club women of Garza county are pulling their dress forms which they made in club work to good use.

Twenty-two of the forms have been made in the county. Eight of them were made under the supervision of the County Home Demonstration Agent and fourteen were made by the women using information that they gained at the demonstrations.

Perhaps the champion "dress form maker" in the county is Mrs. Juanita Downs of the Graham Home Demonstration club. Mrs. Downs has constructed and assisted in the construction of five dress forms.

Mrs. N. C. Outlaw has made a dress form for her daughter, Zora Ann, who is away in college. By using the form for fitting it will be possible for Mrs. Outlaw to make her daughter's clothes while she is away in school.

Mrs. Nora Kiker and her neighbors also made a dress form for her daughter, Frances, who is employed as secretary to the Superintendent at Post High School.

Mrs. Caldwell of the Close City club says that she has put her dress form to good use. She has fitted two dresses and two suits on it and the results have been very pleasing.

Perhaps one of the most unusual cases of dress form construction was that for Mrs. Frank Pennington of the Verbena community. Mrs. Pennington called at the Home Demonstration Agent's office and said that she wanted a dress form. Mrs. Pennington is an elderly lady and it was explained to her that the fitting of the form was a very strenuous process. To this she replied, "It doesn't make any difference how hard it is I want one of those forms if it is possible for me to have one."

The H-D agent told her to order the material and since she was not a club woman to invite 3 or 4 of her neighbors to learn how and to assist. On the appointed day the Agent and four of Mrs. Pennington's friends met at her home and made the form for her. When the form was completed Mrs. Pennington mounted it on the frame of an old commercial form she had once used. Now she can alter or make her dresses without the tedious process of "trying on."

The forms in the county were made from one inch gummed paper, Jersey tubing, and tops of stockings for sleeves and necklines. The majority of the forms were mounted on stands constructed by the women from broom sticks and scrap lumber. The average price of the material for the form was \$1.06 including the shellac.

### GRAHAM HOMEMAKERS CLUB MET IN HOME OF MRS. VINA DAVIS

The Graham Homemakers club met Friday, Sept. 28, in the home of Mrs. Vina Davis.

Refreshments were served to nine members and one visitor. We adjourned to meet Thursday, October 12, in the home of Mrs. Rene Fluit with Mrs. Claudia Fluit as co-hostess. —Rep.

## Health Program Is Subject of Much Interest For P-TA

The Post Elementary School Parent-Teacher Association received helpful instruction on Wednesday, Oct. 4, when they met in regular monthly session.

Mrs. Jack Martin discussed "Child's Health in the Home" from the viewpoint of a nurse and a mother. She spoke about the mental, moral and physical health of the child. She emphasized that diet had much to do with the health of the child.

Dr. B. E. Young discussed "Child Care of the Teeth and What the Home Can Do to Help." He mentioned the effect of the local problem of drinking water on the child's teeth, and perhaps the best solution is using distilled water for drinking purposes during the early years of a child's life. He says that boiled rain water may be used. Dr. Young discussed the common defects of children's teeth and distributed copies of a dental inspection chart.

Dr. D. C. Williams discussed "Immunization Against Children's Diseases." It is advisable to vaccinate children for whooping cough, smallpox, diphtheria, and typhoid fever, says Dr. Williams. He also explained the symptoms of a tubercular child and discussed and demonstrated the two tests given by physicians to determine whether a child has the tuberculosis germ.

There was a large attendance. The Mother Singers sang "Long, Long Ago." The Parent-Teacher program was read in unison.

Mrs. Clark's first grade and Mrs. Snowden's fifth grade received awards for having the largest membership present. —Reporter

## Post Football Boys Honored With Banquet Friday

Mr. and Mrs. B. M. Robinson and Mr. and Mrs. B. J. Edwards acted as hosts at a football banquet given in honor of the Post High school football team last Friday night at the Algeria Hotel. Twenty-nine boys of the team attended the affair which was sponsored by the town.

The school song was played by Mrs. Robinson as the guests found their places at the tables which were beautifully decorated with colorful dahlias from the garden of Mrs. Skeeter Slaughter. Rev. I. A. Smith gave the invocation and Wallace Kimbrough, president of the Chamber of Commerce, gave the welcome address with some very fitting remarks. L. V. Bearden, superintendent of the schools and coach of the team, gave the response. Walter Crider, Lions club president, then gave a fine talk and this was followed by a talk from the Captain of the football team, Don Shirley.

Mrs. Edwards and Mrs. Robinson, who made the arrangements for the banquet, declared that the townspeople were wholeheartedly in favor of the Antelopes and were backing them in all their undertakings one hundred percent. "The response from the townspeople was most gratifying," they said.

## Miss Ruth Lucas Married October 3

Miss Alma Ruth Lucas and Corporal Marshall R. Reno were united in marriage on Tuesday, October 3, at the home of the officiating minister, Rev. I. A. Smith. The single ring ceremony was used.

The bride wore for her wedding a becoming suit of blue with dainty white blouse. The accessories were black. She is the daughter of Mr. and Mrs. A. M. Lucas of Post.

The groom, son of Mrs. Josie Reno, is stationed at Fort Benning, Georgia. He will return here on October 16th.

The bride will make her home here temporarily with her parents.

As a courtesy to the couple a miscellaneous shower was given at the Grassburg school house recently. The lovely party was sponsored by Mrs. Rex Welch, Mrs. Bailey Mettler and Mrs. Bess Pickett.

### CROSS ROADS HOME DEMONSTRATION CLUB

The Cross Roads Home Demonstration club met in the home of Mrs. Ruth Martin on Oct. 5. Mrs. Maudy gave a demonstration on Frame Gardens.

Refreshments were served to six members and four visitors. The next meeting will be Oct. 19 with Vina Howell. —Rep.

## Mrs. B. J. Edwards Entertains Thursday for Daughter-In-Law

Mrs. B. J. Edwards entertained in her home Thursday night in honor of her daughter-in-law, Mrs. Bill Edwards, who left Friday for a visit with her mother in California. The lovely young lady has been visiting in the Edwards home since her husband left for overseas duty several weeks ago. She plans to stay in California indefinitely.

The playing rooms were beautifully decorated with flowers and during the refreshment hour lovely bouquets were used for center pieces on the four-square tables.

In the bridge games Mrs. Ira Greenfield won high score, Mrs. Sol Davis won high in the rummy games and Mrs. Madge Mathis won high in the bingo games. The honoree was presented with a gift.

Delicious refreshments were served to the following: the honoree, and Miss Jessie Voss, B. C. Robinson, D. C. Williams, Jess Cornell, Sol Davis, James Minor, Madge Mathis, Dan Altman, Shelby Camp, B. M. Robinson, Jr., Belle Fairbanks, Willard Kirkpatrick, Ira Greenfield and Bob Warren.

## Blacklock-Teal Wedding Vows Read At Baptist Church

In one of the prettiest weddings of the season, Miss Lorene Blacklock, charming and popular daughter of Mr. and Mrs. Pat Blacklock, and Mr. Elmer J. Teal, son of Mr. and Mrs. J. W. Teal, were united in marriage Saturday night, October 7, at the First Baptist church.

Rev. R. C. Tennison officiated for the impressive double ring ceremony. Mrs. Ray Smith played the traditional wedding marches and accompanied Miss Mary Helen Robertson who sang as a pre-nuptial solo "I Love You Truly." Baskets of fall flowers and greenery decorated the church.

Attending the bridal couple were Miss Dorothy Teal and Jerry Hoover.

The bride was very becomingly attired in a blue giberdine suit with brown accessories. Her bridal bouquet was of white carnations and fern.

Mrs. Teal was a student of Post High school and has recently been employed at Warren's Drug store.

A small reception was held in the home of Mr. and Mrs. J. W. Teal following the ceremony. The tiered wedding cake was served with punch to a few close friends of the families.

Mr. and Mrs. Teal are at home in Lubbock where he is employed with the Wooten Wholesale Grocery Company.

## Bill Fumigalli Is Honored With Party Last Friday Night

Bill Fumigalli and a host of his friends of the Verbena community were entertained by his parents, Mr. and Mrs. Julius Fumigalli, last Friday night in the school house. The host and hostess were assisted in the entertainment by Mrs. Virginia Elliott, teacher in the Verbena school.

A variety of popular games were enjoyed after which a treasure hunt was thoroughly enjoyed as the treasure proved to be delicious refreshments of cocoa and cookies.

Following the party at the school house the young folks went to the Fumigalli barn where they held a "barn dance." Photograph music was used.

A large group of friends attended the party.

Mrs. Skeeter Slaughter asked the Dispatch to announce that she will gladly furnish flowers to anyone who will come after them. She has dahlias in profusion and will be happy to share them for parties or for any one who is sick.

A most interesting fact and quite amazing to the editor is that Skeeter has cut 1800 blooms this season from her dahlia plants. One day last week she cut 150 blooms and carried them to the clerk at Hemphill-Wells in Lubbock.

(Thank you, Skeeter, for those you brought the Dispatch office, Ed.)

Mrs. Ford Cray of Grand Prairie, the former Margaret Williams, is a guest of Mrs. Will Cray this week. Her husband and Mr. Cray are transacting business in Waco. Ladies for marriage Mrs. Cray was homecoming luncheon at Post High school.

## Recent Meetings of Needlecrafters Are Reported

Recent meetings of the Needlecrafters were held in the homes of Mrs. R. E. Cox on September 25 and Mrs. George Samson on September 22nd.

Mrs. Cox provided an enjoyable evening for the members and following the afternoon's entertainment delicious refreshments were served to twenty-one members and two visitors, Mrs. V. A. Hartman and Mrs. L. A. Barrow.

The Samson home was beautifully decorated for the occasion of the party with lovely dahlias from the garden of Mr. Samson. Everyone enjoyed the afternoon and a delicious refreshment plate was served to eleven members. Mrs. Stewart was a guest.

The club will meet in the home of Mrs. John Faulkner with Mrs. E. J. Robinson as hostess on Friday, October 13 at 3:30 o'clock. —Reporter

### Mrs. B. E. Young Presides At Meeting of Composers League in Lubbock

Mrs. B. E. Young, new president of the Composers and Authors League, met with the group in Lubbock recently in the first session for the new year.

Plans were made for the programs for the coming year. Original manuscripts were read and discussed by several members of the group. Eleven members were present.

Miss Mabel Manley attended the Food Preservation School in Plainview on Tuesday and Wednesday. Emphasis was placed on meals during the two day session and Miss Manley expects to be able to give Home Demonstration club members some helpful hints on their meat problems in the near future.

## Baptist Pastor and Family Leave For Their New Home

Rev. and Mrs. B. C. Tennison and family moved this week to Hamilton, Texas, where he accepted a call to the First Baptist church of that city. The couple lived in Post about a year and a half and have many warm friends here.

It is worth-while to see this fine family leave Post. They have been active and influential in civic and school affairs as well as the work of the church.

Sincere wishes for the happiness and well-being of these good people is herewith expressed.

### Local Physicians Attend Medical Meeting in Lubbock

Dr. A. C. Surman and Dr. D. C. Williams attended the Panhandle District Medical Society meeting in Lubbock on Tuesday and Wednesday. Dr. Surman attended the meeting on Tuesday and Dr. Williams on Wednesday.

Physicians and surgeons from 23 counties attended. In addition to a discussion of new medicine many round-table discussions at various phases of medicine and treatment of diseases were held.

### Nephew of Late Women Swindler Swayed in Oklahoma

Myron Powers, nephew of Mrs. J. A. Ferguson of the Bursum Springs community, died Friday, October 6, in an Oklahoma hospital. This young man had a medical discharge from the army.

Funeral services were conducted Sunday afternoon at 4 p. m. at the Church of Christ in Durson, Okla.

Mr. and Mrs. Ferguson, accompanied by Miss Mattie Myrl Ferguson and Mr. Arville Ferguson left Saturday morning for Durson.

## Invasion Scene, Act II

Yesterday was Act I.

Some beachhead scene. Some—except today there are no screaming bombs, no burning tanks, no convulsive shells tearing big holes in the ground. Some scene, but today the guys up there on the beach put on the show.

They're ready for Act II. They've pushed the enemy back a few miles. Here comes Act II. Here comes the U.S.O. Camp Show!

Our boys NEED this show. They need it desperately, like starving men need food. For an hour or two they'll go back to America... back to Broadway, Hollywood, Main Street... back a thousand miles from this beachhead. They need to laugh, to forget.

They NEED it, understand?

Thanks to the folks back home, U.S.O. Camp Show units have played in every combat zone, often immediately behind the front lines. More than 50 units are playing the "Fosho"; more than 80 units appear regularly at camps and hospitals in the western hemisphere.

It costs money to operate the world's biggest theatrical circuit. Even though most stage and screen stars donate their services without charge, it still costs a lot of money to send hundreds of

other performers. Every cent must come from part of the money you give to your local community drive.

Your gift helps in other ways too. It serves our men in enemy prison camps, sends relief to suffering victims of war, gives our own fighting men and our allies on every front! Through the agencies of the National War Fund it carries new life and new hope throughout the war-torn world!

Give once for all these. There are many war needs to cover. Give now—at least two day's pay. Give all you can.

Give generously to your

### Soil Conservation District News

The progress of a wheat crop in this community was about 1942 good. District cooperative are planting in the middle of harvested maize crop. Some are mowing the fields first but are leaving a lot of crop residue on the surface of the soil as a protection against wind. Virgil Smith and Bud Stevens are planting mixtures of wheat and alfalfa.

Earl Lancaster, cooperative in group 42, reports that his alfalfa which he planted in early September has come up to a good stand. The patch has been flooded four times since September 2 by roadside water which was put into the field by means of a small diversion terrace. At first the channels were damaging the small alfalfa plants so Mr. Lancaster has fenced it off until a mature stand is obtained.

Mr. Lancaster has prepared approximately thirty acres of feed land by cutting the combine maize stubble just under the surface of the ground. This method leaves all of the crop residue on the surface of the soil.

One of the better grasses which we have in this area is alkali sacaton, according to Jack Martin, work unit leader of the local work unit of the Soil Conservation Service. It is a grass which grows on salty areas but has the ability to stay green when other grasses become dry. On a recent visit to the Spur Work Unit Martin was shown a pasture of one hundred acres in which approximately forty acres were covered with alkali sacaton grass. This pasture had provided grazing for forty-eight head of cattle from January through August with the addition of sixty-one head of cattle on September 1, and still had sufficient grass left to provide good forage for the hundred head until the first of the year. Most of this forage was provided by alkali sacaton grass.

### Santa Fe Conducts Experiments in Train Communications

Interesting tests to determine feasibility of using radio-communications with trains were completed last month in Amarillo.

In talking of these tests, J. A. Stallings, local Santa Fe agent, said that present plans are to use this system extensively in case after the war as equipment is available.

The tests were made from the Santa Fe building as the high-frequency communications with trains moving over lines in the Palo Alto area. High frequency radio equipment was installed in the building with a 30-foot antenna erected on the roof of the structure, which is the tallest building in Amarillo. Radio receiver and transmitter were installed in the train dispatcher's office and complementary equipment placed on the trains which used modified turbine antennas.

T. P. Brewster, superintendent of telegraph for the railway said "The tests were sufficiently encouraging for further development."

Fifteen years ago experiments of radio communication between yard master and switching crew failed because equipment and frequencies were impractical.

This year new tests have been made in operating with communications between engine and other train crewmen. Recently a special freight train equipped with a high-frequency, two-way radio telephone made a successful run from Bakersfield, California to Chicago through Amarillo.

## JUNIOR NEWS

The Assembly program on Friday, September 29, was presented by the Junior class.

Gannell Hobbs rendered several piano solos. Under-voiced talent was apparent when David Boster and Lewis Mills strummed several musical numbers on their steel guitars.

A pep rally followed the program with head-leader Iets Parker in charge.

—P. H. S.—

## SOPHOMORE NEWS

As a special courtesy to Rev. R. C. Tension, who is leaving Post, the Sophomore class asked him to be their guest speaker at regular assembly on Oct. 6, 1944. With him was Mr. Stax Adams who is the guest singer for the meeting which was in progress at the First Baptist church. He rendered several very beautiful solos among which was "The Holy City."

We regret the fact that we are missing the Tensionians from our midst and wish them the best of everything where they are going.

—Reporter

## HIDDEN TALENT

One of the new pupils in school seems to have been hiding his extraordinary talent.

Miss Margaret Lock, a newcomer from Lubbock, surprised the spectators on Friday with some "work d'art" she had molded from clay.

In making a talk in speech she explained the method of shaping the figures and bowls.

Some of the pieces which were presented to the class were a glazed pottery bowl, ink well, a silhouette of a woman and a cat.

It was hard to believe that she made by a student of PHS.

Oreohids to you Margaret.

—P. H. S.—

Mississippi is another state having a name of Indian origin. Mississippi means "great water."

## SNOOPERS

Rex Everett and Little Jo Baker were together last Monday night and we also noticed Harry Wood and Jimmie Teaff together the same night.

Sue Neil Carpenter seems to have disappointed Robert Hodge Monday night. He even had a red rose for her. Don't get discouraged, Bobby.

Mary Ella Norman certainly carries on over Joe Stokes. Why don't you look into this matter, Joe, and see how you two might become one of the cutest couples in Post High?

Jimmy Bird's convertible isn't attracting very much attention of the girls. Are you going to let low-lies and straw hats beat you'r time, Jimmy?

Many cute couples were seen over at the Tahoka football game Thursday night. The football boys are quite popular these days.

Is James Alper too bashful to ask a girl to go with him, or are they just not appealing in him? He seems quite content, though.

Wanda Propat is plenty cute, boys. Why don't you open your eyes? Jane Ann Turner isn't so bad, either.

Harriet Dietrich and L. D. Walker have been keeping it quiet that they go together. Why does everyone try to keep secrets? They always leak out. Don't they Harriet?

Whose ring does Jo Ann Smith wear these days? She is a very attractive Senior and has a very likable personality. But please tell us Jo Ann!

Billy Bob Hoover has a girl, but he will not tell who she is. Let's only hope she realizes how cute he is and what a popular young man he is going to be.

—P. H. S.—

## FACULTY NEWS

Miss Margaret Weaver, home-making teacher and Alma Louise Outlaw, Area 2 vice-president, attended an Area Two council meeting or home-making students at Tahoka on Saturday, Oct. 7.

Several teachers of PHS were present last Thursday evening to cheer the Antelopes on against the Tahoka Bulldogs.

Miss Mabel Azees, social science teacher, spent the week end visiting with friends and relatives at Monday, Texas.

The teachers enjoyed the chili supper given them by the Parent-Teacher Association on Monday, Oct. 8, at the gymnasium. All the teachers were present.

Miss Olene Cook, commercial teacher, attended the Homecoming game and festivities at Texas Tech during the week end. Mrs. Emma Cash, librarian, also spent the week end in Lubbock visiting friends and relatives.

## PRESS CLUB

The Press club meets each Thursday during activity period in Mrs. Smith's room. At these meetings the members will write the reports from the clubs and classes and discuss club business.

It was decided that a Snoop Box would be posted in the hall for the purpose of collecting the gossip which might have been overlooked by the Snapper.

—P. H. S.—

## LIBRARY

It seems that the most popular magazine in the library is the Life magazine. Issues are sold but they are still doing a nice job of attracting interest.

You know, it is rather funny why the librarians are always busier when some teacher has just told her pupils they must have book reports quick. They don't always get the book they want but the library is getting a few new books all along. They have just received two copies of "The Time for Decision" by Sumner Welles and one book of "Take a Look at yourself" by Homer Miller.

—P. H. S.—

## DINNER BELL CLUB

The initiation of new members of the Dinner Bell club has been scheduled for next Tuesday night, at 8 o'clock in the Home Economics laboratory of Post High School. Charter members have made big plans for the initiation and a large group of new members is expected to attend.

## Yanks Amused By Stone Age Wash Board

**SOMEWHERE IN INDIA** — (Passed by Army Censors) — These members of the U. S. Armed Forces are amusedly looking on as an Indian double (public laundryman) quickly drubs a garment on his primitive "wash board." This is a far cry from the hygienic and scientific method used by laundries in the good old U. S. A. Note the serious expression of the worthy "linen beater's" daughter (center) while the Yanks chuckle.

## PLANE TALK

BY Rowland Burston

About the time the world was speculating on war one aircraft manufacturer envisioned the design of a combat airplane with speed, maneuverability and fire power greater than was ever before possible in a fighter.

The powerful 2000 horsepower engine and huge propeller influenced the design of one of this airplane's most distinctive features—the inverted gull wing.

Minimum weight and maximum performance in the goal of this aircraft design. Increased power and speed present a complexity of problems. The shape and strength of the fuselage must be aerodynamically and structurally sound.

The type of landing gear, its retracting mechanisms and ground clearance for a highly efficient large diameter propeller were but a few of the problems solved.

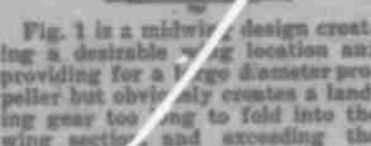

Fig. 1 is a midwing design creating a desirable wing location and providing for a large diameter propeller but obviously creates a landing gear too long to fold into the wing section and exceeding the weight allowance for this part.

Fig. 2 indicates a design satisfactory as far as the landing gear is concerned; however, the wing location in relation to the fuselage is aerodynamically undesirable.

In the inverted gull design (Fig. 3) all of the desirable features of the midwing and low wing are maintained as well as the large propeller and necessary ground clearance.

## THE NEWEST FAD

The newest fad in old PHS seems to be bow-ties and suspenders for the boys and plaid shirts and "levis" rolled up to the knees for the girls.

It all started when the boys began wearing the bow-ties. The suspenders were added later. Some of the boys are seen with straw hats.

The girls couldn't stand not being noticed so they took to plaid shirts and levis.

—P. H. S.—

## GUESS WHO?

About a year ago this pretty Junior started to school here. She plays basketball and is a good sport. She has brown hair and green eyes. Guess who?

Last week's personality was Alene Jones.

—P. H. S.—

## PEP SQUAD

The pep squad girls have been meeting in the auditorium before ball games and brushing up on a few of the yells as some of you may have heard during activity period.

The girls are going to get gold P's trimmed in black to go on their sweat shirts.

They are doing their best to stay behind the boys and they are all determined to do their best until the finish.

—P. H. S.—

## OUTLOOK FOR LIVESTOCK PRICES

With fewer hogs to be marketed this fall and winter and with large non-civilian pork purchases, the hog price outlook is more promising than a year ago, the Department of Agriculture says. Total calf slaughter this year will reach an all-time high. The large slaughter has resulted from high butterfat prices in relation to dairy cow prices, a weak demand for calves for slaughter and record high prices for veal calves for slaughter and record numbers of cows on farms. Prices for lambs are likely to average higher this fall and winter than a year ago, and ewe prices, now lowest since the fall of 1941, are expected to continue lower than a year ago.

Mrs. Surman Clark and daughter, Gerry Elizabeth, came home from Big Spring last week. Mrs. Roy Baker and Miss Arbeth Clark brought them home.

## Post High School White Varsity Team After 13 Months' Absence

Squad Capt. Wesley Dasher White of the 11th Air Force arrived in Post last week after ten months' absence in the Middle Eastern theater of operations. Sgt. White has been a gunner-engineer on a B-24 Liberator bomber and is home on a rotation furlough. He participated in 40 combat missions with a total of 219 hours of operational combat flying. Sgt. White, who is the son of Mr. and Mrs. M. D. White, returned home almost on the first anniversary of his marriage to Miss Jewell Roberts, daughter of Mr. and Mrs. Arthur Roberts of the Grandland community.

**WOMAN HAD A NEW VIEW  
RETURNING HOME, UNDER  
BY GEMMA**

Mr. and Mrs. A. B. Howe heard from their son, Junior, this week and he informed them that he was now in Germany. Junior left them in Belgium and was in Normandy with the first invasion force. Junior, a member of the Cavalry is attached to a reconnaissance unit at present. He is "on the go" constantly and writes that since Japan "we don't have time to shove or wash our clothes." He told his parents of receiving a package of socks and underclothes they had sent but noted for address stamps. "We had socks recently saying 'we need a soap, and they killed us.' We didn't have anything to put with them but crackers, no salt and no seasoning, but the food was really good anyway." On another occasion he wrote that some children had run into a house and broken their necks so the group had children with no salt, etc. this time either, but the stew was much better than C and K ration. He added, "You all used to cheer at me for not staying home... well if I ever get back I'll stay here a bit."

"We think Junior is with Hodge's First Army but he hasn't been able to tell us for sure," Mrs. Howe said.

**Rev. A. C. Hardin Conducts  
Revival At El Paso City**

Rev. A. C. Hardin, missionary of this district, is conducting a revival at the Baptist church at El Paso City. Hardin was formerly pastor of the First Baptist church of Post and is now living in Dallas.

The meeting will close Sunday night.

All friends are invited to attend and visitors are welcome to all services.

Buy a War Bond Today!

**VICTORY  
HINTS**

You can also use window cleaner or on mirrors and picture glass.

Sponge for cream spots with lukewarm water before rubbing.

Wooden picture frames will be easier to dust if kept waxed.

Ammonia added to water will help clean grease from oven linings.

Molasses, more nutritious than other sugars, blends especially well with whole wheat flour.

Resilive mittow from 10-cents by dampening the spots and placing lines in sunlight before washing.

It has been predicted that nylon collars and cuffs for postwar wear will not need ironing.

Be sure diet includes enough calcium foods which are essential to build and repair bones and teeth.

Try waxing the underside of furniture legs so they will move easily over waxed floors.

Painted walls behind sink or range may be waxed so that water and grease splatters may be wiped off easily.

**Reason In Hawaii By Raymond  
Robinson and Texas Friends**

Raymond Robinson, son of Mr. and Mrs. J. E. Robinson, was cheered on a recent Sunday by a reunion with Texas friends at a church service in Hawaii. Raymond and the pastor of the church he attended were classmates in Texas at the Southwestern Baptist Seminary in Fort Worth. The pastor's wife, it was believed, was a missionary to China and the couple were en route to that country when they were stopped in Hawaii. Raymond is with the quartermaster corps of the army.

**ONE, FIFTY-FIVE DAVE  
GIVEN UP LAF MISSIE  
RECEIVED FROM SON.**

The following clipping from the San Antonio Herald contains a letter Post boy, son of Mr. and Mrs. George Flippin. The Flippins and son have many friends in Post. Incidentally they keep up with their friends through The Dispatch and declare they enjoy it very much.

"Currency Furnished By Best Type Jap... Some 'good' Jap carried a bit of Rising Sun currency in his pocket, and it turned out, it has furnished a prized war souvenir for Mr. and Mrs. George Flippin. The first letter they had received from their son, Pvt. James Fred Flippin, who is with the Third Marines in the Southwest Pacific, last week contained a piece of Japanese currency. The figure '50' was in Arabic numerals but the other characters were more of a mystery possibly than that of the fate of the Jap who furnished the money."

**Nephew of C. M. Voss Killed  
In The Invasion of France**

T-Sgt. Norman Voss, nephew of C. M. Voss, was killed in action, according to a message reaching Voss' brother in San Angelo last Wednesday. The soldier was in on the D-Day invasion of Normandy. He was killed on Sept. 3, the war department notice said.
