An Artisan Walk will be held Friday and Saturday from 9 a.m. to 6 p.m., featuring displays and art for sale in downtown shops. The Artisan Walk is

## Trustees approve emergency building for Middle School, set tax rate hearing for Sept. 25

by Wes Burnett  
Post Independent School District trustees, at the regular meeting Tuesday, September 10, approved the advertising for bids to construct a workout facility at the Middle School and set September 25 for a public hearing on a proposed tax rate of \$.415 per \$100 evaluation.

The tax rate hearing immediately followed the regular meeting. Trustees heard a report from engineer Bill Stracener on the roofing problems at the Middle School and reviewed plans for the workout facility.

To be built as a metal frame structure, the building will provide approximately 7,500 square feet of space with a concrete slab floor. Construction is expected to begin before winter and should be ready for use in the spring.

During budget discussions, superintendent Bill Shiver informed the trustees that the actual closeout on expenses shows a 3.5% increased budget over last year and a reduction of expenditures for 1991-92 of \$322,519.

"It is important that you maintain your 90 days of reserves," Shiver emphasized, "and if your tax rate doesn't generate enough funds, and you begin to dip into your reserves, in a few years you'll end up like Lubbock and be in trouble, then the tax rate increase will really get you in trouble."

Shiver predicted that the increased pressures from the state to lower per student costs will end up creating serious problems for smaller schools.

"You are in a very difficult time," he added, "maybe tougher than at any time in the past 27 years."

According to information from the state, Post ISD will lose more than \$1 million in state funding, compared to last year.

Post ISD will get \$3,226,245 from the County Education District, \$310,151 from the state and \$1,824,501.09 from local funding based on the proposed tax rate.

The net rate to Post ISD taxpayers, combining the anticipated CED rate of \$.7543, will be \$1.1693.

Shiver emphasized that Post ISD trustees, having no control over the CED tax rate, should concern themselves with the local tax rate based on what it will take to "give our youth the best possible education we can give."

Taxpayers all over Texas are beginning to find out what school administrators and trustees have been warning about all summer. The recent legislative action in Austin establishing the county education districts and resulting shifting of financial resources is going to create massive resistance by property owners.

Shiver told trustees to be prepared for a public outcry and to expect a tax rollback effort.

Attending the meetings were trustees Dan Hodges, Barbara Hardin, Gary Workman, Pru Basquez, Ronnie Gradine and Rex Cash.

## Fiesta Patrias...a first for Post

by Wes Burnett  
Last Saturday Post was treated to the first ever "Fiestas Patrias", a celebration organized and coordinated by members of Los Mexicanos Unidos of Garza County, which provided an opportunity for people here to share in the heritage of Mexico's independence from Spain on September 16, 1810.

For Mexicans around the world, this event is equivalent in spirit to America's independence from England, which is celebrated on July 4th.

"I have never been so proud of a community like I am of Post," Los Mexicanos Unidos president Irene Ammons declared. "I especially want to thank Mary Villa for her hard work and dedication in organizing our parade, it

was such a success!"

The parade last Saturday morning, delayed a few minutes due to the rain showers, was a popular expression of the spirit of the day.

The Queen Candidates float won the first place prize, followed by Willie Moreno in second place and Alice Perez in third.

Following an afternoon of food, fellowship and fun on the grounds of the Holy Cross Catholic Church, the crowning of the queen honored Amanda Alaniz, Janie Chapa and Irma Garza for their fund raising efforts to assist families in need.

Alaniz, who was crowned the queen, raised \$5,162. She was representing the Holy Cross Catholic Church and the money was donated to the church.

Janie Chapa placed second with a fund raising effort of \$2,267. Representing Los Mexicanos Unidos, she is the princess of the Fiesta Patrias and her funds will be used by the organization to help needy families.

Irma Garza, also representing Los Mexicanos Unidos, raised \$602 and those funds will be used by the organization.

"These three girls worked very hard," Ammons added, "they deserve a lot of praise and I admire them very much."

"One of my thoughts when the parade started and the people were coming around the courthouse," Ammons continued, "was how it must have been when Mexico won its independence from Spain and this is what the celebration is all about. I felt proud, happy to see Los Mexicanos Unidos, and I mean truly united Mexicans in this community, sharing in the remembering of our heritage."

Folk dances by children at the queen's crowning ceremony delighted those in attendance. The children were taught by Josefina Cerrano and Nora Ratke.

"Next year we are planning an even bigger celebration," Ammons added, "and we will learn from this year what things we can do better and how to correct some of our mistakes."

Brent Green correctly picked all but three games in last week's Post Dispatch Football Contest, collecting \$40 in "Post City Bucks".

Chris Redman took second place with four misses, followed by Jane Redman in third, also missing four games. Chris' tie-breaker guess was closer by three points than Jane's.

Other contestants missing four but losing on the tie-breaker were Dennis Bell, Jay Pollard and Ann Bratcher.

## Garza Theatre announces schedule change for October

The Garza Theatre board of directors has announced a change in the October schedule as a result of the recent hospitalization of director Will McCrary, who is in Methodist Hospital, being treated for pneumonia.

"Ten Little Indians," which had been originally scheduled for the first three weekends of October, will be replaced by a special production of Lubbock's Moco Rising Studio "California Suites" on October 9-13 and October 18-20 in Post, directed by Toni Cobb.

Performances begin promptly at 7:45 evenings and 2 p.m. Sundays.

Reservations may be made by calling the Garza Theatre box office at 495-4005. The box office is conveniently open Monday through Saturday from 10 a.m. to 4 p.m.

Tickets are \$7 for adults and \$4 for students six to 12 years old.

## County tax rate proposed at .20

by Wes Burnett

The proposed property tax rate for Garza County will yield an estimated \$951,560 in property taxes, based on a rate of \$.20 per \$100 evaluation for the fiscal year 1991-92.

Total receipts from all other revenues is expected to provide \$1,234,882.75 for the budget.

## GMH directors hold public hearing on tax rate

by Becky Warren

The Garza Memorial Hospital Board of Directors met in regular session Tuesday morning for a public hearing on the tax rate for the 1991-92 year. No one appeared to protest the tax rate requested of 10.5 cents. The motion was made by David Nichols and seconded by David Tyler to approve the rate.

In other business a request from Dr Jeffrey Young to be on courtesy staff was denied because of the distance that he resides from

the hospital.

An indigent application was denied because income exceeds guidelines.

Delinquent accounts in the amount of \$59.80 was turned over to HRS and delinquent accounts in the amount of \$3,982.65 to be turned over to Retail Merchants was approved.

Attending the meeting was Administrator Maritta Reed, Jack Alexander, David Tyler, David Nichols and Becky Warren.

## Amigos 4-H Club installs new officers at meeting in Park

# 'Rendezvous of the Arts' gives Founder's Day western flair with distinguished artists

## Jim Beville sculpts the West

Among the more than 45 artists signed up for this year's "A Rendezvous of the Arts" at the Post Community Center October 11 and 12 will be distinguished sculptor Jim Beville of Tucumcari, New Mexico.

Held in conjunction with the Fifth Annual Founder's Day Celebration, "Rendezvous of the Arts" puts artists and artisans from all over the Southwest under one roof to present an art experience through a variety of subjects, styles and media. Sponsored by the Caprock Cultural Association, "Rendezvous of the Arts" will be open to the public at the community center from 9 a.m. to 6 p.m. Friday and Saturday.

Beville, originally from Clarksville, Texas, lives in Tucumcari and has been sculpting for the past 15 years.

In 1989 and 1990 he participated in eight art shows in New Mexico and Colorado, winning best of show three

times, six first places and numerous other awards.

"That's one of the secrets to becoming successful in the art field," Beville says, "you have to become known...and the way to do that is to enter as many art shows as you can."

"You have to get to know the people, the judges, the other artists, the buyers, the gallery owners. Make yourself and your work visible," he adds.

"You've heard of starving artists...well, the words apply. A gallery will make more off an artist's work than the poor artist will," Beville continues.

He calculates that an artist who works in bronze will spend approximately 200 hours on a table top size sculpture. "The smaller the size of the work...the harder it is to do," he comments.

"The larger, the easier... details, everything is easier. I usually work on two or three pieces at the same time, and then I pour the bronze for all of them at the same time," the artist adds.

There are no more than 30 pieces poured of a sculpture. Each is dated, numbered and copyrighted.

"That protects the artist and the collector," Beville emphasizes, "the last piece to come from the mold is the most expensive for a buyer. That's because there will never be another from that mold. It's broken and destroyed."

He normally sells three or four pieces per year and says that it's not the money that keeps him sculpting.

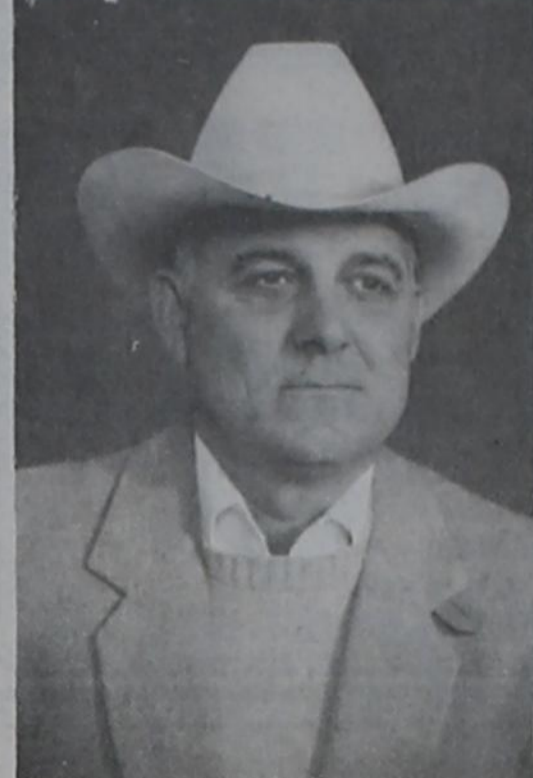

"It's just something that I really love. And I'm pretty much my own boss."

Beville graduated from Clarksville High School in 1962 and began training cutting horses as a professional while attending Texas Tech University. He stayed with cutting horses until 1975, when he switched to training and racing thoroughbreds.

He continues to raise quarter horses and thoroughbreds, and is a life member of the National Cutting Horse

Association. He is also trainer-licensed in five states.

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 5, 1991

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retardation

institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

### PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of each major political party; two

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

### PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

### PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least two-thirds of the members of each house, during any regular session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

The proposed constitutional amendment is similar to the version of article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the exemption if its bylaws provide that

### PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

## Justiceburg First Baptist Church schedules revival

A revival meeting will be held at the First Baptist Church in Justiceburg September 22 through 29 with weekday services at 7 p.m. and Sunday services beginning with Sunday School at 10 a.m. and worship at 11 a.m. and 6 p.m.

Morris Pruitt, pastor of New Home's First Baptist Church, will preach September 22-25.

Dale Dozier of Midland will preach September 26-29. Jim Jackson of Post will lead the singing.

Pruitt, a former missionary to Togo West Africa, has been pastor eight years in Guymon, Okla. He is married and has three grown sons. Pruitt is a graduate of Wayland Baptist University and Southwestern Baptist Theological Seminary.

Dozier has been pastor in Arizona, Indiana and Texas. He was pastor at Justiceburg from 1962 to 1964 and also pastor of Calvary Baptist Church in Post. He is married and has four children. Dozier is a graduate of Decatur Baptist College and Texas Wesleyan in Fort Worth. He taught the sixth grade for two years in Fluvanna.

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

### PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

### PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

Today is Garza County Health Fair. Please join us and receive educational information on many health concerns. Several screenings are available free of charge, others for a small fee. We'll be open until 6 p.m., so join us when you can -- lunch hour, break time,

or after work.

**Packing a safe school lunch**

Whether it's in a brown bag, a lunch box or a tote bag, many children will carry a school lunch every day. Often when kids come home with the stomach cramps, diarrhea or even vomiting, it's diagnosed or dismissed as "just a bug going around." And indeed it may be a "bug," but not the "flu bug" often suspected. The "bug" may be foodborne illness.

Packing a carried lunch does require some food safety precautions especially since the lunch may be standing at room temperatures for several hours before being eaten. Bacteria that cause foodborne illness live and grow at room temperatures. In fact, between temperatures of 40 degrees Fahrenheit and 140 degrees F., enough bacteria can grow in two hours to cause illness.

The key to packing a safe lunch is "keep hot foods hot, cold foods cold, and everything clean." Here's why and how:

\* Some foods need to be kept either cold (below 40 degrees F.) or hot (above 140 degrees F.)

These are the perishable foods like meats, poultry, seafood, eggs and milk products (including yogurt). In fact, any moist protein-containing foods are susceptible to bacterial growth because the bacteria that cause foodborne illness need a food source, protein in this case, and moisture to grow. Meat salads like ham, chicken or egg are especially susceptible to food germs because they are handled a lot during preparation and hands can spread germs. If cooked, ready-to-eat lunch meats are a sandwich choice, pay attention to "use-by" dates. These products may contain a special type of bacteria that can grow slowly at refrigerator temperatures.

\* Ideally, you should store lunches in a refrigerator to keep them cold, but this often is not possible. Lunch boxes, especially insulated ones, will generally keep foods cold much better than paper bags. Cold devices such as a commercial freezing gel, a container filled with ice or a frozen drink will help keep lunch contents chilled. Advise children to place their lunch in as cool a place as possible, never in a window ledge in the sun.

\* To keep foods hot for several hours, a thermos designed for hot foods will work. Be sure the thermos has been adequately washed before each use. Before pouring a hot food in, rinse the thermos with boiling water. Bring the food to as high a temperature as possible before pouring it into the thermos. The food should be hot to touch when eaten.

\* Keep everything clean when preparing lunches to avoid spreading bacteria that cause the illness. Be sure that utensils, hands and work areas are clean. Wash food containers, including the thermos and lunch box itself, after each use. Wrap foods in clean wrap. If using brown paper bags, use ones purchased only for that purpose. Bags which have carried groceries may already be contaminated from insects or food leakage.

Occasionally, foods that don't need to be kept hot or cold may be a desirable lunch choice. These foods include dry meats such as beef jerky, peanut butter, and some non-perishable cheeses and cheese spreads. Canned meat, poultry and seafood products that

can be opened and eaten immediately are other options, as are fresh fruits and vegetables, breads and cereals and nuts. Some packaged ready-to-eat foods now on the market in individual size servings, such as canned fruits and puddings, make a nice addition to a carried lunch.

\* Keep everything clean when preparing and packing lunches.

\* Plan a balanced menu of

healthy foods that have been properly prepared. Be sure meats are thoroughly cooked. Avoid using leftovers that have been in the refrigerator for an extended time.

\* Keep hot foods hot and cold foods cold. Don't allow these foods to remain at room temperatures for more than two hours.

\* If perishable lunch foods aren't eaten, throw leftovers away.

**Garden Club eats the daisies...**

by Margaret Barley

Really, it wasn't daisies, but it was awfully close. It was rose petals. That's close enough.

Jewel White and Marion Wheatley hosted our first meeting September 12th, a salad supper at Jewel's. It was great! And believe me, we "gardeners" have enough experience at "eating meetings" to be pretty fair judges of great! Ask anyone there -- Annie Laura Francis, Gladys Blair, Shorty King, Thelma Epley, Alma Williams, Ida Jones or Carlene Kyle, (the last to arrive, and she's a teacher - shame). Eloise Gordon started the evening as a guest but was a member by the time she left and Edna Owen has become an associate member. You think we're not trying to corner the market on good cooks!

Always thought a good meal, with good friends, made sharp-tongued people soft-spoken, nervous people calm, and grippy people pleasant. This group added a new dimension to dining. Rowdy doesn't even start to describe this

group Thursday night. Poor Gladys, her first night as president. She had to rap rap a pill box on the table more times than I want to say to get them settled down enough to have a business meeting, and during the meeting had to again resort to the pill box to be heard. Think of the consequences if no one had had to bring a pill!

Back to the rose petals. Gladys brought this dish of pale pink crispie wafers. As she passed them out I heard, "I like it but neither my nose nor my taster tells me what it is", and, "I'll eat it if it's roses, but not if it's dandelions." Turned out to be Crystallized Rose Petals and they were very good. Gladys also handed out a number of other flower, (not flour), recipes taken from the book, "Cooking with Flowers" by Zack Hanle. Most of them look quite tempting, but the one for Gillyflower Sauce is another matter. Don't know what kind of flower a Gilly is -- but I do know I don't want none, just by the name.

### Woman's Culture Club

by Katharine Cathcart  
The Woman's Culture Club opened its 1991-92 club year Wednesday, September 11, at 2 p.m., in the parlor of the First Christian Church. Hostesses were

Dorace Wilson, Maxine Earl and Donna Craig.  
Invocation was given by Lillian Potts.

Donna Craig, club president, gave the welcome and asked that each of us sign a get-well card for Doll Hair.

Maxine Earl, yearbook chairman, presented members yearbook inserts for the new year.

Mrs Earl introduced the speaker, Dr S.M. Kennedy, Political Science instructor at Texas Tech University.

Dr Kennedy was very informative in his discussion of Russia, its recent coup and the current problems this nation is facing.

His discourse on Russia's geography and its vast domain and the history of Russia from its pre-Czar era to the present was most enlightening and though provoking. It will be interesting to watch Russia's further developments.

Katharine Cathcart read the song "It Makes No Difference

Now," by Floyd Tillman and Jimmie Davis, former governor of Louisiana. Katharine recalled that Floyd sat in front of her in Miss Lois Clark's fourth grade (in the old rock grade school building). She stated that both Floyd and she were popular in the spelling bees in Mr Darwin Hill's sixth grade. Floyd is seen occasionally on "Austin City Limits," PBS, Channel 5.

Delicious refreshments were served to Mr Kennedy and to club members: Lillian Potts, Lois Cook, Peggy Ellis, Joyce Strubhart, Donna Craig, Maxine Earl, Dorace Wilson, and Katharine Cathcart.

Peggy Ellis and Isabel Stelzer will be hostesses for the next meeting Wednesday, September 25, at 2 p.m.

### Card of Thanks

We would like to thank Fiestas Patrias for their consideration during the funeral service held Saturday at Justice-Mason Funeral Home.

Justice-Mason Funeral Home  
Janet & Dee Justice

We want to express our thanks to our many friends for the phone calls, cards, flowers and prayers while we were away in Oklahoma and during the loss of our precious son and brother, Bobby. Many thanks to Dr. Wilson, the nurses, and the ones that looked in on Oscar while we were away. Thanks for the visits and food that has been brought in since we got back. In a time like this is when we need friends and they have been there for us. God Bless each and everyone one of you.

IN RE:  
**PETITION OF WILLIAM VINSON ODEN AND DOROTHY MAE ODEN TO PERPETUATE THE TESTIMONY OF JERRY D. GRAVES AND TY GRAVES IN THE 106TH DISTRICT COURT OF GARZA COUNTY, TEXAS NOTICE TO EXPECTED ADVERSE PARTIES**

NOTICE IS HEREBY GIVEN that William Vinson Oden and Dorothy Mae Oden, whose address is 815 S. 16th Street, Slaton, Texas, have filed a Petition in Cause No. 4675, in the 106th District Court of Garza County, Texas requesting the authority to take depositions to perpetuate the testimony of Jerry D. Graves, Route 1, Box 222, Slaton, Texas and Ty Graves, 920 W. Lynn, Slaton, Texas.

The substance of the Petition is as follows:

(a) The Petitioners anticipate that they will have an interest in a lawsuit to be filed, such lawsuit involving the wrongful death of Petitioner's son, Brent Oden, deceased.

(b) The Petitioners intend to obtain the testimony of Jerry D. Graves and Ty Graves, the substance of which is the circumstances surrounding the death of Brent Oden, deceased.

(c) The Petitioners desire to perpetuate such testimony for the following reasons: Jerry D. Graves and Ty Graves will not agree to be voluntarily interviewed by attorneys for Petitioners, and Petitioners have no other way of obtaining the information necessary to pursue a legal action.

Parties expected to be interested adversely, but whose names and addresses are unknown are contractors, engineers, architects, designers, and manufacturers who designed, installed, manufactured, and repaired the machinery and equipment which were the instrumentalities of Brent Oden's death.

NOTICE IS FURTHER GIVEN that a hearing will be held on such Petition on the 30th day of September, 1991, at 10:00 o'clock, A.M., in the Courtroom in the 106th District Court, Post, Garza County, Texas.

Issued the 6th day of September, 1991.

### NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Garza County Commissioners Court will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1990 by fourteen and 28/100 percent (14.28%). Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be on September 24, 1991 at 10 a.m. at the courthouse.

**FOR** the proposal: Sam E. Ellis, Herbert Walls, Albert Stone, Giles Dalby  
**AGAINST** the proposal: John Valdez  
**PRESENT** and not voting: None  
**ABSENT:**

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on September 11, 1991. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the taxable value of your property.

	Last Year	This Year
Average home value	\$20,000.00	\$20,000.00
General exemptions available (amount available on the average home, not including senior citizen's or disable person's exemptions)	-0-	-0-
Average taxable value	\$20,000.00	\$20,000.00
Tax rate	.175	.20 (Proposed)
Tax	\$35.00	\$40.00 (Proposed)

Under this proposal taxes on the average would increase by \$5.00 or 14.28 percent compared to last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would increase \$.025 per \$100 of taxable value or 14.28 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

The Garza County Treasurer certifies that Garza County has spent \$20,000.00 in the previous 12 months beginning October 1, 1990, for the maintenance and operation cost of keeping inmates sentenced to the Texas Department of Criminal Justice. Garza County Sheriff has provided information on these costs, minus the state revenues received for reimbursement of such costs.

### NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Post I.S.D. will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1990 by .4753 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 25 at 1:00 P.M. in Post ISD Library

**FOR** the proposal: Pru Basquez, Mark Kirkpatrick, Dan Hodges, Rex Cash, Barbara Hardin, Gary Workman, Ronnie Gradine  
**AGAINST** the proposal:

**PRESENT** and not voting:

**ABSENT:**

The statement above shows the percentage increase the proposed rate represents over the Effective tax rate that the unit published on August 28, 1991. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	20,000.	20,000.
General exemptions available (amount available on the average home, not including senior citizen's or disable person's exemptions)	5,000.	5,000.
Average taxable value	15,000.	15,000.
Tax rate	.8293	.415 (proposed)
Tax	124.40	62.25 (proposed)

Under this proposal taxes on the average home would decrease by \$ 62.15 or .49959 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would decrease by \$ .4143 per \$100 of taxable value or .49959 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

# Tigers swamp 'Lopes in 42-7 romp at Slaton

by Wes Burnett

It took only five plays early in the first quarter for the Slaton Tigers to set the pace in last Friday's inter-city rivalry as the Post Antelopes were unable to find the defensive or offensive keys to take control of the 42-7 loss there.

The lone Post touchdown came late in the third quarter when a roughing the passer penalty against the Tigers set up a 'Lope first down at the Slaton 37. The penalty nullified a Slaton interception of a Jim Riley Simpson pass attempt.

On third down from the 36 Simpson rolled to his left and lofted the ball high to Michael Harper who was running full speed from his right to left on a crossing pattern. Harper bobbled the ball, but managed to bring it in and then outran the defenders to the end zone. The 'Lopes trailed 36-7 after Shane Horton's extra point kick.

It was a Post crowd pleaser after almost three fourths of a game punctuated with dropped passes by receivers and missed opportunities.

Following the ensuing kickoff, high stepping and high scoring Joe Williams hit the right side of the Post defense on second down from the Slaton 42 and was slammed by a hard charging Hiram Gutierrez. The ball popped loose to the ground and an alert Kelly Line pounced on it for the 'Lopes.

On first down Simpson rolled to his right, throwing a pass to Harper at the 44. The sophomore quarterback got up very slowly, favoring his right shoulder. Post called a time out as Simpson nursed his shoulder to the sideline.

He was later taken to Lubbock for X-rays, and is suffering from a strained or pulled muscle in the right shoulder. He is expected to return to action in a few weeks.

Antelope head coach Dewayne Osborne hustled Damon Curtis into the huddle to call signals for the 'Lopes.

Early in the fourth quarter Curtis had led the Bold Gold to the four yard line, behind the strong running of tailback Brandon Bird, Hiram Gutierrez and Michael Self. During the effort Curtis completed a crucial fourth down pass to Self, who broke through tacklers on second effort to get the first down yardage at the Slaton 23.

A first down effort over left guard set Bird back and then Curtis found Self again, who burst forward to the nine for a first and goal. Curtis then lofted a pass to Gutierrez who managed to get to the four. On second down Bird was swallowed up by the Slaton defense for a loss to the six, an illegal motion penalty set the ball back to the 11 on an third down Curtis threw the ball into a crowd near the end zone and Slaton's Michael Jones picked it off to kill the threat.

The Tigers took control and scored on a reverse later from the Post 47 yard line, ending the scoring at 42-7.

The Antelopes had trouble on defense getting solid tackles on Williams and Kevin Canady.

The Tigers scored the second time with 11:29 left in the first half, then capped off the first half with another touchdown with 14 seconds on the clock.

The third quarter opened up looking good for the Antelopes as Bird caused a fumble on Slaton's first attempt from scrimmage as Williams was stripped of the ball and

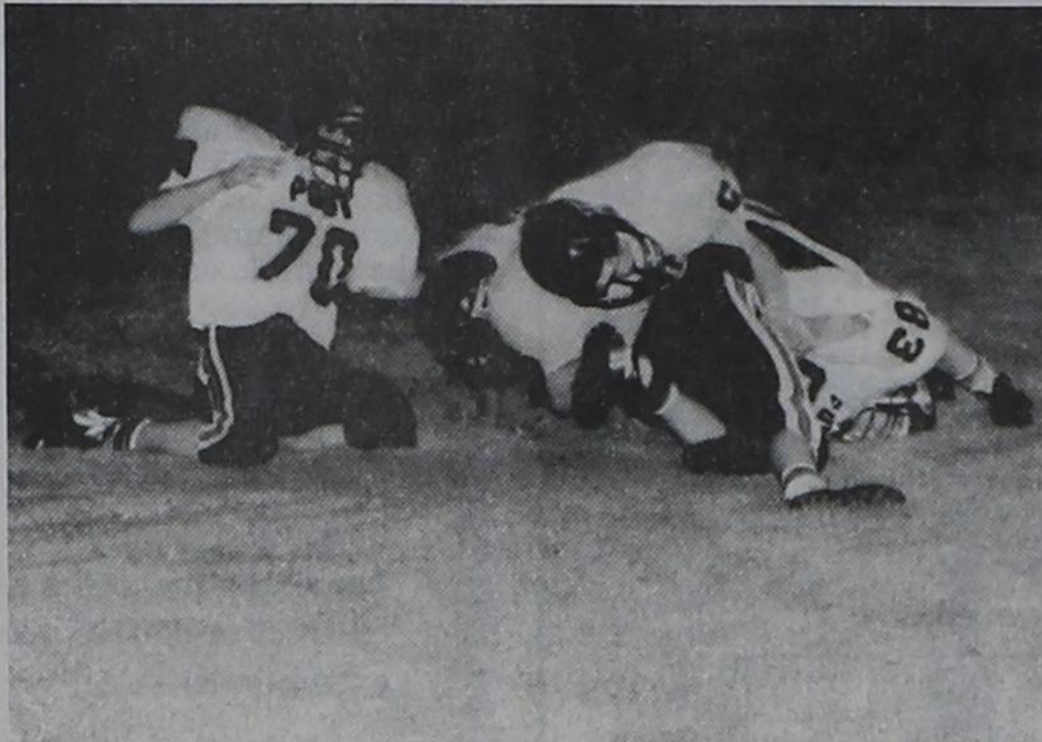

Anthony Cruse claimed it for the visitors at the 30 yard line.

Bird ran with authority, hitting the right side twice to the 21 and then on third down got a first down at the 19. On second down he went over left guard, breaking tackles to the 12. Then disaster struck on second down from the 12 Simpson lost the football and Slaton recovered at the 13.

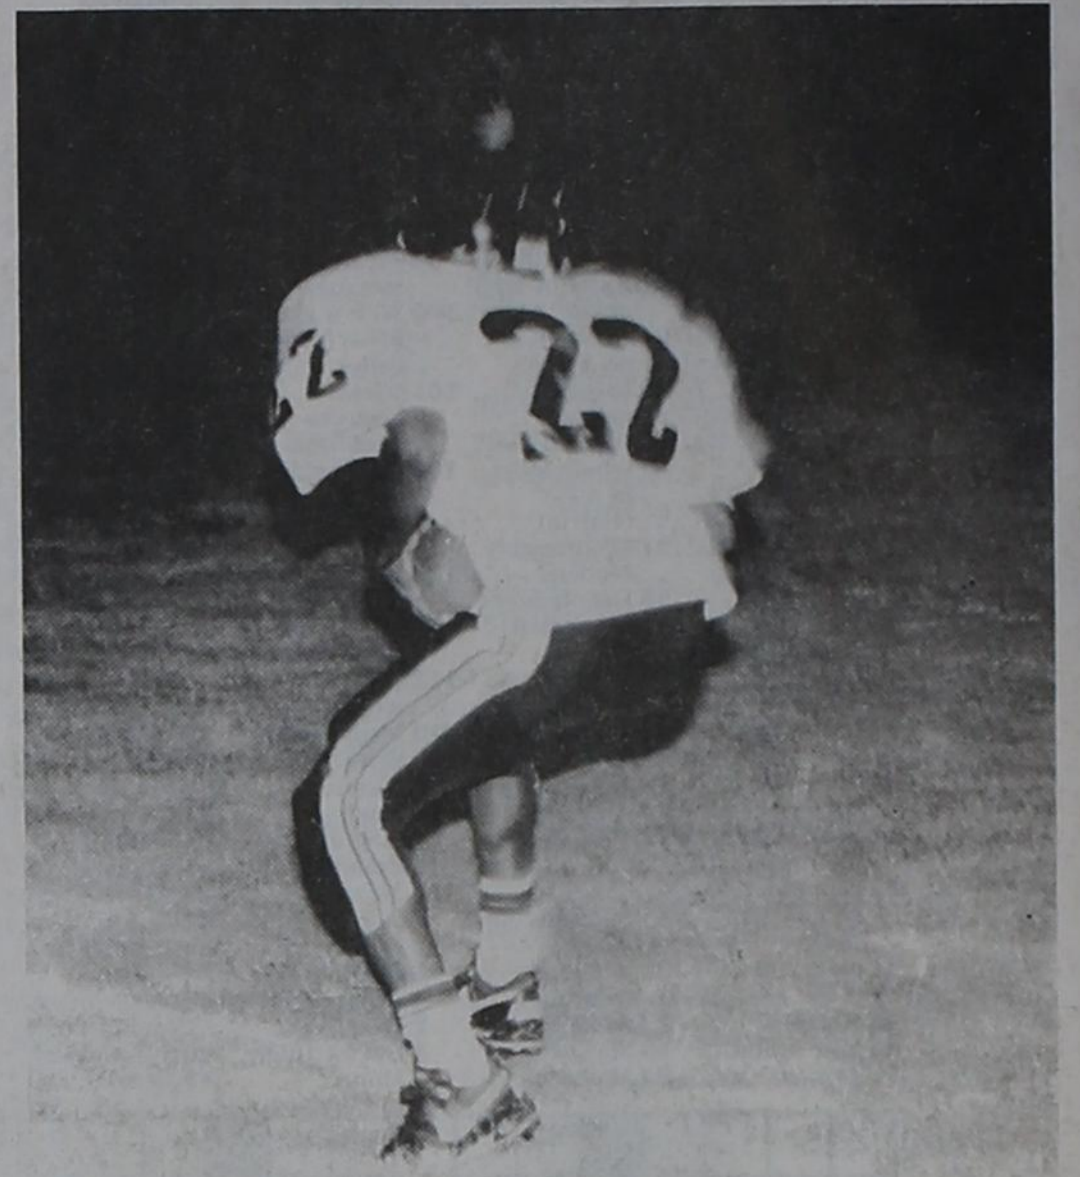

Two plays later the Tigers led 28-7 as Post defenders took the inside rush and Williams raced to the outside, behind great blocking, down the right sideline to the end zone.

After Post tried again and punted, Slaton's quarterback Shaye Murphy found Andrew Jones over the middle on a pass, and the swift running back broke through tacklers and raced 50 yards to the end zone. The Tigers led 35-0 with 6:21 left in the third quarter.

The Antelopes travel to Big Spring Friday to take on Reagan County with an 8 p.m. kickoff.

## Big, fast and experienced Owls test Antelope confidence Friday

by Wes Burnett  
Coming off a 45-7 loss to Slaton, the Post Antelopes head for Big Spring Friday for an 8 p.m. showdown with the Reagan County Owls, who are "the best team we have seen this year," Antelope head coach Dewayne Osborne says.

"They are big and their running backs are fast," he added.  
"Kevin Gatewood looks like he's ready for Sunday afternoon football," Osborne says about the 315 pound, 6'4" junior defensive lineman.  
"What we need is a dose of confidence," Osborne continues, "I know our team is better than the scores show, they are a good group and all they really need is to build a little confidence."

Osborne knows that Friday night in Big Spring will be a tough way to build confidence. The Owls annihilated Ozona 41-7 in their opener and last week crushed McCamey 28-0.

Osborne reports that sophomore quarterback Jim Riley Simpson is recovering from a strained or pulled muscle in the right shoulder and will not play this week. "We're not sure when he'll be ready," the coach says, "it'll just be a week to week situation."

Junior quarterback Damon Curtis, who saw action at Slaton last week following Simpson's injury, will start for the Antelopes.

Staring down the line of scrimmage at Curtis and the Antelopes will be Gatewood and 200 pound sophomore Juan Rivero, along linebackers Nuno Rivero, Robert Barrera and Jeffere Ellison. Pedro Rodriguez and Tony Farmer will anchor the ends on defense.

Working with the wishbone formation, the Owl offense uses the talents of junior 170 pound quarterback Jackie Hill who runs the option with precision.  
Fullback Nuno Rivero and tailback Shi Flow both have great speed and run the sweep extremely well.

Junior wingback Pat Christen and ends Lorenzo Florez and Shane Mobley are favorite targets on pass plays.  
On the line are senior 240 pound Cleon Black, sophomore 200 pound Juan Rivero, 186 pound junior John Marc Henderson, 158 pound senior Doug Garner and 166 pound junior Robert Barrera.

Osborne's quote of the week to the players is from the famous Green Bay Packers coach Vincent T. Lombardi, "The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather in a lack of will."

"We need to get more consistent on offense," coach Bart McMeans comments, "we will look good on some plays and horrible on others. We just could not get anything going."

"Our defense played great, Slaton does a lot of different things offensively, but we didn't let it bother us," the coach adds.  
The young 'Lopes scored first on a 15 play, 73 yard drive with Russ Bird carrying the ball five times for 30 yards. Bird scored the touchdown from four yards out and Lance Clay went in for the two point conversion.

The second score came on a 33 yard interception and touchdown return by Brad Lawson. The two point conversion attempt failed.

McMeans specifically praised the defensive efforts of Pete Torres, Russ Bird, Mark Espitia, Noe Gomez, Lucas Walls and Ray Perez.

The freshmen will host Shallowater's freshmen Thursday with a 6 p.m. kickoff. Sophomores on the junior varsity may see action with the varsity Friday night at Big Spring.

## Post 8th graders edge Slaton 16-14

The Post 8th grade football team came home Thursday on the winning side of a 16-14 win over Slaton in the first outing for both teams this year.

"We felt if it was close in the fourth quarter, we would win," coach Darrell Radle commented. "Slaton has a good team, our kids showed a lot of character and played good, tough football."

The young 'Lopes lost the yardage battle, giving up 303 yards and collecting 211.

The first Post scoring drive was at the end of a six play, 55 yard effort. Raymond Garza went in the final 12 yards for the touchdown and David Quintana got the two point conversion on three yard run. That tied the game 8-8 as Slaton had scored on its opening possession.

In the third quarter the young 'Lopes scored on a seven play, 57 yard drive with Garza again getting the final call from four yards out. Bodie Simpson added two points on with his three yard conversion run.

Slaton scored again in the fourth quarter, but the Post defense stopped the two point effort.

The team travels to Shallowater Thursday.

## Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$5 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

### Movement to draft H. Ross Perot

Retired Tampa businessman and political activist John J. "Jack" Gargan has just announced a campaign to draft self-made Texas billionaire H. Ross Perot for President in 1992. "Mr Perot is too modest a person to seek the office, but I believe he is too much a patriot to refuse a genuine draft", says Gargan.

with his "Mad As Hell, and Not Going To Take It Anymore" ad campaign protesting the sins of congress and asking for the ouster of all incumbents. He is the founder of T.H.R.O., Inc. (an acronym for Throw the Hypocritical Rascals OUT!), but emphasizes that the draft Perot idea is a personal venture, and is not connected in any way with the T.H.R.O. campaign.

Mr Gargan gained national notoriety during the 1990 elections
