Trustees name consultant for superintendent search

Citizens invited to serve on redistricting advisory committee

by Wes Burnett

Meeting in a special called session Thursday, May 21, members of the Post Independent School District board of trustees approved the selection of John Townly of Roanoke, Texas to serve as a consultant in the search for a superintendent.

Long-time superintendent Bill Shiver plans to retire in January 1993.

Before taking the vote on the consultant, trustees met in executive session to discuss the issue.

Trustee Jeff Lott presented a briefing to the board, explaining Townly's background and qualifications as a consultant. Townly, a retired superintendent who also teaches at North Texas State University, was Borden County ISD's consultant in its recent search and hiring of a superintendent.

Lott said that Borden County trustees were pleased with Townly's services

and highly recommended him.

Post ISD board of trustee president Barbara Hardin emphasized that all applicants will be considered and the board agreed that applicants for the position will be requested to submit inquiries directly to Townly.

"That does not preclude us from interviewing other candidates," Hardin said, "but it makes it fair for all applicants."

The consultant accepts only one school district search at a time and has just recently completed an assignment. "He does not make his living from this," Lott added.

Townly will be visiting Post June 15 to hear ideas from citizens and from board members in meetings here.

After these meetings, Townly will prepare a general description of the desired qualities the board expects of the new superintendent.

The board expects to spend approximately \$6,900 for the consultant's services.

In other action the board issued invitations to citizens to serve on a redistricting advisory committee.

Invited to serve are Sylvia Greathouse, Nancy Thuett, Stanley Butler, John Boren, Thressa Harp, Robert Lopez, Noah Gutierrez, Dale Redman, E.A. Howard Jr., Lino DeLeon, Prudencio Basquez, Arthur Kelly, Bessie Lee, Maggie Bohn, John Valdez, Leslie Looney and Jimmy Valdez.

Committee members are also being invited to attend a special redistricting seminar in Midland on June 1.

Attending the special meeting were trustees Hardin, Lott, S. Rafe Foreman, Mark Kirkpatrick, Gary Workman, Royce Hart and Rex Cash.

Loans to aid farmers in Texas

by U.S. Senator Phil Gramm

U.S. Senator Phil Gramm has announced that farmers in four Texas counties are eligible to apply for low-interest emergency loans to help recover from damages and losses to crops due to adverse weather conditions during the 1991 crop year.

The four counties eligible for the loan assistance are Crosby, Garza, Hill and Stonewall counties.

For those who cannot obtain credit through normal channels, the U.S. Farmers Home Administration will make loans available at below-market interest rates to family farmers.

In addition to the above counties, 17 other Texas counties have been named as contiguous counties and therefore are eligible for assistance. The counties affected by adverse weather conditions are Borden, Bosque, Dickens, Ellis, Fisher, Haskell, Johnson, Jones, Kent, King, Knox, Limestone, Lubbock, Lynn, McLennan, Navarro, Scurry Counties.

Summer vacation is about to start

The last bell has rung for the school year. Students are happy summer vacation is here and the fun begins. Many children forget the rules of safety as they have their minds on having fun for the summer.

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety, is asking all Texas motorists to drive with extra care this time of year. He said, "Long trips across our state can be very stressful on all occupants in the car. Frequent rest stops should be used to let the children run off some of their excess energy. Remember, to protect everyone in your car by using your safety belts."

Major Cawthon also reminds us to be extra careful to keep alert while driving in residential areas. Children seem to forget about the traffic around them and run into the roadways unexpectedly, not realizing that oncoming cars are in the area. Since, the younger children do not know the law, it would be wise to always expect the unexpected and be prepared to give them the right of way.

Major Cawthon said, "In order to make this an accident free summer vacation, motorists need to take a more mature attitude towards safe driving. Let's all remember to slow down a little and live a lot by driving defensively each and every day of this summer while school is out."

SHANE HORTON (center) has signed a letter of intent accepting a football scholarship to Howard Payne University in Brownwood. Joining Shane in the signing last week are his mother Debbie Morris (left) and coach Dewayne Osborne.

Dept. of Transportation recognizes seven Post employees for service

Seven Post employees of the Texas Department of Transportation were recognized at the annual Awards Day ceremony May 12 in Lubbock as they were presented awards by District Engineer William (Mel) Pope.

Receiving awards were Raymond Bagby Jr, 21 years safe driving; Marion Cruse Jr, 12 years safe driving; Arnold Fry, nine years heavy equipment; Felipe Gutierrez, 12 years safe driving;

Jerry Moore, 25 years service, 20 years safe driving and no lost time personal injury accidents in year 1991;

Gomer Peppers, 19 years safe driving and James Wise, five years service.

"Some changes this year are regarded to safety," Pope said. "Everyone who operates heavy equipment was required to pass a difficult test to receive their commercial driver's license and I commend you for your effort in completing that requirement," he added.

"Our overall accident rate is down and this is encouraging," Pope said, "we urge all of you to work safely to keep our accidents to a minimum." Pope was addressing more than 400 employees and guests at the event.

Girl Scout ceremony held

by Carol Tobias
Brownie Troop 47 held their traditional "flying up" ceremony last Friday, May 22. The ceremony, in which girls advance from Brownies to Junior Girl Scouts, took place in the Fellowship Hall at the United Methodist Church and included a potluck dinner for the families of the girls.

After the meal, troop leader Carol Tobias handed out badges earned by the girls as well as certificates of appreciation to family members who had helped with troop activities during the year.

The high point of the evening featured the girls passing through a ceremonial time machine marking the advancement to Junior Girl Scout. Assistant troop leader Tammy Gunn presented each girl with their girl scout pin. The newly promoted girls then performed the traditional candlelight ceremony, recited the Girl Scout Promise, and singing a song written by Hawaiian Girl Scouts entitled "We Change the World".

I'm a truck driver who had hip and back trouble for years, making me and my job miserable. Chiro has eliminated my pain and regular adjustments keep me that way.

Dr Dave adjusted me regularly and my dizzy head and shoulder pain have gone completely away. I no longer take the expensive medicine to control my dizziness, chiropractic works.

I thought relief for my problems was beyond hope. When I found Dr Dave and Chiro I learned different. I've felt better than I have in 10 years.

I'm a farmer in Floydada and chiro has eliminated my lower back problems that I've had trouble with for 40 years.

I have had chronic active hepatitis for three years. After one month chiro care my liver test was normal for the first time in three years.

I hurt myself in football off-season and I could hardly walk. In three weeks of chiro care I felt normal. I highly recommend chiro at Lifestyle.

Chiropractic is for kids too, it keeps them healthy and strong without medicine. If Mom and Dad are patients at Lifestyle, the kids are free.

Student accomplishments highlight award ceremony

by Mike Stearns
Emotions ran high as Post High School held their annual awards ceremony May 19 at the Post school's auditorium. Recognition for special accomplishments usually sparks some type of emotion. This year's award ceremony held some touching moments for the Teachers, Students, and audience.

Two particular moments stood out during the awards presentation. The first came when foreign exchange student, Jenny Martenssen from Blentarp, Sweden, was introduced to those in attendance. Martenssen told her classmates how much she had enjoyed her time in Post and thanked her host family, the Jay Pollards. Principal Joe Giddens, on behalf of the Senior class, then surprised Jenny with a class ring which she had been unable to purchase with the rest of her class. Jenny truly was surprised by the gesture and hugged Principal Giddens and classmate Misty Bartlett as tears expressed the feelings she had for her friends in this new country.

The second special moment came during the presentation of the scholarships to deserving seniors. The scholarship presentations began with a Baylor University Scholarship presented to Valedictorian, Jay Mitchell. Mitchell will be attending Baylor in the fall to take advantage of this special scholarship.

The presentation of the scholarships continued with happy, excited moments as the students came forward to accept the various awards. Then came the presentation of the Russell Wilks, Jr. Memorial Scholarship by Mike Bartlett. Mike had just spent the previous weekend rooting for his sister, Misty and the entire Post Girl's Golf team in Austin. Mike began his presentation by stating that this year the award would go to someone very near and dear to his grandfather's heart, and dear to his own. He then presented the scholarship, through tears and choked words, to his sister, Misty Bartlett. Brother and sister met up on stage and hugged each other, remembering their grandfather who had made the moment possible.

The scholarships ended with a new scholarship, the Ed Price Family Scholarship. The award of this new scholarship was made by this year's commencement speaker, Mr. Ed Price. Wendy Clay was the recipient of the scholarship.

Principal Joe Giddens said of the presentations, "I would like to extend congratulations to all of the students receiving scholarships and a very special thank you to the individuals and organizations who provided these scholarships."

The Valedictorian and Salutatorian for the class of 1992 was announced at the award ceremony. Jay Mitchell was announced as Valedictorian and Sara Hudman was honored as Salutatorian. Mr and Mrs PHS were also announced during the ceremony. The couple, chosen by their classmates, were Brandon Bird and Sara Alexander.

The award ceremony was also highlighted by two very important and special awards. Every year, awards are given to those students who attend class every day. The Perfect Attendance Award is one

that shows a special dedication. Two students, William Gutierrez and Michael Robertson, finished high school with four years perfect attendance. "Quite an accomplishment", said Principal Giddens of these two students. Perfect attendance awards were given to the following students:

Kids plan a way to help save the rainforests

by Natasha Heaton

Hi there! My name is Natasha Heaton and I would like to report a little piece of news.

There are some very thoughtful people as in Mrs Bell's, Mrs Ashley's, Mrs Aten's, Mrs Collier's, Mrs Greer's, Mrs Hammond's, Mrs Kyle's, Mrs Webb's, and Mrs Rasberry's class who saved up as much money as they could and bought a piece of land.

Their project was to save a part of the rainforests. And all their participation in this event ended up with \$90.59. That was enough to preserve fifty square meters. Those fifty square meters are in Costa Rica. That project was during the month of April Wildlife Week and Earth Day, which to be precise is April 24.

Kids did this because Rainforest soil is poor and we get one-half of our natural medicines from herbs and plants which are destroyed when trees are removed and cut down!

"Our Rainforests"
The habitat for many wild animals is gone when the rain forest goes which is making them extinct. Removing trees pollutes the rivers and lakes. The many homes for native people become extinct.

The delicate balance of the environment is upset!

There is so much CO2 and not enough oxygen. Students saved and collected money and gave to the rainforest.

They also sold small oak seedlings for people to plant and grow. They are more valuable as forest than land or timber because first of all rain soil is bad! Second of all, when trees are removed many animals are extended. People! Come on! Give us a hand!

If we don't do something now about our rainforests what will we have in the future? Think about it! Now! Do you see the possibility? If we all gathered around and did our part, gave a helping hand, we could do something about our rainforests! Just think about it people if we all did our part, you know we could save our rainforests and do many other challenges.

Methodist Church Annual Conference slated

United Methodists from across the Panhandle, South Plains, and Big Country regions will gather June 1-4 at the First United Methodist Church in Lubbock for the 83rd session of the Northwest Texas Annual Conference.

The Event, an annual meeting of clergy and elected lay delegates from United Methodist congregations, is the official business and policy making session for the denomination in the Northwest Texas geographic region.

Bishop Louis W. Schowengerdt, leader of some 80,000 United Methodists in the area, will preside over the conference for the twelfth - and final - time. The Missouri native will retire in August. His successor will be named in July during the South Central Jurisdictional Conference.

Attending the session representing the Graham Chapel United Methodist Church will be Joe and Alma Williams along with the pastor, Reverend Charles Addington. The Post United Methodist Church will be represented at the conference by Bill Collier, Alexa Collier and the pastor, Dr. James Bell.

The conference is scheduled to begin June 1 at 2:00 pm and will conclude at noon June 4.

Hard boiled eggs can be easier to peel if you plunge them into cold water, crack the shell and then roll the egg lightly between the palms of your hands.

TAKING AN ACTIVE part in protecting the earth's environment are members of MaryLynn Bell's fifth grade class. The class raised money to "purchase" a 50 meter section of Costa Rican rain forest to protect the area. Students participating in the project are (left to right) Kayla Huff, Ana Sanchez, Leona Fields, Scotty Gaydos, Dominic Saucedo, Mandy Leary, Jason Fields, Dustin Burchfield with their teacher Mrs Bell.

PROTECTING THE RAIN FORREST are members of MaryLynn Bell's fifth grade class. Displaying their certificates related to a Costa Rican rain forest are (left to right) Catrena Odom, Donna Montoya, Priscilla Bustoz, Amy Line, Tuwana Foster, Natasha Heaton, Rocky Gomez and Jonathan Smith. Not available for photo are Chris Saldivar and Adam Guerrero.

Lucky Clover 4-H News

by Shanna Pennell

The Lucky Clover 4-H Club held its final meeting for the year on Thursday evening at the City Park.

Shawn Pennell, president, welcomed special guests to the meeting. Lorry Ledbetter, Shayla Wallace and Labeth Jones gave demonstrations to the group. The girls will be presenting these

method demonstrations in district competition.

Election of officers for 1992-93 were held. Those elected were Shawn Pennell, president; 1st vice president, Labeth Jones; 2nd vice president, Shayla Wallace; 3rd vice president, Monte Humble; council delegates, Seth Pennell and Monica Schooler; alternates, Clay Johnson and Kelly Collier;

secretary, Amy Mason; reporter and treasurer, Shanna Pennell and sweetheart, Shayla Wallace.

John Senter informed the group of upcoming deadlines and camps. The meeting was adjourned and sandwiches were enjoyed by the group. The next meeting will be held in September.

SHS TENNIS team members this year are (back row, left to right) Heath Colbert, Roger Daugherty, Mark Dabila, (front row) Renee Saenz and Emmitt Amaya. (Photo by Serena Voss)

A very special "Thank You" to all the folks who helped with the benefit for Jimmy Smith. It takes a great deal of effort to have a successful benefit -- so --

To everyone who donated to the auction
To everyone who sold raffle tickets
To everyone who baked cakes
To everyone who fixed food for the meal
To T&G Welding for making the Bar-B-Cue Pit that was raffled
To West Texas Precision for making the Bar-B-Cue Pit that was auctioned
To BJB for making the Bar-B-Cue Pits that were auctioned
To the family who donated the 1/2 beef that was raffled
To all the workers who helped with the meal, the auction, the cakewalk, and the many duties it takes to make an event like this run smoothly.

To the musicians, locally-all three local bands were represented-and from Lubbock who donated their time to entertain for the entire afternoon and evening.

To the Oasis for furnishing the building and helping.

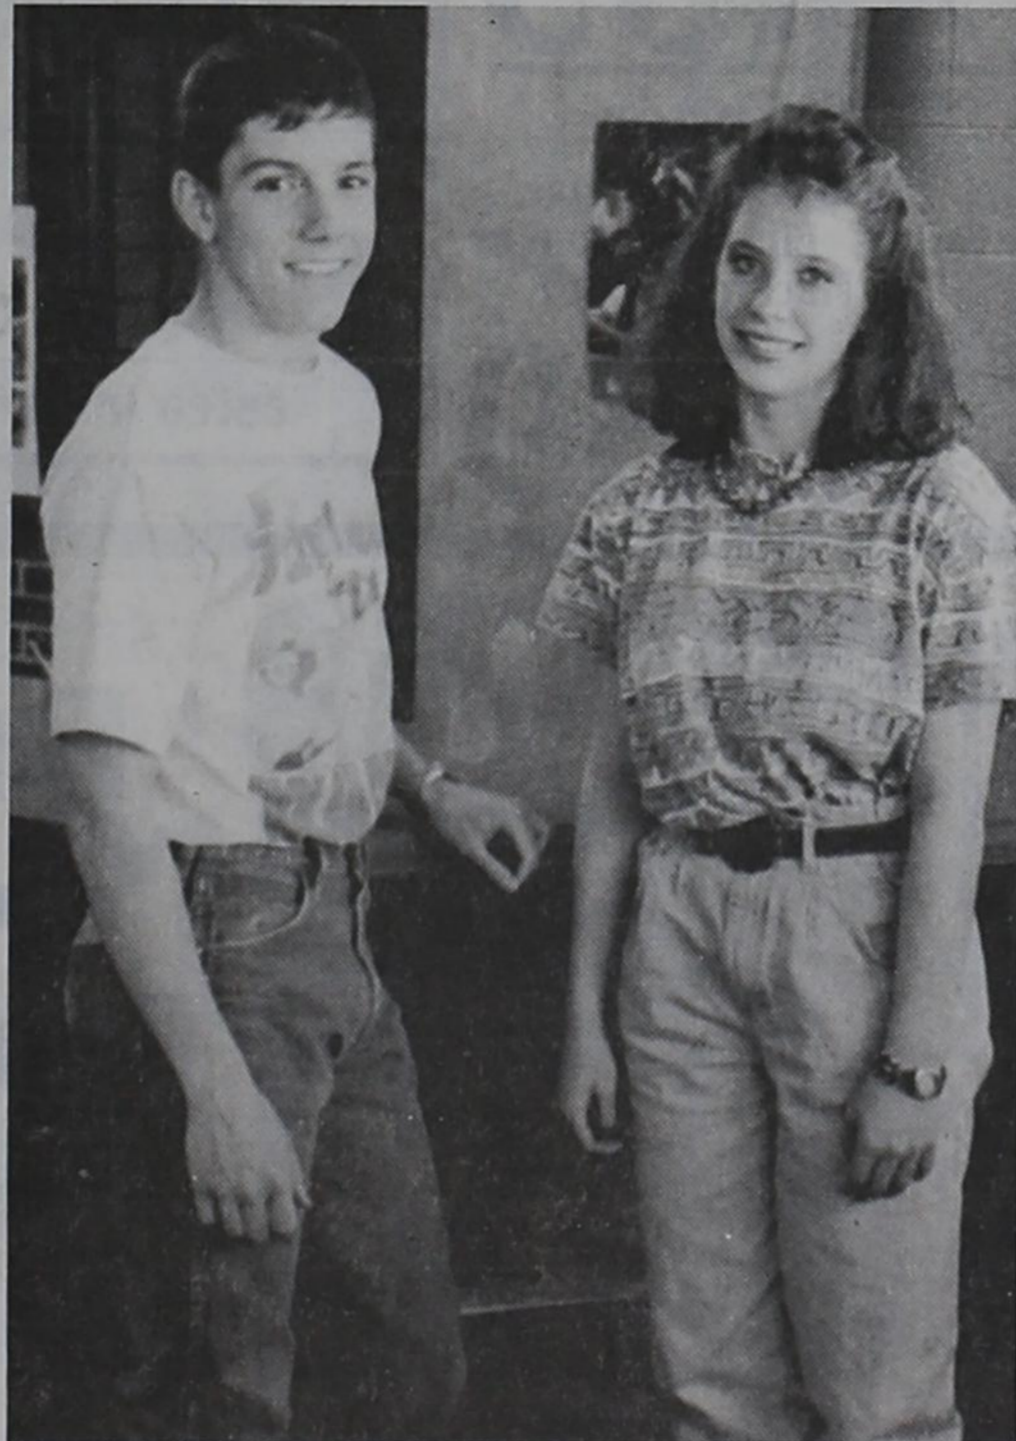

And especially to everyone who came and participated.

It has been said before, but it bears repeating... "Post is a wonderful community!"

Jimmy Smith and Family

Congratulations!

The family of Benjamin Ayala would like to express their deepest appreciation to all the friends and family who called, came by, sent flowers, sent food and other items, for your prayers and kind words, during our loss of Ben. We would especially like to thank the ladies of The Holy Cross Catholic Church for preparing and serving the meal for the family the day of the funeral. To everyone who took part in the funeral services a special thanks to you! May the "Good Lord" Bless each one of you in a very special way for all the love and kindness that you showed to Ben and his family.
Mike, Tereasa & B.J. Ayala & family

We want to express our appreciation for all the love shown our family during our time of sorrow for the loss of our mother, grandmother and great-grandmother, Irene Ammons. For all the food, cards, flowers, calls, thoughts and especially your prayers. A special thank you to Bro Jim Graham and the Church of the Nazarene and Terry Don Thomason, Charles & Cissy Doss, Tooter & Toni Ammons, Lewis & Jody Ammons, Grandchildren & great-grandchildren

The family of Jimmy D. Smith would like to thank everyone who contributed to the benefit held by Weldon Reed. Also for the meals and blessing so many people have graciously given to the family.
Thank you,
Jimmy D. Smith and family

We wish to thank all of the people who were so kind while Harold was in the

hospital. If you came to visit, if you sent a card, or if you said a prayer, Thank You!

Living on the Edge of the Caprock

by John R. Senter
Garza County Extension Agent - Ag
Beef Cattle Marketing Program

Area beef cattle producers will have the opportunity to participate in a unique program on Thursday, May 28. The program will be coordinated by our office and will be sponsored by Satellite Cattle Exchange, Ltd. Representatives from SCE will be on hand to present the program which will begin at 12 noon on the 28, at the Chaparral Restaurant in the Garden Room. Participants will be furnished with a buffet meal, compliments of SCE. The program is being coordinated by Keith Davis, local SCE rep. The possibility also exists for participants to actually take part in a planned sale that Satellite Cattle Exchange will be broadcasting during the same time frame. However, this part of the program depends upon satellite dish availability.

The idea of satellite broadcasted cattle sales was slow to gain popularity in the early development years. However, times has changed and this marketing avenue has become very popular to both the buyer and the seller. Research has shown that this means of marketing cattle for sellers has the following benefits: 1 - forward contracting cattle for future delivery without customary margin calls; 2 - exposure to nationwide buyers network; 3 - cattle are sold fresh, on the farm and still gaining weight and 4 - selling direct to the end user boosts selling prices.

Buyers have also come to rely heavily on videoed cattle sale because sales allow them to 1 - lower transaction costs due to trucking costs and shrinkage; 2 - bid on cattle from remote locations; 3 - reduce money and time searching for cattle; 4 - view large numbers of cattle at one time and, 5 - purchase healthier cattle that will have less exposure to disease.

Both registered and commercial cattlemen are urged to make plans to take part in the program and meal. Spring rains, winter moisture have started us on what could be a grazing year and this new marketing approach will offer beef producers a new insight into marketing. Make plans to be present for the program, the meal, and hopefully the actual sale on Thursday, May 28. Feel free to call our office if we can answer questions.

Women's Division hold meeting

by Sara Ault

The Chamber of Commerce Women's Division held their regular meeting at the Chaparral Steak House on May 20.

President Billie Cross called the meeting to order. The Treasurer's report was given.

Mayor Jim Jackson expressed appreciation to the organization for its community service.

Prior to closing the meeting, President Billie Cross reminded all members to continue saving UPS codes from Scott Towels for the Ronald McDonald House. These UPC codes are worth ten cents each for support of the Ronald McDonald House. All UPS codes must be turned in by June 15.

Members present were Linda Lewis, Iva Hudman, Sue Butterfield, Sara Ault, Ruth Martin, Nona Lusk, Billie Cross, Donna Craig, Lois Cook, Joyce Strubhart, Ruby Kirkpatrick, Nell Mathews, Marie Neff and Geraldine Butler. Guests present were Sandra and ViNay Strivner.

Rudd participates

Marine Lance Cpl Timothy J. Rudd, son of George and Judy Rudd, recently participated in a combined Australian and United States 50th Anniversary Commemoration of the Battle of Coral Sea aboard the aircraft carrier USS Independence, forward deployed to Yokosuka, Japan.

During a major sea battle in the Coral Sea May 4-9, 1942, two U.S. aircraft carriers supported by U.S. and Royal Australian task forces and U.S. Army Air Corps aircraft repelled an invasion of the Australian continent. The Battle of Coral Sea was the first allied victory in the Pacific. The Battle of Coral Sea anniversary events commemorate all military people who lost their lives in this significant battle.

Rudd made a port visit to Sydney, Australia.

He joined the Marine Corps in May 1990.

CONNECTIONS

"We take care of problems before you even know they're there!"

Larry King
Central Office Manager

You may not even know when your phone line goes dead. Because, if you're a GTE customer, chances are the line wasn't dead long enough for you to find out.

There are lots of reasons why your phone could suddenly go dead. It could be a frayed cable, or it could be a curious squirrel. Whatever it is, our 4-Tel* computer monitoring system immediately has identified the problem by remote control and, if necessary, has dispatched a GTE technician to the actual site of the break.

In other words, we're fixing the problem before it becomes a problem. And chances are, you'll never know your line was dead.

Our computer system doesn't wait for things to happen. By looking for potential problems before they happen, we can often repair them before you even become aware of them.

Because we know you value your telephone service by what you get. And that's why we at GTE are committed to making sure you get dial tone the first time you pick up the receiver and a ring each time someone tries to call you -- any time of the day or night.

You see, at GTE, it's not just communications we offer. We offer solutions. And just because there's a break in your phone line doesn't mean you have to hear about it.

THE POWER IS ON
