City faces possible \$30,000 fine on illegal sewer dumping

Problem centers around oil by-products seeping into sewer system

Council call for citizen help in cleaning up...

A potential fine of \$30,000 or more is facing the City of Post as a result of continued violations of Texas Water Commission rules governing illegal waste being dumped into the city's sewer system.

The fine and explanation of the problem was outlined in detail at the Tuesday, October 6 meeting of the Post City Council.

City manager Bob Turner reported that for several months the city has told the inspectors that "we are trying to clean up the problem, but that excuse will only work for just so long," Turner said, "and then we are going to be subjected to some steep fines."

The Texas Water Commission is also requiring the city to apply for a sludge permit, Turner told the council.

"If the citizens of Post would use the proper disposal methods," council member Larry Mills said, "the city could be saved a large fine."

Mills reminded the council that an oil disposal dump which meets state and federal standards is available for the public to use. The disposal facility is located at the back of the city maintenance building on South Avenue H, across from the fire department building.

"We don't know for sure where the contamination is coming from," Mayor

Jim Jackson says, "but we hope citizens will be careful and bring their used oil to our facility for disposal."

The mayor said that citizens should call city hall at 495-2811 to arrange a time for a city employee to be at the site to assist in the proper disposal.

Butch Davis of the Parkhill, Smith and Cooper engineering firm, reported that the application for a new landfill site is proceeding on schedule.

"The Texas Water Commission is pushing for the 'West Texas Exemption' for landfill operations," Davis emphasized. "That means we will not have to do a new soil study and will be able to submit data already on file."

Davis said he expects this development to speed up the application process for the landfill. He also reported that no liner would be needed if there is no danger of contaminating the water supply.

In other action, the council authorized a bid of \$8,650 to make needed repairs at the city-owned Garza Theatre building. Part of the cost of the repair will come from building insurance.

A group of concerned citizens expressed their frustration at noxious odors, apparently coming from oil by-products.

The issue centered around complaints about the Mid Plains Pipeline gas separation plant, located a few miles southwest of Post on the Gail Hwy. Jackson explained to the citizens that the matter was really out of the jurisdiction of the city, since the plant is located outside of the city limits, but added that it is an issue that needs to be reviewed.

Gary Workman, representing Mid Plains Pipeline, emphasized that the plant is operating in complete compliance with air quality regulations and, while the odor is unpleasant at times, it is not a health risk.

Attending the meeting were council members Maxine Conoly, Jimmy Holleman, Dan Lamb, Jim Schooler, Larry Mills, Mayor Jackson, city manager Turner, city secretary Wanda Wilkerson and city attorney Harvey Morton.

Post ISD trustees approve computerized cash register system for school cafeteria

A new computerized cash register system will be installed at the Post ISD cafeteria following action last week by the board of trustees at the regular meeting, Tuesday, October 13.

The board approved a proposal from Micro-Tech at an approximate cost of \$4,000 for the system, which has the capability of processing regular price, reduced price, free and adult meals.

The system uses special cards issued to individuals and will eliminate much of the manual processing in the current accounting method.

In other action board members heard a report from engineer Bill Stracener on the status of a variety of building repairs and maintenance projects. He was joined by engineer Jimmy May in explaining details on the projects.

No decision was made on a proposal for a "Cafeteria Plan" insurance proposal by Benefit Designs. The plan would provide for tax savings for employees for deduction of insurance premiums and child care expenses.

The board authorized the publication of bids for the purchase of a van and accepted the bid from Robert Benavidez of \$350 for the purchase of a used school district vehicle.

Board members approved the contract for superintendent Dr Bobby Bain, following review by the district's attorney.

Recommendations for transfer students, the textbook custodian, records management officer and appraisal calendar were also approved.

A list of substitute teachers and the English as Second Language program for the elementary school were approved following an executive session, listed on the agenda as personnel matters.

Dr Bain expressed his appreciation to the board for its work during the lengthy, five hour session.

"We have a good school system and a good school board," he emphasized, "I'm excited about being a part of it."

Present at the meeting were board members Barbara Hardin, Rex Cash, Royce Hart, S. Rafe Foreman, Mark Kirkpatrick, Gary Workman; Dr Bain and school principals Marita Jackson, Dan Rankin and Joe Giddens.

Founder's Day a roaring success!

Another successful Founder's Day weekend in Post was capped Sunday afternoon with the Ranch Rodeo Competition, with the Tongue River/Spur Headquarters taking top honors.

The Beggs Ranch placed second, followed by the Stoker/Kirkpatrick Ranch, 6666 Ranch, Macy Ranch, Guitar Ranch, Moorhouse Ranch and Powell Ranch.

Saturday's Ranch Rodeo Competition concluded with the Macy Ranch and Stoker/Kirkpatrick Ranch earning enough points to advance to the Sunday finals.

The top horse award went to "Monkey," owned and ridden by George Beggs IV.

The "Hard Luck" award went to Phil Guitar, who was thrown from his horse.

Sunday event winners included Tongue River/Spur Headquarters, team branding and double mugging; Macy Ranch, pasture roping; Beggs Ranch, team penning and Stoker/Kirkpatrick, Sugar Booger Back-up.

More than 1,100 people enjoyed the ranch rodeo during the two day event.

Penny Rains was recognized as Pioneer Lady and Victor Hudman as Pioneer Gent during the festivities Friday night at the "Black Tie & Boots" dinner and dance celebration at the S Bar J Ranch.

Approximately 400 people attended the gala event, hosted by Sherry and Jay Pollard at their ranch home. The painting, "Counting the Votes" by Duward Campbell, was purchased by the Canon Ranch of Lamesa.

The 12 gauge shotgun was won by raffle drawing by Jerry Mears of Lubbock.

A total of 48 bicycle riders participated and finished the routes for another successful Founder's Day bike event. All participants received commemorative t-shirts.

An estimated 2,000 to 3,000 visitors shared the fun downtown Saturday.

Post Main Street Project manager Barbara Hardin and all the volunteers can be mighty proud of this year's Founder's Day.

Letters to the Editor

As coordinator of the 1992 Rendezvous of the Arts, I would like to express my appreciation to all the volunteers who performed so graciously this past weekend.

The roles of hostess, cashiers, building chairmen are so important,

expressing a sincere welcome to our important artists and performers that travel to Post from many miles to display their tremendous talents.

The volunteers were on a constantly rotating schedule, taking their places without a hitch, carefully and beautifully performing various duties.

The artists, and performers were all amazed at the professionalism of our volunteers.

This is so impressive and makes these people want to return.

What can I say to these volunteers and the chairmen of the various committees that made the task of "putting on this show" so enjoyable.

Each committee chairman spent many hours on the phone arranging the help and work schedules.

Others provided a great deal of physical effort, their pickups, hammers and saws to enhance the Rendezvous decor.

I hope to have a complete list of volunteers in next week's paper, if I miss anyone, it is certainly not intentional but there were so many.

My appreciation to all of you again,

JoAnn Mock

Predator Referendum
Approaching

The Texas Sheep and Goat Raisers is sponsoring a referendum for predator control.

The balloting will be conducted in 111 West Texas Counties, designated as sheep and goat counties.

The election will be held Thursday, October 29 and voting will be conducted through County Extension Offices in the designated counties.

Any sheep and goat producer whose operation lies in the 111 designated counties is eligible to vote. Garza County is located in District number three for purposes of this referendum.

A producer is defined as anyone, regardless of age, who produces sheep and or goats within the referendum area and who would be required to pay the assessment. In my estimation, this would also apply to 4-H and FFA members.

In essence the referendum is aimed at providing funding for the added control of predators. The work to be done will be over and above any predator control programs which are currently in place.

If passed, the referendum would be funded through a \$0.20 per head fee, at the first point of sale to be paid by the seller, on all sheep and goats sold within the referendum area.

Ballots will indicate: first, whether or not the voting producer is interested in supporting the referendum dedicated to area-wide predator control.

Second, producers will vote for three directors to represent their district on the commodity producers board, provided the referendum passes.

The voting will be conducted on Thursday, October 29, in the Courthouse, from 7 a.m. until 7 p.m. and will be conducted by the Extension Office. Producers may vote only once and may vote in either the county of their residence (if within the referendum area) or the county in which their ranch headquarters is located.

Absentee voting is acceptable, and will be conducted by mail. All absentee ballots must be postmarked prior to midnight three days prior to the election date

(October 26). Absentee ballots can be obtained through our office and are to be mailed in a pre-addressed envelope, provided with the ballot.

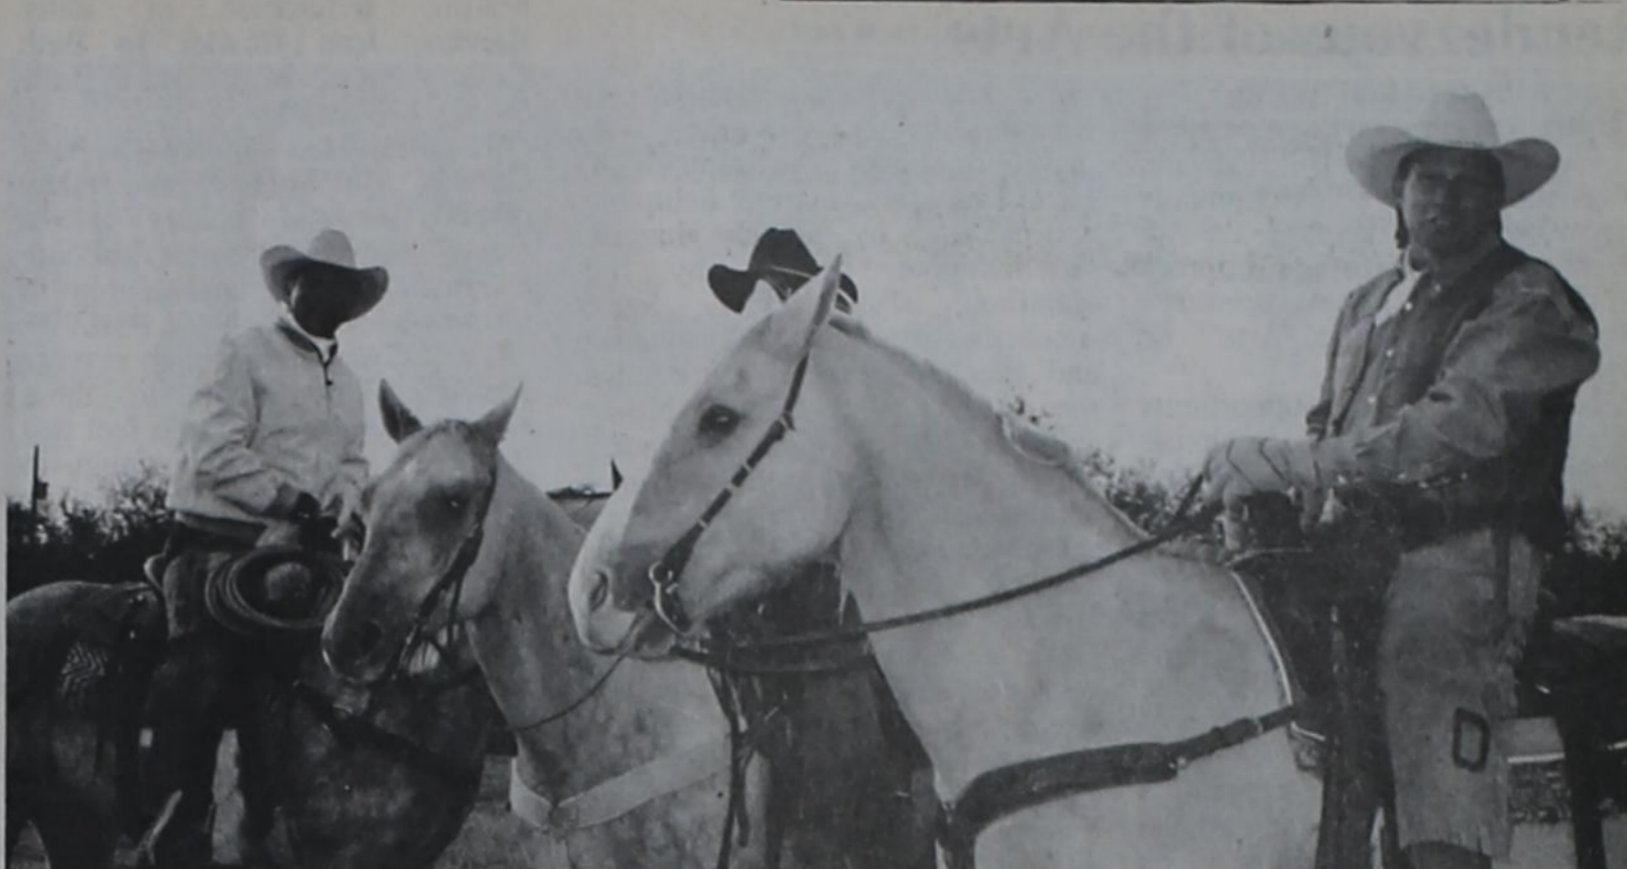

If the referendum is passed, the \$0.20 per head fee, paid by the seller, will be committed to the referendum fund and the nine member producer board will

determine how the funds are spent.

If you are in the sheep and or goat business, this is something that could have an effect on you so take advantage of the opportunity to vote. Feel free to call our office at 495-2050, or come by the courthouse for more information.

Fate chooses our relatives, we choose our friends.

Rynn Norman gins 1992's first bale

Doug Shepherd at Grassland Coop Gin reports that Rynn Norman brought in Garza County's first recorded bale of cotton Thursday, October 15.

The cotton was pulled on a field near the old Storie Gin just off U.S. Hwy 380 East.

Shepherd reported that the finished bale weighed 470 pounds.

To the Post Art Guild,
Thank you for nominating me for Pioneer Lady of the Year. It was an honor to be asked to represent you.

Thank each and every one of you who voted for me.

And thank everyone for the basket of lovely and useful gifts, which was a big surprise to me.

To each of you who worked so hard to make this Founder's Day so special and such a success, this took dedication, love of your community and many hours of hard work.

I am so very proud of you.

I see in our community the same spirit and dedication that the people who first settled this area had. This is good.

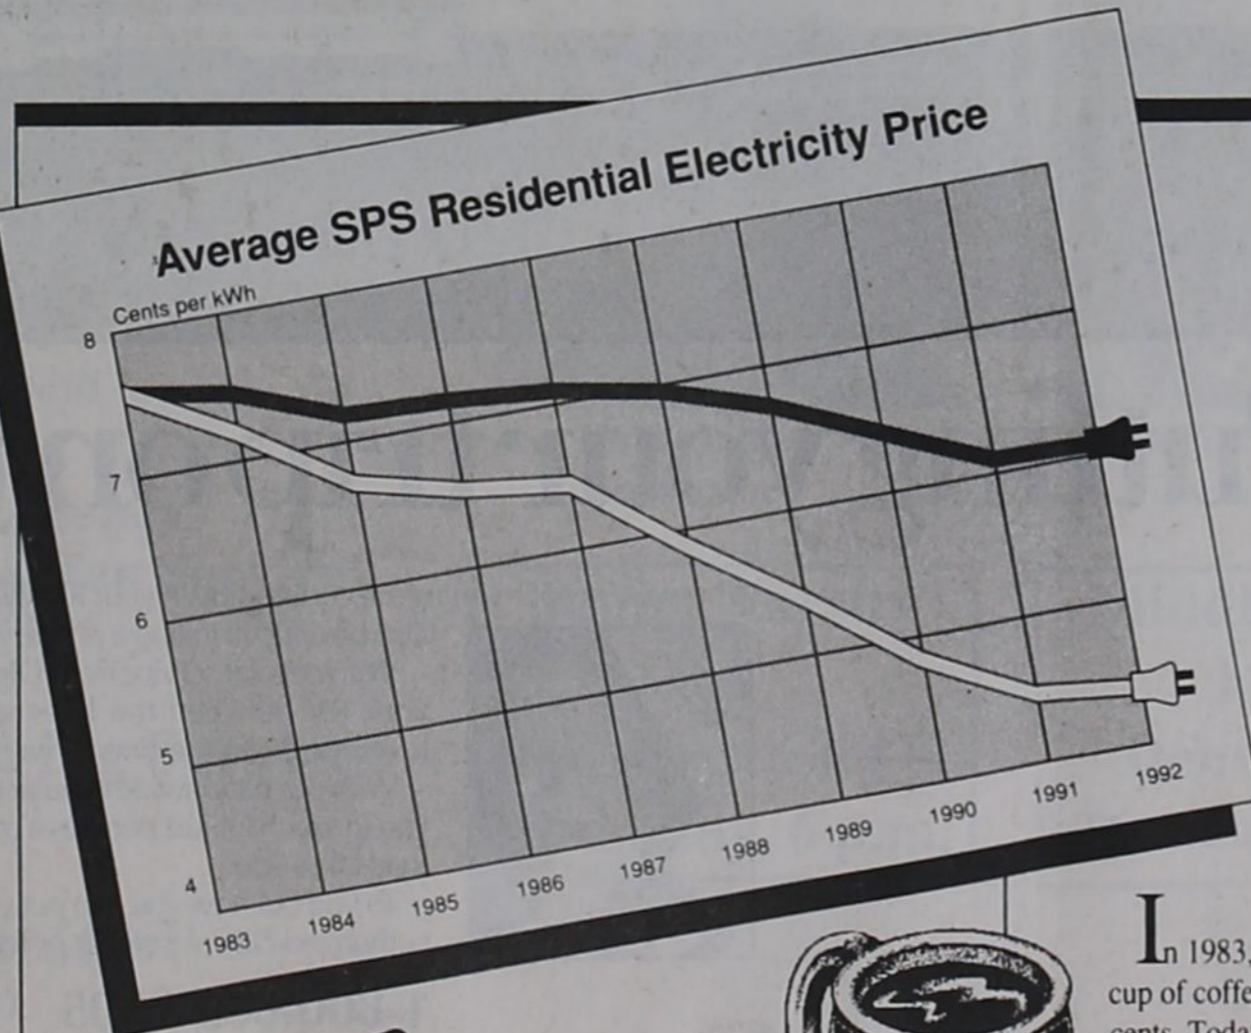

I came here before there were many fences, and could tell you lots of funny things, also many things, we had to do to survive, and things not so funny.

My love to each and everyone of you...

Did You Know You Are Paying 20% Less For Electricity Than You Did Nine Years Ago?

(94% of our customers didn't.)

Actual Price
Price Adjusted for Inflation

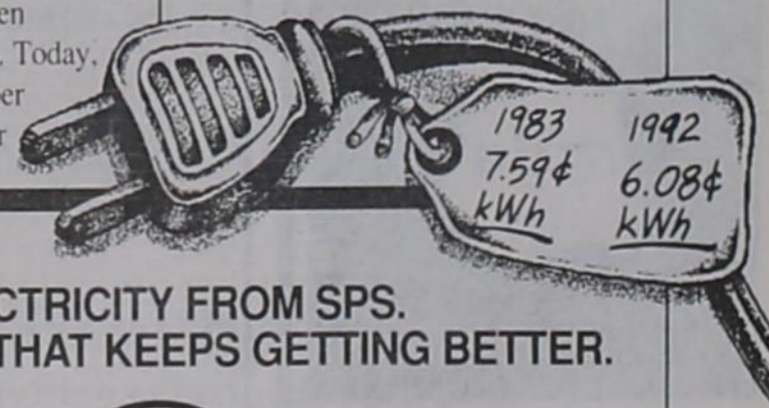

Compare this to the average residential cost of electricity in the SPS service area. In 1983, you paid 7.59 cents per kilowatt-hour. Today that rate has been reduced to 6.08 cents. That is 20% less! And, when you adjust for inflation, the real cost has been reduced 42%!

home electrically. That is much less than the national average for electric home heating.

And, because industrial and commercial rates, as well as residential ones, have come down, the area as a whole benefits. SPS' low rates can help attract new industry and encourage local companies to stay in our area.

Our heating rate has been significantly reduced, too. Today, you pay only 2.92 cents per kilowatt-hour to heat your

Rendezvous of the Arts

Professional Artists
Buffalo grazing on the roof and a six foot metal bull by Bill Brown of Levelland at Post Community Center entrance greeted the art lovers that came to the Caprock Cultural Association's "Rendezvous of the Arts" on Saturday and Sunday.

Folks were given an opportunity on a raffle of a beautiful sculpture of "Sacajawea", the Indian maiden that was the guide and interpreter for Lewis and Clark by Buster Jones of Lubbock.

The lucky winner was Viola Gracey of Snyder.
Red panels, rodeo fans, blue table skirts from Henley Decorators of Lubbock plus the black boots, cactus and Bob Chennault's Western Town Front enhanced the works of the 40 outstanding artists that displayed museum quality work in bronze, oils, watercolor, pencil, wood, jewelry and bits and spurs.

Spot portraits by Shirley White of Lubbock and the father and son team of Jim and Gary Ward on Canyon graced the walls in the foyer.

The large gallery featured oil paintings of Jodie Boren of Abilene, Shirley Hullum of Stevenville, Clyde Heron of Odessa and Bits and Spurs with Robert Campbell of Amarillo.

The action bronzes of Scott Rogers, Allen, TX and Rick Jackson, Mineral Wells complimented Steve Johnson's pencil, from Colorado Springs, and Lubbock's Sach Morman's animal carvings.

Acevedo, Bird lead Post past Sundown 22-0

by Mike Stearns
Post invaded Sundown last Friday night and closed the curtain on the Roughnecks 22-0. The win is the first for the Antelopes this season.

But at halftime, it looked like Post would be in a fight for the victory. Although the 'Lopes completely dominated the first half, they could not put the ball in the end zone. Sundown went into the locker room at the half still tied 0-0.

"I thought that there was a real possibility that we would not come through," said Coach DeWayne Osborne. "But the kids responded well in the second half. It sure is good to get the win."

The Post defense came out fired up for the second half. Sundown took the kickoff at their own 16. After being held to only one yard in the next three plays, Sundown punted.

Post came out with fire in their offensive, also. The 'Lopes Russ Bird opened the series with a 9 yard gain off a trap play deep into Roughneck territory. Bird hit the line again and the Bold Gold had a first down at the Sundown 30.

A late hit penalty after a four yard gain put the 'Lopes at the 16. It looked like Post was on their way to break the tie.

But the 'Lopes were in the dreaded "red zone". The 'Lopes had not scored all night inside the Roughneck twenty. This series would be no exception.

A Ricky Jefferson fumble gave the ball back to the Roughnecks at their own 6. But Sundown didn't want the ball. So they gave it back on the next play when Steven Espinoza recovered the ball on the Roughneck seven yard line.

Post lost three yards on the next three plays setting up a fourth and goal from the Sundown 10.

Jim Riley Simpson faded back in the pocket looking for Anthony Martin. Sundown's Keith Willard stepped in front of the pass at the three and intercepted the ball to give Sundown possession.

The Post defense, as they have done all season, rose to the occasion and stopped Sundown deep in their own territory. The Roughnecks punted and Post set up shop at the Sundown 42.

This time, the 'Lopes would not be denied. Post drove 42 yards in seven plays utilizing a trapping attack out of the T formation.

Oscar Acevedo set up the touchdown with a 17 yard burst of speed up the middle to put the ball on the one foot line. Russ Bird then went off tackle for the touchdown and Post had the lead 6-0. An offside penalty put the ball on the one for the extras point attempt. Casey Hart took the ball on a quarterback keeper for the two point conversion. Post was up 8-0 with only 1:14 left in the third quarter.

Once Post found the end zone, they decided that was the place to be. They were in scoring position again 20 seconds later.

Sundown lost the ball at their own 43 when Ray Perez recovered a fumble after a pass reception.

Post got a first down on two runs by Ricky Jefferson to the Sundown 30. Oscar Acevedo took the pitch from quarterback Casey Hart and turned the play inside for a ten yard gain. Post had first and ten from the 20.

Russ Bird then got into the action. Bird gained 15 on a quick inside hand off. The line opened a huge hole on the trap and Bird didn't stop until he had reached the five yard line. Bird gained two on the next play and then, Acevedo scored from the three on a sweep left. Post lined up for the kick on the extra point but the ball got away from holder Cody Collier. Collier kept his cool though and gathered the ball up and headed toward the end zone. As he was being tackled at the two, Cody pitched the ball to kicker Bodie Simpson. Simpson powered into the end zone with five Roughnecks draped all over him. Post led 16-0.

Post scored on their next possession after Anthony Cruse recovered a fumble at the Post 41. Hart got caught behind the line for a five yard loss. Ricky Jefferson took the ball on a simple trap play on the next snap. Jefferson found a hole and accelerated quickly into the secondary. When the dust settled, Jefferson was in the end zone with a 64 yard touchdown romp. The Post defense then held the Roughneck the rest of the way to preserve the 22-0 victory.

The 'Lopes advance their record to 1-6 with the win. The win puts Post on track to finish out the season on a high note. The 'Lopes have two games remaining on the schedule, a visit to Tahoka to end the season and the Homecoming contest against Crosbyton in two weeks.

The Lopes will use the extra week to maintain the focus on the rest of the season. "We want to add in some stuff, both on offense and defense, that we have not been able to do earlier", commented Osborne.

Some new "stuff" will be nice for the last two games. Let's hope that the Antelopes remember the "right stuff" that they had against Sundown.

JV use running attack to handle Sundown

by Mike Stearns

The Antelope JV continued their undefeated season by rolling over Sundown 34-0. It was a game where the defense put almost as many points on the board as did the offense.

Saul Martinez scored a touchdown on an interception return and was instrumental in the defense scoring another TD as Post shut out the Roughnecks.

But the offense got on the board first. Noe Gomez carried the ball three times out of eight plays as Post marched 54 yards for the first score. Gomez scored the touchdown and Post led 6-0.

The only pass of the night came in the drive. Heath Eagle hit Brant Windham for a gain of 16. It was the last time Post would have to put the ball in the air. The ground game was more than enough the rest of the way.

Post scored again in the first quarter on a three play drive that covered 40 yards. Noe Gomez again had the big play in the drive scoring from 30 yards out. Noe's second touchdown of the day gave Post a 12-0 lead.

Then the defense got in on the act. Saul Martinez picked off a pass at the 37 yard line of the 'Lopes. 63 yards later, Martinez was dancing in the end zone with the touchdown. The Bold Gold owned a 18-0 advantage.

Post widened their lead just a few moments later on a two play drive. After a nine yard gain on first down, Raymond Garza ran 52 yards for the score. Willie Mesa added the two point conversion to increase the 'Lope advantage 26-0.

Post's final score came on an unusual defensive play. The play began as an option from the Roughneck 38. The Sundown tailback was hit just as the pitch arrived and he fumbled the ball. Saul Martinez was in the right spot once again. Martinez scooped up the ball and ran toward the end zone.

A sundown player grabbed Martinez by his jersey and spun him down at the eight. But Saul didn't have the football. He had somehow pitched it to Cody Bain, who was heading full speed for pay dirt. Bain scored from the eight to polish off the defense's second touchdown. Willy Mesa ran in for the two points and Post led 34-0.

The Bold Gold took that lead into the locker room at halftime. Post held Sundown the rest of the way while getting valuable experience for all the JV players. When the gun sounded, Post had advanced their record to 6-0-1 with the 34-0 win.

The JV put their undefeated mark on the line this week against Denver City.

NOTICE OF RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that DICKENS ELECTRIC COOPERATIVE INC., (The "Utility") intends to change the rate applicable to large power loads of 40,000 KW or more for customers qualifying for service under the existing load retention rate. The existing load retention rate was approved by the Public Utility Commission of Texas and is applicable to certain qualifying loads over 2,000 KW. At the time this rate was approved the Utility was not contractually committed to supply power in excess of 40,000 KW and it was not anticipated that any single load would exceed 40,000 KW. Recently, however, the Utility has been requested to provide service to a larger load. The proposed rate change would not affect customers with loads of less than 40,000 KW but would reduce the rate applicable to large power loads of 40,000 KW or more. The changes are proposed to be effective November 9, 1992. The proposed rate changes do not affect historic test year revenues. The changes are applicable to all customers with large power loads of 40,000 KW or more qualifying for service under the load retention rate in all areas served by the Utility.

Implementation of the proposed load retention rate and other changes is subject to approval by the Public Utility Commission of Texas. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at Spur, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Texas Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Eighth grade 'Lopes continue win streak

by Mike Stearns
The Post Antelope middle school team won for the sixth time in as many outings by downing Sundown 26-12. The seventh grade squad fell in a close contest, 20-14.

Isreal Perez and Patrick Soto played key roles in the eighth grade victory. Perez scored the first Post touchdown and ran the ball for 101 yards. Soto had an even more spectacular night scoring on runs of 62 and 33 yards and returning an interception for a touchdown.

Post got on the board in the first quarter on a 54 yard drive that took nine plays. Isreal Perez capped off the march with a 18 yard touchdown run. Post missed the extra point but they had

grabbed the lead 6-0.

The Antelopes struck again in the second quarter. Patrick Soto broke loose from the Post 28 and ran 62 yards for the score. Leonard Rodela ran in the two point conversion to increase the 'Lope lead 14-0.

Sundown scored just before the end of the half to close the gap to 14-6.

Sundown scored again in the third quarter draw within two, 14-12. The Roughnecks missed the two point conversion.

Patrick Soto and the 'Lope offense went back to work. Post drove 63 yards in 11 plays to put the game away. Soto finished the drive with a 33 yard run to increase the 'Lope lead to 20-12.

Both defenses tightened down the rest of the way until Soto made the defensive play of the game to bury the Roughnecks. Soto intercepted a Sundown pass and returned the theft 43 yards for the Antelope score. The two point conversion failed but Post had built a comfortable margin 26-12.

"The offensive line blocked well giving the backs the opportunity to run hard", commented Coach Darrell Radle after the contest. "The play of the line, Charlie Rowell, Jay Childers, Chad Williams, and Will Osborn was great."

Outstanding defensive performances were turned in by Josh Grisham, Jeremy Josey, Sam Zubia, Perez, Willborn, Jason Gill, and Jerry Crawford.

The seventh grade lost a heart breaker to the Roughnecks 20-14.

Post responded to an early Roughneck score by driving 59 yards to even the game. John Barbosa scored from the two yard line and then ran in the extra point attempt to give the 'Lopes a 8-6 advantage.

The score would remain 8-6 until the third when Orlando Castillo scored on a two yard run to cap a 22 yard drive. Post was not able to hold on to the lead as Sundown scored on two long plays. The final - Sundown 20 Post 14.

"We played good enough to win", said Coach Chili Black. "Those two long touchdown plays were the difference in the game."

Post piled up 169 yards total offense to 122 yards for Sundown in the losing effort.

The mid school teams are next in action against Denver City next Thursday night at Antelope Stadium. Kickoff for the seventh grade contest is 5:30 p.m.
