TEACHER BANQUET SPEAKER—Dr. Willis A. Sutton (center) was principal speaker at last Thursday night's teacher recognition banquet. Dr. Sutton, former superintendent of schools in Atlanta, Ga., is a nationally-known authority on secondary school matters. At the left is school board member Robert Cox and at the right is Supt. R. K. Green.—(Staff Photo).

HIGH SCHOOL TEACHERS—These three teachers, shown chatting before the teacher recognition banquet got under way, are Paul Valentine (left), high school English; Mrs. Ed Sawyers, homemaking, and the Rev. Raul Solis, Spanish. All are first-year members of the faculty.—(Staff Photo).

19 Teachers Presented Service Awards Here

One 20-year award, two 15-year awards, five 10-year awards and 11 five-year awards were presented Thursday night at a teacher recognition banquet held in the school lunchroom with Dr. Willis A. Sutton as guest speaker.

The service awards were pins for the women teachers and lapel buttons for the men teachers.

Recipient of the lone 20-year award was Miss Bonnie McMahon, a second grade teacher in the Post Elementary School. Her pin was presented by R. K. Green, superintendent of schools.

Victor Hudman, a member of the board of trustees of the Post Independent School District, presented 15-year awards to Mrs. May N. Smith, high school Eng-

Board Contracts With Engineers

An engineering contract with the firm of Freese & Nichols was entered into last Thursday by the board of directors of the White River Water Control and Improvement District at a meeting in Crosbyton.

The contract for engineering services had been submitted at an earlier meeting and was studied by the directors and committeemen before being adopted.

In other action, Tom W. Bouchier, president of the board, appointed a committee to make a formal request of the Brazos River Authority for assistance in surveying the land for the proposed reservoir and the adjacent area. Those named to the committee were R. J. (Rube) Jennings of Post, Dr. Dale R. Rhoades and Perry Bell of Crosbyton, Dr. M. F. Brannon of Spur and Jack Robertson of Ralls.

The directors also voted to authorize secretary Robert Work to purchase a filing cabinet for the district records.

Directors present at the meeting were Bouchier, Work and Lynn Buzbee of Spur. Others attending were committeemen Bell and Dr. Rhoades and Mayor Reese McNeill of Spur, Mayor C. H. Lodal of Crosbyton, George Samson, Norton Barrett, Jack Rector and Henry Tate.

The next meeting was set for 6:30 p. m. Thursday, Dec. 20, at Ralls.

27 Sign For Acreage Reserve

Farm and ranch operators of Garza County are reminded by the county Agricultural Stabilization and Conservation committee that Nov. 30 is the final date for placing land in the soil bank conservation reserve program for 1956.

Approximately 1,900 acres, representing 27 contracts, has already been earmarked by Garza County landowners for the program, according to Elizabeth L.

Community Problems Will Be 'Aired' Here Monday At Roundtable Session

A look at community problems from a regional perspective will be the purpose of a roundtable session to be held at 7:30 p. m. Monday in the study hall at Post High School.

Post is one of more than 30 area communities taking part in roundtable sessions sponsored by Texas Technological College's adult education program, according to Mayor James Minor.

The mayor has selected the following citizens, representing a cross-section of the community, to take part in the roundtable discussion, to which the public is invited:

S. E. Camp, school board president; R. K. Green, superintendent of schools; Powell Shytle, city councilman; Fritz Greenfield, Chamber of Commerce secretary; Dr. Harry A. Tubbs, Rotary Club president; A. Lee Ward, Junior Chamber of Commerce president;

THANKSGIVING PROGRAM TO BE HELD AT CALVARY BAPTIST CHURCH

Union Service Is Scheduled For Next Wednesday Night

The Post Ministerial Alliance's annual union Thanksgiving service will be held at 7:30 p. m. Wednesday, Nov. 28, at the Calvary Baptist Church as one of the highlights of the Thanksgiving Day observance.

Post business and professional firms and other organizations decided a few weeks ago to go

OUT EARLY NEXT WEEK

In order that its personnel may enjoy Thanksgiving in their homes, The Post Dispatch will be published one day early next week. Advertisers and correspondents are asked to turn all copy in early for the Nov. 29 issue.

Automotive Firm Is Hit By Blaze And Burglars

As if a \$1,000 fire Saturday night wasn't enough trouble, burglars broke into Caprock Chevrolet, Inc., Sunday night to add to the management's woes.

One consolation was that the burglary, in which the intruders attempted to cut open the office safe, wasn't as costly as the fire, which heavily damaged the heating system, a valve machine and other equipment in one corner of the shop.

The attempt to burn open the safe with the automotive firm's own acetylene torch was the second such attempt in recent weeks.

Retired Stockman Dies Here Tuesday

Riley Jefferson Welch, 78, retired stock farmer and a resident of Post for the last seven years, died about 7:30 p. m. Tuesday at his home at 411 West 13th Street following a long illness.

4-H Club Program Set For Saturday

The annual Achievement Day program for Garza County 4-H Club members and leaders is to be held at 7:30 p. m. Saturday in the school lunchroom. Extension Service agents Miss Jessie Pearce and Lewis C. Herron have announced.

Details for the program were worked out last Thursday at a meeting of the 4-H Council's Achievement Day committee, composed of the two agents, Patricia Wheatley, Clark Cowdrey, Don Richardson and Karen McGehee.

The program will include a summary of the year's 4-H Club. See 4-H PROGRAM, Page 8.

Officers Are Probing Shooting Near Here

Sheriff's officers late Wednesday were continuing their investigation of a shooting in which A. J. Johnson, 42-year-old Negro, received a scalp wound.

The officers said Johnson was shot with a shotgun by his 42-year-old brother-in-law, Robert Taylor, about 11 o'clock Monday night at the O. G. Hamilton farm in the Canyon Valley community, northeast of Post.

The officers said Taylor told them Johnson came to his house raising a ruckus and that he fired to scare him. Johnson, whose scalp was creased by the charge from the shotgun, was admitted to Lubbock Methodist Hospital about 2:45 a. m. Tuesday. He was released later in the day.

The officers indicated that "at least one charge" will be filed soon in connection with the shooting.

Chest Fund Drive Continuing Here

Cash and pledges in this year's fund campaign of the Garza County Community Chest totaled \$7,794.50 this week, with both the larger gifts and general solicitations committees still at work on the drive.

Ira L. Duckworth, chairman of the larger gifts committee, said Wednesday that cash and pledges in his group's phase of the drive totaled \$5,938.50, with \$5,967 of this amount in cash. He said his committee is expected to complete its campaign this week.

Leo M. Acker, auditor for the Community Chest, reported \$288 turned in by the general solici-

Progress Reported On Right-of-Way

In anticipation of obtaining all the required right-of-way for widening of U. S. Highway 84 by Dec. 1, Garza County is moving back fences on right-of-way already secured in commissioner precincts 2 and 4.

The project for which right-of-way is being obtained calls for making of a divided four lane highway of U. S. 84 from here to the Scurry County line.

County Judge Pat N. Walker said today that with the exception of a few lots and blocks in Justiceburg all the required right-of-way has been secured.

The Texas Highway Department will let bids on the widening soon after all right-of-way easements are in. They have set Dec. 1 as the deadline for securing the easements.

Two Treated Here For Asphyxiation

Mrs. Neida Potts, 17, and her 13-year-old sister, Estelle Nowell, narrowly escaped asphyxiation Saturday afternoon in their home at the rear of 112 West 6th Street.

James B. Potts, an oilfield worker, discovered his wife and sister-in-law unconscious on the floor of their living room at about 2:15 o'clock. After being carried outside the house, the two regained consciousness and were taken by ambulance to Garza Memorial Hospital, where they were treated and released.

Potts, who works nights, had just awakened when he discovered his wife and her sister lying on the floor. It is believed that they dropped off to sleep while watching television and were overcome by fumes from a heater.

JUSTICEBURG PROGRAM

A Thanksgiving program will be presented at the Justiceburg schoolhouse at 8 o'clock Tuesday night, Nov. 27, Mr. and Mrs. C. W. Denison, teachers, have announced. The program is to be presented by pupils of the school, with the general public invited to attend.

Thursday to Thursday

By CHARLES DIDWAY

IT WON'T BE long now until Thanksgiving—depending, of course, on whether you are observing the 22nd or 29th—and not much longer until Christmas, considering the way time takes wings and flies in between the two holidays.

THANK GOODNESS, there is no confusion about the date of Christmas—it's still on the 25th. And they can't change the July 4th holiday nor the New Year's Day observance—that is, not unless they change the calendar itself.

THOSE AMONG US who had gazed with wishful eyes on all the new 1957 model automobiles had an opportunity last week to rest our dazzled optics by letting them glimmer on the 1931 Cadillac used at one time by the notorious John Dillinger. The ancient automobile with its armor plating and bullet-proof glass was displayed here under the auspices of the Post Volunteer Fire Department.

WHEN WE PAID our four-bits and went in to look at the Dillinger "buggy," there was a bunch of high school boys looking it over, and some of their comments made us feel that the 50-cent piece we had shelled out at the entrance hadn't been wasted. One of the "cool cats" asked the man from which end of the Dillinger automobile the cobs came out. That was an old one even back when we were of high school age, but we got a bang out of hearing it again.

ANOTHER OF THE boys, after looking over the ashtray in which tacks were dropped and the chute from which they poured onto the highway to discourage pursuers, remarked that today's manufacturers might be missing the boat by not similarly equipping the 1957 automobiles.

AND, SPEAKING OF automobiles, the president of a large automotive corporation has predicted that by 1957 most families will have three or more cars. Imagine—a traffic jam all your own.

ON THE RARE occasions we journey north-eastward to visit relatives, all the folks razz us when we say "you all," but we suppose we'll use it from now on. It makes us feel better to learn from a magazine that St. Paul used the expression "you all" in his epistles. Probably when he was south of the Mediterranean—don't you all suppose?

IT RARELY HAPPENS in the lifetime of any man, but we were an unexpected guest Thursday night at an all-woman affair. Having dashed from the teacher recognition banquet to the First Methodist Church to take a picture of some of the proceedings of the newly organized Business & Professional Women's Club, we found ourselves seated at the banquet board and a heaping plate before us almost before we knew what was going on.

ELEANOR WEBB, who has been one of the leaders in getting the B&PW Club going here, said she sympathized with us for having to dash from banquet to banquet carrying a heavy camera and with no time for nourishment. We wish to thank the charming ladies for not making us feel any more conspicuous than we know we were.

ONE OF THE best wisecracks we've

Roger W. Babson Writes This Week:

More Inflation Is Made Inevitable By Promises Of The Successful Candidates

BABSON PARK, Mass.—Now is the time to read the dangerous promises of all of last week's successful candidates. These promises make more inflation inevitable, due to the Employment Act of 1946. This was a vicious act. Ray D. Murphy, Chairman of the Board of the Equitable Life Assurance Society, has an excellent article in the Commercial and Financial Chronicle of Oct. 11 demanding that this Act be amended. I, however, cannot imagine President Eisenhower and the new Congress making such amendments until it is too late.

What This Means To Readers
Until then, those who now receive pensions, life insurance, social benefits for the aged, and social security can be severely hurt. Not only large investors will suffer. Already our own Government Bonds (the 3 1/2's) have declined from 106 to 91.

The banks and insurance companies need not suffer. They receive deposits and premiums in "phony" money, but they will pay out with "phony" money. Wages will increase, but most banks and insurance companies are adopting automation to get on with fewer employees. Certain real estate and some commodities, such as natural resources, may for a while benefit from inflation. But the great mass of honest people will ultimately suffer and President Eisenhower will not prevent it.

The Cost Of Living
Readers should be interested only in what their wages, pensions, social security, and bank deposits and insurance will buy. We should forget all about dollars and think only of what can be purchased in terms of food, rent, clothing, education, entertainment, etc. I definitely forecast that the cost of living will gradually increase during the next four years of the Republican Administration.

The promise of new highways, sium clearance, and other worthy projects will all cost more than expected. When you go under a new steel bridge on one of these new highways, remember that from 1946, when the Employment Act became law, to the present time, the price of steel has just about doubled. Certainly the automobile industry and most of the increase in

THE CHOICE IS YOUR'S

This year, we in this country have any number of things for which to be thankful, including the fact that we are divided on the day set aside for Thanksgiving. In what other country could such a democratic development occur?

In this land of freedom, we can celebrate either Nov. 22 or 29 as Thanksgiving—both days if we are a mind to. And, if neither day suits us, we can observe Saturday, Nov. 24, Tuesday, Nov. 27, or any other day we choose. That's what you call being free!

Whichever day we choose for our individual observance, let's not lose sight of the fact that we have so much for which to be thankful, that two full-fledged Thanksgiving Days wouldn't be such a bad idea after all.

In our own locality, we have been hard hit by drouth during the last few years, but we still have much for which to be thankful. Our setbacks are due to the vagaries of nature and not to any domineering aggressor. There is always hope for us, which is more than can be said for the inhabitants of many countries.

We should be thankful for our homes, our families, our friends, our schools, our churches, our form of government, our basic rights to the four freedoms. The things for which we can be thankful are ever so much more numerous than the things for which we don't feel like offering thanks, and they are of a much more permanent nature. Our way of life is such that today's adversities might easily turn into tomorrow's advantages. Our way of life makes it possible for us to look back on days, weeks, months and years in which the good has outnumbered the bad, and for us to look ahead with optimism instead of pessimism. That's the American way.

It's pretty well settled that Post's official observance will be next Thursday, Nov. 29, but if you feel like offering thanks today—Thursday, Nov. 22—for all the things you have for which to be thankful, then go right ahead. That's a blessing denied none of us—to do about as we please.

Shorts may never become a widely popular summer garment for men. There's usually two good reasons for most men not wearing them.

Like a small boy with a knife, a man who has a sharp tongue never knows when to stop using it.

heard recently was that made by the Post voter who said he woke up the morning after the election with a ticket-splitting headache.

ON THE STATISTICAL side, do you know what each of us would have received if all the coins in circulation in the United States could have been divided equally among all the people as of Sept. 30, 1955? The answer is that each of us would have had \$1.36 in silver dollars, \$7.34 in halves, quarters and dimes, and \$2.66 in nickels and pennies.

THE GENERAL PUBLIC has an invitation to attend Saturday night's 4-H Achievement program. It's always a big event for the 4-H members and their leaders. In addition to the presentation of awards, there'll be entertainment and refreshments . . . no admission charge.

BEFORE WE COMPLAIN about America let's remember that it is the only place where people don't want to move to another country.

ONE OF THE troubles with civilization is that by the time something becomes popular priced, it isn't popular anymore.

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: The worm is probably dumb enough to enjoy being a worm.

Indications are that an epidemic now in its initial stage will become more widespread and intense than any previous one. Reference is made to new-car fever.

NATION-WIDE, some folks have a special attachment for Uncle Sam's ballpoint pens—especially so, the ones he has been placing in post offices.

But, there is one little catch. The pens, "placed on this desk for your (the public's) convenience, are the property of the U. S. Post Office Department—Penalty for theft is \$500 fine or one year in prison."

A far cry from the rough pens of yesterday, the ballpoint pens were installed with chains attached to desks for the convenience of the general public.

But some folks just seem to need them more somewhere else, so the warning—anyone found with a pen from the post office, no matter how they got it, is subject to the charge of theft from a U. S. Post Office.

Unless you are one person in 21,473,892, you should observe National Poetry Day by reading a poem—not by writing one.

THE WOMEN, bless 'em: Pollsters who ask women how they will vote are wasting their time, as no woman ever makes up her mind until the last minute or later.

The enthusiastic homecoming day celebration for Elvis Presley showed that the people of Tupelo, Miss., who know Elvis, like him anyhow.

YOUR CHANCES of landing a good job are brightest if you know where the biggest shortages of workers are, say the editors of CHANGING TIMES, The Kiplinger Magazine. Right now, the editors report, shortages of trained people have created thousands of openings in the following 11 jobs:

MECHANIC: Tool and die makers, mechanics, machinists, building craftsmen have excellent prospects.

OFFICE WORKER: The demand for every type of office worker is growing.

ACCOUNTANT: Opportunities for expert accountants are increasing although strongest need is for cost accountants.

TECHNICIAN: Heavy demand for semi-professional technicians, such as chemical and engineering assistants.

PHARMACIST: Retail and wholesale druggists, pharmaceutical manufacturers, hospitals and colleges urgently need registered pharmacists.

HEALTH TECHNICIAN: Nurses, X-ray technicians, therapists, medical social workers, dietitians, laboratory assistants all in short supply.

ENGINEER: Chemical, electrical and mechanical engineers in manufacturing are in acute need. Civil engineers are wanted by state and federal government agencies.

PSYCHOLOGIST: Hospitals need clinical psychologists, schools are using more vocational counselors, and those specializing in personnel are wanted.

SCIENTIST: Nearly every type of scientist will find the job outlook good.

ECONOMIST: The demand for economists, market analysts and statisticians in both industry and government is growing.

TEACHER: The shortage is severe at all levels. Heaviest need is for teachers in science and other specialized areas.

A good listener is popular, but he learns next to nothing, and ignorance is a terrible price to pay for popularity.

YOUNGSTERS THESE days seem to take more of an interest in politics than did those of a decade or so ago. For instance, young Lee Williams, son of Mr. and Mrs. Bryan J., started the ball rolling for a political poll in the junior high school just before the general election.

Lee found lots of help at the courthouse in making a copy of the sample ballot, then used one of the school's duplicating machines in running off enough to go around among his eager schoolmates. Teachers are also reported to have cooperated in conducting the poll, with the result that the youngsters gained experience which will be helpful to them when they get old enough to vote—providing, of course, that we don't have robots doing it for us then.

They also conducted a presidential poll in the high school. I failed to learn the results of the student polls, but that fact is insignificant in comparison with the enterprise shown by Lee and other students in conducting them.

CHRISTMAS REAL DAYS
AUSTIN (Sp.)—The period from now until Dec. 24 was designated Thursday by Gov. Allan Shivers as "Christmas Real Days" in Texas.

THE AMERICAN WAY

Helen KELLER

"UNLESS WE FORM THE HABIT OF GOING TO THE BIBLE IN BRIGHT MOMENTS AS WELL AS IN TROUBLE, WE CANNOT FULLY RESPOND TO ITS CONSOLATIONS, BECAUSE WE LACK EQUILIBRIUM BETWEEN LIGHT AND DARKNESS."

The Bible — Ever a Source of Help

Our Contemporaries Are Saying . . .

Usually Shoots Better

A joke about two duck hunters is making the rounds. One of the men carried a bottle of whiskey while the other carried a bottle of water. After a couple of hours, both of the bottles were depleted down to the halfway mark—and still no ducks. Both men had another swig and about that time one lone duck came sailing over the blind. The water-drinking partner grabbed his gun, took careful aim, fired twice—and missed both times. The other hoisted his gun, glanced up, fired once—and down came the duck right into the blind.

"That's the most beautiful shot I ever saw in my life," said the first hunter. "It was simply wonderful."

"Now, 'twasn't," replied the other. "Out of a bunch like that I usually get five or six."—"Hereford Bull" in The Hereford Brand.

Conflicting Claims

If you think things are fouled up in the Middle East, take a look at conflicting claims for Thanksgiving in this country. Anarchy has broken out. The governor says

Nov. 29 will be observed. Most towns have designated Nov. 22. In Lubbock schools, both dates will be observed. In Ralls, there won't be any Thanksgiving, thanks to this week's fiasco at the polls. So, if you have a yen to take a day off from the nothing you're doing, this is a "Do-it-yourself" year as far as Thanksgiving is concerned. You will have to issue your own proclamation, catch your own turkey, and furnish your own reasons for being thankful. You can do it, kid, you can do it—"It Sez Here" in The Ralls Banner.

No Concern Of His

Personally I am willing to leave the problem of women's apparel to the callous conscience designer, to astronomy, astrology, and the Republicans. Admittedly it is no concern of mine, but I would like to bring to the commonwealth's attention this salient observation: If the average man worried with a tight girdle every morning, he would become petulant, irritable, and perhaps, hostile—"Trail Dust" in Matador Tribune.

it's good business practice...

to get ONE LOAN to pay ALL YOUR BILLS

Bills piling up and getting you down? Free your mind from financial worries and protect your credit standing by taking this sensible step now: Consolidate your debts and get ONE low-cost loan here to pay them ALL off at once. You can repay the loan out of income in easy-to-budget installments.

Field Near Justiceburg Gets Twin-Well Drilling Project

The first twin-well operation drilled at the same time in the Dorward field of southeastern Garza County is under way by Calco Drilling Co. of Snyder on a lease on the Fuller Ranch.

There have been at least four twin-well operations in the field, but none of those twins were drilled at the same time.

Now, Calco has two jackknife rigs setting 50 feet apart, one drilling for the San Andres, the

other for the Glorieta pay as the W. M. and A. P. Fuller Unit A No. 1 and No. 2-SA.

At last report, Pat Varner, superintendent for the drilling company, said the rig looking for Glorieta pay was almost ready to complete at about 2,575 feet after eight days of drilling. The San Andres hole was at 1,600 feet and expected to find production somewhere around 2,050 feet.

Twin-well drilling for two-pay production is said to be economic when drilling for shallow pay. Ordinarily, on deep operations, only one hole would do the job.

Paul Callahan, vice president and general manager for Calco, said the company has twin-welled at four locations on Fuller leases in the Dorward field, but this is the first time two rigs have been used at one time. This was done because the two rigs were both in the field and this was the last set of wells to be drilled at this time.

The Dorward field started out with only Glorieta production. The San Andres was discovered about three months ago in the field,

which has been developing rapidly the past few months. There are 19 wells on Fuller leases in the field.

LONE STAR AGRICULTURE

Soil Bank Certificate Redemption Is Explained By Agriculture Dept.

By JOHN C. WHITE
Commissioner of Agriculture

Redemption of Soil Bank certificates, an important item to many Texas farmers, has been explained by the U. S. Department of Agriculture.

Under certain circumstances, the certificates will be worth a little more than face value. But mostly, they are on par.

The Soil Bank chits earned by farmers for reducing acreages of wheat, corn and rice will be valued at 105 per cent of their cash value when exchanged for grains in the Commodity Credit Corporation inventory or when used to redeem grain they have put under price support loans. This is a minor "give-away" to farmers, themselves, in order to reduce politically hot surpluses.

For exchange purposes, the value of the CCC-owned grain will be set at the current support price for the grade, class and location of the grain. The certificates may also be redeemed for cash at 100 per cent of face value.

CCC-owned grain will be available through warehouses operating under the Uniform Grain Storage Agreement. The grain will be delivered at local warehouses or terminal elevators but CCC will

not supply grain at locations other than where it has stocks. In other words, no cross-country movement of grain into an area where it is not grown.

Wheat certificates may be exchanged for wheat, barley, rye, oats or grain sorghums—but not for the other two basic grains, corn and rice. This limitation applies to corn or rice acreage reduction certificates. Rice chits cannot be swapped for corn or wheat, and corn chits will not get rice or wheat.

Grains will not be available during harvest periods, CCC officials point out. CCC will not exchange a particular grain for certificates during the harvest season for that grain in the area. This harvesting limitation will also apply to redemption of grain under loan by use of certificates.

Strawn Pay Proved Near Justiceburg

Strawn production in the South Rocker "A" field of southeastern Garza County has been confirmed and extended one-quarter mile to the north with the completion of the Superior Oil Corp. No. 1-38 J. P. Crump.

Producing through perforations effected at 7,590-92 and 7,596-600 feet, the well swabbed down at the calculated rate of 155.72 barrels of oil plus 6 per cent basic sediment per day. Potential was based on actual swab return of 25.12 barrels of oil in four hours. Pay sections were washed with 250 gallons of mud acid. Hole is plugged back to 7,777 feet from total depth of 7,815 feet.

The wellsite is 600 feet from south and west lines of Section 38, Block 6, H&GN Survey. It is three miles southwest of Justiceburg on a 640-acre lease and one location north of the Pimrose and Anderson No. 1-X Miller, Strawn discovery in the area.

VA Questions And Answers

Q. My husband died on active duty, and I am drawing monthly Servicemen's Indemnity payments. After Dec. 31, 1956, will I be allowed to continue drawing these payments, along with Indemnity Compensation payments under the new Survivors Benefits Act?

A. No. Indemnity Compensation under the new law is not payable unless you surrender your rights to Servicemen's Indemnity payments.

Q. My 19-year-old son is eligible for War Orphans schooling, since my husband died on active duty in World War II. My son is physically handicapped, and will need special restorative training. However, the \$110-a-month allowance is not sufficient to pay for it. Could this allowance be raised?

A. Yes. The monthly allowance may be increased to cover the costs of restorative training. But your son's 36 months of entitlement would be reduced by one day for each \$3.60 in excess of the basic monthly allowance of \$110.

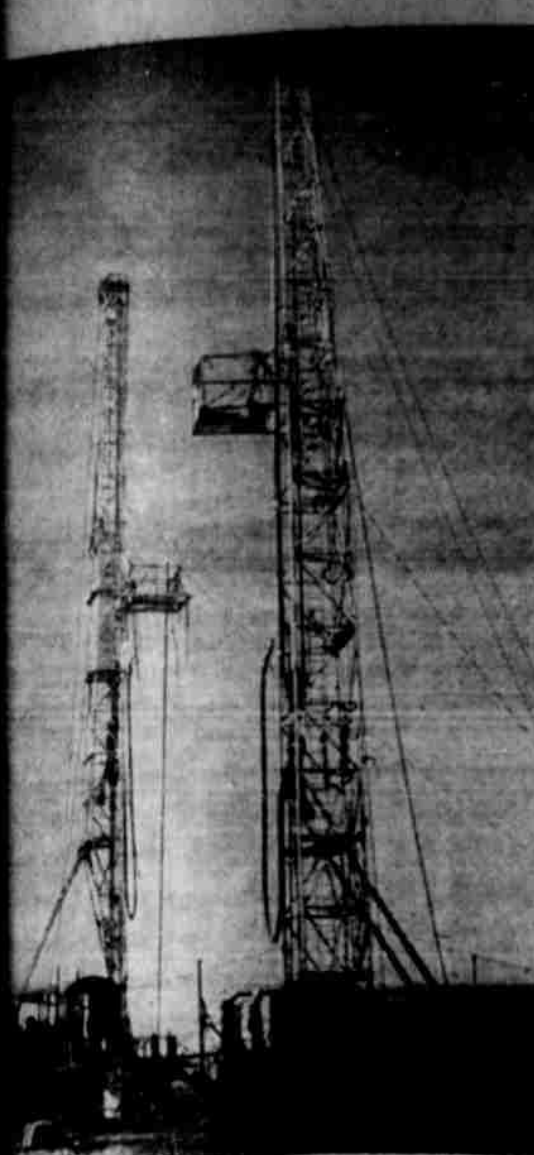

Q. I understand that veterans no longer will be able to obtain Korean GI term insurance after Dec. 31, 1956. What about special GI insurance for disabled veterans? Does the deadline apply to them, too?

A. No. Dec. 31, 1956, marks the deadline only for obtaining Korean GI term insurance for able-bodied veterans. Service-disabled veterans still will have the right to get special GI policies after that date.

Q. I started training under the Korean GI Bill just in advance of my three-years-from-discharge deadline. That deadline has now passed. Now I find that I'm not happy with my course, and I would like to change it. Do I have the right to make one change of course, even though my starting deadline has passed?

A. Since your starting deadline has passed, you may change your course only under one of these conditions: (1) if you have not been making satisfactory progress in your present course through no fault of yours, and the new program would be more in keeping with your abilities; or (2) the new program is a normal progression from your present program.

Mrs. O. E. Montgomery and daughters, Barbara and Ruby, spent Sunday afternoon in Slaton visiting friends.

FOR TWO PAYS—Twin holes are being drilled for two pays in the Dorward field a few miles south of Justiceburg. This fact makes it permissible to have wells drilled together as seen from U. S. Highway 84. The operation was carried on by W. M. and A. P. Fuller on the Fuller Ranch. (Courtesy Snyder Daily News).

Big payloads with Ford Big Jobs. Ford F-900 tractor shown has 60,000-lb. GCW.

FORD TRUCKS COST LESS

Most loadspace for your money! New Ford 8-ft. pickup box on 118-in. wheelbase gives up to 19 cu. ft. more capacity than any other 1/2-tonner! Regular 6 1/2-ft. box on 110-in. wheelbase offers full 45-cu. ft. capacity. Only Ford pickups offer the economy of Ford-pioneered Short Stroke design in your choice of Six or V-8 engine!

...less to own...less to run...lasts longer, too!

You save in every way with Ford trucks. First cost is low, operating costs are low, resale value is high, and a 10-million truck study proves Ford trucks last longer!

And you get more for your money with a Ford. For example, only Ford gives you modern Short Stroke power in every truck, every engine—V-8 or Six. And no one else can

match Ford's five billion miles of Short Stroke engine experience. You get more comfort with a Driverized Cab, more safety with Ford's Life-guard steering wheel and double-grip door latch.

From pickups to Big Jobs, for trucks that cost less, give you more for your money—see your local Ford Dealer!

The big fleets buy more Ford trucks than any other make

Rites Are Conducted For Fluvanna Woman

Funeral services for Mrs. Elana L. Perez, 38, of Fluvanna, who died here Sunday afternoon, were conducted at 3 p. m. Monday in Holy Cross Catholic Church, with the Rev. James Erickson officiating. Burial was in Terrace Cemetery under direction of Mason Funeral home.

Mrs. Perez had been a resident of Fluvanna for the last eight months. She is survived by her husband, Ed Perez, nine children, four brothers and three sisters.

BITS-OF-NEWS

Mr. and Mrs. Gilbert Blodgett and girls and Mrs. Donald Jones visited over the weekend with friends and relatives in Lometa.

Mr. and Mrs. Robert Edwards of South Gate, Calif., visited the first of the week with his brother, the Rev. Clinton Edwards, and family. They will visit other relatives in Kansas before returning home.

Monday here with his parents, Mr. and Mrs. L. C. McCullough.

Let's everyone remember the talent show at 8 p. m. tomorrow at the Grade School Auditorium. All proceeds will go to the senior class.

Among the couples seen together recently are Don El Dale and Sally Cooper, Ben Gordon and Jane Taylor, Gene Young and Gwen Copple, Weldon Brookshire and Jean Landtroop, Billy Meeks and Jo Nell Lamb, Darrell Norman and Nancy Moseley, Weldon Reed and Maritta Pennell, Jackie Carpenter and Sherry Custer, and Joe McCowan and Patsy Rogers.

CHARTER LIST—Miss Jessie Pearce of the newly-organized Business & Women's Club, is shown signing the charter list at a dinner Thursday evening at the First Methodist Church dining hall. Miss Pearce's left is Mrs. Dorothy H. Pearce, president of the Lubbock B&PW Club. Next left, are Miss Wilma Pirtle, treasurer; Eleanor Webb, vice president; Mrs. first vice president of the Lubbock Club, Katharine Trammell, recording secretary.

Not pictured is Mrs. Fritz Greenfield, corresponding secretary. Other charter members attending the dinner were Miss Maxine Durrett, Miss Agnes Windham, Mrs. Winnie Tuffing, Mrs. Irene Elkins, Mrs. Rosemary Sparks, Mrs. B. E. Young and Mrs. Bob Willoughby. Charter members not present at the dinner were Miss Nora Stevens and Mrs. Lester Nichols. Others from Lubbock attending the dinner were Mrs. Cleo Haynes, Mrs. Pat Thurman and Mrs. Adeline Young.—(Staff Photo).

Miss Keeton, Bride-Elect Of Lyndell McDaniels, Is Feted

Miss Barbara Keeton, bride-elect of Lyndell McDaniels, was complimented at a miscellaneous shower Tuesday evening in the home of Mrs. G. L. Perkins. Co-hostesses were Mrs. D. H. Hawkins, Mrs. Jack Haire, Mrs. Eula Mae Willingham and Mrs. Dean Reeder. Refreshments of punch and cookies were served from a lace-covered table, by Miss Patsy Keeton, sister of the bride-elect, and Mrs. Rube Wilke. Lillie Wilke assisted the hostesses with hospitalities. Guests were Mrs. Lester Keeton, mother of the bride-elect; Mrs. M. A. McDaniels, mother of the prospective bridegroom; Mrs. O. V. McMahon, Mrs. Wilbur Wade, Mrs. F. F. Keeton, Mrs. M. K. Bingham of Lubbock, Mrs. Jacky Meeks. Also Mrs. Bill Bennett, Mrs. Cecil Stowe, Mrs. Ada Lahue of Slaton, Mrs. Walter Jones, Miss Carolyn Jones, Mrs. Ross Sullivan, Mrs. Earl Rogers, Mrs. Dew Davis, Mrs. B. O. Bingham and Bobbie, Mrs. F. E. Tanner and Mrs. Chester Keeton.

Church News

Christian Women's Fellowship of the First Christian Church entertained members of the Women's Society of Christian Service of the Methodist Church Monday afternoon. Feature of the joint meeting was a book review by Mrs. W. L. Porterfield. She reviewed "Dr. Kate", a true life story of a doctor who practiced in the north woods. Dr. Kate's experiences and accomplishments for the benefit of the people in that area were of such national interest that she was presented on the TV program, "This Is Your Life." Preceding the review, Mrs. Almon Martin gave the invocation and devotional. Mrs. Tom Power sang, accompanied by Mrs. Warren Yancey at the organ. Chrysanthemums decorated the church auditorium and annex, where refreshments were served following the program. Mrs. Martin presided at the serving table, which was lace covered. Cake, nuts and coffee were enjoyed by the group. In a short business meeting preceding the program, it was announced that the Christmas party at Mrs. Lee Davis' has been changed from Dec. 3 to Dec. 10 at 7:30 p. m.

Mr. and Mrs. Denzel Laurence Are Honored At Party Friday

Mrs. Irene Elkins' home was the scene of a surprise party and miscellaneous shower Friday evening, honoring Mr. and Mrs. Denzel Laurence. The Laurences, who were married recently in California, have been spending several days here with his mother, Mrs. Bill Laurence. They left Tuesday for Vallejo, Calif., where he is serving with the U. S. Navy. Mrs. N. A. Lusby and Mrs. Basil Puckett greeted guests and presented them to the couple and his mother, Mrs. Laurence. Refreshments of Cokes, cookies, coffee and mints were served from a table centered with a yellow mum arrangement. Yellow mums were also used in decorations throughout the entertaining rooms. Approximately 40 guests called. Cohostesses were Mrs. Lusby, Mrs. Reese Carter, Mrs. Puckett, and Mrs. Oscar Gray.

Look Who's New

Mr. and Mrs. Marshall Reno are announcing the arrival of a daughter, Nancy Jo, at 1:34 p. m., Nov. 15, in Garza Memorial Hospital. She weighed six pounds. A daughter, Virginia Nan, was born to Mr. and Mrs. Luther Bilberry in Garza Memorial Hospital, at 3:03 a. m., Nov. 14. She weighed eight pounds, seven and one-half ounces.

Hospital Notes

Admitted to Garza Memorial Hospital since Nov. 7 were: Bettie Carmichael, Post, surgical. H. F. Anderson, Post, medical. Bob Short, Post, surgical. Mrs. Giles Dalby, Lubbock, medical. Jim Galleman, Carlsbad, N. M., accident. Edna Compton, Carlsbad, N. M., accident. G. H. Newberry, Post, medical. Eddie Gonzales, Post, accident. Mrs. Chester Rosas, Post, obstetrical. Finnis Corley, Post, surgical. Mattie Caylor, Post, medical. Mae Mitchell, Post, surgical. Mrs. Buster Shumard, Post, surgical. Mrs. Luther Bilberry, Post, obstetrical. Mrs. Marshall Reno, Post, obstetrical. Mrs. Charles Ray Casey, Post, medical. Mrs. T. M. Arnold, Post, surgical. Jake Mangum, Post, medical. Hazel Beggs, Post, medical. Mrs. Fernando Martinez, Post, obstetrical. Jackie Carpenter, Post, accident. Helen Hubbie, Post, medical. Paul Fogarty, Post, surgical. D. H. Bartlett, Post, surgical. Mrs. D. C. Hill, Jr., Post, surgical. John Sepeda, Post, accident.

Post Women Attend District W. M. U. Meet At Levelland

Four women from the First Baptist Church were in Levelland yesterday for the 38th annual session of District 9, Baptist Women's Missionary Union, at the First Baptist Church. Mrs. Henry Heck of Idalou, retiring president, was in charge. Reports from the officers featured the program theme, "Open Doors". Guest speakers included Miss Eula Mae Henderson of Dallas, state W. M. U. executive secretary-treasurer; Miss Hannah Barlow, Southern Baptist missionary to Japan; Dr. A. Hope Owen, president of Wayland College and Mrs. Ivylyne Bishop of Plainview, former state young people's secretary. Seven hundred women from the eight associations comprised of 22 counties attended. Those from Post who went are Mrs. Dowe H. Mayfield, Mrs. R. H. Tate, Mrs. E. S. Stewart and Mrs. Lee Bowen.

1955 Club Meets In Cooper Home

The 1955 Club met Thursday night in the home of Mrs. Charles Cooper. The hostess, Mrs. Ben Brewer and Mrs. Leo Cobb gave demonstrations on holiday decorations. The group voted during the business meeting to cancel the regular December meeting and to attend the council party at the First Methodist Church on Dec. 4. Members present were Mrs. Stanley Butler, Mrs. Brewer, Mrs. Percy Parsons, Mrs. Thurman Maddox, Mrs. Rufus Gerner, Mrs. Cobb, Mrs. Cooper and a guest, Mrs. John Nelson.

College Station Woman Speaks To Graham HD Club

Graham Home Demonstration Club met Monday afternoon in the school lunchroom with Mrs. A. O. Crockett presiding. Roll call was answered with "my pet peeve". Mrs. Glenn Davis gave a report on the recent council meeting, held at Miss Jessie Pearce's home. Mrs. N. C. Outlaw, a guest, reported on the home improvement tour. Plans for the Christmas party on Dec. 4 were discussed before the guest speaker, Mrs. Eula Newman of College Station, was introduced by the agent. She talked on "My Family". Attending were Mrs. S. W. McCrary, Mrs. Outlaw, Mrs. Lonnie Peel, Miss Pearce, Mrs. Newman, Mrs. Glenn Davis, Mrs. Crockett, Mrs. Bryan Maxey and Mrs. Dillard Thompson. Mrs. Davis served refreshments of cookies and coffee during the social hour.

Byrd To Be Complimented Tea-Showers In Barker Home

The Barker's home will be the scene of a tea-shower for Miss Linda Byrd, from 7 until 8:30 p. m. The hostesses are Miss Delta Rho, Miss Pearce's left is Mrs. Dorothy H. Pearce, president of the Lubbock B&PW Club. Next left, are Miss Wilma Pirtle, treasurer; Eleanor Webb, vice president; Mrs. first vice president of the Lubbock Club, Katharine Trammell, recording secretary. A white cutwork cloth over blue satin will cover the serving table, which will be centered with a miniature bridal couple underneath an archway. Cake squares, nuts and spiced punch will be served. Silver and crystal appointments will be used. Other hostesses will be Mrs. Jack Burruss, Mrs. Paul Jones, Mrs. Charles Benson, Mrs. Thel-

Sextons To Celebrate 25th Wedding Anniversary Dec. 2

Mrs. Jim Sexton will celebrate their 25th wedding anniversary with open house, Sunday, Dec. 2. They are invited to call at their home at 615 West 12th St., 6 o'clock in the evening.

Sigma Phi Pledge Ceremony Conducted For Seven Monday

Sigma Phi Pledge ceremony was conducted for seven Monday evening at a meeting of the Xi Delta Rho chapter in the annex of the First Methodist Church. The program, each hour, recorded songs were played.

Club Meets Madder's

Madder's entertained the club in her home. Mrs. Robert Bozell, chairman, introduced the speaker, Mrs. C. D. D. a talk and demonstration on cake making. Following the program, each hour, recorded songs were played.

Grand Matron To Be Feted Saturday

Mrs. Pauline Smith, Worthy Grand Matron of the Order of the Eastern Star, will be complimented at a tea Saturday evening in Slaton, in the home of Mrs. Ethyl Tate, 725 W. Lubbock St. Post, Southland and Slaton OES Chapters are hosts for the party. Several from this chapter plan to attend.

Antelopes Turn In Dismal Performance In Losing To Abernathy By 46-0 Score

The Post Antelopes suffered their most humiliating defeat of the season at Abernathy Friday night in the final game of the 1956 campaign, losing to Coach Royal James' Antelope team by a score of 46 to 0.

Almost from the opening kickoff, there was little doubt of the outcome, with Post unable to move past their 20-yard line after starting from the 8. Quarterback James Williams had received the kick in the vicinity of the 20, but fumbled it at least three times before finally falling on the pigskin two yards inside the 10.

Played in frigid weather which drove many of the fans home when they sensed a runaway, the game belonged to Abernathy from the first time they got their hands on the ball after Jackie Carpenter kicked short and out of bounds on the Post 32.

On the second play from scrimmage, burly fullback Kenneth Jordan, seeing action for the first time since the Dimmitt game in late September, burst through the right side of the Post line and romped untouched for 29 yards and the first of seven Abernathy touchdowns. Quarterback Oscar Lopez, also back in action for the first time in several weeks, ran across the extra point and the home team was off to the races.

It soon became apparent that the Post Antelopes could do nothing right and the Abernathy Antelopes could do nothing wrong. After receiving the ensuing kickoff, Coach Leroy Fenstermaker's gridders moved the ball up to their 30, but were stalled there by fierce defensive play led by 202-pound tackle Thomas Vecchio. Another poor punt sailed only to the Post 44. On the first play from scrimmage, fleet halfback Billy Gist took a pitchout from Lopez and went 44 yards to paydirt. Lopez was stopped short on his extra point try, and Abernathy led 13 to 0 with a little less than three minutes remaining in the first quarter.

The winners' third touchdown came 22 seconds later after Williams fumbled the kickoff and Abernathy recovered on the 2-yard line. Jordan bored across on the first play and Gist ran the extra point for a 20-0 margin.

After a short punt traveled only to their 38, the Post defense braced enough to take over on downs on their 25 early in the second period, but the respite was short-lived. The Antelopes couldn't move, and Williams punted to the Abernathy 33. Manny Connell and Gist carried to the Post 45 on two plays, and from there Jordan rumbled the rest of the distance for the fourth touchdown. Connell ran over the extra point to give his team a 27-0 spread with seven minutes and 10 seconds of the first half remaining on the clock.

But the first half scoring wasn't over. Jim Gragg intercepted a Williams pass on his 35 and dashed 61 yards to the Post 8 before Williams shoved him out of bounds. Two plays later, Gist went over left tackle for the score. A fumble spoiled the try for extra point. The first half ended with

Abernathy operating from the Post 24. The longest run of the night came early in the third quarter when Jordan dashed 85 yards after Williams' punt had pushed Abernathy back to their 15. The extra point try failed, to leave the

Emergency Grain, Roughage Programs Prove Helpful To Farmers, Ranchers

During the four-months period through Oct. 31, Texas farmers and ranchers eligible under the emergency feed grain and roughage programs received assistance in the purchase of 1,443,867,646 pounds of grain and 1,374,170 tons of roughage, according to Walter T. McKay of Dallas, state director of the Farmers Home Administration. During this period, 91,787 applications for grain assistance and 37,405 applications under the roughage program were processed.

The emergency feed grain and roughage programs are meant to help established farmers and ranchers who are primarily engaged in farming and ranching to maintain their basic herds of cattle, sheep and goats, if their circumstances are such that this assistance is needed. The local Farmers Home Administration committees have the responsibility to determine the eligibility of individual applicants and to approve the amount of feed each applicant may purchase under the program.

In Texas, 233 counties are designated under the emergency feed grain and roughage programs. In

these counties, eligible applicants are helped in buying corn, oats, barley and grain sorghums, or approved feed mixtures containing either 60 or 75 per cent of these grains, through a government subsidy of \$1.50 per hundred weight. The federal government bears the full amount of this subsidy. In addition to the emergency feed grain assistance, eligible applicants are helped to buy hay or other approved roughage to maintain their basic herds. Under this program applicants receive a federal subsidy of \$7.50 per ton of roughage actually purchased.

4,125 ENTER SERVICE

AUSTIN (Sp.)—A total of 4,126 Texans entered the armed services while 3,850 were leaving active duty during October, state Selective Service headquarters has reported. Col. Morris S. Schwartz, state draft director, said only 848 Texans entered the military forces through the draft boards. The rest went into uniform "by enlistment or other voluntary means," he said.

It is colder at the antarctic than at the arctic.

score at 39-0. The winners' final tally came on a 60-yard run by Gist with the successful point attempt making the final score 46-0.

Williams was Post's outstanding player. Despite the fact that he had no blocking on any of his runs nor for any of his pass attempts, he never gave up and also turned in the best individual defensive performance of any Post player.

The fact that Post wasn't at full strength for the game contributed to the one-sided Abernathy victory. Fullback Ronnie Kennedy saw only limited action on defense. Center Jackie Carpenter, one of the team's most consistent players on both offense and defense, went into the game with a leg injury, and saw no action in the second half after being injured on the next to the last play of the second quarter.

The loss gave Post a 6-4 record for the season and a 3-3 record in District 2-AA play, good enough for second place, with Abernathy, Lockney and Spur finishing in a tie for the top spot.

FOR ALL WE HOLD SACRED.... ATTEND CHURCH!

From GOD...to MAN

A field of wheat . . . a human soul!
 Gifts from God—upon which man puts the imprint of his own labor, and faith, and wisdom.
 The result; a loaf of bread . . . a Christian.
 Life is teamwork with God. Man receives what he cannot create, and fashions what he needs. But between resource and product are vital steps.
 Between a field of wheat and a loaf of bread must be the mill and the oven.
 Between the new-born soul and the mature Christian must be a Church and a religious home.
 True thanksgiving is the sacred resolve to use what God has given to fashion what God desires.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MRS. WILL TEAFF OF CLOSE CITY WRITES

Training Union Study To Be Held At Friendship Church Saturday

Visiting with Mr. and Mrs. Glen Cearley Friday night were Mr. and Mrs. J. B. Cearley of Woodrow and Mr. and Mrs. Wayne Cearley of Levelland.

Mr. and Mrs. R. L. Mason and family of Lubbock visited in the home of Mr. and Mrs. L. R. Mason Sunday.

James Hyles of Post was a Sunday guest in the Barnie Jones home.

Visitors in the R. V. Blacklock home Sunday were Mr. and Mrs. Tom Blacklock of Post and Mrs. Jim Bob Porterfield of Grassland.

Mr. and Mrs. Irvin Cross and children of Grassburg spent Sunday with the Bon Longshoes.

Mrs. Roxie Elliott and her son-in-law and daughter of Portales, N. M., were recent visitors of the Ira Cooks and John Nelsons.

Mrs. Irvin Cross and Debbie of Grassburg visited the Walter Browns and Mrs. Will Teaff Sunday afternoon.

W. M. U. met Monday after-

One-Well Glorieta-Aycock Field Is Proved, Extended

The one-well Glorieta-Aycock field of northwest Garza County has been extended three-quarters of a mile to the northeast with the completion of the W. M. and A. P. Fuller No. 2 Frankie Irwin.

With perforations between 3,855-703 feet, the well pumped 52.50 barrels of oil plus 75 per cent water in 24 hours. Oil gravity was found to be 37 degrees and gas oil ratio 225-1.

Production is from pay topped at 3,695 feet and hole cased to total depth of 3,826 feet. Treatment was with 500 gallons of mud acid and fracture with 5,000 gallons of oil carrying 7,500 pounds of sand.

Well site spots 330 feet from north and 2,310 feet from west lines of Section 1, K. Aycock Survey, A-498. It is eight miles east-northeast of Southland.

Amended potential ratings of 175 barrels of oil per day plus 3 per cent basic sediment has been filed for Superior Oil Corp. No. 1-38 Crump, confirmation for the South Rucker "A"-Strawn field in the southeast part of the county. Potential flow was through 81-64-inch choke with oil gravity testing 39.8 degrees and gas-oil ratio of 275-1.

Continental Oil Co. was drilling ahead at its No. 1-1204 Blake,

New Scout Troop Visits Camp Post

Thirty-five members of Lubbock's newest Boy Scout troop, the First Baptist Church's Troop 1, camped overnight last Friday at Camp Post, where the boys worked on second class ranks.

The troop's scoutmaster and assistants and fathers of several of the boys accompanied them to the camp here.

All but one of the scouts are of tenderfoot rank. The troop was organized Sept. 16. Work at the overnight camp consisted of map making, study of the compass, tracking, marksmanship, cooking, firemaking and a five-mile hike.

BITS-OF-NEWS

Mr. and Mrs. Manus Samples and family returned home Sunday after spending several days visiting relatives in Mexico and Athens.

Monday guests in the Clint Herring home were her sister, Mrs. Vernon R. Turner, and two sons of Shreveport, La.

Oscar Osman of Petersburg was a Sunday guest in the home of Mr. and Mrs. O. B. Taylor.

northeastern Garza County wildcat, after fair pay shows on drillstem test.

Tool was open two hours to investigate between 2,175-291 feet. Recovery was 1,600 feet of gas in drillpipe, 120 feet of heavily oil and gas-cut mud, and 795 feet of slightly oil and gas-cut salt water. Flow pressure was 325 pounds and shut-in gauge was 895 pounds. Drillsite is six miles northwest of Post in Section 1216 of the TTRR Survey.

This Year's Yuletide Mail To Be Speeded By Various Services

Postal patrons this coming Christmas season can speed the processing and assure quicker delivery of their Christmas parcels and cards by availing themselves of various postal services, it was announced today by Postmaster Harold Voss.

The services suggested by the postmaster include:

That this year, for the first time, sealed parcels may be mailed at the third or fourth-class postage rates without labels, notations, endorsements, or hieroglyphics of any kind authorizing the opening of the parcels for postal inspection.

Packages sealed with modern sealing materials or even with just plain Christmas seals should carry better in the mail than unsealed ones. Strong cord should also be used.

Combination mail, which was used for the first time during the last Christmas season, permits a mailer to enclose a letter or message inside a gift parcel and pay the appropriate postage on it plus the postage for the package itself.

He also said certified mail, used for the first time in the 1955 season, now permits mailers to have proof of delivery of Christmas letters, cards, or parcels having no intrinsic value for a postal fee of 15 cents plus first-class postage.

Weekend guests in the Guy Floyd home were Mr. and Mrs. Giles Dalby of Lubbock and Mr. and Mrs. Glenn Mauer of Odessa.

GAME TO BE PLAYED FRIDAY NIGHT AT PLAINVIEW

Spur Bulldogs To Carry 2-AA Colors In Bi-District Contest With Canyon

The Spur Bulldogs, representing District 2-AA, will play the Canyon Eagles, District 1-AA champions, at 8 p. m. Friday in Plainview's new Bulldog Stadium.

Arrangements for the game were made Saturday night at a meeting between officials of the two schools at the Hilton Hotel in Plainview.

Spur, which won six, lost three and tied one over the regular season, was tied with Abernathy and Lockney for the conference championship and won the play-

off spot by virtue of a coin toss. Spur was district champion last year, losing to Crane in the bi-district playoff.

Canyon has compiled an 8-2 season's mark.

Following are the season's records of the two teams:

- Spur 13, Matador 13
- Spur 12, Hamlin 18
- Spur 6, Anson 19
- Spur 7, Crosbyton 0
- Spur 48, Tahoka 7
- Spur 0, Abernathy 23
- Spur 52, Slaton 6
- Spur 14, Post 13
- Spur 26, Lockney 0
- Spur 13, Floydada 6

- Canyon 32, Floydada 6
- Canyon 46, Hereford 13
- Canyon 29, Perryton 12
- Canyon 12, Dumas 19
- Canyon 6, Littlefield 14
- Canyon 41, Tulla 0
- Canyon 33, Dimmitt 6
- Canyon 52, Muleshoe 0
- Canyon 41, Olton 13
- Canyon 33, Dalhart 7

Post Sextets Play Return Contests At Tahoka Today

The Post "A" and "B" girls' basketball teams, coached by N. R. (Jiggs) King, will play Tahoka at 5:30 o'clock this afternoon on the Tahoka court. The games will be return engagements, the Post "A" team girls having won from Tahoka, 28-7, and the "B" team girls having lost, 35-30, in games here last Thursday.

The "A" team will play at Rotan on Tuesday night, Nov. 27, and are entered in the Meadow tournament to be played Dec. 13-15. Their opening round game will be against Ropesville at 4:45 p. m. Thursday, Dec. 13.

High scorer for the Post "A" team in its victory over Tahoka was Marie Howard, with 13 points. Kay Martin scored nine points and Janet Stephens, six. In the "B" game, Estelle Byrd, with 12 points, was high for Post. Barbara Gary chipped in with 10.

Coach King said he was well pleased with the girls' play against Tahoka last Thursday, and that by the time district play begins in January, he hopes to be able to field a much more experienced team, although many of the girls are playing their first year.

Members of the squads are: Pat Wheatley, Estelle Byrd, Glenda Whittenberg, Marica Dean Holland, Gwen Copple, Maritta Pennell, Marie Howard, Kay Martin, Janet Stephens, Leslie Nichols, Louise Gerner, Barbara Gary, Doris Ramsey, Linda Lusby, Barbara Wheatley, Patsy Ethridge, Linda Livingston and Linda Bilberry.

Jerry Beth Rains and Orabeth Maxey are team managers.

Independent Team May Be Organized

A meeting for the purpose of organizing an independent basketball team for the coming season will be held at 6:30 p. m. Friday in the high school gym, Jackie Hays has announced.

Possibility is seen of the local independent team participating in a league along with teams from nearby towns.

Everyone interested in the organization of such a team is urged to attend Friday evening's meeting, Hays said.

Slaton Cagers Open With Lorenzo Friday

The Slaton Tigerettes already have played two basketball games, with Frenshop and Ropesville, and the Tigers open their season Friday night against Lorenzo on the Slaton court. Both boys' and girls' games are scheduled.

On Nov. 27, the Tigers play Lubbock High School teams, with both the "A" and "B" aggregations slated to see action.

In District 2-AA, the Slaton boys and girls play Post at Slaton on Jan. 18, and play at Post on Feb. 12.

GRADUATING ANTELOPES—These four members of the Post Antelope squad were among those who closed out their high school football careers Friday night at Abernathy. No. 34 is Ronnie Ken-

...nedy, fullback; No. 32, Jackie Carpenter, center; No. 33, Schmidt, guard, and No. 39, Gary Welch, tackle.

Post Cagers To Open Tuesday

Burl McCoy, in his first year as head basketball coach at Post High School, has announced that the Antelope "A" and "B" teams will open their 1956-57 season next Tuesday night at Rotan.

The December schedule has not been compiled, the coach said, but games with Colorado City are scheduled for Tuesday, Dec. 4, on the Post court. The Ante-

lopes will play in the annual Meadow High School Invitational Tournament Dec. 13-15, then will host the Rotan cagers in return engagements on Dec. 17. Return games will be played at Colorado City on Dec. 18.

The District 2-AA schedule opens Jan. 4 against Lockney on the Antelopes' court and closes Feb. 15 with games against Tahoka on the Bulldogs' court.

Lost by graduation season's starting Tommy Murray, Novis Puzell, Royce Hays, although the broken wrist see early action. Floydada football Other returns of varsity action last Damon Ethridge, Ronnie Kennedy, Troy Cartmill and Several candidates season's squad were last year's crack They include Jimmy Hart, Charlie Windham, Clark John T. Brown.

Other candidates Williams, Wayne Smith, Kenneth Martin, Don Beasly, Noel Den Ammons, Leon De Welch.

The complete schedule follows, most "B" team as well as varsity Jan. 4—Lockney Jan. 9—Spur at Jan. 11—Floydada Jan. 15—Abernathy Jan. 18—Slaton at Jan. 22—Tahoka Jan. 29—Lockney Feb. 1—Spur at Feb. 5—Floydada Feb. 8—Abernathy Feb. 12—Slaton at Feb. 15—Tahoka

KICKS POINTS—Charlie Morris, sophomore halfback, contributed 13 points to the Post Antelopes' scoring total this season with extra point kicks. He booted four for four in the Tahoka game.

SPORTS

Abernathy's Gist Tops In Scoring

Billy Gist, Abernathy halfback, wound up as the scoring leader in this season's nip and tuck District 2-AA scoring race with a total of 73 points on 12 touchdowns and one extra point.

Finishing in second place with 69 points was Gary Williams, Lockney halfback, and Bill Race, Lockney fullback, was third with 67 points.

Following are the top 10 in district scoring:

Name	TD	EP	Tot.
Gist, Abernathy	12	1	73
Williams, Lockney	11	3	69
Race, Lockney	10	7	67
Gabriel, Spur	11	0	66
Handley, Lockney	9	4	58

What The Antelopes' Opponents Are Doing

Here is how the Post Antelopes' 1956 football opponents finished their seasons in games Friday:

- RALLS 6, CROSBYTON 6 (Ralls wins on first downs)
- DENVER CITY 13, McCamey 47.
- O'DONNELL 19, Ropesville 13.
- LOCKNEY 26, TAHOKA 6.
- SPUR 13, FLOYDADA 6.

Mrs. C. G. English of Corpus Christi is visiting in the home of her daughter, Mrs. Powell Shytle, and family.

More Give And Less Take Necessary For Safety In Driving

A safety warning was given drivers today by Sheriff Carl Rains in behalf of the current pedestrian protection program of the Texas Safety Association. He stressed the necessity for more give and less take on the part of drivers.

"Our high pedestrian fatality rate is an indictment of the selfish attitude displayed by many drivers," the sheriff said. "I know that pedestrians often invite disaster by their own careless behavior, but this does not excuse drivers from blame."

He said that the fact that the average car weighs well over 3,000 pounds while the average man weighs 160 pounds or so should convince any driver that he should bend over backwards to protect the pedestrian. Contesting the right of way with pedestrians is hardly fair play, he said.

The sheriff listed the following rules as musts for drivers who want to discharge their responsibilities to pedestrians in traffic.

1. Stop at crosswalk for pedestrians.
2. When stopped at a crosswalk, stay behind the line until the signal changes. Give walkers a break.
3. Don't jump the gun when the signal changes. Give walkers a break.
4. Be sure the crosswalk is clear before making a turn.
5. Be especially alert when approaching blind intersections or lines of parked cars.
6. Watch out for children and elderly people.

COMBINED OPERATIONS—Sky-watching and looking after the children have been combined in this Ground Observer Corps post at Mechanic Falls, Me., by installing a children's playground. This innovation solves the problem of mothers who complain that they cannot do their part in Operation Skywatch because there is no one to look after their children while on duty.

Horse Competition Will Precede Show

FORT WORTH (Sp.)—Western horse competition will open Jan. 23, two days before the first rodeo performance at the Southwestern Exposition and Fat Stock Show scheduled for Jan. 25 to Feb. 3. Douglas Mitchell, assistant general manager and superintendent of the horse show, said the western competition is starting early because of the heavy entry list of other horse classes.

The Quarterhorse competition will end Jan. 26. All entries in the performances classes of cutting, roping and reining also must exhibit in the halter classes.

Palominos will be shown in performance and halter classes from Jan. 27 through Jan. 29.

Preliminaries of the open cutting horse contest will begin Jan. 23 to qualify animals for the contests during rodeo performances. The event this year also will feature show horses.

INJURED IN FALL

Ray Ricker Jr., former Post resident, was injured Nov. 14 in a fall at the Santa Fe roundhouse in Slaton. Ricker, an employee of the Santa Fe Railway, fell 15 feet from a ladder while cutting pipe. Both his feet were sprained when one end of the pipe fell on them, and he also suffered a broken wrist.

Mr. and Mrs. R. J. Jennings had as their guests last week Mr. and Mrs. J. R. Hedrick of Lanett, Ala.

MRS. EARL MORRIS OF GORDON WRITES

Southland Loses To Bula 12-39 In Season's Last Football Game Friday

Ross Dunn and George Ellis of McMurry College, Abilene, spent the weekend here with relatives. They attended the Methodist services Sunday.

Mrs. Arch Thurmon and her daughter, Mrs. Pat Weeder, and baby of Amarillo visited the mother and grandmother, Mrs. R. R. Jones, last week.

Mr. and Mrs. Alvin Albright were Sunday guests of her brother and family, the Marion Phelps, at Olton.

Visiting in the Clyde Haire home last week were her brother and sister-in-law, Mr. and Mrs. Allen Jordon of Thomsonville, Ill., and her sister, Mrs. Medora Elliott of Dallas. Mrs. Elliott stayed for a longer visit.

Mr. and Mrs. Roland Hampton of Sweetwater visited his sister and family, the Max Jacksons, last weekend.

The C. W. Garys of Shallowater and the John Easts of Wilson visited in the Earl Lancaster home Saturday night. The group played 42.

Southland lost its last football game of the season to Bula 12-39 Friday.

Mr. and Mrs. Steve Dearth of Amarillo were weekend guests of her parents, the Noble Wynns.

After spending two weeks here with his parents, the J. W. Dono-

hoos, the Odell Donohoo family has returned to Hastings, Neb.

Mr. and Mrs. C. A. Haire visited his cousin the Buddy Haires, in Lubbock Sunday afternoon.

Mr. and Mrs. Bob Conner and children of Slaton were dinner guests of her parents, the Howton Haires, Sunday.

Sunday visitors of Mrs. J. F. Rackler were the J. B. Racklers and Claud Roper family from Wilton.

Mrs. J. A. Gary of Levelland, formerly of this community, had surgery last week. She is improved after being quite ill for a few days.

Visitors in the Tom Sims home last week were Mrs. Jack Ham, Brenda and Joel of Big Lake. Ham spent the weekend with them and other Sunday guests were Mrs. Sallie Trammell of Sweetwater and Mr. and Mrs. Lee Byrd of Post.

Mrs. J. Martin Basinger, Laura Lynn and J. Ray spent the weekend at Slaton with Mr. and Mrs. Heywood Basinger and Delores.

Mrs. Noble Wynn attended a holiday luncheon at the Woman's Clubhouse in Lubbock Thursday.

Mrs. J. P. Manly of Post visited her sister, Mrs. Earl Morris, Thursday.

Nine Rotary Rigs Turning In Garza

Nine rotary rigs were turning in Garza County on Nov. 10 as compared with 11 on Oct. 25, according to the semi-monthly survey of the Reed Roller Bit Co.

Throughout the Permian Basin, a slight increase was noted in rotary rig activity on Nov. 10. The concern's survey listed the basin with 589 units in operation on that day, with Lea County, N. M., leading the rest with 87 rotary tables turning.

In second place was Andrews County with 76. The Permian Basin total for Oct. 25 was 585. One year ago there were 558 rigs at work in the area.

Counties with 20 or more rigs in operation on Nov. 10 were: Andrews 76, Crane 45, Ector 35,

Shaw Baby Is Buried Monday Afternoon

Funeral services for Elizabeth Ann Shaw, infant daughter of Mr. and Mrs. John H. Shaw, were conducted in Hudman Funeral Chapel at 4 p. m. Monday. The Rev. J. R. Brincefield, pastor of the Assembly of God Church, officiated. Burial was in Terrace Cemetery under the direction of Hudman's.

The baby was stillborn Sunday in Slaton Mercy Hospital.

Survivors are the parents and grandparents, Mr. and Mrs. W. H. Shaw, and Mr. and Mrs. J. E. Oney of Longview.

Mrs. Ned Myers and Mr. and Mrs. Jack Myers spent Saturday visiting in Spur.

Gaines 35, Nolan 28, Pecos 21, and Winkler 25.

New Plan Will Make Game Available To Hunters In Areas Presently Void

The game and fish commission has set in motion a new plan to make certain game available to hunters in areas presently void. The program is to make wild turkey and deer from overpopulated areas available to landowners upon payment of trapping and transportation costs. Game will be trapped and delivered to landowners to be released for restocking purposes. It has a three-fold purpose:

1. Provide game now occupying overpopulated ranges a chance to survive in new areas.
2. Make game available to hunters in areas which do not at present provide hunting.
3. Give landowners a chance to increase income from their land through the sale of hunting leases.

Turkeys will be delivered for about \$12 each and deer for \$35 a head, based on average trapping and transportation costs. The plan will also serve as a supplement to the commission's regular deer and turkey restocking projects.

The commission believes it simplifies and streamlines restocking programs for those willing to pay operation costs. It will make game available to many landowners who fail to qualify under the regular restocking program which requires exceptionally large areas, a closed season usually of five years and strict habitat conditions. Under the new supplemental plan, no closed season or habitat approval is required, nor are there requirements for minimum size of release sites.

Game will be taken from areas having excess populations. No orders will be accepted for less than 10 turkeys or 10 deer. There is no maximum. The commission also pointed out that under state law payment for trapping and transportation must be made to the commission in advance.

Relatives from Post who attended the funeral of Demps Jones in Roswell, N. M., last week were Mr. and Mrs. Virgil Jacobs and daughter, Elzie Horton, Mr. and Mrs. Loyd Horton and children, Mr. and Mrs. W. W. Horton, Mr. and Mrs. Sam Horton, Weldon and S. A. Accompanying them were Mr. and Mrs. Alton Horton and children of Lamesa. Jones was injured in an accident several months prior to his death. He was a brother-in-law of W. W. and Sam Horton.

New Pamphlet Tells Of Farm Research In Texas Since 1888

COLLEGE STATION (Spl.)—Results of systematic agricultural research in Texas during the past 68 years are summarized in a pamphlet issued by the Texas Agricultural Experiment Station entitled "Agricultural Research in Texas Since 1888."

Representatives of the then existing Texas agricultural organizations helped select the first seven experimental projects undertaken shortly after the Station was created in 1888.

From these original seven studies, investigations underway have expanded by 1956 into about 357 formal research projects and a number of short-time exploratory tests, all grouped into 25 research programs.

Research results are summarized in three main sections. The first shows accomplishments under the seven original projects; the second covers the period from 1888 to 1924; and the third and longest section gives the main contributions to agricultural knowledge by the Station during the 1950's.

Scientific research, the pamphlet points out, "has led again and again to larger yields of higher quality crops from the same acreages, to more efficient meat animals, to the control of insects and of plant and animal diseases and parasites, and to great reductions in labor and time costs of farm and ranch operation and of the manufacturing and distributing processes which use agricultural products."

Major fields in which research is planned during the near future are enumerated in the concluding section.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending Nov. 17 were 25,286 compared with 26,281 for the same week of last year. Cars received from connections totaled 12,901 compared with 13,101 for the same week in 1955. Total cars moved were 38,187 compared with 39,382 for the same week in 1955. Santa Fe handled a total of 37,020 cars in preceding week of this year.

JUSTICEBURG AREA STILL BUSIEST SECTOR

Two Locations, Six Completions Highlight County Oil Activities

Two locations and six completions are listed for Garza County in Railroad Commission filings, as activity continues heavy in the Justiceburg area.

The new locations are: Dorward—Humble Oil & Refining Co. No. 3-B M. A. Fuller, 1,960 feet from south and 660 feet from west lines of Section 112, Block 5, H&GN Survey; on 1,600-acre lease eight miles southeast of Justiceburg; rotary to 2,600 feet.

Dorward—Humble Oil & Refining Co. No. 3-B M. A. Fuller, 1,960 feet from south and 660 feet from west lines of Section 112, Block 5, H&GN Survey; on 1,600-acre lease eight miles southeast of Justiceburg; rotary to 2,600 feet.

The completions are listed as follows: Dorward—San Andres—W. M. and A. P. Fuller No. 3-SA J. C. Dorward, 330 feet from north and 940 feet from east lines of Section 140, Block 5, H&GN Survey, at total depth of 2,050 feet, with pay topped at 1,910 feet and perforations 1,910-60 feet. Pumped 92.78 barrels of oil per day plus 5 per cent water; gravity, 36.8 degrees; gas-oil ratio, 400-1.

Dorward—San Andres—W. M. and A. P. Fuller No. 2-SA J. C. Dorward, 1,010 feet from north and 1,020 feet from north lines of Section 140, Block 5, H&GN Survey, at total depth of 2,050 feet, with 3 1/2-inch casing set at that depth; pay topped at 1,920 feet and perforations made from 1,920-30 and 1,938-68 feet. Pumped 63.58 barrels of oil per day plus 5 per cent water; gravity, 36.5; gas-oil ratio, 350-1.

Justiceburg—Glorieta—Cecil Oil Corp. No. 4 J. S. Reed, 495 feet from south and 1,320 feet from east lines of Section 135, Block 5, H&GN Survey, at total depth of 2,551 feet with 3 1/2-inch casing set; pay topped at 2,512 feet and perforations made from 2,512-34 feet. Pumped 170 barrels of oil per day with no water; gravity, 36 degrees; gas-oil ratio, nil; acidized with 3,000 gallons.

Dorward—San Andres—W. M. and A. P. Fuller No. 4-SA J. C. Dorward, 990 feet from north and 380 feet from east lines of Section 140, Block 5, H&GN Survey, at total depth of 2,050 feet, with pay topped at 1,910 feet and perforations made from 1,910-50 feet. Pumped 101.78 barrels of oil per day plus 5 per cent water; gravity, 36.8; gas-oil ratio, 415-1. Acidized with 500 gallons and fractured with 10,000 gallons.

Dorward—San Andres—W. M. and A. P. Fuller No. 1-SA J. C. Dorward, 330 feet from north and west lines of Section 140, Block 5, H&GN Survey, at total depth of 2,045 feet; pay topped at 1,936 feet, and perforations made from 1,936-46 and 1,950-76 feet. Pumped 68.78 barrels of oil per day plus 5 per cent water; gravity, 36.5; gas-oil ratio, 325-1. Acidized with 500 gallons and fractured with 10,000.

Northwest Justiceburg—Smith & Breyer et al No. 1 Connell Estate, 330 feet from south and east lines of Section 129, Block 5, H&GN Survey, at total depth of 3,307 feet; 4 1/2-inch casing set at 2,353 feet after pay was topped at 2,565 feet; perforations from 2,565-620 feet. Pumped 62 barrels of oil per day plus 15 per cent water; gravity, 36; gas-oil ratio, 300-1. Acidized with 2,000 gallons.

UNCLE'S RITES HELD

Mr. and Mrs. Ira Greenfield, her brother, True Rosser Jr., and wife of Petersburg, and their sister, Mrs. Neil Vervain of Carlisle, N. M., left for Fort Worth Friday morning after receiving word of the critical illness of their uncle, A. G. Rosser. Mr. Rosser, who was 78, died shortly after they arrived. Funeral and burial services were conducted Monday morning in Fort Worth.

Mr. and Mrs. Tom Henderson and Mrs. Roger Hensley spent Sunday in Clovis and Portales, N. M.

Sponsor Announces Junior Play Cast

Cast for the junior class play, "If Mother Only Knew," was announced this week by Mrs. Bettye Scott, one of the class sponsors.

The cast includes Ronnie Polk, Linda Livingston, Marilyn Steel, Barbara Haragan, Charlene Baker, Lucy Trammell, Tommy Young, Bob Smith, Billy Jones, Butch Wilson, Linda Bilberry and Noel Don Norman.

The play is to be presented Friday night, Dec. 7, in the grade school auditorium.

Weathering Damages Cotton, Says Expert

"Weathering Hurts Cotton" points out the December issue of The Progressive Farmer magazine.

"Cotton can lose as much as one grade in three weeks from weathering in the field," says Dr. Lyle E. Hessler, research associate for the Cotton Research Committee of Texas. "The sooner it is harvested, the better. Fifty days in the field can cost you up to \$35 a bale, through loss of about two grades and some loss in staple."

Dr. Hessler, stationed at Texas Tech, describes 1956 as a good cotton year on the High Plains. Farmers were able to plant cotton early. There was plenty of hot weather and they were three weeks ahead of normal for a longer growing season.

Quality may soon become a more important economic factor for South Plains cotton than it is now, he points out. Restrictions on waxy cotton and on staple length are already in effect for Government loans. A limit on fineness is being considered for the future. Also, grade value tends to lower faster for cotton of middling grade on down—which includes most Texas-grown cotton.

Mr. and Mrs. Grady Hunt and Mrs. Ned Myers were Sunday guests of Mr. and Mrs. E. B. Walden in Crosbyton.

BOOKKEEPING, TYPING, SHORTHAND TO BE TAUGHT Night Classes For Adults To Set Up; Registration Dec. 5-6

A "study center" for adults is to be organized here by the National Extension University in cooperation with the Post public schools, with registration set for 7 to 8 p. m. Wednesday and Thursday, Dec. 5 and 6, at the high school building.

All classes will meet for two hours once a week, except typewriting, which will meet one hour twice a week. The length of the term will be 10 weeks.

Classes will be organized in bookkeeping, typewriting and shorthand. Mrs. G. E. Fleming, instructor in commercial subjects at the high school, has been appointed as coordinator of the local NEU study center, according to R. K. Green, superintendent of schools.

The National Education University, with home office in San Marcos, Tex., was founded by a group of leading educators as a system of adult education. The institution awards diplomas for satisfactory completion of the required number of courses, but grants no degrees. Its sole purpose is to provide useful courses for men and women who desire to learn for their own improve-

ment or enjoyment. The NEU is one of the unique institutions available to any man, woman or child. An important feature of the NEU is the study guides for use in classes which have been prepared by experts from the major universities in Texas. According to NEU, Dr. A. A. Greenwood, former president of the NEU, has been in the last three years, the last school year, study centers are being set up in various parts of the state. Mrs. Fleming, who has been in contact her by calling 4 p. m.

NIGHT CLASSES FOR ADULTS

Stockmen Of Area Are Cautioned To Watch For Vitamin A Deficiency

Feed containing a good source of vitamin A should be provided this winter for cattle on drought-stricken pastures, suggests P. T. Marion, animal husbandman for the experiment station at Spur.

Such feeds as cottonseed meal and hulls, sorghum grain, dry sorghum bundles, prairie hay and weathered Johnsongrass hay contain little or no vitamin A. Green feed was not available in much of Texas this year and cattle could not store in their bodies enough of this essential vitamin to supply their minimum requirements until grass turns green next spring.

Vitamin A deficiency symptoms in young cattle are night blindness followed by swelling of the joints, watering of the eyes and a tendency toward respiratory ailments. Under severe long-time deficiency conditions, calves, yearlings and two-year-olds may become day blind, have convulsions and eventually die.

One to four pounds of this year's alfalfa hay will provide a minimum supply of vitamin A, Marion said. Twenty pounds of sorghum silage daily per head will do for cows. Short grazing periods on good wheat pasture or similar crops also are good.

Commercial feeds fertilized with synthetic vitamin A may be fed. Cows weighing 1,000 pounds can be fed fortified cottonseed cake or protein pellets at a cost for the added vitamin A of one cent per head daily, Marion said.

If fish oil products are used, Marion suggests that only a month's supply be bought at a time because this form of vitamin A is not as stable as other synthetic products. Wintering experiments conducted at the Spur station show that some protein supplement should be fed with silage. Cows receiving silage alone had a lower calf crop and the calves were lighter than when fortified or unfortified cake was fed.

December Plentiful Foods Listed Headed By Numerous Items

Potatoes, canned sweet corn and broilers and fryers are featured on the U. S. Department of Agriculture's December plentiful foods list, according to Miss Jessie Pearce, Garza County home demonstration agent.

These products are in the heaviest supply in relation to normal holdings at this season in all of the trade territories surveyed in the Southwest, as well as on a national basis, says the chief of the Southwest food and distribution division, John J. Slaughter of Dallas.

Meats and other protein rich foods also continue to dominate the plentiful list. Such holiday favorites as turkey, pork, beef, canned tuna, fish sticks, frozen haddock and ocean perch fillets, dry beans, peanut butter, eggs, milk and other dairy products are all listed as being in heavy supply.

Fruits listed for December include winter pears, dried prunes and canned purple plums.

Vegetables, other than those featured, include onions and cabbage. Rounding out the list are rice, lard and dates.

O. R. Cearley spent Sunday in Lubbock visiting Mrs. Alma Murdock.

GARZA COUNTY AGENT WARNS

Freeze Likely To Play Havoc With Farm Machinery Unless Winterized

A hard freeze can play havoc with auxiliary motors, tractor engines and sprayers unless they have been properly winterized, says County Agent Lewis C. Herron.

Auxiliary motors should be cleaned, the crankcase drained and flushed with a reliable radiator cleaner and then flushed again with clear water.

Remove the spark plugs. Give them a good cleaning and adjust and oil before replacing them, says Herron. The upper cylinder walls should be lubricated while the plugs are out.

Drain the fuel tank and allow to air dry. Cover the end of the exhaust and breather pipes to prevent moisture from entering the motor. Clean and charge the battery and store it where it will not freeze.

To winterize spray equipment, the agent advises flushing the entire system. All drain plugs should be removed and the pump operated for a few minutes. Open all valves while the pump is running to release any trapped water and remove and place all valve balls in oil. Drain the oil from the pump with new oil. Grease and turn shafts to distribute the

grease on shafts and bearings and hang hose so all water drains out.

Give all machinery a good cleaning; pack bearings to seal out moisture; remove belts and canvases and store in a dry, rodent-proof container and apply a rust inhibitor to all polished surfaces such as plow moldboards and sieves. While this job is being done, Herron suggests a close inspection of all machinery for broken, bent or worn parts. Repairs or replacements can be made during the winter.

Winterizing farm machinery and equipment can save valuable time and money in addition to adding years to the serviceable life of the equipment, the agent said too, the present cost-price squeeze is such that farmers just cannot afford losses which can be prevented.

SMOKING SIGN

ROME, Italy—An Italian firm has contracted to build what is described as Afghanistan's first cigarette factory. Italy will provide both the equipment and technicians to assist in getting the factory in operation.

Residents Receive Christmas Seals

Signaling the nationwide opening of the annual tuberculosis fund campaign, envelopes containing the 50th annual Christmas seals have been mailed to many Garza County residents.

The money given for Christmas bonds and seals helps people find out if they have tuberculosis; helps people with tuberculosis to obtain treatment; helps pave the way back to jobs and family circle; helps teach us all to protect our health, and helps in the search for a cure and a safe vaccine.

"There is real hope for control of tuberculosis," it is pointed out. Improved methods of treatment have already made a drastic reduction in the TB death rate. Spread of TB can be checked if we all join the Christmas seal parade and expand our efforts against the disease."

1956 Turkey Crop History's Highest

One and three-quarter turkeys for every family in the United States—that is what the record 1956 crop of over 76 million birds amounts to.

In 1930 the U. S. produced slightly more than one turkey—44 million—for each U. S. family. Back in 1930, only 17 million turkeys were produced, a little more than one-half bird for each family, the bureau says.

Thus, the U. S. is producing this year approximately four times as many turkeys as we raised a quarter of a century ago. Several factors have contributed to this enormous increase; new varieties which could be marketed much younger; reduction in labor required and in bird mortality, through new scientific methods, which has made year around marketing possible; attractive packaging and display in modern food stores; and in the case of the 1956 apart in production, a favorable feed situation and the memory of good profits on the 65-million-bird crop of 1955. Today's turkey, as sold dressed in food shops, average about 12½ pounds.

How is it that this native bird, which has sometimes been proposed as the United States emblem in place of the eagle, ever happened to be named, "turkey"? Because, it was at first confused with the guinea-fowl, which in those days was a delicacy imported into Europe by way of Turkey and was therefore dubbed with the name of that country.

Frigidaire Range Winners Are Named

A large crowd attended the showing of Frigidaires for 1957 at McCrary Appliance Tuesday.

At the free drawing, held at 7 p. m., Larry Waldrip won the electric range and Mrs. Roy Stevens, the gas range. Mrs. Xie Collins of Lubbock, home economist for Southwestern Public Service, baked cookies throughout the day and served them with coffee to 230 callers.

The average weight of the human brain is 48 ounces.

PRESIDENT RECEIVED 53.34 PER CENT OF VOTE

Election Bureau's Final Report Shows Ike Led in 133 Counties

Virtually complete unofficial tabulations by the Texas Election Bureau Saturday showed that President Eisenhower garnered 1,072,832 votes in Texas while his Democratic opponent, Adlai Stevenson, received 853,486. T. Coleman Andrews, the Constitutional party candidate, got 12,016.

Eisenhower received 53.34 per cent of the vote in 1956, compared to 53.22 per cent in 1952, but the number of Texas counties in which he led dropped.

The tabulation, the last to be issued by the bureau, showed this year Eisenhower led in 133 counties while Stevenson was favored in 121. Four years ago, the Presi-

dent led in 139 counties and Stevenson in 115. In that year Eisenhower received 1,102,878 and Stevenson 969,228 votes.

In the governor's race, Price Daniel, Democrat, polled 1,368,703 votes, his Republican opponent, William R. Bryant, 264,208, and W. Lee O'Daniel, a write-in candidate who made the race after being eliminated in the Democratic primary, received 116,930.

New Publication Is Now Available On Cotton Irrigation

Plains cotton farmers should find the information given in a new Texas Agricultural Experiment Station publication, B-838, Guides in Cotton Irrigation, most helpful in setting up their plans for another crop year, County Agent Lewis C. Herron said today.

Authors of the new publication are E. L. Thaxton, Jr., assistant irrigation engineer, at the Lubbock substation and N. P. Nelson, irrigation engineer, ARS, Lincoln, Neb., but formerly of the Amarillo Experiment Station.

Covered in the bulletin are the results of studies conducted at Lubbock and Tulsa on the use of irrigation water by cotton. The research workers found that cotton yields in pounds of lint per inch of water were about the same for all moisture levels studied but in general, the high moisture levels are the most profitable.

They say that because cotton can use varying amounts of water efficiently, it is an easier crop to irrigate than grain sorghums. They emphasize that the most important irrigation is the one done before the cotton crop is planted. Getting water stored in the soil for the upcoming cotton crop, they say, can go a long way toward supplying the moisture required for maximum crop production.

Recommendations are listed in the bulletin on water management, cultural practices, along with brief statements on methods of irrigation and fiber quality.

Copies of the publication are available from the Agricultural Information Office, College Station, Tex.

Post Students Attend Activities Conference

Eight Post High School speech students, accompanied by their instructor, Mrs. Bettye Scott, attended the annual Texas Tech High School Activities Conference for speech and drama students Saturday.

Participating in senior declamation were B. A. Ford and Lexa Acker, in poetry reading, Linda Livingston, Barbara Wheatley and Ronald Ticer, and in junior declamation, Frances Barron and Dan Rankin. Also accompanying the Post group was Andy Schmidt.

The Post students also took part in creative dramatics and play practice during the conference.

Contests In Grass Judging Forging To Front In Value

Grass judging contests, over the past few years, have increased in popularity and usefulness, says A. H. Walker, extension range specialist.

Youths and adults now participate in such contests, but primarily most training efforts by county agents and teachers of vocational agriculture are directed toward youth. Soil Conservation Service personnel often give assistance in training grass judging teams, while local soil conservation districts act as team sponsors.

Walker outlines the purpose of such contests as training youth to recognize plants and their characteristics. One must know plants before it is possible to properly manage them, he says.

Knowing the plants which can contribute the best and cheapest grazing for livestock for the different seasons of the year is a part of each contest, adds Walker.

For example, in the recently held contest at the State Fair, the 108 team members judged 40 specimens of grasses, legumes, forbs and woody plants. They had less than one minute to identify each specimen; to tell whether it was an annual or perennial; whether it grew in warm or cool seasons; was it a native or introduced plant and what was its grazing value.

As a result of these contests, which are now held annually at all of the state's major livestock shows, Walker says boys and girls as well as adults know and appreciate range plants and how to manage them.

The net results, over the past eight or nine years, have caused Walker to label the program as one of major importance in spreading known information on proper range management practices.

BITS-OF-NEWS

Mrs. Buck Gossett accompanied Mrs. Don Rose and Melody to Lubbock Tuesday of last week, where Melody observed her birthday on KDUB-TV's birthday party.

Mrs. Alton Clary and Mrs. O. B. Taylor spent Tuesday night in Lamesa with Mr. and Mrs. D. C. Taylor and family. The Taylor's daughter, Debbie, is a patient in the Lamesa Hospital.

Weekend guests in the home of Mr. and Mrs. Buck Gossett were Mrs. Ettie Mathis, Mrs. Ruby Wood and Woody Short of Slaton.

Mrs. J. F. Storie, accompanied by her sister of Roscoe, attended the funeral services of their aunt in Brady on Monday.

Visiting with Mr. and Mrs. Rob Strayhorn and Mrs. A. R. Tyson in Rotan on Sunday were Mrs. Eva Bailey, Mrs. Ella West and Ed Warren. Mrs. Warren, who had been in Rotan for several days, returned home with them.

Mrs. Marvin Hudman and Mrs. Bob Thomas transacted business in Lubbock Tuesday.

Mr. and Mrs. Lee Ward have as their guest this week Mrs. Ward's mother. The Rev. Roy Shahan, member of the board of Hendrix Memorial Hospital in Abilene, attended a meeting of the board there Thursday. He was accompanied by Mrs. Shahan, who visited friends during the day.

INCLUDED IN GARZA COUNTY COMMUNITY CHEST

Floydada Resident Is Appointed Region 2 Chairman For TUDF-USO

J. M. Willson Sr. of Floydada has been named chairman of Region No. 2 in the Texas campaign for the TUDF-USO, it has been announced by Watrous H. Irons of Dallas, chairman of the Texas United Defense Fund Committee.

"It is most important," the new regional chairman said, "that each of us do everything possible to maintain the ties of home with these boys and girls in service so that their morale may be kept high while they are away, that their hopes of a decent future may be assured, and that they may return to us as good and useful citizens."

"The USO, which performed so magnificently in World War II and the recent Korean conflict is still providing a 'home away from home' for our young men and women in uniform and will continue to do so as long as our freedoms are threatened.

"As President Eisenhower has pointed out, 'No matter what part of the country a serviceman comes from, he wants to feel confident that what he is doing is important to other human beings, and that they are grateful

for it. He must have such assurance, if he is willing and able to perform the vitally important duties which our times and our nation's good demands of him."

The Texas United Defense Fund campaign goal this year is \$702,396.

The TUDF-USO is a participating agency in the Garza County Community Chest.

Contract Let For Stretch On US 84

The Texas Highway Department has let a contract for 5.6 miles of grading, structures and paving on U. S. Highway 84 in Scurry County from Farm Road 612 to the Garza County line.

The contract was let to Henry Stafford of Lubbock on a bid of \$185,119.

Farm Road 612 runs from Fluvanna to Highway 84 and the point of intersection is where the improvement work will begin.

Thirty-three years usually constitute a generation.

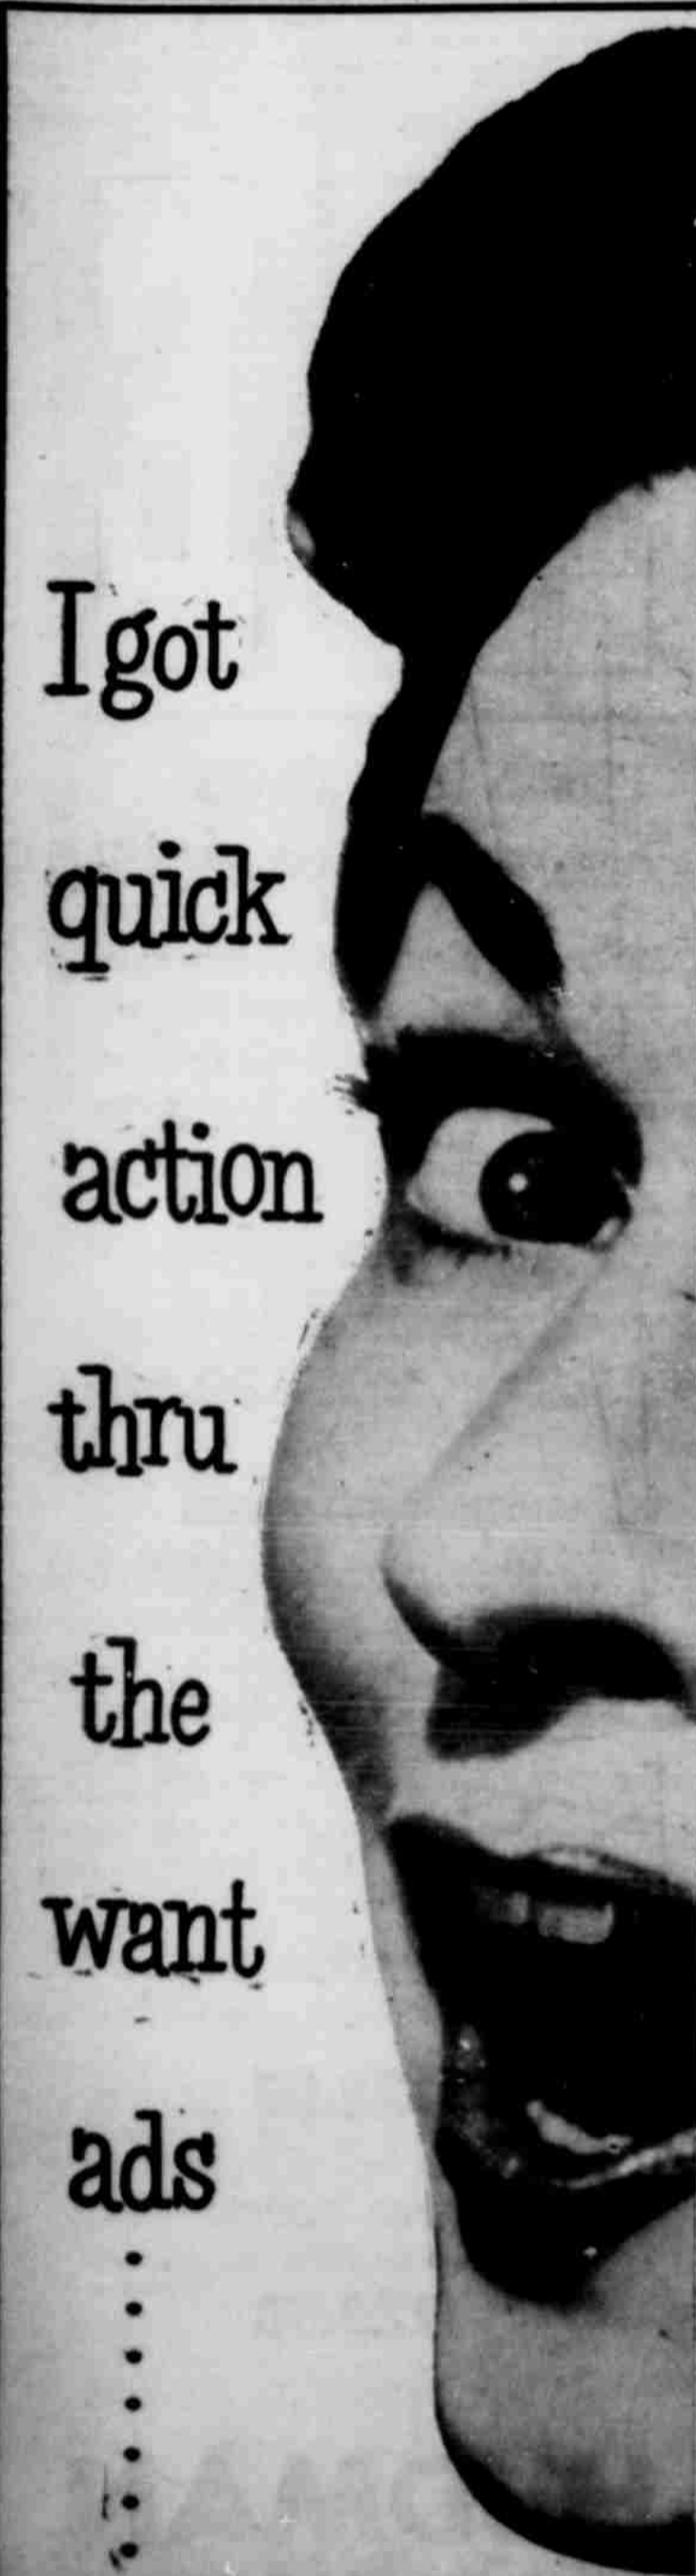

Another Set For

The Post Junior Commerce's second of the season will be 10 a. m. until 4 p. m. in the vacant building to Herring's Department Store, Lee Ward, Jaycee president.

Winners of drama last Saturday's show were Gray, Earl, Howard, Homer, Gordon, McGee, J. R. Todd, and Jimmy Huddlestone.

The Jaycee organization expects to have a show in the school. The weighing 10 pounds was won, a member coes signed a slip to K&K Food Mart.

Ward said the rifle overhauled and make sure it is ready before Saturday. Jaycee president
