Twenty-Eighth Year

Thursday, March 29, 1956, Post, Texas

Number 47

Four Candidates In Race For Two Places On School Board

The names of four candidates, including the two incumbents, were filed up to the Tuesday midnight deadline in the trustee election to be held Saturday, April 7, in the Post Independent School District.

The candidates are Paul Jones and Leo M. Acker, both for re-election to the board, and Victor Hudman and Giles C. McCrary.

Ahead of the school trustee balloting, there will be a city election Tuesday, in which three aldermen will be elected to the five-member city council. The only candidates are the incumbents, L. A. Presson, Powell Shytles and C. R. Thaxton.

Because of the fact that there are no contests for any of the three places, a very light vote is expected in Tuesday's balloting. No absentee ballots had been cast up to noon Wednesday, according to Miss Kate Lowrie, city secretary.

The April 7 school election in the Post district is to be held at the high school building, with Homer McCrary as presiding judge.

Trustee elections will also be held on that date in other school districts of the county and for three members of the county board of education.

Fillings up to the Tuesday midnight deadline, as announced by County Judge Pat N. Walker, are:

County School Board — Floyd Hodges and Pearl Nance, Precinct 4; Sam Ellis, Precinct 1 (re-election); L. E. (Buck) Gossett and L. G. Thuet Jr., at-large.

Graham—Quannah Maxey, Ray McClellan, Wilburn Morris, Harlan Morris, Grover Mason, Arlie Ramage.

Close City—A. A. Ritchie, A. M. Smith, Ted Shults, Barnie Jones (re-election).

Garnolia—Bryan J. Williams Jr. (re-election), E. L. Short (re-election), R. A. Weatherby, Amos, Gerner, J. M. Haley, Carl Jones, Bishop Mathis.

Justiceburg — Sammy Bruner, Clay Vaughn, Lee Reed (re-election), Bandy Cash.

Mr. McPherson Is Buried Here In Rites Sunday

Last rites for George E. McPherson, father of Mrs. Earle Thaxton, were conducted at 3 o'clock Sunday afternoon in the First Baptist Church. The Rev. Roy Holmes J. Till of El Paso officiated, assisted by the Rev. Roy Shahan and the Rev. W. L. Porterfield. Mrs. Warren Yancey, organist, played "Beyond the Sunset" during the service and she also accompanied a choir which sang "How Beautiful Heaven Must Be" and "Beautiful Isle of Somewhere." Miss El-Wanda Davies sang "Sunrise Tomorrow." Mason Funeral Home directed burial in Terrace Cemetery.

Mr. McPherson died at 9:30 a. m. Friday in Garza Memorial Hospital, which he entered Thursday. He had been in ill health for several months.

He and the former Miss Alyce Tucker were married Nov. 4, 1904, at Energy, Tex. They lived at Gomez, then moved to Brownfield where he was deputy sheriff for several years. In 1923, the McPhersons moved to Jayton where he began work with the highway department. Two years later they moved here, where he served as foreman of the highway department until 1934 and then became superintendent on special jobs until 1945, when they moved to El Paso. He was superintendent of county roads in precinct four there for 11 years, before moving back to Post last month, Feb. 20.

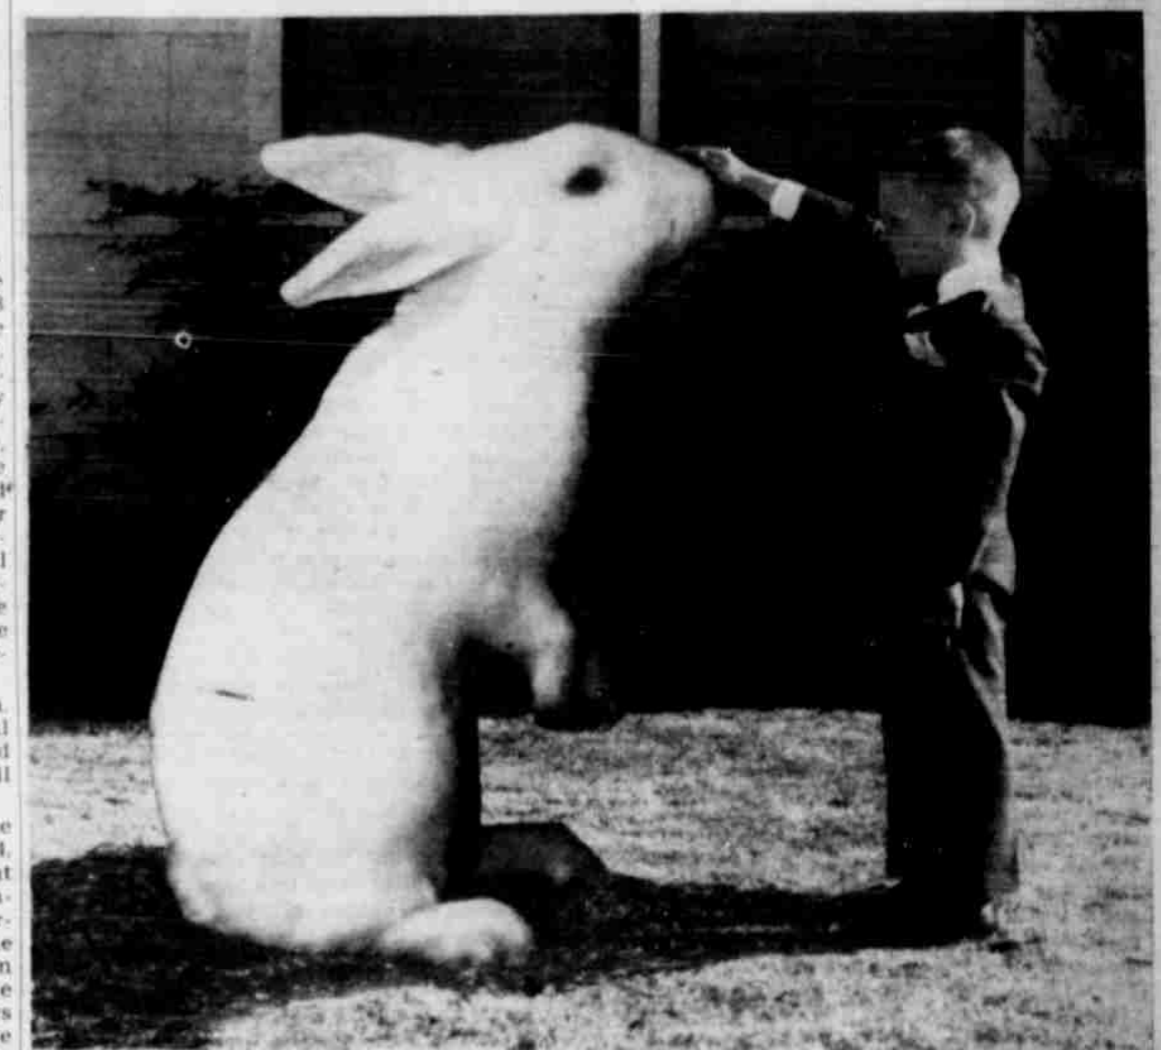

Mr. McPherson had been a member of the Masonic Lodge for 40 years.

Survivors are his wife; one daughter, Mrs. Thaxton, and two sisters, Mrs. W. C. Mathis, Sr., of San Antonio and Mrs. H. H. Longbrake of Guymon, Okla.

Pallbearers were Harold Voss, Shorty Lacey, L. P. Kennedy, Jr., Ivan Jones, Bud Everett and Alex Webb.

All of Mr. McPherson's old friends were named honorary pallbearers.

Among the out-of-town relatives here for the funeral were Mr. and Mrs. R. D. Travis, Jr., of Ballinger; Mr. and Mrs. Don Mack Mathis and W. C. Mathis, Jr., of Carlsbad, N. M.; Mrs. W. C. Mathis, Sr. and Mrs. Norvin Arnold of San Antonio; Mrs. H. H. Longbrake and Otis Longbrake.

WHERE ELSE BUT IN TEXAS?—Wayne Schmedt, four-year-old son of Mr. and Mrs. E. F. Schmedt, 611 West 8th Street, found this 103-pound bunny galivanting around on his lawn this week in a pre-Easter visit and made friends in a flash. Take it from Wayne, and the bunny will be back on Easter Sunday, and local citizens who happen to look outside and see him hopping about on their lawns are asked not to become unduly alarmed. Wayne also learned from the bunny that he wants to make this a king-sized Easter for everybody... especially since the date is also April's Fool Day.—(Staff Photo.)

ROTARIANS HEAR PRESBYTERIAN PASTOR

"Church Speaks To All," Says Speaker

"There is no moment in any day of any occupation that the Church doesn't have something to say," the Rev. Clinton Edwards, pastor of the First Presbyterian Church, told members of the Post Rotary Club at Tuesday's luncheon.

"That doesn't mean that the Church will be a dictator, but that through it you find the reasons for your moral standards, for your striving to serve," the speaker said.

"Every one of us, at one time or another, has been so overwhelmed with failure or opposition or difficulty that we find ourselves asking, 'Oh, what's the use?' We sometimes face it in business. Here is a man who tries to give good honest quality for a fair price. But the opposition of a rival who 'cuts corners' makes it so difficult that he too finds himself asking our question.

"The same thing happens in our social life—in recreation. We have certain moral and ethical standards we try to keep... perhaps because of what others will say and think if we don't. But this is not reason enough when the opposition or difficulties get too big. We need some reason for our moral standards.

Boy Scout Court Of Honor Slated

A Court of Honor for Boy Scout Troop 16 will be held Monday evening at the Scout Hut, Bryan J. Williams Jr., troop committee chairman, has announced.

The program will include presentation of the troop's new charter for the coming year by Bill Edwards, institutional representative from the Post Rotary Club, which sponsors the troop.

There will also be a presentation of advancement awards to boys who have completed requirements for tenderfoot, first class, second class and Star Scout rank, Williams said.

The general public is invited to attend the Court of Honor. Parents of the Scouts are especially urged to be present.

Huffaker Funeral Is Held Tuesday

Funeral services for C. C. Huffaker, 92, were held at the Grassland Church of the Nazarene Tuesday afternoon at 3 o'clock. The Rev. J. R. Ferguson of Wellington and the Rev. J. D. Dorrough, pastor, officiated. M. C. Richey directed the music. Burial was in Grassland Cemetery, with Mason Funeral Home in charge.

Mr. Huffaker, a retired farmer, died Sunday at the home a son, H. E. Huffaker at Grassland, with whom he had made his home for the past 17 years.

He was born Nov. 27, 1863 in Arkansas and came to Texas, settling in Johnson Co., in 1900. He moved to Lynn Co. in 1913, where he had resided since. He had been a member of the Church of the Nazarene for 33 years.

Mr. Huffaker was preceded in death by his wife in 1907 and a daughter, Mrs. Verna Hicks, in 1931.

Survivors are a daughter, Mrs. T. J. Murray of Grassland; two sons, Marvin of Dattil, N. M. and H. E.; 21 grandchildren and 27 great-grandchildren.

The following grandsons were pallbearers: Roy, Glenn, Kenneth and Bobby Huffaker and James and Hulian Murray.

Honorary pallbearers were E. B. Gregg, W. G. McClesky, A. E. Riley, W. L. Gribble, Hall Robinson and H. D. Gartman.

Slow Return Here Of Mail Questionnaires May Defeat Project

Failure of patrons to return the questionnaires distributed here March 26 may defeat the project to get city mail delivery in Post, Postmaster Harold Voss said Wednesday.

Up to noon Wednesday, only about 35 per cent of the 1,000 questionnaires distributed here had been returned.

"That isn't near a high enough percentage, and time is running short for return of the questionnaires," the postmaster said.

The questionnaires ask whether or not patrons would be in favor of city mail delivery if other qualifications are met.

The postmaster said that more than 90 per cent of the questionnaires returned were marked in favor of city mail delivery, but that otherwise the response had been disappointing.

"Of the 35 per cent returned," he said, "not all of them were brought to the office as requested. Some of the postal workers have made house-to-house canvasses to pick up the questionnaires after getting patrons to fill them in."

E. E. Pierces Attend Littlefield Funeral

Mr. and Mrs. E. E. Pierce are in Littlefield today to attend funeral services for his brother-in-law, John Franklin Tomlinson, 67, who died Tuesday in a Littlefield hospital following a heart attack.

Mr. Tomlinson farmed four miles northeast of Littlefield. He moved there in 1948 from Ropesville.

Block Is Purchased For New Dwellings

Scott & Browning Building Co. has purchased a block of land in the southwest part of town from the Double U Company, and will begin taking applications for GI and FHA building loans within the next three weeks, according to Jim Sexton, local representative for the building company.

Sexton said 10 dwelling houses are to be constructed on the site, which is described as the south half of Block 134 and the north half of Block 147.

Recent occupancy of ten new GI and FHA loan homes on a block just south of the junior high school building brings to 22 the number of new houses constructed here by Scott & Browning within recent months.

Post Woman Receives High Scouting Award

The Scouter's Key, which is the highest award a woman can receive in Boy Scout work, was awarded to Mrs. Victor Hudman of Post at the Comanche Trail District banquet in Crosbyton Tuesday night.

Mrs. Hudman has earned the training program award with five years' continuous service as den mother of Den 2 of Cub Scout Pack 16, which is sponsored by the city's Parent-Teacher Association.

Also at the district banquet, Pack 16 was presented two awards. One was for its round-up program, in which it reported a gain of 25 per cent in membership during 1955. The other award was for outstanding advancement, 60 per cent of the Pack's members having advanced one rank or more during the past year.

Edsel Cross is cubmaster of Pack 16 and Ben Owen is assistant cubmaster.

Landscaping Project Is Under Way

An extensive landscaping renovation project got under way this week on the east half of the courthouse lawn.

A number of dead trees have been uprooted and are to be replaced with new ones, probably Chinese elms, County Judge Pat N. Walker said. Re-sodding and some new sodding is also included in the project, which is under the supervision of County Agent Lewis C. Herron.

The county agent was in Lubbock Wednesday purchasing trees for replanting on the lawn.

AT FATHER'S BEDSIDE

Mayor James Minor, accompanied by two of his brothers, Capt. Max Minor of Shreveport, La., and Joe Minor of Austin, left Saturday night for Spokane, Wash., where their father, John W. Minor, is seriously ill at the home of his eldest son, A. J.

MEET THE TEACHERS

N. R. (Jiggs) King, a member of the Post High School faculty since 1945, says he learned years ago that a big majority of the students are in school for a purpose and that with the teacher's help most of them will make good students.

During the more than ten years he has served on the faculty here, King has taught world history and coached girls' basketball. For the past four or five years, he has also driven a school bus, and since mid-term has taught driver's education. For the first time this school year, he is serving as one of the

Teachers Are Big Help In Making Good Students

leyball meet held in this section in recent years. At the time, his 1956 team is looking ahead to the district tournament at Floydada on April 7.

After having qualified last summer as an instructor of driver's education, King took over

Car Tag Deadline Nearing

Although purchase of 1956 automobile and truck tags has speeded up this week, there are still several hundred vehicles to be registered if owners beat the April 1 deadline, it was announced Tuesday at the Garza County tax assessor-collector's office.

Mrs. Exa Thomas, chief deputy, said the office would remain open for a while Saturday night for the convenience of late-comers.

OFFICE TO STAY OPEN SATURDAY NIGHT FOR LATE-COMERS

Up to 3 p. m. Tuesday, a total of 1,139 passenger automobiles had been registered. The county was sent 2,000 tags, but that number normally lasts throughout the year, and it could not be determined just how many more passenger cars were to be registered before the deadline. Total registrations, including all types of tags, usually run slightly more than 3,000.

Sales of other tags up to 3 o'clock Tuesday afternoon were as follows:

Commercial truck, 190; farm truck, 330; truck-tractor, 10; farm truck-tractor, 1; trailers, 40; house trailers, 4; motorcycles and motor scooters, 10; dealers' licenses, 4.

Applicants for registration are asked to bring with them their 1955 registration receipt and certificate of title.

Thursday to Thursday

By **CHARLES DIDWAY**

WE HEARD THE Town Grouch make a good point Friday. He was sitting in Hamilton's Drug Store when in walked one fellow and says to another, "It's sure pretty weather out there." To which the other fellow replied, "Yep, just like a Spring day." The Town Grouch snorted and said, "Well, it ought to be; it's March 23rd."

THERE'S A LINE on the ocean where by crossing you can lose a day. There's one on the highway where you can do even better.

ORDINARILY, WE DON'T watch "The \$64,000 Question" on television because the huge sums of money banded back and forth make our head ache, and some of the contestants and announcer Hal March make us ache in other places. But we were looking in 't'other night when the clothing store clerk from Georgia missed the \$64,000 question by not knowing the amount per head that it was suggested by Abraham Lincoln that the government pay the owners for the slaves in Delaware.

POET-AUTHOR Carl Sandburg, leading authority on Lincoln, has since described the question asked as "unfair and just plain cuckoo" and said he thought the contestant should have another chance.

STEVE CARLIN, producer of the show, disagrees with Sandburg, and says the contestant will not get another chance on the program because he flopped on a "valid and fair" question.

CARLIN GOES ON to say that the amount of money Lincoln said he would pay for the slaves is something most school kids know. And that is where we disagree with Producer Carlin. We're not arguing on the validity and fairness of the question, but if one school kid out of 1,000 knew the answer, we'd be surprised. Even most of those who teach the school kids wouldn't have known it.

CRUDE IS THAT which if you've got wells producing plenty of, you can get away with being.

YOUR NEWSPAPER (in this case your Post Dispatch) may save your life when you're walking home after dark some winter evening, says an American Automobile Association official.

"WEAR WHITE AFTER dark" has long been the slogan of safety organizations throughout the country, explained Robert S. Kratschmar, executive secretary of the Massachusetts division of the AAA.

"IT'S NOT ALWAYS possible to wear white clothing at night," he said, "but your white newspaper will help. When you walk across a highway or near moving automobiles at night, carry your newspaper so the car headlights will reflect upon it. This is particularly important if you're walking along an open highway or country road."

Roger W. Babson Writes This Week:

In Long Run, Automation May Result In Shorter Work Week; Slow Change Seen

BARSON PARK, Mass.—Today's news features on automatic factories, cheap atomic power, and political uncertainties are grist for the labor unions. Their leaders are saying these things will cause unemployment and that the only cure for unemployment is a shorter work-week. Talk is of a 30-hour week; but my guess is the first move will be to a 36-hour week—then a 32-hour week.

What About Automatic Factories? Factories have constantly become more automatic for the past fifty years. The great advance, however, has come with the development of electronics. Some industries, such as the oil-refining industry, have already become eighty per cent automatic; it has had no unemployment and is paying the highest wages ever. Union labor leaders cannot yet show that the automatic factory is causing unemployment.

In the long run, automation may bring a shorter work-week; but the changes will be slow. The rebuilding of a manufacturing plant to be self-operating is very expensive. Thousands of consolidations must take place before such revolutionary changes will come about. There, however, will be more opportunities for new companies which can start from the ground up with the very latest automatic machinery. However, my chief purpose this week is to suggest certain industries which should definitely benefit from a shorter work-week.

Leisure Beneficiaries
Best known is Spalding (A.G.) & Bros., one of the largest manufacturers of baseball, basketball, football, golf, tennis, and skiing products. Headquarters in Chicopee, Massachusetts. Last year their stock paid \$0.50 (and 5% stock) and now sells at about \$19.
Brunswick-Balke-Collender, largest manufacturer of bowling alleys, billiard tables, and gymnasium equipment. Main office in Chicago. Common paid \$0.25 (plus 5% stock) last year and sells around \$28.
Stanley Warner Corp., one of the best movie theater companies, interested in Cinemas. Subsidiary manufacturers latex products. Offices are at 1585 Broadway, New York City. It paid \$1.00 last year and sells around \$16.
Mushnet Shirt Co., one of the largest

TAKE TIME TO VOTE ...

In voting, as in most everything else, it's a good idea to keep in practice. That is one of the reasons why everyone eligible to vote should cast a ballot regardless of whether or not there are contests in any or all of the races.

Take, for instance, next Tuesday's city election, in which three members will be elected to the City Council. The only candidates are the three incumbents, and most qualified voters probably will stay away from the polls on the basis that there is no use voting, since all three candidates are going to be re-elected anyway.

The same may hold true for the school trustee election to be held Saturday, April 7. It'll look good for the town and make the candidates feel better if sizable votes are cast in both of these elections. And, as mentioned earlier, going to the polls will help the voter keep in practice for more heated elections later on in the year. It'll also help him get his money's worth out of the \$1.75 he paid for his poll tax.

So, take time out to vote in Tuesday's city election and in the school trustee election the following Saturday.

A good thing to remember in these days of all kinds of "federal aids" is that the Federal government hasn't got a dime that it doesn't take away from the people. So it can't give anything to a school system, building programs, county welfare, flood control, crop surpluses or anything else without first taking it away from the people.—Ablene, Kan., Daily Reflector Chronicle.

If we could only earn 1956 wages, pay 1925 prices and 1915 taxes, we would be sitting pretty.—West Grove, Pa., Independent.

TELEVISION WILL never really be a success until you can mark your place in a show and come back to it later.

THIS WILL BE the first time Easter Sunday and April's Fool Day have fallen on the same date since 1945, and it won't occur again until 2018.

EASTER SUNDAY is early this year, but it has been, and will be, earlier. In 1913, for instance, it was on March 23, the earliest in the 20th century. The next time it will fall that early is the year 2008, if you care to make a note of it.

POST HIGH SCHOOL'S half-mile ace Ray Gary is posting some good times this season, and probably will be the Antelope only first-place winner in the district track and field meet. There is a possibility, however, that Miller Naranjo and hurdler Jerry Key may improve enough by April 14 to rack up first places in the district meet at Floydada.

ULCERS: Something you get from mountain-climbing over mole hills.

THE ROUND OF senior class year-end activities begins tonight with the annual Baptist WMU banquet, then continues right on up until commencement night. Some of the outstanding events will be the Methodist WSCS breakfast, junior-senior banquet, class trip and baccalaureate.

Getting Out On The Limb

By **EDDIE** the editor

THE OLD TIMER remembers when the only fringe benefits were those a man got from watching the tassel dancer at the county fair.

IF THE RECENT rodeo at Seagraves is any indication, this ought to be a good year for them, and directors of both senior and junior rodeo groups here can start getting ready for big ones in May and August, respectively. There was a total of 270 entries in the various events at the Seagraves Rodeo, which indicates that amateur cowboys and cowgirls are primed and ready for the spring and summer's western whang-dings.

Post and Garza County were well represented at the rodeo, with Jimmy Moore being judged the best all-around cowboy. Jack Kirkpatrick had the low time in calf roping for a while during one of the performances, and also entered the double mugging contest.

Altogether, there were 70 calf ropers, 44 double muggers, 19 saddle bronc riders, 61 bull riders and 69 bareback bronc riders.

The Post Stampede Cowboys made their first public appearance of the season in the parade opening the rodeo, and, although only eight of the riders made the trip, they are reported to have made a good showing.

Spinning a new record, an absent-minded disc jockey said, "We have just heard Doris Day's front side. And now," he continued, "let's look at her back-side."

In Charlotte, N. C., Mr. Carpenter is a plumber Mr. Farmer never worked on a farm. Mr. Truelove has been divorced. Mr. Youngblood is 87 years old. Mr. Batchelor has been married three times. Miss Dark works for the light company.

To find out what a man is, find out what he does when he has nothing to do.

ANY BUSINESSMAN or anyone connected with business probably will appreciate the cleverness of this "Dictionary of Businessness":

Bits Of News From Here And There

A representative of the Lub-
 bock Social Security office will
 be in Post at the district court-
 room at 1 p. m. on Friday, April
 6, and will be glad to answer
 any questions at that time.

Mrs. J. E. Robinson has gone
 to Waco to spend two months
 with her son, Raymond, and fam-
 ily.

Emmitt Goode had as his
 weekend guests his parents, Mr.
 and Mrs. Otis Goode, of Deni-
 son.

Ernest Sparks is recovering
 nicely after recently undergoing
 surgery in the West Texas Hos-
 pital in Lubbock.

Misses Jo Fern and Helen Vern
 Taylor, students in T. S. C. W.,
 Denton, will spend the Easter
 holidays with their parents, Mr.
 and Mrs. Joe B. Taylor.

Mrs. Howard Hopkins and Lin-
 da of Lorenzo visited Mrs. W. J.
 Shepherd over the weekend.

Miss Charline Didway, who is
 attending North Texas State Col-
 lege in Denton, will spend the
 Easter weekend here with her
 parents and brothers, Mr. and
 Mrs. Charles Didway, Walter and
 Curtis.

Only one-fifth of the cotton
 acreage in the southern United
 States is mechanically harvested.

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8,
 with Fordomatic was the official victor over
 every car in its field, with a winning average
 of 47.7643 ton-miles per gallon. This means
 that the sturdier, heavier Ford carried more
 weight, with greater gas economy per pound,
 than any car in its field.

This latest Ford victory was scored over a
 rough and rigorous 1,468.8-mile route run-
 ning from Los Angeles to Colorado Springs.
 The winning Ford threaded its way over
 the tough and twisting course averaging
 better than 40 mph. Through the heat of
 Death Valley and over the chilling height
 of an 11,000-foot mountain peak... through

the gas-eating stop-and-go of city traffic and
 over the straight-line open road... Ford
 proved anew its traditional reputation for
 economical performance.

The winning Ford was a regular-produc-
 tion model taken right from the assembly
 line and officially impounded until the
 starter's gun sounded. It was no different
 than thousands of '56 Fords you see on the
 road and in dealers' showrooms. This proves
 that Ford, the Performance, Style and Safety
 leader, leads in Economy, too! That adds up
 to four big reasons why the '56 Ford is worth
 more when you buy it, while you drive it,
 and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chances for all cars in each class
 regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in
 tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Card of Thanks

Please accept my heartfelt thanks for the many nice cards and flowers, the friends and neighbors who visited me, Dr. Tubbs, and the nurses at Garza Memorial Hospital who were so nice during my stay there.
Mrs. Nora Willingham

We wish to express our heartfelt thanks to each and every one for the beautiful flowers, food and acts of kindness during the illness and death of our father and grandfather, C. C. Huffaker. May God bless all of you.

Mr. and Mrs. H. E. Huffaker and family
Mr. and Mrs. Marvin Huffaker and family
Mr. and Mrs. T. J. Murray and family

Our hearts are filled with sincere appreciation for all who expressed their sympathy and love in so many comforting ways during our bereavement. We especially want to thank Drs. Williams, Marable and Rountree, Buck Gossett and the entire hospital staff, those who sat up, sent flowers and prepared and served food. We are deeply grateful to all of you.
Mrs. George E. McPherson
Mr. and Mrs. Earle Thaxton

FACTS and FADS
around P. H. S.

By RUBY MONTGOMERY
Congratulations to the senior play cast for the fine performance Friday night. Everyone did a good job and the audience enjoyed it very much.
The Baptist Banquet will be tonight.

The Freshman class had a party Monday night. They went to Lubbock, where they skated and ate. Everybody had a good time despite the falls and bumps.

There are about 39 school days left until graduation on May 25.

A Senior class meeting was held Monday afternoon during the activity period. The class saw a short film on W.T.S.C. They also discussed the trip they will make to Plant X Friday. They will leave about 8:30 a. m. and will return around 4 in the afternoon.

The FHA girls are having a bake sale. All types of cakes are being sold. You can turn your order in to any club member. The proceeds are to help the club fund. Barbara Stone, Sherry Taylor, Linda Lusby, Jerry Rains, and Rexene Welch are a few of the members.

The girls in the play Friday night wore some attractive full skirts. The boys looked nice too. Gray hair becomes Bettye Sue Hunt.

PHS had a school visitor from

*** Card of Thanks**

Our hearts overflow with sincere appreciation for all who expressed their love and sympathy in so many different ways during our recent sorrow. We especially want to thank those who sent flowers and food.

Mary Nell Bowen To Marry V. Copeland Here June 3

Mrs. C. R. Bowen of Bangs, formerly of Post, announced engagement and approaching marriage of their daughter, Mary Nell, to Thomas Vane Copeland, son of Mr. and Mrs. V. F. Copeland of Blackwell. The couple will be married at 8:30 o'clock in the morning, June 3, in the First Baptist Church here. Friends and relatives are being extended an invitation to the wedding ceremony.

Miss Nell is a graduate of Post High School. She attended Hardin-Simmons University and received her degree in Business Administration from the University of Texas at Austin. For the past two years, she has been employed in Blackwell High School.

Mr. Copeland is a graduate of Blackwell High School. After having served two years in the Army, he attended studies at Texas A&M College, where he is a junior.

Pueblo Woman Is Bride Of Former Garza Resident

Mr. and Mrs. Harvey A. Selva of Pueblo, Colo., are announcing the March 10 marriage of their daughter, Janice Irene, to Donald C. Wheeler, son of Mr. and Mrs. Clyde Wheeler of Pueblo and formerly of Post. The bridegroom is a grandson of Mr. and Mrs. Lauris Wheeler.

The Rev. A. Hodgson read the ceremony at 2 o'clock in the afternoon in the Evangelistic Tabernacle Church. Miss Blanche Novak was the soloist.

Given in marriage by her father, the bride wore a turquoise street length dress and white accessories.

Miss Jeanie Grisham, maid of honor was attired in orchid with pink accessories.

Carol Slavacek attended the bridegroom as best man.

Relatives and close friends were wedding guests.

The bridegroom, an employee of Mt. States Telephone and Telegraph Co. in Pueblo, is a member of the Greenhorn Valley Boys, a popular western dance band there.

Juneau-Brown Vows Are Read Saturday In Catholic Church

Miss Olga Germaine Brown, daughter of Mr. and Mrs. Juber S. Brown of Lubbock and formerly of Post, and Sgt. Murley Joseph Juneau, Jr., were married at 10:30 a. m. Saturday in St. Elizabeth's Catholic Church in Lubbock.

Mrs. M. J. Juneau of New Orleans, La. is the bridegroom's mother.

The bride wore a street length dress of white lace, waist length veil attached to a white velvet hat sprinkled with rhinestones, and other white accessories.

After a trip to New Orleans, the couple will reside at 2310 18th St., Lubbock, where he is stationed at Reese Air Force Base.

Miss Virginia Robison To Wed Calvin Storie In Fort Worth

Miss Virginia Robison and Calvin Storie will be married Saturday in Fort Worth at the home of Mrs. Dorothy Aldrich, supervisor of Lena Pope Home, where the bride-elect grew up.

Among the wedding guests will be her brother, Weldon, who is in the Navy, and whom she had not seen in 18 months until he recently arrived to spend a few days visiting and attend the wedding.

Miss Robison was graduated from Arlington Heights High School and has attended Hardin-Simmons University the past two and one-half years. The prospective bridegroom is a graduate of Post High School and Hardin-Simmons. Following their marriage, the couple will be at home in Arlington Heights.

Annette McBride Is Party Honoree

Mrs. Lucile McBride gave a birthday party for her nine-year-old daughter Annette, Saturday at their home in the Graham Community.

Invitations were mailed to the guests asking them to wear "grown up" clothes. Pictures were made of the group and a style show was held with Cheri Moore, Dian Maxey and Glenda Sparlin being judged the three best dressed models. After this phase of the party Annette and her guests went to her playhouse for a tea party.

After the honoree had opened her gifts, refreshments of cookies, popcorns, birthday cake and cold drinks were served to the following: Glenda and Brenda Sparlin, Linda McMahon, Mary Ann Stone, Cheri Moore, Edna Redman, Loma Dell Crockett, Shirley Hubble, Dian Maxey, Gloria Thompson, Pamela Stewart and James and Annette McBride.

Others present were Mrs. Mary Lee Wristen, Mrs. Bob Lusk, Mrs. Bill McMahon and Debra Brown, Mr. and Mrs. Quannah Maxey, Orabeth and Jane, Mrs. L. E. McBride, Vearl and Vada, Mrs. Dillard Thompson, Mrs. Leo Cobb and Randy, Mrs. Melvin Stewart, Donna and Melvina and the hostess.

Rosemary Gaymons Honored Shower In Schmedt Home

Miss Rosemary Gaymons, bride-elect of Roy Webb Robinson, was complimented at a tea-shower Monday evening in the home of Mrs. E. F. Schmedt. Guests called between 6:30 and 8:30 o'clock.

The honoree's chosen colors of blue and white were emphasized in decorations throughout the entertaining rooms. The serving table centerpiece was of white stock.

Mrs. Joe Callis greeted guests and presented them to Miss Gaymons; her mother, Mrs. F. E. Shannon; and Mrs. A. R. Robinson, mother of the prospective bridegroom.

Guests were registered by Miss Zephie Brown.

The hostesses list was composed of Mrs. Callis, Mrs. J. A. Stallings, Mrs. Jessie L. Lancaster, Mrs. Schmedt, Mrs. Bryan Williams, Jr., Miss Brown, Miss Lola McWhirter and Mrs. Dave Sims.

1955 Club Meeting Is At Mrs. Gerner's

Mrs. Ben Brewer gave a demonstration on "matching plaids" when the 1955 Club met Friday morning in the home of Mrs. Rufus Gerner. Coffee was served following the program.

Attending were Mrs. Joe Duren, Mrs. Thurman Maddox, Mrs. Don Butler, Mrs. Lester Josey, Mrs. Luther Bilberry, Mrs. Porter Roberts, Mrs. Stanley Butler, Mrs. Percy Parsons, Mrs. Ben Owen and Mrs. Gerner's mother, Mrs. Sims.

Beta Sigma Phi Meet On Monday

Mu Alpha Chapter of Beta Sigma Phi Sorority met Monday evening in the home of Mrs. Eva Bailey with Misses Katharine Stryker and Jane Stephenson as hostesses.

Following the business session, Mrs. Ed Sims had charge of the program on "Travel."

Refreshments were served to Mrs. Bing Bingham, Mrs. Jess Compton, Mrs. Jess Cornell, Miss Melba Cowger, Miss Maxine Durrett, Mrs. Wagoner Johnson, Wallace Simpson, Mrs. Sims, Miss Ganell Babb, Mrs. Bob Garison, Mrs. Mason Justice, Mrs. Bill Fumagalli and the hostesses.

Grassland Church Of Christ Is Scene Of Ash-Stanley Wedding

Grassland Church of Christ was the scene of the wedding of Miss Minnie Lou Stanley and Johnny Ray Ash, at 7 o'clock Saturday evening. Leroy Cowan read the ceremony.

Parents of the couple are Mr. and Mrs. Orville J. Stanley of Grassland and Mr. and Mrs. John Ash of Gorman.

The couple stood beneath an archway covered with greenery, centered with white satin bows and wedding bells. Baskets of gladioli and candelabra completed the altar decorations.

Wedding music was presented by Miss Patsy Stanley and Don Williamson, vocalists.

Mr. Stanley gave his daughter in marriage. She wore a white embossed faille dress topped by a lace jacket. A white shell hat held her shoulder length veil, and she carried a white orchid and feathered carnations on a white Bible.

Mrs. Ollie J. Stanley was her sister-in-law's matron of honor. Bridesmaids were sisters of the couple, Misses Patsy Stanley and Eula Jean Ash of Gorman. They wore blue shantung dresses, matching accessories and pink carnations.

Harry Barnes of Slaton attended his brother-in-law as best man. Ushers were Kenneth Foreman of Ranger, brother-in-law of the bridegroom, and Don Williamson of Lubbock.

Mr. and Mrs. Stanley were hosts for a reception in their home immediately following the ceremony.

CHORUS TO SING
The Post Colored School Chorus will appear on Radio Station KRWL Saturday and Sunday afternoons at 4 o'clock.

Sunday visitors of the J. T. Peddy were his nephews, A. L. and Jack Peddy, of Lubbock.

The Rev. Cecil Stowe, Nazarene pastor, announces that the N.Y.P.S. has changed its time of meeting to 7 p. m. and the evening worship services now begin at 7:30 o'clock. He said that everyone is invited to the service Sunday morning, which will be planned around the Easter theme.

Roy Shahan, First Baptist pastor, reports: "Sunday will be the beginning of a series of revival services at the First Baptist Church. Dr. Woodson Armes of Polytechnic Baptist Church in Fort Worth will be the visiting pastor-evangelist and Kenneth Hill of Littlefield will direct the music. These visiting workers will not be present for the services until Monday. The pastor will speak Sunday morning on the subject, 'The Living Christ' (Rev. 1:17; Jno. 14:19). At the evening hour the Lord's Supper will be observed and the sermon subject will be 'Memorials' (Deut. 8:11-20). Every person in Post should be in worship service in one of the churches in Post. You will find a warm welcome in these services."

Graham HD Club Meets At School

Graham Home Demonstration Club met Tuesday afternoon in the school lunchroom, with the following members present: Mrs. Bill McMahon, Mrs. Glenn Davis, Mrs. A. O. Crockett, Mrs. Dillard Thompson and Mrs. Bryan Maxey.

Mrs. Crockett presided and roll call was answered with "a new trick about sewing." During the business session, the group voted to accept the recommendations recently set by the finance committee.

Mrs. McMahon gave the demonstration on matching plaids and stripes.

Each member present gave 25 cents toward the scholarship fund.

The unit will meet April 10 with the agent, Miss Jessie Pearce attending.

Refreshments were served at the conclusion of the meeting.

Smith.

The next meeting will be on April 12, at 9 a. m. in the home of Mrs. Ralph Dean.

Mrs. N. C. Outlaw Is Priscilla Hostess

Mrs. N. C. Outlaw entertained the Priscilla Club in her home Friday afternoon. The group sewed and enjoyed a contest entitled, "The Wedding of the Flowers."

Those present were Mrs. L. A. Barrow, Mrs. T. R. Hibba, Mrs. Ellis Mills, Mrs. O. H. Hoover, Mrs. Jess Propst, Mrs. Lucy Richardson, Mrs. Charles Casey, Mrs. A. B. Haws, Mrs. R. H. Tate and Mrs. George Sartain.

NATIONAL SAFETY COUNCIL MAKES AWARD

Certificate Of Achievement Goes To Service Pipe Line For Safety Mark

TULSA, Okla. (Sp.)—Service Pipe Line Co., a crude oil transportation company with 2,100 employees, received a Certificate of Achievement from the National Safety Council for reducing its injury frequency rate during 1955.

The Council awarded the certificate upon completion of its 1955 safety contest and awards program which was participated in by 362 contestants. Sections of the oil industry participating included manufacturing, marketing, drilling, producing, oil and gas lines, exploration, and research and development. Although the percentage increase in injuries for the oil industry showed a rise of 18 per cent, oil and gas pipe lines had a reduction in their accident rate of 11 per cent.

Service Pipe Line Company reduced its frequency rate from 4.33 in 1954, to 2.97 in 1955. This average of 2.97 disabling injuries per million man-hours worked compared to the national average for the oil and gas pipe line segments of the industry of 5.75.

The reduction in injury frequency is the result of a program carried out by employees and supervisors in cooperation with the company's safety section of the Industrial Relations department. Holly P. Bradley is the safety supervisor.

Accidents are classified by groups: Handling materials, slips and falls, hand tools, welding, and power tools. The Safety section keeps check on the type of injuries, studies the cause, and informs employees on measures needed to prevent a recurrence of the injury.

Through the use of movies, safety talks and demonstrations, and continual inspections, employees are reminded of measures which will keep them on the job and safe. Recently, the company adopted the use of automobile safety belts in all company vehicles in an effort to reduce the possibility of injury on the highways.

Mississippi Test Under Way In Garza

Associated Oil & Gas Co. is running casing to 7,624 feet for test of the Mississippi at its oil well workover in southeastern Garza County, the No. 1-B W. G. Williams.

Project is re-entry of a hole originally dug by Warren Petroleum Co. and abandoned as an Ellenburger failure. When originally drilled, it had shows on samples in the Mississippi, but the interval was not tested or cored.

Location is 660 feet from north and 1,980 feet from east lines of Section 68, Block 5, H&GN Survey, eight and three-fourths miles east of Justiceburg town site.

Revival Is Under Way At Grassland Church

Central Baptist Church, two miles north of Grassland, started a revival meeting Sunday which will continue through Easter Sunday, with evangelistic services each evening at 7:45 o'clock. The Rev. Kenneth Leach of Hopewille is the evangelist.

An all-day meeting is being planned for Easter Sunday, with services being held all day and dinner served at noon. This will also be Homecoming Day for Central Church, and all former members, as well as present, will be asked to attend, along with their families.

The population of the Baja (lower) California peninsula has doubled in less than 10 years.

Texas To Meet 1956 Tornado Season With One Of Best Warning Systems

AUSTIN (Sp.)—Texas will meet the 1956 tornado season with one of the world's most complete storm warning systems, and with a well-oiled disaster relief organization.

Radar storm warning sets are in operation in 16 of the state's 20 first-order weather bureaus. All state highway patrolmen have been carefully schooled in the wily ways of the weather and are keeping a sharp eye on the sky as they patrol the state.

A patrolman is credited with sounding the first warning of the awesome San Angelo storm of 1953.

Texas "local severe weather warning," the first established anywhere in the world, is made up of sets operating around the clock in Amarillo, Wichita Falls, Fort Worth, Midland, Lubbock, Abilene, San Angelo, Waco, Austin, Port Arthur, Galveston, Houston, Corpus Christi, Victoria, San Antonio, and Brownsville.

Only four of the state's first-order weather bureaus—El Paso, Laredo, Del Rio, and Dallas, are without warning networks.

All stations are connected by teletype and radio. Any station is able to instantly appraise all other stations of a tornado traveling in their direction. When such a warning is given, the weather bureau in the storm's line of approach immediately notifies all communities in the area.

The sets were offered to local areas by the U. S. Government from war surplus stock. Each one was converted into a storm warning set at a cost of \$10,000, borne by the cities.

Louisiana and Oklahoma are cooperating in the southwestern warning network by operating limited networks of their own.

"We now have what we consider one of the best local sev-

RETURN TO POST

Dr. and Mrs. A. C. Surman returned over the weekend from Washington, D. C., where they attended a meeting of more than 5,000 family doctors. The meeting included discussions, scientific and technical exhibits and research reports by some of the nation's top medical authorities.

NEW POSSE UNIFORMS

The Lynn County Sheriff's Posse, a frequent participant in Post rodeo parades, has received 42 new uniforms and is planning a very active spring and summer program of appearances, according to officers.

Nearly 700,000 Americans were trained in first aid fundamentals last year and are ready to assist when first aid will save a life.

Mahon Criticizes Farm Bill Recently Passed By Senate

"If the Senate farm bill is adopted into law in its present form, Texas farmers will not be happy with it," Rep. George Mahon of the 19th Congressional District said this week in Washington.

"Frankly, I am disappointed with the bill," Mahon stated. "After more than three weeks of debate the Senate finally passed the bill. Much more remains to be done, however, and it may be weeks before we know what the outcome will be."

The bill has gone to a Conference Committee made up of a few members of the House and Senate Agriculture Committees. They will iron out the differences between the Senate and House versions. When the final draft has been agreed upon, both Houses must approve it and it goes to the President for his approval or veto.

Mahon pointed out that the bill originally presented to the Senate was long and complicated. "It has been further complicated by the adoption of a long series of Senate amendments, some of them far reaching in effect and difficult of interpretation."

"It will be days before agreement can be reached as to the overall effects of the Senate bill, and it may be weeks before the House and Senate conferees can reach a compromise agreement on the entire measure. This makes the plight of the farmer more difficult because he does not know what to count on," Mahon said.

The congressman noted that both Texas senators did their best to carry out what "they and I believe to be the wishes of the majority of Texas farmers, but they could not outvote those who hold contrary views."

"Some friends of agriculture in the Senate broke ranks and caused the defeat of the 90 per cent of parity support program

for basic crops. They also caused the defeat of the amendment to base the government cotton loan on 7/8 inch staple. Under the bill it would be based on one inch cotton."

"Fortunately," Mahon noted, "there was no provision in the bill which would discriminate directly against short staple cotton."

Mahon appeared before the Senate Agriculture Committee earlier this year to protest strongly a proposal to pay higher support prices of longer staple cotton and to advocate that 7/8 inch staple continue to be the basis for the government loan.

"It is impossible to accurately gauge at the moment just what the effect of the soil bank provisions, the surplus disposal provisions, and many other stipulations will be," Mahon continued.

He said that in his opinion the producers of farm crops should not get their hopes too high as to the outcome of the pending bill.

"The picture is not bright for a program that will materially raise farm income or lower pro-

duction costs, and after all, that is the ultimate test of the merits of the measure," Mahon said.

Mahon concluded by announcing that he was sending copies of the final Senate bill to the presidents of farm organizations in his District and to all ASC and county agents' offices. "I shall continue to work with others in Congress in an effort to be of every possible service, realizing the desperate situation confronting many of our people. I would welcome comments from farm producers of our area," he said.

ATOMIC INDIAN

ALBUQUERQUE, N. M.—Fredrick Young, Shiprock, N. M., Navajo Indian, is preparing at New Mexico University for a career in nuclear engineering. Young, who served four years with the Air Force in England, Germany and Japan, is attending on a Navajo tribal scholarship and under the GI Bill. He is married to Helen Smith, also a Navajo, and they have two children, Rocky, 2½, and Joyce, 15 months.

Nathan Means In Sheriff's Office

Nathan Means has been appointed to the office of Sheriff of Garza County.

In making this announcement and much more, my friends I have announced my candidacy for four years.

"I have had experience in office and realize the duties of it. As you know, I am a patient and because of it may think of me as being capped. But I would like that before deciding to I consulted my doctor byton and after a examination he assured I am completely normal. I saw no reason why I should out the duties in this office. Trusting you will give careful consideration to my vote and influence will be appreciated.

"Thanking you one and all,

Nathan Means

ARTIST AT WORK

It's the day before Easter, and Johnnie is dyeing eggs. Like most little boys he finds the task pretty fascinating, and he revels in small seas of yellow and red and blue and green.

Easter morning, the eggs will have been hidden by his parents and he and his sister will excitedly hunt for them. Probably they'll stumble across some chocolate bunnies and candy chickens, also. But that will not be all of Easter for them.

Johnnie and his sister will be going to Church, too. They may not understand the complete significance of everything they hear and see... but they are old enough to know something of what Easter means. And with each passing year they will learn a little more.

Johnnie's parents have started early to train their children in spiritual as well as physical values. Easter eggs, yes. But Church, by all means, too. Not just on Easter, either... but on every Sunday in the year.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| Day | Book | Chapter | Verses |
|-----------|---------|---------|--------|
| Sunday | John | 20 | 1-18 |
| Monday | John | 20 | 20-21 |
| Tuesday | John | 21 | 15-23 |
| Wednesday | John | 21 | 1-8 |
| Thursday | Hebrews | 3 | 7-15 |

DR. WOODSON ARMES

MR. KENNETH HILL

Revival Meeting To Begin Easter Sunday At First Baptist Church

Revival services will begin with the Easter services next Sunday at the First Baptist Church. The visiting pastor-evangelist will be Dr. Woodson Armes, pastor of the Polytchnic Baptist Church in Fort Worth.

Dr. Armes is one of the leading pastors and Baptist leaders in the state.

Kenneth Hill, music and education director of the First Baptist Church of Littlefield, will direct the music. Mr. Hill was here two years ago in a revival.

Services will be held each morning at 10 o'clock and each evening at 8 o'clock. The members of the church are sponsoring an early morning prayer service at the church each week day morning from 6:45 to 7:20 o'clock. Coffee and doughnuts will be served.

The public is invited to any or all of these services.

Look Who's New

Mr. and Mrs. Arvil Smith are parents of a daughter weighing eight pounds, 10 ounces at birth at 1:27 p. m. March 24, in Garza Memorial Hospital. She was named Sylvia Jane.

A daughter, Cecilia Kay, was born to Mr. and Mrs. Austin Johnson at 9:27 p. m., March 24, in Garza Memorial Hospital. She weighed seven pounds, 13 1/2 ounces.

Mr. and Mrs. Harold Storle of Lockney are announcing the arrival of a daughter, born at 3:22 a. m., March 26, in Lockney Hospital. She weighed six pounds and 13 ounces and was named Sharon Rhea. Mr. and Mrs. S. C. Storle, Sr., are the paternal grandparents.

A son, Jimmy Rand, was born March 18 at 6:19 p. m., to Mr. and Mrs. Jimmy R. Smith of Alpine. The baby weighed six pounds and seven ounces. Mrs. R. C. Stoner of Ontario, Calif., and J. T. Shepherd of Post are the maternal grandparents. The paternal grandparents are Mr. and Mrs. M. S. Smith of Post.

Mr. and Mrs. Tom Leake of Tulsa, Okla., announce the birth of Tommy Preston, weight seven pounds, five ounces at birth, March 9. Mr. and Mrs. Preston Mathis are the maternal grandparents and Mr. and Mrs. John C. Leake of Southland are the paternal grandparents.

Two Candidates Are In Race For Sheriff

A contest developed this week in another Garza County political race, with Nathan Mears announcing for the office of sheriff. Already in the race was the incumbent, Carl Rains.

Mears formerly served as county sheriff and has also been a deputy sheriff.

The only other race in which there is a contest thus far is that of Precinct 1 county commissioner, where B. F. (Boone) Evans, seeking re-election, has opponents in Truett Fry, L. P. Kennedy Jr., and Racy Robinson.

Teacher—

(Continued From Front Page) the course here at mid-term following the resignation of Coach Bing Bingham.

"It's a new experience for me, but I've enjoyed it thus far," King said.

His ambitions to become a teacher date back to the time he was in the lower grades at Fairview, a rural school which has since consolidated with the Dawson School at Welch, in Dawson County.

"I'd never thought much about becoming a teacher," he said, "until the year when some of the upper grade students at Fairview made things so miserable for the teachers that seven of them left during that one term. I decided then and there to become a school teacher in the hopes of some day being called upon to handle a bunch of students like those who ran off the teachers."

He said a similar occasion never arose, but that he did teach one year at Dawson and that some of his pupils were younger brothers and sisters of the Fairview group. "But they didn't run off any teachers," he said.

King was graduated from the Loop High School in Gaines County, where he played basketball, baseball and tennis and took part in track. Later, he was fifth and sixth grade substitute teacher for a short while at Loop, and coached boys' and girls' basketball at Dawson before coming to Post.

Throughout his early teaching years, King attended Texas Technological College, receiving his Bachelor of Science degree in education and physical education in 1951. He minored in history.

He lacks only 12 hours having his master's degree and plans to complete work for it at West Texas State College in August. His wife, the former Florene Johnson, is also doing summer work at WTSC toward her B. S. degree.

King says he has seen a number of changes in the school plant during his more than ten years here. "The only buildings that are just like they were then—except that they're some ten years older—are the high school and the gymnasium," he said. "Enrollment has increased, and the faculty is up from 30 to around 45."

A lifelong West Texan, King says he acquired the nickname "Jiggs" when he was just a little "shaver." "I was a pretty fair jig dancer," he said, "and a friend of the family stuck the nickname on me and it's stuck ever since."

Lions Election Is Set For Tuesday

Election of officers for the new club year is expected to take up most of the time at the Post Lions Club's regular weekly meeting Tuesday evening in the school cafeteria.

Those nominated for election by the nominating committee are: H. W. Schmidt, president; Walter Johnson, first vice president (re-elected); Dr. Gerald Marable, second vice president (re-election); Lewis C. Herron, Jr., third vice president (re-election); Will Scarborough, Lion tamer.

Oscar O'Neal, taitwister; E. E. Pierce, publicity chairman; Weaver Moreman, secretary (re-election); Howard Maddera, treasurer (re-election); Noah Stone, fair treasurer (re-election); and Charles Casey and Stone, two-year directors.

Holdover directors are Ralph Welch, Pat N. Walker, Victor Hudman and R. K. Green.

Present officers not up for re-election include Joe J. DeArmon, president; Pierce, Lion tamer, and Schmidt, taitwister.

At this week's meeting, Lion L. A. (Les) Presson made a talk on Abraham Lincoln.

Officials Look Over Mill Construction

Three officials of Ely & Walker Co., left today after spending three days here looking over preliminary work on the expansion program at Postex Cotton Mills, Inc.

The visitors were Charlie Gibson and Walter Chandler of Greenville, S. C., and Dan Poole of Sherman.

R. J. (Rube) Jennings, mill president, reports that H. B. Zachry Construction Co. workmen have completed excavations for the extension to the weaving building and are ready to begin floor work on the structure. Excavations are under way at the site of another building extension.

Jennings said Wednesday that contract has not yet been let for 20 new dwelling houses included in the expansion program, but that it will be awarded soon.

In 1922, 4 per cent of U. S. cattle were tuberculous, but only 0.6 per cent in 1955. A 250-pound hog has 130 pounds of edible meat.

Band Boosters Are To Name Officers

Officers for the 1956-57 school year will be elected at a meeting of the Band Boosters Club at 7:30 p. m. Monday at the band hall, Mrs. James Dietrich, president, has announced.

Officers besides Mrs. Dietrich whose terms are expiring are Lowell Short, vice president; Mrs. Ellis M. Mills, secretary, and Mrs. Marvin Hudman, treasurer.

All parents who have children in the school bands are urged to attend the meeting.

SUFFERS HEAT ATTACK

Clarence Carpenter, farmer in the Garnolia Community, suffered a severe heart attack at his home Sunday night. He was admitted to the West Texas Hospital in Lubbock about 3 a. m. Monday. His son-in-law, Melvin Garner, reported yesterday afternoon that his condition has improved and he is in satisfactory condition.

A mouse heart beats 300 or more times a minute.

Six Garza Motorists Lose Driving Rights

Six motorists in Garza County were deprived, at least temporarily, last year of their right to drive automobiles because they failed to show proof of financial responsibility when convicted of a traffic violation or were involved in an accident.

The state total for last year was 25,503 suspensions, according to the Statistical Division of the Texas Department of Public Safety. This figure included those persons who failed to comply while driving out of the state.

Of the Garza County suspensions, four were the result of failure to show proof of financial responsibility upon conviction for a driving offense, and two resulted from accident involvement and lack of proof of responsibility.

MENTAL ILLNESS FILM

AUSTIN (Spl.)—The University of Texas is producing an educational film on mental illness and its treatment in Texas state hospitals. The Division of Extension is filming "In a Strange Land," with the Hogg Foundation for Mental Hygiene as co-sponsor.

They are all loaded with bargain buys.

Experts say a good wooden fence post will outlast a steel one.

Tryouts Are Slated For District

Tryouts to determine contestants in the District 3-A interscholastic league meet at Floydada are scheduled for this week at Post High School.

The league competition began last Thursday night with the one-act play contest at Floydada.

Preliminary play in tennis for all divisions will begin April 6, with the finals scheduled for April 13.

Competition in girls' volleyball will begin April 7, with the golf tournament set for the same day. Both events are to be held in Floydada.

Literary events are to begin April 13, with completion of Floydada High School Grade school contests at Andrews Ward.

The only events in track April 14.

Post Junior High Schooling contestants at the 6th grade and 7th grade are to be selected Friday, according to Ellis M. Mills.

PREVENT RUNOFF—Mack Ledbetter and Wagoner Johnson are shown on one of the end blocks on the terrace system on the U Lazy S farm. Ledbetter operates southwest of

Post. The 8.2-mile terrace system was constructed with the engineering assistance of Soil Conservation Service technicians, Johnson is also operator of one of the U Lazy S Farms. —(Staff Photo.)

Mile Terracing Program Completed On Area Farm

Terracing program completed on the operated by Mack miles south of community, south- Guy W. Nutt, servationist for the nit of the Duck servation District, luded construction y 20,000 feet of enlargement of 12- isting terraces, and t 14,000 feet of ter- placed, Nutt said, e that were not le- s that were not le- tother. The com- m, he said, finds n one-half section e farm, which is Lazy S farm units owned by John F. armer, rancher and

terraces in the new of the large ridge osed ends. Each of es is 17 inches in 22 feet wide. The ere staked for nine e elevation of the

the ends of the ter- explains, provides a ke around the en- efore there'd be any said, "there'd have ty big rain—bigger e usually get in this e country."

Conservation Service ounted out that clos-

ed-in terraces are required now, except in cases where the run-off would empty into grass pasture land.

"Closed-in terraces," he said, "not only make for better water conservation, but they protect roadways from excessive run-off."

This year, the SCS technician pointed out, the county Agricultural Stabilization and Conservation Service is making good payments on construction of new terraces and on enlargement of present terracing systems in cases where the latter qualify for federal assistance.

"The federal payment," he said, "is 70 per cent of the cost up to \$126 a mile for new terraces, and 70 per cent of the cost up to \$42 a mile for enlargement of existing terraces."

"Certain fundamental engineering principles," Nutt explained, "are involved in designing and constructing terraces, but a high degree of theoretical training is not so important as the faculty of good judgment, combined with an agricultural background and a general understanding of the various phases and measures of erosion control."

"It will usually be advisable for farmers who have not had training in the use of surveying equipment and in the planning of a terracing system to have the surveying and planning done by SCS technicians or someone else who has had the necessary training and experience."

He said that since Colonial

MRS. DILLARD THOMPSON OF GRAHAM WRITES School Assembly Program Postponed Until April 9 Because Of Holiday

Mr. and Mrs. Archie Nelson of Lubbock visited her grandmother, Mrs. J. F. Mason, and other relatives Wednesday night.

Mrs. Maud Thomas spent Wednesday afternoon with Mrs. A. Stone.

Mr. and Mrs. Morris McClellan and son, Wayland, and granddaughter, Dejuana, of Morton visited her parents, Mr. and Mrs. W. O. Fluit, and other relatives Friday night and Saturday. They were Friday supper guests of his brother, Ray McClellan, and family.

Mrs. W. C. Bush accompanied her mother, Mrs. John Coleman, and her brother and sister-in-law, Mr. and Mrs. Dee Coleman of Post to Corpus Christi Sunday to visit the Lewis Colemans for a few days. Lewis is ill and is scheduled to have surgery this week.

Mr. and Mrs. Delmer Cowdrey had as their Sunday dinner guests Mr. and Mrs. Bryan Maxey, Simeon, Kay, and Don, Mr. and Mrs. Joe Kinard and baby daughter of Lubbock and Gene Peel of Close City.

Mrs. Carl Fluit and Jacky spent Sunday with the L. W. Gandys near Tahoka.

Visiting in the James Stone home during the weekend were her mother, Mrs. Minnie Stanley of Abilene, Mr. and Mrs. Jerrel Stone and baby of Maryneal, Mrs. Randall Laurence and baby of Taylor, Mr. and Mrs. Burnice Stanley and family of Abilene and Mr. and Mrs. Orville Stanley and family of Grassland.

Mrs. Richard Kucel of New Orleans, La. left Sunday night for her home after a visit with her parents, Mr. and Mrs. L. S. Turner. On Sunday, Mrs. Kucel and the Turners were dinner guests in the Kenneth Turner home in Tahoka.

Attendance at the Methodist Church Sunday was 63. Rev. Norcross spoke. Visitors were Freda and Ronnie Kennedy and Carolyn Hudman of Post, Mrs. Orville Morris, Sharon and Orvella Kay of Tulla.

Mr. and Mrs. A. O. Crockett had as their Sunday dinner guests Rev. Norcross of Lubbock; Mrs. Crockett's brother, Ben Durden, of Brownfield; Mrs. Crockett's nephew, Truman Durden and family of Iraan, and Mr. and Mrs. Jerry Crockett of Lubbock.

Sunday dinner guests of Katie McClellan were Carolyn Hudman, Freda and Ronnie Kennedy, Frances and Jacky Mason and Ronnie Morris.

Mrs. J. M. Bush visited Mrs. Maud Thomas on Thursday, Mrs. J. F. Mason was Mrs. Thomas' guest Sunday.

Mrs. Glenn Davis and son and Mrs. Lonnie Peel and son of Close City were in Lubbock Saturday.

Mr. and Mrs. Orville Morris and family of Tulla were Saturday night visitors in the D. C. Morris home at Close City. On Sunday, the Tulla visitors and Sheila Morris spent the day with the Dillard Thompsons.

Mr. and Mrs. C. E. Baldwin left Wednesday to spend several days at their ranch near Graham.

Archie Redman of Plainview has moved back here and is living with his parents, Mr. and Mrs. C. A. Redman.

Mrs. Jake Sparlin, who is ill, left Monday for Dallas to enter Baylor Hospital. Her husband and father, Elmer Cowdrey, accompanied her. She had just returned here Saturday after 10 days in Lubbock Methodist Hospital.

Recent visitors in the Leo Cobb home were her parents, Mr. and Mrs. Luther Harper of Belton.

Mrs. Nellie K. Babb and Ganell of Post were Sunday dinner guests of Mr. and Mrs. Allen Oden.

Mr. and Mrs. Louis Sinclair and family of Abernathy visited the Arthur Floyds Sunday.

Pvt. Ronald Joe Babb of Fort Ord, Calif., arrived home by plane Saturday night for several days visit with his wife, his parents and brother, Mr. and Mrs. Fred Babb and James. Ronald is being transferred from California and will report April 6 at Camp Chaffee, Ark.

Mr. and Mrs. Mack Ledbetter and children visited her brother, K. T. Lofton, in Sweetwater Sunday.

Miss Nora Norman of Atoka, Okla. has been visiting for several days with relatives. Other Sunday visitors of the Earl Greggs were Mr. and Mrs. Gean Nunn of Abernathy and Mrs. Howard Teaff and son of Close City.

Jimmy Napier of Lubbock and Miss Ida Montgomery visited Sunday in the Jess Propst home.

Attendance at the Church of Christ Sunday was 71.

The assembly program at the school, originally scheduled for Monday, will be postponed until April 9 because of the Easter holiday. R. G. Murray's students in the seventh and eighth grades will have charge of the program and the public is invited.

Mr. and Mrs. S. D. Lofton and Mr. and Mrs. C. N. Chandler

Fellowship And Grant Goes To University

AUSTIN (Spl.)—The University of Texas has received a graduate fellowship in geology and a \$1,000 grant from the Ohio Oil Company.

The fellowship winner, to be announced April 15, will receive \$1,500 plus tuition and fees for the 1956-57 school year, Dr. Samuel P. Ellison, Jr., geology department chairman, announced.

The \$1,000 grant, given to the University's Geology Foundation, is unrestricted in its use by the geology department.

BITS-OF-NEWS

A/3C James Capps, who is stationed at Amarillo AFB, spent the weekend with his parents, Mr. and Mrs. Paul Capps.

Mr. and Mrs. Gilbert Blodgett and family plan to spend the Easter holidays visiting Mr. and Mrs. Wilson Burnes and Mr. and Mrs. Charley Blodgett in Lometa.

Mr. and Mrs. Roy Stevens plan to have Mr. and Mrs. Charles Gay as their guests during the Easter holidays.

Mrs. John Rountree and Patsy were in Lubbock Monday afternoon.

Post SCS Technician Makes Trip To Observe Soil-Saving Practices

Brush control, range re-seeding and strip cropping were observed by Guy W. Nutt, work unit conservationist for the Post Work Unit of the Duck Creek Soil Conservation District, on a recent one-week visit in Dimmit County and in the Rio Grande Valley.

Nutt accompanied a group of other Soil Conservation Service technicians, including Homer Teaff, area conservationist.

visited Mrs. Jake Sparlin Sunday afternoon before she left for Dallas.

Mrs. E. E. Peel, Rhea and Beth spent Saturday in Lubbock visiting the Paul Hedricks. Kay Hedrick accompanied them home for the weekend. A Monday visitor of the Peels was Bernice Jones of Post.

Visiting Sunday with the G. C. Milams were Mr. and Mrs. Troy Nash, Mr. and Mrs. A. T. McCampbell, Mr. and Mrs. Edgar Dawson, Mrs. N. L. Waldrip, Opal and Thelma of Post.

Mr. and Mrs. Merle Jenkins, Rickey and Vicki visited in the Jess Propst home Tuesday. They were en route to their new home, Mobile, Ala. They have been residing in Albuquerque, N. M.

Mrs. Gerald Norman's sisters and their families of Brownfield and her uncle and family of Olton were Sunday visitors of the Normans.

Mrs. Jess Propst and Mrs. Tommy Markham, Danny and Debye spent the first of the week in Albuquerque, N. M. with the Charles Propst family.

About 95 per cent of Canada's milk supply is carried by truck, says the Twentieth Century Fund.

The Post technician said that in Dimmit County, where the annual rainfall is about the same as it is here, they have eradicated approximately 50,000 acres of mesquite by root-plowing, and have re-seeded ranges with seed attachments on the bulldozers used to plow up the mesquite.

Strip cropping, as seen in the Edinburg, Harlingen and Raymondville areas, would be effective in this area, Nutt said. Grain sorghums and Blue Panic grass are being mainly used in the strip cropping, he said. Down there, he went on, they use lots of parallel contour strips to keep the soil from blowing.

"It has worked wonders for them as a soil conservation measure," the technician said.

One of the main objections to such a practice in this area, Nutt said, has been the belief that strip cropping causes trash to be blown into cotton fields, thereby lowering the grade. He said the area group's observations were that the farmers in the Valley were not experiencing that trouble from strip cropping.

Those from this area making the tour besides Nutt and Teaff were Duwayne Barteel of Muleshoe, James Abbott of Littlefield and James Priddy of Matador. There was also a group from the Big Spring area of the SCS.

GARZA COUNTY MEMBERS ARE ELIGIBLE

1956 Awards List Is Increased For National 4-H Frozen Foods Program

An increased number of incentives are being offered for the 100,000 4-H Club members participating in the 1956 National 4-H Frozen Foods Program.

A new addition to the Honor Rolls of National Donors of 4-H Awards, the Whirlpool-Seeger Corporation of St. Joseph, Mich., is providing medals for four county winners this year, double the number previously offered. State winners in the program will receive all-expense trips to the National 4-H Club Congress in Chicago, in place of a \$50 U. S. Savings Bond. At the Congress, six national winners will be named and each presented a \$300 college scholarship.

The National Frozen Food Awards Program has become increasingly popular among 4-H members since its inception in

1945. Through the program, club members learn to use freezing equipment advantageously and economically, discover the local foods best adapted to freezing, and develop skill in preparing, packaging and freezing meats, poultry, eggs, fish, fruits and vegetables.

The program is conducted by the Cooperative Extension Service, and the awards arranged by the National Committee on Boys and Girls Club Work, Chicago. Full information is available from county Extension offices.

MARATHON THEFT

SANTA FE, N. M. — Charles Stover called in State Police for help after he found his store burglarized for the 30th time in little more than three years.

Oil Activities Light For Week

Oil activities last week in Garza County were light with only one new location and one completion being reported in Railroad Commission filings.

The new location is: Leonard and Lawrence of Big Spring No. 2 Reed, 1,650 feet from south and 330 feet from east lines of the northwest quarter of Section 135, Block 5, H&GN Survey, four miles northeast of Justiceburg; cable to 2,600 feet.

The completion is: PHD—T. F. Hodge No. 4 Franklin, 330 feet from west and 800 feet from north lines of Section 1246, AB&N Survey, at depth of 3,411 feet with pay topped at 3,350 feet and perforations from 3,740-50 feet. Pumped 85 barrels of oil per day; gravity, .343; gas-oil ratio, 210-1; acidized with 750 gallons, fractured with 20,000 pounds, 10,000 gallons.

1956 EVENT SCHEDULED FOR OCT. 6-21

New State Fair Premium Book Lists \$8,778 Women's Department Prizes

Premiums and prizes totaling \$8,778.50 are listed in the new Women's Department premium book for the 1956 State Fair of Texas, Oct. 6-21.

The book lists 760 classifications in nine divisions, with premiums as follows: Needlework, \$3,187; art, \$930; designer-craftsmen, \$852; hand-painted china, \$504; miscellaneous arts, \$944; foods, \$400; home frozen foods, \$350; antiques, \$726; hobby collections, \$535.50. The Rose Show offers an additional \$380.

Mrs. Leah Jarrett, director of the Women's Department, said that hobby and antiques divisions have been greatly expanded. Rug classes allow for new sizes in hooked and braided rugs. Classifications for place cards and hand-decorated candles have been added to the Holiday Parade section.

The premium total is the highest ever offered by the Fair Women's Department and is \$425 more than for last year, Mrs. Jarrett said.

Activities will be stepped up this year in connection with Women's Day at the Fair, featuring the second annual presentation of the Fair's Woman of the Year award, the book reveals. The first award in 1955 went to Mrs. Oveta Culp Hobby.

A cake-baking contest sponsored by Burrus Mills will be held at the Fair Oct. 18. Rules

'SIGNS OF LIFE' PROGRAM UNDER WAY

Laxity In Knowing, Obeying Traffic Signs Contributes To Accident Toll

"Motorists must obey the Signs of Life to assure their own safety and that of others!"

That statement was made today by Sheriff Carl Rains speaking in behalf of the Signs of Life program being conducted in Texas by the Texas Safety Association, Inc., Department of Public Safety and the National Safety Council. This program is the March emphasis phase of a year-round drive against traffic accidents and is aimed at convincing the public of the need for increased observance of traffic signs and signals, the "Signs of Life."

"Much of the terrible traffic toll can be traced to a laxness on the part of motorists and pedestrians in knowing and obeying traffic signs," the sheriff said.

He advised motorists to observe the following rules in order to protect themselves and others in traffic on our streets and highways:

1. Learn the six basic traffic signs, and be able to recognize them by sight. When you see one of these signs on the road, you should obey it instinctively.
 2. Know the meaning of the other traffic safety devices such as pavement markings, lights, signals and special warnings and regulatory signs.
 3. When you drive, be alert at all times for Signs of Life on the street or on the highway.
 4. Adjust your speed to conditions. Speed limit signs indicate the maximum speed for safe driving under good conditions.
 5. Keep your vehicle in top mechanical condition. Your safety depends upon the safe functioning of your car. Brakes, tires, and steering must respond immediately to your demands, and your headlights, windshield, windows and rear view mirror must enable you to see other vehicles and pedestrians clearly and to allow others to see you.
 6. Extend every courtesy to other motorists and pedestrians when you drive. Be ready to yield your right-of-way to prevent an accident. Make courtesy your code of the road.
- "If motorists would follow these simple rules," the sheriff said, "it would materially reduce the dangers of traffic accidents on our streets and highways today."

INTERUBAN ERA ENDS

WATERLOO, Iowa — An era ended here recently when Iowa's last interurban passenger train completed its run. Electric lines had a flourishing passenger business in the 1920's but it has tapered off since then.

LOST DREAM MAN

OKLAHOMA CITY—Oklahoma City police just missed chasing a "nightmare" prowler. A frantic woman called police to report a man was breaking into her home. But before officers could reach the house, she called back to report it was all part of a dream.

LOST VACATION

TRAVERSE CITY, Mich.—Starting a five-week vacation to Mexico, the Cloyd Taylor family found the youngest boy had chicken pox. He was left behind. Then every connecting rod in the car burned out. Taylor had to buy a new car. Fishing was impossible as flood waters swelled western streams. Mexican temperatures dropped to 11 above and \$50 worth of color film taken was blank because the camera lens was stuck open all the time.

Milk Supplies Are At Record High

COLLEGE STATION (Sp.) — The number of United States farms selling milk is declining, reports the U. S. Department of Agriculture. Yet total milk sales have reached a new record high, as sales per farm rapidly increase.

For the country as a whole, the number of farms reporting milk cows declined 19 per cent from 1944 to 1950 and an additional 20 per cent from 1950 to 1954.

Sales of whole milk per farm average 88,000 pounds per farm for the U. S. as a whole in 1954, an average of 240 pounds per day. The variation among 1954 than 5 years earlier, in than 30,000 in Tennessee to over 400,000 pounds for California and over 500,000 pounds for Florida. All States showed a higher average-per-farm production in 1954 than 5 years earlier, in some cases more than doubling the volume.

Part of this increased volume, according to the USDA, is the result of rising production per cow. The rest is due to larger numbers of cows per farm. The gain in average rate of production per cow—between 1 and 2 per cent each year over the past 15 years — reflects improved quality of cows and better feeding and management.

In other words, both United States cows and United States dairy farmers are becoming more efficient.

BITS-OF-NEWS

Mr. and Mrs. Jess Parks and their grandson, Clint Young, from Sudan, were Sunday visitors in the Arnold Parrish home.

Jack Schmidt of Odessa spent Sunday with Mr. and Mrs. H. W. Schmidt.

Mr. and Mrs. H. W. Schmidt and family plan to spend the Easter holidays in Grand Prairie visiting Mr. and Mrs. Bob Schmidt, Mrs. M. J. Brannon from Houston will also spend the holidays there.

Bobby Joe Page of Lubbock visited friends during the week-end.

Miss Iva Jo Byrd, an employee at the First National Bank, underwent surgery Friday. She is recovering nicely.

England is eliminating the third class passenger arrangements from its railroads. Although 1700, 1800 were not leap years, be a leap year.

"You can eliminate ironing with an **ELECTRIC Clothes Dryer!**"

says MRS. L. D. DENNY
Guymon, Oklahoma

IT'S MAGIC — NO TRICK ELECTRIC DRYING'S SLICK!

SEE YOUR REDDY KILOWATT APPLIANCE DEALER

"My big interest in owning a clothes dryer is the time that I can save. I make all the pies for our cake, and spend several hours a day there, and I have four children, and must wash every day. Now that I have my dryer it takes fewer clothes for my children, and less time to launder them."

"I choose many of the materials that need no ironing for our clothes, especially the dresses for my little girl. I haven't time to iron the many ruffled dresses she wears every week. With the no-iron materials, her dresses are ready to wear when

they come out of the clothes dryer. MY YOUNGEST SON WILL SOON BE TWO, AND I HAVE NEVER HAD TO IRON ANY OF HIS CLOTHES."

"Sandy says our towels are as soft as her kitten. And she is so right, because my towels are so fluffy, soft and clean smelling after being dried in my electric clothes dryer."

See your Reddy Kilowatt Appliance Dealer, and see for yourself that you, too, can enjoy all the advantages of modern clothes drying. Of course, it's electric.

NEW CONDUIT GOING IN—Part of the \$50,000 flow pipe replacement job under way here by Brown Bros. et al consists of laying of new conduits at street crossings. A Permian Plastic Co. of Odessa crew is shown here installing one of the new conduits at the intersection of Avenue S and Eighth Street. Approximately 60,000 feet of plastic pipe is being laid from the oil firm's 27 wells to its tank battery.—(Staff Photo.)

MRS. WILL TEAFF OF CLOSE CITY WRITES

Mrs. Glen Cearley's Home Is Scene Of W. M. Meeting Monday Afternoon

Mrs. Blasingame and Mr. and Mrs. Johnston of Fort Worth spent the weekend in the R. B. Wilson home.

Mr. and Mrs. Will Teaff and grandson, Dennis Popham, visited relatives in Abilene and Merkel over the weekend.

Visiting in the home of Mr. and Mrs. Thurman Maddox and girls in Post Sunday were Mr. and Mrs. Carter White and children, Mr. and Mrs. Barnie Jones and family and Marlam Smith.

Mr. and Mrs. F. B. Cearley were Sunday visitors of Mr. and Mrs. Glen Cearley.

Mr. and Mrs. Jim Barron and girls, accompanied by their son and brother, James, of Wayland College, Plainview, spent Sunday at Welch with relatives.

The Rev. and Mrs. R. E. Bratton attended funeral services for a friend in Snyder Friday.

Mr. and Mrs. Jim Bob Porterfield of Garnolia visited in the R. V. Blacklock home Sunday afternoon.

Mr. and Mrs. Howard Teaff and son and Dennis Popham were Sunday night visitors of T/Sgt. and Mrs. N. B. Teaff in Lubbock.

Mr. and Mrs. Robert Craig and Joe David were Sunday dinner guests of the Ted Shults. They spent the afternoon at Garnolia with Mr. and Mrs. R. L. Craig and family.

Mariam Smith is visiting the Barnie Jones family this week, while her mother is in Garza Memorial Hospital.

TEXAS TECH PLACEMENT SERVICE PREDICTS

Area's Critical Teacher Shortage May Become Even Worse Next Year

LUBBOCK (Spl.)—The critical teacher shortage in West Texas may become even worse in the coming year, Mrs. Jean A. Jenkins, Texas Tech Placement Service, has predicted.

All areas of public school teaching are expected to have more openings this year than can be filled by students graduating from Tech, Mrs. Jenkins said. Severest shortages probably will be in elementary education, mathematics and science, she added.

A report on 1954-55 activities of the Tech Placement Service shows how critical the teacher shortage already is.

A total of 345 school superintendents listed teaching vacancies with the Placement Service between September, 1954, and last August, the report states.

There were 384 vacancies in elementary education, with 43 Texas Tech graduates available; 128 vacancies in mathematics, with 5 graduates available; and 105 vacancies in science, with 6 graduates available.

One reason for the shortage of teachers in mathematics and science is industry's demand for people trained in those fields, Mrs. Jenkins pointed out.

A difficulty in filling the elementary school positions is that many of the Tech graduates in education are married and unable to go where the jobs are, she added.

Requests for teachers were reported from New Mexico, Arizona, Mississippi, Kansas, California, Oklahoma, Colorado, Utah, Wyoming and Nevada as well as Texas.

Farm Value Of Beef Is Dropping Faster Than Retail Value

COLLEGE STATION (Spl.) — During the last quarter of 1955, the farm value of choice grade beef was down an average of nine cents a pound, while the retail price dropped only 3.5 cents a pound.

A beef study by the U. S. Department of Agriculture shows that the difference between what the farmer receives for U. S. choice grade beef on the hoof and what the consumer pays for the meat has fluctuated widely during the seven years 1949-1955.

Retail prices remained relatively stable during the latter half of 1954 when farm cattle prices were rising, and during 1955 when farm prices generally declined. Marketing margins, therefore, narrowed substantially below the long-run average in the latter half of 1954. In 1955, however, they widened markedly, exceeding the high levels of 1953. The comparisons are based on the price of a pound of beef at retail and the price of its equivalent weight of 2.16 pounds in the live animal.

Marketing margin is the difference in price received by the livestock producer and that paid by the consumer.

During 1955, the spread between the farm marketing price and the retail marketing price was about five cents a retail pound more than at the start of the seven year period. In the last quarter of 1955, the margin was 27 per cent wider than in the same quarter of 1954.

A series of studies is now under way in the Department of Agriculture dealing with the cost of processing and distributing food. This particular report, Beef Marketing Margins and Costs, publication 710, analyzes the trend of prices and margins for U. S. choice grade beef at different stages in marketing process.

The report states that fluctuations in dollar margins come about because cattle and beef prices do not maintain a fixed relationship to one another at any point in the marketing channel.

BITS-OF-NEWS

Don Gates, a student at Tech, spent Sunday visiting friends.

Mrs. J. M. Baylis is spending the week in Big Spring visiting Mr. and Mrs. Joe Gibson.

Miss Marca Dean Holland accompanied Mrs. E. R. Moreland and Yvonne to Hobbs, N. M., Saturday where they visited Mr. and Mrs. Payton Stanford.

Fourteen per cent of Delaware's personal income is paid out in U. S. income taxes—the highest proportion in the nation.

BITS-OF-NEWS

Mr. and Mrs. Roy Carmichael of Fresno, Calif. spent Saturday and Saturday night with his brother-in-law and sister, Mr. and Mrs. E. E. Cass. Before returning home they will visit another sister, Mrs. W. S. Whisenant, and his mother, Mrs. Bettie Carmichael, at Lockhart, Saturday night, the Casses, their visitors, the Harold Cass family and Mr. and Mrs. D. L. Cass and family of Lubbock were dinner guests of Mr. and Mrs. Euel Harrison, Craig and Jane.

Auto Insurance Rates Reduced

AUSTIN—Texas motorists will save \$9½ million a year in lower rates on automobile insurance coverage, the State Insurance Commission announced Monday.

The reduction represents an overall drop of about seven per cent in premiums. New rates will apply to policies effective May 1.

Morris Brownlee, casualty commissioner, said the greatest part of the reductions—more than eight million dollars—came from lower physical damage rates: fire, theft, comprehensive and collision.

Brownlee said bodily injury and property damage liability rates dropped about \$1,300,000. Auto premiums have been reduced in the past two years by \$21 million.

Forty per cent of U. S. men 70 to 74 years old are still in the labor force.

About a third of all passengers between Paris and London travel by air, says the Twentieth Century Fund.

District Volleyball Meet Is April 7

The Post High School girls' volleyball team will compete Saturday, April 7, in the district tournament at Floydada. The Post girls are defending district champions.

Mainstays of this season's team, according to Coach N. R. (Jiggs) King, are: Frances Craig, Marie Howard, Sara Ray, Bettie Sue Norman, Louise Gerner, Loyce Josey, Joyce Josey and Barbara Wheatley.

NOTICE!

Beginning this Saturday, April 31, we will close our mechanical department at noon on Saturdays.

We will, however, have a mechanic on hand to take care of any emergencies which may occur.

Advertising . . . keeps prices down

A penny a pound on the price of a pork roast can make a world of difference to a grocery shopper. And food store managers know it! That's why they do everything possible to keep prices low in their advertising. It's the same for almost any product you can think of. No store can sell it for ten dollars while a second store is advertising it for five.

Advertising enables you to sit back, relax and compare prices and merchandise. Shopping trips can be planned beforehand to take advantage of the sales which merchants are advertising constantly. By providing a giant market place where stores of all kinds can compete for your business, the advertising in this newspaper helps keep prices low.

News From Around

POSTEX MILLS

By A. LEE WARD

Mr. and Mrs. Glenn Wheatley and children and Mrs. Fannie Martin visited Mrs. Martin's brother in Corpus Christi this weekend.

Mr. and Mrs. Morris McClellan and son Wayland and grand daughter of Morton visited Saturday with Mr. and Mrs. E. A. King.

Hey, the sand is blowing! Doris Clark visited in Slaton and Lubbock Friday and Saturday.

Mrs. W. G. Williams, G. B. Clark, Jr. of Snyder, Mr. Wayne Williams, Mr. and Mrs. Billy Wayne Williams of Polar visited in the Mrs. Carl Clark home Thursday.

We are very happy to have visiting with us this week Charlie Gibson and Walter Chandler of Greenville, S. C., and Dan Poole, Jr. of Sherman, Tex.

Dink Taylor has gone to his San Diego base and will soon leave for Japan.

Mr. and Mrs. Allen McCowan and family of Post and Mr. and Mrs. W. T. Steele and children of Dermott visited in the Fred Taylor home Sunday.

Mrs. Tol Thomas visited her son Wayne Thomas and family in Lubbock Saturday.

Vickie and Kenny Kuykendall visited their aunt, Mrs. H. C. Drake Saturday and Sunday.

Dinner guests in the Warren Hayes home Sunday were the Rev. and Mrs. J. B. Brincefield.

Mr. and Mrs. Clarence Maddux and boys visited Mr. and Mrs. F. T. Maddux in Mineral Wells, Sunday.

Mr. and Mrs. L. A. Enloe and family visited Saturday night in the Earnest Bostick home.

Mr. and Mrs. Bill Norman visited in the E. C. Parrish home Sunday. Mrs. Parrish cooked Mrs. Norman a birthday dinner. The cake had a question mark in the place of the number of candles.

We hope that Opal Norman is

not like the lady who went to Nevada on her vacation and who had \$100 to gamble on the roulette table. She asked her husband what number she should play and he told her she might as well place her \$100 on the number that corresponded with her age, so she placed her money on number 28. The wheel spun around and stopped on the number 38 and the lady fainted.

Mrs. Sterling Kelly and children, Mrs. Wiley Johnson and Mrs. Howard Freeman and daughter visited Mrs. Mary Alton and daughter in Ralls Sunday.

Mr. and Mrs. A. O. Parrish visited Mrs. Addie Miller and Mr. and Mrs. Harley Weatherford in Brownfield Sunday.

Mrs. Gloria Cockrell honored her mother with a birthday dinner Sunday. Those attending were: Mrs. Glenda Childs and children of Ringling, Okla., Mr. and Mrs. Gaylon Young and Debs of Carlsbad, N. M., and Ray Young and girls.

Sunday guests in the Ray Young home were Mr. and Mrs. Joe Stokes and Stevie of Hale Center.

We are happy to hear that Ray Smith is still improving.

Mr. and Mrs. Z. G. Sherry of Brownfield visited Monday night with Mr. and Mrs. Walter Jones.

Mrs. Billy Greene of Iowa Park is visiting her parents, Mr. and Mrs. Howard Ferguson.

Mr. and Mrs. John Sutter and son of Post and Chamber Davis visited in the Add Jones home Sunday.

Mr. and Mrs. John Wallace visited the Wallaces in Greenville this weekend.

SOIL TESTS SUGGESTED BY SPECIALIST

More And Better Grazing And Hay Result Of Fertilized Pastures

Producing pasture plants remove plant food from the soil and unless the losses are replaced, production and the quality of the forage drop, says E. M. Trew, pasture specialist for the Texas Agricultural Extension Service.

A ton of grass hay contains about 30 pounds of nitrogen, 10 pounds of phosphoric acid and 30 pounds of potassium or the equivalent of 100 pounds of ammonium nitrate, 50 pounds of 20 per cent superphosphate and 50 pounds of muriate of potash. A ton of legume hay contains about 25 per cent more of each plant food element than grass, says Trew.

To keep pasture yields and quality high, the specialist suggests using plenty of the proper kinds of fertilizer. A soil test is suggested as the best means of determining fertilizer requirements, and is described by Trew as the best fertilizer dollar which can be spent.

He says phosphate and potash should be worked into the soil either ahead of or at planting time with temporary pastures and as a part of the renovation or cultivation of permanent pastures. This is especially true on blackland or other heavy clay soils which are high in lime and where phosphate and potash

should be banded for most efficient use.

Nitrogen may be applied to the surface and should be used when adequate moisture is available. Dry fertilizers containing nitrogen should not be applied when plants are wet, explains Trew.

Warm season grasses in permanent pastures such as Bermuda or Dallgrass may be fertilized in the fall or winter or in the spring before summer plants begin growth. Additional nitrogen growth. Additional nitrogen will stimulate growth and increase the protein content of the plants. From 30 to 60 pounds of actual nitrogen an acre is recommended each time the plants are grazed down and when the soil is moist. Cool season grasses such as fescue should be fertilized in the early fall ahead of the growing season.

Mixed fertilizers should be applied on temporary pastures before or at planting time, says Trew.

BITS-OF-NEWS

Mr. and Mrs. Bill Moore from Muleshoe visited their daughter, Miss Margie Moore, Monday afternoon.

Mrs. C. C. Reed and son, Joe, Mrs. Elsie Jones of Kress, Mrs. W. E. Nicholson and son and Joe Cook of Plainview visited Mrs. Lucy King and David Friday evening. The group attended the Senior play that night.

Mrs. Winnie Henderson left Wednesday for Hobbs, N. M. to be with her grandson, who is in the hospital there.

Mr. and Mrs. Glen Harris from Brownfield spent Sunday visiting Mr. and Mrs. Paul Jones and family.

Mr. and Mrs. John Wallace visited Frank Gossett in Jacksboro Monday.

Mr. and Mrs. Doyle Nelson, Mr. and Mrs. Calvin Bryant and Mr. and Mrs. Jerry Crockett went fishing at Haskell Saturday and Sunday.

Mr. and Mrs. W. T. Jackson and family of Littlefield visited in the T. A. Buchanan home Saturday and Sunday.

Frances Buchanan visited in Lubbock Saturday.

Hospital Notes

Admitted to Garza Memorial Hospital since last Wednesday were:

Mary Alice Yocham, Post, medical.

Mrs. Dove H. Mayfield, Post, surgical.

G. E. McPherson, Post, medical.

Iva Jo Byrd, Post, surgical.

SEEKING SOLUTION OF MANY PROBLEMS

USDA Asks For Expanded Research On Soil-Water-Plant Relationships

COLLEGE STATION (Spl.) — The Soils, Water, and Fertilizer Research Advisory Committee of USDA urged basic investigations of soil-water-plant relationships for solution of many critical problems in agriculture during their annual meeting in January.

Considering research proposals in six categories, the committee gave high priorities to a number in each grouping. The committee stressed major importance to the nation of expanded fundamental studies on soils and water.

Improved methods for fertilizer quality control, new research in water-shed hydrology, and soil structure, and expanded studies of moisture conservation in both arid and humid regions were among top-priority research needs cited by the committee.

Proposals concerning soil and water management research in humid regions included expansion of humid-region irrigation research to provide more information on soil-water-plant relationships. In urging more research on these problems, the committee pointed out that better and more efficient use of ex-

isting cropland in humid regions would result from water control and conservation.

Moisture conservation and control in dryland agriculture were also named for expansion. Research on practices for wind-erosion control, and irrigation of cultivated cropland, mountain meadows and pastures in western United States.

The committee will formal recommendations proposals to the United States Department of Agriculture, Washington, D. C.

Area Agriculture Ups Machine Use, Report Discloses

COLLEGE STATION (Spl.) — Southwestern farmers have greatly expanded the use of machinery on their farms during the past two decades. The effects of this rapid adoption of mechanical equipment is the subject of study by a group of rural social scientists in the region.

"Factors Associated With Agricultural Mechanization" is the title of a publication issued jointly by the agricultural experiment stations in the five states in which the study was conducted, Arkansas, Louisiana, Mississippi, Oklahoma and Texas.

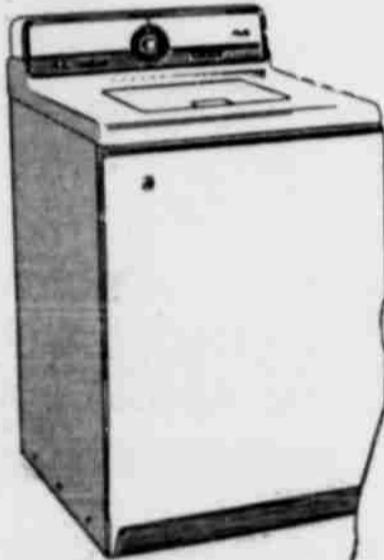

The report attempts to answer a number of heretofore puzzling questions. Among these are: To what extent is farm mechanization related to the migration of people from farms? Does mechanization tend to increase or decrease farm tenancy? Does it increase or retard the farmers' levels of living? Are the operators of highly mechanized farms more likely to be employed in off-farm jobs than the operators of the lesser mechanized farms?

A total of 38 economic sub-regions were studied in the five states. Texas had the three areas of highest mechanization. These were the High Plains cotton area, Panhandle wheat area and the Rolling Plains in the order named.

The authors, all rural sociologists, are A. L. Bertrand, Louisiana State University; J. L. Charlton, University of Arkansas; H. A. Pedersen, Mississippi State College; R. L. Skrabaneck, Texas A&M College; and J. D. Tarver, Oklahoma A&M College. The study was done in cooperation with the Farm Foundation and the U. S. Department of Agriculture.

A copy of the report, Southwest Regional Bulletin No. 6, may be obtained from the Agricultural Information Office, College Station, Texas.

To Plan And In Some Areas To Summer Temporary Pastures

Slight Pay Shows At Garza Wildcat

Specialist Says Aerial Applications Will Control Mesquite, Oak Growths

COLLEGE STATION (Spl.) — Temporary pasture from a very important year-round grazing program on the farms of the state. E. M. Trew, pasture specialist, says good summer pastures just don't happen. They must be planned well in advance and the same care given in the right plants and the right plants as is used in other cash crops. Pastures will permit a period for permanent grazing when pastures are on the decline and provide a means for up feed reserves. Grass, says Trew, is the most important in most areas of the state and can be planted anytime. The danger of frost is past the supply of moisture short in the summer. For each animal unit, stings are best for broadcast or close drillings will produce the if it is to be cut only stings should be made of 7 to 10 pounds of acre while 20-25 pounds needed for broadcast or drilled plantings. Staggerings made at intervals to four weeks may ex grazing season until the different plantings

should be fenced separately in order to get maximum production, advises Trew. Two varieties of this old favorite are generally available in the state. Common is widely grown but may be damaged by leaf diseases in the humid regions of the state. Sweet carries some leaf disease resistance and may outyield common in humid seasons. Trew recommends rotation grazing for getting the most from summer pastures but this should be planned for now. Production can be increased and quality of the forage kept high by rotation grazing. Old stems should be moved after grazing to keep new growth coming. Growth not utilized by grazing should be used for hay or silage. A soil test made well ahead of planting will show what plant foods should be applied at seeding time. Side-dressing with 30 pounds of nitrogen an acre after each time the sudan is grazed down or cut, for as long as the plants are growing and moisture is available, will produce big dividends. Trew says pearl millet may be on the sandy, acid soils of East Texas outproduce sudan. He recommends a visit with the local county agent for those who desire detailed information on summer pastures for their particular section of the state.

Paul C. Teas of Dallas No. 1 J. B. Slaughter Estate was drilling ahead this week after logging slight shows on drillstem tests between 5,058 and 5,070 feet. The south-central Garza County wildcat to 8,600 feet was tested for one hour with a weak blow dying in 15 minutes. Recovery was 60 feet of oil and gas-cut mud with no water. Flowing pressure was nil, with build-up to 875 pounds after 30 minutes. Operation situates 330 feet from north and 530 feet from west lines of Section 39, Block 2, T&NO Survey, eight miles south of Post. Meanwhile, Jack Markham et al of Lubbock were drilling below 6,763 feet at their Ellenburger test in the southwest portion of the county, the No. 2 Slaughter Estate. Site spots in the southwest quarter of Section 1, Block 30, T-5-N, TW&NG Survey.

COLLEGE STATION (Spl.) — Research and practical on the ranch use of chemicals for controlling mesquite, post and blackjack oaks have proved the value of this practice. A. H. Walker, extension range specialist, says the job can be done more cheaply because less chemicals are needed for the aerial spraying job. Too, in many counties ASC will share the cost with the producer. The specialist lists five points which make for a successful control job. Use the proper chemical at the right time and amount. Secure qualified personnel with experience to do the flying job. Use chemicals with caution. They are non-poisonous but drift can cause damage to susceptible crops. Rest the treated area after spraying and do not expect a miracle. This is a control program, points out Walker, and retreatment may be required but it will pay dividends if properly done. He recommends that mesquite be sprayed 50-80 days after the first leaves appear. By this time they should be a dark green color. Apply a third of a pound of low volatile ester of 2, 4, 5-T or silvex with a half gallon of diesel oil and enough water to make three gallons of spray solution per acre. This can be applied in 60 foot swaths and should cost about \$2.30 an acre, a fourth less than last year. A

root kill of from 25 to 35 per cent may be expected, says Walker and retreatment should be done in from five to seven years. For post and blackjack oaks, he says to spray after the leaves have fully developed, usually from mid May through June. Use one and a half pounds of 2, 4, 5-T or one and a quarter pounds of silvex per acre in the 3.1 water oil emulsion given for mesquites. Two sprayings in consecutive years or skipping a year is advisable on oak. Under favorable conditions a single application may be 85 per cent effective. The cost should run about \$11.50 an acre for the two treatments. The second application should be either one pound of 2, 4, 5-T or three-fourths pound of silvex per acre. Goats can be used profitably in controlling underbrush on sprayed oak areas. They will lengthen the control period and often make a good return.

TO VISIT AREA—Mrs. James D. Wyker, D. D., vice president of the National Council of Churches of Christ in the U. S. A., will be in Lubbock on April 5 and 6. She will conduct a workshop on United Church Women, for women of all groups, at 2 p. m. Thursday, April 5, at the First Christian Church in Lubbock. At 7:30 p. m., at the same place, she will speak on the subject "Your Church and the National Council of Churches of Christ in the U. S. A." On Friday, April 6, at 9:30 a. m., she will conduct an open meeting to discuss the National Council and United Church Women, at the First Christian Church, Lubbock.

APRIL 15 INSPECTION DEADLINE NEARING

Garza County's Auto Inspection Stations Were Ready Sept. 15

On Sept. 15, 1955, the six official inspection stations approved by the Department of Public Safety in Garza County were ready to inspect automobiles for 1956 inspection stickers.

In preparation for this inspection period, which began on Sept. 15 and ends at midnight April 15, each mechanic-inspector attended a school conducted by the Department of Public Safety and made a passing grade on a written examination before being placed on the approved mechanic-inspector list for the 1956 inspection period.

If, when you present your vehicle for the 1956 inspection, you find your mechanic-inspector a little harder to get along with than you did on the 1955 inspection, don't argue with him or try to tell him how to inspect your vehicle. He knows how and he knows what the requirements are that your vehicle must meet before he can place the 1956 inspection sticker on it.

He also knows that for the improper inspection of a vehicle or the placing of an inspection sticker on a vehicle that has not been inspected by him makes him liable to a fine of not less than one dollar nor more than two hundred dollars and costs of court. He also knows that he would be subjecting the firm for which he works to a fine of from one dollar up to a maximum of five hundred dollars and costs for failure to properly inspect the vehicle, and also jeopardize

the firm's \$1,000 performance bond.

In 1955 he could pass your vehicle if any of the lens were cracked or broken. He can't in 1956.

In 1955 he could pass your vehicle if any of the reflectors were cracked or faded. He can't in 1956.

In 1955 he could pass your vehicle if your license tags were obscured. This year he can't.

In 1955 he could pass your vehicle if your master cylinder or lines or wheel cylinders were leaking, provided your vehicle could stop properly in the required distance. He can't in 1956.

Last year he didn't have to check your pedal reserve on your brakes. This year he can't pass your vehicle unless you have at least a two-inch pedal reserve for hydraulic brakes and at least one-inch pedal reserve for power brakes. Also, if no brake machine is available in the shop he must road test it to check the brakes.

In 1956 he didn't have to make your turn signals blink on and off in 1956 he must.

Motorists are asked to remember that enforcement will begin on April 16 for those who don't have the 1956 inspection sticker. A very good thing to remember. If you put your car's inspection off until the last week, is that your inspection station has been ready and willing since Sept. 15, 1955.

LONE STAR AGRICULTURE

Forward Look For American Farmer Not Much Improved Over The Past

By JOHN C. WHITE, Commissioner of Agriculture. Texas and U. S. farmers are just like businessmen — everyone is interested in making a return on invested capital. How did the farmer come out in 1955?

Agriculture demands a big investment in land, improvements, tools and machinery. Last year, the nation's farmers had an equity in farms of about 95 billion dollars. In addition, farm operators and their families did 11 billion hours of unpaid work on their land.

For this capital investment, and for all this labor, the farmers collected a total of 11 billion dollars in 1955.

This means that if we allow farmers and their families a return of \$1 per hour for their labor, then they had nothing left at all for a return on their invested capital last year.

However, let's say we allow farmers a 3 per cent return on their \$95 billion investment. This would be giving them 2.85 billion dollars on their capital.

In such a case, subtracting the capital gain from total income,

the farmer would have earned only 74 cents an hour for 11 billion hours of labor.

All this points out a curious situation. It appears that the best thing for farmers to do is to sell out and invest all their money in a good safe company that would give them a 3 per cent return. Then, any side job, including ditch-digging, would at least pay them the minimum wage of 90 cents or more an hour.

These figures are, of course, national totals. It is true that many of our farmers get returns to capital and labor that are higher than average. But also, many farmers obviously get returns that are far below the national average.

Unless some immediate relief is found in the form of a new national farm program, the forward look for American farmers is not much improved over the dim picture immediately past.

A four-pound Australian Kiwi bird lays a one-pound egg. The American buffalo is actually a bison.

Expect Core Drilling Report At WRMA's April 21 Meeting

Reports on core drilling tests at the site of the proposed White River dam are expected at the next meeting of the White River Municipal Authority, scheduled for April 21 at Crosbyton.

Contract for the tests were let by the authority to Mason-Johnson Associates of Dallas at a meeting in Spur on March 17. The bid accepted by the group was \$2,872.50.

Col. S. J. Freese of the Fort Worth engineering firm of Freese & Nichols attended the Spur meeting and told the group that the core drilling would take approximately four weeks to complete.

The drilling will determine whether or not the selected dam site is suitable, based on the presence or absence of gypsum. The engineer told the committee

that if gypsum is found at the first site, which is approximately one mile north of the White River bridge between Spur and Calgary, then two more sites up river will be explored. One is about two miles on up the river and the third is still further north.

Also at the Spur meeting, the city of Egils was invited to join the authority. The invitation came as the result of a report by Freese that the proposed lake will supply sufficient water for all four cities.

Ralls has been offered the opportunity to join the project on an equal basis with Post, Spur and Crosbyton. The committee asked that Ralls express its desires before core drilling starts. To become a member city, Ralls will be required to submit to

the treasurer of the committee its pro rata share of initial expenses based on \$1.11 per water meter.

Manson Galloway, representing Henry, Seay & Black of Dallas, and Jack Morris, representing R. A. Underwood Company of Dallas, both bond companies, met with the committee and explained the roles played by fiscal agencies in setting up such a project. The committee received proposals from the two firms but did not act on them at the meeting.

Dr. M. H. Brannen of Spur, former member of the Brazos River Authority, was instructed by the committee to contact present members of the authority and investigate just what and how much assistance might be available for the White River project through the government agency.

Freese explained at the meeting that while the company would require only one week to complete the core drilling tests, it would be about three weeks before they could begin. He also stated that the committee should have written permission from all land owners affected by the drilling company. The land owners were to be contacted by Crosbyton members of the committee, since all dam sites are in Crosby County.

Freese also requested that each city provide him with a plat of the city showing metes and bounds of their city in order that he might go ahead with work toward establishment of the district.

REQUEST CARDS AVAILABLE AT TAX OFFICE

1956 Official Highway Travel Map Has Many New Features On Texas

AUSTIN (Sp.)—The new 1956 edition of the Official Highway Travel Map is now available. D. C. Greer, state highway engineer, has announced in Austin.

The map has many new features and contains a wealth of information on Texas, Greer said. Most of the topographical relief was removed from the map last year so that more essential information can be read easily and quickly. The growth of the Texas Highway System at the rate of about 3,000 miles a year has made it necessary to gradually remove some of the less important information to make room for the increased mileage, he said.

In addition to the highways and the mileages between various points, the Travel Map shows state parks with recreational facilities, historical state parks, roadside parks, altitudes, and the Highway Travel Information Bureaus. The pictorial side of the map features scenes of general interest both to Texas and out-of-state tourists, with every section of the state represented.

The Austin office of the Highway Department, the 25 district offices, and the seven Travel Information Bureaus near the

state's borders all have maps available for distribution. Special map cards for requesting a map may be obtained at the tax collector's office when license plates are purchased.

Contract Let For Seal Coat Work

A bid of \$246,220 for road construction in a number of South Plains counties, including Garza, has been announced in Austin. The area work is a part of statewide projects which brought a total of \$19 million in bids.

South Plains counties affected are: Lamb, Lynn, Terry, Yoakum, Swisher, Floyd, Cochran, Parmer, Dawson, Hale, Hockley, Garza, Castro, Crosby, Gaines, Bailey, 324 miles of seal coat in various sections; bidder, George Keyes, Austin, and R. B. Bowden, Sam Marcos, \$246,220.

The seal coat projects in this county are from U. S. Highway 380 to Graham Chapel and from Close City to U. S. Highway 380.

GI use of eraser tipped pencils in World War II popularized such pencils in many foreign countries.

State's Bean Crop Value Above Norm

Texas farmers received 50 per cent more for their green bean crops from canners and freezers in 1955 than they had averaged over the past ten years, according to the American Can Company.

R. G. McCain, Texas representative of the leading can-making firm, said that the state's green bean farmers received \$1,173,000 from processors in 1955, compared to the previous 10-years' average of \$786,000.

Although fewer acres of the crop were harvested than in 1954, the 1955 production total was above the ten-year average, McCain said. He noted that the nationwide green bean crop was worth more than \$34 million to farmers from processors, almost \$8 million above the 10-year average.

Floydada Gains Tie In 3-Team Contest

Floydada trackmen, who will be competing against Post and other District 5-AA teams at the district track and field meet in Lubbock April 14, tied with the host team for second place last week in a triangular meet at Lockney. The Oltion Mustangs finished first.

Places won by the District 5-AA Whirlwinds were: 100-yard dash—Grant, fourth; 220-yard dash—Grant, second; Downing, fourth.

440-yard dash—Grant, second; Williams, fourth. 880-yard run—Beedy, second. Mile Run—Patterson, second. High hurdles—Downing, second; Ogden, fourth. Low hurdles—Downing, second.

440-yard relay—Floydada, second. High jump—Ogden, first. Broad jump—Downing, second.

Shot put—Kielling, second; Teague, third; Williams, fourth.

NUMBER IS 13. NORFOLK, Va.—The Red Cross here thinks 13 is a lucky number. That's because 13 members of the Zillicoffer family of Littleton, N. C. came here in a group to donate blood. They made a 130-mile round trip to do it.

District Team Is Third In Relays

The Abernathy Antelopes of District 5-AA placed second Saturday in a track and field meet held at Tarleton State College, Stephenville.

The nearest the Abernathy tracksters came to a first place was a tie for that spot in the high jump by Fred Apperson. Second places were won by Roy Sons in the 100-yard dash, and Fred Apperson in the broad jump and low hurdles.

Sons was third in the 440-yard dash, and Doug Moses took fourth in the low hurdles. Manny Connell was fourth in the 880-yard run and third in the discus throw. Leon Manley tied for third in the high jump.

The Abernathy team is favored to win the district championship in the meet at Lockney April 14. Other teams competing will be Post, Tahoka, Floydada and...

Blood Bank By USDA To Protect Crops

Rabbit is in for a surprise. When he reaches Easter, he will find Mopsy Cottontail at work helping to protect Jones' crops.

The U. S. Department of Agriculture has organized a blood bank to provide testing young plants for virus disease as barberry mosaic, bromo mosaic and others that cause losses every year to small grains.

The "Rabbit Bank" owes its name to the finding that whether in plants or animals, virus diseases are made up largely of small-pox vaccine.

It gets the disease bodies, specific for the virus injected, are in the serum portion of blood.

An injected rabbit has the required antibody, its blood is drawn and used in small quantities in tests of other plants.

It is expected that the bank in closer study of plant viruses, their sources, how they spread and their relationship to other.

MRS. EARL MORRIS WRITES

Sammy Walls Are Parents Of Girl Born In Slaton Hospital Friday

Mr. and Mrs. Sammy Walls are announcing the arrival of a daughter born Friday morning, in Slaton Mercy Hospital. She weighed six pounds and 11 ounces and has been named Vickie Sue. The Walls have another daughter, Anita, age two. Mrs. Walls is the former Miss Betty Jean Edmunds, daughter of Mr. and Mrs. Martin Edmunds, Mr. and Mrs. W. E. Edmunds are the great-grandparents and Mr. and Mrs. S. A. Walls of Louisiana are the paternal grandparents.

Mrs. Billy Poole is suffering from an infected foot after she stepped on a nail last week.

Mrs. Ed Thompson and children of Olton visited her parents, the J. O. Reeds, Sunday.

Mr. and Mrs. C. B. York and daughter of Post were Sunday afternoon visitors in the L. K. Anderson home.

Mrs. Roland Hampton of Brownwood is visiting her brother-in-law and sister, Mr. and Mrs. Max Jackson.

W. C. Denton of Commerce is a guest of his brother and sister-in-law, Mr. and Mrs. Ed Denton.

Mr. and Mrs. Jerry Graves and son, Mr. and Mrs. Johnny Stalcup and daughter of Lubbock attended services at the Baptist Church Sunday and were dinner guests of the pastor and his family, the Billy Pooles, Stalcup, Graves and Rev. Poole are former classmates.

Mr. and Mrs. Clay Oats and sons of Wolforth visited his brother, Jay, and family last Sunday. They attended services at the Methodist Church.

W. M. U. met in the home of Mrs. Truelock last Monday and the mission study was continued.

Mrs. J. O. Reed has been in Plainview with her mother, who is ill.

Mrs. N. E. Denton is in a Lubbock hospital this week.

The Wayne Hallman family and his brother Winifred, of Lubbock spent Sunday with their parents, the H. D. Hallmans.

The Harley Martins went to Hart last Sunday to visit his brother, Blanton, and family. Tyra Jan Martin remained at Hart for a longer visit and is to return this week with her grandparents, the Sam Martins, who are now visiting there.

Miss Mattie Dabbs is home from Slaton Mercy Hospital, where she was a pneumonia patient part of last week.

Gerald Dabbs, a Tech student, appeared in the Little Theater production, "Ten Little Indians," last week.

Mr. and Mrs. I. J. Duff, Jr. and children of Levelland were weekend guests of her parents, the William Lesters.

Don Pennell and sons were Post visitors Friday.

The W. M. McBrides of Slaton attended church at the Gordon Church of Christ Sunday and were dinner guests in the J. O. Reed home.

The Earl Morrises were Sunday guests of the C. A. Maekers in Lubbock. Nine-year-old Marilyn Maeker celebrated her birthday. Other visitors were Mr. and Mrs. Jimmy Morris.

Mrs. L. L. Corbell and Bunyon spent the weekend in Amarillo with a daughter and sister, Mrs. Ivan Zickafos, and family.

Regional Artists Are Invited To Submit Work For Exhibition

Artists and craftsmen in Garza County and throughout the South Plains are invited to submit their original work for a Regional Art Exhibition to be held at The Museum, Texas Technological College, Lubbock, April 18 to May 2.

The show will be sponsored by the South Plains Art Guild, regional art group, in cooperation with the Texas Fine Arts Association.

There will be prize awards and written citations with outstanding work to be selected by a jury and sent to Austin for a TFAA summer show at Laguna Gloria Museum June 15-Aug. 15.

In the Lubbock show, each artist may submit three original paintings and three craft items. Entry blanks are due April 10, and entries must be brought to the museum April 13-14. Each artist will pay a \$2 entry fee. The formal opening will be held from 3 to 5 o'clock Sunday afternoon, April 22. Awards will be presented at 4 p. m.

Detailed information and entry blanks may be obtained by writing Mrs. C. B. Martin, 1613 Twenty-ninth St., Lubbock. Eligible to participate are all members of the South Plains Art Guild and artists in 20 South Plains counties.

PERMIT GRANTED BY STATE WATER BOARD

Cities In Canadian River Authority Will Start Getting Water About 1961

Cities in the Canadian River Municipal Water Authority will start getting water about 1961, according to E. H. Hardin, representing a New York engineering firm working with the authority.

The State Water Board Saturday granted a permit to the authority to use 151,200 acre feet of water annually from the Canadian River.

This action was taken in Austin following a three and a half hour hearing in which the authority outlined plans to build a dam on the river to impound 961,000 acre feet of water.

Representatives of eight Panhandle and South Plains cities briefly testified their citizens needed the dam to furnish surface water which would alleviate the drain from the dwindling underground supply.

The dam would be located 1.4 miles northwest of Sanford on the Canadian River.

A bond issue of \$74,800,000 was approved in local elections last November in nine West Texas cities to finance the dam and the water system.

The Canadian River Authority was created by the Legislature to build the dam and the pipeline system for the cities of Lubbock, Borger, Plainview, Slaton, Tahoka, O'Donnell, Lamesa, Brownfield and Levelland.

Amarillo and Pampa originally were included but withdrew. In a water contract election last month, Plainview voters also voted to withdraw.

A. A. Meredith, Borger, secretary-treasurer of the authority, said several other cities had expressed interest in joining the authority or becoming non-member customers. He said these cities included Dumas, Canyon, Tulia, Abernathy, Crosbyton, Hereford, Post, and also Plainview.

Meredith said for the first six years after completion of the dam, cities voting for the water contract would pay 22 cents a 1,000 gallons.

VA Questions And Answers

Q. I am going to school under the World War II GI Bill. I know that my termination deadline is July 25, 1956. At that time, I figure I will have some unused entitlement left over. Must I lose this entitlement?

A. Yes. Even though you may have unused entitlement, the law provides that you may not train beyond the termination date of July 25, 1956.

Q. I am drawing a VA pension. I have recently received a small inheritance of several shares of stock. Must I include these shares as income, for pension purposes?

A. Your shares of stock need not be considered as income until they are converted into cash. Dividends you receive from the stocks, however, are considered as income.

Q. I applied for disability compensation from VA and my claim was disallowed. I've been told I have one year to appeal, if I wish to do so. Are there any circumstances under which that one-year limit could be limited?

A. No. The law allows veterans one-year limit could be limited?

Q. I am a disabled Korean veteran, eligible for permanent plans of Korean GI insurance. Will I get dividends from this permanent insurance?

A. No. Under the law, dividends may not be paid on Korean GI insurance, regardless of whether it's term or permanent.

In some parts of northern Canada, mosquitoes are so thick that 280 bites have been made on a bare forearm in a minute.

HAWAIIAN HAM

Follow label directions for baking ham. One-half hour before baking time is completed, remove ham from oven and cover top with drained pineapple slices. Place a maraschino cherry in the center of each slice. Peel pineapple chunks with knives and stick into sides of ham. With one apple on top and sides of the ham, peel pineapple slices and stick into sides of ham. Bake through the ham. Cook ham and pineapple with honey and return to the oven. Bake with pineapple and additional honey every ten minutes until pineapple slices are golden brown and glistening.
