"THE GATEWAY TO THE GREAT SOUTH PLAINS"

Twenty-Ninth Year

Thursday, June 14, 1956, Post, Texas

Number 52

## All Qualified Voters In Five Districts Eligible To Ballot On Consolidation

All qualified voters residing within the districts are eligible to vote in the school consolidation election set for Saturday, June 30, County Supt. Dean A. Robinson said Tuesday.

Robinson explained, however, that if the consolidation carries, only qualified property taxpayers will be eligible to vote in the bond election which will be called for construction of a school building.

The consolidation election has been called in five districts, the Southland, Close City and Grassland Independent School Districts and the Graham and Garnolia Common School Districts. Voting will be at the schoolhouse in each district.

It will be necessary for the issue to carry in all five districts before consolidation can be effected. The new district would be known as the Dean A. Robinson Consolidated

Independent School District.

The proposed new school building would be constructed about five miles northwest of the present Close City School.

If the proposal to consolidate carries, then the board of the largest school, which is Southland, will automatically become the new district's board of trustees.

Southland is the only one of the five schools teaching through the 12th grade. The Graham and Grassland schools offer instruction through the eighth grade and Close City through the seventh grade. The Garnolia School did not operate last year.

The county superintendent has also announced that the Garza County Board of Education has approved transfers from one district to another for the 1956-57 school year.

Of the transfers approved, 101

white students and 24 Negro students will attend the Post schools.

Transfers by districts will be as follows:

Close City—28 whites and four Negroes to Post; two whites to Graham.

Southland—Seven Negroes to Post.

Graham—26 whites and five Negroes to Post.

Grassland—Six whites to Post.

Justiceburg—11 whites to Post.

Garnolia—30 whites and eight Negroes to Post; four whites to Graham; four whites to Close City; two whites to Southland; six whites to Grassland; two whites to Taboka, and two whites to Wil-

## Two Plaques Are Awarded To Post Lion

J. A. (Jess) Rogers, chairman of Zone 2, Region 6, District 27-1 of Lions International, was presented two plaques at the Post Lions Club's ladies' night meeting Tuesday.

One of the plaques came from the club, honoring Rogers as "Lion of the Year," and the other was from District 27-1 in honor of his outstanding work as a zone chairman.

The plaques were presented by W. T. (Dub) Nelson of Childress, district governor, who was also principal speaker at the meeting.

Also present at the meeting were Don Starks of Amarillo, district governor-elect, and Mrs. Starks.

In his talk, Nelson highly praised the Post club for winning a plaque as "best in the district" at the recent district convention in Amarillo. He attributed much of the club's success to the work of Rogers, President Joe J. DeArmon and Secretary Weaver Moreman, but added that each member had a part in its achievements.

Perfect attendance pins were awarded at the meeting to DeArmon, R. K. Green, Rogers, H. W. Schmidt, Moreman, Victor Hudman and Al Norris.

A special pin was awarded Miss Ann Porterfield, who was the Post club's queen candidate at the district convention.

JAYCEES INSTALL OFFICERS—Lee Ward (right center) is being congratulated by Gene Pearson of Lamesa upon his installation as president of the Post Junior Chamber of Commerce for the 1956-57 year. At the left is Jess Michael, who was installed as vice president, and the right is Bill Thomas, who was installed as secretary-treasurer. Pearson, a member of the Lamesa Jaycees, was the principal speaker and installed officers at the banquet, which was held last Thursday night at Judy's Cafe.—(Dispatch Staff Photo.)

## Band Director Is Employed By School Board

A band director and speech instructor were employed, and applicants for other positions interviewed at Monday night's meeting of the board of trustees of the Post Independent School District.

The board also elected three lunchroom employees, voted to send them to a workshop at Texas Tech July 9-13, heard a report from member Jack Ballentine on needed improvements at two of the school buildings, and approved a \$1,150.25 bill for current operating expenses during the month of May.

Employed as new band director was Robert E. Meisch of Van Horn. Mrs. Bettye Hitt Scott of the Pleasant Valley community, was elected to head the speech department being added to next year's high school curriculum.

Meisch, a graduate of Southern Methodist University where he majored in music, is 32 years old. He was band director last year at Van Horn, prior to which he was band director in the Gatesville High School for four years. His home town is Marlin.

Meisch served three years in the Army during World War II, seeing action in the European theatre of operations. He is married and has two children, a daughter, Shearon, who is nine years old, and a son, Bobby, who is three.

R. K. Green, superintendent of schools, said Meisch plans to move to Post soon and to start his band program around Aug. 1.

Mrs. Scott is a recent graduate of Texas Tech, where she majored in speech and minored in English. She taught two years in the Southland schools and did practice teaching at Monterey High School while attending Tech.

Mrs. Beulah White was elected as manager of the lunchroom and Mrs. Mabel Dunlap and Mrs. Jeanetta Matiser as helpers. The board deferred action on re-employment of Mrs. Herman Messer of Justiceburg as a lunchroom employee until learning her plans for the future.

Applicants were interviewed for the positions of elementary school principal and head custodian at the high school, but the board took no action on the applications.

Ballentine, building maintenance and repairs committee member for the board, recommended re-painting programs this summer.

## LITTLE LEAGUE PROJECT WILL COST \$3,000

## Ball Park Lights Sought In Drive

A fund-raising campaign for installation of lights at Post's new Little League baseball park got under way this week with the sale of membership cards by Little League players and officials.

Cost of lighting the park will be approximately \$3,000, according to Bill G. Humphrey, league president. Eight light standards are to be installed, with the ones

at first and third bases having 12 lights and the others eight lights.

Being able to play the games in the late evening will assure larger crowds, since the present 4:30 p. m. starting time is too early for many businessmen and employees to attend, it was explained.

Humphrey said the League hopes to have the lights installed before the end of June, possibly in time for the games of June 21.

At Tuesday afternoon's games, \$50 was raised in a "hat passing" by some of the League officials.

The membership cards, which lists the season's schedule on the reverse side, sell for \$1 each, but larger contributions are welcomed, Humphrey said.

Before Tuesday's games, the League president turned in the following list of contributors who had made "substantial" donations to the lighting fund:

Postex Mills, Inc., Brown Bros., First National Bank, Lions Club, Rotary Club, Junior Chamber of Commerce, Jess Rogers, Piggy Wiggly, George N. Leggett, Percy Printz, Irs L. Duckworth, Scott Storie, G. & L. Tank Co., Bryan J. Williams, Dan Cockrum, Forest Lumber Co., M. A. McDaniel, Higginbotham-Bartlett Lumber Co.

## Water Shortage Crops Up Again

Post residents were asked this week to conserve water, as the booster pump was turned on for the third time in recent weeks and daily consumption mounted to around the one million gallon a day mark.

City Supt. R. H. Tate said the season's high mark was reached June 5 when 1,029,000 gallons flowed through the city mains. Top capacity under present conditions, he said, is 1,250,000 gallons, with the peak months yet to come.

City officials especially request those watering lawns to be as conservative as possible and to keep the water out of the streets.

Users are also asked to check air-conditioners, since most of those of above average size can use as much as a gallon a minute, which figures out 1,440 gallons in a 24-hour period.

Other water-wasters which should be checked and corrected are drippy faucets and leaky commodes, city officials said.

The pump was installed Wednesday in a new 40-gallon per minute well, and two others are being installed in 20-gallon a minute wells. One of these wells, however, has shown signs of not holding up for pumping, Tate said.

at first and third bases having 12 lights and the others eight lights.

Being able to play the games in the late evening will assure larger crowds, since the present 4:30 p. m. starting time is too early for many businessmen and employees to attend, it was explained.

Duckworth, Scott Storie, G. & L. Tank Co., Bryan J. Williams, Dan Cockrum, Forest Lumber Co., M. A. McDaniel, Higginbotham-Bartlett Lumber Co.

## 12th Grade Added At Negro School

Post's Negro school has been reclassified as a 12-grade school at the request of the board of trustees of the Post Independent School District.

The reclassification was made Saturday at a meeting of the Garza County Board of Education.

R. K. Green, superintendent of the Post schools, said Tuesday that Mrs. Zeta Pennie, principal at the Negro school, has informed him that three 12th grade students will be enrolled for the 1956-57 term.

Mrs. Pennie has reported that there is expected to be at least 13 students enrolled in the top four grades for the next term. Total enrollment at the school for the 1955-56 term was 52, with an average daily attendance of 48.

## Water Petitions Are Being Filed

Petitions requesting the State Board of Water Engineers to create a four-city White River water district are being filed this week in Crosby County, after which they will be filed in Dickens County and Garza County before being submitted to the state board.

Tom Bouchier of Post, chairman of the White River Municipal Authority Committee, said Tuesday that it will probably take another week or ten days to complete filing of the petitions in the three counties.

The petitions, on which signatures were obtained in the cities of Post, Crosbyton, Rails and Spur, will be submitted to the State Board of Water Engineers along with maps and other data on the proposed White River project, which would provide municipal water supplies for the four towns.

The June meeting of the White River Municipal Authority Committee will be held in Rails Saturday following a luncheon at 12:30. Attending from here will be the three committeemen, Bouchier, R. J. Jennings and Dr. A. C. Surman and possibly others.

S. J. Freese of the Fort Worth engineering firm working on the project will be at the Rails meeting to report progress to date.

## Miss Thelma Hodges' Condition Improves

The condition of Thelma Hodges, 18, who was critically injured in an automobile accident May 25 was reported Wednesday afternoon to be steadily improving.

Miss Hodges, who has not fully regained consciousness since the accident, is in Lubbock Methodist Hospital. She is the daughter of Mr. and Mrs. Earl Hodges.

## City Street Paving Plans Continuing

Engineers are going ahead with definite plans for eight and one-half blocks of street paving here this summer and tentative plans for paving of an additional 18½ blocks, according to City Councilman Powell Shytle, street improvement chairman.

Property owners interested in paving are asked to contact the City Hall with all the necessary information in order that final plans can be made soon on the paving to be done this summer.

Under the cooperative plan, the property owners will pay for the paving and the City for the paving at the street intersections and alley turn-outs. Although the City's paving fund has dwindled to less than \$4,000, Shytle said they expected to be able to work a "trade out" deal with the contractors by furnishing the caliche for paving of intersections.

The City will also fill in between the curbing and property lines at no cost to the property owners.

## 1955 ACP Earns \$44,256

Garza County farmers and ranchers were paid \$44,256.19 for practices carried out under the regular and emergency programs of the 1955 Agricultural Conservation Program, according to figures released Tuesday by Emmarhe I. Hartzel, office manager for the Agricultural Stabilization and Conservation Service.

The regular ACP program earned farmers a total of \$33,254.88, and the emergency program paid out \$11,001.31.

The number of farms participating in the regular program were 103, with 113 payees. Net assistance before adjustment was \$31,503.50 and small pay adjustments

amounted to \$708.22 for the \$32,254.88 total.
In the emergency program, 199 farms participated and the number of payees was 212.
Following are the regular ACP practices, the number of farms participating and the amount of assistance received under the 1955 program:
Rotation cover, 3 farms, \$206.25.
Pit rangeland, 3 farms, \$1,063.80.
Water wells, 1 farm, \$237.50.
Livestock dams, 8 farms, \$2,312.36.
Cross fencing, 2 farms, \$353.36.
Terracing, 7 farms, \$468.74.
Diversions, 7 farms, \$1,008.00.
Spreader terraces, 1 farm, \$508.65.
Erosion control terraces, 1 farm, \$176.30.
Irrigation improvement, 22 farms, \$12,525.02.
Land leveling, 1 farm, \$600.
Summer cover, 11 farms, \$655.70.
Vegetative cover, 1 farm, \$16.50.
Stubble mulch, 8 farms, \$783.
Deep plowing, 50 farms, \$6,326.13.
Cropland tillage, 25 farms, \$1,740.56.
Special practice—cover crop, 7 farms, \$647.
Deferred grazing, 3 farms, \$1,064.80.

## Four Post Men Are Released On Bond

Four Post men have been released on bond from jails at Big Lake and Garden City following an incident last week in which Buster Cox, sheriff of Glasscock County, was beaten unconscious after stopping them for speeding.

Three of the men, Hal Jones, Nolan Williams and Carroll Light, were charged Saturday at Big Lake with assault. The fourth man, Fred Long, was charged at Garden City with driving while intoxicated.

The bonds were \$750 for Jones and \$1,000 each for Williams, Light and Long.

Cox said Long was the man he arrested Wednesday night after a 37-mile chase which started at Garden City and ended in Reagan County, but that Long did not participate in the alleged assault which followed.

The four were taken into custody here Thursday morning by Garza County sheriff's officers, and officers from Glasscock and Reagan counties came after them Thursday night. The alleged assault on Cox happened in Reagan County, of which Big Lake is the county seat.

## Escapes Back In Custody

Kenneth Finchum, 24, and Gordon Brant, 47, are back in custody this week after breaking out of the county jail here early Friday morning.

Finchum, who was convicted June 1 on a burglary charge and assessed a 12-year prison sentence, is being held in the Lubbock County jail for "safekeeping." Sheriff Carl Rains said Tuesday. He had not been formally sentenced at the time he escaped jail.

Brant, who was being held on a drunkenness charge, was nabbed at an Idalou service station Friday

afternoon by an off-duty Lubbock County deputy sheriff. He was returned to Post that night.

Finchum was apprehended in a small Lubbock cafe Sunday by Deputies George Eubanks and Bill York of Lubbock County.

The deputies said they received a tip from an unidentified man that Finchum, whom the officers knew to be in Lubbock, was eating breakfast at the cafe.

While York stood guard nearby, Eubanks entered the cafe about 11 a. m. and spotted the suspect seated at the counter.

Eubanks said Finchum dropped his head to the counter as he entered in an attempt to hide his face but the deputy spotted and arrested the fugitive.

Rains said Brant told him he released Finchum from the new jail on the third floor of the courthouse after breaking out of the old jail, just north of the courthouse building.

The sheriff said that in escaping from the lockup, Brant pried the lock off an inside door then used an iron bar to break the lock on the outside door.

Rains said Brant told him he went out to his own car parked nearby and was attempting to wire around the vehicle's ignition switch to start it when Finchum called down to him from his third-floor cellblock in the courthouse.

Brant told the sheriff he asked Finchum's advice on how to short the ignition switch but was unable to follow the instructions. The officer quoted Brant as saying that Finchum told him if he was down there he could do it for him.

Rains said Brant then cut the screen from the window on the north side of the sheriff's office, climbed through, found the jail keys and made his way to the third floor. Brant found it necessary to pry open a wooden stairway door on the second floor of the building.

Back down on the square, Finchum started Brant's car without the ignition key and the pair drove to Lubbock where Brant left Finchum and went to Idalou, County Attorney Carlton P.

## Former Merchant Dies In Carlsbad

Funeral services for Guy Speck, former Post merchant, who died Sunday in a Carlsbad, N. M., hospital, were conducted at 2 p. m. Tuesday in Carlsbad, where he had lived since moving from Post about 1940.

Mr. Speck, who was in his late 70's, was in the hospital for 49 days following a stroke, and was unconscious most of that time, friends here reported.

He moved to Post about 1916 and was manager of the Bryant-Link Store here until about 1940 when he went to Carlsbad to open a new store for the company. He was an active member of Bryant-Link's board of directors until the company disposed of all their interests about 1950. He had been retired since that time.

Mr. Speck is survived by his wife; two daughters, Mrs. Dorothy Thomas and Mrs. Mary Ermine Robinson, both of Carlsbad, and four sons, Chesley of Asperment, Bud of Denver City and Cecil and John Amy Speck, both of Lamesa.

## PASTOR'S MOTHER ILL

The Rev. Roy Shaban, First Baptist Church pastor, was called to Fort Worth Tuesday night by the critical illness of his mother, Mrs. Daisy Helmsick, who is in St. Joseph's Hospital there. En route the Rev. Mr. Shaban stopped at Cisco to pick up his brother.

## IRRIGATION IMPROVEMENTS MOST POPULAR PRACTICE

amounted to \$708.22 for the \$32,254.88 total.

In the emergency program, 199 farms participated and the number of payees was 212.

Following are the regular ACP practices, the number of farms participating and the amount of assistance received under the 1955 program:

Rotation cover, 3 farms, \$206.25.

Pit rangeland, 3 farms, \$1,063.80.

Water wells, 1 farm, \$237.50.

Livestock dams, 8 farms, \$2,312.36.

# Thursday to Thursday A JOB WELL DONE . . .

By CHARLES DIDWAY

SUNDAY IS FATHER'S Day and how come us to think of it is that we just remembered reading an article the other day that said the early morning is the time babies favor for being born.

THAT HAS BEEN the case with two of our three children, but the other one was born in the early evening. Two of them were born on press day—Thursday—and the other on Tuesday.

NOW IT MAY not mean much to anyone except a newspaper man or woman for such a happening to occur on press day, but to them it usually creates an awkward situation.

AFTER ATTENDING the birth of our oldest son, we went back to the office and finished making up the front page. Following the birth of our youngest son, we finished a press run. Our daughter, bless her, was born on Tuesday and we took most of the day off.

SURELY A FATHER can be excused for such reminiscences when Father's Day is just around the corner.

BUT TO GET back to the time of day on which babies favor being born, peak hours for baby births is 5 a. m., Dr. Peter D. King of Warren (Pa.) State Hospital finds from a study of the hours of birth of 32,215 babies delivered in five hospitals.

AT 5 A. M. THERE are 48 per cent more births than at the low hour of 7 p. m. There were 1,632 babies born at 5 a. m. and 1,163 born at 7 p. m.

ALMOST AS MANY babies are born during the day (8 a. m. to 6 p. m.) as during the night, Dr. King reports. But the stork arrives more often from 3 a. m. to 11 a. m.

A LOT OF COUNTRIES are asking the United States leave them a loan.

POST'S GIRL SCOUTS and their adult leaders will be interested in this: Girl Scout membership reached an all-time high of 2,642,616 last year, the girl scouts said in their annual report to Congress. The report revealed the organization is increasing by more than 850 members a day and one out of eight girls of scout age (7-17) is a girl scout.

NEXT THURSDAY IS Flag Day and the first anniversary of one of the worst windstorms in Post's history. We'll always remember the day because we'll never forget watching that powerful blast of wind mow down the flags on Main Street.

INCIDENTALLY, AN unidentified telephone caller asked us Friday if we could give her the

Roger W. Babson Writes This Week:

## Political Activity Does Not Appear To Cause Any Drastic Changes In Economy

BABSON PARK, Mass. (Sp.)—I have been studying the record of business and the stock market in election years since the turn of the century. Is there a definite pattern which we can use to find out where we stand at the present time historically? Can we use this knowledge to estimate what conditions we should expect for 1956?

### No Drastic Changes

Fourteen elections have come and gone since I graduated from the Massachusetts Institute of Technology. The outcome of the elections,—whether the victor was Democratic or Republican, whether the result was a surprise or cut-and-dried, whether we were at war or at peace,—seemed to make little difference. Political parties spend millions of dollars to arouse the voters to the tremendous consequences of failing to vote the right way. Yet the spending habits of the people have continued undisturbed by the turmoil.

Consequently, it seems useless to get too excited about election years. Political activity does not appear to cause any drastic changes in the economy. If business has been good, it tends to continue good. Spotty business continues to be spotty. The nation's economy seems to disregard politics. It depends, instead, upon fundamentals such as the impatience of people to buy merchandise, the willingness of industrialists to expand their plants, the eagerness of bankers to loan money. As a result, I forecast that the volume of business transacted this year will show no substantial change, either up or down, from 1955 levels.

### Will The Boom Continue?

Most of my friends who work for a living tell me they "never had it so good." Reports from the rest of the 165 million population tell the same story, plenty of work at good wages. Even the farmers who have seen their gross take home still make fairly substantial tax payments to Sam. How much longer can these good days last? When will Newton's Law of Attraction catch up with this decade of plenty?

...not that there will be no collapse of

Too much back-slapping may not be good for a City government, but the manner in which last week's one-day clean-up campaign was conducted certainly deserves commendation. Also due praise for their part in the work are the scores of citizens, who cleaned up about their premises, providing the trucks enough accumulated trash to haul away to keep them busy throughout the day.

In addition to the City's trucks, trash-hauling vehicles were also furnished by Garza County and Brown Bros., for which the City and its citizens are duly grateful. It turned out to be a combined clean-up effort which produced unexpected results.

The fact that the clean-up campaign required only one day speaks well for the year-round efforts of most of the citizenry to keep their premises clean. Many cities this size require at least three days in which to accomplish the clean, fresh appearance brought about here in only one day.

In addition to eliminating numerous health hazards, the clean-up drive also made the city a more attractive place in which to live. A little later on, the health benefits will be enhanced by blading and spraying of the alleys by the City.

Also helping to make the clean-up campaign a success was the customary luncheon at the City Park, at which City officials were hosts to the volunteer workers.

All in all, it was a job well done.

The American principle of freedom of opportunity is related to Jesus' parable of the talents. You remember the story of the three men who were given one, two and five talents. The man with but one talent buried his. The other two worked hard and increased their holdings two-fold.—Traer, Iowa, Star-Clipper.

The family doctor is a great institution. His financial reward may not be as great as the specialist's but the personal and professional satisfaction he gets in his practice truly is beyond price.—Norwalk, Conn., Hour.

The common economic goal of the free world, to discourage communism, is removing barriers to the flow of capital. The opportunities for achieving a stronger free world and at the same time for sound investment are fabulous. By strengthening capitalism abroad, we are strengthening the free enterprise system, which is basic to our own way of life.—Norwalk, Conn., Hour.

If one is consistent and holds to the principle of private ownership of business, he should be opposed to any form of government ownership of the other fellow's business, as well as his own.—Brownwood, Tex., Banner.

date on which the big windstorm occurred. When we told her June 14, she said she was of the opinion that it was during the month of May. We might have ended up in quite an argument if we hadn't reminded her of the flags. Then she remembered that it WAS June 14.

LET NO CANDIDATE start prating about new deals, raw deals and such this year, if he hopes to get our vote. We're supporting only those with ideals.

SPEAKING OF CANDIDATES, those who visited the South Plains last week went almost unnoticed, since their jaunts coincided with the appearance in Lubbock of Liberate.

ANSWER TO TEASER—There are no "e's" in the paragraph.

## Getting Out On The Limb

By EDDIE the editor

THIS TIME of year ambition is what leads lots of people to look for a more comfortable place to do nothing.

Power brakes may stop a car on a dime, but it costs about a hundred dollars to get the rear end fixed.

OUR CITY TAX rate is only five cents above the average tax rate for all 189 cities included in a recent survey. The average tax rate turned out to be \$1.45 and ours is \$1.50, which isn't bad at all. Eight cities included in the survey have tax rates of \$2.50 per \$100 of assessed valuations, which is the constitutional maximum. These eight cities with what should seem to us as burdensome tax rates, are Breckenridge, Cisco, Eastland, Edinburg, Lockhart, Mercedes, Ranger, and Weslaco.

At the other end of the line is Round Top (Fayette County), which had the lowest municipal tax rate in Texas in 1955—15 cents per \$100 of assessed valuation.

Seven towns have a 25-cent tax rate, the survey disclosed. They are Avery (Red River County), Beverly Hills (McLennan County), Blum (Hill County), Byers (Clay County), Point Comfort (Calhoun County), Rio Vista (Johnson County) and Woodsboro (Refugio County).

Nine small cities levied no property tax whatsoever in 1955: Olmos Park and Terrell Hills (both in Bexar County), Richmond Hills (Tarrant County), Fairfield (Freestone County), Roma (Starr County), Iraan (Pecos County) and Roanoke (Denton County).

The survey was conducted by Lynn F. Anderson, assistant director of the University of Texas Public Affairs for the League of Texas Municipalities.

Wouldn't it be wonderful if, when we are asked an embarrassing question, we could answer like the big shots—"No comment."

THE WOMEN, GOD LOVE 'EM: Since women began serving on juries in Texas, a number of relevant jokes have been making the rounds. Here's one:

Summoned for jury service, the matron tried to get the judge to excuse her.

"Why," she said "one look at the ugly fellow convinces me that he is guilty."

"Be seated, madam," the judge replied, "that's the district attorney."

Here's one for the typographical error department: A news item covering a Ladies' Day Golf Tournament in a neighboring city read: "A large gallery followed Miss Jones, whose shorts kept falling on the green."

HOW TIMES CHANGE! In 1881, when a girl's school in New York offered typewriter lessons, a num-

## THE AMERICAN WAY

The Big Grab

ber of men wrote protesting letters to the newspapers. "The delicate female constitution will never stand operating a printing machine," said one of them. But the delicate females risked it—and now look!

BUSTER MORELAND, manager of Brown Bros. et al, oil operators, was in the other day bringing us a booklet on "Careers in Petroleum," issued by the American Petroleum Institute.

"Careers in Petroleum" was written for the student who still hasn't made up his mind what kind of job he wants when he leaves school. The booklet tells about opportunities in the oil industry.

In commenting on the booklet, Buster said that like other oil men he likes to tell high school graduates that there is a place for them no matter what their speciality is, because the industry is so many-sided and so fast-growing.

The vital field of science, which has a shortage of specialists, is important to the oil industry. The future here is bright for engineers and geologists, chemists, physicists and other fields of science for men and women. There are over 2,000 different job opportunities in petroleum and the non-technically trained can find their niche.

The oil industry has contributed vastly to the growth of this country. It both powers and lubricates the wheels of progress. In addi-

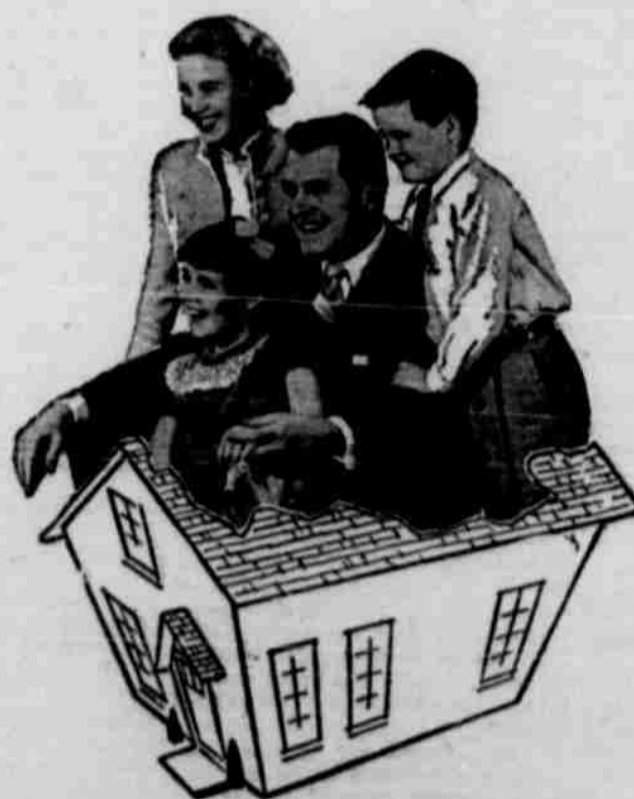

tion to providing fuel for our power-drives, economy, its versatility is in evidence from the fact that it provides over 2,300 different products used today—items ranging from fabrics and cosmetics to plastics and medicine. It has another important role and that is in powering our national defense machinery.

Buster, who is Garza County Chairman for the Oil Industry Information Committee, points out that every month new opportunities in oil are opening up. The industry is constantly growing and changing to keep pace with new scientific discoveries and the rising demand for oil products.

Modern music is the kind that is played so fast you can't tell what composer it was stolen from.

You may be sure that a person who is a good liar got that way by long practice.

YOU'RE MISSING something if you haven't been out yet to see the Little Leaguers play. The youngsters put their heaters into it and every game so far has been a crowd pleaser. A campaign gets under way this week to install lights at the field. This will enable them to start the games later in the afternoon, thereby assuring better attendance. Chances are you'll be asked within the next few days to take out a membership card in the Little League in order to help get the lights installed. It'll be a dollar well spent.

## HAVE YOU OUTGROWN YOUR HOME?

Is your home a tight fit for your family? A low-cost Home Improvement loan can help you add extra rooms... finish attic or basement, install another bathroom. And your loan is easily repaid in amounts sized to your income. Let's talk it over.

## Five-Year Mourning Dove Banding Program This Year Is Nationwide

AUSTIN (Sp.)—A new five-year nationwide mourning dove banding program brings official recognition to the pioneering work of large scale banding which Texas began several years ago, according to the assistant director of the Game and Fish Commission.

The 1956 project will be coordinated by the U. S. Fish and Wildlife Service, whereas the first dove banding in Texas was under state sponsorship.

The assistant director said results of the Texas studies helped

prove the usefulness of the routine, particularly in justifying the time and expense involved.

Technicians in Texas have become accustomed to dove banding reports as an indispensable aid in determining nesting, migration and feeding habits.

The banding program was dropped last year, but in the preceding years more than 23,000 doves were banded in Texas. Slightly over 3 per cent of the bands were recovered, with about three-fourths of the returns coming from near the original banding place. Most of the bands retrieved are by hunters and then forwarded.

The assistant director said emphasis in Texas this summer will be in the extreme northern part of the state in the Panhandle and along the Red River Valley. This will enhance observations as the banded birds migrate southward during the harvest season.

Game wardens and other Commission field personnel will handle the actual banding of the young birds, with Boy Scouts and other volunteers aiding in locating nests.

The assistant director said prospects are for a fine mourning dove hatch in Texas this year to continue the upward trend of last year when the dove population increase in the area totaled an estimated 37 per cent.

## Small Business Doing Quite Well, Is Report From U. S. Chamber

WASHINGTON (Sp.)—Contrary to some widely publicized statements, small business in this country is doing quite well, according to the Chamber of Commerce of the United States.

The statement is based on the Federal Trade Commission-Securities and Exchange Commission Quarterly Report for Manufacturing Corporations.

The report shows that in the last year corporations with assets of less than \$250,000 have shown the greatest increase in profit margins of all classes. Profit margins for this group were 57.1 per cent higher than 1954 levels. This compares with an average increase for manufacturing corporations from \$250,000 to \$1,000,000 in assets have risen faster than the average for all corporations (though not as fast as the profits of the smallest group).

It is often said that the increasing number of business failures shows that small business is not sharing in the present prosperity, the Chamber notes. But, while it is true that business failures have risen since 1950, the number of new corporations in the same period shows a greater increase—36 percent against 24 per cent.

If the pessimistic reports about small business were all true, the Chamber asks, how would it be possible for such large numbers of new businesses to spring up?

## TEXAS OIL PIONEERS

### Tex Thornton, Oil Well 'Shooter,' Fell In Love With Explosives Early In Life

(Editor's Note: This another in a series of sketches compiled from records of "Oral History of Texas Oil Pioneers," University of Texas.)

By MODY C. BOATRIGT

Away back in 1901, Dr. Jojn W. Thornton, of Toccoola, Miss., took his 10-year-old son, Word, to a Fourth-of-July picnic. If the Doctor had known what the consequences of that day's celebration were to be, he would no doubt have left his son at home. For on that day his plans for the boy's future were turned upside down. He had expected Word to go away to school when he was older and eventually to become an M. D. and return to Toccoola and succeed to his father's practice. But at the picnic all this was changed.

Wandering about the grounds the boy found something he had never seen before—a stand piled high with Roman candles, sky-rockets, and firecrackers. He saw other boys buying and shooting, and he bought and shot until all his money was gone and he hunted up his father to beg for more.

What appealed to him most were the giant crackers—since outlawed—that made a noise like a cannon. When he got home he couldn't get fireworks off his mind. He didn't want to be a doctor. He didn't know what he would do, but he knew if he could find a way to make a living shooting off explosives, that was what he would do.

candle could, provided you only had breath enough. Nitroglycerin, he figured, ought to provide the breath. His opportunity to put his theory to the test came in 1919 at Electra. When the owners of the burning well refused to deal with him, he obtained permission to make a try at his own expense. He made a sort of Mother Hubbard garment out of asbestos to protect him from the heat, managed to get the hot metal dragged away, ran in and placed a charge. The flame was snuffed out, and Tex added fire-fighting to his shooting business.

He designed a complete outfit of clothes—pants, jacket, gloves, helmet and shoes—and had the Johns-Manville Company make them out of asbestos. He used to keep as many as a hundred of these suits on hand, for he might use up several in putting out one fire.

Nobody knows exactly how many burning oil and gas wells Tex Thornton put out. He did not keep records. A year before his death in 1945, he estimated he had averaged one a month since 1920 and that he had saved enough gas to supply New York City for 500 years.

Thornton gave his scrapbook, largely kept by his wife, and a collection of photographs to the University of Texas, where they are now housed in the Archives Collection.

He was 16 when he quit school to join a crew that was using dynamite to blast the stumps from cut-over timberland. Whether it was to wean his son from this occupation or for some other reason, Dr. Thornton moved to Knox County in West Texas where there were no stumps to clear. But the wildcaters were already invading the region, and one day Word Thornton saw a man shoot an oil well. He promptly announced he was in the well-shooting business himself, and as the big pools came Electra, Smackover, and the rest—he soon had plenty of clients. He also acquired a new name. Word didn't seem to go with well shooting anyway and he was pleased when the workers began calling him Tex.

As he went from field to field he saw a number of fires. He saw men sweating to put them out by smothering them with steam or mud or by laborious tunneling and plugging. It occurred to him that a burning oil well might be blown out in the same way a burning

### Texas Baptists' 1957 Budget Highest Yet

The Executive Board for the Baptist General Convention of Texas approved recommendations for a \$10,000,000 cooperative program budget for 1957 last week at a meeting in the First Baptist Church in Dallas.

Presented by Dr. W. A. Criswell, chairman of the board's finance committee, the recommendations will now go to the convention's annual meeting this fall for further action.

The budget is the highest in the denomination's history and surpasses that of last year by \$1,000,000. Subscribed by individual churches in practically every town and city over the state, the funds will be used for missionary work in Texas and around the world. Thirty six hundred and eighty one churches made contributions to the denomination's cooperative program last year.

Texas is 620 miles wide.

**Seven-Step Insect Control Program Will Help Farmers Get Good Results**

By JOHN C. WHITE  
Commissioner Of Agriculture

Texas farmers may be living in the modern era, but many of their problems are as old as history. And about this time each year, the farmer starts his ageless battle with a familiar enemy—crop pests.

Fortunately, the chemical industry can furnish effective implements in this unending war. But their real utility is no better than the way they are used.

Chemical control of insects—and weeds—can be a boon or a bust, depending upon methods and time of application. Just as irrigation can be wasteful or beneficial, so can crop spraying or dusting.

It will be to the Texas farmer's advantage to follow an organized method of crop treatment for the best insect control. The best plan will be to contact your county agent and study the seven-step program as set up by the Texas Extension Service.

Much effectiveness of spraying or dusting is nullified by poor timing. Treatment on a "guess basis" often catches harmful insects in the pupa stage when insecticides and pesticides have little or no effect. It may also do away with some of the useful type insects.

The seven-step program varies over the state but each area of Texas has a definite plan set up according to local climatic and insect conditions. This type of spraying assures the farmer of getting the most benefit out of money spent for insect control.

Although most insect infestations are expected to be approximately "normal" this year, one pest stands out as a threat in near plague proportions—the grasshopper. This spring the state and federal governments are carrying out an all-out fight against hoppers on range lands of the Panhandle and West Texas. But cultivated land is the farmer's own battlefield. Quick control of this pest can save many thousands of dollars in crops this year.

A word of caution about chemical preparations! Although the chemical industry has taken every precaution to make them safe as possible, some of them can be harmful if misused.

Read and study the manufacturers' recommended measures of use. They are printed on every container—and are meant to be followed.

**Social Security Card Needed On Most Jobs**

Now is the time for Garza County high school students and others to get their social security cards if they plan to work during the vacation period, according to the district manager of the Lubbock social security office.

The district manager said there are few jobs which do not require a social security card.

He also suggested that any prospective vacation worker who has lost his card should also file at once for a duplicate card from the Lubbock social security office.

Application forms for cards are stocked at all post offices.

Women who have changed their name by marriage should also apply at once for a replacement card with their new name on it, he added.

The district manager pointed out that individuals should be careful of their social security cards and be sure to show the card to their employers when taking new jobs. They will then be sure their records are correct in the accounting operations of the Social Security Administration. That record can be checked by asking the Lubbock office for the post card form prepared for that purpose.

**ARE IN THE READY-BUILT HOMES BUSINESS, TOO!**

In some particular cases... READY-BUILT HOMES are the most economical investment for local home-buyers. They usually run cheaper than houses that are built from the foundation up.

That is the reason FORREST LUMBER COMPANY has gone into the READY-BUILT HOMES business on a large scale. It is now possible for you to purchase a home, built to your specification, or select one from our large assortment of conservative plans, have it built in Lubbock by our reliable firm and move it to Post to be completed, as are all other ready-built houses.

We are prepared to give you estimates on construction of any type house. Our obligation, build it for you and move it to Post and place it on its foundation. We can also assist you in finishing interior, or will be pleased to contract work with you.

**NOTICE OF BOARD OF EQUALIZATION MEETING CITY OF POST, TEXAS**

In obedience to an order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the City of Post, Garza County, Texas, at 10:00 o'clock A. M., beginning the 29th day of June, 1956, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the said City of Post, Texas, until such values have finally been determined, for taxable purposes, for the year 1956, and any and all persons interested or having business with said Board are hereby notified to be present.

**BY ORDER OF THE BOARD OF EQUALIZATION OF THE CITY OF POST, GARZA COUNTY, TEXAS,** at Post, Texas, this 4th day of June, A. D., 1956.

**KATE LOWRIE,**  
 Secretary, City of Post, Texas

**Railway Man Is To Be Club Speaker**

W. A. J. Carter, superintendent of the Slaton division of the Panhandle & Santa Fe Railway, will be principal speaker at next Tuesday's Rotary Club luncheon, the program chairman has announced.

The Rev. J. R. Brincefield, pastor of the Assembly of God Church, was speaker at this week's luncheon, discussing the history, development and doctrines of his church. The talk was one of a series being made to Rotarians by ministers of the city.

At the June 26 meeting, reports on the closing club year will be made by President Carl Cederholm and Secretary Harold Lucas. Installation of new officers and directors will take place at the July 3 meeting. Dr. Harry A. Tubbs is to be installed as president and Irby G. Metcalf Jr. as secretary.

The Church of Christ Vacation Bible School closed Saturday and the group enjoyed a picnic at the city park.

W. S. C. S. met Monday at 9:30 a. m., in the home of Mrs. J. E. Parker. Mrs. Gordon Hamilton, program leader, was assisted by Mrs. Noah Stone, Mrs. T. L. Jones, Mrs. Ellis Mills and Mrs. F. E. Shannon. The topic of study was "Missionary Work in Brazil." Those present were Mesdames Stone, Mills, Jones, J. R. Durrett, Shannon, Hamilton, Jess Rogers, W. L. Porterfield, T. R. Greenfield, R. H. Collier, Ted Hibbs and the hostess.

The Vacation Bible School at the First Baptist Church closed with a commencement program last evening. There were 168 enrolled in the school, with an average attendance of 148. The Rev. Roy Shahan, pastor, said that in his 28 years as a minister, he considered this attendance the most consistent of any school that he had worked in.

Workers were Rev. Shahan, principal; Miss Louella Eades, assistant; Mrs. Wayne Pennington, secretary; Mrs. Ray N. Smith, pianist; Nursery Department—Mrs. Glenn Norman, superintendent, Mrs. Dee Hodges, Mrs. A. H. Ringhoffer and Mrs. Walter Johnson; Beginner—Mrs. T. F. Davis, superintendent, Mrs. Stanley Butler, Mrs. Odean Cummings, Mrs. C. F. Bassett, Mrs. Joe DeArmon, Mrs. Arnold Parrish and Frankie Howell.

Primary—Mrs. Guy Floyd, superintendent; Mrs. Bill Humphrey, Mrs. Ed Neff, Mrs. E. E. Pierce, Mrs. Robert Bocell, Mrs. B. W. Kennedy, Mrs. Joe Duren and Mrs. Ben Howell; Junior I—Mrs. Howard Maddera, superintendent, Mrs. Herman Raphael, Mrs. R. H. Tate, Mrs. Bob Baker, Mrs. William Robinson and Peggy Butler. Junior 2—Mrs. L. G. Thuet, Jr., superintendent, Mrs. Shahan, Mrs. Richard Vardiman, Mrs. Doyal Spinks, Mrs. E. S. Stewart and Mrs. Dowe Mayfield, Jr.; Nursery 1 and 2—Mrs. Henry Bilberry, Mrs. Charles Baker and Mrs. Harold Lucas; refreshment committee—Mrs. Winnie Henderson, Mrs. L. P. Baker and Mrs. L. W. Dalby, boy's handwork—Bobby Dunlap and Ray N. Smith.

Calvary Baptist W. M. U. met Monday evening in the home of Mrs. M. C. Hodges for Bible study. Mrs. W. C. Kiker taught the lesson on "The Great Commission." Refreshments of ice cream and cake were served to 11 members.

A sectional fellowship meeting will be held at the Assembly of God Church today. Services began at 3 p. m., followed by an evening service at 7:30 o'clock. The sectional Presbytery and Church Assembly President will have charge of the services. The public is invited.

Calvary Baptist Vacation Bible School commencement was held Friday night at the church. There were 131 enrolled in the school with an average of 104 attending.

The zinnia is the state flower of Indiana.

**Phone No. 1**

All of you guys and gals that will be entering junior high this fall don't forget about the Youth Center. It will open June 20 and you are especially invited.

With school not out a month yet, two of the girls have already gotten married. Audry Sparlin and Sammy Long were married last Saturday and Jackie Sue Mason and Jimmy Hutton were married Saturday morning in Lubbock.

Linda Lusby, who is spending the summer in Lubbock, visited Thursday afternoon with friends and relatives.

Anne Porterfield is sporting a new hair style. It's cut real short and is very becoming to her.

Bob and Horace Smith spent last week visiting friends and relatives in Brownwood, Rotan and Jayton. Couples seen together lately at the Tower, swimming and just around in general include: Leon Miller and JoAnn Moreman, James Capps and Joyce Josey, Billy Jones and Anne Porterfield, Don Beard and Marca Dean Holland, Larry Waldrip and Linda Moreland, Robert Shedd and Peggy Butler.

**HERE'S PROOF**  
dieldrin treatment kills thrips and fleahoppers... pays off in higher cotton yields

Photograph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times (2.84 times) as many blooms in a three-week period after treatment as did the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good early start... you get better quality cotton and earlier harvest... less chance of heavy loss due to early frost.

Diieldrin provides long-lasting protection. Days after application diieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual diieldrin per acre—does the job. Diieldrin dusts are smooth-textured, free-flowing. In a spray, diieldrin forms top creaming emulsions... eliminates nozzle clogging.

Profit from this conclusive test. Use diieldrin early this year. Your insecticide dealer has diieldrin formulations and information on latest methods of application best suited for your use. Don't delay—get diieldrin now!

**Editorial Comment...**

**Rude Awakening**  
Being obliged to chop morning-glory vines out of a cotton patch one rainy year caused me to lose forever a very tender sentiment I had previously held for the flower. One pleasant aspect of the work on dew-drenched mornings, however, was the subtle perfume which provided a marked impetus to my youthful dreams—"Trail Dust" in Matador Tribune.

**Only Out-Of Staters**  
Every once in a while it is again impressed upon us that the most appreciative readers of a weekly newspaper are those who live at a distance from their home community. Here is a letter we just received:

"With the last issue came a very nostalgic experience. For when I tore off the wrapper, out poured a handful of good old Gaines County sand! That's getting my money's worth..."

Our distant subscriber is Mrs. M. A. Berlinrut of Newark, N. J. As a special note to Mrs. Berlinrut, we want to inform her that sand is furnished only to out-of-state subscribers of the Gaines County News. Our local customers get their sand by special delivery every day or two, whether they subscribe to the paper or not—"For Your Information" in Gaines County News.

**Just So It's Over**  
This is the season of the year when the learned gentry bring up the old question as to whether a student graduates or is graduated. As far as the students go, they don't care, just so it is over—"Sights, Sounds And Signs" in The Stamford American.

**No Cause For Howl**  
Texas, which stands in the bottom fourth of the states in important services to its citizens, gets more of the funds it does spend on them from the federal government than do states with a far better record of social generosity. We take federal hand-outs with impunity in every category in which they are available to us. Politicians like Shivers and Daniels should stop blaming the federal government for the social stinginess of the very state government of which they have been

**Plans Progress For Lynn County Event**

There will be a number of Garza County residents mingling in the crowd at the annual Lynn County Pioneer Reunion Saturday, June 23, for which plans are being completed.

Registration will begin at 9 a. m., according to Clint Walker, president of the reunion group. Lunch will be served at noon in the school cafeteria and the program will follow at 1:30 p. m. in the auditorium.

This year's reunion activities will include a style show of old-time clothes, a "Queen for a Day" event and an old fiddlers contest.

**the shepherds.—The Texas Observer.**

**A Close Second**  
I always thought that being on the school board was the worst possible office anyone could hold. However, I am beginning to wonder if being on the City Zoning Commission isn't worse. These fellows get no salary, except in cutting remarks and gripes. They seem to be doing their dead level best—but they always wind up making someone unhappy. Anyway, it would be a close second to the school board job—"Hereford Bull" in The Hereford Brand.

**Taking Delinix Shape**  
Our four-city lake project is moving into definite shape as the petitions to the State Board of Water Engineers have been filed requesting a water district.

We feel that the project now is very dependent on the action of the Brazos River Authority. We are told that this board will possibly finance the topographical maps which will soon be needed. If the four cities have to shell out over \$1,000 each for these maps the whole project might bog down. However, if the BRA will foot this bill, only the voters themselves will decide on its future fate—"Whoa, Now," in The Texas Spur.

**Wasted Effort**  
Our story of the week comes from Frank Willmann. He tells about the political candidate who wanted a farmer's vote so bad he went out and chopped an entire row of cotton. When the candidate and the farmer got to the end of the row, the candidate mopped his perspiring brow, and the Brazos River Authority. We asked the farmer for his vote. The farmer said, "I can't vote for you. You see, my farm is just across the county line." Needless to say, the candidate dropped the cotton hoe and walked sadly away.—The LaGrange Journal.

**Semi-Wildcat And Wildcat Staked**

An exploratory operation and a long stoupe to established production have been slated for Garza County.

Advance Exploration Co. of Dallas accounted for the wildcat, a projected 4,000-foot effort, with the staking of its No. 1 Hattie Stallings.

Spotting 330 feet out of the north and west lines of Section 1201 in the TTRR Survey, venture is six miles north of Post and four miles north of production in the Garza-Glorieta field.

One and three-eighths miles south of the Post field, Advance Exploration has also set stake for a 3,000-foot semi-wildcat.

Designated the No. 2-B F. N. McCrary, the stoupe will be dug 660 feet from south and east lines of the southwest quarter of Section 6, Block 3, GH7H Survey.

Mr. and Mrs. Danny Redman and Jackie Redman of Lubbock were weekend guests of friends and relatives.

**AT DISTRICT COURTROOM AT 1 O'CLOCK**

**Social Security Representative Will Be In Post Friday, June 22**

A representative of the Lubbock social security office will be at the district courtroom in Post at 1 p. m. Friday, June 22, at which time he will be glad to assist in all matters pertaining to social security.

It is good business to check your social security account at least every three or four years, John G. Hutton, manager of the Lubbock social security district office, reminds all persons covered by the social security law. By checking your account, you can be sure that all your earnings that count toward old-age and survivors insurance were reported and credited correctly. If you find that all wages or self-employment income that can be reported and credited, you should then notify the local social security office and the necessary action will be taken to correct

**Area's First Indoor Rodeo Is Scheduled**

Many Garza countians will get their first opportunity to see an indoor rodeo June 20 to 23 when the annual ABC Boys Club Rodeo is staged in Lubbock's new Municipal Coliseum.

"There's just no comparison between an outdoor rodeo and an indoor one," said G. H. Nelson of the general rodeo committee. "Inside, you can hear the leather slap, you're close to the action and you can see everything that goes on."

Daily performances beginning at 8 p. m. will be given in the new coliseum.

The rodeo events will include bareback bronc riding, calf roping, wild brahma bull riding, steer wrestling and saddle bronc riding. In addition, a cutting horse exhibition and several other features are being arranged.

A/3C James Capps, who is stationed in Amarillo, spent the weekend with his parents, Mr. and Mrs. Paul Capps. John Sutter, who is also in the Air Force, accompanied him.

Mr. and Mrs. Don Cochran and son left Sunday for Chicago for a visit with his brother.

Don Gates, a former Post and a student at Texas Tech, is in town Sunday visiting friends.

## REFUGE and STRENGTH

Into the House of God they have come for spiritual strength and comfort. The care or sorrow or need which brought them here is not important. It is important that the experiences of a lifetime have taught them that God is their refuge and their strength.

The beauty of faith shines in their faces, and from this devout worship they will go forth stronger in spirit.

But faith is not the exclusive possession of age. From childhood to the grave, man may find hope and comfort and peace in God. For faith banishes fear, overcomes difficulties and imparts new life.

In these troubled days, men need religion more than ever before. In the presence of vast powers hitherto unknown, we may feel frustrated and helpless. Human problems lie heavy upon our spirits. But God is a Rock of Refuge and Pillar of Strength to those who trust Him. Come to the House of the Lord.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Parents Asked To Apply Now For Birth Records Of First-Year School Children

Officials of schools in Garza County this week joined the State Department of Health in asking all parents of children who will enter public schools for the first time in September to make requests "now" for copies of the children's birth records.

Most schools require a birth certificate to prove the child was six years old on Sept. 1.

"Making early requests for birth records will save parents and us time and trouble," said State Registrar W. D. Carroll.

Carroll, director of the health department's Division of Vital Statistics, says several hundred parents have already requested and received certified copies of birth records for their children.

But tens of thousands of requests from other parents will have to be processed between now and the beginning of the new school term. If too many people delay until August—as they usually do—Carroll and his limited staff will again have to put in hours of night and weekend work without overtime pay.

"The overtime work isn't important," Carroll said. "But it is important when a youngster can't enter school for lack of a birth record."

Birth records keepers shudder when they think of the estimated 260,000 kids who will be eligible to enter the first grade this fall.

Many of them have copies of birth records and will create no problem. Others live in areas where school officials do not require proof of age before admitting the child to the hallowed halls of learning.

But the majority do not have certified proof of age, despite the fact that they live in areas where school officials insist on such proof. This is the category that gives health department statisticians and clerks sleepless nights.

Last year the department processed more than 60,000 requests during the months of August, September, and October.

"This year we're trying to avoid the fall bottleneck," Carroll said. "We're ready to give immediate service to applications coming in between now and mid-July."

All parents have to do is furnish the child's name and date and place of birth, the mother's maiden name and the name of the father. That information, plus the statutory fee of fifty cents, will buy anyone a copy of their birth certificate—provided the original certificate is on file.

It's a good bet the original will be on hand. Carroll's office keeps track of some ten million birth and death records, some dating back to 1903.

"There's just one more thing: if you don't care to write to the State Department of Health in Austin, check with your local registrar or county clerk. Chances are he can supply the record.

In either case, do it soon. Carroll says that fall bind can get mighty tight.

## Band Director

(Continued From Front Page) on the interiors of the elementary and high schools and the lunchroom. He also recommended that two of six large tables in the science department be removed in order to create more space for a lecture room.

The superintendent said that Ballentine's recommendations did not include complete repainting of the elementary and high school interiors this summer, but only a few rooms in each building.

## BITS-OF-NEWS

J. A. Taylor, a former Post resident, is visiting his daughter and family, the Ed Neffs. He retired last week from his job with a mining company in Carlsbad, N. M.

Mr. and Mrs. J. L. Ballentine and Judy were guests of Mr. and Mrs. Jack Ballentine in Abilene Sunday.

Weekend guests in the E. C. Haragan home were Mr. and Mrs. H. T. Moody of Tucumcari, N. M., and Mr. and Mrs. Bill Selby of Midland.

Mr. and Mrs. Charlie Brown spent the weekend in Dallas and attended the Whittington family reunion in Bacheman Park. Mrs. Brown's sister, Mrs. Woodrow Jones, returned home with them for an extended visit.

Visiting in the home of the Rev. and Mrs. Shelby Bishop are his sister and family, the Rev. and Mrs. John Chandler and children of San Jan, N. M.

Weekend guests in the home of Mr. and Mrs. T. J. Pedy were her brother and family, Mr. and Mrs. O. B. Hicks and son of Cleburne. Both families spent Sunday in Seminole with Mr. and Mrs. K. E. Young.

Mrs. Jewel A. Summers of Laguna Beach, Calif., left Tuesday after visiting her brother and family, the Murrie Crowleys.

## Main Street

(Continued From Front Page) paints. Check with HIGGINBOTHAM-BARTLETT CO.

FABULOUS FABRIC SCOOP is one of the DUNLAP BARGAIN BEE specials you will find going on at this fine store during this June bargain days. Check a group of bargain bee specials in this firm's ad on page 11 of the POST DISPATCH. You can buy fabrics for 25 cents a yard. This group of fabrics usually sell for 59 to 79 cents a yard. Women's blouses can be bought for as low as one dollar and you can save one dollar on one group of men's shirts. We could go on and on about the bargain bee specials but you will find out for yourself if you check DUNLAP's ad.

Gifts that are TOPS for POP will be found at HERRING's and we are forecasting that pop will give each gift a warm welcome. Among the winning wearables to make dad glad are those shown in HERRING's ad. Be sure and go ad-venturing through Clint's ad for suggestions. We are tempted to pick out a Van Heusen dress shirt for the boss to wear at the Texas Press Convention he will be attending next week in Amarillo. Van Heusen designers really have the "Know-How" on shirts for men and the price is perfect, too.

We are just now finding out that 1956 is HOME IMPROVEMENT YEAR but Robert Cox of COX LUMBER COMPANY has been plugging it for weeks and weeks. Many ways in which to improve your home are suggested by Robert such as: Make needed repairs; Modernize your kitchen; Paint your home, inside and out; Add a bedroom; Recover your floors; or Modernize your bathroom. COX LUMBER CO. will help you with all necessary arrangements for easy Time-Payment Financing.

The natural look is the Merle Norman look, according to Lois Holland who is the Merle Norman representative with studio at UNIQUE BEAUTY SHOP. The cosmetic representative will welcome you as her guest so go right down to her studio today and take advantage of the cost-free counsel and complimentary treatment.

All you femmes will be happy to know that PET-RITZ pies are again available at PIGGLY WIGGLY store. The PET-RITZ is the pie with butter in the crust and butter in the fruit. In fact, they are just the very best commercial pie you will ever find in your frozen food counter. We especially liked the APPLE PET-RITZ that Paul Jones gave us this week.

## MRS. WILL TEAFF OF CLOSE CITY WRITES Gomer Custer Family Of California To Arrive Here This Week For Visit

Vacation Bible School commencement was held Friday night. It was reported that an average of 31 students attended the school.

Dian Foster of Snyder was a guest of her grandparents, the A. O. Rosenbaums, last week.

Mr. and Mrs. Will Teaff, Roy and Auda Vee, Ernie Popham and Mr. and Mrs. Howard Teaff and Howard Lee met Mr. and Mrs. Harvey Stotts and boys and T-Sgt. and Mrs. N. B. Teaff and son at Mackenzie Park in Lubbock for a picnic Sunday.

Mrs. A. M. Smith returned home Monday from Garza Memorial Hospital, where she underwent surgery last week.

Mr. and Mrs. Bon Longshore have had as their guests their grandson and granddaughter from Verbeno.

Mr. and Mrs. Gomer Custer and sons of California are expected to arrive this week for a visit in the W. H. Childs and G. C. Custer homes.

Mr. and Mrs. Darwin Sanders of Lubbock attended the Vacation Bible School commencement here Friday night.

Mr. and Mrs. Pete Smith and family of Lordsburg, N. M. are visiting in the A. M. Smith home. R. B. Wilson visited his sister,

Bera, in the Roby hospital Sunday.

The Rev. and Mrs. Sparks of Silver were Friday dinner guests in the Will Teaff home.

**YOUTH CENTER SCHEDULE**  
Wednesday, June 30, has been set as the date for the opening of the Garza County Youth Center for the junior age group. All students who will enter Jr. High in the fall are especially invited. Membership cards for the summer may be purchased at that time for \$1.00 each. The center will not be open on any schedule for the senior age group, but at any time 10 or more want it open, they can contact Dr. B. E. Young. Admission price is 25 cents per person.

**90th BIRTHDAY**  
Mrs. Mollie Saunders of Slaton, mother of Mrs. C. E. Spence, celebrated her 90th birthday at home Friday. Most of her five daughters, two sons, 31 grandchildren and 41 great-grandchildren were present for a family reunion. The longtime Slaton resident is not in good health, but is known for her pleasantness and vitality.

The mascot of Yale University is a bulldog.

## AN EIGHT POINT PROGRAM OF LAW ENFORCEMENT

Elect ODEAN CUMMINGS Sheriff

1. Establish and administer a Juvenile Policy of fairness and firmness;
2. Establish and maintain Round the Clock police protection with an officer available at a given place when he is needed;
3. Enforcement of our traffic laws, fairly and impartially, with particular emphasis on eliminating the following:
  - a. Reckless Driving
  - b. Speeding
  - c. Ignoring speed and school zones
  - d. Open mufflers
  - e. Littering our streets with refuse
4. Protection of property, both business and residential, in Post and the entire county;
5. Supervision of school zones while school is in progress and particularly during play and recreation periods;
6. Cooperation with Texas Highway Patrol to the fullest degree, encourage, by the work of our local officers, their coming to our County to help with transient traffic;
7. Work toward welding the three separate law enforcement agencies in Garza County, into one well coordinated police force at the same or less cost;
8. A policy based on the principle that the Sheriff's Office is responsible for investigation, suppression and elimination of crime with an awareness that punishment for crime or the withholding of same is a function of Grand Juries, Judges, and Petit Juries.

### 3-d. OPEN MUFFLERS

Existing state law prohibits the use of any device which opens automobile mufflers. These devices include so called "smittys," straight exhausts, "cutouts," etc. The use of such an attachment on an automobile is punishable by fine in violation of state traffic laws, just as the speed limit set by the state, carries a fine for violators.

Aside from creating a disturbance, especially in hospital zones, school zones, and residential parts of town; a loud exhaust gives the driver a false feeling of engine power which encourages speeding, jackrabbit starts, and drag-racing.

If I am elected sheriff of Garza County, it will be my intention to discourage the use of any such device with the authority of law enforcement officers.

### 3-e. LITTERING OUR STREETS WITH REFUSE

The City of Post maintains a dump ground south of the city for the purpose of disposing of garbage, trash, and refuse. This is the proper place for the disposal of whiskey and beer bottles, and other refuse, instead of the yards of property owners, or the steps and sidewalks of churches and homes. Such disregard for church and private property will be strictly punished by the sheriff's office if I am elected.

Elect Odean Cummings Sheriff Of Garza County, Texas  
A Man With A Positive Program for Law Enforcement.

Point four of the above program will be discussed next week.

# Dodgers In First Place After 3 Victory Over Yankees

The Yankees took an early lead Tuesday afternoon to first place in Post's Little League season, but the Dodgers came back strong in their half of the third for four runs and added three more in the fourth. The big blow in the third inning was Bobby Beard's three-run over-the-fence homer, his second of the season.

The Dodgers got nine hits off Yankee hurler Leslie Acker, while the Yanks were collecting only four off the combined offerings of Pete Asebedo, John Valdez and Beard.

The Yankees took an early lead Tuesday, scoring two runs in the first inning and one in the third, but the Dodgers came back strong in their half of the third for four runs and added three more in the fourth. # Bees, RAFB Team Play Here Sunday

The Post Wood Bees, who lost to the Petersburg Independents, 5 to 6, Tuesday night at Petersburg, will play the Reese Air Force Base team at 2:30 p. m. Sunday at Miller Park here.

Petersburg came from behind in their half of the eighth inning to gain Tuesday night's victory over the Post team. Felix Wylie, Wood Bee pitcher, didn't allow a hit that inning, but the winners chased across three runs on three errors and a walk.

Wylie gave up only four hits and struck out 10 batters. The Wood Bees got seven hits off winning pitcher Dick Walker.

Wylie, with three singles, led the Post batting attack. Buddy Hays and Alton Taylor got doubles, and Nolan Williams two singles.

# BITS-OF-NEWS

Tuesday guests of A. B. Thomas were his daughters, Mrs. C. W. Hoskins, Mr. Hoskins and Kay of Lamesa, Mrs. Nora Willingham, Mrs. Burnard Roberts and Mrs. Birdie Mae Hood.

Butch Bowen is spending the week in Hobbs, N. M. with his sister, Mrs. John Sutton, and family. His mother, Mrs. J. Lee Bowen, plans to go to Hobbs for the week-end to be there for her daughter's birthday and Butch will return home with her Sunday.

Mr. and Mrs. E. A. Warren, Mrs. Eva Bailey and Mrs. Ella West spent Sunday afternoon in Colorado City with the Dale Warren family.

Charles Hipp of Graham visited his nephew, C. R. Wilson, Saturday. He was en route to Lubbock to visit a daughter.

Mrs. Earl Elkins was in Dallas on business last Wednesday. Mr. and Mrs. L. E. Webb returned from Fort Worth with her.

Tigers	0	3	.000

# Yanks Beat Red Sox, Dodgers Whip Tigers In Last Thursday's Games

In games last Thursday afternoon at Little League Park, the Dodgers won over the Red Sox, 7 to 3, and the Yankees defeated the Tigers, 9 to 6.

The First National Bank's Dodgers scored three runs in each of the second and third innings and added a single tally in the fourth frame for their margin of victory. They collected 12 hits off Ruben Valdez, Red Sox hurler. John Valdez, pitching for the Dodgers, gave up only seven hits.

Big guns in the Dodger batting attack were Bobby Beard and Filiberto Collazo, with three hits each. John Valdez and Sylvester Collazo came up with two base blows each, and the other two hits were garnered by John Guthrie and Pete Asebedo.

The Red Sox, sponsored by Brown Bros., scored two runs in the third inning and one in the fourth. Ruben Valdez and Tommy Bouchier each had two hits, and one hit each was collected by John Sepeda, Jack Jones and David Nichols.

The Yankees chased across all five of their runs in the first three innings in their win over the Tigers. Three were scored in the first.

# Post's Two Jimmys, Bird And Moore Are Winners In Rodeo

Jimmy Bird of Post was first in second go-round averages of the yearling tiedown contest of the 13th annual Stephens County Amateur Rodeo, which was concluded Saturday night.

Jimmy Moore, also of Post, was named champion in the bull riding contest, and second in saddle bronc riding.

Bird's average in the yearling tiedown was 33.2 seconds. He also finished first in Saturday night's calf roping with a time of 10.2 seconds.

In the girls barrel race, Becky Sumerlin of Roby and Mildred Farris of Iowa Park, tied for first place in the concluding night's show. Each had a time of 19.5 seconds. Sherry Price of Addington, Okla., was third in 20 seconds, and Pat McDaniel of Abilene, fourth in 20.2 seconds. Rusty Welch of Jayton finished fourth in saddle bronc riding.

four in the second and two in the third. The losers scored two runs in the first inning, one in the second and three in the fifth.

Leslie Acker was the winning pitcher and Neal Francis the loser.

The Tigers got four hits off Acker and the Yanks five off Francis.

John Villa and Smith each got two hits for the winners, with Charles O'Neal accounting for the other safety. Francis collected two of the Tigers' hits, while the other two were credited to Lee Williams and Mike Cornell.

### Lamesa Rodeo Set For June Dates

LAMESA (Sp.)—Lamesa's all-amateur rodeo will be held June 24, 29 and 30 at the Lamesa Rodeo Arena in Forrest Park. Goat Mayo of Petrolia is producer of the show.

Two parades through downtown Lamesa, at 8:30 p. m. on the opening day of the rodeo and the second day as well, will feature visiting sheriff's posses and other riding groups. The grand entry is scheduled for 8 o'clock all three nights.

More than 200 contestants are expected to enter the rodeo events, which include bareback bronc riding, calf roping, cowgirl sponsor

### BITS-OF-NEWS

Mr. and Mrs. O. E. Montgomery and Johnny left Saturday for Mineral Wells, where they will spend a few days visiting Mr. and Mrs. J. W. Putman and other relatives.

Mrs. J. M. Baylis is spending a few days with Mr. and Mrs. Joe Gibson and baby in Big Spring.

Dickey Beggs, a May graduate of Post High School, is spending the summer in Snyder, where he is employed by Lion Oil Company.

contest, saddle bronc riding, open cutting horse contest, double mugging, kid's hat race and membership roping.

The Lamesa Rodeo Association is sponsoring the show.

### \$425,000 In Prizes To Be Awarded In Mercury's Eight-Week Contest

A \$425,000 contest which offers 80 new Mercury Phaetons, 200 television sets and 2,400 other prizes is announced by Joseph E. Bayne, general sales manager of the Mercury Division. A separate contest will be held each week for eight weeks beginning June 11 and ending Aug. 4, Bayne said.

More than 3,000 Mercury dealers throughout the nation are co-operating in launching the contest. Official entry forms may be obtained here at Storie Motor Company, 112 North Broadway.

Special provision is made for a cash bonus of \$10,000 to each of the top ten weekly winners who bought a new Mercury during the contest period.

Prizes are the same for each of the eight weeks. In addition to a 1956 Mercury Montclair Phaeton, first prize winners receive an all-expense trip to New York City for two and will be special guests at the Ed Sullivan television show. The second to 10th prize winners each week receive Mercury Monterey Phaetons. All these cars include Merc-O-Matic Drive, radio and heater, flo-tone paint, white sidewall tires, directional indicators and windshield washer. All Federal excise taxes, state and local sales taxes will be paid.

A General Electric television set with 14-inch screen will be awarded each week to each of the next 25 winners. And the next 300 weekly winners will receive an Elgin American cigaret lighter autographed by Ed Sullivan and bearing the winner's initials.

A special award of \$10,000 cash in lieu of a new Mercury Phaeton will be given as a special award to any winner of one of the top ten prizes in any of the eight weekly contests who purchased a new 1956 Mercury from an authorized dealer after June 10 but not later than

August 4, provided the purchase is made prior to being advised he or she is a winner.

Another special award of \$2,000 cash in addition to a new Mercury Phaeton will be made to any winner of one of the top ten prizes in any of the eight weekly contests who purchased any used car from an authorized Mercury dealer after June 10 but not later than August 4, provided the purchase is made prior to being advised he or she is a winner.

Contestants will be required to complete the fourth line a rhyme which praises the power and style of the Mercury Phaeton four-door hardtop sedans.

Contestants must be 18 years of age or older.

### BITS-OF-NEWS

Thursday evening dinner guests of Mrs. W. R. Graeber were Mr. and Mrs. Johnny Freeman of Vernon, Mr. and Mrs. Glendon F. Presson and Melinda Sue of Winters, Mrs. Nellie K. Babb and Ganell, Mrs. Boo Olson and Jan, Mrs. T. L. Jones and Miss Effie Presson.

Mrs. Ronald Joe Babb, accompanied by her mother, Mrs. Al Norris, and mother-in-law, Mrs. Fred Babb, left Friday morning for Fort Benning, Ga. to join her husband, who is stationed there. Mrs. Norris and Mrs. Babb returned home this week.

Lynn Jacobson of Fort Worth is a guest of the O. L. Weakleys. She was accompanied to Post by her parents, Dr. and Mrs. Bruce Jacobson, who spent the weekend.

Mrs. J. W. Beggs, Walter Didway and Dickey Beggs spent Wednesday in Snyder.

Why just hope you're getting the best truck buy?

Your best buy is DODGE . . . and we can prove it!

#### FROM PICK-UPS

#### AND PANELS...

#### TO BIG BRUISERS...

DODGE LEADS IN VALUE

When you go to buy a new truck, you owe it to yourself to stop . . . look . . . and think—to think about this, among other things:

How can you possibly know you're getting the best value if you sign up for a new truck without first taking time to stop and look at today's big, husky-muscled DODGE? The answer, obviously, is you can't be sure; you're just hoping you're getting the best buy!

Wouldn't you be wiser to get at least a few facts about DODGE? For instance, such easily proved facts as these—that Dodge trucks give you:

1. Greater gas economy. Dodge's exclusive Chrysler-engineered Power-Dome V-8 engines deliver more miles per gallon, full power on regular gas!
2. Maximum payloads. Dodge trucks are built extra rugged—will haul up to 35% more.
3. Lower upkeep costs. Dodge short-stroke V-8 engines maintain like-new performance far longer than truck engines of standard design.
4. Shortest turning. Dodge sharp turning angle and shorter wheelbase design make parking and wheeling through traffic much easier, save you both time and effort.
5. Rock-bottom prices. Today, many Dodge models cost less than any other make!

Dodge gives you more in other ways, too. So, before you buy, why not get the full Dodge story? Unless you do, we honestly believe you'll end up paying more and getting less.

**Break the Small Car Habit!**

Step up into one of America's biggest cars—for less than you ever thought you could!  
The surprising fact: Pontiac, with its road-leveling 122-124 inches of wheelbase, is one of the very biggest cars on the road today... yet you can own one for less than you'd pay for 43 models of the three small cars. This time, go big time!

THE CAR SAYS GO AND THE PRICE WON'T STOP YOU!

**Sensible Rein On Speed Will Help In Safety Campaign**

"Hold your horses!" Sheriff Carl Rains today used this time-honored admonition to urge motorists to keep a sensible rein on their speed. His plea for driver restraint was part of the speed control program which the Texas Safety Association, the Department of Public Safety and the National Safety Council are now conducting in cooperation with the "Slow Down and Live" program of the National Conference of State Safety Coordinators.

"Undisciplined highway speed leads to disaster," the sheriff said. "Such uncontrolled speed played a big part in last year's more than 38,000 traffic deaths."

He explained that the high speed potential of the modern car is there for a purpose—to be kept in reserve for special needs, such as passing.

"The trouble comes when the driver unleashes this speed at the wrong time," he said.

He further advised drivers to cut their speed whenever weather, road conditions, or visibility are poor and also when driving through shopping districts or residential areas.

"And don't relax your control when you're on the open road," he warned. "High speed on long, monotonous stretches of road often tends to produce a somewhat hypnotic effect."

He said that the combination of monotony and speed is a factor in many rear-end collisions, and also figures prominently in accidents in which vehicles roll over or skid off the road.

"Control that urge to cut loose," Sheriff Rains said. "You'll live longer and you'll get there in good time."

**FIRST INSECT SURVEY REPORT ISSUED**

**Thrip Infestations Reported Heavy In Cotton Fields Over South Plains**

Rainfall has been spotted, with only showers in parts of Bailey, Cochran, Hockley, Lamb and Lynn counties in other scattered areas, according to the season's first Cotton Insect Survey, issued by the Extension Service.

Other areas have had heavy to moderate precipitation. Such rainfall has affected the progress of cotton and the abundance of some early season pests such as aphids, thrips and spider mites.

Thrips have recently appeared in many fields throughout the area, including Garza County. While heavy rains have tended to materially reduce infestations, the constant heavy movement of the insects into cotton fields has often resulted in rapid increases in infestations following such reductions by the rains.

Many fields have thrip infestations which indicate a need for control. In such cases treatment should be started at once. Thorough coverage of the plant with the insecticide is very necessary and treatment should be timed at no more than seven-day intervals. Where the insects are migrating into the fields, it may be necessary to reduce the time between applications to five or six days. Three insecticide applications will likely reach over into early fruiting of cotton so it will control any early fleahopper infestations. A careful and frequent check should be made in order to secure good control of both pests.

Spider mites have appeared in scattered infestations on cotton near weeds or some legumes. Such infestations are more prevalent in areas where rainfall has been light. Light fleahopper infestations have been observed on scattered early planted cotton. As cotton reaches early squaring, fields should be checked and control effected as numbers reach damaging proportions.

The 1956 Cotton Insect Control Guide gives information on the proper insecticide and its application for the control of all our cotton insects. These guides are available at County Agent's offices, ginners, insecticide dealers, and other places.

**Firemen Answer Two Alarms; No Damage**

Firemen were called to the Ice Service Station, 604 North Broadway, Friday night when a neon light transformer on the roof of the building caught fire. Very little damage resulted, according to Fire Chief Robert Cato.

The only other fire alarm last week came when grass caught from a trash fire at the rear of the Colonial Apartments, 117 North Avenue N. No damage was reported.

**AMATEUR POLICE WORK**  
FREDERICKSBURG, Va. — A man who said he thought the police would be interested turned in an item at the lost and found desk at police headquarters. Patrolman Donald Balderson was interested. The item was his badge—No. 22—lost a few days earlier.

**Post Firemen Register For State Convention**

Four members of the Post Volunteer Fire Department registered Monday for the annual convention of the Texas Firemen's and Fire Marshals' Association being held in Edinburg.

Those representing the local fire department at the three-day convention are Fire Marshal Ralph

MRS. DILLARD THOMPSON OF GRAHAM WRITES

### Ramages Go To Snyder Saturday For Funeral Services For His Nephew

Mr. and Mrs. W. O. Fluit were in Morton during the weekend, where they visited in the Marion Matthews and Morris McClellan homes.

The Rev. and Mrs. D. G. Gossett and children of Blackwell spent Friday night and Saturday in the home of his parents, Mr.

and Mrs. Fred Gossett. Charles Propst of Albuquerque, N. M. was a weekend visitor here with his wife and boys. They and Mr. and Mrs. Morris Huff and Mrs. W. C. Bush were Sunday guests of the Jess Propst.

Mr. and Mrs. W. C. Bush were Sunday visitors in the Thurman Francis home at Garnolia. Others present were Mr. and Mrs. Burney Francis and Neal and Mrs. John Coleman of Post.

Sunday guests in the J. C. Howard home were her brother and family, the James Dunns of Midland.

Mr. and Mrs. Glenn Davis visited Monday evening in the Mack Ledbetter home.

Mr. and Mrs. Elmo Bush attended funeral services for P. E. Adams in Lubbock Sunday.

Mrs. H. W. Dalton of Lampasas was a weekend guest of her daughter, and family, the Alfred Odens. They attended a Hood family reunion at Snyder Sunday.

Mr. and Mrs. D. C. Morris, Sheila and Jerry of Close City visited at Tullia Sunday in the Orvell Morris home. Others present were Mr. and Mrs. Arthur Morris of Plainview and the J. D. Morris family. Orvella and Sharon accompanied the Morris home and the group visited with the Dillard Thompsons Tuesday night and Wednesday.

Mr. and Mrs. Allen Oden, Fred Babb, Mr. and Mrs. Jess Propst and Truett Babb of Slaton were Sunday visitors in the home of Mrs. Nellie K. Babb and Ganell in Post.

Several from here attended the Bible School and gospel meeting at the Post Church of Christ last week.

Mrs. Fred Babb accompanied her daughter-in-law, Barbara, and Mrs. Al Norris of Post to Fort Benning, Ga. over the weekend for a visit with Ronald Joe, who is stationed there.

Mrs. Glenn Hill and son of Big Lake visited her mother and family, the Elvas Davises, and other relatives from Thursday until Saturday.

Mrs. Elmer Cowdrey and Clark visited Tuesday in Lubbock with Mrs. John J. Stokes in Lubbock Methodist Hospital.

Weekend guests of the James Stones were Mr. and Mrs. Jerrel Stone and baby of Lubbock.

Mr. and Mrs. Jess Gregg, Judy, Gail and Brent of Roseville were Saturday evening visitors in the Dillard Thompson and Earl Gregg homes.

Mr. and Mrs. Jimmy Hutton returned Tuesday from their wedding trip to New Mexico.

Mrs. Glenn Davis spent Sunday afternoon with Mrs. Elmer Cowdrey and Mrs. J. N. Gossett.

Mr. and Mrs. George Ramage attended the funeral of his nephew, Don Ramage, in Snyder on Saturday. Others attending the rites at West Side Baptist Church were Mr. and Mrs. Billy Ramage and family and Mr. and Mrs. Arlie Ramage and family. Don was in the Navy and was stationed at Great Lakes, Ill. at the time

**POST VISITOR**—Ben Ramsey, who is serving his third term as lieutenant governor, was in Post Tuesday in the interest of his re-election to the office. He was at Slaton Tuesday morning and from Post went to Tahoka, La-mesa and Seminole. Ramsey, whose home is in San Augustus, served in the House of Representatives, the State Senate and as secretary of state before his election as lieutenant governor in 1950.

MRS. EARL MORRIS OF GORDON WRITES

### Ed Dentons Have Gone To Arizona, California For Three Months Stay

Oliver Carey of Carlisle visited here last week with his cousins, the Roy Williams family.

Mrs. Clyde Haire was hostess to members of the Quilting Club last Wednesday. The group finished a quilt for her. The unit will not meet through the summer months.

Donna and Linda Pharr of Lubbock spent the weekend with an aunt, Mrs. Aubrey McNeely, and family.

Mr. and Mrs. Ed Denton left Tuesday for a three months vacation in Arizona and California, where they will visit their children, the Johnny Johnstons, Roy Dentons and C. Carsons.

Mr. and Mrs. Max Jackson and son and the H. D. Hallmans were in Lubbock last Sunday, where they visited Jackson's father, who is ill. They report that he is improved.

Ronnie Dunn, sub-district MYF vice-president, will be at Ceta Canyon Tuesday through Saturday.

Mr. and Mrs. J. B. Bybee of Lubbock announce the arrival of a son, Royce Dale, on June 2. He weighed seven pounds and six ounces. He has a sister, Mrs. Bybee is the former Miss Lena Mae Samples of Southland.

Mr. and Mrs. Royal Maybry of Hot Springs, N. M. spent the weekend with her brother, William Lester, and family.

Dick Denton was in Plainview Sunday while Mrs. Denton and Lynn visited their mother and grandmother, Mrs. A. B. Pruett, in Slaton.

Mr. and Mrs. M. M. Jenkins of his death.

Sunday guests of the Ray McClellans were Mr. and Mrs. E. A. King of Post and Mrs. Ellephine Lamb and sons of Lubbock.

The McClellans visited in Lubbock Thursday with the Joe Aimon. Sunday visitors in the Bud Mason home were Mr. and Mrs. Raymond Thane and Mr. and Mrs. Gene Masso and family of Post and Mrs. J. F. Mason.

19 SHORT COURSES ARE BEING OFFERED

### Garza County 4-H Delegates, Agents Attending Roundup At Texas A&M

Four Garza County 4-H Club members and Extension Service agents Lewis C. Herron and Miss Jessie Pearce boarded a chartered bus here Tuesday morning en route to College Station to attend the 1956 Texas 4-H Roundup.

This county's four delegates to the convention are Patricia Wheatley, Jessie Carolyn Ward, John T. Brown and Lonnie Gene Peel.

Dates for the Roundup are Tuesday through Thursday. The South Plains will have a representation of approximately 120 club members at the event.

The youths will have a choice of 19 short courses offering training in subject-matter fields this year.

State 4-H Club officials have announced that the theme of this year's Roundup is "Improving Family and Community Living."

The three-fold purpose of the Roundup is: 1. To provide leadership and subject-matter training. 2. To acquaint delegates with the facilities of Texas A&M College, and 3. To further develop pride in 4-H Club work.

Delegates to the Roundup are selected for their achievements in 4-H Club work. Short courses will be held in agricultural engineering, agronomy, animal husbandry, clothing, community improvement, dairy husbandry, entomology, exploring the role of the 4-H citizen, family life, farm and home development, foods and nutrition, home management, homestead improvement, horticulture, poultry, range management, recreation and the role of a 4-H leader.

Club members also will vie in 19 contests for state honors, with only district winners eligible to compete. The contests are dairy cattle judging, dairy team demonstration, dairy foods demonstration, electric team demonstration, entomology, field crops, grass judging, livestock judging, public speaking, poultry judging, range judging, rifle, farm and home safety demonstration, share-the-fun festival, shrub identification, soil evaluation, soil, water and range conservation demonstration, tractor operators and vegetable team demonstration.

IN THE SWIM

ALBUQUERQUE, N. M.—Mrs. Oscar Turner, 26, just learning how to drive, backed her car across a vacant lot, through a brick wall and into a swimming pool. She and a passenger, Mrs. Bernice King, had minor injuries. Mrs. Turner's son, Jack, 2, was uninjured.

Visitors in the E. E. Pierce home over the weekend were Mr. and Mrs. Curt Wilcox and Alane of Houston, Lt. Eldon Pierce of Waco, and Mrs. Joe Pierce and children, Beth, Terry and Joe Carol of Lubbock.

**THIS PICTURE . . .**  
... started folks thinking about their fire insurance

Remember: if you had to buy your home furnishings today — you'd pay almost twice as much for them! Have you enough fire insurance to cover these higher values, in case of loss?

WE STAND BETWEEN YOU AND LOSS!

### Post Man's Mother Is Buried Monday

Funeral services for Mrs. Carrie Neal Mince, mother of Marvin Mince of Post, were conducted at 4:30 p. m. Monday at the First Methodist Church in Floydada, with burial in Lakeview Cemetery near there.

Mrs. Mince, who was 83 years old, died Sunday in People's Hospital in Floydada, where she had been treated since Saturday.

Born in Alabama, she moved to Texas in 1896 and to Floyd County in 1914. Her husband operated the Lakeview store and was engaged in farming until his death in 1929.

Besides the son of Post, she is survived by a daughter, Mrs. George W. Sparks of Floydada; a sister, Mrs. Ida Watson of Fruitvale; 11 grandchildren and 14 great-grandchildren.

### Garza County Event 'Plugged' by Announcer

### Post Vicinity Is Well Represented At Plainview's Quarterhorse Show

The Post vicinity was well represented Saturday at the annual Bar None Quarterhorse Show held in Plainview, and some of them saw to it that the show announcer got in a number of "plugs" for the annual Garza County Quarterhorse Show to be held in Post on Aug. 12.

Roger Camp's colt, Sugar Mac, showed by Roger's father, S. E. Camp, won fourth place in the 1955 stud class. Riley Miller of Justiceburg placed sixth with his aged stallion.

Silver O'Mine, owned by Wilson Connell of Polar, placed first in the class for mares foaled in 1953, and his Tom Baker was third in the aged stallion class.

An Albuquerque, N. M., exhibitor showed both the grand and reserve championship mares.

The grand champion stallion was exhibited by Jimmy Randall of Montoya, N. M., and O. G. Hill of Hereford showed the reserve champion stallion.

Davidson's winners were Hickory Ann Hill, grand champion, and Betty Jean C, reserve champion.

Cash prizes were awarded through the first four places and ribbons went to winners through the top six placings.

The show drew a large number of exhibitors, with most of them promising to show their animals at the Post event in August.

Those from Post who attended the Plainview show were Mr. and Mrs. Camp, Floy Richardson and son, Don; George (Scotty) Samson, and Bill Long and son, Don.

Louisiana is divided into parishes instead of counties.

Teacher Relations—Victor Hudman.

Campus Appearance—Ira Farmer.

Building Maintenance and Repairs—J. L. (Jack) Ballentine.

## MORE POWER

...where you need it!

Oldsmobile's Rocket delivers high torque at low RPMs ... plus high horsepower in every driving range!

The famous Rocket delivers its high 340 ft.-lbs. of torque and high, 9.25-to-1 compression horsepower at normal cruising speeds—the kind you use for nearly all of your daily driving. At a safe and moderate highway speed of 50 miles per hour, the Rocket's ready with more than 175 horsepower in reserve for instant action! It's this ready reserve of Rocket power that puts you on the safe side of any situation—gives you a new power control that's every bit as important as

your brakes. But in ordinary cruising the Rocket loafs along using only a fraction of its potential horsepower. That means winning economy—demonstrated by a twin victory in the Mobilgas Economy Run.

### NOW IS THE TIME TO BUY!

You'll find Olds prices start far lower than you've been led to believe. The value of your trade-in is high right now. And what's more, Oldsmobile's exceptional resale value protects your investment. Come in today!

### RAILROAD COMMISSION FILINGS SHOW

## Oil Activities Take Upswing With Five Completions, Two Locations

Two locations and five completions have brought a slight upswing in Garza County oil activities, according to Railroad Commission filings last week.

The new locations are:  
 Dorward—Rex Alworth No. 2-CP Dorward, 330 feet from north and 1,650 feet from east lines of southeast quarter of Section 137, Block 5, H&GN Survey, 40 acres, six miles southeast of Justiceburg; rotary to 2,600 feet. Well number amended from No. 1-F.

East Post—Advance Exploration Co. No. 2-B F. N. McCrary, 660 feet from south and east lines of southwest quarter of Section 60, Block 5, GH&H Survey, 690 acres, 12 miles east of Post; rotary to 3,000 feet.

The completions are:  
 Justiceburg—Cecil Oil Corp. No. 7 Reid, 400 feet from north and 1,320 feet from west lines of Section 117, Block 5, H&GN Survey, at depth of 2,580 feet with pay topped at 2,558 feet. Pumped 221.70 barrels of oil per day plus 20 per cent water. Gravity, 38; gas-oil ratio, nil.

Dorward—Rex M. Alworth No. 1-F Dorward, 330 feet from north and east lines of Section 137, Block 5, H&GN Survey, at depth of 2,504 feet with pay topped at 2,470 feet. Pumped 88 barrels of oil per day plus 25 per cent water. Gravity, 38.9; gas-oil ratio, nil; completed from open hole.

Justiceburg—Cecil Oil Corp. No. 1 Hall, 2,170 feet from south and 1,970 feet from east lines of Section 136, Block 5, H&GN Survey, at depth of 2,535 feet, plugged back to 2,527 feet with pay topped at 2,466 feet and perforations from 2,466-88 feet. Pumped 127.52 barrels of oil per day plus

### Livestock Pests Can Cut Into Production

Meat and milk production can be cut by insect pests which attack livestock during this time of the year, says County Agent Lewis C. Herron. The worst insect offenders are hornflies, spinose ear ticks, and stable flies. Unless controlled, they will rob Texas meat and milk producers of several million dollars, warns Herron.

A good livestock pest control program depends on correct diagnosis and medication.

For complete details on the amount of pesticides to use, the county agent suggests a visit to his office. He will be able to furnish a copy of L-256, Guide for Controlling External Parasites of Livestock and Poultry.

## South Plains Farmers Are Out To Win Cotton Insect Control Battle Again

South Plains farmers are out to win the cotton insect control battle again this year, points out the July issue of The Progressive Farmer magazine.

The article "Cotton Insects. Beware!" tells how farmers in the area have stepped up cotton production through insect control.

W. L. Owens Jr., associate entomologist at the Lubbock Experiment Station, has made a study which shows that control of thrips and fleahoppers increased yields on the High Plains as much as \$108.33 per acre in 1954 and \$50.44 in 1955. Owens believes timing of the application of insecticides is all important.

For the past five years the latest information has been passed along to High Plains farmers through cotton insect control meetings each spring. All interested groups get together and work as a team to put research information to good use.

The 1956 Texas Guide for Controlling Cotton Insects, prepared by the Texas Agricultural Extension Service, tells what poisons to use, against what insects, and in what amounts. These guides are available to any county agent's office.

For the second successive year, area farmers are taking part in a weekly survey of insect population. They report to the district extension office in Lubbock. This information helps keep infestations under control.

### Work Under Way On Annual Tax Report

Mrs. Exa Thomas, chief deputy tax assessor-collector, said Monday that preliminary work is under way on the annual report of the year's tax collections, which is to be finished and submitted in July.

Assessment of taxes for the current year has been completed, Mrs. Thomas said.

Assisting her at the tax office are deputies Mrs. Gladys Pennell, Mrs. Melba Garner and Mrs. Jane Terry.

### CHASE SEQUENCE

NORFOLK, Va. — Mrs. Helen Agnes Hall, a telephone company supervisor, was stopped at a traffic light when a truck bumped her rear fender and didn't stop. She chased it into a dead-end street, blocked it with her car and called police. The truck driver was charged with hit-and-run driving, property damage and no registration card.

### Bits Of News From Here And There

Mr. and Mrs. Lee Reed of Justiceburg were hosts for a dance given in their home Saturday night. Approximately 10 families attended. Music was furnished by a string band from Morton.

J. W. Rogers, Jr. and Fred Tucker spent Sunday in Snyder and at Lake Thomas.

Mr. and Mrs. Tom Henderson were guests of Mr. and Mrs. Charlie McKinney and family in Snyder Sunday.

Mrs. H. J. Dietrich and Miss Frances Dietrich accompanied Mrs. Joe Frank Hopper to her home in Alvarado where they will spend a few days visiting.

## This Year's Oil Progress Week Will Salute Service Station Dealers

Service station dealers in Gar- throughout the country will be honored as "Ambassadors of the Oil Industry" next fall when the 1956 Oil Progress Week, the industry's annual celebration, is held in the month of October. The American Petroleum Institute, which sponsors Oil Progress Week, has announced that the 1956 dealer operation will be more complete, and that preliminary arrangements to implement it will get under way this year.

In past years, the 1956 Oil Progress Week Dealer Plan will be distributed as "Lucky Folders" at service stations. At the Oil Progress Week, prizes of all kinds will be given to dealers, including all-expense trips to scenic areas, awarded to dealers winning numbers. The "Lucky Folder" will identify "Lucky Folders" will identify

## Uncle Sam Continues As Competitor In Many Business Lines

WASHINGTON (Spl.)—If you're in business, there's a good chance Uncle Sam is one of your competitors, says the Chamber of Commerce of the United States. And if you're not in business, you, as well as the fellow who is, are helping to pay the tax bill for government's business-type activities.

Just recently the federal Bureau of Budget reported that Uncle Sam actually is operating 19,771 commercial-industrial activities with 228,000 employees and \$11.9 billion in capital assets. Previously, it had been estimated that government business-type activities totaled only 3,000. Someone, the Chamber notes, had been making a molehill out of a mountain.

The new report shows that Uncle Sam's business projects fall into more than 200 categories, including mining, contract construction, manufacturing, wholesale and retail trade, services, farming, forestry and agriculture; also, transportation, communication, finance, insurance and real estate.

That puts Uncle Sam into just about every field of private business and industry.

The Chamber points out that when Uncle Sam runs a business that private citizens could run just as well, he is adding unnecessarily to the cost of government. Further, he is losing revenue—for private business pays taxes while government business-type activities do not.

Nellie Bly was the pen name of Elisabeth Seaman.

## 130,000 VETS HOLD BONDS WORTH \$20 MILLION

### Veterans Holding Leave Bonds Are Asked To Cash Them, Buy Series E

DALLAS (Spl.)—Thousands of World War II veterans are holding Armed Forces Leave Bonds that have drawn no interest for five years or longer, and Uncle Sam would like to pay up—an average of \$200 apiece.

Jesse L. Adams Jr., state sales director of the U. S. Treasury's Savings Bonds Division, has an idea for these ex-GI's who apparently don't need the money right now. He suggests they redeem those Leave Bonds and put the money in Series E Savings Bonds, which pay 3 per cent interest compounded semi-annually when held to maturity of nine years and eight months.

In the country as a whole, 130,000 veterans hold Leave Bonds worth \$20 million. It's all that's left of more than two billion dollars paid to members of the Armed Forces discharged between April 1943 and Oct. 1, 1946. The five-year bonds, carrying an interest rate of 2½ per cent a year, were used to reimburse veterans for unused leave.

A special act of Congress in 1947 made the bonds redeemable after Sept. 1 of that year. Some \$1.5 billion were cashed within the next few months; others were held to draw additional interest since that date.

"Now the Treasury would like to clear its books of this bond issue," Mr. Adams said, "and is calling on all veterans' organizations to help locate the 130,000

bond owners. Then, when these bonds are cashed, I can think of no better place to put the money than in safe, sure, indestructible United States Savings Bonds."

"And," Adams added, "if you don't have any Leave Bonds, Savings Bonds are still a good buy."

## Crosbyton Rodeo Opening Tonight

A number of Post cowboys plan to compete in the ninth annual Crosbyton Rodeo, which opens tonight and continues through Saturday with three night shows scheduled.

A parade at 4 o'clock this afternoon is to "kick off" rodeo activities.

In addition to the regular rodeo events, which are expected to draw 200 entries, three other attractions have been scheduled.

A palmetto polo game will be held at 6:30 p. m. Saturday between the world champion Dickens County Sheriff's Posse team and a team from Jacksboro. Jack Huddle and his band will play for a Western dance each night, and the Serenaders will furnish musical background for the rodeo event.

Mrs. Nolan Clary left Saturday morning for a two week visit with her daughter and other relatives in Los Angeles, Calif.

## VA Appraises, Does Not Approve, Houses In GI Loan Program

Veterans should not misunderstand a commonly used statement that Veterans Administration "approves" houses to be financed under the GI loan program, VA cautioned today.

VA said use of the word "approves" causes some veterans to believe the home is "approved or guaranteed" by VA.

VA has only the legal authority to appraise the house to make sure the price the veteran pays is not excessive in the housing market prevailing at the time the appraisal is made.

VA makes available an inspection service in most cases on proposed new homes to determine whether they meet accepted standards of good construction and whether they conform to plans and specifications on which VA's appraisal is based.

The terms "VA or GI financing" are allowed by VA, but the agency frowns on "GI or VA approved" since it gives veterans an erroneous impression.
