 welling through home planning, which is one of the skills
 in HD club work. Mrs. Cross and her husband have two

daughters, Sandy and Micah. In the second picture from the left,
 Mrs. Leo Cobb of the Graham community is shown in her "outdoor
 living room" with her son, Randy, and Mrs. Rufus Gerner of Post,
 who is also an HD club member. After the backyard at the Cobb
 home was sodded, the furniture was added a piece at a time. The
 table is made from an oil field wire spool and was painted by the
 Cobbs' daughters, Carolyn and Cheri. The stools are plow seats
 welded onto pipe for legs. Not shown in the picture is a barbecue
 pit made from an old wringer type washing machine. The planning,

use and care of the outdoor area is another of the homemaking
 skills learned in HD club work. Mrs. Cobb is a member of the
 Fifty-Five HD Club. In the third picture, Mrs. J. W. (Bill) McMa-
 hon of the Graham Club is making an apple pie for her freezer.
 Foods, buying, preparation, preservation, meal planning and serv-
 ing is another of the homemaking skills taught in club work. In the
 picture at the right is Mrs. Ben Brewer, a member of the Fifty-
 Five Club, shown taking up one of her daughter's, Debbie's, dresses
 to fit another daughter, Becky, who is also shown in the picture.

Mrs. Brewer, the clothing leader for her club, attended the county
 tailoring workshop, then conducted a similar one for her club.
 Clothing, construction, buying and care are also homemaking skills
 learned in club work. The county agent explains that the four home-
 making skills shown in the pictures are not the only ones learned
 by club members. Each year's projects, she points out, are the
 ones the members are most interested in at the time. Being com-
 pleted this year is a three-year study on clothing and a two-year
 study on homestead improvement.—(Staff Photos.)

Bar Association Is To Convene In Post

Judge W. A. Morrison, presiding judge of the Court of Criminal Appeals, will be principal speaker at a quarterly meeting of the South Plains Bar Association at 7:30 p. m. Saturday in the City Hall auditorium.

Announcement of the meeting was made by N. C. Outlaw of Post, who is president of the area bar association.

Members of the association are attorneys residing in the counties of Garza, Lynn, Terry, Yoakum, Gaines and Dawson. A number of visiting lawyers will also attend the meeting, which will include a banquet.

"We are indeed fortunate in securing Judge Morrison as principal speaker at our meeting," Outlaw said. "He was elected to the Court of Criminal Appeals six years ago, and on Jan. 1 of last year he became presiding judge, making him the youngest presiding judge in the history of the Court of Criminal Appeals of Texas."

He has served as President of the District and County Attorneys Association of Texas, and in October of 1955 was elected by the judges in Texas as chairman of

Mr. Pennington Buried In Rites Here Tuesday

Funeral services for Marvin Clayton Pennington, 32, who died unexpectedly of a heart attack at his home at 11:45 p. m. Sunday, were conducted at 4 p. m. Tuesday in the First Baptist Church, of which he was a member. The Rev. Roy Shahan officiated.

Miss El Wanda Davies sang "Sunrise Tomorrow," accompanied by Mrs. Ray N. Smith at the piano, and the church choir sang "Blest Be the Tie," and "Rock of Ages."

Interment was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were Paul Jones, Loyd Edwards, N. R. King, V. F. Bingham, Ray Young and F. F. Keeton.

Mr. Pennington, who had been employed as maintenance man by the Post schools for the last several years, died shortly after becoming suddenly ill at his home at 414 West 10th Street. Members of the family said he had not suffered from heart trouble and ap-

More Than \$3,500 Cash Prizes To Be Paid Winners In 15th Annual Rodeo

More than \$3,500 in cash prizes will be awarded winners in seven events at the 15th annual Post Stampede Rodeo May 23-26, according to the prize list being compiled this week by rodeo officials.

The prize lists, which also include rules and regulations for the various events, are to be mailed to prospective contestants, show officials and others.

Show officials have announced that Robert Koonce of Jayton and Jack Myers of Southland will be official judges for this year's rodeo. Timekeepers will be N. R. (Jiggs) King, Dean A. Robinson, Lewis C. Herron and R. H. (Henry) Tate.

W. S. (Walter) Duckworth, president of Post Stampede Rodeo, Inc., has announced the following committee chairmen for this year's event: Advertising, Powell Shytle; tickets, Ira Greenfield; parade, Chamber of Commerce; sponsors, Pearl Nance; publicity, George (Scotty) Samson; concessions, Duckworth.

The only change in this year's rodeo events is double mugging in the place of ribbon roping.

The entrance fee for the bareback riding contest is \$12, and total day money of \$175 is divided into \$75 first prize, \$50 second prize, \$30 third prize and \$20 fourth prize.

In the calf roping contest, where there is an entrance fee of \$15, total day money of \$220 is to be paid out \$100, first; \$60, second; \$40, third, and \$20, fourth. For

the best average, first prize will be \$100 and second prize, \$50.

The cowgirl sponsor contest, a time event, carries an entrance fee of \$10. Total go-round money is \$100. First prize will be \$50; second prize, \$30, and third prize, \$20. A silver belt buckle will be awarded the rider with the best average in this contest.

Entrance fee in the cutting horse contest, an NCHA-approved event, is \$35, which includes an office charge of \$5. The total purse will be \$300 with entrance fees of \$30 per horse added.

There is an entrance fee of \$12 in the saddle bronc riding contest, where total day money is \$175—\$75, first money; \$50, second money; \$30, third money, and \$20, fourth money. For the best two-

day average, \$50 will be paid as first prize, \$30 as second prize and \$10 as third prize.

The double mugging contest carries an entrance fee of \$15. Total day money will be \$220—\$100, first; \$60, second; \$40, third, and \$20, fourth.

\$6,000 4-H Building Is To Be Erected In Post

The 4-H building committee of Garza County has voted unanimously to construct a \$6,000 4-H Club building this summer on a site leased from the City of Post in the northeast corner of the City Park.

Committees have been appointed to make a study of costs of materials and construction and to work out the most economical way of erecting a building that will serve the needs of the county's boys and girls.

The building will be used for stock shows, the county fair, and all club and recreational activities of the 4-H members.

Present plans call for a 45 by 90-foot building of concrete blocks. Approximately 30 feet in one end will be partitioned off and a concrete floor laid for the club and meeting room. A kitchen will be installed in this section of the building for use by the home demonstration agent in giving demonstrations and for entertaining by the clubs. This part of the

Garza County farmers and businessmen are invited to attend a county meeting of Plains Cotton Growers, Inc., at 8 o'clock Friday night in the district courtroom.

Wilmer Smith of Lynn County, an official of the PCG organization, will report on his recent visit in Washington, D. C., with other PCG representatives.

Irby G. Metcalf Jr. and L. G. Thuet Jr., Garza County directors on the PCG board, especially urge businessmen to attend the meeting.

"At the two previous county meetings," Metcalf said, "there has been an excellent turnout of farmers, but very few businessmen. The ultimate success of the organization depends upon the interest of both groups, which should include attendance at their county meetings."

Garza PCG Meeting Slated For Friday

The State Board of Water Engineers will be asked to create a White River Water District in a request now being prepared by Freese & Nichols, engineering consultants, of Fort Worth.

Preparation of the request was authorized Saturday at a meeting of the four-city White River Municipal Authority committee in Crosbyton.

Representatives from Post, Spur, Crosbyton and Ralls heard Tom Bouchier of Post, committee chairman, state that preliminary reports from core drilling tests at the site of the proposed dam indicate that the location is satisfactory. The tests were completed last week.

The request for formation of a water district is the next step before presenting the issue to the voters of the four cities.

Mayor Bill Smith of Ralls, heading a four-man delegation from that city, reported that the Ralls city council had voted to enter

MEET THE TEACHERS

Teacher Admires Pupils Who Keep On Trying

Miss Etta Jane Stephenson, member of the Post High School faculty, says that in her eight years of teaching she has learned to appreciate the type of student who, like the little train in the story, adopts the "I think I can" attitude instead of giving up when faced with scholastic difficulties.

"Ever since reading the story, as a child," she said, "of the little train that kept puffing 'I think I can, I think I can' as it climbed the steep hill, I've remembered it, and have observed that the most successful students are those who 'think they can' when the going gets a little rough."

Another observation of Miss Stephenson's is that boys, as a whole, are better than girls at mathematics, except in those instances when a girl is particularly interested in mathematics. "In such cases, the girl usually makes the better math student," the teacher said.

Her observations along this line are based upon eight years of teaching mathematics in the high school here and at Colorado City and Pecos. She has also taught English most of those eight years, but prefers to teach math.

Miss Stephenson was graduated from Abilene High School, where she was a member of the National Honor Society.

Antelopes' Concert At Music Festival Will Be Broadcast

Post High School's Antelope band will compete in concert and sight-reading Saturday at the annual Region 1 Music Festival of the University Interscholastic League in Levelland.

Director Roy Silvey said Wednesday it had been decided that the Post band would not compete in the marching contest at the festival.

The Post band is scheduled to play in concert at 3:30 p. m. Saturday and will be heard at that time over radio station KLVY of Levelland, which is at the 1230 spot on the dial. The broadcast is being made possible through the courtesy of the TV-Appliance Center of Post.

In the Region 1 festival Post will be grouped in Class AA along with Abilene, Floydada, Brownfield, Slaton and other high schools of similar size.

The solo and ensemble contests will be held in Levelland on May 12, with a number of Post bandmen scheduled to compete in the solo contests.

16 Mothers Are In Contest

Sixteen mothers have been nominated in the "Mother of the Year" contest which is to get under way Friday, May 4, and continue through Saturday, May 12, at John N. Hopkins, manager of the Tower Theater, which is sponsoring the contest, has announced.

The theater manager also announced the names of 12 cooperating firms and individuals which will give ballots for voting in the contest to select Garza County's most outstanding mother.

Mothers who have been nominated for the honor are: Mrs. E. M. Pettigrew, Mrs. M. J. Malouf, Mrs. W. N. Williams, Mrs. Jim Hays, Mrs. Gladys Price, Mrs. Ray Norman, Mrs. Willie Good-gion, Mrs. J. C. Steel, Mrs. J. H. Cartmill, Mrs. Wesley W. Stepens, Mrs. Will Teaff, Mrs. Edward Shaw, Mrs. Hardie Smith, Mrs. Garland Davies, Mrs. W. D. Livingston and Mrs. Donald Windham.

Firms which will provide coupon ballots for the voting are Morgan Studio, Hundley's Men's Wear, Fashion Cleaners, Piggly Wiggly, Peel's Texaco Station, Forrest Lumber Co., Storie Motor Co., Hamilton Drug, Judy's Cafe, Maxine's Shop, Wilson Bros., and Carl Rains.

A ballot box, in which all votes will be cast, will be placed in the

Lions Set Dates For County Fair

Friday and Saturday, Oct. 5 and 6, were set as the dates of the Garza County Fair at Tuesday night's meeting of the Post Lions Club, which sponsors the annual event.

It was announced that the Dudley Shows have been booked as the midway attraction and will be here all week beginning Oct. 1.

The club's directors recently heard a report from County Agent Lewis C. Herron which indicated that the proposed 4-H Club building at the City Park would be completed in time to be used for exhibits at this year's fair.

The Lions voted to meet jointly with the Rotary Club and the Junior Chamber of Commerce at a meeting still in the planning

Thursday to Thursday

By CHARLES DIDWAY

THE MONTH OF April, which up until the 22nd hadn't brought any rain to speak of, will bow out Monday, and in will come May with its rush of school year-end activities and rodeo days.

AGAIN THIS YEAR, the rodeo conflicts with graduation exercises, with the eighth graders' program set for Thursday night, May 24, and the seniors' finale for the following night.

MAYBE THERE WASN'T anything they could do about it, but it appears to us that the rodeo directors would do well to schedule their four-night event so it wouldn't conflict with the graduation exercises. It would certainly help their Thursday and Friday night crowds, which are always small in comparison with those of opening and closing nights.

UNCLE SAM'S green stuff has got a lot of countries out of the red, but it doesn't seem to get the Reds out of the countries.

THE RESPONSE TO nomination requests for the "Mother of the Year" contest was gratifying, and Johnny Hopkins, Tower Theater manager, is going ahead with plans for the voting, which is to get under way within the next few days and continue through May 12.

PRESENT PLANS call for the mother receiving the most votes to be named Garza County's "Mother of the Year" and awarded a beautiful fur stole at a special program at the theater. There is more about the contest elsewhere in this issue of The Dispatch.

GETTING BACK TO rodeos, Jack Kirkpatrick will compete for the Texas Tech team in this weekend's Intercollegiate Rodeo at Hardin-Simmons University.

OTHERS COMPETING whose names are familiar to junior rodeo fans here include Mel Potter of the University of Arizona; Brandon McReynolds and Jim Sealy of San Angelo Junior College; Bobby Wedeking, Ronnie Huckabee, Tommy Flenniken and Charles Carruth of H-SU; Booger Nixon of Ranger Junior College, and Toaster Shanklin, Dave Hopper and Bill Phinzy of Texas Tech.

A MAN NEVER is in worse company than when he flies into a rage and is beside himself.

WE PRACTICALLY MISSED "Bike Safety Week," which was April 16-21, but it's something that should be observed the year-around. Each year more than 400 children die in bicycle-auto accidents and another 25,000 are injured.

BASIC BIKE SAFETY rules, which adults should help get across to every bike rider, include: Obey all traffic signs and regulations; walk the bike across heavily traveled streets and roads; never ride two on a bike; use the proper lights at night; keep the bike in good mechanical condition; stop and see that streets are clear before riding out of alleys or driveways or from behind parked cars.

ONE SIGN OF maturity is the ability to be comfortable with people who are not like us.

Roger W. Babson Writes This Week:

Location Can Be Favorable Or Unfavorable, Depending Upon Suitability For Industry

BABSON PARK, Mass.—In considering this topic, there are several important factors which must be weighed by both employers and wage-workers. One of the first of these is location. In addition to the question of whether it is a good place to live, a location is either favorable or unfavorable depending upon its suitability for the industry in which you are engaged. If the commodity to be produced is bulky and heavy, accessibility, through proximity or ample transportation, is necessary.

Location And Capital A successful steel mill's LOCATION is determined primarily by its accessibility to the raw material. Transportation by rail and water is highly essential. Another factor in determining an ideal location for an industrial plant is a MARKET for the finished product. Heavy products are therefore excluded from some markets by consideration of "what-the-traffic-will-bear." A carload of silk can be shipped much further than a carload of steel, since the rate cost per unit would be much less for silk. This would give it a larger market. Therefore, accessibility to both the raw product and the market for the finished goods is very important in determining an ideal location for a successful enterprise.

Another factor in plant location is CAPITAL (money). In many industries, thousands of dollars must be invested in order to employ one worker. Millions of dollars must be invested to construct a steel mill. Were it not for capital, we could not have ample railroads and airplanes, or tall office buildings, or bridges to span large rivers. We would still be in the horse-and-buggy stage. Capital is what makes it possible for 63,000,000 workers to be employed at wages hitherto undreamed of. The United States is the only nation in which this utopian condition exists.

Importance Of Management An ample, congenial labor supply is highly

MORE PROTECTION NEEDED

The recent early morning Main Street gang fight involving a dozen or so young men points up the need for more police protection in Post. Not a single law enforcement officer of any description was on hand to stop the fight, which was halted by a private citizen before it got completely out of control. Luckily, only two of the participants were injured seriously enough to require first aid, but it could have been much worse, and undoubtedly would have been if the unidentified peace-maker hadn't stepped in.

It is no condemnation of our law enforcement officers that at least one of them was not on hand to halt the fracas. The few we have had already put in long hours at their jobs, and there is a limit to what a man can do without rest. The fault lies elsewhere—in the inadequacy of our peace officer forces. They are understaffed, with no provisions by either the county or the city for full-time night protection.

It's either going to take more men in both departments or a police radio system such as that which can be acquired by the county on a 50-50 cost basis with the Civil Defense Authority. We understand that there is some opposition to the proposed radio system, but that it eventually may be worked out. Let's hope it doesn't come too late.

It would cost the City of Post around \$20,000 a year to purchase a patrol car and pay patrolmen's salaries. The addition of one or more deputies in the sheriff's department also would take more money than is now budgeted. In view of the fact that neither the city nor the county are overly stocked with funds, it appears that setting up of the police radio system would be the most logical solution. That also might entail the employment of another officer or two, but it wouldn't be as expensive as efficient night patrolling of the city.

However it's done, Post needs more police protection at night than it is now getting. A city with an estimated population of more than 4,000 needs more than one man on its police force. And while most of the population is centered in Post, a county the size of Garza needs more than two full-time men in its sheriff's department.

Benjamin Franklin's was the only name signed to all four basic documents of our beginnings: the Declaration of Independence, the Treaty of Alliance with France, the Treaty of Peace with England, and the Constitution. Many of the principles he promulgated have a particular significance for us today. He stood for local as against federal action; he urged that federal taxes be kept down through thrift and economy. With all his full time activities in science and industry he still found time, when asked to engage in public service for the good of all his country. He was truly a great American.—North Kansas City, Mo., Press-Dispatch.

DURING THE PAST several weeks, we've been watching the titles of high school plays throughout the area just to see if any class was going to stage "Aaron Slick From Punkin Crick." Sure enough, our efforts finally were rewarded when we read that a high school in Bailey County was to present the play. We're glad to see that it's still going strong . . . it's the same play we helped staged in our senior year.

"IF WE HAVEN'T got it, we'll get it for you," is a good slogan for a store unless someone comes in and requests a soaking rain.

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: The world is full of cactus, but we don't have to sit on it.

The word "tax" comes from the Latin word "taxare," which means to touch sharply. Make your own wisecrack from that.

LUTHER HARPER of Belton, former Post building contractor, was in the office Thursday to ask us to stop sending his Post Dispatch to Belton and to start sending it to Big Spring, effective May 1.

Luther, who had the "missus" here with him, says he is retiring after working 14 years for the government in water production work at Fort Hood, near Belton. Even at Big Spring, however, Luther won't be entirely out of the water business, since he and his wife are going to operate a washeria.

THE WOMEN, God Bless 'Em: The reason that God made woman after He made man, was because he didn't want any advice.

A lot of people are smarter than they look . . . and they ought to be.

ABOUT THE SAME time T. R. Greenfield county democratic chairman, left word with The Dispatch that the county precinct conventions will be held May 5. I received a leaflet from the League of Women Voters of Texas, which tells how every qualified voter can have a real part in nominating their party's candidate for President of the United States.

The tiny blue folder being distributed throughout the State by the League goes on to detail how to come out of the May 5 precinct convention with all your political tail feathers. "How to Make the Precinct Convention Go Your Way" is the title of the leaflet.

One grizzled politician is quoted as having commented: "Someone has been talking to those women. They've got stuff in that little book that took me years to learn and I lost many a vote doing it."

The leaflet says that "almost anything can happen at the precinct convention, but this is what usually occurs," and briefs readers on registration of all present, election of a chairman and secretary, selection of delegates and adoption of resolutions.

Then comes the advice that widened the eyes of the old politician.

"If you and your neighbors are in the majority, do all these things quickly, then adjourn and leave

THE AMERICAN WAY

the place," the booklet says. "Do not give a minority group any valid reason for leaving and holding a separate meeting . . . called a rump convention."

"If strength seems evenly divided play for time," is another recommendation. "If there is hope that your number will be increased, delay voting until their arrival. . . Be cautious at all times. Don't leave the room for a minute."

"If you and your neighbors are in the minority lose no time in moving that everyone present be named delegates," the women voters advise.

There is even advice on holding a rump convention.

"Insist on proper procedure from the first minute. If the chairman refuses to conduct the meeting legally, you may leave and hold your own rump convention. If this happens, leave before you vote on delegates or resolutions. Be sure that your reason for leaving is valid and properly presented to the credentials committee of the County Convention."

That, says the League of Women Voters in Texas, is a short course on capturing a precinct convention.

Quipped an irate young mother as she finished administering a

well-deserved spanking to her son: "There's something to tell your psychiatrist about some day."

YOU CAN TAX 'em, but you can't make 'em like it, says S. C. Condon of the Internal Revenue Service.

One stubborn Houston taxpayer wrote in the small space at the top of the form where it says "Do not write here":

"I'll write anywhere I damn please—this is my income tax return."

A NEWS STORY of general interest is highlighted in an Associated Press release from East Lansing, Mich.: "The bureau of business research at Michigan State University reported . . . that Detroit stores lost \$35 million sales in December because of the city-wide newspaper strike there. The bureau said its conclusions were based on state sales tax returns from Detroit as compared with the previous December and with sales tax returns from Detroit suburbs." The strike lasted well into January but, the AP said, only December sales were counted in this survey.

Nothing can replace the newspaper for advertising.

Between Easters

Easter Sunday one of the preachers who was handshaking at the door after the service, is credited with asking a couple if they had ever tried out church to see what it was like between Easters. —"Views and Comment" in The Floyd County Hesperian.

Too Early To Tell

It is too early to tell just what issues are going to come up this year in the Texas precinct, county and state Democratic conventions. The state politics, of course, have plenty of issues to pick from, including corruption, party loyalty, states rights, interposition, etc. But with the gubernatorial candidates and would-be candidates all jockeying for position, the issues that may be chosen to heat up the rank and file are not yet clear. The man we hoped would get in the governor's race, James Hart, counted himself out this week—"For Your Information" in The Gaines County News.

Just Wait Awhile

A Hamilton lad who was in his first year at school sometimes had difficulty with his lessons. One evening when his mother was getting the youngster tucked into bed she suggested that he ask God to help him with his studies. "Aw, Mom, it's not necessary to bother the Lord with that tonight. I already know my lessons for tomorrow. Wait until something hard shows up."—Twilight Zone" in The Hamilton Herald-News.

Creating Problem

Stray dogs are creating a serious problem in Hale Center, and many people are beginning to complain bitterly. Reports to the American this week indicate that many large packs of stray dogs are roaming all over town at night, and often in the daytime, ruining gardens, tearing up flower beds, killing chickens, turning over trash barrels, and producing uproars at night.—Hale Center American.

That'll Be The Day

As a group, men are ridiculous, vain, suspicious and subject to almost any passing influence, but I never expect to see any large segment of them wearing hats that look like inverted hub caps. —"Trail Dust" in Matador Tribune.

The Best Guess Is

Although this year is the year for the ladies to pop the question, the government statisticians say

Leap Year has little effect on the marriage rate. No matter who does the asking, the best guess is that 1,500,000 couples will march to the altar, only a few more than last year.—"Sights, Sounds and Signs" in Stamford American.

Not Asking Much

Mrs. Pete Pituitary says that the next bonus service she wants from grocery stores is for them to start sending their car boys along to unload the groceries when she gets home—"Nearly News" in The Lamb County Leader.

She'll Stay Home

Two Hamlin women were discussing their plans for a party the other day, it is reported to us.

"What color dress are you going to wear to the party tomorrow night?" one asked.

"Each lady is supposed to wear something to match her husband's hair, so I guess I'll wear my gray dress. What are you going to wear?"

"I guess I'd better not go," replied the first. "My husband is bald-headed, you know."—"Pop-Valve" in The Hamlin Herald.

Suggests Package Deal

Not that the nation's astute retailers need to be told how to get rid of their overstocked items, but the thought occurs that a pink shirt and a Davy Crockett cap, both for one low price, might do the trick.—Fort Worth Star-Telegram.

Naval Aviation Cadet Trains At Kingsville

KINGSVILLE, Tex. (Spl.)—Among the student pilots receiving advanced training at the Naval Auxiliary Air Station here is Naval Aviation Cadet Jimmie W. Wygal, son of Mr. and Mrs. L. A. Wygal of Post, Tex. Before entering the Navy, he attended Texas Technological College in Lubbock.

Kingsville is situated a few miles inland from the Gulf of Mexico on the southeastern coast of Texas. Here, the Navy's student aviators receive all-weather flight training in the twin-engine SNB Beechcraft and either fighter training or anti-submarine warfare training in service type aircraft.

Miss Jane Stephenson spent the weekend in Abilene with her parents.

Travis R. Everett Joins Ag Society At Iowa State College

AMES, Iowa (Spl.)—Travis R. Everett of Post, Tex., was among the 157 who joined the Iowa State College chapter of Gamma Sigma Delta, the honor society of agriculture, Monday night. The banquet and initiation were held in Memorial Union, with Dr. M. R. Irwin, professor of genetics at Wisconsin, as speaker.

New initiates include five alumni, 10 faculty members, 72 graduate students (many of whom are also full or part-time faculty members), and 70 seniors. While the majority are from the Division of Agriculture, some are from the closely related fields of veterinary medicine and various departments in the division of Science.

Membership in Gamma Sigma Delta, for seniors, is limited to the upper 15 per cent of students graduating in those fields that year.

Graduate students must have shown striking ability to carry on research or advanced study in

VA Distributes \$261,188,443 In Cash, Services To Texas Veterans

Veterans Administration distributed \$261,188,443 in cash and services to veterans and their families in the State of Texas during fiscal year 1955, VA announced today.

VA's Annual Report for 1955, now on sale at the Government Printing Office, Washington 25, D. C., lists a wide variety of cash benefits and services distributed under law to veterans and their families in Texas.

Compensation for service-connected disabilities and pension for total and permanent non-service-connected disabilities were paid to 150,250 living veterans in the amount of \$116,314,424.

Death compensation and pensions were paid to the dependents of 39,620 deceased veterans in the amount of \$34,378,087.

Certain GI insurance and indemnity payments totaling \$18,565,485 were made to veterans or their beneficiaries in Texas for the year.

An average of 1,880 disabled veterans of World War II and of the Korean conflict were trained during the year under the vocational rehabilitation act to overcome the handicaps of their disabilities. They received a total of \$3,214,592 in subsistence, tuition,

Boy Scout Council Sets Banquet Date

A number of Post and Southland Cubbers and Scouters are expected to be among those attending the 30th annual banquet of the South Plains Council, Boy Scouts of America, at 7 o'clock Thursday evening, May 10, in the First Methodist Church in Lubbock.

Among those attending will be the institutional representatives and their wives from the 20-county area, all of the officers of the Council, members of the district committees, and unit leaders and their wives. All Cubbers and Scouters in the Council are eligible to attend.

The highlight of the banquet program will be the awarding of

agriculture or the closely related sciences. Faculty members must have been on the staff for at least three years and have shown exceptional ability as teachers or investigators.

Alumni must have been graduated five years and have rendered signal service to the cause of agricultural development.

MAKE YOUR CHOICE of STYLE and PRICE

There is not any truth to the impression some people have . . . that "It's expensive to own a home." It is decidedly economical: It gives your family a place in the world; it gives your family a heritage. There is every type of home, for every type of income . . . from a one-floor, four room house, to a three-floor mansion.

We urge you to plan now, for your own home . . . by consulting us and getting full particulars. We will actually show . . . right now . . . how you can become a home-owner without a great out-lay of cash.

We will show you how you can pay out a home "like paying rent."

We have a wide range of styles of attractive homes and can quote you prices on them.

If you are the least bit interested in owning a home of your own, drop in and see us today.

We can supply you with everything from workmen to supplies, and will offer you a suitable loan to build just the home you have been wanting.

IT'S TORQUE THAT MAKES THE WHEELS GO 'ROUND!

... And the High-Torque Output of Oldsmobile's Famous Rocket Engine is Instantly Translated into Outstanding Performance at the Rear Wheels!

LET'S TALK TORQUE! In plain language, torque is "twist." It's the force that makes the wheels go 'round. So it follows . . . the more torque your engine has, the more go power your car has . . . the more getzaway at the light . . . the more action on the open road!

What's more, the Rocket's got horsepower — to spare! And with Oldsmobile, it's high usable horsepower . . . a by-product of engine design aimed straight at the wheels — design that translates horsepower into terrific torque at normal engine rpm's.

OLD CHASSIS IS ENGINEERED TO HANDLE HIGHER TORQUE! Oldsmobile has the chassis to take Rocket torque . . . a skillfully engineered Oldsmobile chassis with an extra-sturdy, dynamically balanced drive shaft, and an extra-rigid frame that resists twisting and weaving.

TOP TORQUE MEANS TIP-TOP PERFORMANCE! The result is higher torque — silken, responsive Rocket action. Touch the accelerator — ever so gently — you "go" . . . and we do mean "GO!" You thrill to smoother, swifter bursts of power for everyday use — spectacular performance, when you need it . . . when you want it.

OLDSMOBILE'S ROCKET — a double winner in 1956 Mobilgas Economy Run. Get the feel of top horsepower, top torque in the engine that's an economy champion, too!

OES Worthy Matron Patron Are Feted At Party Tuesday

Mrs. Noah Stone, Mrs. Billy Johnson and Mrs. Wilburn Morris were hostesses for a party Tuesday night honoring Mrs. L. G. Thuet, Jr., worthy matron of the local chapter of the Eastern Star, and Lester Nichols, worthy patron, who will retire from office next month.

The group presented Mrs. Thuet with a silver tray and Nichols with a Masonic cuff link and tie pin set.

Chicken sandwiches, pickles, olives, cake, nuts and punch were served from the tea table. The cake, baked by Mrs. Johnson, was decorated with red roses, to emphasize Mrs. Thuet's colors of red and white.

Games and contests were enjoyed during the evening. Those present were Mr. and Mrs. Bobby Pierce, Mrs. Malcolm Bull, Mrs. Bob Collier, Mrs. Glenn Norman, Mrs. E. S. Stewart, Mrs. Edsel Cross, Mr. and Mrs. Nichols, Mrs. Thuet, Mrs. R. B. Dodson and the hostesses.

Other hostesses were Mrs. Jack Ballentine, Mrs. Dick Tanner, Mrs. Howard Sprayberry, Mrs. H. H. Hudman, Mrs. Buster Shumard, Mrs. J. E. Parker and Miss Thelma Clark.

After the honoree had opened her gifts, refreshments of open face sandwiches, punch, nuts and cookies, decorated with pink and blue booties, were served to 24 guests.

The tea table was covered in blue and was centered with an arrangement of purple irises and stock. Pink napkins were used. Mrs. J. E. Parker presided at the bunch bowl.

Mrs. M. E. Corbin Feted Monday At Church Meeting

Mrs. M. E. Corbin, former Post resident and a charter member of the Christian Women's Fellowship, was complimented Monday when the fellowship met in the First Christian Church annex.

Mrs. Lee Davis, president, Mrs. K. Stoker and Mrs. Victor Hudman were hostesses.

Mrs. Corbin, who has maintained her membership in the organization through the years, was presented a pearl necklace and earrings by the group. Mrs. Hub Haire made the presentation.

Following a panel discussion on "Family Life," led by Mrs. Davis, the group enjoyed visiting. Mrs. Corbin, a former member of the church quartet, and the Ramsay sisters, Mrs. Haire, Mrs. Jack Burrell and Mrs. Winnie Tuffing sang several of their favorite songs.

The tea table was laid with a lace cloth and had a centerpiece of purple irises and fern in a crystal basket. Lime punch, lemon cake squares and nuts were served.

Those attending were Mrs. Hudman, Mrs. Gladys Hyde, Mrs. Bess Thompson, Mrs. Mason Justice, Mrs. W. E. Dent, Mrs. Ella West, Mrs. Will Wright, Mrs. Eva Bailey, Mrs. Haire, Mrs. Stoker, Mrs. Burrell, Mrs. Tuffing, Mrs. Davis, Mrs. Ed Warren and Mrs. Almon Martin.

Five Candidates In Four Are Injured One Precinct Race In Car Collision

The field of candidates for election as Precinct 1 county commissioner was increased to five this week when Clark Barton announced that he would be a candidate for the office.

Other candidates are B. F. (Boone) Evans, who is asking re-election; Truett Fry, L. P. Kennedy Jr. and Racy Robinson.

Two other new candidates this week are J. A. (Julius) Johnson, who is seeking re-election as Precinct 1 constable, and Robert R. Patterson of Snyder, a candidate for re-election to the State Legislature from the 90th District.

May 7 is the filing deadline for candidates wishing to get their names on the ballot, according to T. R. Greenfield, county Democratic chairman.

Four members of the R. J. Blacklock family were admitted to Garza Memorial Hospital late Wednesday evening following a collision between their automobile and one driven by Howard Jones at the intersection of U. S. Highway 380 and Avenue L.

Blacklock, his wife and two of their three children were admitted to the hospital. He was the most seriously injured of the four, receiving head and facial cuts when thrown against the windshield.

The accident occurred shortly after 4 p. m. Sheriff Carl Rains, who investigated, said the cars collided as the Jones youth started to turn north off the highway. He was coming from the west and the Blacklock car was traveling in that direction.

Tractor Operator's Contest Is Friday

The annual Future Farmers of America Tractor Operators' Contest for members of the Post High School FFA Chapter will be held at 2 p. m. Friday at the Earl Rogers farm, just west of town.

Announcement of the contest was made by Earl Rogers of the Garza Tractor & Implement Co., Ford tractor and implement dealers.

The contestants for Friday's plowing contest are being determined on the basis of written examinations on tractor operation and maintenance, being conducted by E. F. Schmidt, FFA Chapter advisor.

The winner of the county contest will win a tractor driver trophy and will participate in one of ten district contests in the state. Rogers said. District winners will enter a state contest and compete for a new Ford tricycle tractor as a grand prize.

The state contest will be held in Dallas by The Stewart Co., Texas distributor for Ford tractors and implements. The event will be held on July 14, the day prior to the opening of the FFA state convention in Dallas.

The public is invited to Friday's contest here, Rogers said.

VFW Post, Auxiliary Install New Officers

Bob Poole has been installed as new commander of John Miller Post 6797 of the Veterans of Foreign Wars, and Mrs. J. C. Steel as president of the post's ladies' auxiliary.

As new commander, Poole succeeds Bill Thomas. Other new officers include J. C. Steel, senior vice commander; Ralph Dean, junior vice commander; Ray Warren, quartermaster; Wagoner Johnson, chaplain, and Bill Thomas, trustee.

Mrs. Steel succeeds Mrs. Nora Baylis as president of the VFW Auxiliary. Mrs. George Childers was installed as vice president, Mrs. Jessie Lofton as secretary-treasurer, and Mrs. John Rogers as conductress.

BITS-OF-NEWS

Dr. and Mrs. D. C. Williams are in Galveston this week attending the Texas Medical convention. When they left they were planning a reunion with their son, David, who now lives near Galveston, and with their daughter, Frances, who lives in Rayne, La.

Mr. and Mrs. Willard Kirkpatrick left this week for Pomona, Calif., where they will join their son, Kay, who landed in the states after two years overseas duty with the U. S. Army in Japan. The Kirkpatricks went to California by train but will drive back with their son. While in California they will visit with Kirkpatrick's parents and other relatives.

MOBILE BURGLARY

OSHKOSH, Neb. — Thieves who entered a garage broke down a door by hacking an automobile through it. Then they loaded the 300 pound safe into the car and drove off to do their safe-cracking elsewhere.

DANGER ON THE ROAD

DANVILLE, Va. — Traffic Officer William Lee Carter, brought a stray pony to book, but feels the motor is less dangerous. The pony charged him, hit him and knocked him down.

LEADS AN AUTOMOBILE FOR HIGH SCHOOL USE

Caprock Chevrolet, Inc., Gets Award For Help In School Driver Training

Caprock Chevrolet, Inc., has been presented a Highway Safety Award for contributing to traffic safety by the Texas Automotive Dealers Association, the State organization of factory authorized new car dealers. The award is in recognition of the company's lending an automobile for high school driver training during the current school year to Post High School.

Frank M. Gillespie, San Antonio, president of the State Association, who has announced greater traffic safety as one of the top goals of his administration, calls the driver training program one of the undertakings in which a dealer can participate.

The Association program of lending cars to high schools for driver training is under the direction of C. B. Smith, Austin, safety chairman for the dealer Association. Smith terms this Texas dealer investment of more than \$500,000 devoted to training Texas youth to be com-

petent, safe drivers a vital part of the over-all program of reducing traffic fatalities.

Nearly 300 members of the Texas dealers association loaned cars to schools in their community, where "behind the wheel" instruction is given in high school driver training. Many of these cars are equipped with dual controls so the instructor can take control of the car at any time it becomes necessary.

Several hundred additional schools have courses in the theory of driving, but due to the lack of qualified instructors for "behind the wheel" training, these schools limit their courses to class room only.

In addition to specially equipped driver training cars, many members of the Association, according to Tom J. Crooks, manager, loaned pick-up trucks to 4-H and FFA groups to acquaint students with the type vehicles they will use on the farm and to further the farming programs of the schools.

ANOTHER CHANCE ON THIS ONE—No one has correctly identified last week's Mystery Farm, shown above. Readers who think they know whose farm it is are asked to drop by or telephone The Dispatch office. First to correctly identify it will receive a six-months subscription to the paper. Another in the series of Mystery Farms appears in the First National Bank's ad on page 2 of this issue.

LONE STAR AGRICULTURE

Serious Grasshopper Threat Seen This Year For Texas Panhandle

By JOHN C. WHITE
Commissioner of Agriculture
Texas farmers are warned to keep an eye out this spring for an old enemy—the grasshopper. Early season surveys show the grasshopper threat is more serious this year than in 1955. The Texas Panhandle can expect the biggest threat, but Central Texas is likely to have infestations also.
This threat is a warning to start early in planning a hopper control program. Early control means less work at less cost while a "wait-and-see" attitude can result in heavy losses with more acres to treat later in the year. One dollar spent for early control can save as much as \$38 in crops and grazing later on.
Early season methods work best just after the grasshoppers finish hatching. This can be anytime from April 1 to late June, depending on the weather. Cold,

YOUTH REVIVAL CLOSURE

Good attendance was reported at the Youth Revival which closed Sunday at the Pleasant Valley Baptist Church. The guest speaker was Charles Massegee, Hardin-Simmons University football star. Visiting singer for the series of meetings was Dwayne Beatty of Shamrock, also a student at H-SU.
Idle land, field margins, fence rows, ditch banks and roadsides are good places to start. These are favorable habitats for the hoppers to lay eggs, and they lay 200 to 400 eggs a season if the female is a migratory hopper.
To show what you can be up against, if all eggs hatch and young hoppers are permitted to develop into adults, they can average 24 to 32 hoppers to the square yard. Then you're in the middle of a serious outbreak.
A control program which provides federal assistance is available only in range land areas. In cultivated land, you're on your own. And controlling grasshoppers that originate on your own land is only part of the job. Your place can be overrun by hoppers from nearby areas.
Cooperative community action is the best way to solve the problem. Literature and further information is available from Agriculture Commissioner John White, Texas Department of Agriculture, Austin, Tex.

More people named Jones* own Chevrolets than any other car!

*Of course we haven't actually counted all the Joneses. But it seems a safe guess. Because this year—as they have year after year—more people are buying Chevrolets. And 2 million more people drive Chevrolets than any other car. Maybe you ought to come in and see why this is so.

The sun makes golden patterns across the tiled floor, and there seems something ageless and of wondrous beauty in the vaulted arches of solid stone. Here there is sanctuary, freedom, at least temporarily, from the worries of the outer world.

In every great life, there have been times of reflection and meditation. There have been moments of solitude to renew a flagging spirit with the infinite power of God, to find an inner peace which comes from another world.

In every life, there are times when sanctuary is needed. There are moments when the quiet witness of the Holy House is more eloquent than all the words in the world.

Often a step into the shadowed quiet of a church brings a resurgence of faith and courage that sets life on a new and greater course. This is the miracle of sanctuary—a miracle that can happen TO YOU!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

'Little Leaguers' Are Invited To Meeting

Seven to 13-year-old boys who are interested in playing Little League baseball this summer are asked to attend a meeting in the Post Grade School auditorium at 7:45 o'clock Monday night, April 30.

The program will include a film on the Little League World Series, according to Bill G. Humphrey, president of Post Junior Chamber of Commerce, which is to sponsor this summer's baseball play.

Also at the meeting, plans will be made for organization of the league, Humphrey said. New uniforms will be ordered as soon as organization is completed.

Post Jaycees Elect Ward As President

A. Lee Ward, supervisor at Post Cotton Mills, Inc., was elected president of the Brownfield Junior Chamber of Commerce at the annual election of officers held at Wednesday's luncheon.

Ward, who will succeed Bill G. Humphrey, will be installed along with other new Jaycee officers at a meeting next Wednesday at Judy's Cafe.

Jess Michael was elected vice president to succeed Bob Collier, who was named as a new director. Bill Thomas was elected secretary-treasurer to succeed Lester Josey.

Scouts To Take Part In Area Camporee

Post's Boy Scout Troop 18 and the Southland troop, which finished one-two in the recent Comanche Trail District camporee at Camp Post, will represent the district in the South Plains Council camporee at Mackenzie State Park in Lubbock on May 11-12.

Troop 18 scored 776 points out of a possible 1,000 in winning first place.

Competition in the camporee included fire building, tent pitching, swimming safety, nature study, signaling, compass reading and distance judging.

(Continued From Front Page) reputation for perfection in every detail of ambulance and funeral service has been added by managers of HUDMAN FUNERAL HOME with the addition of the very newest 1956 CADILLAC AMBULANCE equipped with air conditioner and oxygen equipment. Members of the HUDMAN FUNERAL HOME staff are all licensed funeral directors and Victor Hudman and Percy Parsons are licensed embalmers and first aid. The firm comprised of Mr. and Mrs. Victor Hudman, Percy Parsons and Marvin Hudman maintain vigilant service for this area 24-hours of every day.

U. S. Artillery Unit To Bivouac In Post

The Post Stampede Rodeo grounds will be the bivouac area Friday night for a large contingent of artillerymen and equipment from Fort Sill, Okla., according to County Sheriff Carl Rains.

The sheriff said he had been advised by telephone that 324 enlisted men, 21 officers, field guns, trucks and other equipment will arrive in Post at about 6:30 p. m. Friday to spend the night.

Traveling west, the contingent will enter Post on U. S. Highway 380 and leave by the same route, the sheriff said he had been informed.

In 1948, she was graduated from Hardin-Simmons University, where her father is an assistant dean. She majored in mathematics and English with a minor in French, and six years later received her master's degree from the same school. Her thesis was on "Historical Characters in Emerson's Writings."

While attending Hardin-Simmons, she was a member of Alpha Chi, an honorary scholastic society, Pi Kappa Delta, a national forensic fraternity, and Sigma Tau Delta, an English fraternity. As a member of the university's chorus, she once sang at a national Pi Kappa Delta convention in Peoria, Ill. She also belonged to the "Cowgirls," which is the university's pep squad, and was a member of the debating and oratorical council.

Her first teaching job was in a Port Arthur grade school, where she taught eight arithmetic classes a day.

She remained in the Pecos school system for a year and a half, then went to Colorado City for three years, where her duties at various times included teaching Algebra I, English I, and trigonometry, coaching the debate team and sponsoring the pep squad of 120 members.

Miss Stephenson came to Post at the beginning of the 1953-54 school year. This year she is teaching Algebra I and II and sponsoring the pep squad for the third successive year.

She enjoys her position of pep squad sponsor and says she feels she is helping generate the all-important school spirit by directing activities of the squad of approximately 60 enthusiastic girls who go all out in backing the football and basketball teams and other athletic groups.

"Of course, it involves a great deal of responsibility, especially on out-of-town trips. But in six years of sponsoring pep squads, I've lost only one girl on one of those trips, and she didn't stay lost for long."

4-H Building—

(Continued From Front Page) building will also be used by the women and girls for their county fair exhibits.

The 4-H building fund has about three-fourths of the money needed to construct the building as planned, club leaders said. It is hoped that the balance can be raised by donations to the fund. Anyone wishing to donate money for the purpose may give it to any of the members of the building committee, who are: Mrs. Hardie Smith, Mrs. Frank Bostick, Floy Richardson, Bannie Jones, Glenn Davis, George Samson and the county's Extension Service agents, Miss Jessie Pearce and Lewis C. Herron.

Such a building has been in the planning stage for several years, and it is believed by the building committee and others connected with the project that it will serve a much-needed place in the community.

The cost of finishing up on the inside of the building, including doors, rest rooms, kitchen, etc., will depend on the initial cost of the structure and the amount of money raised, members of the building committee said.

In 1955, 2,158,000 persons were injured in motor vehicle accidents.

In 1955, 37,800 Americans were killed in traffic accidents.

15th Anniversary Series 'E' Savings Bond May 15, Says County Chairman

T. R. Greenfield, Garza County Savings Bonds chairman, points out that a product that has become an indispensable part of the American way of life will observe its 15th anniversary on May 1.

"It doesn't seem that long since the Series E Savings Bond made its debut on the American scene," Greenfield said. "But in 15 short years, this greatest of all thrift incentives has made a permanent place in our country's family life."

The county chairman continued as follows:

"From the beginning, the E bond was a popular instrument of individual savings. Most sales in those earlier years no doubt were influenced by patriotism. But after the war years, the E bond did not pass from the picture, as most people thought it would. Instead, most of us found we liked this sure method of saving for our future needs. So, today, 40 million of us own more than \$40 billion worth of E and H Savings Bonds—about \$38 billion of which are E bonds.

"Many of those E bonds purchased through the war years are now sending our children through college—or making down payments on our dream homes—or providing additional income for them in retirement. At the time we bought them, we probably felt that we were helping to win the war through our bond purchases. Now we realize that we ourselves are the real beneficiaries.

"It's a strange thing about us human beings, but we are all too 'human' in too many ways. Because of our lethargy, we need a special stimulus to make us do the things that are good for us and our families. In the E bond program, that special stimulus has been the Payroll Savings Plan. At least 30 million Americans have first-hand knowledge of Clairmont. 3. Close City. 4. Justiceburg.

Lamesa '9 Beats Wood Bees, 24-2

The Post Wood Bees baseball team, which was pounded by Lamesa, 24 to 2, in a game here Sunday afternoon, was negotiating Wednesday with Petersburg for a game this Sunday.

The hard-hitting Lamesa nine shelled B. Arthur, starting Post pitcher, from the mound after two-thirds of an inning, going on to score nine runs before the opening frame was concluded.

Alton Taylor, Billy Jones and Hal Jones also toiled on the mound for Post before the shelacking was over.

After the nine-run first inning, Lamesa went on to score two in the third, four in the sixth, five in the seventh and four in the eighth. They garnered 19 hits off

Hospital Technician Attends Convention

Miss Frances Finley, X-ray and laboratory technician at Garza Memorial Hospital, was in Houston last weekend to attend the annual convention of the Texas Society of X-Ray Technicians.

Delegates to the convention named George Blizard of Kerrville as 1956-57 president and Mrs. Wilma Hicks of Houston as president-elect to serve for 1957-58. Vice presidents named were Bill Goforth of Denison and Mrs.

Tommi Furushiro and Sister Mary Rosaria of Austin. Mrs. Irma Hanna of Beaumont is the new secretary and Miss Pat Wiley of Galveston treasurer.

Weekend visitors in the H. A. Smith home were Mr. and Mrs. Roland Trout of Rotan.

N. A. Lusby, Larry, Dana, and Patsy Lusby spent the weekend in Fort Worth visiting friends and relatives.

Local VFW Post And Auxiliary Will Be Represented At Spur Encampment

Several members of John Miller Post 6797 of the Veterans of Foreign Wars and its ladies' auxiliary plan to attend the spring encampment of District 7 in Spur on Saturday and Sunday, according to Bob Poole, newly installed commander of the post here.

J. W. Cole of Abilene, senior vice commander of the Department of Texas, VFW, will be a featured speaker at the spring encampment. Cole, a recognized authority on veterans' affairs and in matters relative to the opera-

tion of the VFW, is engaged in the insurance and investment business in Abilene.

Tom A. Everheart of Lubbock, commander of the posts in District 7, and his district staff have, with the help of Spur Post No. 7212, prepared an outstanding program for the meeting. Posts in District 7 come from Cochran, Hockley, Lubbock, Gaines, Crosby, Dickens, King, Stonewall, Kent, Garza, Lynn, Terry, Yoakum, Dawson and Borden counties. Ladies Auxiliary units from the same area will be in attendance under the presidency of Mrs. Louisa Everheart, also of Lubbock.

Registration of delegates begins at 3 p. m. Saturday, with an open house for visitors at 7 p. m. and a dance at 9 p. m. The Sunday program will include a memorial service, joint meeting of the posts and auxiliary units, church services, a luncheon and business sessions in the afternoon, at which time new district officers are to be elected.

District Commander Everheart has expressed the hope that the encampment may have a maximum attendance of the authorized delegates and members from the posts and auxiliaries in the district.

Two Post Trackmen Place In Regional

Only two members of the Post Antelope track team placed Saturday in the Regional 1 Track and Field Meet at Lubbock. Ray Gary won third in the 880-yard run and Tommy Murray placed fourth in the discus throw.

Post scored two points, which was the same number scored by Spur, another District 3-A team. Other District 3-A teams faring better were Abernathy, which scored 13 points, and Tahoka, which wound up with nine points. Abernathy's Leon Manley and Manny Connell placed first and second in the discus throw. Fred-

Post Cowboy Wins Saddle For Best Overall Time In Rodeo At Paducah

Jack Kirkpatrick of Post was awarded a saddle at the final performance Saturday night of the 14th annual Horse and Colt Show at Paducah for best overall time in all rodeo events.

Kirkpatrick had a 15.2-second average for two double muggings and two roped calves.

Day money for second performance in double mugging went to Jimmy Bird of Post with 15.2 seconds. Other winners were Dillard Nuckles of Elda, N. M., and Clifton Smith of Childress, 16.2.

Jimmy Moore of Post was first in saddle bronc riding. Other winners were Dean Myers of Crowell, Henry Cline of San Angelo and Windy Daniels of Electra.

Don Workman of Olton, well known to Post rodeo fans, was high point man in the bull riding event, and placed second to Bud Ham of San Angelo in the bare-

Constable In Race For Re-Election

J. A. Johnson this week authorized The Post Dispatch to announce his candidacy for the office of constable of Precinct 1, subject to the action of the Democratic primaries.

"I am announcing my candidacy," Johnson said. "For re-election to the office in which I am now serving and doing my best to fulfill the promise I made to the people when they elected me two years ago. Again, your vote will be appreciated in the July election."

J. A. (Julius) Johnson

Weekend visitors in the Sam Byrd home were Mr. and Mrs. Richard Swan of Pecos, Delbert Byrd of Matador, Mr. and Mrs. Wilber Stanley of Spur, Mr. and Mrs. Jackie Randolph of Lubbock, Mr. and Mrs. Frank Martin of Midland, and Mr. and Mrs. Bill Thomas.

Drivers Responsible For Children Safety, Says County Sheriff

"Children don't think, cars don't think, so YOU must think." Drivers today received that reminder of their responsibility for the safety of children in traffic from County Sheriff Carl Rains as he spoke of the current child pedestrian safety program being sponsored by the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"Drive as if every child you meet is your own little boy or girl," the sheriff said. "If you treat all children as you want other motorists to treat your children, you're not likely to run down a youngster who heedlessly darts into your path."

"This solicitous attitude is necessary," he said, "because children can't be expected to use adult judgment in traffic." On this score, he roundly condemned the driver who fails to give youngsters a break in traffic and who insists on right-of-way and other legal prerogatives.

"It's the nature of youth to be impetuous and sometimes heedless," he said. It's the duty of adults to protect children from the results of their own heedlessness, even if their actions are wrong."

The sheriff listed the following rules for drivers to follow in order to do their part in cooperating where children are concerned:

1. Always expect the unexpected where children are concerned.
2. Give young bike riders every break.
3. Drive with extreme caution near schools and playgrounds and any place where children may be expected to gather.
4. Be especially alert in school areas for signs, signals, traffic police, school patrols and for children themselves.

MRS. SMITH'S BROTHER DIES

Mrs. M. S. Smith received word last week of the death of her brother, Austin Newsome, Sr., of Port Arthur. He died on Monday and was buried Wednesday afternoon.

Mrs. Tom Arnett and Miss Darlyne Hulsey were weekend guests in the E. A. Baugh home in Rule. Lexa Acker, Jimmy Short, and David King spent Saturday in Lubbock.

Mrs. McMahon's Father Is Buried

Funeral services for E. L. Redd, father of Mrs. O. V. McMahon, were held at Three Rivers Monday afternoon at 3 o'clock. Burial was in a Three Rivers cemetery.

A former Garza County resident, Mr. Redd left here in 1919 and moved to Live Oak County, where he resided until his death. He had been a member of the Church of Christ since 1916 and had taught Bible classes and been active in all church activities until several months ago when he became ill.

Survivors are his wife, five daughters, Mrs. McMahon, Mrs. Doyal Grammer of Fort Worth, Mrs. Z. P. Lusk of Lorenzo and formerly of Post, Mrs. Calvin Tomme of Plainview and Mrs. Andrew Freeseer of George West, and two sons, Levi of Three Rivers and Raymond of Plainview.

Mr. and Mrs. Paul Jones and family spent Sunday in Brownfield with Mr. and Mrs. Glen Harris. While there Paul and Howard played golf.

die Apperson and Connell tied for second place in the high jump and A. C. Harris was third in the mile run.

Tahoka's Don Blair was second in both the 100 and 220-yard dashes and third in the broad jump. Gene Roberson of Spur placed third in the shot put for his school's only points.

Cotton Economy Of Texas In Peril, Area Bankers Warned

The South Plains Bankers Association was told at Lubbock Saturday that the cotton economy of Texas is directly affected by the threat of foreign competition to the American textile industry.

F. Sadler Love of Charlotte, N. C., secretary-treasurer of the American Cotton Manufacturers Institute, Central Trade Association of the Textile Industry, emphasized the increasing danger to the American textile industry from rising imports of cotton goods from foreign low-wage countries, especially Japan.

American mills, he said, use more than two-thirds of the American cotton crop. American cotton once made up about 60 per

cent of the total amount of cotton used by Japan. Now, however, Japan uses only about 17 per cent American cotton, buying most of her needs from Mexico and Brazil.

The textile wage scale in Japan is only about one-tenth that of American mills, thus giving Japan a considerable competitive advantage, he said.

Imports of cotton cloth in 1955 more than doubled the total for the previous year.

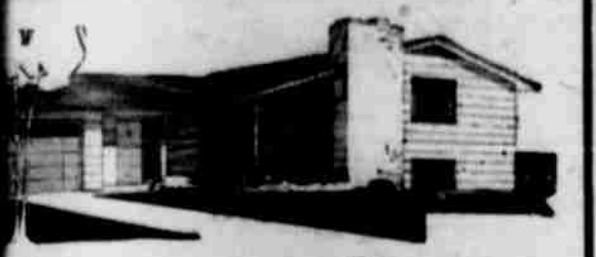

He cited government figures showing that during the last year Japan took approximately 25 per cent of the American market for gingham, 30 per cent of the velvet market.

ton crop in Texas exceeds the combined value of all other agricultural crops in the state.

Also on the program at the bankers' business session were Jeff H. Williams, a lawyer and humorist from Chickasha, Okla.; Bill Collins, president of the Lubbock Chamber of Commerce; James P. Simmons, president of the Commercial Bank and Trust Co. of Midland; Miss Iweta Miller of Houston, a regional president of the National Association of Bank Women, and Dr. J. Chess Lovren, pastor of Lubbock's First Methodist Church.

The meeting was conducted by H. T. Swanner, vice president of Citizens State Bank of Slaton. He was succeeded as president of the organization by Ray C. McPherson, executive vice president of the First National Bank of Pecos. Other newly elected officers are Vice President Tim O. Cook of the Lamesa National Bank, and Secretary-Treasurer C. A. (Neal) Duffy, president of the First National Bank of Amherst.

Almost 700 bankers and their wives attended the annual session. Representing the First National Bank of Post were Irbey G. Metcalf Jr. and Bill G. Humphrey.

"Although 1955 figures are alarming," he said, "early figures for 1956 are even more startling. In January of this year, imports of cotton cloth from Japan were four times such imports for the same month of 1955. We know now that Japanese can take any segment of the American textile market, whenever they want, wherever they want."

He said the South Plains bankers are extremely dependent on cotton—"wrapped up in it," in fact—since the value of the cot-

'STYLE SHOW' IS FEATURE OF SUNDAY EVENT

Girl Scout Troop Pet Show Draws 40 Entries; Winners Are Named

The second annual Girl Scout Troop 5 Pet Show was held Sunday at the Little House, with approximately 40 entries making the event a larger and more successful one than the show staged in 1955.

Honors were about evenly divided among competing troops, with competition almost forgotten in the excitement of keeping pets on leashes and in cages. Again this year, the entries in the cat division provided the most excitement, with two of the felines getting away from their young owners.

An added attraction was the out-of-town pet show, which was in charge of H. J. Dietrich. Here again this year was Martha Sanders, blind girl of Floydada, with her seeing eye dog. There was also a coin collecting monkey which took contributions for the Post Volunteer Fire Department's resuscitator fund.

George (Scotty) Samson and Lewis C. Herron judged the pets, and Miss Jessie Pearce was judge of the best-dressed pet show and the arts and crafts division.

Giles C. McCrary, president of the Post Girl Scout Association, and Clint Herring, treasurer of the organization, was commentator for the pet's style show. Mrs. C. R. Smiley had charge of the cold drinks concession.

The owners of the winners were: Best-dressed pet — 1. Dorothy Hoyle, 2. Cheryl Martin, 3. Jan Herring.

Slick-haired dog—1. Nita Wilson (Boxer), 2. Cheryl Martin (Chihuahua), 3. Tie between Betty Jo Hill (Chihuahua) and Dee Ann Walker (Dachshund).

Long-haired dog—1. Jan Herring (Pekingese), 2. Dorothy Hoyle (Pekingese).

Puppy—1. Glenda Hutto (Chihuahua), 2. Judy Ballentine (Terrier), 3. Paula Smith (Collie).

Horse—1. Pam McCrary, 2. Joyce Ann Corley.

Bird—1. Janith Short, 2. Lin Alyn Cox, 3. Betty Sue Hutchens.

Odd pet—1. Linda Pennell (dove), 2. Carol Camp (fish), 3. Phyllis Baker (fish).

Cat—1. Mary Williams, 2. Lin Alyn Cox.

In the arts and crafts contest, Troop 5 was first; Troop 1, second, and Brownie Troop 10, third.

Linda Ward of Lorenzo, a former member of Troop 5, won first place with her horse in that division, and also placed in the bird division. However, since she is no longer a member of a Post Girl Scout troop, first place in the horse division reverts to the second place winner, and the rankings change accordingly in the bird division.

Guide On Control Of Insects Available At Agent's Office

COLLEGE STATION (Sp.) — Cotton producers who apply insecticides at the proper time may expect an increase in yield of at least 100 pounds of seed cotton an acre for each treatment. This is a return of about \$6.00 for each dollar spent for insect control, says F. M. Fuller, extension entomologist.

As an aid for cotton farmers in their fight against insects, the Texas Agricultural Extension Service has just released its 1956 Guide for Controlling Cotton Insects. It is L-218 and is available from the offices of local county agents.

Covered in the guide are suggestions on early and late season control and early stalk destruction and farm cleanup; timing of insecticide applications; seed treatment with systemic insecticides and general information on spraying and dusting.

Also listed are the insects which are best controlled by early season or late season programs along with the recommended dusts or sprays for the control program. The recommended amounts and mixtures of the various insecticides for both dusts and sprays are given along with timely suggestions on timing of applications and when to begin and stop the use of insecticides.

The guide was prepared under the direction of Fuller with assistance from C. F. Garner, assistant extension entomologist and other members of the Entomology Department of the Texas A&M College System. All recommendations listed are based on the results of research work.

How to keep our sales curve on the UP and UP

VIEW AND FORECAST

The best looking sales curves in town are the result of "straight pitches" in the advertising columns of this newspaper. The reason why is easy to understand. When most people are in the mood to buy, the first thing they do is scan the ads here to get a quick, shopper's-eye-view of the market. That's what gives our advertisers a sharp selling edge on their competition!

We have certainly been missing Dessie Duren in our sewing room this week. Our last information was that Dessie was doing better Saturday, then quit taking her medicine, and then had a setback, and is right back from where she started. We hope that she gets better this week, and is able to work next week.

We are happy to have added Virginia Farr to our family in the Postex sewing room this week. Virginia has begun to learn to hem pillow cases and is learning very rapidly.

Byron Parrish is back at work in our Postex sewing room again after a long period of recuperating from an illness. Byron was not physically able to handle his job after having the illness, so he decided to quit until such a time that he could regain his strength. We are happy to have him back with us again.

A new addition to our family in the packing department is Delmer Partlow. Delmer is getting a good start and we hope to see him around for a long time.

Weekend guests in the Bill Norman home were Mr. and Mrs. J. L. Simmons and family of Dumas, Mr. and Mrs. Dyke Begley of Childress, and Mr. and Mrs. Mark Foster of Quannah.

Incidentally, we hear that they are drilling for oil on the Norman farm this week. Good luck, Henry Ray of New Home was a Monday night guest of the Ray Hodges.

Mr. and Mrs. J. D. Harmon and Mrs. Bessie Caston of Robert Lee visited Mr. and Mrs. Boyd Cople and family Sunday.

Dalton Cople of Hardin-Simmons visited in the V. L. Cople home Saturday and Sunday. He conducted the services at Close City Church Sunday.

Mr. and Mrs. Grover Bruster visited Mr. and Mrs. W. C. Carlton and boys in Midland Sunday.

Wilma Johnston and Ruth Martin visited Louzell Chandler while she was out sick.

Mr. and Mrs. John Sullivan and baby of Andrews visited in the Ross Sullivan home Saturday and Sunday.

REPRESENTATIVES TO BE IN POST MAY 4

District Office Will Give Correct, Prompt Answer To Your SS Problem

Ten thousand people can't be wrong! Not the 10,000 people who consult their local social security office in this country every day. They can't be wrong because each person receives expert advice about his own particular old-age and survivors insurance problem from highly trained and qualified representatives of the Social Security Administration.

It is urgent that you become one of these 10,000 if:

1. Due to a disability you are unable to work for an indefinite period of time.
2. Someone dies in your family

Even if you are otherwise eligible, benefits are not paid automatically. In order to receive old-age and survivors benefits you must file an application. Act promptly! The number of back payments which can be made is limited by law.

Don't rely on your neighbor or hearsay advice. Your local social security district office will give you a correct and prompt answer to your social security problem.

A representative of the Lubbock office will be in Post at 1 p. m. May 4 in the district courtroom. He will be glad to discuss any matters pertaining to social security.

Fair Share World Cotton Market May Be Regained By New Program

MEMPHIS, Tenn. (Sp.)—A cotton export sales program, details of which were announced this week by the Department of Agriculture, was hailed today as "the first step in regaining and maintaining a fair share of the world cotton market for the United States."

Wm. Rhea Blake, executive vice president of the National Cotton Council, declared that "a realistic export program, under which U. S. surplus cotton is offered for sale at competitive world prices, deals with one of the most pressing problems facing the U. S. cotton industry. This was one of the main points in the program adopted by the Council at its meeting in Biloxi, Miss., in January to improve cotton's competitive position."

Blake comment on the export sales program came in a report on recent legislative and administrative developments on cotton which he submitted to delegates and members of the Council, which represents all segments of the raw cotton industry. In discussing the Department of Agriculture's announcement that the 1956 cotton crop will be supported at 82½ per cent of parity, based on ¾ inch middling, Blake de-

clared, "82½ per cent, based on middling ¾ inch, indicates a support price for middling inch of approximately 22¼ cents per pound. This is 2¼ cents below last year. Based on these loan rates, the cotton support is approximately 87½ per cent of parity for the average of the crop. This 87½ per cent support for cotton compares with the support levels which have been announced for other basic commodities (all of which are based on the average of the crop) as follows: wheat, 84 per cent of parity; corn, 86 per cent; and rice, 83 per cent."

Other parts of the Council's program which were in the vetoed farm bill include: authority for the President to negotiate textile import quotas with individual countries as one means of ending the threat of rapidly expanding textile shipments to this country; bringing with the extra long staple cotton import quota all cotton having a staple length of 1-11/16 inches and longer and a directive to the Secretary of Agriculture to sell CCC's surplus stocks of extra long staple cotton for export at competitive world prices; incentive payments to compensate farmers for voluntarily reducing their cotton allotments; and directive for Secretary of Agriculture to develop improvements for calculating parity. "These legislative items are of great concern to the cotton industry. We will continue to press for immediate congressional action on these items that are urgently needed," Blake concluded.

LAWNS HOSPITALIZED

KINGSPORT, Tenn.—Holston Valley Community Hospital was teeming with Lawsons recently. At one time, there were 14 persons by that name. Two of them, in the maternity ward to add a couple of more Lawsons, both were named Dorothy Marie. Nurses solved that one by calling them by their husbands' first names: George Washington and Andrew Jackson Lawson.

POETRY IS FOR THE EARS

COUNCIL BLUFFS, Iowa—Mrs. May Arbuthnot, professor emerita at Western Reserve University, Cleveland, gave a teachers' meeting here this advice: "In the elementary schools, I think that poetry should be heard and not seen. If the children hear poetry first, it is much better and there is no need to terrorize them by demanding memory work."

In 1955, 8,130 pedestrians were killed in U. S. traffic accidents.

Tuberculosis Drops From List Of Ten Leading 'Killers'

AUSTIN (Spl.)—Last year for the first time since the Texas State Department of Health began keeping records of the cause of death, tuberculosis did not appear in the list giving the ten leading causes of death. Dr. Henry A. Holle, commissioner of health reports that tuberculosis dropped from tenth place to eleventh and diabetes, a newcomer in the first ten, was in ninth place.

Fifty years ago tuberculosis was first as a cause of death in Texas. It was sometimes called "Captain of the Men of Death" and the "Great White Plague." A concerted program for the elimination of this disease has been carried out over the years by official and non-official agencies with the help of the medical profession. Since 1940, the drop in deaths from this disease has been most rapid.

Dr. Holle warns the public not to become complacent about the situation, as 816 Texans died of this disease last year. The State Health Department carries on an extensive mass X-ray survey program to detect the disease in its early curable stage. These mass surveys not only discover tuberculosis but certain heart conditions, cancer and other abnormalities in the chest area. Advancement in methods of treatment, surgery and antibiotics all have contributed to lowering the death rate and returning the victims of tuberculosis to useful occupations.

Diabetes claimed 896 lives. This is a disease for which there is no known cure. When it is discovered early and kept under close medical supervision, diabetes need not interfere with its victims regular way of life. The disease can be kept under control by diet, insulin injections or a combination of these as decided by the doctor.

Mr. and Mrs. Ray James spent the weekend at Sundown with Mr. and Mrs. Harry Berry.

TAX EXPERTS TO ANSWER EMPLOYERS' QUESTIONS

WTCC Plans Series Of Clinics On Unemployment Compensation Taxes

ABILENE (Spl.)—How to save money in paying unemployment compensation taxes will be explained to employers this spring in a series of "clinics" sponsored by the West Texas Chamber of Commerce.

With tax experts from the Texas Employment Commission on hand to give information and to answer questions, the series begins on May 1 at Dalhart and May 2 at Plainview.

Now included under provisions of the Unemployment Compensation Act by the last Texas Legislature are most employers of four

or more persons. It is estimated that more than 35,000 additional Texas businesses are affected by the new law.

Open to the public, the Dalhart meeting is scheduled at 2 p. m. in the Junior High School Auditorium, and the Plainview meeting is to be held at 2:30 p. m. in the City Auditorium there.

W. E. R. Smith of Dumas, chairman of the Employers' Payroll Cost Committee, and R. C. Jordan of Amarillo, chairman of the State Affairs Committee of the WTCC, will preside at the meetings.

Purpose of the clinics, to be conducted throughout the region of the West Texas Chamber of Commerce, includes:

1. To guide employers to savings in unemployment taxes.
2. To provide a group of experts to answer technical questions about the unemployment compensation law and its administration.
3. To bring employers up to date on recent changes in the law.
4. To distribute, free of charge, a pamphlet recently published by the WTCC in cooperation with the TEC entitled "Texas Employers Guide to Savings in Unemployment Taxes."

Similar clinics will be held in Fort Worth on May 10, in Odessa on May 17, and at other cities to be announced later.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending April 21 were 25,511 compared with 23,668 for the same week in 1955. Cars received from connections totaled 12,239 compared with 13,283 for the same week in 1955. Total cars moved were 37,750 compared with 36,951 for the same week in 1955. Santa Fe handled a total of 37,425 cars in preceding week of this year.

Saturday is the most dangerous day of the week to drive.

Lubbock Layman, George Ellis Are Speakers At Methodist Church

The Rev. Jim Tomlinson became ill last week while visiting in Lubbock and was unable to conduct services at the Methodist Church Sunday. J. W. Gambel, Lubbock layman, spoke at the local church Sunday morning. George Ellis conducted the evening service. Visitors for the morning service were Mr. and Mrs. Jack Stevens of Muleshoe, guests of the Wilbur Fields; Ross Dunn of Abilene, weekend guest of his parents, the Herbert Duns; Miss Linda Livingston of Post and Sharon Saunders.

Mrs. Billy Poole, wife of the Baptist minister, became ill last Monday while attending W. M. U. and was carried to Slaton Mercy Hospital, where she underwent treatment for a few days. The Poole's sons, Charles and Danny, are visiting their grandmother, Mrs. Leonard McGowan, in Lubbock.

Ronald Huddleston of Abilene Christian College spoke at the Gordon Church of Christ Sunday in the absence of the minister, W. M. McFarlan.

Mr. and Mrs. Floyd Pearson of Lorenzo and the Robert Lees of Slaton visited Saturday night with Mr. and Mrs. Fred Davidson and Louise. Pearson showed pictures he made on a recent trip to California.

Mr. and Mrs. Merthem Lewis of Lubbock were guests of the Tom Barnes last week.

Mrs. Howard Louder of Wichita Falls and Sam Hampton of Goree visited in the J. S. Hampton home last Thursday. They are Hampton's sister and brother.

Mrs. J. O. Roberts, fourth and fifth grade teacher at Southland, entertained her pupils and their parents with a picnic Friday.

Mrs. Gene Anderson and Zona Zoe of Slaton visited the Leonard Andersons last Sunday.

Mr. and Mrs. Travis Dabbs and son and his brother, Gerald, and Melvin Barham of Lubbock were Sunday guests of the Herman Dabbs family.

Mr. and Mrs. Claude Daugherty and son of Slaton attended the Gordon Church of Christ Sunday and visited her parents, the Claude Spences.

Bonnie Ellis and Donald Pennell attended the ball game in Lubbock Saturday night.

Southland seniors were honored at a supper at the Baptist Hall Monday night. The W. M. U. members were hostesses for the event.

The Clarence Terrys of Lubbock were Sunday guests of her parents, the S. M. Truelocks.

Mrs. J. P. Manly of Post visited her brother-in-law and sister, the Earl Morris, Friday.

Scoutmaster Edmund Wilke and family, the F. W. Callaways and Dan Siewerts took the Southland

Former Resident Of Post New Associate Of Bank At Tahoka

A. Charles Verner, former Post resident, has become associated with the First National Bank of Tahoka.

Verner's association with the bank came as a result of the serious illness of W. B. Slaton, active in management of the bank for many years until suffering a stroke on March 11.

Verner was born and reared in Piedmont, S. C., and following his graduation from Clemson College, he became associated with Calhoun Mills, a chain of cotton textile plants.

His work was interrupted by the war, and he served in the Army in both the European and Pacific theaters of operation, and was discharged a major.

Returning to his work with textile mills, he became associated with Ely & Walker Dry Goods Co. of St. Louis, who purchased a number of cotton mills, among them the Postex Mills from the Post Estate.

Verner was sent by his company to Post to reorganize the production and business set-up of Postex Mills. Following his marriage in 1947 to Miss Myrna Dean Gagnat of Tahoka, he became associated with the Gagnat enterprises in Tahoka and has lived there since that time.

More than 78% of vehicles involved in fatal accidents in 1955 were traveling straight ahead. Approximately 15,730 persons were killed in weekend traffic accidents last year. Three out of four accidents happen in clear dry roads.

"Wash-bowl" wash no more!

Be a weary pin-up girl no more!

MAYTAG
All-Fabric
AUTOMATIC

MAYTAG
No-Vent
DRYER

Actually duplicates hand-washing methods:

- Washes gently because agitation and spin-speed are slow. As little as one minute wash time! (Regular speed for regular fabrics.)
- Allows even cold water wash and rinse, automatically! Warm or hot, too, of course.
- Matches water to load. Automatic Water Level Control saves up to 1 1/2 gallons per small load, automatically! Of course, regular fabrics get the regular MAYTAG treatment.

Rids you of the work and weather worries of line drying, and every dryer drawback as well:

- No more awkward, expensive, vent pipe.
- No more humid heat that's tough on walls.
- No more lint on the floor.

MAYTAG's patented water extractor ends all these annoyances. Clothes come out fluff-dried, smelling fresh as fresh-air dried!

Beef, Onions Given Top Billing On Area Plentiful Food List

The supplies of beef and onions in the southwest area are so plentiful that the U. S. Department of Agriculture has given them the feature spot on the May plentiful foods list, announces Miss Jessie Pearce, Garza County home demonstration agent.

Beef production is running from 15 to 20 per cent higher than last year at this time and wholesale beef prices are averaging 10 to 15 per cent lower.

With the acreage planted to early spring onions averaging a third more than last year, a bumper crop is now moving into marketing channels. Shipping point prices are about half what they were at the same time last year.

Other foods plentiful in this area include broilers and fryers, milk and other dairy products, grapefruit, dates, canned and frozen cherries, rice, peanuts and peanut butter, lard and dry beans.

The official plentiful foods list for this area is based on food stocks reported to the southwest food distribution division, Agricultural Marketing Service, Dallas.

TEXAS OIL PIONEERS

First Texas Oil Gusher Was Named For Immigrant Anthony F. Lucas

(Editor's Note: This is the second in a series of sketches compiled from records of "Oral History of Texas Oil Pioneers," University of Texas. Persons who can contribute additional information, documents, or photographs of early oil fields should write to the Archives Collection, Box 7767, University Station, Austin, Tex.)

By WILLIAM A. OWEN

The man who gave his name to the first Texas oil gusher was Anthony F. Lucas, born Luchich in Dalmatia.

He was graduated in mining engineering and then from the Austrian Naval Academy. At 24, soon after he was commissioned a lieutenant, he came to America to visit an uncle in Michigan.

Finding mining more promising than the Austrian Navy as a career, he changed his name to Lucas, as his uncle had done, and settled in America.

He was a large man, strong, quick in movement, handsome, friendly with all kinds of people he met as he traveled over America.

In 1887 he married Caroline Fitzgerald of Macon, Ga., and she went with him from mining camp to mining camp even after their son was born.

One of these journeys, in 1893, took him to Louisiana, where he was exploring for sulphur. During that time he discovered a fine salt deposit on Jefferson Island, the property of his friend Joseph Jefferson, the actor famous for his portrayal of Rip Van Winkle.

When Pattillo Higgins was forced to advertise for outside help he received one, and only one reply. It was from Anthony F. Lucas. At Higgins' invitation, Capt. Lucas came to Beaumont and looked Spindletop over.

Capt. Lucas already had evolved the dome theory in relation to oil deposits. When he saw that the mound at Spindletop was a salt dome, he was eager to test his theory.

He moved his family to Beaumont, to a house about a mile from the test location.

With the assistance of Higgins,

he leased some land and put down a test well. It seemed promising, but before he could bring it in, gas pressure collapsed the pipes. He was able to save only three demijohns of black oil.

His personal resources exhausted, he was on the point of giving up, but his wife put her foot down and would not let him.

He turned to Eastern capital—first to Henry C. Folger and Calvin Payne, who after an inspection of the site refused him; and then to Guffey and Galey of Pittsburgh, who were operating in the Corsicana field.

Guffey and Galey were willing to invest money if he could lease sufficient land and would be willing to employ the Hamill Brothers of Corsicana to drill the well.

He leased 40,000 acres of land, the Hamill Brothers got the contract, and the gusher was drilled.

Capt. Lucas, in a store in Beaumont at the time, did not see the well blow in. Mrs. Lucas, standing in her door, saw the oil spout up. Her faith had been rewarded.

Once the well was a success, beyond the wildest hopes of Lucas and his backers, people could not say enough good about him. Citizens of Beaumont gave a gold medal the size of a silver dollar. On one side was a representation of the gusher; on the other a star with a diamond in the center and the word TEXAS.

Texans had made him their own.

VA Questions And Answers

Q. I recently exchanged my World War II GI permanent insurance policy for a reduced amount of paid-up insurance, on which I no longer will have to pay premiums. Will this paid-up insurance give me the same benefits as any other permanent GI policy?

A. Yes. Your paid-up insurance will have cash value, a loan provision, and will share in all GI dividends.

Q. I am eligible for Korean GI Bill training, but I am thinking of going back into active military service. Could I take a GI correspondence course while I'm in uniform?

A. No. Under the law, veterans may not receive Korean GI training while on active duty—even though they meet all the law's other basic requirements.

Q. Will I be required to pay an extra fee if I want to pay off part of my GI home loan in advance? I know that in some mortgages, a penalty must be paid for making such payments.

A. Under the GI loan program, loans may be paid off or reduced without the payment of any fee, extra charge or penalty.

Q. May I receive VA outpatient care for treatment of nonservice-connected disability?

A. No. Under the law, outpatient care generally is limited to veterans who need it for service-connected conditions.

Rites Held For Post Resident's Mother

Funeral and burial services for Mrs. Nora A. Bain, 85, a resident of Donley County since 1920, were conducted at 2:30 o'clock Monday afternoon at Clarendon, with burial in the cemetery here.

Mrs. Bain, who was the mother of Mrs. Charles Didway of Post, died at 1:30 o'clock Sunday afternoon following a long illness.

She was a native of Georgia and had lived in Wise County and in Oklahoma before moving to Clarendon. Her husband, R. L. Bain and two daughters, Mrs. Virgil Cocanougher and Mrs. Stella Hill, preceded her in death.

Besides the daughter of Post,

Mrs. Bain is survived by seven sons, Grady of George West, Charlie of Childress, Howard of Chattanooga, Okla., Joe of Phillips, and Regan, Olin and James Bain, all of Clarendon; four brothers, 24 grandchildren, 40 great-grandchildren and one great-great-grandchild.
