Four Schools Are To Be Represented In County Spelling Bee Here Friday

SPELLING CHAMP AND RUNNER-UP—Miss Pat Wheatley (seated) and Miss Virgie Bailey won first and second, respectively, Friday in the Post schools' Spelling Bee to determine representatives for the county bee here tomorrow. Pat, the daughter of Mr. and Mrs. Henry Wheatley, correctly spelled "apology" after Virgie had missed it, then correctly spelled "apology" to clinch the championship. Virgie is the daughter of Mr. and Mrs. Clarence Bailey. Both girls are eighth grade students.—(Staff Photo.)

FILING DEADLINE 10 DAYS BEFORE ELECTION

Trustee Elections Scheduled April 7

Trustee elections will be held Saturday, April 7, in all common and independent school districts of Garza County, and for three members of the county board of education.

Filing deadline for candidates is 10 days before the election. Candidates for the county board and for boards in common districts are to file with the county judge. Those seeking election in the independent districts will file with their board clerk.

County board members whose terms expire this year are H. F. Wheatley, at-large; Sam Ellis, Precinct 1, and Mrs. Doyle Justice, Precinct 4. Other members of the board are George Ramage, Precinct 2 and J. C. Fumagalli, Precinct 3.

Two trustees will be elected in the Post Independent School District, where the terms of Leo M. Acker and Paul Jones are expiring. Holdover board members are Shelley Camp, Ira Farmer, J. L. Ballentine, Robert Cox and Clint Herring.

At Southland, two trustees will be elected. Terms expiring are those of Dillard Dunn and Wesley Scott. Other board members are Herman Dabbs, J. H. Huddleston, Walter Stolle, Clarence Basinger and Reynolds Halliburton.

The terms of C. L. Morris, Barnie Jones and D. C. Morris are expiring at Close City, where other board members are L. G. Thuet Jr., R. H. Sappington, D. H. Bartlett and W. H. Childs.

Two trustees will be elected at Graham, where the terms of A. O. Parrish and Dillard Thompson expire. Other board members are Luther Bilberry, Leo Cobb, Melvin Stewart, James Doggett and Mack Ledbetter.

At Justiceburg, three trustees will be elected, one to fill a vacancy created by the resignation of Henry Key. Terms expiring are those of Lee Reed and Bandy Cash, who was appointed to the board after Raymond Key resigned. Other board members are Mason Justice, Elton Nance, Roland Sullenger and H. F. Ainsworth.

The term of Russell Wilks Jr. is expiring at Grassburg, where other board members are A. I. Cross and Kenneth Warshaw.

At Garnolia, where two trustees are to be elected, terms expiring are those of Bryan J. Williams and E. L. Short. Holdover board members are W. D. White, B. W. Francis, Raleigh Ray, Glenn Mathis and Thurman Francis.

DR. HARRY A. TUBBS TO ASSUME PRESIDENT'S POST IN JULY

Rotary Club Elects Officers

DR. HARRY A. TUBBS

Dr. Harry A. Tubbs was elected president of the Post Rotary Club at a meeting Tuesday following the regular weekly luncheon.

Irby G. Metcalf Jr. was elected secretary, and Carl Cederholm, outgoing president, will automatically become vice president when the new officers take over early in July. As secretary, Metcalf will succeed Harold Lucas.

Dr. Tubbs, Giles C. McCrary and Metcalf were elected to the board of directors preceding the election of officers. They replace E. R. Moreland, R. J. Jennings and R. H. Tate.

Holdover members of the board are Bill Edwards, Bill DeWalt, Lowell Short and Cederholm.

Also at Tuesday's luncheon, secretary Harold Lucas made a report of club finances.

Students representing four schools—Post Junior High, Justiceburg, Graham and Close City—will compete at 2 o'clock Friday afternoon in the fourth annual Garza County Spelling Bee, County Supt. Dean A. Robinson, Bee director, said Tuesday.

This year, for the first time, the Bee is being held in the district courtroom on the second floor of the courthouse. Previous Bees have been held in the grade school auditorium.

Robinson has announced that Mrs. G. N. Hagood will be pronouncer for tomorrow's event.

Mrs. Loree Thaxton has been named as alternate pronouncer, but will serve as a judge if she isn't called upon to pronounce. Other judges will be Supt. R. K. Green and Mrs. Nell Compton.

The Post Chamber of Commerce will award cash prizes of \$15, \$10 and \$5 to first, second and third place winners.

The Garza County winner will qualify for the area Spelling Bee, which is to be held in Lubbock on March 17. The area winner will be eligible to compete in the National Spelling Bee in Washington, D. C., on May 12.

For the first time in the event's four-year history, the Post school is not represented by a boy. Winners in the school Bee held last Friday were Patricia Wheatley and Virgie Bailey. Previous Garza County champions, all from Post, have been Howard Jones, Victor Hudman Jr. and Jimmy Short.

Friday's 'Duster' Hit Croplands Hard Blow

Friday's howling sandstorm started lots of land to moving that hadn't been moving, according to County Agent Lewis C. Herron.

Considerable damage to cropland resulted from the blowing, the agent said.

Most farmers have listed their land, and most irrigation wells are running, the agent reported.

Meanwhile, lack of moisture continues to blight hopes for a good crop year. Moisture since Jan. 1 has totaled only .58 of an inch, most of that coming from the big snow. The last moisture registered here in 1955 was on Nov. 7, when .03 of an inch was measured.

Grid Squad's Benefit Supper To Be Friday

Tickets went on sale today for the Post Antelope football squad's supper to be held from 6 until 8 o'clock Friday evening in the school cafeteria.

Proceeds from the supper will be used to help defray expenses of the annual pep squad-football banquet to be held Tuesday, March 13.

Tickets for tomorrow's supper are selling at \$1 for adults and 50 cents for children. The menu will consist of ham, beans, potato salad, pie, cake, coffee, tea and milk.

Sammy Baugh, head football coach at Hardin-Simmons University, will be speaker at the March 13 banquet, according to Coach Vernon Ray.

Church Census Plans Mapped By Ministers

Plans for a city-wide religious census Sunday, March 11, were completed Tuesday evening at a meeting of members of the Post Ministerial Alliance at the First Baptist Church.

The census is to get underway at 1 p. m. All workers are asked to bring sandwich lunches and assemble at the First Baptist Church by 1 p. m. Following a quick lunch, the workers will receive instructions and materials for the census.

All residents who find it possible are asked to be at home between 1 and 3 p. m. the day of the census in order that they may be enumerated.

The Rev. Roy Shahan is director of the census. The Rev. W. L. Porterfield is chairman of the zoning committee, other members of which are the Rev. J. R. Brincefield and the Rev. Clinton Edwards. The Rev. Almon Martin is in charge of publicity for the census.

Public Schools To Hold Open House

Public Schools Week observance Monday night with a musical program in the grade school auditorium, Supt. R. K. Green has announced.

The high school and beginner's band and high school and elementary school choral groups will present the musical program, the superintendent said.

Throughout the week, patrons are invited to visit the local schools as a part of the observance. Pupils' work will be displayed at the elementary building.

The superintendent reminded patrons that the observance here will be cut to four days because of the annual teachers' meeting to be held Friday, March 9, in Midland. There will be no school on that day.

Next Thursday afternoon's Parent-Teacher Association will emphasize the Public Schools Week observance, Green said.

Also as a part of the observance, four Student Council members will appear in programs at civic club meetings during the week. These students, along with Principal Glenn Whittenberg, will be in Midland Friday and Saturday to attend the annual convention of the State Association of Student Councils, and will report on the convention in their talks before the club groups. Students who will attend the convention are Bill Stephens, Noel White, Linda Livingston and Dixie Davis.

March 10 Set As Stock Show Date

The annual Garza County project show for 4-H Club and Future Farmers of America will be held Saturday, March 10, it was announced this week by County Agent Lewis C. Herron and FFA chapter adviser E. F. Schmidt.

A site for the show had not been decided on late Wednesday.

Approximately 30 calves and 20 barrows will be exhibited by the 4-H Club and FFA members.

Some of the Garza County boys will exhibit their calves and barrows at the South Plains Junior Fat Stock Show in Lubbock March 19-21.

Members of 4-H Clubs planning to exhibit their animals at Lubbock are John T. Brown, steer and barrow; Dean Huddleston, steer and three barrows; Donald Young, barrow, and Lewis Herron III, barrow.

Grand Jury Indicts Johnny Johnson

Two indictments, one charging assault with intent to murder and the other charging forgery, were returned Monday by a district court grand jury here.

Johnny Johnson was indicted on the assault with intent to murder charge as the result of a shooting fray here last Dec. 5, in which both he and Deputy Sheriff J. W. (Red) Floyd were wounded. Johnson's bond has been set at \$1,000.

The forgery indictment was returned against Charlie Barber, who was being held in county jail Tuesday in lieu of \$750 bond. He is accused of passing a forged check for \$35.60 here last September.

Members of the grand jury were: Walter Boren, foreman; V. H. Anderson, Robert Cox, Tom Henderson, J. P. Ray, Charles Witt, Novis Rodgers, G. F. Carpenter, Ira Farmer, Lewis C. Herron, Mrs. Ruby Kirkpatrick and Mrs. Morris Neff.

'Leap Year' Baby Is Born To Chancellors

One of the few "Leap Year" babies ever born in Post—if not the only one—was born to Mr. and Mrs. James Chancellor at 11 p. m. Wednesday at Garza Memorial Hospital.

The new arrival, a girl, weighed seven pounds and one ounce.

Dr. D. C. Williams, attending physician, said the baby was the first one he had delivered on a Feb. 29 in more than forty years practice here.

'Pest Exterminators' Swindle Two Post Widows Out Of \$611

Three men posing as pest exterminators have swindled two elderly Post widows out of \$611, Sheriff Carl Rains said Tuesday.

In each instance, the sheriff said, the men told their victims that a recent act of the Texas Legislature provided that they would be reimbursed for whatever they spent to have their houses rid of termites and other pests.

At one place, the sheriff said, the widow was shown a check already made out and was told that she would receive the check

after the exterminating job was completed.

The women, whose names were not divulged by the sheriff, reported the incidents after they became suspicious, the officer said.

"They gave us a description of the men, but outside of that we don't have a thing to go on—no car license number, no nothing," the sheriff said.

Names and addresses the men left with their victims have turned out to be fictitious, Rains said. He said his department had also checked with a pest exter-

minating firm one of the men said he represented, only to learn that the firm had no one answering the description in their employ.

"We're still looking for them," the sheriff said, "but they may double back before we catch up with them. We request the public not only to make a thorough check before making any deals to have their houses exterminated, but also to notify us if any of these so-called exterminators show up trying to make a trade."

Study Is Under Way On School Expansion Plans

Plans for improving the financial structure of the Post Independent School District to take care of a proposed bond issue for an expansion program at the high school were to be discussed Wednesday night at a subcommittee meeting of the Citizens Advisory Committee.

The citizens committee met Monday night with the school board and was shown architects' plans for a high school building program which would cost approximately \$300,000. The project would include two new wings on the high school building and extensive remodeling of the present structure.

The additions to the building would make it possible to move the homemaking department, now on the second floor of the building, into adequate quarters in one of the new wings. The second floor would be completely remodeled for a science department which would include chemistry and biology laboratories, a lecture room and adequate storage space.

The building program would also result in a new library and study hall, which are now combined, and in seven new classrooms. Other improvements would include better facilities for the commercial subjects department and new restrooms.

Mystery Of Javelina On Ranch Near Post Is Believed Solved

"What was a javelina doing in this section of the country?" was the question frequently asked a few weeks ago after one of the animals was killed on the Calloway Huffaker ranch, south of Post.

Joe Landrum of Fluvanna said this week he thinks he has the answer. The 35-pound "wild hog" shot by Gerald Huffaker, son of the ranch owner, is believed to be one which had wandered from a wild game refuge recently established on the R. C. Miller ranch in Borden and Garza counties.

Landrum said an area on the Miller ranch had been leased for five years by the federal and state governments and 27 javelinas and 24 white-tailed deer turned loose there. The Fluvanna man, who is one of the sponsors of the project, said plans are to stock wild turkeys, if the other game does well. The number of deer on the game refuge is expected to be increased to approximately 200 this spring and next fall.

Landrum asks that the public help protect the wildlife stocked on the Miller ranch by reporting stray animals.

Javelinas in their native state, Landrum said, are found mainly in the Rio Grande border country of southwestern Texas.

Wheatley Rites Are Conducted Monday

Clark Kenton Wheatley, 89, died Friday afternoon at the home of his son, H. F. Wheatley, in the Close City community. He and Mrs. Wheatley had made their home with their son for about a year.

Services were held at 3 p. m. Monday at Waxahachie, where the body was carried Saturday by Hudman Funeral Home. Rites were conducted in the Chapel of the Chimes with a Mr. Mills of Ennis officiating. Pallbearers were members of the Reorgan Springs Church of Christ, of which he had been a member for 60 years. Burial was in Waxahachie Cemetery.

Mr. Wheatley was born July 30, 1866, in Tennessee. He was a retired farmer.

Besides the son of Close City, Mr. Wheatley is survived by his wife; one daughter, Mrs. Verna Hayes of Midlothian; a brother, H. H. Wheatley of Maypearl; a sister, Mrs. Worley Dickey of Quitman; seven grandchildren and 17 great-grandchildren.

Rodeo Group Sets Monday Meeting

The 15th annual stockholders' meeting of Post Stampede, Inc., will be held at 8 p. m. Monday in the City Hall, according to notices mailed this week by Homer McCrary, secretary.

Business at the meeting will include election of officers and directors and discussion of plans for the 1956 Stampede Rodeo.

Present officers are: J. E. Birdwell, president; W. S. Duckworth, vice president; Phil S. Bouchier, manager; Jack Meeks, assistant manager; McCrary, secretary, and Novis Rodgers, arena director.

Directors are: Harold Voss, Ira Greenfield, Lee Byrd, G. W. Connel, E. A. Warren, Bryan J. Williams, Shelley Camp, Powell Shytles, Mike Custer and Jack Burrell.

MEET THE TEACHERS

Teacher Devoting Time To Favorite Subject

If all students enjoyed studying mathematics as much as Mrs. Vernon A. Lobban enjoys teaching the subject, there'd be higher grades at the end of each six weeks period.

Mrs. Lobban said that one reason she left the Justiceburg School, where she had been principal for 12 years, to accept a teaching position in the junior high school here was because she wanted to teach mathematics. Now in her second year here, Mrs. Lobban teaches the subject to sixth and seventh grade students.

"My desire to be a school teacher dates back to an early age," Mrs. Lobban said. "Some of my happiest hours as a high school student came on those occasions when I was called upon to substitute teach in some of the lower grades."

Mrs. Lobban began teaching when she was 18 on a teacher's certificate and is still doing summer work toward her degree. A graduate of Abilene High School, she has attended Hardin-Simmons University and Texas Tech.

She began her teaching career at the China Grove School in Scurry County. After two

years there, she married and did not resume teaching until accepting the position at Justiceburg.

It was a one-teacher school then, and held that status until about six years ago when two teachers were employed to take care of the more than forty pupils enrolled there. This year, See TEACHER, Page 8

MRS. VERNON A. LOBBAN

Thursday to Thursday
By CHARLES DIDWAY

A FEW WEEKS ago we had what most of the old-timers described as the biggest snowfall in history, and a few of them already have been heard to say that Friday's snowstorm was the worst in years. Let's hope the pattern is followed and that it won't be many weeks before the old-timers come up with the observation: "That was the best rain we've had in umpteen years."

THE REASON CRIME doesn't pay is that when it does, it is called something more respectable.

THIS IS THE first day of March, and already a number of important dates are upon us. The fourth annual Garza County Spelling Bee is to be held tomorrow, and stockholders of Post Stampede, Inc., will meet Monday evening to elect officers and directors and make plans for this year's stampede and rodeo.

SPEAKING OF DIRECTORS, Charles Hudman, formerly of Post has been elected to the board of the Crosbyton Chamber of Commerce.

THE SATURDAY EVENING POST has taken editorial notice of the popular song "Sixteen Tons"—a lugubrious, but catchy, number which tells of a coal miner who is mercilessly exploited, works like a dog, and owes his soul to the company store.

OF THIS MINER the Post says: "What we would like to know is where he works. If he is working at the face of the seam as part of a two-man gang using the almost universal mechanical cutters, loaders and motorized buggies, sixteen tons is way below average output. Considered as just one mine employee, together with supervisors, timekeepers, tippie operators as well as miners, he is a little above average with sixteen tons."

"BUT IT DOESN'T matter. He will be working by the hour at not less than \$2.43 an hour, and not by the ton. If he works seven and a half hours in the mine, plus an hour from portal to work and work to portal, he makes \$20 a day, and right now he is probably working 200 days a year. Is this killing him, as the song implies, or driving him further and further into debt at the company store?"

"IN ANY EVENT, the miner, on every one of his sixteen-ton days is adding \$6.40—at forty cents per ton—to a welfare fund which will provide for his old age, toward which he is advancing at the rate of twenty-four hours a day."

POPULAR SONGS, no matter how transitory, are an art form. And art does not always have contact with reality. "Sixteen Tons" is a prime example.

SINCE WE'VE HAD several inquiries at the office here as to the whereabouts of the School Tax Office, we don't think it would be repetitious to again mention the fact that it is now located at the high school, where it was moved Feb. 1 from its old location in the City Hall building.

ONE FELLOW CAME in the other day, asked us where the tax office had moved, then

Roger W. Babson Writes This Week:

Every One Of 48 States Has Its Advantages, Disadvantages As Places In Which To Locate

BABSON PARK, Mass.—During these cold winter months, I get many letters asking where to locate to get an easy living. Frankly, I do not know of any such locations.

Every State Has Advantages
Every one of our 48 states and 3 territories has its advantages and disadvantages. The South is very attractive during the winter season; but its summers do not encourage ambition and progress. The Pacific Coast has a wonderful climate; but is becoming overpopulated by job seekers. New England leads in educational facilities; but it is handicapped by high-cost power and by its distance from both raw materials and markets.

The Central West appears to be the surest place to make a living; but it holds few speculative opportunities,—not so many as does the Southwest, such as Texas. Two hardy young people with self-control could probably save money easiest in Alaska; while Washington, D. C. would be the most difficult place to lay up savings. Unfortunately, the saying "Easy come—easy go" applies to every part of our great country.

What About Big Cities?
I advise young people not to settle in our biggest cities. This advice applies especially to large seaboard cities such as Boston, New York, Philadelphia, Baltimore, Los Angeles, and even San Francisco. Because of the automobile and the trek to the suburbs, these cities are going through changes which are difficult to forecast. Frankly, I believe young people make a mistake in settling therein.

The above advice is wholly apart from the possibility of the big cities being bombed in case of World War III. Although such a war is not now in sight, the best authorities seem to agree it is inevitable sometime. It, therefore, might be unwise now to buy property in one of these big seaboard cities or even in the immediate suburbs. In fact, as this belief becomes more general, just the fear of war could depress the prices of such property, even though this fear might also force higher wages. But, what would higher wages amount to if you should be bombed?

PUBLIC SCHOOLS WEEK . . .

The best way for the patron to be a participant in the annual Public Schools Week, March 5 through 10, is to visit one or all of the local schools. You will enjoy the experience of going back to school—if but for a day.

At the high school, you can make a tour of the building and see for yourself conditions which have given rise to the expansion and improvement program now being planned there.

At the junior high school building, occupied only a little more than a year, you can see one of the finest structures of its kind in West Texas.

At the grade school building, you can see a comparatively new structure, but one which was overcrowded, along with the high school, before the new junior high building was completed.

Whatever your views on the problem of desegregation, your visit should also include a trip out to the Negro school, where you will be likely to get some impressions which might help you make up your mind one way or the other when the time comes for a local-level decision on one of the biggest issues of the day.

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

We feel that labor unions have served useful purposes in the past. However, if they are to continue to serve the best interests of the people, labor leaders must realize that restrictive tactics and "feather-bedding" produce not more jobs, but fewer jobs in this age of mass-production, prefabrication and automation.—Covington, Tenn., Leader.

took on a crestfallen look when we told him. "For a minute there, chum," he said. "I thought you were going to say they'd done away with it altogether."

A BUSY BASKETBALL season has ended for something like a dozen school teams here, with attention of many of the boys turning to track, and that of the girls to volleyball. Tommy Murray, high scorer on the Post Antelope varsity team, is still in the basketball groove, however, having joined a Tahoka team of independents.

MOST MARRIED COUPLES patch up their old quarrels until they are as good as new ones.

WHEN A WOMAN filling out an application came to the blank marked "age," she didn't hesitate. She simply wrote: "Atomic."

MAKE PLANS NOW to visit at least one public school during Texas Public Schools Week, which begins Monday and continues through March 10.

WE'D BETTER GET used to the comparatively new word, "interposition," we've been seeing so much of the last few days. We might even run up against it on the July election ballot.

PARTING THOUGHT: One way to get a perfect hatch for your troubles is to brood over them.

Getting Out On The Limb

By EDDIE the editor

SINCE MENTIONING in last week's column that we hadn't heard of a flying saucer being reported in several months, we have received the following letter from the Civilian Flying Saucer Intelligence of Seattle, Wash.:

DEAR EDITOR: When anything fundamentally new comes up there are hoaxes, rumors, controversies, name-calling, and even persecution before the truth breaks into the open.

For more than eight years you have been told by official spokesmen that "Flying Saucers" do not exist. For more than fifteen years the "Flying Saucers" have been surveying our globe, in force. Since 1947, the number of sightings have increased each year, with 1952 and 1954 being the biggest years for Saucer activity.

Are you aware of the fact that you and your newspaper are being "robbed" of one of the greatest news stories of all time? Have you stood by and allowed yourself to be influenced by these official statements and announcements that "Flying Saucers" are just so much bunk? Have you accepted the statements of these official prevaricators as the final and truthful answer? It doesn't seem quite possible that any one intelligent enough to be the Editor of a newspaper could possibly fall for such a sham.

The subject of "Flying Saucers" has been knocked around long enough. We urge the newspaper Editors of this country to step forward and demand the truth from the powers that be. The American people deserve to know what is going on behind the scenes on the subject of "Flying Saucers."

The Air Force has given the impression that the case for the "Flying Saucers" is closed. We of CFSI say the case is not only open, but wide open. We say the Saucers do exist, and that they come from another planet or planets.

Have you ever wondered why you have not received more news of "Flying Saucer" activity? The attached bulletin contains the answer in part. You will find some of the information hard to believe. It is all true.

We are seeking your assistance in bringing the truth to the people. The American people depend on their newspapers for the news. You can help them learn more about the Saucers by publishing news of Saucer sightings in and around your area.

THE AMERICAN WAY

Now, Who's a "Free Rider"?

without prejudice or ridicule. Encourage your readers to report their sightings to your newspaper. Gain the confidence of the people with truth, and privacy if necessary, and you will find that the saucers are not hallucinations.

CFSI is a non-profit organization. Our main purpose is to get the truth of the Saucers to the people. We do not claim to have all the answers, but we do claim that Washington, D. C., does have the answers. We are open to suggestions and criticisms. We would appreciate any information which you could forward to us pertaining to the Saucers.

THE "ATTACHED BULLETIN" referred to in the above letter lists a number of reasons why, as they say, "Flying Saucer" sightings are being kept from the American people. Item 10 in the Bulletin asks, "Did you know that great preparations are now under way by the military to cope with an expected mass survey by the 'Flying Saucers' in 1956, a survey which is expected to produce thousands of Saucer sightings?" And, Item 11 asks, "In short,

did you know that WE ARE NOT ALONE and that the "Flying Saucers" are Spacecraft from other worlds?"

NOW IF THERE is anything we need more of in this newspaper, it is "Bits of News," about people coming and going. If we're been slighting those visitors who ride in on "Flying Saucers," we are genuinely sorry. The fact we haven't had more bits of news about their visits is that they or their friends or relatives just haven't been reporting their comings and goings.

To make amends for any shortcomings on our part in the matter, we promise not only to report the next "Flying Saucer" visit, but also to take a picture of the Saucer and its occupant, if someone will just let us know when and where.

And to heck with what the military or any other high echelon of government thinks about it. We're not going to suppress the news just because the people concerned come from outer space. If, as the Bulletin says, 1956 is going to be a big year for "Flying Saucer" visitors, we want to be ready for them.

GARZA COUNTY . . . MYSTERY FARM... No. 40

If the owner of this farm will come into this bank and properly identify the picture he will be given a 5x7-inch mounted enlargement of this aerial photograph. The first reader telephoning or calling at The Dispatch office after 1 p. m. Friday and properly identifying the picture will be given a six-month subscription to The Dispatch, our home-county weekly newspaper.

Remembering Yesteryear

Five Years Ago This Week
Mr. and Mrs. L. E. Webb of Levelland are newcomers to Post. He is the new Dunlap manager succeeding Jimmy Bunker, who recently resigned. Mrs. Webb will head the store's ready-to-wear department; Mr. and Mrs. J. W. Crider observed their 50th wedding anniversary and his birthday on Feb. 27; Mr. and Mrs. Julius Starnes celebrating the arrival of their son, Keith, on Feb. 15, in Slaton; the newest Post employee, Smith Auto Supply, Mrs. G. W. Eastman, Mrs. G. W. Eastman, celebrating their 40th wedding anniversary with open house near Southland.

Ten Years Ago This Week
Miss Nita Dinwiddie and James B. Harvin, former Post residents, were married recently in the Grace Methodist Church in Dallas; Mrs. George Lemon of Lubbock taught a P-TA Parliamentary Procedure course Tuesday at the home of Mrs. J. E. Parker. Eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Foster were married in Slaton on Feb. 23; Gladys Clark has enrolled in a business administration course at Texas University; being discharged from the service; Mr. and Mrs. J. E. Parker, eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Foster were married in Slaton on Feb. 23; Gladys Clark has enrolled in a business administration course at Texas University; being discharged from the service; Mr. and Mrs. J. E. Parker, eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Foster were married in Slaton on Feb. 23; Gladys Clark has enrolled in a business administration course at Texas University; being discharged from the service; Mr. and Mrs. J. E. Parker, eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Foster were married in Slaton on Feb. 23; Gladys Clark has enrolled in a business administration course at Texas University; being discharged from the service; Mr. and Mrs. J. E. Parker, eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Foster were married in Slaton on Feb. 23; Gladys Clark has enrolled in a business administration course at Texas University; being discharged from the service; Mr. and Mrs. J. E. Parker, eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Foster were married in Slaton on Feb. 23; Gladys Clark has enrolled in a business administration course at Texas University; being discharged from the service; Mr. and Mrs. J. E. Parker, eleven officers were present; World Day of Prayer has been set for March 8, at the First Baptist Church; Miss Ann Gates of Lubbock was a weekend guest of her grandparents, Mr. and Mrs. Bob Warren; Miss Geneva Jo Rosenbaum and Paul A. Farm Land Values Up Despite Drop In Farm Income

Factors other than farm income have been keeping farm land values high during the past two years.

In the past, according to John G. McHaney, extension economist, the value of farm land and buildings has risen when farm income rose and dropped when farm income declined, showing a definite relation between the two.

Since 1953, contrary to the usual pattern, farm land values have slowly and steadily risen to a new record-high peak, despite declining farm income. U. S. Department of Agriculture figures, based on regular reports from 15,000 farmers and 10,000 real estate reporters, show this to be a nation-wide trend.

McHaney cites these important developments as probable causes for this unexpected strength in land values:

Farmers themselves are strong bidders for additional land to enlarge their farms. Caught in a cost-price squeeze, many farmers see increased use of machinery and more land as a means of increasing their production efficiency.

Too, credit to finance farm purchases has become more readily available. Several large lenders reduced interest rates and raised appraised values for loan purposes in 1954, and a booming nonfarm economy has encouraged investment in farm land by urban people.

Despite the influence of these three factors on land values during the past few years, the specialist believes that over the years farm land values will depend, as they have in the past, upon the general level of farm earnings. Some current investments in farm land may be inspired by the expectation that it will develop "scarcity" value as our population continues to increase. McHaney discounts this possibility on the basis that technical advances in prospect for agriculture over the next 20 years will make it possible for us to meet all foreseeable needs from present farm acreage.

There are three times as many women 100 years old as men.

VA Questions And Answers

Q. If I add the total disability income provision to my National Service Life Insurance, how much will I be paid if I become totally disabled?

A. You will receive \$5 a month for each \$1,000 of GI insurance in force. The payments will begin after you have been totally disabled for six months.

Q. Is there any limit on the amount of money I can borrow, using my GI home loan benefit?

A. There is no limit to the amount of the loan, under the law. The lender, however, has a right to impose a limit on the amount he is willing to lend you. The legal limit is on the amount of VA's guarantee which is 60 per cent of the loan, up to a maximum guarantee of \$7,500.

Q. Could I take farm training under the Korean GI Bill on a part-time basis?

A. No. Under the law, GI farm training must occupy your full time.

Q. I am a veteran drawing a VA pension, and I have just been married. Will my income ceiling for the year be the \$1,400 that applies to single veter-

Texas Art Collection On Exhibit At College

LUBBOCK (Spl.) — Plans are completed for West Texas to see the outstanding D. D. Feldman Collection of Contemporary Texas Art, opening Sunday at the Texas Tech Museum in Lubbock.

The 100 paintings by 84 Texas artists will come to Lubbock from showing at the Museum of Fine Arts of Houston's downtown gallery. Over 80,000 people have seen the Feldman Collection in exhibits at Dallas, College Station, Beaumont, Port Arthur and Houston.

The Lubbock exhibition is sponsored by the South Plains Art Guild and Texas Technological College.

FATHER SERIOUSLY ILL

Mr. and Mrs. Ted R. Hibbs were in Beaver, Okla., over the weekend visiting his father, M. E. Hibbs, who has been seriously ill in a hospital there since Jan. 6. Mr. Hibbs, who is 84 years old, has been a resident of Beaver since 1887.

ans or the \$2,700 for veterans with dependents?

A. The income you received while single will be subject, on a prorated basis, to the \$1,400 limit, while your income for the same year after marriage will be subject, also prorated, to the \$2,700 ceiling.

ONE TO BE HELD IN LUBBOCK MARCH 15

Conferences On Water Resources Scheduled In Area During March

Three conferences on water resources will be conducted in West Texas during March, sponsored by the Water Resources Committee of the West Texas Chamber of Commerce.

All three members of the State Board of Water Engineers and the board's legal examiner will appear on the program of each conference.

The informational meetings, open to the public, will present board members during the morning portion of the program to discuss the general situation in Texas' water resources, specific facts about both surface and underground water, and an explanation of the board's functions in administering the water laws of the state. The afternoon portion

will be devoted to questions, problems, and group discussion.

The meetings will be held in the Cactus Hotel, San Angelo, March 1; Hotel Lubbock, Lubbock, March 15; Baker Hotel, Mineral Wells, March 29.

"These meetings will contain information of vital interest to farmers, city officials, industrialists and businessmen," Frank H. Kelley of Colorado City, chairman of the WTCC's Water Resources Committee said in releasing details of the program.

Members of the State Board of Water Engineers and staff who will participate in the meetings include Chairman R. M. Dixon, Members O. M. Dent and H. A. Beckwith, and Examiner Joe D. Carter.

tor of the University Bureau, said.

Mineral fuels accounted for 93 per cent of the state's total mineral value last year. Dr. Lonsdale noted. The top mineral materials in order of value were crude oil, natural gas, natural gas liquids, sulfur and cement.

The summary reported a substantial increase in the production of lignite, resumption of quicksilver production in West Texas and expansion of production capacity for a number of commodities, including aluminum, cement and helium.

Natural gas production set a new record last year, 8 per cent above the previous high in 1954. Texas' proved gas reserves were the largest in the nation, and the industry maintained an active exploration program which sustained those reserves.

Crude oil production increased 7 per cent in volume and 10 per cent in value over 1954. Crude oil was produced in nearly 200 counties.

Copies of the advance summary may be obtained free from the Bureau of Economic Geology, Austin, or the Bureau of Mines, Bartlesville, Okla.

Three Plains Cotton Men In Washington

Three representatives of the Plains Cotton Growers are in Washington, D. C., this week to discuss pending farm legislation with congressmen.

W. O. Fortenberry, Lubbock, president of the organization, left Saturday, and Wilmer Smith of Lynn County, vice president, and Paul Lewis, Lamb County, a director, left Sunday.

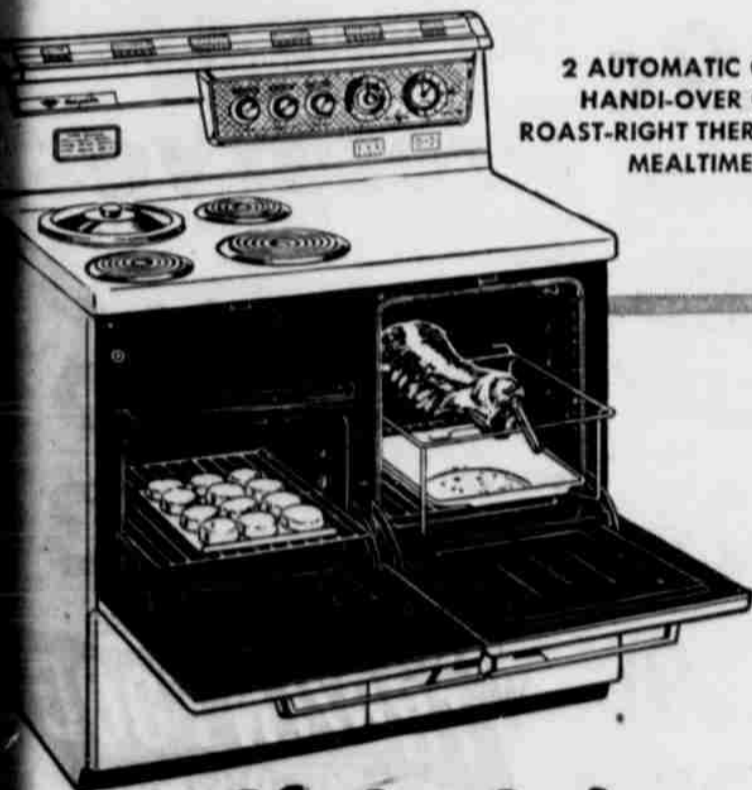

Purpose of their trip is to work against the pending farm bill which would change the cotton staple base from 7/8-inch to 1-1/8-inch. The group also hopes to encourage the Department of Agriculture and the Commodity Credit Corporation to sell more short staple cotton on the export market.

26th Cowboy Reunion Stated For July 2-4

STAMFORD (Spl.) — Dates of the 26th annual Texas Cowboy Reunion have been set for July 2, 3 and 4. W. G. Swenson, president, has announced.

Parade for the 1956 show will be held at 5 p. m. on the opening day and a matinee performance has been set for the afternoon of July 4. Other rodeo performances will be held at night.

It's Magic—No Trick ELECTRIC DRYING'S SLICK!
SEE YOUR REDDY KILOWATT APPLIANCE DEALER

"With five in the family, I really have a big wash. But, with an automatic washer and dryer, it's really no work at all." When you dry clothes electrically, you cut your ironing time in half, save 40 miles of walking and two tons of lifting and lugging in a year.

"I bought my washer first, but had I known how wonderful it is to have a dryer, I certainly would have purchased it first." Let your Reddy Kilowatt Dealer demonstrate his electric clothes dryer now and see for yourself why the dryer has become "America's Most Wanted Wife-saver."

"My Electric Dryer SAVES ON FOOD COSTS!"

says Mrs. Louis Campanello, 1305 SEARS, ARTESIA, NEW MEXICO

Yes, that's right, an electric clothes dryer saves on food costs for Mrs. Campanello.

"Now I have time to prepare my menus for each meal . . . taking advantage of the many specials offered by our local grocery stores."

You'll save money on clothes, too, with an electric clothes dryer, for you won't have to buy as many and they'll last longer.

Public Notice

THE STATE OF TEXAS
TO: DOROTHY GREER

GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 12th day of March, A. D. 1956, at or before 10 o'clock A. M., before the Honorable District Court of Garza County, at the Court House in Post, Texas.

Said plaintiff's petition was filed on the 16th day of December, 1955.

The file number of said suit being No. 1309.

The names of the parties in said suit are: W. P. Greer as Plaintiff and Dorothy Greer as Plaintiff.

The nature of said suit being substantially as follows, to wit: Suit for Divorce on the grounds of abandonment voluntarily for a period of more than Three (3) years.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 27th day of January, A. D. 1956.

Given under my hand and seal of said Court, at office in Post, Texas, this 27th day of January, A. D. 1956.

CARL CEDERHOLM, Clerk, Court Garza County, Texas
By Faye Cockrell, Deputy

BITS-OF-NEWS

Weekend guests in the home of Mr. and Mrs. Bill Mathis were Mr. and Mrs. Roy Mathis and baby of Hillsboro.

Mr. and Mrs. Dolan Dempsey and family from Seagraves spent the weekend with Mr. and Mrs. J. W. Rogers and family.

Main Street—

(Continued From Front Page)

are most PRACTICAL, as they need no ironing, can be seen in HERRING'S. The fabric department is filled with an array of Bates cottons, linens, patterns by McCalls and accessories for your sewing needs. The pattern counter is comfortable and is arranged so that you can sit and select the patterns you need and the lovely new fabrics before you start your spring sewing. A new shipment of WESTWAY dresses styled for the junior miss were being unpacked early this week.

A rainbow of colors was displayed in HAW'S FRIENDLY SHOE store this week when Able received a new shipment of FLATS... the shoe that rates TOPS with everybody. You will be looking like a dream walking and will feel as if you were on a cloud when you dress up in the shoes you will find at HAW'S. Sizes AAA to B.

Also completing the move into the building Monday were the real estate offices of Bryan J. Williams & Son.

In the process of being moved into the building Wednesday were the offices of Drs. Harry A. Tubbs, A. C. Surman and D. C. Williams.

The real estate offices occupy the south front of the building. The Chamber of Commerce offices are in the north front in office space sub-let to them by Pat N. Walker.

A formal opening date is to be announced upon completion of the entire building, according to Dr. Tubbs, owner.

ball game Friday—the Black team won over the Gold 28 to 8. Loyce Josey and Sara Ray were the Black coaches and Joyce Josey and Darlyene Hulsey were the Gold coaches. Bettie Sue Norman and Frances Craig refereed the game.

Couples seen together during the past week at various places include: Noel Don Norman and Kay Martin, Ernie Popham and Mozelle Edwards, Jack Morris and Janet Stephens, V. A. Lobban and Barbara Shytles, Jackie Carpenter and Betty Sue Hunt, Travis Polk and Carolyn Hudman, and Noel White and Ora Beth Maxey. Which reminds me—the boys should take heed. Wasn't it nice to have the girls open the doors, help you with your coat, and just in general be a lady, during Twirp Week? Well, they appreciate a gentleman, too.

FACTS and FADS

around P. H. S.

By RUBY MONTGOMERY
All the PHS students are glad to see Tom Williams back and around "Tom's Place" again.

Everyone had a good time at the Talent Show Monday night. Speaking of the Talent Show—did everyone notice what a "cute couple" Ray Gary and "Bonnie" Morris made? They did the top.

Congratulations go to Bill Stevens and Dixie Davis. Bill was elected President of the Student Council for 1956-57 and Dixie, vice-president. The election was held Friday but because of the close race between Noel White and Bill and Linda Davis and Dixie, a runoff vote was cast Monday.

There will be a style show Tuesday, March 6, in the Grade School Auditorium. It will begin at 7:30. It is sponsored by the Pep Squad and town merchants with the benefits going to the Pep Squad. Miss Stevenson is sponsor of the Pep Squad. Admission prices are 50c and 25c. Tickets are now being sold by the Pep Squad girls.

Whoever said girls outgrew hop-scotch? Well they didn't know Post girls. Some of the PHS girls (we won't mention any names) played hop-scotch at one of the recent basketball games. And with the Abernathy boys watching!!! But it was fun—so they say.

In the intramural basketball game Friday—the Black team won over the Gold 28 to 8. Loyce Josey and Sara Ray were the Black coaches and Joyce Josey and Darlyene Hulsey were the Gold coaches. Bettie Sue Norman and Frances Craig refereed the game.

Political Office Announcements

The Post Dispatch has been authorized to announce the candidacy of the following candidates for office subject to the action of the voters at the Democratic Primary July 28, 1954.

For District Attorney, 106th Judicial District
MITCHELL WILLIAMS

For County Sheriff:
CARL RAINS (re-election)

For Commissioner Precinct 1
TRUETT FRY
L. P. KENNEDY JR.
RACY ROBINSON

For Commissioner Precinct 3
OZELL WILLIAMS (re-election)

New Building Here Is Being Occupied

Offices of the Post Chamber of Commerce were moved Monday into the newly remodeled and modernized Medical & Professional Building at 111 North Avenue I.

Also completing the move into the building Monday were the real estate offices of Bryan J. Williams & Son.

In the process of being moved into the building Wednesday were the offices of Drs. Harry A. Tubbs, A. C. Surman and D. C. Williams.

The real estate offices occupy the south front of the building. The Chamber of Commerce offices are in the north front in office space sub-let to them by Pat N. Walker.

It Always Helps

Having become resigned to a possibly monotonous period in the parade of events, the arrival of new styles in women's hats is refreshing. They do something to a man, especially if he is within the reach of bourbon.—"Trail Dust" in Matador Tribune.

Flunked The Course

Pete Pituitary says he might have been a newspaperman if he hadn't flunked journalism in high school. Says he started out his first story in the school paper. "The auditorium was filled with expectant mothers eagerly awaiting the appearance of their offspring."—"Nearly News" in The Lamb County Leader.

Part Of It, Anyway

A husband and wife were in sharp disagreement over what suit he should purchase. Finally, the wife relented and said: "Well, go ahead and please yourself. After all you're the one who will wear it."—in a meek voice the man replied: "Well, dear, I did figure that I'd probably be wearing the coat and vest."—"Snooper Knows" in The Stanton Reporter.

Description Of Week

"Southern Gentleman"—a man who doesn't mind sleeping with a Negro, but who objects to riding in the same bus with one.—"It Sez Here" in The Rails Banner.

These Changing Times

Becoming a juror has been robbed of some of its discomforts. Over in Fort Worth the jury room has been equipped

with coin-operated vending machines which dispense cocoa, tea and three kinds of soup. Now that women serve on juries, maybe they will demand that the machines also dispense lipsticks and powder puffs.—"Once Over" in The Pittsburg Gazette.

It Still Pays

A solicitor of advertising for a local paper called on the village grocer. The gray-haired proprietor said: "Nothing doing. Been established 80 years, and never advertised." "Excuse me, sir, but what is that building on the hill?" asked the advertising man. "The village church," said the grocer. "Been there long?" he asked. "More'n a hundred years." "Well," was the reply, "they still ring the bell."—Wink Bulletin.

A Tender Feeling

The following story, which we are dedicating to several local golf enthusiasts, is taken from a program schedule which RGNC sends us each week: "The road to a cemetery passed a golf course near a tee at which a foursome was waiting its turn to drive. A funeral procession came by; one old member of the group rose, removed his sun visor, and stood with head bowed in devout attention until the hearse was out of sight. "Mac, you old coot," said one of his opponents, "we been playing golf together for 20 years, and that's the first time I've ever seen you show such tender feeling."

Mac teed up and carefully took a stance. "I figure it ain't a bit too much. After all, next Tues-

Safe Use And Safe Handling Of Pesticides Is Being Emphasized

By JOHN C. WHITE, Commissioner of Agriculture

Insecticides, fungicides and weed killers will soon be in Texas as the new crop year gets under way. These farming "aids" are credited by many agriculturists as being a major factor in crop progress during the past 15 years.

Selective weed killers, new insecticides and fungicides, hormone sprays and feed additives, antibiotics and defoliants are among the chemicals introduced during this period. Along with greater mechanization and better agricultural practices, such chemicals have helped farmers produce 42 per cent more than before World War II.

It has been estimated that savings and additional agricultural production resulting from the use of chemicals is adding about \$1 billion a year to farm income. However, as this "chemical farming" continues to increase, there arises a need for greater emphasis on the safe use and safe handling of pesticides.

It is important to recognize that with the wide selection of pesticides available today, safety hazards vary with the chemicals used.

Some pesticides are safe when used according to good agricultural practices. Some require careful use for the protection of persons applying the material. Others require care to avoid harmful effects on crops. Some constitute a residue problem, while others do not.

Chemical manufacturers and agricultural agencies generally carry on extensive research projects to establish effective and safe procedures adapted to the special characteristics of pesticides. This information is passed along to users on labels and in bulletins.

The Texas Department of Agriculture at Austin maintains up-to-date literature on most farm chemicals sold in the state. In addition, Department inspectors regulate certain phases of field applications.

Farmers are urged to contact John C. White, Capitol Station, Austin, for information of this kind. It is essential to maintain safe production of wholesome, high-quality foods and fiber in this chemical age of agriculture.

County Bond Sales \$5,347 In January

T. R. Greenfield, U. S. Savings Bonds chairman for Garza County, announced today that Savings Bonds sales in January amounted to \$5,437.

"This is 3.4 per cent of our 1956 quota," Greenfield stated. "We are especially pleased with this sales report," he continued. "Savings Bonds are the backbone of individual savings and this is proof that more and more people are turning to this type of investment."

The chairman pointed out that Savings Bonds are the only investment available in the nation today on which both the principal and interest are fully guaranteed by the U. S. Treasury.

During World War II, U. S. munitions production was about 45 per cent of the total of all belligerent nations on both sides.

Supreme Court Book Is Off Texas U. Press

AUSTIN (SpL)—Latest publication of the University of Texas Press is "The Supreme Court Speaks" by Jerre S. Williams, University law professor.

The book contains the texts of the most important opinions in the history of the U. S. Supreme Court, with skillful commentaries on the cases and brief biographies of the justices who have made history through their decisions.

Williams is currently on leave of absence to serve as associate director of a project sponsored

Families Put More Mileage On Autos

Average Garza County families are putting 1,000 miles more a year on the family car than they used to do 15 years ago, according to a study made by a business research department.

In that period, travel-happy families have upped their average road mileage from 8,100 to 9,100 miles. This is 300 miles more a year than the average national increase in the same period.

The study revealed that in

terms of average family income, automobile tires are a better buy now than ever before. While average family incomes increased 237 per cent since 1940, replacement tire cost rose only 34 per cent.

The tail of a comet always points away from the sun because the light of the sun exerts pressure on it.

Although the planet Pluto was not discovered until 1930, its position and orbit was predicted by astronomers in 1914.

Rodeo At Seagraves Area's First

West Texas' first rodeo will be held March 8 at Seagraves, with performances starting at 7 o'clock in each of the rodeo arenas. The addition of portable bleachers at graves arena will increase capacity up to 1,200.

Twenty riding stars have been invited to in the parade opening. This event will be held day, March 8, at 2 P.M.

It's A Mighty Good Time

To Look Into Your BUILDING NEEDS!

FORREST'S FINANCE PROVIDES A MEANS FOR ALL BUILDING REQUIREMENTS.

WE OFFER A LOAN FOR EVERY BUILDING PURPOSE

We also invite you to take advantage of FORREST'S FINANCE PLAN . . . We can, without delay, arrange a loan for any kind of building project . . . We have a special loan to cover all purchases made from Forrester Lumber Company or affiliated stores. A loan plan to cover cost of all types of repairs, alteration, or improvements to your existing residence. The same type of loan to cover multi-family dwellings. A loan to cover buildings and commercial structures. A finance plan for new structures for agricultural purposes; and loans for new homes.

LET US ACQUAINT YOU WITH SOME OF THE MANY TYPES OF LOANS OFFERED THROUGH FORREST'S FINANCE PLAN

We have a loan designed so that you can finance any purchases made from this Forrest yard or any affiliate stores. Purchase any amount from \$65.00 to \$5,000. You can re-pay this loan in from 6 months to 60 months. Payments may be made monthly, quarterly, semi-annually, or annually. This type loan is designed to enable you to purchase new bath fixtures, floor coverings, home furnaces, paints, new fences, or any materials carried by the firm. An ideal loan for the man who likes to "Do It Himself."

We offer a loan plan, purpose of which is to enable a home-owner to repair, make alterations and improvements to his existing home. This loan will cover all costs of labor and materials. This loan offers borrower to secure up to \$2,500.00 and may be re-paid in from 6 to thirty-six months.

A loan is provided, (F.H.A. Title) to enable borrower to make alterations, repairs and improvements, or conversion of an existing structure; or to be used as an apartment house or dwelling for 2 or more families. This loan provides \$2,500.00 per dwelling unit and a total maximum of \$10,000.00. Repayment ranges from six months to seven years.

BUILDING AND COMMERCIAL STRUCTURES

If you are interested in building a new business structure we can arrange a small building loan. The maximum is \$3,000.00, exclusive of financing charge. Repayment extends from six months to three years.

FARM BUILDINGS

This loan is designed to enable farmers and ranchers to build structures for agricultural purposes, exclusive of residential purposes. The loan provides a maximum of \$3,000.00, repayable six months to seven years.

NEW HOMES AND ADDITIONS

We have a loan designed to enable you to add an extra room or two, build a new garage or make any kind of extensive addition and improvement to your home. You can borrow from \$2,000.00 to \$5,000.00. Repayment ranges from five to 15 years.

If you are interested in building a complete new home . . . we can fix you up with a GI or FHA to include purchase of real estate and completely build the structure. Complete cost for a 2-bedroom home will range from \$7,000 to \$10,000. Low monthly payments, including taxes and insurance, will retire the loan over a period of years. Come in and talk it over with us.

THERE'S A MOUNTAIN OF STRENGTH

Mount Lassen in northern California towers majestically heavenward, its immense size a tremendous sight to man. It has long been considered an inactive volcano, yet it maintains an active warmth in its depths that is shared with lakes and springs at its base.

Somehow it reminds you of the towering strength of Christianity. Christianity, like Mount Lassen, is visible to all in its vicinity. It is a mountain of strength, with endless opportunities for exploring its mysteries.

Christianity imparts warmth to all who approach it. From its depths there spring rivers of living water to quench the thirst of your soul. And though each person touching this mountain should take away with him all he could carry to scatter through the world, yet its bulk will not diminish.

Gaze upon that Christianity that is like a huge mountain. Be warmed, refreshed, and strengthened through fellowship and worship each Sunday at Church.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	121	1-8

MRS. WILL TRAFF OF CLOSE CITY WRITES

Tom Longshores Of Odessa Visit In Walter Brown, Bon Longshore Homes

Mr. and Mrs. Tom Longshore and family of Odessa spent the weekend here visiting in the Bon Longshore and Walter Brown homes.

Guests in the Bonnie Jones home Sunday were Mr. and Mrs. Arthur Jones and children of Seagraves, Mr. and Mrs. Oscar Hyles and children and Mr. and Mrs. K. J. Jones of Post.

Tracy and Mrs. N. B. Traff and son of Lubbock were weekend visitors in the Will and Howard Traff homes. Sunday guests included Mr. and Mrs. Eldon Roberts and girls and Mr. and Mrs. Robert Hay and daughters of Abilene.

Ruby Mason of Plainview spent the weekend with her parents, Mr. and Mrs. L. R. Mason. Mr. and Mrs. A. M. Smith and family and Mr. and Mrs. L. R. Mason and Ruby were Sunday afternoon visitors of the Thomas Masons at Tahoka.

The Rev. Mr. Beardon of Lubbock spoke at the Baptist Church Sunday morning.

Mr. and Mrs. Glen Crasley visited in Levelland last week.

Mr. and Mrs. H. F. Wheatley, Mr. and Mrs. Glenn Wheatley and children, Mrs. C. K. Wheatley, Mr. and Mrs. Henry Wheatley and children of Post and Mr. and Mrs. Alton Meeks and children of Slaton attended the funeral of C. K. Wheatley, who died here Friday at the home of his son, H. F., in Waxahachie Monday.

Ernie Popman visited friends in Snyder Friday night.

Mr. and Mrs. A. O. Rosenbaum and Imogene visited Mr. and Mrs. Carter White at Graham Sunday afternoon.

BITS-OF-NEWS

Guests of Mr. and Mrs. Ed Warren Sunday were Mr. and Mrs. Briley Melton and 11-year-old son and Mrs. Elsie Reed of Sweetwater.

Mr. and Mrs. C. S. Thorton spent Sunday afternoon in Pecosburg with the Rev. Mr. Spillman. The former Post couple are agents for the Quince Oil Company.

Huff Funeral Held In City Thursday

Funeral services for George Willard Huff, 37, who was killed Feb. 21 in an oil field accident near Snyder, were conducted at 4 o'clock last Thursday afternoon at the Calvary Baptist Church.

The Rev. Shelby D. Bishop, pastor, officiated, assisted by the Rev. W. L. Porterfield, First Methodist Church pastor, who read the scripture and offered a prayer. The church choir sang "Does Jesus Care?" "Precious Memories," and "How Wonderful Heaven Must Be."

Burial was in Terrace Cemetery under direction of Hudson Funeral Home. Pallbearers were Archie Huffman, Ralph Dean, Everett Windham, Charlie Brown, Dew Calley, Lloyd Anthony, Sidney Pierce and Paul Simpson.

Mr. Huff was employed by the John Grappie Drilling Co.

He is survived by his mother, Mrs. J. W. Huff of Post; two brothers, Herman, Bakerfield, Calif., and Morris, Post; and eight sisters, Mimes, Pauline, Gem and Dell Jackson, Tahoka; Bill Reeves, Dalva, Okla.; Edna, Houston, Abilene; Sh. Sutton, Dallas; Maurine Fife Levelland; Theo Lammert, Northport, Ala.; and Betty Joyce Bond, Brownfield.

HOME FROM MEETING

R. K. Green, superintendent of the Post schools, returned Saturday from Atlantic City, where he attended the annual convention of the American Association of School Administrators. The convention got under way March 18 and continued through March 22.

REPORT GOOD FISHING

Four fishermen of the Post vicinity, E. L. Shurt, Alton Greer, Carl Jones and Jeff Buddleston, report excellent luck on a recent one-week fishing trip to near San Benito in the Rio Grande Valley. Jones is reported to have caught the biggest fish—a 35-pounder on a rod and reel.

Rains Candidate For Re-Election

Carl Rains this week authorized The Post Dispatch to announce his candidacy for re-election to the office of Gamma County sheriff, subject to the action of the voters in the Democratic primary.

Rains said that he would make a formal statement after contacting his constituents. "In the meantime," he said, "I earnestly solicit your support and influence."

Bill Stephens New Council President

Bill Stephens has been elected as president of the Student Council at Post High School for the 1956-57 school year.

Stephens, who served this year as vice president, defeated Noel White in a runoff election for the post.

Dixie Davis defeated her sister, Linda, in a runoff for the office of vice president.

Other Student Council officers

and class and organization representatives to the Council will be elected at the beginning of the 1956-57 school year.

Mrs. Buddy Davis of Lubbock is in Temple where she is undergoing a check-up at Scott and White clinic. She was accompanied by Mrs. Lee Davis of Post.

Teacher—

(Continued From Front Page)

however, the Justiceburg School once again is getting by with one teacher.

Mrs. Lobban says she'll never forget the time a few years ago when every one of her pupils showed up with a case of whooping cough. "We just 'whooped' it out," she said, "in the class room as well as on the playground."

"One of the advantages of the smaller rural schools," Mrs. Lobban said, "is that each pupil can be given individual attention, which, of course, is virtually impossible in the larger schools. A pupil who has difficulty in learning can do much better in a smaller school."

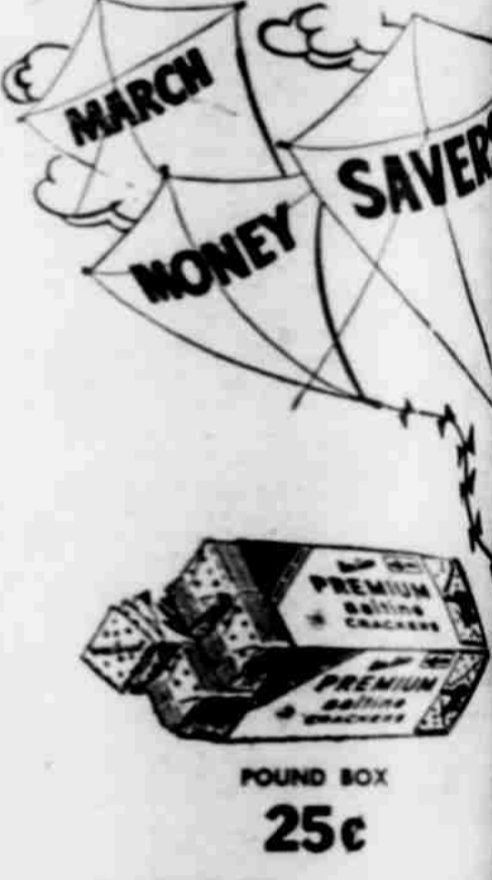

Mrs. Lobban said she thoroughly enjoyed the 12 years she taught at Justiceburg. "In a community of that size," she said, "a teacher gets to know all her pupils and their problems, as well as all the parents and the problems of the community."

She is a member of the Post Classroom Teachers Association, secretary of the Gamma County unit of the Texas State Teachers Association and a member of the Parent-Teacher Association.

Mrs. Lobban's husband is employed by the Exploration Oil Drilling Co. They have two children, Jaxony, who is a junior student at Texas Tech, and V. A. Jr., who is a senior in Post High School. Jaxony was active in 4-H Club work while attending school here and at Justiceburg. She was the 1955 Gold Star Girl, and summary a trip to the 4-H Congress in Chicago during her memorable 4-H Club experiences.

PARRISH GROCERY AND MARKET

The Small Wells Employed Unique Irrigation System

of cotton to the which is two and a half miles southwest of town, at the edge of the caprock.

This year, Lofton is irrigating 30 acres with the three wells, which also water his one-acre garden and supply all the water he and Mrs. Lofton need at the house.

The windmill wells are almost half a mile from the house, while the new irrigation well is only a few hundred feet. An intricate valve system enables Lofton to put the water from all three wells out at any one place, or control the flow of water from the wells to three different places on the farm.

"For instance," explained Lofton, "I can send water to the house from any one of the three wells if the other two break down. From my new well just across the road, I can send all the water I want to to the house and garden, or can send it down in the field to help out the two wells there."

At his house, Lofton has three upright wooden water tanks and an 18-foot square reservoir with a built-in stock watering tank. The reservoir is four feet deep and has been used as a swimming pool by Lofton's grandchildren and neighboring youngsters.

"Last year was my first year to irrigate and I made a bale to an acre," Lofton said. "On top of that I sold \$285 worth of squash and \$240 worth of turnips from my irrigated garden."

Lofton also harvested a good dryland and irrigated grain crop last year, planting the land in hegar and maize the last week in July, and combining 85,000 pounds of grain from 150 acres.

Lofton related how he "hooked on" to his new irrigation well. "With an auger on the end of a string of two-inch pipe, I tunneled 39 feet under the highway. Then I removed the auger, left the two-inch pipe for casing and ran in a one and one-fourth inch water line."

The farmer said his new well pumps about 12 gallons a minute and the two wells down in the field about 25 gallons a minute.

"That doesn't seem like much water, but it's getting the job done. As far as my garden is concerned, I just want to say that the results show what the Lord can do in Garza County when he gets a little help."

Mr. and Mrs. Lofton, who have lived on their present farm since

1921, reared two children of their own and helped rear five grandchildren.

"They're all married and gone now, except for the youngest girl, who's still in high school," Lofton said.

The couple's two children are K. T. Lofton of Sweetwater, who is a soil soddler for the government, and Mrs. Lola Mae Ledbetter, who lives two miles south of the Graham community.

"Until all the children began growing and leaving, we milked anywhere from 15 to 22 cows and had lots of chickens," Lofton said. "We've sold as much as \$4,000 worth of cream and \$2,500 worth of eggs in one year. It took it to make a living for that extra family we had with us."

Lofton retired from the ministry when he was 65, but last Oct. 16, on his 70th birthday, preached two sermons at the Grassland church.

"When I came to the Plains in 1912," he said, "me and Liff Sanders of Lubbock were the only Church of Christ ministers in these parts."

Lofton has held pastorates in a number of area churches and has established congregations in several communities. He considers his most successful meeting one at Hackberry in 1920 when 42 persons were baptized.

Despite his 70 years, Lofton still climbs about on his windmill towers to make repairs and says he can do as much plowing as he ever could. "On a tractor, of course," he added.

Lofton employs a hired hand the year round, but refers to him merely as a "helper." "I still manage to do most of my own work," he said.

FROM THE OLD TO THE NEW—S. D. Lofton is shown shutting off one of the valves which controls the flow of water in his unique irrigation system, which includes one irrigation well and two windmill wells at which small electric pumps have been installed. Lofton irrigates 30 acres with the system, which also supplies water for household and other needs. —(Staff Photo.)

MRS. DILLARD THOMPSON WRITES

Graham Girls Basketball Team Is First Place Winner At Southland

Graham Girls Basketball team won first place in the Southland Tournament last weekend.

Enjoying Sunday dinner in the D. C. Morris home at Close City Community honoring their daughter, Shelia, on her 12th birthday were Mrs. E. C. Hill, Mr. and Mrs. Wiley Hill and Billlye of Post, Mr. and Mrs. Surman Hill and son and Mr. and Mrs. Ples Hill and family of Lubbock, Gloria Thompson and the Morris family. Mr. and Mrs. Dillard Thompson were afternoon visitors.

Recent visitors in the home of Mr. and Mrs. Allen Oden were his brother-in-law and sister, Mr. and Mrs. E. N. Ray, of Sudan.

Mr. and Mrs. Jason Justice and family of Petersburg were Saturday night and Sunday guests of her parents, the Fred Gossett. Other Sunday guests were Justice's sister and family, Mr. and Mrs. Ozell Williams and children of Grassburr.

Mrs. John Coleman of Post was a visitor last week in the home of her son-in-law and daughter, Mr. and Mrs. W. C. Bush.

Mr. and Mrs. Grover Mason and G. T. were in Dallas last Wednesday, where G. T. had a checkup at Scottish Rite Hospital.

Mr. and Mrs. Albert Stone and children visited Friday night at Garmolia with her parents, Mr. and Mrs. Harrison Davis.

Mr. and Mrs. Elgie Stewart visited in Slaton Sunday with their daughter and family, the C. A. Winns and Farran.

Mr. and Mrs. Alfred Oden and family and Mr. and Mrs. Neal Clary of Post visited Thursday night in the home of Mr. and Mrs. Emory Stevens. Sunday guests were Mr. and Mrs. P. E. Stevens.

Visiting last week in the Ray McClellan home was their daughter, Mrs. Nita Ray Thompson of Lubbock.

Mr. and Mrs. Bill McMahon and Linda and Mr. and Mrs. Don Brown and Debra of Post spent Saturday night and Sunday at Canyon and Amarillo with the Jimmy Campbells and I. M. Steens.

Mr. and Mrs. A. O. Parrish and Ronnie were Sunday afternoon visitors in the Barnum Springs

home of Mr. and Mrs. Bill Norman and Mrs. E. C. Hill.

Mr. and Mrs. Eugene Redman recently moved to Post from Fort Worth and they visited here with his parents, the C. A. Redmans.

Mrs. Elva Peel and Rhea visited in Lubbock Thursday afternoon in the Paul Hedrick home.

Mrs. Fred Gossett and Mrs. A. Stone visited Thursday afternoon in Close City with Mrs. Lonnie Peel.

Roy Priest of Brownfield spoke at the Church of Christ Sunday. He and his family were guests of the Arthur Floyds at Close City.

The James Stone family left Sunday for Taylor to visit their daughter and family, Mr. and Mrs. Randall Laurence and daughter.

Mr. and Mrs. Delmer Cowdrey were Sunday dinner guests of her parents, the Bob Cowdreys in Post.

Mr. and Mrs. C. R. Baldwin spent the first of the week at their ranch at Graham.

Mr. and Mrs. Billy Stone and Katie McClellan visited last Tuesday in Waco with Stone's brother, A. J., who is in the Veterans Hospital.

The Rev. Norcross spoke at the Methodist Church Sunday and was a visitor in the Carl Fluitt and Dillard Thompson homes.

Mr. and Mrs. H. L. Mason and family had dinner Sunday in Post with the Walter Jones family.

Mr. and Mrs. Lonnie Peel and Gene and Stephanie Davis were Sunday dinner guests of the Glenn Davises. The group visited that afternoon at the U Lazy S Ranch with the Jack Browns.

Bill McMahon, Bob Lusk and Mr. Hicks of Lubbock were in Sherman on business Monday and Tuesday.

Mr. and Mrs. Quannah Maxey and Orabeth, Jane and Diane visited at Roaring Springs Sunday with the J. D. Greens.

Mr. and Mrs. Glenn Davis were visitors of Mrs. Jewel Graham in Post Saturday night. Other guests were the Dwight Kinards of Memphis.

Mrs. Maud Thomas and Mrs. Dillard Thompson visited in Post last Tuesday with Mrs. C. J. Mangum.

Fifty-three attended Sunday School at the Methodist Church Sunday. Visitors were the Ozell Williamses from Grassburr, Jack Morris served as Sunday School superintendent.

Mr. and Mrs. Tommy Markham and children of Anton and Mr.

Winners Named In Store Celebration

Paul Jones, manager of the Piggly Wiggly Store, this week announced prize winners at the store event Saturday afternoon celebrating near-completion of an extensive remodeling program.

The upright Frigidaire freezer was won by Mrs. Jerry Odom, with Mrs. Marie Dismukes winning the Shetland pony, bridle and saddle.

The girl's bicycle was won by Betty Sue Hutchins and the boy's bicycle by James R. Thomas.

A large number of people visited the store throughout the day and were present at the drawing. Alton Peak of Lubbock, supervisor for Davis & Humphries, owners and operators of the store, was present to help conduct the awarding of prizes.

With the exception of installation of neon signs at the front of the store, the remodeling program has been completed, Jones said Monday.

Ex-Antelope Scores 23 Points For Tahoka 'S'

Tommy Murray, high scorer on this season's Post Antelope basketball team, contributed 23 points Monday night as the Bray Power Packs of Tahoka defeated the Seagraves Independents, 110 to 28.

High scorer for the Tahoka team was Junior Fitts, who played this season for the Tahoka High School team.

The Power Packs were to play New Deal on Tuesday night.

Larry McCullough, son of Mr. and Mrs. L. C. McCullough, enlisted in the Air Force Wednesday, Feb. 23. He will take his basic training at Lackland AFB.

Mrs. Winnie McQueen and son, and Mr. and Mrs. C. G. Cathey attended funeral services of Mrs. McQueen's mother-in-law, Mrs. J. M. McQueen, Saturday in Coleman.

William Adams of Slaton visited friends Saturday night.

BITS-OF-NEWS

George Pierce of Lubbock spent the weekend visiting friends and relatives.

Mr. and Mrs. Sexton Huntley and son recently visited in Brownwood with relatives.

and Mrs. Mutt McCaugh and son of Abernathy attended the funeral of Willard Huff and visited the Jess Propst Thursday afternoon. Sunday night visitors of the Propsts were Mr. and Mrs. Will Wright.

Graham Boys basketball team won over Southland and Slaton and lost to Tahoka and Ralls in the Southland Tournament last weekend. The local girls defeated Southland, Ralls and Post to win first place. The teams will enter a tourney at Wilson this weekend.

Medical And Professional Building

111 NORTH AVENUE I

1955 Brings Slow Down In Trend Of State Farm Population Losses

The long-time trend of farm population losses in Texas showed definite signs of slowing down during 1955.

Figures just released by Dr. R. L. Skovsbo, Department of Agricultural Economics and Sociology at Texas A&M College in a new Department Station 1401 bulletin, indicate that the farm population increased by 15,889 during the past year.

There were 1,142,880 Texans living on farms in April, 1955 according to the Texas A&M 1955-56* statistics. This compares with 1,126,991 in 1954. This reversal of a steady downward trend existing since 1939 may be attributed chiefly to two major reasons, an increase in number of part-time farmers who have jobs in cities, and a general slowing down of people migrating from farms to 1955.

Dr. Skovsbo's report is based on a statewide farm population survey carried on in cooperation with the USDA and various materials. It shows farm population trends and characteristics since 1929 and points to some of their causes and effects.

State the State's population is growing much faster than the farm population, farm season migration to towns at a slower rate of the State's people. In 1955, one out of every two Texans was employed in a farm or related work, and out of eight in 1955, in the present year, Texas has 5.5 per cent of the nation's farm people.

Progress on farms have been promising at a faster rate than what is according to Skovsbo's findings. They indicated that one out of every two farm population in 1955.

States' farm population in 1955. The average age of farm population increased in 1955, from 34.5 in 1949 to 35.5 in 1955. This is largely the result of increasing opportunities of older persons to farm. In 1955, only 4 out of every 100 farm residents were 65 years of age or older. In 1950, this group comprised 17 per cent.

The farm population has a new income-age distribution that is different from other areas.

NEW BUILDING UNDER CONSTRUCTION—Construction is scheduled to begin May 7 on a new 45,000 square-foot addition to Texas Tech. The new structure to be located immediately south of the present gym, will contain a swimming pool, two basketball courts, a wrestling room, two handball courts, a gym apparatus room for development and exercise exercises, and other and other facilities for 1,000 men. The second floor will contain physical education department classrooms and offices. The new gym is slated to be completed by May 1957.

NEW AND SEPARATE SERIES—Because of the popularity of the Medalist two-door sedan, Mercury is extending the Medalist into a new and separate series, adding two more models, including the hardtop coupe shown above, and a four-door sedan. Featuring Mercury's clean, crisp styling, the Medalist series is designed for those who want the appearance, feel and performance of a big car yet require low cost transportation.

Mercury Division Expands Its 1956 Line By Adding Two More Models

Popularity of the Medalist two-door sedan has led Mercury Division to expand its 1956 line of cars by extending the Medalist into a new and separate series, adding two more models. The new Medalist series is priced below the Montclair, Monterey and Custom series. These models are in production and are being shipped to dealers throughout the nation. This expands the 1956 Mercury line to a total of 17 models, seven more than 1955, when Mercury sales set an all-time record, exceeding 1954 by 47 per-

cent. "The Mercury Medalist was designed especially for those who desire the appearance, style, feel and performance of a big car

tween \$1,200 and \$2,080, you will be entitled to some checks. Earnings of over \$2,080 will cause deductions for the whole year. However, Hutton pointed out that checks are payable for any month in which a person does not earn over \$80 in wages or in which he does not render substantial services as a self-employed person, regardless of the amount of his earnings in other months of the year. After age 72, benefits are paid regardless of the amount earned.

All earnings now count for deduction purposes whether the earnings are covered by social security or not. However, income from investments and rental income are still not counted. Since there is no longer any month-to-month test, part time earnings are encouraged by the new retirement test, Hutton said.

yet at the same time require low cost transportation," said F. C. Reith, general manager of the Mercury Division and vice president of Ford Motor Company. "The creation of this entirely new series will enable more people to move up into Mercury engineering and performance."

All cars in the new Medalist series feature the clean, crisp styling of the entire Mercury line. Mercury's low silhouette styling is highlighted in the new Medalist hardtop coupe. The Custom Medalist two-door sedan is moved to the new Medalist series, which has a sweep side moulding for additional exterior ornamentation, flo-tone paint options, two-tone instrument panels and other interior styling features. A Medalist four-door sedan rounds out the series.

The new Medalist offers Mercury's high compression Safety-Surge V-8 engines, with up to 225 horsepower with Merc-O-Matic automatic transmission. Mercury's safety steering wheel and double grip door locks are standard equipment. Safety padded instrument panel, sun visors and seat belts are optional at extra cost.

Power options and accessories

Seed Growers Are To Meet At Texas Tech

Lubbock (Spl.)—Seed growers from the West Texas-New Mexico area will hold their 15th annual meeting at the Texas Tech agriculture auditorium Saturday from 9 a. m. to 5 p. m.

Highlight of the one-day meet will be a panel discussion on hybrid sorghum production. Other topics to be covered include: Revision of the Texas seed law, outlook for certified seed in 1956, new crop varieties to be released for certification, West Texas corn production, irrigation, planting practices for West Texas crops, and certified seed packaging and processing.

BITS-OF-NEWS

Mrs. Gordon Hamilton and Billy spent the weekend in Santa Anna with their grandmother and aunt, Mrs. G. W. Myers and Xuma.

Mrs. W. F. Presson, Mrs. Boo Olson and Jan and Mrs. W. R. Graeber were weekend guests of Mr. and Mrs. Glendon F. Presson and Melinda in Winters.

Lewis Hill, a former resident, visited here briefly Monday en route to Amarillo.

Williams Candidate For District Office

Mitchell Williams of Tahoka, serving an appointive term as district attorney of the 106th Judicial District, this week authorized The Post Dispatch to announce that he is a candidate for an elective term.

Williams was appointed to the office last June following the resignation of Vernon Townes of Brownfield.

The candidate was born and reared in Hope, Ark., is 34 years of age, is married and is the father of a son age seven. He served four years in the Army during World War II, went through the European campaign, and advanced from "buck" private to captain.

He graduated from the Baylor University School of Law in 1950, and also received a degree in business administration at the same time. His wife, whom he married in 1942, is the former Mary Holloway and she is a graduate of Texas Tech.

Williams began the practice of law at O'Donnell in June, 1950. In May, 1951, he was appointed county attorney of Lynn County, moved to Tahoka, and held the office until his appointment as district attorney last June.

He says in his formal statement:

"Since assuming the duties of this office, I have endeavored to conduct the office to the best

of my ability in a fair and impartial manner, mindful at all times of the trust imposed in an office of this nature.

"I am now asking the people of this District (Dawson, Gaines, Terry, Yoakum, Garza, and Lynn counties) to give me my first elective term in this office. If I am elected, I pledge to administer the duties of the office with diligence and in a manner befitting the public

trust imposed in this position. "I want to express to the people of this district my appreciation for their splendid cooperation, and I earnestly solicit your vote in the coming primaries."

Keith Kemp, manager of Phillips Quick Service station, was in Big Spring one night last week to attend a meeting of dealers and salesmen of the Phillips Oil Co.

SAFETY, HEALTH HAZARDS CAN BE ELIMINATED

Postites Urged To Begin Making Plans For Spring Clean-up Time

Spring and clean-up time are almost here, and Dr. Henry A. Holle, commissioner of health, urges Post citizens to join others throughout the state in an effort to make each community a better and safer place in which to live.

One benefit of cleaning up is the elimination of fire hazards which cause a heavy toll of life and property. This can be done by keeping premises free from inflammable rubbish.

Flies also breed in trash and filth and spread disease. Each residence should have a metal garbage can with a tight-fitting lid. The three known methods of getting rid of flies are screening, keeping premises clean and the use of insecticides.

The rat is a menace to public health and is capable of spreading several diseases. He is fond of making his home in dead spaces or holes around porches and walks. Rats cause trouble by eating and contaminating large quantities of grain and other foods, destroying property and are sometimes the cause of fires.

When cleaning up your premises take a look at the following:

Garbage pail . . . is it a metal one with a tight-fitting lid?

Porch steps . . . do they need repairing or painting?

Closets and attic . . . do they need repairing or painting?

Cellar . . . is it rat-proof and clear of rubbish?

Screens . . . are any of them broken? Remember, flies make an entrance this time of year.

House . . . is it soap-and-water clean inside, and painted

outside. Is it safe from accident hazards?

Yard and garage . . . has all trash been removed, and tools hung in safe places?

Garza Discovery Is Finaled By Alamo

Alamo Corporation of Lubbock has finalized its No. 1-G W. A. Gray as a small Golieta discovery in northwestern Garza County.

The project pumped 62 barrels of oil and 31 barrels of water daily on potential test. Production is from open hole section between 3,764 feet, where 5 1/2-inch pipe is set, and 3,818 feet, plugged back depth. Hole was bottomed at 3,833 feet. Gas-oil ratio was nil and oil gravity tested 38 degrees.

The new oiler, for which operator will request discovery allowable, is 7,500 feet from comparable production in the Huntley-Glorieta area, with separation by structure and dry holes. Well site is 360 feet from west lines of the southeast quarter of Section 1215, T11R Survey, two and one-half miles north-west of Post.

BITS-OF-NEWS

Mrs. Ethel Anthony is spending several days with her son-in-law and daughter, Mr. and Mrs. Shorty Jenkins, in Snyder. Their son, Ronnie Giles, underwent an appendectomy last week in Snyder Hospital.

1956 Texas Safety Conference Will Include Section On Farm Safety

The 17th annual Texas Safety Conference will be held in the Baker Hotel at Dallas on March 26-27. The conference, sponsored by the Texas Safety Association, includes a section on farm and ranch safety.

E. C. Martin, administrative assistant for the Texas Agricultural Extension Service and chairman for the farm and ranch section, says an outstanding program has been arranged for the sectional meeting scheduled for the English Room at 2 p. m. on March 26. He extends a special attendance invitation to rural persons who are interested in improving the safety record of the agricultural industry of Texas.

The afternoon program will feature youths and adults. J. Walter Hammond, president of the Texas Farm Bureau and a member of the Association's executive committee will chair the meeting. Speakers include Miss Leah Patton, winner of top hon-

ors in the 1955 Texas 4-H safety program from San Antonio; Miss Shirley Merrick, a member of the State winning 4-H safety demonstration team from Harlingen and John Parks, president of the Clifton FFA Chapter.

These youthful speakers have all done outstanding work in farm and home safety and will tell their story of how youth organizations can help cut the accident rate on Texas farms and ranches.

"Motivation and Attitudes" will be discussed by Melvin T. Munn, director of public relations, Blue Cross Blue Shield of Texas. He is from Dallas. Munn is an authority on accidents and their causes and according to Martin, is equally well known as a public speaker.

Presentation of awards to both individuals and groups who have made outstanding contributions to farm and home safety during the past year will be made by C. T. Johnson of Dal-

Hospital Notes

Admitted to Garza Memorial Hospital since last Wednesday were:

Eva Mae Kennedy, Post, medical. Martin Eudaly, Wilson, medical. Audrey Johnston, Post, medical.

Linda Bilberry, Post, medical. Harvey Turbyfill, Post, accident.

G. E. McPherson, El Paso, medical. Mrs. Dowe Mayfield, Jr., Post, obstetrical.

Dismissed Mrs. Lon Wood, Aspermont (treated and released). Linda Altman. Darrell Odum (treated and released).

las. He is a member of the Texas Farm and Ranch Safety Committee and Southwestern public relations director for Sears-Roebuck Foundation.

A short business session will conclude the afternoon meeting.

Indian Relics Are Described To Club

Indian relics on display at the Junior high school were explained to the school's Science Club recently by Frank (Chief) Runkles, camp ranger at C. W. Post Memorial Scout Camp. The display, which has been on exhibit

Harvey Lamkin. Martin Eudaly. Bonnie Wells (treated and released).

Rita Lynn Butler (treated and released). Mrs. Roy Silvey and baby Mait Stelzer. Eva Mae Kennedy.

Rosa Nell Sutter. Mrs. Audrey Johnston. Mrs. Gordon Carvey. Traci Huff (treated and released).

Harvey Turbyfill. Giles McCrary, Jr. (treated and released). Bobby Sneed (treated and released).

Sarah Lee Richards (treated and released).

at the school for the last few months, is owned by Runkles. Glenda Whittenberg is president of the Science Club. John Ranta, science teacher, is the sponsor.

From where I sit... by Joe McCarthy

Do-It-Whose-Self?

Monk McCarthy's almost as good at publicity stunts as he is at servicing and repairing cars—which is pretty darned good.

His latest gimmick is a handbill titled: "Do-It-Yourself! Why Not Grease Your Own Car?"

Then he follows with two paragraphs about all the greases you'll need—the full set of wrenches, spray gun, grease gun, four jacks—the ability to work flat on your back with a face full of goo. And at the very end there's this line: "Or, if that's too much trouble, we'll do the job for you."

U. S. Distributes 800,000 Pounds Surplus Food In Last Half Of '55

Almost 800 million pounds of this country's food surplus was donated to school children and needy persons in the country and abroad during the last half of 1955, reports the U. S. Department of Agriculture.

In this country, surplus food went to about 11 million school-children, about 1 million persons in charitable institutions, 100,000 Indians, and about two and a quarter million persons in needy families. Altogether, food distributed to these groups totaled nearly 300 million pounds.

Foods were also distributed to hungry people in 70 foreign countries around the free world. Eighteen nongovernmental United States welfare agencies took part in this disposal, distributing almost 500 million pounds of food during the latter half of 1955.

Food given away in this country is handled through State facilities, with the State govern-

ment taking full charge and responsibility for the distribution. Needs in this country are given priority, and sufficient quantities are reserved to satisfy all requests from State governments.

Several new developments point to disposal of even greater quantities of surplus food this year. The Department of Agriculture has purchased more than 102 million pounds of pork products which are now being distributed. Public Law 311, of the 84th Congress, authorizes distribution of wheat flour and cornmeal as a strictly domestic relief measure, and first shipments have already been made under this law, with much more expected to follow. The Department has also announced that wheat and corn have been added to commodities available to schools and charitable institutions, and wheat, corn, rice, and dry beans are now available for foreign shipment.

News From Around

POSTEX MILLS

By A. LEE WARD

Boy, we had a good one last Friday! Monday morning everyone practically had to use a shovel before starting to work in the sewing room. Even now, this news column sounds a little grumpy.

Mr. and Mrs. Dick Payne and family spent Saturday and Sunday visiting relatives in Tahoka. Weekend guests in the Doyle Nelson home were Eunice and Edward Smith of Tahoka, Mr. Will Allen of Snyder and Mr. and Mrs. Gene Redman of Fort Worth.

Frances Buchanan spent the weekend in Lubbock.

Last week we expounded on our accumulating 40,000 yards to a batch, sewn together before processing through our bleaching and finishing operations. To continue a little farther along these lines we average processing seven batches of cloth weekly or an equivalent of 280,000 yards of cloth. The largest portion of this cloth is wide sheeting that goes into making bed sheets. Approximately 250,000 yards of wide sheeting will make 7,000 dozen bed sheets and this is our approximate weekly production. Going on back to the raw product, cotton, it would require approximately 375 bales of raw cotton, averaging 500 pounds per bale to produce that many dozens of bed sheets.

Mr. and Mrs. W. D. Plunk and daughter Jean of West Monroe, La., visited Mr. and Mrs. Harold Britton and family over the weekend.

Mr. and Mrs. Howard Ferguson and Mrs. Lela Parrack visited Mr. and Mrs. Billy Greene of Rotan Sunday.

Mr. and Mrs. Boyd Copple and family visited Mrs. Copple's mother Mrs. Bessie Castor of Robert Lee over the weekend.

Mr. and Mrs. Jack Dobbs and Jackie visited friends in Lamesa and Odessa Saturday and Sunday.

for any item of equal redemption value handled in any department of these stores. In addition, the stamps can be used in paying accounts, on time payments or on lay-aways at the two redemption centers.

This enables customers to exchange their stamps in their hometown for hundreds of different items carried by the two redemption centers.

Mr. and Mrs. John Sullivan and daughter of Andrews visited in the Ross Sullivan home Saturday night.

Pat Wheatley was a dinner guest of Lois Hodges Thursday night.

Vicki Odum visited her grandparents, Mr. and Mrs. Ray Hodges, Saturday night.

Mr. and Mrs. Eddie Nabor and son of Lubbock visited Sunday with Mr. and Mrs. Marvin Pennington.

Mrs. Hal Jones visited in Big Lake with her husband last weekend.

Weekend guests in the Walter Jones home were Mr. and Mrs. Jerry Quine of Weatherford, and Mr. and Mrs. H. L. Mason and family of the Graham community.

Mr. and Mrs. Roy Brown, Sr. of Sand Springs, Okla., visited friends and relatives last weekend. Their grandson Richard went home with them for a visit.

Mr. and Mrs. E. O. Young of Close City were dinner guests in the Ray Young home Saturday night.

Sunday visitors in the Ray Young home were Mrs. Zillah Huddlestone, Wendell Huddlestone, and Miss Frances Copeland of Texas Tech, and of Grassland.

Mr. and Mrs. L. L. Taylor and daughter, Mrs. Walker and children of Whiteface visited Mrs. Taylor's father Oscar Poik who is ill. While in Post they paid a visit to the W. D. Williams family.

Mr. and Mrs. Warren Hayes and Charlotte visited friends and relatives in Wynnewood, Okla., over the weekend.

Susie Hays learned last Thursday night that she is a proud grandmother of a baby girl named Lee Ann. Susie's daughter, the former Brownie Hays, now resides with her husband in New Orleans, La.

Speaking of Louisiana we hear that Billy Long is considering moving to West Monroe, La. We wonder why???

Mrs. Wiley Johnson and Mrs. Sterling Kelly and children spent Saturday with Mr. and Mrs. E. J. Rowland of Hamlin.

Sunday visitors in the Wiley Johnson home were Mr. and Mrs. Jack Diamond of Coleman, Mr. and Mrs. Charles Kirkland and William of Haskell, Mr. and Mrs. Johnnie Johnson and Roger of Lubbock, Mary and Maxine Allen of Ralls, Mr. and Mrs. J. J. Wells, and Mr. and Mrs. Sterling Kelley of Post.

Mrs. Lucille Gibson and Patsy visited relatives in Sundown Sunday.

Mr. and Mrs. Lewis Kuykendoll and children of Littlefield visited in Mrs. G. W. McAllister's home Sunday.

Mr. and Mrs. Dwight Kinard and baby of Memphis visited Mrs. Kinard's mother, Mrs. Jewel Graham, over the weekend.

Mr. and Mrs. Walter Clark of Plainview, Cliff Clark of Big Spring and Mr. and Mrs. Harold Voss and Voda Beth spent Sunday with Mrs. Carl Clark and girls.

Mr. and Mrs. Bert Sparks of Portales, N. M., spent last weekend visiting Mrs. Sparks' parents, Mr. and Mrs. Aubrey Ritchie and family.

Mrs. Floyd Payne and Carl of Snyder visited in the L. P. Kennedy home over the weekend.

Mr. and Mrs. Charles Nelson and Mike of Abernathy spent the weekend with Mr. and Mrs. Arthur Nelson, and family.

Weekend visitors in the A. Lee Ward home were Mrs. Ward's father C. W. Fitzgerald, and her brother, Billy Frank, of Munday.

We wish to express our deepest sympathy to friends and relatives of Mr. Wheatley who passed away last Friday afternoon. He was taken back to Waxahachie by his family and burial was Monday afternoon.

Mr. Wheatley had lived in Waxahachie for over 40 years coming to Post to live with his son only about a year ago.

After that sandstorm we had last Friday, we need to sell this week's sheet production to people that live in New Mexico so that they can get part of their farms back.

Social Sorority Names Post Girl As Pledge

DENTON (Spl.)—Joyce Short, Post, has been named to pledge Delta Gamma, national social sorority at North Texas State College this semester.

Dean of Women Imogene Bentley has announced the names of 34 girls who were chosen to become pledges in the six Greek-letter groups after several days of rushing activities on the campus.

Miss Short, the daughter of Mr. and Mrs. Lowell F. Short, 504 W. 10th, Post, is a member of Future Business Leaders of America. She is a junior business administration major.

Mrs. James Minor, Jimmy and Marilyn will visit Minor this weekend in the Veterans Hospital at Dallas.

MRS. R. V. BURNES OF PLEASANT VALLEY WRITES

W.M.U. Will Have "Week Of Prayer" Program Beginning Monday At 2 P. M.

Mr. and Mrs. Jack Meeks have been on a trip to the lower Rio Grande Valley. They also spent some time fishing at Padre Island.

W.M.U. met Monday night at Mrs. Lawrence Burkett's for a mission study on "The Tribes Go Up." Mrs. Robert Mock and Mrs. Carl Payton gave the program and a salad supper was served. Those present were Mrs. Elmer Hitt, Mrs. Carl Chilcoat, Mrs. Hershel Bevers, Mrs. Jack Meeks, Mrs. B. D. Robinson, Mrs. S. M. Lewis, Mrs. Spence Bevers, Mrs. R. V. Burnes, Mrs. Mock, Mrs. Payton, Mrs. Burkett and Joan Chilcoat.

Mrs. Jack Burkett and daughter Jan were brought home from the West Texas Hospital Tuesday. Their mother and grandmother, Mrs. Landers of Lubbock, is spending a few days with the Burketts.

Royce Robinson of Roundup visited several days recently with his parents and sister, the C. K. Robinsons and Linda.

Sharen and Karen Adams have the mumps.

Mr. and Mrs. Billy Thomas of Redwine visited last Monday evening with her parents, the Clark Bartons.

W.M.U. will have a "week of prayer" program at the church beginning Monday. The group will also have charge of the Wednesday night service. A service at 2 p. m. Friday will close

the week's program.

Mrs. Elmer Hitt attended the workers' conference at the First Baptist Church in Post Tuesday.

Pleasant Valley 4-H Club girls met Tuesday in the home of Mrs. Hershel Bevers. Those attending were Karen and Patsy McGehee, Jesse Carolyn Ward, Linda Adams, Linda Payton, Sherry Bevers, Barbara Mock, Lou Alice Edwards and Miss Jessie Pearce, agent.

Mr. and Mrs. J. R. Mathis of Grassland visited the R. V. Burnes family Tuesday night.

BITS-OF-NEWS

Mr. and Mrs. Charles Hoskins and Jan of Los Alamos, N. M., spent the weekend with her parents, Mr. and Mrs. Carl Rains, Jack and Jerry.

Mr. and Mrs. Roy Brown, Sr. of Sand Springs, Okla., visited in the Roy Brown home during the weekend. Their grandson, James Richard, accompanied them home.

Weekend visitors of Mr. and Mrs. Arvel Watson were his brother, Doyle Watson of Albuquerque, N. M. Arlie Gilmore of Cotton Center and Troy Gilmore of Carlsbad, N. M.

Mrs. Maudine Priddy visited during the weekend with Mr. and Mrs. Roy Gilmore, Margaret Jean, who has been visiting here and in Carlsbad, returned home with her mother Sunday.

George, son of Mrs. Travis Gilmore, enlisted in the Air Force Monday. He will take his basic training at Lackland AFB in San Antonio.

Mr. and Mrs. Lee Roy Watson of Abernathy spent Sunday here. They brought Mrs. E. L. Gilmore home after she had visited them for several days.

Progress Of Cotton Industry Credited To 7-Step Program

Ten years ago the Extension Service's 7-Step Cotton Program was initiated. Through this program effort which brought together all segments of the cotton industry great improvements have been made by Texas cotton producers.

Fred C. Elliott, extension cotton specialist, points out in his annual report the extent and value of the program to Texas. Acre yields for the 1946-55 ten-year period are 40 pounds an acre higher than for the 1936-45 period. The 1955 acre yield of 282 pounds is the highest since

1866. Improved varieties, better insect control programs, increased use of machinery, better harvesting methods, improved and cheaper cultural methods, improved rotation systems and soil building crops and improved ginning, all part of the 7-step program, are credited by the specialist for the increased yield.

The trend toward more machine harvesting continued in 1955. Elliott says 1,547 spindle type pickers were used in 70 counties and 19,524 stripping machines in 130 counties. Where yields were a half bale an acre, the saving for machine harvesting was as much as 35 a bale.

Based on 10 years of cotton improvement experience and data from experiment station variety testing, Elliott and other cotton industry leaders figure that 40 pounds of the 1955 state average of 282 pounds of lint an acre is due to the cumulative effect of the work done by Texas A&M College System personnel on the 7-step cotton program. This extra 40 pounds from each of the 6,860,000 acres harvested in 1955, figured at the average price of 33 cents a pound, brought to Texas growers \$36.5 million.

How do farmers get the information that has enabled them to make these improvements? Elliott says the extension specialist team, composed of the cotton specialist, an entomologist, cotton gin specialist and at times other specialists, participated in 116 meetings attended by 14,393 persons last year. In addition, county agents held 1,454 county and community meetings and tours on cotton improvement with an attendance of 47,140 persons. County agents also prepared 1,154 timely news stories on cotton and appeared on 884 radio and television programs.

The specialists and county agents gave and received cooperation from other groups, organizations and agencies working for the betterment of the cotton industry in the state. The 7-step county cotton committees were the clearing houses for these efforts.

Records Are The Eyes And Ears Of Farm Business; Can Prevent Errors

Farm records have been referred to by County Agent Lewis C. Herron as the eyes and ears of the farm business. They reflect, he said, how the business is doing and may prevent many costly management or expansion mistakes.

On the average farm the investment per worker totals about \$15,000. Investments in land, machinery, livestock and other essentials needed for agricultural production makes the present day farmer a capitalist of considerable means. His investments are often larger than those of many urban businessmen. Our highly competitive commercial farming, said Herron, makes record keeping mandatory as a protection for our investments.

Too records make the job of completing the yearly income tax report much simpler and can save money, expense items which are not recorded often are overlooked or forgotten at tax paying time and for every \$5 item missed, the average taxpayer paid \$1.25 in taxes he didn't owe, said Herron. Even the cost of a good farm record book is deductible as a legitimate operating expense.

Farm families, said the agent, who have improved the efficiency of their farming operations have found records to be the key to their success. They have taken the guess-work out of their business.

Many types of record books are available but Herron called attention to the revised Texas Farm Record Book which is now

available for a small charge. This book is designed to aid farmers not only in keeping a complete record of the farm but also for making tax and social security reporting easier. The county agent can supply details on how and where the books may be obtained.

New Pay Is Opened In Southland Area

W. Ridley Wheeler has opened a new pay, the Glorietta, in the Sunniland-San Andres pool of northeastern Lynn county with the completion of his No. 1 E. R. Legg.

Discovery finalized for a daily flowing potential of 225.5 barrels of oil and no water on a 3/8-inch choke with gas-oil ratio of 195-1 and oil gravity of 36 degrees.

Production is from casing perforations between 4,299-380 feet, exposed section having been acidized with 500 gallons and 4,500 gallons.

Well site situated three miles southwest of Southland and in Section 1274 of the EL&RR Survey. It is 2,310 feet from south and 990 feet from west section lines.

BITS-OF-NEWS

Mr. and Mrs. Tommy Puckett of Brownfield were weekend guests of friends and relatives.

Jim Jackson from O'Donnell was a Sunday guest of Mr. and Mrs. Tom Arnett and family.

TWO FAMILIES—These three James Martin boys are believed to be few instances in this area of three boys having three brothers. All are employees of Postex Mills, Inc. From left to right, front and back, are Mr. and Mrs. Hugh Martin, Mr. and Mrs. Barney Martin and Mr. and Mrs. Eugene Martin.—(Staff Photo.)

ployees of Postex Mills, Inc. From left to right, front and back, are Mr. and Mrs. Hugh Martin, Mr. and Mrs. Barney Martin and Mr. and Mrs. Eugene Martin.—(Staff Photo.)

Garza Families United In 30s By Three Weddings

Three families were united in three marriages during the 1930s. The marriages took place in 1935, 1936 and 1937. The families are the James, the Martin and the Post families. The James sisters, who are employed by Postex Mills, Inc., were married to three Martin boys. The Martin boys are employed by Postex Mills, Inc. The Post family is also employed by Postex Mills, Inc.

This year coincide with the years in which they were married—35, 36 and 37—although not in that order.

Of the three Martins, Hugh is the oldest and Eugene the youngest. The three couples had known each other for a number of years before their marriage. Elberta said Eugene was the first "beau" she ever had and that their marriage followed a four-year courtship.

The women's father, Roy James, and their stepmother, Mrs. Maysel James, are also employed at the mill. The Martins are the sons of Mr. and Mrs. S. I. Martin of Post.

All three of the Martin women are employed as sheet hemmers at the mill. Katie Mae has been employed there continuously for the last 11 years, Elberta continuously for the last four years, and Ruth, "off and on" since 1945.

Hugh Martin is employed in the bleaching department, Barney in finishing work, and Eugene as a repairman in the spool room. The three brothers farmed before going to work at the mill.

The Hugh Martins' daughter, Joy, now Mrs. W. O. Fluit Jr., is employed in the office at the mill. They have another daughter, Kay, who is a high school freshman.

Mr. and Mrs. Eugene Martin are the parents of four children. Sammy, 15, is a sophomore; Carolyn, 13, a seventh grader, and Cheryl, 8, a third grader, Vicki Sue, was five years old on George Washington's birthday.

The Barney Martins are the parents of Connie, 16, a high school junior, and Ruthell, 12, a sixth grader.

The Martin women have three other sisters and one brother. They are Mrs. Claudine Bilberry of Post, Mrs. Florene Berry and Mrs. Dolores Allison of Sundown, and Winston James, who is in military service, stationed at Colorado Springs.

There are two other sons and three daughters in the S. I. Martin family. They are Clyde Martin of Pampa, Wayne Martin of DeCoto, Calif., Mrs. Hazel Qualls of Albuquerque, N. M., Mrs. Pauline Crabtree of Hayward, Calif., and Mrs. Bernardine McWhorter of DeCoto.

Mr. and Mrs. Jim Yerby of Modesto, Calif., were Tuesday guests of Mr. and Mrs. G. W. Woodral.

G. W. McGinnis of Lovington, N. M., visited friends here Tuesday.

Thursday visitors of the Ott Nances were Mr. and Mrs. Dean Gilliam of Snyder.

Mr. and Mrs. George Duckworth were in Lubbock Friday. Rev. Igo and Clovis Smith

Combination Mail Made Permanent

The Post Office Department has announced "combination mail" has been formally included in the regular postal service. Postmaster Harold Voss said this week.

Postmaster General Arthur E. Summerfield launched this new service last Nov. 28 on a trial basis. He reported on Jan. 28 that public response "has been overwhelmingly in favor" of its continuation.

The combination service permits the enclosure of first class letters in parcel packages, and other combination of different classes of mail in a single item, providing the proper postage for each class, with a notation, is attached to the item. For instance, a package with a letter enclosed must have both a three-cent stamp for the letter and regular postage for the package.

Deep Wildcat Is Slated In County

Jack Markham et al of Lubbock are scheduled to spud soon on a 9,000-foot rotary wildcat site in southwestern Garza County. The project is designated the No. 2 J. B. Slaughter Estate.

The proposed Ellenburger attempt is a one-location west offset to the No. 1 Slaughter, 5,458-foot Clear Fork failure plugged and abandoned by the same operator in November of last year.

It is also about two miles northwest of an 8,683-foot Ellenburger failure and eight miles southwest of Post. Site situated on an 80.25-acre lease 347 feet from east and 330 feet from south lines of the southwest quarter of Section 1, Block 30, T-7-N, TW&NG Survey.

your hobby...

...costs MONEY!

Just write down the figures representing the dollars you have spent for cameras, lenses, projectors, film, developing apparatus, tripods, flood lights and all the other photographic equipment that has cost you money.

The value grows as you buy more equipment. And the value of what you already own may be greater today than when you purchased it.

A Photographic Equipment "All Risks" Floater policy is an investment that protects your investment in photography.

Rates are low. Insure all your photographic equipment, including cameras, projectors, negatives, in one policy that protects you anywhere in the world. Let us tell you about it.

WE STAND BETWEEN YOU AND LOSS

SEXTON INSURANCE CO.

BITS-OF-NEWS

Mr. and Mrs. Billy Craig from Plainview were weekend guests of Mr. and Mrs. R. L. Craig and family.

Mrs. Winnie Henderson and Mrs. R. H. Tate transacted business in Lubbock Wednesday.

Ernie Popham, Dickey Beggs, and Walter Didway spent Friday night in Snyder.

Post attended church and visited friends here Sunday.

Mr. and Mrs. W. C. Caffey and Kay of Lubbock and Mrs. Elmer Pettigrew of Post attended the revival here last week.

Mr. and Mrs. Ralph Miller and family of Gail spent Sunday with his brother, Riley, and family.

Arthur Freeman of Post was a weekend guest of his son-in-law and daughter, the Add Jones.

Sheriff Warns Pedestrians That Traffic Laws Made For Them, Too

"Many pedestrians on our streets today are a constant hazard to themselves and others by their reckless disregard of traffic laws."

This view was expressed by Sheriff Carl Rains today in his discussion of the Know and Obey Traffic Laws program which the Texas Safety Association and the Department of Public Safety is conducting this month in cooperation with the National Safety Council.

"How many of us can plead 'Not Guilty' to sneaking across a street on a red light, or to jaywalking, or to doing any of the other extremely hazardous things which spell disaster to so many pedestrians in traffic each year?" the sheriff asked.

Emphasizing that traffic laws were made for the protection of both pedestrian and motorist, Sheriff Rains said that statistics indicated that many traffic accidents are caused by reckless pedestrian walking habits and an indifference to the necessity

of obeying traffic laws at all times.

"Traffic signals represent the expert thinking of engineers and safety authorities and are used for the protection of both motorist and pedestrian," the sheriff said.

"When we disobey traffic laws, whether motorist or pedestrian, we're cheating ourselves as well as others," he continued. "It might be fun to fool yourself at solitaire—but don't try the same thing in modern traffic. It might be fatal!"

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending Feb. 25 were 23,729 compared with 21,405 for the same week in 1955. Cars received from connections totaled 11,619 compared with 11,783 for the same week in 1955. Total cars moved were 35,348 compared with 33,188 for the same week in 1955. Santa Fe handled a total of 35,025 cars in preceding week of this year.

BITS-OF-NEWS

Robert Hays of Shreveport, La., Miss Dorothy McElroy, and Mr. and Mrs. Jackie Hays and children were Sunday guests of Mr. and Mrs. Jim Hays and children.

100 Cub Scouts, Parents And Guests Attend Pack's Blue And Gold Banquet

Approximately 100 Cub Scouts, parents and other guests attended Pack 16's annual Blue and Gold banquet last Thursday evening in the school cafeteria.

The Boy Scout Week theme, "Onward for God and My Country," was carried out, with a huge 46th anniversary cake adorning the main table. Miniature Cub Scout figures made by Pack members were used as place cards on the den tables.

The Rev. W. L. Porterfield, First Methodist Church pastor, presented a program of magic, then made a short address in which he told the story of the lad who went fishing and shared his catch with the multitude.

The speaker told the boys that God is not a magician, but that he performed miracles which outdo anything a magician can perform.

Cubmaster Edsel Cross and the Pack secretary, Mrs. Cross, were presented gifts in appreciation of their work with the

Cub Scouts. Gifts of appreciation to Den Mothers Mrs. M. and Mrs. Ralph Dean, Mrs. Victor Hudman, Wallace Simpson of Den 1, Mrs. Max Gordon and Mrs. C. Herron of Den 3.

Also receiving gifts were Chiefs Royce Hart of Den 2 and Simpson of Den 2 and Trammell of Den 3.

Victor Hudman was in ceremonies. Dr. John R. tree is committee chairman of the Pack, which is sponsoring the Parent-Teacher Assn.

As the printing industry composed primarily of business firms, it takes the nation's largest percentage of the industry's income.

Although the United States has 70 places called postoffices, only 11 of them are large to have postoffices.
