

# Up And Down Main Street

After listening to T. R. Green... Bob Warren and a few other good fellows discuss Amendment No. 3 over a "cuppa-coffee" in the American, the roving reporter gathered that those who vote No. 3 on November 5 will be getting for:

1. Hardsurfaced farm roads to get farmers out of the mud.
2. School buses running regularly, regardless of weather.
3. Better rural mail service.
4. More jobs for Texas workmen.
5. More tourists for Texas.
6. Safer roads, fewer traffic deaths.
7. A wider distribution of manufactured products at less cost.
8. Increases in the value of real property.

In this tired and tortured world, there often seems to be a little extra that we can do, but there is one thing that every American can do should do and that's VOTE—whether it Yes or Nay.

Mrs. Harvey Moreman is completing plans for opening an art shop in her home at 16 West Thirteenth street. The new shop will be styled "The Bazaar" and Mrs. Moreman plans to hold open house on November 2. The public is invited to inspect the new shop.

Buy as a Beaver is Keith Kemp who he moved his garage to 6th and Jefferson street. If your wheels are leaking, your wheels are wiggling, your brakes refuse to brake or if your car has any other ailment peculiar to the four-wheeled carriage, Keith can fix it.

While up the Court House way going taxes to Tax Collector Jerry Fritz, we learned that our back number plate come 1947. The new plate is to be the same as the current model and is to have white numerals on a black background. Plates will not be available 'til February.

By the way, if you pay your taxes now there is a neat little amount in your favor.

Boquets to the Living is a good idea. This week while doing our work for the Dispatch we heard of nice things about the City Club for cleaning off the vacant lots south of the R. J. Hundley home. For years Mrs. Hundley has been having this particularly gruesome task done on her own.

It gave me a great deal of pleasure to know that the city is going in for a serious clean-up campaign of the town," she said. The city is being weeded-out—never—not only in the residential sections but in the business areas. The city duds are being supported in this fall clean-up by the Chamber of Commerce and the clubs of the town. It's time to get busy now with action instead of words and do your part in cleaning your own property as in support of the clean-up campaign.

Homer McCrary of McCrary's Amusement Company is playing a super-duper Majestic juke-box record player but not for long, we'd be willing to wager. These duo models are being coveted by lots of folks these days.

Shades of Hallowe'en!—but our spirits jumped clear over the clouds and landed plunk in the middle of Thanksgiving while we were hanging around the Hi-Way Grocery and Market out on South Broadway yesterday with Raymond Young and his clerks. Cause the transition was brought about when we saw on display a big mix along with big trays of cherries and a lot of other good stuff that go to make Thanksgiving cakes and puddings and all-time food favorites.

If you've been using the Sugar Bowl or Grandma's old trunk in your house for a safe hiding place for your valuables you can now dispose of these outmoded places. Advertisements Safe Deposit boxes arranged this week at the First National bank.

Undercover Stuff—carpeting. It is on display at Mason & Popper. The floor covering is in all conditions and can be cut to fit any room.

# The Post Dispatch

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, OCT. 31, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 46

## Information Given On 1941-45 Loan Cotton By ACA Secretary

Because of the interest to producers in Garza County who did not redeem cotton pledged as security for loans in the years 1941, 1942, 1943, 1944 and 1945, we are announcing the following information recently received from the Cotton Branch in New Orleans about the liquidation of the pools, stated Robert H. Gibson, Administrative Officer, Garza County ACA.

All the cotton for the above loan years not redeemed has or is being pooled by the Cotton Branch and sold in accordance with the provisions of the Cotton Producer's Note and Loan Agreement. Sales of pooled cotton by the Cotton Branch commenced as soon as the pooling began. On final liquidation of all cotton in each pool, the net proceeds, if any, after deduction of all advances and accrued costs, including storage insurance, and handling charges, will be distributed to producers whose cotton has been placed in the particular pool in proportion to their interests. We understand that the greater part of the 1941, 1942, and 1943 cotton has been sold but there still remains a small percentage of the cotton from these pools which must be sold. After the sale of each pool is completed, a period of time will be required in which to collect certain claims for damage.

(Continued On Back Page, Col. 3)

## Clean-Up Campaign Gets Underway; Post Clubs To Cooperate

The city-wide clean up campaign got underway this week when the chamber of commerce committee in charge of the project met Tuesday at Jennie's Tea Room with representatives of the Parent-Teacher Association, the Culture Club, the Junior Study Club, the American Legion Auxiliary and the Lions and Rotary Clubs.

The representatives will enlist the cooperation of their respective clubs in seeing that every section of Post is cleaned up by mid-November.

Toward the end of the campaign, school children will be asked to help with the loading of debris onto vehicles for disposal. The cooperating clubs will divide the city into units with a group of supervisors named to make certain each unit is clean.

The committee urged that everybody in Post begin cleaning up his own property now so that health and fire hazards can be eliminated entirely and the city be made beautiful by Thanksgiving.

Waste materials should be put at the back of residential and business lots, near the alley, where they can be collected.

## Light Vote May Be Expected In Next Tuesday's Election

### Vote For Amendment No. 3 WE NEED THE ROADS.

Possibly no amendment to the state constitution has been submitted in many years that is more important to the material welfare of the state than the Good Roads Amendment No. 3.

West Texans have much at stake in the proposed amendment which will be voted upon November 5. The State Highway Commission is prepared to expend \$100,000,000 annually on roads if the amendment is passed.

You should vote for No. 3 because it guarantees:

1. The use of motor vehicle registration fees and gasoline taxes for school and road purposes.
2. Constitutional allotment of one-fourth of the gasoline taxes to the schools.
3. Funds for securing the rights-of-way, construction, maintenance and policing of all public roadways.
4. Retirement of county and road district bonds.
5. Continuation of legal refunds on non-highway gasoline.
6. Present share of motor vehicle registration fees to counties.
7. The ultimate construction of an adequate system of state and farm roads to meet the needs of the people of Texas.

West Texans should be more concerned with the fate of the proposal than any other regional group in the state. Ours is a vast territory and the distances between our cities is great. This section does not have enough good roads for the present, let alone for the future when the area is likely to experience its greatest period of development.

The wisdom of supporting Amendment No. 3 is strongly evident. The return of tax monies to improve and maintain the source from which they derive is logical and fair.

Vote for the road amendment and guarantee the building of a well planned road system in Texas.

### SPECIAL ELECTION SET FOR NOVEMBER 7

If absentee voting may be used as a yardstick for measuring the out-come of next Tuesday's general election in Garza County, the vote will fall considerably short of the Democratic primary elections held during the summer. Only 500 persons had cast absentee votes up until Wednesday noon.

In the summer's first primary election 1,468 Garza citizens voted, and the run-off campaign in August counted 1,350 votes. Last general election, November 1944, eleven hundred and fifty-four Garza voters participated, casting 828 votes for Democrats, 143 for Republicans and 169 for Texas Regulars. A number of Post political observers have expressed belief that next Tuesday's election will draw a light poll, even though there are three important proposed constitutional amendments appearing on the ballot, along with a full column of Democratic nominees, and a Republican column complete for state officers, except for Commissioner of Agriculture.

The three proposed constitutional amendments to be approved or rejected by the voters include, an amendment, which would authorize the legislature to pay for a building constructed for John Tarleton Agricultural College, another would authorize the legislature to provide a retirement disability and death compensation system for officers and employees of the State of Texas and would also authorize counties to provide such a system. A third amendment would write into our constitution the law already on our statute books which levies a tax on gasoline and lubricating oil.

Two days after the general election, Thursday, November 7, a special election will be held in the county at which time a ballot will be taken on an amendment which was intended to be submitted at the general election, but by an error it was submitted for a vote on November 7. This amendment, which has the endorsement of the legislature, and approval of the American Legion, the Veterans of Foreign Wars, and other veterans groups, would create a veterans land fund for the purchase of lands in Texas to be sold to Texas veterans of World War II.

Polls for the eleven county voting boxes will open for both elections at 8 a. m. and close at 7 p. m.

## Antelopes In Good Shape For Sundown

### ROUGHNECKS RATED AS HEAVIEST TEAM OF LOOP

Post Antelopes came through last Friday night's 20-0 defeat at the hands of the powerful Mustangs of Andrews without serious missing and will be at full strength for the game with the Sundown Roughnecks here tomorrow night.

The Roughnecks, with three wins and a lone loss, come here in what may prove to be the feature attraction on the 6-A card. The Sundown boys will be taking their chances of moving into a tie for second place in conference standing if they succeed in taking the Antelopes for a loss. The Antelopes rate three wins and two losses in conference play.

The Roughnecks, according to information reaching here, are a powerful lot. The team is said to be the heaviest in the district, with the lightest man on the squad weighing 145 pounds, and the huskies ranging upward to 185 pounds. The team's total poundage runs up to 1740, averaging 167 pounds to the man, as compared with total poundage for the Antelopes of 1664, averaging 151 pounds to the individual.

The Antelopes are in tip-top shape for the Roughnecks, said Coach Bingham this morning, and are expected to put up a hard battle against their championship contender opponents. Bingham indicated he would use his regular string of starters.

The kick-off is slated for 8 o'clock sharp.

## Sherrill Boyd To Head Garza County USO Campaign

Sherrill Boyd will head the next and final USO campaign in Garza County, Governor Coke R. Stevenson, General Chairman, announced today.

"With the capable leadership of Mr. Boyd, I am sure Garza County will succeed in raising its quota in the state drive for \$800,000," Governor Stevenson said.

Headed by Colonel Carl L. Phinney of Dallas, president of the 36th Division Association and State Campaign Chairman, Texas' 254 counties have been divided into six regions made up of 66 districts.

Robert B. Anderson of Vernon is chairman of the Northwest Texas region. These chairmen will work together in organizing and conducting the local campaign.

"There are about 125,000 Texas men still in the service, overseas, in hospitals or beginning training," said Colonel Phinney. "The combat phase of the war is finished, but the transition period presents fully as many morale problems."

"We must see to it that USO services are continued for those men who need and deserve a home away from home" now more than ever," the State Campaign Chairman said.

"I am sure that Garza County headed by Mr. Boyd will fulfill its quota and help Texas 'See-It-Through' 1947 with the National USO Campaign."

### "THE MISSING CORPSE" TO BE FEATURE OF SPECIAL MIDNIGHT SHOW OCT. 31

B. J. Edwards, local theatre manager, gives a special invitation to all spooks, goblins, and fur lovers to attend the special midnight matinee at the Garza Theatre on Thursday night, October 31, following the P-TA Hallowe'en carnival.

The feature to be shown is "The Missing Corpse" starring J. Edward Bramberg. It promises a night full of thrills, chills and laughs to young and old.

The public is cordially invited to attend this special show. Regular admission prices of 12c, 25c, and 49c will be charged.

### PINKERTON CAFE IS ROBBED OF CASH

Robbery of cash amounting to about forty dollars, and fifteen to twenty cartons of cigarettes was reported to Sheriff Percy Printz early Sunday morning by Johnny Pinkerton, owner of the small cafe east of the Garza hotel.

The cafe was entered between closing time Saturday night and before opening hour Sunday morning.

The intruders also destroyed a juke-box.

## Farm Practices For Garza County To Be Selected November 5

The Garza County AAA Committee will meet with representatives of other Agricultural agencies and farmers next Tuesday, Nov. 5, to select practices on which payment will be offered in 1947, announced Robert H. Gibson, Committee Secretary.

The practices selected will be submitted to the State Committee for final approval immediately thereafter so that they will be approved and returned before the beginning of the 1947 program year, he said.

Practices that are expected to be approved are construction of terraces, earthen dams, fireguards, elimination of mesquite, deep plowing of sandy soil, contour farming of row crops, strip cropping on the contour and not on the contour, drilling and digging of water wells, protected summer fallows, summer cover crops, and concrete work for irrigation wells, Gibson said.

### COTTON GINNINGS IN POST TOTAL 244 BALES

Post area cotton gins, including the Planters gin in the city, and the Close City, and Graham gins, had a combined total of 244 bales counted late Wednesday afternoon.

Planters gave their total as 164, Close City 38 and Graham 42.

Ginnings have been light this season with the plants running at intervals.

### FORMER POST RESIDENT DIES AT CADDO, TEXAS

Funeral services for W. C. Bunker, formerly of this city were conducted at the Baptist church at Bunker, Texas on Monday, October 28.

Mr. Bunker after recently moving from Post had made his home in Caddo, Texas.

He was born March 5, 1877 at Graham, Texas, and died Sunday, October 27, following a prolonged illness.

Survivors include his wife, and four children, Roy and Willie Mae of Caddo, Mrs. W. F. Wright of Prescott, Arizona, and Jim of Lubbock, also a twin brother and one sister, both of Bunker, Texas.

### INFANT OF MR. AND MRS. A. B. HAWS, JR. TO BE BURIED

Funeral services for the still-born infant son of Mr. and Mrs. Burnon Haws will be held this afternoon at 3 o'clock at Terrace cemetery. Rev. Huron Poinac of the First Baptist church will officiate and a choir group composed of friends will sing the comforting song, "Abide With Me."

Bill J. Davis, violinist, will accompany the group as they sing.

The baby was named Robert Burnon and was born in the Plains hospital Wednesday, Oct. 30, at one-thirty o'clock.

Maternal grandparents are Mr. and Mrs. R. McReynolds of Plainview, paternal grandparents are Mr. and Mrs. A. B. Haws.

## 58 Million Pigs To Be Goal For Nation's 1947 Production

Ten pigs next spring for every nine raised last spring is the goal that the Department of Agriculture is asking in the way of a spring pig crop, announces Will Wright, chairman, Garza County Production and Marketing Committee.

The 1947 spring pig goal is 58 million pigs. To get 58 million pigs, the number of sows to farrow next spring must be increased by thirteen per cent over last spring's farrowing. These are national percentage figures. The goal has been increased more in some areas than others. The largest increase is being sought in the Corn Belt States where a fifteen percent increase is being called for. For farms outside the Corn Belt, the average increase sought is nine per cent, Wright said.

The Government support price on hogs to be marketed during the next year has been boosted two dollars and a quarter a hundred. The average support price is now fourteen dollars and a quarter, Chicago basis, this would make the 1947 support price for hogs sixteen dollars and fifty cents per hundred. These support prices are set up on a week-to-week schedule to allow for seasonal variations. The higher prices were established in line with increases in the parity prices of hogs, Wright said.

## Oscar J. Fox To Give Recital At Post High School Next Tuesday

The famous song, "Bills of Home," composed by Oscar J. Fox of San Antonio, will be the main event on the program when Mr. Fox presents a recital in the high school auditorium on Tuesday, November 5, at 11:00 a. m. under sponsorship of the school.

Lorraine Dossert, lyric baritone, also of San Antonio, will render the musical numbers accompanied on the piano by the composer.

The program will consist of the following numbers: Texas songs—Sam Houston, Will You Come to the Bower, How Sweetly Does the Moonbeam Smile and The Bluebonnet; Cowboy songs—Riding Along, Rounded Up in Glory, and Old Paint; Concert songs—When A Man Comes Home, My Heart Is A Silent Violin, Rain and the River, and the famous Hills of Home.

Adults are cordially invited to attend as well as students and admission price is 20c for everyone. Student activity cards may be used for this program.

### OLD AGE PENSIONS AVERAGING \$26.27

November's old age pensions to 188,069 Texans will average \$26.70 the state public welfare department announced the first of the week from Austin.

Since Oct. 1, pensioners have been receiving an added \$1.50 on their checks to make up for past deductions.

### COUNTY DRAFT BOARD HALTS INDUCTION CALLS UNTIL AFTER JAN. 1

Orders to cease pre-induction and induction calls until January were received several days ago by the Garza County Draft Board, according to Dean A. Robinson, chairman.

The new order went into effect last week and will remain in effect during the next two months, said Robinson. However, 18-year-old boys will continue to register and the board will remain open for that purpose.

### LEGIONNAIRES URGED TO ATTEND MEETING

Members of the James C. Cole American Legion post are reminded that next Tuesday night, Nov. 5, is regular monthly meeting night for the post, and are urged to attend the business session.

Ira Greenfield, post commander, announced this morning that the post will decide on some form of entertainment of Armistice day. Other important business matters are to be discussed.

## Bewitching Queens Will Reign Over To-night's Annual Hallowe'en Carnival

Trumpets to begin the coronation of the Hallowe'en queens will be sounded tonight at 7:30 sharp, at which time the High school queen, who will be selected this afternoon at 7 o'clock and the Grade school queen, who was to be chosen this morning, will be crowned at the High school gymnasium, marking the highlight of the annual P-TA Hallowe'en carnival.

Queen contest rivalry is in full swing as enthusiastic students and parents work with increased vigor as the closing time grows shorter. It has not been an uncommon sight the past few weeks to walk down the streets of Post and see food booths, rummage sales, voting boxes and raffles, each group endeavoring to make enough money to get their queen elected.

Those competing for the title of Hallowe'en queen and their escorts in High school include the following: Senior class, Bobbie Chandler and Audrey Wiley; Juniors, Bonnie Bowen, Stanley Benge; Sophomores, Bobbie Jo Roberts, Carter White; Freshmen,

Daisy Holly, Boyd Bowes; and Eighth Grade, Peggy Johnson and Herman James.

Grade school nominees and escorts include: First grade, Linda Lott, Johnny Keith Kemp, Francis Dietrich, Ray Charles Garner, second, Leslie Nichols, Jerry Don McCampbell, Connie Marie King and Ronnie Blacklock; third, Carolyn Ann Hudman, Jackie Redman, Betty Lott, Marty Reynolds; fourth, Tommy Lou Scott, Raymond Hamblen, Rogene Walls, Leonard Short; fifth, Joyce Short, Sidney Caylor; sixth, Betty Roberts, Darrell Stone; and seventh, Nelda Floyd, Jack Kirkpatrick. Each nominee and escort of both the grade school and the high school, whether selected queen or not, will take part in the coronation ceremony and will be presented before the court in grand fashion.

Rehearsal for the program and coronation to be staged tonight was begun early this week. Grade school principal, J. L. Miller, will have the honor of crowning the grade school queen and high school principal, S. D. Stramer,

will crown the high school queen. Superintendent G. R. Day will announce the coronation ceremony.

The gymnasium is being decorated with various colors and varieties of seasonal flowers and the crown bearers, flower girls and attendants will be dressed in colors of fall flowers.

The carnival will be free to the public and everyone is urged to come and bring the entire family. Food booths galore will be set up to sell sandwiches, pies, cakes, candy, drinks, both hot and cold, and any number of things fit for a king.

There's fun in store for all—grandma, grandpapa, mom, pop, students and tiny tots. There will be magic, mystery caves, wishing well, fortune telling, house of horrors and many more things to highlight Post and Garza County's yearly night of merrymaking.

Don't forget your date with the spoons, tonight at 7:30 at the High school gymnasium.

Proceeds from the carnival will be used for school projects.

Eighth Grade Reporter Leon Miller  
Sports Reporter Jane Ann Turner  
Canteen Reporter June Taylor  
Sponsor Mrs. Ray Smith

SENIOR GAB

The past week both classes have been reading Shakespeare's famous play "Macbeth." In the two classes the part of Macbeth was played by Charles Casey and Bud Everett. We found this play very interesting and got some good laughs from the saddest parts—but who could hold their laughter while June Taylor was reading the lines of the dignified and sophisticated Lady Macbeth.

While most of the Senior boys work out for football every afternoon in the hot sun, a lot of the Senior girls enjoy themselves in the cool comfortable Home Making Department of PHS. Lately we have been doing a lot of cooking. In our last three labs, we have prepared potatoes, fish, and vegetable dishes. We are planning to prepare salads for luncheon and dinner in the near future. We find this subject quite interesting and also we would like to add that everything we cook doesn't taste as dreadful as it might look.

Do we believe what we have been hearing this week—boys and girls racing down the hall to their lockers reciting Bible verses. The answer to this was given by Mrs. Bingham, our speech teacher. Each pupil had to make a speech on Bible stories. Keep it up Mrs. Bingham.

The eighth grade and freshmen classes are still wondering what the commotion was in the hall the other morning and who was the man that the students were huddled about—we want to let you in on a secret. The man was Mr. Ransom, who was paying the school a short visit while passing through here.

The joke was on the Seniors when Mrs. Smith issued them their pictures that are to be used for the annual. A lot of kids complained because they looked like them—but we know they couldn't be that bad.

SENIOR ADVICE

Criticism is something you can avoid by saying, doing and being nothing.

Be tolerant. If you cannot and will not change your opinion it is often possible to change the subject.

SENIOR CLASS MEETING

A class meeting was held in the science lab last Friday afternoon to discuss ways to raise money for our Halloween nominee, Bobbie Chandler. The meeting was called to order by Rufus Gerner, our class president, and the minutes were read by Alma Outlaw, our class secretary.

While at the meeting a hat was passed and everyone drew a number—the joke was on us, we had to pay in "cents" what ever the number was that we drew out of the hat. This was to help our queen on her way.

A rule which really pays off was made by our Senior sponsors, and it is that you pay a dime everytime you talk without permission in a class meeting. And if you don't believe me when I say it pays off just ask Sonny McCrary, Hugh Ingram, Neal Clary, Bud Everett, H. B. Parchman and Charles Hudman.

SENIOR PARTY

The Seniors were honored with a party Monday night, October 28, in the home of Mrs. Fleming. The Halloween theme was carried out and the house was gaily decorated with pasteboard black cats, witches, and jack-o-lanterns. Many interesting games were played—but the surprise was when a mysterious fortune teller arrived. Everyone learned their future for only 25c, and all enjoyed it very much. The fortune teller, having a good heart, gave all the silver she received to the Senior class for their queen and then left with no one knowing who she was. Sandwiches, pots, chips, cookies, and cold punch were served.

SOPHOMORE SOUP

The Sophomore class certainly has taste! You'll agree when you see their nominee for Halloween queen. She is the cute, likeable, Bobbie Jo Roberts. She too has grand taste in picking the well liked Carter White for her escort. To help put our queen in, we held a rummage sale Saturday. Also we sold chances on a box of chocolates which was won by Paul Duren. There were chances on one pound of shortening and one gallon of crushed pineapple, to be drawn at the Halloween carnival Thursday night.

Incidentally the Sophs will be in charge of the drive at the Halloween carnival with the help

of our sponsors, Miss Cook and Mr. King, and our room mothers, Mrs. M. J. Malouf, Mrs. Lewis West, Mrs. Guy Floyd and Mrs. Willard Kirkpatrick.

With the help of Mrs. Brown and Mrs. Floyd, Mr. King's junior basketball team went to Jayton Tuesday, October 23, to win over their team 21-7. The girls who went were Ila Paul Bratcher, Joy Stewart, Betty Smith, Alice Carr, and Frances Benson, Elaine West, Lanell Brown, Alma Floyd, Vada Holly, Theona Beauchamp, and Minnie Jo Dye. The girls were very neat in their white shorts and "T" shirts. Jayton is to return the visit soon.

The Sophomores went to school Monday night, but not to study. They are still working to make their nominee, Bobbie Jo Roberts, Halloween queen. The box supper was held Monday night at 7:30 in the study hall of the high school. The auctioneer, Charles Cooper, was a pretty good auctioneer because he sold all of the beautifully decorated boxes very readily. After eating, the jolly crowd dispersed, well pleased and sure that the box supper had been a great success. The class made approximately \$25 which will go into the fund for our queen.

EIGHTH GRADE

The eighth grade class made approximately \$34 on the food booth which was located on Main street Saturday. Chances for the case of coles and the hen are being sold up to the last minute. The queen nominee is Peggy Johnston and she has chosen Herman James as her escort.

CANTEEN CAPERS

Everything was quite lively at the canteen Saturday night as a Halloween party was in full swing. Iris Floyd had charge of the program. Barbara Norris played a piano solo. "I don't Know Enough About You" and "Don't Be A Baby, Baby" were sung by Marcia Dean Holland, Elaine Norris, Sherry Custer, and Tommy Martin, who are all singing students of Mrs. Stallings. Anita Kennedy sang "Gotta Be This or That" and "Give Me A Little Kiss," Neida Floyd sang "I'll Buy That Dream," accompanied by Barbara Norris at the piano. Rufus Gerner did two numbers which brought much applause.

After the program, punch and cookies were served and then everyone was ready to start with the fun. The dancers were quite happy to find that some new records had been purchased.

The canteen was decorated in the appropriate black and orange. Pasteboard witches riding broomsticks could be seen on the windows. When the canteen closed at twelve, almost every one had a piece of ribbon tied on them and was still as jolly as they had been at eight.

Halloween Carnival without Bobbie Chandler being queen.

GAGS

In a homemaking lab Friday, Jenice was looking very puzzled. Miss Zorns asked her what her question, if any, was. Jenice answered, "Do you buy gravy at the butcher shop or grocery store?"

Janet was asked how she liked the football game yesterday and she answered, "Good except for a couple of wise guys in white pants."

"What did they do?" she was asked.

"Oh, they kept running around blowing whistles and stopping the players."

IT'S THE TRUTH!

The Senior girls in spite of what you've heard—

In class meetings never have the last word, it's the boys always day or night—

Saying, "all right, all right, all right."

We have known of Senior girls to confess their sins, but we have never known of one to confess her faults.

I WONDER WHO...

Her middle name is Ruth, her last name is a form of weather. She has never been known to really be mad, and she is always cheerful. She is an average student and a Senior.

JOKES:

Mrs. Carr: "Alma, what happens when the body is emerged in water?"  
Alma: "The telephone rings."

A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak

production of new Chevrolets—even longer fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there aren't enough Chevrolets to go around," as we wish there were.

However, we want you to know that Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can in the face of continued supplies' and material shortages and manpower problems step up shipments to us and to all dealers accordance with a predetermined distribution plan assuring each dealer of his fair allotment based on 1941 passenger car sales. And we turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way—are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING

Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

CONNELL CHEVROLET CO

and Mrs. Beavert Hargrave, Mrs. L. J. Gorman and Margaret Graham of Amarillo visited over the week end at the home of Mr. and Mrs. Oscar...

Rev. and Mrs. S. E. Tate of Snyder visited in the W. B. Saunders home last week and all attended the District church convention held by the Church of the Nazarene in Lubbock last week.

A. J. Kirkpatrick of Berkeley, Calif., visited here in the home of his brother, Willard Kirkpatrick, and family one day last week. Mr. Kirkpatrick is connected with a government housing project.

### Justiceburg News

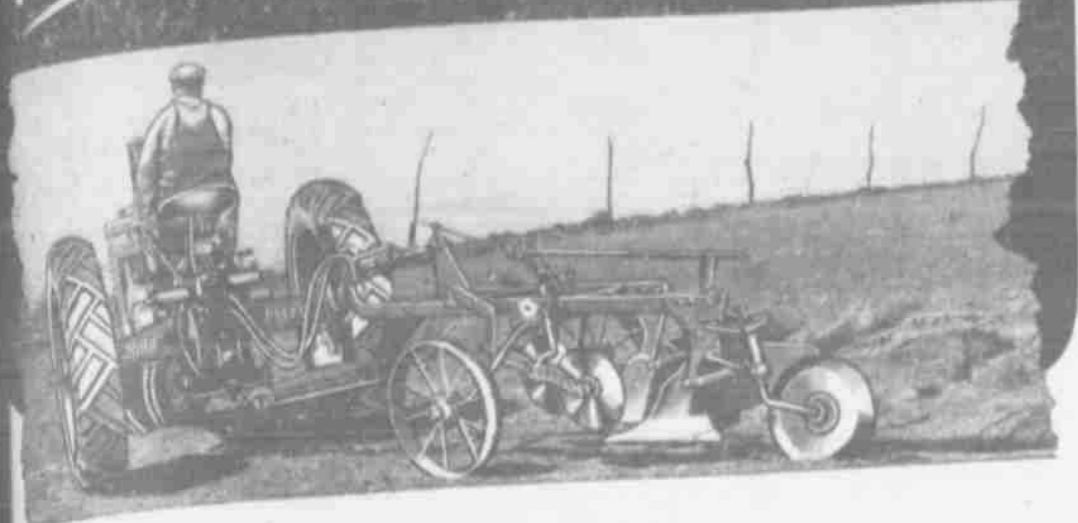

**Mrs. R. J. Key, Correspondent**  
 Mr. and Mrs. V. A. Lashan and family visited in the home of Mrs. Key Sunday night.  
 Marvin and Owen Dorman of Seminole visited friends here over the week.  
 Mr. and Mrs. Oscar Pitts and son of Brownwood, a section foreman at Justiceburg twenty-five years ago, were visitors in the home of Mr. and Mrs. R. J. Key and son Thursday.

 Wayne Whitel who is attending Tech in Lubbock spent the week end with his parents, the J. L. Whitels.  
 Honor roll for Southland school for this six weeks includes: First grade, James Brooks, Arla May Neugebauer; second grade, Harold Donohoo, Dale Edmunds, Claude Roper, Patti Cooper and Gail Pennell; third grade, Bordine Becker, Betty Gary, Lou Ella Gary, Sherry Taylor and Sue Lancaster; fifth grade, Doris Jackson, James Harmonson and Vernon Scott; sixth grade, Lonnie Mason; seventh grade, Glenda Grantham and eighth grade, Carolyn Edwards, Billy Bullard, Buford Duff and Laquetta Shelton.  
 High school honor roll includes: Ferrell Wheeler, Joy Scott, Betty Jean Edmunds, Joyce Steele, Margie Payton, Harlin Martin, J. Martin Basinger, Doris Quisen-

## The New JOHN DEERE HYDRAULIC POWR-TROL

Eliminates Lever Lifting and Rope Tugging!

### Lifts... Lowers... Regulates Integral and Drawn Equipment

There's no reaching for hand lift levers... no lifting and lowering by hand... no tugging on ropes when you operate a John Deere tractor equipped with the sensational new John Deere Hydraulic Powr-Trol.  
 Drawn implements—plows, drills, mowers, combines, corn pickers, etc.—are raised and lowered or set in any desired position... disk harrows are angled and straightened... without stopping the tractor or slowing down, at a touch of your hand on a convenient lever. Safe, positive, hydraulic power does the job through a remote cylinder which attaches on the implement.  
 Integral equipment is raised, lowered, and regulated from the rock shaft in the same manner and by the same lever.  
 The new John Deere Powr-Trol means easier, faster, better work on every job—and it's an exclusive John Deere feature. Stop in and let us tell you more about it.

**STEEL WORK BEGUN WEDNESDAY ON NEW INTERNATIONAL HOME**

Steel beams and columns, which for several weeks have held up construction of the new International building on Main being built by the Post Truck & Tractor Company, are being set up this week.

Dove Mayfield, one of the owners of the International agency, said Wednesday morning, when construction was resumed, that the steel work would be completed this week end, and that brick laying would be started the first of next week.

**CONGRESSMAN GEORGE MAHON VISITS CITY**

Congressman George Mahon, who prefers to be called George, and who declares himself to be the citizen's friend-hand in Washington, visited in Post Tuesday and attended the noon weekly luncheon of the Rotary club.

Mr. Mahon, called upon to provide the program after making his appearance at the club, discussed the nation's relations with Russia. He suggested that this nation must become more world-minded and that we should endeavor to understand Russia. He offered praise for the work of the United Nations Organization and declared that the conferences being held by the leaders of the world must function to assure a better understanding. His talk was instructive and interesting.

During the afternoon the Congressman visited with Post merchants and farmers who were in the city.

**FUNERAL RITES FOR FORMER GARZA RESIDENT HELD HERE SATURDAY**

Funeral services for a former Garza county resident, Mrs. Matie McCauley, who died Wednesday in Las Cruces, New Mexico, were conducted here Saturday afternoon at 2 o'clock at the First Baptist church with Rev. Haron Polmar, pastor, officiating.

Mrs. McCauley, a resident for many years of the Garnolia community, died of a heart ailment. Her remains were shipped here Friday from Las Cruces.

She is survived by three children, Allie Compton of Santa Fe, New Mexico; G. R. Compton of Ft. Worth and Mrs. Ocie Moore of Amarillo.

Palbearers were Carmen Morgan, J. P. Morgan, Mike Custer, Wade Terry, W. C. Bush and Elmo Bush.

**Mrs. Boyd Returns To City**

Mrs. Sherrill Boyd, who for the past several weeks has been in Austin, assisting in the publication of the Texas Week, a new State magazine, of which she is associate editor, returned to Post the first of the week.

Mrs. Boyd will continue with the publication and will serve as regional representative of the South Plains area.

**NEW ARRIVALS**

Mr. and Mrs. Bertie Condon are announcing the arrival of a 5 1-2 pound baby boy on October 17. The young man was named William Dean.

Mr. and Mrs. Robert Outlaw of Ft. Worth are announcing the arrival of an 8 pound, 4 ounce baby boy on October 3, 1946, at 10:20 a. m. The new baby was named David Ashley. The parents formerly lived in Post. Mrs. Outlaw is the former Kathleen Williams.

Mr. and Mrs. Forest Tanner announce the arrival of a baby girl, April Kay, born Oct. 25. The young lady weighed 6 lb., 13 oz. Mrs. Tanner is the former Grace Evelyn Williamson.

**HIGH PLAINS COTTON GROWERS HANDICAPPED BY EARLY FROSTS**

High Plains cotton growers each year lose money because they can't have their cotton harvested before the first frost.

Superintendent D. L. Jones and Agronomist H. D. Lynn of the Texas A and M Agricultural Experiment Station No. 8 at Lubbock says that this condition may be remedied if cotton farmers will accept three recent developments—power driven cotton strippers, stormproof cotton and chemical defoliation.

The experiment station men point out that only half of the Plains cotton is harvested when the frost comes around November 4, the 35-year average frost date. Since Plains farm units are large, the grower must depend largely on migratory labor to pick his cotton, and when frost and colder weather set in, the labor moves South, leaving the cotton farmer "holding the sack." Obviously, the answer lies in harvesting the cotton faster, and that's where the three recent developments figure in.

Power-driven strippers will allow the grower to harvest his cotton just as soon as it is sufficiently mature, Jones and Lynn predict. In connection with mechanical stripping, chemical defoliation would kill the leaves of the plant in late October, and allow harvesting without having to wait for frost to defoliate the plants. The third development, stormproof cotton, will prevent losses that growers usually suffer by late-harvesting cotton normal bolls. The normal bolls flare open at maturity and many of the locks either fall to the ground or string out and collect trash. Stormproof cotton locks are pinched at the base of the boll and stick firmly to the hulls, preventing losses incurred by growers when fiber falls to the ground and strings out.

Transacting business and visiting friends in Post Monday were Mr. and Mrs. Alton R. Carr and daughter, and Mr. and Mrs. Lem Paschall, all of Breckenridge.

Mr. Carr will take over duties as local manager of the Community Public Service Company on December 1. W. E. Dent, who has been active local manager of the Company for twenty-nine years, will retire on June 1, 1947. However, he plans to take a well earned vacation and will go to San Diego for six or eight weeks' visit with his son, Woodrow Dent, soon after Mr. Carr moves here.

Mr. Paschall will probably take over duties at the pumper station, replacing T. A. Loyd, who will also retire on January 1, 1947. Mr. Loyd has also served twenty-nine years with the Company.

**2,4-D BEING USED TO KILL BULL NETTLE**

West Texas farmers whose pastures are overrun with bull nettle might take a tip from R. B. Carraway of Rock Church, Hood County.

Carraway is a strong believer in 2,4-D as a control against bull nettle. He recently conducted a 2,4-D field trial on pasture land that was heavily infested with bull nettle. Three weeks later, observing good results, Carraway dug up several of the nettles and found that the roots were "either rotten or soured" to a depth of over 30 inches. Since then he has gone ahead with more extensive 2,4-D treatment and called in his neighbors to watch the progress.

Hood County Agricultural Agent J. Q. Gallaway reports that 2,4-D is making a reputation as a bull nettle killer all over the county. Gallaway has conducted field trials on five, widely separated farms in Hood County. The trials were made under varying weather and growing conditions and on every type of soil on which the nettles thrive. In almost all cases he reports the killing effects of the 2,4-D as "complete."

**NEW MANAGER FOR WATER COMPANY AND OTHERS VISIT IN POST ON MONDAY**

Transacting business and visiting friends in Post Monday were Mr. and Mrs. Alton R. Carr and daughter, and Mr. and Mrs. Lem Paschall, all of Breckenridge.

Mr. Carr will take over duties as local manager of the Community Public Service Company on December 1. W. E. **TWO POST MEN PLEDGE TEXAS TECH CLUBS**

Two Post students at Texas Tech recently pledged clubs, according to information sent out by the college's publicity department Tuesday.

Elwood Roy Wright, son of Mrs. Gladys Prife of this city, pledged to Centaur, men's social club; and John H. Stokes, son of Mr. and Mrs. John J. Stokes of Post, pledged the Wranglers club.

**LEE BYRDS MOVING BACK TO POST SOON**

Mr. and Mrs. Lee (Tarzan) Byrd who now reside on a ranch in Dawson county in the Tarzan community, have purchased the Walter Haynie residence just outside the west townsite on North Taylor street, and will move back to Post about December 1.

**DUDLEY SHOWS PLAYING IN CITY THIS WEEK**

Playing a week's engagement here this week under the sponsorship of the Post Lions club is the Dudley Shows and Carnival. The carnival moved here Sunday and set up on lots south of the Tahoka highway.

The Dudley Shows boasts six rides, 40 concessions and five shows.

**OVERSEAS CHRISTMAS PACKAGES MUST BE MAILED BEFORE NOV. 15**

A reminder was given this week by Postmaster Phil S. Bouchier that Christmas parcels for service personnel overseas must be mailed before November 15.

Mr. Bouchier listed these requirements:

Packages must not be more than 70 pounds in weight or 100 inches in length and girth combined and should contain articles not readily obtainable by the recipient. Boxes should be of metal, wood, fiberboard or corrugated fiberboard, securely tied with strong cord, and tightly packed. Prohibited articles are: perishables, toxicants, inflammable materials and poisonous compositions. Complete addresses should be hand printed on the wrappers.

**AREA CHEVROLET DEALERS ATTENDING MEETING**

Twenty West Texas Chevrolet dealers and representatives, including J. P. Manly, manager of Connell Chevrolet Company here, will leave Lubbock this afternoon by plane for Houston to attend an all-day meeting Friday of the Chevrolet dealers of the southwest region.

The meeting has been arranged by General Motors' new president, Nicholas Dreyfus of Detroit, and will also be attended by T. H. Keating, general sales-manager for Chevrolet.

The West Texas dealers Saturday will attend the Tech-Rice game and will return home by plane Sunday.

**Santa Fe**  
*..that's the System!*

One shipper tells another: the way to get better on-time delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

- world's largest fleet of freight diesel locomotives.
- more miles of double track than any other western road.
- more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- world's largest private telephone system, to keep shipments moving more swiftly.
- increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

**Ship Santa Fe all the way**

# Society - Clubs

## MISS BETTY WILLIAMS IS ELEGANT FOR AGLAIAN CLUB

As pledges to the 11 literary and social clubs on the Texas College for Women campus, the students have ended the annual initiation period and are considered active members. Miss Betty Williams of Post is initiated in the group. During the period of initiation "lovely pledges" soberly carried loaded suitcases, eggs, and apples to class, measured the distance around the Courthouse with a measuring tape, and scrubbed the post office steps with a toothbrush. Purpose of these clubs is to stimulate interest in literature, music, and promote social activities for members, and encourage the achievement of high scholarship.

Miss Williams, daughter of Dr. W. E. Williams of this city, is a member of the Aglaian club.

## COWDREY-WINDHAM WEDDING VOWS READ FRIDAY NIGHT

In a double ring wedding ceremony read by Minister Doyle Keely, last Friday night, October 25, at 7:15 in the home of Mr. and Mrs. Lester Nichols, Miss Billie Cowdrey, daughter of Mr. and Mrs. Deimer Cowdrey, became the bride of Donald Windham, son of Mr. and Mrs. J. D. Windham of this city.

The altar arrangement before which the couple stood was draped with peach colored gladioluses and other seasonal flowers.

The bride wore a brown wool suit, aqua blouse and brown accessories. Her corsage was of white carnations.

Miss Jimmie Chandler, maid of honor, wore a gold suit with black accessories and a corsage of white carnations.

W. E. Pierce served the groom as best man.

Only immediate members of the family were present for the ceremony.

Mrs. Windham is a 1945 graduate of Post High school and was outstanding in athletics. She is now employed at the Collier Drug Co. of this city.

Mr. Windham graduated from Post High school in 1944. He has for several years been employed here at the Garza theatre.

When the couple return from a short wedding trip to Carlisbad, and Ruidoso, N. M., they will make their home here.

## PRISCILLA CLUB MEET AT HIRSH HOME - MRS. HAXTON HOSTESS

Mrs. Earl Haxton was hostess of the Priscilla club Friday afternoon, October 25, when it met in the home of Mrs. T. R. Hibbs for regular meeting.

The entertaining rooms were attractively decorated in eye-catching combinations of yellow, red and bronze colored chrysanthemums.

Diversion for the afternoon was sewing and visiting.

One visitor, Mrs. D. H. Mayfield, was present for the meeting.

Delicious refreshments of pumpkin pie topped with whipped cream, coffee and hot tea were served by the hostess to the following members present: Mmes. C. Outlaw, A. B. Haws, Ben Williams, Ira Lee Duckworth, J. McCampbell, Jim Hundley, H. Smith, Victor Hudman, Shelley Perry and T. R. Hibbs.

## COACH AND FOOTBALL BOYS HONORED WITH BANQUET OCTOBER 23

The football boys, Coach and Mrs. Bing Bingham, were honored last Wednesday night at 8:00 o'clock with a banquet given by Mr. and Mrs. Homer McCrary in the Giles Dining room. Other than the host and hostess and Coach and Mrs. Bingham, there were twenty-eight boys present.

A delicious menu of steak, salad, vegetable plates and pumpkin pie topped with whipped cream was served to the group on a beautifully decorated table with the only lighting being that of candles scattered about the room.

In describing the event, Coach Bingham summed it up beautifully when he said, "I have been to quite a few football banquets in my life, but this is the best I have ever attended."

The affair was brought to a happy close when Coach Bingham and Captain Roy Williams spoke in behalf of all the boys and expressed their sincere appreciation for the wonderful hospitality of Mr. and Mrs. McCrary.

## CLYDE HUNDLEY AND MRS. PEARL MATTHEWS MARRY TO LIVE IN CROSBYTON

Post friends will be interested in the news of the marriage recently of Mrs. Pearl Matthews of Crosbyton, to Mr. Clyde Hundley formerly of this city but now of Crosbyton.

The marriage took place in Abilene. The couple will make their home in Crosbyton where both are in business.

Mrs. Hundley owns and operates the Matthews Dry Goods store and Mr. Hundley is owner-manager of the Hundley Furniture store. He was in business in Post for many, many years but sold his interests here two years ago, moving first to Lubbock then later bought business interests in Crosbyton.

The couple was here the first of the week for a short visit in the home of Mr. and Mrs. R. J. Hundley, Mary Ann, younger daughter of Mr. Hundley, who has been making her home with her grandparents, returned with them to Crosbyton to make her home.

## KAY GORDON IS HONORED ON FOURTH BIRTHDAY

Kay Gordon, little daughter of Mr. and Mrs. Max Gordon, celebrated her fourth birthday with a party Tuesday afternoon, Oct. 22.

A number of outdoor games were played during the afternoon followed by the opening of the gifts. The birthday cake was cut and served with delicious cold drinks. Attractive party favors of chewing gum and steel horns were given to the small guests, who were as follows: Jimmy Minor, Stephen and Tony Bullard, Bubber Talley, Cherry and Wayne Dodson, Bob Hudman, Beverly Kay Gilmore, Mickey Priddy, Dale and Janice Gordon, Drusa Ann Hughes, Jane Francis, Rickety Clary and Douglas May.

The mothers and friends present were Mmes. B. M. Bullard, Arthur Talley, Weldon Dodson, Carl Hughes, Hansford Hudman, Thurman Francis, Travis Gilmore, R. H. Smith, Tommy Anderson and Winifred Anderson.

## LET US MEASURE YOUR WINDOWS FOR VENETIAN BLINDS

We will be pleased to measure your windows and quote you prices on venetian blinds without obligation.

**HUDMAN FURNITURE COMPANY**

## LORENE CASH, MARTHA ROACH ENTERTAIN FOR JUNIOR CULTURE CLUB

Lorene Cash was hostess to the Junior Culture club in her home Tuesday night, Martha Roach was co-hostess. Fall roses and seasonal flowers in attractive arrangements were used throughout the entertaining rooms.

A short business meeting was held in which Mrs. Martin's resignation as president was accepted and Mrs. Tracy was elected to fill the vacancy. Mrs. Eaton was elected vice-president.

It was voted to assist the Chamber of Commerce in the city-wide clean-up campaign.

Mrs. T. L. Jones reviewed the short story, "The Necklace," by Guy de Maupassant and gave a brief summary of the twelve best known short stories.

Delicious refreshments of pumpkin pie and coffee were served. Clever Halloween favors were used on the refreshment plate to give emphasis to the Halloween motif.

Those present were Dorris Eaton, Wilma Pirtle, Wynona Gossett, Jean Bingham, Theilma Miller, Jo Tracy, Jo Martin, Virginia Carter, Martha Roach, Carolyn Ross, Inez Hartel, Fern Jones and Wanda Cox.

## ELWANDA DAVIES AND DAISY HOLLY HONORED ON 14TH BIRTHDAY

A birthday party was given in the home of Mr. and Mrs. Curtis Davies Friday night, October 25, honoring Elwanda Davies and Daisy Holly on their 14th birthdays.

Following the football game, guests arrived and were served delicious refreshments of a salad plate, cakes and cake by the hostess.

Those present to help celebrate the occasion included: La Rue Stevens, Mary Nell Bowen, Peggy Wilson, Sue Brister, Anita Kennedy, Mary Ann Hundley, Charles Bowen, Bob Baker, Leon Clary, Robert Smith, Leon Miller, Wayne Thomas and Wayne Kennedy.

Following the opening of the gifts and the playing of several games, the boys left and the girls remained for a slumber party. A delicious breakfast was served to the group the following morning.

## Rev. Joe Norton, pastor of the local Church of the Nazarene, was elected district NYPs treasurer at the annual assembly of the Abilene District Nazarene churches last Wednesday.

O. V. McMahon of this city was re-elected district secretary-treasurer for the seventh consecutive year.

A christening service was held Sunday morning at the First Methodist church preceding the regular sermon. Children who were christened include Elizabeth Ann Shepherd, daughter of Mr. and Mrs. Billy Mac Shepherd, Robert Scofield Johnson, Jr., son of Mr. and Mrs. R. S. Scofield, Carol Billings, daughter of Mr. and Mrs. Darwood Billings; and Janice Moreman, daughter of Mr. and Mrs. Weaver Moreman.

Rev. I. A. Smith and T. R. Greenfield will leave next Wednesday for Pampa where they will attend an annual Methodist conference. A laymen's program will be given at the local Methodist church in the absence of the pastor.

Men of the First Methodist church enjoyed a fellowship and business meeting Monday night. The group had a very interesting program followed by a business meeting in which they decided to build up a good fellowship fund for Christmas. Refreshments of pie and coffee were served to the group.

The Victory Sunday school class of the Methodist church will entertain the Young Men's class with a coffee Sunday morning preceding the Sunday school services.

A Week of Prayer program was held by the Methodist ladies at the church Monday afternoon. Fifteen ladies were present at this meeting. Mrs. I. A. Smith was in charge of the program with Mmes. J. E. Parker, T. R. Greenfield, R. H. Collier, T. L. Jones and Moore giving the various lesson topics. The Week of Prayer offering will go to two Methodist schools and the foreign missionary fund, India.

The Women's Council of the First Methodist church had a very successful rummage sale Saturday. The group plans to have another sale Oct. Saturday.

### Church News

MELBA JO MILLER

"All the ways of a man are clean in his own eyes; but the Lord weigheth the spirits."

"Commit thy works unto the Lord, and thy thoughts shall be established." Proverbs 16: 2-3.

## Minute Prayer

Our Father, Who art in Heaven, we thank Thee for so many tokens of Thy favor and abiding love. Help us to live as Thy children should live every day. May we learn more of Thee and may all our powers and service be devoted to Thee. Teach us Thy way.

## The Intermediate Training Union of the First Baptist church entertained with a social at the church Tuesday evening at 7:30 honoring those who were recently promoted to the Intermediate department from the Junior department.

As guests arrived, each had his fortune told by Misses Jo Panter and Agnes Windham after which a plate consisting of Mexican style food was served. The rest of the evening was spent in playing Halloween games.

Those present were O. K. Bowen, Roy Parriss, Mary Nell Bowen, Annie Mae Pierce, Anita Kennedy, Robert Smith, Sue Belle Brister, Winifred Anderson, Billie Louise Nichols, Bonnie Ann Flowers, Doris Turner, Raymond Gary, Bud Short, Wanda Bilberry, Boyd Bowen, Edwanda Davies, Agnes Windham, Jo Panter and Mrs. Huron Polnac, sponsor.

The WMU of the Friendship Baptist church met October 28, with four members present. Mission study was the program for the afternoon. Each member of the WMU is urged to be present at the next meeting, which will be held in the home of Mrs. Curry.

I. D. Walker, pastor of the Calvary Baptist church, announced this week that his church would conduct a one-week revival meeting, beginning Sunday, November 10, and run through Sunday, Nov. 17. Macon Oswald, of Shreveport, La. will be the evangelist and David Kendall, of Wayland college will conduct the song service. The public is cordially invited to attend this meeting.

## Some very interesting prayer meetings are regularly held at the Church of the Nazarene on Wednesday nights, Saturday nights and Friday noon.

Attendance has been steadily increasing in all the services. Up to the present time, a total of forty-four persons have enrolled in the prayer and fasting league.

Rev. Joe Norton, pastor of the local Church of the Nazarene, was elected district NYPs treasurer at the annual assembly of the Abilene District Nazarene churches last Wednesday. O. V. McMahon of this city was re-elected district secretary-treasurer for the seventh consecutive year.

A christening service was held Sunday morning at the First Methodist church preceding the regular sermon. Children who were christened include Elizabeth Ann Shepherd, daughter of Mr. and Mrs. Billy Mac Shepherd, Robert Scofield Johnson, Jr., son of Mr. and Mrs. R. S. Scofield, Carol Billings, daughter of Mr. and Mrs. Darwood Billings; and Janice Moreman, daughter of Mr. and Mrs. Weaver Moreman.

Rev. I. A. Smith and T. R. Greenfield will leave next Wednesday for Pampa where they will attend an annual Methodist conference. A laymen's program will be given at the local Methodist church in the absence of the pastor.

## EX-SERVICEMEN GIVEN DINNER BY FOLKS AT VERBENA

Sunday at the home of Mrs. J. W. McQueen, sr., of the Verbena community a community party was given to honor her sons, J. W., Jr., and Walton, who have just recently been discharged from service. Sharing honors with the McQueen boys were several other ex-service men of the community—Floyd Davis, Donald McLendon, Harold Lucas, Marshall Reno, Junior Wilks, and Luther and Lawrence Bilberry.

Dinner, provided by Mrs. McQueen and other families who attended, was spread picnic fashion in the yard.

Seventy persons attended the delightfully informal get-together. Among the out-of-town guests were Boyett Matster of Palo Alto, Calif., brother of Mrs. McQueen, and Mrs. Jack Morris and daughter from Mundelme, Ill. Mrs. Morris is the former Jo Lucas.

## MRS. DEE HODGES NAMED HONOR GUEST AT PARTY LAST MONDAY NIGHT

Mrs. Dee Hodges, who was married October 15, was honored on last Monday night with a shower of miscellaneous gifts from a host of friends. Mmes. Ira Lee Duckworth, Roy Baker, George Barker, Harold Voss, and Ray Smith were hostesses with Mrs. Walter Duckworth in her home.

Yellow and white were the colors chosen to be carried out in decorations and refreshments. Chrysanthemums and gladioluses were used in profusion through the entertaining rooms. The honoree was presented a lovely corsage of white 'mums'. Mrs. Gilmore, mother of the honoree, and Mrs. Hodges, mother of Mr. Dee Hodges, were given white 'mum' corsages.

After viewing the array of beautiful and practical gifts guests were served orange punch from a lace-laid table appointed in crystal. Cakes and nuts were served. Mrs. Harold Voss presided.

An informal visit was then enjoyed by the group. About thirty registered in the bride's book.

## NFFD CRAFT CLUB MET IN BOUCHIER HOME

The Needlecraft club met Friday, October 25, in the home of Mrs. A. W. Bouchier. Sixteen members and one guest, Mrs. Kirkendoll, were present for this meeting.

Diversion for the afternoon was needlework followed by several games which were enjoyed by the group.

The hostess served delicious refreshments of sandwiches, marshmallow rolls, coffee and candy to the following: Mmes. T. L. Jones, K. Stoker, T. R. Greenfield, H. E. Cox, Surman Clark, M. J. Malouf, J. R. Durrett, Boone Evans, A. A. Suits, C. W. Terry, Noah Stone, J. D. McCampbell, F. C. McAnally, Kennedy, Robinson and Moore.

## HALLOWEEN MOTIF STRESSED IN PARTY HELD BY S. S. CLASS

A social meeting was given Tuesday evening for the members of the Leaders Sunday School class of the First Baptist church. The party was given in the home of Mrs. Iven Clary with Mrs. R. H. Smith as co-hostess.

Beautiful arrangements of seasonal flowers were used throughout the house. The Halloween motif added an appropriate note of gaiety to the affair.

After the business meeting, interesting games directed by the program chairman, Mrs. Hansford Hudman, were enjoyed.

The hostesses served delicious refreshments consisting of pumpkin pie with whipped cream and spiced punch to following members: Edna Davis, Francis Tally, Shirley Mayfield, Lucille Pennington, Nell Windham, Faye Martin, Clea Anderson, Odie Kemp, Myrtle Baker, Maurine Hudman, Elouise Gordon, Elvie Carpenter, Zoe Clary and Nona Smith.

## Growth And Improvement Indicated For Neighboring West Texas Towns

Besides the usual run of football and Halloween festivities, the news of major importance in the surrounding area includes civic improvements and developments. Announcement was made last week in the Texas Spur of an approved appropriation of \$430,000 for additional construction of Rural Electrification facilities in Dickens, Stonewall, Kent, Crosby and Garza counties, which will mean 600 more farms to be served by electric service. The approval will enable construction of approximately 398 additional miles of Rural Electrification lines in comparison to the present 184 miles of lines now in use serving 325 members.

Corner Jefferson and 11th

son has granted a permit to the Permian Basin Express Company of Midland for a route connecting Midland, Stanton, Tarzan, Leno, Patricia, Lamesa, Seminole, Andrews, Golden, TXL, Kermit, Wink, Floyd, Barstow, Pecos, Wickett, Monahans, Pecos, Odessa, Crane, McCamey, Rankin, Royalty and Grandfalls. Arrangements are being made to start the new service as soon as possible.

Bob McKissick of Abilene, former operator of the Abilene-San Angelo Motor Coaches, is seeking to establish a motor bus route linking Midland and Lamesa. He plans the route from Lamesa to Midland to Rankin to

Purchase of a \$2,584.80, 40-horsepower electric pump has been authorized by the city council of Lamesa to be used in pumping and testing of new water wells of the city's expansion drilling. Either six or eight inch casing will be used with the pump. This is the third recent drilling of the city and is expected to be developed before the two previous ones.

A National Guard Unit is expected to be located in Brownfield in the near future. Papers authorizing this location were sent to the proper authorities last week for approval. The unit is a cannon company composed of five officers and 78 enlisted men; equipment consists of nine medium tanks mounted with 105 MM howitzers, six quarter-ton trucks (jeeps) one 3-4 ton and one 1 3-4 ton truck. Radio operators, truck drivers, mechanics, tank drivers, gunners and radio repairmen will be needed in the unit.

Contracts of approximately \$59,000 were given last week for material for the construction and improvement of the water and sewer systems of Colorado City. Land has been bought for the new disposal plant and four new wells will be drilled and tied into the present systems before next summer.

Contracts were let last week for the proposed Hamlin Memorial hospital with work slated to get underway as soon as initial materials are available. The structure will be one-story, with 12-inch outer walls, concrete floor covered with tile, 147 feet long, 33 feet wide with 32 various rooms, 14 for private rooms for patients, a front lobby and ambulance entrance corridor. The building is expected to cost approximately \$40,000.

### DATES ANNOUNCED FOR JUNIOR FAT STOCK SHOW

The South Plains Junior Fat Stock Show will be held March 24-26, 1947 in Lubbock, the Lubbock Chamber of Commerce has announced.

Two new classes have been added this year, the Spotted Poland China class in the swine division and the Cross-bred Lamb class in the sheep division. The latter classification has been defined as a mutton ram on fine wool ewe, lambed after September 15, 1946.

Another change has been made in the Group of Five Pigs. These pigs no longer need be of the same litter, but must be of the same breed.

Printed catalogs for the show will be mailed exhibitors early in January.

Entries must be postmarked by March 15, 1947. They should be mailed to the secretary, box 561, Lubbock.

### POST SOLDIER LIKES REGULAR ARMY

A letter from Pvt. Jesse Eugene Ashley of this city to the Lubbock Army Recruiting station and passed on to the Post Dispatch for publication discloses that the Post soldier really likes the Army.

Writes Pvt. Ashley: "After being in the Army ten days, I have decided the Army is exactly what you say it is, and a heck of a lot more. I have changed my enlistment to three years. When I got to San Angelo they sent us here to Fort Sam Houston for our basic. I really mean it when I say that in my opinion the Army is a good deal."

Pvt. Ashley enlisted at the Lubbock Recruiting station on October 11 for the Regular Army.

## Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a mellow glass of beer beside his

chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

Dear Editor:

Maybe it isn't right for us newcomers to step right up and speak our piece where there are so many "old timers" around, but I got to thinking, just for instance about our grade school... course anyone could do a lot of thinking about that.

To the "old-timers" it probably looks pretty good, guess they've forgot how many years ago it was since Junior went there. He's graduated from HI and helped win a couple of wars since then, maybe got a kid or two who'll be ready for school 'fore long. Time gets away pretty quick. I guess the little red school house ain't what she use to be. Anyway I'd hate for my kid and his kid sister to be sittin' there some day getting their learnin' and another piece of the ceiling cave in on their heads.

I've heard a lotta Texas kids brag about Texas. Oh boy, that's the best state in all the world. I agree with 'em, but Oh boy, Texas sure needs some new school buildings, especially Post, Texas. I'd like my kids to be able to "brag" about their school and I bet we all have the same idea. Let's not "beat around the bush," about anything as important as a school building. What do you say?

#### J. S. NICHOLS NAMED CHAIRMAN OF KENNY PARALYSIS FUND

John S. Nichols has been named chairman of the 1946 Sister Kenny Infantile Paralysis Foundation campaign for Garza county, according to an announcement received here the first of the week from George C. Francisco, Jr., of Houston, chairman of the Texas Executive Committee.

The Garza county quota is \$100, while that for the state is \$150,000, Mr. Francisco announced.

Schools, clubs, organizations and individuals will be asked to participate in the campaign with contributions as well as help in raising the county and state quota.

Dates for the campaign are November 18 through December 7. Kate Smith, the national chairman, will officially open the campaign with a broadcast over the Mutual Network, Saturday, November 16 from 9:00 to 9:30 p. m. Bing Crosby is chairman of the National Executive Committee of the Sister Kenny Foundation, and Rosalind Russell is national chairman of the women's division. Both will be heard on the Kate Smith program.

Miss Russell plays the part of Sister Kenny in the picture which is now released portraying the life of the Australian nurse.

#### MARSHALL MASON TO ATTEND REGIONAL MEET OF BOY SCOUT OFFICIALS

Marshall Mason, local member of the Executive Board of the South Plains Council, Boy Scouts of America, will attend an all day conference of lay leaders to be held at the Lubbock Hotel, Nov. 6, according to an announcement by G. M. Unger, who is Scout Executive of the local council. Other Executive Board members from the twenty counties served by the local council, headed by Dr. F. B. Malone, president, will also attend.

The meeting, an annual affair until interrupted by war-time travel restrictions, is being resumed at the call of Regional Chairman Homer E. Mitchell of Dallas, who is head of the Ninth Regional Committee of the Boy Scouts of America. Region Nine includes all of Texas, Oklahoma, and New Mexico, and parts of Arkansas and Arizona.

"In this series of four sectional meetings of the Regional Committee, we hope to stimulate a renewed sense of devotion to the cause of making Scouting available to all boys," said Mr. Mitchell. "There are over 160,000 registered men and boys in our region alone, and we need laymen who are willing and able to make far-reaching plans to serve these boys. The purpose of these meetings is in part to meet this need."

As part of the program, President Malone of the local council, has been asked to make a brief report covering the plans and activities of this council, it was announced.

Mrs. Jim Powers visited in Dallas last week end with her sister, other relatives and friends.

Forces of Attraction  
Keep a Comet  
in its Course...

### and OIL-PLATE Your Engine!

**B**ASIC forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco N<sup>th</sup> motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

added protection when your engine starts up

added protection from corrosive action

added protection from wear that leads to fouling sludge and carbon

added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

**THE UNCONSCIOUS ARSONIST**

Arson is one of the most detested of all crimes. The law imposes extremely severe sentences on convicted fire-bugs. For, when a man deliberately starts a fire, he is imperiling lives, to say nothing of causing potentially great losses in property values.

There is another group which the law can't touch. These are the people who might be called "unconscious arsonists." That group includes a high proportion of the population.

The sin of the "unconscious arsonist" is that of omission, not commission. He doesn't purposely set a fire. He just fails to do things that will prevent fire.

Have you, for example, ever put off "until tomorrow" fixing a frayed lamp cord? Have you let a slightly defective heating plant go, figuring it will last another month or so? Have you been careless in handling inflammables like gasoline, on the grounds that probably nothing will happen? Have you let old papers and other trash accumulate in closets and basements and attics because you don't feel like carting it down to the junkman?

These are typical examples of "unconscious arson." And the man who can answer "No" to all the questions is a rarity indeed. The hundreds of millions of dollars of property destroyed annually by a fire are a dubious tribute to the indifference of otherwise good citizens. So is the fact that fire loss is showing an alarming increase at the present time. Do your part, in your home and business, and fire can be licked—and the lives and dollars it destroys will be saved.

**WORK HOURS OF FARMERS**

American farm operators averaged 73.4 hours of work a week during a recent three year period, according to a nation-wide survey of working habits in agricultural centers. In the same period steel workers averaged 41.6 hours of labor a week.

We can't guarantee the figures. We have no doubt that the farmer works a long day and full week, but we doubt if any statistician could find out and give exactly how many hours the average farmer works in the average week. The farmer signs no payroll, punches no time clock, keeps no time and accounting records—so how a big industrial concern like the American Iron and Steel institute could tabulate figures on the work hours of farmers with any degree of accuracy is beyond our intelligence. The survey was made, they stated, to show that operators of the 6,000,000 American farms spent nearly 4,000 work hours a year per man, plus the use of mechanized equipment to earn a living and to produce the crops needed to meet the urgent war-time demands of a hungry world.

All we know is that if he is a good farmer he works until he gets the job done. He may watch the sun, but he doesn't watch the clock.

**WHAT OUR CONTEMPORARIES ARE SAYING:**

**WTCC WORKS FOR TEXAS**—At the Anson meeting Friday of District 5 of the West Texas Chamber of Commerce, at which Hamlin was ably represented, gave evidence anew that the WTCC is bringing to function many of the projects Jones County people have fought for through the years and this regional organization as their spokesman and untiring representative.

The West Texas Chamber of Commerce and affiliates, local Chambers of Commerce, constitute a West Texas institution—the parallel of which is lacking in world history anywhere—that is gaining for this vast territory a favored place in the economic sun.

We are supporting the WTCC in this trade zone, and should continue to back in a larger measure the organization that is bringing freight rates down; teaching people the value of soil conservation and diversification; and going to bat for us when we need a worthwhile project pushed through for the benefit of West Texans. We are fortunate to be represented in such an able way by the WTCC, and should strive to double all local Chamber of Commerce memberships during 1947. —The Hamlin Herald.

**TOO MANY AIR CRASHES**—Despite some very strict regulations, observed by pilots and airlines, we have indeed had too many major airline crashes in recent weeks to be entirely plausible from a safety angle... The human factor, in aircraft operation, is fallible to an extent, but we still need more rigid control over both airline and chartered flights... We're going to have to ground more aircraft during bad weather and somehow get the information into pilot's "noggins" that they will have to quit flying into mountains... Pilots are doing a great job in keeping our aircraft aloft, but one major crash after another piling up is too much for such trend to continue... When the weather is unsafe for flying in any area there is no such raking life and limb—and costly ships—in an endeavor to meet a sometimes impossible schedule. —The Scurry County Times.

The constant sniping going on between the Veterans Administration and the American Legion is a typical though most unbecoming aspect of the current American scene. From this distance, it appears to us to be a case of the pot calling the kettle black. Too much criticism from other sources has been directed at both bodies for either of the two to be innocent of fault. Appears to us that it would be a good idea for both to clean up their own back yards before goin' feudin' for each other. —The Terry County Herald.

A real estate boom is another thing that leaves a country looking like it was hit by a bomb.

This would be a safer world for pedestrians if auto manufacturers could improve the drivers as much as they have their automobiles.

Just read where a widower with eight children, married a widow with six children. That wasn't a marriage, it was a merger.

It is well to remember that the man of few words has just that many less to take back.

Next thing we know Eleanor will be conducting a safe-driving crusade.

The wife may not be quick on the trigger, but she sure is fast on the draw at the bank.

It's easy to make a peach cordial. Just buy her something nice.

**MILES OF BENEFITS  
FOR YOU!**

Every mile of new transmission line that goes up in your area brings you added benefits.

If you already have electric power in your home, you'll find that new industries are bringing more prosperity to your area. You'll find your stores and shops better lighted.

If one of the many new lines in our 12 million dollar expansion program brings electricity to you we won't have to tell you of its advantages, you'll soon be singing its praises yourself.

In our 22nd year, we're a pioneer in building ahead for the future. We're bringing electric power, man's greatest servant, to more and more people at a lower cost than ever before.

Another in a series of advertisements designed to help build this fast-growing territory in which we serve.

## Swing of Southwest Farm Markets

Livestock lost some of recent sharp gains, cotton rallied then sagged, but grains and citrus moved upward while eggs and poultry weakened at southwest markets last week, says USDA's Production and Marketing Administration.

Cotton gained about half of recent heavy losses early last week but sagged later. Spot market activity was slack but increased as prices advanced. Demand continued good for light offerings. U. S. Department of Agriculture estimates domestic mill use for 1946-47 at 9.5 million bales, exports 3 million and carryover on August 1, 1947 about 3.8 million, about half as large as the carryover at the beginning of the season and the smallest since 1929.

Eggs fared better than poultry last week as more meat appeared. Southwest markets reported good demand for eggs at steady prices, but dull demand for poultry at prices a nickel to a dime below recent high levels.

Hog receipts at six chief southwest markets last week totaled 16,225 head, about a thousand more than the previous week, and about a third as many as arrived at Chicago alone. Butcher hogs were up \$2 a cwt. at Ft. Worth to reach an all-time peak. Other markets reported prices 50 cents to \$2.50 higher than the previous week's close.

About 93,000 cattle arrived at southwest markets last week, only slightly more than the previous week, but enough to cause the worst congestion at Ft. Worth since 1917. Kansas City was forced to place an embargo on truck arrivals. Meat hungry consumers keep demand strong, but prices at some markets were below the previous week's top. Ft. Worth quoted medium and good slaughter steers and yearlings \$15 to \$23 a cwt. and medium good cows \$11 to \$14. San Antonio sold top medium and good short-fed steers at \$21 to \$22 and medium and good cows \$10.50 to \$14. At Houston common and medium steers and yearlings realized \$12.50 to \$14.50, and common and medium cows \$8.25 to \$11.25.

Oklahoma City moved good and choice fed steers at \$22 to \$27 and beef cows up to \$18. At Wichita medium to good slaughter steers brought \$17 to \$22 and common and medium cows \$9.50 to \$13.50. Denver sold medium grass fat steers at \$18.50 and common and medium cows \$10.50 to \$13.50.

Wheat, oats and sorghums were down the first of last week but later moved up to the previous week's top. White corn held steady at recent declines but yellow offerings gained strength. Feed prices began to level off from the peaks following decontrol but demand failed to make as rapid comeback. Hay was firm, too.

### SUGAR STAMP TO BE GOOD FOR 30 DAYS

Housewives will have another thirty days to use their canning sugar stamps, according to an announcement made the first of the week by OPA. Instead of expiring at the end of this month, spare stamp No. 9 and 10 will continue valid through November 30. Each will be good for five pounds.

The regular table sugar stamp No. 51 in ration books, remains good for five pounds until the end of the year.

### NEWS NOTES FROM...

#### Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

Horace Eubank, Duck Creek Soil Conservation District cooperater in the Canyon Valley conservation group, now has a very good stand of alfalfa on about thirty acres. He drilled it in with a wheat drill in the middle of September and some of it is now eight to ten inches high. He planted it on fairly sandy land that is subject to both wind and water erosion. The alfalfa, providing year round coverage, will reduce both types of erosion considerably as well as provide a notable amount of hay.

The mixture of vetch and oats which Quannah Maxey, cooperater in the Graham Chapel conservation group, planted three weeks ago is up to a very good stand and will provide better winter cover for the soil as well as supplemental pasture.

Maxey made the planting as part of the coordinated soil and water conservation program for his farm.

Elmer Hitt, cooperater in the Pleasant Valley conservation group, has purchased a whirlwind terracer which he plans to use in constructing terraces for himself and his neighbors. He has already built about one-half mile on his own farm.

Mr. and Mrs. W. T. Cook and Lacy Richardson visited and transacted business in Fort Worth and Sherman last week. They visited with the Cook's daughter and husband, Mr. and Mrs. R. H. Ivey in Denison while on their trip.

A small town is the one where they always add some surmise to the gossip.

## The Railbird..

Jane Ann Turner

Our Antelope team failed to make winning headlines against those high-stepping Andrews Mustangs here Friday night. Although Post played very rugged defensive ball, they just couldn't seem to completely break the clutch of the Andrews team. Three times Post was in the shadow of the goal line, but Andrews outplayed and outscored us pinning up a 20-0 score in their favor.

Post kicked off to Andrews in the first quarter and Post covered the ball. Then Post fumbled and Andrews got the ball. In this first part of the game Smire made a touchdown for the Mustangs. The extra point was good. Post showed well with its passing attack at times but the Antelopes couldn't protect their passer long enough for Capt. Shorty Hester to find his receivers. Despite all the Antelopes could do, Andrews made two additional touchdowns in the remainder of the game. When the final whistle blew Post was on the 30 yd. line but the scores were still 20 points for Andrews and a flat 0 for Post.

During the intermission of the half the Andrews band blundered on the field and put in a rather comedy performance. They paraded down the field in fine order but seemed to pay no attention at all to the direction of the band leader. After vain attempts to direct the group, the seemingly enraged band leader stalked off the field leaving the body in control of two majorettes. All very amusing and entertaining, we thought.

### NATIONAL 4-H CLUB ACHIEVEMENT WEEK TO BE NOVEMBER 2-10

Plans are now being completed in counties over Texas to observe National 4-H Achievement Week, Nov. 2-10. Over 100,000 4-H club boys and girls will be recognized for the work they have done during the past year in 4-H clubs.

At the beginning of 1946, 4-H club enrollment in Texas included 101,396 members. A glance at some of the figures showing how much these boys and girls accomplished gives an idea of what 4-H club work means in Texas.

Club girls canned over a million and a half quarts of food, served 1,152,000 meals, made more than 150,000 garments and re-decorated 7,440 bed rooms—and these are just a few of their accomplishments. Club boys raised over 40,000 acres of field crops, 750,000 chickens, 50,000 head of livestock, sold 5,260,000 pounds of beef and pork, and collected a million and a half pounds of scrap metal.

### QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Not Hurt or it Will Cost You Nothing

## STOP! Is That Machine Ready To Go Into The Shed?

"I've got to have a little work done on that machine before next spring."

You've probably said that more than once. Thousands of farmers have. But after the machine is in the shed for winter, it is often neglected until it's time to take it back into the field.

Here's a suggestion that will save you time and money. As soon as you finish this year with your All-Crop Harvester, implements and tools, check them over. If any repairs or adjustments need to be made, bring them to us.

Our shop is well equipped to handle all kinds of repair work, from a simple welding job to complete overhauling. Our mechanics have the knack of doing first rate work at the lowest possible cost to you.

Let's get your equipment shape while there's time to do a good job.

**LUSCIOUS STRAWBERRIES PRESENTED TO DISPATCH BY BILL SANDERS**

Picture book strawberries were presented to the Dispatch staff Monday by Bill Sanders who resides in Close City community.

These luscious looking and tasting berries were of the Everbear variety. Sanders says he picks on the average of 1 1/2 gallons every other day and has been doing that since April. His wife has put up 30 pints of preserves, has stored about 50 jars in the locker plant and the family has enjoyed berries morning, noon and night, so to speak, throughout the summer and fall.

This exceptionally fine crop of strawberries is grown on a plot 4x30 feet. Sanders reversed the method of planting and placed such plant in a hole instead of planting on a hill as is thought to be the best method of many plant growers. He planted fifty plants about three years ago and now has many times that number.

The Dispatch force and many visitors in the office on Monday thoroughly enjoyed the gift from Mr. Sanders.

**WINDOW SHOPPING—**

(Continued From Front Page) head man. Seems as though that street (the Tahoka highway in case you readers don't recognize the new number) is bursting out all over with new places of business.

...  
 To very nice to hear "Hello Girl" Fritz saying "Number Please" again when we use Alexander Graham Bell's invention. Fritz has been convalescing for several weeks following an operation. We'd like to give a handful of orchids to all the "hello" girls. They are a fine bunch of fellows and are giving swell service to telephone users.

...  
 We found more than "one meat ball" on display over Pure Food Market way where Boke and his bunch are always dispensing good cheer along with their grocery and market items. The meat situation seems to be improving rapidly.

**A Word of Thanks And Appreciation**

I'd like to thank the fine people of Post for the nice gift you gave me last Friday.

The gift alone was appreciated more than I can ever thank you, and the knowledge of knowing that I have made as many good friends in the short time I've been here is more than a gift to me. I only hope that I can serve you in the future in a manner that you will be proud of.

Thank you very much,  
 Coach Bing Bingham

**1941-45 LOAN COTTON—**

(Continued From Front Page) age against warehousemen, to establish the charges and credits to the respective pools, and to effect payments to producers for such equities as they may have. The Cotton Branch expects to complete the sale of 1941 and 1942 pooled cotton and make settlement with producers during the current year. Additional time will be required for completion of the sale of 1943 and 1944 cotton. The pooling of 1945 cotton is just commencing.

Gibson further announced that the last date for redeeming loan cotton was: 1941 loan cotton must have been redeemed by September 15, 1943; the 1942 loan cotton must have been redeemed by August 15, 1944; the 1943 cotton by August 1, 1945; the 1944 cotton by July 1, 1945; and the 1945 loan cotton by October 1, 1946.

This information may be helpful in answering some of the questions in the minds of producers who are interested in equities they may have in pooled cotton, Gibson said.

...  
 go where we'll shake and shiver while viewing a hair-raising flicker B. J. has booked for the Halloween midnight show.

...  
 Mrs. Will Wright, who for many years has been a staunch Antelope football follower, really put the boss over the coals the other day about a football story he wrote the week before the Slaton game in which he stated that the last time we beat Slaton—a way back in 1928—the score was 13-6. Mrs. Wright, according to the way we got it, brought in the "proof-positive," a November 6, 1928 edition of the High School Addax, official school publication, which carried a similar story giving the score of 19-0. Anyway, the boss couldn't argue because he knew if he looked back thru Dispatch files he would find the score to be just like the reader said, so he had to admit that his memory led him astray. Ticked us tho.
